Veterinarian to Be in Crowell Saturday to Inoculate Pets Against Rabies

Dr. Martin M. Kralicke, Foard County Health Officer, announced this week that Dr. Hayden Jenkins, Quamh veterinarian, will be in Crowell Saturday, July 23, for the purpose of inoculating dogs and cats against rabies.

Dr. Jenkins will begin work at 9 a. m. in the Johnson Produce building, next to the News office, on the east side of the square.

Dr. Kralicke stated there will be a charge of \$2.00 for the inoculation of each animal, which

will include the medication and registration.

Registration forms will be made out in triplicate on each animal, one for the owner, one for the veterinarian, and one to be given to the City Council. Should an inoculated animal bite someone, by checking the tag, it could easily be determined when it was inoculated and if there would be danger of the bitten person contracting rabies.

Everyone owning a dog or cat is urged by Dr. Kralicke to have it inoculated Saturday while the veterinarian is in Crowell. All dogs and cats not inoculated will have to be destroyed in obedience to a city ordinance of the City of Crowell.

This worthwhile and important project is being sponsored by the Crowell Lions Club.

Rialto Sold Last Week to Mo-Kan Theatre Chain

A business transaction was completed last Saturday whereby Roy Hanson sold the Rialto Theatre in Crowell to the Mo-Kan Theatre Enterprises, Inc., of Dallas.

Arlie Crites of Dallas, district manager, was here last Thursday getting the theatre changed to its new owners. Mr. Crites said that tickets in the Cinescope books will continue to be honored under the new ownership.

Mrs. Charlie Rodgers will continue to manage the Rialto and will be assisted by her son, Jimmy.

Mr. Hanson and his family are living in Texas City where he is manager of the Showboat Theatre.

Wildcat Methodist MYF Members Attend Margaret Services

The Wildcat Methodist MYF members and their parents attended services at the Margaret Methodist Church last Sunday evening and put on an impressive program to encourage the development of an MYF in the Margaret Church.

Rev. Clarence Bounds, pastor of the church, appointed sponsors for an MYF in Margaret and it was announced that an MYF would start at 7 p. m. every Sunday evening.

Nineteen were present from Wildcat to boost the attendance to a total of 62. After services, refreshments were served to members, visitors, and the following guests from Wildcat:

Mr. and Mrs. L. C. Quisenberry, Elizabeth, David and Patsy Quisenberry, Mrs. Roy Elkins, Joe Elkins, Mr. and Mrs. Caleb Hildebrand Jr., Mrs. Brooks, Pat Brooks, Mr. and Mrs. Clem Nail, Mr. and Mrs. Kenneth Lynch, Linda and David Lynch.

OUTSTANDING CAMPER

Miss Judy Borchardt, who has been attending the first session at Camp Mystic, a private girls' camp near Hunt, Texas, has been named as one of the outstanding campers of the first session.

Judy was a member of the Kiowa tribe and was chosen to be a member of the Paint & Powder Club, the club for senior drama students; and the Pavalova Club, the club for dance students. She was also a member of the Dry Bones, the charm club, and the Doodlers, the club for arts and crafts students.

Judy is the daughter of Mr. and Mrs. Henry Borchardt.

NEW CABINET MEMBER — Marion B. Folsom, 61-year-old Undersecretary of Treasury was appointed to succeed Mrs. Ove Culp Hobby as Secretary of Health, Education and Welfare by President Eisenhower. Mrs. Hobby resigned because of her husband's illness.

As Vacation Travel Booms, Traffic Accidents Also Boom

Now's the time when vacationing Americans take to the wheel. And as vacation travel booms, traffic accidents also boom.

This disconcerting fact was pointed out by E. C. McFadden of Dallas, vice president of Employers' Casualty Co. and president of the Texas Safety Association, the Department of Public Safety in cooperation with the National Safety Council. Slogan of the program is: "Drive to Arrive Alive—Slow Down and Live."

"Traffic accidents start a sharp upward climb in July," Mr. McFadden said, "and they continue to rise throughout August, marking the happy vacation months with grief and destruction."

Mr. McFadden said that it is entirely unnecessary for the increase in motor travel to result in a corresponding increase in traffic deaths. In his opinion, motorists could cut the traffic accident toll greatly if they would plan their trips carefully, then drive courteously and intelligently when they're on the road.

He listed the following six rules as "musts" for a safe motor trip:

1. Plan your trip so that you have plenty of time to reach your destination and return, without speeding or driving when fatigued.
2. Learn driving regulations of the states you expect to travel through before you start on your trip.
3. If you drive, don't drink. If you drink, don't drive.
4. Watch for and heed all road signs and speed limits.
5. Have your car (and trailer, if you are going to use one) completely safety checked so that you are sure everything is in first class condition mechanically.
6. Load your car carefully so that luggage and equipment do not interfere with vision, will not shift dangerously in an emergency.

"And," said Mr. McFadden, "here are a couple of good slogans to keep in mind every minute you're on the road: 'Drive to Arrive Alive—Slow Down and Live' and 'Make Courtesy Your Code of the Road!'"

HOSPITAL NOTES

FOARD COUNTY HOSPITAL

Patients In:

Mrs. Cora Barnett, Jimmie Jones, Robert E. Moore, Maurice A. Wilkins, Mrs. Inez Long, D. E. Todd, James W. Weaver, Mrs. Guy A. Bounds, Mrs. Joe Johnson.

Patients Dismissed:

Walter L. Orr, Mrs. Cecil Driver and infant son, Dallas Texas McCarty, Russell Wayne Hoffman, Mrs. I. J. Jackson, Jim Weathered, Sy Thomas Moore, Mrs. C. E. Dunn Sr., Luther Owens, Fanny Menefee, Carolyn Moore.

Texas Farm Income Shows Small Increase

Texas farmers' income has increased, despite a general decline in prices received for farm commodities, the University of Texas Bureau of Business Research reports.

Farm income was up 2 per cent during the first five months of 1955, compared with the same period of 1954, although prices paid to farmers for all products averaged 4 per cent lower this May than in May, 1954. The greatest increase over last year has been in income from cattle, up 4 per cent. At the same time, there was a 15 per cent decline from last year in prices paid for all meat animals.

During May, Texas farmers' income passed the half billion mark, and by the end of the month the year-to-date total was \$555,710,000.

ROTARY CLUB

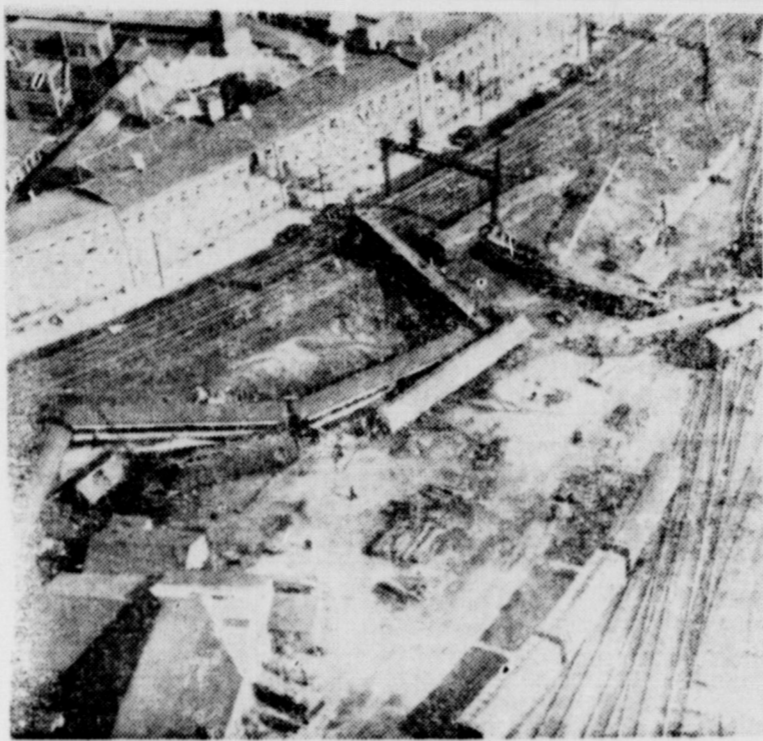

Mrs. N. J. Roberts, president of the Crowell Cemetery Association, was the speaker at the Wednesday noon luncheon of the Rotary Club. She made an interesting talk concerning the progress of maintaining the cemetery for the past several years under her leadership. She listed the improvements that have been made from time to time, and also mentioned other projects that need to be done. She paid high tribute to the sexton, Earl Eubanks, for his dependability and efficiency.

