NEW NAVIGATION SYSTEM

Washington, D. C.—A new navigational method which indicates a savings up to approximately 20 per cent of the time required for long range flights has been developed by the Air Weather Service of the Army Air Forces. Veteran pilots believe the new navigational method will prove particularly advantageous to scheduled civilian airlines as well as military flights.

Pilots Capable of Greater Strain

Washington, D. C.—The experience of Army Air Force pilots flying the newest jet fighter planes has indicated that, regardless of how well the aircraft are built, the human body is still capable of greater strain for very brief periods than the aircraft. The forests of the United States include over 800 different kinds of trees. There are only 92 cities in the United States with a population of over 100,000.

5.50-17-14.20", 6.50-16-17.45", 7.00-15-19.35"

B. F. Goodrich announces a big reduction in the price of the famous Silvertown tire! Yes, you can now buy all popular sizes of the tire that outwears prewar tires at actually less than prewar prices! And despite higher manufacturing costs too. One of the things that makes possible this huge price reduction is the tremendous demand for the new Silvertown—greater than for any tire B. F. Goodrich ever produced. In fact, more miles have been driven on this new tire than any other tire introduced since the war.

The same heard Paul speak: who steadfastly beholding him, and perceiving that he had faith to be healed, said with a loud voice, Stand upright on thy feet. And he leaped and walked.— Acts 14:9-10.

Plans are under way by western fruit and vegetable growers to place their products on the market in a fresh condition without freezing. New methods have been evolved, it is said, by which lettuce, celery, broccoli, cauliflower, carrots, brussels sprouts and tomatoes will keep fresh as long as forty-five days.

At the present time tin is the world's most critical metal. There is in reserve in the United States only 9,326 tons to supply the demand until July 1. The world picture is even worse with only 17,700 tons on hand to supply the demand of 60,000 tons. Tin is one of the most widely used metals in the world and is the least widely distributed metal.

The best authorities agree that the country is due for a recession in the not too distant future. How severe this will be will depend on how long it is delayed and the extent to which prices have increased when the break comes.

It is predicted that the 1948 automobile will have no rear fenders. The body will extend over the rear wheels as do the bodies of busses.

It all depends upon the viewpoint whether the labor bills before Congress are anti-labor or pro-labor.

The "best sellers" are not always the best books from any point of view.

What We Think (By Frank Dixon)

The biggest problem before the country today outside the establishment of smoothly running domestic relations is, in my opinion, the matter of aid and the rehabilitation of Europe.

It is not only the biggest problem but it is, at the same time, the most difficult problem when it comes to working out the exact formula by which the job shall be done.

I believe that if we are to have a stable and enduring peace in this world the peoples of the world are going to have to be in a position where they can enjoy a measure of domestic peace and harmony as it appeals to their several ideas.

The big question in the matter is, how much money should we spend to bring Europe to the point where she can work out her own salvation? How much money can we, in justice to ourselves, afford to loan or give to the nations of Europe until they reach the self-sustaining point?

In making plans and in granting loans or outright grants, questions should be decided I think as far as possible upon what is best to do from the abstract point of view. Our decision should be influenced by sympathy, the thought that we might be casting our bread upon the water to return to us a hundred fold.

Our failure to date has been the failure incident to not having a practical plan. So far we have muddled—and muddling costs money. The longer we muddle the more it will cost.

Not only this but if we succeed in accomplishing this in a measure only we are going to find that the voice of the United States is going to carry a new and an added note of power in the council of the nations of the world.

The House this week passed the Agriculture Department appropriation Bill for the fiscal year of 1948. The bill was most controversial. It reduced a budget request of \$1,188,571,318 by more than \$383,000,000.

The House this week passed the Agriculture Department appropriation Bill for the fiscal year of 1948. The bill was most controversial. It reduced a budget request of \$1,188,571,318 by more than \$383,000,000.

The House this week passed the Agriculture Department appropriation Bill for the fiscal year of 1948. The bill was most controversial. It reduced a budget request of \$1,188,571,318 by more than \$383,000,000.

In this bill, Production and Marketing Administration funds, generally referred to as the AAA, were cut approximately in half.

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of the Foard County News of June 8, 1917:

Glen Halsell had a severe attack of appendicitis Wednesday night and was taken to Fort Worth for treatment.

Fay Beidleman happened to the misfortune Tuesday of getting his collar bone broken while playing baseball.

Allen Fish sold his bunch of registered Poll Herefords to J. M. Hill last week, and this week he sold eight head of grade Herefords to R. L. Kincaid.

