Football Awards Presented to 30 Boys Last Friday

The following football awards were presented to thirty Crowell High School boys last Friday morning, Jan. 22: Eighteen boys received lettered jackets with a gold satin finish on one side and a black gabardine finish on the other; Dwayne Boren, C. T. McDaniel, Jim Harper, Don Kidd, Edward Daniel, Don Smith, Wayne Borchardt, Buddy Caddell, James Denton, Gerry Knox, Gordon Graves, Robert Graves, DuWayne Elliott, Joe Don Thompson, Jimmy Everson, Robert Kincaid, James Pittillo and Jackie Walker. The two managers receiving these awards were Billy Rader and Robert Love. The three coaches, Thayne Amonett, Gordon Erwin and Glen Taylor, also received jackets.

The ten boys receiving reserve sweaters were: Aldon Garrett, Ronny Fox, Floyd Bice, Nolson Abston, Johnny Wehba, Joe Calvin, Edward Howard, Jimmy Thaxton, Lindell McBeath and Ray Gibson.

The following nine boys have completed their eligibility: Jim Harper, Wayne Borchardt, Buddy Caddell, James Denton, Robert Graves, DuWayne Elliott, Joe Don Thompson, Jimmy Everson and James Pittillo. Seven of these were starters on last fall's team that won nine out of ten games during the season.

New Officers for Spring Lake Country Club Elected Jan. 11

At the annual stockholders' meeting of the Spring Lake Country Club held Jan. 11, the following directors were elected for the year, 1954: T. F. Cates, Jesse A. Whitfield, Lee Black, Foster Davis, H. G. McClain, Ted Reeder, J. B. Rasberry, Merl Kincaid and Ray Brown.

Following this meeting, the new directors met in special session and elected the following as officers for the new year: Ray Brown, president; Jesse A. Whitfield, vice president; and L. A. Andrews, secretary-treasurer.

DOWN TOWN BIBLE CLASS

There were sixty-eight men present at the Sunday morning meeting of the Down Town Bible Class, including three visitors, A. L. Sloan, Bud Everson and Jim R. Gafford.

The group was favored with a solo, "Does Jesus Care?" by Jimmy Everson with Mrs. W. W. Lemons as accompanist.

An earnest and impressive lesson was delivered by Leslie Thomas, teacher.

NEW DOCTOR ARRIVES

Dr. M. M. Kralicic and family arrived here Monday from Chicago, Ill., to make their home. They will live in the home formerly owned by Mrs. Cressie Erwin. Dr. Kralicic will begin the practice of his profession here as soon as preparatory arrangements can be completed. He will have offices in Ferguson Rexall Drug.

which will also be donated to the MOD.

The ball game will be played shortly after the Mothers March on Polio, at which time the mothers of the town will make a house-to-house campaign for funds to fight polio.

Everyone is cordially invited to attend the ball games and give liberally to a worthy cause.

T. F. Goodman Succumbs in Local Hospital Jan. 20

Funeral Services Held at Margaret Friday Afternoon

T. F. Goodman passed away in the Foard County Hospital Wednesday afternoon, Jan. 20, following a serious illness of about two weeks. He had been in declining health for many years.

Funeral services were held at the Margaret Methodist Church Friday afternoon at 2 o'clock conducted by his nephew, Rev. Tom Goodman, retired Baptist Minister of Quanah, assisted by Rev. W. J. Knoy, pastor of the Margaret Methodist Church; Rev. G. C. Laney, pastor of the Margaret Baptist Church; and Rev. Clarence Bounds of Margaret, retired Methodist minister.

Special music for the funeral was a duet, "In the Garden," sung by Mrs. W. A. Dunn and Mrs. Bob Thomas, with Mrs. W. F. Bradford as accompanist.

Interment was in the Crowell Cemetery with Womack Funeral Home in charge of arrangements. Pall bearers were Luther Tamplen, J. T. Tamplin, Ed Dunn, Greer Reinhardt, Ray Hysinger and Curtis Bradford.

The list of flower bearers included Mrs. Jim Ewing, Mrs. Willie McWilliams, Mrs. Ray Hysinger, Mrs. A. B. Owens, Mrs. Verda Bell, Mrs. Bill Marlow, Mrs. W. J. Murphy and Mrs. Curtis Bradford.

T. F. Goodman, "Uncle Tom" as he was familiarly known by his many friends, was born Aug. 31, 1865, at Holly Springs, Miss. He came to Texas when he was 17 years of age and in 1891 he was married to Miss Mary Lee Cooper in Fannin County. Eight children, four sons and four daughters, were born to this couple, six of whom survive, two dying in infancy.

Mr. and Mrs. Goodman and children came to Foard County in 1905 and settled near Crowell on a farm. They moved to Margaret in 1916 where Mr. Goodman engaged in the grocery business for a number of years. He retired from business about 27 years ago. For the past four years he had made his home with Mr. and Mrs. Jim Ewing of Crowell.

He was a life-long member of the Methodist Church and a member of the Masonic Lodge over sixty years. He lived a consistent Christian life and was loved and highly respected by all who knew him.

He is survived by three sons and three daughters: Lonnie Goodman of Vernon, Mrs. Green Sikes and Mrs. Bill Bond of Margaret, Fred Goodman of Dallas, Mrs. Bill Crisp of Dove Creek, Colo., Bill Goodman of Trail, Ore.; one sister, Mrs. Charley Smith of Prague, Okla.; and 12 grandchildren.

All children were here for funeral services with the exception of Bill Goodman of Oregon.

Wildcat Cagers Defeat Iowa Park Hawks 50-38

The Crowell High School basketball team won its fifth conference victory at Iowa Park on Tuesday night to remain the only team in district 1A-9 with a perfect conference record. Chillicothe has lost only one conference game and will get a chance to throw the district race into a tie here Friday night.

The Wildcats dropped an exhibition contest to Quanah here last Friday night by the score of 73 to 52. Crowell defeated this club at Quanah two weeks ago. Gordon Graves and Gaylon Whitley were the only Cats able to consistently hit the coop while four of the Quanah boys were accurate enough to score at least 13 points each.

The Iowa Park Hawks, led by James Williams, maintained a six-point lead over the Cats at half-time Tuesday evening, but the Crowell boys came back strong in the third quarter to rake up 16 points to the Hawks' five and finally came out on top with a 50 to 38 score. The feature of the contest was the passing of the Crowell boys in the third quarter. James Williams scored 18 points for Iowa Park and Gordon Graves scored 20 for Crowell. Chillicothe is the only other district team that has been able to defeat the Hawks, last year's champions, this year.

The Crowell "B" team split games the past week with a 54 to 40 victory over Quanah and a 39 to 38 loss to the little Hawks. Lindell McBeath and Mike Wishon scored 15 points each against

New Farm Cotton Allotments Must Be Filed by Feb. 5

An owner or operator of a farm for which a cotton acreage allotment has not been established for 1954 may file an application for such a cotton allotment under certain conditions, Dwight L. Campbell, chairman of the County Agricultural Stabilization and Conservation Committee, said Tuesday.

All such applications will receive careful consideration, the chairman explained, but to be eligible for the allotment, the owner or operator in such a case must meet the following conditions: He must depend upon his farm operations for a livelihood, he must not have any other farm which already has a cotton allotment, and he must not have on file in the County ASC office a similar application for a cotton allotment on any other farm in the county which he owns or operates.

Applications for such "new" cotton acreage allotments must be filed in the County ASC office not later than Feb. 5, 1954, Mr. Campbell said.

