H. S. Football Team Lost Game to Team of Seniors

Crowell High School football team scrimmaged a team of seniors on Tuesday afternoon and lost the game by the score of 7-0. The seniors scored on the first kickoff when Johnnie Mitchell ran the ball back five yards. R. L. Ballard kicked the extra point over that put out to be the margin of the game.

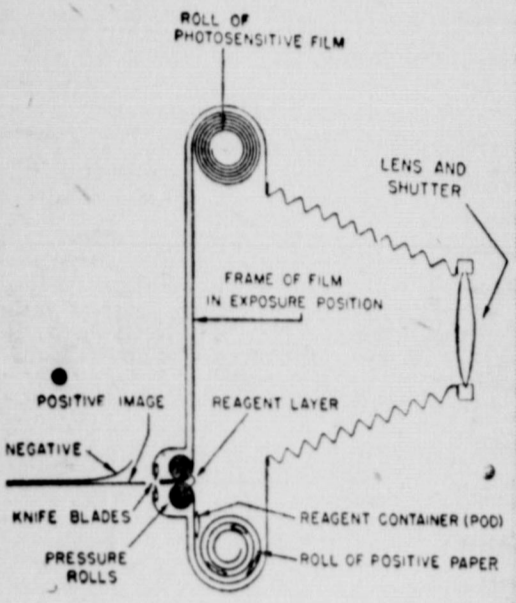

The 1947 team scored its touchdowns in the third quarter when "Smookey" Todd intercepted Ballard's passes and romped twenty yards for the counter. Borchardt and Bobby Bond made some good down-field running for Todd on this play.

Thomas "Ham" Tamplin and Wilkins looked good as line men on the defense. Grover and Ray Black excelled on the line for the '47 team. Dal "Butch" Biggerstaff was rath-er accurate in his passing, com-pleting eight out of twelve tries.

Frank Mitchell and R. L. Ballard were the offensive threats to the seniors. Larry Wood, R. Chagal and Mitchell looked best on the defense for the seniors. Ed Thomas and Joe Ma-ade several nice pass catches for the upper classmen.

Arvin Brisco, Fred Glover, Hill Taylor, Clifford Orr, J. Bailey and James Weathers were the '47 boys who played in the scrimmage. R. E. Johnson, Thomson, C. D. Camp, Ed Thomas, Joe Mason, Lar-wood, R. L. Ballard, J. Bart, John Frank Mitchell, R. C. Chagal and Billy Roy Cooper were used by the seniors.

These same teams will scrim-mage again next Tuesday after-noon.

CAMERA DELIVERS FINISHED PHOTO IN ONE MINUTE . . . Edwin H. Land, New York City, shows a positive print and negative just taken from the new camera that delivers a finished print in just 60 seconds from the moment it is snapped. The camera itself is an orthodox one, the secret being in the attachment to the back, which can be adapted to any camera. The attachment accommodates a role of printing paper in addition to the regular film. As the film is wound to the next frame after exposure, film and printing paper are brought into contact. Between them is a tiny sealed container of developing and fixing chemical. Pressure of the roller breaks this container and spreads the chemical evenly on the paper. Development and fixing are complete in one minute.

Revival Services to Start at Baptist Church Sunday

A series of revival services will start at the First Baptist Church next Sunday and will continue until April 13th. Rev. N. B. Moon, pastor, will do the preaching and Bill Shearin of Hardin-Simmons University, will direct the singing.

Morning services will start at 10 o'clock and the evening services at 7:30 o'clock, according to announcement by officials of the church.

An invitation is extended to everybody to attend these services and hear good gospel preaching and good music.

Crowell High School's One-Act Play Entry Won 1st Place in Dist. Tourney at Wichita Falls; Chas. Ferguson, Director

Crowell High School won first place in the District one-act play tournament that was held at Hardin College of Wichita Falls last Thursday, March 20. The following six schools participated in the meet: Archer City, Holliday, Olney, Seymour, Saint Jo and Crowell. The Crowell cast presented "On Vengeance Heights." Olney High School won second place in the meet with "Command Performance" as its play.

The Crowell play was directed by Charles Ferguson, instructor in speech for Crowell High School. Montez Laquey of Crowell was judged the best girl performer of the tournament. Larry Wood received second place honors for the boys in the meet. The other two Crowell players were Norma Lou Short and Marion Bailey.

The Crowell cast will present this play at the regional meet that is to be held in Dallas or Denton some time in the latter part of April.

Church Attendance 46th Anniversary Campaign Aided by American Legion Jubilee Plans Now Being Pushed

The American Legion Post and Auxiliary of Crowell are sponsoring a campaign for Sunday School and Church attendance in the town and county in co-operation with the plan of the pastors to have a go-to-church month during April.

The Legion and Auxiliary campaign has designated the month of April as Child Welfare month with the theme, "The Whole Child," and the purpose, to assure care and protection to children of veterans of World War I and II and to improve conditions for all children. The goal is a square deal for every child.

Realizing that spiritual training is one of the essentials of the whole child's program and to his complete development, the child's church must bestir itself, if the whole child is to be reached and saved for peace and the proper growth of the child and the country.

Efforts to bring spiritual training to children without the sincere co-operation of parents will lead to little success. A sense of spiritual values should begin in the child's home.

One way in which the Gordon J. Ford Post and Auxiliary want to co-operate with the united church effort in order to stimulate a larger attendance at church services during the month of April follows: To have one member from each church be appointed to keep the attendance record in order to ascertain which church shows the largest per cent of gain during the month. The attendance of each Sunday's service will be printed each week during the month.

