

THALIA
MRS. C. H. WOOD

Andrew James of Carlsbad, N. M., spent the week end with his parents, Mr. and Mrs. Robert James.

Word has been received here of the marriage of Miss Mary Jo James to Tex Path of Leesville, La.

A recent letter from Cpl. Jesse

CHIROPRACTIC CITES METHOD OF KEEPING FIT.

BY DR. JUNE M. COOK
Chiropractor

Chiropractic adjustments will release the vital nerve forces that are required to keep your resistance up to par. You have within you all the resisting power you need but that power is of no service to you so long as it does not reach every part of your body.

As long as there is nerve impingement the flow of vital force to the various organs will be interrupted. Chiropractic is a natural method by which to keep strong and healthy. Thousands of individuals have been restored to robust health and vigorous activity by the application of its principles. Achievement in restoring sick people to health merits your consideration, investigation and trial.

Every man, woman and child should realize the tremendous health value that occurs by keeping the spine in normal condition. Disease is lack or excess function in any part of the body. All function is controlled by mental impulses from the brain.

Therefore, the cause of disease must be interference with the line of communication between the brain and the diseased part. It necessarily follows that the only permanent way to do away with disease is to adjust its cause and thus restore the communication. Chiropractors do this by adjusting the vertebral misplacements that cause the obstruction.

(One of a series of articles published in the public interest to explain and illustrate the practice of Scientific Chiropractic, written by Dr. June M. Cook, Chiropractor, whose office is located at 308 East Commerce Street, Crowell, Texas, Phone 117.)

M. James who is in Korea says he is all right, but sure will be glad when he can see the good old USA.

S-Sgt. and Mrs. Quinton Staton of Burkburnett spent the week end with Mr. and Mrs. Robert James.

Charles Howard Burse has returned home after the end of school at Texas A&M.

Will Tarver of Abilene was a visitor here last week.

Mr. and Mrs. Will Johnson, Mr. and Mrs. O'Neal Johnson, Mr. and Mrs. Douglas Tucker, Mr. and Mrs. Reed Johnson, Mr. and Mrs. Chas. Earl Neill and Mr. and Mrs. Morgan Price attended the funeral of their son-in-law and brother-in-law in Amarillo last Sunday.

STOP THIS DISCRIMINATION

At this recent meeting, the Mountain-Pacific State Conference of Railroad and Utilities Commissioners passed an extremely important resolution by unanimous vote. It asked that Congress abolish the preferences now given to public bodies in buying the electric power produced at Federal power plants and to make that power available to all users on the same terms.

Present laws require that "preference and priority" in the sale of all government power be given to public utility districts, cooperatives and similar organizations. This, said H. N. Beamer, president of the Idaho Public Utility Commission, discriminates against power users served by regulated

utility companies. He added, "Thus the preference tends to force a change from private to public ownership of electric distribution facilities. Unless this trend is halted, socialization of a large part of the electric industry in the West will be the inevitable result."

The last paragraph of the Commissioners' resolution reads, "Be it resolved that the Congress of the United States be urged to adopt a Federal power policy which will make power generated at Federal projects available to all citizens and users without discrimination, and that the provisions contained in existing statutes relating to the disposition of electric power and energy from Federal projects be rescinded." That is a 100 per cent reasonable and proper request. It would put all concerned on an equal footing when it comes to buying power from systems which have been paid for and subsidized by the taxpayers. It would correct an indefensible inequality which is forcing more and more socialism down the throats of the people, and helping to destroy state and local independence. It would end making a mockery out of our anti-discrimination laws which apply to all private business but not to public projects.

THALIA CEMETERY REPORT

Donations received by Mrs. Cap Adkins since last report:

Annie Burlsmith, Vernon, \$5.00; Mortie Keesee, Ralls, \$5.00; Mr. and Mrs. Truett Neill, Monrovia, Calif., \$5.00; Alex and Jack Neill, Monrovia, Calif., \$5.00; Mr. and Mrs. O. G. Maynard, Sweetwater, \$5.00; Robert H. Davis, Madison, Wis., \$10.00.

Mrs. Ralph Burrow and two daughters of Fort Worth are here visiting Mrs. Burrow's father, H. C. Roark, who is ill.

**In the News . . .
 30 YEARS AGO**

News items below were taken from the issue of the Foard County News of Friday, June 10, 1921:

Mrs. W. I. Awbrey died at her home Sunday in the Thalia cemetery Monday.