Under the 1954 cotton marketing quota program, approved by growers in a national referendum last December, all cotton farmers are subject to the quotas, which operate through acreage allotments. Farmers who comply with their cotton allotments may market free all the cotton they grow. Cotton grown by farmers who do not comply with their allotments will be subject to a penalty on each pound of the "excess" cotton.

Home Talent Show Mon. Night Draws Capacity Crowd

"Our Community," a home talent show, was presented in the High School auditorium Monday night to the largest crowd ever assembled in the auditorium, according to estimates made by school officials. Many were turned away after the seating capacity of the auditorium had been filled, including the use of many chairs.

The show was sponsored by Crowell Chapter of the Order of the Eastern Star and was promoted and directed by the Worthy Matron, Mrs. Dove Carlile. The cooperation of the large cast of characters, musicians and business men, together with the large attendance, made the show a tremendous success financially as well as an evening full of entertainment and enjoyment.

The Eastern Star chapter and its worthy matron extend sincere appreciation to the many individuals and businesses who contributed their talents, time and money to make the program a success. The proceeds will be used to pay for improvements at the Masonic hall.

Judge Leslie Thomas did an excellent job as narrator for the show.

Heading the program was the

Final Preparations Complete for Second Annual Football Banquet; DeWitt Weaver to Be Main Speaker

Final preparations have been made for the second annual Booster Club banquet honoring the members of the 1953 Crowell High School Wildcat football team and their coaches. The event will be held at the school cafeteria on next Monday night, Feb. 1, at 7 o'clock.

Arrangements have been made by Irving Fisch, general chairman for the affair, to serve a turkey dinner to the approximately 175 people expected to be present when the Booster Club honors the District 1A-9 runners-up of last year.

Featured speaker for this gathering of football players and fans will be the colorful DeWitt Weaver.

Dollar Days Slated for Week End of February 5 and 6

Friday and Saturday, February 5 and 6, will again inaugurate another of the monthly "Dollar Day" campaigns staged by the local merchants in connection with the Crowell Booster Club, which jointly sponsors the event.

Many of the extra special bargains offered during these days will be listed in next week's News. The Dollar Days were not held in December because of the Christmas season nor in January because of the annual inventory period, but there will be many bargains offered next week in the first Dollar Days of 1954 in Crowell.

Notice to Advertisers
Due to the fact that the News prints several hundred extra copies of the Dollar Day issue and they must be in the postoffice Wednesday afternoon, it is absolutely necessary that all copy for ads be in this office not later than Tuesday noon.

Sim Gamble Honored on 78th Birthday

Sim Gamble was honored with a turkey dinner by his wife Monday, Jan. 25, on his 78th birthday with all his children and a number of other relatives present.

The birthday cake was white angel food with pink rose decorations, which was served as dessert for the dinner with fruit salad and whipped cream. The children are Mrs. W. A. Johnson of Thalia, Mrs. Frank Gamble of Farmers Valley, Mrs. Forest Durham of Littlefield, and Mrs. V. Gamble of Thalia. One brother, Mack Gamble, and one sister, Mrs. C. C. Lindsey, attended. Others present were Mr. and Mrs. D. H. Allen of Grady, N. M., Forest Durham of Littlefield, Mr. and Mrs. Edward Brock of Farmers Valley, Mrs. Johnny Flighman and son of Lockett, Mrs. Betty Macee, Mrs. Carrie Hart, Mrs. Zola Greening, Mr. and Mrs. Walter Williams, Mr. and Mrs. Willie Garrett and T. S. Haney of Crowell; W. A. Johnson, Mrs. Waldon Johnson and children of Thalia.

er, head coach of the Texas Tech Red Raiders of Lubbock. Mr. Weaver will be introduced by Dick Todd of Crowell, who was backfield coach for the S. M. U. Mustangs last year. George Self will be master of ceremonies.

Weaver Has Brilliant Record
Small wonder DeWitt Weaver defies the traditional concept of the wailing, worried coach. He's seen too much progress since coming to Texas Tech as athletic director and head football coach in 1951.

Already 11,500 seats have been added to Jones Stadium, and the number of lights has been doubled. Also, the City of Lubbock is building a coliseum, which will seat between 8,000 and 10,000 at basketball games, just 900 feet west of the stadium.

By birth and college education, Weaver is a Tennessean. He was born in Nashville, but spent most of his early years in Florida. He returned to Tennessee to attend the University of Tennessee.

"Mothers March on Polio" Tonight

The Mothers' March on Polio drive will be held in Crowell tonight, Thursday, Jan. 28. Mrs. Virgil Johnson and Mrs. Guy Todd are chairmen of the local drive.

The March of Dimes campaign will get underway promptly at 6:15 p. m. with Sheriff J. L. Gobin and City Marshal Dan Callaway escorting the caravan to the square where the town will be worked in groups with a captain and workers for each division.

The following groups have been appointed to help with the march.

Southwest District: Mrs. Lee Black captain; Mrs. Marion Crowell, Mrs. Henry Borchardt, Mrs. J. M. Crowell.

Southeast District: Mrs. C. V. Barker, captain; Mrs. Tom Woods, Mrs. Glen Goodwin and Mrs. Nelson Olliphant.

Northwest District: Mrs. J. T. Brooks, captain; Mrs. Harriet Griffith, Mrs. Woodrow Lemons, Mrs. Bill McClain and Mrs. Jack Spikes.

Northeast District (north of Texas St.): Mrs. M. M. Welch, captain; Mrs. George Davis, Mrs. I. Fisch, Mrs. C. G. McLain, Mrs. Eugene Owens, Mrs. Horace Phelps, Mrs. Gordon Erwin, Mrs. Russell McAnally.

Northeast to Texas St.: Mrs. Durwood Sanders, captain; Mrs. Bert Ekern, Mrs. John Raser Jr., Mrs. J. T. Hughton, Mrs. Jack Sauls.

High school girls will act as helpers.

Misses Mayme Lee Collins, Lotte Russell and Gusta Davis will be cashiers for the workers.

Mrs. Todd stated, "Please leave your porch light on and if you have no porch light, be on the alert for the workers. If, by any chance, your house is missed, call 125R and a special trip will be made to pick up your donation."

Two New Oil Ventures Staked in Foard County

Foard County jumped back into the wildcat spotlight of the North Texas District Tuesday as two exploratory ventures were staked in this county.

Deepest of the new tests is the No. S-3 W. T. Waggoner Estate, staked as a 7000-foot wildcat 10 miles northeast of Gilliland by Humble Oil and Refining Company. The No. S-3 Waggoner is staked in a 57,180-acre lease and spots 660 feet from east and 1300 from south lines of section 52, block, B, GH&H survey.

The other Foard wildcat is the No. 1 J. O. Morgan, staked two miles east of Thalia by the C. E. Hyde of Fort Worth. The 4900-foot test is 310 feet from west and 3100 from south lines of section 19, block 8, H&TC survey.

Drillers on the No. 1 J. F. Biele, a 7000-foot test by the Seaboard Oil Company, nine miles southeast of Crowell on the Roy Steele farm, have reached a depth of approximately 2,000 feet.

Lions-Rotarians Ball Game Tonight

Thursday night, Jan. 28, (tonight) at 7:00 o'clock, the members of the Lions Club and Rotary Club will renew their series of nearly basketball games in support of the local March of Dimes campaign. As has been the custom in the past, the players will dress as women, with the older members of the clubs playing volleyball and the younger members angling in basketball.

No admission will be charged, but all donations received will be donated to the polio campaign.

All members of the clubs who do not dress as women for the ball games will be fined \$2.00.

