CHILLICOTHE WINNER OVER CROWELL 11TH

Wildcats Lost First Game of Season; Eagles Complete Masters of Game

From the smooth-working aggregation in their previous game with the Crowell Wildcats dropped to the most ragged playing that has been shown this year to go down to defeat before Chillicothe by the score of 12 to 0 in the Armistice Day football game at Chillicothe Monday.

The Chillicothe Eagles completely outplayed the Wildcats, scoring 13 touchdowns to Crowell's 7 and outrunning the local boys in every stage of the game. The steady work of Guy Todd, Crowell safety, in stopping the Eagle backs when there was any else between them and the line, prevented three or four touchdowns.

At least 250 Crowell people were present at the game. The Crowell squad, including about 25 girls in their white shirts and trousers, formed a wonderful crowd. Crowell had to win 50 to 0 if the performance of the Eagle and Wildcat squads had counted.

It is hard to figure what was the matter with the football team. Their pep and enthusiasm were lacking, blocking and blocking were poor; it seemed that the boys must not feel that since they had not lost this season that according to custom, Chillicothe would fall before them, or else they felt that they were defeated before they went in the game. Anyway the boys had the mental attitude, which counts as much in a football game as physical end. Chillicothe people felt that their team did not even get up to standard. No doubt the loss of last week, which prevented the team from practicing for several days, accounted for their being what "off."

First Quarter
Captain Guy Creighton of Chillicothe won the toss and chose to defend the goal. E. Creighton made off to Oswalt on the 15 yard line and returned it 5 yards. Crowell made only short gains and shortly after the ball had been in possession both teams. E. Creighton carried the ball for 14 yards and the initial cutback of the game. After a few plays at the line, Guy Creighton was away from practically the end of the Crowell team on a 25 yard run when he was downed on the 7 yard line by Guy Todd, the only person between him and the goal. After a yard gain, followed by a 5 yard play, E. Creighton broke clear for a yard gain and a touchdown. His kick for extra point failed.

Second Quarter
Chillicothe took the ball on their 20 yard line to start the second quarter. G. Todd fumbled a punt and the ball recovered on the 35 yard line. After an exchange of punts, the ball was put in play on the 15 yard line. A pass failed to the 35 yard line. The Eagles received a 15 yard penalty for using the hands illegally and the ball went to the 5 yard line. Hughes punted to the 5 yard line. G. Todd returned 5 yards and returned 5 yards. Todd's pass was knocked down. On the next play, Guy Cooper dropped a pass to the goal line that would have had a touchdown, just as the quarter ended.

Last Half
Guy Creighton kicked off for Chillicothe. The ball was kicked to the 20 yard line to start the second quarter. G. Todd fumbled a punt and the ball recovered on the 35 yard line. After an exchange of punts, the ball was put in play on the 15 yard line. A pass failed to the 35 yard line. The Eagles received a 15 yard penalty for using the hands illegally and the ball went to the 5 yard line. Hughes punted to the 5 yard line. G. Todd returned 5 yards and returned 5 yards. Todd's pass was knocked down. On the next play, Guy Cooper dropped a pass to the goal line that would have had a touchdown, just as the quarter ended.

ATTEND FUNERAL
Mr. and Mrs. T. F. Hill returned from Marshall last week where they attended the funeral of Mr. Hill's mother, Mrs. F. E. Cavin, who died of an illness of several months.

Garland Shults Adds Further Information For Texon Tattler

The News is in receipt of an interesting communication from Garland Shults, son of Mrs. J. H. Shults of this city, who has been residing in Mexico City for about nine months. He is employed by Sanborn Bros., the largest department store in Old Mexico, and is making good at his work. Garland spent most of his life in this city and graduated from the high school here and later from Decatur College.

A number of pictures were sent along with the communication which follows:
"I noticed a write-up in the Foard County News by a scribe known as 'Texon Tattler,' from the deep oil country, in fact I notice one in every week's issue in which he has quite a few bright remarks and catchy news, but there is one in particular that I read and figured I might enlighten him as well as others on, and that was the article in the issue of August 9, when he was on his visit to the Foard County metropolis."

"This particular article was in regard to a plant referred to as a Soto stalk that Kim said he picked up on the border along the banks of the Pecos River. Well this plant, or part that he brought to the News office is a very widely known plant here. He is right about the strong drink. It makes a very popular drink and has four stages in its life. First we have the plant at the beginning. It takes growth in a very dry land and is from 3 to 5 years old before any production and the first production from it is similar to a sugar cane juice but settles in a bulb at the bottom of the ground and this substance is called 'maquey' and the bulb is called 'aguamul'. This juice is taken from the aguamul in the plant and it takes 2 days to get it all, by Mexican labor and varies in quality. It produces from 5 to 10 gallons of juice from one reaping or production which is known as 'maquey' and this maquey is permitted to ferment and after its set time is up a green liquid is formed and ready to serve with a mixture of sugar and water, it is too thick to drink straight, 'Pulque' is the name of the drink resulting and is very popular among the lower class of people who are very poor and are known as peons. When this drink is refined it is a clear substance and is known as 'mezca', and is worth more but still there is another stage and that is when it is refined the second time and it is then called 'tequila' which is known very widely and is used by the higher class of people."

"This plant also gives production every year after its first one and some times lasts for 15 years and at least 10 years and that is when the stalk is at its end of growth and the head is formed. After the stalk and head are formed, this juice 'maquey' is of no more use, but they eat the plant and make various things of it. The poor people use the stalk in making their mattresses while the higher class use it for rugs. It makes the type of mattresses that they can roll up in to sleep. Baskets, flower pots, neckties, including such things as horses, automobiles, and others, are also made from the plant. The stalk is used very little except for stock food or fuel. Most of the people in the city use charcoal for fuel as there is gas here and no coal. Charcoal and electricity are used mostly."

"This Texon Tattler also has several different tales about various things, but mainly golf and air service. We have both and have air service to Brownsville, Texas, each way every day and we at Sanborn's store receive the San Antonio Express daily by air. There is also another line, the Pickwick, that runs from El Paso to here and another that is trying to get started but I don't know just what their lines are to be, but to South America as well as to the United States."

Contract for Paving No. 51 Will be Let at Next Sitting of Commission

A contract for paving Highway 51 from Pease River to Quanah will be let at the next sitting of the State Highway Commission and it is expected that construction will begin soon after the contract is signed with a road building firm, according to reports from Quanah.

The grading crew on the north end of Highway 51, north of Quanah, finished grading work. The contractors expect to have the road work finished some time in December and the public will be able to ride on the dump from Quanah to the Red River.

ARMISTICE DAY PROGRAM MONDAY ATTENDED BY EXCELLENT CROWD

Erection of Soldier and Sailor Statues Next to German Cannon Discussed at Program On Court House Lawn

From the standpoint of an appropriate ceremony, the services here for Armistice Day, Monday, were as successful as any that have yet been held in the eleven years that have passed since the Armistice was signed.

After being camouflaged the German cannon was placed on its new concrete base Monday morning and the many other captured German trophies were placed about it.

At one p. m. the program for the day officially opened with an excellent crowd surrounding the field piece and its new platform. Rev. W. W. Smith pronounced the invocation and war-time songs followed. M. S. Henry opened the program with an address of welcome.

Dr. R. L. Kincaid was the next speaker. He illustrated the democratic and monarchical forms of government and how the World War demonstrated the fact that all nations are fast coming to a democratic form of government. He paid tribute to the boys that laid down their lives that this form of government might be maintained.

W. A. Cogdell, veteran of the Spanish-American War, gave a number of historical events beginning with the time of the war in which he took part, to the present time. He applied these events to world conditions. In referring to the Spanish-American War he told of how difficult a task it was to reconcile the natives to the U. S. form of government after the war was over.

Proposed Statues
Capt. Que Miller followed with an address concerning the proposed soldier and sailor statues that are to be placed on the concrete pedestals beside the gun, in the future. He emphasized the importance of perpetuating the memory of those that lost their lives in the war by erecting these monuments and having a bronze tablet with the names of the service men.

He pointed out that the luxuries we enjoyed today, resulted from those who gave their lives to make present conditions possible. In keeping faith with them, Mr. Miller stated that we should certainly erect monuments to their memory.

and the concrete platform and pedestals, that are located on the northwest corner of the court house lawn, Foard County would have one of the finest and most attractive monuments to World War veterans to be found anywhere.

Following Mr. Miller's talk the crowd stood at silent prayer, Miss Francine Mae Curtis gave an interesting reading as to the Blue and Gray soldiers of the Civil War. Capt. C. B. Morris, commander of the local Gordon J. Ford Post, American Legion, was master of the ceremonies at the program. Rev. W. R. McCarter pronounced the benediction.

Picture Show
Following the program on the court house lawn a picture show for the benefit of the American Legion was given by T. B. Richmond at the Rialto Theatre. A good crowd attended and the proceeds from the show went into the Legion funds to help take care of the expense of the concrete base and pedestals.

In the evening about 75 Legion members and their ladies were present at a banquet in the Methodist Church basement.

Letter from Adams
At the program in the afternoon A. J. Beverly read a letter from the Adjutant General's Department at Austin, written by Lt. Col. Claude Adams, formerly of Foard County, dedicating the field piece and trophies to the local post. The letter which follows is very interesting and should be read by everyone:

"Gordon J. Ford Post, American Legion, Crowell, Texas.—Your invitation to attend your Armistice Day Celebration received this morning. Due to the fact that General Robertson leaves for Washington on Sunday, the 10th, it will be impossible for me or any other member of the Adjutant General's Department to attend the celebration, which I regret very much. However, I will give you some facts, as revealed by the records on file in this Department, in regard to the gun you have at Crowell which belongs to the Gordon J. Ford Post No. 130.

"This gun, among others, was captured by the American Expeditionary Forces from the German Forces during the final drives in 1918, which ended the war. The Department sent a representative to New York to

Cotten Winner in Guessing Football Scores Last Week

Jimmy Cotten came the closest to guessing the scores of the big football games last week and won the contest over four other predictors. Teddy Burrow took second; W. W. Griffith, winner of the week before, third; T. S. Haney, fourth; and Geo. D. Self, last. George was the writer's choice, naturally, and the A. & M. and S. M. U. game, which would have put him on the top or bottom, resulted in a loss for A. & M. and consequently a loss for the writer and George.

Mr. Cotten's predictions and actual scores of the game follow, actual scores coming first: Texas-Baylor, 0-0; 7-0; S. M. U.-A. & M., 12-7; 14-7; T. C. U.-Rice, 24-0; 21-0; Harvard-Michigan, 12-14; 14-0; Army-Illinois, 7-17; 7-7.

The games this week include about the hardest contests of the year in the Southwest Conference and it is a difficult job to make an accurate guess at their outcome.

The list of those predicting this week includes one visitor, R. H. Nichols, editor of the Vernon Record, but more popularly known for his column, "Home Town Stuff." John Ray, prominent Foard County farmer, is representing the Rayland section in the contest.

