(Continued from Page 2)  
is entitled to the free use of this material, but some students destroy the magazines or carry them off. You are responsible for the magazine while it is in your possession, return it to the rack exactly as you found it.  
Seniors! Seniors! Off they go into the wild blue yonder—right toward Midwestern University in Wichita Falls. Brrr! Imagine catching that bus at the early hour of 7:30 a. m. Watch next week's paper for all the details.

### JUNIOR-SENIOR BANQUET

"Step right up folks," will probably be the greeting at the junior-senior banquet this year as the annual affair gets underway with the circus theme being carried out. As the date draws near, plans for the idea are now being formulated, and enthusiasm is growing.  
The members of the junior class with the assistance of their sponsors, Marvin Myers, and the room mothers, will decorate the banquet room for the festive affair. They hope to create a circus atmosphere with the decorations.  
With Barnum's speller, V. A. Smith, as master of ceremonies at the banquet, an enjoyable time should be had by all.  
Juniors and seniors, let's remember, the circus is coming to town April 10.

### HALLMARK AND BLACK WIG GIRLS' DECLAMATION CONTEST

Faye Black, senior division, and Nancy Hallmark, junior division, were selected as winners in the girls' declamation contest held last Friday afternoon in the high school auditorium. These two girls will represent Crowell in the Interscholastic League Literary Events on May 5 at Iowa Park.  
Judges for the contest were the English teachers of the high and elementary schools.  
Because of a tie in the boys' declamation contest, our representatives for that event will not be announced until next week.

### STINEBAUGH TO REPRESENT CHS AT TENNIS MEET

Grin Stinebaugh emerged singles tennis champion from the field of six contestants to represent CHS at the district tennis meet to be held in Iowa Park April 5th.  
In the first round Stinebaugh edged Bobby Brock, while Glyndon Johnson eliminated Billy Abston. Don Gobin advanced to the finals by defeating Kenneth Fox and drawing a bye for the semi-final round. In the semi-finals Grin came from behind to erase Glyndon, to play Gobin for the championship. He then duplicated previous action by clipping Don to reign as tennis champion.  
The doubles playoff will be held in the near future with the boys who were defeated in the singles participating.

## VOLLEYBALL TOURNAMENT

The CHS volleyball girls will journey to Iowa Park March 22 to participate in the district tournament. The local lassies under the direction of Coach Glen Taylor will play their initial game at 10:20 a. m. against the Olney team. The winner of this contest will battle the winner of the Chillicothe game. After the victor of these games is decided, they will take on the champion of the other bracket consisting of Iowa Park, Holliday and Seymour.  
The Crowell "6" has an excellent chance in this tournament although they are competing against some top flight teams. Best of luck girls!

### NORMA'S NONSENSE

Greetings from Norma! Before long, I shall probably be divulging such interesting bits of information as how many bricks are in the high school building, how many books are in the library, who has their name written the most in public places, and who takes the longest to say good night on the front porch.  
Painting the town of Truscott Sunday night were Sam Bullion and ex-senior, Peggy Traweek. Nice couple, eh?  
Pauline Wheeler thinks a boy from Paducah is "tops." Name is H. D. Haston.

### Did You Know

Professor Sellis and Professor Graves had birthdays last week? Volleyball girls play Olney in the first game at the district tournament at Iowa Park Saturday.  
That Friday just comes once a week.

### Fashion Parade

I'll never forget the gorgeous outfits I saw at the St. Patrick's Dance Saturday night—Carolyn Bell was simply stunning in green and white striped overalls with ankle strapped high heels.  
Ginger Johnson, in a black tuxedo, looked dashing with a chartrouse shirt, tie, and socks.  
And then there was Jean Hughton. Such divine perfume you never smelled. (She secretly told me in the powder room that she was almost late for the dance because she had to run down and get a new pint of "Blue Waltz" before Jim Paul came).  
Personally, I think Billy Abston and Coy Payne would have looked better in their dinner jackets if they had left the football pants and track shoes at home.

### Gabs!

Frances and DuWayne make a cute twosome.  
John Milner and CloVonne had fun Saturday night.  
Jane Cooper and Jimmy Hughes enjoyed the band banquet Friday night.  
St. Patrick dance proved to be a lot of fun.  
Bobby and Dorothy, Jackie Walker and Betty Sue were seen at the dance Saturday night.  
Old love flames rekindled. Robert Kincaid and Gail, Noma and John Potts.  
Sue was disappointed since Bob-

by Norman didn't get to keep his date Saturday night. Tough luck! Have you noticed the new things Virginia Tamplen has been sporting this past week? "Ham" brought them back from Japan.  
Cute "soph" couple — David Jackson and Rebecca.  
Jimmy Everson keeps his dad's tires worn out going to Truscott to see Peggy New.  
John Wright and Clara Faske would make a cute couple.  
Double dating Sunday night were "Grin" and Maurine, "Ace" and Barbara.  
Seniors had a good time in Wichita Tuesday.  
Anyone besides Norma Jean attend all the all-star basketball tournaments?  
Put your scandal in locker 15. So long until next week.

