EIGHT PAGES

Campaign Being Promoted by Chamber of Commerce and B. & P. W. Club to Erect Street Markers in Crowell

A campaign is being sponsored by the Foard County Chamber of Commerce, assisted by the Business and Professional Women's Club, to erect street markers and numbers for the houses in Crowell.

The following towns in this area have bought or have voted to buy these street markers and house numbers: Knox City, Abernathy, Electra, Lovelland, Lockney, Henrietta, Bowie, Decatur, Olney, Graham, Albany, Bridgeport, Weatherford, Ranger, Eastland, Cisco, Baird, Sweetwater, Lamesa, Colorado City, Tahoka, Snyder, Crosbyton, Rule, Munday and Stamford, according to information furnished Mr. Crane.

Candidate for Court Civil Appeals Visitor Here Friday

Judge James C. Lumpkin is visiting in Crowell on Friday in the interest of his candidacy to run as an Associate Justice of the Seventh Court of Civil Appeals at Amarillo.

The markers are on display at Shirley-Youree Drug and Ferguson's Drug Store and can be seen at any time. Those wanting to buy street numbers for their homes or places of business are requested to leave \$2.00 for each structure with the Chamber of Commerce or pay it to members of the Business and Professional Women's Club, who are giving generously of their time in promotion of this much needed improvement.

Immediately a Coordinating Committee of State Officials for the Official State Traffic Control program.

"The Governor proposes furthermore, if necessary, to declare a state of emergency to mobilize the full forces of State government, in collaboration with local officials, to meet adequately and quickly this menace to the lives of the people of this State.

"Nothing short of drastic and courageous action will succeed. There can be no temporizing with the problem, no leniency shown to those who violate the well-being and perfectly reasonable traffic laws of our State.

"I call upon our entire citizenship to join in this emergency action to meet this menace. Only through the earnest cooperation of all people—in and out of public office—can the situation be met. This is one endeavor in which we must succeed. To fail is to give a sentence of death to thousands of men, women, and children, in Texas."

Associate Justice Candidate Campaigns During Week-Ends

Austin, June 14 — For a "week-end campaigner," Associate Justice James P. Hart, of the Texas Supreme Court has been covering a lot of ground these last three months.

Running for his first State office and his first elective term on the Supreme Court, Judge Hart has campaigned in more than 85 counties and made speeches in some 25 Texas cities.

Meanwhile he has attended every formal session of the Supreme Court, when arguments are heard and decisions handed down, since his appointment to the bench last October.

Judge Hart has made addresses most non-political in nature, in a number of these counties.

RECEIVES COMMISSION

On Thursday night, June 10, Wayne Cobb, son of Mr. and Mrs. Clyde Cobb, received a commission as a second lieutenant in the Cavalry Reserve, in ceremonies at College Station, where he is attending college. Gen. Handy, commander of the Fourth Army, presented the commissions.

DEMO SONGSTRESS... Eighteen-year-old Phyllis Hoyland of Waahington, D. C., has been selected to sing the Star Spangled Banner at the Democratic national convention in Philadelphia July 12. She is a soprano.

LOW LEVEL AIR MAIL... Ever since the days of the pony express ingenious Americans have been looking for new ways to deliver mail. Here is one way. The 155-foot blimp "Wonder Ship" set a precedent by making a low level delivery of a mail pouch with contributions to the Greater New York fund. The mail was delivered at the seaplane base at 23rd street and East River in New York. The whole thing only goes to prove what can be done when a press agent sets his mind to it.

Young People of Christian Church Attending Camp

Rev. and Mrs. V. M. Newland, Mrs. Roy Steele, Mrs. Clyde Graham, Melba Ward, Jimmy Tom Cates, Lois Gentry, Wanda and Bobbie Jean Spears, Marcia, Melvin and Neal Newland are attending the Rock Mountain Christian Service Camp near Denver, Colo., this week. They report that they are enjoying the camp, the beautiful mountains and the pine trees. They are expected home Saturday.

Vacation School at Methodist Church Closes Friday p. m.

A sharing program and a picnic to which the parents of the pupils were invited, concluded the two-weeks' session of the Methodist Vacation Bible School on Friday afternoon, June 11.

ROTARY CLUB

The program at the Wednesday noon meeting of the Crowell Rotary Club in the basement of the Baptist Church was in charge of James Weiss. The club members were delightfully entertained by Miss Sharon Haney, soloist, who sang three numbers, "Without A Song," "Serenade of the Bells," and "Gold Mine in the Sky." She was accompanied by Mrs. Alva Spencer at the piano.

MOVE TO SOUTH DAKOTA

Mr. and Mrs. Jack Stinebaugh and two sons, Jimmie and Bobbie, residents of the Foard City community for many years, left this week for Wanamaker, S. D., where they will make their future home.

FOUNTAIN INSTALLED

A water fountain was installed in the lobby of the Rialto Theatre Monday. The theatre management is very proud of this new fixture as it has been badly needed.

WANT A STREET MARKER?

Do you want a street marker at the corner of your block? Do you want numbers for your houses?

We now have an opportunity to get a good street marker put at each intersection where houses and buildings are located.

The markers are cast aluminum and will not rust. They have raised letters that make them as permanent as street markers can be. They will be mounted on angle iron in concrete and should last many, many years.

The most logical way to get these markers now is for us all to get together. \$2.00 from each house and building in Crowell will put up the markers. It will also give you aluminum numbers to place on your home or place of business. Is it too much to ask for this much needed project? There is absolutely no profit in this for anyone, except you, individually as building owners.

See these street markers and numbers on display at
FERGUSON DRUG STORE
SHIRLEY-YOUREE DRUG

A member of the Crowell Business and Professional Women's Club or an authorized person will call upon you in the near future. Be ready to add your \$2.00 to get this job done as quickly as possible.

If you want, just drop in at the Chamber of Commerce office and leave your \$2.00 and get your receipt. It can be done... But all must help.

Sponsored by the
FOARD COUNTY CHAMBER OF COMMERCE
BUSINESS and PROFESSIONAL WOMEN'S CLUB

Annual Meeting of Cemetery Association Held Friday Afternoon

Mrs. N. J. Roberts, president of the Crowell Cemetery Association, makes the following report of the annual meeting of the Association called for Friday afternoon.

"After front page publicity in our local paper and much telephoning and by word of mouth, there was held another poorly attended cemetery meeting Friday afternoon. There were enough present, however, to elect officers and plan another meeting, at which time we hope to map out a series of projects which will be both necessary and beneficial.

"Officers elected at this meeting were Mrs. N. J. Roberts, president; Lee Black, treasurer; Mrs. Rob Banister, secretary. Trustees elected were Oscar Boman, R. R. Magee, A. Y. Beverly. The executive board consists of the president, Sam Bell and Mike Bird.

"Some of the things reported that have to do with our current program were these—Earl Eubanks is the sexton. He is paid a nominal salary, gets the gravestone digging and is furnished a house to live in. The water bill runs from two to five dollars. In the last year, there have been enough loads of dirt hauled to run around \$100.00. This is for the purpose of filling all graves. The streets had become very rough and in May, 8 loads of gravel were hauled. The drivers gave two haulings and Grady Halbert gave a haul. The city spread this where it was needed with the work done by Ebb Seales.