Those predicting follow: Jimmy Cotten, 1; Alton Bell, 2; R. H. Nichols, 3; T. P. Reeder, 4; and John Ray, 5. Their predictions follow:

	1	2	3	4	5
Texas	7	0	13	0	6
T. C. U.	0	6	7	7	7
S. M. U.	7	7	12	7	13
Baylor	13	0	19	13	21
A. & M.	0	21	30	21	33
Rice	0	0	0	7	0
N. Dame	7	14	20	14	14
S. Cal.	0	7	6	0	6
Pitts.	0	14	7	7	21
Carnegie	7	0	0	0	14

There is a greater difference of opinion on the games this week than ever before, especially in the Texas-T. C. U. contest with two predicting victory for Texas and three for the Horned Frogs. Jimmy Cotten is the only person to predict victory for Carnegie Tech.

Strange as it may seem yet every guesser picks Baylor to win over S. M. U. It is also unanimous that A. & M. will win over Rice, and Notre Dame over Southern California.

After picking five men to win, all of whom have hit the very bottom, the writer this week honestly believes that Ray Nichols has the best chance of winning. Maybe an out-of-town man will remove the jinx and break this long string of hard luck. The linotype operator, with a more successful record, chooses Alton Bell.

HOME-COMING AT LOCAL CHURCH IS GREAT SUCCESS

All Day Program at Christian Church Is Well Attended; Church Memories Recalled

An unusually successful homecoming day was enjoyed at the Christian Church Sunday. In spite of muddy roads all over the state, the attendance for all of the services was better than expected with a good number of former members of the church present.

In the absence of Rev. J. E. Chase of Colorado, Texas, who was unable to attend due to road conditions, Rev. John G. Clark, local pastor, filled the pulpit at the morning services and his splendid sermon for the emergency brought forth much favorable comment. Mrs. E. W. Muse of Dallas gave a vocal solo at this service also.

Following the sermon the group adjourned to the McLaughlin building where a delicious dinner was served. Enough of the wonderful food was left for supper.

An informal service was held at the church beginning at 2:30 p. m. Mrs. J. H. Cope of Quanah and Garland Burns of Munday gave a duet and a quartet composed of Mr. Burns, Grady Walker, C. V. Allen and Joe Ward also rendered vocal numbers. Mrs. Muse again gave a vocal solo.

The history of the church was also given at the afternoon service and various members gave facts concerning the history from its beginning.

Evening Service
Rev. S. H. Holmes of Electra was in charge of the communion conducted at the evening service and also gave the invitation for the communion service. J. H. Cope, Garland Burns, E. P. Bomar of Henrietta and E. H. Crews, old-time members of the church acted as deacons for the service with A. T. Schooley and E. W. Muse of Dallas serving as elders. The service was very impressive.

Rev. Clark also delivered the evening sermon. Vocal solos were rendered by Mrs. Cope and Mrs. Muse. The quartet that sang in the afternoon also gave numbers at the evening service.

Excellent Rain Fell Over Foard County Last Week

Rain amounting to one and six-tenths inches fell in Crowell last Friday and Saturday, according to measurements taken at the official government station at the First State Bank.

The rain fell slowly and the soil received the full benefit from it. The moisture furnishes a wonderful season for the wheat crop. A number of farmers state that weather conditions have been more favorable for wheat this fall than in many years. Cattlemen estimate that the rain was worth thousands of dollars for its aid to range conditions. J. W. Wishon estimated that it was worth at least two thousand dollars to him.

The rains in October amounted to one and five-tenths inches. For the past month the rains have been frequent but none have been very heavy. While of much benefit to crops, they have seriously interfered with the paving program on the Lee Highway. The rainfall record for September was rather heavy with 4 and 32-100 inches.

Rains during the past week have been heavy all over Texas. About the same amount of rain fell over Foard County that fell here, although a heavier downpour was reported in some sections.

Miller Speaker on Armistice Program at Rotary Luncheon

Que R. Miller was the principal speaker of the Armistice Day program at the luncheon of the Rotary Club Wednesday. Clarence Self was in charge of the program.

Mr. Miller spoke principally in regard to the proposed monuments to be placed on the pedestals that have already been erected on the concrete platform for the German field piece.

"Have we made good the promises that we made to the soldier boys?" Mr. Miller asked. "The soldiers that gave their lives in the war have made possible the luxuries that we enjoy today and it is up to us to erect a monument for them that will in some way equal what they have done for us," he stated. "We have not made good our promises until we erect the proposed doughboy and sailor monuments and I know of no better work that this club could do than to help in the county-wide campaign in raising funds for this purpose at the opportunity time."

Mr. Miller stated that there were 270 ex-service men in Foard County and told of other facts concerning Foard County's war record, which was one of the 13 best in the nation.

14 CARS REGISTERED

Fourteen new automobiles have been registered so far this month at the office of the tax collector.

SERIOUSLY ILL

J. C. Bradford of Margaret is in the Crowell Hospital and is in a very serious condition. He underwent an operation Wednesday.

Dunn and McGinnis Purchase Auto and Battery Business

W. A. Dunn and A. L. McGinnis have purchased the Flowers Battery Station from C. E. Flowers and also the interest of their partner, W. W. Griffith, in the Whippet-Knight Auto Company. The auto agency and battery station have been operated in the same building but under separate management. Mr. McGinnis and Mr. Dunn are now the owners and operators of both firms.

Drilling on Johnson No. 1 Discontinued

Drilling on the L. K. Johnson No. 1 by the Humble Oil and Refining Company has been discontinued and the hole plugged at a depth of 5,050 feet after failure to find a favorable oil showing. The test was located about 16 miles west of here.

SHOP EARLY

NEGRO SCHOOL OPENS DEC. 2

The school for colored children, south of the railroad, near the depot, will open on December 2nd, according to Leo Spencer, chairman of the school board of the Crowell Independent School District.

Miss Allie Terral of Calvert, Texas, has been employed as teacher for the school.

Some whales can remain under water for twenty minutes.

QUANAH PASTOR CHANGES

Rev. J. W. Watson, pastor of the Methodist Church at Quanah, will be the pastorate of that church except a post at Lubbock as director of Sunday School work for the year.

Frank Welch made a business trip to Ft. Worth last week. He also visited relatives and friends at Anna, Texas.

When you are thinking of old friends at Christmas time, old friends are thinking of you. If you can't visit them, send the gift that only you can give—your photograph.

Crowell Studio

Boyd Barnett of Krum, Texas, visited in the home of E. T. Munger and family a few days last week.

Remember Sunday School every Sunday at 10 a. m., also preaching next Sunday at 11 a. m. Every one is invited to attend.

BLACK

(By Special Correspondent)

Mr. and Mrs. Louie Henderson and children spent the week-end with Mrs. Henderson's parents, Mr. and Mrs. B. F. Whatley, of Thalia.

Mr. and Mrs. Brock spent a few days last week with Mrs. Brock's mother, Mrs. Molly Free of Gambleville.

Mrs. Joe Pechacek is visiting her sons, Joe and Charlie, of San Antonio.

Mr. and Mrs. W. W. Nichols spent Sunday with their son, Sherman, and family of Jameson.

Mr. and Mrs. Hayden Ford and children spent Sunday with Mrs. Ford's brother, Jess Chapman, of Crowell.

Mrs. Sam Mills and daughter of Crowell are spending a few days with her parents, Mr. and Mrs. S. W. Gentry.

Mr. Bays and family have returned home after visiting their cousin, Charlie Hawk, and family for the past two months. Their home is at Argyle, Texas.

Mr. and Mrs. C. C. Martin attended the American Legion banquet given at Crowell Monday night.

THALIA

(By Special Correspondent)

Mrs. Zelpha Burford of Fort Worth visited her parents, Mr. and Mrs. J. R. Morris, here last week-end.

Rev. Aynes of Vernon preached at the Methodist Church here Sunday morning. Rev. Annis, the pastor, preached Sunday night.

Mr. and Mrs. M. C. Adkins and Mr. and Mrs. C. B. Morris attended the Armistic Day program in Crowell Monday.

Elbert Matthews who is teaching in the Graham schools visited his parents, Mr. and Mrs. J. F. Matthews, last week-end.

Jack Wood made a business trip to Wichita Falls Tuesday.

C. B. Morris, H. W. Gray, E. G. Gimsley and W. F. and Frank Wood were Vernon visitors Saturday.

A. B. Wisdom and family, Charlie Wisdom and George Moore and family were Crowell visitors Monday.

Mr. and Mrs. W. S. Tarver, Mrs. Fannie Shaw, Bill Barrett, Will Wood, Hugh Jones, Lee Shultz and family, Bill Hammond and Dale Thorn were Vernon visitors Tuesday.

Walter Henry and family of Fargo visited Mr. and Mrs. B. F. Henry here Sunday.

Lee Sims, H. R. Randolph, G. C. Short, L. H. Hammonds, Jack Lindsey, Bill Hlavaty and Joe Short were Crowell visitors Tuesday afternoon.

Mrs. G. W. Scales entertained the Idle Hour Club in her home Thursday afternoon. Members present were: Mesdames C. W. Roberts, G. C. Phillips, J. A. Stovall, C. H. Wood, T. M. Haney, Ben Hogan, C. C. Lindsey, J. R. Morris, Fred Coursey, C. B. Morris and the hostess; those who were guests of the club were Mrs. M. C. Adkins, Mrs. T. H. Matthews, Mrs. John S. Ray, Misses Minnie Wood and Jessie Oliver. After a business session several contests were conducted by the hostess after which a plate lunch was served.

Mrs. A. Bird and daughter, Earl, and son, Roe, of Denton visited their daughter and sister, Mrs. Ben Hogan, here last week-end.

Tom Sykes and family visited Walter Henry and family near Fargo a few days this week.

Miss Nina Angel is visiting her sister, Mrs. Lonnie Jayroe, at Wink, Texas.

Mrs. Tollison McElroy and son, Billy, and her mother of Tulsa, Oklahoma, visited in the W. D. McElroy home last week-end.

Miss Corene Haney who is attending school at Lubbock visited home-folks last week-end.

Mrs. Alton Harbin and children returned home Sunday from a visit with relatives at Wichita Falls.

C. H. Wood, Floyd Webb, H. R. Randolph, H. R. Hartman, Leland Stovall, Mrs. R. B. Cato and Miss Catherine Wheeler attended the Vernon-Amarillo football game in Vernon Monday afternoon.

G. B. Neill and family, J. L. Shultz and family and D. M. Shultz left Wednesday morning on a hunting trip to points in South Texas.

MARGARET

(By Special Correspondent)

Rev. Russell could not fill his regular appointment at the Baptist church Sunday. He was in Plainview, attending the "Home-coming" at Wayland College.

Miss Alta B. Tamplin of Ayersville spent from Thursday until Sunday visiting Miss Ella Maye Blevins.

John Bradford is seriously ill at this writing. His recovery is very doubtful.

Mr. and Mrs. Clyde Graham have returned to their home in Margaret after spending several weeks with their daughter, Edith, who is a student in the Texas University.

