Waggoner Ranch Featured in December Issue of Magazine

The famed Waggoner Ranch, whose headquarters is near Vernon, is featured in a 4,000 word article in the December issue of the magazine.

The article, entitled "Texas Gentleman," introduces the magazine's third and final report on Texas. This month's portfolio covers 18 pages and is illustrated with 20 photographs. One of the articles is about the Panhandle.

Accompanying the Waggoner Ranch are 20 full-color pictures showing E. P. Waggoner, a son of the ranch founder; Robert Anderson, a lawyer who supervises the Waggoner holdings; Tony Haywood, ranch boss; cowboys Ray Barrett, C. J. Poole, Joe Car, Frank Hanley, and Cecil Cole; "Cap" Warren, chuckwagon cook; James at Zacawesta, ranch headquarters and examples of various cattle strains.

Ranch boss Hazelwood is featured in the article as the link between the "brain-trust" executives who run the ranch and the working cowboy. Donald Wayne, author of the story, writes:

"Tony has been a Waggoner cowboy for 36 years. He worked his way up from an ordinary hand to a ranch foreman, which is top bracket in cowpunching. In all that time Tony has had chances to start his own cattle spread, but dismissed each, even when the packer was his boss, old W. F. Waggoner himself. It was the traditional act of promotion so far as Waggoner was concerned, giving his best cowboy a chance to run his own brand. This used to be, correspondingly, the zenith ambition of cowboys. But not any more, 'Feller fences out his spread,' Tony says, 'he starts fightin' the free grass and open range, and lots of it for the pickin'." Seems how it ain't nothin' but bookkeepin' and smart lawyers. I reckon I'm a feller with a weak mind, likes to look at cows."

Waggoner executives, including ranch manager Robert Anderson, who runs the estate, don't think Tony has a weak mind. They count his advice in the buying and selling of cattle, a matter that usually involves hundreds of thousands of dollars and the deployment of railroads, cowboys and office staffs. They confer with Tony, in fact, in every contemplated move concerning the ranch and its estimated 30,000 white-face cattle. Tony also initiates advice and suggestions. As ranch boss, or foreman, he has an entirely free hand as strategist of working-ranch operations.

Illustrations accompanying the article include one sequence showing cowboy Poole on a visit to Vernon. "A cowboy's life is not as thrilling as Hollywood pretends," the story says. "His pleasures are simple, his days lonely, his work hard."

Other articles in the portfolio are about El Paso, a Texas farmer, a wildcat, and a trip to the state by one who has never been there.

COTTON TESTING

Austin, Texas, Nov. 22—Plans are already being made for a 1949 conference to study results of cotton testing by instrument. Dr. A. B. Cox, University of Texas cotton researcher reports. Proceedings of the 1948 late summer meeting will be published soon, and available to persons interested in cotton testing.

STORES TO CLOSE

The News is being printed on Wednesday of this week, one day early in order to observe Thanksgiving. The stores in Crowell will be closed all day Thursday.

An oyster weighing two and one-quarter pounds was dredged up the other day from Great South Bay, New York. The giant oyster measured ten inches in length and was encased in a shell four inches high and five inches across. Experts estimated the oyster to be fifteen years old. An average oyster is three inches long, weighs a few ounces and is one and one-half inches high.

Santa Claus Will Make First Visit Here on Dec. 3

Only ten more days and Santa Claus will be in Crowell. He will be here on Friday night, December 3, at 7 p. m. to give gifts to all the children in this county and the neighboring counties.

Old Santa is not sure if he will come by plane or with his reindeer. He told the Kriss Kringle committee to be sure and have all the children and their parents present for the grand opening and he himself will appear when all have gathered for the joyous opening of the Christmas season.

Many Crowell merchants have been very generous with their contributions to help Santa bring presents for all the kiddies. Those who were not approached for a contribution this year, will be asked first next year so that each may have a chance to make some child a little happier for Christmas.

The Crowell High School Pep Squad that performed so enthusiastically at the football games will blend their talents and musical voices to sing some Christmas carols for the Christmas opening.

These girls and their instructor, Miss Close, are working hard to do their part to make all a little merrier and happier that night and during the Christmas season.

The letters for Santa Claus are arriving at the Kriss Kringle headquarters in Crowell and they are in turn sent to Santa Claus, Kriss Kringle, by the way, means "gift bearer," or Santa Claus.

As the Christmas grand opening approaches the interest of the citizens is fast gathering momentum in the window display contest that the merchants are putting on. Many beautiful and unique decorations will be portrayed that night.

The home decoration contest is also attracting wide interest in Crowell. It is hoped that many homes will enter this contest.

The judging of the home window or yard display won't take place until the week of December 17-25.

This is a Christmas season that everyone can and should enjoy.

Book Week Closes; Diplomas Awarded

Diplomas were presented during Book Week, Nov. 14-20, to the following young people who had finished requirements of the Vacation Reading Course offered by the Foard County Federation Library.

First place was won by Clovonne McKown who reported on 32 books. Second place was awarded to Betty Davis with a report of 25 books read.

Diplomas for ten or more books went to Neta June Carroll, Kerry Mason Brown and Bill Halbert. Honorable mention was given Neva Lou Potts, Duane Johnson, Sharon Lavaine Chatfield, Thomas Crowell, Janis Crowell, Delton Brown and to the mothers who read to the younger children.

Diplomas were presented this week at the school building by Mrs. R. L. Kincaid, president of the Foard County Federation.

Book Tea Planned for Foard County Library

The Foard County Federation of Women's Clubs will sponsor a Book Tea at the Adelphi Club House on Tuesday, Nov. 30, from 3 o'clock until 6 p. m. The various clubs of the Federation will sponsor an exhibit for the tea, among which will be art and antique pieces, rare books, quilts and spreads. A dining room decorated for tea and flower pictures hung for display will also be featured.

Admission to the tea will be a new or used book for the County Library or a silver offering with which to buy new books.

Anyone interested in the Library or who would enjoy the exhibits is welcome and urged to attend the tea and thus help the Library.

Many new books have been added to the Library during the past year, both adult and children's books.

Harold E. Stassen, in a radio broadcast from Philadelphia the other night, told the country that the Republican party of the future would have to be "rebuilt on liberal lines from the people up." Stassen said that the responsibility of the Republicans in the immediate future is to become a loyal opposition, support the sound measures proposed by President Truman, but be ready with substitutes for extreme measures. The Republicans, Stassen said, must concentrate on the Congressional elections in 1950. Stassen is now president of Pennsylvania University.

TO SPEAK AT SPUR

Vernon M. Newland will go to Spur Wednesday evening where he will deliver the message at a union Thanksgiving service.

TEN HORSEPOWER IN ACTION . . . In these days of power-driven machinery, a ten-horse team is as rare as that day in June. This team is in use building an irrigation canal in the Murray valley soldier settlement, Victoria, Australia, where between 500 and 600 miles of irrigation channels are being excavated. The horses are used in preference to power machines because stamping of the horses' hoofs helps bind the soil on the banks of the channels. Notice the size and weight of the horses in this team. No wonder their feet bind the soil.