Grady Adecock was in charge of the program.

Visitors were Rotarians Earl Worley and Walker Todd of Quannah and Dan Callaway of Childress. Miss Betty Davis played the piano in the absence of Janis Crowell.

RETURNS FROM HOSPITAL

Roy C. Steele, who underwent surgery in a Wichita Falls hospital July 8, was returned to his home in Crowell Sunday afternoon. He is reported to be recovering satisfactorily.

EXPRESS TRAIN JUMPS RAILS — 20 INJURED, 1 DEAD — Aerial view shows wreckage of a New Haven railroad Washington - to - Boston

express train that jumped the rails near the Bridgeport, Conn. station and went over the embankment. At least one person was killed and some 20 others injured.

Ground Observer Post to Be Organized in Foard County, County Judge Says

Organization of a ground observer post in Foard County during the very near future was announced this week by County Judge Leslie Thomas, following a conference with Air Force representatives.

Describing the establishment of the post as "a vital step forward toward building an effective air defense," M-Sgt. Glen Grace and S-Sgt. Viol Schumacher of the Air Force said that the post will be located in Crowell. They indicated that this observer post

will go into operation immediately as full-fledged Ground Observer Corps unit as soon as volunteers are available.

The Air Force sergeants went on to say that workers should come from the local area in order to be reasonably close to the post, and urged that citizens wishing to volunteer get in touch immediately with T. O. Ellis, county supervisor, at 404 E. Texas Street.

In making the plea, the Air Force representatives pointed out that no previous special training is required. "A Ground Observer Corpsman must be able to see, hear, and speak distinctly," they stated.

Observers report their observations to the filter center, which in turn tracks the aircraft on a large vertical map of the area, and relays the information to a unit of the Air Force Air Defense Command.

The Air Defense Command is responsible for providing fighter-interceptor planes in answer to warnings sounded by radar installations and members of the Ground Observer Corps.

R. E. Moore of Riverside Critically Injured in Auto Accident Monday

R. E. Moore, farmer of the Riverside community, was critically injured in an automobile accident which occurred on a farm road southeast of Margaret about 9 o'clock Monday morning. Mr. Moore is in the Foard County Hospital here and his condition has shown no improvement.

At the time of the accident, Mr. Moore was going east in his

car, and Robert Choate and his family of Slaton and his mother-in-law, Mrs. Lonnie Priest, of Margaret were going south in Mr. Choate's car. Visibility was almost obstructed by tall weeds and neither driver could see the other. Mr. Choate's car struck the back left fender of Mr. Moore's car, causing him to lose control. The car turned completely over and back on its wheels. Mr. Moore was thrown from the car and received a concussion and several broken ribs.

He was rushed to the Foard County Hospital in the Womack Funeral Home ambulance where he is being given medical care.

The accident was investigated by Highway Patrolmen Fant and Scott and Sheriff Sherman McBeath.

V. A. Johnson Well Drilling Below 3,000 Feet

Lucerne Corporation and Magnolia Petroleum Company No. 1 V. A. Johnson, a west offset to Lucerne, Magnolia and Dilworth Hager No. 1 Maude Raspberry, a Caddo discovery, is drilling below 3,000 feet, according to reports.

Location of the well is nine miles northwest of Crowell. The No. 1 Maude Raspberry is good for 143 barrels per day through 18-64-inch choke. The well has been shut down for several days on account of the storage tanks being full. It is expected that arrangements will be completed to empty the tanks within a short time.

Oil from the storage tanks of Panhandle's No. 1 Effie Bell, 3 miles southeast of Crowell, is being hauled to storage tanks at Thalia to be emptied into the Texas Company pipe line. This well flowed 440 barrels of 35 gravity oil during a 24-hour test through 24-64-inch choke. It's a conglomerate discovery. The well was originally drilled in 1944 by The Texas Company as the No. 1 T. N. Bell, and abandoned at 5900 feet.

Youth Accidentally Shot by .22 Pistol Saturday Night

Si Moore, son of Mr. and Mrs. C. R. Moore of Plainview, was seriously injured Saturday night when he was struck by a bullet from a .22 caliber pistol. The accident happened about 8:30 Saturday night near the home of Mrs. M. J. Girsch on North Main. Si and George Morgan and two other boys were driving around town, going north on Main Street when the supposedly unloaded gun was discharged with the bullet striking Si's right arm, entering his body on his right side and lodging against his ribs near his heart.

The injured boy was rushed to the Foard County Hospital where the bullet was located by Dr. M. M. Kralicke, after x-ray pictures were taken. He was taken to a Wichita Falls hospital where the bullet will be removed in four or five days. Dr. Kralicke will assist in the operation.

Si was here visiting his grandmother, Mrs. Silas Moore, and was driving her car at the time of the accident.

The injuries were not as serious as at first suspected and Si's condition is reported to be satisfactory.

MOVE TO ANDREWS

Mr. and Mrs. Horace Phelps and son, Lewis, moved to Andrews last Saturday where Mr. Phelps will be employed in the oil fields.

Mr. Phelps is owner of Phelps Motor Co. repair shop in the E. Kenner building southeast of the square.

The business will continue to be operated with Lonnie Beesinger as manager. He will be assisted by A. C. Gentry.

This Issue Begins the 65th Year of Continuous Publication of the News

With this issue the Foard County News enters its 65th year of continuous publication in serving this community. It was established when Crowell and Foard County

were organized in 1891. It is the county's oldest business institution and has somehow survived the ups and downs that have come and gone through its many years of existence. The fine cooperation of the people of the county and the splendid patronage of the advertisers through the years has made this possible.

T. B. Klepper has been the sole owner and publisher of the paper for the past 26 years and the present staff includes the editor; Mrs. T. B. Klepper, associate editor; Bill Klepper, linotype operator; Goodloe Meason, stereotyper and pressman; and an excellent staff of rural correspondents. They are Mrs. C. H. Wood, Thalia; Mrs. Cap Adkins, Riverside; Mrs. Bax Middlebrook, Margaret; Mrs. W. O. Fish, Vivian; Mrs. Buck Clark, Rayland; and Miss Mary K. Chowning, Truscott.

With a printing plant that is capable of doing a good job of any printing it undertakes, and with the continued friendship and support of its readers and advertisers, the News expects to continue to serve this community in the best manner possible.

County Covered by Good Rain First Part of Week

Foard County was visited by a good rain Monday and Tuesday of this week which measured .70 of an inch by the Government gauge at the Crowell State Bank in Crowell. The precipitation was heavier in some parts and will be of great benefit to cotton and feed crops.

Prospects Wednesday were good for more rain.

Mt. Blanc, highest peak of the Swiss Alps, is 15,791 feet high.

CRIPPLED PLANE FLIES 300 MILES ON TWO ENGINES

Mother Earth looks mighty good to these three members of the 187th Airborne Regimental Combat Team as they kneel

down to kiss the ground at the Hamilton Air Force Base in California after a hazardous flight in a crippled Air Force Globemaster transport from 300 miles out in the Pacific with two props feathered.

