Vernon Musicians' Club Will Sponsor Opera on Dec. 4th

Charles Gounod's tragic opera, "Faust," will be presented in Vernon Friday, Dec. 4, in the Wilbarger Memorial Auditorium by the North Texas State College Opera Workshop under the sponsorship of the Musicians' Club of Vernon, it was announced here the first of the week by Mrs. C. W. Andrews.

Miss Mary McCormick, former opera star and a member of the NTSC School of Music staff, will direct the presentation which marks one stop on a tour that will take workshop members to other Texas cities. The opera will be presented in Big Spring, Abilene, Amarillo, and at the college in Denton.

Mrs. Y. H. Babasin, who is directing arrangements for the Musicians' Club, has announced 73 young musicians and dancers will be featured in the opera which will be conducted by Dr. Walter H. Hodgson, dean of the NTSC School of Music. The principal cast and chorus will be composed of approximately 33 voices and the symphony orchestra will be made up of some 40 musicians.

Special costumes have been designed for the characters by Theodore Lieben Company and scenery has been constructed by Anna Mae Schozie of New York City.

DOWN TOWN BIBLE CLASS

Visitors at the Down Town Bible Class Sunday morning were J. V. Fuller of Sherman and E. W. Kidd Jr. of Crowell. Bob Myers was also present and added his name to the roll as a new member.

In the opening program, Miss Danny Callaway sang two numbers with Mrs. W. W. Lemons as accompanist. Judge Leslie Thomas spoke to the largest crowd of men present in some time. There were 64 present.

The Down Town Bible Class is sponsored by the Methodist Church and men in this vicinity who do not attend Sunday School at any of the churches are cordially invited to attend this class either as a visitor or new member. You will receive a cordial welcome and hear a worthwhile message. Time 9:30 to 10:30.

Let Us Bow Our Heads in THANKS . . .

Today, in the spirit of the first Thanksgiving, let us give thanks to the Creator for all the blessings we have received . . . both as individuals and as Americans . . . a free people, living without fear in a free country. Like the Pilgrim Fathers, let us humbly acknowledge our debt to Divine Providence for all that we are and may hope to become. Like them, let us bow our heads in a prayer of gratitude to the Giver of "every good and perfect gift."

Four Members of Crowell Wildcat Football Team Make All-District

The football coaches of District 1A-9 met at Iowa Park last Monday morning and selected both the offensive and defensive all-district teams for the past season. Crowell had four boys, James Pittillo, Buddy Caddell, DuWayne Elliott, and Edward Daniel, to make the team. There were four other Crowell boys to receive honorable mention: James Denton, Jimmy Everson, Jackie Walker and Gordon Graves.

Defense
James Pittillo, Crowell, left end; Sammy James, Paducah, left tackle; Bill Eblen, Paducah, left guard; Buddy Burt, Chillicothe, center; Buddy Caddell, Crowell, right guard; Edward Daniel, Crowell, right tackle; Claburne Lindley, Iowa Park, right end; Monroe Williams, Archer City, quarterback; Pat Knox, Archer City, left half; Jack Erwin, Holliday, right half; Kenneth Buckley, Paducah, fullback.

Senator Lyndon B. Johnson Makes Short Visit Here Nov. 18

A fair crowd of Foard County men and women assembled in the district court room Wednesday last week, Nov. 18, at 4 o'clock, to hear Senator Lyndon B. Johnson discuss some of the many problems facing the American people today. The main subject discussed by Senator Johnson was the decline in prices of livestock and products of the farm.

Senator Johnson was making a tour of the state, visiting as many communities as possible, before he returns to Washington in January. He is a relative of the Fish family in the Vivian community.

Boy Scout Contest Winners Are Named

There was a three-way tie in the contest between Patrols on building an outdoor cooking fire at the Nov. 16 meeting of the Boy Scouts. On Monday night of this week there was a two-way tie for first place by the Flathead Patrol with Tom Crowell as leader and the Flaming Arrow Patrol led by David Smith.

Patrol axes will be presented these patrols at the meeting Monday, The Apache Patrol, led by Karl Bell, was runner-up and so will be presented an award, either a compass or flashlight.

All four patrols had members present at the meeting this week when fire building and outdoor cooking was demonstrated by the boys present. At the next meeting the patrols will demonstrate their knowledge of compass reading.

Crowell Wildcats Swamp Henrietta Bearcats 49-7 to Complete 1953 Football Season with Nine Wins and One Loss

The Crowell High School football team made it nine wins out of ten for the season here last Friday night by defeating the Henrietta Bearcats 49 to 7 in the final game of the year for both teams.

The Wildcats had the game under control all the way after Henrietta had tied it up 7 to 7 about the middle of the first quarter. The feature of the contest was the seven for seven extra point kicks made by DuWayne Elliott, left end for Crowell. This sets a new record for District 1A-9. The following nine boys played their last game for Crowell High and did a splendid job: DuWayne Elliott, James Denton, Wayne Borchardt, James Pittillo, Jimmy Everson, Joe Don Thompson, Buddy Caddell, Jimmy Harper

Financial Report of Henrietta Game Is Released

Financial report for the Crowell-Henrietta football game played here last Friday night:

Receipts
303 adult tickets at 75c each, 227.25; 6 adult tickets at \$1.00 each, \$6.00 (This does not include 197 optional reserve seats); 204 children tickets at 35c each, \$71.40; total receipts \$304.65.

