The Foard County News Named as One of the Better Weekly Newspapers State and Nation in Recent Survey

New York — The Foard County News has been adjudged "One of the Better Weekly Newspapers in America" and awarded a rating of AA, in an Evaluation Study Rating Report just released by Community Research Bureau.

The AA rating places the News among the top weekly newspapers in the state and nation in the partial study of the 10,000 odd town newspapers of the country, being conducted on a city-by-city basis.

The ratings are made by Community Research Bureau, an independent research organization, which is working in cooperation with the American Weekly Newspaper Publishers Council to provide national advertisers with a guide in the selection of weekly newspapers for advertising purposes.

This Continuing Evaluation Study, newspapers of each state

are studied, analyzed, and rated in five classification brackets, with approximately 20 per cent of the papers of a state being placed in each of the five rated groups. The five quality classifications are AAA, AA, A, B, and C. The rating AA earned by the News means that the newspaper ranges well above the average in the state and nation.

Each newspaper is rated on recognized quality factors including local news and editorial content, evaluated circulation, volume of local advertising and the fairness of the newspaper's advertising rate, based on cost per family reached.

Community Research Bureau is an independent research organization operated under control and direction of Frank B. Hutchinson, who has operated weekly newspapers, served as professor of journalism at Syracuse and Rutgers Universities and managed the New York Press Association and the New Jersey Press Association over a period of a dozen years before setting up his own newspaper research organization.

The American Weekly Newspaper Publishers Council which is cooperating in the studies is headed by Bennett H. Fishler, publisher of three weekly newspapers with audited circulations ranging from six to twelve thousand copies per week. Fishler's papers are consistent prize winners and one of them, The Ridgewood (N. J.) Herald-News, was a recent winner of a top award for general excellence presented by the National Editorial Association.

Rating of all newspapers are under general supervision of an advisory committee composed of leaders in the field of journalistic education, national advertising, and weekly newspaper publishing.

Assumption Election to Be Held November 1

There will be an election held in the Foard County court house Wednesday, November 1, 1950, for the school tax collector's office regarding to the regulation of an annual tax rate and bond assumption for the Crowell Independent School District. Crowell's school rate will continue to be \$1.25 per one hundred dollars as it has been in the past, but the election is necessary since the King County School Trustees voted to consolidate the Masterson School District of that county with the Crowell District.

This consolidation should help make the Crowell School system larger and better, and it will insure the Masterson children of the same privileges in the future as the Crowell school children. The Crowell school officials urge the Crowell patrons to turn a good vote on this issue to demonstrate their welcome to this community in coming to Crowell.

Dr. Drake Sr. of Quanah Succumbs to Heart Attack

Thomas Don Drake, 53, of Quanah, prominent Hardeman County farmer, suffered a heart attack which was fatal late Tuesday, Oct. 17.

Dr. Drake had taken refreshments to his tractor driver, Embertson, who was plowing in a field west of the Municipal Airport. He said that as Drake returned to his pickup truck, he collapsed. He was dead before he could be taken to the local hospital.

He is survived by his wife, one daughter and two sons.

Funeral services for Mr. Drake were held from the First Methodist Church in Quanah Thursday afternoon of last week at 4 o'clock with the pastor, Rev. Wayne W. White, officiating.

Those attending the services from Crowell were Mr. and Mrs. White and daughter, Barbara, Mr. and Mrs. Moody Bursey and daughter, Carolyn and Sue, and Mr. and Mrs. W. A. Jones.

Mr. and Mrs. White's daughter is daughter-in-law of Mr. Drake and Mrs. J. D. Drake of Quanah.

ROTARY CLUB

Visitors at the Wednesday noon luncheon of the Crowell Rotary Club at the Club Cafe were John Rasor of Vernon, former member and past president of the club; Rotarians Roy Sansom and Vance Favor of Quanah, and Rev. Bernard Franklin, new pastor of the First Baptist Church.

With Grady Graves in charge of the program, Rev. Franklin made a very enlightening talk on "World Conditions in the Sight of God." He is an earnest and sincere speaker and Rotarians and visitors appreciated his talk.

New Baptist Pastor

Rev. Bernard Franklin, new pastor of the First Baptist Church, and Mrs. Franklin moved into the parsonage last week from Sherman. Rev. Franklin has preached at the church for both services the past two Sundays. Before accepting the call as pastor of the Crowell Church, he had been associational missionary for Fannin and Grayson Counties for the past seven years.

Dr. J. H. Barnebee Released from Army Duty, Returns Home

Dr. J. H. Barnebee Jr. returned home this week from San Antonio where he had been called to active duty as a captain in the Officers' Reserve.

Dr. Barnebee's call to active duty has been delayed for a period of six months under the current Department of Army regulations.

Deer Refuge in the Northwest Portion of Foard County Being Given Favorable Consideration by Game Commission

A project for the establishment of a deer refuge in the northwest section of Foard County, which has been under consideration by the State Game, Fish and Oyster Commission for two years, is being given favorable consideration by that body, according to a report received in Crowell this week.

When the project is given the final green light, the Game Department proposes the planting of some two hundred deer trapped on the King Ranch in South Texas. It has been indicated that this operation may be started at the end of this year's deer season.

The success of the project hinges on the possibility of obtaining enough land for the deer preserve from local land owners. At least 30,000 acres of land in one block will be needed. These instructions were sent this week to Charles L. Boynton, local game warden. George Self of Crowell, who has been working with Mr. Boynton on this project, said Tuesday that they have secured at least 85,000 acres of land for the refuge, and this assures the project will be started.

Mr. Self stated that the larger the protected area is, the better the preserve will be. He has requested that every land owner in the northwest Foard County area who desires that their land become a part of the refuge to contact him immediately.

Land owners who have put their property in that section of the county into the preserve are W. B. Johnson, Hartley Easley, Hagan Whately, Meri Kincaid and Paul

School Hallowe'en Carnival to Be Held Here on October 31

Big plans are nearing completion for the annual Hallowe'en Carnival which will be held south of the court house on October 31.

Highlighting the parade will be a float from each grade of the Elementary School. An attractive feature of each float will be a prince and princess from each grade. The CHS Band will march in the parade which will begin at 5:30 p. m. Tuesday afternoon.

Delicious food, home-made sandwiches, pie, cake, candy, snow cones, coffee and punch, will be for sale at the Country Store and other food stands. Plan to bring the entire family, attend the parade and eat supper at the carnival stands.

For entertainment there will be freak shows, a merry-go-round, dart games, fish pond, grab boxes, a hat shop and rummage worth the money.

An old fashioned "melodrama," "The Drunkard's Daughter" will be presented by Mrs. Todd's speech class in the court room of the court house at 7 p. m. The setting for this play will be Stagger Inn, a typical small inn of the Old West. The old hero and villain act will be thrilling with the following cast: Villain, Marion Gobin; Drunkard, Robert Brock; Drunkard's Daughter, Carolyn Bell; Handsome Young Man, Ginger Johnson; Vamp, Camille Todd.

The final event of the big carnival will be the crowning of the king and queen. This will take place immediately following "The Drunkard's Daughter."

Officials of the carnival extend an invitation to all to attend this full evening's entertainment.

O. P. Craven Died Here Tuesday Night; Burial in Gainesville

O. P. Craven, 63 years of age, passed away in the Foard County Hospital on Tuesday night about 10:30 o'clock. Mr. Craven had been in failing health for some time, but had only been in the hospital a short time.

He resided on a farm north of Crowell which belongs to Frank Halencak. He had been a resident of this community for the past three years.

Survivors include six children. The body was taken to Gainesville for funeral services and interment Wednesday.

CHERRY TREES BLOOMING

Young cherry trees at the farm home of Mr. and Mrs. Dave Shultz east of Crowell are in full bloom again, it is reported by Mr. and Mrs. Shultz. The trees have already borne one crop of fruit this year and it is very unusual that they should be blooming a second time.

Standard baseball bats are made from ash wood.

\$40,000.00 Street Improvement Project Underway in Crowell; 68 Blocks to Be Re-Surfaced

Construction work is well under way on the \$40,000 street improvement project for the City of Crowell with sixty-eight of the City's blocks scheduled to get a face-lifting. Thirty-eight will be gravel and asphalt and 30 only gravel. With the County's main-tainers doing the grading work and with the help of several local men in surveying the streets, Mayor Hubert Brown and the City Council are supervising the overall program. Prior to the beginning of the paving project, the City had only 11 blocks hard-surfaced, excluding the highways and the

court house square.

