## Barry Chanters Appear in Well December 4

Members of the McMurry College Chanters will be presented at Crowell High School on Dec. 4 as a part of the major tour of the year. The division of Fine Arts, under the leadership of Mr. von Ende, chairman, will tour North Texas, a series of 16 programs, Dec. 2-7.

The trip are both secular and religious in nature and will be presented in schools and churches in Randall, Breckenridge, Mitchell, Graham, Throckmorton, Wichita Falls, Childress, Munday, Knox, Paducah and Stamford. The Chanters traveled over 1,000 miles last year in appearances all over the South. About the group, critics say, "Whether singing hymns or light jumpy numbers, a high school audience, the Chanters are so devoted and so dedicated to their work, that their singing seems to come alive in the hearts of the audience."

Mary Ellen Hayes, assistant organist, will serve as accompanist for the Chanters and will be available for organ requests to the regular program. The regular program includes quartets and over a dozen special numbers. The Chanters will probably include "Bavarian Folk Song," arranged by Dr. von Ende, and spot songs by Jimmie Davis, Lamesa E. Hodges, Miss Davis may be presented as a soloist accompanying herself on the accord.

Featured selections will include "Through the Rye," and "My Prayer Come Up Into Presence," by the entire choir. The spirituals are scheduled for a Mother in the Heaven, by Harold Rucker. Abilene, who is president of the Chanters, and "Josiah 'Fit the Rye of Jericho."

## Revival Continues Through Sunday, Dec. 2

The doctrinal revival at the Baptist Church will continue through next Sunday, Dec. 2. The pastor preaches Friday night on the Doctrine of Foot-Washing. The church has set a goal of \$10,000 for Lottie Moon Foreign Missions offering. This is the offering at Christmas time for the foreign mission program of the Southern Baptists. Last year the church sent in \$1,477, and offering this year is expected to exceed the goal.

## A. P. Barry Dies Suddenly at Home of Daughter

### Funeral Services Held at Methodist Church Sunday

A. P. Barry of Charlie, Texas, retired farmer and former resident of Crowell, passed away unexpectedly at the home of his daughter, Mrs. Hartley Easley, in the Vivian community Saturday morning, Nov. 24, following a short illness although he had been in declining health for some time. Mr. and Mrs. Barry were here visiting in the home of Mr. and Mrs. Easley.

Funeral services for Mr. Barry were held Sunday afternoon in the Crowell Methodist Church at 3 o'clock conducted by Rev. Herbert T. Minga of Dallas, assisted by Rev. M. A. Walker, pastor of the church.

A special musical number was a solo, "Sunrise," rendered by Mrs. M. A. Walker with Mrs. Paul Shirley as organ accompanist for the solo and also for the choir numbers.

Pall bearers were Ed Bevering, John Bevering, J. C. Burnham, Gene Fleming and John Fleming Jr. of Charlie, Texas, and John Bolton of Grandfield, Okla. Flower bearers listed were Mrs. Ed Bevering, Mrs. John Bevering, Mrs. Gene Fleming, Mrs. John Fleming Jr. of Charlie; Mrs. F. C. Royce of Burk Burnett, Mrs. Paul Dowdy of Wichita Falls, and Mrs. R. S. Carroll, Mrs. James Sandlin and Mrs. Otis Gafford of Crowell.

Interment was in the Crowell Cemetery with the Womack Funeral Service in charge of arrangements.

A. P. (Paul) Barry was born Sept. 2, 1876, in Rome, Ga. He was married to Nora Stinson in Nevada, Texas, on Nov. 23, 1898. Five sons and three daughters were born to this union, one son preceding him in death. Resident of Foard County for many years, Mr. Barry had many friends here. He was a good husband and father and was highly respected by all who knew him. He joined the Presbyterian Church when a young man.

Survivors include his wife; four sons, Claude of El Paso, Bill and Roy of San Antonio, and Harold of Vernon; three daughters, Mrs. Easley of Crowell, Mrs. Howard Henderson of Burk Burnett and Mrs. Annie Bell of Charlie; seven grandchildren and three great grandchildren, and one sister, Mrs. Mattie Moseley, of Jamestown, Ala. All the children and families were present for the funeral and also two grandsons, Ray and Jimmy Bell, and wives of Wichita Falls.

Out of town relatives and friends attending the funeral were Mr. and Mrs. Dewey Moseley of Canadian, Mrs. W. F. Boyd and Mrs. Oreda McCartney of Lavon, Texas, Roland Boyd of McKinney, Mr. and Mrs. Ed Bevering, Mr. and Mrs. Gene Fleming, Mr. and Mrs. John Fleming Jr., J. C. Burnham, Mr. and Mrs. Will Garner, and Mr. and Mrs. Floyd Garner, all of Charlie; Mr. and Mrs. F. C. Royce and C. J. Lippard of Burk Burnett; Mr. and Mrs. Paul Dowdy, Mr. and Mrs. H. C. Norsworthy, and Mr. and Mrs. Hugh Shaw of Wichita Falls; John and Bill Bolton of Grandfield, Okla., Mrs. Howard Rutledge, Mrs. Bertha Yarbrough and Mr. and Mrs. Ray Garrison of Petrolia.

## DOWN TOWN BIBLE CLASS

Twenty-seven members were present last Sunday at the meeting of the Down Town Bible Class in the Fox building on the north side of the square. The class has a membership of something over forty and one new member was added to the roll last Sunday. J. A. Stovall was elected as vice president. The class is taught by Rev. M. A. Walker and the time of meeting is 9:30 a. m. All men of the town who do not attend Sunday School elsewhere are invited to attend this class.

## Junior Grand Champion of Stock Show

CHICAGO—King of the junior livestock feeders, Howard Brown 17 of Chickasha, Okla., grins with pride as his 15-month-old Aberdeen Angus steer, Bell Boy, is adjudged junior grand champion of the 52nd annual International Livestock Exposition.