Mr. and Mrs. Jim Tamplin and children of Whitesboro, Texas, visited Mr. and Mrs. W. H. Tamplin Sunday afternoon. They are enroute to the Plains to make their home.

Rev. O. B. Annis and W. A. Dunn left this week to attend the annual Methodist Conference at Pampa.

Mr. and Mrs. H. Hunt honored Mr. Hunt's son, who is visiting here from California, with a turkey dinner Sunday of last week.

Dr. McDaniel of Quanah was called to see John Bradford and Mr. Pauley Tuesday.

Misses Cora, Claudia and Ola Carter spent the week-end with home-folks at Crowell.

Joe Kirley of Los Angeles, California, visited here last week.

Several from here attended the movie, "Spuds," at Crowell Monday afternoon.

Mr. and Mrs. Ben Stokes left Monday on a pecan hunting trip.

RAYLAND

(By Special Correspondent)

Mr. and Mrs. R. A. Rutledge attended the football game between Vernon and Amarillo, at Vernon, Monday.

Mr. and Mrs. W. A. Walker of Mission, Texas, spent Sunday with J. E. Young and family.

Dewitt Edwards and family visited in Iowa Park Sunday.

Mr. and Mrs. A. T. Beasley announce the birth of a daughter, Norma, on November 9th.

The singing at the Baptist church was well attended Sunday night.

Misses Thomas and Griffith of Parsley Hill were supper guests of B. P. Abston and family Wednesday night.

FOARD CITY CLUB

The Foard City Home Demonstration Club met with Mrs. Claude Callaway on November 5. Miss Freeman talked to us on the living room contest which was enjoyed by all. After all business was finished the hostess, assisted by Mrs. McDaniel, served refreshments of chocolate and wafers to the club members and four visitors.

We will meet November 19, with Mrs. Frank Welch.—Reporter.

Means Just What It Says

We give absolutely FREE one new Victor record, your choice, for four old unbroken Victor records no matter how old or scratched they are, just so they are not broken. Take a hard instrument, like a nail point and make "X" across the label. We will give you a new one for four old ones.

FREE New Victor Records for Old!

Victor Records

Victor RCA Radio-Phonograph. "Synchronized" music by radio or phonograph.

RE-45 RCA-Victor is the world's most perfect reproducing instrument.

RCA Radio, genuine screen grid tubes and screen circuit, in beautiful cabinet now complete with tubes, only \$148.50

Okeh Records

RCA, Crosley Victor radios and accessories

Victor Victrola portable phonograph \$25.00 and \$35.00

Victor Victrolas upright cabinets \$95.00 to \$135.00

Brunswick Records

Brunswick portables \$19.50 and \$37.50

Columbia Portables (large size) \$50.00

Columbia Records

Polk Concert and Junior portables \$25.00 and \$19.50

For two weeks, from October 28th to November 9th, inclusive, we will allow you ten cents credit for every Victor Record you bring to our store. We will accept all your old Victor Records, regardless of age, size or type. We will give you new Victor Records—any selection you choose—in exchange for your old ones. With your old records, therefore, you can build up a credit with us that will pay for a new selection of Victor Records of your choice, without the expenditure of a penny on your part.

THE ONLY CONDITIONS ARE THESE:

1. All records returned must be Victor Records.
2. All records must be unbroken.
3. All records must be defaced by a large X scratched across the label.

THAT'S ALL!

Come in! Bring in your old records! Choose your favorite new ones from our huge stock, and take home—FREE! a new stock of brilliant Victor music for your Victrola or Victor Radio-Electrola.

Everyone has some old Victor records they have lost interest in or have grown tired of. Bring four of these to us (unbroken) but regardless of how old or worn they are, we will give you one new Victor record absolutely FREE. But bring them in within the next ten days or we cannot use them. We are limited. Hurry.

POWER for All of Your Drawbar, Belt, and Power Take-off Work at Low Cost.

Ask Any Owner; We'll Give You a List of Local FARMALL users. And we'll Demonstrate the FARMALL on Any Job Any Day.

Read What This Owner Says About His FARMALL

"I want to express my thanks for the kindness and help rendered me when you sold me the Farmall tractor. I had told you that I could not farm without a tractor but could not think that the Farmall would do all that you recommended it to do.

"But after seeing the Farmall do the work, I at once became interested and bought. I want to say to you that this tractor has already paid me big interest on the investment. It paid for itself some two or three times over in the 1928 crop. I understand that you now have Farmall equipment to do most any job on the farm. I am going to get a mowing machine and the sweep rake, and am thinking now of buying another Farmall this year.

"Last year I cultivated 105 acres of corn in three days and did it about 50% better than I could with my teams. No one will go wrong in buying a Farmall. It is the real 'farmer's friend' of today, and I believe that when more of the farmers buy the Farmall and use it there will be more work done and more money in the bank to their credit."

Works As Well As Anybody Now

I suffered with constipation for years, and during the past two years was so weak and rundown, and had to spend too much time in bed, I finally had to quit work entirely.

J. T. STOKES

...with indigestion and would also after meals. I couldn't eat anything, and had awful pains around my liver. It's what the Sargon treatment is. Every pain in my body is perfect. I'm so strong now I can put in a hard day with the best of them. The medicine didn't fasten are loose on and I feel like a different

BRIEF FARM NEWS

Wins Ton Litter Contest

Bedias—Believed to be the first woman in Texas to successfully finish the state ton litter contest, Mrs. Magistrate working with County Agent W. I. Ross, has made a litter of 10 grade Duroc Jersey pigs weigh 2383 this feat of quickly producing the ideal size hog according to packer standards she will receive a medal and perhaps other prizes awarded by leading Texas farm journal.

Feeding Explains Poultry Profit

Big Spring—A net return of 30 cents per hen from 50 White Leghorns fed a modified "Big Five" ration has been obtained by Earl Phillips, Howard county poultry demonstrator. Ground milo, maize was substituted for ground oats in this ration which consisted of 200 pounds ground milo, 100 pounds wheat bran, 100 pounds wheat shorts, 70 pounds meat scrap, 50 pounds cotton seed meal, and 2 1/2 pounds salt. Green feed was kept before the flock at all times.

Finds Manure Profitable

Colorado—Barn yard manure has increased the yield of milo maize 525 pounds per acre in a demonstration carried on by Carroll Smith of the Buford 4-H club in Mitchell county. Half an acre was left unfertilized and the other half covered with five loads of about 1,000 pounds of well rotted manure, applied before bedding last spring. Pure line maize seed was used on both plots. The manured half fired more during the 90-day drouth but yielded 1249 pounds of heads against 987 pounds on the half acre unfertilized. The land was deep sandy loam.

Beaumont—C. T. Heisig, dairy farmer at Hamshire in Jefferson county, has secured a mill for grinding his own feed and plans to grind the product of 185 acres of hegari, peanuts, soy bean and cow peas as a basis for home grown and home mixed dairy rations.

Cultivation and Dusting Save Crop

Orange—A yield of more than half a bale to the acre on his entire cotton acreage worked by French tenants is announced by E. C. Setleff of Orange county as a result, he says, of following the suggestions of R. R. Morrison, county agent, in handling the crop after the boll weevil arrived last June. About to abandon the crop, he changed his plans according to suggestions and cultivated shallow with large sweeps and shovels and dusted the crop twice with calcium arsenate. The shallow cultivation was continued at 10-day intervals until harvest.

Rugs Cheaply Made

Coleman—A rug worth \$10 or \$12 has been made for 40 cents by Mrs. F. Hamilton who wove it out of burlap furniture shipping covering obtained free from a store. The dye cost 30 cents and thread 10 cents. Another home demonstration club woman taking part in the Coleman county rug campaign by the home demonstration agent is Mrs. S. A. Moore, who has made a wool rug of old trousers at a cost of 12 cents for thread.

Kerrville—Native shrubs have played a prominent part in the four-year-old yard improvement contest in Kerr county in which 102 home yards were beautified, 46 of them being entered in the contest. The work has been done by home demonstration club women aided by Miss Veta Culpepper, home agent, and in cooperation with local civic and commercial organizations.

Such evergreens as cedar, agave, bayberry and mountain laurel were used in this Kerr county landscaping, and other native shrubs, including red-bud, buckeye, and sumac, were also transplanted from the woods. Honey-suckle and many kinds of cactus were used. Rock walks, fences, porches, columns and steps were built in many places out of the beautiful native rock that abounds in the hill country, illustrating the beauty and economy of using material that is at hand.

The total cost as given by the 46 contestants amounts to about \$800, not counting the time of friends or members of the family, nor of material on hand. No records were kept on the other yards as a result of the contest.

Cooper—A Delta county club girl has reported to Miss Anna Mae Russell, home demonstration agent, a net profit of \$176.78 for her year's work. She is Malvin Whitaker, and \$145.83 of her income was from a flock of White Leghorns raised from chicks this year. She now has 40 pullets and four cockerels on hand. Canning brought this girl an additional \$21.45 and sewing \$9.50.

Lubbock—Nearly \$100 was made the past year by Lura Barton, second-year 4-H club girl from Grovesville in Lubbock county. In her report to Miss Louise Baird, home agent, Lura shows net profits of \$38.59 on her poultry flock, \$37.20 on canning from her garden, and has done \$3 worth of sewing for herself, as well as improved the home to the extent of \$10.75. In last spring's bed room

improvement contest for club girls in this county, Lura won first place among 49 entries.

TEXON TALES (From the deep oil country)

Well, we had another deep well to come in last week. These deep wells are coming in so fast we up and added twenty more feet of building onto the post office. We had to have it. A post office in an oil camp is a place where people come to visit each other and talk about the neighbors absent and also to buy money orders to mail order houses. There has been lots of talking going around here with the new oil development and we gotta fix for it. We expect still another deep well any day. The shallowest deep well came in at 8218. Hung the line and tools but made about three hundred barrels high grade with the hole stopped. We gotta cinch on the world's greatest field now. Got the deepest wells, the highest grade oil ever taken and just beginning to get started.

There's a girl down here who takes a long walk for her complexion. Yeah! She lives clear across town from the drug store. She says courtship is the time in a girl's life when she is decidin whether she can do any better or not. She says the boys used to serenade with the guitar but now days all they need is a honker on the Ford.

Well, the bad account and cold check business down here is about like it was at Crowell four years ago. Give a man credit for anything and I betcha he takes it. I wanted to buy some stuff the other day and found myself a bit shy so I asked the clerk if my face was good. He says, "Well maybe so, but I can't hardly see how we are going to use your face in our cash register."

Everything's oil right down here. TEXON TATTLER.

BE INDIVIDUAL

The Christmas Season is very close at hand and now is the most convenient time to order your Christmas Cards. Why not dispose of that matter now?

For the utmost in individuality, let us supply you with your Christmas Cards. You will be assured of securing an individual card of most attractive design and at the most economical price when trading with us:

LOOK OVER OUR LINE

We represent five of the world's largest Christmas Card companies with headquarters in Chicago, Dallas, Louisville, Denver and Philadelphia and can absolutely supply any desire you have for Greeting Cards.

