Soil Conservation Service Lists Crops Recommended to Be Planted on Diverted Acres and Land Where Wheat Has Died

Recently Ray Stockard, Hardeman County Agent, and Bomer B. Harris of the Soil Conservation Service, held five meetings to acquaint farmers with crops that can be grown on diverted acres and where wheat has died. The meetings were held at Hoolevann, Goodlett, Chillicothe, Medicine Mound and Quanah.

Harris explained that Chinese green mung beans or guar can be grown on diverted acres to build up the soil, reduce wind erosion, and make the operator a profit. Guar is a very good soil building legume that has doubled the cotton yields on some farms in this district. Homer White reports that in 1953 cotton after

guar made one-half bale per acre and cotton after cotton made one-third a bale per acre on the farm he operates.

Guar is a crop that will yield an average of 500 pounds of seed per acre and worth about three and one-half cents per pound. The single stem variety of guar is planted at cotton planting time at the rate of six pounds per acre and will mature in 120 days.

Mung beans are a hot weather plant that will mature in 65 days. They should be planted after May 20 at the rate of six to eight pounds per acre. Mung beans will yield an average of 500 pounds of seed per acre and the price this summer and fall will be six to eight cents, according to Henry Huie, who buys most mung beans grown in this area.

Since mung beans will mature in 65 days they can be planted about June 1 on land where wheat died, and harvested before August 15 then the land can be planted back to wheat the last of October or first week in November. At the present price and average production, it is estimated by Gene Kennedy of Chillicothe that mung beans should clear about ten dollars per acre this year. Kennedy has produced mung beans for seven years. He thinks mung beans will make a farmer about as much clear money as an average wheat crop. Both mung beans and guar should be inoculated.

Soil Conservation Tests Show Method of Cultivation Affects Penetration Depth of Moisture into the Soil

(By Local S. C. S.)

Rain is one thing that the most of us in this part of the country never get enough of. We could always use more. The most of us want to measure the amount of good which a rain brings by the number of inches that falls, however, that is not always an accurate measure. Two farmers could be living just across the fence from each other, and both get exactly the same number of inches of rain, yet one farmer's crop may be looking good some time after the rain while the other farmer's crop is burning up. Plants will get very little, if any, good out of the moisture which is six inches or less from the surface of the soil, the sun and wind usually evaporate that moisture before the plants can use it. You may find a few answers to some of your problems by answering the following questions for yourself: How much rain did you get?

Here are a few measurements which the SCS recorded last week where the recorded rain was 2 1/2 to 3 inches. The following were on pasture land: A tight soil on a 3% slope where over-grazing has been practiced with practically no cover on the soil, the moisture penetrated the soil 8 inches. On the same type of soil and slope where moderate grazing had been practiced with a good cover on the soil the moisture penetrated the soil 1 1/2 inches. On a shallow soil with a 2% slope where over-grazing has been practiced and no cover on the soil the moisture penetrated the soil 7 1/2 inches, just across the fence on the same type of soil and slope where limited grazing has been practiced with an excellent cover the moisture penetrated the soil 23 1/2 inches.

JUNIOR SENIOR BANQUET AND PROM HELD IN CAFETERIA

A gypsy caravan theme added a touch of fun and frivolity to the atmosphere last Friday night at the Junior-Senior Banquet and Prom which was the climax of social activities for the juniors and seniors this year.

The cafeteria, which was the scene of the social events, was very cleverly decorated, carrying out the gypsy theme with overhead lanterns, a simulated starry night with stars twinkling from the ceiling, and a gypsy wagon and campfire located in the center of the room.

Gerry Knox, master of ceremonies, introduced the welcome and response speeches given by Gordon Graves and Fred Barker, respectively. Jimmy Everson sang a beautiful melody, "The Gypsy," followed by the junior prophecy for the seniors read by Betty Bartley, and the senior will read by Jean Whitby.

