

THALIA

(By Mrs. C. H. Wood)

Mr. and Mrs. Rex Snowden of Tyler spent last week-end with her parents, Mr. and Mrs. C. H. Wood.

Mrs. Josie Phillips of Anton visited her mother, Mrs. J. K. Langley, last week.

Frank Main and son, Jack, of Mills, N. M., spent a few days last week in the home of Mr. and

Mrs. Ed Payne.

Milton Adkins, accompanied M. S. Henry of Crowell on a trip to Arkansas last week.

Mr. and Mrs. Aubry Mason and two daughters of Chula Vista, Calif., visited his brother, Lee Mason, and other relatives here last week.

Mrs. Johnnie Ruth Mixen and son, Tommy, and Mrs. Edna May Bell and daughter, Judy Kay, came Wednesday of last week for a few days visit with their parents.

Mr. and Mrs. Charlie Wisdom, Ray Short of Borger and Mrs. Betty Ford and family of Goodlett were guests in the home of their parents, Mr. and Mrs. G. C. Short, last Sunday.

Mr. and Mrs. Frank Wood and son, Jerry, of Vernon spent Monday of last week in the home of his sister and husband, Mr. and Mrs. Sim Gamble.

Mrs. Anna McKeever returned to her home in Tulsa, Okla., Sunday after an extended visit in the home of her daughter and husband, Mr. and Mrs. Jack Woodson.

PAINTING DOLLARS

We painters do more than just apply paint—we actually paint dollars on your property. That's why we like to use high quality paint—the kind that gives the customer most for his money; the kind that stands up longer—Minnesota Brand paint for instance... it's more economical because you need fewer paint jobs during the life of the property.

Paint Now! Take Up to 36 Months to Pay NOTHING DOWN

Beautifully, preserve, protect your property now. Paint it, inside and outside. We will furnish all the paint and materials needed and pay your painter for his work. All charges will be put on one bill.

Mr. and Mrs. B. G. Dunn left Friday for their home in Hobbs, N. M., after being here two weeks with his father, E. F. Dunn.

Mr. and Mrs. Charley Huskey and daughter of Thalia visited Mr. and Mrs. Jim Choate here Sunday.

Mrs. Dink Russell was in Crowell Monday for medical attention. Mrs. S. J. Boman of Vernon is

visiting her daughter, Mrs. William Bradford, and family this week.

Rev. E. R. McGregor and wife visited Frank Dunn in the Quanah Hospital Saturday.

Mrs. Sude Bradford tells us her son, Carl Bradford, was taken to Wichita Falls for an operation Monday.

Mr. and Mrs. Hubert Smith and son visited his mother, Mrs. W. L. Smith Sunday.

Mr. and Mrs. Fred Reed of Vernon spent Sunday afternoon with Mr. and Mrs. Dink Russell.

Mr. and Mrs. Jack Lacy and daughter, Barbara Ann, of Turkey spent the week-end with her sister, Mrs. C. W. Ross, and husband, Delores Lacy, who has been visiting Mrs. Frankie Halencak and husband, returned home with her parents, Sunday afternoon.

Mrs. Onabelle Roberts, who has been here because of illness of her brother, E. F. Dunn, returned to her home in Elida, N. M., Monday.

Mr. and Mrs. S. B. Middlebrook were here from Vernon Sunday.

SWISS MATTRESS MENDERS STILL DO GOOD BUSINESS

For many Americans, the scissors grinder's tinkling bell is part of their childhood memories. What excitement there was when the first ting-a-ling was heard and all the children rushed out to gather around his whirring wheel and to watch him work on the glistening blades. Traveling tradesmen have been part of the tradition of America, as in other countries, but there is one type of tradesman, the mattress mender, that is unfamiliar here—for which Americans can be very thankful.

In Switzerland the mattress-mender is a regular part of life. As the seasons come and go, so does he, as he makes his rounds. Americans, used to the luxurious sleeping comfort of the best bedding in the world, wouldn't be surprised at the occupation of this traveling worker, for he repairs and rejuvenates mattresses to be used again and again.

Sleep soundly on hottest nights... work best on muggy days... give yourself new zest instead of a worn-out clammy feeling.

How? Get a compact, economical Yorkaire Room Conditioner... easily installed... for year-round comfort. There's one waiting for you.

HOME FRUIT GARDEN

Home fruit garden is adaptable both to the small lot of the city-bound gardener and to the broad acres of the busy farmer. The city man should avail himself of the dwarf fruit trees, berry bushes and strawberry plants or substitute fruit trees for ordinary shade trees in his landscaping design. The large land owner also should consider having an orchard, because, with a minimum amount of care, an orchard yields more per acre than any crop he can raise, often on land which might otherwise be useless. Most farmers have a gently sloping hill where grain does not do well in dry years or a sparse pasture near the house which would be better in orchard than in grass. Apples are the standard orchard crop, because they bear well and are adapted to age, preserving and generalness.

Only they who fulfill their in everyday matters will get them on great occasions—ley.

"Little Women" Coming to Rialto July 17 and 18

One of the year's finest motion
pictures is being offered Rialto
Theatre patrons this week with
the showing of MGM's star-stud-
ded filmation of "Little Women."
Read by millions, the beloved Lou-
isa May Alcott story of a happy
little family has been brought to
life in celluloid terms enhanced
by Technicolor and illuminated
with heart-warming portrayals.
Producer-director Mervyn Le-
Roy has taken no liberties with
this time-tested story and it is all
there on the screen just as it is
in the book. We meet the devoted,
close-knit March family—Marmee,
Papa March, high-spirited Jo,
Little Beth, Amy, Meg and des-
potic Aunt March, and we also
meet Laurie and his forbidden
father, Professor Bhaer, John
Brooke, old Dr. Barnes and all
the others.

spent the week-end with their sis-
ter, Mrs. Bob Tillery, and family
of South Vernon.
Mrs. Claude Carr and children
of Thalia visited Mr. and Mrs.
Bob Miller Saturday.

