SCOUTS TAKE OVER OFFICES FOR A DAY

Napoleon, Ohio. — For one day during Boy Scout Week, the Boy Scouts of Napoleon took over the town and county offices as a lesson in government and the functioning of departments and officials.

During the day city and county officers made three arrests and mock trials held before the boy officials. One citizen was arrested on charges of parking too close to a fire hydrant. He was brought before the boy mayor and sentenced to two hours in jail. After considerable bickering he was released on good behavior.

Another citizen was hauled into police court charged with crashing a traffic light. He was also brought before the mayor, pleaded not guilty and was granted permission to carry his case to a higher court.

In the county a woman was charged with taking a 50 cent toy automobile in a department store. After hearing the case, the boy judge probated the woman to her sister where she is to do farm work and milk cows daily for a period of 18 months.

"Almost Pure Poppycock"

That hoary perennial, the St. Lawrence Seaway scheme, is back in the news again. But, judging by the reception it is receiving, the going will be extremely rugged.

The New York Herald Tribune greeted the President's message on the subject by saying, "The St. Lawrence Seaway plan makes its annual reappearance this year in an even more completely confused, contradictory and incomprehensible guise than usual." It described the argument in the message as "almost pure poppycock."

Health Letter

Central Texas' fox population will have to be reduced by at least 50 per cent immediately in order to avert serious fox rabies trouble this spring, the State Department of Health has warned.

Unless livestock owners, fox hunters, and the public generally get on the ball, the whole region is in for increasing numbers of rabies cases, State Health Officer Geo. W. Cox, predicted.

BUDGET BALANCING

The only practical way to balance the federal budget, in the opinion of the Chamber of Commerce of the United States, is to cut spending.

The Chamber calls for a reduction of \$14.4 billion in the President's fiscal 1953 expenditures proposals.

WTCC Gives Views Concerning Tidelands, St. Lawrence Seaway

Abilene — As spokesman for its 5,000 members in 132 counties the West Texas Chamber of Commerce has briefed the Texas congressional delegation on the positions it holds as to marginal tidelands, reorganization of the Internal Revenue Bureau and the proposed St. Lawrence Seaway.

Letters to the congressmen have reminded them of the positions taken on these matters in resolutions adopted by WTCC members in their annual convention in Amarillo last fall.

In the News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, May 12, 1922:

A deal was closed last week whereby M. N. Kenner became owner of the John Greening farm in the Black community, consisting of 200 acres.

The new water system for Crowell will soon be in operation. Charges will be \$14.00 for installation, minimum for 3,000 gallons \$2.00 and 50c per 1000 gallons thereafter.

Health Letter

The grim warning came on the heels of a report that the disease had been diagnosed in Fayette County for the first time in history.

The health officer said Central Texas rabies had been almost eradicated except for a small pocket in Milam County. Because no cases were reported for some nine months, fox thinning efforts were relaxed. That's when the trouble began.

44 Years Ago

Taken from issue of Friday, May 8, 1908:

Saturday's election in this county gave Joseph Weldon Bailey a majority of 42 votes.

An unusually large crowd of people was in from the country Monday, that being the first Monday in May.

Grass Roots Opinion

Somerset, Ohio, Press: "The Los Angeles Chamber of Commerce has been figuring out how much of the Federal debt is owed by Los Angeles. They find out that the amount is greater than the assessed value of all Los Angeles property. There are also local government and private debts to be considered, and that means bankruptcy under the usual rules of private business."

Mount Joy, Pa., Bulletin: "Senator Taft, Republican, of Ohio in a speech . . . said, 'Government spending threatens American liberty and independence because it is leading the nation straight down the road to Socialism. We believe you got something there, Senator.'"

Fort Payne, Ala., Times-New Era: "The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do for themselves," said Abraham Lincoln. The New Deal and Fair Deal idea of government is to convince the people they should let the government do for them more and more things that, heretofore, they have done for themselves. That's another name for creeping socialism."

Health Letter

Five rabid foxes have been killed within Austin's city limits or adjacent to it since the first of the year, Dr. Cox said. All were found to be positive by laboratory tests.

BUDGET BALANCING

The Chamber also believes that the government should not go farther into debt. The \$260 billion national debt now amounts to \$5,860 per family, with an interest charge of \$9 billion a year. Gov-

Abilene — As spokesman for its 5,000 members in 132 counties the West Texas Chamber of Commerce has briefed the Texas congressional delegation on the positions it holds as to marginal tidelands, reorganization of the Internal Revenue Bureau and the proposed St. Lawrence Seaway.

