## Foard County Hospital with New \$104,500 Addition

Featured above is the architect's conception of how the Foard County Hospital will look following the completion of two new wings shown in the above picture to the left and to the rear of the original building. The new additions will house 16 private rooms, all with adjoining private or shared baths; four wards with two beds each, including one ward each for Negro, Mexican, white women and white men patients; a new operating room, a new emergency room and the laboratory, an isolation ward, an x-ray department and the kitchen. Financing of the new additions was made possible by a \$52,225 bond issue by Foard County, with an equal amount from the Federal government. Work on the additions is expected to be completed early next year.

## Foard County Women Hold Achievement Day

Despite the Friday night rain, the Foard County Women's Home Demonstration Club held their Achievement Day at the home of Mrs. R. E. Moore. The show was held at the home of Mrs. R. E. Moore, 29, a group of Crowell war veterans met and organized what will be known as the Allen Hough Post No. 9177 V. F. W. of America. With the assistance of members from Electra, Seymour and Vernon, the new officers were elected and installed. A total number of 29 members were accepted as charter members; but the charter will be held open for a few days in case other veterans who are eligible would care to be one of the charter members. Those elected to office were: Charlie C. James, Commander; Daniel F. Briscoe, Sr. Vice-Commander; William E. Wells, Jr. Vice-Commander; Cecil D. Carroll, Chaplain; Ben K. ## Foard County Receives from 1 to 4 Inches of Rain Last Friday Night; 1.7 Inches Recorded at Crowell

A general rain fell over Foard County last Friday night which measured from 1 to 4 inches in different parts of the county. The lightest fall was in the Vivian community which measured one inch in that vicinity. The moisture was badly needed by the wheat acreage already up and for wheat that was sowed late and was not up. The rain fell slowly and did not damage the un-picked cotton to any great extent. However, gathering of the cotton crop was halted for a few days until it dried out. Prospects were never brighter for plenty of wheat pasture for livestock in the county provided weather conditions remain favorable. The rain was accompanied by a cool spell which had spent itself by Tuesday when beautiful fall weather prevailed. A cold front which hit Crowell Tuesday night lowered temperatures to about 40 and brought .75 inch of rain.

MRS. ALLIE HUNTLEY

## Pioneer Resident of County Passed Away Saturday

### Funeral for Mrs. Allie Huntley Held Sunday at Thalia

Mrs. Susan Allie Huntley, 89, pioneer resident of Foard County, died at the home of her daughter, Mrs. Cap Adkins, in the Riverside community, Saturday morning, Oct. 27, at 10:30 o'clock, following a serious illness of about two weeks. Mrs. Huntley had been in declining health for a number of years. Funeral services for Mrs. Huntley were held at the Baptist Church in Thalia Sunday afternoon at 2:30 o'clock, conducted by the pastor, Rev. W. B. Fitzgerald. Burial was in the Thalia cemetery with the Womack Funeral Home of Crowell in charge of arrangements. Gus Neill, choir director, sang a special number, "Beyond the Sunset," with Mrs. Neill as accompanist, who also played the piano for the choir songs, special favorites of the deceased. Pall bearers were W. J. Long, F. W. Butler, L. F. Ward, C. D. Haney, G. A. Shultz, and Will Johnson. Flower bearers included Mesdames W. J. Long, F. W. Butler, L. F. Ward, Will Johnson, Ernest Earthman, C. C. Wheeler, W. G. Chapman, G. C. Short, T. M. Haney, Sallie Butler, C. C. Lindsey, M. H. Jones and Finnie Tarver. Susan Allie Everett was born Feb. 12, 1862, in Illinois. She moved to Dallas County when a small girl, and in 1878 was married to W. E. McMurry. Five children were born to this union, all of whom passed away at an early age, and the husband died in 1890. On August 27, 1893, she was married to E. T. Huntley, who passed away at his home near Thalia Oct. 25, 1913. Four children were born to this union, all of whom survive. They are Joe Huntley of Turlock, Calif.; Bob Huntley of Vernon, Mrs. E. A. Speer of Olney and Mrs. Adkins, with whom she had made her home for the past 32 years. Mrs. Huntley was a charter member of the Hebron Baptist Church in Denton County and a member of the Thalia Baptist Church for the past 45 years. The Christian spirit radiated in her life during her long years of service as a Christian. She was active until four years ago, when she fell and suffered a fractured hip. She had an invalid since that time. "Grannie" Huntley, as she was familiarly known, had many friends and was very patient during her long illness. Mrs. Huntley and husband and children moved to Foard County in 1898 and settled on the S. W. McLarty farm near Rayland, later moving to the John Thompson farm north of Thalia and in 1903 to the Frank and Walter Long farm, the two Long brothers making their home with the family for several years. Besides the children, the deceased is survived by 13 grandchildren and 30 great grandchil-

at the time, according to Dale Jones, who was working with Hord. The power had to be cut off in Crowell before the body could be removed from the line. Jack Seale, local West Texas Utilities manager, had gone to Quanah to get a new transformer and did not know the tragedy had occurred until he returned to the scene of the accident. Raymond Chester Hord was born Nov. 3, 1927, in the Antelope Flat community in Knox County, and was the son of Mr. and Mrs. S. B. Hord of Abilene, former Crowell residents. He was converted and joined the Baptist Church at Truscott in 1938. Funeral services for Mr. Hord were held at the First Baptist Church in Crowell Wednesday afternoon with the pastor, Rev. Bernard Franklin, officiating, assisted by Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, J. Fred Bayless, minister of the First Christian Church of Crowell, and Rev. George Ray of Dimmitt, a former pastor of the Hord family in Abilene. Pall bearers were Horace Phelps, Leon Speer, Ray Shirley, Charles Branch, Fred Collins and Alton Griffin. The list of flower bearers included Mrs. Horace Phelps, Mrs. Charles Branch, Mrs. Weldon Hays, Mrs. Ike Wilson, Mrs. J. C. Autry, Mrs. Herman Kincheol, Mrs. Clinton McLain, Mrs. Wm. Simmons, Mrs. L. G. Simmons, Mrs. Dale Jones, Mrs. Dayton Everson, Mrs. Houston Adkins, Mrs. Ray Shirley, Mrs. Leon Speer and Mrs. Pete Gobin. Named as honorary pall bearers were Paul Johnson, Glendon Russell, Ray Brown, Fred Youree, Ebb Seales, John Thomas Rasor, L. G. Simmons, Wm. Simmons, Bill Thompson, Joe Smith, Roy Steele, Glenn Taylor, Paul Wallace, Martin Waggon, Ike Wilson, Jim E. Gafford, Furd Halsell, Weldon Hays, J. W. Hazelwood, Homer Johnson, Dale Jones, Herman Kincheol, Clinton McLain, C. C. McLaughlin, Sam Mills, Bill Owens, Howard Bell, Gerald Knox, J. S. Owens Jr., J. L. Brock, M. M. Welch, Houston Adkins, Thayne Amoret, Dr. Leon Altaras, Dr. Hines Clark, Dr. J. H. Barnebe Jr., J. T. Brooks, J. C. Autry Jr., Henry Borchardt, Hubert Brown, Lee Black, Henry Black, J. G. Cooper, M. L. Hughton, Dayton Everson, W. D. Studevant, D. W. Jefferson, Travis Veera, Gordon Erwin, Ed Gafford and James Bowers. Graduate of Crowell High School, Mr. Hord was a member of the Crowell Baptist Church, the Crowell Masonic Lodge and was Chief of the Crowell Fire Department. In addition to his parents, he is survived by two brothers, W. P. Hord of the U. S. Marine Corps and Bobby Hord of Abilene, and one sister, Carolyn Sue Hord of Abilene; grandparents, Mr. and Mrs. W. M. Hord of Spur and Mrs. Pete Moody of Crowell. Funeral arrangements were in charge of Womack Funeral Service and burial was in the Crowell Cemetery with graveside Masonic services being conducted by Crowell Lodge No. 840, A. F. & A. M.

