**Through Foreign Eyes**

Last summer, a group of German food chain operators came to this country for a six-week visit, under the sponsorship of ECA. The mission had two objectives—first, to acquaint the Germans with American merchandising techniques and facilities as a means of improving the living standards of the German people; second, to demonstrate the benefits of the free competitive enterprise system.

On returning home, the Germans wrote to the American representative of a food chain association who guided them on their country-wide tour. The letters expressed the highest praise for American merchandising. Most of the writers said that they were beginning to adapt American ideas and methods to their own businesses. It is plain that the visitors went back to Germany with a new concept of America, and of the economic system on which America was built. Retailing, of course, is not the only example of what free competition in a free society can do for a people. Manufacturing, farming and all other enterprises are part and parcel of the same system. But retailing gives an unusually clear and concentrated view of what we mean by the American way. The American store, whether it deals in food or in any other merchandise, is something of a miracle to people who come here from abroad for the first time. The very abundance and variety of goods are unknown in most other countries. And so is the fact that those goods are within the means of the masses of the people. We Americans take our high living standards for granted. But we must never forget the philosophy of freedom which created and maintains them.

Stick to the little tasks in life and you will soon find out that someone else has the big jobs for himself.

Giving advice is a habit with human beings, but fortunately ignoring advice is even more strongly ingrained.

**In the News . . . 30 YEARS AGO**

Taken from issue of the Foard County News of March 31, 1922:  
Congressman Lucian E. Parrish died in a sanitarium in Wichita Falls Tuesday following injuries sustained in an automobile accident near Roby about two weeks ago.

Last week the art glass windows for the new Baptist Church arrived and they are being placed in the building.

The two brick buildings destroyed by fire just before Christmas on the north side of the square will be re-built by J. W. Allison with work expected to begin in April.

J. H. Thomson was here Sunday from Paducah.

Mrs. Sam Bell returned last Friday from a visit in Dallas.

Mrs. S. J. Ferguson is visiting relatives in Waco.

Miss Lela Womack returned Sunday from Vernon where she had been visiting the Ferguson family.

Rev. J. H. Hamblen and small son, John Henry, of Stamford visited his daughter, Mrs. Roy Ricks, and family here this week.

Miss Fannie Shultz and her brother, Dave, were here Wednesday morning shopping. Miss Fannie resigned her position with Edwards, Burns & Co. in Thalia last Saturday.

Lewis Sloan returned last Sunday from Ardmore, Okla.

**44 Years Ago**

Taken from issue of the Foard County News of March 27, 1908:  
Judging from reports from all over the county, the farmers are in better condition for the coming spring crops than usual.

Lawhorn & Sandifer are building a new real estate office on west side of the square.

C. P. Sandifer sent six dozen chickens to Quanah Wednesday, receiving \$3.00 per dozen.

District Court convened Monday with Judge Huff on the bench and District Atty. Mason and all members of the local bar present.

The town of Crowell is making a marvelous growth at this time. Visitors to the city express surprise and in some instances are almost amazed.

With this issue the News enters upon its 18th year. While we had no intention of celebrating its anniversary, we hoped to at least give it a new dress, but have been disappointed in that. It will appear, however, within a very short time, perhaps next week, in a modern-styled 10-point type, which will give it an improved appearance.

When a man is as eager to go to work as he is to leave the office, it is a sure sign that he owns the business.

Hyphenated Americans represent their own groups, not the nation. Like many minority groups they seek special favors.

Inhabitants of small towns, who have space for gardens, have an advantage over their city apartment-dwelling cousins.

The legal science has just about reached the stage where no two lawyers and few judges are able to agree about anything.

Feeding the nation and a part of the world may be a glorious calling for our farmers, but they are also interested in a fair cash return.

We have always found it hard to understand why human beings go to sleep on railroad tracks.

