Crowell Wildcats to Play Undefeated Burburnett Bulldogs Here Tomorrow Light in Last Home Game of Season

Crowell fans are due another good football game here tonight when the Burburnett Bulldogs, who are undefeated in their home games, come here to take the improved Crowell Wildcats. The game will be the last of the season for both teams. The Burburnett Bulldogs have a record of 10-0 and are ranked 15th in the state. The Crowell Wildcats have a record of 10-0 and are ranked 16th in the state. The game will be played at 8 p. m. at the Crowell High School stadium.

PROBABLE STARTING LINE-UP

CROWELL	Wt.	Position	Wt.	BURK	No.
Paul Norman	152	Left End	165	Bill Reasoner	41
Earl Norman	170	Left Tackle	150	Billy Pemberton	25
James Rice	155	Left Guard	155	Roland Leiner	30
Errol Ribble	136	Center	205	Trent Turpin	41
Bill Caddell	140	Right Guard	135	F. T. Felty	21
Jimmy Rasberry	170	Right Tackle	170	Jimmy Hunt	42
Charles Pittillo	155	Right End	175	Bob Smith	39
F. L. Ballard	145	Quarterback	160	Johnny Crane	29
James Todd	156	Left Half	155	Tommy Warren	33
James Weathers	140	Right Half	155	Lee Keen	28
Billy Earl Lynch	160	Fullback	141	Peanut Boyd	22

Crowell Reserves

Lineup: Joe Williams, wt. 150, No. 52; Leon Pechacek, wt. 170, No. 74; V. W. Latimer, wt. 145, No. 66; Billy Johnson, wt. 148, No. 70; Bobby Stinebaugh, wt. 138, No. 51; Bobby Brock, wt. 140, No. 78; Tim Wilson, wt. 134, No. 42; and Dowal Parks, wt. 146, No. 69. Backs: Jon Sanders, wt. 140, No. 50; Buster Laquey, wt. 138, No. 54; Don Gobin, wt. 134, No. 67; Jim T. Cates, wt. 138, No. 68; Leroy Gibe, wt. 140, No. 27.

Burburnett Reserves

Lineup: Harold Turnbow, wt. 160, No. 34; Leroy Wheeler, wt. 162, No. 36; Tex Maney, wt. 160, No. 31; John Allen Brockman, wt. 170, No. 44; Edward Taylor, wt. 160, No. 27; Cubby Chambers, wt. 160, No. 19; and Harry Harris, wt. 164, No. 26. Backs: Charles Counter, wt. 170, No. 37; Edwin Draper, wt. 160, No. 29; Ray Kelly, wt. 140, No. 32; and Bobby Bernethy, wt. 160, No. 23. Officials: Rufus Emmons (Texas A. & M.), Matador, referee; E. Enlow (A. C. C.), Matador, umpire; and Raby Webb (Howard), Matador, head linesman.

Anderson Endorsed Meeting Held in Wichita Falls

The State Legislative Representative Wednesday endorsed R. B. Anderson, Vernon lawyer and business executive, for the 13th Congressional District. The endorsement took place on the State Board of Education. Anderson is the only candidate in the district who has been endorsed by the State Board of Education. Anderson is a member of the State Board of Education and has served on the board since 1947. He is also a member of the State Bar and the State Teachers Association. Anderson is a native of Wichita Falls and has lived there most of his life. He is a graduate of the University of Texas and has a law degree from the same institution. Anderson is a well-known and respected figure in the community and is expected to win the election in November.

Art Exhibit Will Take Place at Self Motor Co. Building

In observance of National Art Week, the first week in November, the Adolphian Club is sponsoring an Art Exhibit which will be culminated by showing all the pictures which have been used in an exhibit at the Crowell Schools for the past two weeks. The exhibit will be held on Friday afternoon and Saturday, Nov. 4 and 5, in the show room at Self Motor Co. Students who have not had an opportunity to see the entire exhibit previously will be able to see them assembled there on the two days. All adults who have been sold tickets up to this time will be admitted and tickets will be sold at the appointed place. The proceeds of the exhibit will go to the school towards furthering interest and buying pictures for the class rooms of the school buildings.

The country's most brilliant young executives are to be seen at this important board," said McDaniel. "He will bring to the board a wealth of experience, not only in handling financial decisions, but also from first hand experience as a farm boy and as a rural school teacher, he knows the problems facing our schools today." Rep. Tufares predicted victory for Anderson with "the reputation for intelligence and public service of R. B. Anderson has gone far beyond the confines of this district. I predict that responsible citizens in all sections of this district will see that he carries the election in their communities."

Bond Assumption Election for Crowell Consolidated School District Will Be Held Tuesday, Nov. 8, in Court House

The board of trustees of the Crowell Consolidated Independent School District has ordered an election for Tuesday, November 8, 1949, to establish a uniform tax rate and to assume bonded indebtedness of the newly-created district. The election was needed because the Crowell Consolidated Independent School District had a tax rate of 1.25 percent and the newly-created district had a tax rate of 1.25 percent. The election will be held at the Court House in Crowell, Texas. The newly-created district will have a tax rate of 1.25 percent and will assume bonded indebtedness of \$100,000. The election is expected to be held on Tuesday, November 8, 1949, at 8 o'clock in the morning.

Successful Hallowe'en Carnival Staged by Crowell Schools Monday Evening; High School Band Leads Colorful Parade

As a forerunner of the annual Hallowe'en Carnival staged by the Crowell schools on Monday evening, Oct. 31, a parade which would do credit to a much larger town and school was formed at the First Christian Church at 5 o'clock and made its appearance down First Street and around the square. The parade was beautiful in appearance, significant in meaning and was a pronounced success from every standpoint. It reflected work and cooperation of teachers, parents and pupils.

The parade was headed by the Crowell High School Band under the direction of its instructor, Miss Mary Close. The band was followed by the High School Pep Squad, led by its majorettes, these being followed by the High School football squad, all in uniform. As a first entrant from Grammar School, Miss Cora Carter, principal, attired as a Hallowe'en witch marched down the street. She was followed by the First Grade float, a general Hallowe'en float, decorated in orange and black and filled with children dressed as witches, Jack 'o' Lanterns, skeletons, bats and owls.

Mesquite Control Tests at Spur Look Favorable

Mesquite, the invading weed tree, which has infested some 55 million acres of Texas range land may soon be shivering in its bud zone. That is the report made by Joe Burkett, County Agent, upon his return from the recently held Field Day at the Spur Experiment Station.

The Texas Agricultural Experiment Station's research work on mesquite control has been concentrated at the Spur Station since 1938. Station Superintendent R. E. Dickson has directed the work; associate station agronomist C. E. Fisher has been working with various chemicals in an effort to perfect a cheap, simple way to kill mesquite and Dale W. Young, assistant station agronomist, has also assisted with the research.

Kerosene, which works fairly well on sandy and porous soils but usually costs too much, and sodium arsenite which is cheaper but dangerous to both man and animals have been the chemicals most widely used and recommended in the past, says Burkett.

Those attending the field day were told that 5,000 mixtures of various chemicals had been tested on mesquite at Spur during the past few years. Chemicals are first tried on individual trees in the nursery and then on 20 tree plots. Those showing promise are further tested on 5-acre plots and application is by airplane spraying. One hundred of these 5-acre plots have been treated with the chemicals that have shown best in the preliminary tests. Treatments were made during the spring, summer and fall of this year.

Results so far indicate that 2, 4, 5-T and formulations thereof are far superior to any formulations of 2, 4-D for mesquite control or eradication. Top kill of mesquites is running up to 95 percent and root kill 25 percent with solutions of 2, 4, 5-T applied in May of this year. Final permanent kill cannot be determined until next spring and Fisher advises ranchmen to wait and see before using any of the chemicals. The cost of the materials and application, according to Dale Young, should not run over \$3.50 per acre.

Fisher says if you have only a few mesquite trees to kill, an application of pure 2, 4-D amine applied with a paint brush to the cut stump should do the job. Those with an acre or so, may spray a 1 percent solution of 2, 4, 5-T in diesel or kerosene in a band around the tree from the ground up to 30 inches high and expect satisfactory control. Ranchmen who have large acreages of mesquite to control are advised to wait and observe the results next spring at the Spur Station.

Fisher and his co-workers do not expect to get a 100 percent permanent kill, but are hoping they'll be able to recommend a chemical which will give low-cost control of the mesquite for five years. The increased forage production during this period should more than pay for the control program. Spring applications of these chemicals have also given excellent control of such weeds as sunflower, Russian thistle, purple nigella, annual broomweed, buffalobud and many other troublesome range weeds.

Proper stocking to maintain a good cover of grass on the pastures will become even more important with mesquite control. The mesquites, though robbing the grass of needed moisture, have served to protect a lot of our good grasses from livestock. Keeping a cover of better grasses on our range lands is the best insurance against mesquite seed-invasion, says Burkett.

Crowell Wildcats Lose Game to Archer City Friday

The Crowell High School football team lost a game by the score of 13 to 12 to Archer City here last Friday night. This is the second conference game Crowell has lost by one point within the last three weeks. The Crowell boys had a large margin in statistics, making fourteen first downs to Archer's nine, and making 211 yards on the offense to Archer City's 165 yards.

Archer City scored the first touchdown of the game about the middle of the first quarter. Starting on its own 36-yard line, the ball was carried downfield mostly by passes thrown by Danny Powell, star quarterback for Archer City. One pass to Albert Wilson, left end, was good for 19 yards, and another one to Bobby Patrick, star left half back, was good for 15 yards. Powell made the last four yards on a line play. Powell passed to Wilson for the extra point to make the score 7 to 0 at the end of the first quarter.

Crowell wasn't long making its first touchdown in the second quarter on a 70-yard march. Jon Sanders, substitute, made the longest run in this drive with a fourteen-yard gallop. Billy Earl Lynch, fullback for Crowell, set the score up with a twelve-yard gain. Crowell's line did some of the best blocking of the season to pave the way for these runs. F. L. Ballard, quarterback for Crowell, threw two passes to Jim Paul Norman, left end for Crowell, that netted 16 and 3 yards, respectively. Ballard plunged the last 2 yards for the score. The kick for extra point was no good to leave the score 7 to 6 for Archer City at halftime.

The third quarter was all Crowell's. The Foard County Wildcats started on their own 31-yard line and drove for four consecutive first downs before losing the ball due to a bad pass from center. They held Archer City to force a kick. Rouse Todd, shifty left half for Crowell, returned the punt 45 yards to Archer's 31-yard line. Jim Norman picked up 16 yards on an end-around play. Todd and James Weathers picked up another first down to place the ball on the 2-yard line. Lynch drove over for another touchdown. Crowell tried to run the ball over for the extra point but failed, to make the score 12 to 7 at the end of the third quarter, in Crowell's favor.

Crowell started on another drive in the last quarter and had picked up two first downs, but fumbled the ball in midfield to give Archer City possession. On the first play from scrimmage, Powell went around right end to be headed off by some Crowell players, he broke loose to the left toward the middle of the field to be swarmed again by Crowell players, but again he twisted out of their arms to go 47 yards and a touchdown. The extra point try was no good to leave the final score 13 to 12. Crowell came back to carry the ball to midfield again but lacked one yard making a first down at this point and lost the ball to Archer City.