Letters to the congressmen have reminded them of the positions taken on these matters in resolutions adopted by WTCC members in their annual convention in Amarillo last fall.

The tidelands resolution reaffirmed the position long held by the organization. It is that title to the marginal tidelands is rightfully and lawfully the property of the respective states and that the Federal government has no right to such title. It notes that the WTCC has on numerous occasions voiced its objection to "expropriation" of the tidelands under the Supreme Court's new legal doctrine of paramount rights. The organization is on record as "protesting the authority of the President of the United States, acting through his agent, the Secretary of the Interior, to expropriate the tidelands of the several states by executive order, since determination of the right and title to these tidelands is rightfully within the province of the Congress to determine, and cannot be done lawfully otherwise."

J. A. Stovall to Seek Election as County Clerk

J. A. Stovall has authorized the News to announce that he will be a candidate for the office of County and District Clerk, Foard County, Texas, subject to the action of the Democratic Primary.

In authorizing his announcement, Mr. Stovall says: "Having lived in Foard County for many years and having previously served as County and District Clerk, I do not feel that I need any introduction to the esteemed citizenry of the county, but I do want each and every one of you to know that I shall greatly appreciate your vote and influence in this election and I assure you I shall exert my best efforts in discharging the duties of such office should you see fit to elect me as your County and District Clerk. I shall make a determined effort to see each of you personally between now and the election."

Based upon 1950 census returns, the Bureau of Census estimates U. S. population at 154,853,000, including armed forces overseas.

Mr. and Mrs. J. W. Bayless of Sapulpa, Okla., are here visiting their son, J. Fred Bayless, and family.

Mr. and Mrs. Don Drake daughter, Diane, of Quanah here Sunday visiting her parents, Mr. and Mrs. Clint White.

SPECIAL NOTICE

It is with regret that we must discontinue office and pickup service in Crowell and surrounding territory after Monday, May 12. We have always prided ourselves on our service, but our business has grown to such a volume that we must either curtail service or take in what we can efficiently handle. We have decided against curtailing our service. Our customers in and around Crowell have been very nice and we have sincerely enjoyed working with them.

If it is convenient for anyone to bring laundry into our plant in Vernon, we will be glad to handle it, but we feel we must discontinue our office pickup service. Thank you.

U. S. CRUDE OIL PRODUCTION REACHES NEW PEAK IN 1951

Production of crude oil in the
U. S. in 1951 is estimated at two
billion 245 million barrels, thus
passing the two billion barrel mark
for the second time in history.
The previous record was made in
1948 when production soared to
two billion 20 million barrels. The
big jump in 1951 production over
1950 (14 per cent) was caused
by ever-expanding consumption by
the American people of gasoline,
fuel oil and other petroleum prod-
ucts; by increased military de-
mands; and at least in part by
shutdown of Iranian production.

FORESTS

Forty states, Puerto Rico and
Alaska, will receive \$13,947,027
as their share of national forest
receipts during the fiscal year
1951, according to the Agriculture
Department. The shares represent
25 per cent of forest service, re-
ceipts from the sale of timber,
grazing fees and special land leases
in the national forests.

Health Letter

Texas State Department of Health,
Austin, Texas, Geo. W. Cox, M.
D., State Health Officer.

Dr. Geo. W. Cox, State Health
Officer, has issued the following
statements and suggestions con-
cerning the control and prevention
of poliomyelitis which is always
more prevalent during the summer
months.

Until recently it was generally
believed that this infection is
transmitted by means of discharges
from the respiratory tract. It is
now believed that poliomyelitis is
primarily another of the several
gastrointestinal infections. There-
fore, control measures must em-
phasize clean-up campaigns and
improvements in sanitation.

Strict sanitary measures must
be observed in all communities.
Stringent efforts should be made
to eliminate the housefly and to
destroy its breeding places. All
mosquitoes and mosquito breed-
ing places must be eliminated at
once. Every effort should be made
to institute approved garbage col-
lection systems immediately. Safe
water supplies must be assured.
Where adequate community sew-
age disposal systems are not avail-
able or feasible, it is important to
build and properly maintain sani-

CARD OF THANKS

I would like to express my ap-
preciation for the cards, flowers
and visits made while I was in
the hospital. Also many thanks
to the nurses for their fine care.

tary septic tanks. In the event a
water carriage system of sewage
disposal cannot be secured it is
important that at least an ap-
proved pit type toilet be construct-
ed and properly maintained.