With Bax Middlebrook of Margaret donating approximately \$2,000.00 worth of gravel and the City paying the gravel-hauling costs, Crowell citizens are receiving this much-needed hard-top at a very nominal cost. The cost per front foot for a 36-foot wide street with 36 feet of gravel base and 36 feet of prime coat with two coats of asphalt and crushed rock is \$1.25. For a 36-foot gravel base and 24 feet of prime coat and two coats of asphalt and crushed rock is \$1.00 per front foot.

For the gravel alone, the cost

is 30c per front foot for a 36-foot street and 20c per front foot for 24 feet of gravel.

The cost per block for the 36-foot asphalt street is \$750.00; the 24-foot gravel street \$120.00; the 24-foot gravel street \$120.00.

The cost of hauling the gravel for the 68 blocks will be \$13,000.00 while the cost of asphaltizing 38 blocks will be \$25,000.00.

Claude Gracy of Vernon is doing the gravel hauling, and S. J. Greenwood, also of Vernon, will do the asphalt work. Although some of the streets are already gravelled, Mr. Greenwood, a state licensed engineer, will not start the asphalt pouring until he considers the streets to be in the proper condition. The asphalt pouring equipment was moved to Crowell yesterday, in order to start work as soon as possible.

At each street intersection on streets running north and south, the asphalt will cover an area 36 feet by 70 feet.

Following is a list of the streets which will be either gravelled or asphalted:

Asphalt on North and South Streets
First Street — four blocks from Commerce to Logan and 3 blocks from Garner to Potts.

Second Street — Seven blocks from Commerce to Garner.

Third Street — Four blocks from Marietta to Logan.

Fourth and Fifth Streets — Six blocks from Commerce to Logan.

E Street between California and Commerce St.

A total of thirty-one blocks running north and south will be asphalted.

Asphalt on East and West Streets
Bryan Street between Main and Houston; Garner Street between First and Third; Horner Street between Main and First and between Third and Fourth Streets; Marietta between First and Third; a total of seven blocks to be asphalted running east and west.

Gravel—North and South Streets
Nine blocks on Browning Street from Bryan to Commerce; C Street from Logan to Garner; a total of 10 blocks.

Gravel—East and West Streets
Five blocks on Logan Street from C to Main and Fifth to Seventh; 2 blocks on Texas Street from Fifth to Seventh; 2 blocks on Horner Street from Fifth to Seventh; 3 blocks on Marietta from Fifth to Seventh and to Margaret Farm-to-Market Road; 2 blocks on Donnell Street from Fifth to Seventh; 2 blocks on California Street from First to Second and D to E; 1 block on Austin Street from Main to First; 2 blocks on Railroad Street from Main to B; 1 block on Garner Street from Main to First; a total of 20 blocks.

**Charlie Hart of
Paducah Dies in
Quanah Hospital**

Charlie Hart, chore boy for an Indian chief, one-time ranch manager for the Burnett cattle kings, and one of the most colorful characters in the early history of North Texas, died Tuesday at the age of 74 in a Quanah hospital shortly after suffering a heart attack.

Funeral services were held Wednesday at 3 p. m. in Paducah, his home for almost 50 years. Burial was in the Garden Memories Cemetery at Paducah.

Hart was born Aug. 28, 1876, in Comanche County. His father was Zack Hart, a frontiersman from Alabama, and his mother was Ziffie Parker, distant relative of the famous Comanche Indian Chief, Quanah Parker. He started his career as a pioneer ranchman shortly after his 10th birthday when he was hired by Quanah Parker, for whom the town of Quanah was named, for \$10 a month as a general chore boy. He became a trusted employe of the Comanche Chief and at the age of 14 journeyed across Indian Territory and part of Arkansas to buy \$1,000 worth of cattle for Parker.

Mr. Hart came here in 1925 to manage the Burnett Ranch in Foard, Cottle and Hardeman Counties and remained manager of the vast 1,000,000 acre ranch until his retirement in 1947.

Survivors include the widow, two sons and two daughters, and two sisters.

stage of the game. Sanders' run was for forty yards.

Crowell's entire team demonstrated some of the best blocking that has ever been shown by any Crowell team when the way was paved for fleet Buster Laquey on a 71-yard punt return for Crowell's third score in the early part of the second quarter. At this point Coach Amonett started to using his reserves freely and Fred Barker, reserve end, set up a score with a 20-yard pass completion. Wayne Borchardt, reserve half-back, took one of Don Gobin's passes and made a nice twenty yard run to score the fourth Wildcat touchdown in the first quarter last Friday night to give the Wildcats a 12-point lead at this

Go to Archer City Friday Night— Crowell Wildcats Chalk Up Fourth Conference Win Here Last Friday Night with 38 to 6 Victory over Chillicothe

Coach Thayne Amonett used his entire football squad here last Friday night in defeating the Chillicothe Eagles 38 to 6 in another conference 10A game. This victory makes Crowell the only threat to the undefeated Olney Cubs for the District 10A championship. However, each of these teams have two other games that could change the complexion of things before they meet here November 17 for the final district game of the season.

Buster Laquey and Jon Sanders each scored touchdowns in the first quarter last Friday night to give the Wildcats a 12-point lead at this

Miss Bobbie Ruth Abston Crowned Football Queen

Miss Bobbie Ruth Abston, daughter of Mr. and Mrs. Bob Abston, was crowned queen of the 1950-51 football season at the game Friday night between Crowell and Chillicothe. Before the beginning of the game, Miss Abston, with her attendants, Misses Maurine Youree, Betty Barker and Myra Self, marched onto the field to the strains of band music played by the Wildcat Band, who were on the field in the formation of a heart. Co-captains Haskell Norman and Jon Sanders escorted the queen while Jim Paul Norman, Buster Laquey and Jimmy Tom Cates were escorts for the attendants.

The queen was presented with a bouquet of red roses and her attendants were each given a corsage of huge gold mums which were centered with a black ribbon "W."

The choosing and crowning of the season's football queen and her attendants is an occasion in the school year of especial significance and the large crowd of spectators enjoyed the performance to the fullest.

IN MCKINNEY HOSPITAL

Information from the bedside of Dan E. Callaway, who was injured in a fall at Wylie two weeks ago, is to the effect that he is recovering from an operation performed on his knee in the City-County Hospital in McKinney on Monday morning. While he is making satisfactory progress, Mr. Callaway will be confined to his bed for some time.

His wife, his parents, Mr. and Mrs. Claude Callaway, and his sister-in-law and brother-in-law, Mr. and Mrs. R. J. Owens, were in McKinney during the operation. All have returned home except Mrs. Dan Callaway, who will remain with her husband during his convalescence.

CROWELL LIONS

Mrs. Alyene Graham and Mrs. George Dodson were guests at the Tuesday noon luncheon of the local Lions Club at the Club Cafe.

Bill Klepper was in charge of the program and presented Mrs. Graham, who showed colored slides of scenes of Crowell, and also pictures of the pictures, Mrs. Graham and Mrs. Dodson sang two songs with Mrs. Dodson playing piano accompaniment. Mrs. Graham concluded the program with a reading and a song.

A larger-than-usual number of Lions were present, and President J. M. Crowell urged that all Lions be present at the next meeting if possible.

Inhabitants of the Isle of Man are called Manxmen.

Private Hough, veteran of World War II, enlisted in the army in the latter part of July and spent three weeks in Fort Riley, Kansas, before returning home on a furlough. He went from here to the port of embarkation in Seattle, Wash. He arrived in Hawaii on Sept. 10, and in Japan on Sept. 11. His parents received only one letter from him which was written Oct. 2, after he arrived in Korea. In it he expressed the opinion that the fighting was nearly over.

Born in Floyd County, Private Hough had made his home in Crowell since he was 8 years old with the exception of 23 months he served in the last war, 14 months of which were spent in Korea.

BOBBIE ABSTON ELECTED FOR TOP HONORS IN FOOTBALL

Queen of the 1950-51 CHS Grid-iron is Bobbie Abston, daughter of Mr. and Mrs. Bob Abston, who live one mile east of Crowell on the Vernon highway.

Because of Bobbie's sweet disposition, scholastic ability and versatility, she holds many honors in CHS. She holds the position of first clarinet in the CHS band, is co-editor of the "Wildcat" and typist on the Annual Staff. This attractive senior is also unofficial pianist for assemblies and other club programs.

In 1949-50 blonde Queen Bobbie won first in the District Interscholastic League in typing. In the National contest she won fifth place.

