Iowa Park Hawks Beat Crowell Wildcats, 27 to 20

The Iowa Park High School football team defeated the Crowell Wildcats 27 to 20 in a District A football game here last night. The inexperienced boys got off to a bad start, but the veteran Iowa Park team allowed the veteran Wildcats to score two touchdowns in the second quarter; the second quarter ended on even terms with each team scoring one touchdown. The game came to life in the third quarter when the Hawks had built up a lead of 17 to 0. The Hawks' touchdowns on the same pass combination and a third one was set up in the same manner. Rip Van Winkle, excellent quarterback for Iowa Park, shot three passes and Jerry Brown that resulted in a thirty-five yard gain. The Hawks and the third set of touchdowns on Crowell's three. Jackie Banks, left half, led the ball over from this

HIGH COST OF LIVING PROBE . . . Mrs. Nessa Feldman of the League of Women Shoppers presented her case against soaring food prices in graphic fashion when she appeared before a joint congressional subcommittee which was holding hearings on the abnormally high cost of living. She demonstrated the difference between prices of the same foods in 1939 and 1947. Numerous other groups also appeared before the committee, headed by Sen. Ralph E. Flanders (Rep., Vt.) to protest against prices.

Crowell's Need for Organization Still Urgent Today

The following editorial appeared as a front page news item in the Foard County News thirty years ago, Oct. 5, 1917, in regard to the great need of the organization of a chamber of commerce. During the past thirty years Crowell has maintained a chamber of commerce for a number of years, but at present conditions are the same as they were thirty years ago in this respect. An organization is needed to foster and promote any movement that would be to the best interest of the town and community. Thirty years ago this organization was the editorial referred to above follows:

"The News has no apology to offer for having insisted on the maintenance of an active commercial club in Crowell for the very reason that we have believed all the time and yet believe that such a thing is a good business proposition. Crowell has a commercial club, but it has long since gone into hibernation. We hate to say it, but it is true. We don't like to tell the world that we have let our commercial club die—or, if that is too strong, go to sleep. To say the least of it we hate to say that our commercial club is not an active one. The News insisted on our keeping this organization awake for the very reason that there are always matters coming before the city which need handling through organization, and which, in fact, can be handled in no other way satisfactorily. We are now faced with the matter of conducting the Tex-O-Kan highway through our town, and as a matter of fact have been handicapped ever since the highway proposition has been taking form. We have needed our portion of the incidental expenses, and the only way of procuring them has been by some one going around among the citizens and asking for a small donation. This, so far as we know has always been the liberal way of doing things. In other questions of finance some one has had to take the risk of promising the city's endorsement and pledge its support, as was done by the mayor in passing the highway through the city. What we need is an organization with a membership assessed and which assessment is paid regularly each month. We need this whether the horizon brings to view an object for consideration or whether it does not. There will be a time when future developments will necessitate our preparation for a definite case, and to do this we should have a ready. There will always be something to be done, and as true today as then.)"

"Feed the Land," Is Slogan of A. & M. Extension Agronomist

"Feed the land and fatten the crops." That's a slogan that E. A. Miller, Extension agronomist of Texas A. & M. College, would like to see in operation on every farm in Texas, according to Joe Burkett, County Agent. Miller brings the slogan to attention now because it's time to "feed the land" with winter legumes, which help furnish soil fertility that fattens the crops. Winter legumes can be planted, says Miller, as soon as there is enough moisture in the soil to work it. Legume seed that has been inoculated has produced the best crop of green manure. Miller says proper seed inoculation is a necessary phase of legume growing, if the producer wants to get the most benefit from his winter cover crop. Fertilization is just as necessary, says the agronomist, in areas where soils and rainfall will make good use of the fertilizer. On the better types of Texas soils Miller recommends 200 to 400 pounds of 20 per cent superphosphate per acre, or its equivalent, while on light, sandy soils and old fields, it will take 300 to 400 pounds of 0-14-7 commercial fertilizer per acre to get the job done.

To give farmers an idea of what they can expect in the way of increased yields through planting winter legumes, Miller quotes some results chalked up by Texas A. & M. College Agricultural Experiment Stations. Fertilized and inoculated hairy vetch increased the yield of cotton more than 100 pounds per acre on sandy land at experiment sub-stations at Nacogdoches and Tyler. At the Temple Experiment Substation, cotton following hubam sweet clover, which was harvested for seed and then turned under, made a five-year average of 315 pounds of lint, compared with 165 pounds on land where cotton was grown continuously without clovers. Losses from cotton root rot were also greatly reduced by the clover.

Miller labels winter legume growing one of the biggest steps in the current Seven Step Cotton Program which thousands of farmers are carrying on in Texas. The Seven Step program, a balanced cotton farming plan, includes "soil improvement," and inoculated, fertilized legumes, turned under preceding cash crops, is a money-making soil improvement step. The agronomist is urging Texas farmers to obtain their legume seed, fertilizer and inoculant and be ready for legume planting when soil moisture permits.

NORTH CAROLINIANS VISIT

Mr. and Mrs. John Tarlton of Vernon had as their guests recently Mrs. Tarlton's sister, Mrs. Bettie Phillips, and daughter and niece, Mrs. Bertha White and Miss Hazel Tice, the two former of Wilmington, N. C., the latter two from Wadesboro, N. C. It was the first time the sisters had seen each other in 39 years. The North Carolina visitors also spent some time visiting their niece and aunt, Mrs. Cap Adkins and Mrs. Allie Huntley of Thalia, Texas. Mrs. Phillips and Miss Tice's first visit to Texas.

