Crowell to Have Biggest Rodeo in Its History July

Somehow the Crowell boys have a way of putting on real rodeos. For several years they have been putting on rodeo entertainments and they have drawn throngs of people from far and near. Literally thousands of people come to these, many of them from distant points, and they have always gone away with praise upon their lips for the unexcelled manner in which they have always been entertained.

July 1st and 2nd, are the days set for the entertainment this summer and big plans are being made for the best rodeo in the history of Crowell. This will be sponsored by the Foard County Fair Association and Fred Bomar and Grover Hays will have active supervision of the entertainment. They will procure the stock and the wildest broncs and best riders to be had in all the West. They know just how to do the job, for they have had the experience.

While the grounds are already in good shape, some work will be done to make them even better than they have ever been, the object being to accommodate the immense crowd expected to attend.

Foard City Gets First Load of Wheat for This Season

The first load of wheat threshed, weighed and sold for this season was that taken by A. Weatherall to Foard City last Saturday. The grain tested 60 pounds to the bushel and was sold to Hughston Grain Company, bringing \$1.30 per bushel.

The first load brought to Crowell was by Earle Steele and tested 60 pounds to the bushel. The second load was by W. L. Ricks and tested 59 pounds. Both these loads were brought in Monday and all were harvested with a combine.

From reports of the first wheat threshed it seems that the sample is good, but some report that the yield is going to be very sorry. In some instances, however, the yield is reported to be around 18 bushels. It is too early yet to make a guess as to the yield, but that it will be considerably short of a normal crop is certain.

Harvest is under good headway and with fair weather favoring the harvest, it will be only a few days until it will all either be in the shock or already threshed and sold. The wheat this year will likely be marketed early, unless the probability of a big price later will be an inducement to farmers to hold their grain.

Maximum Road Tax Will Be 58 Cents

Foard County's increase of road tax for the hard-surfacing of Lee Highway and other roads in the county for the payment of the \$400,000 in bonds voted recently will be comparatively light. It had been figured that around 75 cents on the \$100 would be the required tax, but according to the plan of payment agreed upon, and which is included in a contract held by the county judge, the maximum tax will be only 58 cents. This will be for the first five years. After that there will be a slight decrease in the rate. The figures are based on a \$5,000,000 valuation. The average for the entire life of the bonds will be somewhere between 50 cents and the maximum of 58 cents.

100 Acres Estimate of Wheat Fire Damage

The damage to standing wheat by fire that broke out Saturday morning along the Orient railroad from near Margaret to Foard City is estimated at about 300 acres.

It was reported that the fire broke out at twelve different places along the road. Also quite a lot of damage was caused to fences and pastures.

John L. Hunter, T. P. Hunter and George Mapp are said to have been heavy sufferers near Margaret, while S. Henry and Herman Bell suffered losses near Crowell.

The fire is thought to have originated from live coals blown from a locomotive.

Mrs. A. T. Chaney Has Sad Experience

News came last week to the effect that Mrs. A. T. Chaney had witnessed the death by drowning of her 12-year old nephew, Clarence Garland, near Mineral Wells, while she was there on a visit, and so severe was the shock to her, that Mr. Chaney went to be with her. It was all the worse, too, because she went down to Mineral Wells largely for a rest, and this shock made it doubly hard on her. The account of the boy's death, as reported in a Mineral Wells paper, follows:

Clarence Garland, age 12, son of Mr. and Mrs. Bill Garland, of this city, was drowned north of Lake Mineral Wells at Ballew Springs about 6 p. m. Thursday afternoon.

Mr. and Mrs. Garland and Mrs. Garland's sister, Mrs. A. T. Chaney, of Crowell, here for a visit, with the Garland children were at Ballew Springs for a picnic. Mr. and Mrs. Garland were preparing for the return to town and were some distance away from the water where the children were in swimming. Mrs. Chaney was on the bank watching them when Clarence and a brother began scuffling on a log in the water about 15 feet deep.

Clarence fell off and being unable to swim very well could not reach the log again, nor could the brother reach him. Mrs. Chaney attempted to get at him but could not and called for help but the boy drowned despite all efforts to save him.

Divers and physicians and an ambulance were summoned but it was about 2 hours before the body was recovered. The pulmotor was used but to no avail.

Clarence was a student in the Sam Houston Ward School where he made a fine record and was to have received his 7th grade diploma with the class at Convention Hall this morning.

Foard County Road Bonds Have Been Approved

A wire was received by Judge J. E. Atcheson from the Attorney General's department at Austin Wednesday morning stating that Foard County's road bonds had been approved.