Saturday, January 30, Last Day to Pay Poll Taxes; 800 Receipts Issued

According to figures released from the tax collector's office this week, only approximately 800 poll taxes have been paid at the time the figures were released Tuesday.

Since January 31st is the last day that poll taxes can be paid, and due to the fact that it comes on a Sunday, Saturday, Jan. 30, is the last day voters of the county can attend to this impor-

tant matter. Without a poll tax receipt voters of the county will not be able to cast a ballot in the elections that come up this year.

J. L. Gobin, sheriff and tax assessor-collector, has announced that his office will be open all day Saturday for the convenience of those who may be late.

Persons who reached the age of 60 before Jan. 1, 1953, are exempted from paying poll taxes.

SCHOOL SPIRIT LAGGING AT BASKETBALL GAMES

Has anyone ever heard of a remotely familiar thing called "school spirit"?

It seems as though lately every one that ever heard of it in CHS seems to have forgotten what it is all about. Just the other night, at a basketball game here, the gym was about one-third filled, and of that one-third, about one-fourth were high school students. Good percentage?

There is a sharp contrast between basketball attendance and football attendance. One could hardly find sitting room at a football game, but at the current cage games, the attendance is so poor that the players take up as much space as the fans.

Most people are absent because they are not familiar with the sport, but after a few games they could be. Whatever the reason,

the players are not receiving the backing they deserve. Basketball requires as much or more skill than football. The cager is a well co-ordinated person with a lot of fast brainwork involved in his plays. He has above average eyesight to determine the distance and exact locations for his shots. He is sure-footed, fast, and graceful as a deer. Basketball is a very fine sport to build coordination of the muscles.

Maybe some will say, "Well, why don't they do something about it?"

Who is "they"? Could be that "they" is "you"? Why don't you put a little life in some lagging spirit?

There! It feels better already!

MAGAZINES VALUABLE AID TO EDUCATION

You know the value of magazines. Probably most of your life you have had magazines and books available to read. Your high school education is closely tied to magazines and books. By now you should realize their importance. Our school makes it possible for us to have interesting magazines in the study hall to read. Would you, as a student, like to have the subscriptions stopped? This is what will happen unless the destruction of the magazines ceases.

Recently, two new magazines were destroyed deliberately—one torn through the middle and another punched with a pencil and torn. The magazines give us valuable, up to date information. Many are kept to use as references for years to come.

Only a few people are causing this trouble. At home these people probably would not think of destroying a new magazine. It is up to you, the students of CHS, to put a stop to the destruction of library property. Come on, everyone, let's work together to preserve our magazines. Praise is much more valuable than punishment!

THIS, THAT AND THE OTHER

The Crowell High School Band will give a concert in approximately two weeks, so don't forget to keep that in mind. By the way, thirteen members of the band ordered band jackets today, and the twirlers ordered white sweaters.

Have you joined the Band Booster Club yet? If you are proud of our band and want to back it, join everyone else in the Booster Club.

The floor of the gym has been refinished, and the coaches have announced that they would appreciate it if everyone would put on tennis shoes before playing on the gym floor.

The boys' basketball teams will play at Iowa Park Tuesday night,

but the girls do not have a game; however, both the boys and girls will play Chillicothe here Friday night. Everyone should come out to see these games and show some school spirit.

HUNTING, FISHING, BILLYE FAVORITES WITH SATCH

Our junior of the week is DuWayne Elliott, or "Satch" as he is commonly called by just about everyone.

For those of you who, for some reason, might not know Satch, is the five feet, eleven inch blond haired, hazel eyed junior who is seen most frequently walking down the halls or talking at lockers with Billye McCoy, his best girl.

While at school Satch would rather be studying algebra which is his favorite subject than English, which is his hardest subject. "Football is my favorite sport because you are learning to associate with the boys on the field, and you meet new boys from other towns."

Away from school DuWayne's favorite pastime is hunting and fishing. Most unusual! His favorite food is cold chicken. Popular music is just tops with this friendly guy.

He is thinking seriously about attending either Ranger or Tarleton next year. He will not be eligible to play football here next year, and although he did not tell us this, we feel that that is his motive for going to a junior college. Whatever it may be, we wish the best of luck to Satch who is the vice president of the junior class.

"B" TEAM WINS

Mike Wishon and Lindell McBeath dropped in 17 points each Friday night to hand the local reserves their second victory over the Quannah Indians' "B" team. The Quannah lads jumped out soon after the starting whistle to hold a 11-9 lead at the end of the first quarter; however, Crowell overtook them in the second quarter and increased their 24-19 half-time lead to the final 32-25 count. Keith Hodo accounted for 14 points to lead the Indians' scoring.

A YEAR AGO THIS WEEK

The "Tattle Board" was introduced in CHS, being placed on the bulletin board.

Football boys and their dates were still reliving the wonderful banquet with TCU's Abe Martin as guest speaker. Some couples were Vida Tarver, Don Kidd; Wayne Borchardt, Zonell Eddy; Jean Whitby, Buddy Caddell; Frances Kincaid, DuWayne Elliott; Sue Meason, Gerry Knox; Billye Bell, Gordon Graves. Charlene and Coy were a true

blue couple.

Fred had a date in Quannah. Rebecca and George Ann entertained the Vernon FTA in George Ann's home, (incidentally, history repeated itself Tuesday when Vernon came over again).

Doyle and CloVonne already had up a case. So did Shirley and Don Brown.

Our principal conducted a senior survey on religious affiliation, vocational choices, etc. (A new one will soon be released on the '54 seniors).

Garrett, did you have fun over the week end? Cox did, too.

The boys got their football jackets, and the first to lose them were James Denton and DuWayne Elliott. Happy girls?

We hear that Kenneth Oliver has an interest in Frances Kincaid, but so has Gerry, a steady one we hear. Tough luck, Oliver. This is getting old! J. C. McCoy and Betty Davis were seen at the local passion pit Saturday night.

Seen at the basketball game Friday night were Shirley, V. A.; Don Smith, Clara Fiske; Genevieve and Leon.

New couples are Sue and Rabbitt, Betty Sue and Aldon Garrett.

Buddy Burke and Sue Meason are quite a couple, don't you think?

There is a certain girl who wishes Jerry Doyle Cates would give her a chance for the FHA banquet; we won't call any names but, oh well, June Ford.

Sy Moore is quite a lady's man, DeAnna, Clara, and a cute "trick" from Kansas, Marilyn Deal.

Everybody wants to get into the act! Shirley, CloVonne and Genevieve are playing chefs to V. A. Doyle and Antone, poor guys!

Gerry, Frances and Gordon and Billy were double dating Saturday night.

Billy Hopkins still has a few more days to go. Remember, boys, this is his week.

Myrna Sprague is carrying the torch for Edward Daniels.

Lefty Kincaid says, "You never can tell what you'll find in an Owenburger." Bobby Davis agrees.

CHUN'S CHUCKLES

Coot: Lady, don't you know what it means when I hold up my hand?
 Mrs. Davis: I ought to. I've been a teacher for the last twenty years.

A sign has been changed in Crowell lately: "Boy Wanted," a sign at Shirley's was added the following, "I want one, too," signed Sue.

GIRLS EDGE ARCHER CITY 29-28

The Crowell girl cagers gained their first district victory over Tuesday night in a two-minute Archer City girls here last overtime match.

The locals took a 10-3 lead over their opposition in the first quarter, but the Archer City girls came back to shove the Crowell lead down to a 13-9 mark.