All raw foods and vegetables
should be washed thoroughly be-
fore use and protected from flies,
filth, and insects. All eating and
food handling establishments
should adhere strictly to the state
law concerning the sterilization of

dishes and utensils.
Every effort should be made
to secure approved milk. Rats and
mice should be eliminated. Main-
tain in the home the same sanitary
standards that are necessary in
community life. Particular atten-
tion should be paid to personal
hygiene. Excreta from cases and
contacts should be handled and

disinfected with the same scrupu-
lous care as in typhoid fever or
bacillary dysentery.

Early symptoms of infantile
paralysis are headache, fever, vom-
iting, drowsiness, followed by stiff-
ness in the neck and back. When
suspicious symptoms appear, a
physician should be called imme-
diately.

OPENING SOON

Since the disastrous fire in December, I have not made a statement as to what my plans were as there were no buildings available to locate a new store in. However, last week I closed a deal with J. A. Stovall and Ray Shirley whereby I bought the stock of groceries and bought the building.

In a few days we will start extensive remodeling on the new Department Store I will open some time in August.

RULES, REGULATIONS OF CHS IN EARLY DAYS MAKE PRESENT DAY RULES LOOK SOFT

What would happen if Mr. Graves and Mr. Black issued an order that no one could date without their special permission and then only if there was a party like the Junior-Senior Banquet and Prom? Well, don't laugh so sneeringly, for that was the accepted situation in the CHS of the 1890's and early 1900's—barely 50 years ago. And, too, how would you like to study Latin, Greek, trigonometry, and all the old classics written in their original language? They did that, also.

Yes, the original CHS, called Crowell College and rightly so judging from the subject matter taught, was established in 1890 by a young man who had just graduated from college. The greatest and most coveted scholastic honor was the annual trip of the best students to Quanaah to be photographed. Do I hear someone recalling some trips to Quanaah for a mere cup of coffee?

What did live wires and wheels

of that generation do for entertainment? They took Sunday afternoon rides to Sloan Springs and to R. R. Bell's tank (that is, if anyone could talk his parents into letting the family buggy and trusty Dobbin be driven by wild youngsters.)

Naturally this wasn't all the entertainment available. There were occasional parties with singing until some enterprising young musician substituted a French harp for the singing and converted the singing into a dance. However, dancing was frowned upon, so they changed to the more dignified "social." No refreshments were served unless the occasion happened to be a candy pull.

A typical date went something like this: The date was made by a friend who delivered the note asking for the date and waited for the reply. (Sometimes getting in a good word for himself at the same time.) In most cases couples walked to town to the party and, if the boy happened to be "rolling in dough," he treated his girl to a strawberry glassade at the cold drink stand. Who cared about the lint in the bottom of the glass? It was only from the blanket that wrapped the ice.

Movies were unheard of, but once in a while a punch and Judy show or a magic lantern show made its appearance. The regular visits of Molly Bailey's Circus caused great excitement in Crowell. This was a popular event. There were no printed programs or fancy public address system, but these were actually unnecessary because the events were in the same order as the year before.

KEEPING TAB ON CHS

Everyone enjoyed getting out of class first period last Friday to see a short film provided by Bro. Franklin of the Baptist Church.

Mrs. Burse found that the curtain hanging job in the auditorium was just a little bigger than she thought originally; however, being a determined woman, she completed the task last week. Thanks for the hard work.

The CHS landscape keeps improving all the time. The V.A. boys trimmed and cleaned the hedges again last Friday.

CHS was well represented at the golf tournament Sunday with two students winning prizes. Ginger Johnson won a cigarette lighter as consolation prize, and Billy George Pruitt became third flight runner-up to win a wrist watch. Congratulations to you two.

Disappointment was the theme of life when it was announced that the annuals were delayed, but everybody was happy again when they were told that they were delayed only until May 12.

A few interviews of the females of CHS revealed some very interesting facts. One experiment conducted was in the form of "What are you supposed to do when whistled at?" Those interviewed agreed that there is no way to respond correctly. If you turn around, you're conceited, and if you keep walking, you're stuck-up.

