"Windy" Bill Wilson, "Rocky" Stark and Morris Kreig of Matador, known as the Matador Range Riders, passed through Crowell last Thursday with a chuck wagon and four horses on a long trek to New York City to attend the rodeo at Madison Square Garden in the fall.

They left Matador Monday and expect to arrive in New York about Sept. 1.

## First Drive-In Cafe to Open Friday

Mr. and Mrs. Joe Eddy will open a Drive-In Cafe, the first to be operated in Crowell, Friday afternoon of this week at 6 o'clock, in a new 16x24-foot building just completed on the Vernon highway, two blocks east of the square. In addition to the 16x24 dining room, a 10x12 kitchen has also been erected.

Mr. and Mrs. Eddy will serve hamburgers with potato chips or French fried potatoes and all kinds of sandwiches and will give curb service at all times.

They formerly owned and operated the Liberty Cafe on the west side of the square.

The coal miners strike is going to make itself felt in the steel industry, the railroads, and all industries using steel products. Thus the strike of one group of workers will injure other workers by throwing them out of employment.

## Red Cross Knitting Still to be Done; Knitters Needed

Mrs. S. S. Bell, Red Cross Production chairman, announces the resignation of Mrs. Jack Seale, who has been knitting chairman for some time, and that Mrs. J. A. Stovall has consented to assume the responsibilities of that office.

There is thread on hand for 40 more V neck sweaters, 7 turtle-neck Navy sweaters and several pairs of gloves and it will be appreciated very much if knitters will take the thread and complete the garments. Thread may be had from Mrs. Stovall or from the County Clerk's office in the court house.

## Intensive Revival Series Is Baptist Plan

C. E. Matthews  
In preparation for an intensive program of evangelism, the Rev. C. E. Matthews, pictured above, has resigned the Travis Avenue Baptist Church, Fort Worth, one of the largest in America, to lead the campaign for Texas Baptists. He was selected because of his success for 24 years at Travis Avenue, during which time he baptized over 4,400 new members. His plans include county-wide revival meetings over the state.

GRAND CHAMPION STEER BRINGS TEXAS CLUB BOY \$10,000

Fed on Ful-O-Pep All the Way

Fifteen-year-old Howard Preslar, Texas club boy from San Angelo, proudly displays his 1040-pound Angus Steer, Mustang Pride, which topped the Grand Champion Steer award over some 600 other entries at the 1946 Houston Fat Stock Show. Mustang Pride, fitted on a ration of grain and Ful-O-Pep Calf Starter and Ful-O-Pep Horse Feed, brought his young master an even \$10,000 on the auction block... one of the highest prices ever paid for beef on the hoof.

This splendid individual, along with many other champions at major shows in 1945 and '46, is outstanding proof of the kind of a job being done by the junior feeders of America. We are proud that so many of these champions were fed on rations which included Ful-O-Pep Feeds. Ful-O-Pep helps produce champions because it contains such nutritive ingredients as Concentrated Spring Range\*, Nature's Richest Vitamin Combination, plus other vitamin-rich sources. Ful-O-Pep gives that vitamin boost that helps grow big, rugged, deep-chested calves with soft, pliable hide, smooth, silky hair, and firm, even covering... qualities the judge looks for in champions.

Whoever therefore shall humble himself as this little child, the same is greatest in the kingdom of heaven.—Matthew 17:4.

There is some agitation for a law limiting the President's tenure of office to one term of six years. The idea has its advantages and disadvantages. How would it do to be also thinking of limiting a Representative and a Senator in like manner. The limitation would remove from these officials the necessity of spending most of their thought and effort toward getting re-elected and leave them free to vote as they choose on all issues, free from the pressure of lobbyists and the demand of pressure groups—a thing they are not permitted to do under the present plan. The argument that long service builds experience is offset by the fact that long service in Washington is just as apt to cause representatives to lose touch with the people back home and forget their desires and needs in the luxurious atmosphere of the ivory palaces at Washington. The whole move, we believe, has possibilities for better government.

As we read the tragic toll of the traffic accidents each morning in our daily we find ourselves wondering how much attention people pay to safety hints and warnings in the matter of driving. Every day there is the same gruesome recital of mangled car drivers and passengers from the same cause—too much speed. No one's time is so valuable that he must risk his life and the life of those riding with him to save a few minutes or seconds. No one who drives a car but knows it is subject to mechanical breakdowns that cause disaster at high speeds. No one who drives but does not know the possibility of road hazards, loose gravel, and chuck holes. Yet every day these very things cause disasters and kill and maim scores. The smart driver is the safe driver.

We often hear it said that the national government would function a lot better if it were not for the petty politics that too often block the obviously good things. One should not get the idea petty politics is confined to Washington. It reaches down into every state and county and community and club and group in the land. It is a game that everyone plays, a game of feigning and maneuvering to get or keep the advantages for the individual or the group. As in Washington petty politics often blocks the best interests of larger numbers for the selfish advantage of the few.

The number of war marriages that have gone on the rocks but proves that the old fogies who counseled putting off marriage until after the war were more than half right.

