A Modernized Art
BY DR. JUNE M. COOK

Spinal manipulation was first used by the Egyptians and the Greek physicians many years before the birth of Christ. Chiropractic, as known today, was founded by Dr. D. D. Palmer in 1895. He systematized and developed this form of spinal adjusting and prepared himself to teach it. Dr. Palmer established the fact that constriction of the spinal nerve openings through joint deviations affects the spinal nerve root as well as the spinal cord and is in many cases the fundamental cause of symptoms of various ailments. He based his reasoning on the results obtained in his clinical practice, and later proved his work by the x-ray.

Due to its beneficial results, the science has attained wide recognition ranking as the largest drugless profession with numerous colleges, clinics and sanitariums. The professional training to practice covers a period of four years.

From statistics compiled by the Chiropractic Research Bureau, it is of particular interest to note that spinal adjustments obtain results in many conditions where traditional methods prove ineffective.

(One of a series of articles published in the public interest to explain and illustrate the practice of Scientific Chiropractic, written by Dr. June M. Cook, Chiropractor, whose office is located at 308 E. Commerce St., Crowell, Texas, Tel. 117.)

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B₁, B₂, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it, Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is So Effective
An important thing about HADACOL is that you get Vitamins B₁, B₂, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

Take it from me... there's nothing like Ford Hydraulic Touch Control

Maybe I'm lazy or maybe I'm smart. Anyhow, when I'm on a tractor, I don't want any tugging at stiff levers to raise heavy plows, cultivators and whatnot. I'll take Ford Hydraulic Touch Control every time. I can sit on this new Ford Tractor and lift or lower and set an implement by moving the Touch Control lever. Say! Maybe you are like me... lazy or smart, take your choice. Anyhow, if you want easier, faster farming tell me to bring out a new Ford Tractor for a free demonstration that you'll enjoy... without obligation. By the way... my good service on all Ford Tractors and equipment for them has a lot of folks talking.

“Hot” Chemicals Used on Cancer

Cancer research has devised a new blasting job for exploding atoms. This time they are being put to work destroying cancer cells in a patient's body. Chemicals are made radioactive in the government's main atomic energy furnaces and shipped throughout the country.

Radioactive iodine settles in and destroys cancers of the thyroid in about one of four such cases. Radioactive phosphorus has prolonged the lives of patients with lymphatic leukemia and other lymphatic forms of cancer. It concentrates in and destroys growing lymphatic tissue.

CHS ONE-ACT PLAY CAST WINS FIRST IN DISTRICT 11A

Iowa Park provided the scene Friday, March 30, for the 1951 Interscholastic League meet one-act play contest.

Out of the seven schools entered in this contest, CHS took the first prize trophy with the drama, "Special Guest" by Donald Elser.

Mrs. Elmo Todd, director, received the golden cup from Mrs. Owens, speech director at Iowa Park, and gave an acceptance speech.

Individual character honors for boys were given to Jimmy Franklin for best actor with Iowa Park receiving recognition for second best actor. Third place honors went to Billy Johnson.

Iowa Park and Burk Burnett had within their casts the first and second best actresses respectively, while Betty Barker won third place for Crowell.

Crowell was up against keen competition, for the plays this year were exceptionally good.

Coming in second place was Iowa Park with a comedy, "The Tangled Web" by Charles Stephens. Third place winner was Chillicothe presenting "The Flattering Word" by George Kelly. Other schools entered were Burk Burnett with "Lost Victory" by North Baker, Holiday with a romantic comedy, "Mr. Vincent," Olney with Booth Tarkington's comedy, "Station YYY," and "This Night Shall Pass" by Dorothy Wilson, presented by Seymour.

The Special Guest cast, Billy Johnson, Jimmy Franklin, Betty Barker, Marcia Kincaid and Don Gobin will go to Wichita Falls Saturday to compete with the district 12A winners for this area. Going along as backstage workers will be Wanda Jones and Rebecca Calvin, properties, Thurston Edgin and Robert Brock, electricians, and Maurine Youree, student director. Mr. Elmo Todd and V. A. Smith have also been helping with the play.

Crowell's winning the one-act play not only brought a new award for the trophy case, but will help to add to the number of points for Crowell in the Interscholastic League.

ery was particularly so Thursday as she brought to the stage the penniless unknown little boy who was the main character in this latest Costain sensation. The review was featured by Sanger Bros. of Dallas.