NEW MANAGER FOR KIMBELL

Howard Gamble has accepted a position as manager of the Kimbell Milling Co.'s grain elevator in Crowell and assumed his new duties on October 1.

Wildkittens Win Second Game Against Paducah

The Wildkittens, Crowell High School football "B" team, won their second game of the season at Paducah on Wednesday afternoon of last week by the score of 13 to 0. The Wildkittens scored in the first five minutes of the game when J. C. Autry ran around left end for thirty yards and a score on a double reverse play. James Weathers handed off to Billy Joe Halenack and he gave the ball to Autry to start the ball toward "pa' dirt." Crowell scored again in the third quarter when Weathers drove through the line for five yards and a touchdown. Halenack went through the line for the extra point. The final score was 13 to 0 for Crowell.

Buddy Rader, James Bice, Jimmy Rasberry and Hack Norman continued to look like they will be outstanding players for the Wildcats in the future. The little 'Cats really take over a large assignment tonight when they tackle the Vernon seconds team at Vernon. The game will start at 7:30 o'clock.

Quanah Will Be Host to District B. & P. W. Meet

The Quanah Business and Professional Women's Club will be host to the district convention of the B. & P. W. Clubs of district 10, on October 25th and 28th. District 10 consists of the following towns: Archer City, Childress, Crowell, Electra, Graham, Memphis, Olney, Vernon, Wellington, Wichita Falls, Bowie and Quanah.

Practice Roping Dates Changed

The Crowell Roping Club has changed its practice roping events from Monday and Thursday nights to Thursday night and Sunday afternoon, effective immediately. It was announced this week by Jim Hill Erwin, secretary of the club.

Novelty Soft Ball to Be Played on Night of Oct. 16

On Thursday night, October 16 (tonight), the Crowell Rotary Club will contest the Crowell Fire Department in a novelty softball game, the game to be played on the local football field with all proceeds of the contest to be applied toward the completion of the Community House. All members of each team will be clothed as ladies. Leading the Rotarians will be Co-captains Grady (Gravel) and Graves and J. A. (Supersonic) Stovall with able assistance furnished by the entire Rotary Club. While little is known of the strength of the Fire Department team, it is rumored to be holding secret practice sessions under the able leadership of Leon (Lil' Dinah) Speer and Pete (Daisy Mae) Gohin. Foster Davis will be at the microphone throughout this classic. Game time will be at 7:30 p. m.

FFA Boys Attend Texas-Oklahoma Fair at Iowa Park

A group of local F. F. A. boys attended the Texas-Oklahoma Fair at Iowa Park Saturday, October 4. The boys attending this fair reported seeing some very outstanding exhibits of beef cattle, dairy cattle, sheep and hogs. They also saw exhibits of farm machinery and merchandise of exhibitors of the surrounding country. The group left at 8:15 in Marvin Myers' new pickup and, after a busy day, returned home at 6 o'clock. F. F. A. boys in the group were Billy Johnson, Leon McBeath, Joe Bill Hall, Kenneth Polk, Wayne Lamond and Bobby Railsback.

Veterans News

The doctors' bill per patient per day in VA hospitals which are most expensive to operate, excluding food and administrative costs, is \$1.47, Dr. Paul R. Hawley, VA's Chief Medical Director has revealed. That is the average cost for all doctors' services in general medical and surgical hospitals. Dr. Hawley declared in an address before the American War Veterans in convention in Fort Worth. In tuberculosis hospitals the bill comes down to 88 cents per day, and in mental hospitals the ridiculously low figure of 36 cents, Dr. Hawley added. One factor in low doctor bills for VA hospitals is the conversion of these institutions into "teaching hospitals" where the latest developments in medicine are taught, he said. Doctors are anxious to become associated with VA hospitals to gain this knowledge and are willing to provide their services for lower pay than would otherwise be true, Dr. Hawley said. He emphasized that all resident doctors learning specialties in VA hospitals are full-fledged doctors taking further training under the watchful eye of specialists, fully accredited to medical specialty boards. Veterans who fail to repay subsistence allowance overpayments while in education or training under the GI Bill and who later apply for unemployment or self-employment allowances will have the amounts they owe the government deducted from the latter benefit checks, VA reports. These agencies administer the program in their respective states and make the actual payments to unemployed and self-employed veterans, although VA foots the bill. Veterans who have made arrangements with VA to repay their indebtedness are considered in good standing and are in no way affected by the new system, since it will be used only in cases where "there is no apparent means of recovery from sources other than readjustment allowances," VA said.

Teen Canteen to Meet at Owens Home

The members of the Teen Canteen will have the regular meeting this week in the home of Mr. and Mrs. Leo Owens Saturday evening, Oct. 11, at 7 o'clock. All members are invited to be present.

MOVED TO MONDAY

Dr. O. E. Dickinson, dentist in Crowell for the past year, and his wife moved to Munday the latter part of last week. Dr. Dickinson bought an established business in Munday, and wants the News to say that he appreciated the business and friendship extended to him during his stay here.