Economic Highlights

Sentiment in Congress in favor of cutting the cost of the Federal government is growing fast. Many things have contributed to it — the Hoover Commission reports have given Congress what it long lacked—a detailed blueprint for eliminating waste, duplication, overlapping. Now it remains to be seen whether the people will demand its acceptance.

However, sentiment in favor of cuts in spending, and practical action toward that end, are two different things. Congress is all-

ways bedeviled by pressure groups, all of whom are in favor of cutting the appropriations that go to someone else and increasing their own. As an obvious example, there is hardly a chamber of commerce that doesn't pay lip service to the cause of economy—and then whoop it up whenever it sees a chance to get a slice of Federal tax money for its own area.

In the long run, the decisive factor will be public sentiment—the wishes of the voters as to fiscal policy. A short time ago the Omaha World-Herald carried on an interesting experiment. It published a full account of a speech made by Senator Byrd, in which he described various spending measures now before Congress, and pointed out that the billions they would cost would have to be paid by all the people. The World-Herald then published a ballot on which its readers could express their views on the matter.

The first question asked for opinion on a straight 10 per cent cut in all Federal expenditures that can be cut. Only 134 who answered were against this, while 5,869 were for it. The balance of the questions covered specific legislative measures such as Federal housing, Federal aid to education, the national health plan, arms to Europe under the North Atlantic Pact, etc. In every instance the vote was overwhelmingly in favor of strict economy. On the health plan, for instance, 5,828 expressed themselves as being against it and 93 for. On increased payroll and income taxes, 5,876 said no while a mere 96 approved them.

In conducting its poll, the paper emphasized the certain but often overlooked fact that "the Federal government hasn't a cent except what it takes from all of us in taxes." It is true that some polls indicate that a substantial majority of the people want Federal handouts. However, such polls are usually so worded as to make the unwary believe that they will get them for nothing—that the money will come from some mysterious source other than the people's pockets.

The Hoover Commission reports have given Congress what it long lacked—a detailed blueprint for eliminating waste, duplication, overlapping. Now it remains to be seen whether the people will demand its acceptance.

Don't put off until tomorrow what should be done today, even if you have to get someone else to do it.

What We Think

(By Frank Dixon)

The things that have suffered most from mass production, in my opinion, are ice cream and cake. Mass production in the matter of ice cream has destroyed its individuality to the point that it all conforms to a certain norm. In other words no matter where I get it today ice cream is all alike to me.

My memory goes back to the days when each institution in town serving ice cream made its own, according to its own recipe and formula. The result was that each one had a different ice cream. Each one possessed its own individual characteristics which, according to the excellence of the recipe either built up the business or drove it away to the place across the street or down in the next block.

When one wanted ice cream with certain characteristics and certain qualities he went to the McHughes and when his appetite called for something different he went to the Jarvis cafe, and so on.

Then came the pure food and drug laws. They required that certain things be done to the product sold as ice cream. It must be cooked a certain length of time, it must contain a certain amount of butter fat and a pint of it must have a certain weight.

The local boys soon found out they could not comply with all the legal requirements without a large investment of capital in equipment, and one by one they gave up the ghost and quit the business of making ice cream.

The situation formed a perfect set-up for the big ice cream manufacturers. They equipped their plants to turn out a product that met with all of the legal requirements as to purity, butter fat content and weight per pint. Soon all of the home town dealers disposed of their equipment and began buying their ice cream from the big manufacturers.

The result has been that ice cream has lost its individuality and character. It is healthful, pure and clean and conforms to every health law, but in the opinion of the writer it has lost something.

It is a common thing these days to hear people say: "I am sure hungry for a dish of good home made ice cream"—even though there is a dozen places in town where "factory made" ice cream can be secured.

I can best illustrate what I mean by the commercial bakery cakes found in all grocery stores. The cakes are delivered fresh each day wrapped in cellophane and fairly oozing with appeal. They are prepared in modern bakeries under the most sanitary conditions. They are inviting and healthful, but I would give them all for one piece of good butter cake made by any one of the local farm women of my own or any other community. They have everything but character and individuality. I eat them with a passive indifference, the same as I eat the factory made ice cream. Neither the factory made ice cream or the factory made cakes awaken within me a single thrill of anticipation. I know before I eat them what they are going to taste like.

As far as ice cream and cake goes I am living in the past where ice cream and cake, while they may have been lacking somewhat in some of the things that the experts today tell us are necessary, had both character and individuality.

IN THE NEWS 30 YEARS AGO

News items below were taken from the issue of the Foard County News of July 11, 1919:

The ladies rest room in the court house has been completed and is now ready for use.

Miss Prudence Moorhouse was married to Pharis C. Taylor of Tulia in the First Presbyterian Church in Pueblo, Colo., on Sunday, June 29. She is a former teacher in the Crowell schools.

One hundred and ten cars of the 1919 wheat crop have already been shipped which represents approximately \$275,000.

Individual deposits in the First State Bank at the close of business on July 11 were \$115,593.75.

Mr. and Mrs. W. B. Riordan of Bryan were here a few days this week visiting Mrs. Riordan's sister, Miss Runie Maude Wallace.

Miss Alice Hampton, who lives 9 miles south of town, spent last week-end with friends in Crowell.

Mr. and Mrs. J. L. Klepper and daughters, Misses Isabelle and Minnie Lee, are visiting relatives in Crowell and Truscott.

Mrs. W. B. McCormick left Sunday for Snyder to visit Mr. McCormick's sister, Mrs. E. J. Anderson.

J. G. McCarroll is here as bookkeeper for the Herring - Showers Lumber Co., transferring from Harrold to fill the vacancy caused by the resignation of Gordie Gafford.