## YOUTH REPORTS

### BY YOUTH COUNCIL

'Tis an old refrain, but one that will be repeated until Christmas. We need toys, toys, toys! Aren't there any old tricycles, wagons, or dolls around? We have at least five women who would like to dress a doll, but alas, we have no dolls! Some little girl and boy are going to look very disappointed when Santa passes their door this Christmas morn. Too, there are children who have no shoes, or sweater, or cap to keep them warm. Kids grow from year to year, so surely there is some outgrown clothing in someone's closet. If there is, please contact a member of the Fire Department or take them to the City Cleaners.

A question about the tennis courts arose this past week. Mrs. Shirley wishes to announce that the \$400 is still in the bank under the account of the "Boys & Girls Week Council." There seems to be the problem of getting the pre-mix here from Cisco, Texas. However, a local trucker has offered his services, as soon as his business reaches a lull.

It is rumored that the Youth Center is going to have a tryout of a recreational director during the month of December. We'll know more about it next week; but we think it is a good idea.

Speaking of the Center, it is the seniors who are hosts, and parents have been asked to chaperone. Remember, it opens at 7:30 and closes at 10:30.

Getting back to the toys, there are not any to repair this Saturday. So, thanks anyway to the Masons and members of the Eastern Star who offered their services.

Don't you have an old toy, please?

## THALIA CEMETERY

The following have sent donations for the Thalia Cemetery since last report. Mrs. Cap Adkins has announced:

Ray Pyle, Vernon, \$3.00; Mr. Gunter, Vernon, \$1.00; Dave Shultz, Thalia, \$5.00. Mrs. Adkins says: "We are grateful to those who have helped to have work done on the cemetery and will appreciate any offering at any time."

Forty out of every thousand men are color blind.

## Four Crowell Football Players Selected on 1A-9 All-District Team at Meeting of Coaches Held in Iowa Park Tuesday

The school officials of District 1A-9 met at Iowa Park Tuesday, November 27, and adopted a football schedule for next fall. The coaches also selected an all-district team. Superintendent Grady Graves and Coach Thayne Amonett represented Crowell at this meeting. Mr. Graves was re-elected Chairman of the Executive Committee and Supt. W. S. Thomas of Holliday, secretary.

## All-District Team

Crowell placed four boys, Jim Paul Norman, Ginger Johnson, Leon Pechacek and George Scott on the first all-district team; James Denton on the second team; and Buddy Caddell and Billy Latimer were given honorable mention. Crowell's five district opponents will be the same as for the season just ended: Holliday, Chillicothe, Archer City, Henrietta and Newcastle. However, there will be one change in the non-conference schedule. Seymour will replace Munday for the Wildcats' opening game. The other four schools that Crowell will meet on the gridiron next fall are Paducah, Quannah, Matador and Iowa Park.

## Defense Bond Drive Totals \$18,887.50 in Foard County

Foard County's sales totaled \$18,887.50 during the first U. S. Defense Bond drive. Nathan Adams of Dallas, state chairman, informed George D. Self, local county chairman. The drive was held from Sept. 3 through Nov. 13.

Final sales figures showed that Series E bonds accounted for \$17,887.50 and Series F and G for \$1,000.00 of this county's total.

Sales of \$27,778,453.25 in Texas during the drive were almost 50 per cent more than normal, Mr. Adams said.

"Normally sales for this period would have been about \$18,000,000 or \$19,000,000," he said, "and the fact that sales were so much higher is definite proof that the people of Texas are responding, as they always do, to the country's need in national emergencies."

The sales total for the state included \$22,459,665.25 in Series E bonds and \$5,318,788 in Series F and G. There were no state or county quotas, the goal being the "largest possible" volume of sales.

Mr. Adams expressed appreciation to the thousands of citizens who served as volunteers in the drive, but urged that they continue their efforts.

"The need for buying Defense Bonds still exists," he said, "with our country engaged in a gigantic preparedness program, these bonds form an important economic link in our defense."

## Don Todd of Quannah Elected President of Wichita FFA District

Don Todd, member of the Quannah FFA Chapter, was elected president of the Wichita FFA District Saturday, November 17, at a district meeting called at the Bobby Holder Area 4 FFA Camp on Possum Kingdom Lake. J. B. Payne, Area 4 Supervisor, from Stephenville called the meeting to order with sixteen advisers and two delegates from each chapter denouncing the roll call. Mr. Payne gave a brief history and plans for making the camp the best in the state. The camp consists of about fifteen acres of land and an estimated value of about \$20,000 worth of property is already on the site. It will be an ideal place for district and area encampments if present plans work out.

Other officers elected were: Karl Kuehn, vice president, Electra; Donald Wilson, secretary, North Side Vernon; Al Merionysky, Treasurer, Harrold; Bob Johnston, reporter, Petrolia; Jimmy Rathgeber, second vice president, Lockert; Claude Bagley, third vice president, Vernon; Don Thrash, parliamentarian, O'Dell; Thomas Haneb, sentinel, Byers; Eldon Cobb, historian, Henrietta; and James Ludeke, Lockett, district adviser.

After the election of officers the boys set up a program of work for the year which included all of the Leadership Contests to be held at Electra January 19. Judging contests set up on a district basis were: livestock, dairy and poultry, date for each to be set later. Banners through third place and ribbons through fifth place will be given in each contest. The boys voted to have a District Encampment late next spring at the camp.

Marvin Myers, F. F. A. advisor from the Crowell High School, and Boyce Cox, Billy Dunn and Jimmy Harper attended from Crowell.

## B. & P. W. CLUB

On entering the dining room of the Club Cafe last Thursday evening, members of the B&P W Club were reminded that the Thanksgiving season was at hand. The brown-covered tables were beautifully and artistically decorated with autumn leaves, berries and chrysanthemums.