Bill Tysinger is Child Welfare chairman of the Legion and Mrs. Bob Whitaker is Child Welfare chairman of the American Legion Auxiliary. The attendance record keepers of the churches are asked to telephone the attendance each Monday to Mrs. Clyde Cobb, Telephone 38-J.

**Crowell Schools
to Observe Easter
Holidays April 4-7**

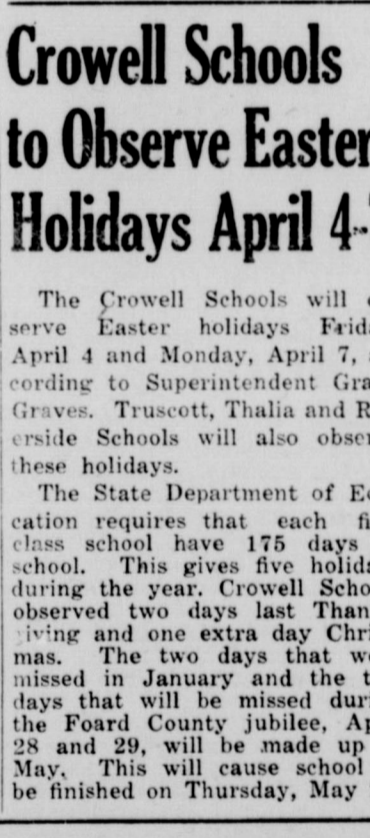

The Crowell Schools will observe Easter holidays Friday, April 4 and Monday, April 7, according to Superintendent Grady Graves. Truscott, Thalia and Riverside Schools will also observe these holidays.

The State Department of Education requires that each first class school have 175 days of school. This gives five holidays during the year. Crowell Schools observed two days last Thanksgiving and one extra day Christmas. The two days that were missed in January and the two days that will be missed during the Foard County jubilee, April 28 and 29, will be made up in May. This will cause school to be finished on Thursday, May 22.

Sheet Iron Building Under Construction for Henry Borchardt

A 50x80 foot sheet iron building is nearing completion for Henry Borchardt which will be used as a warehouse for J. L. Case farm machinery. The building is located south of the Borchardt Chevrolet Co. and faces the south on California Street.

The building is expected to be completed and ready to be used within a short time.

**Baptist Meeting to
be Held in Thalia**

An evangelistic meeting of one week's duration will be commenced at the Thalia Baptist Church on Sunday morning, April 6, and will continue through the week, closing on April 13.

Rev. R. E. Bradshaw of Bowie will do the preaching for the meeting. Evening services only will be held and everybody is invited to attend each service.

It is pretty generally agreed among news observers that there will be no flat 20 per cent reduction in income taxes by Congress. Most of the cuts will be made in the lower income tax paying group.

Demonstrations in Cleaning to Be Held by H. D. Clubs

If you were told to clean woodens with glue or to clean upholstery with glue or to clean woodens with glue or to clean upholstery with glue, you would probably wonder if you were "hearing" things, says Miss Elizabeth Elliott, home demonstration agent.

Kitchen leaders of home demonstration clubs were just as skeptical Thursday, March 27, when they met in the office of the County Home Demonstration Agent for a training school on cleaning with glue and dry suds. They were convinced "seeing is believing," however, after the demonstration. These leaders will in turn give a similar demonstration to their clubs in April. This leader training school is a part of the leadership expansion program being used in extension work this year to release the agent for a more varied program of work in the county to reach more people. Visitors will be welcome to attend regular home demonstration clubs to see the demonstrations given by leaders as well as the agent, and are invited to become members of a home demonstration club.

April club schedules for this cleaning demonstration are as follows:

Foard City, April 8; Good Creek, April 17; Gambleville, April 18; Margaret, April 11; Vivian, April 10, West Side, April 9.

Kitchen leaders attending the training school were as follows: Gambleville, Mrs. Milburn Carroll, Mrs. W. J. Garrett; Margaret, Mrs. R. H. Blevins, Mrs. C. F. Bradford; Vivian, Mrs. Maude Raspberry, Mrs. Clyde Bowley; West Side, Mrs. Martin O'Connell, Mrs. Pearl Kamstra.

Mrs. J. L. Kincheloe, kitchen demonstrator of the West Side Club, also attended. Demonstrators have the special privilege of attending all training meetings relative to home improvement.

Crowell Voters Elect Mayor and Three Aldermen

Two hundred and seventeen votes were cast in the city election Tuesday for mayor and W. H. (Brownie) Moyer led the race with 156 votes over his opponent, Clyde Cobb.

Three new aldermen were elected from the four names that were on the ticket. Paul Wallace received 167 votes, Richard Ballard 150, Ernest Weaver 161.

Jim Cook is retiring from the City Council after serving two years as mayor during which time the new city water system was secured which furnishes Crowell plenty of good water. Mr. Cook was not a candidate to succeed himself.

L. G. Andrews, who has served on the City Council for the past four years, was a candidate for re-election and was defeated by only a few votes.

Tuck Ingle Died at Farm Home on Friday, March 29

Funeral Services
Held at Margaret
Saturday Afternoon

W. (Tuck) Ingle passed away at his home near Margaret Friday, March 28, following an illness of several months.

Funeral services were held at the Methodist Church in Margaret Saturday afternoon at 2:30 o'clock with Rev. R. I. Hart of Vernon, a former pastor of the Margaret church, officiating. He was assisted by Rev. L. H. Taylor, present pastor of the church. A quartet composed of Mrs. Chas. W. Thompson, Mrs. Ray Hysinger, Chas. W. Thompson and E. A. Dunagan sang, "Farther Along" as a special number. Mrs. W. F. Pradford played piano accompaniment.