"The lake is silver plated with moonlight; music from the bandstand flows over the scene"—That is the scene for the ideal proposal, according to some girls around about. Little does the masculine victim know what hidden motives be in this supposedly ideal setting. Surrounded by water, the helpless game has no chance to escape. If he accidentally displeases the modest maiden, she can shove him in the water.

Other brands of traps, I mean types of proposals, were suggested. "Stuck in the mud on a rainy night at the Country Club" was the idea of some prowling females. Some contended that it was not the setting but the proposal that counted.

An air of mystery surrounded the question as Camille Todd, Mary Bergt, Faye Black and Charleia Ketchersid, authorities on the subject of engagements, declined to comment on their proposals. Mrs. Davis, also experienced along that line, stated that she had just let her proposal slip her mind somehow.

Wednesday of last week was the date of the big football game between the ex-students and the high school football team. Didn't last long—the rain drove the players inside.

JOHNSON PLACES FIFTH IN STATE 880

After setting the pace in the 880 yard dash, the CHS flash of lightning, Ginger Johnson, tired but slightly and relinquished his lead to finish winner of the fifth position in a field of 14 entries in the University of Texas Memorial Stadium, Saturday afternoon. He was accompanied by Coach Amonett.

Needless to say, the competition was great as the 14 contestants representing the entire State of Texas, were putting out the best they had to gain both fame and recognition for their respective schools.

Ginger got off to a good start and was leading the pack with 100 yards to pay dirt, when he began to lack that extra energy to surpass that of his four predecessors. Nevertheless the finish was very close as the champion broke the tape with an excellent time of 2:02.0. Ginger ran this dash in the best time he has ever experienced with a neat 2:04.

Since the local speed merchant is only a junior, there is an excellent chance that ole CHS may have a state champion yet in the 880 yard dash. CONGRATULATIONS, GINGER!

BETTY BARKER ELECTED H-SU. BRAND EDITOR

There are within a graduating class of high school seniors each year certain outstanding individuals. Betty Barker has in her past years in Crowell High School proved her versatility and initiative, and now as a freshman in Hardin-Simmons University at Abilene, she has done it again.

Betty has recently been chosen to edit the edition of the H-SU newspaper, an excellent weekly school newspaper. This is not all, for on Saturday, April 19, in this freshmen edition of the Brand there appeared a special article written by her captioned "The Branding Iron" with her picture under it.

Her article was a brief but thorough summary of the major occurrences of interest on the H-SU campus for the week. Accounts of such events as Senior Day, Fracus Week and the 6th big annual rodeo written in a snappy, animated form occupied the central points of interest.

The Wildcat staff has a special reason for being proud of Betty, for she just happens to be one of our own ex-editors.

Our congratulations to you, Betty Barker.

CHEERING SQUAD CHOSEN FOR 1952-53

Energetic students, Carolyn Bell, Jean Hughston, Virginia Tampion, Barbara Fairchild and Gail Knox were elected as cheerleaders on Friday, May 2.

After spending the noon hour in leading yells, the cheerleader candidates sat back to await the election results. To assure eight hours of sleep for everyone, the names of those elected were announced and posted on the bulletin board before school was over for the day.

Carolyn was elected by the pep squad girls as head cheerleader, and the other four became the regular cheerleaders for the year.

V. A. BOYS MAKE GATES, TRAILER SIDEBOARDS AND CATTLE FRAMES

Proficiency in welding equal to that of a person who has had two or three years' experience is only one of the skills being acquired by students in the shop classes, according to Mr. Myers, shop teacher.

One of the major projects was the making of iron gates. The boys also made such things as sideboards for pickups and cattle frames for trailers.

The ability to do these projects was greatly helped by the shop machinery and tools. The V. A. boys could do even better with more and better equipment.

Some of the boys' projects are as follows: Vance Barker, iron gate; Ginger Johnson, iron gate; DuWayne Cates, pig trough; Audie Hall, Billy Marlow, A. L. McGinnis, Roy Merle Whitley and George Pruitt made a cattle frame for a trailer. Billy Ray Dunn made three wooden gates.

ORIGINAL PLAY TO BE PRESENTED BY SPEECH II CLASS

Students of the second year speech class have succeeded in unveiling delightful potentialities in the art of script writing.