Last Football Game for October Will Be Played Here Tomorrow Night with Crowell vs. the Valley View Warriors

The Crowell Wildcats will be playing their last home game for the month of October when they meet the Valley View Warriors in another conference game here tomorrow (Friday) night at eight o'clock. Coach Scott Whitaker's fighting Wildcats deserve plenty of backing after their last home demonstration against the veteran Iowa Park Hawks here last Friday night. Both Valley View and Crowell started off with mostly inexperienced players this year but should be well matched against one another. The Wildcats can climb back up to a .500 percentage rating in conference play by winning this game. They have a tie and a loss on their record thus far this season. Coach Whitaker will probably make a few changes in the lineup tomorrow night. However, there were no serious injuries for Crowell in the Iowa Park game and all members of the squad except Grover Yocham are available for this contest.

ROTARY CLUB
District Governor Jim McCulloch of Stamford made his official visit with the Crowell Rotary Club at its noonday meeting at the DeLuxe Cafe last Friday, with a one hundred percent attendance at this meeting. This makes the second recent 100 per cent meeting. The Rotary Governor made an inspiring address which was enjoyed by all present. He stated that with the clubs visited so far this year that Crowell was the first to have a 100 per cent meeting at the time of his visit. Rotarian Vance Favor of Quanah was a visitor. At the meeting on Sept. 26, the club had two visitors, Rotarians Ralph Fisher of Vernon and Vance Favor of Quanah. With Jeff Hardin as program chairman, Herbert Edwards made another one of his famous talks on "How I Make a Classification Talk" and "Why Make a Classification Talk?" Indiana and Montana, as the result of laws passed recently, now require all schools, both elementary and high schools to teach the harmful effects on the human system of intoxicating liquors, and narcotics.

When Jesus had lifted up himself, and saw none but the woman, he said unto her, Woman, where are those thine accusers? hath no man condemned thee? She said, No, Lord. And Jesus said unto her, Neither do I condemn thee: go, and sin no more.—John 8:10, 11.

The death of Fiorello La Guardia removes from American political life one of its most stormy and colorful figures. Always a champion of the little man and the outspoken enemy of political wrong and corruption wherever they could be put to the public in dramatic form, La Guardia by his earnestness, and sincerity, and determination, and cyclonic energy, drove ruthlessly and relentlessly to his goals. Born on the lower east side of New York City he was one of the great city's common people and all through his brilliant career remained one of them. He was a natural master politician who understood the principles of non-political government as few men ever do. He served in Congress where he was always a storm center. He was elected Mayor of New York City, again and again in spite of the bitter opposition of the powerful Tammany machine. After serving thirteen years he resigned. His last position of importance was director general of the United Nations Relief and Rehabilitation Administration. For this work he was awarded the nation's highest civil decoration, the Medal of Merit. There has been few Americans in public life whose passing has been so sincerely mourned by so many.

HISTORY

Navy Day—October 27: Navy Day and the birthday of Theodore Roosevelt happens to fall on the same day. It also happens that President Roosevelt was in sympathy with the program of the American Navy League. For this reason they are celebrated together. The date, October 27, is the date when a special committee reported to Congress in 1775 in favor of buying merchant ships as the foundation of an American Navy. It was in 1922 that the American Navy League suggested to President Harding that the day be observed as Navy Day. The Navy League had been founded in 1903 by a group of patriotic citizens interested in bringing to the attention of the public the needs of an adequate Navy and the useful purpose it would serve. At that time Theodore Roosevelt was President and he expressed himself as being in complete sympathy with the purposes of the League. Mr. Roosevelt had long been a consistent booster for a better Navy. For this reason and for the reason that the proposal came on the same day as Mr. Roosevelt's birthday the League felt the two days should be observed together. The first Navy Day was observed by opening the Navy Yards to visitors, by dinners and speeches and parades in many cities. Special services were also held in the churches of the country and Secretary Denby of the Navy Department laid a wreath on the tomb of the Unknown Soldier in Arlington cemetery. A wreath was also placed on the tomb of the Unknown Soldier in Westminster Abbey in London, England, and upon the tomb of the Unknown Soldier in Paris.

The Army and the Navy is putting on, in all parts of the country, the most intensive drive for young recruits that the country has ever seen. If this plan of voluntary enlistment succeeds it will likely put to rest, for a time at least, the demand for universal training. On the other hand if it doesn't succeed universal military training will in all probability become one of the country's leading issues and will probably become a law. If, after having made the intensive effort to recruit men for the army and the navy that is now being made, the required number of men cannot be secured, there cannot be much formidable resistance to a demand for universal military training.

Everyone buys experience at some time or other in his life. As a rule he pays dearly for it. If one were smart enough to cash in on the experience of others he would never need to pay out his own good money for it.

It is easy enough for one to hold his tongue when he can think of nothing to say. It's when thoughts crowd for expression that it is difficult to keep one's peace.

It is the record of history that war destroys the accumulations and the savings of peace. The bigger the accumulations and the savings the bigger the war.

What We Think (By Frank Dixon)

During my life time I have had occasion to observe a number of people as they worked. That observation has shown that when it comes to work people are roughly divided into two classes, the efficient and the inefficient.

As a rule the inefficient worker thinks that he works hard though he only turns off half as much work as the efficient worker.

I have endeavored to discover what it is that makes a worker inefficient to the degree that, though always busy, he never seems to get much done.

Following are some of the reasons: The inefficient worker doesn't know how to work. He has never found the secret of coordinating mind and muscle to the end that his hands do quickly and efficiently what his mind wills that they should do. Such a worker puts. He consumes hours doing what another would do better in a fourth of the time.

Another reason for the inefficient worker is health. He may not have the best of health. He may not be eating the correct food. He may be suffering for various reasons from faulty elimination. His personal habits need correcting. He will never improve until his physical condition improves and his physical condition will not improve until he improves it.