On the CHS football field Friday night, October 19, Queen Bobbie, escorted by co-captains Jon Sanders and Haskell Norman, entered the field beautifully attired in a softly tailored dress suit of navy blue wool with deep red pin stripes. Her costume was accented by a matching blue velvet cloche-type hat and blue accessories.

Proceeding the Queen on the field were her attendants, the elected runners-up for queen. Leading the procession was Maurine Youree with a pantomime, "A Doctor's Operation to Find a Nickel." She was announced as "Mrs. F. L. Ballard of Ballard & Ballard."

The harmonious rhythm of a piano accordion duet by "Pete and Repeat," or Melba Coker and Geraldine Schmittou, brought added listening pleasure.

The Andrews Sisters, a quartet consisting of Mary Rader, Bobbie Abston, Betty Barker and Maurine Youree, clad in pajamas and house coats, sang "Goodnight Irene." Tears were added for effect by wet sponges hidden beneath handkerchiefs.

The "Toni Twins," with their melodious voices, crooned "Roses" for the enjoyment of the students. Frankie Mabe and Rozella Autry made up the duet.

"Madam Hoodinski," that great pianist who saw her first piano at a Thalia auction last week, played a boogie woogie number that rocked the piano. Iris Abston represented this "well known" performer.

Back on the stage for some jazz selections, "Pete and Repeat" again entertained with their piano accordions.

Giving advice to forlorn students, Bobbie Abston read answers to some of the letters that students, as Bobbie said, had written to Dorothy Dix asking for help with their problems.

Representing a scene in the

Sanders, the Queen then received the traditional salute of a kiss from each of the co-captains. Corsages of huge gold mums in which were centered a black "W" were presented to each attendant. The Wildcat band, led by drum major-jette, Marcia Kincaid, then played the "Booster" march and Queen Bobbie, looking radiantly happy, left the field carrying her bouquet which represented the top honors she had received.

C. H. S. STUDENT TALENT PRESENTS ASSEMBLY PROGRAM

At an assembly program Friday morning, the talents of several CHS students brought a full 45 minutes of frolicking entertainment to the faculty and student body. This program was sponsored by the high school principal, Henry Black.

Master of ceremonies for the day was Donald Reynolds who, in a comical manner, announced the different acts.

First on the program was a vocal duet, "I Want to Be Loved," by Mrs. F. A. Davis and Mrs. Lola Black, alias Norma Mathews and Peggy Weaver. For an encore, they sang, "I'll Never Be Free."

Stepping on the stage next was Maurine Youree with a pantomime, "A Doctor's Operation to Find a Nickel." She was announced as "Mrs. F. L. Ballard of Ballard & Ballard."

home of Coach Amoneit, Betty Barker and Buster Laquey portrayed the "henpecked coach" and his wife in a typical evening at home.

"Mitze" the Magician, alias Billy Johnson, performed feats of magic never seen before by any audience. Those eggs he threw were boiled, students.

Concluding the program was the famous "Barnyard Group," Gordon Wood Bell, Buster Laquey, Jimmy Cates and Billy Halencak were dressed as ladies while Frankie Mabe, Bobbie Abston, Rozella Autry, Maurine Youree and Betty Barker were attired in men's clothing. These hillbilly characters warbled "Bonaparte's Retreat," accompanied by the various string instruments which they "played." For encores, they sang "Rag Mop" and "Temptation."

The students enjoyed the program very much and are hoping for a repeat performance in student talent for a future program.

C. H. S. ANNUAL TO BE BETTER

The 1951 Roundup Staff is working twice as hard this year in order to give the students of C. H. S. a better annual than last year, though in our estimation the 1950 edition will be hard to beat.

Since two heads are better than one, co-editors have been appointed. The editors, Ann Haynie and Pat Owens, have announced that the theme for the yearbook will be that of a Hollywood production. Mrs. Lola Black, sponsor of the '51 yearbook, has given her promise, along with the rest of the staff, that we will continue to work to make the annual a success.

We are not completely organized yet on the contents of the annual, but we can proudly state that the pictures that have been taken so far have been very satisfactory—thanks to Mr. Earl Neighbors, the representative from Whit's Camera Company at Vernon.

The Annual subscription sales have been closed for two weeks, but the advertising campaign is still on. The price is the same as last year—\$4.00 each.

SUPER DUPER SALESGIRLS

The F. H. A. girls have made wonderful headway toward the \$115 to finance the 1950 Birthday Calendars. In addition to working on their own free time, Mrs. Kenner let the sophomore girls work during class period Friday morning and plans to let the other Homemaking classes do the same. The girls really proved they could be super salesgirls as you can tell from this report:

Mary Matus \$1.65, Faye Black \$12.05, Mary Lou Woods \$8.05, Marcia Kincaid \$11.05, Jean Hughton \$9.25, Bobbie Jean Spears \$6.95, Naida King 70c, Rosemary Moss \$10.50, Kay Gribbs 60c, Helen Ribble \$5.35, Jackie Rasberry \$4.25, Norma Jones \$4.55, Margaret Thompson \$4.15, Pauline Wheeler \$6.65, Loretta Lyons \$5.00, Bessie Franklin 75c, Rebecca Calvin \$3.75, Mary Lynn Huff 45c, Myrna Riley 45c, Joye Sparks \$1.05, Nora Lee Davidson 45c, Joyce Ford 30c, Carla Manning 45c, Beatrice James 30c, George Ann Davis 60c, Ruth McRae \$7.35. TOTAL \$106.65.

The money cleared on the calendars will be used to send delegates to the state convention at Fort Worth in May. Put your name on the calendar. Help the F. H. A. girls!

DID U NO?

That people who lie the easiest don't always sleep the best?

That Betty Barker and Buster Laquey are one of the cutest couples seen about old CHS?

That you don't have to live in a tree to be a sap?

That the students of CHS welcome all the new students. We're glad to have all of you.

That the five foot three, dark-haired girl, Carolyn Bell, of the freshman class seems to enjoy the company of a certain football player in the sophomore class? You guessed it, Billy Abston.

That Elba Caddell is that black-haired, blue-eyed lass of the junior class with a magnetic personality plus?

That Eva Rae Geaslin isn't only intelligent but cute, too.

That there's the fellow who doesn't believe in tombstones because they are too much overhead expense?

That a certain sweet lil' olle' Southern belle has captured the lil' olle' heart of Charles Wishon?

That Haskell Norman has a friendly greeting for everyone this year?

That Ginger Johnson surely likes the cheer leaders this year?

That after all puppy love is only the beginning of a dog's life?

That this is the end of this story?

CONTINUATION OF NEW STUDENT PERSONALITIES

Patsy Hammonds, a senior who attended Lockney Public Schools before CHS is a small, hazel eyed, brown haired girl whose pet peeve

is boys who call their steadies "their squaw." Chicken, fried steak and football rate "tops" on Patsy's list of favorites. A movie that had Burt Lancaster and Hedy Lamarr as co-stars would have Pat included in the audience. Collecting records is Pat's hobby. CHS is proud to have Patsy as a student for '50 and '51.

Max Hardin, a freshman, is one of the new students in CHS. Max last attended school at Weatherford, before moving to Truscott. His hobby of sports and football is classed as a favorite sport. Peter Lawford and Esther Williams are tops on his list of screen stars, and English is his favorite subject. Max's pet peeve is work. Brown-haired and blue-eyed Max lives CHS in every way.

PLAYER OF THE WEEK

And it is not a first down. He

was hit hard at the line by Charles Pittillo.
 "Tillie," as Charles is sometimes called, is playing his last year for the Wildcats. He is a senior. Tillie has played four years for Crowell and is a three-year letterman. He is 18 years old and weighs about 160 pounds. He is another one of the red-haired guards.
 If the ball carrier is stopped in his tracks, Tillie tackled him low.

BONFIRE TO BE SPONSORED BY CROWELL PEP SQUAD

The Crowell Wildcat Pep Squad will sponsor their annual bonfire pep rally to honor the Wildcat football team at a date scheduled for a night in the week preceding the Olney game. In all probability, this will be the most important game of the season for it will probably determine the standing of the Wildcats in this district.

Everyone, young and old, who is a fan of the Wildcats, is in-

back to attend this bonfire and cheer the Wildcats. Further plans will be announced at a later date.

WILDCAT WHISPERS

Congratulations to Montez Tague and Curtis Lockman. They were married October 22. Here's to a cute couple around town.