**Pasture Lands Will Need Rest When Drouth Is Broken**

Pasture lands in most sections of the state have taken a beating from the weather during the past several months. Rain and more rain is badly needed before the hard hit range plants can even begin their comeback. A. H. Walker, range specialist for the Texas Agricultural Extension Service, says even under normal conditions the spring season is the most critical period for range plants. He says pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. He encourages livestock producers to graze supplemental pastures, if available, to give range a rest for a month or six weeks. This spring rest will give range to native drouth stunted and over-grazed plants. He points out that the usual practice, following a drouth, is to start grazing the range just as soon as the first plants appear and this is not good for the range vegetation. Such practice may reduce annual forage production by as much as 40 per cent, says the specialist. Such a reduction means that a ranchman could only run 60 head of cows instead of 100 head on an annual basis if he had used better management during the spring season. Walker says he realizes that unless weather conditions change very materially in the near future, the spring growing season will just not happen on a lot of the state's range lands. But when the drouth is finally broken, he urges ranchmen to give the range vegetation a chance to become re-established. The drouth has sapped their vigor and stopped root development. A spring to fall deferralment period may be needed in the most critical areas. Such a practice will give the plants a chance to make a seed crop that will be needed to insure a stand of the desirable species, says Walker. A rotation plan for deferring different pastures on the ranch should be worked out and at least one pasture should be deferred each year. Walker points out that range demonstrators have proved that deferred grazing is not only an effective aid to a range recovery program but is also one of the best conservation practices that can be used on the range.

**Health Letter**

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs. "The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring. "The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases. "Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

**'Freeze 'Em Now, Eat 'Em Later,' Says H. D. Agent**

At present prices, it will pay homemakers to freeze and store eggs. Mrs. Mary D. Brown, acting County Home Demonstration Agent, says that thawed eggs may be used the same as fresh eggs for cakes, meringues, omelets, souffles and scrambled as well as in any other recipe calling for eggs. For freezing, eggs should be cooled to about 32 degrees F. Egg whites and egg yolks may be frozen separately or mixed. Egg whites need no treatment. Mixed whites and yolks or just yolks should have 1 tablespoon light colored corn syrup mixed with 2 cups of the eggs to prevent the yolks forming into a thick curd-like mass during storage. Salt, 1 teaspoon per cup of yolks, may be used instead of corn syrup if the eggs are to be used for making mayonnaise. The agent says clean each egg and break into a small dish to be sure there is no stale odor. Pour into a bowl, mix thoroughly and freeze in small containers. Use promptly after thawing. The following are correct measurements when using thawed eggs: 1 tablespoon yolk equal 1 egg yolk; 2 tablespoons whites equal 1 egg white; 3 tablespoons yolk and whites equal 1 whole egg. Another way to freeze eggs conveniently is to freeze them in your ice trays. Clean the eggs as before and break each egg into a small dish to check the odor. Then place each egg in a separate compartment of your ice tray, prick the yolk with a pin and they are ready for freezing. When they have frozen solid, remove them from the ice tray and place the frozen cubes together in a bag and into the freezer. The Texas Food Standard calls for 1 egg per day for each member of the family. These may be eaten in prepared foods or as whole eggs.

**Editorial Gives Sportsmen's Obligation to Wildlife**

The February issue of "Texas Game & Fish" magazine quotes an editorial from the Tyler "Courier-Times-Telegraph" about sportsmen's obligation to wildlife. After reviewing the relationship of land ownership and wild game, the newspaper states: "What we need more than anything else is a wholesome observance on the part of the hunters themselves of the laws we now have. To them, hunting is a game just like baseball or football—and, as true sportsmen, they should observe the rules of the game as set out in the law of their state. "A hunter who kills more than the legal limit should lose caste with other hunters, just as a boxer who strikes below the belt loses standing in the world of sport. This should be so much the general attitude of hunters that he who exceeded the bag limit would no longer brag about it and some of the hunting clubs would so discipline their members that hunting law violations with them would become extinct. "The number of hunters is increasing each year. This makes it all the more necessary that the hunting be done legally. Many of the law violations are by the younger hunters, men, who in the usual course of things should have many years of hunting ahead of them—if they observe the season date limits and the big limits better. If they do not, they will continue to find hunting worse instead of better each year. "After all, there are not enough game wardens to enforce the law adequately. Observance is largely up to the hunters themselves and whether they still have game to hunt in the years to come also is up to them."

Mrs. H. E. Thomson returned Saturday from Abilene where she visited several days. She was accompanied home by Mr. and Mrs. Harold Thomson who attended the funeral of A. Y. Beverly.