Crowell's line did some outstanding blocking and Crowell's backs did some good downfield blocking. Hack Norman, left tackle for Crowell, spent a large portion of his defensive time in Archer's backfield. Danny Powell and Bobby Patrick, for Archer City, were as good as pre-game publicity had rated them.

Elmo Ward Takes Over as Manager of Rialto Sunday

Elmo Ward of Brownwood, new manager of the Rialto Theatre, assumed his duties Sunday. Mr. Ward has had many years of experience in the picture show business and until recently was employed as manager by the Phil Isley Theatres in North Hollywood, Calif.

Mrs. Ward and their two daughters are expected to arrive in Crowell within a short time to join Mr. Ward.

William Rush, formerly of Slatton, will operate the motion picture projector under the new management.

Information on County Tax Rate

To those taxpayers who believe that their county taxes are higher than last year, County Judge Leslie Thomas points out that the County tax rate was reduced from \$1.34 to \$1.26 on the \$100.00 valuation, a reduction of eight cents on the \$100.00 valuation.

The State Tax Rate, as set by the Automatic Tax Board of the State, however, was increased from thirty-six cents to seventy-two cents on the \$100.00 valuation. Hence, any increase in taxes to the individual taxpayer stems from the increase of the State Tax Rate and/or ownership of more personal property than for the previous year, as personal property valuations were unchanged by the Court, he stated.

Texas Natural Gas Co. Brings in New Well on Matus Land

A new gas well was completed on the John Matus land last week by the Texas Natural Gas Co. It was announced Monday by A. H. Culbertson, manager. The new well has 350 pounds rock pressure. The well is being connected up with the distribution system for Crowell and Thalia this week.

Natural gas obtained in this pay zone should take care of these two towns for the next ten or fifteen years, Mr. Culbertson said. The gas company has one other well, the Matthews well, in this pay zone, besides three other wells in a deeper pay zone.

THALIA CEMETERY REPORT

The following donations have recently been made to the Thalia Cemetery Fund:

Arthur Davis, San Antonio	\$10.00
W. H. Henderson, Vernon	\$5.00

It is reported that the cemetery has recently been cleaned off. Those in authority say that if there are any who have not contributed, it is hoped that they will soon do so, for there is a prospect of a man to clean the cemetery off in the spring and there should be enough money in the treasury there to pay for the work.

Citizens of Foard Will Go to Polls Tuesday, Nov. 8, to Vote on Ten Amendments to the State Constitution

Foard County voters will go to the polls Tuesday, Nov. 8, to cast their ballots for or against the ten amendments to the State Constitution. They will also at this time elect a member of the State Board of Education, 13th District. There are two candidates for this position, R. B. (Bob) Anderson of Vernon and W. J. Stone of Nocona, both of whom are well-qualified for the place.

This is an important election and voters should go to the polls in great numbers and endorse or defeat the amendments as they may choose. Filling the post of a member on the State Board of Education from this district is also important, and a vote on this issue is also urgent.

The polls will open at 8 o'clock and close at 7. Voting boxes in this county and officials are as follows:

Precinct No. 1, Southeast Crowell, Luther Tamplin, judge, Earl Davis, assistant; Precinct No. 2, Northeast Crowell, L. A. Andrews, judge, R. H. Cooper Sr., assistant; Precinct No. 3, Southwest Crowell, R. C. Johnson, judge, Claude Brooks, assistant; Precinct No. 4, Northwest Crowell, S. W. Gentry, judge; Precinct No. 5, Margaret, W. F. Bradford, judge, H. L. Ayers, assistant.
--

Precinct No. 6, North Thalia, C. L. Adkins, judge; Precinct No. 7, South Thalia, Raymond Grimm, judge, Bill Moore, assistant; Precinct No. 8, Foard City, Floyd Berhardt, judge, Grady Halbert, assistant; Precinct No. 9, Vivian, James Sandlin, judge, R. L. Walling, assistant; Precinct No. 11, Bayland, Tom Lawson, judge; T. C. Davis, assistant; Precinct No. 12, Good Creek, Glenn Jones, judge, Cecil Dunn, assistant.

Farm News From the County PMA Committee

The Farm Program is larger now than it has been for many years, says Dwight Campbell, chairman of the Foard County Production and Marketing Administration. With allotments and marketing quotas in effect on cotton and wheat for 1950, extreme care should be given to the Community and County Committee elections.

Mr. Campbell states that the ballots for the election will be ready very soon, and that every farm owner and operator, and his wife should vote in this election. This program will be the Farmer's program only as long as the farmers elect committeemen who will administer it to the best advantage of the farmer.

It is the opportunity and duty of every farmer to vote for the man he feels is best qualified for the job.

Funeral Services for Joe Long Held at Paducah Monday

Funeral services for Joe B. Long, 65, of Cottle County were held at the Norris Funeral Home in Paducah Tuesday. Mr. Long, for many years a resident of Crowell and Foard County and a cousin of Herbert Edwards of Crowell and Mrs. J. C. Self of Wichita Falls, died Sunday on a ranch in Cottle County. He had been helping herd cattle and was found shortly before noon by the side of his horse. Examination at the hospital disclosed that he had suffered a stroke.

His wife died several years ago and the only survivor of the immediate family is one sister, Mrs. Willie Craft, of Wichita Falls. Joe Baxter Long was the son of the late Dee Long, pioneer resident and freighter of Crowell. His mother was a sister of the late R. B. Edwards, pioneer Crowell merchant.

Mr. Edwards of Crowell and Mrs. Self and Mrs. Craft of Wichita Falls attended the funeral.

Participates in Hardin College Homecoming Parade

The Crowell High School Band, directed by Miss Mary Close, was one of sixty-one bands that participated in the Hardin College homecoming parade in Wichita Falls last Saturday. The parade was held at ten o'clock in the morning and covered ten blocks. The bands were given a barbecue lunch and passes to the Hardin College-University of Houston football game in the afternoon. Each band received \$50.00 in cash. Crowell's \$50.00 was applied on uniforms.

The band has received many compliments this year. The 34-piece band has performed at all of Crowell's football games this season, both at home and away. It has also performed at the Childress State Fair, Hardin College homecoming, in a concert at the High School auditorium, and in the Crowell School Hallowe'en parade thus far this season.

ROTARY CLUB

The Wednesday noon meeting of the Crowell Rotary Club was held at the DeLuxe Cafe with Grady Graves in charge of the program. The program was directed by Miss Beulah Turney, speech instructor in the Crowell schools, and consisted of clever readings by Misses Montez Laquey and Maurine Youree, and Bill Johnson.

Out-of-town visitors at the meeting were S. P. Ferguson of Slatton and Rotarians W. D. Reeves, Roy Sansom and Vance Favor of Quanah and W. D. Curtis and J. M. Underwood of Vernon.

Fire Department Requests that Vehicles Not Follow Directly Behind Fire Truck; Slows Firemen Going to Fire in Autos

The Crowell Fire Department asks that the people of Crowell refrain from the habit of following after the fire truck as it makes runs to fires. As all of the firemen can't get to the fire hall in time to catch the truck, they must go to the fire in their cars and having to pass cars on the way to the fire loses time for the firemen that could be spent in helping extinguish the blaze. The nearness of cars to the fire truck also makes it dangerous to the firemen riding on the truck due to the fact that if they were accidentally thrown off the truck, cars immediately behind could not escape running over them. It also hampers and hinders the work of the firemen as they attempt to extinguish the flames. And, after all, that is the primary aim of the men who give their time and efforts to the Fire Department.

DON'T FAIL TO VOTE IN NEXT TUESDAY'S ELECTION!

FALL THE BEST TIME OF THE YEAR

Walking around the corner of a building into an icy north wind, I came upon the realization that even the Indian summer is passing. For most of us the fall of the year means only one thing, a long period of time preceding the Christmas holidays, which is spent

in attending school, with a brief time out for Thanksgiving. But if we take time out from being bored with school work, we realize that fall is a lovely time of the year.

There are three months in the autumn season, September, October and November. Two of these, September and October, are already nothing but memories.

The September memory includes warm days with Coke parties in nearly every class, the Pep Squad practicing in the auditorium, trees just beginning to turn a pale yellow, and cool, crisp nights, just right for football games.

October was warm, too, at first, but the girls took advantage of even a two degree drop in temperature to wear their new fall clothes. Some days would be pleasantly warm, and then there would be a few days when a coat felt good. The FHA girls will remember October because of the State Fair. The fall flowers began attracting the eye as other flowers faded away, and chrysanthemums appeared as corsages.

Now we are entering November, and it has started with a real Texas norther. The trees still have most of their leaves, but before long the mesquites and chinaberry trees will have shed their faded leaves for the gray robe they wear in winter. One compensation for the colder weather is the sight of a glorious sunset every day. Soon it will be winter, and then spring. Get busy, CHSites, and enjoy what's happening this month. Next month will be too late.

CHS GOES ON THE AIR

Thursday at 1:30 CHS students assembled in the auditorium to hear, for the first time, Crowell High School on the radio. Having been recorded the day before by KVWC announcers, the program was transcribed. A recording was also made on our own wire recorder.

Sponsored by the Vernon business men, the "Get Acquainted Program" featured Crowell High School. The CHS Choral Club, directed by Mrs. Charles Davis sang the beautiful selection, "Holy City" and a clever composition, "The Orchestra Sang."

The voice of our superintendent, Grady Graves, followed, telling of the success, progress, activities and advantages of the Crowell School plan thus far.

Directed by Miss Mary Close, the Wildcat band played two snappy numbers "Blackjack March" and "Washington Post" by Sousa. The students of CHS are proud of their school and appreciated the good will program.

CENTURY ART PAINTINGS ADORN WALLS OF STUDY HALL

Pictures from the collection of the Colonial Art Company are being shown in the study hall. These pictures are sponsored by the Adolphus Club. Landscape painting might well

be the theme of these paintings, for they range from the fields of America to towering mountains of the Rhine in Europe.

One lifelike painting shows a castle in Germany with its reflection in the deep green waters of a lake.

Each week the paintings are changed until we will see all in the collection.

The first series were southwestern pictures by Amich. Most of them were detailed pictures depicting Indians of several different tribes, identifying them by their dress and personal belongings.

The second series were landscapes by George Innis. The simplicity of his style was noted, and his appreciation of the wonders of nature was brought to us through his paintings.

Adelphians who made interesting talks on each series were Mesdames Henry Borchardt, Crockett Fox, Frank Flesher and J. M. Hill Jr.

CLASS MOTHERS LIST COMPLETE

Since some of the classes did not elect class mothers when class officers were elected, the list is now complete.

The senior class mothers are Mesdames Charlie Bartley, M. A. Wilkins and Veatrice Brock.

The junior class mothers are Mesdames Gordon Bell, Jim Cates, Joe Rader, J. B. Rasberry, H. E. Thomson and Roy Barker.

The sophomore class mothers are Mesdames Geneva Potts, Jimmy Franklin, Fred Youree, Jeff Bruce, Joe Ward and Elmo Todd.

The freshman class mothers are Mesdames Merl Kincaid, Edgar Jones and Bob Abston.

BAND JOURNEYS TO HARDIN HOMECOMING

By invitation of Hardin College the Wildcat Band journeyed to Wichita Falls to parade with 60 other bands in the Hardin Homecoming Parade.