Mr. and Mrs. G. C. Walker of Dallas came in Sunday to visit Mrs. Walker's sisters, Mrs. S. S. Bell and Mrs. E. S. Haggard.

Miss Bee Hallmark, telephone relief operator, is working in the absence of Mrs. W. B. McCormick.

Oscar Boman is visiting friends in San Antonio this week.

President Truman, who is serving his second term and does not plan on a third term, has proposed that the appointment of postmasters be taken out of the hands of the members of Congress and turned over to the postoffice department. The suggestion will meet with some rough going when it comes to the Congressman who is planning on another term and is not averse to awarding the faithful party worker with the local postmastership.

There are today in this country some 5,000,000 persons paying for new automobiles on the monthly payment plan.

It is never good practice to slap a friend vigorously on the back especially in the summertime. His back may be sunburned. The fellow without any responsibility usually has a lot of ideas how a thing should be done. No speed records have ever been broken by the habitually careful drivers—nor any necks. One million insects have been classified by scientists.

Some 150,000 income tax payers will be visited by federal investigators during the summer and fall. The names of the ones to receive this distinction have been selected at random and that the calls will be of a friendly nature unless the investigator incidentally can discover an instance in which the taxpayer has failed to include everything that should have been included in his return. Incidentally one who professes to know about such things tells us that the investigators are expected to at least pay their expenses by the extra taxes they are able to dig up.

Our tolerance is strained to the breaking point because of what seems to be a concerted effort on the part of the movie industry to glorify the bandits of yesterday. In spite of the prodigious expenditure of effort along these lines we can see nothing in the lawless escapades of a band of outlaws who roamed the country robbing banks and trains, shooting down those who stood in their way. There is nothing commendable about such acts and certainly there is no excuse that the movie profession can offer for its thinly veiled attempt to glorify them.

The first installment of suggestions for streamlining the government, according to the plan prepared by the Hoover Commission has been submitted to the Congress by the President. The purpose of the Hoover plan is to make the government more efficient by cutting red tape and reducing costs. The trouble will come when the unnecessary jobs have to be lopped off, and unless a lot of them are lopped off, we may as well give up the idea of any streamlining or cost reduction.

The old men who are running the country today haven't been able to reduce the debt in any appreciable amount, even in the most prosperous period this country has ever seen. What will they do when normal times come and dollars become bigger and harder to get?

The young people should take a lot of interest in what Congress is doing these days since most of the debts which Congress creates with such a lavish hand are going to be paid by the young people of today, when the country is finally turned over to them.

No matter how skillfully a contract is gotten up and how carefully it covers every detail, it is, in the final analysis, no better than the parties who sign it.

A recent survey by the Labor Department Bureau of Labor Statistics indicates that unemployment may reach 6 million within another year.

It is never good practice to slap a friend vigorously on the back especially in the summertime. His back may be sunburned.

The fellow without any responsibility usually has a lot of ideas how a thing should be done.

No speed records have ever been broken by the habitually careful drivers—nor any necks.

One million insects have been classified by scientists.

IT'S A FACT!
For less than three cents a day, YOU can have up to \$5,000.00 aggregate for treatment of any member of your family if they are stricken by any of the following 8 dread diseases:
Small Pox
Diphtheria
Spinal Meningitis
Scarlet Fever
Polio
Leukemia
Tetanus
Encephalitis
Nobody can predict when—or where—POLIO and these other dread diseases will strike.
Hughston Insurance Agency

ANNOUNCEMENT!
I have bought the Gulf Service Station from Sonny Eddy and assumed management of the station Tuesday. I will appreciate the continued patronage of the old customers of this station and at the same time solicit the patronage of new customers. Come to see me and I will render you the best possible service.
Ed Thomas

Do You Have Proof for Your Income Tax Deductions?
At income tax time, a checking account gives ample evidence of its value, because—
1. There is no better proof of income tax deduction than a cancelled check.
2. Check stubs provide easy-to-find records of all legitimate deductions (and overlooked or forgotten deductions can cost you money these days.)
A checking account is equally valuable throughout the year. If you don't have one now, why not open a checking account here?

Mr. and Mrs. Adrian Thomson of Paducah visited relatives and friends in Crowell last week.

Too Late To Classify

FOR SALE—Peaches, ripe next week.—W. J. Long, Thalia, Texas. 51-1tp

Mrs. J. H. Shults has returned from Arlington where she visited her son, Grady Shults, and family. Grady brought her home last week-end.

Mr. and Mrs. L. E. Archer and daughter, Nancy Beth, are spending this week in Dallas.

Plenty of started baby chicks, 2 to 5 weeks old.—Moyer Produce & Hatchery.

Markham Spencer of Los Angeles, Calif., is here visiting his father, Leo Spencer, and family.

Mr. and Mrs. Jim Ewing spent the week-end with Mr. Ewing's brother, Bill Ewing, and wife in Abilene.

Miss Beulah Patton of Paducah visited in the home of Mr. and Mrs. Earl Manard over the week-end.

Mr. and Mrs. Jack Sauls have returned from a vacation trip to the Big Bend National Park.

Mr. Roy Barker has returned to her home here after having been in the Quanah hospital for several days. She is reported to be improving.

Sgt. Hardie Sanders of Camp Hood has been here this week visiting in the home of his parents, Mr. and Mrs. Allen Sanders.

Mr. and Mrs. H. D. Huffstutler and daughter of Dallas have returned to their home after having been here for two weeks in the home of Mrs. Huffstutler's parents, Mr. and Mrs. J. Y. Welch, and family.

Vernon M. Newland and son, Neal, left Monday afternoon for Mooreland, Okla., where they will attend a summer camp at Boiling Springs during Adult Christian Workers' week.