HISTORY

Memorial Day—May 30: The first observance of Memorial Day was held in 1868. Previous to this, however, the graves of soldiers killed in the Civil War had been decorated with flowers in the South. The first generally known instance of this occurred when the women of Columbus, Miss., laid flowers on the graves of Union and Confederate alike. Another instance was the occasion when women went to the cemetery at Vicksburg on April 26 and placed flowers on the graves of the soldiers buried there. In May of the same year the women of Winchester, Virginia, formed the Stonewall Jackson Memorial Association. On June 6, 1865, a group placed flowers on the graves of soldiers buried in the Confederate cemetery in Winchester, said to be the first cemetery laid out especially for soldier dead in the South. On May 13, 1865, the officers of the Grand Army of the Republic, an organization of Union Veterans, conceived of an organization to decorate the graves of soldiers dead through the country. A notice was sent to all G. A. R. Posts. In 1872 the legislature of New York passed an act designating the "Thirtieth day of May as Decoration Day" and making it one of the public holidays. A number of other states followed with the same action during the next few years. For many years the celebration was devoted to a flamboyant oratorical glorification of the victory of the Union Army. In time this passed and it came gradually to include all American soldiers dead. For many years the day was known as Decoration Day. The custom of decorating the graves of the dead with flowers dates back into antiquity. Memorial Day has become an institution in this country and elsewhere. It is a day when not only the graves of departed soldiers are decorated but the graves of all dead.

What We Think (By Frank Dixon)

As this is written the OPA is facing its most critical hour in Congress. The House led the attack and stripped OPA of almost everything it had except its name and left Chester Bowles threatening to resign.

At this time it is not known just what the fate of the OPA will be in the Senate but it is safe to conclude that it will come out of that body shorn of a lot of its power. Along with a lot of OPA restrictions in the matter of price controls the House proposes to wipe out all farm subsidies amounting to some two billion dollars a year and let normal supply and demand rule the farm markets.

The arguments for the retention of the OPA in its present almost autocratic and dictatorial form are that it is the only means by which prices can be held in line, the cost of living held down, and disastrous inflation prevented. The CIO as an organization favors and is working for the retention of the OPA in its present form.

Those desiring a relaxation of the OPA authority contend that the policy of the administration to permit wage increases while at the same time manufacturers are not permitted price increases is slowing down production. They contend that it is impossible for an industry to meet the conditions imposed by OPA and remain solvent. They also contend that the present rigid price policy, by restricting production, contributes to scarcity and scarcity contributes to hoarder buying, which in turn creates greater scarcity. They also point out that the system encourages black markets to the degree that a large amount of merchandise is sold in the black markets of the country and that the thing has gotten out of hand to the point where it is too big and too widespread to control.

The members of the House evidently feel that the demand for some radical changes is quite general else they would not have taken a chance on the election year of taking from the organization a major portion of its power.

IN THE NEWS 30 YEARS AGO

Items below were taken in whole or in part from the issue of The Foard County News of May 12, 1916, Martin & Kimsy, publishers:

George Hinds, who recently sold his Sanitary Tailoring and Cleaning Shop to Arthur McMillan, has re-purchased the business from Mr. McMillan and took charge Monday. Mr. Hinds greets the public with a half page ad in this issue.

At a meeting of the school board Tuesday the following teachers were elected: Miss Lucile Dunlap, third grade; Miss Lottie Woods, fourth grade; Miss Lena Rasor, seventh grade; Miss Mamie Allen, supply teacher. Another meeting of the board will be held Tuesday to elect other members of the faculty.

Prof. and Mrs. W. C. Baker of Knox City are here visiting her parents for a few days.

J. C. Self and wife returned home from Rochester, Minn., last Saturday.

J. H. McKown of Portales, N. M., is here this week greeting old friends and attending commencement exercises of the school.

Miss Alice McLarty visited friends in Quannah the past week.

Clifton Hill and sister, Miss Josie, of Ogden visited here the first of the week.

Miss Alene Coe, one of our high school teachers the past term, returned Monday to her home in Dallas.

Mrs. Mattie Fish of Vivian visited here and attended the commencement exercises. She returned home the first of the week, accompanied by her sister, Miss Maye Klepper.

Mrs. Nell, featuring Mary Pickford, at the Bell Opera House Friday night.

Mr. and Mrs. A. E. Propps of Benjamin visited relatives here over the week-end.

on a chance on the election year of taking from the organization a major portion of its power.

The argument in favor of changes in the OPA that is most commonly heard is that it might work if it were properly managed in all cases but that the application of proper management in all cases is too big for anything short of a superman organization manned by a great army of assistants. The problem of nationwide economies, it is contended is too big to attempt to control and properly administer in all its aspects in the time that it is permitted to do so.

What the final outcome of the fight to make over the OPA will be can only be speculated upon at the time this is written. We may safely assume, I think, that the Senate is going to follow along with the House and make radical changes softening up the House action here and there. Bowles and Porter may resign. They should not. They should take the new bill and administer it as they have the old one to the best of their ability.

In my opinion the price increases asked for will result in more merchandise. They will also result in higher prices—and consequently demand for more wage increases followed by more and more strikes which will still further hamper production and result in an insufficient amount of goods.