Farmers - Ranchers

TODAY'S QUESTIONS ARE:

1. SHALL FARMERS HAVE A GOOD RURAL ROAD PROGRAM TO GET THEM OUT OF THE MUD?
2. SHALL FARMERS CONTINUE TO LET ORGANIZED PRESSURE GROUPS DOMINATE GOVERNMENT AND PASS LAWS CONTRARY TO THE INTERESTS OF FARMERS AND GENERAL PUBLIC?
3. SHALL FARMERS ORGANIZE TO PROTECT, PROMOTE AND SECURE THEIR BUSINESS?
4. SHALL FARMERS REMAIN PROSPEROUS BY SECURING A DESIRABLE FARM PROGRAM?

Physicians, Dentists, and Veterinarians Register in Texas

Austin, Texas, Oct. 18 — State Selective Service headquarters reported to National Headquarters in Washington today that 747 physicians, dentists, and veterinarians in Texas registered in the special registration Monday.

Texas local boards registered all Monday and sent totals by teletype to state headquarters Tuesday. Brigadier General Paul Wakefield, state director, reported. General Wakefield said only 12 out of the 137 Texas boards reported no registrants.

Out of the total reported, 467 are listed as physicians, 160 as dentists and 120 as veterinarians. Highest registration was reported from Harris county, where 132 professional men signed registration cards. Second highest was at Dallas, where 95 registered. Fort Worth and the same amount in Galveston. An even dozen signed at San Antonio.

A total of 30, 27 of them physicians, were registered at Temple; 14 at San Benito; 12 at McKinney; 12 at Lubbock; 12 at Corpus Christi; 10 at Amarillo; 10 at Austin. At all other local boards the number was under 10 and in most places under

Professional personnel who were required to register were physicians, dentists, and veterinarians who had less than 21 months of active duty in the armed forces

Voluntary Workers Aiding Campaign for Gonzales WSF Funds

Gonzales Warm Springs Foundation's campaign for funds is gaining in momentum this week as more Texans board the bandwagon to make the non-profit treatment center second to none. Spearheaded by Governor Allan Shivers, volunteer workers in virtually every county are giving their time and efforts to make known the needs at the hospital for Texas boys and girls. Mrs. J. Howard Hodge of Midland is co-chairman of the Foundation Committee with the Governor.

Some of the strongest boosters of Gonzales Warm Springs Foundation are the women and mothers of Texas. Almost 75,000 Texas clubwomen and members of Parent-Teacher groups have voiced support of the Foundation, and many have visited its campus to inspect operations. Realizing that polio strikes impartially with disregard to age, race and creed, they are intent upon providing and maintaining the best possible facilities and equipment for Texans' care.

Founded in 1937, Gonzales Warm Springs Foundation for Crippled Children has become one of the most outstanding in its specialized field in the United States. For the past two years, the treatment center has been operating at a capacity of 115 beds. There is a critical need for more beds, more scientific equipment and expanded facilities.

Goal of the rapidly growing institution is a million-dollar expansion program which will provide more buildings, equipment and specially trained personnel to take care of an ever increasing number of patients.

Mrs. Victor Beck of San Antonio is state chairman of volunteer workers for Gonzales Warm Springs Foundation. Mrs. A. W. Shackelford of Wichita Falls heads volunteer activities in this area. They have joined with hundreds of other Texans in proving that "Texas takes care of its own" handicapped children.

CRIME AGAINST WORKERS

The late Samuel Gompers, who did as much or more for the organized labor movement as any individual, once said, "The worst crime against working people is that of a company which fails to make a profit."

Gompers did not say that because of any personal concern as to the prosperity of industries or investors. He said it for the simple reason that companies which are unable to make a profit cannot long provide good jobs and pay good wages. Above all, they cannot offer job security. They cannot expand and create more employment. If they go on at a profitless rate, they will eventually fold—and unemployment and hard times for labor will result.

On the other hand, a concern which makes a fair profit is a good employer. The competent employe has an assured future. He knows where his bread and butter are coming from. He can plan ahead. What it all amounts to is that if the worker is to get a fair break, the investors and owners must get a fair break too.

Incidentally, industrial profits are far smaller than most of us think. Surveys indicate that a great many believe that typical companies earn profits which are as high as 50 per cent of their sales. Actually, successful companies, generally speaking, earn in the neighborhood of five or six

SLOW BURNING FUSE

"Too often a socialist is only a communist wearing a slow burning fuse," says the Bozeman, Montana, Daily Chronicle.

One of the grim lessons of modern history is that socialism and communism, in the long run, arrive at identical ends—the dictatorship and subjugation of the individual by the state, the destruction of representative government, and political domination of all a nation's energies and resources. It is true that a few sincere and intelligent socialists, such as Norman Thomas, can make an appealing case for their philosophy. But the hard fact is that not all men have Mr. Thomas' character or belief in the dignity of the individual. Evil, self-seeking men are always ready to take advantage of the groundwork done by good men.

Hitler called his government so-

cialist, and so did Mussolini. These governments differed in no essential respect from Stalin's. So, if we are to fight communism at home, we must also fight socialism. We must fight it wherever it appears. As an example, take the long-standing drive to socialize the electric industry. Whatever your own feeling toward this industry, its fight against socialism is in your interest. For if one essential enterprise is taken over by the government, the stage will be all set for taking over others. Then, little by little, step by step, the government becomes the controlling factor in all our lives.

It takes the slow burning fuse a little longer to reach the bomb than the fast burning fuse—but it gets there just the same. And the explosion is just as destructive. — Industrial News Review.

REMOVING FRUIT STAINS

Treat fruit stains immediately, if possible, because they are difficult to remove after they dry. Boiling water is one of the simplest and best remedies if it does not harm the cloth, but even warm water may remove some fruit stains. Never use soap as the alkali in it may set the stain and make removal more difficult. When using boiling water to remove fruit, coffee or tea stains, hold the tea kettle high. The added force given to boiling water by pouring from a height of two or three feet makes it more effective in driving out stains. Place the stained fabric over a large bowl or bucket on the floor, then pour boiling water from a kettle held several feet above. If boiling water does not remove all traces of coffee and tea stains, use a mild bleach such as sunshine, hydrogen peroxide or sodium perborate.

MANY EFFECTIVE POISONS AVAILABLE FOR RODENTS

Squill is widely used in rat-killing preparations with safety its principal advantage. It is relatively harmless to human beings and domestic animals. Rats can detect squill in baits, however, and the ones not killed by their first dose are not likely to take it again.

Barium carbonate is an old-time rat poison. It is relatively mild, and kills rats slowly. It is fatal to dogs, cats, chickens and larger animals if eaten in sufficient quantity. Arsenic (arsenious oxide or sodium arsenite) is widely used in commercial rat killing preparations. It is highly poisonous to all animals and to humans. Rats that survive a first dose are not likely to take it again.

Phosphorus is another poison extensively used, but in the absence of a good antidote rat killers containing phosphorus are considered unsafe for general use. Zinc phosphide, also used, is extremely poisonous. Some of the college rat control specialists advise farmers to wear rubber gloves in handling it. Strychnine is another virulent poison used in rat killing. It acts with great rapidity and it spares no favorites. Extreme care must be used in distributing baits containing strychnine.

A highly effective rat killer is the new material announced by the Fish and Wildlife service and known generally as 1080. This killer is so deadly to other forms of life as well as to rats, that it is safe only in the hands of professional exterminators. Another new rat killing chemical with numerous advantages is antu (a "quickie" or its chemical name, alpha-naphthyl thiourea).

SALT FOR ALCOHOLICS

The desire for alcohol can be satisfied, according to several eminent authorities, if the person wishing to abstain from alcohol will drink a glassful of water into which has been dissolved a level teaspoon of salt. The remedy is suggested by Doctors W. D. Silkworth and M. Texton of Knickerbocker hospital, New York, who, after examination of the blood of a large number of drinking persons discovered the salt content reduced. Their conclusion was that the individuals craving for liquor is an effort on the part of the system to secure more salt. The scientific explanation is interesting, but for all practical purposes a knowledge of it is not necessary to one who is concerned about escaping the urge for liquor.

Mother and Daughter Patients at Gonzales Warm Springs Center

Gonzales, Oct. 24 — The friendly and kind attention of nurses and attendants at Gonzales Warm Springs Foundation give this Texas-wide polio treatment center a home-like atmosphere for all patients, but for some it means even more.

Little Joy Jeffreys, age five, polio patient from Bryson, Texas, admitted to Gonzales Warm Springs Foundation last week has her "mommy" near at all times. Her mother, Mrs. Winnie Jeffreys, was admitted to the treatment center last week too. The mother and child were stricken with polio in June of this year.