Pall bearers were Ray Hysinger, J. T. Tamplin, C. T. Murphy, Bill Bond, Clyde Sellers, W. F. Bradford, Clarence Ross and A. W. Owens. Flower bearers were Mrs. C. W. Ross, Mrs. C. F. Bradford, Mrs. Ray Hysinger, Mrs. C. T. Murphy, Mrs. S. Owens Sr., Mrs. Walter Hysinger, Mrs. O. C. Allen, Mrs. John L. Hunter Jr., Mrs. Claude Orr, Mrs. Ota Kenner and Mrs. Earnest Weaver.

Honorary pall bearers named were Dr. H. Clark, Charlie Thompson, Frank Meason, Curtis Bradford, T. F. Goodman, W. A. Dunn, Ed Dunn, A. Y. Beverly, Claude Orr, W. T. Blevins, T. L. Owens, R. H. Blevins, Joe Orr, W. H. Tamplin, John Hunter Sr., J. S. Owens Sr., Dewitt Edwards Sr., E. A. Dunagan and H. E. Black.

Interment was made in the Crowell cemetery, with the Womack Funeral Home directing.

Mr. Ingle was born in Carroll County, Tenn., on October 6, 1877. He was married to Ella Pruitt in Huntington, Tenn., on Feb. 27, 1901, and the couple came immediately to Ellis County, Texas. They arrived in Waxahachie on March 9, 1901, and moved to Foard County in 1905. Nine children were born to Mr. and Mrs. Ingle, two of whom have preceded their father in death.

Mr. Ingle was converted in young manhood but never united with any church, though his parents were Presbyterians. He was a good man, had many friends and was ever ready to befriend his fellowman. He had been in ill health for the past several years but always cheerful and optimistic.

Survivors include his widow, seven children, three sons and four daughters, and 10 grandchildren. The sons are Earl and Cecil Ingle of Margaret and Carl Ingle of Quanah; the daughters are Mrs. I. L. Denton of Crowell, Mrs. Lee Blevins of Quanah, Mrs. A. B. Owens and Mrs. W. J. Murphy of Margaret. Four brothers and three sisters also survive.

Out-of-town relatives and friends who attended funeral services were Mr. and Mrs. W. H. Sellers of Paducah; Mr. and Mrs. Fred Riethmayer, Mrs. J. S. Smith, Miss Ruby Smith and W. F. Hlaverty of Vernon; Mr. and Mrs. Walter Hysinger and son of Chillicothe; Mr. and Mrs. Herman Blevins and son of Fort Worth; Mr. and Mrs. Bill Sellers, Mr. and Mrs. Mack Bradford and sons, Mrs. Bertha Powers of Quanah; Mr. and Mrs. DeWitt Edwards Sr. of Lockett; Mr. and Mrs. DeWitt Edwards Jr. of Wichita Falls; Mr. and Mrs. W. T. Blevins, Mr. and Mrs. George Solomon and Mrs. G. H. Gillespie of Truscott.

Revival Meeting to Start April 6 at Foard City Church

A revival meeting will begin at Foard City Baptist Church on Sunday, April 6, and will continue through April 16, it was announced Saturday by Rev. E. Smith, pastor.

Angelist P. N. Tilden, who is leading a meeting for this church on Sunday, will do the preaching at this revival.

Evening services will be held at 7:45 p. m.

Lawrence Wilde Is AAA Officer

Lawrence Wilde of Munday recently assumed his duties as administrative officer for the AAA in Foard County and is now in the office of the local office in the court house.

ROTARY CLUB

Ben Bradford and grandson, Jimmie Hopkins, of Thalia visited his mother, Mrs. Sudie Brad-

Timely Advice to Summer Swimmers

Austin. — Some timely advice to vacationists concerning the proper precautions to be used in water sports now that swimming pools are open, was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

Vacation days are apt to include excursions and picnics at nearby lakes, rivers and ponds of unfamiliar depths and currents, and sometimes without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

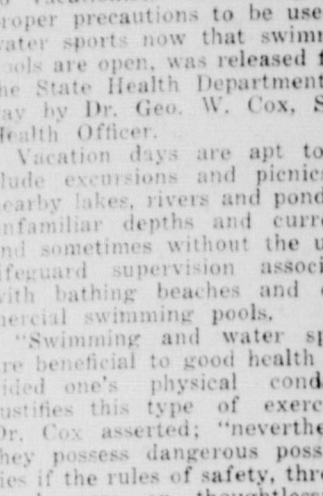

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety: when swimming, be alert and careful of unknown depths and currents; at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float, this is most important; never attempt to rock a boat in a spirit of fun, never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics and swim-

Paul, an apostle of Jesus Christ by the will of God, and Timotheus our brother. To the saints and faithful brethren in Christ which are at Colosse: Grace be unto you, and peace from God our Father and the Lord Jesus Christ.

A woman paragrapher puts it this way: Much as I would like to improve my appearance, I cannot risk using the soap recommended by a well known movie star in a well known magazine.

Now that the fighting is over and we have time to figure some of the costs, it is interesting to check up and contemplate our contribution to the war. Let it be believed that Russia won the war almost unaided as some seem to think. Following is a list of the aid supplied Russia in three years by the United States: 14,450 fighting planes, 3,800 bombers, 7,000 tanks, 3,200 armored scout cars, 2,200 ordnance service vehicles, 52,000 jeeps, 363,000 trucks, 35,000 motorcycles, 8,200 anti-aircraft guns, 135,000 sub-machine guns, 343,000 tons of explosives, 105 submarine chasers, 195 torpedo boats, 7,600 marine diesel engines, \$320,000,000 worth of machine tools, \$35,000,000 worth of metal cutting tools, \$43,000,000 worth of petroleum refining equipment, \$171,000,000 worth of electric generators, 2,688,000 tons of steel, to say nothing of millions of dollars worth of other materials, including entire railroads and hundreds of tons of food. All of this and more to a nation but for our aid would have been wiped out—a nation that appears to hate us today and to distrust every move or suggestion for peace that we make.