The problem seems to grow more complicated and more difficult with each move. It causes one to wonder sometimes if there is any virtue in attempting to prevent inflation, or if the people are determined to go on another spending spree as they did in the late twenties knowing in their hearts it will bring them to the very brink of another 1929 crack-up.

Washington News

By Congressman Ed Gossett, 13 District of Texas.

Washington, D. C., May 3.—As I am in Texas this week, this letter is being written by my secretary from notes and suggestions which I left in my Washington office before my departure.

One important development this week was the government's curtailment of passenger and freight services by the nation's railroads as a result of a coal shortage due to the strike-bound coal mines. This will force a general curtailment of all industry, and the complete shutdown of some basic lines. In our complex economy a coal shortage, a steel shortage, or a transportation shortage has wide effect on all of our people.

As I have said many times in the last few years, the power of labor union leaders over American economy is an insult to our democracy. The current problem on the domestic front at this time, and unless it is settled soon our reconversion program will be paralyzed and production on all fronts will be bottlenecked.

According to figures of the Civilian Production Administration, more tin cans are used for canning dog food than for any other one item, and beer runs it a close second. Both dog food canners and brewers have had their quotas of tin cans eliminated entirely.

We Americans have a habit of thinking that we, as the greatest nation and the wealthiest one, have everything we need within our own boundaries. World War 2 proved this to be entirely untrue. When the Japanese occupied the Pacific territories, we lost our largest sources of supply of rubber, tin, hemp, pepper, and other spices, to mention only a few items.

A good many of my friends at home have written me about the great waste of supplies and materials on the part of the armed services. While this is admitted, in confidence, by high-ranking military officials, and is common knowledge to many, the difficulty is that little can be done unless specific names, dates, places, items, and destruction are observed. Otherwise, getting investigations and corrections of such waste is similar to prosecuting a person without being able to produce any evidence against him.

Among the most popular bulletins published by the Department of Agriculture are those concerning the control of insects and bugs. Obnoxious insects are no respecters of persons or places. The Capitol and House Office Buildings have been so infested with cockroaches recently that one member introduced a bill to increase federal control over insecticides. Though Congress has not acted on the bill, the buildings are now in process of having the cockroaches exterminated free. A manufacturer of roach-killer offered to rid the buildings of these bugs, and is now at work. Control of rate in government buildings is also a problem. It would seem that if the Pied Piper of Hamelin could appear anywhere in the United States he might be able to get a job.

Railroad Circus Coming To This Vicinity Soon
This vicinity will feel the lure of the circus when Dailey Bros. Three-Ring Railroad Circus presents performances at 3 and 8 p. m. at Quannah, Friday, May 17. Not a truck show but a modern three-ring circus traveling aboard its own special train of 25 double-length railroad cars, Dailey Bros., recognized as one of America's largest circuses, will present two-hours of the world's greatest circus entertainment at both matinee and evening performances. A featured attraction is "Tillie," the world's only talking elephant. The only elephant ever trained for this feat, "Tillie" unleashes a verbal barrage against another member of the herd for a blunder during the act. Other members of the herd of 15 huge elephants walk a tight wire, roll a barrel across the ring and perform other intricate routines under direction of pretty Norma Lavenport, at 15 the world's youngest elephant trainer. An outstanding feature of the Dailey Bros. Circus is the \$50,000 horse fair. Scores of beautiful palominos, stallions and pintos include such famous blue ribbon winners as "Lipstick," "Black Diamond" and "Major" by Miss Hazel King. The circus carries a nagerie of animals from every corner of the earth. Only a pair of polar bears, an extra charge for the huge tents for the huge animals are arranged to provide access from the menagerie. Doors will open at 7:30 to performance time matinee and evening sessions to allow ample time for inspection of the huge and horse fair. Performances presented rain or shine.

How do you like your Eggs?
Reddy Kilowatt as a trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all. But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole. And, he'll stay there till he gets your line repaired—spite of hot wires sputtering around him. In spite of rain... lightning... thunder... and a high wind howling "Watch out, fella, we're gonna hit it again!" You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover the hard, wet work and the materials he uses. Chances are you'll never know a line went out. This kind of service is routine stuff for Reddy, and the electric company he works for. Storms—the repairs and costs—are all prepared for and handled in a businesslike way. But it isn't an easy job. Keeping your electric service dependable and cheap is the result of careful planning and sound business management.

J. T. Billington of Fort Worth, former Crowell resident, was here Tuesday and Wednesday visiting relatives and friends.

Dr. and Mrs. Hines Clark are in Galveston this week where the doctor is attending the State Medical Association.

Mrs. Clarence McKown of Dumas has been here for two weeks visiting relatives. She was accompanied to Crowell by her two sons, Leland and Charles, who recently received their discharges from the service.

Mr. and Mrs. H. Greenleese, who have been living on a farm they owned near Decatur since leaving Foard County, were here several days visiting friends. They have sold their farm and are yet undecided where they will locate.

Mr. and Mrs. Buster Wallace of Dallas were here last week and spent one night in the home of Mr. Wallace's parents, Mr. and Mrs. Duke Wallace. Mr. and Mrs. Wallace have built a new home in Dallas and expect to reside there permanently.