Another and not an uncommon cause of inefficiency in a worker is laziness. Laziness is a blight that will destroy initiative before it is born. It will make every piece of work turned out mediocre. It will strangle initiative and reduce capacity for work. Singularly enough a lazy individual will be obsessed with the idea that he really is doing a good days work. He will not even realize that the bulk of his energy and initiative has been spent in evading, and avoiding, and escaping responsibility rather than in trying sincerely to do an honest to God day's work.

Some inefficient workers are inefficient because they take no interest in their work. They have no love for their daily tasks. They drag themselves to their job in the morning and drag through the day interested only in quitting time when they can get away from their task. No worker who isn't interested in his job, vitally interested, until it ceases to become just a means of earning a few dollars and becomes a part of life, will ever be anything more

Mrs. C. P. Sandifer returned Sunday morning from Mineral Wells after spending several weeks there.

A. H. Clark spent the week here from Oklahoma City visiting old friends. Mr. Clark will leave the 19th for Camp Travis to enter training.

Mrs. W. B. McCormick and Miss Mattie Bell left Sunday to attend the Grand Chapter of the Order of Eastern Star which convened at San Antonio this week.

Mr. and Mrs. Edgar Womack and Miss Eula Stanley left Wednesday for Aspermont in answer to a call that the women's father was seriously ill.

The first frost of the season came Monday night bringing the first touch of winter. It was not general, it seems, but several of the farmers say they had enough to kill lots of green stuff.

It begins to appear as though the veto provision included in the organization of the United Nations was not a good thing. Under its operation Russia will veto everything that is not to her definite advantage. If it is adhered to we will end up by making the peace according to Russia's own plan. This should not be changed before any more time is wasted with a plan that one malcontent can prevent from succeeding.

Runaway prices such as we are experiencing today would have been with us all through the war except for rationing and federal price controls. The fellows who clamored for the release of government controls are now singing pretty low. It looks as though the consumer is going to have to grin and bear it since there is no disposition on the part of Congress to reimpose price controls. Price control as far as Congress is concerned is out.

India, which for years chafed under English rule, and at times broke out in revolt against it, has been granted her freedom by England. The ink was scarcely dry on the paper before the natives of India began fighting among themselves. It seems that when a people want to fight they will find a reason to justify it.

The Fort Worth, Frisco and Farwell Highway has been marked out through Crowell and will intersect with the Tex-O-Kan at the southeast corner of Lee Bible's place, and the two highways will be one and the same through the city and the remainder of the county south.

The most money any one bale of cotton has brought in Crowell this year was one sold last week by J. L. Sims of the Thalia community, the bale and seed bringing \$200.64.

A movement is on foot to organize a musical club in Crowell, to be composed of both instrumental and vocal musicians. There is considerable talent in Crowell and it is desired to organize a first class chorus with orchestra accompaniment. Those interested will consult T. B. Klepper, D. P. Yoder or Mrs. P. J. Merrill.

The first frost of the season came Monday night bringing the first touch of winter. It was not general, it seems, but several of the farmers say they had enough to kill lots of green stuff.

It begins to appear as though the veto provision included in the organization of the United Nations was not a good thing. Under its operation Russia will veto everything that is not to her definite advantage. If it is adhered to we will end up by making the peace according to Russia's own plan. This should not be changed before any more time is wasted with a plan that one malcontent can prevent from succeeding.

Runaway prices such as we are experiencing today would have been with us all through the war except for rationing and federal price controls. The fellows who clamored for the release of government controls are now singing pretty low. It looks as though the consumer is going to have to grin and bear it since there is no disposition on the part of Congress to reimpose price controls. Price control as far as Congress is concerned is out.

Spanish should be taught in the schools of the country instead of the dead languages. Our new alliance with the South American countries where Spanish is spoken will make it necessary for Americans who do business with South American countries or who hold positions in South American firms to speak the language of the land—Spanish.

India, which for years chafed under English rule, and at times broke out in revolt against it, has been granted her freedom by England. The ink was scarcely dry on the paper before the natives of India began fighting among themselves. It seems that when a people want to fight they will find a reason to justify it.

Definite Health Program Essential to Every School

Austin.—Every school should have a definite health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, eating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the bases of the school health program, said Dr. Geo. W. Cox, State Health Officer.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

DEMONSTRATION BY BLIND MAN'S DOG THRILLS BIG CROWD

Simple Obedience Training Basis of Ken's Proficiency, Owner States

Of the many services the dog performs for man, noblest is that of acting as eyes for those who have had the misfortune to lose their sight, states the Gaines Dog Research Center, New York City.

One of the most amazing demonstrations of the work of dogs that lead the blind was given in New York City during the recent National Dog Week by Nicholas B. Eckerlin, blind grocer of New Rochelle, N. Y., and his dog Ken.

The people who witnessed this teaching evidence of canine intelligence and devotion marveled at the training methods which produce such competent and dependable guides as Ken. Few of those present realized that the groundwork of Ken's schooling was simple, basic obedience training similar to that practiced by thousands of dog-owners throughout the country.

All dogs that lead the blind, gun dogs, shepherd dogs, and dogs that serve with the military forces, have obedience training as the basis of their schooling, states the Center. It is possible for any dog-owner with a bit of patience and persistence to have an equally well-trained dog—one that will be a better pet and companion and a real source of pride.

For a free list of suggested reading on dog obedience training drop a note or postcard to the Gaines Dog Research Center, 250 Park Avenue, New York, N. Y.