A big accomplishment was made when the band members got out of bed at 6 to leave at 7. We made it though, and the bus left the campus with the 34 members of band, Miss Turney, Mrs. Taylor, Miss Close and Rev. Everett McGregor, the bus driver.

Games of black jack and twenty-one were played until the arrival in Wichita Falls. There we were placed in line with the other bands. The bands were double for three blocks.

After a trek of about fifteen blocks, we went to the Hardin Campus where we were guests of the college for a barbecue. At

QUESTIONS AND ANSWERS

(Answers on page 3)

1. Is a pachyderm a type of a bird, a fish, or an insect?
 2. Where would one expect to find a crupper? In an automobile, an airplane, or in a set of harness?
 3. How long a period is a decade?

4. How long a period is a generation?
 5. In the scoring of what sport is the term "ringer" used?
 6. Of what University is General Dwight Eisenhower the president?

7. Who wrote the story "Gone With the Wind?"
 8. Where in a house would one look for the sill?

9. In a piece of cloth which is the warp and which is the woof?
 10. When we say a person is urbane, do we mean he is greedy, polite and refined or vulgar?

2:30 the band members enjoyed a game between the Hardin Indians and Houston Cougars in which Hardin won, 33 to 21.

The students were given an hour of freedom in downtown Wichita Falls, and then the bus began the trip back to Crowell.

FACELIFTER FOR THE CANDY STAND

Ouch, you hit my thumb with that hammer. If you had been around the candy stand the third or fourth periods last week, you would probably have heard this between the munching of candy bars and drinking of Cokes.

Seriously the VA boys put in a couple of new windows besides moving some shelves and putting in a deep freezer, in general, a regular "face lifting."

The stand is now in charge of two capable young girls, Rozella Autry and Mildred Tamplin.

The candy stand is now better equipped and arranged for the students' convenience; so let's see if we can't buy enough candy, pop and Cheerios to get a few more movies. (Movies have been rather scarce around CHS this year.)

SING AND YELL AT RALLY TONIGHT! YELLS! BAND MUSIC! SPIRIT!

That's what the cheerleaders promise Wildcat fans for the bonfire-pep rally tonight on the school campus, north of the high school building.

An hour of yelling and band selections starting at 7:30 p. m. will get the rally underway. A Burk Burnett Bulldog, burned in effigy, will be the climax of the event. The rally will be a send-off for the Wildcats to the Burk Burnett game at our local stadium Friday night. It is the annual bonfire pep rally sponsored by the Wildcat Pep Squad.

Cheerleaders urge all Wildcat patrons to come and make "use of their lung power." Back the Wildcats by attending the bonfire and let them know you are for them 100 per cent.

GEOMETRY

I think that I shall never see a course as hard as Geometry. A course that makes you pull your hair

And wish you were not sitting there

You try to prove two angles the same

But when you're through it's all in vain

Axioms and Postulates in my mind collide

But all I can remember is "side-angle-side"

Then comes the test which I usually don't pass

Oh! When will I ever get out of this class?

Next come the report cards, what will it be?

Then I sigh a relief with an average of "C."

CAMPUS MONICKERS TEASE TONGUES, TWIST TALK

Ayers to Halenack to Youree. No, it isn't the Vernon baseball line-up. This is just a sample of the tongue knotting names which are on the 1949 student rolls.

Dr. I. Q. could probably sponsor a good tongue-twisting contest about some other names in the list. He might include Borchardt, Kajs, Bergt, Pechacek, Ketchersid, Geaslin and Wehba.

Then there are names such as Love, Mabe, Sparks, Kidd.

Of course, there is always a smart array of color in the group—Black, Brown, Greening, White, Golden, and Gray.

CROWELL WILDKITTENS DEFEAT PADUCAH DRAGONS 28-0

The undefeated Wildkittens of Crowell won another victory Thursday night, Oct. 27, from the Paducah Dragons. These Wildkittens are coached by Gordon Erwin and J. W. Sollis. The Kittens have won 5 games so far this season of 5 games played.

Scores for Crowell were Borchardt 18 points, Halenack 2 pts., and Denton 8 points. Stars in the Crowell line were Pittillo, Scott and Caddell. The Wildkittens played a great offensive game, never losing the ball on downs.

Boys who saw action were Barker, Everson, Caddell, Scott, Pittillo, Elliott, Harper, Gordon Graves, Borchardt, Denton, Halenack, Dunn, Johnson, Whitley, Thompson, Knox, Kincaid, Hinkle, Cox, Polk, Meyers, Smith, and Robert Graves. Passes are thrown for Crowell by Gordon Graves and Fred Barker and completed by Harper and Barker.

The Wildkittens are looking for a hard struggle Thursday, Nov. 3, with the Seymour Panthers on the Panthers' home field.

READY NOW!

Winter-Blended PHILLIPS 66

NOW...stepped up volatility gives you easier starting with less wasted gas...better all-around performance!

It's ready for you now at your Phillips 66 Dealer's... Winter-Blended Phillips 66 Gasoline! You get easier starting, and this higher volatility fuel helps you enjoy faster, more dependable acceleration with a cold engine. There's less wasted gas... less crankcase dilution. You get long mileage! Discover the difference for yourself! Fill up with Winter-Blended Phillips 66 Gasoline at any station where you see the famous orange and black Phillips 66 Shield.

PHILLIPS 66 GASOLINE

WILDCAT PURRS

First we want to say "Hats off" to the Wildcats for a good game Friday night. Even though we lost by one point, all those Wildcats fought to the last ditch.

Gee, gang, it's really amazing what school will do to a person, isn't it? Why, only a couple of weeks ago Rusty McNeese was roaming the halls with us and just look at him now. We are glad to hear you are doing better, Rusty. Hope you'll be back pretty soon.

Seen Saturday night in the show were Jackie Rasberry and Jack Henderson—beginning to be very common seeing these two around.

Seems as though every one was stumbling over Jim Paul Saturday night while he was talking to a "certain girl."

Seen talking together at the gate Friday night after the ball game were Betty and Wayne; Marcia and Martin.

Seen in the halls together quite often are Leon Pechacek and Helen Ribble. Good luck, kids.

At the ball game Friday night, Coy Payne and Dorothy Gamble, "Little Holly" and Betty Bartley were seen making the rounds.

Has anybody else played Tarzan besides Jerry?

Jerry Whitlock and Sweetpea Owens were making the rounds Sunday night.

We hear Annie Jo and Cecil Davis were making the rounds after the ball game Friday night.

We wonder how Lareta enjoyed her trip to Wichita Falls? She had a reserved seat by Jack Henderson all day.

Norma Jones and Wayne Brown seem to enjoy each other's company lately.

Jackie Brown, Clara Jones and Rondyn and Vernon were seen double dating Saturday night.

We wonder if anybody else enjoyed the band trip Saturday besides Frankie and Mary Alice? Sneeze, sneeze.

Don Wilson wants to play football! How about this, Coach? Evelyn K. and Mary M. seemed to have enjoyed themselves at Seymour Monday night at a dance.

Just in case you are wondering why LeRoy Bice is so faithful to attend pep squad formations at noon, he has to see that Bobbie Spears gets out there and back safely.

We hear Bessie Franklin is interested in Billy Johnson. How about this, Faye.

Those attending J. C. and Dorothy's wedding Saturday night were Rouse and Myra Don, F. L. and Maurine, Jerry and Bobbie, Rondyn and Vernon, Ruth, Hack and Margaret, and Floyd and Posey.

Marion Gobin and Joe Williams have now resolved not to go back to Vernon but to spend all of their time with three certain girls from Quannah.

A new couple seen around town is Jane Bruce and Kenneth Adams. Say, seniors, please be more careful with your love letters. There might be a "cry baby" in the crowd.

Peggy Weaver and Marion Gentry and Joyzell Thomson and Joe Ray Setliff are still being seen around.

Hey Buster, there is a certain girl that has black hair and two brunettes look good together. How many of you are planning on writing a theme for the Art contest? Those three points surely would look good on your English

Investigation of Medical Societies The Nation Believed to Be Campaign The Interest of Socialized Medicine

The chain reaction of FBI investigations launched almost six months ago against medical societies throughout the United States, Dr. Hines Clark and Dr. E. H. Hines, Jr., members of the American Medical Society, this week told Government investigators that the FBI used methods to intimidate doctors who are opposing socialized medicine.

In a little more than 30 days, 200 medical associations and societies have been made the target of investigations by the Anti-Trust Division of the Justice Department.

The rapid spread of this epidemic of investigations—all the way from California and Michigan to Texas—demonstrates that a calculated campaign of social terrorism is being waged against medical societies which oppose the Government's program of socialized medicine.

Government investigators apparently have been told to look for instances where medical societies have resisted pre-paid medicine, the doctors stated, "American medicine has urged pre-payment plans to the extent of \$1 million Americans now are in a position under hundreds of voluntary health insurance programs."

The administration-backed program would substitute compulsion for voluntary methods and would force all the hundreds of Voluntary Health Insurance systems to operate.

It certainly will be a travesty of justice if the Anti-Trust Division of the Justice Department charges medicine with monopoly by so doing, silence allusion to the creation of a government monopoly in the medical field.

Houston, the Harris County Medical Society already has been investigated by Government investigators.

Doctors said that investigations had also been made of societies, associations and health groups all over the United States. We know that the American Medical Association has opened its doors to the Justice Department for reservation, and we are sure that the other associations and societies are doing the same.

But there can no longer be any pretense that it is simply a coincidence that all of these medical groups have been brought under investigation in a period of a few weeks.

This is a politically inspired attack on those who differ with the Administration - sponsored program, and the Administration is using its utmost to stifle and credit opposition to its proposed program of Government - controlled health care.

The chronology of events, since the American Medical Association voted to make a nationwide campaign against Compulsory Health Insurance, and in behalf of Voluntary Health Insurance, is, we believe, of real significance.

In November, 1948, the AMA, in a mid-winter meeting, voted to finance a campaign of public education on this issue. A public statement was made to that effect.

Only a month later, in December, agents of the Department of Justice called on the Chicago Medical Society, seeking to check the society's records in connection with an alleged anti-trust investigation.

During the February session of the Board of Trustees of AMA in early hours of February 10, the Board Room was broken into and records of the Board were searched by persons unknown. Brief cases of the Trustees left in the room, also were searched. Entrance was gained through a window. The facts indicate this was a search for information, rather than an ordinary burglary. Certainly no friends of medicine would take this means of obtaining medical data.

A few weeks later, toward the end of February, Administration agents began threatening medical men and medical men with "prosecution" as part of their campaign to discredit and intimidate the medical profession. Since then, the threats have been much amplified to even been much amplified to disclaim the political nature of these investigations.

On February 28, 1949, for example, one of the national press organizations carried a dispatch from Washington quoting Government officials as stating that anti-trust actions would be started against "several" medical societies after the Compulsory Health Insurance drive was started in Texas.

The implication was plain that the investigation would be part of the Administration's campaign against socialized medicine scheme. The threats made then are realities. An epidemic of investigations aimed at medical societies and voluntary medical care has broken out in widely scattered states and cities all over the country.

