## Red Cross Banquet Given to Formulate Plans of Campaign

To formulate plans for the annual Red Cross Fund Drive to be placed over the nation during the month of March, the officials of the county organization met at a banquet at the DeLuxe Cafe Friday night, Feb. 25.

Miss Leah Jackson, general field representative, was the guest of honor and spoke to the group concerning facts about the work being done over the world by the Red Cross. She stated that \$355,000 had been spent in Texas for relief aid during the current year. Much direct effort and money has been spent on the water safety program, on the safety service program, the blood centers and the \$50,000 had been spent in Texas for measles serum. 150,000 lives have aided in the fight against polio.

Hubert Brown, County Red Cross chairman, was master of ceremonies and introduced Alton Bell, County Fund campaign chairman. Mr. Bell heard the report of the secretary and treasurer and the Home Service chairman, Rev. Aubrey C. Haynes, an ex-chaplain, spoke concerning his own experiences with Red Cross while overseas. He said that the men depended upon and Red Cross.

The National Red Cross quota is \$60,000,000 and Foard County's allotment is \$546,000. No fear was for the outcome of the fundraising campaign for the local drive for Foard County has had direct aid from Red Cross in the disaster of 1942 and will be grateful. Much enthusiasm was in evidence and workers were anxious to begin activities.

In the business meeting a motion was made that all present officials and committeemen be made County Directors of Red Cross.

## Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, S. Z. Bailey, I. H. Brannon, Roy Ayers.

The Board of Supervisors of the Lower Pease River Soil Conservation District met in the court house in Crowell on Feb. 10.

Those present were W. C. Howard, Roy Ayers, newly elected supervisor of Thalia, O. T. Holmes, Grady Halbert and O. H. Brandon, supervisors; Louis Dawkins of the State Soil Conservation board and W. W. Harrel of the Soil Conservation Service.

The board approved 17 farm and rancher applications for district assistance, covering 8,541 acres, as follows: Mrs. J. N. McCreary, J. T. King, George Reithmeyer, J. M. Hill Jr., R. L. Pease, Mrs. S. E. Tate, Mrs. Clyde Graham, T. A. Davis, J. T. Matthews, J. P. Matthews, Joe Coulter, John Matus, John Jokel, R. E. Main, W. N. Wofford, W. R. Moore and L. H. Williams.

Farmer-District cooperative agreements covering plans for soil and water conservation were approved on eight farms, covering 1,934 acres. Farmers becoming district cooperators are R. H. McCoy, Karl ten Brink, James Rasberry, Fred Vecera, Ramon Harris, Raymond Bryant and O. L. Bell.

## Birthday Celebration Honors Three Relatives Sunday with Dinner

A birthday observance to honor Mrs. M. O'Connell of Crowell, Mrs. B. E. McGill of Dallas and Mrs. Taylor of Margaret was held at relatives Sunday in the Community House. The observance featured a covered-dish dinner at the noon hour.

Attending the celebration were Mrs. McGill, Mr. and Mrs. M. O'Connell, Mr. and Mrs. Taylor, Mr. and Mrs. J. I. Malone, Mr. and Mrs. C. W. Ross, Rayburn Taylor of Dallas, Mr. and Mrs. C. Wesley and granddaughter, Corquette Tucker, Mr. and Mrs. Frank Dunn and Mary Beth Taylor, all of Margaret; Mr. and Mrs. J. I. Malone and children of Vernon; Mr. and Mrs. J. D. Mahoney of Quanah; Mrs. Weldon Garvey and daughters, Judy and Lynn, of Dallas; Mr. and Mrs. John Wesley and family of Iowa Park, Mr. and Mrs. F. A. Moore and family of Wichita Falls; Mr. and Mrs. M. O'Connell and son of Lubbock; Mr. and Mrs. Henry Ross, Mr. and Mrs. J. C. Prosser and daughter, Patricia, Mrs. Minnie Gray, all of Crowell.

The terms of atomic power, 90 per cent would be the equivalent of 10,000 B-29's carrying ordinary bombs.

## Grand Champion Calf

David Jackson, Thalia 4-H Club boy, is shown holding his grand champion calf of the annual Foard County FFA and 4-H Club Project Show which was held in Crowell on Saturday, Feb. 12. Shown with Jackson is R. B. Anderson of Vernon, manager of the Waggoner Estate which bred the calf and bought it at auction for 72 cents per pound. T. L. Leach, professor of agricultural education at Texas Technological College, was the judge.

## New DeSoto Will Be on Display Saturday, March 5

The new 1949 DeSoto automobile will be on display in the show rooms of Cates & Hays Motor Co., local DeSoto-Plymouth dealers, on Saturday, March 5, and everybody is invited to see this new car on that date.

DeSoto features that mean more enjoyment are Tip-Toe hydraulic shift with fluid drive, new feather-light steering, high compression power-master engine, new all-weather comfort system, faster getaway, new ignition system, longer wheelbase with full "cradle ride," safeguard hydraulic brakes with new cycle-bonded linings, new Parco-Lubrite cylinder walls, safety rim wheels and super cushion tires.

Glendon Hays and Jim Cates, owners of the Cates & Hays Motor Co., say "here is a car that gives you all the best features of modern design without demanding sacrifices of your family's comfort, safety or convenience. You don't have to wriggle into the new DeSoto—you walk in."

See the new DeSoto on display Saturday.

## Doctor Barnebee Will Open Office Here Friday

Dr. James H. Barnebee Jr. of Blooming Grove, Texas, arrived here Monday to locate permanently in Crowell for the practice of medicine.

Dr. and Mrs. Barnebee were here last week and bought the Bert Ekern home and made other arrangements to move to Crowell. Offices in Ferguson Drug Store are being re-modeled for Dr. Barnebee's use and will be ready soon. He expects to be ready for business Friday morning.

Dr. Barnebee comes to Crowell with excellent recommendations and his office will be well equipped.

The family consists of Dr. and Mrs. Barnebee and three children. Mrs. Barnebee and the children will come to Crowell about March 15.