Deaths Caused from Pneumonia Too High During Past Year

Austin.—According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring seasons.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Soil Conservation

News from Lower Pease River Soil Conservation District, released by Lower Pease River District Board, composed of W. C. Howard, Grady Halbert, S. Z. Bailey, O. H. Brannon, Claude Orr.

Now is the time to start thinking about getting a cover on land that is to be retired from cultivation and returned to pasture.

Most grass plantings are made in early spring, but it is very important to have a dead cover on the ground when the grass seeds are planted. This cover may be old feed stalks or just weeds. Land that is to be retired, should be handled so that a good cover of stubble or weeds will be on the land next spring.

This dead cover will protect the young seedlings from the spring winds and will help to conserve moisture for the young plants.

Much better results will be obtained by having a dead cover on the ground at planting time. This cover should not be disturbed before planting. Nearly all grass seed can be seeded with an ordinary grain drill. If the

up their hands and exclaim, "Oh, but I would have the patience to train a dog!" Patience is necessary, but not the great degree of patience that most people imagine. Fifteen minutes a day of persistent and gentle schooling will show definite results in a comparatively short time. There is no magic formula involved. The great factor which works in favor of the trainer is the dog's anxiety to be petted and praised. This is the practically universal canine characteristic which professional dog folk speak of as "the will to please." Therefore, they praise and reward the dog when he does the right thing, and scold or ignore him when he disobeys. It is this "will to please" trait which makes the dog the easiest animal in the world to teach and makes it possible for anyone so minded to make of his dog a canine "lady or gentleman."

Blade Removed From Woman's Brain in Delicate Operation

ALEXANDRIA, LA. — Physicians reported success in the removal of an eight-inch knife blade from the brain of Clotile McCall. The blade, broken at the handle, was removed from her brain in a delicate operation performed here. Dr. H. H. Hardy said the operation was "extremely delicate." Penicillin and sodium sulphadiazine were administered to prevent meningitis.

FIGHT 'EM, WILDCATS, FIGHT 'EM!

Those who were at the Crowell football stadium Friday night saw one of the best ball games of the year. It was the Iowa Park Hawks versus the Crowell Wildcats. Although out-weighted by Iowa Park, the Wildcats lived up to their name and gave the Hawks a fight to the finish.

Considering that most of the Wildcats are playing on the regular team for the first time, they are making a wonderful record.

Everywhere we have heard the remark, "I surely got my money's worth at the Friday night game."

If you were not at the game last Friday night, you will want to be at the one this coming Friday night backing the Crowell Wildcats with all your might against the Valley View Warriors.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination, with smarting and burning is another sign that something is wrong with the kidneys or bladder.

"MICKY" AND HIS GANG

FRESHMAN SEAMSTRESSES

After weeks of hard labor the aprons are finished. The future cooks of C. H. S. let the experienced third year girls judge them. Some of these aprons are flowered, solid colored trimmings; some are of checked gingham with trimmings to match the check. Rickrack and bias binding were used for trimmings. These bright colored aprons will add to any model kitchen.

Monday morning the girls of Home Economics class III selected the aprons of class I for the following ratings: Highly superior, superior, excellent, and good.

Those chosen in the first group: Jenny Wehba, Martha Ohr, Virginia McKown, Mary Alice Rader, Frankie Mabe, Mildred Tamplin. In the second group: Iris Abston, Bobbie Abston, Ruth McRae, Anna Owens, Edna Curtis, Ann Haynie, Bobbie Akers, Betty Barker. In the third group: Joyzelle Thomson, Beulah Edens, Rozella Autry, Peggy Traweck, Mary Huskey. In the fourth group: Christine Hanks, La Verne James, La Verne Shultz, Jean Gamble, Ruth Slovak, Peggy Weaver, Myra Self, Mary Chowning, Violet Rummel.

THUMB NAIL SKETCHES

Wim, vigor and vitality, plus a pleasing personality, add up to one Mary Jo Short, who helps to make our school a winner, by leading yells at every game, win or lose, it's still the same. If you'd like to know her favorite sport, she'd prefer to play on a volley ball court.

Marvin Brisco, a Wildcat star in the football world will travel far. His passing is the kind that sets girls swooning; it's nearly as good as Townsend's own. "M" Brisco likes all kinds of sports, "will play basketball this year."

FRESHMAN SPOTLIGHT

Has anyone noticed that quiet Freshman boy with a broad grin? He has blue eyes, black hair, and is very "cute." His favorite hobby is horseback riding, and when he is hungry, he asks nothing more than a big plate of chicken and a tall "strawberry milk shake." On a nice afternoon he likes very much to take his gun and go hunting and swimming. His secret ambition is to be a good farmer.

He pretends not to pay any attention to the girls, but his heart throbs to see a certain little brunette who also is a Freshman. His favorite subject is vocational agriculture; this identification could fit Bruce Benham.

SOPHOMORES HAVE PICNIC

How do they eat so much? The Sophomores had a picnic Wednesday night, October 1. The picnic was given at the Country Club. Everyone seems to have had a good time. The girls especially, since the boys outnumbered the girls by about two to one.

The room mothers, Mrs. Meason, Mrs. M. A. Wilkins, Mrs. C. S. Bartley, and the sponsor, Mrs. Lewis Sloan, set a wonderful table. There were pickles, Boston baked beans, sandwiches, potato chips, fritos, cookies, cake and cokes.