Boy Scout Meeting to Be Held in Wichita Falls Dec. 3

Dr. Elbert K. Fretwell, Chief Scout of the United States, and former Scout Executive of the United States, will arrive in Wichita Falls, on December 3 for the Roundup, where he will be principal speaker on the program that night.

The Planning Session of the Operating Committees of the Council will meet from 3 p. m. to 5 p. m. in the Memorial Auditorium. These Committees will study the needs of the Council, and plan the program for the next year.

A free Chuck Wagon feed will start at 6 p. m. on the grounds of the Memorial Auditorium. All Cub Scouts, Boy Scouts, and Senior Scouts, and all adults registered in Scouting, and those who provide transportation, will be guests of the Council. After the feed, a musical program by Zeke Williams and his Ramblers will be held in the Auditorium. Also, Lindy Barry, famous TCU football star, will talk to the boys and present two personal autographed footballs.

Hal Helman and Bob Anderson will also be on the program, and Fretwell will give a talk.

During the war years between 1941 and 1945 government experts figure that this country used up nearly one-fourth of our zinc reserves.

C. S. Highsmith, Former Crowell Teacher, Succumbs

Funeral services for C. S. Highsmith, 79, a former school teacher of Foard and Wilbarger Counties, were held at the Methodist Church in Altus, Okla., Friday morning, Nov. 19, at 10 a. m. He died Wednesday at his home in Altus following an illness of about one year.

Mr. Highsmith was a well known Masonic Lodge worker and was in the abstract business in Altus until retiring a few years ago. He and his wife lived in Crowell in 1906 and he was a teacher in the Crowell schools at that time. They went to Altus to make their home in 1917.

Native of Tennessee, Mr. Highsmith was married to Miss Willie Black at Vernon in 1902. Survivors include his wife; a daughter, Mrs. Ruth Riffe, of Hobart, and two sons, Haines Highsmith, of Childress, and Charles Highsmith, of Louisiana, Mo.

Thanksgiving Service at Methodist Church

Rev. Aubrey C. Haynes, pastor of the Methodist Church, announces that a praise and thanksgiving service will be held at the church on Thursday morning, Nov. 25, at 8 o'clock in which the public is cordially invited to cooperate. Special music will be rendered.

New Type Hi Way Sign for Road Safety

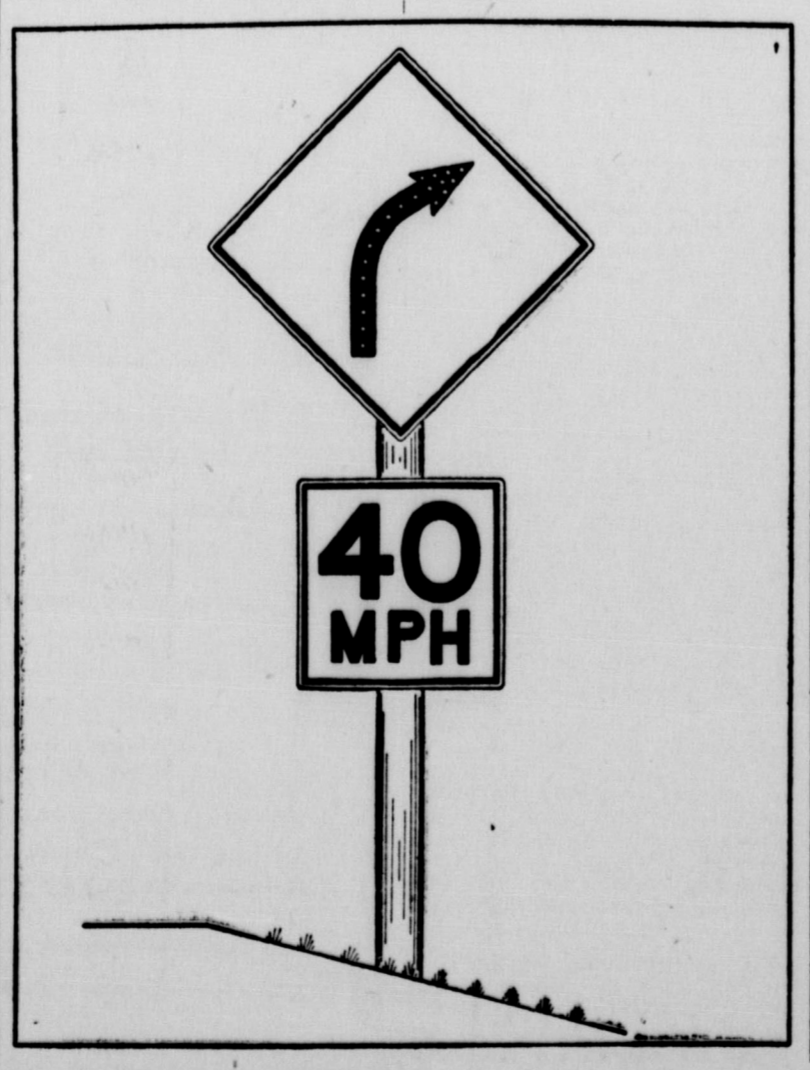

Austin, November 15—A new type of highway sign, an advisory speed sign designed to aid in traffic safety, will soon make its appearance on Texas main highways.

Part of the Texas Highway Department's program of speed zoning, the new sign will advise motorists of the maximum safe and comfortable speed on curves and turns which are not considered safe to travel at speeds above 50 mph. It will be a sign with a yellow background and black numerals and letters.

The speed indicated on the sign is not the maximum at which a turn may be taken, but is the maximum at which the average car can make the turn without an uncomfortable side-throw of its passengers and still stay on its side of the road.

The speed indicated is calculated by the use of a Ball-Bank indicator, an aircraft device which measures the degree of force in any turn. Highway Department test drivers will try each turn at increasing speeds until the maximum is determined.

The Governor's Highway Safety Conference held this spring recommended that the Texas Department institute a program of speed zoning and marking curves with safe speeds, and the new signs are a result of that recommendation.

House Numbers Assigned to All Buildings Here

The task of assigning residence numbers and all business buildings in Crowell has been completed by the committee, according to a report of J. R. Beverly, chairman of the civic committee of the Foard County Chamber of Commerce.

It is requested by the committee that all owners obtain their numbers as soon as possible and place them on the houses. It is hoped that all numbers will be up by Dec. 1.

These numbers can be secured at the Chamber of Commerce office in the Shirley-Youre Drug. The civic committee is composed of the following members: J. R. Beverly, A. B. Bell, Joe Burkett, W. H. Hoseney, Fred Thompson and E. Swain.

New Boy Scout Troop in Crowell Receives Charter

A new Boy Scout troop has been chartered in Crowell, with 14 boys, all former cub scouts, as charter members, Glendon Hays, scoutmaster, announced Monday.

The troop is sponsored by the Foard County Chamber of Commerce, which is headed by Hubert Brown. A. B. Calvin is assistant Scoutmaster. Ernest Johnson is chairman of the troop committee composed of Mike Bird, Ray Shirley and Fred Youre.

Charter members are Jim Stinebaugh, Billy Abston, Kenneth Fox, Larry Johnson, Roy Fred Barker, Don Gobin, Bobby Ferguson, Robert Graves, James Jackson, Glyndon Johnson, Billy Ray Lattimer, V. A. Smith Jr., Paul Cooper and Paul Johnson.