Sophomore girls dressed in colorful gypsy costumes served the meal of fried chicken, mashed potatoes, gravy, peas, pineapple salad, pickles, olives, hot rolls, and brick ice cream with delicious chocolate cake.

After the tables were cleared and removed, the prom began with the Lamplighters from Vernon furnishing dance music ranging from waltz to pop and jitterbug. The juniors and seniors wish to express appreciation to the class mothers and Marvin Myers, sponsor, who made such a happy occasion possible. Mesdames Gerald Knox, Bedford Smith, Goodie Meason, C. S. Bartley, Otis Gafford and Bill Bell.

The entire evening was enjoyed to the very last minute, last couple, and last minute.

SENIOR WILL

As we, the older senior gypsies of the Crowell High School tribe,

are about to embark upon wanderings into that great and vast place, the world, we bequeath our tribal garments and golden earrings to the underclassmen of our hallowed tents. Guard these treasures with pride, my children, for they are the last earthly remains of your great and glorious chieftains, the seniors of the class of 1954.

As a tribe, we, the seniors give and bequeath to the juniors the inalienable right to guide the future freshmen into paths fitting for our tribe.

The following is the last will and testament of each of the leaders of the band.

Fred Barker wills his ability to charm the Quannah gals and his permanent pass to algebra to Gordon Graves, who, we are sure, will make good use of both.

Buddy Caddell leaves his football ability and his sleeping pills for English class to Buddy Kelly. Of course, Buddy will live up to the name.

Vance Barker bequeaths his courtesy and reckless driving to Tony Jones.

Rebecca Calvin gives her elevated shoes and eyelash curlers to DuWayne Elliott, who needs them in the worst way.

Nita June Carroll leaves her personally autographed copy of "Road to Land a Man" to Betty Sue Bartley, hoping her expert advice will bring Betty the luck it brought her.

Joyce Clark leaves her specially invented reducing pills to Katie Sue Polk. Watch your weight, girls.

Paul Cooper wills himself to Frances Kincaid, hoping that she can catch the subtle hint.

George Ann Davis gives her lower cleve, to Carolyn Kay Smith, along with his four Buicks. She says, "Be good to him, Carolyn, or you'll have to answer to me."

James Denton and Logan Casada leave their play of Brown Male to Eddie Ketcher and Denton Werley. Take it from us," say James and Logan, "it'll take two to handle it."

Jimmy Everson wills his deed to his little bungalow for he and his bride-to-be, Peggy New, to Don Smith and Clara Faska, since he will have little use for it in the near future.

Jimmy Harper bequeaths his ability to antagonize Coot Callaway and his girl, Tarrana, to John W. Wright.

Robert Graves gives his Quannah gal, Dot, to Robert Kincaid, feeling sure that she will be well taken care of.

Billy Ray Dunn leaves his ability to get along with Mrs. Sloan to Billy John Rader. "It's simple," he says, "All you have to do is drive her crazy."

Rudy Hinkle wills his sideburns and plot on the lawn with Jeanette to Kenneth Oliver.

Nan Sue Shultz leaves her expert driving ability to Joyce Ribble, hoping that she can talk the

ops out of more tickets than she ever could.

David Jackson bequeaths his crystal ball and title of Swami to Chun Gafford. Need we say more?

Larry Johnson gives his book, "Chicken Pickin'" and his duplicate key to all the chicken houses to Mike Wilson. We are sure that Mike will make good use of them.

Eugene Kajs leaves his madly beating heart for George Ann, of course, to Billy Hopkins, wishing him luck with it for Charlie.

J. C. Kincheole gives his purple Packard and slybals to Billye McCoy.

Billy Joe Naron wills his way with the Pease River women to Jim Kennedy and Jimmy New, who need it of course.

Genevieve McDaniel regrettably parts with her barber shears and gives them to Billye Bell, hoping they will bring her much success and happiness.

CloVonne McKown leaves her chewing gum, all her broken sets of ear screws, and typing ability to Billy Green — praying that he won't burn up his typewriter by typing too fast.