Mr. John Kirkindall of Fowler and Mr. and Mrs. D. B. Ellis of Houston visited Monday and Tuesday in the homes of Mr. and Mrs. R. L. Banister and Miss Georgia Burk and Forrest Burk. Mrs. Kirkindall was formerly Miss Ottie Perkins, a cousin of Mrs. Banister and of Miss Burk and Forrest Burk. She moved from Crowell in 1904 and this is the first visit she has made since that time. Mr. Ellis is her son.

Mr. and Mrs. Bert Ekern, Mr. and Mrs. Mike Rasberry, Mr. and Mrs. Fred Thompson and Mr. and Mrs. J. M. Hill Jr., have returned from a vacation trip to Roswell, Carlsbad and Ruidoso, N. M.

Mr. and Mrs. Ralph Jordan left Friday for Mobile, Ala., where they will make their home. They had spent several weeks visiting in the home of her parents, Mr. and Mrs. Dave Adams.

Ab Fox of Amarillo was here Saturday visiting relatives. He was accompanied home Saturday afternoon by his parents, Mr. and Mrs. L. D. Fox, who are visiting in his home.

College Station, July 9—It is a direct loss to the poultry producer to feed non-layers during the summer months, says W. J. Moore, associate extension poultry husbandman of Texas A. & M. College, and it's also one of the reasons poultry producers are not doing a better job of maintaining high egg production during the summer months. He advises poultrymen to sell the non-producers just as soon as they are noticed. Chances are they'll not come back into production until late fall or early winter, and during this time, feeding them is a dead loss.

Mr. and Mrs. Virgil Smith and son, V. A., spent the week-end here visiting Mrs. Smith's mother, Mrs. J. J. Brown, and other relatives. They are moving from Kansas to Amarillo to make their home.

Hens that show a shrunken, dried-up comb, yellow beak, new feather, yellow shanks and yellow vents should be culled and sold. A continuous culling job will pay any poultryman good dividends.

G. E. 8-ft. Home Freezer, \$318.00 value — this week only \$285.00 at Crowell's.

Where the money is coming from is of interest. A minor part will be derived from loans. But the major part will come out of the industry's earnings. Last year, oil plowed back oil profits we've all read about seem a great deal smaller. The owners, who are hundreds of thousands of investors, get only a modest percentage of those profits. The lion's share goes into the ground in search of new crude supplies, and into refineries and cracking plants and transportation facilities and other such necessities. That's how a record breaking demand for oil in all of its many forms has been successfully met. — Industrial News Review.

Mr. and Mrs. Lewellyn Morgan and two children, Joyce and Leon, of Elkins, Ark., have been here visiting their parents, Mr. and Mrs. G. C. Morgan and Mr. and Mrs. F. C. Borchardt.

Albert Bird left last week for Dallas where he enrolled as a student in Baylor Dental School and took up his work Monday of this week. He had spent a month here in the home of his brother, Mike Bird, and family.

A baby daughter was born to Sgt. and Mrs. Joe R. Spencer in a Tacoma, Wash., hospital on July 7. Sgt. Spencer's parents, Mr. and Mrs. Alva Spencer, who were en route to Tacoma on a vacation trip, arrived there last Sunday.

Since the defeat of Japan a little over three years ago, expenditures for new private construction, estimated at \$13.6 billion in 1948, have reached the highest point in the country's history. The previous record for private activity was in 1947, when expenditures were \$10.9 billion. At the same time that private expenditures were being pushed to record levels, the combined bill for public works conducted by federal, state and local governments reached a top figure for peacetime of \$4 billion. This may be compared with \$3.1 billion spent for public works in 1947, the previous peacetime peak year, and \$2.3 billion spent in 1936, when federal public works expenditures were freely made as an instrument of economic recovery.

Mr. and Mrs. T. J. Taylor and two daughters, Frances Ann and Elaine, have been here visiting his parents, Mr. and Mrs. R. L. Taylor. Mr. and Mrs. T. J. Taylor were moving from McAllen to McAdoo.

Mr. and Mrs. W. H. Grimm, Mrs. Lauretta Magill and Mrs. E. M. Pollock of Oklahoma City visited the week-end visiting Mr. and Mrs. George Wesley of Margaret and Mr. and Mrs. O. M. Grimm of Thalia.

Dr. and Mrs. Dan H. Clark and daughters, Paula and Diane, have returned to their home in Corpus Christi after a short visit in the home of Dr. Clark's parents, Dr. and Mrs. Hines Clark, Marilyn and Virginia Male, daughters of Mr. and Mrs. Leonard Male, who are also visiting in the home, returned to Corpus Christi with them for a visit.

CARD OF THANKS

It is with grateful hearts that we attempt to express our appreciation for all the ministrations of friends during the long illness and at the death of our loved one. Each deed of friendship shown will ever be remembered by all of us and we would say a sincere "thank you."

CARD OF THANKS

Our sincere thanks and appreciation are hereby extended to the friends who ministered to us in so many kind ways at the passing of our father. Each word and deed is appreciated to the fullest and we ask God's blessings on all who helped us in any way.

CARD OF THANKS

No words can express our deep appreciation to the many friends for their deeds of kindness and neighborliness extended to us in our recent bereavement. For each word of comfort and sympathy spoken and for each act of kindness done for us we would express our sincere and grateful thanks. Such evidences of friendship will ever be cherished and may God's richest blessings rest upon each of you.

A LOT OF MONEY

It costs a lot of money to build and maintain the facilities that are needed to meet the public demand for goods and services.

Take oil as an example. This year, the industry will spend \$2,100,000,000 for capital investment alone—for expansion and modernization of its physical properties. And this is the third consecutive year that the industry has invested money at the two billion dollar rate to take care of demand for oil products.