Rev. D. D. Denison, M. S. Henry, Mrs. M. J. Girsch and Mrs. Jeff Bruce attended the District Conference of Methodist Churches which was held in Paducah Tuesday. Rev. E. D. Landreth, who is conducting the meeting at the Methodist Church, also went to Paducah for the meeting, after the morning service at the church here.

CARD OF THANKS

We want to express our appreciation and grateful thanks to the friends who were so good to us when we lost our home by fire last week. The cash donations, the clothing and all expressions of sympathy are very much appreciated.

Mumps Prevalent in Texas First 17 Weeks of Year

Austin.—With a total of 5,966 cases of mumps having been reported in Texas in the first seventeen weeks of this year, Dr. Geo. W. Cox, State Health Officer, has issued a statement stressing the fact that the contagion factor exists before symptoms appear, and urging strict isolation of all patients, in order to control the spread of this disease.

Mumps is transmitted by direct contact with an infected person and with articles freshly soiled by the secretions or discharges from the mouth or nose of persons having the disease. It takes from 12 to 26 days for mumps to manifest itself after the infection takes place. The disease can be easily transmitted, but one attack usually establishes immunity although second attacks sometimes occur.

THOUGHTS OF SERIOUS MOMENTS

Silver and gold are not the only coin; virtue too passes current all over the world.—Euripides.

Prudence is the necessary ingredient in all the virtues, without which they degenerate into folly and excess.—Jeremy Collier.

There never was any heart truer, greater and generous than was not also tender and compassionate.—South.

Some of the points involved in John Lewis' coal mine strike are an increase in wages, a 35 hour week and a health and welfare fund derived from a royalty tax on each ton of coal. Incidentally while endeavoring to secure these things for the miners, Lewis is hoping to give himself a boost in the big game of labor power politics. He will accomplish this for

Food, Home Notes

(By Miss Elizabeth Elliott, County Home Demonstration Agent.)

LAYERS AWAY

Elimination of layers in many familiar dishes is one simple way to help save flour and bread in the present world famine emergency.

Use only half a biscuit to a serving of shortcake, chicken or strawberry, instead of the usual two-layer serving. Feature open-face sandwiches—one slice of bread only with filling on top—instead of the usual two-slice sandwiches or triple-deck club sandwiches.

A deep-dish pie with small proportions of pastry on top of the fruit, or a one-crust pie will satisfy most families as well as the usual two-crust pie, and save both flour and fat.

Cup cakes or plain loaf cake can take the place of luxurious layer cakes. Us plain cake with fruit filling instead of three thick layers.

Still another suggestion is to serve baked eggs in potato cups instead of eggs on toast.

SMALL SAVINGS

The housewife can make an important contribution to the conservation of cooking fat by preventing small everyday wastes.

More attention should be given to careful scraping of dishes, pans and containers of fat. A rubber-tipped dish scraper of the type now selling again at kitchen supply counters is one of the best utensils for removing that last bit of fat—or any other food. Remnants of cooking fat in

Old-Fashioned Revivals on Way Back in Texas

Dallas.—Old-fashioned revival meetings may be on the way back to every county in Texas, according to plans projected by leaders of the Baptist denomination. To head this work in the state, the Rev. C. E. Matthews has resigned as pastor of Travis Avenue Baptist Church, Fort Worth, effective May 1.

Although he has served that church nearly 24 years, and has become outstanding as a pastor, Dr. Matthews has never ceased to be an evangelist. He has been called upon constantly to lead meetings in other churches and to conduct city-wide campaigns. He has baptized into his own church over 4,400 converts.

Insurance Can Be Reinstated without Examination

The contact service of the Veterans Administration this week was seeking every veteran who has let his G. I. Insurance lapse to offer reinstatement without a medical examination.

Robert W. Sisson, Lubbock Veterans' Administration Regional Manager, said success of the campaign would result in invaluable service to thousands of veterans.

Ex-GI's can now reinstate policies without a medical examination, regardless of how long they have been out of the service, provided their health has grown no worse during the lapsed period, Sisson said.

"This liberalization is only effective until January 1, 1947," he pointed out. "Time is running out for many of these veterans and we must use every means to inform them of this priceless opportunity."

"Its importance cannot be over-emphasized. It will not only be simpler to reinstate policies, but many veterans are now able to reinstate who would not be able to pass a rigid physical examination.

cans should be melted down and poured out for use before the can is thrown away, and the last drops of oil extracted from bottles. Pan drippings left from cooking meat should be scraped out, and even the part that has "browned on" can be loosened by heating with a little water and then saved for gravy, soup or sauces.

Much fat is wasted by careless cooking. Once fat has been scorched, overheated, or allowed to become rancid, it is good for nothing but soap making. In frying, heat should always be watched to prevent wasteful scorching. To keep fat from turning rancid or moldy, keep it dry, cold and covered in a dark place—in the refrigerator, if possible.

Careless measurements, hit-and-miss methods, and unreliable recipes may contribute to fat waste.