Call and look over our line now or let us bring our samples to your home.

THE FOARD COUNTY NEWS

"I never thought your husband went into places like that!"

Mrs. BEARDSLEY had just returned from the city and she was telling her friend, Mrs. Stanley, all about her visit.

"... and I saw him through the window. He was all alone at a table in the main dining room of the very best hotel. I was so surprised—you know, from seeing your husband washing his own car and cutting the grass himself and all those things. I didn't think he was at all extravagant."

"Sure, I go in there once in a while when I'm in the city," Mrs. Stanley told his wife that evening. "It's not for the food. It's for the coffee. That coffee is worth the price of a meal there by itself. You know, dear, I simply must have good coffee once in a while and... well, I didn't like to hurt your feelings by mentioning it."

"That coffee, madam," the waiter told Mrs. Stanley the next time she accompanied her husband, "is White Swan Coffee. This hotel has used it for years."

Wives who are coffee-wise know that the appetizing aroma and satisfying flavor of White Swan Coffee served at home makes everyone wish that every meal could be eaten there.

WHITE SWAN COFFEE

Strict selection of the imported coffees, scientific roasting and artful blending each plays its part in fully developing and nicely balancing the famous White Swan flavor.

With the skill acquired by more than a half century of experience, the Waples Platter Company controls every phase of distribution as well as preparation—making certain that no finer or fresher coffee can be brought into your home for the price you are asked to pay.

White Swan Coffee comes to you fresh in sealed tins and fresh from the roaster with all of its rare goodness kept intact. No chances are taken with White Swan flavor.

One of the 22 Waples Platter Houses is conveniently close to each of the 10,000 White Swan dealers. A fleet of motor trucks, supplementing railroad facilities, makes regular deliveries along established routes to the retailer from all of the units of this institution of the Southwest.

Thus, your grocer always has a new supply of White Swan Coffee—freshly packed for you in one and three pound cans.

\$12.50
\$19.75

For 38 years it has been the policy of this store to sell good, dependable merchandise at reasonable prices. We have always bought the best article we could find to sell at a given price. A policy of this kind does not permit of high mark-ups nor radical reductions. Consequently we have used very few store wide sales during our 38 years in Crowell. We do not believe in store wide sales as a regular means of selling merchandise. Therefore we use them only under UNUSUAL CONDITIONS.

We believe the people in this trade territory will agree that conditions are now unusual. Since we have had three successive wheat failures and two short cotton crops there is no denying the fact that the purchasing power of the community is lowered. Consequently business is backward.

We are not overloaded on merchandise, although every department is well stocked. There is nothing gigantic or marvelous about this sale. There have been bigger sales in the past and will likely be bigger ones in the future. But this is a genuine mark-down sale on quality merchandise. We believe that under present conditions our friends and customers will appreciate an opportunity to buy the kind of merchandise we sell at reduced prices.

So, for the next 14 days you can choose your winter needs from good, dependable merchandise at prices you will enjoy paying.

WHY NOT KEEP A TOAD?

Few people realize that the toad is a useful pet in the garden or yard. It can soon be tamed so that it becomes accustomed to people, human voices and other domestic noises. A toad has an almost insatiable appetite for insects. It is said that in three months one toad will eat 10,000 insects, including worms, crickets, cut-worms, plant lice and similar pests.

There is no truth in the old belief that handling a toad will cause warts on the hand.—London Tit-Bits.

When the law finds a person insane, it puts him in the asylum—providing he isn't driving a car.

Lots of tired business men work themselves into heart failure trying to avoid business failure.

Gasoline statistics show that consumption of gasoline increased in all but two states last year.

About two percent of the population of the United States is mentally defective.

Armistice Day

(Continued on Page 5)

such trophies as he saw fit, which had been shipped from the salvage depots in France. It was to this representative that the Governor and other trophies that he had selected from some four thousand rifles, machine guns and automatic rifles, helmets, bayonets, etc. at the time of arrival of the train of war trophies at Camp Mabry. The problem was how to make distribution of them. The Governor appointed a board, consisting of the Assistant General and members of the American Legion, to decide to whom the trophies would be awarded. In the meantime Armistice Day was approaching and the board could not award the trophies in time for the Armistice Day celebrations in 1927, so the Governor decided he would loan such of the field pieces as Legion posts were willing to pay for on their celebrations, November 1927, with the understanding that if said posts failed to obtain the gun as a gift, or failed to comply with certain conditions that were to be set forth by the board, the posts would pay return freight to Camp Mabry on the gun loaned them. This happened in several instances.

The gun located at Crowell, and owned by the Gordon J. Ford Post No. 130, is one of the four guns of like caliber received in Texas, and is one of the thirty-one field guns received. It is the only serviceable gun received by the State. This field gun is a genuine German gun, made in Germany, as distinguished from the Austrian 88, which was an Austrian gun but used by the German artillery. The gun you have is what is known as a German 77, given up by one of the most deadly guns ever manufactured by any government. When used by the German Field Artillery, I think there are several men in Crowell who will vouch for the fact that these guns had a tendency to hit you. I, personally, borrowed it. The gun will fire now, if you had the ammunition required.

The board, appointed by the Governor, ruled that posts of the American Legion must do certain things to entitle them to one of the field gun trophies, as a permanent trophy. All these rules, as outlined by the board, were successfully accomplished by the Gordon J. Ford Post No. 130, and your post thereby became owner of this gun. In addition to the gun, certain smaller trophies were awarded to the post, first selections going to the posts that had, by complying with certain things required by the board, won the field pieces. Every post in Texas received a selection of smaller trophies, but the first thirty-one boxes were exactly alike; then as certain items gave out they were omitted from the packing cases sent to the post not fortunate enough to win one of the larger trophies. No post in Texas was awarded more trophies than your own post.

For the ex-service man these trophies, in my opinion, do not mean much, as he saw enough of them in France, but for Crowell and Foard County, they mean that Foard County had some part in the greatest war the world has ever known, and for future generations this gun and other trophies will mean that the people that look at them, especially on Armistice Day, can truthfully say that their Crowell and Foard County people were in every Combat Division overseas, and that Crowell and Foard County had sailors on every war, and that Foard County was one of the thirteen counties in these United States that was not called on in the first and second drafts. I am glad to know you have mounted the gun on a concrete base and made other arrangements for its care, against weather and climatic conditions. Make a cabinet or case of some kind for the smaller trophies, so that they can be seen under glass, but not handled.

I assure you again that I had rather be with you than in any other place on earth today. There is nothing that would give me greater pleasure than saying hello and shaking the hand of every ex-service man in Foard County. We are eleven years older than on Armistice Day, 1918, but the memories of those of us who were associated together during the great war are as green as they were seven years ago, and the friendships formed during those trying times are as lasting as life itself.

With kindest regards to all my ex-service friends and other friends in Crowell and Foard County, I am,
Your friend,
CLAUDE ADAMS,
Lt.-Col. Q. M. C., USP&DO,
Camp Mabry, Texas.

Order Your Greeting Cards Now! Christmas Is Fast Approaching

Did you realize that there are only 34 shopping days until Christmas? Yes, and there is less time than that for you to secure your Christmas cards and get them mailed out to your friends.

By all means, order your Christmas cards now, for you can be sure of securing the type you want. All of the big Christmas card houses will soon be swamped with orders and will probably run out of a number of their best samples.

We don't believe that you can find a more complete line of Christmas cards anywhere in this section than the different lines handled by the Foard County News. Let us bring a sample book to you or come down and look over our line.

You will find a card that will satisfy you in every way. Besides you are assured of securing an exclusive card, for your sample will be removed from the book when you make your order.

Another Cold Spell Strikes This Section

According to old-timers, cold weather has arrived in Foard County much earlier than usual. The mercury dropped suddenly Monday night when a fresh norther arrived and the weather has been the coldest of the season since.

J. H. Self stated that his thermometer registered 26 degrees Wednesday morning and 3 degrees Thursday morning.

It is recalled by a number of people that the first cold spell in 1927 came on November 11th during the fireworks display at the ball park. The first cold spell this year came several weeks earlier. Armistice Day was unusually warm this year, although a cold norther arrived late that day.

Some of these new fangled automobile horns are designed to take the place of the driver who swears at pedestrians trying to get out of the way.

Census Supervisor for This District Named

Washington, Nov. 9.—Supervisors for the 1929 census announced today by the directors of census included: William E. Talbot of Dallas for Collin and Dallas Counties with headquarters in Dallas.

O. M. Unger of Plainview, for Bailey, Briscoe, Castro, Childress, Cottle, Floyd, Foard, Hale, Hall, Hardeman, King, Lamb, Motley, Parmer and Swisher Counties, Texas, with headquarters at Plainview.

After repeated urging on the part of friends Mr. Unger was induced to allow his name to be presented as a census supervisor. He has accepted the appointment and is awaiting final instructions from the government before definite plans are made for taking the census.

The compilation will begin April 1, and is to be completed in no more than 30 days, a fact which will necessitate a well organized corps of workers.

SAYS HE DIDN'T DO IT

Some time ago when the Foard County News had a birthday we attempted to name all the men who had owned and operated the paper from the beginning. Among this list was the name of George Moore, a man who has been gone from this community for many years. Since the publishing of this item our good friend, George Moore, of the Thalia community says a number of people as well as his own children have expressed surprise that he operated the News, and he says that he wants it to be known that he didn't do it, and we don't blame for that. Running a newspaper is one thing he felt sure he would never be accused of doing.

Be ready for the Showboat.

BOX SUPPER

A box supper will be given at the Four Corners school on Friday night, November 22, at 7:30 p. m. The proceeds from the supper will be for equipment for the school.

A one-act play, "Jumbo Jim," will be given free of charge at the time of the supper.

Bombings in Chicago have almost reached one hundred so far this year, which is just another argument that the home town is better after all.

As a rule most information from an information bureau only adds to our perplexities.

Brevity is the soul of wit, a fact which some story tellers never heard about.

Be ready for the Showboat.

Christian Church

(Continued from Page 1)

to fix the trouble, A. T. Schooley and Tom Haggard lighted a match which resulted in an explosion. Both men and J. H. Self were slightly injured and had their clothes ruined.

The first full-time pastor was Rev. Paul J. Merrill. The church prospered under his ministry. He resigned to go to the World War, having stayed a year and a half. During the next three years there was a great crisis for the church. In the absence of a pastor, Mrs. R. L. Kincaid marshaled the forces of the faithful few with her fine leadership and kept the home fires burning. Rev. J. H. Hamblen, the Methodist pastor, gave valuable assistance to the church at this time.

