Business Activity in Texas at Highest Post-War Level in 1950

Austin, Texas, Aug. 7.—Business activity in Texas ended the first half of 1950 at the highest post-war level, after an almost uninterrupted rise for the past year, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of business activity stood at 235 per cent of the 1935-39 base period, or 12 per cent above a year earlier.

The average for the first six months of 1950 was 8 per cent above the comparative level of 1949.

Crude petroleum production for the first half of 1950 was down

with a plastic party Wednesday afternoon. Refreshments were served to the following: Mrs. Berny Fish and daughters, Dorothea and Ann, Mrs. Allen Fish, Mrs. Walter Holley, Misses Bernita Fish, Winnie Sosebee and Myrtle Fish, Mrs. John Brothers, Mrs. L. D. Gilbert, Mrs. Earnest Fields of Chalk, Mrs. Ross Thomas, Mrs. John Gilbreath, also of Chalk, and Mrs. W. O. Fish.

Misses Myrtle and Neoma Fish and Mrs. I. D. Gilbert attended the Ogden club in the home of Mrs. Elmer Holley Tuesday afternoon.

Mrs. Earnest Fields of Chalk visited her father, A. T. Fish, and family Wednesday afternoon.

Several from this community attended the singing convention in Paducah Sunday.

2 per cent from the similar period of 1949, and crude oil runs to stills averaged 8 per cent below a year earlier.

The first indication that the downward trend in business which had been under way since the fall of 1948 had been reversed was revealed in the data compiled by the Bureau of Business Research for July 1949. According to Dr. Stockton, director of the Bureau, the reversal of the downward trend a year ago was apparently the result of the change in business policies with respect to inventories and the continued demand on the part of consumers for durable goods. Housing and automobiles were outstanding in this latter category, with furniture and household goods also strong.

Industrial production in Texas rose steadily during the first half of 1950, with the Bureau's index of industrial power consumption in June compared with 323 in December.

The new orders for munitions will be added to strong demand already existing and the new demand stimulated by consumers' fears of shortages and rationing to come. This demand has already absorbed the retail stocks of certain commodities and appears to be strong enough to absorb the output of industry at peak levels for an indefinite period to come. It appears likely that some form of allocation of certain scarce materials may be needed even before orders for munitions are placed. If a large scale procurement program is initiated by the services, various controls will be inevitable, and they will very likely result in a reduction in the production of certain types of consumer goods. Since one can only speculate at this time as to the course the war in Korea will take, it is impossible to forecast what will happen to business, the only course the businessman can take is to watch events closely and make his business plans according to the developments as they occur.

Livestock Shipments in Texas Show Decrease

Austin, Texas, Aug. 7.—Texas livestock shipments, totaling 6,250 carloads in June, lagged 37 per cent from May, the University of Texas Bureau of Business Research reported.

Sheep shipments slid 45 per cent during the monthly period, while reductions were also recorded in shipments of cattle, 39 per cent hogs, 29 per cent; and calves,

5 per cent. During the first six months of 1950, livestock shipments edged upward 12 per cent, as compared with the January-June 1949 period. Sheep shipments stepped up 26 per cent during the first half of 1950 as compared with the same period of 1949. Other comparative increases were reported in shipments of hogs, 16 per cent; cattle, 10 per cent; and calves, 4 per cent.

June interstate shipments plus Fort Worth dropped 38 per cent from May. During the first six months of 1950 interstate shipments plus Fort Worth soared 15 per cent as compared with the same period of 1949.

Four-Point Program for Improving Cotton Ginning in Progress

College Station, Aug. 7.—A four point program for improving cotton ginning is now being projected on a belt-wide basis, according to F. E. Lichte, extension cotton gin specialist of Texas A. & M. College.

This program was initiated because of complaints received from the spinners about the spinning qualities of the 1949 cotton crop. Only enough drying should be used to insure smooth ginning. Green, damp or dew-laden cottons require drying only for smooth preparation. Net values from dry-

ing should be measured in terms of both grade benefits and weight losses.

Lichte says that practically every ginner in Texas will be contacted in regard to this program through scheduled meetings of district cotton ginners' associations.

He states that planning, maintenance and repair plus good operation on the part of the ginner should result in better prepared cotton for the spinner and higher grades for the producer.

It is expected that by fall the Korean war will create a scarcity in labor. At the present time there are only 3.4 million unemployed in this country which is considered negligible.

No man can produce things who is not thorough in dealing with him.

It is reported that the U.S. Navy has a fleet of 250 submarines. United States has but 150.