"Again the public must be reminded of the careless method that many are using in laying copings. This is blocking the streets and they will eventually have to be moved. Don't line up with other copings, let Earl Eubanks show you the correct corners.

"Of all things, be on hand when a stone is set, some are even placed at the wrong graves. The sexton is there at all times to take care of the general upkeep. He is hired by the Cemetery Association to do that—you pay us and we pay him.

"Sentiment was voiced again that the care of our cemetery is too big a problem for a few women to handle and unless there is more co-operation, the whole set-up will have to be dumped into the lap of the city or some organization stronger than ours. Surely no one is satisfied with the present set-up. When the next meeting is called, come and have your say.

"Our means of support depends entirely on lot sales, which are too cheap, and by free-will offerings. Since our last report was made, these have subscribed:

- Pearl Taylor and Lillie Bell \$ 6.00
- Rugel \$ 6.00
- Joe and C. B. Peckack \$ 10.00
- Mrs. A. H. Clark, Oklahoma City, Okla. \$ 5.00
- Mrs. Bernice Reynolds \$ 10.00
- Dallas \$ 10.00
- W. A. Patton \$ 5.00
- Mrs. Irving Fisch \$ 5.00
- Mrs. H. D. Poland \$ 1.50
- Mrs. T. W. Cooper \$ 1.00

Veterans News

The Veterans Administration has revised its contract requirements to provide a firmer control over tuition rates charged by many private schools for training veterans under the GI Bill.

The changes, effective July 1, 1948, are being made in an attempt to correct and eliminate abuses in tuition charges that have been uncovered in recent months. With the new contract standards, VA hopes to make certain that the federal government is not paying for more than the veteran actually receives during his training.

VA emphasized that the new contract requirements affect only the following institutions whose enrollments consist mostly of veterans: (1) schools established since the passage of the GI Bill, and (2) schools whose charges increased materially since the GI bill program began.

No change was made in VA's policy of accepting charges made by other private profit schools not affected by the new ruling.

Veterans Administration has eliminated nearly two-thirds of the number of forms used to process veterans' benefits in the past 24 months.

Since the VA forms reduction program went into effect on June 1, 1946, the number in use dropped from 19,841 to 7,693 by April 1, 1948—an average decrease of about 60 per cent.

VA estimates that the minimum number of forms required for effective operations will be between 3,500 and 4,000.

In addition to forms reduction, the VA program has been designed to (1) improve administrative procedures through standardization, consolidation and revision of forms, and (2) reduce printing and binding costs by careful layout and design specifications.

Walter Camp is regarded as the father of American football.

1948 Wheat Yield for Foard County Reaches the Unexpected Total of 1,141,300, Elevator Figures Reveal

The total wheat yield for Foard County from the 1948 crop is 1,141,300 bushels, according to figures released by the elevators of the county Tuesday. Harvesting of the crop was almost complete Monday. The average yield per acre was around 12 bushels.

Owing to the extreme dry weather at a time when the grain needed moisture in the west and southwest portions of the county, the yield was far below normal.

However, in the southeast part of the county, where moisture was received at the proper time, the yield was almost normal, many fields producing 25 to 30 bushels per acre. The yield was also good on both the north and south sides of the highway leading east to Thalia, and also in the Margaret community.

Several fields of wheat over the county that came out after the rain are now being harvested, or will be in the next few days. Grain received from these fields is expected to increase the total yield from 5,000 to 10,000 bushels.

The price of wheat at the local elevators Wednesday was \$2.03 per bushel. Probably about 75 per cent of the wheat crop will be put into the Government loan, it is estimated.

Chamber of Commerce Board of Directors Holds Meeting Tues.

Members of the Board of Directors of the Chamber of Commerce held their monthly meeting in the district court room Tuesday afternoon with Hubert Brown, president, presiding.

The proposition of securing street markers and house numbers was discussed at this meeting and the organization voted unanimously to sponsor the project. The president appointed the following committee to work on the project: J. R. Beverly, Chairman; Alton Bell, Joe Burkett, and Fred Thompson.

Plans are being made by the directors to have the entire membership of the chamber of commerce to attend the next quarterly meeting, the date to be announced later.

Books for Summer Reading for Young People's Course

Mrs. R. L. Kincaid, with a donation of \$25.00, has made possible the purchase of a new bookcase for the County Federation Library which will be used for boys' books and non-fiction books for the Young People's Summer Reading Course which the library is offering for the summer.

New books which have been added to the library for the course include The Cat Who Went to Heaven; Hobby Horse Hill; Copper Toed Boots; Hitty-Her First Hundred Years; Fair Adventure; Holly Hill; Ben and Me; Silver Saddles; Fighting Cocon; My Dog Rinty; They Love to Laugh; Strawberry Girl; Understood Betsy; Secret of the Old Sampey Place; In Henry's Back Yard; Nothing But Dogs; The Washing Horse of Oz; Cowboy Tommie; Smoky; Goal to Go; The Dark Horse; Spurs for Susanna; Adventures with a Texas Naturalist; Rebel Halfback; An Explorer Comes Home; Under a Lucky Star; The Horse of the Americas.

4-H Girls Are Gone to Camp at Leuders

Mrs. James Welch and four 4-H girls left Monday morning for Leuders where they will attend District 3 4-H Encampment. Elaine Brooks, Nita June Carroll, Neva Lou Potts and Lareta Lyons accompanied Mrs. Welch, their sponsor.

Funeral Held for Ferguson Infant

Funeral services were held Saturday afternoon at the Wamack Funeral Home for the infant daughter of Mr. and Mrs. Howard Ferguson, Tamara Alexis. Rev. J. V. Patterson, pastor of the Methodist Churches of Truscott and Foard City, officiated.

EASTERN STAR

Tuesday, June 8, at the Masonic Hall, the following officers for Crowell Chapter No. 916, O. E. S., were installed: Mrs. Lizzie Kenner, Worthy Matron; W. R. Moore, Worthy Patron; Mrs. Modena Steward, Assistant Matron; M. C. Woodson, Assistant Patron; Mrs. Mabel Stovall, Secretary; Miss Molly Tysinger, Treasurer; Miss Odessa Moore, Conductress; Mrs. Maggie Gentry, Associate Conductress; Mrs. Ola Shults, Chaplain; Mrs. Era Boman, Marshall; Mrs. Agnes Dunn, Organist; Mrs. Alyene Graham, Ada; Mrs. Jessie Phillips, Ruth; Mrs. Lucille Johnson, Esther; Miss Lottie Russell, Martha; Mrs. Rowena Choate, Electa; Mrs. Ruth Cole, Warder; Joe Johnson, Sentinel.

Mrs. Mabel Stovall was installing officer and was assisted by Mrs. Lena Morris, Mrs. Mattie Green and Mrs. Era Boman.

At the close of the meeting punch and cookies were served to members of Crowell Chapter and Mr. and Mrs. C. B. Morris of Clarendon, Mrs. Mattie Green of Lovelland and Mrs. Vida Pharr of Abernathy.

The next regular meeting will be held on July 13th.

During 1946 there was one accidental death in this country every five minutes.

Former Foard Man Died in Los Angeles, Calif., Sunday

D. G. (Dewey) Russell, 50, who was reared in the Margaret community, died suddenly in Los Angeles, Calif., after being rushed to the hospital from his home, Sunday afternoon. He had lived in Los Angeles for about 30 years and was employed during that time by the Union Ice Co.