Bob Whitaker, Mrs. Clyde Cobb and Mrs. L. Kamstra have returned from Mullins, S. C., where they visited Mrs. Wm. G. Smith and family. Mrs. Whitaker remained in Mullins for a longer visit with her aunt, Mrs. Smith.

## DAVIS' BIOLOGY CLASS ATTEMPTS TO ANSWER ALL-IMPORTANT QUESTION

Should we use tax money to build lounges so boys and girls will have a place to smoke? Would your answer hold true for drugs and alcohol? These are questions that we all must answer someday. The biology class attempted to do their part in answering these questions on a test. Here are some of the answers:

The main reason that boys and girls smoke is not that they enjoy it, but because they want to "go with the crowd," to "put over something on their parents" or "to act smart." Yes, here are the facts. The solutions are varied. Would the temptation be so great if lounges were built? Some say "yes" and others say "no." It is true that the young people might not smoke in lounges because they like to be able to "sneak around" and smoke. It is also true that a person that did not smoke might take up the habit because there would be a better opportunity to smoke in lounges. Lounges accommodating older persons who smoke would influence younger ones because we all

know that younger boys and girls have an "ideal" in an older boy or girl. The problem of lounges for smokers would be much greater if drugs and alcohol were dealt with in the same way. If lounges for tobacco smokers were built, soon people would want lounges for drug addicts and alcoholics, so why build lounges, a waste of time and money, at all? What can be done? Classes, classes and more classes should be supervised to teach the evils of all habit forming substances. If we stop the problem today, while in the growing stage, we will build toward a stronger nation and a more united world.

What do you think about this question? Your answer shapes America's outline for the future.

## CONTEST PLAY AND PRIZE WINNING DECLAMATIONS PRESENTED TO PUBLIC

The contest play, "Fog on the Valley," and the prize winning declamations were presented before the public for the first time Thursday evening, March 20, at the high school auditorium.

A girls' chorus composed of Sue Meason, Betty Bartley, Billye Bell and Frances Kincaid, accompanied by Faye Black, were first on the program singing "Wheel of Fortune." Midway between the first portion of the program which were the declamations and the play which came last, the chorus entertained again with "Charmaine." Billy Johnson, winner of the senior boys' competition gave a declamation entitled "Constitution." Faye Black gave her declamation, "Den of Youth," which was rated first on senior girls' competition. Following these declamations were Gordon Graves and Nancy Hallmark, "Young Fellow, My Lad" and "The House

by the Side of the Road" were their selections respectively.

The one-act play, "Fog on the Valley," by Verne Powers took place in the Carson cabin atop a deep green valley right after Dave Carson's funeral. The time was an early spring morning in the late 1880's.

Cast of characters were Sarah Lawson, Marcia Kincaid; Rev. Horkins, Don Gobin; Judith Carson, Camille Todd; Clem Bailey, Robert Brock; Cathy McCullough, Maurine Younce, and Norrie Carson, Billy Johnson.

The play was produced by special arrangement with Row, Peterson & Co. of Evanston, Ill.

Many favorable comments have been heard since Thursday night about the play and the declamations. The play cast and declaimers wish to voice their appreciation for the large attendance at the program. This evident interest in the school and its entrants in Interscholastic League competition will help much in promoting a greater will to bring back honours from the contest scheduled to be held in Electra March 28.

## CIRCUS ROUND-UP NEAR AT HAND

"Step right up, ladies and gentlemen, and hit the dolls, featuring the world's ugliest man and the most beautiful girl in the universe" are only a few of the phrases that will prevail at the Junior-Senior Banquet to be held April 22 in the banquet room of the Liberty Steak House.

The date had formerly been set for April 10, but because of conflicting schedules, the event was moved up. After the banquet students will go to the Community House for the prom which will feature some excellent musicians. Make plans now, juniors and seniors, to attend the best event of the year.

## GOBIN'S ACTIVITIES MAKE HIM WELL ROUNDED PERSONALITY

Ever meet an all-round boy? If you haven't, you aren't acquainted with Don Gobin, junior in CHS. He's never been known to run out of energy and lives up anything in his vicinity.

Quarterback and co-captain of the football team, guard on the substitute basketball team, sports reporter on the Wildcat staff, a Thespian, president of the Dramatic Club, general handyman at the Foard County News office, and past president of his class are a few of the titles which, all added together, earn Don the title of "all round guy."