More than 200 were present, among whom juniors, seniors, seventh and eighth graders were special guests.

Recalling Costain as a man who has identified himself as a writer of pageant pieces as "The Black Rose" and "The Conquerors," Mrs. Emery said, "This time though, he has fooled us. This time, he is probing into the heart of a little boy, unless it is the heart of a little girl!"

From that introduction, Mrs. Emery went into her dramatization of the story of Luda Prentice, who was sent by an aunt in England to join his father in Canada. The parent having committed suicide the day before the youth's arrival, Luda's upbringing was undertaken by the people of the town. His life story, as recounted sympathetically by Mrs. Emery, thus became the story of the motley crowd of men, women and children who played a part in his growing up. Mrs. Emery again stressed, as shown in the character of Aunt Tillie, do not be a "holder against."

Mrs. Emery was aptly described as a reviewer with "dramatic ability and personal charm" by Mrs. Hubert Brown in a gracious introduction. Mrs. Emery acknowledged the introduction and thanked the Adelpian club members for her courage, "Glamalia."

This is the first year Mrs. Emery has brought a book review to Crowell.

The speaker stood in front of a stage that was decorated with Chinese fern and greenery. To her right was an artistic arrangement of hyacinths and spring flowers.

Crowell was very fortunate in securing Mrs. Emery and the general opinion seems to be, "We hope Crowell will be able to arrange for Mrs. Emery's return at a future date."

All proceeds from the sale of tickets went to the Youth Recreation Fund.

LAST OF SOUTHERN ASSEMBLIES GIVEN THURSDAY MORNING

Climaxing a series of six Southern Assembly programs Thursday morning, the King Ambassador quartet, Quaker and Bell Ringers presented an entertaining hour of singing and bell ringing.

The four men were introduced as Wimpy, Bubbles, Papa and Junior, and were dressed in identical costumes of navy trousers, a bright blue sash, and a light blue bolero. Their precision walking on the stage added to the feature.

The quartet sang two classical numbers before playing the Swiss bells.

In addition to other numbers they gave their impersonation of the opera, "Rigoletto" and the favorite of the audience, "Dry Bones."

Featured on the Swiss bells were "The Bells of St. Mary's" and "Listen to the Mocking Bird."

Bubbles presented a bass solo, "The Big Bass Vololin."

Acclaimed "Kings of Harmony" by the press and the public, the King Ambassador quartet entertained the high school and elementary students with a program of laughter and music.

AMARILLO SITE FOR AREA 1 MEETING

The three girls who represented our FHA chapter at the Area Meeting at Amarillo last Saturday, March 31, came back with some interesting reports. Jean Hughton was chosen to go because she was voted to have made the most outstanding dress in her home-making class. Elba Caddell went as our area representative and Nora Lee Davidson, as our voting delegate.

Mrs. Kenner, Mrs. Lola Black and the girls left Saturday morning at 5 o'clock in Mrs. Kenner's car and arrived in Amarillo at 9.

The meeting was in two different sessions. In the morning from 9:30 until noon and then again in the afternoon from 2:15 to 4.

The more outstanding highlights of the meeting that the teachers and the girls enjoyed were the Amarillo Choral Club and Swing Band presenting such numbers as "Nevertheless" and "South."

At 2:15 the Gordon Style Shop modeled dresses, California styled. These were in three sections: playclothes, suits and evening dresses.

Following this was the High School Style Show where one girl from every town in Area I modeled a dress. Jean modeled her very stylish two-piece navy blue linen dress. Mrs. Kenner remarked that these dresses were so very outstanding that they very easily could have competed with the styles from California.

The little group started for Crowell at 5 p. m. and arrived home at 9:30.

SIDE SPLITTERS

Coy Payne: "What is the date, please?"
 Mrs. Davis: "Never mind the date. The examination is more important."
 Coy Payne: "Well, I wanted to have something to write on my paper."

Fred Barker: "Can you keep a secret?"
 "Grin" Stinebaugh: "Sure."
 Fred: "I need to borrow some money."
 "Grin": "Don't worry, it's just

as if I never heard it."
 Jimmy Jones: "I shot my dog."
 Jimmy Woods: "Was he mad?"
 Jimmy J.: "Well, it didn't seem to exactly please him."

WILDCAT WHISPERS

April Fool is gone and past, and I can be the fool 'til the last. But oh! Did I have fun? Gay day, my very favorite of all the year. For not only then can I vent my mischievousness to the nth degree, but everybody else follows after.