He is survived by his wife of Los Angeles, and his step-mother, Mrs. J. F. Russell, of Crowell, eleven brothers and six sisters. In this family of 18 children this is the first death to occur and the youngest sister is 22 years old.

Texas relatives went to Los Angeles to attend the funeral which was held Wednesday afternoon of this week.

Truscott Pastor Resigns to Go to Mineral Wells Church

Rev. Claude H. Harris, who has served as pastor of the Baptist Church at Truscott for the past nineteen months, has tendered his resignation to become effective immediately.

Sunday, June 20, will be the pastor's last day with the Truscott Church. He has accepted the pastorate of the Calvary Baptist Church in Mineral Wells. Rev. Harris and his wife have done a great work with the Truscott church and have many friends who bid them Godspeed in their new work.

NAVY NURSE... Ensign Yoshiko Tanigawa, a native of Rossville, Calif., is the first and only nurse of Japanese ancestry to be commissioned as a member of the U. S. navy nurse corps. She is at work in the naval hospital at Long Beach.

Mrs. Edd Good returned home Sunday after spending several days visiting relatives at Claud.

Record Made by Farm Industry in 1947

Chicago — The farm equipment industry, which set a record for production in 1947, is working harder than ever to help the American farmer fulfill his assignment in speeding world recovery, says J. H. Oppenheim, president of the Farm Equipment Institute.

There is still a tremendous demand for farm machinery to replace over-age wartime equipment he reports, and for further modernization of American farms, as well as for export. But expanding production facilities are helping to meet it. Given an adequate supply of materials and freedom from extended work stoppages, the industry may equal or even top last year's all-time high in 1948.

Mr. Oppenheim, who is vice president and general manager of the New Idea Farm Equipment Division of Avco Manufacturing Corporation, calls the American mechanized farm one of the most powerful weapons of victory.

"Without the millions of pieces of equipment in use during the war," he says, "we would never have been able to send 5,000,000 of our farm population to the armed services and industry and still raise record food crops for

MECHANIZATION INCREASES FARM PRODUCTIVITY 40%

Although a million workers have left farms and ranches since 1935, agricultural food production has been increased during that time to a point 40 per cent above any previous peak. Department of Agriculture records show.

This increased productivity has been obtained, it was pointed out, as the nation has swung increasingly to oil-powered farming. Since 1935, the number of tractors on farms has virtually tripled and now stands at 3,000,000, operating over 15,000,000 farm implements.

Use of trucks on farms has also greatly increased, the department points out, with almost one-third of the nation's trucks now in use on farms and ranches. Of a total of 6,492,000 trucks, 1,880,000 or 29 per cent, are now in use in agricultural work. This is an increase of 61 per cent since the war began. These trucks, it was noted, added to 4,860,000 farm automobiles and 3,000,000 tractors, make the farm a major user of oil products today.

More than half the area of Russia is forest, nearly one-fifth is desert and only one-eighth of the remaining land is fertile.

Mrs. Vera Alirez, 42, Toole, Utah, recently gave birth to her twentieth child.

Henry IV of France, in the Edict of Nantes in 1598, granted toleration to the protestant religion. Louis XIV revoked it in 1685.

Mrs. Tom Smith and daughter, Gayle, and Mrs. Milton Spruill were Quannah visitors Saturday.

G. L. Thompson of Dimmitt came down last Sunday and Mrs. Thompson and children, who had spent two weeks with her mother, Mrs. J. W. Owens, returned home with him.

Hack McCurley of McLean and Doyle McCurley of Shamrock, who were here with their combines through harvest, have returned to their homes.

THE QUESTION OF SIZE

"Today we hear a great deal that size, and size alone, is the evil—the detriment of our economy," said Robert G. Dunlop, president of the Sun Oil Company, some time ago. "Such is not the case. Let us never forget that the framers of our antitrust laws directed their attention to the abuse of size and power, and that such abuse included an intent and an act to restrain and eliminate competition."

The oil industry itself is an excellent illustration of the fact that size has nothing to do with monopoly. Some of the companies are very large. And almost all of them began as small concerns, in the not too distant past. They attained their present size because the public liked their products, services and policies.

There are thousands of small oil companies now in business. Some of these will be the large companies of the future. Some of them will fail. But every one of them is free to compete on equal terms with the others. Those which are well-managed and properly financed and administered will survive this competition and go ahead—which is true of all free enterprise under our system of government.

How competition serves the public can be seen on every hand. The quality of oil products gets better and better, and new and valuable innovations are constantly being made. The industry has met a record postwar demand, that no one could have anticipated, with a minimum of dislocations in the supply line. And oil prices have lagged far behind the general commodity price rise. —Industrial News Review.

The elder duck, goose, parrot, raven and giant tortoise, it is claimed, live to be between 200 and 300 years old.

In China the domestication of the pig dates back 5000 years.

Judas betrayed Jesus for 30 pieces of silver.

The oil industry itself is an excellent illustration of the fact that size has nothing to do with monopoly. Some of the companies are very large. And almost all of them began as small concerns, in the not too distant past. They attained their present size because the public liked their products, services and policies.

SHOW DAD HE REALLY RATES

GIVE HIM THE WORLD'S MOST WANTED PEN

Parker '51'

You know dad's swell. Tell him so! Give him the beauty, the flawless writing of a Parker "51" —the pen that "writes dry with wet ink!" Choice of points to suit his handwriting. 4 gift colors. Shown, with lustraloy cap, \$12.50

Since 1931, when the keeping of records began, an average of 16 high school and college students have died each year from injuries received in football.

The largest bone in the human body is the thigh or femur bone and the smallest bone is the stirrup bone in the middle ear.

The portraits of two negroes have appeared on U. S. postage stamps, Booker T. Washington and George Washington Carver.

Human bones have been found that are estimated to be over a million years old.

The life of the ant is estimated to be between 10 and 15 years.

It's the '49 FORD

It's The Car of the Year!

We'll have it Friday . . . The Car of the Year, the Ford Forty Niner! It's the one and only NEW car in its field, and you can see it at our showrooms Friday! There never was an automobile like this before. There is no other like it today.

The revolutionary, new '49 Ford is a complete break with the past. It was designed by you—all the way through. Yes, in surveys, letters and personal interviews, you told Ford what you wanted. And it's on its way! It looks like a custom-built car!

Just for the thrill of it, look at the list of new features. And for an even bigger thrill—your biggest thrill of the year—see the '49 Ford, "The Car of the Year", at our showrooms Friday!

It Will Be At Our Showrooms June 18!

SELF MOTOR COMPANY

REFRESHING AND RELAXING

Everyone needs a refresher course now and then on how to build a better business. Once or twice a year the butcher, the baker and the banker attend meetings to bring themselves up to date on what's new in their respective business worlds. This week-end, it's our chance.

Friday, Saturday and Sunday, we'll be in San Antonio, along with some 600 other Texas newspaper publishers, to attend the 69th Annual Convention of the Texas Press Association. The object is to learn new ways to produce a better newspaper for you. Speakers will be there from all over the country—even one from England—to give us their ideas on the subject. There'll be a man from Wisconsin who will talk about classified advertising. A fellow is coming from New Orleans to discuss the responsibilities which our American free press owes its readers. Sunday morning we're having an open forum discussion of publication laws in Texas and hope.

thereby, to solve some of the headaches which go with this business which we work at, fight for, complain about—and stay with through thick and thin because we like it.