We believe that this attack on the medical profession stems from the Anti-Trust Division of the Department and political puppets who have exerted pressure on that agency. We believe Texans will consider it an outrageous abuse of public power that far transcends in gravity the issue of Compulsory Health

Insurance, vital as that issue is. "If the police arm of the Government is used to intimidate doctors and others, and this abuse of power goes unchallenged, it may next be used to terrorize publishers or grocers, farmers or lawyers, Catholics or Jews, or any other minority in the Nation."

Retail Sales in Texas Declined One Per Cent in Year

Austin, Texas, Oct. 22—Texas retail sales rose 6 per cent from August to September to an estimated \$449,000,000, a 1 per cent decline from September a year ago, the University of Texas Bureau of Business Research reported.

Despite a 3 per cent slide from the previous month, September sales of durable goods stores were ahead of the like month of 1948. With the exception of 7 and 5 per cent gains over August in jewelry and furniture and household stores, all types of durable goods stores contributed to the monthly decrease.

Farm implement dealer sales fell 9 per cent from August; hardware, 5 per cent; motor vehicle, 3 per cent; and lumber and building material, 2 per cent.

Motor vehicle dealers bettered their year-earlier records by 41 per cent, while all other durable goods stores shared in the general downturn. Hardware stores were off 13 per cent from September 1948; lumber and building material, 11 per cent; furniture and jewelry, 10 per cent; and farm implements, 7 per cent.

Contrary to the pattern followed by durable goods stores in September, nondurable goods stores sales stepped up 15 per cent from August. This level was 9 per cent below September 1948, however.

Stimulated by back-to-school buying, apparel store sales increased 27 per cent from the preceding month. Men's and boys' clothing stores turned in a 32 per cent climb, and shoe stores registered a 31 per cent jump. Women's specialty and family clothing store sales were up 26 per cent.

Department stores sales advanced 14 per cent over August; office, shoe, and school supply sales, 11 per cent; general merchandise, 10 per cent; and country general stores, 7 per cent.

On the other hand, filling station sales decreased 7 per cent from August to September, and sales of eating and drinking places slipped fractionally.

In comparison with September 1948, small sales increases were recorded by filling stations, 5 per cent; country general stores, 3 per cent; and office, store, and school supply dealers, 3 per cent; while other nondurable goods stores showed decreases.

September sales of general merchandise stores dropped 17 per cent from a year earlier, family clothing, 14 per cent; department stores, 13 per cent; men's and boys' clothing, 12 per cent; and eating and drinking places, 9 per cent.

Texas Building Permits 8 Per Cent Above 1 Year Ago

Austin, Texas, Oct. 22—Texas building permits issued in September fell 9 per cent from August, to a level 8 per cent above September a year ago, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of building permits stepped up 9 per cent from August to 718 per cent of the prewar (1935-39) level. A year ago, the index stood at 683.

Plainview turned in the largest August - to - September increase in building permits—196 per cent. Other sizable increases over August were recorded by Edinburg, Texas City, El Paso, Amarillo and Kerrville.

August - to - September declines ranged from 3 per cent in Midland to 75 per cent in Big Spring.

Compared with September 1948, large increases in building permits in September 1949 were turned in by Temple, Denton, Port Arthur, Amarillo, Gainesville, Edinburg, and Austin, while building permits dropped sharply during the 12-month period in Marshall, Big Spring, Cleburne, Pampa, Lubbock, Texas City and Texarkana.

Totaling \$6,476,486, Houston turned in the greatest amount of building permits for September. Permits amounted to \$5,232,254 in Dallas, \$3,282,888 in Ft. Worth, \$3,256,181 in San Antonio, and \$2,472,387 in Austin.

FORBIDDEN FRUIT

Back in 1750 the grapefruit was first mentioned as a "forbidden fruit," and not until 1814 was the name "grapefruit" used. For another 50 years, it was grown only as a curiosity.

Boom Slowing Down in Sale of Texas Farm-Ranch Lands

Almost two-fifths of Texas' farm and ranch land has changed hands since 1940.

In one county, Nacogdoches, more than half of all farmland has changed ownership in the past eight years.

And for the past two years land prices for Texas as a whole have been at record high levels.

But there is evidence, according to a joint USDA-Texas A. & M. College System study released by the Texas Agricultural Experiment Station as Progress Report 1181, "Texas Farm and Ranch Prices, 1948," that the boom is slowing down.

Actually the average per acre land price fell 1 per cent in 1948, from \$41.79 in 1947 to \$41.36. The 1947 price level was the all-time high.

More significant, says John H. Southern of the USDA bureau of agricultural economics and Wayne C. Rohrer of the A. & M. department of agricultural economics and sociology in their report, is that volume of sales fell off 15 per cent in 1948. There was also a 20 per cent drop in total acreage sold.

"Such marked reduction in sales volume in connection with the leveling off of price can be taken as evidence of a slowing down in the activity of the land market," they point out.

The leveling off of land prices was rather spotty, and the range in prices in the various areas of the state was also wide, the highest sometimes being four to five times greater than the low price paid.

Average land prices in 1948 ranged from \$8.96 per acre on sales of three large ranch holdings in the Edwards Plateau grazing area to \$624.00 per acre for irrigated land in the Upper Rio Grande Valley.

Kansas is the exact geographical center of the United States.

Open wells are not the only menace to children that should be looked after. In Little Rock, Arkansas, four children were playing around a discarded ice box. Three of the children got into the box and a ten-year-old boy closed the door. Becoming frightened because he could not open the door, he ran away. The three children were dead when they were finally discovered.

Sardines are young herring.

VOTE FOR R. B. (Bob) ANDERSON State Board of Education TUES. NOV. 8

Lake Superior is the largest lake in North America.

Vitamin D is the rarest among ordinary foodstuffs.

NOTICE OF ELECTION

On September 17, 1949, the Crowell Independent School District in Foard County and the Truscott Independent School District, were, by a vote of the people of the two districts, consolidated into a new district now known as the Crowell Consolidated Independent School District.

This necessitates an election for assumption of bonds by the new district and for setting up a uniform tax rate.

An election has been called for this purpose and will be held in the office of the School Tax Collector in the Foard County Courthouse on November 8, 1949.

Resident tax-payers (qualified voters) of the two former school districts are eligible to vote in this election and all will vote at the one voting box in the Foard County Courthouse in Crowell, Texas.

The tax rate (\$1.25 on the \$100.00 valuation) to be voted upon is the same as now in effect in both the Crowell and Truscott districts.

THE WILDCAT

(Continued on Page Five)

of one good deed a day." A half hour later the boys returned, bedraggled and flushed. "I did mine, sir," said Ginger. "I helped an old lady cross the street." "Me, too," added Billy. "I helped the same old lady cross the street." "So did I," chimed in Glyndon. "Do you mean," demanded Mr. Sylvester, "that it took three of you to help one old lady cross the street?" "Yeah," replied one of the boys. "You see sir, the old lady didn't want to cross the street."

The other day Don Wilkins sauntered into the Army recruiting office and drawled: "Mister, I want to jine up." "Good," exclaimed the recruiting officer. "How long do you want to serve?" "For the duration, mister," Don replied. "The duration?" rejoined the officer. "Why, there's no war going on now." "Shucks, I know that," Don retorted. "The duration I mean, mister, is the duration of the peace."

Don Brisco: What's the matter? Didn't I do all right in the parade? Miss Close: Sure you did all right. Didn't you win by a yard?

RAYLAND FRANCES LAWSON

Will Clark and daughter, Wanda, visited with relatives and friends here last Wednesday and Thursday. They returned to their home in Carlsbad, N. M., Friday. Mrs. H. J. Smith of Coalinga, Calif., is visiting here with her parents, Mr. and Mrs. Buck Clark. She accompanied Mr. and Mrs. Melvin Smith of Fresno, Calif., who were en route to Oklahoma. Mrs. Buck Clark and Mrs. H. J. Smith visited with Mr. and Mrs. Martin Schaffner and sons of Petrolia and Mr. and Mrs. Steve Clark of Wichita Falls Thursday and Friday of last week. Miss Lillian Streit of Hardin College in Wichita Falls, spent the week-end with her parents, Mr. and Mrs. F. A. Streit. Junior Schoppa of Hardin College, Wichita Falls, spent the week-end with his parents, Mr. and Mrs. Paul B. Schoppa. Mr. and Mrs. Steve Clark of Wichita Falls spent the week-end with his parents, Mr. and Mrs. Buck Clark.

ANSWERS

1. It is an elephant.

4. Twenty years.
5. Horseshoes.
6. Columbia.
7. Margaret Mitchell.
8. Immediately on top of the foundation.
9. The warp runs lengthwise of the cloth. The woof across the width of the cloth.
10. Polite and refined.

Rev. Leon Patterson of Fort Worth Seminary visited with Mr. and Mrs. H. D. Lawson, and daughter, Frances, Sunday.

Mr. and Mrs. W. L. Hines of Electra visited Junita Hines and children last week. Rev. Leon Patterson will preach at the Rayland Baptist Church Sunday. Preaching services at 11 o'clock in the morning and 7 o'clock in the evening. Everyone is cordially invited to attend. Rev. Patterson is attending school at the Southwestern Seminary at Ft. Worth.

James Newlin of San Angelo visited friends here during the week-end. J. T. Lewellen is visiting in Corpus Christi this week.

RIVERSIDE MRS. CAP ADKINS

Mr. and Mrs. Robert Mobley of Elliott spent Wednesday afternoon with her parents, Mr. and Mrs. Ignac Zacek. They also visited Mr. and Mrs. Joe Coufal. Mrs. Herman Butler and daughter, Gwendolyn, left Friday for their home at Muleshoe after visiting her parents, Mr. and Mrs. Wayne Wheeler, and family. Mr. and Mrs. C. W. Sitton of Kirklund visited Mr. and Mrs. Walter Carr Wednesday. Mr. and Mrs. Bobbie Huntley and daughters of Vernon visited Mr. and Mrs. Cap Adkins and mother awhile Wednesday night. Morris Johnson of Hardin Simmons University in Abilene spent Sunday with his parents, Mr. and Mrs. Joe Johnson. Mr. and Mrs. Dave Shultz and family spent Sunday afternoon with Mrs. Isaac Shultz of Vernon who is critically ill. Mrs. W. A. Mussetter of La Grange, Mo., is here to spend the winter with her daughter, Mrs. John Ray. Ignac Zacek has returned from an extended visit with his son and wife, Mr. and Mrs. Ernest Zacek, of Floyd, N. M. Phil Johnson spent the week-

end with his grandparents, Mr. and Mrs. J. C. Taylor, of Thalia. Cap Adkins and Dave Shultz, accompanied by J. C. Jones of Thalia, visited Rev. and Mrs. Estes of Vernon Sunday afternoon.

Mrs. W. K. Moore of La Grange, Mo., is a guest in the home of her niece, Mrs. John Ray.

Robert Matus visited from Monday until Tuesday with friends in Seymour.

Mr. and Mrs. Edward Raska and son and Mrs. Henry Bice spent Saturday with Mesdames Johnson and Tucker of Vernon.

Mr. and Mrs. L. Z. Tole and family of Ft. Smith, Ark., spent last week with his parents, Mr. and Mrs. Sam Tole.

Audrey Schroeder was carried to a Vernon hospital Sunday night. He was involved in a car accident at Crowell in the afternoon and was hit on the side of the face by the occupant of the other car.