Judge Atcheson stated that he had not expected their approval so early but was pleased that such progress had been made. He says in all probability the bonds will be printed next week and the court will then be ready to consider the matter of selling them. He wants to take plenty of time at this point to consider everything in detail so that possible mistakes may be avoided. He realizes the responsibility thrust upon him and the court in handling a million dollars and he wants to know every inch of the ground as each step is taken.

There are many details to work out and it will likely be several months before actual construction can be started on the roads.

Crowell Man Weds Post Girl May 29th

The marriage of Mr. Otis Nicholson of this city to Miss Evelyn Beulah Robinson of Post was solemnized at the Presbyterian church in that city on May 29th. The happy couple arrived in Crowell Wednesday and will live in the Jack Brian home.

Mrs. Robinson is a daughter of Mr. and Mrs. V. A. Robinson of Post, prominent citizens of that town. Mr. Robinson being connected with the Post Mills.

Mr. Nicholson is the oldest son of Mr. and Mrs. C. L. Nicholson of Crowell and is a member of the firm of Nicholson Bros., who operate a confectionary and serve light lunches.

The News joins in congratulations and best wishes and extending a hearty welcome to the bride as a new citizen of our town.

A LITTLE FIRE SCARE

The heavy black smoke sent up by five burning barrels of tar in the alley back of Womack Bros. Furniture store was ugly enough and was attended with danger sufficient to warrant the calling of the fire department.

The roof of the building was undergoing repairs and the barrels of tar, while being heated, had caught on fire. They burned but that was all the damage done.

Lightning Kills Rayland Man in a Cotton Field

Monday evening about 6 o'clock lightning struck Elmer (Jack) Lawson, son of Mr. and Mrs. H. W. Lawson, of near Rayland, killing him instantly.

Jack and his brother, Tom, were hoeing cotton in the field near the father's home and a cloud was coming up but the boys were trying to get to the end of the row before leaving the field and the two brothers were only about fifteen feet apart when the bolt came. Tom was dazed but Jack never spoke after the bolt struck him. The back of the young man's head bore a bruise which indicated that it was that portion of the body that had received the force of the stroke.

The young man had just passed his 21st birthday a few days ago and was one of a set of twins, Miss Thelma Lawson being the other. She was at Plainview taking a course in a nurse training school and left as soon as she received the message to be at the funeral which took place at Thalia Tuesday afternoon.

Jack had been a student in the Crowell High School during the fall and winter term and was in the senior class. He did not remain in school throughout the spring term.

Friends of the family here and throughout the community and the many school mates of Jack are sad because of the untimely death of this young man whose life was apparently before him with brilliant hopes and prospects.

Adds New Blood to His Poultry Flock

J. C. Davis, who lives in the east part of the county, has recently added some very high producing White Leghorn pullets to his flock. He bought 150 English White Leghorns of the Tom Barron strain that are out of stock with egg producing records averaging 294 eggs per year.

Mr. Davis has something near 300 White Leghorns on his farm, and is gradually increasing his number. He is intending to make a specialty of quality eggs. He is observing every precaution in handling his hens and the eggs so that the quality will be the best. All of his eggs will be stamped with his name and will be gathered twice per day. They will be marketed from twice to three or four times per week. They will be graded so that the size will make a real dozen of eggs. Every egg will be clean, white, fresh and guaranteed to be good.

Those who buy eggs during the summer months know that it is not uncommon to find from two to six eggs from a dozen that are not suitable for food. Eggs are healthy. They are necessary to health in the summer time and are relished just as much where they are handled properly. Everybody should swat the rooster and sell a good product, and then receive a fair price.

L. I. Saunders and Wife Return Home

L. I. Saunders and wife returned Thursday last week from McAllen in the Valley where they were called by the sudden death of Mr. Saunders' mother, Mrs. Ed Saunders, whose death occurred Thursday, May 19th. Mrs. Saunders was apparently in good health and her death was unexpected. Mr. Saunders' father had been critically ill and he was expecting to be called to McAllen at any time on account of his illness, but at this time he is improving.

SOME HAIL DAMAGE

The rain that came Monday afternoon was accompanied by some hail over a wide area, but the only damage reported to the News was in the case of P. L. McLain west of Foard City. His wheat is said to have suffered considerably.

Isador Fisch arrived from New York the latter part of last week and is helping get the Famous Store started off. Mr. Fisch was here alone last year to operate the store but he does not plan to remain longer than a month. Mr. and Mrs. H. Meisels will have charge of the business.

Grandma Crews Answers Call of Death Thursday

Mrs. Laura Crews died at the home of her son, S. T. Crews, in this city last Thursday evening at 6 o'clock.