After we've spent a full day and a half exchanging ideas with the speakers, and our own fellow newspaper publishers in Texas, we're going to throw caution to the winds and be a Dude for a Day at the Dude Ranches around Bandera. No convention is complete without some entertainment and relaxation. So the Bandera Tourists Association has invited us to visit the ranches and be their guests at a barbecue and rodeo.

When we come back, we expect to be refreshed, both in mind and body, and ready to do our level best to use the new ideas we've gained, to give you the best newspaper possible.

HISTORY

Birthdays of Mary Baker Eddy —July 16: Mary Baker Eddy, founder of the Church of Christ, Scientist, was born at Bow, New Hampshire, on July 16, 1821. In December 1843, she married Geo. W. Glover, of Charleston, South Carolina. He died in July leaving her destitute. Citizens of the community provided funds for her return to New Hampshire. Here in September she gave birth to a son George Glover. When her health permitted she taught school. Her mother died in 1849 and her father married again. In 1853 she married a second time. Always a highly nervous person she finally became a helpless invalid. In search of relief from her nervous ailment she visited Dr. Phineas P. Quimby of Portland, Maine, who had a wide reputation as a mental healer. Under his treatment she made rapid improvement. In 1873 she divorced her husband and assumed the name of her first husband. She supported herself by teaching school and practicing mental healing. In 1875 she published her first book, Science and Health. Her philosophy as expressed in her writing was that Eternal mind is the source of all being, that there is no such thing as matter that that disease is caused by the mind alone. This was the basis of her teaching. In 1877 she married Asa G. Eddy, one of her disciples. Her students called themselves Christian Scientists. With her support a charter was obtained as "The Church of Christ Scientists." In 1883 she founded the Journal of Christian Science. In 1908 The Christian Science Monitor, a daily newspaper, was founded. She died December 10, 1910. At her death the church had 100,000 members. She left an estate of \$2,500,000, the greater part according to her will was set apart for the promotion of Christian Science.

The advice to drive carefully so as to avoid accidents is not enough. One is also compelled to watch how other drivers drive. There are too many drivers on the highway today who either lack the common courtesy they should have or else they do not have any regard for others who have the same right to use the highway that they do. Remember the accident can be just as disastrous whether it is caused by your own carelessness or the carelessness of the other driver.

The stork is a mild mannered bird, but is able, no matter how close the wolf may be to the back door, to slip a helpless bundle into many a home.

TOM BURSEY

We recall that during the war a problem of large concern was what would we do with all of the men when they came home from the war, how would we keep them employed? The problem seems to have solved itself. They were absorbed by industry, and surprising as it may seem, help is just as scarce and just as hard to find now as it was during the war. It is a great country that can make the transition from a world war to peace without causing a ripple in its economic stability.

For several weeks before each Memorial Day holiday, Safety Council representatives begin to urge safer and more careful driving that the number of traffic accidents may be reduced. So far no considerable reduction has been made in the number of accidents and fatalities. This doesn't mean that the urging for safe and sane driving doesn't do a lot of good. If it wasn't for the pleas for safer driving the toll might be very considerably greater.

Life is like a cafeteria. After you get your tray to the table you recall a number of things you wish you had taken as you passed along the line instead of the things you have taken. It is too late then to go back. You have to make the best of what you have.

A woman who is forever nagging her badgered husband defends her action with the belief that her John just wouldn't get any place if she didn't keep after him.

What We Think

(By Frank Dixon)

One of the evidences of America's true greatness, in my opinion, is found in the fact that there is a very general disposition among the people of this country to help the needy of the world, the starving and undernourished men, women, and children of Europe, and other war blasted countries.

We have often heard it said that America is money mad and power mad, is selfish and ready to override and trample the rights of others, if need be, to establish herself as the world power.

The fact that Congress voted aid to the needy of Europe thru the Marshall plan, and, in addition to this, subscribes to the program of CARE and CROP is irrefutable evidence that we are the greatest nation on earth not only in time of war, but in time of need that always follow war. It is one thing to be militarily great, and financially great, and industrially great, but it is quite another thing to possess, with it all, a generous and a compassionate heart. This essence of all true greatness. This spirit, this quality of the heart of America, is evidence, deep irrefutable evidence, that this nation will never seek to rule the world for selfish and greedy motives or because of the desire for world power. It is true we have become the greatest nation in the world industrially, and financially, but in the attainment of this we have not lost our perspective nor submerged our conscience.

Through the organization known as CROP hundreds of car loads of food are being shipped to Europe and distributed through the church agencies to the needy of those countries.

The letters CROP stand for Christian Rural Overseas Program. The movement is sponsored by the Church World Service, Inc., and the Lutheran Relief, Inc. CROP is a united effort by twenty-eight protestant denominations and the Catholic Rural Life Conference. With a united front they are going into every county in every state in the nation and are making a door to door solicitation for food and money with which to buy food for the relief of the hungry of Europe. In wheat producing areas a car or two of wheat is raised in the county. In milk producing areas a car or two of dried milk is collected and sent. In some sections it may be hogs or horses or cattle as the case may be. Arriving in Europe this food is distributed among the needy by the church organizations. It is all given out. None of it is sold. There is no black market and none of it is wasted or permitted to spoil as is the case of some foods bought by federal loans or Congressional appropriations.

For the most part Americans have but to be made acquainted with the destitute condition of the people of these areas to cause them to open their purse strings and their hearts to give a simple ration from their abundance. Actual photographs taken on the scene show children four, five, six, ten years old that appear as grotesque living skeletons because of malnutrition. Because of the lack of enough to eat, many of these children have not known all their short lives what it means to not be desperately hungry, or to have physical hunger satisfied.

They are innocent victims of the war. Their hollow eyes that stare vacantly from gaunt bodies constitute an appeal for help that humanity cannot, before God, deny. That America has the will and is as rapidly as possible providing the needed food, is to me, an evidence of true greatness of soul and spirit. It is the greatness that shall cause America to endure as the world's greatest nation as long as it possesses it.

Uncle Sam Says

America's security begins right in your home. Make your future secure and you are helping make your country's future secure, too. That's what the Security Loan means to you. Your part in this bond drive is to sign up for automatic bond buying through the Payroll Savings Plan where you work, or the Bond-A-Month Plan at your bank if you are self-employed. U. S. Savings bonds are truly security bonds, which require the allotment of only a little spare cash each week, and yet return a whopping big nestegg in 10 years. For example: as little as \$2.75 invested regularly every week will bring you \$2163.45 by 1958. AMERICA'S SECURITY IS YOUR SECURITY!

U. S. Treasury Department

30 YEARS AGO IN THE NEWS

News items below were taken from the issue of the Foard County News of June 14, 1918:

The drought of 1918 is a thing of the past since four inches of rain has fallen in about four days. The ground was thoroughly dry, but in recent days has been soaked. Everything and everybody are taking on new life. Cotton and feed are growing rapidly and prospects are brighter than for several years.