Although Mrs. Jeffreys and little Joy are the first mother and daughter ever to receive treatment at Gonzales Warm Springs Foundation, family relationships are not uncommon at the rehabilitation center.

Two brothers, Charles and Robert Schandua, ages five and 12 respectively, of Fredericksburg, are patients at the center. Martha McCorkle, age eight, and Mary McCorkle, age four of Goodfellow Airforce Base, San Angelo, have adjoining beds in the little girls'

THE COUNTRY PRESS SAYS

Hot Springs, S. D. Star: "The vested interest in big government has reached a point where nothing but a record turnout of public spirited voters can halt the trend." Corvallis, Oregon, Gazette Times: "The administration's efforts in behalf of the CVA are supposed to be temporarily halted because of the war. It is going to be kinda expensive to keep a war going all the time just to keep Harry from forcing the people of the Northwest to give up their freedom to the administration socialists."

South Bend, Ind., Tribune: "Continued non-defense extravagance actually implies sabotage of the war-strained national economy and the armed forces."

Pearl River, N. Y., Telegram: "Our system of free enterprise is still functioning and will continue to function if the government does not hamper it with socialistic hobbles."

Mantua, Ohio, Record: "Who said farmers aren't smart? Action of dairy farmers in the Akron milk shed who voted last week against Federal milk marketing control shows that folks in the rural sections are awakening to the dangers of government bureaucracy, and the creeping socialism of the past few years."

Woodland, Calif., Record: "The newspaper still stands alone... as the watchdog of our American liberties and the unfettered expression of the public conscience."

MEAT IN THE FUTURE

Under normal competitive conditions, prices perform two important "regulatory" functions. First, they act as a distributor, by causing products to flow to the areas and individuals where the most effective demand exists. Second, they influence production in the future.

Take meat as an example of how, in a free market, the supply-demand situation controls prices. At the time the Korean war broke out, there was a seasonal drop in meat supplies. The war caused a wave of panicky buying. As a consequence, prices rose sharply. Then, as the supply situation improved and scare buying subsided, meat prices ceased their advance and in a number of cases declined considerably.

The meat situation now is excellent. Cattle numbers on farms and ranches in this country increased by about 2,000,000 head last year and are expected to show the same amount of increase this year. The government predicts that the 1950 pig crop will be the largest for any peace-time year on record. Informed sources say that the present and prospective meat supply is sufficient to meet the foreseeable needs of both the expanding armed forces and the civilian population. When the armed forces reach a total of 3,000,000 men, as is now planned, they will take only four per cent of next year's expected meat supply.

In other words, there will be plenty of meat, and, sold in the free market, it will move at prices established by the workings of supply and demand. There is no

need whatsoever for rationing or other artificial controls. Such controls, in fact, would produce far worse problems than those they were designed to solve. — Industrial News Review.

DOING THE JOB

According to the proponents of compulsory government health insurance, the American people just can't protect themselves against the exigencies of illness.

However, judging by their actions, the American people don't agree with that view. According to the Health Insurance Council, they gained millions of new subscribers—all of whom bought the service because they wanted it, not because the government told them they had to—in 1949.

That single year, hospital expense insurance increased its coverage from about 61,000,000 people to more than 66,000,000 — and only 10 years before it covered but 5,670,000. A relatively new form of protection that pays benefits for medical expenses other than surgery was owned by 12,895,000 people at the end of 1948 and by 16,862,000 at the end of 1949, a huge gain of 31 per cent in twelve brief months. Other types of insurance also showed healthy jumps.

This certainly doesn't look as if we, as a people, are incapable of doing something about the sickness problem. These plans are inexpensive—a few dollars a month gives the basic protection to a worker and his family. Their benefits have been broadened. And they don't require billions of dollars of tax money for support! No one argues that we have reached perfection in this field. Much remains to be done. But the point is that it is being done, in an orderly and effective fashion. And it is being done without placing an intolerable burden on the taxpayers—and without subjecting the healing arts to the whims of the bureaucrats and politicians. — Industrial News Review.

SUGAR-COATED STOPGAP

Many people assume that wartime controls are just around the corner but before being panicked into them they should realize that at best controls are no more than sugar-coated stopgaps. In the long run nothing can control inflation except the balancing of government income and outgo. This has not been done for nearly a generation. The present threatening possibility of a third world war is merely aggravating a chronic problem.

One of the most competent of the dissenters insofar as the price control craze is concerned is Henry Hazlitt, author of a column entitled Business Tides, in Newsweek magazine. Recently he warned that: "General price control is at once an ineffective and a crippling device by which a government pretends to protect its citizens against the inescapable

consequences of its own fiscal and monetary policies. But it has the merit—for the bureaucrats—of deflecting attention from their own irresponsible monetary policies on to private scapegoats known as "profiteers"...

"There is in existence at present more than three times the volume of money and credit as in 1939. It is this increase in monetary purchasing power, brought about by government policy, and not a continuance of war shortages or so-called "profiteering," that caused the high prices prior to June 25 of this year."

Until the people understand these hard facts and demand a new measure of integrity and frugality in the administration of government there is nothing but increasing misery in store for them —war or no war and regardless of controls. This applies with added emphasis to labor, agricultural, business and civic leaders who go along with the promotion of local projects at Federal expense and the endorsement of officeholders and candidates whose primary qualification is ability to secure Federal handouts. — Industrial News Review.

TO THE LAST DIME

If this country is to avoid a potentially disastrous inflation, our huge rearmament program must be financed, as nearly as possible, on a pay-as-we-go basis.

That, in turn, involves two things. First, there must be high taxes—and we are getting a taste of that now with the income tax increases that began October 1. Second, there must be drastic cuts in all government spending which is unrelated to defense. Nothing at all has been done in that direction. Indeed, some of the top men in government seem determined to

increase it. Their idea is to continue with spending as usual—and to simply pile the emergency military spending on top of it.

The American people will pay all the taxes that national security and unnecessary it is. Business, in other words, resisted to the best of its ability the opportunity to make a fast profit, on behalf of the long-term interests of the country and itself.

LET'S USE OUR HEADS

Every once in a while a good sign appears in this disordered and unpredictable world. One such sign has been the cessation of the scare buying and hoarding that followed on the outbreak of the Korean war.

At that time, a comparatively small number of consumers thronged into stores and bought up just about everything in sight. The result was temporary shortages of certain items. Now, for the most part, this dislocation in the normal supply-demand situation has been corrected. It is a tribute to the good sense of the American people — to say nothing of patriotic considerations—that only a few followed the disgraceful practice of hoard-

Just a Minute, Mister . . . SAVE THAT 50¢ DOLLAR

Maybe it sounds strange for us, being in the business of lending money, to say, "Don't go in debt now, mister. Save that 50c dollar."