For the next two years after the war, Rev. Huckleberry was district evangelist, living here and preaching occasionally. While he was here the roof was lowered and the cupola removed. J. Frank Montgomery was the next pastor, but only stayed a short time. Then Rev. E. M. Wheatley preached here eighteen months, dividing his time with Knox City. For the next ten months Rev. A. R. Caudle gave half of his time to the work here. After this the church has had full-time preachers. They are as follows: L. Guy Ament, one year; Rev. J. F. Powers, one year and Rev. R. O. Brewer, one month. The baptistry and the two Sunday School rooms were added during the ministry of Rev. Powers.

This brings the history of the church to the present time with Rev. John G. Clark as pastor. He has been with the local church since the early part of August.

Chillicothe

(Continued from Page 1)

licothe and Ernest Patton caught the ball on the 34 yard line. Crowell made a nice drive down the field. The rest of the half was made up by exceptionally long runs by the Creighton brothers and Hughes and frequent fumbling by both teams along with intercepted passes. Hughes' return of punts from the safety position also featured this period. The game ended with the ball in Chillicothe's possession on the Crowell 15 yard line.

Starting Line-up		CHILICOTHE	
CROWELL	Price	CROWELL	Price
Patton	Left End	W. Ramsey	
Horn	Left Tackle	Wiginton	
Burrow	Left Guard	Ayers

Ganns	Left Half	G. Creighton, C	
Oswalt	Right Half	Gramer	
	Full		

Substitutions: Crowell—Cooper for Cogdell; Middleton for Ganns; Ashford for Ganns; Ganns for Cooper; Wiginton for Ayers.

Mr. Bateman, principal of Quanah High School, was referee for the contest. William Bell of Crowell acted as umpire.

NOTICE TO CONTRACTORS

Sealed proposals addressed to J. E. Atcheson, County Judge of Foard County, will be received at the office of the County Judge until 10 a. m., November 25, and then publicly opened and read.

Description of Work to be Done Work consists of concrete paving with curb and gutter on Houston Street of the City of Crowell adjacent to the Court House. The approximate quantities of work are as follows:

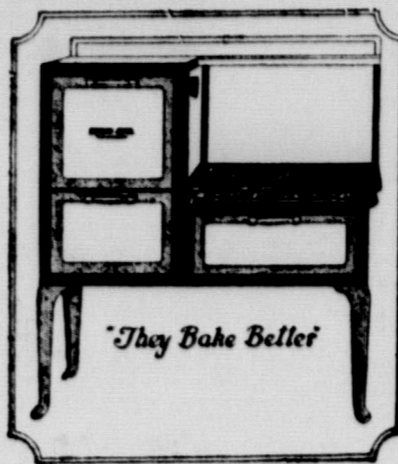

342 linear feet curb; 1704 square yards concrete pavement; 488 cubic yards excavation.

Proposals shall be accompanied with a certified or cashier's check for 5 per cent of the amount bid.

Plans and specifications may be seen and information obtained at the office of Byron Reese, County Engineer at Crowell.

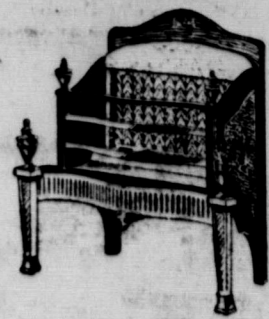

The County reserves the right to reject any and all bids and to waive all technicalities.

EVERYTHING FOR THE FARM AND HOME Hardware, Furniture, Implements Plumbing and Sheet Metal

Device That Measures Temperature of Moon

Modern observatories are equipped with instruments whereby the temperature of the moon can be measured. The temperature of the moon depends upon the amount of heat it receives, the amount it reflects, and its rate of radiation. It is easy to measure with some approximation the amount of heat the earth receives from the moon, but it is not easy to determine what part is reflected and what part radiated. When the moon passes into the earth's shadow so that the direct rays of the sun are cut off, then all the heat received from the moon is that radiated and this can be measured, and from the amount received and the rate at which it decreases as the eclipse continues, it is possible to determine approximately the rate at which the moon loses heat by radiation, and from this the temperature to which it has been raised. Observations show that the amount of heat received from the moon diminishes very rapidly after it passes into the earth's shadow. This indicates that its radiation is very rapid.

Short "Sob Story" of Two-Wheeled Tragedy

The flames shot upward; the smoke curled in clouds around the doomed building. Suddenly a young woman rushed up to one of the firemen. "Oh," she cried, "save it for me! Save it!" She pointed to a second floor window, and without a word the fireman rushed to do her bidding. "How old was it?" asked one of the bystanders. "Only a month!" sobbed the woman. "And look!"—as the figure of the fireman could be seen coming down the ladder again. "He has failed! He's coming back without it! Oh, what shall I do?" The fireman approached. "I'm sorry," he said, "but I could find no child." "Child?" cried the woman. "I said nothing about a child!" "Then—what was it?" they asked her. "It was my h-b-bicycle!" she sobbed. "I'd only had it a month—on the installment plan, too!"—London Tit-Bits.

If They Had to Try It

I am tired of hearing our clever young men and girls say they would rather be living in the Eighteenth century. Like children, they imagine they would all have been fine ladies and gentlemen, Horace Walpoles and the like. It is more likely they would have been Spitalfields weavers, grenadiers with the lash waiting for them, footmen and maids sleeping in dark holes, ragged and starved ushers, some of Squire Western's oafs and slatterns. A day of what was ordinary life to the average man or woman in the Eighteenth century would probably reduce them to screaming imbecility. No, we move on, in spite of all our stupid people—and our clever people.—London Saturday Review.

Be ready for the Showboat.

NOW ON DISPLAY!

The NEW Remington Portable

With Eight New Features

The world's most popular portable typewriter—the first with standard 4-row keyboard—now vastly improved with 8 new features . . .

- 1 A NEW STREAMLINE BODY—added beauty and even greater strength.
- 2 TYPE BARS ALWAYS IN WRITING POSITION—no raising or lowering.
- 3 PERFECT VISIBILITY—nothing between your eye and what you write—no shadow on your work at any time.
- 4 NEW CARRIAGE-RETURN LEVER—easier to operate.
- 5 NEW PAPER BAIL—holds paper tight to extreme bottom of page.
- 6 NEW CARRIAGE LOCK—protects machine from accident or misuse by others.
- 7 NEW MARGIN RELEASE—on the keyboard.
- 8

A PARAGRAPH KEY, brand new—makes neater work by indenting paragraphs uniformly—simple as a space bar but five times as fast—invaluable for tabulating. Added to this . . . smart new color combinations, and no increase in price. Come in and see it—try it—and ask about our payment plan.

THE IDEAL CHRISTMAS GIFT For the Student For the Home For Anyone

THE FOARD COUNTY NEWS

Solving the Grocery Problem

The problem of where and what to buy in food-stuffs is solved once and for all if you will depend on us for all of your groceries. We always have just the article you want and of the kind you want. There is no waste, no inferior merchandise and no dissatisfaction of any kind connected with our groceries. If for any reason you are not pleased, we will quickly and willingly make it right with you.

We handle only the highest quality merchandise, that which is conceded to be the very best.

On your next bill of groceries phone 148 and we will give you not only quality food-stuffs but also courteous treatment and quick service. You will find that we give the orders that are phoned in the same consideration and care as we do when you visit the store in person.

Be ready for the Showboat.

Orthoray heaters.—M. S. & Co.

W. Self made a business trip this week.

Our quilts for sale at Har-Variety.—Foard City W. M. S.

Paul Taylor of Leonard, Texas, visited Mrs. Sydney Miller here.

Some of our gas heaters, any radiators or radiants, they will give you.—Womack Bros.

Vandenbark of Dallas, chief engineer for the Freeman-Lindsley Street Co., was here on business.

Be ready for the Showboat.

Miss Ha Lovelady spent the weekend visiting in Haskell.

Fire Insurance on baled cotton.—Leo Spencer, Phone 283.

Wall paper, varnish, paste, canvas and tacks.—Womack Bros.

Mr. Stewart of Nocona visited in the home of E. J. Smith this week.

D. R. Magee and family visited Mrs. Magee's relatives in Matador Sunday and Monday.

The latest hits, the best old melodies on Okeh and Columbia records.—M. S. Henry & Co.

We need oil stoves, heaters, cook stoves, bedsteads and springs, as trade in on mattress work.—Ketchersid Furniture Co.

The Eureka vacuum cleaner has taken the World Fair prizes 7 consecutive times. The largest hotels in America use nothing else but Eureka vacuum cleaners.—Womack Bros.

Be ready for the Showboat.

Edison lite bulbs.—M. S. Henry & Co.

C. W. Steffey of Paducah was a business visitor here Tuesday.

Alladin lamp gives the light of ten on the oil of one.—M. S. Henry & Co.

Vaudie Tubbs of Clarksville has been employed as a mechanic for Self Motor Company.

Free! One new Victor record given for four old unbroken Victor records. But act now.—Womack Bros.

Miss Faye DeLong has returned to her home in Newcastle, Texas. She has been employed by R. B. Edwards Co.

Jimmy Cotten and family returned Tuesday night after spending Armistice Day in Van Alstyne visiting Mr. Cotten's relatives.

See the Monogram Circulator gas heater, the most beautiful, the most perfect, the most efficient, you can find.—Womack Bros.

Miss Lucille Kimsey returned to Wichita Falls Tuesday after a visit of a few days here with her parents, Mr. and Mrs. H. L. Kimsey.

Bailey White of Cleburne and Miss Mattie Tarpley of Matador were issued a marriage license at the county clerk's office this week.

Heat the entire house with Allen's Parlor Furnace. Heats the entire house with circulating heat, \$50.00 and \$75.00.—M. S. Henry & Co.

Haven't you got some second hand furniture to sell or trade? If so, see us and trade it to us on mattress work.—Ketchersid Furniture Co.

Misses Elizabeth O'Connell, Allison Self, and Corrine Haney and Joe Roberts, students in Texas Tech, returned here for Armistice Day.

The Monogram Circulator, full porcelain in walnut finish. Adjustable, heats the entire house with warm moist air.—Womack Bros.

Mr. and Mrs. J. H. Lanier spent last week visiting relatives in Austin, Llano and other points in that section. Llano is Mr. Lanier's boyhood home.

Mr. and Mrs. L. Sentiff returned last week to their home in Decatur, Ala., after a few days visit with their daughter, Mrs. H. Schindler, and husband.

Mrs. T. M. White left Monday for Austin for a visit with her sister, Mrs. R. M. Crockett. She has been here for several months with her daughter, Mrs. S. T. Crews.

At least 250 Crowell people attended the football game in Chillicothe Monday. It would have been practically impossible to secure the names of all making the trip.

Genuine Congolectum rugs and Quaker felt rugs, the very best that is on the American market, \$12.25; other good felt rugs as low as \$6.50 for 9x12.—Womack Bros.

You will not like to hear the alarm clock in the morning if you are sleeping on a Ketchersid-made mattress. See us for quality mattresses.—Ketchersid Furniture Co.

Mr. and Mrs. Sam Rosenthal spent Armistice Day in Plainview visiting Mr. Rosenthal's brother, Phil Rosenthal, and family. The latter's wife returned home with them for a visit.