**Trouble Ahead
Bill Collections**

Merchants are meeting their installment obligations according to one of the leading bill collectors. Alvin J. Steinberg, president of the American Collectors Association, says that "little evidence" that there

is or will be any problem with collecting delinquent accounts. In fact, ACA's "collectibility index" now stands at a healthy 91.5, compared with 82.9 last September. Three factors, Steinberg says, have contributed to the improvement in collections: employment has picked up, people seem more concerned about maintaining good credit ratings, and families are improving in the

art of budget balancing. Poor budgeting and financial mismanagement, rather than dishonesty, accounts for most collection problems, experts say. Better education and wider use of installment credit for buying automobiles and other durable goods have undoubtedly contributed much to public understanding of credit, and the improvement in "collectibility." Martin Luther spent nine years translating the Bible.

LET'S TALK LIVESTOCK BY TED GOULDY

The smallest Monday offerings of cattle and sheep since early in the year appeared at Fort Worth this week, with less than 40 per cent of the normal numbers of cattle and calves on hand. The reason was some good showers and good rains in many parts of the territory.

The situation enabled salesmen to press for and get better prices on all cattle and sheep.

Cows, slaughter calves and most stockers were 50 cents higher and many calves tacked on 50 cents to \$1 per hundred advances. Fat cattle also sold better, and two loads of steers topped at \$23.25, the best price in about 90 days here for the class. Bulls were stronger.

Comparative prices showed: slaughter steers and yearlings, \$10-23.25; slaughter cows \$6.50-12.50; bulls \$10-14.50; slaughter calves \$9-19; stocker steer calves \$15-20.50; stocker steer yearlings \$14-19.50; replacement cows \$12.00 down.

Offerings of hogs around the country continues to be much heavier than normal for the season and added pressure on prices was noted at the start this week. Top hogs ranged all the way from \$17.25 up to \$18, with \$17.50 the most popular price at Fort Worth Monday.

Less desirable butchers sold from \$10 to \$17. Sows sold mostly from \$10 to \$15, some weights of 600 pounds and up sold around \$8 to \$10.

Hogs that have ever been fed raw garbage will be subject to strict regulation in interstate shipment after the first of the year. Meat from raw garbage fed hogs also will be limited in movement.

Duval Davidson told this writer that 38 states now have laws on the books requiring garbage fed to swine to be cooked. Texas has such a law. However, the Legislature adjourned without providing extra funds to enforce the law. The same thing happened two years ago.

Slaughter spring lambs were 50 cents to \$1 higher at Fort Worth.

"The Family of Man" To Be Exhibited at State Fair of Texas

"The Family of Man," a gigantic assemblage of photographs from all over the world—depicting the entire sweep of man's whole existence—will be shown at the 1955 State Fair of Texas, Oct. 7-23.

The collection has been described as "the greatest photographic exhibition of all time." The unique exhibition will occupy virtually all of the gallery space in the Museum of Fine Arts on the Dallas fairgrounds. Admission to the show will be free.

The exhibit was created by Edward Steichen, dean of American photographers, for the Museum of Modern Art in New York, where it has been seen by over 300,000 people.

Mr. Steichen and his assistant, Wayne Miller, spent 2 1/2 years assembling the tremendous exhibition. They examined 4 million pictures taken in all corners of the world by photographers of every nationality. It required five months to go through the Life magazine collection alone. Finally, they selected the 503 pictures which comprise the exhibit—representing 273 photographers, amateurs and professionals, famous and unknown, in 48 countries.

"The Family of Man" is tremendous in scope as well as size, and is said to have a tremendous emotional impact on its viewers. Its message is universality of human life everywhere—the basic oneness of the human race, in spite of wars, language barriers, differences of religion, culture and race.

Each photograph shows some aspect of an experience or an emotion which is common to the whole "family of man." For example, there are 18 separate studies of happy children playing "ring around the rosey"—in 12 different countries.

Carl Sandburg, noted poet and author and Mr. Steichen's brother-

and more lenient sorting considered some medium and lower grades were \$2 above the low close of last week. Choice lambs sold readily at \$17 to \$18, with a top load from Sanderson weighing 84 pounds at \$20 per hundred. Feeders sold around \$13.50 down. Old crop yearling lambs drew \$8 to \$14. Old ewes \$4 to \$5, some breeders \$5 to \$9 and younger ewes quoted well above that. Old bucks \$3 to \$4. Old wethers \$7 to \$10.50.

Ticks Unnecessary Drain on Poultry

Poultry heavily infested with fowl ticks becomes unthrifty and may lose weight during the summer months if proper control measures are not followed.

Also commonly known as blue bugs and chicken ticks, these blood sucking insects pose a problem for turkey and chicken raisers during July, August and September, says Joe Burkett, County Agent.

They hide in cracks and crevices of the poultry house during the day and appear at night to suck the blood of poultry. On the range ticks repose under the bark of fence posts and trees and in old lumber.

"It's easier to discover the in-law, has written the introduction to the exhibition, concluding with a poem: "There is only one man in the world and his name is All Men. There is only one woman in the world and her name is All Women. There is only one child in the world and the child's name is All Children."

The United States Information Agency has announced that it will send two copies of the complete show on overseas tours, one to Europe and the other to the Far East.

ticks by looking for masses of them in cracks and under loose planks in the poultry house," Burkett says. "Usually you don't know they are around until the flock shows marked symptoms of attack."

A spray containing .5 per cent lindane, toxaphene or chlordane is recommended for fowl tick control. A small power or hand sprayer is effective in making application.

Apply the spray to the roosts and interior of poultry houses and coups. Pay particular attention, Burkett adds, to cracks, crevices, fence posts and trees where ticks may be hiding. Repeated treatments may be necessary.

JOHNSON GRASS CONTROL

Farmers are having good luck controlling Johnson grass in their crops without hoeing.

Control is effectively achieved through the use of a common naphtha preparation.

A squirt of the naphtha solution at the base of the plant, repeated about three times, does the job.

Keep Your Checking Account Above the "Safety Level"!

Yes, it's embarrassing—and it doesn't make a good impression—to be "caught short" and not have enough funds in your checking account to write the check you want to write.

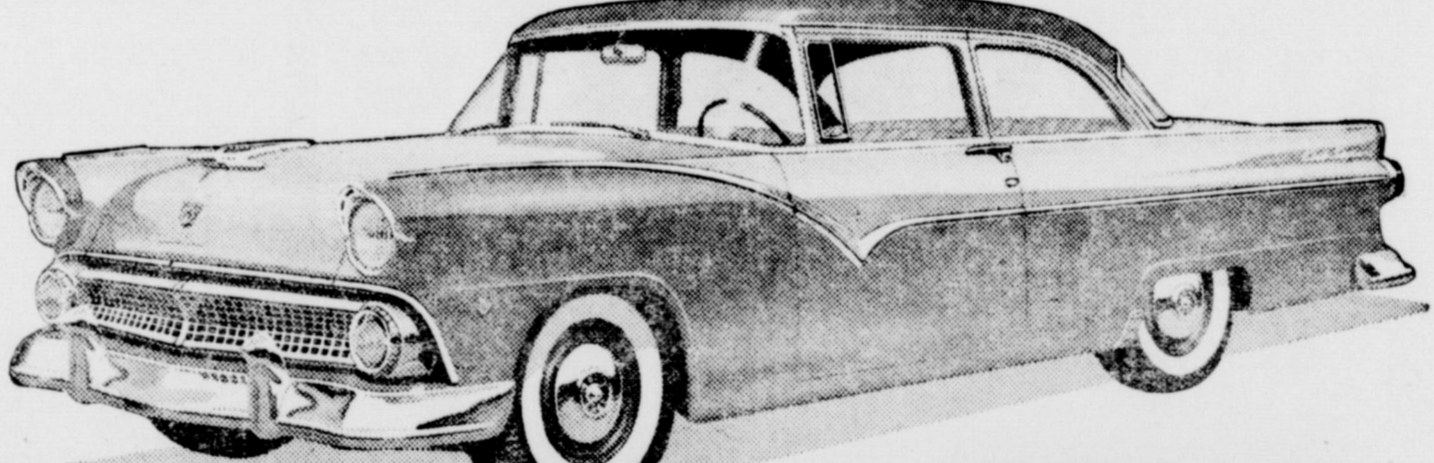

Maintaining an ample balance at all times is good business practice. Then you are always prepared for any emergency which may arise or any opportunity to make a profit by having ready cash in your checking account.