## Charlie Hunt Dies in Sand Springs, Okla., Last Saturday

Charlie Hunt, 66, former Foard County resident and son-in-law of G. A. Mitchell, died at his home in Sand Springs, Okla., Saturday, Oct. 27, following a long illness. Funeral services were held Monday afternoon with interment in Sand Springs cemetery. Mrs. W. B. Carter and Mrs. J. R. Allee of Crowell, sisters-in-law of Mr. Hunt, attended the funeral. Survivors are Mrs. Hunt and two sons, Charles Ray and Keith.

## Crowell High School Wildcats Lose First Conference Game to Archer City in Mud and Rain Here Last Friday Night

The Crowell High School football team lost a heart-breaking conference game to the Archer City Wildcats by the score of 7 to 6 here last Friday night. It started to rain thirty minutes before game time and the heavier Archer City boys had the advantage on the muddy field. However, Crowell made fourteen first downs to Archer's six and drove down to Archer's five-yard line just before its second touchdown that would have won the contest. The rain came down in sheets during the last half to prevent either team from doing much on offense. Several blocked punts kept Crowell in the hole most of this last half.

Crowell drove ninety-two yards early in the game for the first touchdown. Raymond Halonek, Ginger Johnson and James Denton did some excellent ball carrying on this march. Denton made the last five for the touchdown. Crowell's line, composed of Jim Norman, Lee Roy Bice, Billy Latimer, DuWayne Elliott, Leon Pechacek, James Pittillo and Robert Brock, deserves much credit in opening up holes for the Crowell backs on this drive. Johnson's run for try at the extra point lacked yards being across the goal line. Sonny Sullivan, safety man for Archer City, ran a punt return back forty-five yards and a touch-

**Benefits from Growing Guar Are Reported on Margaret Farms**

Benefits from growing the summer legume, guar, continues to be reported on farms around Margaret, in Foard County, and also in areas in Wilbarger County.

Guar, unlike its sister legumes, is a heavy hollow stemmed plant that produces a large amount of seed pods from the base, or axle of the leaves. Guar usually grows to a height from three to three and one-half feet.

Of interest to the conservation farmers is the fact that this legume, under average conditions, adds a large amount of nitrogen

to the soil, plus a huge tonnage of organic matter.

On John Jokel's farm last year one acre of guar was cut and weighed for total tonnage. The same was done for an acre of peas. The guar weighed twelve tons to the acre while the peas weighed five tons. On drying, the guar had a dry weight of two tons, while the peas weighed one ton. The advantages of having large amounts of organic matter incorporated into the soil will necessarily increase the yield of the following crop, plus the prevention of wind and water erosion damage. Mr. Jokel has seen the benefits in increased yields from both guar and peas on his cotton and feed crops.

Karl Zock, Soil Conservation District cooperater in the Elliott community, and last year's winner of the Wilbarger Lions Club Conservation Award, reports that guar has increased the yield of his cotton as much as a fourth of a bale per acre. He further stated to Soil Conservation Service technicians that no insect damage of any consequence was apparent. Despite the droughty weather experienced last summer his cotton grew off well, set a large amount of bolls per stalk, and on observation, and bole count, this field will yield about one bale of cotton per acre. Mr. Zock is telling his friends about the benefits of growing guar. He also added that clovers, and other legumes, had their place in a year round soil building program.

**New Soil Conservation Publication to Be Started in December**

Landowners throughout the Crowell area will be interested in the announcement by the Association of Texas Soil Conservation District Supervisors that a new publication, "Soil and Water," will be launched the latter part of December, designed to help further the conservation of land through the far-flung soil conservation district program which now covers 95 per cent of the entire state.

The Crowell area is in the Lower Pease River Soil Conservation District, served SCS technicians with headquarters in Crowell.

The publication is being sponsored by farmers and ranchers who are members of soil conservation districts, which now cover 142,327,400 acres in Texas.

Its purpose will be simply to help solidify the efforts of these 100,000 far-seeing landowners toward a permanent land usage program which will keep Texas soil productive from now on, Clayton Puckett, president of the association and a landowner and active rancher at Ft. Stockton, said.

"Soil and Water" will be published monthly, starting the latter part of December, and will contain upwards of 50 pages devoted to all phases of the district program, which includes conservation of soil, water, range, timber and wildlife.

Editorial offices will be maintained in the Wilson Building in Temple, where the long-handled organization, the Association of Texas Soil Conservation District Supervisors, has its headquarters.

John B. Cole, executive director of the association, will serve as editor. He was formerly with the Texas State Soil Conservation Board and has had wide experience in agricultural and conservation work.

Louis Reid, native of Ft. Worth, is managing editor. His experience includes publishing a community newspaper in Fort Worth, reporter for the Fort Worth Star-Telegram and Fort Worth Press. He is a graduate of the University of Missouri.

H. B. Fox of Taylor will serve as a contributing editor. He writes for Collier's magazine and numerous Texas papers.

Ernest Lee Ludwick of Dallas is advertising manager. Ludwick is an experienced advertising man, attended school at UCLA and was a photo pilot in the Navy for five years during the war.

Dorothy Mahler of Temple, formerly with the Temple Telegram, will be circulation manager.

"While the magazine is designed for landowner members of the soil conservation districts of the state, it will be of interest to business and professional people and others interested in Texas' foremost resource, its land, and frankly we invite all to become subscribers," Cole said. "The price is \$3.00 a year." The magazine will be a non-profit enterprise devoted

**County Agent Warns Against Loss from Cattle Grubs**

Cattle grubs are profit grabbers, when livestock producers fail to control them. The damage caused by these pests is charged back to the producer in the form of lower prices for beef animals and lower milk production from the dairy cows.

According to Joe Burkett, County Agent, the annual loss to livestock producers from cattle grub damages amounts to about \$65 million. Most of it could be added to the national farm income if cattle producers would control grubs.

Burkett recommends the use of a power sprayer—with a pressure of 200 to 400 pounds. Lower pressures decrease the effectiveness of the treatment, he says. Animals should be sprayed while being held in the chute and the spray nozzle

to conservation of our agricultural natural resources, he added.

should be held no further than four inches from the backs of animals. It is best, he adds, to use a full gallon of spray on an animal and from 10 to 15 gallons are required for making a thorough application.

The spray material should consist of 7½ pounds of 5 per cent rotenone for each 100 gallons of water. Mix it thoroughly and is often a rather difficult because the fine rotenone is hard to wet. This mixture is the cheapest and most effective treatment for controlling cattle grubs.

The first application should be made about the time the grubs are ready to fall to ground. Treatment should be repeated at three week intervals at least three times. Grubs normally begin making their entrance about this time of the year.

A good control job will increase weight for the beef and a higher selling price for the animals are marketed. A dairyman with a grub free herd can expect a good increase in milk production.

**90% For! 10% Against**

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

**END THIS QUIBBLING!**

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

**More Than 90% of Employees Accept**  
Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

**Less Than 10% Refuse**  
But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

**What Do the Railroads Offer?**  
They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

**What About Wages?**  
Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

**What About "Cost of Living" Increases?**  
The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

**What About the 40-Hour Week?**  
The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

**What Else Do the Union Leaders Demand?**  
The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—rules which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the union should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

**Rules Can Be Arbitrated**  
The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

**The Industry Pattern Is Fixed**  
With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

### Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

Austin, Texas—What the average community needs is a well organized health department which emphasizes five types of activities to protect the child's health," says Dr. Geo. W. Cox, State Health Officer. "These activities are: (1) The safeguarding of child health and motherhood; (2) the control of contagion; (3) accurate recording of births and deaths; (4) support of public health laboratories; and (5) sanitary control of diseases spread from human waste and by vermin and insects."

"The full time local health unit gives due emphasis to each of the above mentioned activities. To illustrate how these 5 essential functions are inter-related, the interest of the various divisions in the new born baby, preschool and school child may be cited as an example. Child health is safe-

guarded by providing information and instruction to the mother. Through the use of vital statistics, complete and accurate birth registration is kept, as well as records indicating deaths which occur among children from preventable diseases.

"Contagion is prevented or controlled against further spread through the encouragement of immunization early in life, through the prompt reporting of infectious disease. Public health laboratories and sanitary engineers provide additional bulwarks of protection for child life.

"Adequate health organization and wholehearted support on the part of various state and local agencies are essential if these activities are to be successfully maintained."

**Can World Living Standards Be Raised?**

Nowhere in the world do the people of any region enjoy the comforts and conveniences that are generally used in the United States. Not all of the people in this country, however, can afford the gadgets and devices that cost money and, consequently, the standard of living, high as it is, could be higher.

