Great Logic

A few weeks ago President Eisenhower discussed, at a press conference, certain cuts in defense expenditures he is recommending. He vividly described the philosophy that governs his thinking in these words: "I have always believed that there is a great logic in the conduct of military affairs. There is an equally great logic in economic affairs. If these two logical disciplines can be wed-

Pay more? What for?

Fifty Years Forward on the American Road

You don't have to pay costly-car prices for costly-car comforts. Ford brings you everything [and we mean everything] you've ever wanted in a car, at a price that's well within your reach! And according to recent surveys, a Ford returns more of its original cost when sold than any other car at any price!

Here are a few of the "Worth More" advantages you'll find in the '53 Ford:

- 1. A V-8 engine—powerful and smooth!**
Ford's famous high-compression V-8 is a leader in quiet, flexible, economical performance. Ford, remember, has built more V-8's than all other makers combined—over 13 million!
- 2. America's most economical Six engine!**
If it's a Six you want, Ford offers you the high-compression, low-friction Mileage Maker... the engine which, with optional Overdrive, won over all other cars in this year's Mobilgas Economy Run!
- 3. America's finest and most versatile automatic drive!**
Fordomatic Drive is the "automatic" which gives you both the get-up-and-go of automatic gears and the smoothness of a fluid torque converter.
- 4. Automatic gas savings!**
Ford's Automatic Power Pilot (on Six and V-8) meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely.
- 5. America's newest and finest power steering!**
Ford's Master-Guide power steering gives you new ease, stability and safety in guiding your car on smooth roads or rough. Steering is up to 75% easier.
- 6. Largest choice of models in the low-price field!**
Ford alone gives you a choice of
- 7. A body that's the style-setter!**
Only Ford in its field gives you the advantages of a full-tight Crestmark Body... the trend-maker in design and beauty. Ford's body is the longest and Ford's trunk, the largest.
- 8. New driving conveniences!**
Ford's first in its field with "Worth More" features like... easier-acting, suspended pedals that eliminate floor holes... foam rubber cushions on front and rear seats in all models... and convenient Center-Fill Fueling.
- 9. An automatically controlled ride!**
The wide front tread (widest in
- 10. It's worth more when you sell it!**
An impartial survey of used prices proved that Ford's cars are a greater proportion of their original cost than any other cars in America. But don't take our word for it. Stop in and Test Drive Ford for yourself. We guarantee you'll be sold before you're second! It was true last year, it's even truer this year. You pay more, but you can't better than Ford.

WORTH MORE WHEN YOU BUY IT... WORTH MORE WHEN YOU SELL IT...

News from the Congress
by Congressman Frank Ikard

Washington, D. C., June 11, 1953—Here in Washington, as all over the world, everyone has been closely watching the events in Korea. The feeling that the world might be approaching a more peaceful era as a result of the negotiations that are going on there has surrounded the negotiations so far, none of us know the exact details of the proposals that are being made nor what the results of them will be; however, we are all prayerfully hopeful that a truce will come and that it will be based on such fair and honorable terms that a lasting peace can follow.

Not since just before World War II has the world situation been so confusing. We are in a situation right now, it seems, of knowing less than we have ever known before about what is likely to happen in the future, and this is a time when we desperately need to know more than we have ever known before.

France is in a political turmoil and is unable to establish a stable government. The elections in Italy have revealed an almost unbelievable gain on the part of certain radical forces there, and the pro-American De Gasperi position is somewhat uncertain. Japan has been making trade agreements with Russia and Communist China looking toward an end to the fighting in Korea while all during the Korean War we have been boosting the economy of Japan. What is Communist China going to do? Will she take her soldiers that are released in Korea and move them to Indo-China and provoke trouble there? These are only a few of the perplexing problems in international relations that face us.

Congressman Omar Burleson of Anson, who serves on the Foreign Affairs Committee in the House, has proposed that we defer several months for the reason that we now have substantial sums of unexpended funds that have been appropriated, and the continuity of the program, therefore, would not be broken if action is not taken within the next few weeks. He feels that by delaying action on this program, we would have an opportunity to approach the problem more realistically and find out just who our friends are, what they can do for us, and since this is supposed to be a mutual assistance program, what they will do for us in the case of an emergency. It seems to me that this proposal has some merit and

should be given our very serious consideration.

Recently, I have been reading a book which contains the prayers that Rev. Peter Marshall gave when he was Chaplain of the Senate. As I am sure you know, Peter Marshall was one of the most respected and beloved men who has served as Chaplain of either House of Congress. It seemed to me that the prayer he gave on March 25, 1947, in the Senate is very helpful to us during these times. I thought you might like to read it.