Where the money is coming from is of interest. A minor part will be derived from loans. But the major part will come out of the industry's earnings. Last year, oil plowed back oil profits we've all read about seem a great deal smaller. The owners, who are hundreds of thousands of investors, get only a modest percentage of those profits. The lion's share goes into the ground in search of new crude supplies, and into refineries and cracking plants and transportation facilities and other such necessities. That's how a record breaking demand for oil in all of its many forms has been successfully met. — Industrial News Review.

Cotton and cottonseed last year brought in about one-third of the South's total cash income. Lint brought in one and one-half billion dollars, and cottonseed another quarter billion.

CITY ORDINANCE

AN ORDINANCE defining the various kinds of garbage, regulating the kinds and size of receptacles in which to place same, the manner of its preparation and where it must be placed to be collected by the City Garbage Department; providing regulations for collecting same and prohibiting the placing of garbage or any article or material in the streets and alleys of the City of Crowell, Texas; providing for service charges, prohibiting the meddling, scattering contents, pilfering or junking, with garbage cans, trash or rubbish receptacles; prohibiting junking or carrying off the premises of the dump ground any article or junk, prohibiting the collection of garbage, trash or rubbish by others than City forces within the city limits; and prescribing a penalty and declaring an emergency.

Be it ordained by the City Council of the City of Crowell, Texas:

Section 1. This ordinance shall be known as the "garbage ordinance" of the City of Crowell, Texas. The word "premises" as used in this ordinance shall be taken to mean business houses, boarding houses, offices, theatres, hotels, restaurants, cafes, eating houses, tourist camps, apartments, sanitariums, rooming houses, schools, private residences, vacant lots and all other places within the city limits of the City of Crowell, Texas, where garbage, trash or rubbish accumulates in ordinary quantities.

The various kinds of garbage shall be defined as follows:

- (a) By the term "kitchen garbage" as used in this ordinance is meant, dry kitchen refuse, all meats, vegetable and fruit refuse, small dead animals and dead fowls, from any premises within the city limits.
- (b) By the term "dry kitchen refuse" is meant the solids after the liquids or slop has been drained off.
- (c) By the term "trash" as used in this ordinance is meant paper of all kinds, rags, old clothing, paper containers, old rubber, pieces of wood, boxes, barrels, crates, feathers, weeds, grass, tree limbs from any premises within the city limits.
- (d) By the term "rubbish" as used in this ordinance, is meant tin cans, bottles, glass, scraps of iron, tin, wire, or any other metals from any premises within the city limits.

of every person, firm or corporation owning, operating, managing, leasing or renting any premises, or any place where "kitchen garbage" accumulates, to provide a portable iron, tin or suitable metal garbage can with tight fitting metal cover with a capacity of not less than five gallons and the daily accumulation of kitchen garbage and dry kitchen refuse shall be placed in this garbage can.

It shall also be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises to place all trash and rubbish from said premises in boxes, sacks or barrels or other receptacles of reasonable size, provided the gross weight does not exceed one hundred pounds. Garbage cans, boxes, sacks or barrels of trash and rubbish and tree limbs (which shall be cut into lengths not exceeding four feet), shall be placed inside the property line at the edge of the alley, where there is no fence; where there is a back fence with alley gate, garbage cans, boxes, sacks or barrels of trash, rubbish and tree limbs (which shall be cut into lengths not exceeding four feet) shall be placed against inside of fence at side of alley gate; if there be no alley gate, there shall be built a platform against inside of fence below top of fence so that garbage collecting vehicles can drive close to fence and lift the garbage, trash and rubbish over the fence; and where there is no alley, kitchen garbage, trash and rubbish shall be placed inside curb line of street, to be collected by the city garbage vehicles.

Section 3. The pieces of wholesale accumulations, such as killing and dressing plants for fowl, wholesale fruit and vegetable houses, storage and other places, where the daily accumulation of kitchen garbage, trash and rubbish is more than ordinary quantities, are not included in the service furnished by the City Garbage Department and such places are required to remove same to the city incinerator at their own expense, in the manner and by the method directed by the official designated by the governing body of the city.

Section 4. Heavy dead animals, such as cows, horses and mules shall be delivered to the city incinerator at the expense of the owner or person having the same in charge in the manner and by the method directed by the designated official.

Section 5. Heavy accumulations such as brick, broken concrete, lumber, ashes, clinkers, cinders, dirt and plaster, sand or gravel, automobile frames, dead trees, and other bulky, heavy materials shall be disposed of at the expense of the owner or person controlling same under the direction of the designated official.

Section 6. Manure from cowlots, horse stables, poultry yards, pigeon lofts, and waste oils from garages and filling stations shall be disposed of at the expense of the party responsible for the same under the direction of the designated official.

Section 7. The City Garbage Department will not make collection of kitchen garbage, trash or rubbish or tree limbs where same is not prepared for collection and placed as designated by the terms of this ordinance and failure to comply with this provision will be an offense and each day's failure to comply will constitute a separate offense.

Section 8. The placing of kitchen garbage, trash or rubbish or any article, thing or material, in any street or alley within the city limits is prohibited.

Section 9. The disposal of kitchen garbage, trash or rubbish and that designated under Sections 4, 5 and 6 of this ordinance or any kind of rubbish in any place within the city limits is prohibited, except at the City incinerator.

Section 10. The meddling with garbage, cans, trash or rubbish receptacles or in any way pilfering, scattering contents or junking in any alley or street within the city limits is prohibited.

Section 11. Employees of and city officers directing operation of the City Garbage Department and persons delivering garbage or other rubbish to the city incinerator are allowed on the incinerator grounds, all other persons are prohibited.

Section 12. All junk and other material of the Dump Ground is the property of the City of Crowell, Texas, and no person is allowed to separate and collect, carry off and dispose of same except under the direction of the designated official.