Mrs. W. F. George and Miss Leona Young left Thursday morning for Mineral Wells, going by way of Seymour where they were joined by Miss Lourana Cope.

This week has witnessed much work among the farmers in rigging up headers preparatory to saving Foard County's wheat crop. The yield will be light at best.

Ector Roberts of Denton was here a few days last week visiting relatives. Ector has joined the Marine Corps and will be located at Port Royal, S. C.

Fred Bomar and Walter Huntley left Saturday for Sheridan, Wyo., on a prospecting trip.

Miss Vivian Huffaker left Thursday for Abilene to attend school.

Misses Dot Thompson, Garnet Johnson and Minnie Logan left Saturday morning for Canyon where they will enter the summer normal.

Miss Maye Klepper left Tuesday for San Marcos where she will attend the State Normal.

Miss Gladys Benson left Tuesday for an extended visit with relatives in San Angelo.

Mr. and Mrs. Joe Couch and little baby of Knox City are here this week visiting relatives.

W. H. Tysinger of Stamford is visiting his son, W. B. Tysinger.

Miss Edna Hunter left Saturday for Denton where she will attend the normal.

Mrs. Fred Bomar is visiting relatives in Floydada this week.

George Self came in Sunday from College Station where he has been attending A. & M.

Herbert Edwards returned Sunday from Waco where he has been attending Baylor University.

Conferees between the House and Senate have not agreed upon the important and controversial labor bill and tax bill. Both these reports will be up before House and Senate for agreement next week.

John L. Lewis has just issued another demand for another wage increase for miners in the amount of 35c per hour. In 1939 miners averaged working 26 1/2 hours per week for which they received \$19.58.

Further, experts point out that it is cheaper to buy wheat at \$3 per bushel for relief purposes than to ship potatoes free of charge. This is due to the spoilage and cost of refrigeration in the case of potatoes.

While I have condemned the Department of Agriculture on many occasions, for various things, they apparently were not at fault in this instance. There are always two sides to every question and the Department's side of the present case has not been told.

"Black Beauty" Coming to Rialto

With that literary bonanza—a best-seller—taking on increasingly greater importance in Hollywood's motion picture plans, the presentation of "Black Beauty," which opens Wednesday at the Rialto Theatre, takes on extra special significance.

Nurse Recruitment

A definite and alarming shortage of nurses exists in the majority of our nation's hospitals. At the same time there is a field of vast opportunity for the young women of our community in nursing.

Girls who choose the proud profession, nursing, can advance to head nurses, supervisors, directors of nurses; or they can specialize in surgical, psychiatric, industrial or child health. There are limitless opportunities in the U. S. Public Health Service, Children's Bureau, Veterans' Administration or in the Indian Service.

The demand for nurses is great because long-range health plans are calling for the expansion of hospitals, public health programs and industrial clinics. Hospitalization Plans have made it possible for more people to have necessary hospital care.

Numerous complaints have been reaching me concerning the widely publicized dumping of potatoes in Alabama. There has been a lot of screaming about this apparent wanton destruction of food.

Further, experts point out that it is cheaper to buy wheat at \$3 per bushel for relief purposes than to ship potatoes free of charge. This is due to the spoilage and cost of refrigeration in the case of potatoes.

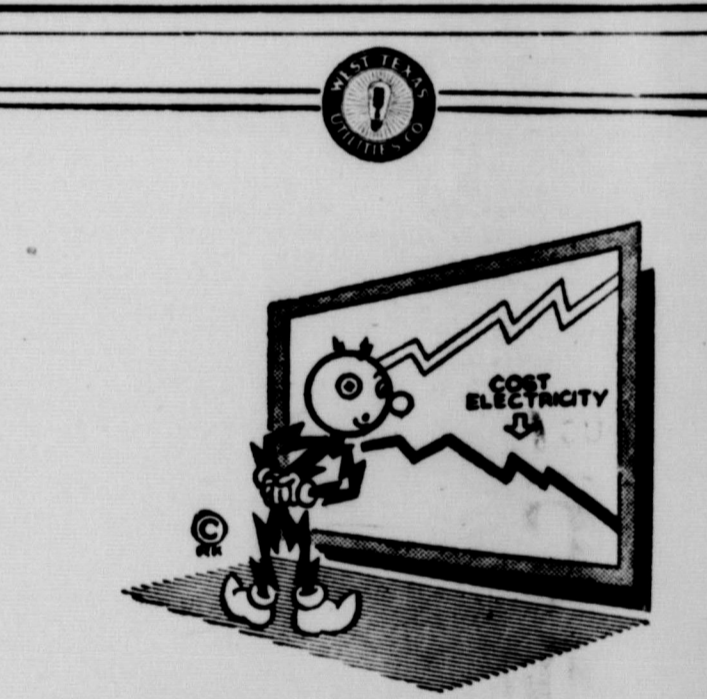

While I have condemned the Department of Agriculture on many occasions, for various things, they apparently were not at fault in this instance. There are always two sides to every question and the Department's side of the present case has not been told.