### GRINS BY "GRIN"

There's something feminine about a tree. It does a strip tease in the fall, goes with bare limbs all winter, gets a new outfit every spring, and lives off the saps all summer.

It was at Appomattox Court House in Virginia that the Confederate Army, under Gen. Robert E. Lee, surrendered to Gen. Grant on April 9, 1865.

### KEEP CHS CLICKING BY STOPPING CLIQUES

"Good morning," the sophomore said as she entered the building. The senior looked at her and walked on.

A new student who had enrolled in school was anxious to make new friends. She greeted everyone with a pleasing smile and a pleasant "hello," but the students didn't see her.

Cliques and "gangs" had ruined the school's personality. These selected groups had gradually pushed smiles and pleasant chatter from the campus, and in their place hung a dark cloud of unfriendliness. Most students remark that cliques never hurt anybody. This is definitely untrue. Cliques are only an excuse to exclude some students from the fun and gaiety of popularity.

The girls and boys who belong to this secluded gang think that they are showered with popularity kisses. What they don't realize is that the average students look at them with disfavor, and the only place their popularity shows is to their individual friends.

CHS is considered a democratic school. Why should we let these ungracious gangs change our record? These gangs may be gradually forming without your realizing it. To stop it, display courtesy not only to your friends but to everyone. Throw a smile in with that "hi, there," and watch the friendship circle widen. Throwing a pleasant smile around is like throwing a rock in the water, and the circle widens and widens.

—Thaxton.

### MRS. DAVID M. THOMSON OF HONOLULU SPEAKS TO HIGH SCHOOL STUDENTS

From the moment she walked across the stage and was introduced to her audience by Henry Black, principal, Mrs. David M. Thomson of Honolulu held attention by her quiet, poised stage personality. Mrs. Thomson said, "I feel at home when talking to a school assembly." For many years she was principal of an elementary school in Honolulu with an enrollment of more than 1800 students. The school in Honolulu

was a beautiful and modern building with the latest in equipment.

In speaking of the islands which she has known and loved as home, Mrs. Thomson was truly an ambassador of good will. She mentioned the Islands' great wishes of someday becoming the 49th state. In speaking, she pointed out that the great numbers of Oriental people who populate the United States' hesitancy in admitting them as a state. Mrs. Thomson placed the Orientals in two distinct groups. The Orientals who are mostly Japanese are the more industrious group while the Hawaiians spend most of their time playing on the beaches.

Mrs. Thomson continued with an account of the beauty of the islands and the friendliness of the people toward all Americans who come as visitors on cruises. Being a country with ample rainfall and a temperature which does not drop below 60 degrees F. the year round, the islands have a lush green growth and all the beautiful flowers the United States can boast of plus many tropical flowers that grow in profusion. In comparison, Mrs. Thomson said that the island of Oahu, on which Honolulu is located is about the size of Foard County. Over a beautiful highway one can drive around the island in about three hours.

Originally being a native Texan Mrs. Thomson said with a smile, "When I was a little girl in the third grade, it seemed that everything depended upon the rainfall as to whether we had a good year or a bad one. I said then, 'when I grew up I was certainly moving to a place where it was not necessary to worry about the rainfall.'"

Mrs. Thomson stated that she realized that many of us have been reading about communism which for a time appeared almost to overrun the islands. Under Harry Bridges, communist leaders indeed gained a foothold in political affairs, but through F. B. I. investigation they have at last been rooted out.

Through her experiences at speaking with different people in the United States, Mrs. Thomson says she has found that they ask most about the incident which occurred at Pearl Harbor on Dec. 7, 1941. She proceeded to give a vivid account of the attack as she witnessed it.

It was impossible not to feel great sympathy for the people as their suffering was made clear by Mrs. Thomson's words. It was not only the physical destruction, but a twenty-two months blackout that had to be endured.

The large ovation which she received spoke her audience's appreciation for a most interesting and informative talk.

Mrs. Russell Beverly, sister of Mrs. Thomson, accompanied her to the assembly.