SIX-POINT PROGRAM FOR FAMINE RELIEF

A six-point program for famine relief to be carried out in addition to voluntary conservation efforts has been announced by Secretary of Agriculture Clinton P. Anderson, according to a report received from the United States Department of Agriculture. "These measures," he said, "were taken after consultation with governments of Canada and the United Kingdom, in which it was indicated that they would work with this nation toward the two common objectives of increasing total relief shipments of grain promptly and giving priority to areas abroad most urgently in need of special aid."

The six measures follow: 1. Millers are required to reduce their production of flour for domestic consumption to 75 per cent of the quantity distributed in the corresponding months of 1945. In addition to making more wheat available for export, this amendment to War Food Order 144 is designed to bring about more equitable distribution of wheat among millers.

2. Under the same amendment, food manufacturers are required to limit the use of wheat in the manufacture of products for domestic human consumption to 75 per cent of the quantity used in the corresponding months of 1945.

3. Effective May 1, millers and food manufacturers are limited to 21 days inventory of wheat. After that date no miller or food manufacturer may use wheat unless quantities of wheat or flour equivalent in excess of this amount are offered to the Commodity Credit Corporation for export.

4. The U. S. D. A. is offering a bonus of 30 cents a bushel on wheat delivered under the certificate plan by May 25. To be eligible for this bonus a producer must select a date for payment between the date of delivery and June 15, 1946.

5. The U. S. D. A. will buy 50,000,000 bushels of corn from producers for which they will be paid a bonus of 30 cents a bushel above the market price on the date of delivery for corn sold to the C. C. C.

6. The U. S. D. A. is offering to buy an unlimited amount of oatmeal from millers in the U. S. to make available additional food for relief purposes.

NOTICE TO WHEAT FARMERS

We wish to announce to the grain producers of Foard County that we have leased the Self Elevator at Crowell and will try to handle your grain in the same efficient manner as has always been the policy of this plant.

Bring your wheat in or send it in. We will be glad to handle it according to your wishes. Our aim is to offer prompt and courteous service with equal fairness to both trade and competition.

### MOTHER'S DAY WAS IT?

It has been estimated that each student in Crowell wastes only one slice of bread each day for one year. It would take nine thousand nine hundred and fifty-five loaves of bread America can help, and here is how you can help:

1. Eat only one slice of bread with your plate lunch.
2. Do not waste bread and vegetables.
3. Do substitute potatoes for part of your bread.
4. Do eat less mayonnaise or salad.
5. Do eat more baked and boiled foods instead of fried foods to save oil and fat.

### LOG OF SENIOR TRIP, 1946

The night and mighty seniors have returned from Senior Day and the Senior Trip. They left Crowell Thursday afternoon at 1:30 o'clock in a chartered bus from Lubbock. Along to the destination of the trip, the students were entertained at sitting in the aisle seats, although we don't believe they really minded it when the time came for them to sit in the aisle seats. After all, they were going on that ever-loved-forward-to-Senior Trip—little seen was had Thursday night, due to the social singing of religious and popular songs, and the entertainment of the official "Mr. Promoters" of the trip, Morris Johnson, valedictorian of the town, and other valuable information, usually late.

### SENIOR ENTERTAINMENT AT POINT OF EMBROW

Last Tuesday night, the Board of Women's Missionary Society entertained with a banquet for the seniors. Everyone relaxed and enjoyed the evening which was followed by the response of Joe Barber, Senior President of the Senior Class, who sang two lovely songs, "Sweet Home, Virginia Monahan," and "Doctor's Entertained with a Member of Rainbow Song." The banquet with its part of going to the north of the evening. The delicious dinner consisting of baked ham, sweet potato, corn, tomato salad, green beans and ice cream and fruit was served by girls of other classes, who were dressed in soft pastel colored dresses, with rainbow bands in their hair.

THERE'S NO PLACE LIKE "HOME" WHEN YOUR FORD NEEDS ATTENTION!

## EXPERT SERVICE

## GENUINE PARTS

- Careful driving alone cannot insure safety.
- Unless your car is in good operating condition, there's danger ahead!
- Remember—many motorist accidents are due to faulty brakes. Do you know whether your brakes will stop your car within the margin of safety? The sure way to find out is to bring your Ford back "home" for inspection.
- Your Ford dealer's expert mechanics will check it thoroughly—including brakes, wheel alignment, tires, lights!
- As cars grow older, they require more attention to keep them rolling safely and maintain high trade-in value. With the return of many veteran mechanics, your Ford dealer can now offer you fast, expert service. He uses genuine Ford parts and serves you time and money on any job.
- Remember—Ford's out in front in service, too!