Postal Rates Will Be Up January 1

In accordance with Act of July 3, 1948, 80th Congress, Postal Rates will be increased, effective January 1, 1949, according to information released from the United States Postal Department.

The rates will be effective on air mail, third class matter, 4th class special delivery, money order fees, postal notes, domestic registered mail and registered receipts, and others that will have little or no effect on local situation.

Air mail will be increased from 5 cents to 6 cents with an 8 oz. limit. Under the new set-up postal cards may be air-mailed for 4 cents.

Third class matter will be increased from one and one-half cents for first two oz. to two cents for the first two oz., with an additional 1 cent for each oz. thereafter.

Fourth class, or parcel post, will be increased according to zones. Locally will be increased from 8 cents to 10 cents for 1st lb.; third zone, (Dallas-Ft. Worth, an example) from 10 cents to 13 cents first lb.; 5th zone (example) 12 cents to 15 cents.

Special delivery will increase from 13 cents to 15 cents up to 2 lbs., from 2 lbs. to 10 lbs. will increase from 20 to 25 cents and over 10 lbs. from 25 to 35 cents.

Money order fees will be cut from 8 divisions, to 4 divisions, and the fees will be 10, 15, 25 and 35 cents, an increase of 4 cents in each division.

Postal notes increase from 5c to 8c up to \$10.

Domestic registered mail shows an average increase of 10c and returned receipts on registered mail shows an increase of 1c.

Completes Fifty Years as Reader of This Paper

On November 1, 1948, J. R. Coffman of Albuquerque, N. M., completed fifty years as a regular reader of the Foard County News and sent us his renewal for the 51st year. Mr. Coffman is a former resident of the Thalia community and moved to Albuquerque for the benefit of his health many years ago. Mr. Coffman is still interested in the development in Foard County and his friends here and thinks that being a regular reader of the home paper is the best way to keep posted.

Loyal subscribers, like Mr. Coffman, through a long period of years have meant much to any progress made by the Foard County News and the service it has rendered to this community since the paper was established in 1891.

Crowell Wildcats Lose Hard Fought Game to Olney

Flashing plenty of speed and the best blocking seen here this year, the Olney High School Cubs romped over the Crowell Wildcats with a powerful ground attack to win a convincing 32-12 victory last Friday night.

Coach Scott Whitaker's eleven starters were those players who are ineligible next year. Jerry Culbertson took the opening kick-off on his own 22 and rushed it back to the 38. From this point the Wildcats marched 62 yards for a touchdown. With a mixture of line plays and end runs, Culbertson, Halenack, Yocum and Biggerstaff brought the ball behind good blocking to the one-yard line. At this point Dalton Biggerstaff hit pay dirt for the first score of the game. The conversion was no good.

Not to be outdone, the Olney Cubs came right back and showing a powerful line attack and beautiful blocking, drove 68 yards to a touchdown with Turner taking the ball over from the 4-yard line. The try for extra point was no good and the score was 6-6.

In the second quarter Olney scored twice again. Speed-demon Routh broke through the Crowell line and raced 45 yards for the Cubs' second score. The conversion was blocked. On an exchange of punts the Cubs got the ball on their own 4-yard line. Turner gained 4 yards and on the next play, H. Routh, the district spring champion, galloped 92 yards for the third Olney touchdown. The half ended with Olney leading Crowell, 18 to 6.

Olney received the kick following half-time activities and marched 60 yards for their fourth score with Robinson and Turner carrying the ball to the 1, where Turner took it over. Quarterback Elam kicked the extra point to make the score 25-6.

Shortly after this Olney recovered a Wildcat fumble on Crowell's 44. And quickly behind superb blocking the Cubs move the ball to Crowell's 4, where quarterback Elam ran it over for the final Olney touchdown. Elam's try for point was good, making a 32-6 count against Crowell.

In the last minutes of the third quarter the Wildcats made their second and last score. Jerry Culbertson received a kick-off on his 15 and lateraled to Rouse Todd on the 10, shaking off tacklers, he raced 90 yards for the tally. Todd's run for extra point was no good to make the final score 32-12.

During the last quarter Crowell tried desperately to even the score with many good pass executions, from Biggerstaff to Todd, Culbertson, Bartley and Yocum. But the best they could do was to bring the ball to Olney's 8 where they seemed headed for another touchdown when the game ended.

Eleven Crowell High School boys have played their last game under the black and gold. They will be greatly missed in the lineup next year as each has played well. They are Leon McNeese, Fred Glover, Walter Caddell, Don Wilkins, Floyd Borchardt, Thomas White, J. P. Boney, Dalton Biggerstaff, Billy Joe Halenack, Grover Yocum and Jerry Culbertson. The others who saw action for Crowell in this game were Rouse Todd, Charles Pittillo, Hack Norman, Joe Williams, Buddy Rader, Harold Ribble, Jimmy Rasperberry and James Bice.

18 Boys Reported for Basketball Workout Monday

Eighteen boys reported to Coach Scott Whitaker Monday afternoon for the initial basketball workout of the season. Coach Whitaker lost only two boys from last year's team, Bob Edwards and Marvin Brisco. Returning lettermen are J. P. Bartley, Koush, Todd, Dalton Biggerstaff, Floyd Borchardt, F. L. Ballard, Marion Gobin, and Jon Sanders. Due to a football injury, it is doubtful that Ballard will be able to play for several weeks. Billy Lynch, a one-year letterman from Amherst, will probably replace Brisco in the lineup. Lynch was an outstanding player on Crowell's B team last season. Other boys trying out for the squad are Jim Tom Cates, Charles Wishon, Bobby Jack Stinebaugh, Gordon Wood Bell, Jerry Culbertson, Hack Norman, Joe Howard Williams, James Weathers, Don Wilkins, and Harold Ribble.

The squad will have its first practice scrimmage Friday night here with the Five-in-One team. There will be no charge for this scrimmage. The Five-in-One boys have been playing basketball all fall and should be able to give the local boys about all they are looking for.

Crowell's first conference game will be at Holliday on Tuesday night, December 7th. The Wildcats play sixteen conference games this season which gives them two games per week for eight weeks. The girls' volleyball team will have the same schedule.

HISTORY

Birthday of Mark Twain—November 29: Mark Twain, whose true name was Samuel Langhorne Clemens, was born in Florida, Mo. on Nov. 30, 1835. His parents moved to Hannibal, Mo., in 1839. His father died in 1847 and young Mark was called upon to help support his mother. He learned the printer's trade in the village newspaper office. At the age of 18 he began to travel about the country working at the printer's trade in various cities. In 1857 he became apprenticed to river pilot on the Mississippi and spent four years on the river, the last two and a half of which he was a licensed pilot. In 1862 he went to Nevada where he prospected without success for gold. He next became a reporter on the newspaper at Virginia City, Nevada. While so engaged he wrote under the name of Mark Twain, a river term which indicated the water was two fathoms deep. The first of his writing to attract attention was "The Jumping Frog," written for a California newspaper. The article was published in all the leading newspapers of the day. He was sent by the newspaper to the Sandwich Islands to write about whatever interested him. His articles attracted attention and on his return he engaged in a lecturing tour. With a party of travelers he took a Mediterranean cruise. While on the cruise he wrote "Innocents Abroad." This was followed by "Tom Sawyer" in 1876 and "The Adventures of Huckleberry Finn" in 1884. He established a publishing business at Hartford, Connecticut, which failed. To pay his debts he embarked on a lecture tour around the world as a result of which he succeeded in paying all his creditors. Following this, Harper Bros. took over the publication of his books. His death occurred in 1910. Interesting news from here and interesting news from here and

AIR EXPRESS SHIPMENTS

Austin, Texas, Nov. 22—October air express shipments in Texas were 7 per cent greater than in September, the University of Texas Bureau of Business Research reported.

