Crowell High School Band Wins Many Honors and Awards During Past Year

According to Director E. L.
Crowell, the Crowell High School
band will lose only five members
graduation. They are Paul
David Jackson, J. C.
Lavert Robinson and
Scott. These will certainly
be missed, but the large number
returning members should
be possible for Crowell to
another outstanding band
year.

32 Public Appearances

The band has made 32 public
appearances this year, including
the following:

TOWN BIBLE CLASS

There were sixty-eight men
at Sunday morning at the
Town Bible Class, including
visitors and one new mem-

ber.

The opening exercises the
enjoyed two numbers from
the trio from the First
Church. The trio is
composed of Mr. and Mrs. Joe
and Mrs. Zelma Hulse with
Bedford Smith as accompan-

ist.

A morning message was de-
livered by the teacher, Leslie
Hulse, in his usual forceful
manner.

The News for the special
rate on the Star-Tele-
Daily and Sunday \$4.75,
without Sunday, \$4.25.

VALEDICTORIAN—Miss Jean Whitby, pictured above, is the valedictorian of the graduating class of 1954 with a four-year grade average of 95.45. She is the daughter of Mrs. Catherine Whitby.

Memorial Marker Moved from City Park to Cemetery

The Foard County Soldiers'
Memorial Marker, which has been
in the City Park, has been moved
to the Crowell Cemetery, Mrs.
N. J. Roberts, president, has an-
nounced. It has been given a
choice location with an atmos-
phere of dignity and solemnity.
No labor expense has been
spared to preserve this marker on
which is engraved the names of
thirty-four young men from this
county who gave their lives in
the service of their country.

The marker is located on the
diveway, facing south. The 150-
foot flag pole is placed to the
back of the lot. A foundation
base of proportionate size was
made of corresponding stone, and
the original marker was taken
to Childress to be polished and
dressed down to give it the prop-
er slant so that the names might
be legible from the street.

The lot is enclosed with sim-
ilar coping and an appropriate
inscription at the entrance. The
local veterans' organizations have
both flags and crosses and it is
their plan to have a memorial
service there on this coming Mem-
orial Day, which falls on Sun-
day, May 30. More about this
service will appear in next week's
issue.

"We hesitate to remind the
public of the expense of this pro-
gram, but we feel that every rela-
tive and friend will want to have
a part in placing this permanent
marker, and contributions can be
left with Lee Black at the
bank, or at either drug store,"
Mrs. Roberts stated.

Those who have contributed
toward financing this program to
date are:

Mrs. Pearl Branch, Herman
Kincheole, Mrs. B. W. Self, Mrs.
H. D. Nelson, Mrs. W. S. J. Rus-
sell, Mrs. Floyd Thomas, Mrs. W.
R. Womack, Mrs. Mattie Davis,
Mrs. Ann Myers, Mrs. Cecil Davis,
Mrs. J. H. Minick, Mrs. Ray Stor-
ley, M. S. Henry, Fay Bankston,
Mrs. T. R. Cates, Mrs. Effie
Brannon, Mrs. Marie Callaway and
J. R. Beverly. The V. F. W. Aux-
iliary gave \$22.70 from money
earned with a bakery sale.

37 Accidents in April Investigated by Highway Patrol

Captain K. B. Hallmark Jr. an-
nounced Wednesday that seventy-
three accidents were investigated
in his district by the Texas High-
way Patrol in April. None were
reported in Foard County for
April of this year, compared to
one property damage loss of \$500
reported for April 1953. Six of
these accidents were fatal acci-
dents and nine people were killed.
There were the same number of
injury accidents as in March, but
the number of people injured
was almost double. Seventeen in-
jury accidents in March injured
twenty-six people, in April forty-
one people. Fatal accidents in the
Wichita Falls district through-
out April 1954 have killed thirty
people, and in the same period of
1953 only twelve people had been
killed.

This year, fatal accidents are
averaging one and one-half deaths
per accident. The Wichita Falls
district lost \$55,845.00 in prop-
erty damage during the month of
April compared to \$58,895.00 for
April 1953, although the property
damage loss was less in 1954 than
in 1953. April 1953 only had two
fatal accidents, killing two people
compared to the nine people killed
in April 1954. Baylor County was
the high county in property
damage with a loss of \$14,745.00
followed by Wichita with \$11,170
and Wilbarger with \$11,120.00.
Clay County was the leading
county in fatal accidents with
two fatal accidents resulting in the
death of four people. Wilbarger
County was a close second with
two fatal accidents killing three
people. Accidents over the entire
state have shown, so far this year,
a seven per cent increase.