In order to release one man for war work the officials of the county have agreed to do their own janitor work in the court house from now until Nov. 1. Each official cleans his own room and all together clean the halls.

Fred H. Campbell has been wounded in action in France, according to a message received by his father, C. C. Campbell, this week.

Mrs. T. M. Beverly and son, Tom, left Wednesday afternoon for McKinney to visit relatives.

Ed Manard writes from Camp Cody, N. M., where 37,000 men are in training, that it was a fine place to live. Fine climate and good water.

Miss Cassie B. Dockins will go to Gainesville June 16 to enter training as a nurse in the Gainesville Sanitarium.

The application of Rev. P. J. Merrill as a chaplain in the army has been accepted and he will be given the rank of captain.

Mrs. Max Miller went to Wichita Falls last week to attend the Woodmen Circle rally.

Ben Moncus and wife came in Wednesday from Harlingen to visit their daughter, Mrs. Bob Thomas.

Miss Dot Thompson has finished a business course in Ft. Worth and has accepted a position with an adding machine company.

Mrs. E. J. Anderson and daughter.

Uncle Sam Says

Some day soon—perhaps this very day—one of Uncle Sam's volunteer representatives is going to ring your doorbell to ask you to do one of the most important things you can do now for yourself and your country. He or she is going to urge you to start, or to increase, your buying of United States Savings Bonds under a patriotic, automatic and regular plan. If you heed my nephew or niece's advice, you'll be doing yourself a favor. For these security bonds—as they do their part to insure a stable economy, cornerstone of the future security of our country—will pay you back \$4 for every \$3 ten years from now. They can mean financial security for you and your family. AMERICA'S SECURITY IS YOUR SECURITY!

U. S. Treasury Department

Misses Rondyn Self, Peggy Pittillo and Myrtle Bartley were delegates to the Young People's Methodist Assembly for the Northwest Texas Conference at McMurry College in Abilene from the Crowell Methodist Church from June 7th through June 12th. Mr. and Mrs. T. B. Klepper are in San Antonio for the week-end visiting in the home of her brother, W. K. Newton, and attending the Texas State Press Association which meets in the Gunter Hotel there on Friday and Saturday. Mr. and Mrs. August Rummel and daughters spent the week-end in Lubbock to attend the wedding of Mrs. Rummel's nephew, Elmer Schoppa, and Miss Liselotte Lamm of Berlin, Germany. The three daughters of Mr. and Mrs. Rummel, Doris, Violet, and Lavoy, were attendants in the wedding. Mr. and Mrs. Harold Coats and two children, Paul and Peggy, of Seagraves are here visiting his mother, Mrs. J. J. Coats, and his sister, Mrs. Frank Mabe, and family. They are also visiting in the home of Mr. and Mrs. Homer Ketchersid, Mr. Ketchersid and Mrs. Coats being brother and sister. Mr. and Mrs. D. L. Robinson and daughter, Carole Sue, of Wichita Falls visited in the home of her brother, J. A. Stovall and Mrs. Stovall Saturday night and Sunday. Mrs. Robinson returned home Sunday but Mrs. Robinson and Carole Sue remained for a week's visit. Mrs. H. E. Thomson, Mrs. Dick Davis, Henry Borchardt, Mrs. Henry Borchardt, Bob Borchardt, Judy Borchardt, Harold Spann, Hugh Haynes, Mrs. Aubrey C. Haynes and Rev. Aubrey C. Haynes attended the District meeting of the Vernon District at the First Methodist Church in Quanah last Monday evening, June 14th. M. L. Owens has returned home after spending four weeks in a veterans hospital in Dallas where he underwent a major operation. Mrs. Owens visited her daughter, Mrs. Tanner Billington, in Fort Worth while Mr. Owens was in the hospital. They were accompanied home by Mr. and Mrs. Billington and daughters, Billie and Gloria. Wednesday of last week, who returned to Fort Worth Friday. The saying that the wrong doer never knows who witnesses his wrong doing was demonstrated recently in Spokane, Washington, when a man who spotted a shop lifter with two pairs of shorts under his coat followed him to a street where he tapped him on the shoulder and suggested he return the shorts. The shoplifter, unaware of who his follower was, refused. The next day the shoplifter was handed a 60 day sentence by the same gentleman who tapped him on the shoulder—Police Judge Raymond Kelly. Fifty Chicago banks have adopted routine lie detector tests among their employees. Paul V. Trovillo, lie detector expert, said in an address before a group of bankers in Los Angeles, Calif. The purpose of the tests is to spare the banks losses from embezzling employees. The main reason for embezzling and theft by normally honest persons, Trovillo said is: gambling, liquor, extravagant living standards, unusual family expenses, undesirable associates, inadequate incomes. It's great to be great, but it's greater to be human. — Will Rogers.

CARD OF THANKS

I want to express my deep appreciation for cards and letters received from Crowell and Foard County friends during my month's stay in the hospital in Dallas. I am glad to be back home and recovering satisfactorily. M. L. Owens

CARD OF THANKS

I want to thank those who were so kind and good to me during my recent illness and stay in the hospital and I want to include in this number the hospital staff and the doctors. With best wishes to all. J. G. Ford

CARD OF THANKS

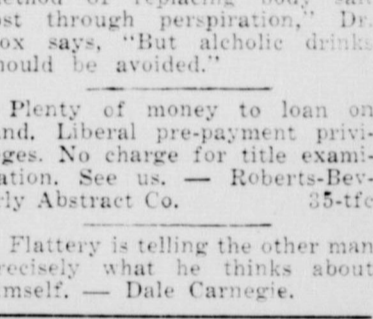

We wish to extend our heartfelt thanks for the many kindnesses shown us at the death of our infant loved one. For the flowers, the comforting words and for everything, we say "thank you" sincerely. Mr. and Mrs. Howard Ferguson. Mr. and Mrs. W. R. Ferguson, Mr. and Mrs. Luther Marlow, Other Relatives.

Salt in Drinking Water Helps to Avoid Heat Cramps

Austin, Texas.—There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat. Excessive sweating means the loss of body salt, and Dr. George W. Cox, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps. "Salt is a prominent constituent of sweat," says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar workers should be especially watchful of heat cramps." Heat cramps are characterized by pains in the stomach, headaches, and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fax. Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose. "Drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Cox says. "But alcoholic drinks should be avoided." Plenty of money to loan on land. Liberal pre-payment privileges. No charge for title examination. See us. — Roberts-Beverly Abstract Co. 35-116

Flattery is telling the other man precisely what he thinks about himself. — Dale Carnegie.

