GAMBLERS

Frank Lohn, chief of the Internal Revenue Bureau's Intelligence Division, has declared that the law that was to force most gamblers to pay heavy taxes or put them out of business, which was one year old on November 1, has done neither in its first year. The Government collected probably less than \$9,000,000 in taxes compared with Congressional estimates of \$400 million. Instead of being forced out of business, gamblers "have just gone under-ground," according to Mr. Lohn. Mrs. Grady Odell of Roswell, However, he added, the law is a

DAVIS AND ABSTON TEACH MATH CLASSES MONDAY

In the absence of Mrs. Lena Davis, the Algebra I and II classes were taken over Monday by George Ann Davis, Future Teach-er of America. George Ann plans to specialize in math and become a math teacher after graduation from college. Fulfilling this posi-tion splendidly, she gained experience and was a great help to Mrs. Davis.

Another of our enterprising students, Billy Abston, took over the plane geometry class. He did this job fine and everyone cooperated with him.

CHS is proud of these mathematicians and says Thanks to the ambitious young students.

JUNIORS ORDER CLASS RINGS LAST THURSDAY

There comes a time in every junior's life when a familiar figure arrives in CHS from Amarillo. He is Lonnie Smith, representative of an Indianapolis, Indiana, class ring manufacturer. Mr. Smith presented the current styles in rings to a committee consisting of class officers and a few others who decided on five designs out of a numerous variety to be pre-sented to the class.

The two most popular patterns were a ring with an oblong ruby stone and an all-metal one with fancy engraving and carving. The rings are similar to this year's with the initials on either side of the oblong part and the graduating year done in eye-catching scroll-work. The class finally voted on the style of their choice with the all-metal winning by a large ma-

The class rings will be delivered on or around September 1 of next year which will truly be a "big day" in the life of every member.

BAND PREDICTIONS

Here it is now the year 1982; as I look back over the past years, my mind rests on the year 1952 at the time of the annual band banquet on Dec. 6. What a gay affair that was with the girls in their billowing skirts and the boys in their tux's. And that dance I shall never forget, the heavenly music of Guy Lombardo's orchestra, and the dancing with your sweetest beau.

Since then we have found several things that didn't seem

They were vic torious again last Friday afternoon when they trampled the Clifton Cubs into the turf at Lion Stadium in Vernon. Winning this game gave them the right to play Van in quarterfinals. This game will be played at Tyler tomorrow

night at 7:30 p. m. The Wildcats proved again that they are a hard fighting bunch of boys. They had no trouble whatsoever in the tussle with the Cubs. In fact, they scored twice before Clifton could even run an offen-

sive play. The first tally came on a pass from Gobin to Norman. Norman made a beautiful catch in the

end zone. Crowell's second touchdown came a little later. The Wildcats kicked off and when Clifton's back Bobby Lane fumbled, Rat Latimer recovered. From the 30, Ginger Johnson carried the ball. Little Raymond Halencak

gan to click and reeled off a

beautiful 90 yard TD gallop. Early in the second quarter, Ginger Johnson started off on a long punt return. He started down the sideline and reversed his field, picked up beautiful blocking by Everson, Denton and Halencak and crossed the goal line. Jim Norman kicked all but one extra point. Half-time score was 40-0 in favor

of Crowell. The last half was played en tirely by the second string. These boys played well and deserve credit. Knox scored once for the Wildcats and Elliott converted. Clifton's only score was late in the last quarter. Conrad plunged over from the 5-yard line.