Loretta Matus wills her patented "City of the Wild Geese" to Lena Payne. Write for her future use.

Mary Lynn Hough parts with a cherished souvenir of the Padu-shah game, her boxing gloves, and gives them to June King.

Joyce Naron leaves her front seat in English class to anyone courageous enough to take it.

James Pittillo gives his autographed copy of "How to slip out of class in 10 easy lessons" to Gerry Knox, who will make very good use of it.

Lavert Robinson leaves his Northern accent, his flute, and his mathematical genius to Gerald McAnally.

Leta Merl Scott bequeaths her very individual ability to smoke weeds in hand without getting caught to Sue Meason.

Myrna Hannum bestows her brand new carton of Herbies to Jerry David Thompson along with this advice: "Above all, don't smoke more than four packs a day or you might get sick."

Norman Shultz leaves his position as aide to the principal and his old Ford truck to Joe Vernon and Doris Smith to haul their kids in.

Joe Don Thompson bestows his poker playing ability upon Joe Don Brown on the condition that he splits the profits.

Shirley Webha gives her title "Sweater Girl of CHS" to Nancy Hallmark.

Joyce Wallace leaves her title of "Speedy of the Bookkeeping Class" to Rufus Whitman who will certainly live up to the name.

Jean Whitby leaves her M. M. figure (Marjorie Main, that is) and boy friend, Hugo, to Ann Riehmayer.

Henry Teague leaves his collection of experiences on watermelon rinds to Gaylon, Whitley and Ronnie Fox. "I have only one admonition," says Henry, "Be sure to stay away from those electric fences."

Wayne Borchardt leaves his girl, Francine, to the wolves of CHS, namely, Coleman Self.

The entire senior class leaves Mrs. Davis a year's supply of Double Bubble.

Mr. Graves gets a year's subscription to True Detective.

David Jackson gladly donates Mrs. Todd a box of nerve pills. "She'll need some after I graduate," says David.

Mrs. Kenner gets a cast iron rodeo performer, was elected cowboy of the year of 1954.

Billy Joe Naron climbed off his horse long enough to invent the atomic auto.

Genevieve McDaniel and CloVonne McKown, the town's old maids, have recently bought Noah Jones' station.

Nan Sue Shultz is modeling Catalina bathing suits for her manager, Henry Teague. The secret has leaked out (and of course, it shouldn't go any further than among a few friends) that they have asked for a reproduction of her orange bangs. You all remember them, don't you?

A peek at Norman Shultz shows him in his study of the Thalia church of which he is pastor. His sermons are so soothing that his whole congregation goes to sleep.

Loretta Matus, first lady ever to be elected chief justice of the Supreme Court, has taken office. Her first move was to have the bench painted and redecorated.

Joyce Naron, in her latest attempt, completed her ambition to swim the Atlantic Ocean. She will enter the National Olympics in Greenland in 1955.

James Pittillo, known as "Speedy" in his high school days, completed his race by foot across the U. S. His time was 3 years, 8 months, 14 days, 5 hours and 32 seconds. It is a proven fact that a turtle can make it in two years flat.

Shirley Webha has turned from chorus girl to cigarette girl.

In his private penthouse in New York City, Paul Cooper is giving bass drum lessons.

George Ann Davis is president of the lonely hearts club with headquarters at Clint, Texas.

James and Gwynne Denton asked me to pass the word along to you that "Cheaper by the Dozen" is true. After all they ought to know. They have twelve little redheads of their own.

And here is the author of the latest best seller, "Gone with the Garbage." No book has ever made such a phenomenal sale, and Jimmy Everson never uses a typewriter to write one of his books. He writes it all out in longhand, and gives most of the credit to the brand of pencil he uses, the one that thinks for you, invented by Billy Ray Dunn.

During her high school days, Jean Whitby was always very popular, but now her popularity has three times doubled itself—since she crowded Marilyn Mon-

roe out of the picture.