### TENNIS NOW

Tennis courts are really alive nowadays all over the state. These balmy days offer an ideal time to release your energy on tennis. All over the state, yes, and CHS is not an exception. Amid cries of love, duce, add, game, we have some aspiring tennis stars. Every free period, and study hall, some ambitious student is improving his game.

Before the bell each morning, both courts are filled with either boys out for exercise or some practicing for the district meet. "Grin" Stinebaugh, Glyndon Johnson, Billy Abston and Don Gobin are only a few of the many going out for tennis.

Not only boys, but also several girls are playing tennis for fun and competition. Nita June Carroll, Nancy Hallmark and Anne Bayless play each morning. Clo Vonne McKown and Jean Whittly are sixth period players, and Barbara Thaxton and Mary Cooper are seventh period stars. Rumor has it that Norma Mathews, Mary Ermine, Clo Vonne and Jean are going to play to see who goes to Iowa Park for district.

Perhaps you have always thought of tennis being a sport that doesn't take much skill or brain work, but Dr. D. A. Pennick, director and coach of the Texas University tennis stars, disagrees. Dr. Pennick states that several qualities are required in every really good tennis player. It requires mental discipline and self-control. Tennis is fundamentally a game of the mind. As a game of the mind, tennis demands concentration which is often poorly underdeveloped in all. It has been proven that concentration on tennis makes it easier to concentrate on English, math, sciences, etc.

Self-control is another necessary asset for a good tennis player which in turn is necessary for a good sport. If your opponent makes a good shot, tell him that it was good instead of swelling up and getting mad. If you make a poor shot, concentrate harder on making the next shot a good one.

Tennis is a body and mind builder. Why not begin to play it now?

### CURTAIN TIME FOR THE DRAMA FANS OF CHS

It's almost curtain time in CHS. Thursday, March 20, at 7:30, is the exact time for seeing "Fog on the Valley" by Verne Powers presented by the Dramatic Club in the high school by special arrangement with Row Peterson & Co.

This play, the one-act play for contest this year, is a drama of farm life in the 1880's. It is well cast with Don Gobin as the wise and philosophical reverend, Marcia Kincaid as a kindly and vigorous neighbor, Robert Brock as a well-to-do and braggadocious land owner, Camille Todd as the proud, young and newly widowed step-mother, Billy Johnson as the rebellious step-son, and Maurine Youree as a sweet young girl.

Everyone connected with the play believes it will be well worth your time to attend the program which includes not only the play but also the contest declamations by Faye Black, Nancy Hallmark, Gordon Graves and Billy Johnson, plus musical numbers by Billye Jeannette Bell, Frances Kincaid, Sue Meason and Betty Bartley.

We urge you to buy a ticket, attend the performance, and help finance the contest production.

### SUB-JUNIOR ADELPHIAN CLUB STAGES ST. PATRICK'S HOP

'Twas a breath o'Killarney that reigned over the Sub-Junior Adelpian Club's annual dance Saturday night. The big occasion which proved to be an outstanding event from all appearances has broken previous records. An estimated 65 guests turned out for the wearing of the green Saturday night at the Spring Lake Country Club.

The dance, scheduled for eight o'clock, was in full swing by 8:30 and continued to be a huge success throughout the evening. For this success the club girls give credit to Mrs. Woodrow Lemons and her excellent string band. The band proved to be strictly home town talent consisting of Jimmie Johnson, accordion; Bud Halsell, guitar; Mrs. Bernice Sanders, guitar; Ebb Seales, violin; and Mrs. Lemons at the piano.

The prevailing colors of green and white were accompanied by clusters of balloons, golden horse shoes, and shamrocks on which were printed with white ink such phrases as "The Luck of the Irish," "Good Luck" and "Best Wishes." Behind the band stand with a wall of white crepe paper as its background a huge shamrock reigned over the rest. A special section for the band was blocked off from the dance floor by a white picket fence on which were streamers of green and white crepe paper.

The refreshments of delicious green frosted sherbet punch and sugar cookies harmonized with the green and white theme.

Special guests for the occasion were Mr. and Mrs. Fred Thompson, Mr. and Mrs. Fred Youree, Mr. and Mrs. John Thomas Razor Jr., Mrs. Jimmie Johnson, Mrs. Bud Halsell, Mrs. Hubert Brown, Woodrow Lemons, Bernice Sanders and Bert Ekern, Mrs. Bert Ekern and Mrs. Thom-

as Johnson are sponsors of the Sub-Junior Adelpians.