**NOTICE OF SHERIFF'S SALE**  
 THE STATE OF TEXAS,  
 COUNTY OF FOARD.  
 WHEREAS on the 21st day of  
 February A. D. 1946, The State  
 of Texas and the County of Foard,  
 Plaintiffs and the City of Crowell,  
 and the Crowell Independent  
 School District, Crowell, Foard  
 County, Texas, implored Taxing  
 Units recovered a judgment in the  
 District Court of Foard County  
 (for the 46th Judicial District of  
 Texas) No. 2869 on the docket of  
 said Court, against T. N. Bell  
 and wife, Effie Bell, for the ag-  
 gregate sum of Sixteen Hundred  
 Forty-Five and 12/100 Dollars for  
 delinquent taxes, interest, penal-  
 ties and accrued costs on the same,  
 with interest on said sum at the  
 rate of 6 per cent per annum from  
 date of judgment together with all  
 costs of suit. Said judgment di-  
 rects that a foreclosure of plain-  
 tiff's lien together with lien of the  
 taxing units which were parties  
 to this suit and established their  
 claims thereto for the amount of  
 accrued costs as apporportioned to  
 each tract and/or lots of land  
 described in said order of sale.  
 By virtue of an order of sale,  
 issued by the Clerk of the District  
 Court of Foard County, Texas,  
 on the 15th day of April, 1946,  
 as directed by the terms of said  
 judgment.  
 As Sheriff of said Foard Coun-  
 ty, I have seized, levied upon and  
 will, on the first Tuesday in June,  
 1946, same being the 4th day of  
 June, 1946, at the courthouse door  
 of said Foard County, between the  
 hours of 2 o'clock P. M. and 4  
 o'clock P. M. of said day, proceed  
 to sell for cash to the highest bid-  
 der all the right, title and interest  
 of the said T. N. Bell and wife,  
 Effie Bell, in and to the following  
 described real estate levied upon  
 the 15th day of April, 1946, as  
 the property of T. N. Bell and  
 wife, Effie Bell:  
 Description: An undivided  
 6/19 interest in Lot No. 12, in  
 Block No. 79, in the Original town  
 of Crowell, Foard County, Texas.  
 The amount apportioned against  
 said tract is \$1,645.12. The ad-  
 judged fair value of the above  
 described premises being \$400.00.  
 subject, however, to the right of  
 redemption of the defendants, or  
 any one interested therein, may  
 have, and subject to any other  
 and further rights the defendants,  
 or any one interested therein, may  
 be entitled to under the provisions  
 of law. Said sale to be made by  
 me to satisfy the above described  
 judgment and foreclosing the lien  
 provided by law for the taxes, in-  
 terest, penalty and costs. The  
 proceeds of said sale to be applied  
 to the satisfaction thereof, said  
 sale will be made subject to the  
 defendants right to redeem the  
 said property by complying with  
 the provisions of law in such  
 cases made and provided.  
 A. L. DAVIS,  
 Sheriff, Foard County, Texas.  
 By R. R. MAGEE, Deputy,  
 Crowell, Texas, April 15th, 1946.

LOG OF SENIOR TRIP, 1946

The high and mighty seniors have returned from Senior Day and the Senior trip. They left Crowell Thursday afternoon at 6 o'clock on a chartered bus from Lubbock.

SWEATERS

The Crowell High School football boys, district champions of district 12-A, were given their sweater awards in a special assembly program on Wednesday morning of last week.

Galveston, Texas, was finally reached! Almost before you could say "jack robinson" everyone had jumped into their bathing suits and were taking a dip in the Gulf.

and H. A. White received sweaters for having served as managers, and Harold Wilkinson, former Coach, also received a sweater.

PLEASE PASS THE ASPIRIN. MIRANDA. It's here! Examination time. Last minute book reports, late typing lessons, long over due themes, and bottles of aspirin are working their way around the halls of CHS.

HAS ANYONE ELSE— Noticed the blistered backs, legs, etc., of the Seniors? Wondered how H. A., Janet, Kathleen and Johnny Frank managed to live through the week-end without their beloved Seniors?

### NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF FOARD.  
 WHEREAS on the 21st day of February A. D. 1946, The State of Texas and the County of Foard, Plaintiffs and the City of Crowell, and the Crowell Independent School District, Crowell, Foard County, Texas, Impleaded Taxing Units recovered a judgment in the District Court of Foard County (for the 46th Judicial District of Texas) No. 2869 on the docket of said Court, against T. N. Bell and wife, Effie Bell, for the aggregate sum of Sixteen Hundred Forty-Five and 12/100 Dollars for delinquent taxes, interest, penalties and accrued costs on the same, with interest on said sum at the rate of 6 per cent per annum from date of judgment together with all costs of suit. Said judgment directs that a foreclosure of plaintiffs' lien together with lien of the taxing units which were parties to this suit and established their claims thereto for the amount of said taxes, interest, penalties and accrued costs as apportioned to each tract and/or lots of land described in said order of sale.

By virtue of an order of sale, issued by the Clerk of the District Court of Foard County, Texas, on the 15th day of April, 1946, as directed by the terms of said judgment.

As Sheriff of said Foard County, I have seized, levied upon and will, on the first Tuesday in June, 1946, same being the 4th day of June, 1946, at the courthouse door of said Foard County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell for cash to the highest bidder all the right, title and interest of the said T. N. Bell and wife, Effie Bell, in and to the following described real estate levied upon the 15th day of April, 1946, as the property of T. N. Bell and wife, Effie Bell:

Description. An undivided 6/19 interest in Lot No. 12, in Block No. 79, in the Original town of Crowell, Foard County, Texas. The amount apportioned against said tract is \$1,645.12. The adjudged fair value of the above described premises being \$400.00, subject, however, to the right of redemption of the defendants, or any one interested therein, may have, and subject to any other and further rights the defendants, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment and foreclosing the lien provided by law for the taxes, interest, penalty and costs. The proceeds of said sale to be applied to the satisfaction thereof, said sale will be made subject to the defendants right to redeem the said property by complying with the provisions of law in such cases made and provided.