Archer City began another rally late in the last quarter and overcame the gap to tie up the game at 26-26 at the final whistle. In the two minute overtime that followed, Carolyn Kay Smith sank the deciding basket to give the locals a one point lead. Frances Kincaid upheld with some fancy footwork as she froze the ball for the last minute.

Martha Leor led the Archer City six by scoring 22 points while Billye Bell scored 12 for the Crowell squad.

The Crowell guards, McCoy, Meason, Knox and Eddy, also did an excellent job and were important factors in the victory.

GRADE SCHOOL WINS OVER QUANAHA

The Quannah grade school squad made a visit to Crowell last Friday night where the Kittens evened up the count by clipping the Quannah boys in the return match. The locals grabbed on to a 7-4 lead in the first quarter and held that margin until the final count of 24-21.

The entire Crowell team looked good with Payne leading the attack by tallying up ten points while Hargreiser scored ten for the Indians.

CATS FELL ARCHER CITY IN 4TH CONFERENCE TILT

The cagers of Crowell High School kept a clean conference slate last Tuesday when they crushed the Archer City Wildcats 66-33.

Jimmy Harper, Crowell center, led scoring for the Wildcats, while Larry Newsom had the same total for Archer City. The worm was burned, however, Friday when the class AA Quannah Indians avenged their early season defeat by the Wildcats 73-53. Crowell's Gordon Graves took scoring honors with his 21 points. Francis Srader was high for the Indians with 16.

This week will be a crucial one for the Cats. They meet Iowa Park Tuesday and Chillicothe Friday. If the team wins both contests, the boys will stand a fine chance of becoming district 1A-9 champs for the third time in four years.

Band Booster Club Drive for Members Goes Over the Top

During the first week of the 1954 Band Booster Drive for memberships the club has received membership subscriptions totaling \$336.63. The club wishes to sincerely thank each person that has contributed to make the Crowell band a better organization. The drive will continue during the remainder of the month of January. Anyone that has not as yet sent in a membership that would like to do so may mail them to Mrs. Foster Davis, or call Mrs. Bedford Smith for a personal solicitation.

Below is a list of the names of contributing members. In the event some names have been missed it is probably due to the fact that they were turned in too late to make this issue of the News. In that case they will be listed next week.

Names of contributing individuals are: Mr. and Mrs. Moody Bursley, George Meason, Ballard Feed Store, Mr. and Mrs. Floyd Teal, Mrs. Sally Jordan, Mrs. John Borchardt, Mrs. Bedford W. Home Demonstration Notes

MRS. MARY D. BROWN

This week we will finish our demonstrations on interfacing and buttonholes, and I hope by now that you have made at least one bound buttonhole so that you won't forget how. As you know, it is much easier to understand and remember how it is done after we have done it ourselves.

The schedule for next month's clubs is as follows:

Feb. 2, Riverside; Feb. 4, Thalia; Feb. 9, West Side; Feb. 11, Vivian; Feb. 12, Margaret; Feb. 16, Foard City; Feb. 19, Gambleville.

Our demonstration at these meetings will be on collars and facings.

This Friday, Jan. 29, Mrs. Verda Bell, council chairman, and Mrs. Tom Callaway, county THDA chairman, and I will go to Haskell for a training meeting on the Texas Home Demonstration Association.

Our recipe this week is for **Seafarer's Rafts**

1 can (well drained) tuna flakes, 3 chopped hard-cooked eggs, 1/4 lb. grated American cheese, 2 tablespoons chopped bell pepper, 2 tablespoons chopped onion, 2 tablespoons sweet pickle relish, 2 tablespoons chopped stuffed olives, 1/2 cup mayonnaise or salad dressing.

Combine all ingredients and mix well. Mound mixture onto split, buttered buns. Broil until bubbly and lightly browned, then sprinkle on a bit of grated cheese and brown. Top with rings of bell pepper and a sprinkling of parsley, serving at once. (Makes 16 open sandwiches if small buns are used.)

CRASH SCATTERS EXPLOSIVES

Big Rock, Ill. — When a tractor-trailer, loaded with tons of military high explosives and torpedo warheads, and a cargo truck of merchandise, collided here recently, explosives were scattered all over this small town but none of it exploded. The drivers thought to cut the ignition of their trucks before leaping from their cabs, preventing the gasoline from igniting. No one was hurt.

Miss Texas Helps

Miss Texas, Paula Marie Lane of Cleburne, adds her contribution to the 1954 March of Dimes. More support than ever before is needed in the current drive because of the costs of the new Polio Prevention Program of stepped-up gamma globulin supplies and massive testing of a polio vaccine during this year.

A BIG JOB

Regina, Saskatchewan — The nurses attending the annual convention of the Saskatchewan Registered Nurses Association, were told by Grace Motta, acting president, that "the future of nursing depends on the ability of individual nurses to improve the quality of care given to patients—and to include in this care the education of the patient and families." That's a big order.

News from the Congress

by Congressman Frank Ikard

Washington, D. C., Jan. 22—As has been my practice during the sessions of Congress, I will send out each week a statement concerning what has been done in Congress each week. This is the first of such statements, and I hope you will find them to be interesting and of some value in keeping up with what is going on here.

This week the President presented his budget to the Congress. It provides for spending during the next fiscal year the sum of 65 billion, 6 hundred million dollars. It is estimated that during that period the Government's income will be 62 billion 700 million dollars which will leave a deficit of almost 3 billion dollars. Briefly, the budget as submitted to Congress may be broken down as follows: national security items, including the military, atomic development, and military foreign aid will use 44 billion, 900 million dollars. The other 22 per cent will be used to service the public debt and to provide for the government's activities within this country. It should be borne in mind that this budget message is only the recommendations of the Bureau of the Budget and the President to the Congress and does not mean that the Federal expenditures will be made exactly as outlined in the budget message. I think, however, that we can pretty safely assume that Government expenditures will not exceed the President's recommendations and, if anything, possibly will be a little less than he recommended.

This week Congress acted on a bill that will increase the total acres to be planted in cotton in this country from 17,910,488 acres to 21,979,342 acres. Under this bill, the State of Texas will be allotted 8,719,178 acres, as against 7,376,858 acres that had previously been allotted under the old law. The bill also provides that the State committee may, if it sees fit, allot these additional acres to the farmers directly or it may make the allotments direct to the counties and then the County PMA committees may allot the acreage directly to the farmers, on one of two formulas that are set out in the act. This bill is not as good a cotton bill as we should have had but I do feel that it is substantially better than the old law. I am hopeful that under this new law some of the inequities of the old law may be done away with.

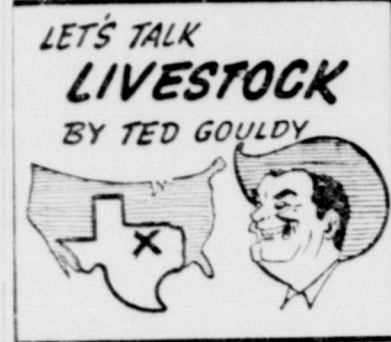

The President has also recommended a general revision of the income tax laws. Some of the revisions he recommended are that a greater amount of medical expense should be deducted from income taxes; that a parent should be able to claim a child as a dependent regardless of the child's earnings, if he is under 18 years of age, or so long as he in fact is supported by his parents; that working mothers should be allowed to deduct from their

income the actual cost of caring for small children while the mothers are at work outside the home; that farmers should be able to deduct soil conservation expense from their taxable income so long as it does not exceed 25 per cent of their gross income.

These, of course, are not all of the recommendations that have been made, but are some of those that I feel are most likely to be adopted by the Congress.