Word was received here Monday of the death of Grandmother Parker of Dill, Okla. Mrs. Parker is known here by many as she lived here several years ago. She is the mother of Jim Parker, who is also well known here.

Roy Martin Shultz spent Friday with his grandparents, Mr. and Mrs. J. L. Shultz, in Swenson.

The Baptist meeting, which was conducted by Rev. Erwin Reed of Wichita Falls, closed Sunday night. Erwin spent several of his boyhood years here as his father, the late Rev. W. A. Reed, was pastor here for several years. Erwin, following in the foot steps of his father, is an excellent preacher and his sermons were an inspiration to all who heard them.

Five persons were baptized at the close of the meeting and there were several meetings.

Mr. and Mrs. Martin Jones, who have been living in Abilene the past few years, moved to the P. T. Gamble house east of the school building last week. Mr. Jones is employed at the Panhandle service station here.

Mr. and Mrs. Weston Ward and family of Wichita Falls attended services at the Church of Christ here Sunday.

Mrs. Rudell Porter and daughters and Mrs. Flora Belle Arrington and daughter visited Mr. and Mrs. Thad Hopkins at Foard City Sunday.

Mrs. Ruth Hammonds visited the O. C. Hammonds family at Odell Sunday.

Mrs. Rudell Porter and daughters, Betty and Barbara Jean, and Mrs. Flora Belle Arrington and daughter, Pauline, moved into the Blevins house here, Friday. Mr. and Mrs. Porter and family have been living in Waco but Mr. Porter has recently been sent overseas in the service.

Billie Dean Brown arrived at home here Monday morning from the Wright-Patterson Air Base in Dayton, Ohio. He will spend the remainder of the summer here with his parents, Mr. and Mrs. F. A. Brown.

The Methodist Church here will conduct a Bible School beginning Monday, August 14. It will continue 5 days. Services will be from 4 to 6 in the afternoon.

Mr. and Mrs. Wilburn Railsback and family of Amarillo spent the week-end here visiting his parents, Mr. and Mrs. Ed Railsback, and family and the Foy McRae family.

Mr. and Mrs. Lee Sims and Mrs. Grover Phillips went to Merkel Sunday to take Mrs. Effie Nash for a visit with her sisters there.

Ralph Dunn left Sunday for Wheeler and Pampa where he will spend a week's vacation. He was accompanied by Robert Dunn and family of Wichita Falls.

Mr. and Mrs. Albert Lee Earthman visited Mr. and Mrs. T. D. Sparks in Crowell Sunday.

Mrs. Maggie Hammonds, Fred and Bud Hammonds visited the Dot Hammonds family in Floydada Sunday.

Mr. and Mrs. Unus Oden of Aspermont visited in the Roy Shultz home Sunday. Other guests in the Shultz home were the Ralph Shultz family of Vernon.

Mrs. Billie Hammonds has been quite ill in the Crowell hospital the past several days. Her condition is greatly improved at this time.

Mrs. Maggie Hammonds and granddaughter, Patsy Hammonds, visited in the O. C. Hammonds home at Odell one day last week.

Recent guests in the home of Mrs. M. L. Self were Mrs. Claude McLaughlin of Crowell, Riley Self of California and Mrs. Pauline Carmichael and daughter, Joyce, of Fresno, Calif.

Guests in the Red Hudgens home were Mr. and Mrs. Jim Doss of Seymour, Mr. and Mrs. Buster Ryan and family of Seymour, Junior Jordan and Mrs. Jesse Moore and son, Ronnie.

Mrs. Lee Sims visited her mother, Mrs. Henry Randolph, in Vernon Monday.

Wayne and Glen Gamble flew to Altus, Okla., early Sunday morning to a breakfast for air men. They returned the same day.

Mr. and Mrs. Dalton Railsback and children, Barbara and Bill, of Vernon visited in the homes of Clyde Self and Ed Railsback Sunday. Mrs. Railsback remained for a longer visit while her husband is on a fishing trip.

Mr. and Mrs. Tom Abston and son, Nelson, visited Mr. and Mrs. Alton Abston at Chillicothe Sunday.

Mr. and Mrs. Oran Ford and Mack Ford went to Hereford Monday to attend to farming interests there.

Mr. and Mrs. Edgar Allen Johnson and son, Danny, of Vernon attended services at the Church of Christ here Sunday and visited Mr. Johnson's parents, Mr. and Mrs. W. A. Johnson.

Lois Marie Webb of Sweetwater is spending the week with her grandmother, Mrs. W. E. Pigg.