In the month of April the sev-
enteen patrolmen in Hallmark's
district contacted 1,556 traffic
law violators, of which 736 were
stopped for exceeding the speed
limit and of that number 256
were arrested, the rest were warn-
ed. Nineteen persons were ar-
rested for driving while under
the influence of intoxicating liq-
uid. Speeding was the number
one offense for which violators
were arrested. The number two
violation last month was improv-
er passing for which thirty-five
people were arrested and fifty-
nine warned.

Captain Hallmark warned that
the vacation season is approaching
and soon school will be out and
many more people will be travel-
ing on the highways from coast
to coast, making motoring more
dangerous. He urges that you be
doubly careful in populated areas
due to the small children playing
near and running into the streets
and highways after school is out
for the summer. The captain re-
minds that the youngest person
killed in a traffic accident in April
was the tragic death of a three-
year-old girl. Hallmark further
says that national figures have
proven that if you have a family
of six, one of this family will be
either killed or injured in a mo-
tor vehicle incident in the next
ten years.

GOES TO PHOENIX

Roy E. Hanson, owner and
manager of the Rialto Theatre,
left Tuesday night for Phoenix,
Ariz., to move Mrs. Hanson and
their four children to Crowell to
live in the Karl ten Brink
home in the north part of town.

TAKE COMMANDERY

Five Foard County Masons
were given the Knights Templar
degrees in the Vernon Command-
ery No. 33 in Vernon last Tues-
day night. They are W. R. Moore,
Lloyd Fox, B. A. Whitman and
Carl Morris of Thalia, and Bill
Klepper of Crowell.

Five Soil and Water Conservation Plans Approved Recently

Five water and soil conserva-
tion plans were approved by the
board of supervisors of the Lower
Pease River Soil Conservation
Service supervisors last week on 2319
acres. Plans approved by the
board were farms operated by
Buford Randolph, A. T. Fish, W.
B. Tysinger, Texas Experiment
Station operated by Roy Quimby,
and Scott Henderson farm.

Those present at the board
meeting were O. T. Holmes, O.
H. Brandon, W. C. Howard, Roy
Ayers and Grady Halbert, super-
visors; Bomar Harris of the Soil
Conservation Service, and Ray
Stockard, Hardeman County
Agent.

Eight acres of Madrid clover on
the Earl McPherson farm, three
miles north of Chillicothe is in
full bloom. Madrid clover is a
biennial legume with a deep root.
Earl planted this clover on the
contour in 40-inch rows. The av-
erage height is four feet. It will
be harvested for seed.

SELLS BIG BRAHMAS

Hubert Brown shipped a truck
load of 22 head of Brahma steers
to the Fort Worth market this
week. The 22 head averaged
1,252 pounds each and brought
29c per pound. The cattle were
bought by Mr. Brown in Decem-
ber and grazed on wheat until
Feb. 20. Since that time they had
been fed meal and hulls, milo and
black strap molasses.

Da Vinci, the artist, was first
to mention the presence of two
different gases in the atmosphere.

SALUTATORIAN—Pictured above is Miss George Ann Davis, who is salutatorian of the 1954 graduating class of Crowell High School. Miss Davis, who had a four-year grade average of 94.82, is the daughter of Mr. and Mrs. George Davis.

Fire Alarm Will Be Sounded for Tornado Warning

As a service to the people of
Crowell during the spring months,
which are usually the time of year
for tornadoes in this section, a
tornado-warning alarm has been
devised.

Should a tornado be reported
in this immediate area during
either day or night, the fire alarm
will be sounded with at least five
short blasts, to warn the people
and give them time to get to a
safe place.

The five short blasts will be
used to distinguish the tornado
alarm from a fire alarm, which is
a longer blast of the siren.

ATTEND FUNERAL

Mr. and Mrs. Henry Dixon were
called to Oklahoma City Sun-
day on account of the death of
Mrs. Dixon's uncle, John Teel,
and his wife, who were killed in
a head-on automobile collision
in New Mexico Wednesday, May
12, while returning from a trip
to California. Mrs. Teel and a
woman in the other car involved
in the accident were killed in-
stantly and her husband seriously
injured. Mr. Teel died a few hours
later in a hospital. Funeral ser-
vices for Mr. and Mrs. Teel were
held in Oklahoma City Monday.