Mrs. Alyene Graham read the club collect as the invocation. Following the traditional turkey dinner, Mrs. Fred Bayless entertained with two piano numbers, "The Rosary" and "The Old Refrain."

Mrs. Dorothy McClain told the familiar story of the first Thanksgiving, adding a few bits of information concerning the holiday. The program was concluded by Mayme Lee Collins, who read "When the Frost Is on the Pumpkin" and "Old Fashioned Thanksgiving."

The trio of hostesses for this dinner meeting were Mesdames Dorothy McClain, Alyene Graham and Willie McWilliams. Guests other than club members were Mesdames Elton Carroll and Fred Bayless.

Miss Mary Norman, senior at Texas Tech in Lubbock, spent the Thanksgiving holidays in the home of her parents, Mr. and Mrs. Haskell Norman.

Mrs. H. L. Jinks of Wichita Falls spent Tuesday and Wednesday here visiting her sister, Mrs. C. E. Gafford, and family. She went to Quannah Wednesday afternoon to visit another sister, Mrs. Dave Thomson, and family.

## Basketball Season Will Open Tonight When the Crowell Wildcats Meet the Matador Bullfighters in Local Gym

Coaches Thayne Amonett and Gordon Erwin had the following fifteen boys to report for the initial basketball workout for Crowell High School's 1951-52 season Monday morning: Lee Roy Bice, Jim Stinebaugh, Don Gobin, Gordon Graves, James Hall, Jimmy Harper, Ginger Johnson, Martin Langham, James McBeath, Billy Marlow, Clinton Marlow, Jim Paul Norman, Billy John Rader, Gaylon Whitley and Roy Whitley. Three of these boys will be playing their last season for Crowell; eight are juniors; one is a sophomore; and three are freshmen. Norman, C. Marlow and R. Whitley are regulars from last year. Gobin, Hall, Johnson, Langham, McBeath and B. Marlow are reserves from last season. Crowell won district and bi-district crowns last year before losing to Bowie, state champion, in regional play-off. The prospects for this season are good; however, Gordon Wood Bell and Jon Sanders will be hard to replace from last year's outstanding team.

## High School Band to Play in Vernon

The Crowell High School Band will go to Vernon Friday, Nov. 30, to take part in the Christmas opening parade which starts at 3:30 p. m.

Members of the Crowell Band Parents Club have announced plans for a bazaar to be held on Saturday, Dec. 8.

On Thursday, Dec. 6, at 7 p. m., the Band Parents Club will have its regular meeting in the band hall and all members are requested to be present.

Band Director Walter B. Harris Jr. says the junior band is coming along fine and some really good talent is being developed.

## Increase in Postal Rates Effective Jan. 1

Effective January 1, 1952, postal cards issued by the Post Office Department and private mailing or post cards will be 2c each. Drop letters will also be 2c, according to an announcement made Monday by the local postmaster, Alva Spencer.

Special delivery fees on first class mail will be 20c, 35c and 50c and on second, third, and fourth class mail, special delivery fees will be 35c, 45c and 60c.

There will also be an increase in fees on registered and insured mail, to become effective next April 1st.

## Missionary to Speak at Christian Church Next Wednesday

Missionary Kenneth Fox of the Brazil Christian Mission, South America, will be at the Crowell Christian Church next Wednesday, December 5, at 7:30 o'clock, to present the work of that Mission.

With his wife and two small children, Mr. Fox plans to join the Brazil Christian Mission in February, 1952. A cordial invitation is extended by the church to all people interested in Christian Mission to meet and hear Mr. Fox next Wednesday.

Mrs. Weatherred made a very interesting talk concerning her native land, its villages and cities, modes of transportation, the beautiful scenery, the churches, yards, stores and the English people and their customs. The talk was greatly enjoyed by the Rotarians and visitors present. Mrs. Weatherred, husband and children returned a few months ago from a year's stay in her homeland and at present she says she feels perfectly satisfied to remain in America.

## J. Frank Long Succumbs Here Tuesday Afternoon

### Funeral for Pioneer Resident Will Be Thursday Afternoon

J. F. (Frank) Long, 77, resident of Foard County for about sixty years, and pioneer farmer, stockman and merchant of Thalia and Crowell, passed away at his home in Crowell about 3:30 o'clock Tuesday afternoon following a long illness. His condition became critical last Sunday.

Funeral services for Mr. Long will be held at the First Baptist Church in Crowell today (Thursday) at 3 p. m., conducted by the pastor, Rev. Bernard Franklin, assisted by Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church.

Interment will be in Crowell Cemetery with the Womack Funeral Service in charge of arrangements.

Mr. Long was born in Weatherford, Texas, May 31, 1874, and came to Foard County when he was about seventeen years old and had resided in the Thalia community and Crowell since that time. He was a member of the Baptist Church and Masonic Lodge.

He is survived by his widow, Mrs. Josie Long; one daughter, Mrs. Howard Bursey, of Thalia; two sons, Robert Long of Thalia, and James E. Long of Crowell; two brothers, W. J. Long of Thalia and S. W. McLarty of Vernon; two sisters, Mrs. Delia Howard of Oklahoma City, Okla., and Mrs. Mary Garrett of Thalia; and six grandchildren.

## LIGHT SHOWERS HERE

Light showers which fell here Saturday and Monday measured .11 of an inch by the Government gauge at the Crowell State Bank. The damp, cool weather on these two days was good for the wheat, but stopped the cotton harvest.

**ENFORCEMENT EFFECTIVE**

It should interest the people of this country to know that the President has requested Congress

to provide \$300,000 for enforcement of a major anti-monopoly law enacted last year.

Quite correctly, the Chief Executive points out that the purpose of the law will be served only to the extent that the Federal Trade Commission can undertake "vigorous enforcement" and that, to begin this work, the Commission must have funds.