All the discontented people I know are trying to be something they are not, to do something they cannot do.—David Grayson.

## Mrs. Roberts Asks for Suggestions for Garden Club Project

March 11th is the time for the regular meeting of the Crowell Garden Club. The program subject is "Givens Projects" with Mrs. N. J. Roberts as leader.

Mrs. Roberts suggests that since this meeting follows closely the Chamber of Commerce meeting where the guest speaker so ably brought home the thought that home and one's own community is the place to concentrate one's efforts, why wouldn't this spring of 1949 be the opportune time for Crowell citizens to put out some extra energy to make this what we are trying to interest home-seekers to come?

Mrs. Roberts further says, "The Chamber of Commerce is active. The Garden Club with around 75 members is interested and surely every citizen within our borders has an ambitious goal. There is a good season in the ground, there is still time to plant, trees and shrubbery is more plentiful and cheaper than they have been for years."

"At this Garden Club meeting, we want to suggest, discuss and plan and we would like for the citizens to tell us—for what?"

"Drop a suggestion in the boxes placed in each drug store. Cruise around over town and see for yourself. Is the chicken law enforced? Are the alleys open for traffic? Are there too many dogs? Is all trash carried to the dump grounds? Do we need a spring clean-up campaign? What do you think, will you help us?"

## W. H. Hosey Resigns As A. A. A. Officer

W. H. Hosey has resigned as AAA Administrative officer of Foard County and left Monday morning for Hollis, Okla., where he has accepted a position with a bakery. He had been with the AAA here for the past two years.

W. Clyde Neel of Clarendon has been selected to fill Mr. Hosey's place and he will assume his duties in the Crowell office Monday morning.

## MOVED TO HAMLIN

Weldon Johnson, Santa Fe agent in Crowell, has accepted a position as telegraph operator in Hamlin and assumed his duties Friday of last week. Mr. Johnson and family have moved to Hamlin to make their home.

Athens and Sparta were the contenders in the Peloponnesian Wars.

## All-Star Cagers Tournament to Begin Fri. Night

The All-Star basketball tournament begins tonight in the Crowell High School gymnasium and continues tomorrow night and Saturday with the finals.

These games are being sponsored by the Foard County Chamber of Commerce and all proceeds will be turned over to the Heart Disease and Cancer Fund drives that are now taking place in the county.

There are eight teams entered in the tournament. Four games will be played each night. The winners will play the winners and the losers the losers. Money prizes will be given for the first, second and third places.

The teams participating are Vernon, Thalia, Knox City, Munday, Five-in-One, Turkey, Lockett and Crowell.

The games will begin each night at 7 p. m.

## Adelphian Club Will Sponsor Exhibit of Fine Art Pictures

The Adelphian Club, in cooperation with the local schools, will sponsor an exhibit of Fine Art prints at the High School auditorium next week, March 7 to March 11, inclusive. There are 150 large colored reproductions of the Old and Modern Masters.

This collection has been loaned to the Adelphian Club by the Colonial Art Co. of Oklahoma City, Okla., for the purpose of raising funds with which to purchase pictures for the schools.

Among the famous artists of the Old Masters are Gainsborough, De Vinci, Murillo, Van Dyck, Raphael and others while some of the Modern Masters include Ben Foster, George Innes, Frank Duveneck, Gardner, Symons, Bruce Crane, Harry Vincent and others.

The pictures will be on display in the auditorium of the High School all week and will be studied by the pupils under the instruction of their teachers. On Wednesday, March 9, at 3 o'clock in the afternoon, a program will be rendered by the Adelphian Club to which the public is cordially invited.

The Adelphian Club is sponsoring the exhibit for the advantage of the school pupils and to raise funds with which to purchase new pictures for the rooms. The club does not profit in the least, financially, by the exhibit.

## County Federation Will Meet Tuesday

The Foard County Federation of Women's Clubs will meet on Tuesday, March 8, at the Adelphian Club House with the Columbian Club as hostess club. This meeting was scheduled for one month ago, but was postponed on account of bad weather.

Mrs. R. L. Kincaid, Federation president, urges a large attendance at the meeting since this is the time for election of officers for the coming two years.

It takes a lot of horse sense to be a good horse trader.

## Foard County More Than Doubles Quota in Red Cross Fund Drive in Record Time; Report Not Complete

Again it has been accomplished. Foard County is named as one among the first fourteen counties in the United States to attain the quota in the annual Red Cross Fund Drive which opened on Tuesday morning, March 1. Not only was the quota subscribed, it was more than doubled in about an hour's time. Seventy-eight workers were up early and attending to the task of contacting each and every person so that the job would

be complete in record time. This is not the first time this record has been made. In 1946, Foard County was third in the nation to report to district headquarters in St. Louis, Mo. In 1947 and in 1948, Foard was second. A telegram to Fund Drive Chairman Alton B. Bell, received before noon on the first day of on Wednesday morning, states that 14 counties had gone over the drive and that Foard County was one of that number.

Much gratification is felt by those who made the record possible. The report is not yet complete, due to the fact that a report from two communities has not yet been received. Up to late Wednesday afternoon, a report of \$1137.64 has been made to Miss Margaret Curtis, secretary and treasurer. The quota was \$546,000.

A full report of the amounts subscribed by the various communities will appear in next week's issue of this paper.

## Chamber of Commerce President

ALTON B. BELL

## Retiring CC President

HUBERT C. BROWN

## ROTARY CLUB

Visitors at the Wednesday noon luncheon of the Crowell Rotary Club were Clarence Self, charter member of the Crowell Club, and Cecil Clark, both of Wichita Falls.

With George Self as program chairman, J. A. Stovall made a talk on the activities of the county government.

## Crowell 4-H Clubber and Calf

Charles Wishon, Crowell FFA boy, is shown with his 895-lb. calf which was shown in the district livestock show in Wichita Falls. He won a \$35.00 prize at the district show. The calf was bred by Virgil Johnson and was shown in the annual Foard County FFA and 4-H Club Project Show in Crowell, Saturday, Feb. 12. Wishon's work in the Crowell FFA chapter has been outstanding. Last year he carried off individual livestock judging in the state FFA meet.