Mrs. Charlie Wood returned home Monday from the Crowell hospital after undergoing major surgery a week ago.

Mrs. Robie Lee Rogers of Electra is spending a few days in the home of her parents, Mr. and Mrs. Ed Railsback.

Coyt Webb of Vernon is visiting a few days in the home of his grandparents, Mr. and Mrs. B. D. Webb.

DOAK'S BIOGRAPHY

"Doak Walker, Three-Time All American," an action-packed biography of Texas' most notable football star, will be published by The Stack Company of Austin on August 28.

Dorothy Kendall Bracken, a professor at Southern Methodist University, wrote the book with the help of Doak Walker.

The book will appear in Texas bookstores just two days prior to the Doaker's debut in professional football circles. Walker will play his first game with the Detroit Lions in the Cotton Bowl on August 30.

Photographs are used to illustrate the book. The jacket features a full-color painting of Mr. Football by Warren Hunter of San Antonio.

Ramsey Gets Manford's Backing

SPEAKER ENDORSES RAMSEY — Speaker of the House Durwood Manford of Smiley, left, announced this week that he would support Ben Ramsey of San Augustine, right, for Lieutenant Governor. Manford said Ramsey's experience as a House member and as a Senator made him the best qualified man in the race. (Pol. Adv.—Paid for by Tom Bartlett and other friends of Ben Ramsey.)

Upper bracket

Beauty

For the second straight year, Ford has received the Gold Medal award as "Fashion Car of the Year." And its good looks are matched, as owners will tell you, by its fine-car quality. Take a "Test Drive" in this '50 Ford and you'll find it has the "feel" of America's finest cars, too. We call it "big-car roadability" — you'll call it the smoothest, quietest ride on wheels. You'll agree Ford's

THE ONE FINE CAR IN THE LOW-PRICE FIELD

White sidewall tires and wheel trim rings optional at extra cost.

'50 Ford

Low bracket

Cost

Compare the '50 Ford, feature for feature, with cars costing hundreds more! Only Ford, in the low-price field, offers an engine choice of either the 100 h.p. V-8 or its companion-in-quality, the 95 h.p. Six! Only Ford offers a "Lifeguard" Body! Only Ford offers 35% easier-acting King-Size Brakes! And no car offers a bigger combination of savings—savings in original cost, savings in running costs and the long run savings that result from Ford's high resale value.

In the present struggle in Korea, the United States got off to a ragged start. This country not being under the rule of a dictator always gets off to a ragged start in its wars, but so far has finished up beautifully. The present war will be no exception.

You can make up your mind to one thing. If you are given to observe safety rules in driving you are going to be imposed upon by ill-bred drivers who never observe the rules. It grinds one to be imposed upon by this mob, but it is the smartest thing to do.

Every honest workman hates a shirker. A shirker, by devoting his time to get little done. His fellow workmen dislike him because they have to make up for what he escapes doing.

A record crop of 500,000 college graduates is predicted. According to the Labor Department journalistic and personnel jobs are scarce, but there is a need for nurses, doctors, pharmacists, veterinarians, dietitians, laboratory technicians, social workers, psychologists and salesmen.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, M. D., State Health Officer.

Austin — Expectant mothers have positive control of whether or not their babies will be born with congenital syphilis.

This is from State Health Officer George W. Cox, who characterizes the condition of a baby being born with syphilis as "negligent, unnecessary, and entirely preventable."

"All that's necessary is for the expectant mother to place herself under the care of a competent physician as soon as her pregnancy has been confirmed," the health official said. He believes all too many Texas babies are being born with the affliction, passed to them by an infected mother during the prenatal period.

Dr. Cox charged that many times the mother-to-be delays her visit to the doctor until a few weeks, or days, before she expects the child. Then, he says, it may be too late to prevent the birth of a syphilitic child.

Almost 2600 cases of congenital syphilis were reported last year. Dr. Cox says he sees little indication that there will be any appreciable reduction in case reports this year.

"Advances in medical therapy for syphilis have progressed to the point where it is now possible to effectively prevent congenital infection—but not without the mother's complete cooperation," Cox warned.

The explanation is that even though a mother contracts syphilis just prior to pregnancy, she can be restored to health and the baby can be born sound and healthy, provided treatments are started within the first three prenatal months.

Prenatal clinics are held by all local health units for those women who would not otherwise have this care because of lack of financial resources, Dr. Cox said.

The big problem in this matter of highway safety does not lie with the ignorant driver. It rests with the driver who knows better but does not do better.