Mr. and Mrs. Ernest Cribbs and girls spent the week-end with their daughter and husband, Mr. and Mrs. Vernie Feemster, of Stamford.

Mr. and Mrs. Bob Huntley, Mr. and Mrs. Bobbie Huntley and girls of Vernon visited in the Cap Adkins home Monday night.

Monroe Karcher is in a Vernon hospital suffering from an insect bite. Rex Kyker and Bill Wiley who attend ACC in Abilene, were dinner guests of Mr. and Mrs. Luther Ward Sunday. Also Mr. and Mrs. Sam Kuehn and Mr. and Mrs. John Taylor and family visited in the Ward home.

Mr. and Mrs. H. L. Taylor are visiting in Dallas this week. Mrs. Leotis Roberts and Mrs. J. L. Rennels of Crowell visited in the home of Mr. and Mrs. Cap Adkins Tuesday afternoon.

WHAT IS THE MOTIVE?

The American Medical Association, along with 16 state and county medical societies, is a target for investigation by the Antitrust Division of the Justice Department. And that has stirred up some very interesting editorial comment in the nation's newspapers. The Cleveland Plain Dealer observed, "The FBI may find evidence that the medical association has been violating the antitrust laws because it restricts its membership who conform to certain standards and who have passed examinations conducted by state boards. If so, then the FBI might also find that bar associations, dental societies, professional engineers, barbers, cosmetologists and all other organizations whose members are licensed by the state also were in violation of the antitrust laws."

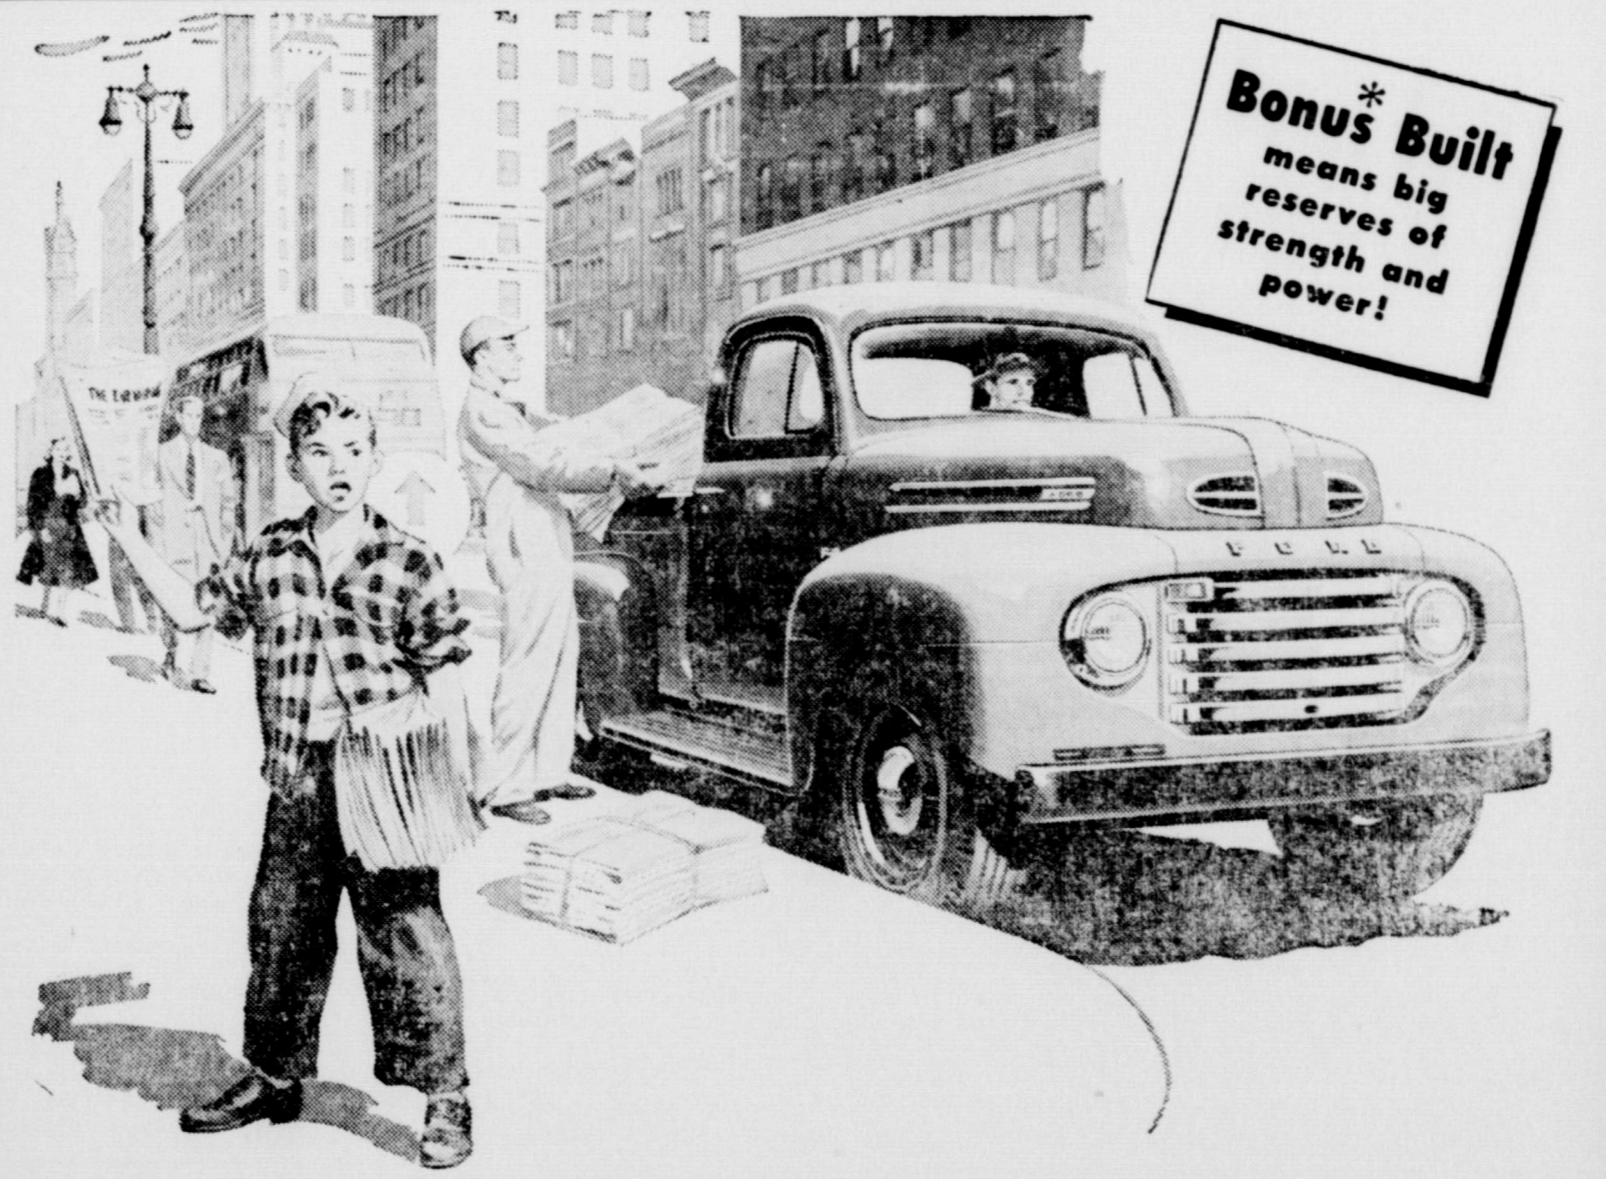

The Columbus Evening Dispatch said, "The AMA has vigorously opposed President Truman's state medicine proposal. Therefore, the doctors are to be put on the spot, smeared in the eyes of the public and married by government minions."

The Los Angeles Times remarked, "It may occur to the general public that if the American Federation of Labor, which openly proposes to raise a large campaign fund to defeat certain members of Congress... is not investigated, then the AMA, which has sought to raise a much smaller campaign fund to protect itself from what it considers an assault on medical standards, ought not to be investigated either."

The press seems to be watching this investigation closely, in an effort to learn what motives and purposes lie behind it. The public should do the same thing.

What We Think
(By Frank Dixon)

The other evening the High School ball team in the town in which I live went to the Capitol city of the state to play football with the team of one of the schools there. The school board had purchased a fine new station wagon and one of the teachers transported a good part of the team in the station wagon.

After the game was over and the boys were on their way home, but while they were still within the city limits of the capital city, a drunken driver drove out of a side street, struck the loaded station wagon squarely on the side, turned it over three times and completely destroyed it past repair.

Fortunately, none of the players was injured. That they were not was nothing short of a miracle. The drunken driver had done all that he could to either kill

or cripple them all for life. Naturally, the people of my town were stirred up. They were concerned what would be done in the way of punishment against the drunken car driver. The ten or eleven persons in the station wagon all expected to be summoned as witnesses on the day of the trial, but not one of them received a notice of when or where the trial would be held.

As a matter of fact the trial was held secretly and it was with considerable difficulty that the people of my town learned that the so-called judge dismissed the guilty drunken driver without a day's jail sentence or a single dollar's fine.

The act on the part of the so-called judge was a flagrant and an outrageous dereliction of duty. There is not a single justification that could have been offered for treating a matter of this kind in such a manner. The judge should be dismissed from the bench. He is not fit to practice law and certainly not fit in any sense of the word to be a judge.

This is by no means an isolated instance. In many large cities of the country, except those that hold the record for the fewest traffic fatalities, things like this are being done. Drunken and incompetent drivers, following a fatal accident, are given small fines and negligible jail sentences and soon released, only to be involved soon after in another accident.

The National Safety Council, it seems to me, instead of always pleading with careful drivers to drive more carefully, might well spend some effort toward awakening the public conscience in the matter of handling drunken, incompetent, and habitually careless drivers by the courts. Jail sentences and fines are not enough, however severe they may be. Driving licenses must be suspended, and in many instances permanently cancelled. There are too many people permitted to drive cars who are not, and never will be, competent drivers. It is time we took a realistic view of the situation and began to take steps to do something about it.

TIP TO TAXPAYERS

A tip to taxpayers that may save time, embarrassment and money, in the event some "revenue" makes a "call back" on your return. Be prepared to prove by written records every deduction you have made from your income. Don't guess, know. Have the records for your sales tax deduction, church and benevolent contributions. If you can't prove these deductions to the collector's satisfaction, your claim may be disallowed.

Austin Highlights

(By Sen. George Moffett)

Of the ten amendments on the ballot next Tuesday, the one relating to a pay raise for members of the Legislature and providing for annual sessions is the most far-reaching.

I did not vote for it because I believe it is unsound in principle. Furthermore, it is a double-barrelled proposition submitting two proposals in the same amendment which should never be done. First it proposes a salary increase of 500 per cent for members of the Legislature, and second, it provides for annual sessions, but does not prescribe any limitation on the length of the sessions, which is a very important point. A salary increase of 100 per cent might be justified, but an increase of 500 per cent is unreasonable.

Furthermore, an annual and continuous session would mean a flood of new laws which are not needed. The people of Texas may be suffering from too many laws but they are not suffering from a scarcity of laws. I personally think that the Legislature stays in session long enough now, and if any emergency arises the governor can call us together in a very short time.