The purpose of the act, passed to close a gap in the Clayton Act of 1914, is to "arrest the continuing rise in the concentration of economic power by prohibiting business mergers which seriously injure competition and promote monopoly."

The earlier statute was designed to prevent a concern from obtaining control over a competitor through the purchase of stock if the result would be to promote monopoly and interfere with competition. The monopolistically-inclined corporations got around this by purchasing the physical assets of a competitor, as well as stock, and the statute of last year was designed to prevent this if it resulted in monopoly.

**Christian Training of 400 Boys and Girls to be Feature on Methodist Home Radio Program**

This group of boys from the Methodist Home, Waco, Texas, will be heard on the Home's regular Sunday morning broadcast December 2. They are shown singing one of their favorite hymns, "Hallelujah."

Christian training for 400 boys and girls at the Methodist Home, Waco, Texas, will be portrayed in the Home's regular Sunday morning radio broadcast at 8:15 December 2. The life story of one of the Home's boys who chose the Methodist ministry for his life's work will be told. The young man whose life has been dedicated to the ministry was salutatorian for his high school graduating class,

president of the National Home Society in his school's chapter and a winner of a national oratorical contest. He is now attending university. Appropriate music will be furnished by the Methodist Home Choir and a speciality number will be offered by a group of boys whose picture is shown above. Radio stations in Texas and New

Mexico who are cooperating in broadcasting the programs are: WFAA, Dallas; WOAI, San Antonio; KPRC, Houston; KRIS, Corpus Christi; KRGV, Weslaco; KGNC, Amarillo; KRDD, El Paso; KGGM, Albuquerque; KFYO, Lubbock; KFDM, Beaumont; KFRO, Longview; KVAL, Brownsville; KERB, Kermit; KTVC, Austin; and KBST, Big Spring.

**In the News . . . 30 YEARS AGO**

News items below were taken from the issue of the Foard County News of Friday, Dec. 2, 1921:

F. A. Short, former Crowell furniture dealer, and Miss May Dehn of Walnut Springs were married Dec. 23 and will make their home in Cisco where he is in the furniture business.

C. C. McLaughlin, Bert Bell, Melvin Moore, M. F. Crowell and H. C. Clayton are taking a short course in the handling of tractors in Dallas this week conducted by the Rumley Company.

The wheat crop is suffering from fall rains being delayed.

P. D. Chaney and wife left Tuesday for Vernon where they will make their future home.

J. R. Beverly made a business trip to Dimmitt, Castro County, this week.

Harry McKown was operated on for appendicitis in the Foard County Hospital last Saturday night.

Douglas Earthman of Dallas is here this week visiting his cousin, Jimmie Cotten.

Lal Backus, former sheriff of Cottle County and brother of Mrs. M. F. Bowley of Crowell, died suddenly in Paducah last Thursday.

Miss Emma Pendleton spent Saturday night and Sunday visiting in the Foard City community.

Mr. and Mrs. Clyde Cobb returned Sunday from Truscott where they have been living for several months.

The ladies of the Methodist Church cleared \$165.00 on their Thanksgiving dinner which enabled them to lift the debt on the pews in the new church.

B. W. Wallace came in Wednesday from Los Angeles, Calif., to visit his sister, Mrs. A. Y. Beverly, and husband.

**BIG BOMBERS COST MONEY**

The increasing cost of armament is brought to mind by the fact that the new six-engine plane, with four J-47 turbo-jets in addition to six piston engines, which can "fly very fast and very high and is the best inter-continental bomber in the world," costs about \$3,500,000, plus \$2,000,000 a year for spare parts, chiefly engines.

The praise for the modified B-36, quoted above, comes from the Secretary of the Air Force, Thomas K. Finletter, who thinks that the 179-ton bomber is superior to similar Russian planes. Other giant bombers are in course of production, with one, at least, being almost ready for test flights.

When one considers the initial cost of such a bomber, together with its necessary maintenance each year, it is easy to understand the emphasis that is being placed upon guided missiles. When a single big bomber costs more than \$5,000,000 for construction and a year's operation, exclusive of the cost of its crew and its bombs, one can get an idea of the necessity for billions of dollars to carry out a defense program.

**ALL-CHURCH SUPPER**

An all-church supper will be held at the Methodist Church on next Thursday night, Dec. 6. The M. Y. F. will have a parcel post sale after the supper.

Mrs. Dan Callaway returned home Monday from a Vernon hospital following an appendectomy.

The condition of Mr. and Mrs. E. A. Dunagan, who are in the Seymour Hospital following serious injuries received in a car accident recently, is reported to be improving.

Miss Mary R. Thompson returned to Commerce Sunday after spending Thanksgiving here with her mother, Mrs. C. W. Thompson.

Mr. and Mrs. Tom Beverly of LaMarque, Texas, and Mrs. T. M. Beverly and Mrs. W. D. Howell of McKinney spent the Thanksgiving holidays here visiting Mr. and Mrs. Arnold Rucker and other friends and relatives.

Daylight Saving Time was originated in Paris in 1740 by Benjamin Franklin.

**Patients in TB Hospitals Growing But Fewer Deaths**

Fewer people are dying from TB each year, but the number of patients in TB hospitals is growing. According to Dr. W. D. Anderson of San Angelo, chairman of the Texas Medical Association's Committee on Tuberculosis, "rapid progress is being made in saving people from death from TB but progress in saving people from the disease itself is slow."