Expenses
Henrietta's check, \$150.00; officials, \$71.60; ball, \$15.00; fence guards, \$12.00; marking off field, \$5.00; total expenses \$253.60. \$304.65 less \$253.60 leaves \$51.05 for Crowell's net. Note: Crowell's check from the Paducah game was \$695.35. A complete financial report for the entire football season will be published in next week's Foard County News.

Picking of Foard Co. Cotton Crop Nearly Finished

Gathering of the Foard County cotton crop is nearing completion, according to managers of the four gins in the county. When the season is finished it is expected that the county will have produced over 5,000 bales.

The Farmers Co-Op. Gin of Crowell had ginned 643 bales up to Tuesday afternoon, and at the same time the West Texas Gin Co. in Margaret had turned out 1,108 bales, Thalia Farmers Gin 1,840 bales and the Rayland Gin 1,760 bales. Roy Martin, manager of the Rayland gin, estimates that 90 per cent of the cotton ginned there comes from Foard County and 40 per cent from Wilbarger. The gin is located almost on the line between the two counties, but is in Foard County.

It is expected that the cotton harvest, which is considerably better than last year, will be completed in December.

Texas Highway Dept. to Build New Warehouse

The Texas Highway Department has under construction a 40x80-ft. warehouse and office building on a five-acre tract of land on North Main Street adjacent to Highway 283. The land was purchased from G. T. Knox. The building program is under supervision of Vance Favor, maintenance foreman for this district, and is expected to be completed in about three months.

The concrete foundation for the building was being run Monday.

ROTARY CLUB

Program for the Rotary Club at its Wednesday noon luncheon was a Thanksgiving talk by Rev. C. T. Aly, pastor of the First Baptist Church. Glen Goodwin was program chairman.

Wm. E. Wells was a visitor and made an announcement concerning the V. F. W. encampment to be held here in the spring. Rotarian Joe Anderson of Quanah was also a visitor.

MOVING TO ABILENE

A telegram received here Tuesday by George Self from Rev. Dallas Denison of Brownfield stated that he and his wife were moving to Abilene where he will serve as pastor of the First Methodist Church. Rev. Denison is a former pastor of the Crowell Methodist Church.

and Robert Graves. Harper has another year of eligibility if he cares to take it.

Crowell drove 65 yards for its first score with Pittillo carrying over from the one. Henrietta was forced to punt on the next series of plays and Wayne Borchardt picked up some good blocking for an 82-yard return, but a Wildcat was off-side. They were forced to punt again but a Wildcat had lined up off-side this time to give the Bearcats a new lease on life. The Crowell boys had held Henrietta to a minus five yard gain, but instead of punting, John Maddox, fullback, threw a screen pass to Donald Raby, left half, that was good for 35 yards and a touchdown. Maddox kicked the extra point. Crowell came right back to score another touchdown on a well-executed double reverse play that sent Borchardt 49 yards to pay dirt.

The Wildcats scored twice in the second quarter on runs made by Pittillo. One for 8 yards and one for 45 yards. This made the half-time score 28 to 7.

Behind perfect blocking, Borchardt made a beautiful 75-yard punt return for a touchdown early in the third quarter. The other two scores came in the fourth quarter. The first one came on a 25-yard pass play from Gordon Graves, quarterback, to Elliott. The last touchdown was made by Gerry Knox, right half, from four yards out. This touchdown was set up by a 41-yard pass from Graves to DuWayne Boren, right end. At this point, Elliott kicked his seventh extra point for the evening.

Crowell's line, made up of C. T. McDaniel, Buddy Caddell, Robert Kincaid, Jackie Walker, Joe Don Thompson, DuWayne Elliott and DuWayne Boren, performed its best of the season on blocking assignments. Jimmy Everson, regular right end, was ill. Although Denton and Graves did not score, they had a good night with Denton throwing key blocks and playing an extra good game on defense. Graves completed four of five passes and handled the ball in an excellent fashion. Donald Raby, right end, looked the best for Henrietta.

Other Crowell boys who saw service in this contest and gave a good account of themselves, were: Edward Daniel, Jimmy Harper, Don Kidd, Don Smith, Lindell McBeath, Robert Graves, Jimmy Thaxton, Johnny Wehba, Aldon Garrett, Gerald Houck, Ronny Fox, Floyd Bice, Nelson Abston, Joe Calvin, and Edward Howard.

Wildkittens Win District 19-A Championship

The Wildkittens, Crowell Grade School football team, became District 1A-9 champions last Tuesday night when they defeated the Henrietta Bearkittens by the score of 19 to 12 at Henrietta. Crowell had won the western half and Henrietta the eastern half of the district to earn the right to play this championship contest. This victory kept the Crowell boys' record perfect as they had already won eight straight games.