It pays in many ways to keep your checking balance above what you consider the "safety level."

Everybody's Job

There is a new movement going on today which, though not broadly publicized, holds immense significance for every citizen. Definite headway is being made toward getting the federal government out of competition with tax-paying private commercial enterprise.

Recently 24 synthetic rubber factories were turned over to private industry for a net profit to the government of \$35,000,000. A bill has been introduced which would get the federal government out of the city-running business at Oakridge, Tennessee, and Richmond, Washington, and save the taxpayers \$1,500,000 annually.

An article in Time magazine states that "in scores of other nooks and crannies of government, less dramatic ways have been found to eliminate competition with private business. The defense department has shut down 24 scrap metal operations, 7 bakeries, 9 laundries, a chain factory, a caustic soda plant, 4 cement mixing plants, a tire-retreading plant, 2 garden nurseries and 4 ice plants."

As long as a person earns his income through self-employment

or by working for another private citizen, his voting decisions are based upon what he thinks best for the country or the community, and they do not have a direct relationship to his means of livelihood as when he depends on government employment for work.

To keep our political liberty and our representative form of government, the people must maintain their right to make a living without regard to political consideration. That means curtailment of government in business, and that's everybody's job.

Big Volume—Small Profits

The National Retail Dry Goods Association has released a report covering the 1954 operating experience of almost 500 department and variety stores.

The first quarter was comparatively poor. Then improvement set in and was maintained during the final three quarters. The total 1954 sales volume was very high.

However, this doesn't mean that profits also were high. These retailers earned a net profit, after income taxes, of only 2.1 per cent of sales. In other words, they could keep only a fraction more than two cents out of each dollar the customers spent with them.

There's nothing like open competition to hold prices at a minimum and keep standards of service up—as American retailing demonstrates.

Time—For Defense

Switzerland now has about 85 per cent of the American watch market. The top military people have warned that, in the interest of national defense, what remains of our own watch industry must be preserved and protected.

The reason is the precision parts we find in watches also are required in the manufacture of timing devices used in modern weapons—A-bombs, Nikes, fighting planes, and so on. One B-36 has 3,000 jeweled bearings in its instruments.

All of us would do well to think of this when we buy watches. It's vital that we keep our watchmakers at their benches.

GET RED CROSS PARCELS

As of January of this year, 215,000 South Vietnam refugees received Red Cross parcels of food, clothing, and other necessities.

In the News . . . 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, July 17, 1925:

Last week the News reported a temperature of 106 one or two days, probably the highest for the week.

The gasoline tax in Texas amounting to approximately \$9,000,000 a year can not be used on Texas highways without an official ruling by the attorney general and he now has it under consideration. The 39th Legislature failed to appropriate three-fourths of this money to the highways.

Work is in progress on a road leading from the highway through the G. J. Benham community to the well to be drilled on the Johnson & Herring ranch 15 miles west of Crowell.

Oil companies are increasing in the county and it is reported that the big companies and men who know structure are very optimistic over the outlook for oil development in Foard County.

Mr. and Mrs. J. E. Atcheson spent Sunday in Archer City and Graham attending the annual reunion of Mrs. Atcheson's family.

Mrs. Johanne Davis of Burkholder is here visiting friends and relatives after a visit of several weeks with her sister, Mrs. Egbert Fish, and family of Vivian.

Mrs. Belle Bulkeley is here from Los Angeles, Calif., visiting her sister, Mrs. G. M. Bush, and other relatives.

Individual deposits in the First State Bank at the close of business on July 17 were \$248,081.56; M. L. Hughton is vice president and Sam Crews, cashier. Directors are S. S. Bell, M. F. Crowell and G. G. Crews.

Young people taking part on the League program are Walker Todd, Weldon Cordell, Marion Cooper, Jewel Brown, Lucille Kimsey and Lottie Russell.

Miss Maude Ferguson is here from Vernon visiting her parents, Mr. and Mrs. T. J. Ferguson.

Mr. and Mrs. Greek Davis and family of Lorenzo were here a few days last week visiting relatives and friends.

The Philippine Islands are considered a part of the Far East.

Our Weekly Sermon

Bringing Back the Sparkle

"How can I bring back the sparkle to my eyes?" This unusual query recently appeared in a newspaper medical advice column. But the answer to the question was even more unusual: "Be born again."

We suspect the columnist was merely making the point that, physiologically speaking, the sparkling quality of the eyes is associate with you. In any case his answer was a good one.

It was the Lord Jesus Christ Himself who said, "Except a man be born again he cannot see the kingdom of heaven" (John 3:3). And then He went on to speak of that mysterious but none the less real transformation which follows when an individual becomes aware of his own unrighteousness and turns instead to Christ as the one who died and rose again for him.

Whether it is a new sparkle in your eye which you seek, or a sparkle in the humdrum things of everyday or in your entire life, the medical columnist's advice is good: "Be born again."

How, "As many as received Him (the Lord Jesus Christ) to them gave He power to become the sons of God" (John 1:12).

RETIRES AT 13

Humboldt, Saskatchewan—Although Johnny McDonald is only 13, he has "retired" with \$1,500 in the bank to his credit. Johnny had delivered a daily paper for seven years and his mother banked his earnings after giving him a weekly allowance.

Calcium Supplement Needed If Cattle Ration Contains No Legume

If no legumes are included in a fattening ration for cattle, there may be a deficiency of calcium in the feed. This element is needed, according to Joe Burkett, County Agent, because it contributes to the animal's bone development.

It is most important in rations for young animals. Calcium may be supplied in many forms, such as pulverized limestone, oystershell or calcium carbonate. One ounce of calcium in the daily ration in any of these forms should make up for any calcium deficiency due to the absence of legumes, Burkett suggests.

Another valuable calcium supplement mentioned by the agent is steamed bonemeal. This contains both calcium and phosphorus, and it can be fed free choice in a box next to the salt box, with some covering to protect it from the weather.

Fattening Cattle Need Plenty of Salt

"Fattening cattle should consume from a half to one and a half ounces of salt per head daily, depending upon the kinds of feeds used and the age of the animals," says Joe Burkett, County Agent. Keep loose granulated salt before the animals at all times. Salt in this form is more satisfactory than compressed block salt or rock salt, he says.

Salt will be used more economically from a self-feeding box with a roof for protection from rain.

It's a mistake to withhold salt from cattle toward the close of the feeding period. Though this may cause the animals to drink more water at market, buyers usually are able to estimate closely the amount of fill on the cattle.

The sun rotates on its axis from west to east.

First winner of the Kentucky Derby was Aristides, in 1875.

INSURANCE OF ALL KINDS FIRE, AUTO, BONDS, LIFE, ACCIDENTS, ETC. Hughston Insurance Agency Phone 138

Mr. and Mrs. J. T. Brooks and daughter, Miss Nelda, have returned home from a vacation trip to Colorado.

Mr. and Mrs. J. E. Curtis and Alonzo Curtis of Oklahoma City spent the week end here visiting their sister, Miss Margaret Curtis.

Mr. and Mrs. Lawrence Lovelady and children, Sheryl and Phil, of Riverside, Calif., are here visiting in the home of Mr. Lovelady's sister, Mrs. Henry Borchart, and family.

Mr. and Mrs. Pat McDaniel Sr. of the JY Ranch had all of their children at home over the week end. They are Pat McDaniel Jr. and family of Fort Worth, Mrs. Gordon Erwin and family, Charlie McDaniel and wife, and Grady McDaniel.