Don, who stands 6 feet and weighs in at 163, says he likes to keep in shape by existing on a diet of T-bone steaks plus all the trimmings. As for a hobby, Don has a definite one—reading. Books on sports are his favorites; however, he reads a bit of everything in his spare time. North Texas State College or

Texas University will have the honor of Don's blonde, brown eyed presence while he studies to become—well, he hasn't decided yet, but everyone will agree that he can succeed in whatever it is, especially if it happens to be sports writing.

## CROWELL FFA CHAPTER SELL MAGAZINES; HELP BUILD CAMP AT POSSUM KINGDOM

The Crowell FFA chapter is progressing very nicely with its magazine sale. At present they have sold \$380 worth of magazines.

"Farm and Ranch" and "Outdoor Sportsman" are the monthly publications being on list for subscriptions. Out of every dollar sold for Farm and Ranch, the chapter receives 25c. The Outdoor Sportsman's portion is 15c.

The money that the chapter receives will go to an area fund. This money is to be used in building camping facilities on Possum Kingdom Lake. The Future Farmers of America for this area own the plot of land on which the buildings are to be constructed.

Prizes are awarded boys selling the most subscriptions. A drawing took place Monday for a fund drive prize in which Leon Peckack won a .22 caliber Mossberg semi-automatic. Peckack is leading in sales with \$90 for subscriptions.

## BURSEY '47 WEDS BLACKBURN IN VERNON

Congratulations go to Charles Howard Bursley, class of '47, who wed Miss Juanita Blackburn in a single ring ceremony in East Side Baptist Church in Vernon Friday, March 2.

The couple went to Bryan and other points in East Texas for their honeymoon. They will live on a farm about three miles east of Thalia. Charles Howard, who was a mid-term graduate of Texas A&M, will teach in the Thalia School next year.

## SENIORS RATE TRIP TO MIDWESTERN

On Tuesday, March 18, at 7:30 the senior class gathered at the school house where they boarded a bus to Wichita Falls. They attended the "Senior Day" given by the Midwestern University students.

On arriving at Midwestern the seniors from various schools in Texas and Oklahoma assembled in the University Center dining room where they were welcomed. They were introduced to faculty members and some of the businessmen, also.

After hearing a duet sung by two students of Midwestern and talks given by the dean and the president, the students were given their meal tickets.

The schools were then divided in halves with part of them going to the sneak preview of the "Cavalcade of Melody," held in the huge auditorium and the others touring the various buildings on the campus.

Among those fortunate enough to see the preview of the "Cavalcade of Melody" first were the Crowell seniors. Besides the lunch hour this preview was tops of the day according to the seniors.

After eating a delicious lunch in the huge dining room in University Center, the seniors were guided by ex-senior Jimmy Tom Cates on a tour of the campus.

The various buildings visited were the girls' dormitory, chemistry building, museum, library, boys dormitory, science room and others. All the Crowell seniors were supposed to stick together but after visiting the girls dormitory a major portion of the boys strayed from the flock. These included Thurston Edgin, Jimmy Woods and James McBeath.

After touring Midwestern thoroughly everyone was ready to start for home after a short stop in downtown Wichita Falls.

Their last stop was made in Vernon where they ate supper. On arriving in Crowell, everyone was happy to return home and very grateful to their sponsor, J. W. Sollis, for taking them on this most enjoyable trip.

## ASPIRING ARCHITECTS, SCULPTORS IN GRADE SCHOOL

Last week by some strange coincidence, I happened to be nosing around in grade school. I pecked in on several rooms and found that many projects are being carried out. Mrs. Sollis' first grade is working with clay, making people, houses and animals. Since spring is almost here, the children are learning many new spring songs.

In Miss Hays' 2nd grade, a bird unit is in progress. Many interesting pictures are being studied. Mickey Chapman was the only pupil who had a March birthday.

Mrs. Graves' second grade is going all out for Texas for this month by making Texas booklets and learning words relating to Texas industries which they find very interesting.

Mrs. Hart's first grade is learning and stressing combinations of numbers and speedier spelling. A March poster on Holland is to be started soon.