It will probably be another two or three weeks before much important legislation gets on the Floor of the House because of the fact that the committees are now doing their work. It will be that long before these committees can complete their hearings and be ready to report their bills out. One of these committees is the Government Operations committee, of which I am a member. We have met several times during the last ten days and have a very heavy schedule planned for the next few weeks.

Visitors from home this week who came by the office were: Ray Nichols of Vernon, Lee McCulley of Wichita Falls, Dr. Pauline Mack and Dr. John A. Guinn, both of Denton.

Fort Worth — Fed steers and yearlings were slow and bids and sales were weak to sharply lower at Fort Worth Monday. Some fed steers and yearlings were fully 50 cents off, and some of the lighter weight yearlings, mixed lots and heifers were under heavier pressure and carried bids up to \$1 lower past the noon hour.

Cows were fully steady. Bulls brought firm prices. Stocker and feeder trade was active and prices mostly fully steady, quality and condition considered. Slaughter calves eased lower, and average prices were substantially under those at the close last week and about in line with mid-week values a week ago.

Butcher hogs sold mostly 25 cents higher, with choice hogs topping at \$26.75 to \$27. Sows were steady to 50 cents lower, some sales off more.

Slaughter lambs drew steady to 50 cents lower prices. The larger share of the decline was suffered by the medium to fairly good kinds of lambs, and the top grades were largely steady. Feeder lambs were steady when carrying long enough wool to ship to northern points, however, the fresh and recently shorn lambs in feeder condition were usually selling into slaughter channels, or at very near their slaughter values. Yearlings and older sheep were in small numbers and drew fully steady prices.

Good and choice slaughter steers and yearlings sold from \$17 to \$23, most sales from \$21

Outstanding Soil Conservation Farmer Honored at Banquet

Thursday night at the annual Quanah Chamber of Commerce banquet, Jim Armstrong was given a beautiful plaque by the Junior Chamber of Commerce for being the outstanding soil conservation farmer of 1953 in the Lower Pease River Soil Conservation District, which includes Foard County.

Mr. Armstrong was selected by supervisors of the district because of his accomplishments since becoming a district cooperator in December of 1948. He has rented this 320-acre farm for 34 years, and became interested in soil conservation when he noticed increased yields of cotton, wheat, and other crops on neighbors' land that had been terraced and soil building legumes grown.

Since 1948 soil conservation practices established on this farm include 307 acres contour farmed, 307 acres of crop residue management, 251 acres of cover crops that include guar, alfalfa, vetch, and peas, 12 miles of terracing, and two waterways. One large waterway located in the center of the farm is covered with alfalfa. Terraces empty into this waterway.

During 1952 Armstrong planted cotton after cotton, and the yield was 108 pounds lint per acre, but cotton after guar the same year made 217 pounds of lint per acre.

since his residence there. Much work was done by Heatly and his committee in behalf of farm organizations, particularly in connection with drought relief and related farm problems during the previous year.

When Cub Scouting was organized in Paducah under the Boy Scouts of America, Mr. Heatly was the first Cub Pack Master. He served on the local council in several capacities, later served in the Western District, and finally was advanced to the Executive Board of the Northwest Texas Area Council, Boy Scouts of America, for which he is now serving as vice president. Heatly is also serving as finance campaign chairman for the entire thirteen county Northwest Texas Area Council.

Heatly is a member of the Steering committee directing the proceedings of the Greenbelt Municipal and Industrial Water Association in its efforts to establish a water district composed of six Northwest Texas counties for the

purpose of building a dam on Salt Fork of the Red River. Donley County to impound water for the cities of Quanah, Paducah, Childress, Memphis, Heald and Clarendon. He served as attorney for this Water Association in its presentation before the Board of Water Engineers, Austin when the permit for dam was granted at the hearing in October.

Mr. Heatly has been appointed Special Assistant Attorney General of Texas by Attorney General John Ben Shepperd. He is serving, without pay, as a member of the non-partisan Texas Commission on Alcoholism, which was established by the 53rd Legislature.

Mr. Heatly has already been assured of support by many influential citizens and legislators throughout the four-county legislative district. Much interest has been expressed in his candidacy because of the many important issues to face the Legislature during the next session and the presence of competent and honest representatives of our counties to face these issues are to be faced.

Banquet Speaker . . .

(Continued from page 1)

Weaver climaxed his Tennessee career by captaining the 1936 Volunteers and making All-South-east Conference at guard. After coaching the Tennessee freshmen in 1937, he took over the Centre line for three seasons, followed by military service during the war when he commanded a naval troopship.

"Southwesterner of the Year"

Coming to Tech in 1951, he has had outstanding success. Voted "Southwesterner of the Year," 1953, by the Texas Sportswriters Association, succeeding Ben Hogan. He was voted "Coach of the Year" in the Border Conference by conference coaches two of the three years he has been a head coach (1951 and 1953); has won two of three (and finished second) Border Conference football championships, '51 and '53; captured Tech's only bowl titles, 1952 Sun Bowl and 1953 Gator Bowl; had nation's leading scoring team, winning 10 and losing 1 in regular season play; team gained more yards of total offense, scored more points, kicked more extra points, recovered more enemy fumbles than any other team in the nation. Two of his players, tackle Jerrell Price in '51 and halfback Bobby Cavazos in '53, have made "All America second team."

With an outstanding record as that named above, the members of the banquet committee feel that they are very fortunate to secure one of the fastest-rising and best-known coaches in this part of the country, to come to Rowell for this event.

Tickets Available Tickets are still available for the banquet at \$2.50 each and may be purchased from Leon E. Spear, Ray Shirley, Jack Turner, Fred Thompson, Mike Bird or Tom McCandless.

YOUR Senator Reports

by LYNDON B. JOHNSON

Two Groups: Agriculture and small business are of vital importance to Texas. Any development which affects them adversely injures our entire state. In any downward trend of our economy, the first real victims are farmers and small businessmen. That is why we must keep a close watch for economic danger signals.

The present is being called a period of "transition" of "readjustment." In dealing with resulting problems, I want to make sure the transition is not from economic sunshine to economic gloom—that we do not readjust ourselves into a recession.

Farm Income: Cash income of Texas farmers was 17 per cent less in the first 11 months of 1953 than in the same period of 1952, reports the Bureau of Business Research of the University of Texas. That was a decline of close to a quarter of a billion dollars.

We had a drought, of course, but falling farm prices were mainly responsible for the drop in income. Overall prices for all farm products went down by 14 per cent during the year.

When farmers receive less total income—and when prices paid for their products keep going down—those are danger signals in any language.

Safeguards: Fortunately, we have machinery for combatting a recession if the threat of one should become imminent.

Many economic safeguards have been set up by the Government during the last 20 years. We have the know-how—gained from experience—to fight the threat of depressed economic conditions, and to fight it successfully. We must be ready to use this know-how if the necessity arises.

Social Security: President Eisenhower's Social Security message was sent to Congress just three days before the nineteenth anniversary of the day in 1935 when the idea was first proposed to the lawmakers.

President Roosevelt told Congress in 1935 that the job could not all be done at once, that there would be continuing need for improvements in the program. President Eisenhower said in his message, "The human problems of individual citizens are a proper and important concern of our Government." That is the policy upon which the program has stood from its beginning.

Some 30 million persons were covered when the first Social Security Act was passed. Now 70 million persons are covered. President Eisenhower has proposed a substantial addition to that number.

Highway Patrolmen Ordered to Enforce Safety Inspection Law

Captain K. B. Hallmark, commanding officer of District 16 of the Texas Highway Patrol, with headquarters at Wichita Falls, announced today that Highway Patrolmen would begin issuing tickets to persons who operate an auto on the streets and highways after April 15 without a current inspection sticker.