Compared to October 1947, air express shipments declined 7 per cent.

Bryan's air express shipments more than doubled in a month's time for the best record of change. Big Spring's shipments climbed 79 per cent from September to October; followed by Palestine, 67 per cent; Paris, 58 per cent; Mineral Wells, 50 per cent; Fort Stockton, 43 per cent; and Victoria, 39 per cent.

Large declines during the month were registered by Texarkana, 80 per cent; Eagle Pass, 50 per cent; and Sweetwater, 47 per cent.

In comparison with a year earlier, air express shipments increased more than three-fold in Brownwood. Longview shipments rose 44 per cent; Wichita Falls, 34 per cent; Bryan and Odessa, 32 per cent; and Waco, 26 per cent.

Texarkana recorded the greatest decline in a year's time—82 per cent; followed by Brownsville, 76 per cent; Sweetwater, 64 per cent; Tyler, 52 per cent; and San Angelo, 39 per cent.

Air express shipments totaled 29,038 in October. Dallas shipments were 10,747, for the biggest number of shipments; followed by Houston, San Antonio, Fort Worth, and El Paso, in that order.

CEMENT PRODUCTION

Austin, Texas, Nov. 22—Texas cement production in September, 1948, was 18 per cent ahead of September 1947, reports from the Bureau of Mines, to the University of Texas Bureau of Business Research showed.

Totaling 1,196,000 barrels, September production rose 3 per cent from the previous month.

Cement shipments slipped fractionally from August to 1,194, barrels in September, or 14 cent above a year earlier. September production rose 1 and 43 per cent August and September 1947, respectively.

More than \$85,000 has been pledged or paid, largely by rail owners, toward the cost of a five-year project in basic grass research by the University of Texas Plant Research Institute.

It is a most hopeful sign that a degree of interest is being taken in soil conservation. It is not flattering to human intelligence that all efforts at soil conservation were held up until land owners were forced by steadily decreasing yields and increasing production costs to do the thing they should have been doing for years.

HISTORY

Christmas, Dec. 25 — Perhaps no day in all the year has so much printed and written and said about it as Christmas. One could easily exhaust the limitations of this space in discussing any one of a dozen of the elements that enter into the observance of Christmas. First there is the thought of its origin, the birth of the Savior of the world and the simple and beautiful story of the Nativity. Then there is the history of the observance of the day through the two thousand years that have elapsed since the birth of the Christ. There is the story of the Christmas music, the most beautiful that has ever been written. About this a great deal might be said. There is the story of the customs of the different people of the different ages as they have come down to us. The story of the origin of giving gifts, the story of Santa Claus and how he visits each child's home on Christmas eve and brings gifts down the chimney, the story of the sleigh and reindeer that sweep through the heavens at night carrying to the children of every land and every city, gifts on Christmas night. Not many people know that all of the customs that share in the observance of Christmas the one of Santa's sleigh and eight reindeer is the only story that is of American origin. This came into being as the result of a poem written by Dr. Clement Clark Moore, a professor in General Theological Seminary in New York. The poem was entitled "The Visit of St. Nicholas." It starts out, "It was the night before Christmas." The poem was written for his children and was read to them on Christmas eve 1822. It was published anonymously by members of the family and at once became a part of Christmas and legends.

It was nineteen years ago October 29 that the stock market crashed and put an end to the boom of the 20's. In the space of five hours 50 billion dollars in securities values were wiped out taking with them the fortunes of hundreds of thousands of speculators.

What We Think

(By Frank Dixon)

I read an article the other day written by one of the country's best authorities to the effect that our national resources are by no means inexhaustible.

The article mentioned a number of resources, which most people think of as inexhaustible, as being quite limited. The known supply of a number of natural resources in common use it was stated cannot last over fifty years at the most. As soon as our own supply of these becomes exhausted or the remaining supply becomes too expensive to process for practical use, we will have to turn to other countries. When this happens we at once cease to become independent and at once become dependent upon other nations.

I could cite a number of natural resources which have become so depleted that the domestic supply will no longer serve the daily need, but one will serve to illustrate what I mean. I refer to timber. This country was once covered with thousands upon thousands of acres of timber. Though timber, unlike mineral deposits, is replaceable, we have through greedy and wasteful practices, exhausted our timber resource until it has become so scarce that the cost of building has become practically prohibitive. Practically every bit of newspaper used in this country and wood fibre for other papers comes from Canada. It is even being shipped in from Sweden and other European countries.

It is possible that the same thing might happen in the case of iron and copper and lead and zinc, minerals that enter so largely into our industrial economy. We can't replace these but we can and we will if we are wise, hold in reserve our own supply and seek new sources of supply from without our borders. This would be the smart, the intelligent, and the wise thing to do. This would assure us a home supply in the event of an emergency and would prevent us having to pay in the future a high price to a greedy neighbor.

An equally important, and I do not know but that it might be called a more important resource that is being neglected is our soil.

It is one of the reproaches against our intelligence that we permit the staggering waste of our soil, and, relatively speaking, do nothing about it. Every year there goes down the streams and rivers of the nation thousands of acres of rich top soil, leaving the soil poorer and poorer each year. In some localities the people have wakened up and are doing something about it, but the effort is negligible when the picture as a whole is considered. It is but a drop in the bucket. There are thousands who are making a losing fight to make money from the soil because the money making properties of the soil have been permitted to waste away.

The penalty of the waste of this resource is insupportable. Depleted soil fertility not only shows up in smaller yields of grain but in poorer livestock and eventually an inadequately nourished human race. Deprived of the essential elements found in the top six inches of soil the race would dwindle and weaken and die.

We can laugh off the matter of our dwindling supply of mineral resources if we choose to, but when it comes to laughing off or ignoring the dwindling supply of productive soil we are facing a reality from which there is no escape and whose toll is both relentless and devastating.

Sleeping Quarters Need Ventilating in Winter Time

Austin, Texas.—With the advent of cold weather each year in this State, several deaths are usually reported, resulting from asphyxiation by gas fumes in improperly ventilated homes or sleeping quarters.

Dr. Geo. W. Cox, State Health Officer, has issued a warning in this respect, emphasizing that it is never safe to sleep in a tightly closed room with a gas fire burning. Even if there are no gas leaks the air soon becomes vitiated and unfit to breathe.

"When occupying a room in which gas is burning, be sure always to have at least one window or door open, to admit fresh air," Dr. Cox said. "If the weather is too cold to permit leaving an open window in the room occupied, then play safe by opening a door into an adjoining room, where a window can be opened."