Glancing in on Mrs. Cooper's room, I saw exhibits of homes from Alaska to Mexico and the Philippines. Dolls were made in proportion to the homes which were attractively and artistically decorated. Mexico, Pueblo Indian, Narragansett Indian, Dutch, Filipino, Alaskan and ranch homes were exhibited. Four pupils were assigned to each home. On visitation day each group sang a song about the home they had built.

Mrs. Streit's third grade has been studying the needs of man

—food, shelter, fuel and clothing. Mrs. Thomas—Wayne Petit and Carolyn Sue Aydelott. This class bought more defense stamps than all the other classes in school.

Mrs. Bounds' fourth grade has been having Mrs. Bruce as a substitute for quite a while, off and on. The class is studying about China, which they find very interesting.

This reporter hopes to sneak in grade school more often to get the "low down" on the future "high schoolers."

## QUESTION OF THE WEEK

After making a survey on the question, "What is your favorite—movies, sports, or dancing?" we found sports are favorites among CHSites.

I like to play tennis because it is fun and reducing. —Clonvonne McKown.

I like to listen to radio programs because they enable me to better devise murder plots. —V. A. Smith.

I like to play tennis because it teaches good sportsmanship. —Mary Cooper.

I like football because it is an outdoor sport with lots of pep and excitement. —Katie Sue Poik.

I like football because there is more fun in it than in any other sport and it makes a man out of you (if you don't get killed). —R. L. Banks.

I like football, basketball, baseball because they show good sportsmanship and bring honors to our school. —Paul Cooper.

Dancing is a very good pastime. Aside from just taking advantage of good music, it is a lot of fun. —Faye Black.

We like all sports because of the general principles due to good health and happiness developed in the body. We enjoy dancing and listening to the radio because they vary our education and improve the intellectual ability of the individual. —Carolyn Bell, George Ann Davis, James Denton.

I like Lockett because it is a good lil ole town. —Jean Whitby.

I like tennis because it is fun to play and watch. —Anne Bayless.

I like listening to the radio best because it furnishes me with interesting entertainment and I don't have to leave home to enjoy it. —Naida King.

I like tennis because it is an individual sport. That is, it is played individually. It is a game in which there is much concentration. In fact, concentration is the most important thing in tennis. —Jim Stinebaugh.

I like dancing because it is just oodles of fun. —Betty Bartley.

I like to be with my girl friends. —Ace.

I like swimming because it is a good clean sport and also because it develops your body and increases your wind and endurance.

## SPORTS RUN-DOWN

The Cat track team is shaping up better every day as the track meet draws nearer. The clads of Coach Amonett have a real hopefuls for several track and field events despite the experience in this sport.

Several boys will be running in more than one race this year. Wayne Borchardt will probably enter in the 220, 440 yard relay and mile relay. Ginger Johnson's events will consist of 100, 880, 440 relay and the mile relay. Jimmy Everson has galloping around the 440, the mile relay, and Jim Norman who possesses a good speed, probably team up with Scott, low to represent CHS in the yard dash. Jim will be entering the 440 relay, broad jump, jump, shot put and discus.

Glyndon Johnson plans on entering in the 440 dash, mile relay, and broad jump. The 440 relay, 220 and 100 dash in the Raymond Halenack, while Bice has eyes set on the (Continued on Page 7)

## THANKS TO WONDERFUL BAND MOTHERS

Umm! What's this we hear about refreshments being served before band practice each day? Cold Cokes and delicious cookies served by the bandmothers are enough to make anyone take a break in her reducing diet.

Those wonderful moms take turns serving the snack each day at 4 p. m. before marching practice. It seems that they are always doing something for the band.

Yes, these mothers are tops in every way, and we hear that if this food keeps up some new members are going to join the band.

## VOLLEYBALLERS TAKE CONSOLATION TROPHY AT DISTRICT TOURNAMENT

The CHS volleyball girls emerged winners of the consolation trophy at the 10-A district tournament held at Iowa Park Saturday.

After taking Olney in the initial contest, the CHS lassies dropped a close game to Chillicothe; however, the local girls advanced to the consolation finals even though they lost this game. They regained their poise and with determination clipped a favored Seymour 6 for the third place championship to bring home a nice trophy.

In the finals the Iowa Park girls defeated Chillicothe to represent this district for the third consecutive year.