The Patrol Captain said that the men in his command have all received orders to that effect as the result of a directive issued at Austin by Homer Garrison Jr., Director of the Texas Department of Public Safety. Hallmark said that Garrison's order was made following definite instructions from the State Public Safety Commission that enforcement of the modified motor vehicle inspection law which was enacted by the last Legislature would definitely begin following the April 15 inspection deadline.

Captain Hallmark also pointed out that local and county police officers are empowered to enforce the inspection law. According to the Patrol commander, only about 24.8 per cent of the cars in the 12-county area have been inspected to date. This means, he said, that car owners who have not yet had their vehicles checked will run the risk of being caught in a last minute "log jam" at the inspection stations if they delay longer in complying with the law.

"Our Patrolmen will continue to issue warnings to motorists whose cars do not bear a current inspection sticker through April 15," Captain Hallmark said in a prepared statement for the press and radio. "After that date, offenders will face court action."

Testing of Soil Helps Farmers to Fertilize and Increase Yields

High crop yields at lower cost in 1954 are possible for farmers who follow the example of many successful growers and use the free soil testing service at Texas A&M College.

When money becomes tight, some farmers are inclined to reduce their expenditures for fertilizer, says Joe Burkett, County Agent.

This isn't the best reasoning, he points out, because food and fiber production at this time, must be produced more economically. Experiment station tests show much greater financial returns from crops properly fertilized than from crops supplemented with little or no plant food.

Burkett continues that this is the time to collect soil samples and send them to the laboratory. It gives the lab enough time to analyze the sample and return recommendations so the farmer may use the information in buying fertilizers. About three weeks should be allowed for a reply.

Burkett says the laboratory in 1953 analyzed and made recommendations on 7,989 samples. A soil analysis determines organic matter and mineral content in soil. Upon knowing these levels and the crop to be planted on the field from which the sample was taken, the lab can make the correct recommendation.

Forms for submitting samples, together with sampling instructions are available at Burkett's office.

A. F. (Andy) Baker of Austin was here with a group of postal employees to discuss legislation of interest to them. Over the whole country, REA electric cooperative borrowers are \$62,500,000 ahead of schedule in repayment of loans made to them.

Conservation District Supervisors Attend Meeting in Ft. Worth

Four supervisors of the Lower Pease River Soil Conservation District attended the Texas Association of Soil Conservation District Supervisors convention last week in Fort Worth. Those who made the trip were O. T. Holmes, O. H. Brandon, W. C. Howard and Grady Halbert.

W. C. Howard was elected state director from this part of Texas. The president of the association, Henry Mills, was re-elected for another year.

Over 600 supervisors and guests from all over Texas heard Dr. Joe Nichols of Atlanta, Texas, say the cause of many diseases is a result of poor land. He says, "poor land grows poor food that makes poor people, who are sick. Poor land grows food that is poor in vitamins, minerals, enzymes, and proteins of poor quality. All this means sick people."

Heart Fund Drive to Start February 1st

Monday, Feb. 1, will mark the opening of the annual month-long Heart Fund drive of the Texas Heart Association and affiliated local Heart Associations throughout Texas. Governor Shivers has proclaimed February as Heart Month in Texas and has called upon all Texans "to cooperate wholeheartedly in the activities of American Heart Month."

The governor, who for the third consecutive year is serving as co-chairman of the Heart Fund, along with attorney general John Ben Shepperd, also a co-chairman, reminded Texans in his Heart Month proclamation that "in a single year, diseases of the heart and blood vessels caused the deaths of 771,000 Americans . . . and affects one out of every 14 residents of the United States." He also termed heart and circulatory system diseases "the most important medical problem affecting the health and life of citizens in the state of Texas and throughout the nation."

Dr. W. R. White, Baylor University president and chairman of the 1954 Texas Heart Fund, and Governor Shivers are scheduled to officially open the drive for funds for heart disease research and education in a radio broadcast over the Texas State Network at 7:15 p. m. Monday, Feb. 1.

In accepting the chairmanship of the 1954 Heart Fund, Dr. White pointed out that funds contributed to the Heart Fund are used to support medical and scientific research projects, a nationwide public education program and community heart programs.

"Sole purpose of these programs is to stamp out heart disease—the nation's greatest killer," Dr. White declared. "If the present death rate continues, more than half of the 160,000,000 Americans now alive will die of heart or artery diseases. It is up to us to do our part to prevent this."

Dr. White pointed out that contributions to the Heart Fund may be made to local Heart Association, or may be mailed to "Heart," care of the local Postmaster.

Thalia Cemetery Group to Shower Former Caretaker

Mrs. Cap Adkins makes the following statement with regard to the Thalia Cemetery Association: "We wish to reach through this item a number who are interested in our cemetery and its upkeep. For the past few years, we had J. E. Hood hired to keep it clean. He has been very ill and at this time is unable to hold a job. If the ones who are interested in the cemetery will help us, we will give them a food shower, and also a small amount of money to help with their expenses. We don't plan to keep them up, but just a love gift to show our appreciation for what they have done in the past."

"Please leave whatever you have to give at Brown's Grocery or Farmers Station in Thalia. The following have sent in their contribution for the cemetery since our last report: Mr. and Mrs. Sim Gamble, \$10.00; Mr. and Mrs. Perry Skipworth, \$5.00."

RATHER UNKIND

Toledo, Ohio. — Mrs. Lela Sorrell, 53, admitted to Judge John Q. Carey that she "just prodded her husband a bit to get him out of bed so he would get to work on time." The judge gave her five years' probation for cutting with intent to wound and suggested any future prodding be done with something less deadly than a butcher knife.

"This is the clock I work by."

It's a 24-hour clock — and mine is a 24-hour job!

Yes, it's a 24-hour clock — and Reddy Kilowatt is on the job every minute of those 24 hours!

From the time you get up in the morning 'til you flick off the light at night he is there to help you — with the washing, ironing, cooking, cleaning, almost every household chore! And when you go to bed at night Reddy goes steadily on — heating the water, cooling the refrigerator, ready the instant you call on him.

That is real round-the-clock service, isn't it? Yet Reddy's service cost only a few pennies a 24-hour day. What else in your family budget gives you so much for so little money?

West Texas Utilities Company

Success Should Not Be Punished

A federal judge recently dismissed a Justice Department suit against a big chemical company which was filed six years ago under anti-trust laws. He said that "the facts destroy the charges," and that there was no proof of monopoly. Then he made the extremely significant point that the company should not "be punished for its success."

There can be no question that, for many years, powerful groups in the government as well as out of it have regarded "bigness" as an evil, even when it is obvious that growth has come about as a result of giving good service to the public—not from any lack of competition. It is hard to think of a philosophy which could do more to weaken America's economic strength. There is room and need here for both the colossal business and the tiny one. And there is opportunity for all.

William Randolph Hearst was a member of Congress from 1903 to 1907.

OFFICIAL MEMORANDUM
by ALLAN SHIVERS
Governor of Texas
Austin, Tex.

GREETINGS:
The Public School System in Texas goes back literally to the very beginning of our State. Texas' first Constitution made provisions for a system of public education. President Mirabeau Buonaparte Lamar, in his message to the Texas Congress in 1838 stated, "It is admitted by all that cultivated mind is the guardian genius of Democracy, and while guided and controlled by virtue, the noblest attribute of man. It is the only dictator that freemen acknowledge, and the only security which freemen desire."