ERNEST O. NORTHCUTT

Candidate For Associate Justice of the Court of Civil Appeals Ernest Northcutt became interested in law at an early age, worked his way through law school, received his law degree and entered private practice in Amarillo in 1919. Judge Northcutt practiced law in Amarillo until he was elected County Judge of Potter County in 1940. He is now serving his fourth elective term. Ernest Northcutt has tried cases in all Courts over the Panhandle. His trial work carried him into the State and Federal Courts and into all Appellate Courts, State and Federal. He is familiar with the duties of the Office of Associate Justice of the Court of Civil Appeals. He has tried hundreds of Civil cases. THERE IS NO SUBSTITUTE FOR EXPERIENCE. Judge Northcutt is 56 years old, married and has three children. He is active in civic work, a member of the Baptist Church and was President of the West Texas Judge's and Commissioners' Association in 1947. Your Vote and Influence Will Be Appreciated Subject to the Democratic Primary July 24th (Political Ads. Paid for by Friends of Ernest O. Northcutt)

Porcelain faucet handles are a potential danger on household water installations. Porcelain faucet handles often break while being turned on or off, inflicting severe cuts on the hand of the person using them. When porcelain faucet handles split, as they often do, they leave a razor sharp edge. The news cites an instance of a Topeka, Kansas, girl, upon reading in the morning paper that water rates had been increased 30 percent, remarked that she guessed she would shut off the leaky bathroom faucet. The porcelain handle split under pressure of her hand causing a cut that required twenty-one stitches to close. The Louisiana House of Representatives killed the other day a bill that would have imposed a ten percent tax on advertising in all publications and radio stations within the state. In 1934 the United States Supreme Court ruled unconstitutional a newspaper advertising tax applied only to newspapers of 20,000 or more circulations. Of the introduction of break bills into state legislatures there seems to be no end.

Take it from me... there's nothing like Ford Hydraulic Touch Control

Maybe I'm lazy or maybe I'm smart. Anyhow, when I'm on a tractor, I don't want any tugging at stiff levers to raise heavy plows, cultivators and whatnot. I'll take Ford Hydraulic Touch Control every time. I can sit on this new Ford Tractor and lift or lower and set an implement by moving the Touch Control lever. Say! Maybe you are like me... lazy or smart, take your choice. Anyhow, if you want easier, faster farming tell me to bring out a new Ford Tractor for a free demonstration that you'll enjoy... without obligation. By the way... my good service on all Ford Tractors and equipment for them has a lot of folks talking.

New Ford Cars to Be on Display Friday, June 18

Models of the new 1949 Ford automobile will be on display in the show rooms of the Self Motor Co., on Friday, June 18, it was announced this week by George Self, local Ford dealer, and the Ford Motor Co.

The new Ford cars are different in every particular from the old models and everybody is invited to see them Friday, Mr. Self stated.

A precedent has been established in the low-priced automobile field by combining handsomeness and beauty with durability and comfort in the interiors of the 1949 Ford cars.

Ford has broken away from the neutral tones which have been traditional for mass production automobiles as designers have turned to textured fabrics popular in fashions and interior decorating.

Of the three new fabrics, the most unusual is a soft gray tweed mixture with a blue stripe which gives the 1949 interiors a freshly tailored look. It has been combined with a bolster of blue-gray broadcloth to protect the upper section of both front and rear seats.

The same tailored good looks are obtained with other fabrics—a smooth green striped broadcloth and two new adaptations of mohair in a green and maroon stripe and green and gray stripe combination. In proper combination, they complement the new Ford exterior colors such as Sea Mist Green, Birch Gray, Arabian Green and Bayview Blue.

The instrument panel of the new Ford has been simplified. All instruments are combined in a single cluster directly in line with the driver's view. Projecting slightly for better visibility, the large figures on a telescoped dial indicate speed, fuel level, rate of battery charge and oil pressure.

The clock dial has been centered on the panel and placed higher. Night glare is eliminated on all instruments by "black lighting."

Chrome trim throughout the car has been reduced. On the panel it is expressed in a neat arrangement of uniform knobs which control choke, windshield wiper, lights, heater and defroster.

On each door, the chrome strip makes a decorative arc over the heavy artificial leather kick pad at the bottom. Flame-shaped center pillar lights provide plenty of illumination for the interior and for stepping into and out of the car.

Interior door handles pull up instead of down to open the door. This eliminates the possibility of the handle doors swinging open if the handle should be pressed down accidentally.

The new Ford's functionalism has been extended to the roomy seats—57 inches wide in front

and 60 inches in the rear, plenty of room for six persons.

New windows demonstrate the new trend. The rear window alone is 88 per cent larger—as large as the ordinary windshield. The windshield is deeper and wider. They give a picture window effect to the entire car and greatly improve all around visibility.

A long-standing priority, that of the Reconstruction Finance Corporation, has been removed from future disposals of surplus property. Heretofore, the RFC had preference rights in the purchase for resale to small business just under World War II veterans in all personal property sales and below government agencies in disposals of real property. In recent months this priority group has been active in securing camp buildings and other real property from War Assets Administration for resale. But Congress' new RFC act, passed May 25, 1948, repeals this agency's authority to function in the surplus property activities. However, War Assets Administration will continue to encourage the development of small business and will maintain the present priority accorded to dealers and businessmen who are World War II veterans.

South Texas will be the scene of considerable disposal activity during the latter part of June. Two sites at Orange, Texas, will

The revolutionary new Ford four-door sedan for 1949 is lower, wider, roomier and provides nearly 25 per cent more visibility.

be cleared of about \$75,000 worth of surplus June 21 to June 23. Mattresses, laundry equipment, hose, tubing, motors and pipe located at the Orange Naval Air Station and the Orange FPHA project will go under the high bid hammer. Veterans, dealers and the public are invited to attend the informal bidding at the naval station beginning at 10 a. m. June 23. Another disposal on the heels of this will occur at Hitchcock, Texas, June 24 and 25. Two sites, also housing \$75,000 worth of surplus galley equipment, hospital supplies, warehouse equipments of this will occur at Hitchcock Naval Air Station and Camp Wallas. Bids will be taken at the navy station June 25 at 1 p. m.

Two industrial plants were moved into the ranks of private industry by disposal action this week. The Sunray Carbon Black plant, which has been operated under lease since 1944 by the Continental Carbon Company of Amarillo, was sold to that company for \$1,100,000. The government-owned toluene plant of Ponca City went to the Continental Oil Company of that Oklahoma city for \$175,000. This company plans to convert the facility to oil refining.

First two months of the WAA's new donation program witnessed a total of \$137,669.98 worth of government surplus turned over to Texas and other state educational institutions without cost. Most unique donation was 52 South American flags given to the City of New Orleans. Other items included obsolete aircraft and radio parts, telephone switchboards and about 13,000 volumes of textbooks, fiction and non-fiction books, many of which went to veteran hospitals and schools. The program is being administered

by the priority claimants division of the Grand Prairie regional office.

The latter part of June, during which the WAA southwestern region will lose more than a fourth of its present working force, will also be marked by a number of small sales of war surplus to veterans and other buyers. Because of WAA's rush to finish these disposals before it loses some of its sales people, customary advance notice to the public may not always be given. Local newspapers, however, will be advised of the sales several days in advance. Additional information will also be furnished by contacting the WAA Customer Service Center, Grand Prairie, Texas.

STEEL DESERVES SOME GOOD PUBLICITY

A short time ago, the price of steel was cut on a long list of products. Most of the types of steel affected go into consumer goods, and so whatever price reductions take place will be felt directly by the buyer.

One wonders if this move by the steel industry will be given as much publicity as were the price increases that were announced a few months back. These increases involved only a few kinds of steel used by industry, and, according to the authorities, barely influenced the cost of anything bought by the ultimate consumer. Even so, the industry was criticized to high heaven. The rises in steel prices over the years have been very moderate, compared with most basic commodities. And if anyone thinks the industry is trying to extract the last possible dime out of each finished ton of steel he should take a look at the gray market. In that market, steel brings two

or three times the price charged by the industry, and this would be the going price if the industry worked on a straight supply and demand principle. Instead, however, steel has fought the gray market with every weapon at its command and resolutely held the line on steel prices until higher wage and other operating costs made minor increases unavoidable.