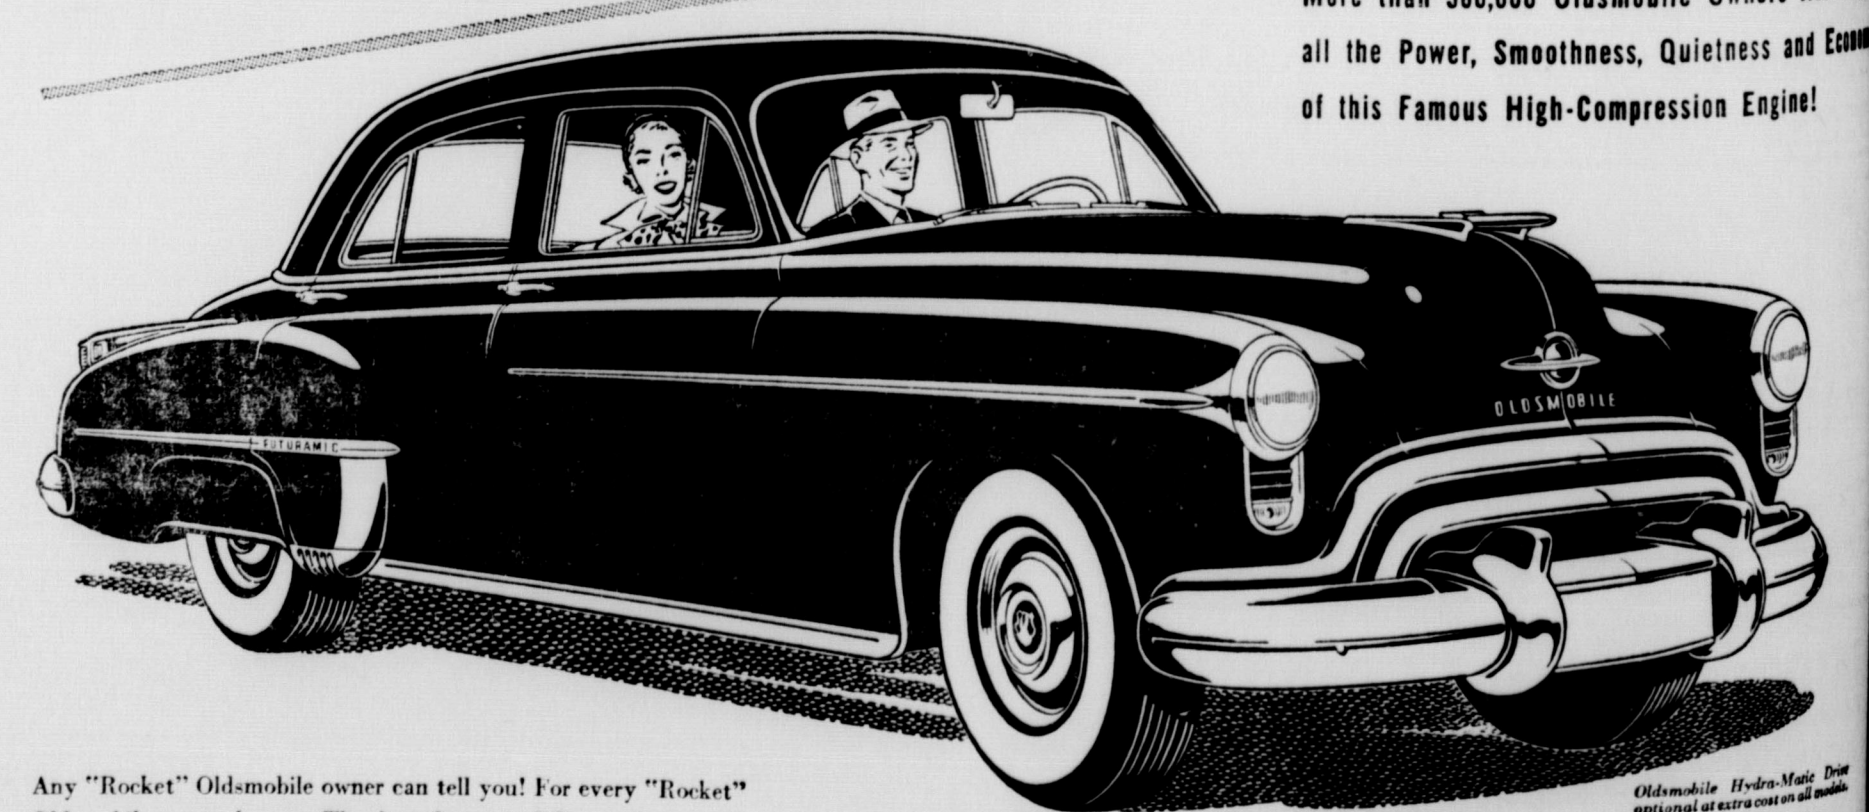

But we feel that it is the best financial advice we can give you. We urge you to buy your security by depositing a little more each week than you spend. Save a little more than you put out in cash. Let these 50c dollars grow for you 'til you reach the point where you have discovered that you have been gradually insuring your future on the installment plan.

A little payment down each week can create a tidy nest egg over the long haul.

THE WILDCAT

(Continued from Page 2)

CHS. We salute Sammy Cook and Beatrice James.

Everyone had a good time at Norma Jones' party Saturday night. We hear they had some excitement.

We saw Helen Ribble with her boy friend during the week end. He surely is cute, Helen.

What's this about Robert Brock learning to dance? Who's the teacher, Robert?

Fred Barker doesn't mind telling a girl what the deal is.

It's not everyone who can get a package through the mail like Maurine did. We hear she returned it to the rightful owner, though. Congratulations are in order for "Queen" Abston.

Seen over the week end were Myra Self and Joe Jones.

Seen after the game Friday night were Bob Haynie, Martha Ohr; Wanza Spears, Doyel Parks; Virginia McKown, Kenneth Parks; and our special freshman couple, David Jackson and Mary Alice Werley. Also around were Floyd Borchardt, Posey Autry; Jean Gamble and Gene Forester.

Wonder why Melba Ward is so happy these days? Could it be because Layton is home for good?

Joe Williams, don't forget that we have good looking girls in Crowell!

Mr. Black, did you enjoy the Fair? We hear J. W. enjoyed it very much.

Is it true what we hear about Don Gobin and Lois Eavenson? TELL US MORE!

We hope to see our sick student making the rounds again. Hurry and get well, A. L.

Seen together at Norma's party Saturday night were Mary Lou Woody and Max Hardin, Faye Black and Charles Wishon, Marcia Kincaid and Jimmy Woods, Pat Owens and John Potts.

Kay Cribbs and Bobbie Spears were seen with some Sheppard Air Force boys Sunday afternoon.

Camille Todd seems to be glad that James Jones is moving back to Crowell.

Carla Manning and Martin Langham seemed to be having a good time after the ball game Friday night.

We were glad to see Carolyn and Ginger together Friday night. Shirley Wehba was seen walking Buddy Caddell off the field Friday night.

All the freshman girls are swooning over the cute new freshman boy, Max Hardin. Can't you take a hint?

As one cross-eye said to the other, "I'll be seeing you."

The Cat's Tail.

SIDE SPLITTERS

On Saturday Neva Lou went down town without any money. She returned home that afternoon, and to her mother's surprise she had an armful of packages.

Mrs. Potts asked with surprise, "Neva Lou, how did you get all these packages without any money?"

Neva Lou: "Well, Mother, I've learned three magic words."

Mrs. Potts: "What are they?"

Neva Lou: "Charge it, please."

Recently a program was given and Buster Laquey was asked to be an usher. It was his first experience and he was quite nervous when the people began to arrive. Noticing a lady about to sit down in a pew that was already reserved, he hurried to the lady. "Mardon me, Padam," he said, blushing deeply, "this pie is accupewed. May I sew you to another sheet?"

A COMPANY IS KNOWN BY THE MEN IT KEEPS

When you must make your most important financial decision... involving life insurance for the protection of your family... you are well advised to choose a sound company, represented by an able agent.

The men and women who have chosen to represent Southwestern Life are public-spirited citizens, often working unselfishly in community welfare or civic improvement projects. They work, too, in life underwriter associations, making life insurance do a better job for the people of their towns and counties. In many ways they help to make their communities better places in which to live.

Yes, a carefully selected, well-trained and responsible Agency Force represents Southwestern Life, now in its 48th year of service to Texans.

Transportation of
Texas School Children
Will Show Increase

Austin, Texas, Oct. 14 — The number of school children to be transported during the present school term will show an increase over last year due to increased population and better school attendance, the Texas State Teachers Association pointed out today.

Facilities for transportation were expanded during the last school term to take care of the 320,000 living two or more miles from the school attended. This represented an increase of 25,212 pupils over the number transported during the 1948-49 school term.

Although better than \$10,000,000 was provided by the state to reimburse the districts for the cost of transporting school children, there is every indication that the amount provided was inadequate in many school districts. L. P. Sturgeon, Associate Commissioner of Education, stated that the official records show that only 23 counties were reimbursed by the state in amounts equal to the actual cost of operation. This means that the remaining counties received less money from the state than it cost them to operate the buses. The financial loss to some counties and school districts was small while in others it was heavy.

Such losses had to be made up by the individual schools from local funds. In many cases school western Baptist Theological Seminary in Fort Worth was a dinner given at the home of Mrs. Nina Newman's Sunday.

Mr. and Mrs. Carl Bradford and daughter of Vernon visited with her parents, Mr. and Mrs. Bill Dewberry, Sunday.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

Austin — Dr. Geo. W. Cox, State Health Officer, estimates that there are 500 million colds a year in the U. S. A. and they take an economic toll of two million dollars. This does not take into consideration the inconvenience suffered, or the fact that following or during a cold, other serious illness such as pneumonia, tuberculosis or mastoiditis gain a foothold. And the common cold is only one of the many winter enemies that encounters everyone from the crib to the coffin; some of the others are influenza, bronchitis, ear infections, sinusitis, and pneumonia. These are all respiratory diseases and they are caused by many different germs. Some of these germs are called bacteria and some are called viruses.

Just because you have had a cold is no reason you won't catch another. Two out of three people have three colds a year, and two out of eight people have four colds a year. Wet feet, drafts, chilling, exposure to bad weather, etc., do not cause your cold but they do weaken the body's resistance to a cold. So we say that there are favorable conditions for germs, one is the strength and number of the germs, and the other is body resistance which includes undernourishment, fatigue, irritation of the nose and throat by airborne substances, or chilling of the body.