While most of the talk and thought about the atomic power is its application as a destructive agent in war there is at the same time a serious effort being made to develop the use of atomic power in industry. Two of the leading industries of the country have taken over the task of working out a means whereby atomic power can be used in a practical manner for the development of power in industry.

What We Think (By Frank Dixon)

For many years past it has been a common criticism of the Administration in power by those out of power, that the country was lacking in a foreign policy.

For the first time in my knowledge the matter of foreign policy has been brought out and laid on the table where everyone can see it, pick it over and approve of it or condemn it.

The clarification of this policy matter occurred the other day when President Truman in his address to Congress outlined the necessity of this country aiding the democratic nations of the world in establishing their own form of government in their own way without interference from this or any other nation in order that they might combat the tide of Communism that seeks to infiltrate all nations weakened and upset by the war.

President Truman spoke with special reference to Turkey and Greece two democratic nations, struggling to establish a stable democratic form of government within their borders, and against the infiltration of Communism from Russia. To assist in this work President Truman asked Congress for an appropriation of \$400,000,000.

The President pointed out that unless the hands of Turkey and Greece were strengthened they would be engulfed with Communism, and Russia, who makes no secret of her desire for expansion and world domination, would control the Mediterranean and India. The situation became a major crisis recently when Great Britain announced, because of financial reasons, her withdrawal from the Mediterranean. President Truman made it clear that it was up to the United States to assume the responsibility or permit Russia to do so. There is no other alternative.

The reason why we should become interested, the President pointed out, is that the existence of small independent democracies such as Turkey and Greece is vital to the cause of world peace. We have spent 40 billion dollars to fight a war, the President said, we cannot refuse one-tenth of one per cent of that investment to preserve world peace.

The pronouncement by the President, coming at the time it did, on the eve of the Moscow Conference, and while the Congress was in the midst of a debate over the reduction of income taxes, federal expenses, and balancing the budget, was the most momentous declaration that has been made before Congress since Pearl Harbor.

Singularly enough the plan is meeting with scant opposition both in and out of Congress. The clarity and the importance of the issue appeals to every one as a must.

We now have a foreign policy that we can see and understand, a policy that appeals to most people as sane, sound and sensible, and wholly in line with our program for world peace.

As it has been interpreted our interest in Turkey and Greece is not one of interference or exploitation. It is solely a matter of assisting them to set up in their own way a democratic form of government. On such a basis it should be a definite contribution to world peace.

HISTORY

Arbor Day: Arbor Day had its beginning in Nebraska on April 10, 1872. The day was designated and set apart for the planting of trees by a resolution passed by the Nebraska State Board of Agriculture. Because of the variations in the climate in the different states Arbor Day occurs early in the spring in the southern states and later in the more northern states. In the southern states it is observed in February, and it is observed in the northern states as late as May. Origin of the day is credited to J. Sterling Morton, a member of the Nebraska State Board of Agriculture. At that time Nebraska was a plains state, was lacking in trees. Mr. Morton believed that trees were necessary for wind breaks and as a means of conserving moisture in the soil. On the first Arbor Day 1,000,000 trees were planted in Nebraska. Within sixteen years some 600,000,000 trees had been planted, and within twenty years 100,000 acres of waste land had been reforested. For a number of years succeeding governors named the third Wednesday in April as Arbor Day. In 1885 the legislature fixed April 22 as Arbor Day in Nebraska. This is the anniversary of the birth of Mr. Morton. The Arbor Day Memorial Association of Nebraska has erected a monument in honor of Mr. Morton on the grounds of his old home, Arbor Lodge, just outside the city limits of Nebraska City. The day is now generally observed by nearly every state. A part of the program in each school of the country on Arbor Day consists of planting a tree on the school ground.

To meet the recent increases in salaries and other expenses incident to the service a number of sharp increases in postal rates have been requested by the post-office department. Among the increases are: Postal cards, from one cent to two cents, the temporary 3 cent postage on local and out of town letters to remain. The rate on newspapers and magazines to be increased from 1 to 3 cents a pound, parcel post rates to be increased from 25 to 50 per cent. Congress will have to pass on these suggested increases.

Washington News

By Congressman Ed Gossett, 13 District of Texas.

Washington, D. C., March 28.—The House this week passed two major bills that were bitterly debated. First, an appropriation bill for the Labor Department and the Federal Security Agency was passed which cut \$79,000,000 from the budget request of \$1,068,000,000. Funds for the National Labor Relations Board were cut in half.

On Friday the House passed H. R. 1, the Knutson tax reduction bill, by a vote of 274 to 137. The bill provides a 30 per cent reduction in taxable income up to \$1,000; 20 per cent in incomes up to \$300,000, and a graduated reduction ranging to 10.5 per cent on still higher incomes. Representative Knutson says it will reduce government income by \$3 1/2 billion, while Senator Taft contends it will reduce Federal income by 5 1/2 billion. It seems to me the bill's worst feature is one making retroactive, if the bill becomes law, the Treasury Department will have to issue millions of checks refunding billions of dollars. One Democrat declares the Republicans plan to have these checks in the mail about election time in 1948.