"Our Father in Heaven, as we pray for Thy guidance and help, we know that Thou dost not intend prayer to be a substitute for work. We know that we are expected to do our part, for Thou hast made us, not puppets, but persons with minds to think and wills to resolve. Make us willing to think, and think hard, clearly, and honestly, guided by Thy voice within us, and in accordance with the light Thou has given us. May we never fail to do the very best we can. We pray in the knowledge that it all depends on Thee. Help us then to work as if it all depended on us, that together we may do that which is well pleasing in Thy sight. For Jesus' sake, Amen."

Visitors from home this week

were Dr. and Mrs. George J. Seibold and son, Joe, and Roy H. King of Wichita Falls, Hugh Brandon and family of Denton, and Mr. and Mrs. Jim Mytinger and daughters, Judy, Jane and Micki, formerly of Wichita Falls, but now residing in Tulsa.

FLY SLAPPING NETS \$5

San Antonio — Doris Lott and her parents attended a cattle auction near their home at Cameron, Texas. The flies were particularly thick and Doris started slapping at them. Every time she slapped at a fly, the auctioneer interpreted it to mean that she was raising the bid on a calf. Finally, the calf was led over to a surprised Doris, who was informed her bid was \$35. When the auctioneer learned of his mistake, he re-sold the calf for \$40 and gave Doris the extra \$5.

Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks.

important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

More Chevrolet trucks in use than any other make!

OUR NEW TEXAS LAWS

By John Ben Shepperd
Attorney General of Texas

The 53rd Legislature adjourned May 27 after being in session for 78 working days.
The purpose of these short articles is to set out the major changes made in our Texas laws by this Legislature.
The bills which have attracted widespread attention by press and radio will not be discussed; only the important changes in our pres-

ent laws which have almost escaped notice will be given.

In addition, a breakdown of the overall results of the session will be presented for its informational value.

A number of laws were passed which have a direct effect upon agriculture. For example: cabbage and tomato inspection and standardization and the inspection of citrus fruits will now be administered by the State Commissioner of Agriculture using only Federal funds.

Public grain warehousemen will now be licensed by the State Commissioner of Agriculture.

The sale, as well as the shipping, of nursery stock will be watched closely because of past cases of fraud.

A livestock Commission agent will find that additional requirements are made of him before he may continue his business.

Reorganization laws were passed to weed out deadwood in our government. Ten boards which have not operated for years were abolished, along with two offices which have not been filled for some time. Seven funds of the Agricultural department were knocked out, but this still leaves 276 separate funds in the State Treasury.

Refund warrants in the State Treasury representing overpayment of fees by individuals may now be cancelled and the money used for State purposes when the person entitled to the money can not be found after four years.

The law requiring that State department heads be responsible for state property has been modified slightly to make it more workable.

In the field of local government, several changes were made. A tax assessor and collector in smaller counties may maintain a branch office; an independent school district under general law may hire its own assessor-collector; delinquent taxes may be pledged by a school district as security for a loan; and a three-year average will now be used in computing the economic index of a county to determine the amount of State funds to be given to local schools.

Some of the problems that were presented to this session involved changes in the main body of our laws—the State Constitution. At least five Constitutional amendments will be submitted to the vote of the people in November of 1954.

As this is written, one more amendment is on the Governor's desk. It would permit Texans in the regular armed forces to vote. Four more are on the way to the Governor.

Our Constitution has been amended an average of 3 times after each session of the Legislature since it was established as our primary law in 1876. In the Senate, a total of 15 Constitutional amendments were proposed, while the House proposed 46. The five which both Houses passed

In The News ... 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, June 15, 1923:
Since the sand storm last week practically all of the cotton has been replanted. W. A. Cogdell, route 2 mail carrier, says he saw 48 planters running Tuesday. Probably 100 have been running all week and the big acreage will be maintained.

Misses Lula and Deulah Bowley left yesterday for Norman, Okla., where they will take a course in the university.

The young people of the Methodist Church organized an Epworth League last Friday evening. Consider the Home Town Merchant

He is a banker, a merchant, or a contractor, or in some other line of business.

He lives in our town.

He knows you and you know him.

He buys from other dealers in the home town for the needs of himself and family. The money he thus spends stays here.

He pays taxes, and supports the churches, and gives to charity, and is always "handing it out" for some worthy local cause.