Mr. and Mrs. Dan Callaway and children, Danny, Bax and Kinne, of Childress are here on their vacation visiting relatives and friends. Mr. Callaway has resigned his position as deputy sheriff of Childress County, effective August 1. The Callaway family has been living in Childress since January.

CARD OF THANKS

We take this means to thank our friends for all the visits, tokens of love and remembrance while we were in the hospital. Also to all the hospital staff, their kindness and care, and Dr. Kralicke, for his professional attention. May God's richest blessings rest upon them.

Mr. and Mrs. M. L. Owen 1-1tc

CARD OF THANKS

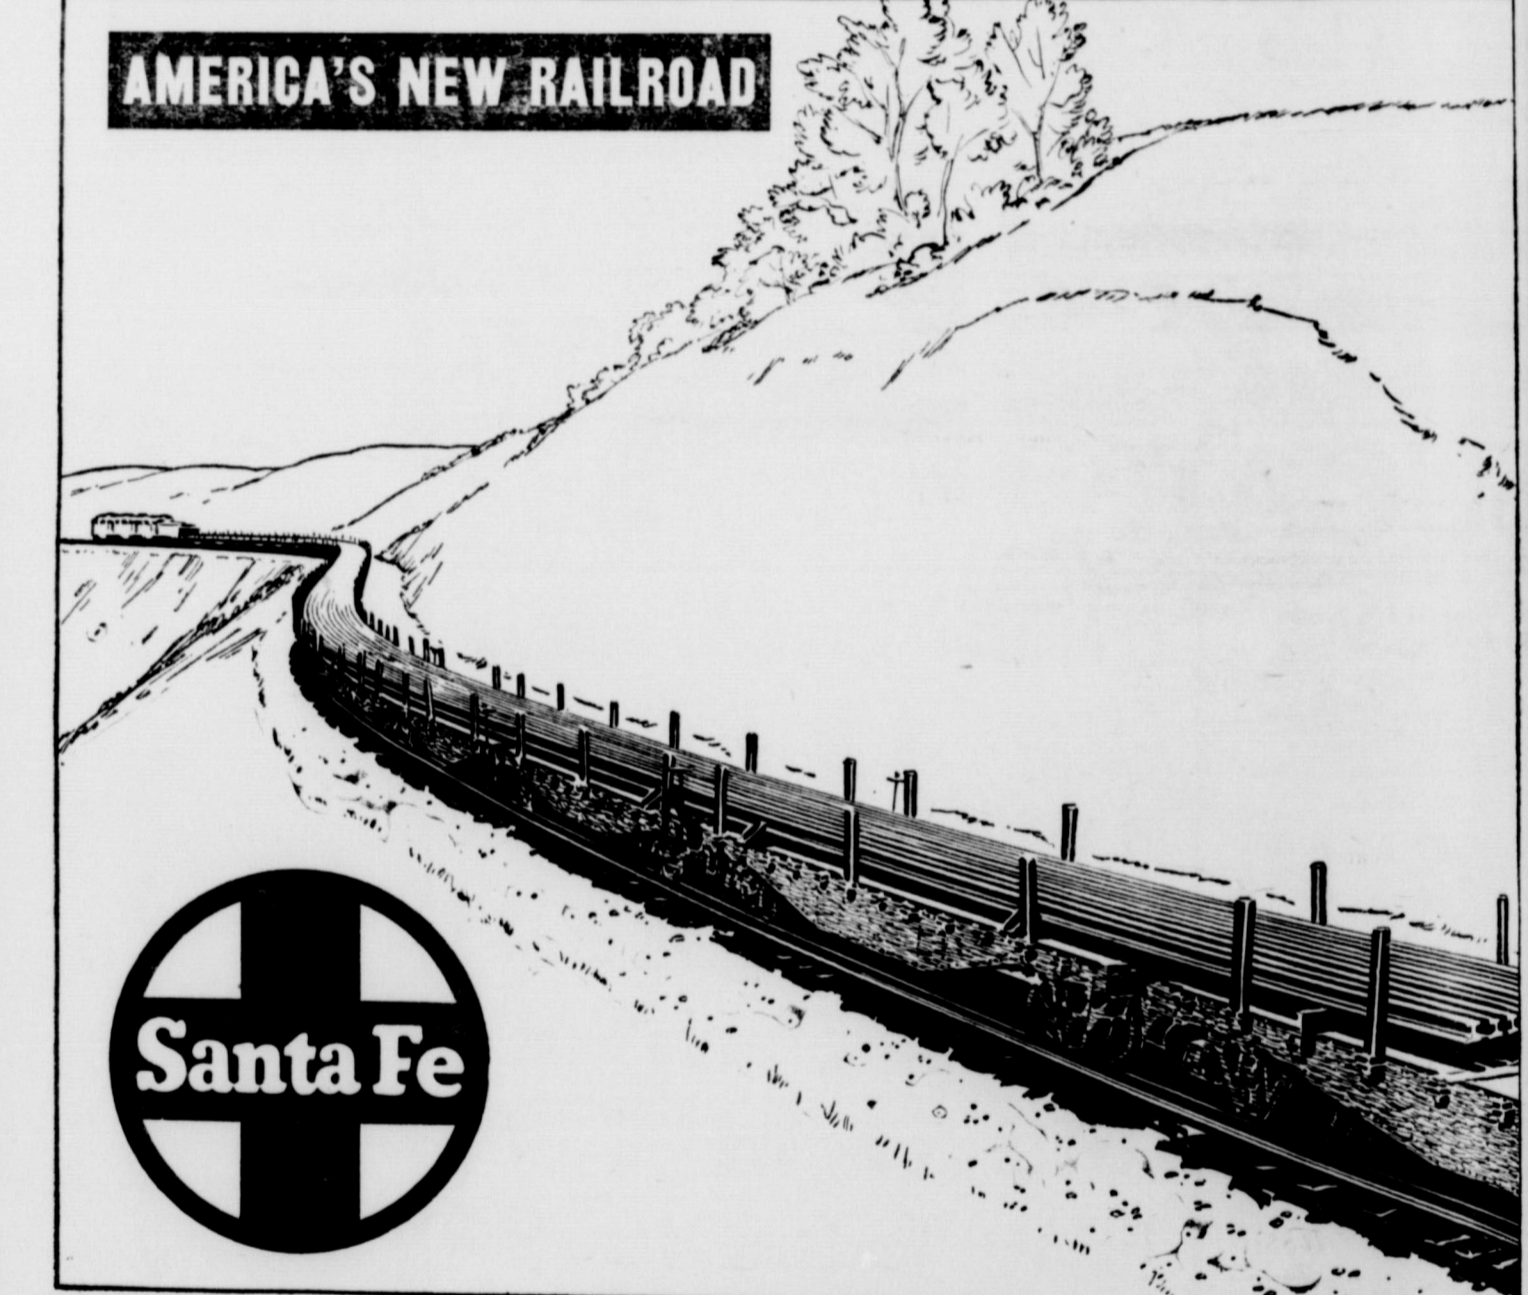

We wish to say thanks to many friends who were so kind to us while I was in the hospital. Each card, the flowers and the prayer that was prayed, we thank. May God bless each you.

Mr. and Mrs. T. J. Long Conroe are visiting in the home of Mrs. Long's sister, Mrs. L. Fox. Mrs. Long's son, Gene, of Houston, brought them.

Jack Dempsey's full name, William Harrison Dempsey.

Ether is produced by distilling alcohol with sulphuric acid.

AMERICA'S NEW RAILROAD

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable.

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail... Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story. Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy

with new improvements here, too. For instance, our own specially-designed ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile rails?

Near Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 5-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

Most Modern, Shortest Stroke V8's*
in any leading truck!

New Chevrolet Task-Force
Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction... greater efficiency... longer engine life!