In a recent Gallup poll 6 per cent of the people interviewed were reported as believing that Korea was some sort of a gum disease.

A columnist in one of our exchanges paraphrases a Lincoln saying with, "This country ain't long exist half sane and half spree."

A lot of folks carry a mortgage all of their lives without ever being able to lift it.

What We Think

(By Frank Dixon)

The usual calm of my day was disturbed recently when I received in the mail a letter mailed from Paris. The letter contained an appeal purported to be from the World Federation of Trade Unions to the workers of the world to help to put a stop to the American aggression in Korea.

The letter continued: The American imperialists military intervention in Korea has publicly exposed their criminal aims to all honest people. However strong the imperialist forces may be, they will not succeed in conquering a people fighting for its freedom.

The World Federation of Trade Unions calls on all affiliated organizations to take, as far as national conditions allow, all immediate and indispensable action to defeat the diabolical plans of the American War Mongers.

The facts regarding Korea are as follows: Following the defeat of Japan, the United Nations designated, in a thoughtless moment of tragic weakness, that the United States should accept the surrender in South Korea of the Japanese, who had previously invaded the whole of Korea, and that Russia would accept the surrender of the Japanese in North Korea.

The invasion of South Korea by North Korean armies officered by Russians and supplied with Russian tanks, met little resistance from the fact that the United States had withdrawn its forces months before and there was no equipment in South Korea that could stop a Russian tank and few small arms in the hands of the South Korean police force.

How silly the Trade Union's charge of aggression sounds in light of these well known facts. Another question I want to ask is why these traitorous statements cannot be barred from the mails?

In other matters our postoffice draws a sharp line as to what can and what cannot be sent through the mails, but any organization or individual from the gutters and cesspools of the world can mail material like the above, when and as it pleases, with complete impunity.

In my opinion it is possible that as much harm is being done in this country by the transmission of such matter by our mails as is being done by the Russian guns and tanks in Korea. In our effort to keep the mails pure we strain at a gnat and then proceed to swallow a camel.

The Constitution's Great Victory, August 19: The naval battle in which the American ship, "The Constitution" defeated the British ship, "The Guerriere," was fought off the coast of Nova Scotia on August 19, 1812.

The Constitution was under the command of Captain Isaac Hull and the British ship was in charge of Captain Dacre. Preceding the encounter, the British newspapers had expressed a good deal of ridicule for the American Navy, and had predicted dire results for the Constitution should it ever cross the path of an English ship.

Hull, confident that he could whip the British ship, sailed from Boston on August 12 on a cruise in search of a British ship. East of Nova Scotia he encountered a number of British ships which he captured. On the afternoon of August 19, he sighted the Guerriere which indicated that it was ready to fight.

The Guerriere began firing at long range, but Captain Hull held his fire until he got within close range of the Guerriere when he gave the order to fire. The first broadside shot away the mizzen mast and did considerable damage to the hull, spars, and rigging.

A short time later the vessel went out of control. Captain Hull's order to surrender was promptly complied with by Captain Dacre. The battle lasted only thirty minutes with a loss of three hundred British killed and wounded, and an American loss of thirty-four.

The survivors were taken on board the Constitution, and the British ship, a complete wreck, was burned and sunk. Upon her return to Boston with the prisoners, Captain Hull was warmly greeted. Congress voted him a gold medal and appropriated \$50,000 to be distributed among the members of his crew.

The principal effect of the victory was that it silenced the British ridicule of the American Navy.

One of our exchanges says that the average man is one who is always looking for a home atmosphere in a hotel, and hotel service at home.

In The News ... 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, August 13, 1920:

Rev. Luther Roberts, 45, former editor of the Crowell Index, died Saturday at his home in Oklahoma City. He was married to Miss Lizzie Beverly in Crowell in 1899.

A card from W. A. Cogdell Wednesday says he and his family arrived at Corinth, Miss., four hours late with "Lizzie" going strong.

J. L. Orr was here from Margaret Wednesday showing pictures of some of his fine hogs, which are perhaps not surpassed in this whole country.

Home capital is now looking to the building of a hotel to cost in the neighborhood of \$40,000 to \$50,000, and a number of men have signified their desire to take a liberal share of the stock.

Mr. and Mrs. J. C. Self left yesterday on their summer vacation which they will spend in Denver, Colo.

Mrs. Belle Bulkeley left yesterday for Los Angeles, Calif., where she will visit her son, Will, and daughter, Miss Mildred.

Mrs. J. A. Johnson and son, Bax, made a trip to Chillicothe Tuesday.