Dr. Cox said he was prompted to issue this warning early in the season because of the fact that thousands of new residents in the State have come from districts where they have been used to burning coal, wood or oil, and they do not know the dangers of gas fumes in improperly ventilated homes.

"Occupying a room heated by an open gas flame, and at the same time keeping the room tightly closed, may prove disastrous the very first time it is tried," Dr. Cox said. "It is better not to risk it even one time. Always be sure that your room has plenty of fresh air, but make doubly sure when you have a gas fire burning."

Luncheon Honors Bride-Elect Saturday at R. L. Kincaid Home

Another lovely compliment to Miss Ada Jane Magee prior to her marriage Sunday afternoon was a bridal luncheon given by Mrs. Hines Clark and Mrs. R. L. Kincaid Saturday at 1 o'clock in the home of the latter.

The table was laid with a beautiful lace cloth and centered with an arrangement of white chrysanthemums in a blue container, carrying out the color scheme of all Miss Magee's plans for her wedding. White candles burned at either end of the arrangement. Pretty place cards marked places for the party guests.

A three course luncheon was served to the honoree, Mrs. John Franklin, Miss Imogene Holmes, Mrs. Jack Sauls, Miss Rosalyn Schreier, Mrs. J. W. Sollis, Mrs. Mike Rasberry and Miss Wilma Wheeler.

At the close of the luncheon, the table arrangement was presented to the honor guest with the wish that many flowers might adorn her pathway through life.

Rehearsal Dinner Given for Miss Magee Saturday p. m.

Mrs. Ed Tharp of Brownfield, grandmother of Miss Ada Jane Magee, Mrs. Eck Gillespie of Stamford and Mrs. Elmo McClellan of Lubbock, aunts, were hostesses at the rehearsal dinner given Saturday evening at the Adolphian Club House honoring Miss Magee and her bridal party following rehearsal for the marriage which took place Sunday afternoon.

White chrysanthemums and white candles were used in decoration of the dining room where a buffet Thanksgiving dinner was served from a lovely lace-laid table. All appointments of the dinner followed the same decorative motif.

Present for the dinner were the honoree, her fiance, James Eldon Franks, Mr. and Mrs. D. R. Magee, Mr. and Mrs. Eldon Franks, Don Franks, Linda Franks, Sue Bursey, Janis Crow, Leo Bedford, Rev. Tharp, Elmo McClellan, Gene Sorley, Archie Sorley, Bob Cooper, Norris Sampler, Jim Spain, Bob Bowers, Mr. and Mrs. John Franklin, Misses Rosalyn Schreier, Imogene Holmes, Polly Millsbaugh, Wilma Wheeler, Kay Kendrick, Mr. and Mrs. C. G. Millsbaugh, Mrs. Paul Shirley, Mrs. Allen Sanders, Mrs. W. B. Ty-singer, Mrs. Jack Sauls, Mr. and Mrs. Mike Rasberry.

Co-Laborers' Class Meets Thursday Night

Twenty-one members of the Co-Laborers' Class of the Methodist Sunday School met in the home of Mrs. Leo Owens Thursday evening for a study lesson and a social meeting. Joint hostesses with Mrs. Owens were Mrs. Alton Higginbotham and Mrs. Pet Billings.

Mrs. Charlie Thompson was program leader and discussed the book of Obadiah in an instructive manner and called on Mrs. J. A. Stovall, assistant leader, to discuss the book of Jonah. Both discussions were appreciated. Mrs. Allen Sanders and Mrs. Gordon Cooper sang as a duet, "I Surrender All" with Mrs. T. B. Klepper playing their accompaniment. Following the business session, presided over by the president, Mrs. A. Y. Beverly, the hostesses served a delicious refreshment plate. Miss Eva Hughston of Plano was an out-of-town guest for the evening.

Scientists claim that peeling potatoes or other below the ground vegetables removes most of its valuable mineral salts.

Mrs. Mike Rasberry Compliments Miss Magee with Breakfast

In reply to clever little invitations which featured Cupid holding flowers, a number of guests were present at the home of Mrs. Mike Rasberry on Sunday morning, Nov. 21, for a delightful breakfast honoring Miss Ada Jane Magee, then the bride-elect of James Eldon Franks. The marriage took place on Sunday afternoon.

The decorations for the breakfast featured blue and white, the chosen colors of Miss Magee. On the piano was a blue wedding ring with three candles surrounded by angel hair and blue ribbon.

The breakfast was served on a long table in the living room. Corsages of white baby mums tied with blue ribbon were laid at each plate and in the center of the table. The honoree received a double corsage.

Places were designated by blue ribbon with the name in white and placed on the napkin. Blue crystal was used in the service. Love songs were played on the record player during the breakfast.

The hostess gift to the bride-elect was a silver cigarette box and ash tray in Old English replica of a dinner tray and covered dish.

The guest list follows: Misses Magee, Sharon Haney, Polly Millsbaugh, Kay Kendrick, Wilma Wheeler, Imogene Holmes, Rosalyn Schreier, and Mrs. Jack Sauls, Mrs. J. W. Sollis and Mrs. John Franklin.

Bride-Elect Is Honored with Tea Given at Lubbock

Mrs. Joe N. Nislar and Mrs. Oscar L. Nislar Sr., of Lubbock entertained at a lovely tea Tuesday afternoon, Nov. 16, in the home of the former in Lubbock, as a compliment to Miss Ada Jane Magee, who became the bride of James Eldon Franks Sunday afternoon in the Methodist Church here.

Mrs. Elmo McClellan, aunt of the honoree, presided at the tea table which featured a white motif in the hand-embroidered cloth, in the candles and the centerpiece of mums and lemon loaf. Tiny pretty sandwiches and pastel cakes, ripe and green olives, salted nuts and spiced tea were served to the sixty guests calling between the hours of 4 and 6 o'clock.

Miss Gretchen Cliff greeted the guests and Mrs. Duncan Ellison presided at the register. Assisting in hospitalities were Misses Wilma Wheeler, Polly Millsbaugh, Sue

SEW-N-SEW CLUB Mrs. Robert Lee and Mrs. Eugene Owens were co-hostesses to six members of the Sew-N-Sew Club and one guest on Nov. 18, in the home of Mrs. Owens.

The ladies attending engaged in needlework during the afternoon. Steaming cups of hot chocolate were served with a sandwich plate. Those present were Mesdames Fred Borchardt, Kenneth Halbert, R. J. Owens, Harry Traveek, Eugene Owens, Robert Lee and Mrs. Lawrence Glover, the guest.

The next meeting will be with Mrs. Jack Welch and Mrs. W. L. Johnson as joint hostesses on December 9.

Uncle Sam's Selective Service

(Editor's note: Below is one installment of a series of questions and answers on the second peacetime military training program. It has been prepared under the direction of the Texas Director of Selective Service, Maj. Gen. K. L. Berry.)

Classification Procedure No. 2

Q. If the classification of a man is not possible on the basis of his questionnaire alone, just what will further procedure be?

A. In such cases as this the registrant will be called before his local board for personal inquiry. All additional information secured in this manner must be reduced to writing.