Section 13. The collection of garbage, trash and rubbish or any kind of junk within the city limits is prohibited except as provided for in Sections 3, 4, 5 and 6 of this ordinance.

Section 14. Garbage cans shall be kept in a sanitary condition and closed tightly and the contents of all receptacles shall be so protected that the wind cannot blow out and scatter same over the streets, alleys and premises of the city.

Section 15. In the business district, daily collections will be made. In the residential district kitchen garbage shall be prepared for collection to be made one time per week, or as often as may be necessary to comply with sanitary regulations of the city, trash and rubbish shall be prepared for one collection per week, the time of such collections to be announced by the designated official.

Section 16. There shall be charged, assessed and collected from each person, firm or corporation within the corporate limits of the City of Crowell, Texas, the sum of \$1.00 per month, with the exception of the owners and operators of hotels, cafes, restaurants, boarding houses, eating houses, grocery stores who shall be charged and assessed the sum of \$2.00 per month, for each and every water meter, or meters, registered in his, her or its name and through which water is purchased, used or obtained from the City of Crowell, Texas, and which said sums shall be listed as a separate item or items on each such water bill and shall be due and payable as and when the bill charged against any such water consumer for water used is paid, said sum of money derived therefrom shall be used for the purpose of aiding and assisting in the maintenance and operation of the Garbage Department of the City of Crowell, Texas.

Section 17. Any person, firm or corporation violating any provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not more than \$100.00 and each such day violation continues shall constitute a separate offense.

Section 18. This ordinance shall be cumulative of all other sanitary ordinances or regulations of the City of Crowell, Texas, unless in conflict with the terms of said ordinances and regulations, in which case the terms of this ordinance shall prevail.

Section 19. In view of the unsanitary condition prevailing and the prevalence of flies, and other vermin it creates an emergency and an imperative public necessity, and the rule requiring this ordinance to be read on several occasions be, and the same is hereby suspended and this ordinance shall take effect from and after its passage and it is so ordained.

PASSED and APPROVED, this 21st day of June, A. D. 1949.
 APPROVED:
 HUBERT C. BROWN,
 Mayor, City of Crowell,
 Texas.
 ATTEST:
 MRS. ELLA RUCKER,
 City Secretary,
 City of Crowell,
 Texas.
 49-4tc

Further Control of Venereal Diseases Needed in State

Austin, Texas—A statewide educational campaign for the control of venereal diseases, which will be carried out throughout the summer and possibly into the fall, has been announced by Dr. Geo. W. Cox, State Health Officer, who states that the public will be reached by means of radio, newspapers, movies, and lectures by health authorities.

"While it is true that great advances have been made recently in the control of these diseases, nevertheless a lack of full information on the part of the public has hindered the complete success of the program," Dr. Cox said. "There has been a steady decline in the incidence of new cases reported, in infant and adult mortality rates, and in admissions to mental institutions due to syphilis, since 1938 when intensive measures for the control of venereal diseases were initiated. But this decline has not been great enough," Dr. Cox added, "and this is partly attributable to a lack of accurate information and the general apathy concerning venereal diseases which followed the termination of the war. "The spread of many completely false ideas about these diseases

and their treatment has also led to a feeling of complacency, and the belief that a patient can diagnose his own case, and treat it with self medication. This is a particularly dangerous untruth; only a competent doctor can diagnose and treat venereal diseases, and it is the purpose of this educational campaign to fully inform the public of the actual dangers of venereal diseases, and what measures must be taken to control them."

Dr. Cox said that this campaign of the Texas State Department of Health will coincide with other similar education campaigns, which will be conducted by health officials throughout the entire nation.

HOUSEHOLD HINTS

To keep the bread and cake jars sweet rinse them after washing, with boiling water in which washing soda has been dissolved, and set them out of doors in the sun for a short time.

When hanging up clothes to dry, hang stockings by toes, night dress, night shirts, by shoulders and skirts by the hem. This will help to keep them from sagging and drying out of shape.

The number of parking meters is estimated to have increased more than 28 per cent last year. An estimated 195,000 meters were installed or replaced in 1948, bringing the total number in use to approximately 700,000. By the end of last year, at least 1,922 cities had parking meters.

A PENNY-- for your thoughts

A bigger bargain you couldn't seek— A penny tells time for about a week!

Here's the answer to a housewife's wishes— One penny will wash six loads of dishes!

SMOOTH SHAVE, HUH!

Four pennies a year for Father's shaving! Can you imagine a greater saving?

OF COURSE, IT'S Electric!

Yes, even the lowly penny can buy you a lot of convenience and service — when you spend it for electric service. For there's plenty of penny wisdom in living the electric way — easily, comfortably, healthfully. Though electric service is just about the smallest item in your family budget, what else does so much — for so little?

Miss Kathleen Eddy and Dan Campbell Exchange Marriage Vows in Candlelight Ceremony Tuesday at Baptist Church

Before an altar of graduated candelabra and tall wrought-iron baskets filled with pink and white gladioli, marriage vows were exchanged by Miss Kathleen Eddy and Dan Campbell on Tuesday evening at 8 o'clock in the First Baptist Church. Rev. N. B. Moon, pastor of the church, officiated with the impressive double ring ceremony.

As a pre-nuptial background of music, Mrs. A. L. Rucker played "The Indian Love Call" and accompanied Miss Sharon Haney as she sang "Always" and "The Lord's Prayer." Mrs. Rucker played the traditional wedding marches for the procession and the recession of the bridal party. Ushers were C. D. Campbell and Ray Tamplin. Misses Ruth Barker and Jo Ann Meason. Joe Seales, Ray Tamplin, C. D. Campbell and Ronnell Eddy.

Miss Eddy entered on the arm of her father, who gave her in marriage. Her sister, Mrs. J. B. Fairchild, was matron of honor and Joe Seales served the groom as best man.