MARGARET

(By Mrs. S. B. Middlebrook)

Mr. and Mrs. Frank Montgomery and daughter, Betty Fran, of Matador spent the week-end visit...

Harry Beidleman of Odessa visited Mr. and Mrs. Clois Orr and daughter, Bette, last week...

C. Rader and daughter, Gail, and Mr. and Mrs. Jess Autry.

Mr. and Mrs. Baylor Weathered and daughter moved to the Claude Callaway farm one day last week.

of the horse, and it seems plausible that the two and three year olds should perform in a class of their own in each of these events. The older horses will compete in the reining class for foals of 1945 or before and the cutting horse contest for foals of 1945 or before.

The arena events or performance classes to appear on the program for the first day are the following: Children's saddle horse class (for boys and girls up to ten years of age); young people's saddle horse class (for boys and girls ten to sixteen years of age); Cowgirls' Sponsor contest; reining class (foals of 1946 and 1947); cutting horse contest (foals of 1946 and 1947); and cutting horse contest (foals of 1945 or before).

The arena events or performance classes to appear on the program for the first day are the following: Children's saddle horse class (for boys and girls up to ten years of age); young people's saddle horse class (for boys and girls ten to sixteen years of age); Cowgirls' Sponsor contest; reining class (foals of 1946 and 1947); cutting horse contest (foals of 1946 and 1947); and cutting horse contest (foals of 1945 or before).

On the second day of the show the 4-H Club and FFA calf and pig classes will be judged, and the finals in the cowgirls sponsor's contest, both reining classes, and both cutting horse contests will be staged.

Training Schools Being Conducted for Food Handlers

Austin, Texas.—In a vigorous campaign to elevate the State health level by preventing the spread of communicable diseases which might be transmitted by foods, the State Department of Health is conducting training schools for food handlers in all sections of Texas, according to Dr. Geo. W. Cox, State Health Officer.

"Food handlers are being instructed in sanitary methods of preparing, handling, and serving food for public consumption," Dr. Cox said. "Actual experience has shown that an unsanitary eating establishment is one of the surest sources of spreading infection. The lack of proper sanitation in food handling is a definite menace to public health and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure an elimination of this health hazard."

The training schools consist of elementary courses in bacteriol-

ogy, communicable disease, medical zoology, foods, disinfection, sterilization, personal hygiene and sanitation.

Since the program was instituted about 8 years ago, more than 400 schools have been conducted, with a total of over 25,000 food handlers receiving their certificates of completion in the courses.

Arrangements for such a food school can be made through any county health unit, by requesting the service from the Division of Health Education, State Department of Health, Austin, Texas.

Postal Receipts in Texas Rose 15 Per Cent in January

Austin, Texas.—Texas postal receipts in January, 1949, rose 15 per cent from a year earlier, the University of Texas Bureau of Business Research reported.

Reflecting seasonal trends, postal receipts dropped 26 per cent from December. After adjustment for seasonal variation, the Bureau's index of postal receipts rose fractionally from the previous month to 274 per cent of the prewar (1935-39) base period in January, 1949.

Postal receipts for Dallas totaled \$899,760 in January, for first place in the State. Houston's receipts were \$614,314; Ft. Worth, \$357,955; and San Antonio, \$337,895.

Behold, I stand at the door, and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me.—Revelation 3:20.

The next demands by labor are not going to be so much for direct wage increases as they are for pensions, health and welfare funds for the workers. However disguised these amount to the same as wage increases, since they will be added to the cost of the merchandise produced. The idea sprang from the demands made by John L. Lewis for pensions and welfare funds for his coal miners. Indications are that the unions will contend for these things for the next several years. The program includes pensions, health insurance, life insurance and unemployment insurance. Its ultimate cost is purely a speculative matter. Only one thing is sure. It will be high. The trend seems to be to wish onto the government and business most of the management of individual human affairs. It all means in the end, higher prices.

As long as this country feels itself obliged to feed the hungry of the world and has the money to do it, farm prices are going to be good. We are pessimistic enough to believe that a lot of countries of the world are not going to learn to feed themselves in the next two hundred years. They have depleted their soil to the point where it won't produce enough to support the population. Judging by the length of time it has taken to teach people in this country the necessity of soil conservation it is going to take a long time to convince Africa and China and India that it is necessary to save and build up their soil.

Some people seem to have a knack for making money. They possess the art, not because they are smarter or better educated, but for some other reason that can not be taught or acquired. Others, more intelligent, and in many ways superior individuals, do not have it. In the same measure there are people in every community who have the knack of accumulating happiness and friends and of making money, but every one may, if he desires, master the art of getting the utmost happiness out of life and of accumulating friends. The one is a natural gift, the other is a matter of desire, will, attitude and disposition.

The news contains a report of a Kansas City man who poured kerosene into the stove from a can. In the explosion that followed the man, his wife and three children were fatally burned. The fact that a number of people are burned to death each year as a result of pouring kerosene on a fire from a can doesn't seem to slow down the practice. It would be just as safe to pour gunpowder from a can onto a fire as pour kerosene from a spouted can. A can of kerosene makes a perfect fire bomb.

If you have enough money left after paying your income tax to pay the fee, a local man says, it is worth the money in raveled nerves to have an expert make out your income tax. With the extra nerve force saved one can easily make three times the amount the personal tax-maker-outer will charge.

Seventy-six cents of every tax dollar collected by the government goes for war, past or future war. Only 24 cents of every tax dollar goes to support all other government functions.

What We Think

(By Frank Dixon)

One of the new proposals in the new administration's program is to broaden and to extend the Social Security program. I believe that this can and should be done. I believe that it can be done without adding an additional burden to business.

At the present time and under the present arrangements it is not possible for the average worker to accumulate enough during his life time, through the Social Security plan to care for himself when old age takes from him his earning power.