Will Grimm of Guyman, Okla., was here last week and says Foard County has the best wheat crop of any county in West Texas.

The election Monday for school maintenance tax to be increased not to exceed \$1.00 on the \$100 valuation carried 9 to 1.

Taking into consideration the splendid condition of the wheat crop it is thought by some that in number of bushels this year's crop will prove to be the third largest ever grown in Foard County.

Scholarships offered by the two graduates making the best record for the term by the State University, John Tarlton Agricultural College and by any of the state normals of Texas were awarded to Miss Gleyann Brian and Leo Hlavaty.

Mr. and Mrs. T. L. Hughton were here from Quannah Sunday, returning to Quannah on the train Monday afternoon.

Hubert Roberts returned last week from Denton where he was in school the past winter.

Beverly Ragland from the Great Lakes Training Station was here last Sunday visiting his sister, Mrs. C. W. Thompson.

Sylvan Haney of Thalia has accepted a position with Cecil & Co.

W. W. Fox and son, Wade, came in last week from Norman, Okla. Mr. Fox is getting his threshing outfit ready to run this season.

Miss Ruth Kenney left Monday for Burk Burnett where she will be employed by a dry goods store.

A. Bird and son, Roe, came in Tuesday from Denton.

Misses Una Self and Jo Dee Brian have gone to Boulder, Colo., to enter the University of Colorado.

Washington Newsletter

By Congressman Ed Gossett

Washington, D. C., June 2, 1951—This is late Saturday afternoon and I have not had time to prepare this week's newsletter. Congressman W. R. Poage of Waco has written a newsletter on the burning subject of the day, to-wit: inflation. With his permission, I am simply substituting his newsletter of this week and sending it in in lieu of my own. I do not necessarily agree with my distinguished colleague in all particulars, but his observations are sincere and significant. Our readers I know will be interested in his views, which follow:

"Today I received a petition containing about 50 names. The letter with the petition stated that this was identical with hundreds of similar petitions. This petition protests the 'rapidly increasing cost of living' and urges 'that prices be rolled back to pre-Korean levels, and that a new law strong enough to protect the consumers be enacted.' It then states that 'we also urge that new taxes not be placed on low income families, and suggest that needed revenue be secured from corporations with their record profits and from high income families who are not carrying their share.'"

"It is but natural for all of us to seek a simple solution. The tendency of the hour is to feel that we can cure any problem by 'passing a law.' We have tried to stop inflation with a law. Last August Congress passed a law giving the President power to freeze all prices and all wages. I voted for this law. I thought that if we acted promptly it would be possible to use the law as a sort of temporary stop-gap to hold the line until we could attack the real causes of inflation. I still think we could have done much to stabilize the situation had we acted at that time. No action was taken to use the powers Congress granted. I fear the time in which these control devices could be used has passed. We must now follow the slower but much more fundamental policy of attacking the cause of inflation. Our people were ready last summer to accept controls across the board—controls which would control everybody. Since that time they have seen controls applied to some groups for the benefit of other groups and the American spirit of fair play has revolted against this practice. Last week we saw the price of cattle rolled back (with no reduction in the price of meat to

the consumer.) The livestock producer's standard of living which is today about one and one-half times what it was in the base period was reduced by about 10 per cent. He was told that it would be reduced by about the same amount again this fall. The same week saw the packing house workers granted an increase of not quite 10 per cent in their wages. Their living standard was already almost exactly twice what it was during the base period.

"Last year in his message to Congress, President Truman said: 'Price and wage controls do not cure the basic cause of inflation—the inflationary gap between the supply of goods and the value of buying power. The cure can only come by closing the gap.' This statement is, of course, true. It seems to me that it is high time that we began to treat the cause of inflation, rather than the result. The cause is lessened production for civilian purposes, and increased buying power (more money)."

"Most price ceilings and all price rollbacks tend to reduce production (because there is less incentive), and they increase demand (because there are more customers at the lower price). Therefore, over any extended period of time, they actually add to the inflationary process. Like a narcotic, they should be used only for a limited time in the most critical situations.

"I have voted for higher taxes, and shall vote for still higher taxes. Taxation is not, however, the best way of checking inflation, as it definitely lowers people's

living standards. It simply makes it impossible to buy so much. It is, however, necessary if we are to pay as much as possible of the current costs of government. With taxation should go a reduction of governmental expenditures. I have voted, and expect to continue to vote, for such reductions.