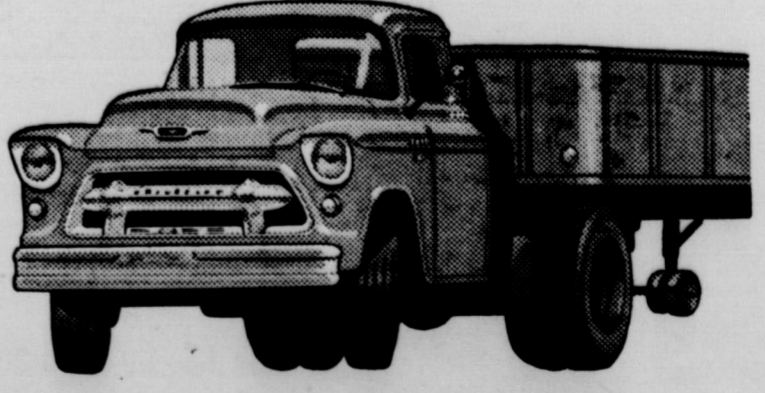

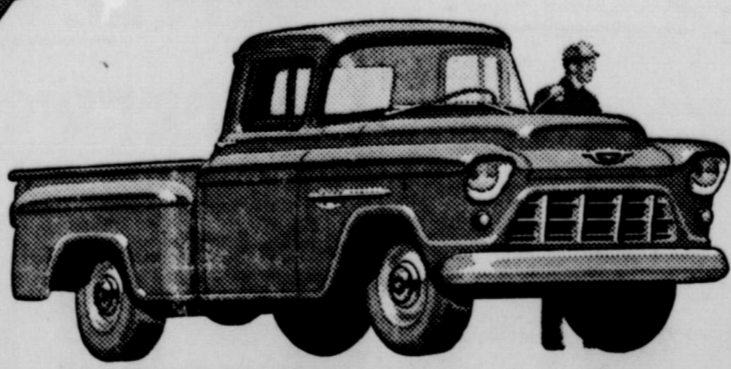

Here are more dollar-saving reasons why new Chevrolet trucks offer you the most modern V8's* your money can buy!

- MODERN 12-VOLT ELECTRICAL SYSTEM
Double the punch for quicker starting and more efficient ignition for finer performance.
- GAS-SAVING HIGH-COMPRESSION RATIO
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.
- EXTRA-HIGH POWER PER POUND
Since these V8's deliver high power per pound of engine weight, more

- power is available for hauling.
- ADVANCED AIRCRAFT-TYPE VALVES
Valve action is more positive for finer, smoother performance.
- FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION
Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Mr. and Mrs. Monroe Karcher were visitors in Duke, Okla., Sunday afternoon.

Jerry Phillips of Vernon is visiting his uncle, Ewald Schroeder, and family.

Mr. and Mrs. E. J. Crvickshank of Galena Park visited Mr. and Mrs. Charley Gray and Mr. and Mrs. Frank Ward last Friday. Mrs. Crvickshank is a granddaughter of the late Mr. and Mrs. J. C. Wade.

Mr. and Mrs. R. B. Ripley of Dallas, Truett Moore and family of Vernon and Rufus Moore and

By PRICE DANIEL U. S. Senator

President Eisenhower is meeting in Geneva, Switzerland, with the heads of state of Great Britain, France and Russia to discuss world affairs and the possibilities of world peace. This is the so-called "meeting at summit." It is to be hoped that some good will come from this conference. So long as discussions are going on instead of physical combat, there is always the possibility of an honorable peaceful settlement of the differences between nations. However, in this meeting we must always remember with whom we are dealing. It is yet to be proven that we can depend on agreements of the Russian leaders or the heads of any other Communist country. Even the present apparent change in the attitude of Russia toward the United States and the other free countries of the world should not cause our leaders in foreign policy to let their guards down in the slightest degree. Too many times we have seen their solemn agreements violated, and a study of their thinking tells us that to accomplish a purpose they would not hesitate to guarantee almost anything. That is a characteristic of atheistic Communism which demands that we require adequate means to enforce any agreements which may be made.

Foreign Aid

Our recent foreign aid bill will family of White City are all here attending the bedside of their father, R. E. Moore, in the Foard County Hospital.

1955 Hunting Dates Set by Texas Game and Fish Commission

The Game and Fish Commission proposed practically the same waterfowl season as last year, a later south zone mourning dove opener, and a closed whitewing dove season for this fall. Meeting in Austin, the Commission authorized open seasons on antelope in both the Panhandle and West of the Pecos, where it has the authority to regulate hunting seasons, with upward of two hundred does to be taken West of the Pecos in addition to four hundred plus buck antelope. The statewide big game season,

amount to borrowing several billion dollars to give to foreign governments, some of which are operating on a balanced budget while we are still piling up a greater national debt. I believe in cooperation with our allies and in military aid when necessary, but I could not vote again for the general foreign economic aid contained in this bill at the expense of our children and grandchildren. With a national debt larger than the combined total of the debts of all the other countries in the world and a budget which remains out of balance and therefore requires further deficit spending and the payment of more interest, there is no reason to continue to give away our hard-earned dollars to other countries. If it must be done, it should be financed on a "pay as you go" basis—and not on borrowed money.

If further economic aid is necessary all these years after it was due to terminate, why not send surplus commodities for relief to undernourished peoples in Europe, Asia and the rest of the world, so long as the world market in these products is not disturbed? In this way we would help our farmers and our own government, which has accumulated many surplus products under the farm price support programs. Legislation to expand the program of shipping surplus foods to countries which cannot produce enough for themselves is pending now in the Senate.

EXPOSITION IN DALLAS

More than 1,000 important South American cattle raisers expected to attend the 1955 Pan American Livestock Exposition, Dallas, October 8-16, it was predicted by returning members of the State Fair of Texas' third annual goodwill mission to South American countries. "Attendance is more than twice the number last year," Ray W. Wason, Pan-American's manager and director of the mission, said.

High Octane Gasoline

Higher octane gasoline is being produced from lower grade of fuel simply by reforming molecules with the aid of a platinum catalyst.

MESQUITE CONTROL

A test on the Jeffrey Ranch Young County appears to hold promise for a new method of mesquite control.
A soil sterilant, CMU, used in light amount in pellets and applied by airplane, is having an effect on mesquite foliage in the area although results were not expected until next year.
CMU attacks the trees through the roots, rather than through leaves as do the herbicides now being used in control.

The Belgian Society of the International Red Cross, the oldest Red Cross society in the world, was founded on Feb. 4, 1864.

The Navy's carriers are mobile bases capable of moving aircraft to striking distance of vast areas formerly inaccessible.

MRS. W. O. FISH

Mr. and Mrs. John Sandlin of Wewoka, Okla., visited his brother, Arthur Sandlin, and wife and other relatives from Thursday until Wednesday.

Charlie Patton of Dallas and formerly of this community, attended the Carroll reunion in Dallas Saturday afternoon of last week.

Mrs. Dee Gilbert spent Sunday night with her daughter, Mrs. J. C. Gaudin, and family of Goodlett. She was accompanied home by her granddaughter, Myra Nell, who spent several days in her home.

Mrs. C. C. McArthur visited Mrs. John Fish Thursday afternoon.

John and Bill Fish and Mrs. W. O. Fish visited Mr. and Mrs. G. N. Robertson Jr. of near Paducah Thursday afternoon.

Mrs. Darvin Bell, Mrs. Maude Rasberry, Mrs. Silas Moore and Carol Bell of Crowell, Joyce Morgan of Elkins, Ark., Mrs. John Sandlin of Wewoka, Okla., Myra Nell Gaudin of Goodlett, Mesdames Verda Bell, Joe Bledsoe, W. F. Bradford, H. L. Shultz and J. S. Owens of Margaret spent Thursday with Mrs. Leslie McAdams.

Mr. and Mrs. A. L. Cowan visited their daughter, Mrs. John Fish, and husband from Tuesday until Thursday.