The best way to avoid catching cold is to:

- 1. Avoid people with colds as much as possible.
- 2. Beware of fatigue, avoid overwork, get plenty of rest, exercise moderately out-of-doors.

EGGS USED BY BAKERS

American bakers keep approximately 15,500,000 hens busy each year providing the 2,706,000,000 eggs used in baking bakery products.

- 3. Keep feet warm and dry.
 - 4. Keep out of drafts.
 - 5. Eat a well balanced diet.
- If you have a cold, help yourself and others by staying home, eating light foods and calling your doctor if necessary.

NEW SCHOOLS TO RELIEVE VETERINARIAN SHORTAGE

A 70 per cent increase in the number of schools of veterinary medicine is expected to relieve the shortage of veterinarians. Prior to World War II, there were only 10 such schools in the United States, but in recent years seven new ones have been opened in order to meet the growing demand.

Graduating classes totaled more than 800 this spring—nearly double the annual average during wartime—and authorities estimate that the 17 schools soon will be graduating nearly 1,000 every year.

Five years of college training formerly were required for a degree in veterinary medicine, but the requirement has now been increased to six years.

Following state board examinations to obtain licenses to practice,

most of the current crop graduates will locate in rural areas. Much of their work is devoted to the care of farm animals and to public health work in meat and milk inspection. Large percentage of this group devote part of their practice to the care of pet animals, with many bearing and zoo animals also being in for a share of attention.

LICE LOWER PROFITS

Lice on laying hens cut down into the profit from the flock. Poultry producers do not realize that lice is causing a big drop. Lice worry the hens and the nervous reaction will cut the egg production to drop. It is one of the easier forms of poultry parasites to control. The producer can treat the roosts with nicotine sulfate compound just before time for the hens to go to roost. This compound will be operated by the warmth from the hens and the fumes, going through the feathers, will kill the lice. Treatment should be repeated 10 to 12 days so that the lice that have just hatched will be killed.

GETS "SPRING FEVER," IS DOWN ITS ROTATION
As the sap rises, the crocus budding and the robin's song, the earth seems to get feverish and slows down its rotation just a little.

Scientists at the University of Michigan's Scripps institution of geography have investigated phenomena to determine the cause of the seasonal slow-down. They have found that there is enough shift in weight due to the increase in foliage and to the spring to cause the earth to decrease its speed 0.02 seconds per day. Atmospheric winds, particularly prevailing winds, contribute 1.5 miles per day loss in speed, and currents are responsible 10 milliseconds per day.

There is also evidence that humidity makes a slight contribution to the slow-down. For the research shows that the automobiles in the United States were driven from Fairbanks, Alaska to Mexico City at about the same time, the earth's rotation would be affected by .000002 seconds per day.

The fact brought out in the study is that these factors when they occur in the northern hemisphere than when they occur in the southern.

Walter Munk, associate professor of geophysics, is in charge of the investigation. Purpose of the study is to see whether it is possible to use accurate astronomical observations in conjunction with atomic clock as a means of measuring the circulation of the atmosphere.

WHAT IS THE BIBLE LIKE?
by G. Vander Schuur, Moody Bible Institute, Chicago

The word of God is the most wonderful Book in the wide world! It has God's message for believers and unbelievers alike.

To the unbeliever, God's Word is both a mirror and a hammer. In James 1:23-25 we see that Scripture is like a mirror in which the sinner sees how repulsive he must look to a holy God. To the hardened sinner, God assures us in Jeremiah 23:29 that the Bible is like a hammer. If it can "break the rock in pieces," it surely can crush the stony heart.

To both the Christian and the non-Christian, God's Word is a sword and a fire. Hebrews 4:12 tells us Scripture pierces the soul and spirit, laying bare even the thoughts and intents of the heart. Ephesians 6:17 lists the armour of the Christian and climaxes it with saying "the sword of the Spirit... is the word of God"—the most mighty weapon the child of God has against evil." Glance once more at Jeremiah 23:29 and see that the Word of God is also likened to a fire. Fire both destroys and brings comfort. Christ said in John 12:48 that those who reject Him shall be judged by the Word which He has spoken. But fire also brings warmth, suggesting to the Christian both comfort and fellowship with God.

To the believer, God's Word is both a lamp and milk. Psalm 119:105 says: "Thy word is a lamp unto my feet" (lighting the path close by for the present), "and a light unto my path" (lighting the path farther ahead for the future). I Peter 2:2 indicates that as the tiny babe desires milk to satisfy his hunger, so the Bible supplies the spiritual food whereby the Christian grows.

Best of all, the Word of God is like a road map—charting the course to heaven distinctly in red—the blood of Jesus—for the "Way of the Cross Leads Home." Thank God for such a Book which convicts the sinner, but protects, warms, enlightens, feeds and finally leads the Christian safely to his heavenly home.

American Legion Convention Set for Graham on Oct. 28th

Delegates of 31 American Legion Posts in the 15 counties comprising the 13th Congressional District will assemble in Graham, Saturday, October 28, for their two-day Fall Convention, 13th District Commander Thomas A. Wheeler of Vernon has announced.

With 113,000 Legion members set as the Department goal for 1951, Convention delegates will coordinate the 1951 membership campaign of the 13th District with that of the Department which will be intensified during the latter part of October and the first of November. November 5-11 has been proclaimed as "Join the American Legion" Week by the Department Executive Committee.

In other business the 13th District Convention will lay plans for expansion of all phases of The American Legion Programs in the fields of Americanism, community service and post activities. Delegates may introduce other business from the floor of the Convention.

District and Department officials will be on hand for the Graham meeting which closely follows the National Commander's motor tour of 16 Texas cities, including Electra, Quanah, Vernon and Wichita Falls. Membership cards for 1951 will be presented to National Commander Eric Cocks, Jr., of Dawson, Georgia, by 13th District officials at these stops.

"SUPER" COTTONS

"Super" cottons, triple-hybrids that spin into yarns of from 25 to 50 per cent greater strength than present yarns, may become virtually a new raw material for use in cotton manufacturing. In early experiments, it has been found that some of these cottons spin more easily and produce yarns of greater smoothness and uniformity. Some varieties are reported to have luster like certain synthetic materials.

TEST FOR TUBERCULOSIS

A new, cheap blood test for tuberculosis, the first usable one in medical history, has been announced at Duke university bacteriologist. The discovery climaxes a 50-year search by scientists. Until now no tests have been satisfactory because they were not sensitive enough to detect early tuberculosis, or because they gave false positive reactions when patients had other diseases besides tuberculosis.

LONG WEARING

Both laboratory abrasion tests and actual use tests show that cotton has the highest wear resistance of all textile fibers in common use.

BAPTIST W. M. S. MEETS

The Woman's Missionary Society of the First Baptist Church met on Oct. 16 in the home of Mrs. Recie Womack. Mrs. Glendon Hays gave the third chapter of the book on "Prayer" which the Society is studying. She gave several points on how to pray and said that everyone should be in a prayerful attitude at all times. After the program Mrs. Womack served lovely cake and ice cream to the members present.

REBEKAH LODGE MEETING

Crowell Rebekah Lodge met for regular meeting on Friday night, Sept. 29, with Juanita Garrett, Noble Grand, in charge. There were 27 members present. Lodge opened in regular form. Plans were made for as many members as possible to attend District School of Instruction to be held at Seymour, on Oct. 5. During the business session the secretary was instructed to send a contribution of \$10.00 to the Chapel Fund for the purpose of building a chapel at the Home for Aged at Ennis which is maintained by Odd Fellows and Rebekahs of Texas. The meeting was concluded with the customary routine and a prayer by the chaplain. Fifteen members of the local Rebekah Lodge attended a district School of Instruction, held at Seymour on Oct. 5 which was an all-day meeting. Each lodge had a part on the program which exemplified some part of the work which is instructive. Crowell's part on the program was to exemplify the "Draping of the Charter" in memory of deceased members. The district is composed of 15 lodges of which 11 had good representation. Crowell Rebekah Lodge met for regular meeting on Friday night, October 13, with Joicy Jones, Past Noble Grand, in charge of meeting. There were 12 members present. Lodge opened in regular form. During the business session it was voted to confer the Rebekah Degree on a candidate at the next regular meeting, October 27. The meeting was concluded with a prayer by the chaplain.