As a course of study for the past six weeks each member of the class has tried his hand at weaving a successful plot for a one-act play that is to be presented before the closing of the school year. Several good plots were written, and the finished product is a combination of the good points of each. The class calls its composition "Wheel of Fortune" after the popular song of that title.

The drama tells of an orphaned brother and sister who find new homes with different families while both are very young. When grown they marry oblivious of the fact that they are brother and sister. This fact is revealed to them, and the play reaches its climax when they make the crucial decision forced upon them.

Cast in "Wheel of Fortune" are Debbie Blackburn, Norma Jean Mathews; Kirk Blackburn, Jimmy Woods; Elizabeth Blackburn, Faye Black; Allen Blackburn, Thurston Edgin; Rev. Mar-

tin, Gene Paul Pogue; and Mrs. Emily Hays, Jane Bruce.

LAST OF SOUTHERN ASSEMBLY PROGRAMS, ARISTICRATS OF BALANCE

Breathless excitement and thrills were the keynote of the Southern Assembly program last week featuring Johnny Cress in a series of tumbling stunts.

Johnny and his young assistant began with the fundamental principles of aerobatics, most of which anyone with practice, double Cartwheels, handstands, double somersaults, and a few which were displayed with much skill and precision timing.

Perhaps the highlight of the program was the trampoline demonstrations. Originally the trampoline was considered a "circus act" but since 1947 it has been used in intercollegiate competition. Several grade school students tried out the device and found it fun, but much harder than it looked. Seven different falls were stressed by Johnny who stated that one must learn these basic facts before trying any fancy stunts on the trampoline.

As a comedy feature of the show, Johnny Cress presented a ballet act which brought down the house. He flitted through "graceful" routines as a lovely ballerina on stage in a bit show.

The most daring stunt of the came near the close of the program. In it, Johnny Cress performed a handstand on the back of two chairs, one of which rested on a table. While Johnny did this, his young assistant stood "calmly" on the top chair.

Up to the close of the program, Johnny Cress' audience held spellbound by the incredible feats which were performed with much skill, grace and precision. His routines were aptly termed "poetry in motion" which delighted all who saw them.

NORMA'S NONSENSE

Ah, yes, summer is just about here! Now don't mind me if I sound bitter—it's just that you can't tell about the changeable weather! It has certainly been beautiful lately—off and on! One day you take a sun bath and the next it rains, but why should waste time and space telling you all of this? On with the good!

The seniors wish to thank my Ashford for the class picture he left them to be hung in the typing room.

Mary Matus and Clifford Peter of Seymour had a good time at the dance Saturday night. Kenneth Oliver and Nita Johnson Wright and Nancy Hallman.

Miss Rosalie Drabek and Mr. Pruet Exchange Marriage Vows at St. Joseph's Church Monday Morning at 9:30 o'Clock

Blue and white stock artistically arranged with white gladioli accented the three altars of St. Joseph's church last Monday morning at 9:30 when Miss Rosalie Drabek exchanged marriage vows with Raymond L. Pruet of Benjamin at Nuptial Mass, in the presence of approximately one hundred relatives and close friends.

Rev. Fr. Ed Shopka read the rites of the double ring ceremony and the Rev. Fr. E. J. Gerlich of Fort Worth and Rev. Fr. Joseph Vann of Knox City presided in the candle-lit sanctuary. Charlie Drabek, brother of the bride, served at the offering of the Mass.

Blue and white stock with greenery adorned the chancel rails and marked the pews for the families of the couple. These pews were also marked with large bows of blue satin ribbon.

Preceding the ceremony, organ music was rendered by Mrs. A. G. Magee of Dallas, who also accompanied the sextet of girls who sang several numbers. The sextet included Misses Mary Frances Cary, Beverly Cary, Jo Ann Perry, Sue Moore, Margaret Reis and Dorothy Reis, all of Vernon.

The traditional wedding marches were played by Mrs. Magee for the professional and recreational.

The bride, accompanied by her father, Joe Drabek, who gave her in marriage, wore a gown of ivory white slipper satin, modeled on simple lines. The long sleeves came to points over her hands and a modified court train enhanced the graceful skirt. The finger-tip veil of ivory illusion was attached

to a bandeau of ivory satin with swirls of illusion caught with tiny pearl trimming. Her prayer book was topped with stephanotis and a white orchid and streamers of white satin ribbon.