Crowell's star halfback, Roy Don Payne, received an ankle injury early in the game that slowed down the Kittens' offense. However, Payne was able to return to the lineup during the last half and score one touchdown. Prentiss Gidney, quarterback for the Wildkittens, threw a pass to Bill Everson, left halfback, for Crowell's first touchdown. Louis Rettig, Crowell left end, made a 30-yard end-around run for the Wildkittens' second score. Payne ran the extra point over after this touchdown.

Donald Moore, flashy little quarterback for the Bearkittens, scored Henrietta's first score. Wayne Mayfield, left halfback, scored their last touchdown two minutes before the game was over.

The following boys saw service for Crowell in this game: Louis Rettig and Jerry Clifton, ends; Jerry Pittillo, James Doyal, Jack Gentry, and Charles Todd, tackles; Sonny Cates, Ray Thomson, Delton Parkhill, and Don Daniels, guards; Harvey Smith, center; and Prentiss Gidney, Roy Don Payne, Bill Everson, Melvin Washburn and Gordon Cates, backfield.

WHAT THANKSGIVING MEANS

Happy Thanksgiving!
 We in America usually celebrate Thanksgiving in reunion with our families, friends, relatives and loved ones. Also it is more than a day of reunion; it is a day of thanks; nevertheless, a Thanksgiving would not be complete unless a turkey, hen or goose with all the condiments and other delicious food expertly cooked by mother with father showing his skill in carving were served as the climax of the day.
 However, the solemn reason back of all this is—to give thanks for shelter, freedom, health, and friends which God, our Father, has so graciously given us. This Thanksgiving, take a time from your pleasures and chores to utter a few words of thanks to someone who has made your life more enjoyable.
 Let's look around us. Thanksgiving is a beautiful season, the trees are multicolored, the air is fresh and a little nippy, the fields are green with prospects of crops,

and everyone senses brotherly love. What more could anyone want to be happy! Let's enjoy ourselves and be doubly thankful this Thanksgiving! Let this be the prayer at every table on this day—We thank Thee, Our Father,

BOOSTER CLUB ANNOUNCES BANQUET

With football season over for another year, the time has come for the highlight of the year, Crowell's annual football banquet honoring the outstanding Wildcats of 1953-54.
 It was announced last week that the banquet will be held, as last year, in January. The final date has not been decided upon. The most probable location this year will be the new school cafeteria. A Southwest Conference coach is being contacted by the booster club as head speaker, his identity having not yet been revealed. Approximately 175 will attend, the football boys and their guests included in that number.
 Only last year the newly formed Booster Club gave the boys a banquet, inviting TCU's Abe Martin as guest speaker. It was decided at that time for the club to make it an annual affair showing Crowell's appreciation for good teamwork and sportsmanship.

THIS, THAT AND THE OTHER

Congratulation to the CHS Band for bringing home a first place from the Stephenville marching contest and for their excellent conduct during the trip.
 Everybody is invited to come to the Sub-Junior Adelpian Club sock hop tomorrow night. Let's all come and join in the fun!
 The basketball girls are getting new uniforms. The gold tops will be here in about a week. The shorts will not be here for this season. The girls have also received 7 new pairs of tennis shoes.
 Football is out and basketball is in. After the boys have a few weeks of rest, the gym will be the center of attraction instead of the football stadium.

SOCK HOP AND BE BOP! FUN!

Levis, loud socks, and lots of fun!
 What? The Junior Adelpian Club Sock Hop.
 Where? Country Club.
 When? Friday night.
 Why? A money making project for the Junior Adelpians.
 Cost? 50¢ per person.
 Boys wear levis and loud socks, girls wear skirts and sweaters.
 Free eats and drinks!
 All CHS students are invited to attend. A night of dancing and fun is in store for all!

Wayne Borchardt — Work, go duck and deer hunting.

Mrs. Davis — Do just as little as I can.

Mrs. Todd — Collapse!

MATUS SENIOR GIRL OF WEEK

Senior girl in the limelight this week, Loretta Matus, is a dark blond, standing only five feet tall and weighing just a little over 100.
 Loretta has two nicknames,

SEARS ROEBUCK HAS NEW CHIEF—Gen. Robert E. Wood (right), 74, since 1939 board chairman of Sears Roebuck retail merchandising empire, discloses he will step down April 26. New chairman will be Theodore V. Houser (left), vice chairman.

Her friends call her "Shortie" because of her stature and Mr. Black always addresses her as "Goose."

"Goose" enjoys dancing, eating fried chicken and listening to any kind of music on the radio. Her favorite subject throughout high school has been home making.

Loretta is expecting this, her last year in CHS, to be the most fun of all, and especially is she looking forward to the senior trip. Who isn't?

She hasn't decided on anything after she graduates; however, she does know that she won't go to college. Although she won't tell us, we wonder whether wedding bells will ring soon after graduation.

LOWELL PAGE, NEW FRESHMAN IN CHS

On strolling down the halls of CHS Monday, you probably noticed a new smiling face. In case you don't know by now, the face belongs to Lowell Page, a freshman from San Angelo, where he attended Robert E. Lee Junior High.

He stands about six feet tall and possesses green eyes and brown hair. Sporting a very winning grin, he's sure to "go places" in CHS.

Mrs. Davis and he are "bound" to be pals, as algebra is his preference as a subject.