COLUMBIAN CLUB

The Columbian Club met with Mrs. C. C. McLaughlin and Mrs. Pearl Carter at the home of Mrs. McLaughlin on Wednesday, Oct. 18th. In compliance with the requirements of a standard federated club, Youth Conservation Week was observed with this meeting. Mrs. D. R. Magee was leader and had arranged a most entertaining program. She introduced six local youngsters who each in turn presented an unusual entertainment feature. Ann Bayless played a piano number, "Claire de Lune" by Debussy. Frances Kincaid gave a travelogue, mentioning impressions of her recent visit to Washington and New York. George Morgan is becoming an accomplished accordionist, and played "Cadets on Parade." Bill Halbert, a speaker of no mean ability, entertained his listeners with a short description of art as applies to portraiture and engineering uses. David Bayless' rendition of "Serenade" by Franz Schubert on the trombone, accompanied by his mother at the piano, showed much talent and his number was thoroughly appreciated. David Jackson of Thalia highlighted the program with the story of his visit to the Boy Scout Jamboree at Valley Forge, Pa., this summer. These boys and girls rendered a program which would be a credit to any community. The Junior Columbian Club members and Mrs. Bayless were special guests. The hostesses served sandwiches, cake and punch to those present.

BIRTHDAY OBSERVED

Mary Lynn Graham, daughter of Mr. and Mrs. Chester Graham, was honored with a birthday party given by her mother on Thursday afternoon, Oct. 19, in celebration of her eighth birthday. The surprise party was given in the grade class room of Mary Lynn. Mrs. Grady Graves, class room teacher, directed a delightful series of outdoor games before the children returned to the room where a story was told and songs were sung. The refreshment table provided a decorative scheme of Halloween motifs and fall flowers. A lovely decorated cake with lighted candles centered the table and Halloween trinkets were placed as party favors for each child present. The candles were blown out and "Happy Birthday" was sung before the cake was served with ice cream to the following guests: Miles Welch, Charles Robertson, Don Ray Polk, Jimmie Joe Owens, Margie Raspberry, Joyce Latimer, Kay Johnson, Barbara Goodwin, John Gary McLain, Taylor Johnson, Billy Ruth Gentry, Margaret Fiske, LaVerne Doyle, Don Keith Ingle, Benny Ferguson, Jerry Don Eubanks, Songa Gale Denton, Kay Collier, Margie Rose Coker, Bobby Barker, Rachel Woodard, Melvin Banks, Loretta Brown, Mike Whitten and Delton Brown, also Susan Carr and Jan Graham. The hostess was assisted in serving by Mrs. Jeff Bell.

CLASS MEETS TONIGHT

The class meeting of the Co-Laborers' Class of the Methodist Sunday School will be held tonight (Thursday) at 7:00 o'clock in the home of Mrs. Jim Shook. All members are asked to notice that the place of meeting has been changed and it is hoped that a large number will attend.

RESERVE GAME

The High School reserves did not play a regular game and there was no kick-off, the coaches of both teams were on the field, and there was no charge for the contest. Wayne Borchardt went sixty-five yards for one score on a reverse play, and Billy Abston intercepted a Dragon pass and ran it back thirty yards for another score. Fred Barker did some excellent punting for Crowell; James Denton and Raymond Halenak did some good ball carrying; Ginger Johnson and Leon Pechacek stood out on blocking assignments; and Lee Roy Bice and James Denton looked the best on defense for Crowell. Other boys that saw action for the Crowell Reserves were: Buddy Caddell, Jimmy Everson, Billy Ray Latimer, V. W. Latimer, Billy Johnson, Glyndon Johnson, George Scott, Joe Don Thompson, James Hall and Jim Tom Cates. Gordon Erwin and Glen Taylor assisted Thayne Amonett in the coaching of these squads.

Home Demonstration Notes

MARY DEEB BROWN

Last Tuesday, October 17, Mrs. Charlie Bryson of the West Side Club, Mrs. Maude Raspberry of the Vivian Club and Mrs. Willie Garrett of the Gambleville Club went to Quanah with the agent for a marketing meeting held by Miss Myrtle Murry, Specialist in Home Marketing for the Texas Home Extension Service. Women from Childress, Hardeman, Collingsworth, Wilbarger and Foard counties were there. Miss Murry discussed the purpose of the Marketing Committee and gave a demonstration on buying sheets and pillow cases. We all enjoyed the meeting and gained a great deal from it. On Wednesday, October 18, Mrs. L. A. Andrews, Mrs. Verda Bell, Mrs. Leslie McAdams, Mrs. Herman Kincheole, Mrs. Charlie Bryson, Mrs. Clyde Bowley and Mrs. M. O'Connell met in the agent's office to make United Nations flags which will be flying all over the county this week. We all brought a covered dish and ate together and had a good time as well as made flags. On Saturday, October 21, the Foard County Home Demonstration Council met in the agent's office with the following women present: Mrs. Clyde Bowley of Vivian Club; Mrs. Verda Bell and Mrs. Bax Middlebrook of the Margaret Club; Mrs. A. B. Calvin of the Gambleville Club; Mrs. S. C. Kuehn and Mrs. Ewald Schroeder of the Riverside Club; Mrs. Herman Kincheole and Mrs. C. R. Bryson of the West Side Club. Officers for the next year were elected as follows: Chairman, Mrs. Willie Garrett; Vice Chairman, Mrs. S. C. Kuehn; Secretary-Treasurer and Reporter, Mrs. C. R. Bryson and THDA Chairman, Mrs. Verda Bell. All of these women will be excellent workers and we are expecting a great deal from them. The copper picture programs have attracted a great deal of interest and comment. If you plan to make any more, Mr. Klepper has the necessary pasteboard and gummed hangers now.

WILDKITTENS AND RESERVES WIN TWO GAMES TUESDAY

The Crowell High School Wildkittens, future Wildcats, won a doubleheader against the Little Paducah Dragons here last Tuesday night. The Crowell Grade School team defeated its opponent 2 to 0, and the High School reserves won 13 to 0. The Grade School boys scored one touchdown in each quarter. Crowell drove ninety-five yards for the first score with Gerry Knox making the last five. DuWayne Elliott ran the extra point over. Crowell's second touchdown was set up on a thirteen yard pass from Gordon Graves to Knox, and a 13-yard run by end Jimmy Harper. Gaylon Whitley scored from the five. Elliott again ran the extra point over. Jim Thompson ran 69 yards for a Paducah touchdown. Crowell scored in the third quarter when Knox again went over for the six. Whitley ran the extra point over. Carroll Polk went fifteen yards on an end-around play for Crowell's last score to make the final count 27 to 6 for the Wildkittens. Outstanding blockers for the Wildkittens were Robert Kincaid, Gaylon Whitley and Ronny Fox. Outstanding tacklers were Gerald Myers, DuWayne Elliott, C. T. McDaniel, Jackie Walker and Jimmy Harper. Other boys that saw service in this game for Crowell were R. L. Banks, Don Smith, Robert Love, Mike Wishon, Floyd Bice, Billy Hopkins, Don Kidd, Jimmy New and John Trawack.

UNITED NATIONS DAY OBSERVED IN FOARD COUNTY TUESDAY

Four United Nations flags were flying in Foard County on Tuesday, Oct. 24, and most of the citizens saw the blue and white flag which is the symbol for the peace for the first time. The flag was one at the Margaret Office, one at the Crowell Office, one at the Thalia School, one at the Thalia Grammar School, and one at the Thalia special assemblies with programs by the 4-H members. In Crowell, Miss Cora Carter gave a short talk on the program of the United Nations. The program "The Star Spangled Banner" by the United States Glee Club, Gaylon Whitley gave the message of the U. S. flag and Frances Kincaid led the group in pledging allegiance to the flag and reciting the Lord's Prayer. Mrs. Bell gave the message of the flag. A short discussion was given by Betty Bartley. Judy McDaniel read the poem "Be Strong," the assembly closed with the singing of "America." Mrs. Bayless played the piano accompaniment and Jerry Thompson opened the curtain. Mrs. Elmo Todd, an instructor, had rehearsed the program and assisted them with the program. In the Thalia school, the program was much the same with Long and Dorothy Gamble singing in the singing of "The Star Spangled Banner." Rufus Johnson and Judy Crabbs carried the flag and led the pledges of allegiance and Rufus and Dorothy gave the message of the flag. Peggy Long led the group in pledging allegiance to the flag and the discussion was given by Barbara Luckie, Glad Edens and Cybil Henry. Glad Edens read the poem "Be Strong." Peggy Long and Dorothy Gamble directed the closing song "America."