Our sub-committee on immigration has been flooded with hundreds of private bills which seek to stay the deportation of various aliens. We sat for several hours this morning and disapproved all such bills presented. Among bills rejected this morning were the following: A bill by Mr. Peterson of Florida to legalize the entry of four midgets known as the Singer Midgets, who came here from Czechoslovakia many years ago and who have been acting in circuses ever since (they have been here under visitors permits); a bill by Mr. Hefferman of New York to legalize the entry of a Romanian couple who came here in 1940, and who came in—as have many others—by paying \$130 to a boatman to slip them across the Niagara River just above Niagara Falls in the dead of night; a bill by Mr. Walter of Pennsylvania to legalize the entry of two Chinamen who came here from a torpedoed freighter just off the Virginia coast in 1942; a bill by Mr. Shafter of Michigan to legalize the entry of an Italian who came here at the age of eleven and who was convicted of selling narcotics when he was eighteen, who has been twice deported but has twice returned, is married to an American, and has his own business in the City of Detroit.

We have had to turn down numerous bills to legalize the entry of seamen who jumped their ships and remained in this country. Other bills rejected would permit stowaways to remain in the country. We must not reward or encourage illegal entries into the country. Under existing laws merchant seamen who have served on American vessels, or vessels flying the American flag, for as long as five years are permitted to enter this country on one or more visas. A committee of the Maritime Union (one of our most radical and troublesome organizations) has been bringing in thousands of these alien seamen because they are not chargeable to immigration quotas. I will introduce a bill on Monday which seeks to plug up this hole in the immigration dike.

Many religious and charitable organizations are now joining in a high-pressure campaign to bring into this country hundreds of thousands of additional refugees. Their misguided patriotism could be very harmful to America. We do not want our country infiltrated with those who will become a drain upon her resources or who might seek to destroy her institutions.

The following incident is related by way of comic relief. I was flying into Washington this week on a big four-motored plane operated by American Air Lines, thirty minutes out of Washington the weather became exceedingly bad and the ship began to buck. Most of the passengers became ill. Just behind me was an old grey headed negro who obviously was making his first flight. He lost his breakfast and was quite agitated. After a few minutes I asked him how he was feeling. He just shook his head and said, "Mighty pore pilot, mighty pore pilot." He will doubtless stick to automobiles hereafter.

Many workers who receive but a small wage are paid twice what they are worth and those who receive twice as much are paid less than they are worth.

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of the Foard County News of April 6, 1917:

Cupid's activities were in evidence 30 years ago, according to the following list: Frank Moore and Miss Mary Parker were quietly married at the home of the bride's mother, Mrs. Della Parker, Wednesday afternoon at 4:30 o'clock.

John Williamson of Crowell and Miss Ethel Rector of Thalia were married Tuesday afternoon at 4 o'clock in Thalia at the home of the bride's parents, G. A. Shultz officiating.

Wade Collins and Miss Nora Scott were married in the County Clerk's office Tuesday, the ceremony being performed by Judge G. L. Bayk.

C. P. Sandifer was elected mayor in the city election held Tuesday with W. B. McCormick elected as city secretary.

Joe Ward of Foard City and William Bishop of Vivian are patients in the hospital this week.

Material has been unloaded for building a rig for the first oil test in the Margaret community.

Sixteen new automobiles were registered for Foard County during the month of March.

2,600 rabbits were killed in the Foard City community within a five-day period.

Miss Madge Craig of Truscott visited Miss Veanece Moody Sunday.

G. A. Mitchell and C. W. Beideman drove over to Vernon Wednesday.

Jim Jones was called to Truscott last week on account of the death of his mother, Mrs. J. C. Jones.

Miss Edna Hunter returned home Monday night from Chickasha, Okla., where she had been attending school.

Jim Gamble returned to his home in Tahoka this week after spending several days at the bedside of his mother.

Mrs. E. J. Anderson and little daughter, Brenz, came in from Snyder Monday to visit with her parents, Mr. and Mrs. R. L. McCormick.

Nearly every town has wished at one time and another for an industry that would give steady employment for a number of its people. In a few instances the wish has been realized, not by some industry seeking out the town and asking for permission to locate there. Rather this has been accomplished by some individual who got an idea and a vision and through the combination produced something the world wanted and was willing to buy. A case in the news illustrates what we are trying to say. A Topeka, Kansas, woman conceived the idea of manufacturing a certain type of pottery. She offered her samples to various buyers throughout the country and last week was rewarded with an order for \$260,000 worth of her pottery from one firm. The firm saw a sales possibility in her product and placed the order. That, it seems to us, is the secret of a local industry. Make something the world wants and is willing to buy and then rustle around and find a market for it.

There is some virtue in one's enemies, a local man believes. Your enemies, he says, don't hit you for a loan that they will "hand you" back tomorrow. They don't take up your time with their schemes and never ask to borrow your new power lawnmower.

INSURANCE The Premium Won't Break You. A LOSS MIGHT SEE US TODAY. We Insure Everything. Hughston Insurance Agency. We are hampered in this country in our battle against Communism, and other isms of government hostile to our own form of government, by the theory that in a democratic form of government we are compelled to give to all isms the right to exist and promote their type of government. This right is extended under our government as long as the promoters of the isms do not plan the overthrow by violence of this government. The fact that the isms, if they become strong enough, would overthrow this government by displacing it, doesn't seem to figure in the picture. It seems like telling a boy he can play with matches in the hayloft filled with hay just as long as he doesn't set the barn afire. According to Herbert Hoover, 41,000,000 people in Germany are starving and freezing to death all because the world was too different to stop the march of a mad man in a mad scheme of world domination. The world cannot excuse itself for the crime of this war. Hitler did not prepare for it in secret. Everything that was done was done in an open for a known purpose. He handed sat complacently by and permitted Hitler to build his war machine and did nothing about it. The English people didn't want to go to war but finally were forced to. Had they been alert and less selfish the war thing could have been stopped. There is a greater crime of watching war and that is for a nation to fail to fight when it

DAY'S JEWELRY SHOP Expert Watch and Clock Repairing All Work Guaranteed Watches, bands, cases, chains, dials and watch crystals. Six-day service on most repairs. PAUL DAY, Jeweler Located at Ferguson's Drug Store. Crowell, Tex.