His employees live here, and the money he pays them keeps on circulating around among us.

The goods he sells are as he represents them, for he could not afford to work off an inferior article onto you—even if he would.

He can not afford to overcharge because he would soon lose his trade if he did.

In every way he is an asset to the community—a convenience and an actual benefit to you.

Can you afford to pass up the man who means so much to you?

More than 40,000,000 people visited national parks last year and the figure is expected to go higher in 1953 as America prepares to spend a whopping nine billion dollars on motoring vacations. As another indication of the tremendous popularity of mobile vacations, 28 states now rank tourist receipts among their three top industries. New Mexico and New Jersey place it first.

A. F. Aviation Cadet Selection Team Now Operating in W. Texas

An Aviation Cadet Selection Team equipped to interview and partially process prospective applicants for flying training in the Air Force has been established at Webb Air Force Base, Big Spring, Texas, under the supervision of Headquarters, 3502d Personnel Processing Squadron (AC-OC), Lackland Air Force Base. The operating area of this team will be the most of West and North Texas, and will include Foard County.

According to the team president, Captain Alden C. Clark, the team, supplied with the most current and factual flying training information, will visit colleges, universities, Air Bases and cities in a wide area around Big Spring.

Aviation Cadets are trained to become pilots or aircraft observers. An Aircraft Observer is schooled in an aircrew specialty such as bombardment, navigation, radar, or aircraft performance engineering.

Upon completion of approximately one year of training, an Aviation Cadet (pilot or observer) receives his silver wings and a commission as a Second Lieutenant in the United States Air Force Reserve.

To qualify for Aviation Cadet training, an applicant must have a minimum of two years of college credits; be between 19 and 26 1/2 years of age, single, in good physical condition, and be able to

pass mental and physical tests. Pilot applicants must have normal 20/20 vision, while aircraft observer candidates need only have 20/50 vision correctable with glasses to the normal 20/20 vision.
Young men applying now for aircraft observer training can expect a class assignment within six weeks after they successfully complete the qualifying tests. Captain Clark pointed out that this rapid selection and entry into training should be especially attractive to those men who wished to exercise their right to choice of service, but who have not otherwise been able to do so due to the very small Air Force enlistment quotas. Entrance into the Aviation Cadet program is not subject to these restrictive quotas.
Additional information may be obtained by writing the Aviation Cadet Selection Team, Webb Air Force Base, Big Spring, Texas.

Mrs. P. P. Cooper of Amarillo arrived Monday for a visit in the homes of her son, Gordon Cooper and family, and her daughter, Mrs. Oscar Gentry, and family, and friends.

Mr. and Mrs. Harry Black and sons, John Morrison and Bob, of Dallas and Mr. and Mrs. Karl Streit and children, Kent and Karen, of Vernon visited Mr. and Mrs. Joe Orr Saturday.

Roland Lefevre left Saturday night for his home in Eastland after being employed in Bruce's Barber Shop for two weeks. Mr. Lefevre was reared in the Foard City community. He is a brother of Mrs. Joe Ward of Crowell.

Mrs. T. B. Johnson and children, Billy Kay and Thomas Bennett Jr., left last Friday for Washington, D. C., where they went to join their husband and father, Major Thomas B. Johnson, to make their home.

Mr. and Mrs. A. C. Gaunt, formerly of Vernon but now of Crowell, have as their guests for the summer their daughter and granddaughters, Mrs. Charles Wallen, and Melita and Melissa. Their husband and father, Captain Wallen of MacDill Air Force Base, Florida, is now in England on a 3-months training mission with the famous 306th Jet Bomber Wing. The fast B-47 bombers recently broke all records with their 5 1/2-hour flight across the Atlantic. Also visiting the Gaunts is their nephew, Hal Brown, who is en route to Lackland A. F. B., at San Antonio where he will enter Officers' Candidate School.

Mr. and Mrs. E. T. Evans of Floydada were here last Friday attending to business in connection with their farm in the Vivian community.

Stamford Rodeo Scheduled for July 1, 2, 3, and 4

John Selmon, venerable and grizzled foreman of the Flat Top Ranch, grew up with the cattle country. Some 23 years, he has led the grand entry into the arena of the Texas Cowboy Reunion. This year's show at Stamford will be held July 1, 2, 3, and 4.