Q. How will the registrant know how he has been classified?

A. The local board will notify him of his classification on the date on which it is done.

Q. Will local boards order a physical examination for registrants?

A. Within the full and usually accepted meaning of the term, there will be no physical examinations conducted by or at local boards. The armed forces will conduct physical examinations for inductees which generally will be final for purposes of the Selective Service Act.

Q. What if a registrant claims in his questionnaire that he has a mental or physical defect which he believes would be disqualify-

ing? A. In that case, he will be ordered to appear before the medical advisor to the local board for interview. This medical advisor is appointed by the President on advice of the governor. After the interview, the medical advisor will recommend for or against sending the registrant for final examination by the armed forces.

Q. Can the registrant appeal from the action of a local board?

A. Yes. If the registrant is not satisfied with the classification he receives from the local board, he may carry his case before the state board of appeal. If there is a dissenting vote on this board of appeal, the registrant may appeal to the President of the United States in certain restricted cases.

Q. How long will a registrant have in which to make an appeal?

A. He will have 10 days within which to appeal from any determination by a local board, except that he cannot appeal from a medical determination. The filing of an appeal will not operate to delay the armed forces physical examination. On the contrary, when an appeal is noted, the registrant will be required to have an armed forces physical examination before the case is forwarded to an appeal board.

The government civilian payroll has reached more than 500 million dollars a month, according to Senator Byrd of Virginia. Byrd said the August personnel of 2,120,583 persons was an increase of 13,322 over that of July. The increase for the first eight months of the year Byrd said averaged 513 a day. The total civilian payroll for the month of July reached \$516,417,000. Byrd is chairman of the joint Congressional committee on government economy.

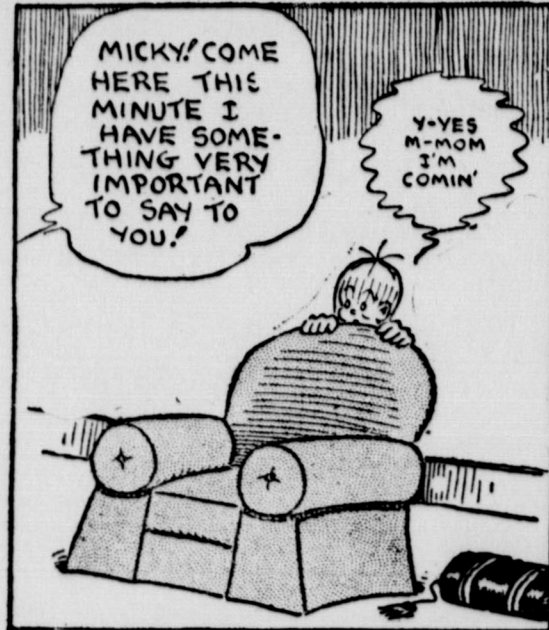

Total employment dropped in September for the second consecutive month, the Census Bureau reports. The reduction totaled 933,000 leaving a total of 60,312,000 employed. Almost the entire decline was caused by teenagers dropping their summer jobs to go back to school. This is the first time in the history of the Census Bureau that the number of job holders on September 1 stayed above 60 million.

Plans have been made to open a Boys Town, January 1, on a 120 acre tract of land near St. Louis, Mo. The project is being provided by a group of World War II veterans. According to William F. James, St. Louis automobile dealer and president of the sponsoring group, the project will work with delinquent boys between 10 and 16 years old. The sponsoring group is known as the Trail Rangers of America. The project will be patterned after the famous Boys Town of Nebraska.

Dr. Paul Mueller, of Basel, Switzerland, was recently awarded the 1948 Nobel prize for discovering the strong insect killing powers of DDT. The prize will be worth \$14,000.

Cuba produced this year a record breaking crop of sugar totaling 6,680,000 tons. Of this the United States has purchased over 4 million tons.

Plan for Relief of Distress in Europe Announced

On Thanksgiving Day the American Silent Guest Plan for relief to distressed Europe will be inaugurated over the nation for a second consecutive year, Governor Beauford H. Jester has announced.

The Governor has proclaimed the month November 25 to December 25 as Silent Guest Plan month in Texas.

Last year's drive netted more than \$1,400 for Texas' share of the aid to Europe's poverty-stricken people—war orphans, widows and old folks. The Governor expressed confidence that donations in 1948 will exceed those collected last year.

As projected through the nation, this plan calls for each American family to invite a "Silent Guest" to eat at his table for one month, sharing in a Thanksgiving and a Christmas dinner.

Mindful of the fact that it would cost a family approximately \$30 to feed a guest for one month, the Governor has suggested that those families with limited incomes may "share" a Thanksgiving meal, or that and a Christmas dinner.

After calculating the cost for feeding this extra person, the family may mail a check or money order, covering that sum, to the Governor's office in Austin. The collections will be forwarded then to Committee headquarters for purchase of food packages from the non-profit, government approved organization, CARE, for delivery to needy families in Europe, Governor Jester said.

CARE, the Cooperative for American Remittances to Europe, Inc., was chosen by the American Silent Guest Committee last year to handle the funds because it represents all of the major religious and nationality groups, and is the only organization so comprehensive in scope.

A good example is the best sermon.—Benjamin Franklin.

VETERANS' QUESTIONS AND ANSWERS

Q. When a veteran secures a loan under the G I Bill, does the Government make an outright payment on it without charging the veteran anything?

A. Yes, VA pays the lender, for credit to the veteran's loan, an amount equal to the per cent of the guaranteed portion of the loan. For example, if the guaranteed portion of the loan is \$4,000, the lender will receive \$160 from VA to credit to the debt of the veteran.

Q. I am a World War II veteran and wish to go in business. Must I have experience in the business in order to get a G I loan?

A. Experience is an important element in the success of the average business. You should be able to show a reasonable expectation of success in your venture in order to get your loan.

Q. Must a disabled veteran go to a vocational school or may he go to a liberal arts college, a high school, or similar institution under the Vocational Rehabilitation Act?

A. He may enroll in any VA-approved educational institution or training establishments offering the course of training which VA has found he needs to insure his proper rehabilitation in line with his own desires.

Q. My brother, a disabled World War II veteran, is being rehabilitated under Public Law 16. Must he find his own job or will VA do this?

A. Veterans Administration will help your brother look for a job after he finishes his training.

THAT ALL MEN MAY HAVE ENOUGH

Phelps Adams, Chief of the Washington Bureau of the New York Sun, recently defined the essential difference between capitalism and communism in these words: "The communist, seeing the rich man and his fine home, says: 'No man should have that much.' The capitalist, seeing the same thing, says: 'All men should have as much.'"

Communism—born of hardship and toil—seeks to provide such a plentitude of goods so that ultimately no man has enough of anything. Capitalism—born of hardship and toil—seeks to provide such a plentitude of goods that, ultimately, all men have enough of everything.

The main technique used by communists and socialists is to argue that capitalism makes possible luxury for the few, while it exploits the many. Yet, according to a study recently completed at the University of Notre Dame, the opposite is true. Over a thirty-year period, 88 per cent of all our income has gone to those with earnings of less than \$5,000 a year. And—of equal importance—the long-time trend has been to steadily raise the percentage earned by people of modest means.