The recently published Annual Report of the National Tuberculosis Association, Dr. Anderson said, attributes the drop in deaths to the development of new drugs, important advances in surgery, and recent expansion of X-ray survey programs through which new cases of TB are discovered in the early stage. The report shows that TB deaths in the United States have dropped from 150,000 in 1900 to about 40,000 a year at present. "Since 1904 the death rate has

been cut 85 per cent," Dr. Anderson said, "yet the disease is known to strike 100,000 victims annually and public health authorities estimate that about 500,000 people in the U. S. have TB today."  
Dr. Anderson pointed out that Texas currently has the tenth highest TB death rate among the states and that one out of every 100 screened in X-ray surveys here last year was found to have TB.

"As more cases are discovered in the early stage, and as methods of treatment continue to improve, a continued decrease in deaths is predicted," Dr. Anderson declared. He stated, however, that in spite of progress, "TB still kills more people than all other communicable diseases combined and is still the greatest disease killer in the age group from 15 to 34."

Dr. Anderson warned that the problem of medical and nursing care for the increasing number of patients in TB hospitals in Texas is acute. He noted a growing need for adequate rehabilitation, social and welfare services to TB patients. "More people need to learn what they should do as individuals to protect themselves from TB and what they should do as voters to provide sufficient facilities to control tuberculosis in this State," he declared. Adding that the voluntary TB associations can help

They returned by way of Anna where they visited Mrs. Ross' sister and brother, Mrs. B. F. Luscombe and Rip Welch, also with Capt. and Mrs. S. J. Brune.

NO MARKS NO GOOD

Los Angeles — When a check was presented at a local bank, officials became suspicious that it had been forged. The teller returned it to the store which had cashed it and police found that it had been stolen from a blind woman, Marjorie Stewart, by Karl Edwards, 57, who had forged her name on the check and then spent the money for liquor. Miss Stewart always signed her checks and then perforated the signature with three secret Braille characters to make it genuine. The absence of the three characters caused the bank to investigate.

**How Fast Can You Stop Your Car?**

Even a woman driver can bring a two-ton passenger car going 70 miles an hour to a safe stop in less than five seconds with Chrysler-developed power brakes, as proved by the latest road tests, according to Joseph A. O'Malley, general sales manager of the Chrysler Division, Chrysler Corporation.

"These power-assisted passenger car brakes are back in the news because results secured in engineering tests are rapidly approaching the maximum theoretical limit of car-stopping power," O'Malley said.

"According to the laws of physics, this theoretical limit is a reduction in speed at the rate of 22 miles per hour during each second of deceleration of a moving car. Instruments on Chrysler test cars have repeatedly recorded car-stopping power of 20 miles per hour during the second of maximum deceleration."

This record, O'Malley pointed

out, is the climax of three decades of brake advances, as a result of which braking ability has more than doubled while maximum car speeds have increased less than half. The mechanism which makes it possible to get greater stopping power with lower pedal pressure is the Chrysler vacuum brake booster. It is a compact, self-contained unit which uses vacuum from the intake manifold to multiply the braking power of the hydraulic brake system. It consists of two basic parts. One includes a diaphragm, pushrod and power piston assembly. The other is an integral valve housing assembly which controls relative air pressures on the two sides of the diaphragm.

## TENNIS COURT PROJECT NOW IN VIEW

Has anyone else been wondering about the tennis courts? As you know, we have \$400 in the bank for the sole purpose of re-working the tennis courts.

According to information furnished by Mrs. Ray Shirley, it will take 94 tons of pre-mixed asphalt to resurface the courts.

This asphalt is to be hauled from Cisco by Jim Riley Gafford. Mr. Myers and his V. A. boys will spread and pack the asphalt.

It is believed that we may have enough money to build a third tennis court after the present ones are resurfaced.

Mr. Graves has also informed me that the school has purchased a new all-weather tennis net. So, it is evident that when tennis season rolls around we will have our courts in top condition.

## NEW TYPE REVIEW IN BIOLOGY CLASS

Could you take complete control of your class for one whole hour and give an organized review of the work done in the past six weeks? Well, that is what George Ann Davis did, and had as a class visitor none other than Mr. Grady Graves, our superintendent.

Her topic was biology, which she defined as a science dealing with the forms in which life expresses itself and the processes by which it maintains itself. She discussed the four plant phyla: thallophyta, bryophyta, pteridophyta, and spermatophyta. Then she stated that scientists were turning gray because some small organisms were so difficult to classify as either plants or animals; so naturally should be placed under the plant-animal division.

This would take care of the bacteria slime molds and the Euglena with its relatives, the uroglena, volvox, etc.

She then rattled off the animal phyla: protozoa, porifera, coelenterata, platyhelminthes, nemathelminthes, annelida and arthropoda, giving examples and explanations and asking questions.

She was just getting started explaining the process by which life maintains itself and life activities such as ingestion, digestion, secretion, respiration and reproduction, when all of a sudden the old bell rang, which meant that the class must close, leaving four more animal phyla to be learned the next six weeks.

By this time, however, George Ann had given an excellent review for the whole class.

## SENIOR BOYS WORK

Fifty-four per cent of the senior boys are working through the week or on Saturdays. Those working are Robert Brock, who delivers for a bakery; John Diggs, relief operator at Rialto; James McBeath, filling station at Thalia; Elwin Setliff, checker at Mac's Grocery; R. C. Sanders, bus driver and Jimmy Woods, who works at the Humble Station in Truscott. This shows how much money it takes to be a senior.

## STUDENTS WORK, PLAY AND STRAY DURING THANKSGIVING

 J. M. Cates — plowed and hauled in bundle feed and ate.  
 Brian Wright — worked on combine.  
 James Pittillo, David Jackson, Larry Johnson — went hunting.  
 Raymond Balenack — hauled feed, went hunting, Virginia Tamplin and Betty Bartley, ranked first, second and third, respectively.

## SENIOR MATUS LIKES DANCING AND VOLLEYBALL

Mary Matus was born on Feb. 28, 1934. She has been reared in Thalia attending both Thalia and Riverside schools before entering Crowell High as a lowly freshman.