Also under the present plan the domestic and farm workers, small business men, professional men, farmers and other classes, known as self-employed, are not covered. There is no way under the present system that they can share in the program. Since this group represents well over half the producers and workers of the nation the law should be extended to cover them. I also believe that the group that is now covered by the law should be enabled to pay a larger old age income under the Social Security plan. I believe this can be done without throwing an additional burden on business, which in the final analysis, all workers pay, in increased costs of the things they buy.

When it comes to asking housewives, who for the most part do not keep a set of books, to collect and remit to the revenue collector social security withholdings for the wash woman and the help that is called in to periodically clean up the house, no administration would want to attempt it. What would be true of the housewife would also be true of the farmer.

For these two classes of labor I would provide stamps. When the employee was paid, the correct amount of social security would be given the worker in the form of social security stamps. These would be fastened in a book provided for the purpose. When the book was full it would be sent in to the revenue collector's office, where it would be credited to the worker's account. This would obviate what has been the principal objection to bringing this class of labor under the law—the problem of collection and remittance of the tax.

For the farmer and the small business man and the professional man I would provide books for larger denomination stamps and social security bonds. The stamps and bonds could be purchased at the post offices and at the banks. A small business man or professional man, farmer or any other self-employed person could provide for his own social security through the purchase of these stamps and bonds. The stamps and bonds would not be redeemable except in social security old age pension payments the same as other funds collected by withholding by employers are handled. I would also make it permissible for employed persons now covered by the law to augment their social security through the purchase of the bonds and stamps.

By this means each individual could provide an old age income to suit his needs, free from the hazards of unfortunate investments or the temptation to spend accumulated earnings. The government would contribute nothing more than it at present does, and would act as the administrator only. If the plan appeals to you write your congressman and tell him your wishes. The matter is coming in this session of Congress.

First in Gilt Class

James Bice, Crowell member of the Future Farmers of America, poses with his prize winning gilt at the Foard County FFA-B Project Show held Saturday, Feb. 12 here in Crowell. Bice raised his premium hog as a project in the Sears Foundation. He was triumphant in one of the most successful shows in point of quality ever had in Foard County.

Announcements for City Offices

For Mayor:

W. H. (BROWNIE) MOYER

WASHINGTON NEWSLETTER

(By Congressman Ed Gossett)

Washington, D. C., Feb. 26, 1949—This is Saturday and the first opportunity to write our newsletter. When we write it as late as Saturday, we have to put air mail stamps on all envelopes in order to get them to you in time. Incidentally, our office stays open on an average of 10 hours a day, 6 days a week.

A few days ago, Congressman Omra Burleson of the 17th District, whose home is Anson, Texas, and myself had dinner with the Spanish Charge d'Affaires, the Honorable Jose F. de Lequerica. We do not maintain an Ambassador in Spain and they do not maintain an Ambassador here. This is because we have refused to recognize the Spanish government under dictator Franco. In Madrid, we maintain a Charge d'Affaires who occupies the American Embassy there. In other words, both Embassies, the Spanish Embassy in Washington and the American Embassy in Madrid are occupied and run by Charge d'Affaires. Since our governments are not on friendly terms, the Charge d'Affaires in each case carry on the work usually done by Ambassadors.

Many people contend that our attitude toward Spain is detrimental and inconsistent. They point out that while Spain has a stable government, the European Continent and that they are perhaps the most violently and successfully anti-communist regime existing in Europe. Since we are fighting communism throughout the world many say that we should do business with Franco whether we like him or not. The strategic importance of Gibraltar is of course conceded. (A letter I have just received from Madrid has two stamps on it—one carries the picture of Christ, the other a picture

of Franco.)

I am told that Spanish bankers recently came to America and sought loans through American banks (not from the American Government) for money they could repay in 10 years. American banks were willing but our State Department said "no." The Spanish were going to buy at least 250,000 bales of cotton with this money. They need the cotton because their mills are now running at about one-third capacity and spinning is normally a big industry in Spain. Since they cannot buy cotton here they get what they can from India and Egypt. We are told that the French are using 40 million dollars of money secured from us to purchase critical minerals from the Spanish, such minerals as we need and should stockpile in this country.

The President's reference this week to columnist Drew Pearson as a "SOB" has been the subject of much Washington gossip and debate. All agree that the President should not use such language. However, Shakespeare makes one of his characters refer to another as "The son and heir of a mongrel bitch." (Act 2, King Lear). All agree, however, that the President did have great provocation. Many people agree that Mr. Drew Pearson is something similar to what he was called by the President. Some of the dog lovers of the country are said to feel that their pets have been maligned. While fearless commentators and journalists are an asset to any country, the adherence to principles and truth, is very important. The more bearers they have, the more pertinent they should be about truth and ethics. Since the beginning of his journalistic career Mr. Pearson has gone in for sensationalism. Apparently where he lacks news he makes it up. Nearly every prominent official in Washington has on occasion at one time or another called him a liar. Mr. Cordell Hull once referred to a Pearson statement as "a monstrous and diabolical falsehood." Then our late President, Franklin Delano Roosevelt said that he considered Secretary Hull's enunciation of Drew Pearson to be mild. Honorable Kenneth McKellar, for nearly 40 years a Senator from Tennessee—now President Pro Tempore of the Senate, in a speech on the floor, entitled "Personal Statement about a Lying Human Skunk" calls Drew Pearson nearly every sort of a liar, including "a pusillanimous liar, a pee-wee liar, a paid liar, and a revolting liar." Perhaps I am a bit prejudiced against this distinguished columnist, since none of his several references to me have ever approached the truth.

We concluded hearings this week on my proposed Constitutional Amendment to abolish the Electoral College. The last witness was Mr. Norman Thomas, many times a candidate for President on the Socialist ticket. Mr. Thomas agreed with the majority of other witnesses to the effect that our present system is inaccurate, dangerous, and undemocratic and should be changed. However, he thinks the Gossett-Lodge amendment doesn't go far enough. He strongly supports the Langer-Lemke proposal to elect presidents by direct popular vote. He concurs with most authorities in saying that our present system discourages the people from voting in large sections of the country—that under it the major distinctions between the Republican and Democratic parties has largely disappeared. He further agrees that we have just been lucky in the past not to have gotten into serious civil strife from our method of electing Presidents.