A favorite among all the students of CHS is food, and Lowell is no exception. Goat barbecue really disappears when he is

COOPER IN SENIOR SPOTLIGHT

Just about all you students around these halls of learning know Paul Cooper. If you don't know him personally, you have probably seen this six foot senior boy with blond hair and blue eyes, this Cooper guy, undoubtedly.

Paul has been playing the bass drum in our band throughout his high school career. He was also the assistant band manager last year. A lover of good march music, he says popular music runs band a close second in his estimation.

This friendly senior has been a member of the Dramatic Club 50-51, a member of the CHS band 50-54, the Wildcat staff 52-54,

around. Hunting is tops with him when it comes to sports. When not hunting, Lowell enjoys dancing. Popular music to him is "real gone."
 After meeting and talking with him, you can't help but like the guy. In cat talk, you'd say he was a "real hep guy." Here's a real big "Wildcat Welcome" to you, Lowell Page.

THE WILDCAT PURRS

What smiling faces are seen in the halls of CHS. "Thanksgiving holidays" is the talk of all. Now let's see what's happened lately.

Congratulations to the band for bringing back a first place. We're all proud of you.

Many a girl was lonesome over the week end; wonder why with all the boys at Stephenville? Wonder where the boys at home were?

Gerald and Charlene were seen Saturday night. Charlene is really getting around.

Seems as though Pat Davis is really making the rounds. Rufus Sunday afternoon; E. O. Reed Sunday night.

McCoy, who was that girl you were seen with Thursday night at Quana? Zody, we hear that a certain eighth grade boy was making goo-goo eyes at you.

Barbara Fairchild has her eye on a certain Quana boy, George Boynton, no doubt.

Jimmy Wayne, do you and Tony enjoy playing dolls with a certain freshman girl?

Were the girls scared Saturday night; who started that rumor anyway?

We understand that three girls in the band have their eyes on Gerald McAnally. We won't call their names, but their initials are

Lulu Scott, Charlene Bore and Arleta Teague. Whoopie! Devin, do you really think othy is as strong as an ox? Say, Pat, what kind of a future were you and Patriciaing on the band bus?
 Jean Whitby was seen over the week end. Society Betty Sue and Lulu waste any time at Tarleton?

It's *WHERE* you buy a used car that counts!

When you can trust the dealer who sold you a used car, you can trust the car.

The next question, then, is: Who can you trust most?

We Ford Dealers are established business men with large investments at stake. Our business reputation depends on every business transaction—whether it is a new car sale, a used car sale or a service operation.

We want your used car business, and some day we hope to sell you a new car or another used car. And we want your service business, too!

"But," you say, "granted that you Ford Dealers have reputations to uphold, granted that your mechanics and service facilities make it easier to put your used cars in good shape—how do you compare in price?"

Let us give you some facts and the answer will be obvious. Ford Dealers handle used cars and trucks as a service to customers who trade them for new cars. When we get overloaded with trade-ins, our capital is tied up. Like everyone else, we have to pay our bills. So we must always offer used cars at rock-bottom prices to keep things moving.

The Sum of Good Government

What is good government?
 Perhaps the best definition of
 all is found in Thomas Jeffer-
 son's first inaugural address: "A
 wise and frugal government,
 which shall restrain men from in-
 juring one another, which shall
 leave them otherwise free to reg-
 ulate their own pursuits of indus-
 try and improvement, and shall
 not take from the mouth of labor
 the bread it has earned—this is
 the sum of good government."

Baseball's National League was
 founded in 1876.

Theodore Roosevelt said, "In
 the White House you do not live;
 you are just Exhibit A."

Government Must Take First!

Governor Hugh Gregg of New Hampshire recently said, "Remember this: No government, federal or state, can give you anything which it has not first taken from you."
 It might seem that so undeniable a proposition would be known to anyone. But it is plain that a great many of us still cherish the illusion that government can give us all kinds of services and benefits at little or no cost to us.
 Actually, of course, we get back from government much less than what it takes from us. Waste and extravagance are the great depreciators of our tax dollars.

Highlights and Sidelights FROM your State CAPITOL by VERN SANFORD Texas Press Association

Austin, Texas — Attorney General John Ben Shepperd has asked federal officials to take action against leaders of the striking Distributive, Processing, and Office Workers Union at Port Arthur.

Key people in the DPOWA "have repeatedly refused to deny under oath that they are Communists," Shepperd said after making an investigation of the strike.

His inquiries showed "that the leadership of DPOWA has a long record for supporting subversive causes."

Shepperd's report on the situation was sent to the U. S. attorney general, and to the National Labor Relations Board, as well as to union leaders, whom he asked to withdraw their support of the strike.

House Speaker Reuben Senterfitt has taken his campaign to the people to elect him governor of Texas next year.

As to the possibility that Governor Shivers may seek re-election, Senterfitt has said that he will cross that bridge when he gets to it.

Senterfitt is a political veteran at 36 and has served two terms as Speaker of the House.

Shivers hasn't said what he plans to do about the Governorship.

If he steps out, Senterfitt faces a rather large field of potentially powerful candidates.