Just imagine: George Ward with his algebra! Mrs. Davis with a new hair-do! Eva Rae Gearlin with an "F"! Hack Norman being quiet!

FACTS: Jimmy Franklin says that the reason women do not have beards is that they talk the roots out. James McBeath still insists that Mrs. Sloan does not understand him.

Say, Norma and Rosemary, why are you spending so much of your time in Vernon these days? I thought the Crowell boys were good looking; but I guess J. W. and Quin are much better looking, eh?

Who's the good looking boy Pat Hammonds has on the string? It sure is nice to see John Diggs roaming the halls of CHS again. Nice to have you back, John.

Noma and Joe Bill make a real cute couple. Hope it lasts. It seems as though the Truscott girls had broken hearts when the Benjamin boys went to the Army. Joyce Ford was riding around Sunday with a good looking boy in a Ford.

Triangles: Billy Caddell, Carla Manning and James McBeath. Also Ruth McRae, Wayne Shultz and Mary Chowning.

 We wonder who Barbara White is dating now? Don't be so secretive.

Mary Lou Woods was seen with a strange, but good looking boy Saturday night.
 Roy Whitley and Bobbie Spears seem to see eye to eye.
 Pat, Peggy, Elba and Faye surely were happy to win the Talent

 Well, that's all the news (?) for this week, but as one crossed eye said to the other, "I'll be seeing you."

CLASS PROPHECY

(By Janile Caram)

Before you start to read this information, I want you to remember that this is 1965 and the class of 1951 has been out in the world a long time making a name for themselves. The night of their graduation the class of '51 decided that they would start a chain letter to keep in contact with each other. A week after the letter is received, the receiver answers it, and this way the chain has never been broken.

When they heard that I was going to let you read this, each member quickly summarized his life, accentuating his success.

The first I have is a note from Jimmy Tom Cates. As you remember, he always had a great ability to carry on a noteworthy business meeting. It didn't surprise me that he was appointed Chief Justice of the Supreme Court of the United States. We like to feel that he attained some of his ability while working in our class.

The next note was from Betty Barker, who is playing her third straight year in "Nine Lives Has She." She is now in Europe, but the play is planning to take a road tour, and we hope to see it when it comes to Crowell.

We turn now from the dramatic to the journalistic field. We have a correspondent for the United Press from our class. He is none other than Donald Reynolds. Do you remember how he always got A's on his themes and always wrote up the class news? He was given an award for being the youngest man on the United Press payroll. He always sends us news articles when he meets our local citizenry on their travels. Last summer when our teachers toured Europe, he showed them through several countries.

I was horrified when I read Frank Mabe's last squib. Do you remember how she never looked at another boy besides Charles Wishon during her school years? After graduation they gradually drifted apart. She worked as a hosiery model for a while and later tried her luck in Hollywood. Frankie made her fortune, however, by marrying wealthy bachelors, and at the last reading had gone to Reno for the fifth time. Charles Wishon, on the other hand, never did marry, so maybe we can get them together yet. Do you think she could give up all the luxuries of life and live a quiet farm life? It's something to look toward in the future.

As I recall Haskell Norman, he never could settle down. If ever anyone had trouble studying, it was Haskell. His parents, however, were convinced he wasn't all play-boy and sent him to college at Princeton University. He followed this by further studying and later went to India as a medical missionary. He's back in the United States on furlough and is returning to India in six more weeks.

Not all of the class, however, reached such far-flung fields. Many stayed here, married, and settled down to a quiet life. Many went away to college only to return to a greatly admired friend. Sundays, you can always find Bobbie Abston, better known as Mrs. Jon Sanders, leading the Church of Christ singing, and occasionally singing a solo. Every day of the week you can walk down the street and find your old friends working in any of the stores or business establishments. The man who puts up your mail before you arrive is none other than Wayne Shultz. Real estate can be purchased from

Harold Ribble or his able and wife, Laverne. She is the best liked man on the board. We used to wonder if Sparks would ever gain any weight, but I suppose he found a cleaver.

Do you remember how Parks always kept us in the wrong? We worked the wrong maps, lems or read the wrong news. Well, she went to college now teaching school here. It wouldn't surprise me if she winds up being a cleaver.