Mrs. John Fish honored Bill Fish with a surprise birthday supper Monday night, July 11. Those present besides the honoree and Mr. and Mrs. John Fish, were Charles Anglin, Don Brothers and Neil Lowry of Paducah and Mrs. W. O. Fish.

Mr. and Mrs. R. L. Walling and son, Danny, visited Mr. and Mrs. Leroy Hurd of Fort Worth and Mrs. Roy Hurd of Honey Grove in the home of Mrs. M. C. Gaudin of Vernon Tuesday night.

Mr. and Mrs. Allen Fish, Miss Bernita Fish and Egbert Fish visited Mrs. Raymond Lawhon of Wichita Falls Tuesday afternoon.

Mr. and Mrs. J. Henry Lewis of Wichita Falls visited Mrs. W. O. Fish Tuesday morning.

Mrs. Clara Mason of Dalhart visited Mrs. Dee Gilbert over the week end.

Mr. and Mrs. Allen Fish visited Mrs. Murphy Carpenter of Roaring Springs, who underwent major surgery in the Paducah hospital recently, Saturday morning.

Mrs. Hughes Fish of Amarillo is at her mother's bedside.

Miss Myrtle Fish and Mrs. Dee Gilbert spent Thursday night with Mr. and Mrs. J. C. Gaudin and daughters of Goodlett.

Mrs. Dee Gilbert and Miss Myrtle Fish visited Mr. and Mrs. Claud Gilbraith of Quanah Friday. They also visited Mr. and Mrs. T. W. Cooper of Crowell.

Mr. and Mrs. James Sandlin and daughters, July and Sherry, spent Friday night and Saturday with Mr. and Mrs. Basil Nelson and family of Levelland.

Mr. and Mrs. Arthur Sandlin and Mr. and Mrs. John Sandlin spent from Friday until Tuesday with Mr. and Mrs. Herman Sandlin and daughters of Beville and

charged a witness had made a deal with the attorney general to smear Giles. The witness denied it.

Shivers Shuns Conservatives

Gov. Allan Shivers declined to participate in a meeting of conservative Democrats last week in Dallas.

Vacationing in Woodville, Shivers released through his Austin office the text of a telegram to Fort Worth attorney Hamilton Rogers, chairman of the gathering.

Declaring himself opposed to "splinter political parties," Shivers asked the group to work with him to strengthen the Democratic party.

Rogers denied any splinter party plans. He also denied the meeting had anything to do with recent criticism of the governor for his moves toward replacing Wright Morrow of Houston, Democratic national committeeman, with someone acceptable to national party leaders.

Purpose of the Dallas meeting, said its leaders, was to "solidify conservative thinking." One result was a sweeping denunciation of desegregation plans for the University of Texas and El Paso public schools.

Parr Tax Trial Postponed

Date of the Austin trial of George Parr on an income tax evasion charge was changed last week from July 16 to Sept. 6.

Postponement was because one of Parr's attorneys was busy with another case.

Parr had petitioned the Fifth Circuit Court of Appeals at New Orleans for a dismissal, contending the trial should be held in Laredo instead of Austin. The appeal was denied.

Johnson Hearing Delayed

Hearing on an application to take additional water from the Pedernales River to irrigate U. S. Sen. Lyndon B. Johnson's farm has been postponed. August 8 is the new date set by the State Board of Water Engineers.

Twenty-four downstream ranchers protested the application when it came up last week. They said water already being diverted to the Johnson land deprives them of stock water and leaves so little natural flow that fish are dying and polluting the stream.

Martin Harris, attorney, asked for the later hearing. He said Johnson's wife desired to be heard personally if there were objections. She is now in Washington where the senator is recuperating from a heart attack.

News from the Congress

by Congressman Frank Ikard

This week the President and the other leaders of the Western Powers will meet in Geneva with the Communist rulers. Everyone is hopeful that out of this meeting will come some solution to relieve the tension in the world and to lead the way to an early permanent peace; however, until the sincerity of the Soviets is proven over a period of years, it is imperative that we in this country maintain our stand and not allow ourselves to be lulled into a feeling of false security. Even though all indications are that the cold war to an end there has been little evidence of any real desire on their part to deviate from their program of world conquest. Only until such time as they have demonstrated beyond any shadow of a doubt that they are no longer dedicated to their eventual plan to rule the world can we afford to relax for one minute.

No President in our history has gone to an important conference with greater support than that which President Eisenhower has in going to Geneva. The leaders of both political parties in the Congress have offered their fullest cooperation. This demonstrates

Mr. and Mrs. Craig Sandlin and son of Corpus Christi.

Mr. and Mrs. James Sandlin and daughters were dinner guests of Mr. and Mrs. Milton Evans and daughter of Floydada Friday.

Mrs. Dee Gilbert, Miss Myrtle Fish and Myra Nell Gaudin visited Mrs. Eddie Crumpton and Mrs. Henry Overstreet of Swearingin Thursday afternoon.

Misses Myrtle and Neoma Fish, Amelia Frazier and A. T. Fish spent Sunday with Mr. and Mrs. Hardin Frazier of Salt Creek.

Mr. and Mrs. Delbert Burks and daughters, June and Janice, of Ogden spent Sunday with Mr. and Mrs. John Fish.

Mr. and Mrs. James Sandlin and daughters spent Saturday night and Sunday with his cousin, Deuliss Carroll, and family of Meadow.

Mr. and Mrs. W. R. Henderson and daughters, Suzanne and June, of Vernon spent Sunday with her mother, Mrs. W. O. Fish, and son.

Mrs. Harold Fish and sons, Joe Mike and David, and Billy Prater of Paducah visited Mrs. Berny Fish Wednesday afternoon.

Miss Bernita Fish, Egbert and Herbert Fish spent Sunday with Mr. and Mrs. H. H. Fish and Mr. and Mrs. Warren Prater and family of Paducah.

Mrs. James Sandlin visited Mrs. Glenn Payne and son of Levelland Saturday afternoon.

Texas and National Farm Safety Week Set for July 24-30

The week July 24-30 should be for every Texan on and off the farm a practice period in prevention of accidents. The period has been designated as Texas and National Farm Safety Week, according to Joe Burkett, County Agent.

The Texas Farm and Ranch Safety Committee believes that accidents on farms do not occur because farmers and their families are more careless than other citizens. But with excess work and fatigue they often neglect necessary precautions in working with power equipment and edged tools, and in keeping in good repair articles which are used frequently.

Prevention of accidents has a deeper importance than merely keeping people fit to do their work. The waste of human lives, the pain and sometimes permanent crippling resulting from accidents, and the disruption to family life when a member is injured are of even greater consequence. The distressing thing, points out the

agent, is that so large a part of accidents which are happening daily could be avoided by caution and common sense safeguards.

Hazards to life and limb in homes and farm buildings are many and obvious. A systematic check will reveal them, and knowledge of them is an urge to remove them. Falls cause more injuries in the home than any other type of accident. Looking before stepping could reduce such accidents, suggests the agent.

Finally, the agent suggests that these seven days should take on special significance. It is time that farmers and their families and neighbors pooled their efforts toward making their industry as safe as any other in the nation. And as stated in the theme for Safety Week . . . "Your Safety is in Your Hands."

without question the great desire of all the American people to find some peaceful solution to the troublesome international problems.

It now looks like the adjournment date of this Congress will be some time early in August rather than late in July as was first predicted. The reason is that there are several important pieces of legislation yet to be considered.

Even though all tax relief problems have been turned down this year, it now seems highly probable that next year will see some tax relief. There is no question in my mind that a great many of our taxes have reached the point of diminishing return where actually more money would have been returned to the government if these taxes were reduced.

Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

In an engine test equal to 2500 miles of driving, piston rings lubricated with ordinary oil lost weight, showing extensive wear.

In an identical test piston rings lubricated with Phillips 66 Trop-Artic Oil showed scarcely any wear at all.

IT'S PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting . . . save gasoline . . . and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

PHILLIPS PETROLEUM COMPANY

Let us drain your Crankcase and refill it with this great new oil and fill your Tank with Flite Fuel and you're all set for smooth motoring.