VETERANS' QUESTIONS AND ANSWERS

Q. My husband, a World War II veteran, holds a bad conduct discharge. Is he entitled to benefits under the GI Bill?

A. Since your husband holds neither an honorable nor a dishonorable discharge from the armed services, it will be necessary for him to ask his nearest VA office for a decision as to whether he was discharged under conditions other than dishonorable. He also may apply to the Army or Navy for revision of discharge.

Q. Is my aunt, the daughter of a Civil War veteran, eligible for pension? She and her mother were dependent on the veteran at the time of his death. The widow received a pension until her death, leaving her daughter, aged 75.

A. Unless your aunt was permanently helpless by reason of physical or mental disability prior to having reached the age of 16, she could not now qualify for pension based on her father's service.

Q. Is there any time limit to the duration of a business loan?

A. Yes. A non-real estate business loan must be repaid in 10 years or less; real estate loans may run up to 25 years.

Q. Am I eligible for a GI loan to buy a share in a going business in another city?

A. You are eligible if you devote your personal labor or supervise the business either on a full-time or part-time basis.

WHAT IF . . . Your home should burn down or blow away? WHAT IF . . . Your car was wrecked and crippled or killed someone? WHAT IF . . . An accident confined you to a hospital for six months? See Us for Protection Before These Things Happen. Protection is our Business. SEE US TODAY! Hughston Insurance Agency

IN THE NEWS 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Feb. 28, 1919:

The sudden change in the weather Monday night and Tuesday from almost summer temperature to mild winter will have a good effect on the growing wheat. Almost all of the month of February has been ideal spring weather.

Mr. and Mrs. Caleb Counts left Sunday for Eastland.

The News is not authorized to give out anything definite in regard to oil activities, but there are some splendid indications just under the surface that look very good. Oil men from a distance are expecting to give this county a real test for oil production.

Mrs. J. H. Hamblen visited Mrs. D. L. Lester and other friends in Hamlin this week.

Mrs. Percy Ferguson left Tuesday for her home in Alpine.

Allen Sanders made a trip to Wichita Falls this week.

Mrs. Bennie Chedister was here from Hollis, Okla., this week visiting her parents, Mr. and Mrs. J. G. Witherspoon.

Mrs. R. J. Roberts and little son, Joe Ben, left Sunday for Harold to visit friends and relatives.

Mr. and Mrs. J. B. Andrews and little daughter were here from Friday until Sunday visiting his parents, Mr. and Mrs. L. G. Andrews.

Jeff Bruce came in last Friday from Camp Bowie where he received his discharge from the army.

W. B. Griffin received a check of \$8.00 last week for one wolf hide which he shipped to Kansas City.

Carl Wishon came in Monday from Iona Island, N. Y., having received his discharge from the Marine Corps.

Marvin Phillips arrived Monday having been released from the service at the Naval Training Station in San Diego, Calif.

A western Kansas farmer is reported as having dug a steer out of a snow drift that had been buried 33 days. It was not able to stand for two or three days.

Slur of War Hero Brings Attention to Senate Bill 115

(By Boyce Houston) Austin, Feb. 26.—Senator Clegg's Senate Bill 115 that is being introduced and rushed in such a hasty manner is America's most shameful slur on the memory of a hero of World War I.

The soldier, Audie Murphy, a Texan, noted for his gallantry in the line of duty, and his address to the House of Representatives, the other day, and his suggestion that Senator Clegg's Bill 115, of which he is the author, was a slur on the memory of the hero, later he apologized for his remark.

Taylor's bill proposes a revision of the State educational organization and the Board of Education and the State Board of State Supervisors. A. Woods when he has seen a few months of the term to which the people elect him.

This bill does not plan for increased opportunity for school children nor for teachers. There was considerable opposition to Bill 115, among those who have taken occasion to study since the Audie Murphy case has focused attention on the matter, the opposition has increased.

HOUSEHOLD HINTS

Eight to one. In cooking plenty, spaghetti, or noodles of light, rapidly boiling at least eight times the amount of these products.

Avoid large designs of paper if a room is small. Let paper in the daylight may be sure of the color.

Coffee cakes that have cinnamon toppings and cut in the pan in which they are baked. In this way the will crumble less.

News dispatches claim that at least eight times the amount slipped on the icy steps home, fell and slid out of middle of the street and was truck. Since she is not a and her politics are a charge has been made in the of attempted suicide.

Many Workers Don't Understand Purpose of Social Security

Judging from inquiries received daily by our office, many workers don't know what they are buying with their social security taxes," Erton F. Tate, manager of the Wichita Falls Social Security Administration office, said today.

Federal Income Tax Collections Announced by UT

Austin, Texas—Federal internal revenue collections in Texas totaled \$218,279,280 in January, 1949, a rise of 24 per cent over January 1948 figures, the University of Texas Bureau of Business Research reported.

NEW PASSENGER CARS REGISTERED SINCE SEPT. 7, 1948

Mayor W. H. Moyer Announces for Re-Election

Mayor W. H. Moyer this week announces his candidacy for re-election to the office of Mayor of the City of Crowell, Mr. Moyer has the following to say in regard to his candidacy:

NAMED PRESIDENT

Three officers have been named at the first meeting of the spring semester of the Tech Pre-Law Club. Alton Griffin from Crowell was chosen president.

POINT TO REMEMBER

Drive carefully; don't insist on your rites.

TO THE PUBLIC

Due to unavoidable circumstances, the South Side Cafe will be closed for the time being. I will give notice when I re-open for business.

CARD OF THANKS

We wish to express our sincere thanks for the many thoughtful deeds of friendship done for us and our children during the recent illness of our son. The help of any kind, the many kind offers, the cards and flowers were all appreciated very much.