Among those who are likely candidates are Lieutenant Governor Ben Ramsey, Attorney General John Ben Shepperd, Land Commissioner Bascom Giles, Houston Mayor Roy Hofheinz, and Austin Attorney Ralph Yarborough.

Others mentioned for the race are State Senator A. M. Oikin Jr., champion of higher teacher pay, and Agriculture Commissioner John C. White.

Meanwhile, the political status of the Texas Young Democrats remained uncertain. Both liberal and conservative factions were denied seats at the national convention held recently in St. Paul, Minnesota.

The conservative group, recognized by the Texas Democratic Executive Committee, had been inactive since 1949. In view of this, the liberal group sought to gain recognition by default.

Action taken by the convention held that neither group met prescribed standards, and so the fight continues.

A possible compromise on the teacher pay problem will come before a committee appointed by the governor, at a meeting to be held later this month.

In seeking to resolve the issue of state and local sharing of school costs, a committee member recommends a \$402 teacher pay raise, an 80-20 formula for state-local financing, and state aid on buildings.

Senator A. M. Aikin of Paris, opponent of a percentage formula in the past, says that helping the districts on their buildings is in line with his thinking.

But, as one committee member commented: "If there's no money available to pay a raise, it's love's labor lost . . ."

A commission on higher education by a close vote of 9 to 7 has included junior colleges in a survey being undertaken for the legislature.

Junior colleges became a state problem a few years ago when the state began giving them per capita grants of aid.

Purpose of the commission is to bring about a reorganization for higher education just as the Gilmer-Aikin law did for the public school system.

Representative Reagan Huffman of Marshall, member of the House appropriations committee, said that "two-thirds of our trouble comes from junior colleges, and I can't decide if they are step-children, orphans or legitimate children of the state."

Battle lines were being drawn over a rule by the state optometry board to limit advertising for the profession.

Although the legislature this year killed a bill to empower the board to set up any code, the board proceeded to adopt the code of ethics of the American Optometric Association. One of the rules limits advertising to a professional card not larger than two by four inches in size.

Other groups also were involved in the licensing board's ruling. It said that use of advertising, other than the professional card, would be considered "soliciting patients," under provisions of the Penal Code which would make the newspaper or radio station accepting advertising an "accomplice."

According to the board, the manager of an optometry shop whose address was given in any advertising would be held personally liable to fine.

Members of the Texas Association of Independent Optometrists, the group which generally uses advertising media, was planning to challenge the board's authority in court.

Government charges that a million dollar herd of rare Charolais cattle were smuggled through Texas were expected to come before a federal court here in January.

A quarantine has been slapped on the white, French-origin cattle on ranches in Louisiana. Cattle associations have expressed fear that the big animals may have brought the dread hoof and mouth disease from southern Mexico.

Indictments on charges of fraudulently importing the cattle were recently returned against Alpha A. Broussard, Lafayette, La.; William L. Babb, El Paso; and Antonio Enrique Gilly, Atlixco, Mexico.

A vast program to preserve Texas historical material is making progress. A committee authorized by the legislature is incorporating a non-profit Texas

Historical Foundation and will accept donations to carry on many phases of the work.

Governor Shivers, in addressing the group, said: "It is not merely another Texas brag to claim that we are far richer in historical material than most of our sister states."

"It is certainly not a Texas brag to report that we have been sorely remiss in cataloging, conserving and making use of this material."

Calls for help already have come for Fort Davis, the historical West Texas site which will be 100 years old in 1954, and also for Zapata County to restore the first dwellings of Europeans on the Rio Grande.

"For the good of the hospital system" three employees of Rusk State Hospital have resigned by request, the superintendent announced.

They were a psychiatrist and two attendants, said Dr. C. L. Jackson, the superintendent. He gave neither the employees' names nor the nature of the complaints against them.

Short Shorts: Although three million acres were returned to Texas ownership by the tidelands legislation, only about 160,000 acres are under lease for oil and gas development . . . But, just five producing wells have been drilled in the tidelands . . . Tornado-detecting radar sets are scheduled for Texas cities, with Houston, Galveston, and Fort Worth already signed up . . . The Air Force has offered radar sets to 18 towns, and Texas A&M . . . A cut in the December oil exports marks a five-month decline, and the recent cuts have trimmed the expected annual state income by almost \$20 million . . . A mass of legal papers in the ouster proceedings against District Judge C. Woodrow Laughlin has been sent to the Texas Supreme Court but a quick decision is not considered likely.

Baseball's American League was founded in 1900.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, M. D., State Health Officer.

Children in fifteen Texas cities are literally drinking their way to dental health through fluoridation of public water supplies, declares Dr. Geo. W. Cox, State Health Officer. Three other towns have approved the program and several other communities are seriously considering fluoridation.

The Texas State Department of Health approves fluoridation of public water supplies because it is the most practical and effective public health measure for partial prevention of tooth decay in children. Numerous studies have disclosed that one-half to two-thirds less dental decay is experienced by children who drink water containing one part fluoride to one million parts of water. Some cities in Texas have this amount naturally in their water supply.