"Duke's son, cook's son, son of a hundred kings," Mrs. Herbert Emery of Dallas said at the Crowell High School auditorium Thursday afternoon in reviewing Thomas Costain's newest novel, "Son of a Hundred Kings."

And, that was reviewing! Customarily brilliant in her interpretations of current books, Mrs. Em-

where beautiful sandwiches, and I hope to praise them enough, so that one of the girls will test them out on me.

These are just a few details of the lives of these successful men and women. To tell all about them would take more time than I have. As a class they have made good their threat to make a name for the class and at least 90 per cent of them have found happiness through service.

The newest addition to the Benjamin business district is the Benjamin Hospital for Cowboys owned and operated by Doctors Patsy Owens and Peggy Traweek. Also in the vicinity of Benjamin and Truscott is the radio-controlled Yellow Cab service between these two cities, and who else could be owners but Ann Haynie and Martha Orr with Opal Jean Browder at the controls.

Jimmy Raspberry is the only multi-millionaire of the whole class, and his two private secretaries are Neva Lou Potts and Myra Don Self. We hear that he made his fortune by selling Hadacol, but it may not be true.

The other night, I was sitting in front of my television set, chuckling over a very lively commercial for a nationally known brand of soap flakes. Gradually the chorus faded into a quartet which seemed strangely familiar. I got up and went over closer to be sure I was right, and I was. It was Charlie Reynolds, Joe Howard Williams, Glen Jones and Charles Pittillo. It was barber shop harmony they were giving out with. The last I saw of them they had just finished trimming the long beard of a bald head (the shop seemed to have bald-headed customers only) and had lined up and started singing "Dear Ole Crowell High."

The next scene was an exclusive showing of spring fashions for 1951. Three beautiful models were modeling long-sleeved, high-necked dresses with about 10 yards of material to each dress. But even strange styles could not dim the beauty of my classmates, Joyzell Thomson, Melba Ward and Barbara White, who were looking as chic as ever.

The next attraction was a singer or billed as the "Songbird of the Southwest," who was none other than our Peggy Weaver. Her specialty was a number, "There's Been a Change in Me."

Maybe by this time, I was thinking of refreshments; anyway, the next I saw was a big kitchen with all the latest gadgets. Commanding this kitchen were four of our cleverest girls, Virginia McKown, Billy Jean Love, Ruth McRae and Mildred Tamplin. They were in business together, making party sandwiches, quick freezing them, and shipping them by refrigerator planes all over the world. They

"The Saga of Peta Nocona," a 30-minute musical composition, will be based on this marker situated half way between Crowell and Thalia. Now a peaceful rolling countryside, it was once the scene of the bloody fierce battle in which Peta Nocona, legendary Comanche chief, was killed and his wife, Cynthia Ann Parker, recaptured. The story will be recreated in music April 17 in Wichita Falls with the Oklahoma State Symphony and a 200-voice choir. The composer is Eitel A. Nelson of Wichita Falls.

ADELPHIAN CLUB

The Adelpian Club met March 29 in the Crowell High School auditorium. Marcia Kincaid opened the afternoon's program with a piano solo.

Mrs. Herbert Emery of Dallas reviewed Thomas Costain's newest novel, "Son of a Hundred Kings." Mrs. Emery has a television program each Tuesday afternoon at 3 over TV station KRDL. She has the distinction of being the first to give a book review on television.

Mrs. Emery was particularly brilliant in her interpretations Thursday as she brought to the high school stage the penniless, unknown little boy who is the main character in this latest Costain sensation.

Mrs. Emery dramatized the story of Ludar Prentice, who was sent by his father in Canada. The parent having committed suicide the day before the youth's arrival, Ludar's upbringing was undertaken by the people of the town. His life story, as recounted sympathetically by Mrs. Emery, thus became the story of the motley crowd of men, women and children who played a part in his growing up.

The review artist was introduced by Mrs. Hubert Brown, Adelpian Club president. About 250 were present for the review.

METHODIST W. S. C. S.

At the monthly social meeting of the Woman's Society of Christian Service which was held in the home of Mrs. J. W. Bruce Monday afternoon, Mrs. Oscar Gentry and Mrs. Leotis Roberts were joint hostesses.

Mrs. Jim Shook conducted a devotional using Psalm 103. "I Need Thee Every Hour" was sung by the group.

Mrs. Charlie Bryson was leader of the lesson on "Changing Pattern for Women." Mrs. R. R. Magee assisted her with a talk on "Early Conditions in America." Mrs. Will A. Jones spoke on "Changing Patterns."