# OVER THE ROAD or OVER THE ROUGH -you can't beat a GMC!

KNOW why, more and more, GMC's are becoming first choice of so many cost-watching truck operators in every type of hauling?

One of the big reasons, they will tell you, is they can always get a GMC that's exactly "engined" for their particular kind of work.

There is no need for a GMC owner to strain away with an underpowered truck—or lose profit to a gas eater unsuited to its job.

That's because GMC builds the widest range of truck engines in the industry—GMC famed valve-in-head gasoline engines from 100 to 200 H.P.—GMC

exclusive 2-cycle Diesels from 110 to 225 H.P.

And it's the kind of power you don't have to pamper!

Each GMC engine is specially lubricated against wear, specially ventilated against acid-forming fumes even when idling—specially designed for truck duty!

Why not let us recommend the GMC truck, tractor or six-wheeler perfectly powered for your job? It will be a real truck all the way—exactly the right combination of engine, axle, transmission and frame blended by the world's largest exclusive manufacturer of commercial vehicles!

**IMPROVED GASOLINE AND OIL MEAN SAVINGS** Because of improvements that have been made in gasoline quality, automobile manufacturers have been able to equip cars during the past few years with engines of higher and higher compression ratios. A conservative estimate indicates that using these engines with today's superior gasoline lops about 10 per cent off the nation's annual gasoline consumption. This economy not only represents a saving of \$600 million, but also conserves petroleum equivalent to the output of about 500 oil wells, each producing a thousand barrels a day.

**MILITARY PLANES DEMAND HUGE QUANTITIES OF OIL** The B-29, giant plane that helped bomb Japan to submission six years ago, consumed 440 gallons of gasoline an hour. The biggest heavy bomber of today, the B-36, consumes considerably more than twice as much—980 gallons an hour. In the case of fighter planes the proportionate increase in use of fuel is even greater. The P-51 of World War II burned 63 gallons an hour. But the P-48's used in Korea burn a full 355 gallons an hour. Battles in modern times have always been fought on oil, but today they take more oil than ever before.

Only once has the speaker of the House ever become President. It occurred when James K. Polk was elected in 1844.

## Kentucky Town Hunts Adequate Water

Harrodsburg, Ky. — Like many small towns across the nation who have experienced unusual growth in the past several years, the community of Harrodsburg is faced with the problem of providing adequate utilities for its new citizens.

Located in a rich agricultural section of Kentucky, also an expanding industrial section, the community is without an adequate water supply. And like other small towns, the problem of financing is a big one.

The community's present pumping plant is located on the Salt river and was completed in 1922. Average daily use of water in the town has jumped to more than 300,000 gallons, double that of 1940.

In the event of a dry season, like that of the summer of 1950, the town would face a dangerous water shortage, officials report.

The Chamber of Commerce has proposed a new pumping station on Herrington Lake, but an estimated \$350,000 to \$397,000 would be needed to build the system.

## Charles Howard Bursey of Thalia and Miss Juanita Blackburn of Vernon Are Married Friday Evening in Vernon

Miss Ethel Juanita Blackburn became the bride of Charles Howard Bursey of Thalia in a lovely ceremony performed Friday evening, March 21, in the Second Baptist Church of Vernon. Rev. Oscar Mayo, pastor of the church, officiated at the double ring service.

The bride is the daughter of Mr. and Mrs. Ernest L. Blackburn of Vernon and the groom's parents are Mr. and Mrs. Howard Bursey of Thalia.

An archway of greenery topped by wedding bells centered the altar setting. It was flanked by tall baskets of white stock. A background for the setting was formed by tropical palms and branched candelabra holding lighted tapers.

Nuptial music was provided by Miss Betty Hodges, pianist, and Vidal Jones, soloist. Musical selections preceding the ceremony included "Always," "The Rosary," and "Clair de Lune." Mr. Jones sang "I Love You Truly" preceding the entrance of the wedding party, and "Because" during the ceremony. The traditional wedding marches were played by Miss Hodges.

Given in marriage by her father,

the bride was lovely in a demitasse length white gown styled with a strapless bodice of Chantilly lace and an accordion pleated skirt of nylon net over satin. A brief jacket of the lace designed with a mandarin collar completed her gown. Her fingertip veil of illusion was supported by a tiara of pearlized orange blossoms.