It isn't known exactly just how fluoride acts in reducing tooth decay, but these ideas have been advanced. One is that fluoride makes the enamel of the teeth harder. Another is that fluoride reduces the growth of bacteria, or enzymes, and the acids that are believed to cause teeth to decay. But it will be some time before the final answer is found.

The most dramatic results from the use of fluoridation to prevent tooth decay are found among young children who begin drinking fluoridated water in babyhood and keep on drinking it until their adult teeth grow in. Therefore, it seems that the most important time for intake of fluoride is while the teeth are forming in the jaws.

Even though your child drinks from a fluoridated water supply, or even though his teeth have had topical applications of fluoride solution, he still may have some tooth decay. Fluoride does not prevent all decay, but rather reduces the amount of decay. Therefore, regular dental care is as necessary as it was before the discovery of the fluorides was discovered.

30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Nov. 23, 1923:

Ten cars of cattle were shipped this week to the Kansas City market, nine were beef cattle and belonged to J. W. Wishon, one car belonged to Long Bros. and were calves.

According to the Government report Foard County has gained 2700 bales of cotton as compared to 6462 one year ago.

Four Indians from Clinton, Okla., spent last Friday in Vernon to celebrate the wedding of Stone Calf and Rehenda Little Chief. Years ago Vernon was a trading place for the Indians and they frequented the streets in droves.

He starts fires for your protection

He's pouring on flame to set that building material on fire. Experiments like this measure the fire-resistance of housing materials. Actual fires are studied to find out how buildings can be made safer. These experiments enable engineers of The National Board of Fire Underwriters to keep its fire-safe building code up to date. Over 500 cities and towns now use it.

Colossus

How big is government in this country? So big, according to the Chamber of Commerce of the United States, that if you add up all the divisions of state, local and federal governments you probably could find a top executive job for every citizen in a city the size of Phoenix, Arizona, (population 331,770).

By actual count there are 116,743 major units of government in the United States today. This figure includes the federal government, the governments of the 48 states, 3,049 counties, 16,778 municipalities, 17,202 townships, 67,346 school districts, and 12,319 special districts.

But if these figures were broken down into all the principal subdivisions of government, the total would be many times 116,743. Within the federal government alone there are 13 departments, 9 agencies, 19 commissions, 29 administrations, 22 corporations, 630 offices, 127 services, 107 bu-

reaus, 627 divisions, 32 bureaus, 58 boards, and 444 miscellaneous units such as missions, commands, projects, etc., a total of 2,117 distinct segments of federal government.

Breaking down state and local governments into subdivisions would add still more to the 743 total. Virginia, for example, has 18 major departments, more than 550 commissions, cities, services and lesser units. While New York City has 52 units.

By no means the least of big government is its cost. The year ending June 30, 1952, the total cost of federal, state and local government was \$100 billion, or \$646 for every man, woman and child in the United States—more than enough to pay down payment on a new car.

Let's talk LIVESTOCK BY TED GOULDY

Fort Worth—The robust appetite of the Nation for meat asserted its power price-wise in the pre-Thanksgiving livestock market at Fort Worth Monday.

While fed steers and yearlings were barely steady in the face of competition from turkey, other fowl and game of the season—the other cattle and calves enjoyed higher prices.

Cows were strong to 50c higher. Slaughter calves were fully 50c higher. Bulls drew strong prices. Stockers and feeders were strong to 50c up. Butcher hogs topped at \$22 and \$22.25, or 50c to 75c up. Sows advanced 50c, to \$18.50 to \$20. Some 322-lb.

hogs brought the top.

Slaughter lambs were stronger and other sheep and lambs fully steady.

The tendency toward a stable Thanksgiving week market in cattle was established during the war and has been maintained. However, this year the lamb market held steady in the week before and also Thanksgiving week—the first time in more than 20 years this has happened.

Top fed yearlings weighing under 900 lbs. and consigned by V. O. Hildreth, Packer County, drew \$23. Numerous loads of well finished heaves sold for \$18 to \$22. Most grassers drew \$12 to \$16, with lower grades \$8 to \$11. Fat cows drew \$10 to \$15, some heifers in the \$13 to \$15 field, including some barren, purebred Herefords from a registered herd. Cannors and cutters drew mostly \$7 to \$10, a few shells lower. Bulls drew \$8 to \$12.

Fat calves of the better kinds drew \$14 to \$18, yearling weights in the beef cattle bracket, Cull, common to medium kinds sold from \$7 to \$13.

Good and choice stocker calves and yearlings drew \$14 to \$18, some calves to \$19. Stocker steers drew \$17 down. Stocker cows sold at \$8 to \$12.

Fat lambs drew \$17 to \$18.50, and feeders sold from \$17 down. Both classes were eligible to top prices well above those marks on the right kinds. Old wethers \$7 to \$10. Slaughter ewes \$5.50 to \$7. Old bucks \$3 to \$3.50. Medium to fair yearlings drew \$13 to \$14, and were quotable higher.

Organic Materials Aid in Making Soil More Drought Resistant

Although Texas farmers and ranchmen are not able to have "made-to-order" weather, recent tests indicate certain practices which increase the moisture penetrating capacity of the soil greatly aid in making land more drought resistant.