The people of the world, scattered in various regions and in relative stages of development, have different standards of living. Some of the causes relate to lack of dependable wealth but other causes, such as ignorance and superstition, play a part in keeping peoples backward. There is vast room for improvement in world living standards and if these could be brought on a par with those in the United States, the resulting boom in business would make preceding eras look like leafing epochs.

There is much to be done before the backward areas will develop a need for modern things. There is much to be done before they will possess the wealth with which to make these things available to their people on a scale comparable to such use in the U. S. Here is the field of labor sufficient to engage the thought and attention of statesmen for centuries, with resulting profit to the entire world.

The lifting of standards of living, all around the globe, is a business which requires peace, not war. The threat of another global war constitutes a menace to the continuing improvement of living standards, and hence, to mankind itself. Nevertheless, peace cannot be had for the asking. It must be the product of cooperative nations, especially those nations that possess the potential for war.

**Arms Spending Postpones Depression**

After practically every major war in which this country has been engaged, there has occurred a serious business depression, with heavy losses in money, productivity and standard of living.

So, economists and others sometime wonder what has happened to the depression that was scheduled to follow the end of World War II. This is a fair question because the answer will affect not only the business men of the nation but the millions of families which make up the population of the United States.

Several years ago, the writer was somewhat interested in the subject. A survey at that time gave no indication of any sudden deflation. There were factors in operation which did not exist at the end of World War I and, since that time, the Government has put into motion a tremendous defense program which means continued business activity at an above normal rate. Consequently, there does not seem to be much prospect of a serious depression as long as the defense program is being accelerated.

The arms program, by the way, is going to be much bigger than we thought even a year ago. The peak for arms orders will not occur in 1952, as originally expected, but will more likely come around in 1953 or 1954. The defense budget for the current fiscal year is likely to move up from sixty to seventy billion dollars and, while the amount is uncertain at the present time, spending for defense is likely to continue at that rate for two or three years.

**Predicts Great Opportunities**

For the benefit of the few who think that the world is going to the dogs and that the future is not worth its coming, we call attention to the observation of Charles F. Kettering, whose fame as an inventor and engineer, plus his seventy-five years of life, entitles him to have some basis upon which to form an opinion.

Mr. Kettering declares that "the next century offers opportunities that never existed before." He is not worried about the future because he has seen "some of the greatest things that ever beset mankind" and knows that, somehow, they turned out fairly well. Finally, he asked the sixty-four dollar question: "How can we feel we are going to Hell when we have gone all this way in the past fifty years?"

This article could go on almost indefinitely citing the differences that exist in present-day human life and that of several centuries ago. There is no use to go back to the prehistoric age to realize that men and women have made considerable progress in the world. There is no reason to doubt that the future years will present an accelerated rate of improvement.

We are not among those who devote their time to the playing of verbal bridge.

**"Mothballing" Ships Saves**

The forty-five thousand ton battleship, Iowa, has been taken out of "moth balls" and put into service at San Francisco.

Speaking at the ceremony, Fleet Admiral Chester W. Nimitz, who played a leading role in our victory over the Japanese in the Pacific, pointed out that the "mothball" process has been the "cheapest insurance ever offered the American people."

The cost of building a battleship like the Iowa would be around \$250,000,000 today, although it originally cost about half that amount. More important than the financial gain, however, is the time saved in the construction of such a vessel. The process is much less troublesome than the old plan of burying guns, etc., in grease, and, as we understand it, just as effective in preserving ships. Moreover, it is comparatively easy to put the warships back into active service. By "mothballing" its warships, at the end of World War II, the Navy has managed to maintain a reserve of sea power, readily made available in time of crisis.

**Health Letter**

Texas State Department of Health, Austin, Texas, Geo. W. Cox, M. D., State Health Officer.

Austin—Although the high cost of food has made feeding the family a more expensive undertaking than ever before, Dr. Geo. W. Cox, State Health Officer, is opposed to any lowering of nutritional standards. It is still possible for the careful housewife to provide an adequate balanced diet for her family.

"To maintain mental alertness and physical fitness, certain foods should be regarded as essential," says Dr. Cox. "Each day's diet should include milk, a citrus fruit or canned tomatoes, a green or yellow vegetable, other fruit and vegetables, whole wheat or enriched bread or cereal, butter and meat, fish or poultry. Eggs should be eaten at least five times a week, liver once a week and dried beans and peanut butter occasionally."

"Milk remains a good buy, although its price has risen considerably, as it is an excellent source of calcium, phosphorus, protein and certain vitamins. The equivalent of one pint of milk for adults and one quart for children should be included in each day's diet. "Although meats have become

more expensive than other foods they are still essential as sources of protein. It should be remembered that less expensive cuts of meat provide the same food values as the luxury items. Prices of pork, chicken and fish have risen less in recent years than other meats.

"Canned and frozen fruits and vegetables have not increased in price as much as fresh ones and they retain most of the original food values. In buying fresh fruit and vegetables it is more economical to limit purchases to those that are in season and therefore more plentiful."

during the last decade, as measured in employment and volume of physical production. The number working in Texas manufacturing plants increased from 162,978 in April, 1949, to 449,800 in June, 1951. All classifications of industry showed gains, but especially notable were developments of the chemical, aviation, and iron and steel industries.

Retail stores of the state now do approximately seven billion dollars of business annually as compared with \$1,803,716,000 in 1939. This leaves a wide margin of increase in turnover of goods after allowing for price inflation.

These changes have been accompanied by an increase of 20.2 per cent in the total population, 1940-1950, and with an increase of 66.2 per cent in urban population. The great shift of rural to urban population consisted primarily of removal of tenant farmers to industrial centers.

Figures presented in the new Texas Almanac show gains in civic, educational, cultural activities. Changes in public school system after years under the Gilmer-Allen are presented, including tabling data on all independent common school districts.

About 10,000 subjects entered in the new volume, including Texas history, population, government, politics and election, natural resources, weather, crops, livestock, industries, trade, transportation, finance, communications, recreation and art. A pronunciation guide to Texas counties, cities and towns included. The new state seal and representatives districts shown.

All articles and maps of 254 Texas counties have been revised to include new highways and other developments. A large colored map gives detail in four counties and representatives districts including highways and railroads.

*In The State of Texas*

**HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"**

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.
- 6 Select an Established Insurance Agent.** The agents listed below know the insurance business and represent well-known dependable capital stock insurance companies. These agents are not of the kind that are here today and gone tomorrow. Their names are listed in the telephone directory. A telephone call will find them ready to serve you—not only NOW—but YEARS from now. Call the one of your choice.

**Texas Voluntary Parole System Is Economical**

Austin, Texas — Secretary of State John Ben Sheppard stated in a report to Leslie Thomas, chairman of the Board of Voluntary Parole, that the Texas Voluntary Parole System is functioning economically and satisfactorily.

Sheppard reported that when he assumed the duties of Secretary of State in February 1950 there were 600 parolees unaccounted for in Texas. He commended the Texas Voluntary Parole Board members for their cooperation and assistance in enabling the Department to reduce the number of missing parolees to 60.

The Texas Voluntary Parole System, Sheppard stated, is a positive and constructive program designed to aid the parolee in becoming worthwhile citizens of the community. Parolees, he reported, are released from prison on recommendation by the Board of Pardons and Paroles to the Governor for the granting of clemency. After clemency has been granted, a parolee is under the supervision of Parole Board members until expiration of his sentence.

The Parole System, Sheppard reported, has proved to be a sound program as a method of progressive public protection. The annual report of Texas Board of Pardons and Paroles shows that in 1949 there were 11.6 per cent parole violators. This figure was reduced to only 3.8 per cent in 1950.

These men, the Secretary of State reported, are supervised at the very low cost of only 4 1/2 cents daily for each parolee while it costs the Texas Prison System 82 cents daily for each inmate. This figure, he stated, does not take into consideration the amount spent by the State in caring for the dependents of those incarcerated. The Department of Public Welfare shows in their Audit Report for 1950 that \$212,426.37 was spent in aiding these families.