The deceased was born in Missouri November 17, 1843, and came from that state with her husband to Foard County in the year 1910, making Crowell their home thereafter. The husband passed away three years ago.

For the last several years Mrs. Crews had been very feeble and had made her home for the most part with her son, S. T., in this city. Funeral services were held at the residence Saturday morning at 7 o'clock, after which the body was taken to Quanah for shipment to Fayette, Mo., for interment by the side of that of her husband. The children accompanying the body are, S. T. Crews, Mrs. R. H. Cooper, Mrs. C. J. Smith, Mrs. Jesse Whitfield, and her daughter-in-law, Mrs. Frank H. Crews.

The deceased is survived by six children, three sons and three daughters, S. T., Frank H., Guy, Mrs. R. H. Cooper, all of Crowell; and Mrs. C. J. Smith of Floydada, and Mrs. Jesse Whitfield of Alpina.

Mrs. Crews was a member of the Christian church and was one of the loved and honored characters of this county. She had been blessed with a long span of life and had lived it well. She leaves behind a noble family of children who are a strong asset to this country and hundreds of friends who will revere her memory as long as they live.

County Agents Discuss Plans to Market Eggs

Last week the county agents of Wilbarger, Childress, Hardeman, Cottle and Foard counties met at Quanah with M. Bruce Oats, agricultural agent for the Denver road, regarding plans for establishing a market for infertile eggs. Mr. Oats stated that there is an over supply of eggs over the entire country at this time but believes that people who will sell graded, fresh and infertile eggs will find a better market. At the present time Wichita Falls is using about two and one-half carloads of eggs per week. The counties near Wichita Falls should be able to supply their needs.

COLLEGE SITE UP FOR SALE

Clarendon, May 29.—Methodist property, including the plant of Clarendon college, valued at \$550,000, went on sale last week. The city of Clarendon voted bonds to purchase the administration building and girls' dormitory for high school purposes. The purchase price is \$51,000. Actual cost of the buildings at the time of construction was \$165,000. The president's home, power plant and boys' dormitory, together with 30 acres of land, is being offered for immediate sale.

To Repay Donors

From the proceeds of the sale a refund of \$21,000 is being made to citizens of Clarendon who subscribed this amount two years ago, with the understanding that this city would remain the permanent home of the institution. The conference recognized this an "honor debt" and authorized the refund. With the failure of Amarillo to provide for the removal of the school, the entire faculty was released last Thursday. The faculty had been re-elected to teach in the proposed Amarillo college, but the collapse of the immediate removal made it necessary to release the teaching staff. Action was taken by the joint meeting of the local board with the Amarillo.

Started in 1893

Clarendon college was established in 1893, and with the closing of the college the Panhandle's oldest institution of higher learning passes out of existence.

Last minute efforts were made by the relocation committee and the Amarillo delegation to retain the school at Clarendon, but the local board of directors stated that the institution had been "too maligned to exist."

S. H. Condon, 15 years dean of the school, has accepted a position at the West Texas State Teachers college, and Dr. Morgan, president, plans to return to the Oklahoma conference.

B. Y. P. U. Have Association Here

The Wilbarger-Foard B. Y. P. U. Association met at the Baptist church here last Sunday and had an all-day program.

A large number of visitors were in attendance and a general good time is reported. In addition to the very interesting and instructive program, one of the most sumptuous feasts ever witnessed was served by the ladies of the Baptist church.

A. T. Norsworthy of Vernon served as president of the association.

Following the program at the evening service Rev. Moore, a returned missionary from China, delivered one of the most interesting talks, dealing with missionary work in China, ever heard in Crowell and the big auditorium was filled to capacity both throughout the day and at the evening service.

The hundreds who availed themselves of the opportunity of attending the program and of hearing this missionary count the services as a rare treat indeed.

Mr. Andrews Undergoes Operation in Dallas

L. G. Andrews underwent an operation Saturday morning at Baylor Sanitarium in Dallas. His sons, L. A., of Crowell, and Charley, of Vernon, went down to Dallas Friday to be present at the operation. They returned Sunday and report that Mr. Andrews stood the operation well and hopes are good for his recovery.

The limb was not amputated as was at one time thought necessary, but the operation was on a nerve and some blood vessels to effect a more thorough distribution of blood to that portion of the limb effected.

Mr. Andrews' many friends here are hopeful that he may have a speedy recovery and become normal in health again. Mrs. Andrews remains with her husband.

Gas Flow Found at Shallow Depth in Thalia Well

Reports reached the News late Tuesday afternoon that a flow of gas amounting to a million and a half feet had been struck by the Roxana Petroleum Corporation & Fain McGaha Oil Corporation & others in the J. F. Matthews well north of Thalia.