The bride was attractively attired in a street length dress of pale blue all-over embroidered organza, fashioned with cowl neck, full skirt and puffed sleeves. She wore a halo of the same material adorned with tiny rosebuds and from which fell her finger-tip veil of illusion. Her flowers were gar-

denias in a shower bouquet carried on a white Bible. She wore mits of the same material as the dress. She followed the tradition of wearing something old, something new, something borrowed and something blue.

Mrs. Fairchild wore a dress of yellow organza, fashioned after the mode of the bride. Her bouquet was of white daisies and she wore a flower headdress. The other attendants wore similar dresses in pastel shades with big butterfly bows at the back of the waist. They wore similar headdresses of flowers over the hair at the back.

The bride couple received the congratulations of friends in the foyer of the church. They left immediately for Lubbock where the groom is connected with the Bell Telephone Co.

Mrs. Campbell is the daughter of Mr. and Mrs. Joe Eddy and received her education in Crowell, having graduated from Crowell High School in 1947. She attended business school in Wichita Falls and has been employed in Vernon by the T. E. Davis Insurance Agency. Mr. Campbell is the son of Mrs. Evelyn Campbell of Crowell and Charlie Campbell of Du-mas and is a graduate of Crowell High School. He attended Texas Tech and a business college in Lubbock. The couple will reside in Lubbock.

Compliment to Bride-Elect Given at Home of Miss Betty Seale

Miss Betty Seale was hostess at a delightful lawn dinner party on Thursday evening, July 7, at her home on North Main, to compliment Miss Kathleen Eddy, then the bride-elect of Dan Campbell.

Following the dinner, the honoree was surprised with a kitchen shower. Mrs. C. R. Seale, mother of the hostess, shared with entertainment duties.

Guests on this occasion were Miss Eddy, Miss Sharon Haney, Miss Ruth Barker, Mrs. J. H. Gillespie and Mrs. Q. D. Williams.

Bridal Shower Given to Honor Miss Eddy at T. S. Haney Home

As a compliment to Miss Kathleen Eddy, whose marriage to Dan Campbell took place Tuesday evening, Misses Sharon Haney, Ruth Barker, Betty Seale and Jo Ann Meason and Mrs. J. H. Gillespie were hostesses at a bridal shower at the home of Miss Haney on Saturday afternoon between the hours of 5 and 7.

Greeting the guests at the door was Miss Haney who introduced them to Miss Eddy; Mrs. Joe Eddy, her mother, and Mrs. Evelyn Campbell, the groom's mother. Mrs. Gillespie registered them in the attractive bride's book and directed them into the dining room where a pretty table was decorated in the colors of white and pink, predominating colors throughout the house. The central arrangement was of pink carnations and baby mums from which extended white ribbons inscribed with the words "Kathy-Danny."

Miss Barker poured the punch which was served to the guests with dainty cookies, pink mints and nuts by Miss Seale. The young ladies alternated with the duties of serving.

Miss Meason directed the guests into the gift room where the many beautiful gifts to the bride and groom were on display. Mrs. Clyde Eddy directed the guests to the exit door.

B. & P. W. Club Holds Social Meeting

On Thursday evening, July 7, members of the Crowell B. & P. W. Club enjoyed a covered dish dinner in the home of Miss Cora Carter, club president.

The highlight of the meeting which followed the dinner were reports of the delegates to the State meeting which recently was held in Houston. Delegates were Miss Carter, Miss Mayme Lee Collins and Mrs. Thelma Hunt. Misses Gusta Davis and Lottie Russell and Mrs. Alyene Graham also attended.

Mrs. Hunt reported on a boat trip made to San Jacinto monument with a dinner at San Jacinto Inn. Miss Collins reported on the general business session. Miss Russell spoke on the Sunday meeting which featured a skit entitled, "Which Way Are You Going?"

Miss Davis told of the president's dinner and an address by Dr. Bernice Moore on "Democracy Must Be Lived to Live." Dr. Moore, an outstanding speaker, held her audience enraptured and left them with a determination to be better citizens. Dr. Moore has lectured to thousands of persons and has planned and conducted training institutes in many places. She is Consultant, Home-making Division, State Board for Vocational Education and the Hogg Foundation for Mental Hygiene of the University of Texas. Miss Carter summarized the convention, giving highlights from here and there.

The convention endorsed Judge Sarah T. Hughes of Dallas for National President of Business and Professional Women.

Those in attendance at the local meeting were Bertha Burkett, Mayme Lee Collins, Gusta Davis, Louise Fisch, Alyene Graham, Viola Hall, Irene O'Connell, Ura Orr, Ella Rucker, Lottie Russell, Dove Carlile, Thelma Mae Hunt, Cora Carter and two guests, Claudia Carter and Jean Burkett.

THE "WHY" OF COLORS

Sensation of color is produced by a difference in wave-length of the light entering our eyes. These are sensitive waves ranging in length from about 17 to 31 millionths of an inch. The shortest waves give the sensation of violet. As they get longer, we see blue, green, orange, yellow or red. Still longer waves, which are invisible, are called infrared, while those shorter than violet are designated ultraviolet. An object appears colored because it absorbs certain wavelengths and reflects others. If it reflects them all, we say it is white.

Austin Highlights

(By Sen. George Moffett)

The session of the Texas legislature just closed had more knotty problems to solve and did more work than any other session in the history of the State. More than fifteen hundred bills were introduced, and over six hundred of them passed, which is generally considered to be as many new laws as the people need at one time, maybe more. Some of the bills, which passed, were local in character, such as fish and minnow laws and squirrel and fox laws. Our State constitution authorizes the passage of fish and game laws, which apply to only one county. But our constitution does not permit the passage of local laws on other subjects, except road laws in a few instances.