FORERUNNER

Forerunner of the Texas Press
Association, now in its 75th year,
was the Texas Editorial and Press
Association organized in 1873 at
Sherman. It was discontinued in
1876. Elected president at the
first meeting was Charles DeMorse
of the old "Clarksville Standard."

Soil Conservation Service Says Guar Is Good Crop to Plant on Lay-Out Land; It Is a Soil Builder and Also a Cash Crop

(By Local Office S. C. S.)
After the wonderful rains we
have had recently, we know that
every farmer will be busy as soon
as it is possible to get in the fields
with farm equipment. Now is the
time, if you haven't already done
so, to decide what you will plant
on your diverted wheat and cot-
ton acres. Several farmers have
planted grass on their diverted
acres. Many will probably plant
grain sorghums and others will
probably plant legumes on their
layout acres. What will you do
with yours?

Guar is a tap-rooted drought
resistant summer legume that is
well adapted to dry-land farming
in our part of the state. It has
been grown, with good results,
in Foard County in the past. John
Jokel of Thalia reports that he
harvested 800 pounds of guar

FIRE AT FOARD CITY

Fire of unknown origin Wed-
nesday of last week did consid-
erable damage to the two-car gar-
age at the home of Mr. and Mrs.
Kenneth Halbert, one mile west
of Foard City. The Crowell Vol-
unteer Fire Department responded
to the alarm and extinguished
the blaze.

DISTRICT DEPUTY VISITS

District Deputy Grand High
Priest Clyde Crisp of Northside
made his official visit to the
Crowell Chapter, No. 276, Royal
Arch Masons, last Thursday night.
Other visitors were Sam Lance,
Bill Wisdom, C. B. Haynes and
Ben Rankin of Chillicothe.
The Mark Master and Past Mas-
ter degrees were conferred on two
candidates.

Foard County Allocated \$24,000.00 to Assist Farmers and Ranchers in Emergency Wind Control Program

Foard County has been allo-
cated \$24,000.00 to assist farm-
ers and ranchers in carrying out
the following emergency wind
erosion control measures:

1. Field strip cropping to pro-
tect soil from wind erosion —
\$1.25 per acre.
2. Stubble mulching to protect
soil from wind erosion — \$1.25
per acre.
3. Contour listing, contour chis-
eling, cross slope chiseling, pit
cultivation or chiseling not on the
contour for wind erosion control
— \$0.50 per acre.
4. Seeding grain sorghums,
sweet sorghums, sudan grass, mil-
let, barley, oats, or rye to estab-
lish a cover for the control of

wind erosion. Sorghums in rows
— \$1.00 per acre. Crops drilled
or broadcast — \$1.25 per acre.
5. Pitting or chiseling grazing
land for wind erosion control —
\$0.75 per acre.
6. Deferred grazing for wind
erosion control — \$0.50 per acre.
Cost for this practice will be
shared only if the practice is
started on or after March 31,
1954, and only if cost-sharing is
requested by the farm or ranch
operator before June 1, 1954, or
before the date on which perfor-
mance of the practice is started,
whichever is the later. Farmers
or ranchers desiring additional in-
formation in regard to the wind
erosion control program may call
at the local ASC Office and office
personnel will be glad to explain
the phases of the program.

Two College Boys from Crowell Win Honors at Abilene

Two Crowell freshman college
students won honors at the Texas
Conference track meet held in
Abilene last week end.

In golf, Freshman Jim Paul
Norman of Crowell shot a 79 for
medalist honors as he led Howard
Payne College of Brownwood to
team championship. The Yellow
Jackets' team score was 334. Mc-
Murry was second with 339. ACC
third with 352.

Ginger Johnson, freshman at
Abilene Christian College, won
second in the 440-yard dash and
third in the 880 yard run.

Five colleges were represented
at the meet.
Both Crowell boys are 1953
graduates of Crowell High School.
Ginger is the son of Mr. and Mrs.
Henry Johnson and Jim Paul is
the son of Mr. and Mrs. Haskell
Norman.

Jack Turner and Mr. Johnson
of Crowell attended the meet.

Local Lions Attend District Convention in Wichita Falls

The District convention for Dis-
trict 2-E of Lions International
was held in Wichita Falls on
May 16 and 17. Local Lions in
attendance were Deputy District
Governor and Mrs. Tom McCand-
less, President and Mrs. Kenneth
Halbert and Lion Director and
Mrs. Henry Borchardt.