The gas sand was struck at a depth of 855 feet. They are now drilling at 925 feet with over 500 feet of open hole. Fifteen inch casing was set at about 400 feet.

The well is about two miles due north of Thalia.

The splendid showing of gas at the shallow depth of 855 feet is regarded as a fine indication for other sands are sure to be struck, and many are expecting either a big gas or oil well.

Says Plains Wheat Crops Fairly Good

J. D. Johnson and wife made a trip to the Plains country last Wednesday, going by Childress, Tell, Amarillo, Canyon, Plainview and back to Crowell, arriving Sunday. Mr. Johnson says the wheat crops look to be about as good as in this county and is in many stages, some of dead ripe, some beginning to ripen and some even green yet.

Aside from the wheat crop he says there is nothing in the way of crops to brag about.

Domestic Animals Develop Hydrophobia

In addition to the sheep and goats belonging to F. C. Borchardt that developed hydrophobia last week, there have been others that developed the disease and had to be killed. A. T. Miller lost a cow, J. R. Merriam lost a mule Saturday and Dr. Hill had a calf and two goats to develop the disease.

All these were caused by the bite of the mad dog that went through that community a little more than three weeks ago.

Edward Huffman and Miss Ila Lovelady left Monday for Clarendon where they will attend the big Epworth League meeting to be held there all this week.

County Judges Organize Division of Lee Highway

The county judges and their courts of Foard, Cottle, Motley, Floyd, Hale, Lamb and Parmer Counties met at Matador last Friday and perfected an organization of the official bodies of these counties for the promotion of the Texas division of Lee Highway.

Wm. McGehee, county judge of Floyd County, was chosen as chairman of the organization and J. E. Atcheson of Foard County was chosen as secretary.

A committee consisting of four county judges was appointed to prepare a set of by-laws and a constitution. Judge Mayfield of Hale, Judge Whalley of Cottle, Judge Jordan of Motley, and Judge J. E. Atcheson of Foard were selected as this committee.

The next meeting place is Plainview and the date of the meeting is June 24th. An effort will be made to get the county judges and courts of all the counties traversed by the Lee Highway to be present at that meeting. A good representation of the county judges and courts were present at the Matador meeting but Wilbarger was not represented and some of the other counties had only a partial representation. Foard had full representation.

The purpose of the organization, as stated above, is to promote the Lee Highway, and everything pertaining to that end will be discussed and acted upon by representatives from these counties at the various meetings from time to time.

MARGARET

(By Special Correspondent)

The Margaret community was greatly benefitted by the rain that came Monday and Tuesday. Harvesting will soon be the order of the day.

S. J. Boman and Hugh Jones made a business trip to Fort Worth Tuesday returning home Friday.

Mr. and Mrs. Green Sikes visited in the Russell home Sunday.

Mr. and Mrs. Ben Stokes were shopping in Vernon Monday morning.

Mrs. S. J. Boman and son, Brown Franklin, visited in Thalia Sunday afternoon.

Rev. T. M. Johnston left Monday morning for Clarendon to attend the League Assembly. He was accompanied by Margaret Taylor, Alta B. Tamplin, Ocie Jones and Emma Belle Hunter, who went as delegates from the League.

The services at the Methodist church were well attended Sunday. Rev. O. P. Clark of Vernon preached at 11 o'clock and Rev. Cecil Matthews of Thalia preached in the evening.

W. F. Wood and daughter, Miss Minnie, of Thalia attended church here Sunday morning. They also visited with Mr. and Mrs. Patton.

Mr. and Mrs. John Hunter and daughter, Emma Belle, and Mrs. Hunter's mother, Mrs. Hartman, visited Mr. and Mrs. J. W. Spotts of near Lockney Saturday and Sunday.

Shirley Johnson of Harrold is visiting relatives here this week.

Mr. and Mrs. H. W. Gray, W. F. Wood, Frank and Cecil Matthews of Thalia attended quarterly conference at the M. E. church Saturday night.

Those who visited with Mr. and Mrs. Homer White Sunday were, Mr. and Mrs. Melvin Moore, Mr. and Mrs. W. A. Dunn, Mr. and Mrs. Bill Bond, Mr. and Mrs. Hardy Taylor, of Margaret, and Mr. and Mrs. Bob Thomas of South Vernon, and Mr. and Mrs. Smith of Pueblo, Colo.

Mrs. Joe Bledsoe and sister, Opal, of Harrold visited with their parents, Mr. and Mrs. J. W. Johnson, here Wednesday.

There will be church services at the M. E. church next Sunday, both morning and evening.