Mrs. H. W. Cotner of Hollis, Oklahoma, is here visiting her parents, Mr. and Mrs. J. C. Thompson. Mr. Cotner left on a hunting trip in south Texas after visiting here for a short while.

Miss Barbara Cryer, teacher in the Crowell schools last year, and Paul Logan of Snyder, Scurry County agent, were visitors here Armistice Day. Miss Cryer is now a student in Texas Tech.

Mr. and Mrs. Beverly Roberts of Dallas spent last Sunday visiting in the home of Mr. and Mrs. A. Y. Beverly and other relatives and friends here. Mr. Roberts is a grandson of Joe W. Beverly.

Roper gas ranges: cast iron frames, cooking tops, fronts, legs and shelf, 44 years on the American market. Full porcelain inside and out, nothing any better. We guarantee satisfaction.—Womack Bros.

The Eureka cookers: gas cookers are the best being offered in Crowell, \$22.50 and \$25.00 installed, with high shelf. We have sold some 15 or 20 of these cookers and have not had a single complaint. We guarantee satisfaction.—Womack Bros.

Roscoe Brown arrived in Crowell Wednesday after visiting with his father for a few weeks in Manitou, Oklahoma. He will help look after the Rialto Theatre in the absence of the manager, T. B. Richmond, who is leaving on a hunting trip.

Mrs. Alma Ramey and son, Charles, of Alma, Oklahoma, arrived in Crowell last week. Mrs. Ramey is the mother of Mrs. O. O. Hollingsworth and is planning to make her home here. Charles Ramey will leave soon for Shawnee, Oklahoma.

Mr. and Mrs. E. W. Muse and Miss Leona Young, all of Dallas, returned to their homes Monday. Mr. and Mrs. Muse were guests in the home of Mr. and Mrs. S. J. Ferguson and Miss Young visited in the home of her sister, Mrs. N. J. Roberts. They were here for the home-coming day of the Christian Church.

Be ready for the Showboat.

Fire Insurance on baled cotton.—Leo Spencer, Phone 283.

W. F. Ladd of Vernon is here this week looking after the interests of the Vernon Mutual Aid Association.

Mr. and Mrs. Jimmie Doolen and small son, Jimmie, Jr., spent Armistice Day in Mangum, Okla., visiting relatives.

Let us tell you how you can get one Victor record free for four old scratched (unbroken) Victor records.—Womack Bros.

Mr. and Mrs. Ernest Flowers and children went to Lorenzo today for a visit with Mrs. Flower's sister, Mrs. Greek Davis, and family.

J. V. G. Anderson of Weatherford, professor of Bible in Weatherford College, visited his brother-in-law, M. M. Hart, Jr., here last week.

The latest in window shades! Colors for individual rooms as you would have them with same color for outside of house. It's new. It's here for you.—Womack Bros.

Buck's gas range: with broiler in a drawer, for \$85.00 is a splendid value, and nothing else like the broiler. You will want it if you see it. We guarantee satisfaction.—Womack Bros.

Edwin Greening has returned to Crowell after spending several weeks in the employment of the engineering force of the State Highway Department in Dallas. He has accepted a similar position here under Byron Reese, resident engineer.

MERCHANTS—NOTICE!

We can supply you with any type of Christmas greeting that you wish and at a price that will be satisfactory.

Whether you want a special card or Christmas stationery, we can supply you.

PLACING RESPONSIBILITY

"Who is responsible?" When anything goes wrong or is neglected, this is generally the first question asked.

It never occurs to the questioner that it may be he or she who is responsible—that responsibility may be traced to his or her own doorstep.

It may not be direct responsibility. The causes leading up to the trouble are due to neglect, which is often more dangerous than positive acts.

Those who ask this common question never search their own deeds or misdeeds, or even negligence. They never realize that they may be responsible because they failed to warn in advance against the danger that lay ahead.

A citizen's duty does not end with the election of public officials. Having elected them, it is incumbent upon all who are interested in the welfare of the community and its people to consult, advise and co-operate with them, to the end that they may have all the information possible as a basis for their public acts.

We may expect children to cry over spilled milk, but never people who have reached mature years. If the warning is seen and not acted on, then there is nothing to do except take the medicine in whatever doses the directions say.

The most lasting thing about the modern dress of the fair sex, is the bill. Its style never changes.

A knocker is useful only on a front door, and even then it may be used too much.

What has become of the money that you saved on coal during the summer months?

NEWSPAPER BARGAINS

Don't forget this: When your subscription to the Fort Worth Star-Telegram, the Wichita Record-News or the Wichita Daily Times expires, you can get either one of these daily papers cheaper by taking it with the Foard County News, than by subscribing for them separately. This is a year that everybody needs to save all they can and we are putting forth an effort to help you save on your newspapers.

Our clubbing offer on either one of the above dailies and the News are as follows:

Star-Telegram and News, one year \$8.20
Wichita Daily Times and News, one year \$5.50
Wichita Record-News and F. C. News, one year \$5.50
Dallas Morning News and Foard County News, for one year \$8.00

So far no statistics are available, but it is a good guess that every ant in the country enjoyed at least one good picnic during the season just closed.

Room 205 Waggoner Bank Bldg., Vernon Texas

Our store is full of brand new merchandise: bed room, living room, dining room and breakfast room furniture; rugs, chairs and rockers; mirrors, pictures, tables, and telephone stands.—Womack Bros.

Be ready for the Showboat.

Amber is the fossil resin of pine trees.

MOVIES

Mon. and Tues.—
A Metro-Goldwyn-Mayer picture.

"SINGLE STANDARD" with

GRETA GARBO

Please note: That this picture ran in all Paramount DeLuxe Houses ahead of Paramount's best pictures. Paramount thought it better than any they had, so it must be good.

Fox News and comedy with this picture also.

Wed. and Thurs.—
A Metro-Goldwyn-Mayer picture.

"THE THIRTEENTH CHAIR"

A Ted Browning production. Ted Browning directs all of Lon Chaney's pictures and that should be enough to prove this a good attraction. Mary Forbes and Holmes Herbert play the leading roles in this picture. A real mystery drama.

Also two reels of real funny comedy.

Friday—
A Metro-Goldwyn-Mayer picture.

"SPEEDWAY" played by

WILLIAM HAINES

This picture is directed by the same man that made "The Flying Fleet." Everybody knows that when Harry Beaumont directs a picture it carries off the Blue Ribbon. We also wish to add that Byron Morgan wrote "The Flying Fleet," and also wrote the story for "Speedway." May we remind you that on this Friday night you may see the last chapter of "The Pirates of Panama." A new serial starts on December 6th. Keep your eyes open for that date.

Saturday—
A Universal Western picture shown only on Saturday night.

Saturday afternoon the show will be "Speedway."

Saturday night see

TED WELLS in

"THE TIP OFF"

Fox News reel and comedy.

A Classified Ad Will Do It

It is a fact, the classified column in the Foard County News furnishes the simplest, most economical and absolutely the best method for the people of this section to dispose of various items, to secure what they want, to rent a room, to recover lost items, and accomplish other results too numerous to mention.

MRS. HOUSEWIFE—Maybe you have a spare room to rent, or a piece of furniture to dispose of, or possible you want boarders. If so try a classified ad for results. We have had a number of strangers to call at our office recently to look over the classified section in regard to rooms and residences.

MR FARMER—Possibly you would like to sell some live-yeow you may have an implement you do not need. A small amount stock, or maybe buy some, and spent on a little classified ad can easily bring you a neat profit.

TO THE GENERAL PUBLIC—If you wish to employ, if you wish to recover a lost animal, or just anything you wish to express, remember that a CLASSIFIED AD in the News furnishes your best chance for results.

Classified Ads

PHONE 43

If you have anything to sell, or want to buy or exchange something, a classified in the News will do it for you.

Rates are 10c per line, six words making a line, minimum charge for an ad one time is 25c.

CHURCHES

Christian Science

Sunday, 11 A. M., Subject for Sunday, November 17, "Mortals and Immortals."

Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

The Christian Church

We had a wonderful day at the Christian Church last Sunday. Although the attendance that we expected was cut down somewhat on account of the condition of the roads, we had a very fine crowd. We certainly appreciate the fine spirit of co-operation on the part of our members. If you were not there last Sunday, you certainly missed something. The day was filled with a spirit of love and fellowship, which was enjoyed by all. We are very glad to have so many old members and friends of the church enjoy this fellowship. We certainly appreciate the use of Mr. C. C. McLaughlin's building where the meals were served. We trust that we shall be able to repeat this home-coming service at a more favorable time when all members of the church will be able to participate.

Next Sunday we expect everyone who were absent last Sunday and all who were there to be present at Sunday School at 9:45. Let's just see how many we can have of that 152 members present. Morning worship at 11 o'clock. Christian Endeavor at the Christian Church at 6:15. There will be no night service on account of the Baptist meeting. All are urged to go.

The Union Thanksgiving service will be held at the Christian Church this year. Bro. W. W. Smith, of the Baptist Church, will preach the Thanksgiving sermon. Please plan now to attend this service.

Senior League

Quotable Poetry—Jewett Mullins.

M. E. MISSIONARY SOCIETY

In observance of the Week of Prayer, as set apart by the Woman's Missionary Council, the women of the society met at the church on the afternoons of November 3, 4, 5, and 6 in a prayer service and splendid missionary programs were given under the leadership of Mrs. Sara Bell, Mrs. W. H. Bell and Mrs. Jack Brian. The offering that was taken at the meetings will be sent to the Retirement and Relief Fund to be used for the benefit of our missionaries who are sick or retired. In the future this fund will be known as the Maria Laying Gibson Foundation in honor of Miss Gibson who was the founder of the Scarrett Bible and Training School in Kansas City, Mo., in 1892 and was principal of this school for 25 years. Miss Gibson passed away in 1927. The school is now located in Nashville, Tenn., and is known as Scarritt College for Christian Workers.—Publ. Supt.

Just about the time you think that you are going to make both ends meet, along comes somebody and moves the ends farther apart.

MARGARET W. M. S.

The Woman's Missionary Society of the Margaret M. E. Church met on November 4, in a business session at the church. The following officers were elected: Mrs. George Wesley, president; Mrs. Ray Hysinger, vice-president; Mrs. John L. Hunter, Jr., corresponding secretary; Mrs. Roy Ayers, recording secretary; Mrs. Arthur Bell, local treasurer; Mrs. J. H. Ayers, supt. young people's work; Mrs. Luther Tamplin, supt. of children's work; Mrs. Melvin Moore, supt. of publicity; Mrs. O. E. Hase, supt. of study; Mrs. A. A. Wise, supt. of social service; Mrs. Leo Owens, supt. of supplies; Mrs. W. T. Dunn, supt. of local work.

Plans for the annual bazar were discussed. We agreed to serve chicken dinner and sell pies and cakes in connection with the bazar which is to be held Saturday, November 23.