In comparing the costs of the Texas Voluntary Parole supervision with that of other states, the Secretary of State cited the fact that the state of New York spends \$62 for each parolee yearly; Massachusetts \$54 yearly; Virginia \$60 yearly; Wisconsin \$34 yearly while Texas only spends \$15 yearly for each parolee.

Sheppard also praised the work of the members of the Voluntary Parole Board and cited several cases where through their efforts delinquents have been restored from the prison system to daily pursuits of everyday life.

Other members of the Board of Voluntary Parole are: M. S. Henry, George Self, John E. Long and J. R. Beverly.

**Band Participates in Crowning Football Queen Ceremonies**

The Crowell High School Band formed the setting for the crowning of the Wildcats' football queen last Friday night. The band formed a large heart and played "Love's Old Sweet Song," marching and playing just as Walter B. Harris Jr., director, drove the car on the field, escorting the queen to her throne. The band was unable to put on a show at the half time on account of heavy rain.

The band went to Wichita Falls last Saturday morning to be guests of the Midwestern University band to participate in the homecoming parade with many other bands from Texas and Oklahoma. Band members were guests at the football game in the afternoon.

The band room has a new instrument rack and the band is grateful to Paul Wallace for building it.

A correction is being made about the donations listed in this paper last week. The Garden Club and the B&PW Club each gave \$5.00 instead of \$25.00. The Adelpian Club has also donated \$5.00.

The Junior band is improving each week, according to Mr. Harris. There will be a regular meeting on Thursday night at 7 p. m. of the Band Parents Club and the parents are urged to be present in the band room.

**Youth Series Begins at Christian Church**

"Youth Leading for Christ" series begins Sunday evening at 7 o'clock at the Christian Church with young people of the church leading the service. Through the next few weeks, the young people will have charge of evening services, with the exception of the sermon, which will be delivered by the minister.

Special feature next Sunday will be a dramatic Biblical reading by Roma Jan Spikes, centering around Samuel. Young people will make up the choir, read the Scriptures, lead in prayer, serve the communion, and other features. The Minister, J. Fred Bayless, will bring a sermon about "Samuel's Place in God's Plan."

All members, friends of the church, and the general public are cordially invited to attend the evening services of the Christian Church during this series. Time of service is 7 o'clock each Sunday evening.

**CARD OF THANKS**

We wish to express our sincere appreciation for the unbounded kindness shown us during the illness and death of our wife and mother. We are deeply thankful for everything that was done for us by our neighbors and friends. May God bless each one of you.

ALL THREE SHOULD BE CONSIDERED WHEN YOU CHOOSE YOUR BANK

**PAST HISTORY** of your bank is important because age brings seasoned judgment, broad perspective and intimate knowledge of the background of business situations.

**PRESENT FACILITIES** of your bank are important because they are the gauge of your bank's ability to serve you efficiently. Our bank offers a complete banking service, which is modern to the minute and in tune with Crowell.

**FUTURE** of your banking connection is important to the man or business that looks ahead, because a strong bank can prove of vital value in helping an individual or enterprise succeed.

## QUEEN VIRGINIA IS CROWNED

The Crowell Football Team and Wildcat Band entertained Crowell and Archer City football fans at the stadium last Friday night with a pre-game performance in honor of Virginia Tamplin, our 1951 Football Queen.

Activities got under way when the band stepped off in block formation on the west end of the field to the air of the musical number, "I Love the Sunshine of Your Smile." The band proceeded to the fifty yard line and formed a huge heart. After playing "Love's Old Sweet Song," they stood at attention while Queen Virginia, having entered the field in a maroon convertible with her attendants, Jean Hughston and Carolyn Bell, was crowned by co-captains Jim Paul Norman and Don Gobin.

The queen, escorted by the co-captains with her attendants, who were escorted by DuWayne Elliott and Billy Abston, entered the heart through an archway made by the majorettes and then left the field.

During the coronation, the queen looked very radiant in her champagne colored fallie suit, brown accessories, set off by a huge golden mumm. Carolyn Bell was beautifully dressed in a gabardine suit with rose and white accessories, and Jean Hughston looked charming in a brown gabardine suit with green accessories. Both girls carried golden mums with a W inscribed and black satin streamers.

Despite the dreary downpour of rain, there was a large crowd to witness this important event of the year.

## FRANKLIN AND SETLIFF PERFORM EXPERIMENT

Jimmie Franklin and Elwin Setliff gave the Biology class an interesting experience Friday morning by presenting a demonstration on how to make hydrogen and oxygen. Along with the demonstration, the physical and chemical properties of the two gases were discussed. The class learned that sulphuric acid and iron, when combined, will give you hydrogen.

There was a little excitement when one of the boys ignited a test tube of hydrogen. The Biology class retired to its home room wishing that they were taking chemistry.

## BUSY LIBRARIANS SHOW EFFICIENCY

You surely have to be on your toes if you are one of Mrs. Zelma Hulse's librarians.

Among the students' duties are keeping the library straight, collecting fines, checking books in and out, helping arrange the attractive bulletin board, and filling articles from magazines and newspapers.

Mrs. Hulse has requested that students turn in books before they are late. The fine for an overdue book is 5 cents a day. These fines help to buy library supplies.

Periodicals found in our library are the following: Flying, Good Housekeeping, Ladies Home Journal, Popular Science, Saturday Evening Post, Scholastic, Life, National Geographic, Newsweek, Pathfinder, Today's Health, United Nations World, Travel, Readers Digest.

Mrs. Hulse has just sent off her fall order for new books which she believes contain an interest-

ing variety, adventure, biography, horse stories, baseball, football, drama, oratory, and poetry. These will appeal to all of our CHS students.

Our faithful assistant librarians are David Jackson, Faye Black and Mary Lou Woods.

## SENIOR GIRL OF THE WEEK

She is Essie Franklin, 18 years old, five feet three inches tall, friendly, senior class secretary, a member of the pep squad, and a Thespian.

She has—lived in Crowell all her life, blue eyes, dark brown hair, belonged to FHA.

She likes—fried chicken, Audie Murphy and Wanda Hendrix for their performance in "Kid from Texas," the song, "To Each His Own." She also likes Guy Lombardo's Royal Canadians, pink, yellow and Joe Bill.

She enjoys—reading, wearing skirts and blouses, watching football games, playing baseball and volleyball, listening to Vaughn Monroe's records, and riding around with a group of girls.

She wants—5 little boys, a ranch, to go to business school, and to be an interior decorator.

## HOW TO MAKE AN "F" IN CHEMISTRY

There are several ways to make an F. There are several people who do, but I am sure no one wants to. In case you do, though, here is my idea of the quickest way. First, never be on time. Get there in time to interrupt first period, but never get to home-room on time. As you walk to your seat, hit everyone on the arm so you will mess up what they are writing.

Later on when Sollis is talking, drop your books on the floor. When he looks at you, put a piece of gum in your mouth and throw the paper on the floor.

After the assignment of the lessons, say, "May I borrow some paper?" A pencil? What paper? Do you want it done in ink? May I get a drink? What is the date?

As you run out of class, knock everyone down. And, of course, never get your homework. Listen to the radio or go to the show. Always lose your books, and when you get an F on your report card, go home and take your medicine like the smart guy you think you are.—By John Diggs.

## SENIOR BOY OF THE WEEK

He is—James McBeath, tall, fun and very likable.

He has—lots of pals, average grades, a liking for girls (big ones, little ones, short ones, tall ones, blondes, brunettes and redheads, just so they are good looking ones) a camera, and a friend with a Chevrolet.

He likes—fried chicken, french fries, basketball, western clothes, songs by Hank Williams, murder mysteries, Jane Russell (who doesn't?), Robert Mitchum, and photography.

He hasn't—plans for an atomic bomb, a Cadillac, big feet, or an inferiority complex.

He wants—a job that pays lots of money, a new car, and a way to

keep his Uncle Sam from financing his education at UMT (Universal Military Training, that is).

## BAND PARTICIPATES IN CHILLICOTHE PARADE

The Crowell High School Band started its journey to Chillicothe Friday afternoon, Oct. 19, at 1:45 in order to arrive on time to participate in that city's 1951 homecoming parade.

On entering Chillicothe, we saw streets lined with crepe paper in the school colors, colorful bunting, many American flags, and signs of an increasing crowd all gave promise of an exciting afternoon.