The progress of our public schools from small beginnings to the fine educational system we have today has not been easy. It has required a cooperative effort of State and local officials, the active interest of parents and of citizens generally, and the energy and devotion of public-spirited men and women who have been willing to devote their lives to the teaching profession.

In recent years we have had to face great problems in the administration of our public schools. We have learned that the solution of these problems is only possible with public interest, understanding and cooperation.

One of the best evidences of public support is a definite effort on the part of each citizen to become familiar with the public school system and to keep in touch with it.

Therefore, I, Allan Shivers, Governor of Texas, do hereby designate the period March 1-7, 1954, as
Public Schools Week in Texas
and urge every citizen to visit one of the public schools during this period and become acquainted with the programs and accomplishments of our educational system.

In official recognition whereof, I hereby affix my signature this 15th day of August, 1953.
ALLAN SHIVERS,
Governor of Texas.

COULD BE YOURS!
BABY CHICKS: Finest quality now in our brooders, all breeds. Newcastle immunized. Early chicks are easy raised.—Bishop Feed & Seed Company, Vernon, Texas.

Austin—Legislators were getting ready this week to tackle again the teacher pay problem as Governor Allan Shivers put out the word that a special session is coming up soon.

Shivers' move came quickly after a committee unanimously approved a compromise plan to raise teacher-pay \$402 per year. The committee was appointed by the governor and the Texas State Teachers Association.

Governor Shivers told committee members that he would convene the Legislature "if this bill embodies what I understand it to, and submit it not only as your recommendation but as mine."

"I think we've all reached an accord here that I hope will become an actuality," he commented. Estimated cost of the proposed salary increase is \$23 million per year. The committee's bill, however, does not include a method of financing the cost.

School Superintendent H. W. Stiwell of Texarkana told the committee that the Governor had indicated the subject of more tax revenue might be submitted to legislators if the money is not in sight from other sources.

Involved in this question is the natural gas pipeline tax which is before the U. S. Supreme court. This tax would yield about \$1 million a month, in addition to the \$45 million already impounded from the levy.

Although the bill provides that the pay increase would not start until the 1954-55 school year.

Stiwell said he is hopeful that bonuses for this year might be approved once the Legislature is in session.

Meanwhile, Attorney General John Ben Shepperd declared that the Supreme Court's action in another gas case "could result in a great victory for all gas-producing states."

A rehearing was granted to Phillips Petroleum Company in a suit concerning sale of gas to interstate pipeline firms. Lower courts had held that such sales were subject to federal regulations.

Chief argument against the Texas law has been that it was a tax on interstate commerce and thus void.

Shepperd said that the fundamental question is "may the states continue to regulate the gas industry or must they step aside for federal bureaucracy?"

"This decision by the court is the first ray of hope in recent years that the court may recognize states' rights in natural gas production," he added.

Liberal Texas Democrats were at loggerheads in a drive by national party leaders to set up an advisory council for the state.

Disension developed when House Minority Leader Sam Rayburn asked "faithful Democrats to nominate members of the advisory council, which would function under the National Democratic Committee."

In addition to the 62 members to be chosen by senatorial districts, several members-at-large have been appointed by National Chairman Stephen Mitchell.

Star Acts At Fort Worth Rodeo

Grace, skill and action will characterize the specialty acts at the world's greatest indoor rodeo in Will Rogers Memorial Coliseum in Fort Worth at the Southwest Exposition and Fat Stock Show, Jan. 29 through Feb. 7. Little Wanda Lou McCush will ride a whole row of ponies at the same time (upper photo); one of the five daring and skillful trick riders is shown at right and (left) Jimmy Schumacher, clown, peers from the barrel he uses in the bullfighting.

are asked. Then, when bids are lower than the estimates, the board sometimes approves construction that is better than the cheapest offered.

Continued high employment levels during 1954 have been predicted by the Texas Employment Commission.

Although some unemployment is expected as a result of reduced military spending, there will be gains in non-defense industry, the commission said.

Palmer Hoyt, publisher of the Denver Post, told a meeting of the Texas Press Association that instead of a depression, the country is due a "buyer's market."

He berated people who are "wasting a lot of breath and causing a lot of heartaches by insisting that we are going to have a depression."

Observance of the Centennial of Texas Public Schools will start throughout the state on January 31, the anniversary date.

Climate of activity for the year-long observance will be during Public Schools Week March 1-6, coinciding with the anniversary of Texas Independence.

Although other cities are planning special events for that week, the capital city as a center of education and government plans a massive celebration with more than 100,000 persons taking part.

Lone Star GI's in England will likely eat barbecued beef on Texas Independence Day with some Britons who call themselves "Anglo-Texans."

Houston Fat Stock Show officials talked to the governor about how to get some Blue Ribbon winners to England in a hurry after the show.

Shivers expressed a desire to take a quick hop to Britain and said: "I'd like to see if they barbecue Texas beef in England as good as they can in Texas."

Short Snorts: State officials and the American Legion set a pattern in combatting a Communist-front organization at Port Arthur recently, a national Legion official declared here. The post at Port Arthur whose members mainly are composed of organized union members moved in unison to thwart this subversion, he asserted.

The Panama Canal was officially opened on July 12, 1914.

Alton L. Johnson Marries Miss Barbara Bowman on Jan. 19

Alton L. Johnson, son of Mrs. Madge Johnson of Crowell, exchanged marriage vows with Miss Barbara Bowman on Tuesday, Jan. 19, at 7:30 p. m. in the parsonage of Scotland Methodist Church in Wichita Falls, Rev. Edgar Huffstater, pastor of the church, officiated at the ceremony.

Mrs. Arvena Longley served as matron of honor and A. H. Moeller was best man.

Following the exchange of vows a reception was held for the couple in the home of Mr. and Mrs. Moeller in Wichita Falls. Mrs. Dale Jackson served cake and Mrs. Arvena Longley served the punch.

Miss Johnson is the daughter of Mr. and Mrs. J. T. Bowman of Mineola, Texas. The couple will make their home in San Diego, Calif., where Mr. Johnson is stationed in the U. S. Navy. She will join him there after March 1.

B. & P. W. CLUB

Answering the invitation to "dress as a dude or as a smarty," members of the Business and Professional Women's Club were not easily recognized when they arrived at the impersonation party at Mrs. M. O'Connell's home on Jan. 20. Among those present were such famous personalities as Liberate and Gene Autry and the comic strip characters, Emmy Lou and Jug Head's Aunt.

Stunts in keeping with the characters impersonated provided the evening's entertainment. Much talent was displayed by these stunts.

Hostesses Inez Spencer, Louise Fisch and Lettie Russell served a lovely two-course dinner. Enjoying the evening of fun were fifteen club members and Mrs. Nona Backus and Mrs. Wanda Whitaker, guests.

Wedgewood ware is not always blue and white.

ADELPHIAN CLUB

The Adelpian Club met on Jan. 13, when the subject for the afternoon was "Texas Ranches and Ranchmen" with Mrs. Jack Turner as leader. She talked on "The Texas Ranch, Past and Present." She presented the hardships and inconveniences of frontier life as compared with the modern day life.

"Cattle Brands and First Families" proved interesting and informative as given by Mrs. W. B. Johnson. She told of the importance of a brand to a successful ranchman, of what meanings were depicted in various brands, etc. She named a number of early ranchmen of this section.

Songs of the Texas range were rendered by a duet, Mrs. W. A. Dunn and Mrs. Bob Thomas, accompanied by Mrs. Paul Shirley.

Mrs. D. L. Campbell was hostess and served an appetizing plate to the members present.