"It is a mistake to believe that we can raise the funds needed simply by additional taxes on corporations, or the 'rich.' The total corporate income in the U. S. is only about \$20 billion per year—less than one-third of our governmental expenditures. We now take approximately one-half of this income. The 'higher income families' pay taxes up to 87 per cent of their income already, and incomes make up only a small part of the money needed. The easy way to carry the tax burden must all share it.

"The simplest and most effective attack on inflation would, to me, be for everyone to longer at present hourly production by 10 per cent. Workers would have more to purchase. That, as I see it, is the way to strike at the inflation. Inflation cannot be paid by asking someone to make the sacrifices. Is it to ask America to go to

FirePower
 ACCEPT NO SUBSTITUTES . . . because there aren't any!

Chrysler's new FirePower engine has rocked the automobile business right down to its roots.

Quietly, behind all the laboratory talk of "engines of tomorrow" . . . Chrysler has built a revolutionary engine for you to drive today!

It can give you 180 horsepower, to surpass any other engine in any other car. It develops its power in its own new kind of way!

But you don't have to "baby" it . . . or give it fancy quality gasoline to get that 180 horsepower performance!

FirePower takes any regular grade gasoline you care to buy . . . and adds its own new "mechanical octanes" to the power-giving octanes of the gasoline itself.

The result is something new and startling in responsiveness . . . and in safety, too. You get quicker and smoother control of when and how you move than you have ever felt before.

It's the engine of tomorrow . . . on the road for you today . . . and your Chrysler dealer invites you now to try it, in the all-around most astonishing new car you ever drove!

180 HORSEPOWER
 Here's the new Hemispherical Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octanes" make regular grade gas do what best premium grades can't do in any other engine you can drive today!

Chrysler FirePower Finest engine ever put in an automobile

Cecil Daniel and family of Crosbyton spent the week end with his mother, Mrs. Margaret Ruth Daniel, and other relatives. Cecil is well known at Crowell and enjoyed meeting all of his old friends.

University of Texas Scientists Find New Cattle Disease Cure

Austin, Texas — University of Texas scientists have made another advance in the search for a cure of brucellosis—the disease now costing U. S. livestockmen an estimated \$100,000,000 annually.

They have found common sulphur is toxic to brucella organisms, Dr. Vernon T. Schuhardt, University bacteriology professor and brucellosis research director, said.

Laboratory tests indicate colli-

ing better than a leisurely bath followed by a short rest."

LEGAL NOTICE

The State of Texas, County of Foard.

TO those indebted to, or holding claims against the Estate of Mary S. Flesher, Deceased:

The undersigned having been duly appointed Executor of the Estate of Mary S. Flesher, Deceased, late of Foard County, Texas, by the Honorable Leslie Thomas, judge of the County Court of said Foard County, Texas, on the 21st day of May, A. D. 1951, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence in the City of Crowell, Foard County, Texas, where he receives his mail, this the 28th day of May, A. D. 1951.

F. B. FLESHER, Executor of the Estate of Mary S. Flesher, Deceased 45-4tc

University of Texas Scientists Find New Cattle Disease Cure

Austin, Texas — University of Texas scientists have made another advance in the search for a cure of brucellosis—the disease now costing U. S. livestockmen an estimated \$100,000,000 annually.

They have found common sulphur is toxic to brucella organisms, Dr. Vernon T. Schuhardt, University bacteriology professor and brucellosis research director, said.

Laboratory tests indicate colli-

dal sulphur is the toxic agent in certain amino acids and peptones, protein-derived chemicals which have been found effective in killing brucella organisms.

"The problem now is to find a way to keep the sulphur toxic when brucellosis is treated," Dr. Schuhardt explained. "Blood and chemicals in tissues tend to change the sulphur to a non-toxic state."