Tests conducted at the Spur Experiment Station show that moisture penetration was doubled where cotton burrs were spread over experimental plots the previous spring. Soil moisture also was increased on grass land treated with sorghum litter and barnyard manure, says Joe Burkett, County Agent.

Cotton burrs returned to the soil at a rate of 4, 8 and 10 tons to the acre increased moisture penetration to 28, 30 and 39 inches, respectively. Plots not so treated had a water penetration of only 16 inches. The burrs not only increase water storage and penetration, but contain nitrogen, phosphorus and potassium, essential soil elements.

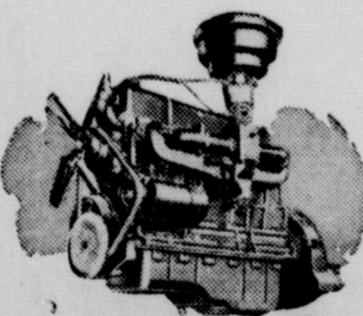

The returning of this "waste" product actually pays off in dollars and cents. Long time records at the station indicate the yield of lint cotton primarily depends on the depth of moisture at planting time. Cotton yields in 1954 on burr treated plots are expected to be about 175 pounds an acre compared to 50 pounds from untreated areas provided moisture conditions at planting time equal those existing when the tests were made.

In grassland tests on heavily grazed buffalo grass, where 10 tons of barnyard manure to the acre was applied in 1952, moisture reached 30 inches. Moisture penetrated to 18 inches where sorghum litter was spread, but only nine inches on grassland where no organic moisture was applied.

Our Weekly Sermon

\$12,500—But Not Enough!

The story was the kind newspapers like to put on their front page—and some of them did. Someone had died leaving \$12,500 to a missing heir. Reports of the inheritance had been sent out, an acquaintance of the missing heir had seen them and helped to find the one to whom the money rightfully belonged—a derelict on Skid Row.

What would he do? Would he make a new beginning? Would he invest in a business? Within a day or two, the newspapers carried his answer: he would stay on Skid Row. Apathy someone remarked, "It takes more than \$12,500 to get a man off Skid Row."

Yes, it takes more than \$12,500 to get a man off Skid Row. Ask almost any man or woman who has been taken off any Skid Row in the country and he will tell you that it took far more than \$12,500 to deliver him from the drag of drink, dope, vice and other open sin. However we have the testimonies of thousands who have been saved from these sins because one day "God spared him his own Son, but delivered him up for us all" (Romans 8:32). These have found complete forgiveness for past transgressions, deliverance from the old power of sin, and the ability to live new and victorious lives. The price for all this was great indeed—the death of Jesus Christ on the cross.

This deliverance is for all who know in their hearts that the sin within them has never been put away by the blood of Christ. There is an inheritance for each of us that will take us off whatever kind of Skid Row we may now be on—literal or figurative—and give us a life of power over sin as well as the assurance of a home in heaven.

"And this is the record, that God hath given to us eternal life, and this life is in his Son. He that hath the Son hath life; and he that hath not the Son of God hath not life" (1 John 5:11,12).

Benjamin Franklin is said to have introduced the broom in America.

were sure cute boys. Everybody remember the "Sock Hop" Friday night given by the Adolphian Club at the Country Club house.

Carolyn Bursay and Eugene Kajs, Roma and Norman are seen regularly together.

We wish to congratulate Oleta Lankford on her approaching marriage to Horace Blaney, Dec. 24, isn't it? Loads of luck, kids. Seems as though Janice and Paul were getting along fine on the bus not to mention Billye and Bobby.

Looks like Babs and Zody have the "Q" Town fever.

CloVonne had a smiling face over the week end. Reason: Doyle was home.

Gwynne and James, Gordon and Billye, Frances and Chun were seen Sunday night.

Ray, was that "Q Town" girl over here Saturday night? Pd. Adv.

Seen Saturday night were Don and Mildred. Is this going to be a steady?

Looks like Lefty Kincaid has an interest in Quannah.

Nelda, why don't you give Harper a chance? Could there be someone else?

Does Tony Jones really have his eyes on Evon Pierce from Quannah? Couples seen Friday night were Joe Don and Babs, Tilly and Gail, Gaylon and Mary Lynn.

Does anyone know why Nancy Hallmark doesn't like little pop-pop cars?

Remember two things to do this week. Put your scandal in locker 59 and go to the Sock Hop Friday night.

The Cat's Tail.

CATS MAUL HENRIETTA

The Crowell Wildcats closed out their 1953 football season last Friday night with a fine record of nine wins and one defeat as they rolled past the Henrietta Bearcats 49 to 7.

The Cats scored four times in the first half with James Pittillo

MRS. CAP ADKINS

W. K. Cain, who has been recovering from an operation at the home of his daughter, Mrs. Charley Gray, was admitted to a Vernon hospital again Monday.

Mr. and Mrs. Johnnie Matus took their son, Michael, back to Seymour Clinic Thursday for medical aid. He was bitten by a dog on Nov. 15 at the home of her brother, Robert Motl, of Seymour.

Mr. and Mrs. Virgil Fuller of Manatou, Okla., visited her brother and wife, Mr. and Mrs. Henry Bice, last Monday afternoon. Her father, Grandpa Bice, who had been visiting his son and family, returned home with them.