This double-barrelled amendment is No. 2 on the ballot and the fact that it submits two questions in the same amendment is enough to justify its defeat. Some voters may want to vote for one proposition and against the other and they should have the right to do so, but they can't do it at this election. Those who opposed Amendment No. 2 when it passed through the Legislature called attention to this point but the supporters of this amendment had a well-oiled steam roller which was running in high gear and they brushed aside our objections. Now we hope that the voters brush aside Amendment No. 2 on election day.

When this proposal passed through the Senate the voting was close and the change of a single vote would have spelled defeat for Amendment No. 2 there. Most of the members who had served a long time in the Senate earnestly believed that it was an unwise proposal, because six other states have adopted substantially the same proposal and has operated under it for some time. However, the significant point is that these other six states now have over 42 per cent of the public debt of the entire forty-eight states. This is an eye-opener and should teach us to stay away from the fire before we get burnt.

My belief is that if you want more taxes you should vote for Amendment No. 2 and adopt the same plan in Texas that these other six states have already adopted which have over 42 per cent of the entire public debt of the 48 states. Unquestionably, long and frequent sessions mean more state expense and extravagance. When the Legislature is in session there is always heavy pressure for it to spend money on the various proposals submitted. Some states tax cigarettes seven cents a package and gasoline nine cents a gallon. You will be opening the door for that kind of taxation in Texas if you vote for Amendment No. 2.

I am not the author of any of the ten amendments on next Tuesday's ballot but I have been the author of more amendments to the Texas constitution in the past than any other member of the Legislature. My sincere belief, gained from long observation, is that you will be acting for the best interest of our state and for its future welfare if you vote against Amendment No. 2 on Nov. 8.

FORT KNOX GOLD

It is estimated that it would require two or three years to make an accurate check on the 12,500 tons of gold buried at Fort Knox, Kentucky. The question of the amount of time required for a check-up of the exact amount of gold stored by the Treasury Department vaults at Fort Knox came up in Congress recently when Representative Kearns of Pennsylvania, suggested that a committee be appointed to make a check and discover if the correct amount of gold were actually in the Treasury vaults. A number of periodic inspections have been made but there has never been a check-up in which the gold has been actually weighed ounce by ounce. The Fort Knox treasure represents only about one-half of this country's gold holdings which amount to \$24,603,597,934.57, or three-fifths of the world's money purpose gold.

KEEPS BLOOD CIRCULATING

Loss of limbs after exposure to severe cold is caused by the red blood cells forming clots which plug blood vessels. This situation can be prevented by injection of heparin, a substance which prevents blood clots, the Surgeon General's office reports. Tests of the heparin were made on rabbits. After receiving the heparin, their limbs were immersed in alcohol at a temperature of 24 degrees below zero, Fahrenheit, a temperature colder than human beings ever are called upon to experience. The rabbits seemed little the worse off when their limbs were thawed.

Clouds are often ten miles from top to bottom and as long as fifty miles. The average rain clouds, which overcast the sky when it rains all day long are anywhere from 500 feet to 5 miles thick and are about a half a mile from the ground.

Twenty-one guns comprise the national salute to The Flag.

IN THE NEWS 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Nov. 7, 1919:

D. P. Yoder and W. B. McCormick have bought the light and ice plant at Snyder and the two families will move to that city soon.

Elmer Phillips of Thalia sold two bales of cotton in Crowell yesterday for his brother, Millard, which brought 45c per pound, \$512.90 after ginning was paid.

One of the young farmers of Foard County who deserves to succeed is W. B. Griffin, who has passed through two or three of the hardest years this country has ever had, but he stayed and this year is making good.

With the view of keeping abreast of the times, W. R. Womack has ordered an auto hearse to be used in connection with his undertaking business to take the place of the out-moded horse drawn vehicle.

Miss Lela Womack returned Friday afternoon from California where she had been for nearly a year.

On Friday evening Mrs. C. E. Hutchison and Miss Inez Reavis attended a recital given in Los Angeles by the violin pupils of Mr. Clarence Cook, Covina (Cal.) Citizen.

Earl Davis came up Sunday afternoon from Hamlin to visit in the home of J. W. Ellis.

Miss Floy Cheek visited Mr. and Mrs. J. H. Cope in Quannah Sunday.

Frank Hill and wife are away on an extended visit with relatives in different places in Texas.

The Foard County Hospital Association is making plans to secure a trained nurse and keep the hospital open for business at all times, according to an announcement by Dr. Hines Clark.

The Senior and Junior basketball teams played a game on Wednesday afternoon with a score of 24 to 19 in favor of the juniors, although the Seniors led at the half. Lowell Wells started the game with two points for the Seniors. Gordon Bell did exceptionally well as goal tapper for the Seniors and Paul Crews, Junior goallier, made 20 points out of 24 for the Juniors.

HISTORY

Thanksgiving Day, November 24: The observation of Thanksgiving Day as a national festival in this country dates from 1863. Previous to this, observation of Thanksgiving Day came as the result of proclamations issued by governors, presidents and others. The credit for establishing a uniform date of Thanksgiving in this country is given to Mrs. Sarah J. Hale. In 1827, while she was editor of the Ladies Magazine in Boston she began an editorial campaign urging the establishment and observation of a day of Thanksgiving in this country. She continued her efforts in a more extended way after the Ladies' Magazine was consolidated with Godey's Magazine. Supplementing her editorials with letters she continued the effort over a period of several years. In 1863 she wrote an especially appealing editorial. Following the publication of the editorial she wrote to President Lincoln sending with her letter a copy of the editorial. The result was that on October 3, 1863, President Lincoln issued the first national Thanksgiving proclamation, setting apart the last Thursday in November as the day to be observed. There was quite a general response to the proclamation. The day is now observed in every state in the Union. The idea of a day each year for general Thanksgiving dates back many years in history. The first New England day for thanks for the harvest was in 1621 in response to a proclamation by Governor Bradford. Twenty-three years later the Governor of New York issued a Thanksgiving proclamation. During the Revolutionary War a day of Thanksgiving was annually recom-

Hadacol Now Nation's Best Selling Tonic

Sale of Hadacol, which is made with five of nature's B vitamins and four important minerals, has spread from a small section of Louisiana to more than 20 states, and is now the nation's largest selling tonic.

Dudley J. LeBlanc, President and founder of the LeBlanc Corp., Lafayette, La., makers of Hadacol, has announced plans to expand the sales of Hadacol to the entire nation within the next year.

Dudley J. LeBlanc

Mr. LeBlanc is directing the south's largest advertising campaign for Hadacol and newspapers, especially weekly newspapers, are playing an important part in this effort.

The LeBlanc Corp. is using every weekly and daily newspaper in Louisiana, Arkansas, Mississippi, Texas, Oklahoma, Tennessee and Alabama this week to tell the story of how Hadacol put the Chief of Detectives of Hot Springs, Ark., back on the job after all else failed. He had suffered from a deficiency of B vitamins and certain minerals, which Hadacol contains.

"You must use the newspapers, daily and weekly, if you want to bring your message to the grass roots of America, the towns and wonderful rural areas," said Mr. LeBlanc.

Besides being founder and President of LeBlanc Corp., Mr. LeBlanc has many other business interests, and is President Pro-tem of the Louisiana state senate. He is well known for his work for pensions for old folks and other social advances.

mended by Congress. In 1789, Washington ordered a day of Thanksgiving for the adoption of the Constitution. This was the first Thanksgiving proclamation issued by any President. In 1815 President Madison set a day to give thanks for peace, and Lincoln, in 1862 and 1863 recommended special days of thanks for victories.

GAS TURBINES FOR AUTOS

Gas turbines for automobiles have been predicted as a future possibility by Frank L. Schwartz of the University of Michigan. Several companies in this country have already built small gas turbine engines designed for use in automobiles. Gas turbine engines for automobiles have been under development a number of years. Advantages of the gas turbine are an automobile power plant listed by Schwartz include: engines smaller and lighter than those now in use, fewer moving parts, low oil consumption, no need of antifreeze, smooth operation, elimination of automobile transmission, and the ability to use low grade fuel. Experiments with gas turbine engines have not revealed any obstacles that appear unsurmountable.

MANY PATENTS NEEDED

It required 60 patents to secure the invention of vulcanized rubber by Charles Goodyear.

SIGN A BLANK CHECK

That's practically what you do when you drive a car without insurance. Besides, a serious accident may put a lein on your income for years to come as well as the lifetime loss of your license to operate a car.

Bargain Rates on Dailies in Effect During Fall Months

The annual fall bargain rates on daily papers in this area are now being offered. The rates will remain in effect until January 1, 1950. Those who expect to renew their dailies should do so at an early date in order to avoid a last-minute rush and possibly miss one or two days' issues. The Foard County News solicits and will appreciate renewals or new subscriptions. If we have handled your daily subscription in the past, please notify us when your time has expired.

Bargain rates are as follows:
Wichita Falls Record-News or Daily Times, one year by mail, \$8.75. Fort Worth Star-Telegram with Sunday, one year, \$13.95; without Sunday, \$12.60; and The Dallas Morning News, one year with Sunday, \$16.50.

HOUSEHOLD HINTS

Lemon juice or ripe tomato will remove stains from hands.
To remove scorch, dampen and lay in sun.
When frosting a cake if flour is rubbed over cake the frosting will not run.
Accurate measuring is needed to insure good cooking.
All dry materials are better before measuring. The measuring cup contains one pint. All measures are level unless otherwise directed.

LEAVE SPARROWS ALONE

Sparrow hawks seldom prey on sparrows. Main items in their diet are grasshoppers and mice.

ROBERTSON'S STUDIO

Photographs for Christmas

The time is here for our Christmas work. People everywhere are thinking about Christmas gifts, and what they can buy to complete their Christmas package.

There is nothing you can buy that will be more highly prized than a good photograph of yourself—something you can give that no one else can buy. A real likeness of Dad or Mother, or baby. Or a family group while the children are at home. Come in early so that we will have time to get the work out.

We do tinting and framing or copies from old photographs. Have a nice line of metal frames in gold or silver finish. Christmas greeting cards and folders. Can print them according to order.

Come in and let your wants be known.

LOOPHOLES in the Law

By WILL WILSON
Past President, Texas District and County Attorneys Association

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson, of Dallas, is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

The Big Boss of the slot machine racket in one of Texas' larger cities where gambling is prevalent was very unhappy when law enforcement officers raided his warehouse and confiscated 150 of his one-armed bandits. He was indicted for keeping and exhibiting slot machines for the purpose of gambling.

But when the Big Boss came to trial he was happy, for he gained a prompt acquittal.

The Texas law prohibiting slot machines provides that the machines must be actually exhibited and accessible to players before there is a violation of the law. It was held that the slot machines stored in the warehouse were not being used or exhibited, and thus the law was not violated.

This places an added obstacle in the way of law enforcement agencies. They have great difficulty in stopping the traffic in slot machines when they can confiscate and prosecute only when the machines are actually exhibited. This is a legal loophole that ought to be plugged up.

If the State Bar of Texas succeeds in its efforts to bring about revision of Texas' criminal statutes, criminals will find it more difficult to escape punishment for their misdeeds, and society will receive more adequate protection.

WHERE IS THE MONOPOLY?