"My Pop knows when everybody gets up." No, Tommy's Dad is not a snooper. It's part of his job to know what time you and your neighbors start turning on lights, ranges, shavers, percolators and toasters in the morning. For these all call for more electricity and he's the man who tells the power-plants when to send more current through the wires. TRAFFIC COP OF THE ELECTRIC LINES If a bad storm breaks, Tommy's father detours your electricity, so storm damage won't black out your community. If tomorrow will be colder, or cloudy, you need more current... he'll have it ready. Whenever you and your neighbors and the factories in your town are using a lot for lights and heat and appliances, he sends more into the wires. When the town sleeps, he orders less. As a Load Dispatcher, he holds one of the most important jobs in your electric company. NEXT-DOOR NEIGHBORS TO EVERYBODY are these helpful men who see that you get all the lowest cost electricity you want, when you want it. They know to know the hour-by-hour needs of every neighborhood... and that's where they draw on the intimate knowledge of the community that the electric company has gained over many years. It's the skill and experience of electric company people like Tommy's Dad—and the common sense business methods they use—that have built up for Americans the most reliable the best electric service in the world. West Texas Utilities Company

CARD OF THANKS

We wish to try to express the grateful thanks we feel in our hearts to the many friends who ministered to us in so many ways during the illness of our loved one and at the time of his death. Such evidences of friendship are a great consolation and we appreciate each deed. May God bless each of you.

Mrs. W. Ingle and Children.

Moyer Produce & Hatchery has baby chicks every Tuesday.

The suggestion by President Truman that his country take over the work in Greece being given up by England and the request for \$400,000,000 to provide help to Greece and Turkey, that these two countries may establish their own form of government in their own way, is the most important matter that has been presented to this nation since Pearl Harbor.

The things that make it important are its implications—the things that have not been told. Russia, it appears is bent on expansion. A part of this program of expansion includes the control of the Dardanelles, the Mediterranean and the Middle East including India and even bomber bases in Africa. Should this happen Russia will control Europe as completely as Hitler planned to control it. The only way to stop this march of aggression is to stop it before it starts in Turkey and Greece. To go still deeper into the matter if Russia is held where she is, it is likely one day to lead to war. If she is permitted to expand as she wishes it is almost certain to lead to war. It is a critical situation in which we find ourselves. War is not likely for some time to come because neither nation is prepared for it or could afford it. It appears we have overcome one threat to world peace merely to have another rise up in its place.

An acute experienced teacher shortage is predicted for next fall. Many of the younger teachers will quit the profession for employment where it is felt the financial rewards will be larger.

Veterans News

The National Retail Lumber Dealers Association and its affiliates are sponsoring 30-day courses in 14 colleges and universities to train veterans under the GI Bill for positions in the retail lumber and building material fields. Purpose of the training program is to gain critically needed replacements for thousands of employees who left lumber and building material yards during the war for the armed forces and war industries.

The 30-day course covers four main topics: building products, general business procedures, construction and estimating, and miscellaneous subjects.

New sessions will begin April 7 at Southern Methodist University, Dallas, and Louisiana State University, Baton Rouge, La. Other schools beginning courses at that time are Massachusetts State College, Michigan State College, Ohio State University, Georgia Tech and College of Pacific.

Other schools already holding classes and planning to repeat them later in the spring are University of Illinois, New York State College of Forestry, Purdue University, University of Washington, University of Wisconsin, City College of New York and University of Southern California.

Veterans wishing to enter the course can write either to the school or to the nearest state or regional association of the National Retail Lumber Dealers Association.

Three hospitals in the Dallas Branch area of the Veterans Administration have been designated as plastic surgery centers, Dr. Lee D. Cady, Branch Medical Director, has announced.

They are VA hospitals at McKinney, Texas, and New Orleans, La., and the Army's William Beaumont General Hospital at El Paso, Texas. The latter is available when VA's facilities are over-taxed, Dr. Cady said.

Some of the finest plastic surgeons in the country are available to veterans at these centers through agreements with Southwestern Medical School, Dallas, and Tulane and Louisiana State University medical schools.

Dr. Cady said it is contemplated that the center at McKinney will be moved to the VA hospital in Dallas at a later date for the convenience of both veterans and plastic surgeons engaged in the VA medical program.

Weekly SURPLUS NEWS WAA

Portable flame throwers to sunglasses, non-priority offering of surplus property on bid sale until April 15 through the Grand Prairie regional office of War Assets Administration. Other materials offered are pilot "black-out" suits, camera assemblies, tank goggles, gas mask and several type of fire extinguishers. Most of the property is located at installations in West Texas. Some of the property is located at installations in West Texas. Some samples, however, may be inspected at the Grand Prairie WAA plant.

The State of Texas, through the State Board of Control, has purchased 2,660 men's white coveralls and 904 women's white coveralls for use in state hospitals. After being allowed a discount of 40 per cent, the state paid \$4,197.48 for the coveralls.

Thousands of automotive truck parts are now being offered for sale in a national sale by War Assets Administration. Covering almost the whole assembly of standard brand trucks, the parts will be sold in lot on a sealed bid basis. The parts are located over the nation and will be sold f. o. b. location. The Grand Prairie regional office of WAA announced the bids will be opened April 2 in the Detroit WAA office.