Scandalous John, as he is known to hundreds of West Texans, was in the office of Lee Thalker in Stamford recently. He rubbed his calloused hands along his blue jeans and remarked, "She sure has changed some, in 23 years." Back in the early days, there were no chutes and the only enclosure was a three strand wire fence. It was a tough business trying to get the saddle off and on such horses as Calamity Jane, Doc Blackwell and Sour Kraut without corals and chutes. Brahmins came out of the swamp lands below Houston and were about the meanest and toughest brutes that ever came out of South Texas.

The foreman rolled his cigarette with the dexterity of long practice, this despite the lack of a thumb and little finger on his hand. The little finger was lost in the arena of the Texas Cowboy Reunion when the dally failed to hold on his saddle horse.

"We hired some bleacher seats from a medicine show which held about 300 people. Covered the top with cotton bagging for the roof," said Mr. Selmon. John's eyes sparkled with friendliness as he referred to the many people he had seen at the Texas Cowboy Reunion. Among these were governors, congressmen, famous stars of stage and screen. A few of these that John recalled were Will Rogers, Big Boy Williams, Wild Bill Elliott, Gene Autry, Coke Stevenson, Allen Shivers and Jimmy Alford.

The Texas Cowboy Reunion now possesses one of the finest plants in the entire southwest. Huge grandstands, fine stables and barns, commodious and restful buildings now deck the landscape where once were bare hill sides.

World's Champ Lou Thesz to Wrestle in Amarillo on June 25

Prize plum of professional wrestling for 1953 — a world's championship match featuring Champion Lou Thesz and Challenger Verne Gagne — has been awarded to Promotor Dory Detton and the Amarillo Stadium. The date for the match is Thursday night, June 25.

The outdoor match, sanctioned by the World Wrestling Alliance and the U. S. National Wrestling Alliance, is expected to attract upwards of 12,000 spectators, a gate of approximately \$32,000 — a goodly portion of which will be turned to the Shrine Crippled Children fund supported by Khiva Temple of Amarillo, with another part devoted to Boys Ranch, near Amarillo.

There is a feeling among sports experts and veteran wrestlers, that Thesz is paramount. A "gentleman" wrestler, Thesz doesn't go for the extraordinary rough stuff until prodded by an opponent. He must have something of all varieties of wrestling, however, to survive the field of "tough guys" who have challenged him — and lost.

In the event of foul weather, the matches probably will be moved to the Sports Arena, inside gymnasium not far from the Stadium.

Early advance sales indicate a sell-out of ringside seats. Out of town fans, it is suggested, should use mail or telephone services to guarantee ringside or reserved seat locations.

FREED PW WEDS — Army Sgt. Harry Cutting, 25, one of the Americans freed by Korean Reds in recent prisoner of war swap, has traded his new liberty for the proverbial ball and chain of married life. First former PW to wed, he smiles at Las Vegas, Nev., with bride, the former Barbara Gayle Miller of Hollywood, Calif.

Six Texas Doctors Given Scholarships for Two Weeks Course

Continuing its professional education program which has already trained many workers with the handicapped, The Texas Society for Crippled Children and the Easter Seal Society, has awarded scholarships to six Texas doctors, according to Martin M. Ricker, executive director.

The \$500 scholarships will cover their tuition and expense while attending a two-week course in the technique of early diagnosis of cerebral palsy by Dr. Meyer A. Perlestein, one of the nation's leading authorities on cerebral palsy. The course is being held at Cook County Graduate School of Medicine, Chicago, and began June 15.

Scholarship winners are: E. H. Kent, M.D., Orange; O. P. Sanders, M.D., Dallas; Harold Bevil, M.D., Beaumont; R. H. Jordan, M.D., Dallas; J. E. Rorie, M.D., Texarkana.

Their specialized studies will make possible the expansion of important services to cerebral palsied children in Texas.

JOINS VISITORS

Hutchinson, Kansas — When members of the Kiwanis Club visited the State Reformatory recently, one of the inmates, Mack M. Strip, 23, swiped some civilian clothes from the laundry, donned them and walked out the gate with the visitors. Then he disappeared.

HEARD RESIGNS—Attorney General John Ben Shepperd has announced the resignation of Dow Heard, head of the department's submerged lands division.

Heard was a leading figure in the state's successful fight for recovery of its tidelands. He has been in Washington since January representing the state in connection with tidelands legislation.

In comment on Heard's resignation Shepperd said "Texas owes Heard a great debt of gratitude for an outstanding and conscientious job in securing the return of our tidelands."

Heard has been an assistant attorney general since 1949. He assisted in several other major lawsuits, including the injunction against telegraph and telephone companies to stop racetrack and bookie joint service.