Jolyne Wallace, aviatrix, was seen as she stepped from her plane yesterday after completing the first non-stop flight to the moon.

We now see Eugene Kajs handsome idol of radio-TV, as he renders his own renditions of torch songs.

J. C. Kincheole, world famous rodeo performer, was elected cowboy of the year of 1954.

Billy Joe Naron climbed off his horse long enough to invent the atomic auto.

do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Santa Rosa Roundup Opening Parade to Be Largest in History

The Santa Rosa Roundup opening day parade to be held in Vernon on Monday afternoon at 3 o'clock, April 26, is expected to be the largest parade in the history of this section of Texas and Oklahoma, featuring more than 1,000 of the finest saddle horses in the area and many beautifully decorated floats. The theme of the floats in the 1954 parade is "Pioneer Days."

Acting as hosts for the parade will be Vernon's own Santa Rosa Palomino Club, winner of numerous riding prizes in parades throughout this section and also in Colorado Springs, Colo., and the Vernon Riding Club. Riding clubs from nearly every county within a radius of 200 miles of Vernon have indicated they will take part in the opening day ceremonies.

The parade will be more than two miles long with the riding clubs, bands and clowns interspersed with the colorful floats. Parading with the bands, as in years past, will be the famed Hardin-Simmons Cowboy Band, which has won international honors as a marching band in performances all over the world.

Which of these

TWO GREAT OILS

should you use in your car

*If your car is less than 4000 mi. old**

Begin to use Esso Uniflo right away and continue to use Esso Uniflo throughout the life of your car.

This is a new type oil for high compression engines. Uniflo minimizes the deposits that are a principal cause of knocking and pre-ignition ping. Highest viscosity index prevents engine "drag," thus saves gasoline. HD, anti-acid, detergent. You get smoother, quieter engine performance... lower maintenance costs... improved gasoline mileage. A must for every new* car.

*If your car is over 4000 mi. old**

Humble recommends Esso Extra; it will give you outstanding performance.

Economical to buy, Esso Extra Motor Oil gives you more for your money than any other oil in the same price range. HD, anti-acid, detergent. Lengthens engine life, gives you better lubrication, a better oil seal, a cleaner engine. Premium quality... outstanding performance.

*Many Texans began to use Esso Uniflo in new 1953 automobiles. If you are one of these, Humble recommends that you continue to use Esso Uniflo, no matter how many miles you have on your car. To make a new car's engine run better and last longer, you should begin to use Esso Uniflo when the car is less than 4,000 miles old and continue to use Esso Uniflo throughout the life of the car.

B. & P. W. CLUB

Dr. Martin M. Kralicke was guest speaker at the meeting of the B. & P. W. Club last Thursday evening in the home of Mrs. M. O'Connell. Dr. Kralicke gave his audience a very graphic description of the situation in Korea, where he spent twenty months serving in an army hospital at Seoul. Illustrating his talk with colored slides, the speaker made his listeners realize how backward Korea is. Pictures of Korean villages emphasized the primitive living, the pagan religion, the complete lack of hygiene and the prevalence of tuberculosis among the natives. In contrast, Dr. Kralicke showed pictures taken in Tokyo, a modern city where the western influence is quite evident in the buildings, modes of conveyance and attire of the people.

Preceding the talk, a bounteous buffet dinner was enjoyed. Colorful Easter baskets, chickens and rabbits decorated the tables where places were laid for eighteen members. Miss Ora Mae Fox and Dr. Kralicke, hostesses for the evening were Mrs. Audrey Collins, Mrs. Inez Spencer and Mrs. Dorothy McClain.

In a short business session, Mrs. Collins and Mrs. Dove Carlisle were elected as delegates to the State convention to be held in Beaumont May 14-16. An invitation to an inter-city meeting in Vernon on Thursday, April 22, was read and plans were made to attend.

ADELPHIAN CLUB

The Adelpian Club met April 14 in regular session at the club house with Mrs. Virgil Johnson, president, in charge. During the business session, the club voted to donate several books to the county library.