After they finally got through eating, the Sophomores played volley ball. Grover is good, even with only one hand. Some excitement was caused when a car almost slipped off the dam. After the car got straightened, everyone went home feeling that it was the end of an enjoyable picnic.

HAS ANYONE ELSE—

Patronized the Senior stand? Heard about Lewis Hunter's car nearly going over the Country Club dam? Thought Opal Browder was a cute "fish"? Hoped we beat Valley View Friday night? Wondered where the ex-Seniors are? Been "spewed" in the face by a "coke" besides Betty Williams? Hoped the seniors would go to Galveston on their senior trip? Wished Grover's arm would hurry and get well? Wondered when we would have an assembly program? Wished they knew what went on in the football boys' bus? Noticed that J. C. Autry is now on the stag list? Wondered why Mary Norman didn't introduce those three hunks of muscles that were escorting her around Sunday? Noticed all the cute senior boys?—period. Thought you surely received your money's worth at the game Friday night? Been shocked by Jim Hill Erwin's jeep?

WILDCATS LOST HEART-BREAKER TO HAWKS

The Hawks took the opening kickoff and marched downfield to score a touchdown on a long pass from Van Winkle to Brown. The Wildcats took possession of the ball, but lost it on downs, and Iowa Park scored on another pass from Van Winkle to Brown.

With Biggerstaff and Todd carrying the ball behind excellent blocking a touchdown was made and the half ended.

In the second half the next touchdown was set up by the same pass combination Van Winkle to Brown. Biggerstaff again scored for the Wildcats. Iowa Park scored again.

Determined not to give up, Todd took a pass from Biggerstaff and weaved his way through eleven Hawk players to their five yard line, where "Butch" Biggerstaff took it over from there.

The Wildcats suffered the loss of Clifford Ohr, who injured an ankle, in the last quarter. Ham Tamplin and Clifford Ohr were standouts on defense. Biggerstaff and Todd did most of the ball carrying for the Wildcats. Biggerstaff scored all three touchdowns for the Wildcats.

VETERANS' QUESTIONS AND ANSWERS

Q. Do I have to repay subsistence allowance overpayments before I can go back to school under the GI Bill?
 A. No, you merely have to make satisfactory arrangements to repay all overpayments before you will be permitted to re-enter school under Public Law 346 (GI Bill). It is VA's policy not to force any undue hardship on a veteran in the collection of these funds.

Q. Is VA going to help veterans like myself whose hearing was impaired while in the service?
 A. Yes, by a special program of medical rehabilitation to help you overcome hearing handicaps. The program includes a series of hearing and speech tests, the selection and fitting of a hearing aid if indicated, auditory training, lip reading instruction and speech correction if necessary.

Q. My son has renounced disability payments and I would like to know if he or his wife will lose their rights to other benefits provided by law?
 A. No. Neither your son nor his dependents will lose any of their rights to other benefits provided for them by law.

Q. My grades at school have been low and I would like to know if VA will help me find a way to bring my grades up?
 A. You may receive assistance of VA's educational and guidance service in an endeavor to correct those factors which may be contributing to your low grades. However, you will have to meet the requirements of the school if you wish to continue your course.

PLAYER OF THE WEEK

Crowell High has a regular football candidate wearing number 39 black and gold jersey. He is fast charging, hard hitting left end Clifford Ohr.

Coming to Crowell from Trustcott, Clifford went out for football and made the "B" team his Sophomore year. This year Clifford has taken over the left end position and has caused many opponents to remember his ability in his defensive position.

Clifford is playing his first year on the regular team and has one more to star for "dear ole Crowell High."

4 small things of great value

Value? Only a parent can tell you. Cost? Uncle Sam allows a \$500 income tax exemption to cover a year's board and keep—a parent has ideas on that too!

Value? What else gives you so much for so little as electricity? It lights, heats, cools, cleans and entertains; saves you time, work, money. Cost? A few cents a day!

Value? Ask any doctor the value of radium—or a patient whose life it has saved. Cost? A single ounce would cost you around \$700,000—if you could buy that much all at once!

Value? You can measure a diamond's value only in a woman's eyes. Its cost? About \$900 for a good-quality, one-carat stone . . . and it takes more than 140 carats to make one ounce!

SIDE SPLITTERS

Mr. Ferguson: You in the back of the room—When was Napoleon born?
 Voice: I dunno.
 Mr. F.: When did Napoleon become emperor?
 Voice: I dunno.
 Mr. F.: I assigned all this last Friday. Where were you?
 Voice: Out fishing.
 Mr. F.: Out fishing? How do you expect to pass this course?
 Mr. Brisco—Don't. Just came in to wash the windows.

Coach (enraged): Who told you to put that paper on the wall?
 Decorator: Your wife, sir.
 Coach: My! It's pretty, isn't it?

THE BIBLE TODAY

By LOUIE D. NEWTON, D.D.
SCRIPTURE: Hebrews 3:1-6; 9-10; Matthew 4:1-11. DEVOTIONAL READING: Philippians 2:1-11.

Apostle of Better Things

Lesson for October 12, 1947

THIS lesson opens, Hebrews 3:1-8, with the explanation that Jesus Christ is the minister of better things in that he is the apostle and high priest of our profession, perfectly faithful to him that appointed him. The comparison is made with Moses, who was also faithful, but within a very small circle as contrasted with the Son of God.