#### HOUSEHOLD HINTS

Camphor Repels Mice.—Mice never go into trunks or drawers where lumps of camphor are scattered.

Turn Soiled Window Shades.—When the window shades become soiled turn them upside down, stretch a new rug and tack the old rug to the roller. The shades will then look like new.

Clean Screens Before Repainting.—Before repainting door and window screens, clean them with gasoline. It is more effective in removing dirt than water.

## Local B. & P. W. Members Attend Meet at Vernon

Misses Mayme Lee Collins, Gusta Davis, Elizabeth Elliott, Blanche Hays and Mrs. Alva Spencer represented the Crowell Business and Professional Women's Club at the regular inter-club district meeting at Vernon Sunday. The meeting was in the form of a western round-up and

used the western motif in all appointments.

Miss Opal Thomas, Vernon club president, was in charge of arrangements and Miss Vera Fogz of Quanah, district director, presided over the meetings, which were held in the Liberty Cafe banquet room. The room was decorated in true western manner, with saddles, spurs, blankets, afghans and yucca plants. The table cloth was made for the occasion, painted with designs of all cattle brands known in this area.

After registering Sunday morning, the guests went in a body to church services and at noon were served a luncheon. The meetings in the afternoon were held in the District Court room in the court house. Reports from the various clubs were included in the program.

A tea closed the day's meeting. Club members from Electra, Childress, Quanah, Crowell and Vernon were present for the colorful program.

## Former Margaret Man Weds Vernon Girl on March 30

Announcement has been made here of the marriage of Miss Opal Scroggins of Vernon and Edgar L. Smith, formerly of Margaret, which took place on March 30, at the First Baptist Church in Oklahoma with Rev. A. L. Burchel, pastor of the church, performing the ceremony.

Mrs. Smith is the daughter of Mr. and Mrs. D. E. Scroggins of Tolbert. She received her education in the Vernon schools and later graduated from a business school in Fort Worth. At present, she is employed by the Moore Hospital in Vernon.

Mr. Smith is the son of Mrs. J. S. Smith of Vernon. He graduated from Crowell High School in 1937 and later attended a business school in Wichita Falls. He is a veteran of World War 2, having served four and one-half years as a member of the 36th M. P. Co. He spent 36 months of the time in Australia, New Guinea and the Philippines. He received a discharge from the service in September, 1945.

Mr. and Mrs. Smith are making their home in Vernon where Mr. Smith is owner and operator of a garage and paint shop.

## Piano Recital to be Given May 10

## Thalia Couple Wed in Vernon on April 24th

Miss Fay Swan and Joe E. Tarver, both of Thalia, were married in Vernon on April 24 at 9 p. m. They were accompanied by Mr. and Mrs. Dalton Rainsback, Miss Doris Denton, Junior Swan, Mary Jo Hogan and Junior Tarver. The double ring ceremony was used.

Mrs. Tarver is the daughter of Mr. and Mrs. Dick Swan. She graduated from Thalia High School and is assistant postmistress. Mr. Tarver is the son of Mr. and Mrs. Fenny Tarver. He has recently been discharged after serving two years in New Guinea and the Philippines. They are living in Thalia.

As a compliment to Mrs. Tarver, a miscellaneous shower was given at the Methodist Church May 3. Misses Ava Matthews and Virginia and Mona Hammonds were hostesses and were assisted by Mrs. T. H. Matthews and Mrs. Les Hammonds.

Miss Virginia Hammonds presided at the bride's book where eighty guests registered. Punch was served and the many beautiful gifts were displayed. Miss Lora Abston played "Star Dust," "Some Sunday Morning" and "Oh, What it Seems to be."

## ADELPHIAN CLUB

The Adelpian Club met on Wednesday, May 1, with Mrs. A. Y. Beverly as hostess and Mrs. Richard Ferguson as leader.

Mrs. Ferguson ably reviewed "Art is Love" by Darrell Garwood. More than any other artist of his time, Grant Wood, the artist of the book, belonged to the American people. Collectors and art galleries own the originals of his paintings while prints and reproductions of them have found their way into homes all over the United States.

A great deal of the quality that made Grant Wood so popular with his countrymen is seen in the story of his life. The days when Grant lived with his mother in the wood shack he had built, doing odd jobs for his neighbors, his peculiar efforts at teaching school, life in Cedar Rapid studio at No. 5, Turner Alley, back of the mortuary where his pictures are displayed, the earnest endeavor of the Stone City Art colony, their stir over American Gothic and the furor about Daughters of the Revolution, all are told. Other colorful personalities are his mother, his sponsors and friends, whose strong individualities lend enormous vitality to a narrative that reflects much that is best and most characteristic in American life.

Mrs. Ferguson displayed a number of Grant Wood's pictures, among them being "Stone City," "Birthplace of Herbert Hoover," "Midnight Ride of Paul Revere," "Death of Ridge Road," "Adolescence," "Parson Ween's Fable," "American Gothic" and "John B. Turner, Pioneer."