The government has instituted a suit to dismember the largest food chain in the country, charging monopolistic practices and activities in restraint of trade. Shortly thereafter, an independent grocery store in a town which is also served by the chain ran an advertisement in which it said that people might think it would welcome this effort to eliminate a competitor. However, it took a very different view. It competed with the chain on a fair basis and it had succeeded in building its business. It felt fair competition such as this should be maintained to assure the public good service and low prices.

All over the country newspapers have commented editorially on the suit. The bulk of them take three positions. First, there can be no question but what chain operators have benefitted the consumers. Second, the government seems to be working on the dangerous premise that size alone is evidence of monopoly—and that when a business gets very big, no matter how well it serves us, it should be broken up. Third, it is ridiculous to say there can be anything resembling monopoly in retailing. Every store is in direct competition with other stores, and the consumer decides where he will trade.

Newspapers have come to the defense of the chain in this case not because they are primarily concerned with the fate of any particular business, but because of a great question of principle. If we hold that a company, which is operating in an intensely competitive field, is monopolistic just because public patronage has enabled it to attain great size, we will establish a precedent that could swiftly undermine our economy, our living standards, our strength as a nation. For size is the reward of good service and fair dealing—and it is one of the incentives that creates progress. — Industrial News Review.

Thorough Cooking of Fresh Pork Vital to Good Health

Austin, Texas — "Please pass the pork" is a familiar sentence around many dinner tables these days, as cold weather approaches. A juicy roast pork or pork chops are dishes that can't be beat, according to many connoisseurs of meat. However, pork can be dangerous if it isn't cooked long enough. So, be sure that pork passes the test of thorough cooking before you put it on the table. Otherwise, trichinosis may result, said Dr. Geo. W. Cox, State Health Officer.

Trichinosis is a big word, but the disease is easy to prevent. All you need to do is cook the meat until the pink color turns to white. When the change of color occurs, the meat is safe to eat. Farmers who raise hogs for sale as meat, and who feed them garbage, should cook the garbage first, or the meat may become contaminated. If butchered pork is stored at a temperature of five degrees above zero, Fahrenheit, for 20 days, trichinosis parasites should die, if there are any.

If a person eats a pork chop, for example, that contains trichinae, they are swallowed in the form of tiny capsules. In the intestines these capsules develop and discharge minute worms which are carried by the bloodstream to various parts of the body... settling muscles, where after a period of time they become calcified and die.

What are the symptoms of trichinosis? Stomach upsets and muscle pains, a feeling of chilliness, sore throat, and sometimes considerable fever, are some of the signs. An acute attack of the illness lasts about one or two weeks. The disease has a low death rate, but recovery is fairly slow.

Don't Feed Cattle Grubs, Agent Says

There is no profit in feeding cattle grubs and they can be very effectively controlled, says Joe Burkett, County Agent.

The losses caused by cattle grubs are borne by the livestock producer and only the livestock producer can reduce them. These losses annually amount to about \$65 million and most of this could be added to the national farm income if cattle producers would use the following control measures.

He recommends the use of a power sprayer—with a pressure of 200 to 400 pounds. Lower pressures decrease the effectiveness of the treatment, he says. Spray the animals in a chute and hold the nozzle no farther than four inches from the backs of the animals. It is best, he says, to use a full gallon of spray on each animal and from 10 to 15 seconds are required for the application if you want to get the best results.

The spray material should consist of 7 and one-half pounds of 5 per cent rotenone dust for each 100 gallons of water. Mix it thoroughly, he adds. This is the cheapest and most effective treatment you can use, he says.

Make the first application as soon as the grubs appear and repeat the treatment at three-week intervals as long as needed. Usually not more than three or four treatments are needed. Burkett says grubs are beginning to make their appearance and control measures should be used if the grubs are to be controlled.

He says if you'll use this spraying program now, you may not have to spray the same animals again for grubs. A good control job should increase your cattle weight gains by about 20 per cent and also the value of the hide and animal when you go to market. The dairyman with a grub-free herd can expect a good increase in milk production. If you need additional information on how to control cattle grubs, your county agent will be glad to help you.

Two grocery stores in Juneau, Alaska, recently engaged in a spirited price war. One cash and carry firm advertised \$5 bills at \$3.98 apiece. The supply of \$5.00 didn't last long. The same store offered pound and a half broilers at 90 cents each and turkeys at 69 cents a pound.

Because the earth's atmosphere bends the moon's rays, the moon is not actually where it appears to be when looked at from the ground.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Now let's really get down to cases and make a big cut in this needless waste.

CREOMULSION for Coughs, Chest Colds, Bronchitis

GET DOWN TO CASES

In the view of W. Ross McCain, president of the National Board of Fire Underwriters, fire prevention campaigns have helped to bring about a reduction in American fire losses. During seven out of the first eight months of this year, fire waste was lower than for the same months of 1948. The decline worked out to just under eight per cent.

This was a real accomplishment. However, in spite of that our fire loss is disgracefully high. As Mr. McCain said, "With all the prog-

WOMACKS

Construction Program of R. E. A. in This Area Will Make Electricity Available to a Larger Number of Farm Families

On September 22 bids on the "U" section contract were opened by the Board of Trustees of the Southwest Rural Electric Association, with headquarters at Tipton, Okla.

According to J. W. Kamp, board president, the Basanda Construction Company of Oklahoma City was the low bidder and was awarded the contract. This contract received approval of the Rural Electrification Administration in Washington, D. C., on October 27, 1949. Actual construction will get underway in not more than 30 days from the above date, according to Mr. Kamp.

The contract calls for the building of approximately 180 miles of new distribution lines in Texas to serve some 270 new members. Some of the existing lines will be rebuilt to better carry the load which is growing rapidly at this time.

North of Vernon a three-phase line will be built which will require a new crossing on Peace River, and will serve all territory north of the river.

Other system improvements will

be made in conformity with engineering studies which have been completed.

The proposed lines will make electricity available to every farm home in the area for which an application has been filed.

The contract also calls for the building of a substation near Altus of 1000 KW capacity and another one near Mt. Park of 750 KW capacity. Conversion of certain existing lines will be completed under the contract.

This construction will complete the major part of the building program for the cooperative and will mean the expenditure of more than \$450,000.

As additional applications for service are received the lines will be built by the construction crew of the cooperative.

This rural electric cooperative will be among the first of approximately 900 such organizations in the United States to achieve area coverage.

The United States has three atomic bomb plants employing a total of 187,000 workers.

MARGARET MRS. BAX MIDDLEBROOK

Mr. and Mrs. M. T. Reinhardt Sr. of Andrews spent Sunday with her mother, Mrs. Jack Roden, and grandmother, Mrs. Sarah Pruitt.

Had RHEUMATISM So BAD That He Had To Quit Working

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

A GOLDMINE ON HOOF

The farmers and ranchers have an especially vital job these days. Our bank is happy to serve them by arranging sound, advantageous livestock loans. Regardless of the kind of stock you raise, come in and let us explain this service.

CROWELL STATE BANK

It all Starts with the weather

If the weather didn't change, you could sleep in comfort all night with ordinary blankets... BUT, THE WEATHER DOES CHANGE, and that's why with ordinary blankets sometimes you wake up unbearably hot... sometimes you wake up cold and shivering.

Select your "Personal Zone" of Sleeping Comfort...

With the General Electric Automatic Blanket, you can have the personal warmth you like best despite changes in the weather.

It's easy. Just set the dial on the bedside control to the warmth you desire. This "just-right" warmth is automatically maintained... regardless of temperature changes... all night long.

When you have determined your "personal comfort zone," you may leave the dial unchanged. Actually, the control need be set only once a season.

THE AUTOMATIC ELECTRIC BLANKET gives you perfect sleeping comfort. It automatically keeps you at the same cozy temperature all night long, your sleeping comfort no longer disturbed by the changeable whims of West Texas Weather.

With an Automatic Blanket you enjoy:

- Warmth Without Weight
- Just-Right Warmth All Night Long
- Eliminate Extra Bedding
- Prewarmed Bed
- Sleep All Winter in Summer-Weight Night Clothes
- G-E Automatic Blanket is Washable

For additional information concerning "sleeping comfort" see your local dealer or any West Texas Utilities Co. employee

Weekly Sermon

THE CHRISTIAN BATTLE

By Hallaren King, Moody Bible Institute, Chicago

War is not a popular subject and nearly everyone prefers a life of quiet and peace—but regardless of personal preference, the Christian is called to warfare.

Among his adversaries is Satan himself. "Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about seeking whom he may devour (I Peter 5:8). "Submit yourselves therefore to God. Resist the devil, and he will flee from you (James 4:7).

But that isn't the Christian's only opponent. Peter says, "Dearly beloved, I beseech you as strangers and pilgrims, abstain from fleshly lusts which war against the soul" (I Peter 2:11). A body that prefers sleep to prayer, that prefers comfort at home to going out in rain or snow to minister to the poor and lost, is not to the glory nor service of God.

And then, there are circumstances to be overcome in the world: "In the world ye shall have tribulation" (John 16:33).

The Bible tells how the Christian is to carry on his battles in life. "Be strong in the Lord, and in the power of his might. Put on the whole armor of God. . . . Stand having your loins girt about with truth, and having on the breastplate of righteousness; and your feet shod with the preparation of the gospel of peace; above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation, and the sword of the Spirit, which is the word of God; praying always with all prayer and supplication in the Spirit, and watching thereunto with all perseverance and supplication for all saints. . . . Take unto you the whole armor of God, that ye may be able to withstand in the evil day, and having done all, to stand" (Eph. 6:10, 11a, 14-18, 13).

FOARD CITY MRS. LUTHER MARLOW

Mr. and Mrs. Lawrence Wisdom of Hector, Ark., spent last Friday night with Mr. and Mrs. J. M. Barker and family.

A number of people from this community attended the wedding

of Miss Dorothy Thompson and J. C. Autry Jr., which took place at the Methodist Church in Crowell Saturday evening, Oct. 29, at 7 o'clock.

Mrs. Bob Weathers of Crowell spent Wednesday night with Mr. and Mrs. Luther Marlow.

Born to Mr. and Mrs. Blaine Barker of Houston Oct. 19, a daughter, Velana Gwin, Blaine is the son of Mr. and Mrs. A. W. Barker of this community.

Mrs. E. V. Halbert and son, Kenneth, went to Farwell last Monday where they attended the funeral of Mrs. Halbert's nephew.

Mrs. D. L. Trammell and children and Mrs. H. G. Taylor of Gainesville spent the week-end with Mr. and Mrs. Jess Autry and attended the wedding of Miss Dorothy Thompson and J. C. Autry Saturday evening.

Mr. and Mrs. Ben Barker of Crowell and Mr. and Mrs. A. W. Barker spent the week-end with Mr. and Mrs. Blaine Barker and infant daughter of Houston. They were accompanied by Miss Evelyn Barker of Austin. They also visited Mr. and Mrs. Jule Dean McLain and son of Dallas.

Mr. and Mrs. Kenneth Halbert attended the Fair in Dallas last week-end.

Mrs. Bob Myers and son, Robert Les, spent the week-end with her parents, Mr. and Mrs. Jess Autry, and attended the wedding of her brother, J. C. Autry, and Miss Dorothy Thompson of Crowell Saturday evening.