### INTRODUCING

Duane Cates, better known as "Chumpy," president of the Crowell High chapter of Future Farmers of America.

"Chumpy" was born on Oct. 9, 1934, in Thalia where he has lived all his life. There he attended school until three years ago when he entered CHS as a lowly, but good humored "fish." Now a junior this 5 feet 11 inch, 145 pound boy announces that he likes dear ole Crowell High very much.

Duane's tastes are typically western in flavor. He likes western clothes, western books, and living the life of a cowpuncher as much as possible. However, his food doesn't need to be the western type. In fact, when asked what he liked to eat, he replied, "All most anything as long as it's food." Blue eyed, blond haired and majoring in agriculture because VA is his favorite subject, Chumpy plans to attend ACC after he graduates next year.

### SECOND CHILDHOOD?

What's this world coming to? Or could it be that spring is in the air to influence the many strange games being played around the campus?

First, a group of boys began spinning and plugging tops. More and more took it up until students could hardly walk around at noon without someone plugging at their feet.

After the top spinning craze died down, here came the yo-yo's which are still going strong. Someone is always getting hit in the head with a yo-yo, although it is not serious—or is it?

Yo-yo's and tops aren't limited to the male sex. Here and there one may see some ambitious young female learning to spin tops or play with yo-yo's so she can tell her children about it.

One may even see the freshmen playing jacks, an ageless game popular with our grandmothers. Yes, to a stranger in CHS, it would seem that seniors and freshmen alike had indeed lapsed into a second childhood.

**FULL-TIME POWER STEERING**

**FIREPOWER V-8 ENGINE**

**WHAT ARE TODAY'S FACTS ABOUT NEW CAR ENGINES AND POWER STEERING?**

LAST YEAR Chrysler introduced its new FirePower V-8 engine, and America's first passenger-car full-time power steering. Both new ideas "took hold" in a big way.

Today, others are announcing "new engines" and "power steering" . . . but with some basic differences worth keeping in mind if you're buying a new car.

First: about "new engines." The fact is, a really new engine design happens only once in a great while. It did happen in the FirePower V-8. Its 150 h.p. was only incidental to its basic new design. Its key idea is a hemispherical combustion chamber, which makes even non-premium gasoline develop more usable power than other designs can get from premium fuel.

Only Chrysler engineering has so far mastered this design. Several cars do have some power increase, in terms of previous designs. The important fact is that FirePower is not a "warmed-over" engine, but brand new, in performance, construction, and efficiency.

In power steering, too, there are basic differences.

Chrysler uses hydraulic power, always in effect, to do two things. First, it does 4/5 the steering work as you turn the wheel. Second, we've cut the amount of wheel turn needed by over 1/3.

Parking or cruising, you get more and easier control than ever before. In sand, snow, or ruts, the hydraulic power is always there to keep the front wheels from "steering back" at you. You get the same amount and feel of control all the time . . . full-time ease and full-time safety.

Actually, the differences, both in engine performance and in steering safety and ease are impossible to put in words. . . but just as impossible not to feel the moment you get into a Chrysler and drive it! Why not see your Chrysler dealer and do that, soon?

**Where the Money Goes**

The editorial section of a recent issue of the Saturday Evening Post carried an exceedingly interesting little article by Robert Ormond Case, dealing with the Bonneville Power Administration's plans for obtaining office space in the city of Portland, Oregon. Mr. Case wrote, "When it was created in 1937, BPA's duties were apparently simple: to market the hydroelectric output of Bonneville Dam — later extended to include the output of Grand Coulee. It

began with an administrator, a small staff and half a dozen customers—cooperatives, municipalities and a university among them. Today, with little more than 100 customers, BPA employs 3052 people. Although it neither builds nor operates dams, it employs more than 2000 on System—presumably transmission—Planning, Design, Construction and Maintenance; 322 on Power and System Operations; 118 on Finance and Accounts; 71 in Administration and 24 on the legal staff. Private power companies are confident they could perform the same services with one half of the above personnel."

Mr. Case went into some detail concerning Bonneville's ambitious and luxurious ideas of what it should have in the way of office and parking space, and observed that the "incident illustrates a trend toward unsupervised Federal spending by individual bureaus—call them 'Federal corporations,' 'authorities,' 'administrations' or whatever—which menaces our economy and our democratic system. An overworked Congress makes blanket appropriations to an ever-increasing number of these bureaus, then turns its attentions to other matters."