Steel says it will sell its products at the lowest price consistent with the continued progress and solvency of the industry. But it, like the rest of us, must pay 1948 prices for everything it buys and builds. And steel prices reflect that obvious fact. — Industrial News Review.

HOUSEHOLD HINTS

Cutting down on Eggs—You may cut down on eggs in a four egg cake by adding one-half table spoon of cornstarch in place of one egg.

Different Seasonings—A little different seasoning may make a good dish for which the family have grown tired; to ham, however cooked, even ham omelet, add a little mustard. Try this also on baked beans, and cheese dishes such as macaroni and spaghetti.

Sprinkle a little chopped red pimento pepper on salad.

Don't be afraid of a taste—a very slight taste—of garlic or curry powder in salad. It is delicious.

California's Lassen Peak only active volcano in the States.

Fernando Cortez was the first conqueror of Mexico.

THE HOPE FOR THE MESSIAH Lesson for June 20, 1948

THE hope for the Messiah first revealed to Adam in Genesis 3:15, and repeated to Abraham, Moses, David and Isaiah, was now proclaimed through Ezekiel, Daniel and Zechariah.

Here we have the hope of preservation, the hope of peace, the hope of security, the hope of usefulness, the hope of deliverance, the hope of dominion, the hope of service, the hope of sovereignty, the hope of redemption and the hope of purification.

A PROMISE FROM GOD THIS is no fancied scheme of man. It is God's clear promise,

"Therefore will I save my flock, and I will set up one Shepherd over them, and he shall feed them..." and I the Lord have spoken it."

God goes on to promise them peace by ridding them of danger, and security through his blessing upon the land. "There shall be showers of blessing."

LOOKING FOR A BETTER WAY Long had the people looked for a better way. Now God would provide that better way. It would be vouchsafed unto them through the Good Shepherd. He knows the way, he holds the key.

The wistful hearts of the people must have been lifted up as Ezekiel and Zechariah shouted their prophecies of the coming Messiah. Many of these very passages have been used for the anthems which our choirs sing today. Well may every Christian employ them to tell of that better way in the midst of this troubled, changing world about us.

DANIEL'S DREAM OF THE DELIVERER The passage in Daniel is resonant with hope. "I saw in the night visions, and, behold, one like the Son of man came with the clouds of heaven." This dream of Daniel was a vision of the Messiah, bringing dominion, glory and a kingdom—a kingdom for all people, nations and languages. It is the universal hopes of the ages, brought nearer through this inspired vision of the prophet. "For unto us a child is born, and unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful, Counsellor, Mighty God, Everlasting Father, Prince of Peace."

This vision of the coming Messiah set every bell ringing in the heart of humanity.

SAVIOR AND KING FOREVER All the promises are embodied in these passages—Jesus the Savior, Jesus the King, Jesus the Sanctifier. Here was hope for the Jews, and for all mankind. It was proclaimed through Jewish prophets, and Jesus was born of a Jewish mother. Favored, indeed, was that race. And although there be many who have rejected the Messiah, he fulfills the deepest meaning of every man's hope.

With Charles Wesley we sing: Hail, thou long-expected Jesus, Born to set thy people free; From our sins and fears release us, Let us find our rest in thee.

Born thy people to deliver, Born a child, and yet a King, Born to reign in us forever, Now thy gracious kingdom bring.

In medieval times, the falcon was trained to hunt other birds and small animals.

When Your Back Hurts - And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's has been tried and tested many years. Are at all drug stores. Get Doan's today.

Weekly Sermon

Sin Vs. Blessing in the 1st Psalm by Nathan J. Stone, Moody Bible Institute, Chicago

Compiled by many writers, the Psalms have proved to be the source of real comfort and blessing for countless numbers through the ages. But more than that, they tell forth many of God's sharper rebukes and reprimands to His people. Interesting to note however, is the delightful promise that accompanies many of these more pointed admonitions, of which the first Psalm is a classic example.

A free translation of the first verse of Psalm 1 would read: "Happy the man who has not walked in the counsel of the wicked, and has not stood in the way of sinners, and has not sat in the seat of the scornful."

No particular acts of sin are set forth in this verse, but the way of one who does not delight in the Lord. It is rather the description of a character. There is the idea of association and progression in sin, and in this verse there is warning against it.

But the first verse only negatively describes the blessedness or happiness of the godly. The second verse is the positive description of such. It tells us how to avoid the way of the ungodly described in the first verse. It is by delighting in the Lord. And we come to delight in the Lord by first meditating on and delighting in His Word as the constant and characteristic habit and occupation of mind and heart.

We get rid of the evil by pouring the good in, thus forcing the evil out. Where the heart is full of delight in the Lord, there is no room for evil thoughts, ways, or associations.

MY WIFE WAS CRANKY AS A BEAR. "A CASE OF NERVES," SHE SAID. SO I SUGGESTED MILES NERVINE AND SENT HER OFF TO BED.

Be wise! When nervous tension causes a rift in your family... when tense nerves make you Cranky, Quarrelsome... when you are Restless, Wakeful, have Nervous Headache or Nervous Indigestion try

Miles NERVINE

See how this mild, effective sedative helps relieve nervous tension, helps you "get hold of yourself" and permits refreshing sleep. Recommend it to family and friends. Get Miles NERVINE from your druggists. CAUTION: Read directions and take only as directed. Effervescent tablets 35c and 75c. Liquid 25c and \$1. Miles Laboratories, Inc., Elkhart, Ind.

MILES NERVINE

TODAY'S BIGGEST BARGAIN! You can't buy it at a store— You can't carry it in a bag— It's your biggest bargain— It's YOUR ELECTRIC SERVICE!

You don't buy it at a store—you can't carry it home in your shopping bag—yet it's one of the biggest values in your family budget. It's your electric service, of course!

Yes, although it costs the West Texas Utilities, your electric service company, more to supply it to you—and such costs are still rising—you're nevertheless now getting electric service at rates 17 per cent less than you did ten years ago—if yours is the average family.

Why is your electric service so big a value? One reason is that more people are using more and more electricity. Another reason is the constant effort which the experienced personnel of your service company makes to keep your electric service a bargain.

Former Resident of Crowell Weds in Abilene

Miss Peggy Landreth, daughter of Mr. and Mrs. T. E. Landreth, of Abilene became the bride of Edgar B. Spears, son of Mrs. T. A. Spears, of Abilene, formerly of Crowell, in a ceremony read at the couple's new home recently.

Dr. E. D. Landreth of Amarillo, uncle of the bride, read the vows. The bride wore a blue pique dress with a corsage of white carnations. Her only ornament was a single strand of pearls. Her accessories were of white.

Attending the bride as maid of honor was Miss Louise Graham of Meriel, Melvin Henson of Abilene served the groom at best man. The groom attended the Crowell schools and is well known here.

Mr. and Mrs. Spears are on a honeymoon trip to San Antonio.