Mrs. Bryson talked on "Women in Industry" and a guest, Mrs. G. C. Walker of Dallas, closed the meeting with a prayer.

The hostesses served refreshments to nineteen members and Mrs. Walker.

Austin, Texas, April 2—There are about 30 days left of this Legislature's scheduled 120-day session. At this point it is possible, judging from what the Legislature has already achieved and from the direction in which it is headed, to make some predictions that seem fairly logical.

First, there is a rather good chance that the legislators will finish their business in the appointed 120 days and adjourn at the end of that time. They can stay longer, and sessions of this

Verda Bell, THDA chairman, Mrs. S. E. Tate, Mrs. Clyde Bowley and I will leave the courthouse at 7 a. m. for the district THDA meeting to be held in Wellington. If anyone else is interested in going, please contact me. I'm sure it will be an excellent meeting with HD Club women from many counties in this part of the state.

The High School seniors are landscaping part of the school grounds with the help of the Garden Club and Vernon nurseries. Quite a few of you have things in your yard that you might let them have. Since we've all been pruning and trimming out lately, I feel sure that some of you have thrown a lot of plants away. If you do have forsythia coming up everywhere or japonica, or any other plants, don't throw it away. Contact Mr. Black or one of the high school seniors to see if they can use it. They can particularly use evergreens such as pflizer junipers, etc., and flowering hedge plants such as bridal wreath, lilac and even just plain privet hedge. Do think of them next time you work in your yard and see if you don't have something they can use.

JUNIOR COLUMBIAN CLUB

The Sub-Junior Columbian Club met on March 28 in the home of Frances Kincaid. The program was about "Hobbies." Hobbies of the girls were displayed on tables. The roll call was answered with "My Hobby." Billye Bell gave a talk on Vancouver Island. Neva Lou Potts gave an interesting article on "Spoon struck." Refreshments were served to fourteen club members.

COLD CUT NAILS

kind are usually prolonged into the summer.

It is safe to prophesy that the Legislators will pursue their investigation into crime, and that some kind of action will be recommended. Texas has never been known as an organized crime center, but now that the state has reached a sort of economic pinnacle, the racketeers are looking this way with interest.

Wherever there is great wealth, there are bound to be criminals trying to get a part of it. Members of the Legislature seem determined that we must keep the big syndicates, the people like Frank Costello and Mickey Cohen, out of Texas.

Cohen found out pretty quickly that Texas Legislators were not fooling when they subpoenaed him to appear in Austin and testify as to his activity in this state, if any. He was cited for contempt when he failed to appear as ordered. After the citation was issued, Cohen found that he could, after all, appear in Austin to give his testimony. He had originally said that he didn't have the money to make the trip.

On the transportation front, it is likely that we are going to wind up with two new pieces of legislation.

One is House Bill 11, which provides that overloaded trucks must unload on the spot enough weight to conform to Texas law. This is an enforcement measure which is intended to stop overloaded trucks from traveling our highways.

The other is Senate Bill 57, which puts into Texas law the gross load rules recommended by the American Association of State Highway Officials in a "code" which has the endorsement of the U. S. Bureau of Public Roads.

The code increases the Texas gross load limit for trucks, depending on their ability to carry greater loads. It keeps the present 18,000 pound per axle limit, but it reduces the legal limit for tandem axles from 36,000 to 32,000 pounds.

J. G. Turney, a consulting engineer of Houston, testified before a Senate committee the other night and said that if truck loads were kept down to the provisions of

Senate Bill 57, "there will be overstraining of the pavement in its subgrade."

Senator Rudolph Weimer's committee when he expressed the views of the Senate committee when he trucks to carry more gross weight providing the Legislature put enforcement into the law by House Bill 11.

Opponents of Senate Bill say they fear additional weight would result in big damage. But those who favor the bill point to the American Association of Highway Officials' recommendation of it, and they emphasize that Defense Department James F. Knudsen asked that trucks be permitted to carry more weight in order to speed the mobilization program.

On another front, the Legislature would like to prohibit the sale of all alcoholic beverages in the state.

The drys have lost one in the Constitutional Amendment Committee of the House of Representatives—and they say will try again. But it takes a third vote of the Legislature to submit a constitutional amendment to the people. It does not seem this time that the drys have many votes in the Legislature.