Ollie Roberts of Fort Worth was here Saturday. He is visiting relatives at Thalia.

Miss Mary Cook returned Tuesday from a visit with relatives at Carnegie, Okla.

Mrs. Anna Cotten left Friday for her home in Yoakum and was accompanied as far as Sweetwater by H. D. Poland and Mr. and Mrs. Ed Banta.

Joe Moncus and son, Calvin, left Monday for their home in Harlingen.

John Roberts was here last Thursday and Friday from Quanah attending to business.

Mrs. Claude Adams has returned from Gainesville where she visited her father and other relatives.

Hamp Carter returned Wednesday from his Arkansas trip.

O. D. Rader returned Friday from a trip to the Plains and North Panhandle country.

Laundering Fine Cotton Dresses

Today a crisp, cool, cotton dress can go almost anywhere, but laundering these lovely dresses requires more care than just tossing it into the washing machine with the family wash, says Mary D. Brown, acting Home Demonstration Agent.

Mrs. Brown recommends looking at the label on all new goods, whether piece or ready to wear, for information on shrinkage and color fastness.

In regard to special finishes on cotton, such as the crispness of organdie or the glaze of glazed chintz, she advises checking carefully to make sure that the finishes are durable, as a durable finish will last for the life of the fabric.

All cotton dresses should be laundered before they become badly soiled and the dirt and perspiration become deeply embedded in the fabric.

When washing these delicate dresses, immerse the entire dress and squeeze the suds through the material. Never rub, or scrub these fabrics, but brush lightly with a small brush over heavier soiled spots such as those on collar and cuffs.

Rinse in 2 or 3 waters, being sure that the first rinse is the same temperature as the wash water.

FOR ACCURATE TIME

HAVE YOUR WATCH ADJUSTED Regularly

A "TIMELY" SUGGESTION

Here is a suggestion that is "timely" and one that will add years of accurate service to your watch. Bring it in to us regularly and often for a complete check-up. Our know-how and up-to-date facilities enable us to serve you better.

Dixon's Jewelry

If You Are An Average American

Your automobile is your second largest investment—and when you protect it, you also protect your largest investment, your home.

For if your automobile is uninsured or underinsured, it may become necessary for you to place mortgage on your home in order to pay a liability judgment.

DON'T GAMBLE on these unpleasant probabilities when adequate protection costs so little.

Hughston Insurance Agency

as cold water hardens the soap and makes it adhere to the fabric. If the label on the garment says "permanent finish" or if the fabric is wrinkle resistant, no starch is needed.

Closely woven fabrics such as gingham or chambray should not be starched for the first 4 or 5 launderings to retain its new look.

Mrs. Brown recommends caution in using new soaps which require no rinsing, as clothes which have been washed and not rinsed have a tendency to scorch easily during the ironing process.

WOMEN DON'T MARRY

According to statistics, about ten per cent of the American women fail to marry.

Gambling is the greatest source of income for organized crime in this country.

Ramsey Endorses Texas Farm-to-Market Roads Program

Dallas, Texas, August 3—Texas' \$78,000,000-a-year program of new highway construction—with emphasis on farm-to-market roads—was praised here today by Ben Ramsey of San Augustine, who is actively forwarding his campaign for lieutenant governor.

"In every section of the state I've visited during my campaign I have found farm-to-market roads completed or under construction," Ramsey said.

"Many more such roads need to be built to further the development of our rural sections. I pledge my fullest support to the members of the state legislature who have passed the bill which commission who are seeking to continue this wise policy," he declared.

"It is also a great source of pride to me, as an economist and public servant who for years in the Texas Legislature helped to maintain the prestige and of our fine highway department, that this vast program of ours is being maintained at a minimum cost, in spite of the enormous volume of traffic which it carries."

CATES MOTOR CO.

BE A POT-WALLOPER

In days gone by, our citizens would walk miles through the wilderness to vote because they knew their vote was important to good government. Nowadays there is a dangerous laxity on the part of a great number of voters who think that a single vote has no value. This is just what minority groups seeking power want the voters to think. A light vote gives an organized, designing minority a chance to gain power.

A heavy vote is the best assurance of representative government because then a minority cannot "steal" an election. Voting may not seem important to some who have lost sight of what it cost in blood and suffering to gain

Hollywood Kiddie Revue to Be Sponsored by Crowell Lions Club

The Crowell Lions Club is sponsoring a Hollywood Kiddie Revue to be shown on the screen of the Rialto Theatre at a date to be announced later.

All children 3 months through 5 years are eligible to enter. The entries will be photographed free on Monday and Tuesday, August 14 and 15, at the Rialto Theatre.