Brucellosis losses are particularly heavy in the dairy industry where both milk and calf production are greatly reduced. The disease sometimes infects humans

Dr. Cox Gives Advice on Pleasant Summer Living

Austin, Texas — "Good health in hot weather may be largely a matter of personal choice," according to Dr. Geo. W. Cox, State Health Officer, as he called for Texans to take life as it comes in summer and live with it as comfortably as possible. "These modern scientists can drop ice from airplanes to make rain, and they can forecast weather several days in advance, but nobody has figured out a way to keep the thermometer from rising sky high in a hot summer afternoon," Dr. Cox said. "Therefore," Dr. Cox continued, "a few common sense practices will help us to live with summer and like it. Texas summers are hot and the hottest part is still ahead, so one needs to remember certain things that are good hot weather practices. "For example: drink plenty of cool (not ice) water; eat moderately of simple, but a wide variety of foods, exercise daily in the fresh air and have plenty of air in sleeping rooms; take a fair amount of salt to replace large losses through perspiration, avoid alcoholic drinks, get plenty of sleep; keep clean; don't worry. Do not overeat. "One of the essentials of summer comfort is the daily bath to wash away perspiration with it body wastes eliminated through the pores, and to relax tired muscles and strained nerves. There is noth-

Such Stuff as Dreams Are Made On

Dreams are built on foundations of faith, hope, and ideals. Without them we'd be lost in a morass of cynicism and frustration that would end everything that is really great in life.

The man or woman who can take their dreams and turn them into accomplished feats enjoy true satisfaction and happiness. Start making your dreams come true with systematic saving in this bank. There is no surer, safer way.

Mother-Daughter Banquet Given by Truscott Club

A mother-daughter banquet was the farewell tribute which the Truscott Sub-Deb Club extended to its members who recently graduated from Crowell High School, on Friday evening, May 25, in the club room at the Truscott community house.

Hostesses were non-graduating members of the club, Mary Lou Woods, Nettie Black, Nora Davidson, Camille Todd and Elba Caddell. They received the guests at the door and were also in charge of the guest book.

The reception area was formed around the divan where bowls of roses, crystal lamps on low tables and a record player furnishing dinner music, were arranged.

The main dinner was served from a buffet table covered with aqua linen and with roses for decorations. White satin damask and pink and white candles in

crystal holders featured the table appointments. Tiny garden flowers and greenery completed the spring effect. Plate favors were miniature flower carts filled with tiny flowers and candy. Programs and place cards were decorated by the hostesses and featured hand-painted wreaths of blossoms encircling a golden key, thus carrying out the theme of graduation, a key to success. At the speaker's table stood a doll dressed in white gown and cap with black and gold tassels holding a golden key. From the key pastel silk ribbons extended to illustrated cards which depicted the four favorite occupations for which women are educated: marriage and the home, nursing, teaching and business.

Mrs. Rex Traweck gave the invocation preceding the dinner. Mary Lou Woods, club president, introduced the honor guests, Peggy Traweck, Pat Owens and Elba Caddell who sang a cappella, "Sentimental Journey" and "Mother." She also introduced Mrs. Q. D. Williams, who has been the spon-

sor and inspiration of the club since its organization nine years ago, who recalled the outstanding achievements accomplished during the time. They rolled bandages and did knitting for the Red Cross, sent boxes to Europe and backed the community house project with an active hand.

Mrs. Merl Kincaid of Crowell was guest speaker and gave an account of the White House Conference she attended in Washington, D. C., in December 1950.

Honored members and mothers at the banquet included Mrs. Rex Traweck and Peggy, Mrs. W. R. Owens and Pat, Mrs. Carlton Browder and Opal Jean, Mrs. Merl Kincaid, Mrs. Elmo Todd, Mrs. Seth Woods, Mrs. Ped Davidson and Mrs. Edgar Jones.

The hostesses prepared and served the meal and decorated the house with the assistance of Mrs. Williams.

W. S. C. S. MEETS

The Woman's Society of Christian Service met in its monthly social session in the home of Mrs. Sam Crews on Monday afternoon, Mrs. Charlie Bryson and Mrs. S. E. Tate were joint hostesses with Mrs. Crews.

Mrs. Crews opened the program with a piano solo, an arrangement of "Abide with Me." Mrs. Carrie Hart was devotional leader on the subject of "Faith" and based on Mal. 4:2 and Prov. 5:6.

Mrs. Gordon Cooper was lesson leader and was assisted by Mesdames Henry Earl Thomson, T. B. Klepper, R. R. Magee and J. W. Bruce. The theme, "Beauty of an Immense Need" was used, stressing the great needs for Christianity in India, Africa, Pakistan, Latin America, China and Japan.

Mrs. Bruce, president, conducted the business meeting, after which the guests were invited into the dining room where refreshments of sandwiches, cookies and punch were served buffet style. The social hour was enjoyed in the living room.