CARD OF THANKS

I wish to take this method of thanking the many friends who sent cards and flowers and who visited me during my recent illness and convalescence.

THANKS

Words are inadequate to express my sincere appreciation and gratitude for the many beautiful cards, gifts, flowers and offers of assistance showered upon me during my illness. Friends such as you will ever be remembered and cherished.

WE'RE HERE TO SAVE YOU WORK ... help you make MORE MONEY
Sure, we like to sell tractors and implements, but we try to take a bigger view of our job than that. Our first aim is to help the farmer make more money. His success means our success. So, we make a study of farming, just as the farmer does.
Maybe we have some good ideas that might work well on your farm ... to save work and make your work pay better. In any case, we want to know you, and your farm better. We are visiting the farms around here and hope to get to yours soon.
Meanwhile, if we can serve you in any way, call up, and we'll come right out. And drop in whenever you are near us. You'll find this is a good place to exchange ideas on the subject that you and we are most interested in ... more profitable farming.
We are headquarters for Ford Tractors, Dearborn Farm Equipment and genuine Ford Tractor and Dearborn Implement parts. Call on us any time for prompt, efficient tractor and implement service.
Makes money - Don't wait!
DEARBORN ANGLE DOZER
Maintain roads, excavate, build ponds and dams, clean barns and feedlots with this great time-work-money-saving tool.
Attaches quickly to Ford Tractor (by means of a Dearborn Universal Frame—sold as a separate attachment), lifts and lowers by Hydraulic Touch Control Adjustable, and rugged! Get one.
BARKER IMPLEMENT CO.

THE HANDYHOT ELECTRIC PORTABLE WASHER
CATALOG No. XT-5 STAINLESS STEEL TUB

As Bankers, We Recognize that Farming Is Really Big Business
Skill and judgment are required every day in the year in the management of any farm property.
We realize it takes a considerable original investment plus access to ready cash from time to time to operate a farm.
As a farmer you are entitled to bank credit when you need it just as much as the merchant or manufacturer.
This bank is glad to take care of good farm loans.
You do not have to be a depositor with us to get a loan and we make no charge for facts you should know about financing.

## "MERCY" TRAIN DONATES FRIENDSHIP

France's Mercy train composed of 49 antique, narrow gauge box cars is now being distributed to the 48 states, District of Columbia and Hawaii. It is France's reply to the American Friendship Train which in 1947 toured the U. S. and collected \$40 million worth of food and clothing for the needy people of France.

American soldiers of World War I will see souvenirs and will recall that they rode in those same cars to victory and peace. To French troops they recall sorrow and defeat as well, for they carried retreating troops from the front in World War II.

Because the cars have such poignant meanings for both nations, it is fitting that they were brought together for the Mercy train.

The train is expressing thanks and also a token of the friendly relations between the two countries which have existed since the Revolutionary War. When France sent ships, soldiers and money to help us gain our liberty, gifts are not necessary to make

## Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## CREOMULSION for Coughs, Chest Colds, Bronchitis

one nation friendly with another nation. Simple understanding of each other's problems and square dealing are enough to promote friendship. Other countries can achieve the same friendship and understanding by quietly talking things over.

Not until men can learn not to be suspicious of one another and work together for world peace can they avoid wars.

## P. T. A. HELPS SCHOOLS

The executive board of the P. T. A., Mrs. Virgil Johnson, Mrs. Marion Crowell and Mrs. Guy Morgan, recently met with Miss Cora Carter, C. G. Graves and Henry Black in the typing room of CHS to distribute proceeds from the PTA Carnival.

The funds will provide balls and bats, finish paying for the wire recorder, buy trees and shrubbery for the Crowell High School building and the vocational building, buy Spanish records for the Spanish class, furnish playground equipment such as tennis and volleyball nets for the high school and grade school, buy grammar school a movie projector and a few films, and will award prizes to each grade that won a place in the parade.

The students and faculty wish to thank the PTA for this valuable and useful equipment.

## DAVIS RECEIVES DEGREE

Mrs. Lena Davis graduated from Quanah High School with a teacher's permit. She then started teaching in the Red River Schoolhouse in 1910. The school was a one-teacher school—with 5 months of school and the teacher's salary of \$50 a month.

She graduated from NTSTC at Denton while it was a junior college in 1922. Her major was history with English as a minor. In 1933 she retired from the

schoolrooms of "ole CHS." Because of the shortage of teachers, she was once again "drafted" back to her place among the teachers of CHS.

In the summer of 1947 she entered Hardin College in Wichita Falls, where she had been working during the following summers toward a degree. After taking a 3-hour course on Saturday during the fall semester, she received a BS degree at mid-semester with a major in education and a minor in history. She intends to start her graduate work in the near future to receive her Master's degree.

During her summer work it seems that Mrs. Davis favored the veterans. She says they are the most sincere and studious in their pursuit for an education.

Many people have long wondered how long Mrs. Davis has taught, at last we know that it is approximately 25 years.

When asked how she feels about obtaining her degree, she said, "I think it's doggone good and nice."

## TO CHS'S BASKETBALL REFEREE

The basketball boys feel that Houston Adkins is tops as a referee, and they consider themselves fortunate to have had him referee their games for the past several years.

Houston is impartial, dependable, and capable. He never lets the teams "get ahead of him."

The basketball boys, faculty and fans appreciate the work that Houston has done during the past season.

## SOIL CONSERVATION THEMES

Once more the dreaded soil conservation themes are in. The students seemed outwardly bored, but really it seems that they thoroughly enjoyed writing them and getting out of a few periods to obtain the necessary information. They secured their information from these themes from the Vocational Agriculture Library.

Will CHS win as many prizes this year as last?

## V. A. BOYS TO GAIN EXPERIENCE IN LANDSCAPING

"The VA boys are going to receive practical experience in landscaping," reports Mr. Myers. The Maxon Nursery of Vernon has given about fifty Chinese Elm trees to the VA boys to use in landscaping the grounds around the VA building and to replace the dead trees on the high school campus. The Maxon Nursery has also given the boys a discount on any shrubbery they wish to buy.