If you were to ask her what she likes best, this brown haired, brown eyed senior would, in all probability, tell you there isn't anything better than dancing or playing volleyball. Also, eating fried chicken and ice cream are favorite pastimes of Mary's. Mary likes to wear sport clothes in the color of red, if possible.

She enjoys movies starring Robert Young and Elizabeth Taylor and listening to "Let's Live a Little."

After graduation she plans to attend a business college in Wichita Falls.

## WITH THE CLASSES

The VA III boys are studying credit loans from banks, insurance companies, and credit associations for farmers.

Preparing foreign recipes takes up most of the time for the girls in Homemaking III.

In Homemaking II the girls prepared and served a Thanksgiving dinner for 25 guests. Afterwards, the plate geometry class is studying propositions and theorems dealing with straight line figures.

English I and II are studying nouns, pronouns and verbs.

The chemistry students are studying a very simple subject, the atomic and molecular weight of a compounds, no less.

Solving motion problems by graph, scale drawings, and constructing triangles constitute the work of the general math students.

In safety the students have just learned the safe use of fire.

The plane geometry class is studying propositions and theorems dealing with straight line figures.

English I and II are studying nouns, pronouns and verbs.

In civics tariff and the commercial powers of congress are taking up most of the time lately.

The constitutional convention is the topic under discussion in American history.

Spanish students are having quite a time learning to conjugate Spanish "verbs."

Mr. Black's typing class is "just typing."

Algebra I — The objectives of the course are to study algebra for the fun of it and for the profit that may come from having studied it. Formulas, signed numbers, equations, parenthesis and polynomials have at last brought us through addition, subtraction, multiplication and now just imagine a fellow having to learn to divide algebraically before Christmas.

Algebra II has had first degree equations with two and three unknowns and is now ready for square root with surds and radical equations.

Mr. Black's life is constantly endangered by his drivers' education students, especially those with "acceleritis," a condition caused by getting the foot stuck on the accelerator.

Both speech classes have been working on choral readings in order to "overcome self-consciousness and develop voice harmony."

Ronald Amundsen discovered the South Pole.

## BASKETBALL SEASON OPENS DECEMBER 5 WITH QUANAH

The basketball schedule for the 1951-52 season was released Monday by Coach Thyne Amnett.

There will be two new teams on the schedule this year. Newcastle and Henrietta are playing in this district for the first time. They, or any other team, will be a threat at all times. Chillicothe and Newcastle are expected to be the toughest teams in regular play, however.

There are ten conference games scheduled, two games with every team in the district. There will be nearly as many practice games, including the tournaments that the Wildcats will enter. Tournaments will be played Dec. 13, 14 and 15 at Matador and Dec. 20, 21 and 22 at Quanah.

The Wildcats are expected to be district winners by all Crowell fans. There are three starters back from the bi-district team last year. They are Clinton Marlow, forward; Jim Norman, center; and Roy Whitley, guard. The loss of Jon Sanders, Gordon Bell and Jim Tom Cates was heavily felt; however, there are some good prospects coming up from the B team of last year.

Billy Marlow, Martin Langham, James Hall and Ginger Johnson are the most likely to become starters this season.

Marlow, Langham and Johnson saw quite a bit of action last year. Marlow and Langham are forwards and Johnson a guard.

The first conference game will be with Newcastle here January 11. The Wildcat schedule will be as follows: Dec. 4 Quanah there, Dec. 11 Monday here, Dec. 13, 14, 15 Matador tournament there, Dec. 18 Monday there, Dec. 20, 21, 22 Quanah tournament there, Jan. 8 Quanah here, Jan. 17 Chillicothe there, Jan. 22 Henrietta there, Jan. 25 Holliday here, Jan. 29, Archer City here, Feb. 1, Newcastle there, Feb. 5, Chillicothe here, Feb. 8 Henrietta here, Feb. 12 Holliday there, Feb. 15 Archer City there.

## TAYLOR IS CHIEF SCOUT OF C. H. S.

Much of the Wildcats' success in producing winning football teams is made possible by the efficient and accurate scout reports rendered by Coach Glen (Tiny) Taylor. The charges of Coaches Amnett and Erwin depend each week on Tiny's scouting notes for the approaching game. Without such accurate coverage of defense, offense, strong points, weak points and individuals, plus the formation and plays employed by the opposition, our gridlers would be completely lost each Friday night.

To be a scout, a person has to give up many private activities, not to mention watching the home team in action. He must also leave early almost every Friday night and sometimes drive a long distance to see the coming opponents in action, losing a good bit of shut-eye coming back. Nevertheless, Coach Taylor says that he enjoys doing anything he can to help those Wildcats win. For this work, we salute Coach Taylor.

## DRAMATIC CLUB

Thespian Troupe 1101 wishes to extend a cordial invitation to the public to attend the formal initiation of thirteen new members on Monday evening, Dec. 3, at 7:30 o'clock, in the high school auditorium.

Actors for the evening of one-act plays according to audience vote were: V. A. Smith, Virginia Tamplin and Betty Bartley, ranked first, second and third, respectively.

Anyone who wants to try out for "Ever Since Eve" come to the auditorium the fifth or eighth period.

## POGUE FISHES AND EATS IN HIS SPARE TIME

Gene Paul Pogue, better known as "Pogue," was born near Gilliland on April 29, 1934. At the age of four he moved to Truscott where he has lived ever since.

This brown haired, blue eyed senior claims his favorite hobby is fishing. At any rate he spends all the time he can doing it. However, eating steak and gravy rates high on his list of "Things I want to spend my life doing."

Pogue, who likes Jane Russell and Bob Hope, enjoys wearing western clothes, listening to "All-ways Late" by Lefty Frizzell, watching football games, and hearing sports broadcasted over the radio.