And how does capitalism stack up against the other systems which are in operation throughout the world? The evidence in its favor is overwhelming. According to Mr. Adams, we have 46 per cent of the world's electric power, 48 per cent of its radios, 60 per cent of its life insurance policies, and 85 per cent of its automobiles.

So much for material gains. The record also shows that capitalism is the only economical system which can exist along with representative government and a maximum of individual freedom. Every system of controlled enterprise, no matter what name it goes by, inevitably is accompanied by more and more regimentation of the individual—and, in the final stage, by a government based on terrorism and slavery.

When the Olympic games ended in London recently, the press services carried a significant story. A number of athletes from Czechoslovakia and other countries within the iron curtain refused to leave. They hope to find sanctuary in England, Canada and the United States. They have seen oppression, they have had a small taste of freedom, and they have made their choice. There is a lesson in that for those here at home who denounce a way of life that has given more material and spiritual benefits to more people than any other.—Industrial News Review.

Since the end of World War II, the University of Texas has contracted with agencies of the federal government to perform research work costing a total of \$1,600,000.

CHRISTIAN SCIENCE THANKSGIVING SERVICES

Thanksgiving Day services are held each year by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world. The order of service includes the reading of a Lesson-Sermon on the topic of "Thanksgiving," and opportunity is afforded for testimonies of gratitude to be expressed appropriate to the occasion. The public is cordially invited to attend these services.

The Golden Text is: "Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50-15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And let the peace of God rule in your hearts, to the which also ye are called in one body; and be ye thankful" (Colossians 3:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to

the Scriptures" by Mary Baker Eddy: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (pp. 518).

A Chattanooga, Tennessee safety leader, H. C. Harrington, has devised a simple fire alarm system for his home. Harrington places large firecrackers in different parts of his home, in closets, in the attic, and elsewhere. In the event of fire the firecrackers explode, and day or night, will give warning to the family. By this means, Harrington says, a fire can be discovered before it gains much headway.

William Ray, 80 year old Lowell, Ohio, barber, keeps busy in his one-chair shop dispensing 10 cent shaves and 15 cent haircuts just as he has for the past 58 years, living on his income of \$40 to \$50 a week.

The police department of Atlanta, Ga., recently received hundreds of complaints because of window dressers about the dressed and undressed mannikin in the store windows. As a result of the complaints an order has been issued by the Atlanta police department that in the future dressing and undressing of mannikins must be done behind drawn window shades.

Charging that he was given a "hot foot" by a bartender, J. B. Shaw of Marysville, Ky., has filed suit in the circuit court for \$10,000 damages against Richard C. Gifford, cafe owner. The charges state that while Shaw was asleep in the cafe, an employee "poured inflammable liquid" on Shaw's foot and "set fire to his foot." Shaw is asking for \$10,000 for "permanent injuries" and \$100 for physician and hospital fees. The outcome of the case will probably establish a precedent for action on future cases in which the doubtful form of so called practical joke is attempted.

In the war years between 1941 and 1945 government experts figure we used up oil equivalent to about one-fourth of present proved petroleum reserves.

The Costliness of Spiritual Delicacy

by C. Norman Bartlett, Moody Bible Institute, Chicago

"If a man therefore purge himself from these, he shall be a vessel unto honor, sanctified, and meet for the master's use, and prepared unto every good work" (II Timothy 2:21).

There is a wrong and a right kind of spiritual delicacy. Both are costly—the one in what we give up to the world, the other in what we give up for the Lord. The one involves a sacrifice of the best, the other a sacrifice for the best.

The blameworthy type of spiritual delicacy fails of self-mastery. It succumbs to circumstances and is easier to drift with the crowd than to stand for the Lord. It is too weak to resist temptation and is toppled over by tiny tests of character. It follows the path of least resistance.

Needless to say, such spiritual delicacy is extremely and tragically expensive. It means slavery to self instead of mastery of self.

In contrast to this, there is the praiseworthy type of spiritual delicacy which is as exquisitely sensitive to the will of the Lord as the other kind is to the pull of the world. It shrinks from sin and impurity as from deadly poison. It seeks to be delicately adjusted to the use and purpose of the Lord Jesus Christ.

Are we prepared to pay the price for the spiritual delicacy whereby we become instruments "fit for the Master's use"? A conscience highly sensitized to the will of Christ requires many a sacrifice of selfish inclinations and the courage to make every decision in the light of the question, "Is it Christian?" Regardless of cost, we must keep out of our lives anything and everything that will lessen our usefulness for Christ.

One thousand dollars for a smile seems like a large reward for such a simple little thing. This, however, is what a daily smiling Robert Pettey, a filling station attendant of Los Angeles the other day. The reward came from an elderly shoestrapping and pencil peddler who cashed some war bonds to raise the money. It seems that for the past two years, Pettey, as he passed the old peddler plying his trade on the street corner, greeted him with a smile, and a word of cheer. Pettey did not even know the name of the peddler.

Two Minute Sermon

(By Thomas Hastwell)

The Devil's Work Shop: "I never knew a man or a woman," a friend of mine said the other day, "who worked hard and was industrious as a young person who ever went very far astray." I had never thought of it in just that way, but it reminded me of an admonition given me many years ago by my father. He said: "Son, there are hundreds of instances in the Bible where God has promised to forgive a sinful man, but no place is there to be found a single instance of where he promises to forgive a lazy man." Both my father and my friend were trying to say the same thing in a different way. They were trying to say that if a young man or a young woman is industrious and works hard he is not going to go far wrong. I have checked up on a good many instances during my life time and the results bear out both of these statements. There is something about honest, all absorbing work and application, that seems to shield an individual from the many pitfalls

that dog the life of an idle person. It makes little difference whether one shuns honest, all absorbing work, whether one is lazy, or feels above honest work. The result is the same in either case. An idle mind is still the devil's work shop.

BUSINESS FAILURES

Austin, Texas, Nov. 22.—Seven Texas businesses failed in October, reports to the University of Texas Bureau of Business Research from Dun and Bradstreet showed.

This is greater than the 2 businesses that failed in September, but matches the number of business failures in October 1947 and in September 1947.

Business failures for the first 10 months of 1948 totaled 66, compared with 44 in the like period of 1947.

Average liabilities per failure were \$53,000 in October this year, \$440,000 in September, and \$14,000 in October 1947.

Miss Jane Magee Exchanges Marriage Vows with James E. Franks of Lubbock in Methodist Church Sunday Afternoon

Miss Ada Jane Magee, daughter of Mr. and Mrs. D. R. Magee, became the bride of James Eldon Franks, son of Mr. and Mrs. Eldon Franks, in an impressive marriage ceremony, marked with simplicity and prettiness Sunday afternoon, Nov. 21, at the Methodist Church with Rev. Ed Tharp of Brownfield, grandfather of Miss Magee, officiating with the double ring rites.

The altar was formed by tall baskets of large white chrysanthemums and gladioli and greenery which were flanked by smaller baskets of the same flowers. The altar rail was entwined with garlands of greenery and the whole was lighted by graduated groups

of candelabra holding white tapers. Bob Cooper, Norris Sampler and Lee Bedford of Lubbock and Lynn Gillespie of Stamford were ushers.