Fort McIntosh at Laredo, Texas, a troop training fort during the war, has been transferred to the city of Laredo for a nominal consideration and will be converted into an educational institution, the Grand Prairie office of War Assets Administration announced.

Ten thousand tons of bituminous coal at Camp Maxey, Paris, Texas, is for sale by the Grand Prairie office of War Assets Administration. The coal is being offered on a competitive basis through a continuous sale. The coal is "stove size" and was mined near Henrietta, Okla.

Wholesalers have purchased 33 per cent of all government surplus sold by War Assets Administration over the nation for the period November through February. Manufacturers and other industrial users came next with veterans of World War II third, according to national figures released through the Grand Prairie regional WAA office.

War Assets Administration is offering 146,728 lineal feet of 70- and 85-pound railroad rail under sealed bidding from all types of buyers, including priority groups, until 3 p. m., April 1. The equipment, which is at Camp Howze near Gainesville, at the Pantex Ordnance plant near Amarillo, and at Avenier Field near Sweetwater, including turnouts, hardwood cross ties, spikes, tie plates, bolts, ballast and other track material.

Net sales to World War II veterans of North Texas accounted for 32 per cent of the total value of surplus property sold through Dallas and Fort Worth offices of War Assets Administration during December, January and February, it was announced by the newly merged Grand Prairie office. This exceeded the national average of disposals to veterans, which was 25.2 per cent.

Action and Adventure Feature Thrilling New Outdoor Drama

The story of an adventure, the saga of an empire builder, the fabulous tale of one of the most fabulous characters to ride across the western horizon in the bustling days of the past century will be unfolded at the Rialto Sunday and Monday, April 6 and 7, with the opening of Republic's "Plainsman and the Lady," starring William Elliott and Vera Ralston.

Elliott plays the role of Sam Cotten, the romantic and incorrigible Sam Cotten who changed the course of an empire with his dreams of rapid transit. It was Sam Cotten who discovered the White Mule Lode in California and opened the trade with five Indian tribes. He rescued the U. S. Cavalry when lost. All deeds of spectacular courage and audacity were laid at his door.

In direct contrast to Sam's boldness and daring was the gently born and fashionably reared Ann Arneson, portrayed by Vera Ralston. Ann's father, played by Reinhold Schunzel, was one of the far-sighted men of his time who realized that the country could never expand as long as its communication system remained archaic.

He hired the brash Sam Cotten to see that his newly inaugurated Pony Express mail went through un molested by hostile Indians and the manipulations of the rival stagecoach lines, to whom the Pony Express was a dangerous economic rival.

Because regular sources of tax revenue are not producing enough money to operate the schools and to finance general community functions in a number of sections of New York state, Governor Dewey has sent a request to the state legislature to permit counties to levy new taxes on motor vehicles, restaurant meals and drinks, liquor licenses, amusements and a retail tax of not to exceed 2 per cent on all purchases except food and drugs. Due to the fact that present forms of taxation are not raising sufficient money for schools, and other states may follow the example of New York.

The Big Inch pipe line has been sold by the War Assets Administration to the Texas Eastern Transmission Co., for \$143,127,600. This was but \$2,700,000 less than the line cost. The Big Inch was built during the war to carry oil to the Eastern seaboard whose tanker supply was cut off by German submarines. The new owners will transport gas through the line. The amount of gas that can be delivered through the lines will be equivalent to 17,000 tons of coal a day. It is expected that it will require at least six months before the pipe is filled and gas is available.

Patience and persistence were rewarded when Dr. Robert Christman of Lenington, Penn., recovered a \$1,500 diamond ring from a deep snow bank in front of his home. The doctor dropped the ring into the snow while cleaning his automobile windshield in front of his home. A highway plow piled four feet more snow on the spot before he could get help. It required two days shoveling and melting 3,000 pans of snow before the lost ring was found.

To the Voters of Crowell:

I wish to thank each and every one of you for the splendid vote given me in the election for mayor. And, I will, by all means, do my best for the interest of all the citizens and for the community in which we live. I want to state that this is not a one-man town and that I will co-operate and consider any business brought to me for the betterment of the town and community.

Thanks,
W. H. (Brownie) Moyer

Miss Marjory Browning Complimented with a Lovely Bridal Shower

Mrs. T. B. Masterson Jr. and Mrs. D. S. Ellis of Truscott were hostesses at a lovely bridal shower on Saturday afternoon, March 22, in the Methodist Annex in Truscott, with Miss Marjory Browning, bride-elect, of Earl De Wolf of Barston, Calif., named as honor guest.

Guests were greeted by Mrs. Herbert Smith, aunt of the honor guest, and presented to the receiving line composed of Miss Browning; her mother, Mrs. Van W. Browning; Mrs. F. E. Moorehouse of Benjamin and Mrs. Homer Barham of Seymour, aunts of Miss Browning.

The table for the bride's book was ornamented with colorful sweet peas and Miss Vandolyn Browning, sister of the honoree, secured the signatures of the guests. Mrs. Clifford Orr and Mrs. Seth Woods, another aunt, poured coffee and tea from the beautiful serving table, covered with a linen cut-work cloth and centered with an artistic arrangement of carnations and sweet peas. Dainty sandwiches, cookies and candies were served. Tiny napkins, inscribed "Marjory-Earl," were used.

Mrs. Curtis Casey played incidental piano music during the reception hours. The house party members wore corsages of sweet peas.

Mrs. A. Y. Beverly, Mrs. Oscar Gentry and Mrs. Grady Magee attended from Crowell.