Dinner Party Given at Premier Hotel by B & PW Club

Formal installation of officers of the Business and Professional Women's Club for the 1944-1945 term took place Thursday, June 3, when the final dinner meeting of the current season was held at the Premier Hotel.

Using a very impressive candle-light ceremony, Bertha Burkett served as installing official. Incoming officers include: Ella Rucker, president; Cora Carter, vice president; Bessie Fields, recording secretary; Lillie Welch, corresponding secretary; and Theresa Hunt, treasurer.

Hostesses for the affair were Bertha Burkett, Lillie Welch and Wadlena Steele and a bountiful covered dish dinner was served family style. The long tables were appropriately decorated with tall tapers of green and white, club colors, and with flowers of the season.

There were nineteen members present and one guest, Mrs. R. A. Sheldon of Bogota, Columbia, South America.

Mrs. R. L. Kincaid Honors Grandchildren with Party Saturday

Jean and Robert Grimes of Quemado were honored by their grandmother, Mrs. R. L. Kincaid, with a party last Saturday afternoon at the Kincaid home.

The invitation list follows: Carolee Oliphant, Carole Fisch, Judy Borchardt, Bob Borchardt, Tommie Crowell, Cecilia Drabek and Joe David Drabek. Refreshments of ice cream and cake were served by the hostess.

Party Given for Joan Turnbough Thursday Evening

Mrs. R. L. Kincaid entertained a group of young ladies with a picnic supper and theater party Thursday evening to honor her granddaughter, Miss Jo Ann Turnbough of Lubbock, who was a guest in the home.

Those present besides the honoree, were Jean Hughston, Bettie Guthrie, Margaret Thompson, Barbara White, Melba Ward, Marcia Newland, Marcia Kincaid, Frances Kincaid, Sue Meason, Nancy Rhodes and Maurine Youree.

SEW-N-SEW CLUB

Mrs. Robert Lee was hostess to seventeen members and two guests of the Sew-N-Sew Club on Thursday afternoon, June 10th, in her home. Lovely flowers were arranged throughout the house.

The ladies engaged in sewing during the afternoon. A dainty plate of open-faced sandwiches, cookies and iced tea were served to Mesdames Kenneth Halbert, Glenn Shook, Howard Ferguson, J. C. Rader, Eugene Owens, R. J. Owens, Clarence Garrett, Harry Traveek, Delmar McBeath, Jack Welch, W. L. Johnson, Jack Roberts, Hughston McLain, Harold Canup, Joe Farrar, Duane Capps and two guests, Mrs. Glenn Goodwin and Miss Mary Woods.

Names of "unknown" friends were revealed and gifts exchanged. New names were then drawn and will not be revealed for three months.

Mrs. R. J. Owens will be hostess to the Club on June 24th.

VIVIAN H. D. CLUB

Mrs. Darwin Bell was hostess to the Vivian Home Demonstration Club which met Thursday, June 10, in an all-day meeting.

Ten visitors were present: Mesdames Emil Kainer, R. L. Walling, Johnny Marr, A. J. King, A. L. Walling, J. R. Adkisson of Pampa, James Welch, and Misses Bernita and Bessie Fish and Dolores Gilbert.

The next meeting will be with Mrs. T. W. Cooper in an all-day meeting on Thursday, June 24th. Due to a change in demonstration, the meeting of July 8th will be with Mrs. James Welch in the morning and the afternoon will be spent in "Short Cuts to Sewing."

VETERANS'

QUESTIONS AND ANSWERS
Q. Is it correct that training officers from Veterans Adminis-

SPUDS AND SEAFOOD . . . The annual senate debate on the relative merits of the Louisiana shrimp and sweet potato vs. the Maine lobster and potato took place at a congressional luncheon, with the argument ending, as usual, in a draw. Here, Sen. Owen Brewster (Rep., Me.) feeds a bit of lobster to Sen. John Overton (Dem., La.) as Elsie Waters (left) and Betty Green watch entrance.

tration have been relieved of all responsibility for the direct supervision of World War II veterans training under the G-I Bill?

A. Yes. The change will permit VA's training officers to devote more time to the needs of disabled veterans training under the Vocational Rehabilitation Act. All State approval agencies, schools and training establishments have been asked to meet fully their obligations under the Serviceman's Readjustment Act (G-I Bill).

Q. How many veterans suffered speech impairment during World War II and what is being done to aid them in overcoming their handicap?

A. Approximately 100,000 World War II veterans suffered speech impairment in service. Special restorative training has been established by VA to help eligible veterans overcome the handicap.

Q. May I name more than one beneficiary to my National Service Life Insurance?

A. Yes. You may divide the amount of your policy between two or more beneficiaries. You may also name one or more contingent beneficiaries.

Q. Can a World War II veteran be denied benefits by Veterans Administration if he has fraudulently obtained subsistence payments under the G-I Bill?

A. In a decision issued recently by Veterans Administration Central Office in Washington, the veteran who fraudulently obtained such subsistence payments would be barred from all rights to compensation, pension, hospitalization, unemployment allowances, education, job-training and other benefits to which veterans are normally entitled.

Admission Prices for Stamford Rodeo to Remain the Same
Although numerous improvements have been added to the Texas Cowboy Reunion permanent fixtures this year, including new stall barns and stock pens, the popular admission prices for the rodeo July 2, 3, and 5 in Stamford, remain the same.

Mr. L. W. Johnson, chairman of the ticket committee, states that general admission tickets will be \$1.25, general grandstand \$1.50 and reserved grandstand \$1.75, and box seats \$2.25.

Since the first rodeo performance June 28, 1930, in a leased natural amphitheater near Stamford, enthusiastic spectators have spread Texas Cowboy Reunion's fame far and wide. Early this year, inquiries concerning the annual rodeo began reaching the Stamford Chamber of Commerce office from New York, Wisconsin, Tennessee, Georgia and numerous other states.

CORRECTION

In mentioning the Crowell and Foard County teachers attending summer school in last week's issue of the paper, the News made an error in stating that Miss Berdell Nelson was attending Baylor University in Waco. The article should have stated that Miss Nelson is attending West Texas State College in Canyon and that Mrs. John Nichols was attending Baylor University in Waco.

Only U. S. Navy craft can pass through the Panama Canal free. All other ships pay toll.

The largest vessels using the Panama Canal pay \$20,000 toll for passage through it.

Farms Triple Use of "Bottled Gas"

Use of "bottled gas," which now performs a variety of jobs on farms and ranches, has increased 299 per cent since 1941, according to the Oil Industry Information Committee. "Bottled gas" refers to such gases as butane and propane which can be stored in portable containers under high pressure.

Indicative of the changes that have taken place during and since the war as almost every phase of farm and ranch operation have been mechanized, bottled gas is used not only for cooking and for home and water heating, but to operate brooders and incubators as well. Individual users of bottled gas, other than industrial users but including agricultural

"State of the Union" at Rialto June 23-24

"State of the Union," which will be shown at the Rialto on Wednesday and Thursday, June 23 and 24, is a picture as great as its background of achievement. "State of the Union" received the world's most valued theatrical award—the Pulitzer Prize. It played Broadway for two solid years, seven hundred and sixty-five record-breaking performances, and has been seen by more than two million play-goers. The management of the Rialto heartily recommends to you the screen version of this unprecedented theatrical success. It is a great picture and it is hoped that all will see it.