On arrival, the parade, composed of several out of town bands and many beautiful floats, began almost immediately, and at a spirited pace presented a rare spectacle for Chillicothe citizens and out of town visitors.

The Wildcat Band contributed its part to the parade by marching and playing to "Symbol of Honor" and in a "T" formation played "The Eyes of Texas."

A course encircling the business district brought the bands back to the original starting position and there they disbanded for a leisurely afternoon of fun in down town Chillicothe.

The gym was graciously opened for the visiting bands so those who cared to could rest before time to board the buses again to go to the ball park.

## ELEMENTARY CHATTER

Mrs. Hart's first grade pupils are starting a new reader and a new reading workbook. Carol Kennedy and Roger Dowas have returned to school after short illnesses.

Mrs. Sollis' first grade pupils are learning phonics. They are very proud of their new work books in reading.

Mrs. Graves' second grade has been working on its booth for the Halloween carnival. They want everyone to patronize it.

Miss Marian Hays' second grade class has two new students, Coco Zolez and Sabas Mendez and have been decorating their room for Halloween.

Mrs. Cooper's third grade students have collected grasses. They found 7 different kinds of grasses on the school grounds.

Mrs. Bounds' fourth grade has started to build their geography notebooks.

In Mrs. Thomas' fourth grade room is a little red chair, borrowed from the first grade. This chair is for those students who forget their good manners. So far no one has had to sit in it. They are really doing a big business in their rummage sale. \$15.00 has been taken in so far. In the poster contest for the 3rd and 4th grades Lois Ann Painter won second and Mary Ann Myers won third.

Miss Black's fifth grade is having a lot of fun making posters and planning their costumes for the Halloween carnival.

Bettie Knox  
 In Miss Marilyn Hays' fifth grade, the pupils show their talent and express their creative ability each Monday in their art class. They not only strive to learn to appreciate art, but also each week they decorate their room with new ideas.

Mrs. Nichols' sixth grade took all the prizes in the poster contest for the 6th, 7th and 8th grades. Patricia Latimer first, Noel Wilkins second, and Shirley Fox third.

Mrs. Elmo Todd's seventh grade has been practicing plays and speeches and having history tests. Last week, Mrs. Davenport's 8th grade elected Gail Knox and Jackie Walker as their candidates for Halloween king and queen.

Betty Ingle, Geraldine Hrabal  
 Mr. Taylor's seventh grade: the boys in the intermediate grades have a new fashion. They are wearing ladies hats, ear rings and old ties. The girls are wearing their hair in pigtails tied with ribbons.—Aldon Ray Garrett.

Mrs. Dick Todd's eighth grade has been adding new things to the museum. They are getting ready for the Halloween carnival. Their candidates are Gail Knox and Jackie Walker. We would appreciate everyone's vote.

## MILDRED STAYS BUSY

Mildred is the busiest girl at Crowell High School. She always finds something to do. This is a summary of the comments this reporter received in answer to the question, "How is Mildred Tamplin doing at her office secretary job?"

When school started the first Monday in September, a new and very pretty face was behind the desk in the outer office. Mildred was already doing that job which requires her to do everything from keeping track of all the lunch money to signing checks to pay the bills.

When Mildred was asked how she happened to take the job, she said, "Why, Mr. Graves asked me." She went on to say that until he did so, she had been planning to attend a nursing school in Wichita Falls. She hasn't given up that plan yet, however, because she is going next year, for sure. No matter what she does in the future, at the present time it is evident that she is enjoying herself and is making a success of her job.

## CACHEE REIGNS AS RUGGED GUARD

Leon (Cachee) Pechacek is our selection for the player of the week for his outstanding playing on the gridiron this year. Cachee, as he is called by his fellow team mates, started out playing football in grade school where he was a standout lineman.

Due to very strong competition he did not play very much on the A string his freshman year. He really came through last year, however, by lettering under such standouts as Jimmy Rasberry and Charles Pittillo. This experience and determination has really distinguished Leon as one of the most feared guards in the district. Although this is his last year of eligibility, he has really played an important part in the Wildcat's games so far. For this endless effort and hustle we salute Leon Pechacek.

## B TEAM SUBDUES PADUCAH 18-0

The Crowell High School B team played its hardest game last Monday night at Paducah, but came out on top 18-0. The Paducah team had a very good defense, and Crowell was unable to penetrate their hard charging line with ground plays; however, Crowell's blocking was none too sharp without tackle Lee Roy Bice and guard Buddy Caddell.

Coy Payne figured in all of the B team's scoring. In the first quarter he plunged from the two yard line for the first touchdown. Late in the third quarter the play was identical and Payne scored again. Both of these touchdowns were set up by left halfback, Wayne Borchardt. Borchardt made several nice gains during the game.

Crowell's last touchdown came late in the last quarter on a pass from Payne to Whitley. The B boys were unable to score any of the attempted extra points. Final score was 18-0.

## NORMA'S NONSENSE

Dear Norma,  
 I can't stand it any longer! It seems that my girl friend's girl friend likes my boy friend, and I just can't give him up. You know he is really handsome with his beautiful teeth—both of them, and his hair—the red one that stands straight up. His eyes are a lazy lagoon blue and so clear, except when his nightly brawls give them that bloodshot look. Of course, I realize that someday he'll lose his two beautiful teeth and that

one red hair but I'll still love him. So won't you take a little time off to give me some advice on how to keep my girl friend's girl friend from stealing my boy friend. How would you feel if your girl friend's girl friend was stealing your boy friend, J. W.?  
 Anxiously awaiting your reply

# THE WILDCAT

(Continued from page 6)  
 Camille.

I know how you feel. That al- most happened to me once. But here is how I kept J. W.

Since you want him to know you love him, shower him with flowers (wild onions, ragweeds, etc.), candy (licorice is best), 12 x12 pictures of you, Dr. Stinkum's hair tonic for the red hair, and once in a while, chewing gum (if you think his two teeth will stand it).

Plan something to take up every minute of his time so he won't have any time for your girl friend's girl friend. (Suggested activity, several dates with a plastic sur- geon). By all means keep him at least 10 miles away from your girl friend's girl friend.

After you have done all this and it doesn't work, get out your trusty shotgun and shoot them both between the eyes.  
 Wishing you luck,  
 Norma.

# H. D. Agent Gives Recipes for Fruit Cakes for Christmas

Many of us are beginning to think in terms of Christmas foods again and here are some basic recipes and general directions you might be interested in, says Mrs. Mary D. Brown, Acting County Home Demonstration Agent.

Substitutions may be made on the fruits and nuts in these recipes but the basic proportions should be followed when making these substitutions.

**A Famous Old Fruit Cake—11 lbs.**  
 1 lb. grapefruit peel or citron.  
 1 lb. pecans or black walnuts.  
 1 lb. candied pineapple.  
 1 lb. candied red watermelon rind or cherries.  
 3 lbs. seeded raisins or currants.  
 1 1/2 lbs. figs, dates or dried apricots.  
 1/2 lb. butter.  
 1/2 lb. brown sugar.  
 2 cup fruit juice or sweet pickle syrup.  
 6 eggs.  
 1 lb. flour (4 cups.)  
 1 teaspoon cinnamon.  
 1/2 teaspoon cloves.  
 1 teaspoon nutmeg.  
 1/4 teaspoon allspice.  
 1/2 teaspoon salt.  
 Note: Add 1/2 lb. whole butternuts or almonds to this mixture if desired.

Prepare fruit, wash and dry currants. Cut in half-inch cubes the grapefruit peel or citron, and pineapple. Leave cherries and nuts whole.  
 Combine ingredients this way: Cream butter and sugar. Add beaten egg yolks. Sift flour and spices. Add alternately with fruit juices to the creamed fat, sugar and egg mixture. Add fruits and nuts. Mix thoroughly. Follow general directions further down in column for baking or steaming.

**White Fruit Cake**  
 1 lb. white raisins.  
 1 lb. candied pineapple.  
 1/2 lb. candied cherries or candied red watermelon rind.  
 1 lb. shelled almonds or butter- nuts.  
 1 whole coconut (some of the milk may be used).  
 1/2 lb. diced grapefruit peel.  
 1/4 lb. lemon peel.  
 1/4 lb. orange peel.  
 1 lb. shelled pecans.  
 3/4 cups flour.  
 2 cups sugar.  
 1 cup milk.  
 Whites of 5 eggs.  
 1 cup butter.  
 3 teaspoons baking powder.