The following program was rendered Monday, November 11th, in observance of the Week of Prayer:

Mrs. J. H. Ayers read a scripture lesson on the Love and Goodness of God. An interesting paper on the Prayer of God was read by Mrs. J. L. Hunter, Jr., Mrs. W. T. Dunn read a scripture lesson from Luke. Mrs. Melvin Moore read an article on Finding God through Human Fellowship. The purpose of the week of Prayer offering was explained by Mrs. O. B. Annis. In conclusion Mrs. Roy Ayers paid a beautiful tribute to the memory of Maria Laying Gibson who was principal of the Scarrett Bible and Training School for 30 years.—Contributed.

FOARD CITY W. M. S.

The Foard City W. M. S. met November 11, with a number of members present for the purpose of electing new officers for the following year.

The officers elected were Mrs. R. E. Sparks, president, re-elected; Mrs. O. D. Rader, sec.-treas., re-elected; Mrs. G. M. Canup, vice-president; Mrs. Claude Callaway, second vice-president, re-elected; Mrs. Will Ferguson, reporter, re-elected.

The society was dismissed by Mrs. Claude Callaway to meet November 25, with Mrs. T. F. Welch as leader.—Reporter.

OLD FASHIONED MUGS

It has not been many moons since one corner of any barber shop was taken up with a case of mugs, hand-some shaving mugs owned by customers of the shop, who preferred to have the barber use it instead of the public shaving mug.

These mugs, once the pride of many a man, with glorious gilt scrolls and lettered names, have disappeared. Few barber shops today maintain such a department, and those that do seldom use the mugs that were once so popular.

The safety razor, which has done so much to change the face of civilization, may have something to do with it. But the barber bluntly explains: "It used to be that every customer had to have his own mug, or he thought he would get the barber's itch. Now they don't have mugs, and there isn't any more itch than there ever was. Sanitary conditions now are improved, though."

Indeed they are! Especially since women invaded the barber shops. Our civilization is built mainly on sanitation.

DOOMED

A storm of public opinion now brewing may sweep the unsightly billboard or advertising sign from the roadside of main thoroughfares in this country. Up to this time they have been multiplying in numbers, but there are indications that the public is soon to register a protest that will go far to abolition of these eyesores and vision breakers.

The roadside signboard has a certain advertising value and the public neither envies the advertiser his profit nor does it desire to deprive the advertiser of any business advantage, but the highways are primarily for the benefit and pleasure of the people and the advertising sign detracts from those benefits and pleasures.

Motorists find the poster-board obnoxious for the three reasons that it mars the landscape, obstructs the views of the scenery and creates a traffic hazard by interference with the vision of the driver. All are sufficiently valid reasons why the advertising sign should be prohibited along the main highways.

In the early days of the automobile the roadside poster-board was limited to circus posters on barn broadsides and motorists never dreamed of them as a future problem of highway administration. Public opinion then could not have been molded against the signboard. Today it is molding itself and may strike any time.

When the advertiser finds that his signboards are distasteful to the public he will not wait, if he is wise, until the passage of legislation before he removes them.

NOT AN ESSENTIAL

An organization at Washington puts out the information that only 1 per cent of the 40,000,000 workers of the United States earn as much as \$4,000 a year. The remaining 99 per cent earn less than \$4,000 a year.

Four per cent of the total workers would be 1,600,000, practically all men. Inasmuch as two-thirds of the workers are men, it would mean that between 5 and 6 per cent of them earn \$4,000 a year. But why select \$4,000 as the dividing line? We know hundreds of men who make less than \$4,000 a year who own automobiles, own their homes, send their children to college, take long trips and enjoy life as much or more than many other men who have incomes very much in excess of \$4,000 a year.

An income of \$4,000 a year is not at all essential to happiness or to comfort these days when all members of the family obtain employment as soon as they are out of high school, or before. It does not require that much to live well, to dress well, to own a home and an automobile, to take trips and to enjoy one's self socially. That fact is demonstrated every day by the hundreds of the best families in every community that thoroughly enjoy life on much less than the \$4,000 income than some idle dreamer has set up as a standard.

AN EXTRA DIVIDEND

The directors of the American Tobacco Company have announced an extra cash dividend on each share of common stock, because of the enormous sales growth of Lucy Strike cigarettes.

This dividend is in addition to the regular quarterly dividend also voted. Behind this announcement there is something that registered a high compliment for advertising. The agency that places the advertising for the cigarettes declare "this forward step without question registers emphatic achievement for American newspaper advertising."

The extra dividend was made possible because the sales increased. If advertising of a popular brand of cigarettes can make an extra dividend possible, it shows clearly that their way, but this will not be so with the tobacco company. Dividends in any business are measured by success, and the best known inducement for more business, is advertising.

It is needless to say that because the sales increased, the American Tobacco company will enter even into a larger advertising campaign. Many business concerns are content to go on as usual when business comes their way, but this will not be so with the tobacco company. Dividends in any business are measured by success, and the best known inducement for more business, is advertising.

FOREIGN TRAVEL

Department of commerce esti-
mated during the summer and
autumn months that Americans
spent \$800,000,000 in
foreign travel. The record for the
year is all figures galley west,
where.

turn to its prewar level or at most
show little advance over it.
In the eleventh year following the
armistice there is no indication that
interests of Americans in European
travel will decline. The work of re-
construction has been carried for-
ward so far that few distinctive war
marks can now be observed in Eu-
rope, but the movement of tourists in
that direction seems now to be heav-
ier than ever.

For several years following the
armistice the low European exchange
quotations apparently served to stim-
ulate foreign travel. The impression
was rather widely held here that de-
preciated currencies made for low
travel costs. However that may be,
the stabilization of most of the for-
eign currencies has not affected the
American demand for steamship
tickets. If there is a saturation point
there it would appear like that of the
automobile industry, to be far remov-
ed.

Why buy orphan portable phono-
graphs when you can buy genuine
Victors, Brunswicks, Columbias and
Polk Concerts from \$19.50 to \$50.00?
Victor \$25.00 and \$35.00; Brun-
swick \$19.50 and \$37.50; Columbia
\$19.50; Polk Concert \$25.00, Junior
\$19.50. Everyone of them guaran-
teed.—Womack Bros.

The medieval philosopher, Roger
Bacon, worked out the principal of
the microscope.

A geologist points out that the

tic spring.

Few of us would believe our eyes
if we saw ourselves as others see us.

WHAT'S DOING
IN WEST TEXAS

(By West Texas Cham. of Com.)

The Stamford chamber of com-
merce will be host at a luncheon for
the directors of the West Texas
Chamber of Commerce when they
convene here November 9th. The
purpose of this meeting will be to
elect a manager for the regional or-
ganization for the ensuing year, and
to discuss matters of vital importance
to the western section of Texas.

Archer City is getting things in
readiness for one of the most elab-
orate public entertainments ever held
in that city. This will be in the form
of a "Jubilee" Rodeo. The rodeo
grounds have been arranged with
pens, seats and full connection light-
ing system, which will make the
grounds well illuminated during the
night performance.

The Hale Center American reports
that even though the wheat crop last
year was considered unusually good,
the prospects for a bumper crop are
more promising now than for several
years. It is estimated that practical-
ly 95 per cent of the wheat has been
sown, and most of this is already up.
The favorable weather which has pre-
vailed in this section recently has
brought this verdict of "perfect"
from the wheat growers.

Brady—The Ginner's report for
McCulloch County shows a steady
lead over ginnings at the same time
last year. On October 18th, 1929,
records show 18,587 bales ginned,
while on the same date last year
there had been only 15,947 bales
ginned.

Fort Stockton—Work on the Fort
Stockton aviation field will begin at
once. This motion was authorized
at a recent meeting of the local
Lion's club, who is sponsoring this
move. The selected ground is level
and free from all obstructions that
would make it hazardous for planes
to land or take off, and as soon as
the contemplated improvements are
made, the citizens of Fort Stockton
will have reason enough to feel that
they have one of the most ideal land-
ing fields in this section.

Presidio—The cattle importations
from Old Mexico, through the port of
Presidio, began this week when 1,000
head were crossed to the American
side over the International bridge
here. More than twelve thousand head
of cattle entered this country last
year through this port and it is esti-
mated that there will be more than
15,000 head imported this year, due
to a more stable condition in Mexico.
In view of the shipping facilities af-
forded at Presidio, it is expected that
within a short time this port will
handle more cattle than any other
port along the Mexican border.

San Angelo farmers and business
men have launched a cotton seed
standardization program for Tom
Green County. The advantages of
growing a cotton of uniform staple,
length and characteristics were
stressed at a meeting held recently,
and a committee from the Co-opera-
tive Gin and Supply Company was ap-
pointed to select the type of seed to
be planted.

Loraine—Included in the Loraine
Diversified Farming Exhibit and
Poultry Show were a flower show,
farm and merchant exhibits, and a
poultry and rabbit show. One of the
diversified farming exhibits was a
hog guessing contest. The hogs
were six months and two days old on
the first day of the exhibit, and they
were fed a balanced ration of ground
threshed maize and a protein supple-
ment in a self feeder. Much interest
was created in this contest, and a
prize was given the first person
guessing the correct weight of the
hogs on the second afternoon of the
exhibit.

Bowie—The annual meeting and
turkey banquet of the Bowie Cham-
ber of Commerce was attended by
the largest crowd ever assembled up-
on an occasion of this kind. Among
the out-of-town sneakers were: Amon
G. Carter, Fort Worth; Luther Hoff-
man of Wichita Falls; and Homer D.
Wade, Mgr. of Dallas Chamber of
Commerce.

TURKEYS IN INCREASE

Lovers of turkeys for the Thank-
sgiving Day dinner will read with
pleasure that the turkey crop this
year is excellent, and a larger pro-
duction exists than last year. This
word comes from the department of
agriculture, which states that the
production is increased nine per cent
over last year.

The increase is noted in all of the
leading states that raise turkeys, but
the largest increases are in the eastern
and southeastern states.

The bulletin from the department
does not make any attempt to esti-
mate the price for Thanksgiving tur-
keys, but the history of these things
usually reveals that the price is not
regulated by the production but by
the appetite.

Weather conditions were fairly
favorable for turkey raising over
most of the country this year, and the
adoption of better methods of hand-
ling turkeys and the commercial
hatching and sale of young poults are
in large part credited with the in-
creased production. The condition
of the young turkeys a few weeks ago
as reported by growers was about
average for that date, and the reports
indicate a disposition in some states
to push the finishing of the birds so
as to have a larger than usual propor-
tion ready for Thanksgiving. In some
areas, a feed shortage and high prices
of feeds may also tend to hasten
marketing, the bureau says.

The small stores in Japan are feel-
ing the crushing effects of the de-
partment store competition.

Charcoal is the chief fuel in Mex-
ican homes.

Never Expected to See
Well Days Again

Orgatone Has Filled Me with New
Life and Energy, Suffered 13
Years," Says Lubbock
Man

"A year ago I didn't think that I
would be a well man again, but Or-
gatone has put new life in me and I
feel so good I'd like to give this state-
ment for my gratification," was the
statement made by C. L. Karr, of
rural route 3, Lubbock, Texas, while
talking with the Orgatone Representa-
tive recently.