Her white orchid bouquet, tied with white satin streamers, braided satin and peach blossoms, was carried on a white Bible given to her by the Calvary Baptist Y. W. A. Her only jewelry was the wedding band of the groom's grandmother, which she wore on a white satin ribbon as a necklace.

Miss Fern Hannah was maid of honor for the bride. She was attired in a gown of pink Chantilly lace with an embossed floral design over matching taffeta. She carried a crescent bouquet of feathered white carnations with braided satin showers.

Miss Jo Frances Long, cousin of the groom, and Miss Janice Rae Blackburn, sister of the bride, lighted the candles. They wore identical dresses of pastel green and yellow organdy.

Gene Hollar of Bryan, formerly of Vernon, attended the groom as best man. The ushers were Gerry Knox of Crowell, cousin of the groom, and Dick Blackburn, brother of the bride.

Mrs. Blackburn chose a navy blue dress with white and navy accessories for her daughter's wedding. The groom's mother was attired in a dusty rose and navy blue suit with navy accessories. Each mother wore a white corsage.

Following the ceremony, a reception was held in the home of the bride's parents.

The serving table was laid with a white organdy cloth over blue, and other table decorations carried out the bride's chosen colors of blue and gold. The three-tiered wedding cake was topped by a miniature bride and groom standing in front of wedding bells.

Misses Anna Ruth Tompkins, Billie Tompkins, Velma Lee Mayo, Louise Mayo and Ruby Davidson, members of the bride's Y. W. A. group, served as hostesses at the reception.

Immediately following the reception the couple left for a wedding trip to San Antonio. The bride was wearing a navy faille suit with navy and white accessories and a white orchid corsage.

Upon their return, Mr. and Mrs. Bursey will make their home at Thalia, where he is engaged in farming.

Mrs. Bursey is a 1951 graduate of Vernon High School. Recently she has been employed at the Jewel Box Jewelry.

The groom is a graduate of Crowell High School and received his degree from Texas A&M College in January of this year.

Out-of-town guests present for the ceremony included Mr. and Mrs. Thomas E. Bursey and daughters, Suzella and Nancy, of Amarillo; Mr. and Mrs. Tom Bursey, Mrs. Frank Long, Mr. and Mrs. Gerald Knox and son, Gerry; Mr. and Mrs. Woody Bursey and daughters, Carolyn and Sue, Misses Marilyn, Marian and Blanche Hays, Mr. and Mrs. Roy Steele, Mr. and Mrs. John Long and Mr. and Mrs. Ted Reeder of Crowell.

### ADELPHIAN CLUB

On March 19 members of the Adelpian Club met at the club house for regular study. Mrs. Emily Girsch and Mrs. Hubert Brown were hostesses.

The theme for the afternoon, "A Day with India—the Unusual," was another in the series planned by the calendar committee in accordance with a course of study for the year, "Seeking Understanding in a Changing World." Mrs. Jack Sauls, as leader for the afternoon, spoke on India, yesterday and today, reviewing the present crisis and the problems relative to it. She introduced Mrs. W. B. Tysinger who reported most ably on Nehru, the Man in the Middle, Mrs. John Risor discussing Mrs. Pandit, India's Ambassador, stressed mainly women's place in the present and future of India. She spoke of the progress that has already been made in the educational facilities for women and of the potential strength of the awakened and crusading womanhood of India.

The hostesses served a refreshing ice course to twenty members and one guest.

### TRUSCOTT ALPHA CLUB

"Federation Day" was the theme of the program of the Alpha Club on Thursday, March 20, with Mrs. D. S. Ellis as hostess at her home and Mrs. Bruce Campbell of Knox City as guest speaker. Mrs. Ellis, president of the club, was in charge of the business session.

Mrs. Marion Chowning as leader introduced Mrs. Campbell.

Mrs. Campbell gave an interesting and instructive talk on "What club women get for their money, bringing out that we get from the club what we put into it, insisting that we take in all our district meetings and send a delegate to state meeting."

Mrs. Ellis invited the guest and members to a beautifully appointed refreshment table, decorated with beautiful spring flowers. Mrs. Homer Black was seated at a table and poured coffee. A delicious refreshment plate was served.