Called to God on a high priest after the order of Melchisedec, Christ, the author of eternal salvation, dealt no longer with symbols, but offered himself as the perfect lamb to take away our sins. "And for this cause he is the mediator of the new covenant (testament), that by means of death, for the redemptions of the transgressions that were under the first testament, they which are called might receive the promise of eternal inheritance," Hebrews 9:15.

Dr. Newton

Jesus and the Bible

Jesus is introduced in Matthew 4:1-4, as he quotes the Old Testament to Satan in the wilderness temptation. Having been reared by a God-fearing mother, Jesus was familiar with the Bible as a child.

What is the best thing any parent can do for his or her child? I would answer without hesitation: Teach them to hide God's words in their hearts in the impressionable years of youth. A Bible verse learned in youth will serve through all life's testing situations. "I will not forget Thy Word," Psalms 119:16.

He Helps Us Use the Bible

The better ministry of Jesus is reflected in the fact that, "We have a great high priest, that is passed into the heavens, Jesus the Son of God. . . For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin. Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need," Hebrews 4:14-16.

Study the example of Jesus in his answers to Satan in the wilderness temptation, and He will teach us when and what to say to Satan. We are not dependent upon our wisdom and words. Our great high priest will supply wisdom and words to match any situation that Satan ever presents. I think of a story of a junior boy, recently accused of stealing. The boy was the victim of a wicked man who sought to turn circumstantial evidence upon him to cover his own sin. The boy told me that he was innocent. I went with him to the juvenile court. The judge asked him if he was guilty. He looked straight into the eyes of the judge and said: "Sir, I have not sinned. Who convicteth me of this charge?" The man dropped his head, and said: "Your honor, I ask the privilege of withdrawing the charge."

His Laws in Our Hearts

"I will put my laws on their hearts, and upon their minds also will I write them." Hebrews 10:16. Jesus declared: "I do always the things that please him," and he enables us, by his grace, to do the father's will by his indwelling in our hearts. Thus, his will become the law of our lives, through the grace of Jesus Christ.

It is impossible for us to keep the law perfectly, but Christ, the better Christ, becomes our righteousness, and then his law is kept by his grace. In the olden times, men claimed to keep the letter of the law, without the spirit, as in the case of Moses. Now, through the offering of Christ, we are enabled to satisfy the spirit of the law.

The Sufficient Christ

This lesson should enhearten every trusting child of God, since it makes clear that, "He is able to save unto the uttermost them that draw near unto God through him." Hebrews 7:25. He is not only able, but yearns to save unto the uttermost. He wills to save everyone. God has done everything he can do to save every sentient soul on this earth. Those who go to hell do so because they desire to go to hell. It is not the pleasure of God that any should perish, but that all should repent and be saved.

The United States produces four times as much zinc as all the rest of the world combined.

Weekly Sermon

(By E. E. Flesher, Moody Bible Institute, Chicago.)

An Awful Awakening

D. L. Moody, the great evangelist, once told of some Swiss laborers on their way to work who saw a white figure on the top of a high house. It turned out to be a woman in her night-dress, sitting there smiling with perfect security. She was a somnambulist. Without anyone in the house knowing it, she had risen in her sleep and taken her station on the rooftop, still dreaming pleasant dreams.

Horrified, the men tried to think of ways to save her. As they debated, the sun began to rise and a bright beam fell upon her eye. She awakened, saw where she was, and then fell headlong—killed on the spot. It was an awful awakening!

Fortunately, not many of us are sleepwalkers. But as citizens of the Atomic Age in modern America, we are not immune to sudden death. Murder, automobile accidents, war, air disasters travel close at our heels. Death may strike us at any minute. When it does, will we be ready for it?

All right—face it. Have we accomplished anything real in life? Have we been righteous enough to face a righteous Judge? No. We aren't ready to die today, and we won't be 50 years from now. We are nothing more than sinful men.

But our righteous Judge is also a loving Father. He sent Jesus Christ into the world to suffer for us and to die for our sins. Because of Christ, we can say, "Death is swallowed up in victory." There is nothing to fear if we believe in Him and accept His forgiveness.

Miss Hammonds and Louis Pyle Are Wed Saturday Evening

Miss Virginia Hammonds, daughter of Mr. and Mrs. Less Hammonds of Thalia, became the bride of Louis Pyle, nephew of Mr. and Mrs. Dave Shultz, in rites read Saturday evening, Oct. 4, at 6 o'clock in the home of Mr. and Mrs. Weldon Hammonds, Rev. T. B. Taylor, pastor of the Thalia Methodist Church, was the officiant.

For the exchange of vows, the bridal couple stood before an improvised altar arranged before the fireplace. An elaborate arrangement of white mums decorated the mantel while lighted tapers in crystal candelabra flanked the floral piece and illuminated the setting.

Miss Ramona Hammonds, sister of the bride, and Reid Pyle, brother of the groom, attended the couple as maid of honor and best man.

The bride wore a lovely suit of gray wool gabardine with pink blouse and black accessories. Her shoulder corsage was of pink rosebuds. Miss Ramona Hammonds wore an ice blue wool dress with a corsage of pink carnations.

Immediately following the ceremony Mr. and Mrs. Pyle were honored with an informal reception. White baby asters were used as the centerpiece on the refreshment table which was laid with a hand-embroidered cloth.

Mrs. Robert Hammonds and Mrs. Leroy Henry presided at the punch bowl and Mrs. Weldon Hammonds served at the bride's cake.

Mr. and Mrs. Pyle will make their home north of Thalia, where the groom is engaged in farming.