"I suffered for thirteen years," he
went on, "with a very severe case of
stomach trouble. In spite of every-
thing I did I kept getting worse. Gas
would form in my stomach and cause
severe headaches and sharp shooting
pains in my back that would almost
drive me distracted. At times I was
extremely nervous and hardly got
enough sleep.

"After every meal I would just be
in agony for hours afterward. When
this gas formed on my stomach, it
would cause shortness of breath and
heart would palpitate very fast, until
I thought I had heart trouble. I suf-
fered from liver and kidney trouble,
which caused intense pain in my sides
and back. At times, to tell you the
truth I did not care whether I lived
or not, my suffering was so severe,
and I know if I didn't get something
I wouldn't live much longer.

"A friend recommended Orgatone
to me, and since taking it, I feel like
a new person. It has done me a won-
derful amount of good. My nerves
are perfectly steady like when I was
a boy, and I am feeling more like my
old self again. I feel lively and en-
ergetic and want to be stirring about
and doing things. I eat anything I
want, and sleep fine every night. All
of my old troubles are gone. Orga-
tone has certainly saved me a lot and
I am glad to recommend it every
chance I get."

Genuine Orgatone may be bought
in Crowell at the Reeder Drug Store.

A CAKE OF SOAP

Public sanitation has great vic-
tories to its credit in the control and
prevention of disease, and strides
along these lines have been made in
rapid manner within the last few
years.

Beliefs in charms and magic have
disappeared, and science is produc-
ing more wonderful gifts for the
modern world. Cleanliness and san-
itation is a health program sponsored
in our public schools, and the most
important tool used is the small, ev-
ery day piece of soap.

Thanksgiving
November 28th

Oh Boy! What a KICK
you will get out of see-
ing yourself dressed up
in a Made-to-Measure
suit or overcoat.

We have the pattern you want and the
style you prefer. Look them over and be con-
vinced.

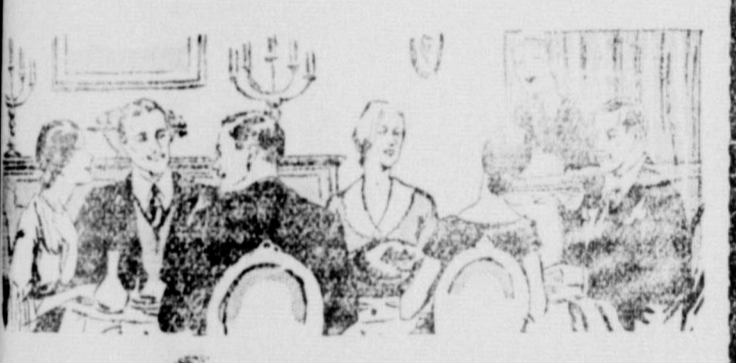

And the PRICES—they will surprise you—
so remarkably low.

SOCIETY

EXPRESSION RECITAL

Miss Francine Mae Curtis, expression teacher of the Crowell schools, will present her pupils in an expression recital at the high school auditorium Monday night, November 18th.

A varied program of all types of readings will be given, according to Miss Curtis.

SWASTIKA CLUB

Mrs. Earl Norman was hostess to the Swastika Club on Oct. 24. Mrs. Carl Hensley won high score and Mrs. John McAnear, second, in bridge. Refreshments were served to members and the following guests: Mesdames Ralph Bell, Bob Hudson, Glynn Shults, Sydney Miller, Carl Hensley, R. L. Kincaid and Eula Lemons.

On November 7, the club met with Mrs. B. T. O'Connell. Mrs. O. O. Hollingsworth and Mrs. M. O'Connell were winner of first and second place, respectively, in bridge. Refreshments were served to members and to Mrs. Leonard Male and Mrs. R. L. Kincaid, guests.—Reporter.

MARGARET W. M. U.

The Margaret W. M. U. met November 11, with Mrs. Curtis Bradford, president, presiding. Devotional was led by Mrs. Walter Murphy.

Our program, which was in keeping with Armistic Day, included patriotic songs, talks from the members, and silent prayer for those who gave their lives in the World War.

The hour of meeting was changed to 2 p. m. The next program will be from "Royal Service," with Mrs. W. L. Smith as leader.

Let ever one come, as these programs are beneficial.—Reporter.

THE TIME TO TRAVEL

If you are going on an automobile trip and want to avoid all possible traffic you should go on Tuesday or Wednesday. Such is the conclusion reached from a study of a traffic census taken recently by the bureau of Public Roads, United States Department of Agriculture, on one of the most traveled roads in the United States. If you want to go at an hour when there will be least traffic, start between 2 and 3 o'clock in the morning.

Traffic increases in amount steadily from Wednesday to Saturday, the census shows, and then jumps into big volume on Sunday. The volume on Sunday is about twice that on Tuesday or Wednesday. On Monday there is a decided drop from the Sunday figures and on Tuesday the lowest ebb is reached.

There is less traffic on the roads between 2 and 3 o'clock in the morning than at any time of day. From 3 o'clock to 5 there is a slight increase and then a steady climb until 1. Between 2 and 3 the peak of the day is reached. After 3 o'clock traffic drops slightly until 7 when the decrease becomes more pronounced. By midnight traffic almost reaches its point.

Ninety per cent of the day's traffic, the census shows, rolls over the road between 7 a. m. and 9 p. m., and 52 per cent between 1 p. m. and 8 p. m.

There is really nothing the matter with the rising generation, once it gets up in the morning.

The course of life in the present generation is mostly a race course.

Swedish Vikings Not

Only Great Fighters

The Swedish Viking was not merely a feared raider. He was also a businesslike trader. This fact has been demonstrated by archeological discoveries, and Swedish scientists have concluded that while the written sagas lay greater emphasis on the warlike exploits, the unwritten record dug up from beneath the ground presents a better-balanced picture. In other words, the Viking has been a victim of contemporary yellow journalism on the part of the "skalds" or minstrels. The more sober modern scientists have set out to right the balance.

Even in the Bronze age, long before the Viking era, Sweden had an active foreign trade, the archeological finds disclose, so that the traditions of regular Swedish imports and exports are at least 3,500 years old. Ancient implements, weapons, coins and pottery found in Sweden prove that the inhabitants entertained trade relations with their neighbors on the European continent as early as 6,000 years ago.

These relations attained their heyday about 1500 to 1300 B. C. The art, ornaments, designs and habits of the Mediterranean people strongly influenced the Swedes, through the latter developed them into an independent and national Swedish culture.—Exchange.

Prince in India Has Little Time for Play

The child who happens to be born a prince in India has a very serious child life ahead of him. He is not allowed to play with any other children because of his rank, and the matter of his playing is greatly restricted, as he is not allowed to do anything which might possibly result in an accident to him. He is constantly watched and always dressed in keeping with his rank. There are a million things he must not do and very few things that, in a way of diversion, are allowed. Everything in the way of a boyish romp is prohibited. When he sits down to his meals he is fed by two attendants, who arrange morsels of food and place them in his mouth. If he gets sick he is watched by a dozen women who have various duties to perform in the room, but who are constantly present. If he has a fever, two young girls are employed constantly in brushing his feet with branches of a certain plant, which operation is said to have curative qualities.

Distance of Horizon

The actual distance of the horizon depends upon the height above sea level of the eyes of the observer. The horizon is always as far away as one can see. The higher one goes up from a given point the greater the distance of the horizon. The observer looking out over the land or sea from a high place can see more of the earth's round surface before the curve of the surface takes things beyond the range of vision. If one stands on a cliff 100 feet high at the seashore and looks toward a point where a ship is coming toward the shore, the ship can be seen much sooner than if standing at sea level. In exact words, one sees actually more of the earth's surface the higher up one is because, with the increase of elevation, one's position in relation to the curvature of the earth's surface changes.

Be ready for the Showboat.

"THE HOME OF SPLINTERS"

Dear Friends:

The recent cold spell reminds us that winter is here and to a great many of us it has found that job of repairing our houses and barns, to make them more comfortable, yet not done. Well it is not too late to SHEET ROCK that room, or the whole house, it will surprise you how much warmer it will make the home and how cheaply it can be done too. Come in and let us show you SHEET ROCK and tell you what your job will cost you.

Merchant: "What's the matter?"

Salesman: "I have a terrible toothache and want something to cure it."

Merchant: "You need no medicine. I had a toothache the other night, and when my wife kissed me the pain passed at once. Why don't you try that?"

Salesman: "I think I will. Is your wife at home now?"

Building paper in three colors. When in need of building paper call on us.

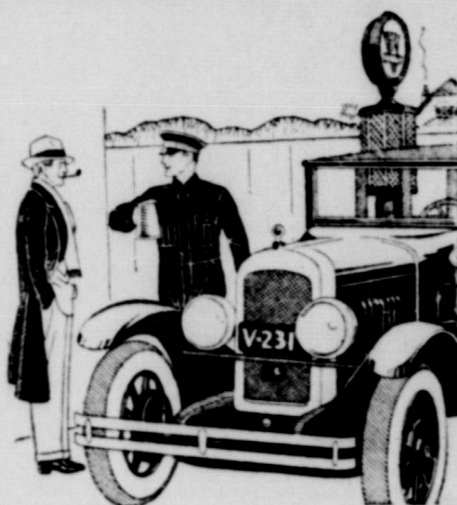

Got a good coal heater for sale—call and see it. It's a bargain.

Plenty of coal on hand, both nut and lump.

Yours truly,

SPLINTERS.

RIGHT KIND OF SERVICE

Our customers have the satisfaction of knowing that they always receive the right kind of car service.

They know that we see to the little details that are often overlooked.

Try us and you will find that there is a difference in filling station service.

JOHNSON SERVICE STATION

ORIGIN OF TURKEY

The approach of Christmas day never fails to renew controversy as to the origin of that prince of table fowls, the turkey. Although it is said to be a well established fact that the turkey is native to the western hemisphere, and was carried by the Spaniards from Mexico to Europe, the claim has been made repeatedly that the bird is of Asiatic origin. It is argued that in the sixteenth century English it was called "the hen of Turkey" and sometimes even "the hen of Asia." The fact is cited that the French word for turkey "dindon" is also written "poule d'inde (hen of India), and in Germany and Holland it has even been called the "hen of Calcutta."

In view of the fascination which Asia held over the minds of Euro-

peans 400 years ago, it is not surprising that this choice delicacy of table was given an Asiatic origin, though people were then aware that the Americans were not part of the Indies, the name "Indian" as applied to the American aborigines became as firmly fixed as the word "turkey." This has not affected the ethnology of our red men any more than the various European names of the great American bird have changed its place of origin.

To the Spaniards belongs the credit of having introduced the domestic species, which, after extensive breeding, was brought back to this country and now outrivals the wild turkey taste and delicacy.

Colleges may not teach girls much but you can ask any of them and they will tell you that two and two make a bridge game.