## 1 tablespoon rum or vanilla flavor.

Cream the butter, add sugar gradually, and beat thoroughly. Dredge the fruit and nuts with part of the flour. Sift flour and making powder together. Add milk to the butter mixture, alternating with the dry ingredients. Combine fruits, nuts and candied peel with this mixture. Add the rum flavor or vanilla extract. If the cake mixture seems too dry, some of the coconut milk can be added. Lastly, fold in the stiffly beaten egg whites.

## Follow general directions further down in column for cooking, etc.

## General Directions for Fruit Cakes

Placing in Pans—Greasing and lining the pans helps prevent the cake crust from becoming too brown, thick and dry during baking and helps retain moisture during storage. Use heavy wax paper. Grease pan. Line with wax paper or heavy brown paper cut to fit pan and extending one inch above the top of the pan. Grease paper. Fruit cakes rise very little; therefore, the pans can be filled nearly full.

**Cooking the Cake**—The success of cooking depends on a low temperature and a long cooking period. This prevents burning and the cake from cracking. Fruit cakes may be baked in a slow oven or steamed in a covered container or pressure cooker and then "dried" out in the oven. If a good oven is available that will hold a constant, low temperature, this method is very satisfactory. Otherwise, steam the cake. If a pressure cooker is available, this method of steaming is quicker.

**Baking in an oven**—Bake in a slow oven 250 degrees F. The baking time depends on the size and shape of the loaf. For a large cake it will be about 45 minutes per pound. This table may serve as guide for cooking:  
 One pound cake should cook approximately 2 1/2 hours.  
 A two pound cake should cook approximately 3 1/2 hours.  
 A three pound cake should cook approximately 4 hours.

Covering the top of the pan with heavy brown paper and tying this down will protect the cake from getting too dry and brown. This will not be necessary in all ovens.  
**Steaming**—Place several layers of heavy waxed or brown paper that has been oiled over top of the cake pan and tie securely. This prevents a collection of moisture on the surface of the cake.  
**Steaming in a pressure cooker**. Place the pan on a rack in the pressure cooker. Add boiling water to the cooker to half the depth of the cake pan. Place the top on the cooker, fasten. Leave the pet cock open and steam for 55 minutes. Then close the pet cock, and process at 15 pounds pressure for 15 minutes. This insures cooking the cake to the center. Let the pressure fall to zero. Then remove pan. Take off paper covers and place in a slow oven 45 minutes to remove excess moisture and dry the crust.

If decorations are added, place them after the cake is removed from the pressure cooker and before it is put in the oven.  
**Steaming in other vessels**. Any large vessel with a tight lid and a rack which will keep the cakes above the surface of the water will serve as a steamer. Pre-

pare the cake exactly as directed for steaming in the pressure cook- er. Steam for about the same time as given for oven baking less about 30 minutes. After the steam- ing, remove the cake. Take off top paper cover and dry in a slow oven for about 30 minutes to re- move excess moisture.

Decorating Fruit Cakes—Cakes may be decorated by placing a few extra pieces of fruit or nuts on the top either scattered or in a set design. Decorations should be added when the cake has almost finished cooking because fruits and nuts tend to discolor in the oven. Fruit may be added after the steaming period if the cake is steamed or when glaze is put on an oven baked cake. If the surface of the cake is dry, dip the decorations in egg white or corn syrup to make them stick.

To secure a glaze on a fruit cake, brush the surface of dark fruit cakes with a mixture of mol- asses and water or a light fruit cake with a mixture of honey and water or egg white and water about an hour before the baking time is up.  
**Care After Baking**—After the cake is removed from the oven, cool thoroughly in the paper in which it was baked. Then wrap securely in a second layer of heavy paper (waxed paper preferred) and tie with twine.

**Storage**—An old stone crock makes an ideal storage container but other clean, tight containers may be used. In a very dry climate it is best to supply some source of moisture during storage. An apple or an orange in the con- tainer with the cakes will give off enough moisture to keep the cakes from drying out. This fruit must be replaced frequently. A small glass of cooking wine in the stor- age container may be used to sup- ply flavor and moisture. Dark fruit cakes are generally considered best after one to three months storage.

**Wrapping and Packing**— Fre- quently cakes are wrapped and packed for gifts or for sale. A tin box is very satisfactory if avail- able. The paper in which the cakes are baked and stored will be dis- colored and should be removed at the time of the final packing. If cakes are to be delivered and used soon after they are removed from storage, waxed paper or other heavy wrapping paper will be suf- ficient. Make the wrappings very attractive.  
 Holly, mistletoe or some other evergreen can be used in fruit boxes to add to the attractiveness. Paper lace doilies may be used effectively.

# COME IN—Let us show you how low trucking costs can be!

5,500 reports! NOT the result of man- ufacturer's testing—but owner-reported figures from on-the-job operations!

It's another Ford first! A complete record of cost-to-run reports, ranging over the whole field of trucking! It's the book of final results from the nationwide Ford Truck Economy Run! See it before you buy ANY truck—see how low trucking costs can be, for loads like yours, in your kind of work!

This book is made up from daily on-the-job running cost reports by ordinary truck operators, doing every- day truck work. There were no "special" models in the Ford Truck Economy Run. Every one of the 5,591 trucks were stock model jobs, equipped with the standard Power Pilot.

## What Should It Cost per mile to run a truck? The only way to find out is to check the running cost experience of other men in your kind of work! Now you can do that—for the first time—with this important new Ford service. Only your Ford Dealer has it!

Availability of equipment, accessories and trim as illus- trated is dependent upon material supply conditions.

## "Only 2 1/4¢ a mile!"

Contractor C. W. Miller (address on request) ran his Ford F-1 Pickup 8,189 miles in the Ford Truck Economy Run. "We spent \$181.41 for gas, oil and main- tenance. A running cost of only 2 1/4¢ a mile!"  
 Covers every important truck-using business! Whatever you haul—appliances, bread, gravel, or almost any loads—you'll find on-the-job running cost evidence in this Book. Come in and see it!

## The Power Pilot is standard equipment on this Ford F-8 BIG JOB and on all today's Ford Trucks. Gives you most power from least gas! The book shows that 1 out of 2 Ford F-8 BIG JOBS in the 22,000 G.V.W. range ran for less than 4 1/4¢ a mile!

## Marriage of Miss Thelma Jean Smith and Pfc. Floyd Carl Borchardt Solemnized Friday Evening at Henry Borchardt Home

Miss Thelma Jean Smith became the bride of Pfc. Floyd Carl Borchardt in a candlelighted ceremony at 6 o'clock Friday evening, Oct. 26, in the home of Mr. and Mrs. Henry Borchardt, uncle and aunt of the groom. Mr. J. Fred Bayless, minister of the First Christian Church, officiated with the impressive double ring ceremony.

Mrs. Bayless provided a medley of pre-nuptial music, also played accompaniment for John Risor as he sang "Because" and "I Love You Truly." Mrs. Bayless also played the professional as the couple entered the altar space.

The improvised altar was before a beautifully decorated mantel over which a large mirror hung. On the mantel was a lovely oblong arrangement of white asters and snapdragons with greenery. Candelabra holding six tall tapers each flanked the flower arrangement.

Given in marriage by her uncle,

Ward M. Taylor of Vernon, the bride was attired in a dress of white faille, having length, with a bolero of white chantilly lace. The tight fitted bodice, buttoned down the front with tiny buttons, featured a Peter Pan collar and sleeves which came to a point over the hands. Her shoulder-length veil of illusion was attached to a head dress of faille, lavishly ornamented with seed pearls. Her flowers were gardenias, carried atop a white Bible. She carried out the tradition of wearing something old, something new, something borrowed and something blue, also a three-penny piece in her shoe. For something old, she used an heirloom handkerchief belonging to Mrs. Blake McDaniel.

The bride's only attendant was Mrs. Floyd M. Smith of San Angelo, her sister-in-law, who wore a gown of blue lace with black velvet accessories. Her flowers were white carnations. The mother of the groom wore a pink gabardine dress with which she wore a white carnation corsage while Mrs. Taylor, the bride's aunt, wore a suit of black faille and also a white carnation corsage.