Crowell Firm Buys Business at Quanah

Messrs. Chaney & Allen have purchased the Chevrolet business at Quanah and have taken charge of same.

A. T. Chaney, who has been sales manager of the Chaney-Allen Chevrolet Company here for the last year, will have charge of the Quanah business and will move his family to that city within the next week or two, according to present plans.

C. V. Allen will take the management of the business here and each business will bear the name of Chaney-Allen Chevrolet Company.

Crowell can ill afford to lose such men as Mr. Chaney. He and his excellent family have been valuable assets to our town since having made their home here.

THALIA

(By Special Correspondent)

Rev. Vaughn of Odell visited in the G. B. Neill home here Saturday night and preached at the Baptist church Sunday morning.

Homer Myrick and family of McKinney visited in the W. H. Short home here Friday night.

Carl Culwell of Lubbock visited friends here Sunday.

Miss Mattye Russell of Crowell and Misses Ruth and Ester Zigler of Shamrock visited Miss Ruth Grum here Thursday of last week.

The following attended the district B. Y. P. U. convention at Crowell Sunday: Mr. and Mrs. Gus Neill,

Misses Mattye and Lillian Reid, Jessie and Katherine Wheeler, Jessie and Lucile Taylor, Jennie Lee Roberts, Mr. and Mrs. Truett Neill, Mr. and Mrs. C. D. Haney, Mrs. G. A. Neill, Mrs. T. M. Haney, Charlie Roberts, Roy Shultz, Oneal and Virgie Lee Johnson, Alex Neill, Olive Carter, Raymond Phillips, Royce Carter, Velma Vincent, Joe Johnson and Opal Carter.

W. F. Wood and family visited in the M. B. Patton home near Margaret Sunday.

Misses Mattye Reid and Anna Maye Neill, Mrs. Vonnie Edens and Mrs. C. H. and T. J. Wood, were shopping in Vernon Thursday of last week.

Mr. and Mrs. Leo Hlavaty visited

relatives in Crowell Sunday.

Mrs. W. L. Johnson, Alex and Truett Neill, Mack Edens and Joe Johnson were Vernon visitors Monday.

Mrs. J. A. Abston has been ill the past week.

Miss Ruby French returned to her home here Monday from a sanitarium in Vernon where she recently had an operation for appendicitis. She is doing nicely.

Ben Stokes and family and Miss Maggie Crabtree of Margaret visited here Monday.

Miss Shirley Short returned to her home here Friday from McKinney where she has been visiting relatives for the past ten days.

Mrs. Faye Jackson of Denver, Colorado, is visiting her brother, C. B. Morris, and family here this week.

Bert Abston and family of Rayland visited relatives here Sunday.

A baby girl was born to Mr. and Mrs. Curtis Gardner Sunday. Her name is Wandera Gene.

Dr. Clark of Crowell was called to see M. C. Adkins here Monday.

Gus Neill and family and Mr. and Mrs. Lee Shultz attended a show at Vernon Thursday night of last week.

C. B. and J. R. Morris are Clarendon visitors this week.

Brown Franklin and Mrs. S. J. Boman of Margaret visited Mrs. W. T. Brown here Sunday afternoon.

H. W. Gray and family, Frank Matthews, W. F. Wood and Cecil Matthews attended quarterly conference at Margaret Saturday night.

Louise Stovall of Electra and Miss Louise Alger of Vernon are visiting J. A. Stovall and family here this week.

Miss Anna Maye Neill left Sunday for Denton where she will visit friends for several days.

C. R. Waggoner of Vernon visited in the M. C. Adkins home here Sunday.

Bill Hammonds and Mr. and Mrs. Less Hammonds went to Wichita Falls Monday to visit Miss Lois Hammonds who is very ill in a sanitarium there.

M. S. Henry of Crowell visited M. C. Adkins and family here Sunday.

Cecil Matthews of this place preached at the Methodist church at Margaret Sunday night.

Neville Short of McKinney is visiting relatives here this week.

Hugh Thompson and son, Garland, of Amherst came Friday to work through the harvest.

Mrs. Leona Abston of Rayland spent last week with her parents, Mr. and Mrs. J. G. Thompson.

Mrs. Naomi Nichols and children of the Black community spent last week-end in the J. G. Thompson home here.

Mrs. Isabelle Thompson spent Wednesday with Mrs. J. G. Thompson.

Miss Ruth Banister is visiting relatives in the Black community this week.

Funeral services for Jack Lawson, who was killed by lightning while chopping cotton near his home here Monday afternoon, were held at the Thalia cemetery Tuesday afternoon at 5 o'clock.