In addition to the plants from the Maxon Nursery, the Crowell Garden Club has collected various types of shrubs from individuals to give to the VA students. Mrs. Oscar Boman and Mrs. Sexton Hord were especially diligent in their work to help on this project.

## HOMEMAKING ACTIVITIES ARE CONSTRUCTIVE

Mrs. Kenner is doing a fine job teaching the High School girls how to sew and cook. The second year girls are making all-purpose dresses and suits.

The freshman classes are cooking this term. Before the year is over, they will cook complete meals.

Last week the home making girls saw a very interesting film, Emily Post, the speaker, talked on etiquette and showed that it was permissible to tip your soup bowl, to dip your finger into the finger bowl and pat your lips, to sop your plate with small piece of bread and fork, and to hold fruit with a fork and cut it off with your spoon. Also that it is permissible to crumble crackers in chowder and oyster soup, but it is best to pass a bowl of crumbled crackers at the table. Bouillon or clear soups may be drunk if you wish.

## JUNIOR BASKETBALL

Gordon Erwin, Crowell grammar school coach, has a very good record for his junior basketball boys. His grammar school team lost their first games to Roaring Springs, but his teams have been victorious ever since. They beat Thalia twice and won the Five-in-One Tournament. In this tournament Crowell beat Quanah 18-17, Oklaunion, 22-10, and Five-in-One 12-11. Jim Paul Norman and Don Gobin were high scorers for Crowell. The other regulars are Roy Whitley, Ginger Johnson and Jimmy Stinebaugh.

Coach Erwin also coached the freshmen and sophomores, who won the Benjamin tournament. They won from Weinert 24-15 in the first game. Jon Sanders and James McBeath were tied for high point honors in this game 8 points each. Crowell beat Knox City 25-23 to get into the finals. Clinton Marlow was high point man in this contest with 14 points. In the finals Crowell trailed for most of the game but came from behind to win in the last quarter. Gordon Wood Bell was high point man in this game with 15 points.

Sophomores who participated in this contest were Jon Sanders, Gordon Wood Bell and Jimmy Tom Cates. Freshmen were Clinton Marlow, Arthur Lee Marlow and Jas. McBeath.

Coach Erwin said both groups of boys played good ball and deserved all the credit for winning.

## SENIOR BOY OF THE WEEK

He was born December 25, 1931, and he likes baseball, Clark Gable, Betty Grable, "Stardust," the color red, and (this is going to be a blow to you girls) a 'til gal who is a freshman back at Arkansas University in Fayetteville. Naturally we are speaking of the new student at CHS, Jon Coffey! He comes to CHS from Fayetteville, High at Fayetteville, Arkansas. Jon is not a stranger in Crowell, however, as he attended Crowell Grammar School until he was in the third grade when his family moved to Arkansas.

This blonde senior with the friendly green eyes says he thinks he is going to like CHS. The biggest difference Jon has noticed in CHS and Fayetteville High is something we all take for granted—boots. Jon is interested in taking a part in CHS sports. He has played baseball for several years and has been pitcher on the American Legion team and several independent teams. His ambition is to be a professional baseball player!

## SENIOR GIRL OF THE WEEK

Believe it or not, boys! There is at least one girl in CHS who is not out to hook a man. When we asked her what her ambition is, she answered, "To be an old maid."

Such an unusual ambition could belong to no one but a certain lively senior girl, Julia Johnson. Julia stands five feet six in her bobby sox and brown loafers, she can be found between period somewhere near her locker at the bottom of the study hall stairs, usually talking with Betty Lou Brock. Julia has attended the Foard City and Crowell schools and has taken active part in both school and extra curricular activities. Julia has been a popular figure in CHS during her four years. She was a cheerleader her junior and senior years, and during her senior year Julia has worked on the "Wildcat" as the girls' sports editor.

Her favorite pastime is uhh—uh—well, she has one, anyway. Her favorite sport is football, her favorite color is pink, and her favorite food is the all-time standing, friend chicken. Her favorite type of clothes are sport clothes. Gary Cooper and Jane Wyman are Julia's favorite stars at the local cinema. She confesses to getting a dreamy look when she hears the juke box play "With Someone Like You." Although Julia likes just about everybody, she does have a dislike for snobbish people. This is one girl who believes in saying "Hi" to everyone, and she

practices what she preaches.

## RIALTO THEATRE

The Rialto Theatre invites Maggie Evenson and J. P. to attend any show this following week, from March 3 to 10.

## WILDCAT PURRS

Hi! Everyone This is it, at last, that old magic of springtime. Sure, spring's in the air, the bird is on the wing, the wing is on the bird. (Brr!) Anyway, the idea I'm trying to get across is that it's spring (at least today, Feb. 28).

"Sweet Pea," Mary Alice and Frankie were at Truscott Sunday

and seen with them were Lon and Walter.

Jamalie Caram seems holding out on us—come, alie, tell us!

Hack and Margaret's time steady now, also Posey.

It seems a certain Ella is out to capture Jimmy's heart yet.

She's blonde, 5 ft., 7 in. eyes and really something at. For further information Ham "Hurdle" Tamplin, reporter "Butch" Biggerstaff, Peggy, "Boaty," Biggerstaff and were seen over the week-end "Booty"! Note to

## FORWARD, MARCH!

• March is here again, the month that heralds spring—and spring housecleaning!

• In Grandma's day, housecleaning—and housekeeping, too—meant endless rounds of back-breaking drudgery. But today, thousands of wise West Texas homemakers call on their low-cost electric servant, Reddy Kilowatt, to help take the work out of housework—to cook and clean, wash and iron, sweep and sew.

• For less than you'd pay for a daily pack of cigarettes, electric service makes life easier, healthier, more comfortable. What other item in your family budget gives you such great living value—at such little cost?

West Texas Utilities Company

Come in and see the new **DE SOTO** On display beginning Saturday March 5<sup>th</sup>

Let us show you all the new features of this great car

Here is what thoughtful people everywhere have been looking for and hoping for!