Three grandmothers were present: Mrs. H. H. Taylor of San Saba, Mrs. Gertrude Shannon of Vernon and Mrs. Fred Borchardt of Crowell.

Mike Rasberry served the groom as best man. Candelighters were Floyd M. Smith and Wayne Borchardt, brothers of the bride and groom, respectively.

For going away, Mrs. Borchardt wore an orchid tweed suit with black accessories and a gardenia corsage. The bride is the daughter of Guy B. Smith of San Saba and Pfc. Borchardt is the son of Mr. and Mrs. Floyd B. Borchardt of Foard City. Mrs. Borchardt finished high school at San Saba and has been employed for sixteen months by the P. M. A. office in Crowell. Mr. Borchardt is a graduate of Crowell High School. He has been in the service since January and is now stationed at Biggs Air Force Base in El Paso.

A reception at the Henry Borchardt home followed the wedding. The dining table was covered with a cloth of pink organdy and was centered with a bowl of white asters with pink and blue flowers intertwined, thus emphasizing the bride's chosen colors.

Miss Doris Cox poured punch and Mrs. Ted Reeder cut the pretty three-tiered wedding cake. Mrs. Ruth Cox of Vernon assisted as did Mrs. John Borchardt, Mrs. Fred Borchardt Jr. and Mrs. Archie Campbell.

Miss Tommie Meason presided at the bride's book. Mrs. George B. Prudom of Vernon played a background of musical selections during the reception.

### Date of Approaching Marriage Revealed at Announcement Tea

At a lovely announcement tea given at the home of Mr. and Mrs. T. S. Haney Saturday afternoon, Oct. 27, the coming marriage date of Haney and Ronald B. Baehr of Amarillo and Fresno, Calif., was revealed on tiny cards lettered in gold and with a tiny bridal nosegay tied with ribbon, were presented to the guests.

Hostesses for the tea were Mrs. J. H. Cope of Lubbock, Mrs. John Risor of Crowell, Mrs. G. C. Morris of Vernon and Mrs. Beach Barton of Kilgore, all aunts of the bride-elect.

Guests were greeted as they arrived by the hostesses and presented to the receiving line composed of Miss Haney; Mrs. T. S. Haney, her mother; Mrs. T. M. Haney of Vernon, her grandmother; and Mrs. Agnes E. McLaughlin of Crowell, her great aunt.

An Italian cut-work and fillet lace cloth covered the tea table, which was centered by a crystal and silver epergne of Else Poulsen roses. Shell pink mallow, sprigged with rosebuds, trailed from the epergne arrangement onto the table. Silver appointments were used in serving. Antique silver candelabra, holding tall white tapers and epergnettes of the Else Poulsen roses were placed on the buffet with crushed shell pink mallow and rosebuds draped between the candelabra.

Mesdames J. R. Beverly, M. L. Hughton, Gordon Bell and Hines Clark presided at the serving table. They were assisted by Misses Carolyn Bell, Maurine Youree, Jean Hughton, Carolyn Haney of Vernon, and Mrs. John T. Risor Jr.

An aunt of the bride-elect, Mrs. W. H. Rowand of Short Hills, N. J., officiated at the register table. Mesdames Leon Speer, Paul Shirley and Arnold Rucker presented piano selections as a musical background for the event.

Approximately 200 guests called from three to five o'clock, the tea hours.

They were directed to the exit by Mrs. Alton Bell and Mrs. J. H.

### Boy Sleeps Nine Months

BALTIMORE, MD.—Four-year-old Billy Conley has been in a coma since January 15, when he was injured in an accident in the family car. But Billy's mother thinks he may wake up soon, for he now makes a face when he gets his medicine, and smiles when he is fed or given sweets.

### Miss LaVerne Owens Honoree at Shower Saturday Afternoon

Miss LaVerne Owens, who is to become the bride of Ray Tamplen on Saturday evening, was complimented by hostesses, Mesdames Joe Roper, Travis Vecera and Jimmy Johnson, and Misses Tommie Meason and Betty Lou Brook, with a delightful miscellaneous bridal shower at the Adelphian Clubhouse last Saturday afternoon.

Guests were received by Mrs. Roper and presented to the receiving line composed of Miss Owens, honoree; Mrs. A. B. Owens, her mother; Mrs. Luther Tamplen, the groom-elect's mother, and Miss Mildred Tamplen, his sister. Mrs. Vecera presided over the pretty bride's book and secured the signatures of the guests.

She directed them into the dining room where frosted punch, cookies and mints were served from a pretty table, lace covered, with a centerpiece formed of a graceful arrangement of white carnations and greenery. From this central piece, white satin streamers with "LaVerne-Ray" on them in gold letters, extended.

Misses Meason and Brook served in the dining room where all appointments were in the chosen colors of green and white.

In the gift room, Mrs. Jimmy Johnson and Miss Virginia Tamplen, another sister of the groom-elect, presided.

Miss Faye Black played piano selections during the reception hours.

### Rehearsal Dinner Given for Bridal Party

Mr. and Mrs. Fred Borchardt Jr. and Mrs. Archie Campbell and Mr. and Mrs. John Borchardt were joint hosts at the Adelphian Club House Thursday evening for the rehearsal dinner for Miss Thelma Smith and Floyd C. Borchardt, who were married Friday evening.

The bride's chosen colors of pink and blue were used in all appointments of the dinner party. The meal was served buffet style, from the central table and places were marked for the honorees, Mr. and Mrs. Ward Taylor, Mrs. Ruth Cox, Miss Doris Cox, all of Vernon; Mr. and Mrs. Floyd Smith of San Angelo, Mr. and Mrs. Mike Rasberry, Mr. and Mrs. Floyd B. Borchardt, Wayne Borchardt, Mr. and Mrs. J. Fred Bayless, Mr. and Mrs. Henry Borchardt, Mr. and Mrs. Ted Reeder, Miss Tommie Meason and John Risor.

The bride and groom-elect presented gifts to their attendants during the evening.

**T. E. L. CLASS MEETING**  
On Thursday evening, Oct. 25, Mrs. Howard Williams and Mrs. C. L. Cavin were hostesses to the T. E. L. Class of the First Baptist Church in the home of Mrs. Williams.

This was the monthly business and social meeting, and the president, Mrs. A. E. Barker, presided over a short business session. A splendid devotional was brought by Mrs. C. C. McLaughlin on the subject, "Too Busy." "Often our excuse for not being about our Master's work."

The reading of the minutes disclosed the following officers for the coming year: Mrs. A. E. Barker, president; Mrs. E. A. Dunagan, secretary; Mrs. C. L. Cavin, assistant secretary; Mrs. Doyle Callaway, 1st vice president; Mrs. Luther Denton, 2nd vice president; Mrs. Roy D. Fox, 3rd vice president; Mrs. H. Williams, 4th vice president; Miss Cora Carter, reporter; Mrs. J. R. Burkett and W. A. Jones, group captains.

An interesting Bible quiz was conducted by Mrs. Denton. The hostesses served lovely refreshments to 16 members and 3 visitors.

Gillespie.  
The wedding of Miss Haney and Cpl. Baehr will take place on Nov. 10 in the Crowell Methodist Church. Miss Haney is now employed at the City National Bank in Wichita Falls and Cpl. Baehr is stationed at Amarillo in the Air Force.

### Bride-Elect Is Honored at Luncheon

Miss LaVerne Owens, bride-elect of Ray Tamplen, was complimented with a luncheon Saturday by Mrs. Mary Ruppel, sister of the groom-elect, in her home, 2312 14th St., in Vernon.

The table was spread with a lovely chartreuse linen cloth and beautifully appointed with hand-painted china. An arrangement of white chrysanthemums in the center of the table carried out the wedding ring symbol and was flanked by tall white tapers in crystal holders.

The honoree was presented with a corsage of tiny white mums. Place cards were tiny bride dolls marking each plate.

Those present were Miss Owens, Mrs. Ella Ingie, Mrs. Earl Ingie, Mrs. Lee Blevins, Mrs. Jim Owens, Mrs. A. B. Owens, Mrs. Luther Tamplen, and the hostess.