The liberties we all enjoy, but they are sadly mistaken. By accepting the rights we enjoy as God-given, the more apt we are to fall prey to the snares of those who would destroy our liberties.

The tragedy is that the promoters of our destruction generally accomplish their ends with tax dollars under the guise of offering beneficent handouts.

We will lose our freedom if we permit a minority to saddle us with socialism as the result of a light vote.

So because a staunch pot-walloper (see dictionary) and get out and vote at every election to save your own bacon. — Industrial News Review.

HOW MUCH PROFIT?

The American people still have a highly exaggerated idea of the profits earned by large businesses. That is shown by two surveys made in 1946 and in 1950 by the Psychological Corporation which is directed by Dr. Henry C. Link.

The key question was: "Out of every dollar which large business companies take in, about how many cents do you think they keep as a clear profit?" The correct answer would be: "Less than 10c."

But in the 1946 survey only 13 per cent gave that answer, and in 1950 only 22 per cent. Amazingly, more than 51 per cent of the people apparently believe that net profit runs anywhere from 10 cents to more than 50 cents of the sales dollar.

Misconceptions of this nature naturally feed the fires of those whose theme song is that the principal aim of business is to exploit

CARD OF THANKS

It is with appreciative hearts that we express our sincere thanks to the friends who ministered to us in so many kind ways during the illness and at the passing of our loved one. Please accept the sincere thanks of all of us for the neighborliness and friendship shown us. May God bless each of you.

Mrs. C. M. Athey and children.

BUTANE CHANGE OVERS FOR TRACTORS

Ask the men who have changed to butane for tractor fuel. They are cutting the cost of operation better than one-half. One man reports twelve hours on twenty-seven gallons of butane, a cost of only \$1.62. Another, twelve hours on twenty-four gallons of butane, a cost of \$1.44.

Come in now and let us figure with you on your needs. All work guaranteed or money back.

"It's time for BROOKS!"

Pierce Brooks for LT. GOVERNOR

(Pol. Adv.—Paid for by Ben H. Lewis and other friends of Pierce Brooks.)

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

Austin — In addition to the general instructions for community sanitation which are important in preventing poliomyelitis, Dr. Geo. W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incidence of poliomyelitis having reached a total of 1395 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic

acres of Sec. No. 430, Block A, H&TC Ry. Co. survey.

J. L. Davis, et ux, to R. S. Gardenhire, 320 acres of Sec. No. 467, Block A, Cert. No. 31-2834, H&TC Ry. Co. survey.

solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold," Dr. Cox said, "with such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

You, too, can enjoy the comfort of **COOL, COOL Electric Cooking!**

Someday You will COOK Electrically WHY NOT NOW?

August... the hottest month! What is your kitchen like? A steaming bake-oven with an old-fashioned cooking stove? Or is it a pleasant, cool room... with an electric range? With an electric range there's no open flame to build up kitchen temperatures. Surface units have controlled heat that goes directly into the cooking utensils and the food—ovens are heavily insulated on all six sides... keeping the heat inside where it belongs; where it cooks the food, not the cook. Housewives everywhere say —"For cool cooking comfort, Buy Electric!"

- It's Fast! Electric "speed-units" now cook faster than any other method!
- It's Automatic! Electric cooking's automatic features save you time, labor and money!
- It's Safe! No matches, no flame, no fumes to bring hazards into your kitchen!
- It's Healthful! Foods cooked electrically retain the garden-fresh flavor and food values which are often lost when cooked by old-fashioned flame methods.
- It's Economical! Low-Cost electric rates and faster cooking bring operating costs way down.
- It's Labor Saving! Automatic features save you work, free you from much kitchen drudgery.
- It's Modern! Once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods as old-fashioned as flame lamps.
- It's Convenient! Designed for modern kitchens, the special features of Electric Ranges mean extra conveniences for you!
- It's Clean! There is no smoke, soot, or dangerous fumes to mar your kitchen.

It's the Best! See Your Electric Range Dealer now!

West Texas Utilities Company

We will tell you more about the wonderful electric ranges... tell you of the ease, convenience, and economy that only modern electric cooking can bring. We'll also tell you of many other modern electric appliances that make your work easier, your home more comfortable, and your family happier.

Lynn Fisher Weds Miss Jane Day in Graham on July 29

Miss Jane Day of Milsap, Texas, became the bride of Lynn Fisher of Crowell, when they exchanged wedding vows Saturday, July 29, in the home of Mr. and Mrs. J. T. Leach, minister of the Church of Christ, officiating for the double ring ceremony.