Coming Marriage Date of Former Resident Has Been Announced

The engagement and approaching marriage of Miss Nona Gayle Edwards, daughter of Mr. and Mrs. E. D. Edwards of Vernon and granddaughter of Mrs. Willie Dykes of Crowell, and William E. McPherson, son of Mr. and Mrs. J. E. McPherson, also of Vernon, was announced at a 42 party given last week at the home of Miss Martha Fuller of Vernon, according to the Vernon Daily Record of October 1. The wedding is scheduled to take place in late December.

Green and gold, the bride-elect's chosen colors, and arrangements of seasonal flowers were used throughout the entertaining rooms.

Miss Edwards, the only daughter of Mr. and Mrs. Edwards, is a 1947 graduate of Vernon High School. She is employed with the Vernon Daily Record. Her mother was formerly Miss Hazel Dykes.

Mr. McPherson, a 1946 graduate of Vernon High School, has attended John Tarleton College one year. He is engaged in farming. After their wedding the couple will reside in the Farmers Valley community.

Mrs. Edgar Allen Johnson Honoree at Shower October 1

Mrs. Edgar Allen Johnson, who was before her marriage Miss Rita Callaway, was honored with a miscellaneous shower at the Adolphian Club House on Wednesday, Oct. 1, 1947. Hostesses for the occasion were Mrs. R. L. Taylor, Mrs. Ralph McKown, Mrs. Bob Whitaker and Misses Fay Griffin and Dorothy Peckacek.

Guests were greeted at the door by Miss Griffin and were presented to the receiving line which was composed of the honoree, her mother, Mrs. Doyle Callaway, and the groom's mother, Mrs. W. A. Johnson.

Miss Peckacek presided at the guest register. A short program was presented after the arrival of the guests.

Miss Betty Barker played incidental music throughout the hour. Mrs. W. F. Statser, accompanied by Miss Barker, sang "Sweet Heart." Miss Maymie Lee Collins read a group of selected love poems.

The refreshment table was laid with a white cloth and centered with an outlined heart of red over a reflector on which was placed a miniature bride and groom. Mrs. Whitaker poured punch which was served with dainty cookies and mints. The plate favors were of entwined hearts of red bearing the names Edgar-Rita, Miss Peckacek and Mrs. McKown assisted in the serving. The theme of entwined hearts was carried out throughout the reception rooms.

Mrs. R. L. Taylor presided in the gift room where the many gifts were displayed.

Mrs. Schindler will serve as leader for the program which includes "Why Should We Have a Garden Club?" by Mrs. L. A. Andrews; "What Do You Know of the Texas Garden Clubs, Inc.?" by Mrs. R. L. Kincaid.

Five New Books in Library for Garden Lovers

Five books especially suitable for the gardener and his interests have recently been added to the shelves of the County Federation Library. They are "Shrubs in the Garden and Their Legends" by Vernon Quinn; "Vegetables in the Garden and Their Legends" by Vernon Quinn; "The Gardeners' Day Book" by Richardson Wright; "Another Gardener's Bed-Book" by Richardson Wright and "The Winter Diversions of a Gardener" by Richardson Wright.

Each of these books makes interesting as well as instructive reading to the gardener or the would-be gardener. Each deals fully with its subject and each is

"High Barbaree" Has Van Johnson, June Allyson in Love Story

Sensitive portrayals on the part of Van Johnson, June Allyson and Claude Jarman Jr., the perceptive direction of Jack Conway, and a poignantly moving story of a great love combine to make "High Barbaree," new M-G-M offering at the Rialto Theatre, one of those rare motion pictures that strike an understanding chord on the part of every moviegoer.

Van Johnson deserts his recent light comedy roles in "High Barbaree" to play the part of the impressionable young Naval flier, Alec Brooke. The story opens with a starkly tense sequence in which Brooke's plane, riddled by a Jap submarine, is forced down on the desolate South Pacific.

Continuing in a series of arresting flashbacks, the narrative then unfolds Alec's childhood romance with Nancy Fraser in a small midwestern town and his ambition to become a doctor, a plan that is frustrated in the ensuing years when he becomes separated from Nancy and falls under the persuasion of attractive and wealthy Diana Case who tries to turn him into a high-powered business executive. The means by which Alec is again reunited with his childhood sweetheart and his resolve to return to the medical career which has always been nearest his heart make for a drama of compelling intensity and emotional impact.

The hostesses served a delightful refreshment plate. The next meeting will be in the home of Mrs. C. C. McLaughlin on Oct. 15.

GAMBLEVILLE H. D. CLUB

The Gambleville Home Demonstration Club met Monday, Sept. 29, in the home of Mrs. Willie Garrett.

The theme, "Any time is a good time to start carrying out a good idea," was well stressed in a demonstration given by Miss Elizabeth Elliott, home demonstration agent, on managing frozen food in the locker, in the refrigerator, and on the table. In this Miss Elliott showed several ways of sorting meat in the locker and gave some good ideas and suggestions on keeping tabs on the number of packages of meat in the locker.

A dainty refreshment plate with punch was served by the

The driver of this truck lost control of it because its brakes were defective. It ran up on the sidewalk and plowed through the side of a house, killing two persons. In addition to the terrible toll of motor vehicle deaths and injuries last year—33,500 killed, 1,150,000 injured—the total economic waste amounted to almost two billion dollars. Brakes, tires, lights, windshield wipers and other safety features should be periodically checked as a safeguard against accidents. A recent nationwide testing program disclosed mechanical defects in one out of every three cars examined.