Here, at last, is a car that gives you all the best features of modern design without demanding sacrifices of your family's comfort, safety or convenience. It was designed to fit YOU... instead of you having to fit into it.

You don't have to wriggle into the new De Soto. You walk in... and you keep your hat on. The steering wheel doesn't hit your knees. There's more leg room for all passengers, front and back. And not only are the windows and windshields bigger,

You can see out of them... because you're sitting on luxurious chair-high seats.

Yes, it's a thrill to look at. But you won't have to rebuild your garage to get it in. A dented fender doesn't mean an expensive body job. And you can still change a tire, if you have to.

Ride? The smoothest you ever had. Drive? De Soto lets you drive without shifting. New features? Come in and see them all. No matter what car you thought you were going to buy, compare it with this brilliant new De Soto. Then decide.

Tune in "HIT THE JACKPOT" every Tuesday night, all CBS stations

## DE SOTO FEATURES THAT MEAN MORE ENJOYMENT EVERY MILE

- ★ Tip-Toe Hydraulic Shift with Fluid Drive
- ★ New Feather-Light Steering
- ★ High Compression Powermaster Engine
- ★ New All-Weather Comfort System
- ★ Faster Getaway
- ★ New Ignition System
- ★ Longer Wheelbase with full "cradled ride"
- ★ Safeguard Hydraulic Brakes with new Cycle-bonded lining
- ★ Lubrite Treated Cylinder Walls
- ★ Safety Rim Wheels and Super Cushion Tires

DE SOTO LETS YOU DRIVE WITHOUT SHIFTING!

### THE WILDCAT

(Continued from page 6)

"Not I, said the blind man!"  
Something old: J. P. and Jo-line.  
Something new: Thomas White and Neva Potts.  
Something borrowed: Betty Barker from "Booger."  
Something blue: Baxter's eyes.  
A new couple in our midst is Joe Ray Settiff and Joyzella Thomson.  
A jolly bunch over the weekend were Faye and Billy Earl, Jean Layoye and Billy Bond and Myra Don and Rouse.  
Seen over the weekend were Bobbie, Jerry, Rodyn, Vernon, Frankie and Walter. They were really painting the town red.  
We wonder if James McBeath is really a woman hater? If not, Norma Jean Matthews is interested.  
Melba Ward and Melvin Newland seem to enjoy each other's company.  
Jack Murphy seems to be interested in Bobby Akers.  
WE WONDER—  
If Peggy Traweck still gets letters from Kansas?  
If Opal still likes Doyle Wright?  
What has happened between Barbara White and Joe Sokora?  
What Margaret Caram finds in Benjamin that's so interesting?  
Why Wayne Brown doesn't ask Norma Jones for a date?  
Why Mary Ruth looked so happy today? her OAO came in from Fort Worth.  
Well, thanx a lot for the juicy scandal—let's have more of it next Monday in locker 29.  
You'll Be Seeing Me,  
THE CAT'S TAIL.

### Weekly Sermon

An Ever Present Help

By Hallaren King, Moody Bible Institute, Chicago.

"Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding. He giveth power to the faint; and to them that have no might he increaseth strength" (Isaiah 40: 28, 29).  
It is quite generally conceded in the world today that there is a Creator, one who is God Himself. But there most beliefs cease. This is the place where so many lose out. All know of Isaiah 40:28 where it tells of our everlasting God and Creator, all powerful and knowing, but many of us have no idea of the significance nor have we experienced the actuality of the next verse, "He giveth power to the faint; and to them that have no might he increaseth strength."  
We get into the habit of "I'll do it myself—or it won't be done at all." The fault of this attitude is that too many of us rely entirely upon our own strength, and when we find our own capacities and talents insufficient we become despondent, defeated, of no value to either ourselves or others.  
Why not face the facts? We don't know all the answers—not even to our every day problems. But there is One who can help. Those who trust in the Lord Jesus Christ as personal Saviour and believe in God, that He is and that He will help, find new courage and knowledge of the right way to live through prayer and reading His Word.  
Let's not forget, "Even the youths shall faint and be weary, and the young men shall utterly fall; But they that wait upon the Lord shall renew their strength."

### INCREASE IN STEEL

Steel capacity has increased 17.5 per cent in the ten years since 1938, according to a new "Directory of Iron and Steel Works of the United States and Canada" issued recently by American Iron and Steel Institute. Meanwhile, the population of continental USA has increased approximately 12.5 per cent.

### CARE OF COW

Clipping the hair of cows' udders when they are stabled for winter helps in the production of sediment-free milk.

Those beautiful stream line effects require the most consummate skill in restoring after the smash. If we do the work you'd never think the car was injured. Try us.

### FRUITS IN WINTER

You can have more variety in winter meals by using plenty of fruit—frozen, fresh or canned. Pork and applesauce, ham and pineapple, pears and cream cheese are popular combinations. Fruit cup is a favorite with most people for a first course or dessert. Fruit salad makes a good main dish for supper or lunch.  
Vitamins are nitrogenous substances essential to the diet of both man and animal.

To those indebted to, or holding claims against the Estate of Ezekiel Bell, Deceased:  
The undersigned having been duly appointed Executrix of the Estate of Ezekiel Bell, Deceased, late of Foard County, Texas, by the Honorable Leslie Thomas, Judge of the County Court of said Foard County, Texas, on the 22nd day of November, A. D., 1948, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to her within the time prescribed by law at her residence, Crowell, Foard County, Texas, where she receives her mail, this the 26th day of January, A. D., 1949.  
MARY BELL,  
Executrix of the Estate of Ezekiel Bell, Deceased. 29-4tc

### FRUITS IN WINTER

You can have more variety in winter meals by using plenty of fruit—frozen, fresh or canned. Pork and applesauce, ham and pineapple, pears and cream cheese are popular combinations. Fruit cup is a favorite with most people for a first course or dessert. Fruit salad makes a good main dish for supper or lunch.  
Vitamins are nitrogenous substances essential to the diet of both man and animal.