Mrs. George Parks, sister of the bride, served as matron of honor, and Herman Fisher, brother of the groom, attended his brother as best man.

The bride carried the traditional something old, new, borrowed and blue. She wore a strand of pearls, a gift from the groom, and carried a white silk handkerchief, belonging to the groom's grandmother, and her bridal bouquet was four baby orchids.

Mr. Fisher and Mr. Leach were

roommates in Abilene Christian College. Mr. and Mrs. Fisher will make their home here where he is Minister of the West Side Church of Christ.

Following the ceremony, Mr. and Mrs. Leach were hosts for a reception honoring Mr. and Mrs. Fisher. Punch and cake were served to the honorees and to the immediate families of the bride and groom.

Coke Party Given to Compliment Miss Barbara Moody

Miss Jean Hughton was hostess Saturday, August 5, to a delightful Coke party given in honor of Miss Barbara Moody of Seagraves. The guests were met at the door by the hostess, and introduced to the honoree by Miss Carolyn Bell. Cokes and dainty cookies were served to Misses Moody, Doris Morris, Margaret Thompson, Nell Johnson, Bessie Franklin, Shirley Wehba, Genevieve McDaniel, Marcia Kincaid, George Ann Davis, Loreta Lyons, Wanda Jones, Carolyn Bell and the hostess, Miss Hughton.

Miss Moody is the daughter of Mr. and Mrs. Dwight Moody, former residents of Crowell, and has been visiting in the home of Mr. and Mrs. Thomas Hughton and Jean for the past week.

Birthday Party Given for Beverly Fairchild August 4

Mrs. J. B. Fairchild entertained a number of little friends Friday, August 4, with a birthday party honoring her daughter, Beverly Faucina. The party was held on the lawn of her home. Outdoor games were enjoyed by the children.

The birthday cake, sandwiches and ice cream were served to the following: Terri Thomas, Jean Burkett, Barry Barker, Judy Barker, Ken Ferguson, Denny and Dena Todd, Judy and Sherry Sandlin, Helen and Charles ten Brink, Marlene and Jay Norman Johnson, and Beverly Fairchild.

Outdoor Supper Given to Honor Mrs. G. M. Canup on Birthday

Mrs. G. M. Canup was complimented with an outdoor supper Wednesday, August 2, at the home of Mr. and Mrs. Roy Barker. The family supper was given in obser-

"Conspirator," new MGM drama opening at the Rialto Theatre this week, offers a new high in romantic teams in the persons of Robert Taylor and lovely Elizabeth Taylor, co-starred for the first time. Elizabeth reaches the peak of her meteoric career in her first mature emotional role as Robert Taylor's young wife.

vance of Mrs. Canup's birthday.

Those enjoying the get-together were Mrs. Canup, Mr. and Mrs. Howard Bell, Mr. and Mrs. R. L. Morris and son, Buddy, Mr. and Mrs. Harold Canup and family of Quanah, Mr. and Mrs. John White and family, Mr. and Mrs. Horace Canup and daughter, Ann, Mr. and Mrs. Roy Barker, Fred Barker and Judy Barker.

Miss Patsy Carroll to Wed Perry Nuckols in Abilene September 1

Mr. and Mrs. R. T. Carroll of the Foard City community announce the engagement and approaching marriage of their daughter, Patsy Jean, to Perry Preston Nuckols, son of Mr. and Mrs. Robert Nuckols of Abilene.

Nuptial vows will be spoken September 1 in Abilene.

Christian Church Has Picnic Last Wednesday

Last Wednesday evening, August 2, sixty members of the Christian Church met on the lawn of the Parsonage for their annual Summer Picnic. Bountiful picnic supper was provided, along with iced drinks and delicious dessert. After the supper, the young people played suitable out-door games, and the adults visited and sang old hymns, with Joe Ward leading.

H. D. Agent Tells How to Sew Plastics

Today plastic materials may be bought in almost any color and design and the uses for this material are growing all the time, according to Mrs. Mary D. Brown, Acting County Home Demonstration Agent. One of the most practical uses is in making aprons. Plastic aprons can be cleaned with a flick of a damp cloth. They are waterproof, resist mildew and

stain, and do not need to be ironed.

They are simple to sew as there are no threads to ravel, no seams to bind, and no grain line to straighten in cutting. For best results, however, there are a few rules to follow, says Mrs. Brown. For instance slightly loosen the tension on your machine and lengthen the stitch. Use a number 11 needle as it is fine and sharp and always sew with mercerized or nylon thread.