Rev. Loyd, pastor of the Rayland Baptist church conducted the services. Jack was 21 years of age at the time of his death, finished high school at Crowell this spring and had a very bright future before him. He was loved dearly by all who knew him, and a host of friends join his family in their bereavement. The floral offering was beautiful.

Mrs. Alma Woodruff of Oklahoma is visiting her parents, Mr. and Mrs. Otto Schroeder, here this week.

Mrs. Vonnie Edens left Wednesday for Paris, Texas, where she will visit her parents and other relatives for several days. She was accompanied to Vernon by Mr. and Mrs. Truett Neill.

Fred Brown was a business visitor in Crowell Tuesday.

Bessie Tole who taught school near Quanah the past year came home one day last week to spend her vacation with her parents here.

H. W. Banister and family visited in the R. G. Nichols home near Black Sunday.

Teddie Burrow, Jimmie Ashford, Paul Wallace and several others from Crowell attended funeral services of Jack Lawson at the Thalia cemetery Tuesday afternoon.

Mr. and Mrs. W. Luke Johnson are visiting their sons, Ed and Luke Johnson, and families in Wortham this week.

Mrs. D. W. Nichols and son, D. W., Jr., of Seymour visited Mrs. J. W. Hathaway here one day this week.

Columbian Club

The Columbian Club met in the last meeting of this club year at the home of Mrs. N. J. Roberts, with Mrs. Will Womack as hostess.

Under the leadership of Mrs. O'Connell a most interesting lesson was enjoyed.

Mrs. N. J. Roberts arranged an excellent display of antiques.

At the close of the program the hostess served ice cream and cake.

The club was glad to have as guests

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter

Crowell, Texas, June 3, 1927

The continued dry weather this year makes it appear that a county fair this year will not be an encouraging project. Weather conditions may be deceptive. One can not always be governed by present conditions as to future actions. The season is yet young and there is plenty of time in which to grow on the farms of this county prize winning products. The safe thing to do is to move along as if the season at present was as good as could be wished. Then, too, possibly with our short seasons up to the present maybe we can show just as fine specimens of farm products as anybody, even though they are not one hundred per cent perfect. Other communities have had their drawbacks as well as we. Suppose we begin now to put up products to be exhibited at the state fair. Let it be a bundle of wheat, oats, or some other product that is maturing at this season. Then later put up others as they mature, and we shall accumulate in this way a lot of products out of which a wonderful display can be made.

With a gas well on the west of us and one recently brought in on the east Crowell might well begin to contemplate its future as a gas and oil center. The indications are mighty good that developments will be taking place all around us. And Crowell has not secured that big hotel yet. We just as well face the facts in the case and admit that we shall be wonderfully handicapped if we do not get it. Another thing we might put down and that is that nobody is going to come in and build a hotel for Crowell. It must be done by local capital if it is done at all.

For several months Foard County has been getting some pretty good advertisement. People at home are coming more to appreciate the fact that this country has great possibilities and are talking Foard County. Nearly any country is about what the home people think it is. If it develops it is because the people have visions of its future greatness; if it does not develop it is because they have a poor opinion of it. Somehow if we really think we have a great country we can not keep it to ourselves.

Crowell has increased in beauty within the last two or three years and recently home builders have manifested increased pride in the building of homes. One day not far distant, if it keeps up, this little city will be one of the most beautiful in the West.

Get ALL your motor's power

YOUR motor was designed to deliver a certain number of revolutions per minute. When "knocking" occurs the revolutions immediately drop. This means loss of power and wear and tear on the engine. Conoco Ethyl eliminates knocks—delivers all your motor's power. That's why it pays to deal at the Conoco sign.

Adelphian Club
The Adelphian Club held its final meeting for the year 1926-27 on Wednesday afternoon at the home of Mrs. Joe Johnson with Mrs. Jeff Bruce as hostess.
During the business session the officers for the closing year gave their annual reports. The officers who were elected to serve during the year 1927-28 were installed. The program for the afternoon consisted of a study of a number of Texas musicians and composers, among whom were David Guion, John A. Marsh, Olga Samonoff, E. Conway and Oscar Fox. Miss Inez Sloan conducted the program and interspersed reports on the different musicians with records on the phonograph presenting some of their compositions. These were "Swing Low Sweet Chariot" in an arrangement by David Guion; "Rounded Up in Glory" by Oscar Fox; "Maids of the Spring" and Mendelssohn's "Spring Song" played by Olga Samonoff; "Lights Out," a march by Conway and played by Sousa's band.
An ice course was served to a large number of members and to Mrs. Minnie Campbell, a sister of Mrs. J. A. Johnson.—Reporter.