Mrs. Charles Drabek, in a blue embroidered organza floor-length frock and a wide brimmed blue net hat, served as matron of honor for her sister-in-law Mrs. Drabek's bouquet was of delicately shaded pink roses.

A. D. Pruet of Benjamin was best man for his brother, and Bill Drabek, brother of the bride, with Rudolph Pechacek, uncle of the bride, served as ushers.

Mrs. Pruet, daughter of Mr. and Mrs. Joe Drabek, attended St. Ludmilla School at Shiner, Texas, and graduated from the Academy of Mary Immaculate at Wichita Falls.

Mr. Pruet, son of Mr. and Mrs. I. D. Pruet of Sentinel, Okla., attended schools in Oklahoma and is now in business with his brother, A. D. Pruet, at Benjamin, where the couple will reside when they return from their wedding trip to points in Colorado and New Mexico. For her going-away costume, the bride chose a tailored dress of brown semi-sheer crepe, brown accessories and a Panama hat with brown veiling. Her corsage was a white orchid.

Following the church ceremony, the bride's parents were hosts at a breakfast in the banquet room of Eddy's Cafe, honoring the couple. Places were marked for seventy-five guests. Rev. Fr. Gerlich gave the traditional toast to the couple and the four-tiered wedding cake was cut by Mrs. Pearl Schindler of Fort Worth and served by Mrs. Bill Drabek. The tables were decorated with clever arrangements of blue corn flowers and white stock with blue carnations surrounding the cake.

Out-of-town guests here for the wedding and breakfast were: Mr. and Mrs. I. D. Pruet and Mr. and Mrs. George Pruet and Mrs. Lucille Elliott of Sentinel, Okla.; Mr. and Mrs. A. D. Pruet and Sandra, Benjamin; Mr. and Mrs. T. Z. Kennemer, Carter, Okla.; Mrs. Teresa Marek, San Antonio; Mr. and Mrs. Dan Pechacek, Quanah; Mr. and Mrs. Bobby Henderson, Chillicothe; Mr. and Mrs. A. G. Magee, Dallas; Mrs. Pearl Schindler, Fort Worth; E. L. Pechacek of Megargel, and Rev. Joseph Vann of Knox City and Rev. E. J. Gerlich of Fort Worth.

Flower arrangements will be demonstrated at the next meeting. Refreshments were served to Mrs. Bob Abston, a visitor, and Mesdames J. C. Prosser, Clarence Garrett, Archie Campbell, Cecil Carroll, Ed Huskey and the hosts.

Rehearsal Dinner
Preceding the rehearsal for the Pruet-Drabek wedding, a dinner for 33 guests, including the principals, their wedding party and families, was held at the M. O'Connell home with Mr. and Mrs. O'Connell, Mr. and Mrs. Rudolph Pechacek, Mr. and Mrs. Dan Pechacek of Quanah, Mr. and Mrs. Bobby Henderson of Chillicothe, Mr. and Mrs. Warren Wilson of Vernon, as hosts.

Blue iris and wisteria centered the long tables for the informal affair. White candles shed a lovely glow to the rooms and places were marked with white place cards.

Gifts were exchanged by the bride and groom and they in turn presented gifts to their attendants.

7TH BIRTHDAY CELEBRATED
The seventh birthday of Gamble (Sugarman) McCarty was observed by his mother, Mrs. Morris McCarty, and his aunt, Mrs. Texas Ford, in his school room in Thalia last week with his little friends from the first, second and third grades participating. Games were played following which Gamble opened his presents. The lovely birthday cake was surrounded by red roses and sweet smelling honeysuckle. Ice cream and cake were served and balloons and bubble gum were used as favors.

The following were present: Sandra and Mickle Wisdom, Teresa Wright, Carolyn Sue Werley, Linda Ruth Blakely, Rhett Cates, Gary Edens, John and Esther Rodriguez, Barbara Chism, Mildred McCurley, Lenda Hall, Barbara Miller, Rita Sue Hopkins, Tommy Carpenter, Mike Gamble.

Home Demonstration Notes

MARY DEEB BROWN

This Saturday at 2:00 p. m. Mrs. George Beavers of Vernon will be in my office to give a demonstration of flower arrangement to two members of each club. I do hope all of the clubs will be represented as Mrs. Beavers is very good and we will not have a chance like this again for some time.