When cutting, says Mrs. Brown, always round the corners and darts as a straight edge will tear more easily. Hold the pattern in place with soft weights as pins will tear plastic or leave holes.

This warm weather may make plastic stretch, says Mrs. Brown, so rub a bit of talcum powder along to sewing edge to keep it from slipping.

Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, O. T. Holmes, O. H. Brandon, H. L. Ayers.

Wind erosion may be the least of a farmer's worries at the present time because of all the rain that has fallen during the past months. But before long we will be in the time of year when wind erosion will be with us again. Plans should be made well in advance of this season so that proper protection can be had if possible. Co-operators should look over their places and if they will have an area that is likely to blow, every practice possible should be used. With good moisture conditions, a cover can still be established. Feeds has made good growth this season and will furnish excellent protection if handled right. Combine maize will leave a good stubble

Home Demonstration Notes MARY DEEB BROWN

Ten women representing the Foard County Home Demonstration Clubs met in the court room with Miss Fern Hodges, District Agent of Vernon, and Mrs. Mary Brown, Acting County Home Demonstration Agent, on Saturday afternoon at 2:30 p. m. to make plans for the following year.

I am sorry that more women didn't get to come in but I feel that the plans made were very worthwhile. Tentative plans to work with Breads and Cereals, and Living Rooms were made for the next year.

So far the plans for this month are: August 15, picnic for the West Side Club members and families; August 18, picnic for Margaret Club members and families; August 25, picnic for Vivian Club members and families.

I'm looking forward to meeting more of you at these picnics and to talking with you about the plans for next year.

Last week we got in a supply of the new bulletin on "Frozen Foods," which is put out by the Extension Service. It tells the varieties of vegetables that are best for freezing, how to freeze them and how to cook them. It also gives directions for freezing baked foods such as pies, cakes, rolls, etc. If you would like to have one of these bulletins call or come by to see us.

and should be left standing through the blowing months. On acres planted to bundle feed, at least a stubble a foot high should be left. This will furnish good protection. Also, if land is to be seeded to grass, a cover can be established now to control wind erosion. Cover crops for alfalfa seeding should be handled so as to leave all stubble on the surface. Even though moisture conditions are excellent now, we know that times will change and we may have a dry fall or spring again when our soil will shift around. Let's plan ahead now for the winter and spring seasons and hold our soil where it belongs.

STRANGE INSECT

The News office has a peculiar butterfly on display that was brought in by S. E. Norris, farmer living northwest of Crowell. The specimen measured over six inches from one wing tip to the other. One amateur biologist has called it a hummingbird butterfly while another thought it was a 17-year locust. The first person that can prove the proper identification will fall heir to the thing.

Rail shipments in and out of Washington, D. C. were checked recently. The biggest item shipped out was baled waste paper and the biggest single item shipped in was printed stationery.

HOARDING AIDS OUR ENEMY

From all over the country there have been reports of scare buying and hoarding. A minority of our citizens have been purchasing ridiculously large quantities of sugar, tires, nylon goods and other commodities on the theory that they would become scarce as the government's armament program moves on toward high gear. The

hoarder does not know it—but he is serving those who would destroy us. Hoarding undermines the economy. It dislocates the smooth machinery of supply and demand. It brings inflation. It creates fat black markets for racketeers. And finally, it leads to rationing and price controls and ever-growing government interference in the affairs of the people.

Manufacturers, retailers and others say that there are plenty of goods to go around, with few exceptions. If we buy normally, in the light of current needs, we will not suffer for want of anything. But even if this were not true, there would still be no excuse, no mitigation, for the hoarder. Goods that go out of circulation, to be held in basements and attics, are goods which are lost to the country. They amount to a leak in the stream of production.

Retailers have been especially active in opposing hoarding and scare buying, and pointing out its folly and fallacy. They know that kind of business is bad business for everyone—and they know the grave results that will occur if it goes on long enough. But no one can stop hoarding except the consumer himself. The hoarder aids our enemies. — Industrial News Review.

The number of Americans killed by motor cars will reach the million mark by late next year, early in 1952, according to John Cruickshank, chief engineer of the U. S. Guarantee Company. The toll since 1907—when the automobile started keeping score—amounts to 927,261. During the last five years, he added, the annual toll has been more than 31,000 motor car deaths.

AWARDED CAPTAIN KIDD

Captain Kidd was given an award of \$750 by New York City in 1951.

Mrs. Bob Whitaker announces that her Kindergarten will re-open on September 4th