At the Catholic Church
Saturday, June 4th, Holy Mass will be said at 8 o'clock in the morning, followed by the instruction of those children who will be confirmed on June the 18th.—P. Mosler, pastor.

FIRST CHRISTIAN CHURCH
L. Guy Ament, Pastor
Sunday will be your opportunity to meet with God's people in worship. We will have the services at 11 a. m. Sunday School meets at 10 a. m. Do not let your place be vacant. The Lord wants you in His service. At the evening hour at 8:30 we will have the program by the children—Children's Day program. The committee has been at work training the children for the occasion. Mrs. Kincaid is the chairman of the committee. Monday will be the regular meeting of Woman's Missionary Society at the church at 4 p. m. The Christian Endeavor meets Sunday evening at 7 o'clock. Watch them move!

They Cover Completely The Field of Refrigerators

The Northland is the handsomest, best made and most efficient refrigerator that can be obtained at a moderate price.

The outer case is of select kiln-dried hardwood lumber, thoroughly insulated with charcoal sheathing and non-conducting dead-air circulation and low temperature procured with a minimum amount of ice.

Northland refrigerators satisfy the most discriminating buyers, as indicated by the large volume of sales on this line.

Many people are so situated that they can not obtain ice, but that is no reason they should not enjoy a refrigerator. Walkup Iceless Refrigerators provide a cool, damp air chamber large enough for milk, butter and all food stuffs that need protection from summer heat.

Come in and ask us about this refrigerator which cost you absolutely nothing to operate.

M. S. Henry & Company

Community Singing
The community singing will be held the third Sunday of June, June 19, at 2:30 p. m., in the Baptist church of Crowell. The program will be as follows:
Invocation—Rev. Mayfield.
Two selections led by Jno. Myers.
Two selections led by T. T. Goightly.

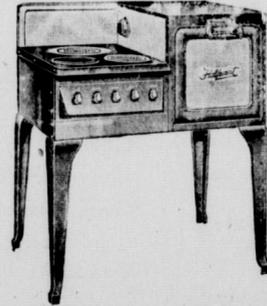

Solo—Josephine Griffith.
Two selections led by L. H. Smith.
Piano solo—Mrs. A. A. Rucker.
Two songs led by D. T. Jinks.
Vocal solo—Mrs. Agnes Dunn.
Quartet, arranged by Mr. Winters, Margaret.
Two songs led by Duke Wallace.
Everybody is cordially invited to attend these monthly singings. If

you sing, come and join the singers. If you don't sing, come and be one of the listeners.
For one who uses his bronchial tubes so little, it is difficult to understand why Mr. Coolidge has bronchitis.

Combined Quarterly Conference

On next Friday night, June 10, there will be held in our church joint Quarterly Conferences for Margaret and Thalia and Truscott and Foard City and Crowell. The Crowell Methodist church is delighted that she is to have the brethren from these neighboring pastoral charges as her guests for the evening. The pastors, Brothers Johnston and Marts, and their official boards will meet with us, and the three Quarterly Conferences will be held together. Our presiding elder, Brother Clark, will, of course, preside. Let the Crowell officials be present in full strength not only to greet and welcome our visitors, but also to show their loyalty to their own church.

Medical men in convention at Washington discussed means of increasing the span of life while reckless automobile drivers went on doing all they could to decrease it.

The weather is discussed more than any other subject principally because it is the most provoking.

SUNDAY SCHOOL LESSON, MAY 29

(By Mrs. Allen Sanders)

Time—A. D. 41.

Place—Poppa and Caesarea, cities on the Mediterranean Sea coast.
Cornelius, a Roman captain of a hundred men in the Italian band—of importance because formed in Italy—had been stationed at Caesarea, the Roman capital of Palestine. One afternoon as this devout man prayed he was told by an angel to send to Joppa for Peter, who would tell him what he ought to do. Two household servants and a devout soldier were sent immediately. Peter, who had been summoned to Joppa to restore Dorcas to life, was with Simon, the tanner. Since the business of being a tanner was considered an abomination by the Jews, Peter, in the minds of the stricter Jews became ceremonially unclean by living with him. As Peter observed his Jewish custom of prayer at noon, he had his vision of the sheet filled with clean and unclean beasts and fowls—the clean made unclean by contact—and was told to kill and eat. As he had never eaten unclean meat he said, "Not so, Lord." The voice answered, "What God hath cleaned, that call not thou common." This was done three times. As Peter wondered what the vision meant, the men from Cornelius knocked, and the spirit told him to go with them, Peter breaks another precedent by entertaining his Gentile visitors overnight. Early next morning taking six Christian Jews, all set out for Joppa, about forty miles away. When they arrived the next day Cornelius had gathered his friends and relatives to hear God's word. Peter explained why he, an orthodox Jew, had broken the Jewish law by visiting a Gentile, telling them about his vision.