### FOARD CITY W. S. C. S.

"Prayer Changes Things" was the opening song for the Monday, Oct. 29, meeting of the Foard City W. S. C. S. at the Foard City church. Mrs. Howard Ferguson led the song and Mrs. Kenneth Halbert led in prayer.

The business session, under the direction of Mrs. Jack Welch, president, concerned several items of importance. Final plans were made for the banquet to be served the Farm Bureau on Thursday night.

Final chapters of the study, "We Americans, North and South," were reviewed by Mrs. Grady Halbert. Several pamphlets concerning Methodism in Latin America were left on the pulpit for those desiring to read further about the Protestant work being carried on in the Latin American countries.

Mrs. J. C. Rader based her devotional for the day on a story of a young man in Brazil, whose diligence in carrying Christ to those who have never known Him, have made him beloved along his tedious circuit route.

A second portion of the meeting was spent in reading meditations and responsive readings observing Week of Prayer and Self-Denial. Several of the Foard City women met with the Truscott W. S. C. S. last Thursday, but those who failed to attend that service heard Mrs. Howard Ferguson's meditation on "Loving God" at the Oct. 29 service.

Mrs. Jay Barker was leader for the responsive readings, after which the annual offering was taken.

Hostess for the day was Mrs. Jack Welch, who served chocolate cup cakes and cocoa to members and their children.

### FIRST BAPTIST W. M. S.

The ladies of the First Baptist W. M. S. met Monday afternoon at 3:30 at the church. After a song and prayer, a short business meeting was held.

Mrs. Barnard Franklin gave a very interesting report of the Baptist convention, which was held in Houston this past week.

Mrs. T. W. Cooper gave the mission study lesson, "Pilgrimage in Spanish America."

Mrs. Glen Goodwin dismissed the group with prayer.  
The W. M. S. will meet next Monday at the church for a business meeting. It is hoped that there will be a large group of ladies at the meeting as there are several important things to be discussed.

### ADELPHIAN CLUB

The Adelphian Club met at the club house for study on Wednesday, October 17, with Mrs. L. A. Andrews as leader.

The members were presented a program based on the United Nations. George Self showed a film on the organization and workings of the U. N.

Following this film, Mrs. Andrews brought additional information on the different parts of the organization and their functions. She displayed many interesting posters and various other data relative to her subject.

During the social hour, the hostesses, Mrs. Dick Todd and Mrs. Frank Flesher, served a delicious dessert course to twenty-one members.

### Home Demonstration Notes

MARY DEEB BROWN

I want to thank all of you who came or sent things to the Achievement Day last Saturday. Considering the weather, it was a wonderful turnout, and I've already heard many nice comments on it.

I hope more of you will plan to come for the day next year. Many of us ate lunch there Saturday and we all enjoyed it.

I plan to go to Fort Worth for a National Home Demonstration Agents' meeting Nov. 4, 5, 6 and 7, and we have exchanged some of the club programs. I know I will receive a great many new ideas and much inspiration at this meeting to bring home and share with you at the next club meeting.

If you are a club president or council officer, please check to see whether you have turned your annual reports in to me, as I need them as soon as possible.

Council met Saturday and new officers were elected as follows: Chairman, Mrs. S. C. Kuehn; Vice Chairman, Mrs. Clyde Bowley; secretary and treasurer, Mrs. C. E. Bryson.

I know they will all do a fine job but they must have the help and support of every member of Council. If you are asked to help them in some way, please try to, whenever possible, as they have many responsibilities which we all must share.

### CO-LABORERS CLASS

The social and study meeting of the Co-laborers Sunday School class of the Methodist Church was held in the home of Mrs. Frank Flesher Friday afternoon with Mrs. Dwight Campbell as co-hostess.

Mrs. M. A. Walker was leader of the lesson and Mrs. E. R. Roland assisted her. The meeting was opened by group singing of "In the Cross," with Mrs. Paul Shirley accompanying. Roll call was answered with a favorite Bible verse.

Mrs. Roland brought I Timothy and Mrs. Walker discussed II Timothy, and a general discussion closed the study. A business session followed.

The hostesses served a delicious refreshment plate to those present. The closing song was "Blest Be The Tie."

### B. & P. W. CLUB

Mrs. Dove Carlile was elected district director of District Ten of the Texas Federation of B. & P. W. Clubs by delegates attending a two-day convention in Mem-

### Report of Cemetery Released by Mrs. N. J. Roberts, Pres.

Mrs. N. J. Roberts, president of the Crowell Cemetery Association, has released the names of the following subscribers to the upkeep of the Crowell Cemetery for the month of October:

C. T. Hord, \$5.00; Johnnie Faye Easley, \$20.00; Mrs. John W. Taylor, Dallas, \$12.00; Mrs. E. L. Howard, Sacramento, Calif., \$5.00; A. Weatherall, \$5.00; J. V. Bailey, Fort Worth, \$2.00; J. F. Bailey, \$3.00; Mrs. R. F. Cates, \$5.00; Mrs. P. H. McLain, \$12.00.

In her report Mrs. Roberts had the following to say regarding the cemetery and its upkeep:

"The names of those who are supporting the upkeep of the cemetery are listed from time to time so that our friends may know who is shouldering this responsibility. The subscriptions for October have been \$69, which certainly will not go very far toward paying the sexton and caring for the other expense connected with this program.

"This month the sexton has been released to go to the cotton field with his family, which, under good conditions, means more than a month's salary.

"There is urgent need for a number of improvements, the fence particularly. The west side must be surveyed. The Johnson grass on that section must be killed first. The road from the highway needs new topping and always there's the monthly expense of sexton, water, tools, etc.

"At our annual meetings every dollar is accounted for, and one marvels at so much done with so little. Different communities have different means of upkeep. This writer has visited most of the cemeteries in this area. Children and Vernon are supported by taxation. Quanaah has an organization that hires a sexton to do general upkeep and those who pay for perpetual care, get it, which means there are sections that get very little attention. We have always maintained that the cemetery looks no better than the worse spot in

phs last week end. More than one hundred women from Childress, Crowell, Graham, Nocona, Electra, Quanaah, Vernon, Wichita Falls, Wellington and Memphis registered for the conference.

Mrs. Carlile is presently serving the local B&P.W. Club as its president. She is an enthusiastic and tireless worker and a firm believer in the principles of B&P.W. and has been affiliated with the organization for a number of years. She is also a past president of the Quanaah Club, which had one of its most successful years during her administration.

### YOUTH REPORTS

BY YOUTH COUNCIL

We need more toys! Everyone who has any old ones are urgently asked to leave them at the Fire Hall. We want to give something to every child in the community, so citizens of Foard County, help us!

This Saturday, the 3rd, members of the Rotary Club and the Columbian Club have been asked to help those of the Sub-Junior Columbian Club and the Band to repair toys at the Community House. We have enough to work on, but need more.

Wayne Borchardt announced that it was the freshmen's time to serve as hosts at the Youth Center, and has asked members of Home Demonstration Clubs to chaperone. Remember, it opens at 7:30 now. There might be a belated Halloween dance that night—~~at least some talk has gone~~

The Council is having a bakery and candy sale this Saturday at Mrs. Stovall's. Let's bake 'em up, kids!

This is the last Sunday for the "Go to Sunday School" campaign. However, those of you who have started, we want you to keep going. We have been really insisting upon it these past three Sundays, and this Sunday to come, but hope you will go on your own initiative from now on. All churches have announced some what of an increase.

Our Safety Committee is going to start action in the not-too-distant future. It is going to have a patrol around the school.

### BIBLE CLASS

The Monday Night Bible Class will meet Monday night, Nov. 5, at 7:30 at the First Baptist Church. Everyone is invited to come and study "Things to Come," from the Book of Revelation.

"We hire the Negro and Mexican section cleaned and they contribute nothing. Some contend that they would rather pay \$5.00 to have their own lot cleaned than to pay into the general fund. Imagine what the whole would look like if the few who do pay did that. A monument salesman, who works this territory, said recently that with one exception, we have the nicest looking cemetery that he has seen in the state.

"Ours is financed by these donations and lot sales and so many of our citizens have their burial plots which have been purchased years back. Certainly we are called on to subscribe to everything under the sun, but please don't forget the cemetery. You pay us, we pay Earl."