VIVIAN H. D. CLUB

"If you plan to put an interfacing in a wash dress, pre-shrink the material used if it is not sanforized," stated Mrs. Mary D. Brown in her demonstration on "Interfacings and Buttonholes," which started off the advanced dress making course for 1954, when the Vivian Home Demonstration Club met in the home of Mrs. W. O. Fish on Jan. 14.

"Never use a nylon interfacing on a cotton dress or vice versa," continued Mrs. Brown, "as it will not work when the dress is laundered. She also demonstrated methods for making bound buttonholes.

Club opened with the THDA prayer, with the new president, Mrs. James Sandlin, presiding. Roll call was answered by "which 1953 demonstration helped me most." Club adjourned to meet with Mrs. Dee Gilbert on Jan. 28.

Visitors present were Mrs. T. C. Sivells and Mrs. Elizabeth Sivells of Ogden, Mrs. W. R. Henderson and daughters, Suzanne and June, of Vernon, Mrs. Brown of Crowell and Mrs. John Fish. Members present were Mrs. Maude Rasberry, Mrs. Leslie Mc-

Adams, Mrs. Clyde Bowley, Mrs. Arthur Sandlin, Mrs. James Sandlin, Mrs. Allen Fish, Misses Myrtle and Neoma Fish, and the hostess, Mrs. W. O. Fish.

RIVERSIDE H. D. CLUB

Two beautiful and appropriate poems were read by Mrs. Sam Kuehn to open the Riverside Home Demonstration Club meeting, when it met in the home of Mrs. Houston Adkins Tuesday afternoon, Jan. 19.

The council report was given by Mrs. James Bowers and Mrs. George Wesley.

The appointment of committees was postponed because Mrs. John S. Ray, president, was unable to be present. The club voted to adopt the constitution and by-laws and four club goals were decided upon. A community project is being considered. The club also voted to buy greeting cards, cooperatively.

The next meeting will be in the home of Mrs. Ben Hopkins Tuesday, Feb. 2, at 2 p. m., when Mrs. Mary D. Brown will give a demonstration on "collars and facings."

Refreshing drinks were served to three visitors, Mrs. Koontz of Vernon, Mrs. Joe Whitten and Mrs. Tim Wilson. And to members, Mesdames Cap Adkins, Roy Ayers, James Bowers, Ben Hopkins, Monroe Karcher, Sam Kuehn, Grover Moore, R. E. Moore, Ewald Schroeder, Frank Ward, R. G. Whitten, George Wesley, John Zuhm and the hostess.

FOARD CITY H. D. CLUB

To create more interest, Mrs. Fred Traeweck urged that each member "bring to club any new and helpful way she learns to do work." She displayed and explained how she uses a bias tape maker that she made.

"The purpose of interfacing is to give more body and a professional look to a garment," stated Mrs. Mary D. Brown as she gave a demonstration on interfacings. Felted fabric is the new thing for interfacings. There are also others. She also gave two very interesting ways to make bound buttonholes.

The next meeting will be on Tuesday, Feb. 2, at 2 p. m. in the church annex with Mrs. Pearl Cox as hostess. The program will consist of THDA organization by Mrs. Tom Callaway, and a THDA quiz by Mrs. E. V. Halbert.

Refreshments were served by Mrs. Callaway to: Mrs. Eldon Crosnoe, Mrs. Bill Cox, Mrs. Boss Johnson, Mrs. Virgil Johnson, Mrs. Fred Borchardt, Mrs. E. V. Halbert, Mrs. O. N. Baker, Mrs. Harry Traeweck, Mrs. Fred Traeweck, Mrs. Miller Rader, Mrs. R. J. Owens, Mrs. Grover Owens, Mrs. Glen Shook; one new member, Mrs. John Borchardt, and five visitors: Mrs. Joe Rader, Mrs. Mary Brown, Mieke Owens, Joy Traeweck, Susan Lind and Pam Borchardt.

THALIA H. D. CLUB

The Thalia Home Demonstration Club met in the home of Mrs. T. R. Cates Sr. on Jan. 21. Buttonholes and interfacings were demonstrated by Mrs. Mary Brown.

There were several new members present and one visitor. Those present were Mrs. H. W. Gray, Mrs. W. G. Chapman, Mrs. Ed Huskey, Mrs. T. R. Cates Jr., Mrs. Waldon Johnson, Mrs. W. J. Long, Mrs. B. A. Whitman, Mrs. Jesse Moore, Mrs. T. R. Cates Sr., Mrs. Mary Brown, and the visitor, Mrs. Bill Cates.

Coffee, hot chocolate and cookies were served to those present. The club will meet next time in the home of Mrs. B. A. Whitman on Feb. 4. All ladies are urged to attend if at all interested in home demonstration work.

Quannah while Jack Hode was making 14 for the losers. It was Wishon again that led the way at Iowa Park with 18 points. Howard Klinkerman scored 15 points for the Hawks. This was the first loss of the season for the Crowell "R" squad.

The most important contest of the season is on tap here tomorrow (Friday) night when the Chillicothe Eagles come to town. The Wildcats could clinch at least a tie for the championship by winning this one. The Eagles will have to win to remain in the race. Chillicothe has a better season record than Crowell, but the Cats defeated them by three points in their first meeting. Chillicothe has victories over some of the better teams of this area including Vernon and was picked to win the district at the beginning of the season. The girls will play at 7 o'clock and the boys immediately following. The Chillicothe girls won over there by two points when these teams met earlier in the season.

ROTARY CLUB

Visitors at the Wednesday noon luncheon of the Rotary Club of Crowell were Rotarian Vance Favor of Quannah, Jack Turner and Lt. Wayne Steele, in addition to several sons of Rotarians. They were Duane Johnson, Glen Doyle Goodwin, Gordon Graves, Dan Callaway, Tom Woods Jr., Robert Kincaid and Bill Halbert.

Speaker for the program was Lt. Wayne Steele, Air Force reconnaissance flyer, who has just returned from Korea. He was a visitor at the club about one year ago before going to Korea. The speaker was introduced by Decker Magee who was in charge of the program. Lt. Steele told of many interesting experiences he had while on foreign soil.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, M. D., State Health Officer.

"Now that winter is here, our thoughts turn to pork roast dinners and perhaps to waffles and sausage suppers. From that standpoint of good nutrition, pork is good to eat. It is rich in protein, fat, and vitamin B, but undercooked or raw pork is also the most common source of a disease called trichinosis." Dr. Geo. W. Cox, State Health Officer, said this week.

Trichinosis is caused by a tiny parasite which is found in the muscular tissue of infected animals. When such meat is eaten, the parasites multiply and enter the blood stream, causing fever, intense pain in the muscles and a high white blood cell count. Symptoms of trichinosis are varied. It may be confused with typhoid fever, food poisoning, colitis, rheumatism, pneumonia, and many other diseases. However, you need not worry about becoming ill with this disease if you cook pork thoroughly.

According to Dr. Cox, pork that has been thoroughly cooked will not transmit trichinella—they die at 137 degrees Fahrenheit. When pork becomes white and no pink color remains in the center of the cut as well as around the edges, it is safe to eat. Long, slow cooking will do the trick and retain the delicious juices of the pork.

This disease is transmitted in hogs principally by the feeding of uncooked garbage which invariably includes raw pork scraps containing the parasite of trichinosis. It is, therefore, essential for hog raisers and farmers to cook all garbage before feeding it to swine.

Dr. Cox says, "Don't let your fear of this disease rob you of your enjoyment of pork and its products, which are delicious and good for you. The most important preventive measure is—eat only pork that is well cooked."