CO-LABORERS CLASS

Mrs. Tom Russell, with the assistance of Mrs. Will Jones and Mrs. Herman Gentry, was hostess to the members of the Co-Laborers' Class of the Methodist Sunday School at her home on Thursday evening, May 30.

The meeting was opened with a prayer by Mrs. Henry Earl Thomson, Mrs. A. Y. Beverly read the scripture lesson, Ps. 15. Mrs. W. C. Erwin gave a review of I Cor. The first great fact in the book was brought out by Mrs. Carrie Hart, the second by Mrs. Clint White and the third by Mrs. A. R. Sanders.

Mrs. Sanders led the song service which included "Love Lifted Me," "I Choose Jesus" and "Blest Be the Tie That Binds."

Following the business session, lovely refreshments were served to twenty-one members present.

ADELPHIAN CLUB

Adelphian Club members met at the club house for the final 1950-51 session on Wednesday, May 30.

Twenty-four club members enjoyed the covered dish luncheon which was served buffet style.

The linen covered quartet tables were festive with miniature bouquets of seasonal flowers. Hostesses for the day were Mrs. Ab Dunn, Mrs. Crockett Fox and Mrs. E. C. King.

Following the luncheon hour the officers for the coming year were impressively installed by the retiring president, Mrs. Hubert Brown.

Speaking for the club, Mrs. Merl Kincaid presented Mrs. Brown with a gift in appreciation for her splendid service to the club during her tenure of office as club president.

The club adjourned to meet the first Wednesday in September.

COLUMBIAN CLUB

Mrs. B. W. Self, president, directed the business session when members of the Columbian Club met on Wednesday afternoon, May 30, at the home of Mrs. R. L. Kincaid.

This meeting marked the close of the 1950-51 club season and featured the installation of officers.

Mrs. Grady Halbert was in charge of the program and presented the new officers as follows: Mrs. D. R. Magee, president; Mrs. Crews Cooper, vice president; Mrs. M. O'Connell, recording secretary; Mrs. N. J. Roberts, corresponding secretary; Mrs. Karl ten Brink, treasurer and Mrs. Kenneth Halbert, parliamentarian.

"I'm Tired of Grandma" was reviewed by Mrs. Roberts. At the conclusion of the program, guests were directed into the dining room. The tea table was beautiful with the Chinese lace tablecloth and a white carnation centerpiece and white lighted candles. Mrs. M. N. Kenner poured punch which was served with dainty refreshments.

HENRY CIRCLE

The Henry Circle met Monday in the home of Mrs. Moody Bursey.

In the business meeting the club voted to meet only twice a month during the summer.

Mrs. M. S. Henry was leader for the program. The scripture reading was Psalms 84 which tells about David's experience.

Mrs. J. C. Prosser gave "Substance and Symbol." Mrs. Moody Bursey gave "The Mountains That Faith Moved."

The hostesses, Mrs. Bill Bell and Mrs. Moody Bursey, served a delicious refreshment plate to the thirteen members present.

At birth, a kangaroo is only one or two inches long.

BIRTHDAY CELEBRATION

On Saturday, June 2, Mrs. I. Fisch entertained a group of friends of her daughter, Carole Sue, at the home in observance of her eighth birthday.

The guest list included Lynda Lanier, Carole Oliphant, Barbara Goodwin, Margie Lou Rasberry, Johanna Barnebee, Terri Dee Thomas, Barbara Bell, Jimmy Gil-

lespie and the honor guest, Mrs. Fisch was assisted in serving the lovely refreshments by Mrs. J. H. Gillespie. Miss Billy Bell directed the games.

FIDELIS CLASS

The newly-organized Fidelis Class of the First Baptist Church met in the home of Mrs. Charles Branch with Mrs. Branch and Miss

Margie Brock as hostesses, monthly class meeting. The meeting was opened by a prayer, followed by a singing of "Heavenly Father, Mrs. Barnard Franklin brought interesting devotional on the of the Old and New Testa-

Bert Mathews returned from Overton where he received medical treatment.

HAY BALING

MR. FARMER . . .

Sow Millet, Sudan, Hegari and Cane TO BE BALED!

Much feed cannot be baled because the land is too rough. Be sure your land is smooth as the baler only clears about four inches. Terraces are very difficult to bale.

Baled feed was worth \$1.00 per bale last January. Be prepared for high prices and cold weather next winter.

We do the complete job. MOW, RAKE, BALE and STORE it in your barn or stack.