Mr. and Mrs. Monroe Karcher were visitors in Elmer, Okla., Sunday afternoon.

Mr. and Mrs. Bill Johnson of

and Wayne Borchardt sharing the honors. Pittillo scored on runs of one, 8 and 49 for the fourth. The Bearcats scored once in the first on a screen pass from halfback Donald Raby to fullback John Maddox to make the halftime score 28-7.

Early in the third, Borchardt returned a Bearcat punt 75 yards for his second tally of the game. Quarterback Gordon Graves and left end DuWayne Elliott connected in the fourth with a 25-yard touchdown pass. Later Graves' 40-yard heave to DuWayne Boren brought the pigskin down to the four where halfback Gerry Knox plunged four yards for the final score.

Elliott kicked all seven extra points to set a new district IA-9 record in that department.

Crowell's line did a beautiful job of blocking, while also holding the Bearcats to 62 yards on the ground. Wildcat backs picked up 250 yards on the ground and 99 in the air.

The Wildcats will lose eight valuable men off of this squad: Robert Graves, Wayne Borchardt, Buddy Caddell, James Denton, DuWayne Elliott, Joe Don Thompson, Jimmy Everson and James Pittillo. Jimmy Harper will have another year of eligibility if he chooses to take it.

CHUN'S CHUCKLES
Everson: Lend me a nickel, Crow. I want to call up a friend.
Wayne: Here's a dime. Call up both of them.

Knox: We had to shoot our dog yesterday.
Pittillo: Was he mad?
Knox: Well, he wasn't exactly pleased about it.

DuWayne: If buttercups are yellow, what color are hiccups?
Aldon: Purple.

Kajs joined the army and wrote this letter back home: "Dear Mom, I have gained 60 pounds since I have been in the army. Two pounds of flesh and 58 pounds of equipment."

Thought for the day: In two more days, tomorrow will be yesterday.

FUTURE TEACHERS PARTICIPATE IN \$2 NIGHT

"\$2 Night" of the Vernon chapter Future Teachers, the Bryant-Watson Club, attracted two old members, two new members, and a guest from CHS last Thursday night.

The meeting, which was held in the home of a Vernonite, Dell Teer, consisted almost entirely of a highly entertaining "poetry" program. Each member, as he paid the treasurer his annual dues of \$2, read a poem. Every Future Teacher was supposed to have earned the money, not asked their parents for it, and the poems were individual compositions about how the money was earned. After the program, delicious refreshments were served to approximately 30 members. During the social hour, Mrs. Horace Lovelady, a member of the Beta Gamma Chapter of Delta Kappa Gamma, discussed the point system by which a senior Future Teacher may win a scholarship.

George Ann Davis and Rebecca Calvin were the two old members, and Shirley Wehba and Jean Whitby attended an FTA meeting for the first time. Mrs. Sloan accompanied the group as a guest and chaperone.

Dallas News Publishes 96th Texas Almanac

Booming industrial development and short water supply constitute the big pro and con of present Texas economic development, according to the 1954-55 edition of the Texas Almanac, just published by The Dallas Morning News.

Net value of Texas manufactures in 1953 reached the 4-billion-dollar mark. Principal activity during the last two years has been in the building of great new chemical plants along the Gulf and the erection of big interior plants such as the \$100,000,000 aluminum plant at Rockdale and the big steel mill at Daingerfield. The manufacture of sulphur from sour gas is an expanding industry in West Texas and Panhandle fields.

A water shortage affected more than 100 large and small cities and towns during the 1951-53 drought. But by the middle of 1953, there were 525 reservoirs completed or under construction with a total capacity of 36,000,000 acre-feet, with something like 10,000,000 acre-feet capacity on the engineers' drawing boards. The present total annual water consumption of Texas is eight to nine billion acre-feet. This is only two per cent of the volume of water precipitated annually on Texas' surface.

Not under the weather chapter is a wet-dry map of the state, showing prohibition as against liquor, beer-wine and beer territory. Most of the area of Texas is dry. Most of the population, however, resides in wet territory.

Texts of both Federal and State Constitutions are included with latest amendments. Principal federal and all state and county officials are named. There are more than 10,000 names of individuals in public and private life. There is a summary of laws of the 53rd Legislature.

Texas rail, truck-bus and air commerce reached a new high in both freight and passenger business. At 47 commercial airports, 1,887,817 passengers were employed in the last year reported with 91,631 for foreign destinations.

Texas is one of the great military centers of the world with its historic Fort Sam Houston, its Brooks Field medical base, largest in the world at San Antonio, its great Naval Air training base at Corpus Christi, and more than 100 other installations.

Texas mineral production val-

ues in 1953 are calculated at \$3,720,000,000, greatest in history, and twice as great as the value for any year preceding 1946. Of Texas' 254 counties, 155 produce oil or gas on appreciable scale. The new Texas Almanac lists all oil-producing counties with latest annual production, and also total production from time of first discovery until the present.

There is a complete summary of the latest census reports, showing details by counties. All county articles are rewritten and all county detailed maps redrawn showing especially the details of farm-to-market and local road paving.