T. E. L. Class Meets with Mrs. McLaughlin

The monthly business and social meeting of the T. E. L. class

Mrs. Van Browning Gives Breakfast for Her Daughter

Mrs. Van W. Browning honored her daughter, Miss Marjory Browning, bride-elect of Earl De Wolf of Barston, Calif., with an informal breakfast at her home on Friday, March 21st. Mr. De Wolf is a veteran of World War II, having been a major in the army. The date of the wedding has not been announced.

The living room and dining room of the attractive Browning home were artistically decorated with seasonal flowers and a lovely pottery bowl of blue and gold iris adorned the satin damask covered dining table.

Following the arrival of the guests, a family heirloom, a beautifully designed tulip quilt, was presented to the honoree.

Following toasts to the bride and groom-elect, a lovely breakfast was enjoyed by Mesdames T. B. Masterson Jr., S. D. Ellis, Clifford Orr, Seth Woods, F. E. Moorehouse of Benjamin and the honor guest and the hostess.

Co-Laborers' Class Has Social Meeting

Mesdames Leo Owens, Decker Magee and J. A. Stovall were hostesses to the members of the Co-Laborers' Class of the Methodist Church in the monthly social meeting at the home of Mrs. Owens Thursday evening, March 27. A large number was in attendance.

Mrs. Claude Brooks was program leader and Mrs. Lewis Sloan, a guest, gave a beautiful devotional. Mrs. Brooks then directed a humorous playlet, entitled "While the Toast Burned" with Mrs. Brooks as Mrs. Canby; Mrs. T. B. Klepper, her husband; Mrs. W. B. Tysinger, their daughter; Mrs. Charlie Thompson, their son, and Mrs. D. D. Denison, Grandmother Canby.

Following the playlet, the hostesses served delicious refreshments of frosted punch, cookies and candies, from a prettily decorated table. The punch bowl was surrounded by colorful flowers.

Birth Day Celebration for Jeanette Bolibruch

Mrs. Ocie Pearl Bolibruch entertained her little daughter and several of her friends with a party at the home of Jeanette's grandmother, Mrs. J. E. Thompson, on Wednesday, March 26, in observance of her third birthday.

The birthday cake and hot chocolate and cheesits were served to Jeanette, Sandra Simmons, Noel Wilkins, Dinny Todd, Judy and Bob Borchardt, Patsy Ribble, Wendell Ray Callaway and Dennis Garrett. Each plate held a balloon as a favor.

Meeting of Parents' Organization Held

The Parents' Organization met in regular business meeting on Tuesday morning, April 1st at 9:30 at the Adelpian Club House.

Plans were discussed for raising money during the Jubilee to buy games for the Wildcat canteen and to help with the Girl Scout movement. A number of new committees were appointed by the president.

It was announced that 101 boys and girls had registered and held cards to the canteen.

The age rule for canteen membership was changed from 13 years of age through High School to 13 years through 19 years of age.

The canteen will hold its regular meeting Friday evening at 7:30 o'clock.

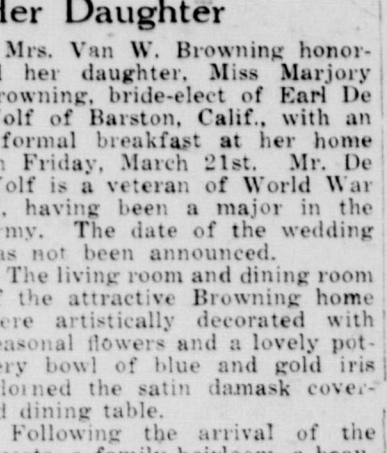

THALIA IDLE HOUR CLUB

The Thalia Idle Hour Club met with Mrs. Raymond Grimm on Thursday, March 27, at a covered dish luncheon.

A most enjoyable day was spent in visiting and in doing needle work. Those in attendance at the luncheon meeting included Mesdames C. H. Wood, G. W. Seales, G. A. Shultz, C. W. Woods, L. H. Hammonds, Bill Moore, B. A. Whitman, W. J. Long, T. R. Cates, Marlin Woodson, Robert Long and daughter, Jo, O. M. Grimm and Bob Abston of Crowell. The club will meet with Mrs. L. B. Taylor on April 10th.

Congress has been asked by a large group of publishers to provide for the restoration of control of scarce newsprint distribution. It is charged that black market prices are being paid running as high as \$150 a ton above the regular prices with the result that many small publishers and some large ones are unable to secure a share of the scarce print paper.

Uncle Sam Says

Ponder these facts, niece and nephew. In 1937 many Americans bought the Series C Savings Bond, similar in every respect to the present Series E bond which millions of you are now buying regularly through payroll savings or at your bank or post office.

During 1947 the Treasury Department will hand over \$4 for every \$3 these wise Americans laid away 10 years ago. The total payoff in interest is a staggering sum—over \$100,000,000. Nearly 75 per cent of all buyers of Series C bonds held on to them for the full 10 years. You have the opportunity now to join your fellow Americans who will share in the Treasury Department's 1957 payoff of an extra dollar for every \$3 you invest now in Savings Bonds.

U. S. Treasury Department

Food, Home Notes

(By Miss Elizabeth Elliott, County Home Demonstration Agent.)

HOW TO SAVE TWO HOURS A WEEK
Time is where you find it. A few minutes here and a few there add up to what it takes to turn out a meal that only a lady of leisure could do in one shift. The secret is to prepare food partially when you can spare a little time and then intrust it to the refrigerator or pantry-shelf until you are ready to do the final cooking.

Home Food Supply Leaders from home demonstration clubs attending the training school Friday, March 28, conducted by Elizabeth Elliott, County Home Demonstration Agent of Foard County.