As for the future, he wants to attend Texas Tech if the Army doesn't get him first.

## LIVESTOCK SHIPMENTS

Austin, Texas, Nov. 13—Livestock shipments in Texas during September were 74 per cent greater than in the same period last year, but only 4 per cent above August, 1951, shipments, the University of Texas Bureau of Business Research reported.

The disparity is explained primarily by the drastic effects of drought on Texas pasturelands, officials said. Further indication of the drought's seriousness is shown in September-to-September comparisons of shipments within the state. Specifically, cattle shipments were down 4 per cent; calves, 30 per cent; and sheep, 59 per cent, showing most livestock were shipped out of state.

However, intrastate shipments of hogs, not primarily pasture-fed animals, were up 300 per cent.

Winnie Turner of Amarillo visited his parents, Mr. and Mrs. Ozzie Turner, over the week end.

Mr. and Mrs. D. B. Traweck visited Mrs. Dan Callaway of a realization that in persecuting the followers of "the way," he was persecuting the Son of God Himself. We find a humble Saul saying "Lord, what wilt thou have me to do."

From that time on, things began to happen in Saul's life, things which God planned for him. Saul (later called Paul) was chosen of God to preach the gospel to "the Gentiles, and kings, and the children of Israel," and his life, as recorded in the book of Acts, is a thrilling example of what God can do through a life given over to Him through faith in the Lord Jesus Christ.

Seattle, Wash. — Called from a shower to give aid to a 22-month old girl, who had been pulled unconscious from a fish point, Dr. Louis Salazar, Alaska physician who is visiting here, went to work on the limp body. He applied artificial respiration desperately and was rewarded by a cry. The child, who was revived, was his own daughter, Mary Margaret.

## Weekly Sermon

A Life Turned Right Side Up  
from Moody Bible Institute,  
Chicago

"And the witnesses laid down their clothes at a young man's feet, whose name was Saul" (Acts 7:58). Stephen, a follower of Christ, was being stoned, and Saul, with the clothes of the stoners at his feet, was looking on.

"And Saul was consenting unto his death." He heard the dying Stephen's prayer for his persecutors, "Lord, lay not this sin to their charge," yet Saul was apparently unmoved. For we read of his activities after Stephen's death: "As for Saul, he made havoc of the church, entering into every house, and haling men and women committed them to prison."

Perhaps a troubled conscience made Saul more vehement in his persecution of the followers of Christ, for next we find him going to the high priest, asking of him "letters to Damascus to the synagogues, that if he found any of this way, whether they were men or women, he might bring them bound unto Jerusalem." But on his way to Damascus, Saul met a Person who changed the whole direction of his life.

"As he journeyed, he came near Damascus; and suddenly there shined round about him a light from heaven; and he fell to the earth, and heard a voice saying unto him, Saul, Saul, why persecutest thou me?" "Who art thou, Lord?" Saul asked. And he was brought face to face with an overwhelming revelation. "I am Jesus whom thou persecutest: it is hard for thee to kick against the pricks." Upon the bewildered heart and mind of the heretofore proud Saul, there began to dawn

### VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met Thursday, Nov. 15, in an all-day meeting with Mrs. T. W. Cooper.

The meeting was opened with the singing of "God Will Take Care of You" and "Standing on the Promises."

The demonstration on hooked rugs was given by Mrs. Mary D. Brown, acting agent. A short history of the art of hooked rugs was given. A beautiful rug made by Mrs. Leslie McAdams was displayed. Several different kinds of needles were used to acquaint the women with different kinds.

The living room storage program will be carried over to the January meeting.

The program on buying cereal wisely and reed basket making will be given at the next meeting with Mrs. I. D. Gilbert on Dec. 6. Everyone is urged to be there by 11 a. m. Final plans for the Christmas party will be made at that time.

Names for Christmas gifts were drawn. Gifts are to be from 75 cents to \$1.00 value.

The hostess gift was drawn by Mrs. L. Kamstra.

Those present were visitors, Mrs. Kamstra, Mrs. G. J. Benham, Mrs. T. S. Patton, Mrs. B. W. Matthews and Mrs. Mary D. Brown, all of Crowell, and members, Mrs. J. W. Carroll, Mrs. Clyde Bowley, Mrs. Arthur Sandlin, Mrs. Faye Bell, Mrs. W. O. Fish, Mrs. Allen Fish, Mrs. J. B. Rasberry, Mrs. I. D. Gilbert Sr., Misses Myrtle and Neoma Fish and Mrs. T. W. Cooper.

### Landscaping Jobs Can Be Done in November

Many landscaping jobs can be done in November, suggests Mrs. Mary D. Brown, acting County Home Demonstration Agent.

If gladioli were grown last year, take up the corms or bulbs. The new corms will be nearer the surface of the ground than the ones you planted. They may be killed by freezing. Dry and store just as onions are dried and stored.

Mrs. Brown urges. Remove the tiny cormlets and sort according to size. Those less than one inch in diameter should be grown for another year before blooms are expected of them. Dust all corms lightly with DDT and sulphur to lessen insects and disease injury next year. Keep in a closed container for two weeks. Gladioli are sometimes left in the soil. They should be covered with several inches of soil to avoid freezing.

Dahlias can be taken up during November or they may be left in the ground. If they are not removed, be sure to mulch heavily to protect against hard freezes.

Plenty of time remains for planting some bulbs and bulb-like plants, the agent says. Lilies, iris, and Dutch iris and tulips may be planted now. Sweet peas may be sown for early spring bloom. Seeds that may be planted are larkspur, calliopsis, cornflowers, California poppies and cosmos. Young bluebonnets which have come up may be transplanted now.

Mrs. Brown says. Just be sure to hold an unbroken piece of soil around the roots, she adds.