The fact that laws other than those above mentioned have statewide application creates many difficulties, and brings on many arguments, that do not occur in the law making bodies of other states. Many Texas counties are considerably larger than the State of Rhode Island. It is comparatively easy to frame laws to fit the conditions in such a small state, where most of the members of the Legislature go home every night. But the variety of conditions which prevail in such a large state as Texas, make it hard to pass laws that are suitable and workable for some areas in West Texas, where transportation is always a costly job. I voted against one of these bills because I did not think the part of it which deals with transportation is fair to our part of the State.

I am often asked as to the date when a new law becomes effective. If as many as one hundred members (two-thirds) of the House of Representatives and 21 of the 31 Senators vote for a bill on its third reading and final passage, it becomes effective on the day that the Governor signs it. But if only a bare majority of either, or both branches, vote for the bill on final passage, then it becomes law ninety days after the Legislature adjourns. Often a bill passes one house, or branch, of the legislature, but does not pass the other. In that case, it does not become the law at all. It is necessary that it pass both branches by a majority vote. The situation is somewhat similar to passing title to a homestead—unless both husband and wife sign the deed, the title is not any good. Sometimes, in fact many times, a bill will pass one branch, and when it comes up for consideration in the other, it will be amended or materially changed. In that

case, a committee of five members from each branch is appointed to meet, and adjust the difference between the two branches. These committees often reach an agreement, and smooth out their differences, and sometimes they never do reach an agreement, and the bill dies. If they do agree, the revised bill as agreed to by the conference committee is brought back before each branch, and if each house gives the agreed form of the bill a majority vote, it then goes to the Governor. Sometimes one branch will accept and vote for the conference committee agreement, and the other will not. Then the bill goes back to the conference committee for still further smoothing, which is not always successful. These rules may seem as clumsy to you as the rules of a football game, but most legislatures have substantially the same rules as those used in Texas. They have not changed much in a hundred years.

Chamber of Commerce

JOTTINGS
(By Hilton Crane, Sec.)
No Stranger in Our Midst

Your Chamber of Commerce, its officers and committees, are what you make them—no more and no less. After all, your chamber of commerce is not a stranger in your midst, engaged in some mysterious enterprise with which the community is wholly unfamiliar and about the propriety of which it is disposed to be skeptical and suspicious.

The Foard County Chamber of Commerce is nothing more than an association of civic-minded citizens, representing the business institutions (whether it be farming, retailing or wholesaling), of Foard County who have banded together to support and maintain an organization which devotes its entire time, thought and effort to the betterment of economic, civic and business conditions in the community. In short, the chamber of commerce is YOU.

Any time a Chamber of Commerce doesn't measure up, it is because the city has failed to measure up. You don't just buy membership and then forget it. Rather, it's like signing up a Christmas Club at a bank; you finally get out just what you put in, plus interest.

So, in a Chamber of Commerce, we all get out just what we put

Dr. J. E. O'Hair

Optometrist
Announces that he will devote Monday of each week to the practice of Optometry in CROWELL
Beginning
Monday, July 18
at
311 Marietta St.
(H. C. Roark's Residence)
Hours: 8:00 a. m. to 6:00 p. m.

MORTALITY OF HENS
A fifth of the hens of laying age in this country die before they have laid enough eggs to pay for the cost of raising them.

PYGMY BUFFALO
Pygmy buffalo, about the size of a St. Bernard dog, are found on Celebes, a main Indonesian island.

OLD POWDER PUFFS
A good use for old powder puffs is to use them as scouring pads for cooking utensils.

in, plus the extra that is created by the interest of others.

Hon. Ed Gossett writes your Chamber from Washington as follows: "I most fully agree with your conclusion that the size, cost and activities of the Federal Government should be reduced. I have been so contending, both publicly and privately, for the last number of years.

"We need a revival of civic mor-

ality and of civic responsibility within this country. Unless average John Doe demands efficiency and economy in government, we are not going to get it. We have been the victims of organized minority pressure demands. Short-sighted selfish things, is continually pushing further and further along the road of regimentation and planned economy."

4 PER CENT FARM LOANS

LANIER FINANCE CO.
Crowell, Texas

DEARBORN Utility Blade
has many uses around the farm

Called the Utility Blade because it does so many jobs, saves so much pick and shovel work. Makes earth moving and manure cleaning go so fast. A great tool, low priced.

Can be attached in a minute to Ford Tractor; lifts, lowers by Hydraulic Touch Control; uniform depth easily held. Blade adjusts for angle, pitch, tilt; reverses for back-filling. Learn more at our headquarters for Ford Tractors, Dearborn Implements, ... parts and service.

... Such as
Grading lanes, roads
Cleaning barns, feedlots
Leveling fields
Filling gullies
Making ponds, ditches
trench silos
Excavating for concrete
Terracing
Many other uses

Beauty by Chrysler

The Beautiful Chrysler | Silver Anniversary Model

Beauty In Appearance! Every clean, lovely line has purpose and meaning. Beauty that is useful is the Chrysler idea. A striking line of chrome along the fenders may please your eye, but it's there to act as a rub rail. Behind each detail of Chrysler design there's a story of common sense and imagination in engineering.

Beauty In Comfort! A chair at home is beautiful if fine design gives it grace and comfort. Chrysler chair-height seats have this kind of beauty, too. Perfectly proportioned for comfort, they seat you at the proper height to see the road and to enjoy your drive. Comfort that has beauty through fine design—that's the secret of Chrysler engineering and the relaxing pleasure of driving a Chrysler.

Beauty In Performance! You know what we mean the moment you feel the smooth response of the great Spitfire High Compression engine. With Prestomatic Fluid Drive Transmission, driving is wonderfully easy. Start in third, a slight lift of your toe takes you into cruising range. You rarely touch the gear shift lever. A few minutes in this car gives you pleasure it would take a book to describe. Phone for a demonstration today.