Miss Norma Jones and Mr. Lee Married in Ceremony at Truscott

Miss Norma Anita Jones, daughter of Mr. and Mrs. Edgar James Jones of Truscott and granddaughter of Mrs. C. R. Jones of Vernon, became the bride of Jerry Dwayne Lee of Wichita Falls in a ceremony performed at the Quarter-Circle X Ranch, home of the bride's parents, near Truscott last Saturday evening at 8 o'clock.

The groom is a son of Mr. and Mrs. Richard Boulware of Lubbock. Charles E. Richie, Church of Christ evangelist from Dumas, read the double ring ceremony before an archway of greenery entwined with pink and white carnations. Candelabra holding white cathedral candles were placed behind the archway. White flowers and tapers elsewhere about the room completed the decorations.

Mrs. Curtis Casey of Truscott, pianist, played "Indian Love Call" and Mendelssohn's wedding procession. At the end of the ceremony she played "The Lord's Prayer" followed by "Always."

Father Escorts Bride
The bride, given in marriage by her father, wore a gown which was an original model of white Swiss embroidered organdy over nylon net and taffeta. It was designed with a portrait neckline outlined with organdy flower applique. The fitted bodice had tiny sleeves and a wide cummerbund of pleated taffeta to accent the waistline. The chapel length skirt was made of bouffant tiers of embroidered organdy with scalloped edges. She wore embroidered organdy gauntlets ending in petal points over the hands.

Her fingertip veil of silk illusion was pointed to a coronet of lace embroidered with seed pearls. She carried a colonial bouquet of white carnations with white satin streamers. A string of pearls was her only jewelry.

Mrs. Don Grace of Wichita Falls was matron of honor. Also attending the bride were her sisters, Mrs. Q. D. Williams of Floydada and Mrs. Jack Brown of Electra.

joined to full skirts embellished with shirred ruffles. They wore lace coronets fashioned after the bride's with tiny tulle veils and carried colonial bouquets of pink and white carnations.

Groom's Attendants
Hugh Waddle of Wichita Falls was best man. Ushers were Vernon Jones of Fort Sill, Okla., brother of the bride, and Chick Jordan, cousin of the groom. Candlelighters were Garland and Terry Lynn Adams, cousins of the groom, James Dolan Williams was ring bearer and Nancy Claire Williams was flower girl. The ring bearer and flower girl are nephew and niece of the bride.

Reception
A reception was held following the ceremony at the home of the bride's parents. The bride's table was covered with pink net over white satin, caught with miniature pink nosegays along the edge in a scalloped effect. Centering the table was a traditional tiered wedding cake decorated in pink and white and flanked with white tapers in silver candelabra. A crystal punch bowl was at one end and silver and crystal appointments completed the setting.

Members of the House Party
Mrs. A. D. Woods of Houston, aunt of the bride, and Mrs. Rex Adams of Electra, aunt of the groom, served the cake. Mrs. Roger Jones of Dumas, aunt of the bride, and Mrs. Lloyd Jordan of Pampa, aunt of the groom, served the punch. Presiding at the silver and white register were Mrs. Albert Jones of Dumas, aunt of the bride, and Mrs. Cloyd Adams of Electra, aunt of the groom.

To Reside in Plainview
Following a short wedding trip the couple will be at home at 1315 Milwaukee in Plainview where the groom is engaged in farming. For her going away costume, the bride chose a beige silk shantung with navy blue accessories and a shoulder corsage of white carnations.

Mrs. Lee was graduated from Crowell High School where she was a member of Theopian Dramatic Society, the Sub-Dely Club, FHA and on the annual staff. She attended Texas State College for Women, Texas Tech and Draughton's Business College.

Mr. Lee was graduated from Wichita Falls High School and majored in agriculture at Midwestern University and Texas

CO-LABORERS CLASS

The monthly social meeting of the Co-Laborers Sunday School class of the Methodist Church was held at the home of Mrs. Hines Clark Thursday afternoon, July 14, with Mrs. Clark, Mrs. Grover Cole and Mrs. Alton Higginbotham serving as joint hostesses.

Mrs. Jim Russell was lesson leader on the subject, "Eve." The meeting was opened by the group singing of "Have Thine Own Way, Lord." Mrs. Will Jones was leader of a timely devotional. A prayer was offered by Mrs. C. W. Thompson. In answer to roll call, each member named and told something of the life of a woman of the Bible. Mrs. Thompson then told the story of Eve.

An interesting quiz was conducted by the leaders, answers being "true" or "false." A closing prayer was led by Mrs. A. Y. Beverly.

Mrs. W. C. Erwin, vice president, conducted a short business meeting, after which a refreshing ice course was served by the hostesses to twenty-three members.

VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met in an all-day meeting with Mrs. Leslie McAdams on Thursday, July 14.

Misses Janet and Margie Lou Rasberry gave a demonstration on preparing a meat salad and a discussion of food needs daily as set forth in the Texas Foods Standard bulletin.

Mrs. J. S. Owens, Mrs. H. L. Shultz, Mrs. Silas Moore, Mrs. Joe Bledsoe, Mrs. Arthur Bell and Mrs. W. F. Bradford of the Margaret H. D. Club were guests for the covered dish luncheon.

The afternoon was spent in playing games and visiting. The next meeting will be held

Tech. He was a member of the MU Rodeo Club and of the Aggie Club at both colleges.

in September.

The following guests were present: Mrs. John Sandlin, Wewoka, Okla., Miss Joyce Morgan, Elkins, Ark., Mrs. Darvin Bell and Carole Crowell, Carolyn Bell and Jonelle Bradford, Margaret, Mrs. Henry Fish, Mrs. Hartley Easley, Mrs. R. S. Carroll, Misses Bernita Fish, Janet and Margie Lou Rasberry, Sherry and Judy Sandlin, Joylyn Haynie, Martha Fish, Jerry Shultz, Terri and Jackie Thomas, Vivian, and Myra Nell Gaudin, Goodlett, and 13 members.

THALIA IDLE HOUR CLUB

The Thalia Idle Hour Club met in the home of Mrs. T. R. Cates Sr. Thursday, July 14. A pleasant afternoon was enjoyed by all. Those present were Mesdames W. J. Long, G. W. Seales, W. A. Johnson, John Wright, C. H. Wood, B. A. Whitman, L. A. Roberts, and one visitor, Teresa Wright, and the hostess.

Next meeting will be in the home of Mrs. B. A. Whitman July 28.

General Telephone Co. and Union Reach Agreement July 14

General Telephone Company of the Southwest and the Communications Workers of America (CIO) last Thursday, July 14, signed an agreement extending the present working contract until January 1, 1956.

The action ended two months of negotiations between the two groups.

While none of the Union demands were met, or can be met until a later negotiation session, General agreed to put into effect on November 1 an additional \$175,000 in increased benefits.

On November 1, the company and the union will meet to decide the method of distribution of the \$175,000.

The union, at the opening of

negotiations May 19, issued a list of 36 demands including the raising of the minimum starting wage to \$1.25 per hour, shortening of the work week for traffic employees without a corresponding reduction of pay, a general wage increase, and inauguration of a company-paid hospitalization program.

The company estimated these demands would cost about \$3 1/2 million, or approximately 50 per cent of the present total payroll. Exact cost could not be determined unless actually applied to the payroll.

In discussing the final agreement, General's Industrial Relations Director, F. W. Hapner, said, "The company started negotiations by telling the union that it did not have money now to grant

pay increases but when final conditions were such that it was the contract would have to be extended six months to give the company time to do that. A final settlement we did just and we gave the amount of money to work with."

General employs 2700 persons in the 242 exchanges it serves in Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

TRAINING COURSES

Last year the American Red Cross issued over 2,052,240 certificates to persons completing free Red Cross training courses including safety services training and home nursing training.