A delicious ice course was served during the social hour. The hostess was assisted by Mrs. Merl Kincaid and Mrs. M. S. Henry. The club will meet May 15, with Mrs. Grady Graves as hostess. The subject is Federation Day.

## COLUMBIAN CLUB

On Wednesday, May 1st, the members of the Columbian Club enjoyed a Fine Arts program in the home of Mrs. S. T. Crews. Roll call was answered with favorite musical instruments that have had a prominent place in the world's musical development.

The first part of the program was the presentation of four of the pupils of Mrs. Crews in dance and music. Robert and Frances Kincaid delighted the club and guests with a skit and a clever presentation of the colonial Minuet attired in costume. Marcia Kincaid played The Minuet in G as accompaniment for the dance. The following numbers were

PARIS CELEBRATES AGAIN . . . For the first time since the war Paris burst forth with all its pent up gaiety in a colorful carnival that brought forth its brightest costumes and floats. The holiday spirit penetrated downward into the younger brackets, too, and here we see three children of the many who marched through the streets of Paris in masquerade, the hardships of war a thing of the past.

## WCSA Meets in Social Monday Afternoon, May 6

The Woman's Society of Christian Service of the Methodist Church met for its regular social meeting and mission study in the home of Mrs. M. J. Girsch, Monday afternoon. Mrs. Grover Cole, Mrs. Roy Todd, Mrs. L. Kamstra and Mrs. J. L. Manning were co-hostesses with Mrs. Girsch.

The devotional was led by Mrs. T. L. Hughton, who took her scripture from the Psalms on "Praise." The song, "My Faith Looks up to Thee" was led by Mrs. R. R. Magee.

Mrs. M. S. Henry led the lesson which was on "Africa." Mrs. S. S. Bell gave an article on "Africa as a Continent." Miss Ella Patton, who was a guest, gave some interesting experiences she had had while serving as a nurse overseas.

Refreshments were served to twenty-two members and three guests. Mrs. Virgil Johnson of Foard City, Mrs. Carrie Hart and Miss Patton.

## B. & P. W. CLUB

The Business and Professional Women's Club met in a regular business session May 2. The new officers elected were Bertha Womack, president; Gussie Turner, vice president; Marjorie Ownbey, recording secretary; Ella Rucker, corresponding secretary; re-elected, Ura Orr, treasurer. The out-going officers are Blanche Hays, president; Bertha Womack, vice president; Jean Reeder, recording secretary; Elizabeth Elliott, treasurer.

New officers will be installed at our first regular meeting in June.

## SAFETY SLOGANS

As a pedestrian, behave in traffic as you would like to have other pedestrians act if you were at the steering wheel.—As a driver, give the consideration to pedestrians that you would demand if you were on foot in crowded streets. Both should avoid haste, for a minute saved may mean a life lost.

Carry or wear something white at night to help drivers see you. Cross only at crosswalks. Keep to the right in the crosswalks.

given as solos: "Cotton Fluff" and "Dream of Vienna," by Robert Kincaid; "The Merry Makers" and "Fun in Chinatown" by Frances Kincaid; "Shower of Stars" by Paul Wachs, by Jean Hughton and "Madrelna," by Wachs, by Marcia Kincaid.

The second half of the program was an art exhibit, featuring local artists. Pictures of flowers, still-life and a self-portrait, by Mrs. Bettie B. Gafford; "A Landscape" by Mrs. Agnes McLaughlin; "An Old Castle" by Mrs. Tom Bell; Flowers and a portrait by Mrs. Dorothy Lanier and pictures in still-life by Miss Eaton were exhibited. A violin in a violin case by Miss Eaton attracted many comments. The pictures were a credit to the artists and enjoyed very much by the club and guests. Miss Elizabeth Elliott and Mrs. Grady Magee were responsible for the exhibit and gave short comments on each group.

Guests for the afternoon were Mrs. Merl Kincaid, Mrs. D. E. Todd and Mrs. Kenneth Halbert. Mrs. Crews Cooper was leader for the afternoon and Mrs. Grady Halbert, club president, presided at the business session.

The hostess served a lovely salad plate and iced drink to those present.

## "Hold That Blonde!" Opens; A Highly Diverting Comedy

One of the liveliest comedies to come out of Hollywood recently, opens Sunday at the Rialto Theatre.

Co-starring Eddie Bracken and Veronica Lake, "Hold That Blonde!" presents them as a happy combination with a talent for getting the most fun out of any given situation. Although they have appeared together before in "Out of This World" and "Bring on the Girls," this is the first time Bracken and Miss Lake have been co-starred. Judging by the way they hit it off, it surely won't be the last time.

It all works out the way it should, of course, which means that the luscious Miss Lake winds up in Eddie's arms and the thieves wind up in jail.

"Hold That Blonde!" is fun every film foot of the way. It is highly recommended to all who enjoy a good laugh.

According to the United States Bureau of Revenue there was consumed in the United States last year 1,173,567,000 gallons of distilled liquor and 86,537,000 barrels of beer and other fermented liquors.

There was a total of 905 life insurance policies in the United States in the last year for which commissions are available.