The next meeting, April 3 at 7:30 p. m. will be held at the Methodist annex with Mrs. Barnes as hostess and a Humble representative as guest speaker.

### ROTARY CLUB

A girls' quartet from the high school composed of Misses Billie Bell, Betty Sue Bartley, Frances Kincaid and Sue Meason, delightfully entertained members of the Crowell Rotary Club Wednesday at noon with the rendition of four numbers. Miss Jean Hughston played piano accompaniment. Don Gobin, junior Rotarian, was in charge of the program.

Two recent new members, Percy Ferguson and Fred Carr, were

Donna Kaye Williams, Texas 1952 Easter Seal girl, surveys the more than a million envelopes containing sheets of 1952 Easter Seals which are being sent to homes throughout Texas this week as the annual Easter Seal Campaign to help crippled children gets underway.

Donna Kaye was chosen as typical of the state's crippled children who are benefiting from treatment received at the cerebral palsy centers financed through Easter Seal funds.

A victim of cerebral palsy due to a birth injury, Donna Kaye, two and a half year old daughter of Mr. and Mrs. J. H. Williams, Dallas, is learning to stand alone with the help of braces and physical therapy. Donna is only one of the thousands of children helped by the Easter Seal Societies.

The nationwide Easter Seal Campaign will continue through Easter Sunday, April 13. Contributions can be made to "Crippled Children," care of your local postoffice.

### ROYAL AMBASSADORS

The boys between the ages of eight and one-half and seventeen years of the Foard City community met Sunday, March 16, for the purpose of organizing a Royal Ambassador group. Rev. Don West of Baylor University and pastor of the Foard City Baptist Church, will serve as counselor.

Attendance chairman Irving Fitch announced that this was the fourth 100 per cent attendance meeting for March and the members would be served T-bone steaks next Wednesday.

Visitors were Rotarians Dub Francis and Grady Dodd of Quanah.

Mr. and Mrs. Jim Franks of Meadow spent the week end in the home of her parents, Mr. and Mrs. D. R. Magee.

### WEST SIDE H. D. CLUB

"It is easy to serve your family and guests hot yeast breads on short notice," Mrs. G. H. Kinchele told the ladies of the West Side Club when they met in her home on March 25. "Most usually we know within two hours how to plan our meals and it takes about that long to make the new quick breads," Mrs. Kinchele stated. Mrs. Kinchele also gave the recipe for the bread.

Visitors present were Mrs. Wm. E. Wells, Mrs. Barney Sanders, Mrs. J. N. Bryson, Mrs. Edd Norris, and club members present were Mesdames E. A. Dunagan, J. L. Kinchele, S. E. King, Walter Thomson, M. O'Connell, Jack Lyons, Oscar Gentry, Henry Edgin, C. R. Bryson and the hostess, Mrs. Kinchele.

The next meeting will be in the home of Mrs. Jack Lyons on April 8 with a program on "Fancy Needlework."

### GAMBLEVILLE H. D. CLUB

The making of yeast batter rolls and coffee cake was demonstrated by Mrs. Andrew Calvin to members of the Gambleville H. D. Club which met in the home of Mrs. Eugene Owens, Friday, March 21.

In the absence of the president, Mrs. Calvin, vice president, Mrs. G. H. Kinchele, presided. The group voted to contribute \$100.00 each toward the expenses of the County Council. The meeting time was changed to 2:30 p. m.

The hostess gift was presented by Mrs. J. C. Prosser.

The following members present: Mesdames Clarence Garrett, Prosser, Milburn Carroll, J. Garrett, Archie Campbell, Carroll, Hulian Monks, Canup, Calvin, and the hostess.

### COLUMBIAN CLUB

With Mrs. John S. Ray as guest, the Columbian Club met at the home of Mrs. N. J. Ray on Wednesday, March 19.

The program was another in the series of Community programs. Mrs. B. W. S. leader for the afternoon introduced Miss Eudora Haver Abilene and of the West Utilities Co., who brought a picture and film on "The Industry of Texas." Miss Eudora is active in Texas Federation work and makes frequent trips to Crowell.

Mrs. Ray served a refreshment plate to club members and Mrs. Jack Searles and Miss Hawkins.