Mrs. Paul Shirley and Mrs. Allen Sanders furnished the pre-nuptial music on the organ and piano, in unison. They played Liebestraum by Liszt, Meditation by Morrison and Traumerie by Schumann. While the candles were being lighted by the ushers, they played The Rosary by Nevin.

Mrs. Shirley played the traditional wedding marches and during the exchange of vows, she played Indian Love Call. The number and additional sentiment as

it is the theme song of the bride's sorority. After the wedding party had departed, Mrs. Shirley played The End of a Perfect Day.

Linda Franks, sister of the groom, and Janis Crowell were junior bridesmaids, dressed in white. Miss Sharon Haney sang at Dawning with Mrs. A. L. Rucker playing her organ accompaniment. Jim Spain of Olton, also accompanied by Mrs. Rucker, sang Because just before the entrance of the bride party. Best man was Don Franks, brother of the groom. Groomsmen were Gene Sorley and Archie Sorley of Lubbock.

The bride, charming in a beautiful wedding dress of white satin, entered on the arm of her father, who gave her in marriage. Her dress was fashioned with a fitted bodice, long sleeves coming to a point over the hands, a yoke of illusion, topped an off-shoulder neckline encircled by a beffian cuff, with trapunto embroidery, and a bouffant skirt which fell into a long train. Tiny satin covered buttons down the front of the gown were repeated on the sleeves. Her veil of illusion was caught at each side with white rosebuds and Stephanotis. Her bouquet was of white rosebuds, centered with an orchid.

Matron of honor was Mrs. John Franklin of Plainview and Misses Wilma Wheeler and Polly Millsbaugh of Lubbock were bridesmaids. They wore dresses in almost identical fashion in pink and blue and each carried a colonial bouquet of white flowers and tulle to match her frock. Sue Bursey, daughter of Mr. and Mrs. Moody Bursey, as flower girl, strewed rose petals before the bride.

Following the marriage, an informal reception was held at the Adelpian Club House for the wedding party, members of both families and a few additional guests. Mrs. W. B. Tysinger greeted the guests at the door and presented them to the receiving line with Mrs. Magee, mother of the bride, Mrs. Franks, mother of the groom, the bride and groom, Mrs. Franklin Wheeler and Miss Millsbaugh, forming the line.

Mrs. Mike Rasberry presided at the guest register and Mrs. Jack Sauls invited the guests into the dining room where the beautiful wedding cake adorned the dining table. The cake, a wedding ring cake, was on a reflector and frilled with dotted maline. Love birds ornamented the cake which was further decorated with orange blossoms and pink and blue flowers. Mrs. Tharp, grandmother of the bride, poured the punch which was cut by Miss Sue Guthrie. Misses Ethel Claire Raney, Stella Ethel Doak, Kay Kendrick and Pauline Crumpton assisted in the dining room service.

Guests were ushered to the door and bade goodbye by Mrs. Elmo McClellan of Lubbock, aunt of the bride.

Mr. and Mrs. Franks left immediately following the reception for San Antonio for a short wedding trip. For going away, the bride was attractively attired in a gray gabardine suit, a magnolia colored blouse, and black accessories. She wore a red topcoat and a corsage of gardenias.

They will, upon their return, be at home at Lubbock where each is a student at Texas Technological College. Mrs. Franks is a senior student in home economics. She is a member of the Student Religious Council, a member of the Ko Shari sorority, a Wesleyan player, a member of Future Teachers of America and for the past year has been Councilor in a Women's Dormitory at Texas Tech. She graduated from Crowell High School.

Mr. Franks is a graduate of Olton High School and is a senior pre-med student at Texas Tech. He served for two years in the U. S. Navy.

Out-of-town guests for the wedding included the following: Rev. and Mrs. Ed Tharp, Mr. and Mrs. Eck Gillespie, Lynn Gillespie, Mr. and Mrs. Elmo McClellan, Mr. and Mrs. Eldon Franks, Mr. and Mrs. C. G. Millsbaugh, Mr. and Mrs. Eldon Franks and family, Bob Bowers, Mrs. G. C. Morris, Mrs. Julian Wright, Mrs. Laura Giddings, Mrs. Bruce Gardner, Mr. and Mrs. Eli Smith, Katherine Smith, Mrs. J. D. Drake, Diane Drake, Mrs. E. S. Haggard, Mr. and Mrs. Glynn Shults, Miss Jo De Shults, Ross Doyle, Duane Hill, Mr. and Mrs. H. V. Wheeler and family, Mr. and Mrs. Louis Hair, Mr. and Mrs. Truitt Sides, Mr. and Mrs. J. W. Campbell, Elma Smith, Mr. and Mrs. Emil Sorley and family, Mr. and Mrs. Owen

Jones, Mr. and Mrs. Marshal Stone, Mrs. A. E. Leach, Lawanda Leach, Mr. and Mrs. Duncan Ellison, Mrs. Tom Allen, Mr. and Mrs. Jackie Barton, Mrs. B. D. Doak, Rev. and Mrs. E. C. Raney, Mr. and Mrs. W. H. Hall.

Mr. and Mrs. Buford Hamby, George Carter, Mrs. T. M. Haney, Mr. and Mrs. John Franklin, Mr. and Mrs. John Raser, Mr. and Mrs. John Raser Jr., Tommie Halsey, Mr. and Mrs. W. M. Teague, Mrs. Asenith Rogers, Billy Harris, Imogene Holmes, Rosalyn Schreier, Richard Bird.

Mrs. Kincaid and Mrs. Jack Turner Honor Miss Ada Jane Magee

On Saturday afternoon at 4 o'clock, Miss Ada Jane Magee, whose marriage was solemnized Sunday afternoon, was honored with a lovely tea in the home of Mrs. Merl Kincaid with Mrs. Jack Turner a co-hostess with Mrs. Kincaid.

Miss Marcia Kincaid and Mrs. Mrs. Turner greeted the guests at the door. A decorative scheme of white chrysanthemums and white roses was used throughout the entertaining rooms.

The tea table was laid with a

lace cloth and the centerpiece was formed of tiny white rosebuds and was flanked by white tapers in crystal holders.

Miss Marcia Kincaid poured tea which was served with shrimp canape, Scandinavian cookies, toasted pecans and mints on white Queensware china. The guest list for the pretty compliment include Miss Magee, Mrs. D. R. Magee, Mrs. Eldon Franks and Linda Franks, Mrs. John Franklin, Mrs. Jack Sauls, Mrs. R. G. Rasberry, Mrs. J. W. Sollis and Misses Rosalyn Schreier, Imogene Holmes, Polly Millsbaugh, Wilma Wheeler, Kay Kendrick, Marcia Kincaid and Frances Kincaid.

Altar Society Is Entertained by Mrs. Drabek and Daughter

Mrs. Joe Drabek and Miss Rosalie Drabek were hostesses to the S. Joseph's Study Club which met Monday afternoon in the home of Mrs. M. O'Connell.

"The Life of St. Rose" was ably reviewed by Miss Drabek. Lives of the saints will be studied at future meetings and the group will also review advanced lessons in Catechism of the Catholic faith.

The next meeting will be on

Monday, Dec. 20, when Mrs. Gray Magee will be hostess to the club for a Christmas party at her home.

The hostesses served a coffee

course at the close of the enjoyable meeting.