On Monday the club representatives met in my office for a preliminary meeting to the reupholstery school. They decided to meet Monday, Tuesday, skip Wednesday and meet Thursday and Friday of next week for this reupholstery school. As you know we plan to completely repad and recover these chairs. We will be meeting in the Farm Bureau office and will be glad for you to come by and see how we are doing.

Again let me remind you that the canning and freezing season will soon be here. For the latest bulletins on how to can and freeze correctly, call or come by my office.

ADELPHIAN CLUB
Adelphian Club members met at the club house on April 30. The program for the afternoon was in the form of a report on the district convention which recently met in Berger.

Mrs. M. S. Henry, veteran club woman of Foard County, was the delegate and she brought back an interesting and informative report. She stressed the fact that every speaker at the convention urged that club women everywhere go to the polls; that they use their influence and their vote to keep this country and its form of government true to the plan and the pattern that the founding fathers aspired to when they pronounced it to be "a government of the people, by the people, for the people." In speaking of the social side of the convention, she spoke again and again of the gracious hospitality of the club women and the citizenry of the town of Berger.

Hostesses for the afternoon were Mrs. Ab Dunn and Mrs. Clinton McLain. A delicious ice course was served at the close of the study hour.

W. S. C. S. HAS GUEST SPEAKER MONDAY

At a combined meeting of the Pioneer Circle and the Henry Circle of the W. S. C. S. of the Methodist Church in the home of Mrs. R. J. Thomas on Monday afternoon, Mrs. I. Fisch, Mrs. Gordon Cooper and Mrs. Lewis Ballard were joint hostesses with Mrs. Thomas.

The feature of the program was a talk by Mrs. Baylor Weathered of Foard City, comparing the customs and living conditions of England and the United States. Mrs. Weathered is a native of England and has only resided in the United States for a few years. Her talk was very informative and educational and was appreciated greatly.

The meeting was opened by the group singing of two songs, "Take the Name of Jesus," and "Would You Live for Jesus." Mrs. M. S. Henry led in prayer. Mrs. Pearl Young gave a short devotional.

Following Mrs. Weathered's talk, the hostesses served a dainty refreshment course to forty-two members of both circles. Mrs. Weathered was presented a gift of appreciation from the W.S.C.S.

4-H CLUBS HAVE PARTY
One hundred and fifty 4-H boys and girls from the Crowell Clubs held a hot dog party at the city park last Friday night.

After the hot dogs were eaten, Gail Knox, Roma Jan Spikes, Wynne Johnson and J. C. McCoy led the group in playing games. According to Mrs. Mary D. Brown, Acting County Home Demonstration Agent, and Joe Burkett, County Agent, the party was a huge success. They said, "We would like to thank all the boys and girls who worked on this party getting the food and games ready. We also want to join these 4-H members in thanking the adult leaders who helped."

COLUMBIAN CLUB
Wednesday, April 30th, was Columbian Club day and this meeting was held at the home of Mrs. F. C. Borchardt with sixteen members answering roll call.

This being Federation Day, Mrs. M. O'Connell read the club's annual report as was sent to the District Convention.

Mrs. D. R. Magee, president, reviewed some of the high lights of the year's program. All plans were perfected for the annual Mother's Day program.

The last meeting of the club year has been moved up a week and will be with Mrs. B. W. Self on Wednesday, May 14.

Mrs. Borchardt served a delicious plate with iced tea.

A day at sea is divided into six periods of four hours each.

Gift for Small Town Hospital Is Withdrawn

Ukiah, Calif. — The small town of Ukiah will not get its memorial hospital after all. The gift of approximately \$300,000 to establish the institution has been withdrawn.

Mrs. Florence Longland Kasch had offered to donate her entire fortune to establish a hospital in memory of her brother. It was to have been a non-profit hospital, planned ultimately for 75 beds. The corporation had been approved by the state, priorities obtained and plans drawn.

However, Mrs. Kasch's attorney reported his client had been unable to secure from the internal revenue collector a definite ruling regarding the gift tax and for that reason had withdrawn her offer. He said that an exemption from the gift tax might be made after the hospital had been in operation for two years, provided every rule

of the revenue tax department been met. There was nothing in this proposition, he said, and the possibility that before years were up an entirely different revenue department and a entirely different ruling be coming, made the proposition of "playing with fire."

The federal and state gifts would approximate \$35,000, the federal tax indefinite.