THE FOARD COUNTY NEWS

SENATE JOINT RESOLUTION NO. 4

Proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, providing for a five-cent reduction in the maximum allowable state tax on property, providing for an election and the issuance of a proclamation therefor.

AS PASSED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

Section 17. In lieu of the state ad valorem tax on property of Seven (7) Cents on the One Hundred (\$100.00) Dollars valuation hereinafter provided to be levied by Section 21 of Article 1, as amended, there is hereby levied, in addition to all other taxes provided by the Constitution of Texas, a state ad valorem tax on property of Two (2) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate Army and Navy, and for the payment of pensions to the militia of the State of Texas, and for the various of such soldiers serving in said armies, navies, organizations or militia, provided that the legislature may modify the tax rate hereinafter levied.

Also, there is hereby levied, in addition to all other taxes provided by the Constitution of Texas, a state ad valorem tax on property of Five (5) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning, and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds subject to such resolution as hereinafter provided, to secure bonds or notes in order to secure the purpose of acquiring, constructing and initially equipping said buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, and the interest thereon shall be paid from the proceeds of the sale of such bonds or notes or otherwise.

Section 18. For the purpose of acquiring, equipping or constructing buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000) Dollars. Any bonds or notes issued hereunder shall be negotiable sales out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty (20) years after the date of the amendment of this amendment. This amendment shall be self-enacting.

Said Board is generally authorized to pledge the whole or any part of the respective income of the Agricultural and Mechanical College of Texas and of The University of Texas or the income from the Permanent University Fund, as such income are now appropriated by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

Institution	Per Cent of Total
John Taylor Agricultural College	3.72347
Nicola Texas Agricultural College	4.77028

Sul Ross State Teachers College	4.77028
West Texas State Teachers College	3.47443
Priddy View Agricultural and Mechanical College of Texas	3.44473

Section 19. That the date of the beginning year of such succeeding ten (10) year periods, the Controller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding ten (10) year period of time, shall re-allocate, to the above designated institutions of higher learning that in accordance, all funds to be derived from said Five (5) Cent ad valorem tax for said ten (10) year period, and all such designated institutions of higher learning shall not re-allocate of such funds to other state funds for the acquiring or constructing of buildings or other permanent improvements. The allocation of such funds shall be self-enacting.

Section 20. For the purpose of acquiring, equipping or constructing buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000) Dollars. Any bonds or notes issued hereunder shall be negotiable sales out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty (20) years after the date of the amendment of this amendment. This amendment shall be self-enacting.

Said Board is generally authorized to pledge the whole or any part of the respective income of the Agricultural and Mechanical College of Texas and of The University of Texas or the income from the Permanent University Fund, as such income are now appropriated by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be inviolable.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2)

Cents and Five (5) Cents respectively; providing for a Five (5) Cent reduction in the maximum allowable state tax on property, providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Section 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

(2c) Cents and Five (5c) Cents, respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation, providing a method of valuation, providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Section 5. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Section 6. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

Felling trees in fighting forest fire, digging post holes and stripping bark from trees in fighting beetles are among the uses suggested for 112,250 feet of Primacord now on sale through the Customer's Service Center of the Grand Prairie regional office of War Assets Administration. Primacord is declared to be a relatively safe detonant, easy to handle, comparatively insensitive to shock, friction or flame, and both the covering and the explosive core are water resistant. It can be fired by either an electric or non-electric blasting cap.

The country is to have its first billion bushel wheat crop this year, according to the forecast recently released by the Department of Agriculture. This is 152 million bushels above last year's record yield of 814 million.

Indianapolis, Ind., is the largest American city not on a navigable body of water.

Army Ban on Tobacco Shipments to Germany

Washington, D. C.—In the approaching deadline, August 31, all eligible Army aviators who have not already so are urged to file claim for terminal leave pay at once. Necessary forms for terminal leave claims are available at all post offices.

CLARIFY TERMINAL LEAVE LAW

Washington, D. C.—Legislation has been drafted to amend the Terminal Leave Act of 1944 as to grant all personnel armed forces equal treatment in the matter of leave, and to clarify the law, providing lump sum payments for accrued leave.

Maine leads all the states in the production of potatoes.