Leader for the afternoon was Mrs. L. A. Andrews. She opened the program with a splendid resume of youth conservation activities as outlined by the TFWC. Mrs. Ray Brown, County Home Demonstration Agent, then presented several boys and girls who explained how they were strengthened in their various studies and vocational activities by having "Achievement Day" observed and recognized. The young people who spoke were: 4-H Clubs, J. C. McCoy and Bill Graves; Future Homemakers of America, Nita June Carroll; Girl Scouts, Roma Jan Spikes.

The picture, "Boys Town" was shown, with a talk accompanying the picture being given by Sherman Harriman.

Following the picture, the members and guests were invited into the dining room for tea. Guests for the afternoon were the Sub-Junior Adelpian and Sub-Junior Columbian Clubs, and the Girl Scouts.

Hostesses were Mesdames Ray Brown, J. T. Hughton, Doyle Kenner and Lorraine Carter.

Home Demonstration Notes

MRS. MARY D. BROWN

As you know this is our last month for clothing demonstrations. We will climax this year's clothing work with the Dress Revue May 15. In May we will begin our Meat Demonstrations. The demonstration in May will be on Swiss Steak.

Our recipe this week is for **Ham Macaroni Salad**
1 tablespoon salt, 3 quarts boiling water, 6 ounces macaroni sea shells, 1 1/2 cups cubed cooked ham, 1/2 cup diced celery, 1/4 cup chopped green pepper, 1/4 cup minced onion, 3/4 cup mayonnaise, 1 tablespoon vinegar, 1 teaspoon salt, 1 teaspoon prepared mustard.

Add 1 tablespoon salt to actively boiling water. Gradually add sea shells and boil until tender (about 8 minutes). Drain and rinse. While shells are cooking, combine ham, celery, and green pepper. Add shells. Mix onion, mayonnaise, vinegar, 1 teaspoon salt, and prepared mustard and fold into ham mixture. Chill thoroughly. Serve on chilled salad plate garnished with watercress and tomato slices. If desired. Yield: 4 servings.

COLUMBIAN CLUB

Mrs. Kenneth Halbert was hostess to the Columbian Club on March 21 at her home in the Foard City community. An excellent program on International Relations was enjoyed. Mrs. Percy Ferguson was leader and the hostess served a delicious salad plate.

On April 14, the club met with Mrs. Percy Ferguson and enjoyed an excellent program on Conservation. Mrs. W. A. Mussetter was ill and Mrs. R. L. Kincaid led the program and the three following topics were discussed: Conservation of Spiritual Resources, Conservation of Youth and Conservation of the Land.

The hostess served a tempting plate of ice cream and cake.

The next meeting will be with Mrs. R. J. Thomas and every member is urged to be present with a covered dish for the luncheon. The morning program will begin at about 10:30.

HOSPITALITY CLASS PARTY

The home of Mrs. Foster Davis was the scene of a delightful social meeting for the Hospitality Class of the Methodist Sunday School on Tuesday evening, April 20. Mrs. Clinton McLain and Mrs. Curtis Barker assisted Mrs. Davis with hostess duties.

Mrs. Henry Borchardt, as program leader, introduced Misses Judy Borchardt and Charlotte Sledge and Mrs. Woodrow Lem-

ons, who presented an enjoyable musical program, one number of which was Mrs. Lemons' own composition. Several amusing games were directed by Miss Dorothy Erwin. The program was concluded by Mrs. Moody Bursey, who reviewed an article written by Dr. Norman Vincent Peale which gave some pointers on how to help those in pain. Prayers were said for those in the community who are suffering and sick.

The hostesses served refreshments to about twenty members of the class and three guests.

CARD OF THANKS

We take this means of expressing our sincere gratitude to all our friends for the many acts of kindness extended to us in our bereavement in the loss of a loved one. Everything done for us was greatly appreciated, and we pray God's richest blessings may be yours.

The O. H. Dodson Family.