The sermon in Acts is only a part of the real sermon Peter preached, and was the first Christian sermon delivered to a strictly Gentile audience. This unlearned fisherman again spoke with power. He said that there were acceptable people to God in all nations—if they revered Him and were just toward others. The word had been preached by the old prophets, John, Jesus and the disciples, and Christ came to bring peace that follows renunciation of evil. The old law of Judaism required sacrifices for peace between God and man; but Christ made one supreme sacrifice for not only the Jews, but for all. Cornelius had probably heard Philip preach at Caesarea and knew something about Christ's life and works. Peter told how Jesus of the despised town of Nazareth had been anointed with the Holy Spirit and went about doing good. Nicodemus had said God was the power behind Jesus (John 3:2). There had been twelve witnesses chosen during Christ's ministry, and to them, and others, too, Christ appeared after his resurrection. As Peter preached Christ, the Holy Spirit came on all, and the Jews were amazed to find that the Holy Spirit was also on the Gentiles. So the Gentiles had their Pentecost, too. They were baptized with water. Peter, like Paul, probably did not himself baptize, lest division arise in the church. They seemed to have stayed a while here (Acts 11:3); but when they returned to Jerusalem the other Christians contended with Peter about leaving the old practices of Judaism and admitting Gentiles into the church. After he explained in detail his vision they, too, rejoiced that "God also to the Gentiles granted repentance unto life."

Killing harmless husbands seems to be quite the vogue now in Hollywood and New York. Again demonstrating the fallacy of the remark that "East is East" and "West is West."

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

FACTS about used car allowances

Most new car sales now involve the trading-in of a buyer's used car. More and more people are asking: "Why should my used car seem to have several values? ... Why should dealers in different makes of cars offer me allowances differing materially? ... Does the largest allowance offered mean the best deal for me?"

Here are basic facts:

- 1 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 2 Your used car has only one fundamental basis of value: what the dealer who accepts it in trade can get for it in the used car market.
- 3 The largest trade-in allowance which is offered on your used car is not necessarily the best deal for you. Sometimes it is; but sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
- 5 Judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

WHEN YOU are ready to trade-in your present car, remember that after all you are making a purchase and not a sale. You are buying a new car and simply applying your present car as a credit toward the purchase price of a new car.

Check Chevrolet Delivered Prices
They include the lowest handling and financing charges available.

In thousands of average American homes there are now two automobiles—"a car for her, too," so there may be transportation for the family while "he" drives away to work.

And the family car has such an infinite degree of usefulness! Downtown shopping, taking the children to school, afternoon calls, meeting trains and the many additional trips that must be made to and from the house as a part of every day's routine.

No other car is so admirably suited to a woman's requirements as the Most Beautiful Chevrolet.

With striking new bodies by Fisher, and finished in pleasing colors of lustrous, lasting Duco, it provides in abundant measure the comfort, charm and elegance that

women admire in a motor car. It is easy to start because of its Delco-Remy electric starting system—famous the world over for its excellence. It is easy to stop because of powerful, over-size brakes. And it is easy to drive and park because of a modern three-speed transmission, smooth-acting disc clutch, and a semi-reversible steering gear that gives finger-tip steering.

Visit our showroom and see the Most Beautiful Chevrolet. Note the wide variety of body types. Mark their sweeping lines and carefully executed details. And then ask us to explain the easy terms on which a Chevrolet may be purchased—terms that include the lowest combination of handling and financing charges available anywhere.

Things Worth Knowing

The seeds of the modern newspaper press were planted in the hand-printing done by the Chinese with their engraved blocks, and with the simple press used by Gutenberg about 1450 when he printed the first book from movable types.

Roger Bacon discovered what was practically gunpowder in the thirteenth century, and Berthold Schwartz, a Feidbuprg monk, who studied Bacon's works and conducted dangerous experiments of his own, is ranked with Bacon for the honor.

The United States weather bureau receives reports daily from more than 3,500 land stations and about fifty foreign stations, while by means of wireless telegraphy, under normal conditions, some 2000 ships send reports of weather conditions at sea.

The distance of the sky line is a question of the distance the eye can see from different heights above sea level. A person five feet tall standing on the beach at the seaside is able to see about two and three-fourths miles, while an aviator one mile above sea level is able to see everything within a radius of ninety-six miles.

The original of all the varieties of cultivated apple is the wild crab, which is a small and very sour fruit and is native of most of the countries of Europe. We use the crab apple for