Mrs. Howard Ferguson spent

Friday with Mrs. John Rader of Crowell.

Sty Barker made a business trip to Austin last Monday.

Mr. and Mrs. Howard Ferguson were visitors in the home of Mr. and Mrs. Fred Gray of Thalia Saturday night.

Amendment to Allow Women to Serve on Juries Favored

Women will at last have the chance to become full citizens of Texas under the law if the amendment to the State Constitution which will allow them to serve on juries is passed at the November 8 election, District Judge Sarah T. Hughes, of Dallas, stated this week.

Judge Hughes and Judge Gordon Simpson, former Associate Justice of the Texas Supreme Court will speak in favor of the amendment over WFAA Dallas, WOAI San Antonio, KRIS Corpus Christi and KPRC Houston on Monday, November 7 at 9:30 p. m.

"Women receive all the benefits of government, they should also be allowed to share in the responsibilities of service," Judge Hughes added. "Women would be particularly valuable in serving on divorce, criminal and civil cases."

Amendment to Allow Women to Serve on Juries Favored

Women will at last have the chance to become full citizens of Texas under the law if the amendment to the State Constitution which will allow them to serve on juries is passed at the November 8 election, District Judge Sarah T. Hughes, of Dallas, stated this week.

Judge Hughes and Judge Gordon Simpson, former Associate Justice of the Texas Supreme Court will speak in favor of the amendment over WFAA Dallas, WOAI San Antonio, KRIS Corpus Christi and KPRC Houston on Monday, November 7 at 9:30 p. m.

"Women receive all the benefits of government, they should also be allowed to share in the responsibilities of service," Judge Hughes added. "Women would be particularly valuable in serving on divorce, criminal and civil cases."

Friday with Mrs. John Rader of Crowell.

Sty Barker made a business trip to Austin last Monday.

Mr. and Mrs. Howard Ferguson were visitors in the home of Mr. and Mrs. Fred Gray of Thalia Saturday night.

where a woman is involved and where the woman's point of view would help the administration of justice.

Judge Hughes pointed out that 37 states permit women to serve on juries now. The recent Communist trial in New York had eight women on the jury.

"There has been a lot of nonsense written about this amendment," the Judge said. "It is not true that women will be dragged from their home and family duties. The care of children would always be considered an adequate excuse by any judge. The cases where a jury is locked up in the court house overnight are so rare that their number is negligible. And in such cases where this is necessary, adequate facilities would be supplied."

"Judges and lawyers in the 37 states and the District of Columbia where women serve as jurors find them equally as capable as male jurors. There is no reason on earth why women should not be allowed to share in all the benefits and responsibilities of Texas citizenship."

KINDERGARTENS BORN

The idea of kindergartens was first suggested by Friedrich Froebel in 1840 in Germany. The first successful public kindergarten in the United States was started at St. Louis in 1873.

Let Us Do Your Laundry Work

Laundry work from the people of this territory is respectfully solicited. Truck makes one trip each week, Monday. Efficient service in every particular is our aim.

Miss Dorothy Thompson and J. C. Autry Exchange Marriage Vows in Ceremony at Methodist Church Saturday Night

The Methodist Church, which was beautifully decorated with groups of tiered candelabra artistically arranged with tall baskets of white gladioli and masses of palms, was the setting for the marriage on Saturday evening, Oct. 29, of Miss Dorothy Thompson, daughter of Mr. and Mrs. W. C. Thompson, and J. C. Autry Jr., son of Mr. and Mrs. Jess Autry of Foard City. Candles in the church windows and marked family pews completed the decorative scheme. Presiding at the guest books in each vestibule were Miss Polly Ellis and Mrs. Floyd Borchardt.

The candles were lighted by Misses Margaret Thompson, sister of the bride, and Jean Hughton. They were attired in dresses of rose-pink and teal blue taffeta.

fashioned alike, and each wore a corsage of white carnations. The double ring ceremony was performed by Rev. Aubrey C. Haynes, pastor of the Methodist Church. Miss Bobbie Abston, organist, and Miss Rozella Autry, sister of the groom, soloist, furnished the wedding music. Miss Abston played pre-nuptial music and accompanied Miss Autry, who sang, "Because," and "I Love You Truly." The traditional wedding marches were used and "Indian Love Call" was played while the candles were being lighted and strains of "Clair de Lune" were heard during the recitation of vows.

Miss Mary Johnson was maid of honor and was dressed in a pink taffeta frock, modeled with low neckline, full skirt and carried a colonial bouquet of pink carnations based with white maline and with white ribbon streamers. Her headpiece was of the same flowers. Little Miss Patricia Ann Phillips of Alvarado, cousin of the bride, was flower-bearer. She was dressed in blue taffeta and carried a basket of rose petals, which she strewn in the path of the bride. The bride, given in marriage

Flower Clinic to Be Held by Garden Club at Community House

Mrs. O. R. Boman, chairman of the Flower Clinic sponsored by the Crowell Garden Club to be held next Friday, Nov. 4 at the Community House, has announced that Mrs. Ed Kenschalo of Chilocco will conduct the clinic. Mrs. Kenschalo has had eight courses in flower arranging and is considered an authority on all subjects pertaining to flowers. She was recently appointed instructor in the state F. D. S. design school of Wichita Falls. Flower Clinics in Texas and Oklahoma have been under the direction of Mrs. Kenschalo, and Crowell ladies are being afforded a rare opportunity when they attend this affair. All arrangements will be shown in the process of making and explanations will be given by Mrs. Kenschalo during the process.

A Golden Wedding Tea Table, a Bridal Shower Tea Table and a Christmas Table will be among the displays shown. On this occasion, the Quannah Garden Club members will be guests, and a luncheon will be served for all Crowell and Quannah members at one o'clock. All members of the local club are urged to be present. A silver offering will be taken at the door. Crowell Garden Club members are asked to have their food at the Community House by noon on Friday.

The hostesses for this event are Mrs. O. R. Boman, chairman, as assisted by Mesdames Leslie McAdams, Claude McLaughlin, Edell Pennington, E. R. Roland, George Self, Fred Youree and Homer Zeibig.

All Crowell ladies, whether Garden Club members or not, are cordially invited to attend the Flower Clinic which will begin at 2 o'clock.

Mrs. Williams Is Honored at Birthday Dinner by Daughter

Mrs. Zola Greening honored her mother, Mrs. Walter Williams, of Paducah with a birthday dinner party given at the Adelphean Club House on Sunday, Oct. 30. Friends and relatives were present to enjoy the day with Mr. and Mrs. Williams, Mr. and Mrs. W. O. Solomon and Mrs. Guyton of Truscott; Mrs. J. C. Bredlove and two daughters and Mrs. Wayland of Vernon; Mr. and Mrs. Sim Gamble of Thalia; Mr. and Mrs. Frank Welch of Foard City; Mr. and Mrs. Willie Garrett and children of Gambleville and a number of friends in Crowell were among those present.

Sub-Junior Club Has Hallowe'en Party

With the screeching of whistles and the tooting of horns the Sub-Junior Adelphean Club met at 7 o'clock on the evening of Wednesday, Oct. 26th, for their annual Hallowe'en party. At the door, the guests were given a whistle and a rattler. From there they entered into a fairyland of crepe paper and jack-o-lanterns. The program consisted of the legend of Hallowe'en by Doris Morris and a ghost story by Maurine Youree. Popular songs were sung and then the hostesses rendered a program of their own. A murder story was acted out and a visit to Madam Swame's chamber was enjoyed by each one present. Refreshments were served in the cleverly-decorated dining room. Sandwiches, hot chocolate and candied apples were enjoyed. The hostesses for the occasion were Rodyn Self, Bobbie Abston, Mary Alice Rader and Betty Barker.

JUNIOR COLUMBIAN CLUB

On Wednesday, October 12, the Sub-Junior Columbian Club met in the home of Jean Whitby with Sue Meason as program leader. The meeting was presided over by Tommie Meason, the president. Several club members and Mrs. R. L. Kincaid modeled various types of attire for all occasions from evening wear to church attire. Refreshments were served to sixteen members and Mrs. Charlie Wishon, Mrs. R. L. Kincaid and Mrs. M. N. Kenner. The Sub-Junior Columbian Club met in the home of Mrs. M. N. Kenner on October 26. Frances Kincaid, program leader, gave a history of Hallowe'en. Essie Franklin told the story of "The Monkey Paw." A Hallowe'en poem, "When It's Frosty Hallowe'en" was given by Billye McCoy. Games were enjoyed and refreshments were served to thirteen members by Eva Rae Geaslin, hostess.

STORY OF OLEOMARGARINE

Napoleon III, who offered a price in 1870 for the best butter substitute that could be produced in France, was in large part responsible for the first extensive manufacture of the product. Originally made from beef fat, margarine now is derived principally from the fats and oils of plants. The buttery flavor is obtained from milk which is treated with lactic acid bacteria—the same bacteria which gives butter its distinctive taste. Margarine today is custom-built to keep up with nutritional progress and available supplies.

PRINTING REVOLUTION

At first copying of writings meant tedious hand labor. Gutenberg revolutionized the system when he used movable type and the printing press—probably the first well-known mass production machine.

Wigs and other types of false hair were worn by the ancients.

Check Peach Trees Now for Borers

Peach tree borers have appeared in some peach trees during recent weeks, says Joe Burkett, County Agent, and now is the time to bring them under control.

He says ethylene dichloride emulsion used now will give quick and effective control. Clear the trash away from the base of the tree, and make a small trench in the soil about two inches from the trunk and make the application. For one year old trees, use one-eighth pint; two year trees, use one-fourth pint, and for trees three years of age or older, use one-half pint per tree.

The use of paradichlorobenzene crystals is an old method which has given good results, but Burkett says, wait until the weather cools off before using it. Clear the trash away from the base of the tree for a distance of from four to six inches, and then distribute the crystals evenly in a narrow, continuous circular band an inch wide and on the soil about two inches from the tree trunk.

Do not allow the paradichlorobenzene to come into contact with the body of the tree, warns Burkett. Pull the soil over the ring of chemical band to form a cone about three inches deep and pack the soil to hold the gas around the bark of the tree. The soil cone should be removed about six weeks after the date of the treatment.

32nd Annual WTCC Directors Meeting Set for Nov. 22nd

Abilene, Nov. 1.—Formation of a West Texas domestic water association composed of the directors of the West Texas Chamber of Commerce, will be the leading item on the agenda for the 32nd annual WTCC directors meeting to be held in Fort Worth Nov. 22. Official call for the meeting has just been made by President John D. Mitchell of Odessa. Business meeting will begin at 1:30 p. m. in the Worth Hotel ball room where this and other matters important to the welfare of West Texas will be discussed. At a meeting of the executive board in Abilene Sept. 26, it was decided to submit the formation of the domestic water group to the board for final consideration. Purpose of the proposed association would be fostering local districts or authorities to bring about construction of multi-city dams to

COTTON CONSUMPTION

Austin, Texas, Oct. 31 — Texas cotton consumption in September totaled 12,898 running bales, rising 5 per cent from the previous month, the University of Texas Bureau of Business Research reported.

Cotton consumption in September dropped 16 per cent from September 1948.

Some 1,200 counties in the United States, or about 40 per cent of the total, are completely without recognized hospitals.