This is also a first-class example of how the government bureaus grow like weeds regardless of any real justification for such growth—and regardless of the effect on the beat-up taxpayer. Such waste would never be countenanced in an investor-owned power company—the regulatory commissions would take care of that, and rightly so. But state socialism respects no laws, no bounds, no restraints. It can lead a nation to both bankruptcy and slavery.

Reports and recommendations were as follows:

1. Yearbook committee chairman, Mrs. Ed Huskey, reported that plans were being made for next year's book.

2. Recreation committee chairman, Mrs. Monroe Karcher, reported that five of the six Home Demonstration Clubs were represented at the recent recreation training school in Vernon and

recommended: (a) that each club sponsor one community social activity per year; (b) that each club sponsor three family "get togethers" per year; (c) that each club have some type of recreation for each meeting; (d) that each club buy a game book or start a game scrapbook.

3. Reporters committee chairman, Mrs. Ewald Schroeder, recommended that reporters write some feature stories or human interest stories of their club's work, and that club reporters report and announce all activities.

4. Marketing committee chairman, Mrs. Henry Edgin, recommended: (a) that all club women study labels on what they buy; (b) that clubs in different sections of the county let other club women know when they have products to sell; (c) recommend that all club women do cooperative buying wherever possible.

5. Finance committee chairman, Mrs. W. M. Cox, reported it would take \$160.00 to meet this year's budget and recommended: (a) that each club pay 50¢ for that Council sponsor a food sale to meet the rest of the budget.

Council discussed a food sale to be held April 12. Council will meet again April 19.

## FOARD CITY W. S. C. S.

Members of the Foard City Woman's Society of Christian Service met at the church on Monday, March 17, at 2:30. "What is your life," led by Mrs. Howard Ferguson, was the opening song with a concluding prayer by Mrs. Grady Halbert. Mrs. Jack Welch presided over the business session and further plans were made for the dinner to be served Saturday, March 23, to the gin directors at the noon hour. Everyone was urged to see that her dishes be at the church on that morning.

It was voted that on Monday, March 25, everyone in the com-

munity be invited to join in an old-fashioned "cemetery working." Be at the cemetery with rake, hoe and energy at one o'clock, March 25.

A life membership and pin were presented Mrs. Miller Rader by Mrs. Welch, who expressed the appreciation of the society for her work in the group.

The devotional for the day was based on "Stewardship" and was given by Mrs. J. M. Barker.

In conclusion Mrs. Johnson briefly discussed the adolescent school child.

## Home Demonstration Notes

MARY DEEB BROWN

"Refinishing Furniture" will be the demonstration for the April meetings. Each club will need to plan for an all-day meeting, as we will start about 10 o'clock in the morning. I am already looking forward to giving this demonstration, and feel that you will enjoy it, too.

As I have it now, here is the schedule for these demonstrations: Riversdale—April 1. Gambleville—April 3. Vivian—April 10. Margaret—April 11. Foard City—April 15. West Side—Date not definite yet.

Will all club presidents please let me know where these meetings will be held?

On March 17, Mrs. Tom Callaway, Mrs. Fred Traveek, Mrs. John Hunter, Mrs. John S. Ray and Mrs. Henry Edgin met in my office for a training meeting on needlework. I'm sure you will enjoy this demonstration when it is given in your clubs the second meeting in April.

## JUNIOR ADELPHIAN CLUB

With the theme for the day being "The world is my home, all mankind are my brethren, and my mission is to do good," the Sub-Junior Adelphean Club met March 12 with Maurine Youree as hostess.

Nell Johnson, leader of the program for the afternoon, introduced the guest speaker, Rev. M. A. Walker, pastor of the Methodist Church. Rev. Walker gave a very inspiring talk on "Religion That Does Things." He asked the club's permission to add one word to this title, making it "Religion That Does Things Well."

Following this, club sponsor, Mrs. Bert Ekern, led the group in singing "Texas Favorites."

## Successful St. Patrick's Dance

The club held its most successful and outstanding event of the year in the form of a St. Patrick's Dance Saturday, March 15, at the Country Club.

The predominate colors, green and white, were accompanied by shamrocks, golden horse shoes and green balloons.

One of the main factors which contributed to the success of the evening was the outstanding band.

## TRUSCOTT H. D. CLUB

The Truscott H. D. Club met March 13 in the community house. Mrs. W. O. Solomon, president, directed the business meeting. Mrs. Jack Brown gave a report of last council meeting. A play which will be given within the next few weeks, was discussed.

Refreshments were served to 13 members, one visitor and Miss Henson by the hostess, Mrs. Hub Gillespie. Mrs. Jack Brown will be hostess at next meeting, the date of which will be announced later.