KRAUSE

PLOW CORPORATION

announces a

10% PRICE REDUCTION

Effective June 1, 1947

THIS step is being taken because we believe it is the obligation of every industry to reduce prices when it is possible to do so. We think it is one way we can help cushion the effects of a possible recession and increase the purchasing power of our customers. In one year's time, this reduction will save our customers about \$600,000.00.

There is no "sale" necessity involved in this price cut, for we now have the largest backlog of orders in our history and are entering our best selling season. Sales are increasing every day and many of our customers are in desperate need of plows which we are unable to deliver.

Production Efficiency is Enabling Factor

In our case, production efficiency and sales volume have increased to the point where we are now able to offset the increased costs of labor and material. Our labor rates have increased approximately 110 per cent and our materials costs approximately 112 per cent since 1942. But our sales volume has increased 2490 per cent and our productive efficiency 374 per cent in the same period.

Balancing these things, we find that we are able to cut back our retail plow prices to a level approximately that of 1942. Modern equipment, improved manufacturing methods, our incentive wage system, and above all the unusually high type of hard-working, independent Middlewesterner who builds our plows, have combined to bring our factory to a high peak of productivity. We are passing the benefits on to our customers, who during the past 25 years have enabled us to become the nation's largest producers of one-way disc plows.

This price reduction is simply the execution of what we think is sound policy, that of producing a better and better plow, to sell for less and less. To this end we pledge our future efforts.

Sincerely,

Henry Krause
President

Two Pioneer Families Are United Here Sunday When Miss Ethel Kempf Became the Bride of Floyd Ferguson

Miss Ethel Kempf became the bride of Floyd Ferguson, at a gayety wedding performed at the home prepared for them by Mr. Ferguson, Sunday afternoon, June 1, with Rev. L. B. Taylor, pastor of the Margaret Methodist Church, officiating with the single ring ceremony.

The altar was improvised before the fireplace in the attractive living room of the home which was banked with tall baskets of white astrodol, carnations and green-

ery. Greenery was used tastefully on the mantle with white satin ribbon bows. The floor where the bridal party stood was covered with white rugs. At the first strains of the bridal march, played by Mrs. William Ricks, the bridal party entered. Mrs. James Bowers, sister of the bride, served as matron of honor, and Mrs. Robert Long was brides-matron. Carvel Thompson, cousin of the groom, was best man and Henry Kries, cousin

of the bride, was groomsmen. The bride was given in marriage by her father, Louis Kempf. She was attractively attired in a wedding gown of white duchesse satin, fashioned with sweetheart neckline and long torso. The long sleeves had tiny buttons at the wrist where they came to a point over the hands. Her finger tip veil was of fine net attached to a coronet which matched the dress neckline. Orange blossoms decorated the headpiece. Her shower bouquet was of stephanotis and lilies of the valley, centered with a white orchid.

Miss Ida May Yount Becomes Bride of Flomot Man Sunday

The marriage of Miss Ida May Yount of Crowell to R. H. Tanner of Flomot was solemnized at the Baptist parsonage Sunday morning, June 1, at 9 o'clock with Rev. N. B. Moon, pastor of the church, officiating with the single ring ceremony.

The bride wore an aqua blue crepe dress and her corsage was of gardenias. She wore a half-hat with tiny veil and accessories of white. For something old, she wore her late mother's wedding band and a locket which had belonged to her sister, the late Miss Nettie Maude Yount. For something borrowed, she carried a handkerchief which belonged to Mrs. Clint Simmons.

Following the wedding, Mr. and Mrs. Tanner left for a short wedding trip, after which they returned to Crowell, then left for their home in Flomot. For going-away, Mrs. Tanner wore a gray beaumont dress with which she wore black accessories.

Guests at the wedding were Mr. and Mrs. Jim Christian, Mr. and Mrs. Herman Kinchelee and son, J. C. Mr. and Mrs. A. J. Powers and daughter, Genevieve, of Vernon. Mrs. Jack Lyons, Mrs. Clint Simmons, Mrs. C. N. Chatfield and two children, Nicky and Sharon, Mrs. J. V. Allen and daughter, Donna, Mrs. J. L. Brock and Mrs. Roy Cooper.

Mrs. Tanner was reared in Crowell, the daughter of the late Mr. and Mrs. D. M. Yount. She has many friends here. Since the origin of the School Lunch Room at the school, she has been employed there. Mr. Tanner is a prominent farmer of the Flomot community and a member of the Baptist Church at that place.