### Home Demonstration Notes

MARY DEEB BROWN

As most of you are realizing the Christmas season is almost with us. If you are interested in Christmas skit, games, parties, or decorations I would be glad for you to come by my office and check through what I have for ideas or helps.

Again let me urge you not to forget the Food Sale on December 8 at the Farm Bureau office. Please have your food there as early as possible. All club presidents should check to see that every member has a way to get her food in. Also posters should be up by Dec. 1.

Many of the Foard City women are interested in making nylon corsages. Mrs. Arthur Bell and Mrs. Jim Owens have offered to help them learn how on December 4 at 2 p. m. in the annex of the church there. If you are interested contact Mrs. Tom Callaway, club secretary, for the things you will need to bring. I'm sure they will welcome visitors.

There are a very few pine cones, sweet gum balls, etc. in my office left from last year. If you are interested in them, please come by. Also, I received a new price list from Mrs. Joe F. Koessler the chairman of the Marketing Committee in Lufkin. As you know the club women in that county sell Christmas greens, holly, pine cones, etc. If you are interested, please come by or call for this list.

### Little Change in New Law in Traffic Accident Reports

Austin, Texas—Public confusion over the method of reporting traffic accidents under the state's new Motor Vehicle Safety Responsibility Law was cleared up recently by Public Safety Director Homer Garrison Jr., who showed that any change in the present system is so slight that it should cause no difficulty among motorists.

The present confusion was brought about by the discrepancy in time for filing regular accident reports, which must be sent to the Texas Department of Public Safety within 24 hours, and the time for filing additional information under the Safety Responsibility Law, which may be sent to the Department within as much as 10 days. This gave rise to belief among motor vehicle owners and operators that they would be required to file two lengthy reports, which is not true.

Here are the rules for reporting traffic accidents beginning January 1, when the Safety Responsibility Law becomes effective, as explained by Director Garrison for the guidance of all motorists:

Under the state's Uniform Traffic Law, the operator of every motor vehicle that is involved in an accident resulting in death or injury to a person, or total property damage to an apparent extent of \$25 or more, must file a complete written report with the Texas Department of Public Safety within 24 hours, exactly as they do now. Official forms for this purpose may be obtained from any sheriff's office, local police station, highway patrolman or the Texas Department of Public Safety, as at present. In other words, there is no change whatever in the present rules for reporting accidents of the type just described.

When you obtain a regular accident report, beginning January 1, there will also be furnished along with it an Insurance Information form, labeled Form 21, which must be filled out completely and accurately should the accident in which you were involved result in death or injury to a person, or property damage to any one person, including yourself, in excess of \$100 since this will bring the accident under the provisions of the new Safety Responsibility Law. If the accident did not involve death or injury to a person, or property damage to any one person, including yourself, in excess of \$100, you may disregard this Insurance Information section. If you are required to file it, however, be sure that you still get the regular accident report section off to the Texas Department of Public Safety within 24 hours, despite the fact that you may take up to 10 days to send in the insurance section.

The simplest procedure, Director Garrison pointed out, will be simultaneous filing of all required information, but this will require a motorist to be prepared to answer the insurance and security questions promptly and file the combined report within 24 hours. Any motorist can do this, however, if he follows these suggestions of the Director:

1. Carefully read the state's leaflet about the law and keep it handy in your car.
2. Get a report form, study the questions, and keep it in your car; you may need it in a hurry.
3. If you are insured, keep the name of your insurance company, number of your policy and amount and kind of insurance it provides, in your car for immediate reference.
4. If you are not insured, make up your mind in advance how you will meet the new law's security requirements by other means, as explained in the state's leaflet, if you are involved in a traffic accident.

"It cannot be repeated too often," Director Garrison said, "that the driver of every car involved in an accident must file all required information with the Department of Public Safety within the brief periods stated. Any question of who was at fault must not even be considered—the law says that every driver, regardless of fault. The penalty for failure to report is a fine of \$25 and suspension of your operating license until the report is filed. If an operator is physically unable to report, and was driving another person's motor vehicle at the time of the accident, the owner of the vehicle must file the report."

### Pontiac First to Launch 1952 Sales Activities

Pontiac, Mich.—First of the General Motors car units to launch 1952 sales activities, Pontiac Motor Division will hold a series of factory and dealer meetings in key cities throughout the country beginning Nov. 19, according to a recent announcement by L. W. Ward, general sales manager of the Pontiac Motor Division.

The dealer meetings will be held in 25 cities where details of the 1952 line of Pontiac cars will be discussed and plans outlined for their public introduction.

Ward said that production of the new models already is under way with view to supplying dealers in time for public display early in December. Important engineering developments having to do with engine performance and power transmission will be among features of the new line, he said.

Current dealer stocks are at a minimum and Pontiac showrooms across the country will be relatively bare immediately prior to

### Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, M. D., State Health Officer.

Austin, Texas — Diabetes, a disease for which modern medicine can do much, took a toll of 887 lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable diseases such as typhoid fever, malaria, diphtheria and smallpox are causing a decreasing number of deaths each year in this State, diabetes is now taking an appalling number of human lives, especially in the middle-aged group," Dr. Cox said.

"Until recent years diabetes was not noted as a major health problem but it became accepted as such in direct ratio to the development of medical laboratory pro-

### SOMEBODY'S WRONG

Titusville, Pa. — When Karl Schoppert was 21, doctors told him he didn't have long to live and suggested outdoor life and long hikes. Schoppert, who came from Germany, took their advice to help his asthmatic condition and died recently—on his one hundredth birthday.

cedures, which made the disease more easily diagnosed.

"Diabetes is generally recognized as a class disease. It seems to attack the white collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions are factors, since it seems a fact that those who do not indulge in luxurious living and whose occupation calls for manual labor are not frequently affected. Simple living, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes. An annual physical examination, with a blood or urine analysis, is important to determine whether or not the disease is present in the middle age group."