Out-of-town relatives and friends attending the wedding were Henry Kries of Floydada, Carvel Thompson of Dimmitt; Mrs. Midge Adeock and daughter, Gena Lee, of Truscott; Mr. and Mrs. Richard Kempf, Mrs. I. A. Boyles, Miss Rhena Merle Boyles, Mr. and Mrs. W. W. Johnson and Mr. and Mrs. Joe D. McClellan, all of Chillicothe; Mr. and Mrs. Roy Harper, W. M. Lawrence, Mr. and Mrs. J. W. Beaty, Mrs. J. B. Langford and daughter, Jeanine, and Mrs. Wayne Akens and twin babies, all of Quanah; Mr. and Mrs. Weldon Owens and daughter, Carole, of Lubett; Miss Phyllis Ferguson and Thornton Ferguson of Vernon, and Miss Juanita Thompson of Wichita Falls.

Both bride and groom are members of pioneer families of this section, the bride being the granddaughter of the late Mr. and Mrs. George Konrad Kempf and Mr. and Mrs. Karl Drieschner, both families immigrants from Germany, who came to America and to Wilbarger County in 1886 and 1889, respectively.

They entered the cattle and grain industry which their descendants still follow. Their cattle brand is one of the oldest on record in Wilbarger and Hardeman Counties and is still represented by the bride and her father.

The Ferguson family is a pioneer family of Foard County. They also followed the cattle and grain business and have been instrumental in developing this section. Floyd Ferguson also has interests in Knox and Castro Counties.

Shower Given in Honor of Miss Yount at Baptist Church

Miss May Yount was honored at a lovely bridal shower on Thursday, May 26, at the First Baptist Church, just prior to her marriage on Sunday, June 1. Hostesses for the occasion were Mesdames Clint Simmons, J. V. Allen, Herman Kinchelee, Jim Christian, J. L. Brock, Roy Cooper, I. L. Denton and W. O. McDaniel.

Mrs. Kinchelee greeted the guests at the door and Mrs. Simmons introduced them to Mrs. Christian and Miss Yount, who formed the receiving line.

Mrs. Woodrow Lemmons played incidental piano music throughout the reception hours. At the refreshment table, which was covered with a white cloth, Mrs. Denton and Mrs. Cooper poured punch which was served with cookies to the guests who had registered in the bride's book where Mrs. J. A. Powers of Vernon presided.

In the gift room, the many beautiful and useful gifts were arranged for display, and here several of the hostesses entertained.

TRUSCOTT WSCS MEETS

The Truscott Woman's Society of Christian Service met on June 2 with ten members, five visitors present with Mrs. Ozzie Turner as leader.

In the program, "Thou Art Our Leader," Mrs. Oscar Solomon gave an interesting devotional on "Suffer the Little Children to Come Unto Me." The program throughout was an observance of Children's month. Mrs. Turner gave some very interesting

Shower Compliments Miss Ethel Kempf Thursday Afternoon

Miss Ethel Kempf, then the bride-elect of Floyd Ferguson, was named honoree at a lovely shower at the home of Mrs. A. B. Owens in Margaret, Thursday afternoon, May 29, from 3 until 5 o'clock with Mrs. Owens, Mrs. C. T. Murphy, Mrs. Robert Long and Mrs. J. L. Hunter Jr. as joint hostesses.

Mrs. Owens greeted the guests at the door and presented them to the honoree, Mrs. Louis Kempf, her mother, and Mrs. W. R. Ferguson, mother of Mr. Ferguson. The guests were registered in the beautiful handpainted bride's book by Mrs. Richard Kempf, sister-in-law of the honor guest.

The guests were invited into the dining room where Mrs. Murphy and Mrs. Long poured punch from a crystal bowl which was surrounded by pink rosebuds and a miniature bridal party.

Mrs. Hunter and Mrs. James Bowers, sister of Miss Kempf, received in the gift room where many lovely gifts for the bride and groom were displayed. Pink rosebuds and spring flowers were used throughout the house in decoration.

Mrs. W. F. Bradford and Miss LaVerne Owens played incidental piano music during the reception hours.

The marriage of the honored couple took place on Sunday afternoon, June 1.

Roy Canup Weds Miss Jacobs in Alamogordo, N. M.

Roy Canup, son of Mrs. G. M. Canup, of Crowell was married to Miss Eileen E. Jacobs in Alamogordo, N. M., Friday, May 30, at 2:30 in the afternoon, with Mr. Canup's brother, G. R. Canup, the only attendant.

Rev. Ed LeBretton, Methodist pastor at Alamogordo, performed the single ring ceremony. The couple both reside in Phoenix, Ariz., as does R. G. Canup, also and the three are here now visiting in the home of their mother.