The highlights of the conven-
tion were talks made by Past Pres-
ident of Lions International, Eu-
gene Briggs, of Enid, Okla., and
International Director Joe Fisher
of Jasper, Texas. Lion Joe
Weaver of Olney was elected Dis-
trict Governor at the convention.
Abilene was selected as the site
for the 1955 convention.

Due to a paper shortage, only
six or eight newspapers were pub-
lished in Texas during the War
between the States.

Wheat Marketing Cards Ready at Local ASC Office

All Foard County wheat pro-
ducers may pick up their wheat
marketing cards at the Agricul-
tural Stabilization and Conserva-
tion office here or make their re-
quest and receive them by mail.

Wheat marketing cards can be
used for marketing all wheat pro-
duced on that farm except in
cases where the landlord or an-
other tenant markets his wheat
separate from the operator's.

Dwight L. Campbell, Chairman
Foard County ASC Committee,
pointed out the one exception that
cards will not be delivered until
the penalty is satisfied for over-
planted farms, and that every
wheat producer marketing wheat
will need to present his market-
ing card to the wheat buyer in
order to identify it as penalty-free
wheat.

Contract Let for New 50,000-Gallon Reservoir for City

The City Council has let a
contract for a 50,000-gallon res-
ervoir to be connected with the
present reservoir of the same ca-
pacity in the east part of town.
The two reservoirs will be con-
nected with a 12-inch pipe and
will be operated as one unit. The
dirt work is being done by Bus-
ter Cates and the contract for the
concrete work has been let to
Bill McGann of Vernon.

The addition of this storage
space will enable the city pumps
to be operated 24 hours a day
and will assure the city of an ade-
quate supply of water at all times.
The project is estimated to cost
\$5,000 and is expected to be com-
pleted within thirty days, it was
stated Wednesday by Hubert
Brown, mayor.

Harvest Crews Begin to Arrive in Crowell

Wheat harvesting crews from
various parts of the country be-
gan arriving in Crowell this week
in preparation for the forthcom-
ing harvest, which will be later
than usual this year.

The Foard County elevators are
ready to handle the crop when
harvesting begins.
Since the recent heavy rains
have given new life to the burned
spots in the wheat fields, harvest-
ing will be more difficult here
than in former years. The wheat
now in the head will be ripe with-
in a short time, but the new crop
will be later.

BON VOYAGE

This is an opportunity which we would not pass up—paying our respects and tribute to our graduating seniors, who for twelve years, the class of '54 has long and anxiously waited.

It will be a proud moment, indeed, to have the honors of graduation bestowed upon you. Now that you have reached this first major step of your life, we, along with the rest of the faculty, would like to share with you the spirit of this important event. To you graduates go our thanks and appreciation for the accomplishments you have made during your years at CHS.

As seniors, despite changes and problems that arose, you have been able to cooperate and solve dilemmas.

Your participation in school activities whether they were athletic, social, musical, or forensic, has been wholehearted. And as we review the rest of your activities, there can be no doubt as to the honors deserved.

We hope when you start on the different paths that you will follow, whether it be college, business, industry, or other, that you

SCRAPBOOK OF MEMORIES— THAT'S THE '53-'54 YEAR

Let's look into the scrapbook filled with memories of the 1953-'54 school year.

Occupying a prominent place on page one is the election of class officers to lead the four groups through the year. Also on page one is a picture of the beaming seniors as they received their rings.

The next page shows the announcement of the Wildcat and Roundup staff members.
 Page two also holds proofs of the hectic picture taking days as the Roundup staff began planning the annual.

Now the pages are eagerly turned—here it is—those nerve-wracking days when favorites were elected. The chewed off finger nails of favorite nominees are imprinted in the scrapbook.

A heap of clippings come into view! One concerns those students who were winners in the four-way test essay contest as they read their themes to the Rotary Club. "Gwynne Johnson Crowned Football Queen" screams another headline.

—here is D (Dragon) Day. The Cats journey to Paducah with high hopes for a district football championship only to be defeated 27-7.

A picture of Janis Crowell being crowned Band Sweetheart highlights the snaps of another exciting football contest at half-time!

All those bruises and gripes were rewarded as a news picture shows James Pittillo, Buddy Caddell, DuWayne Elliott and Edward Daniel named as Crowell's all-district grid men.

Here's a great big picture of the Wildcat band's winning first in marching at Stephenville! "Levis and loud socks" are outstanding in a fun-filled picture

of the Thanksgiving "Sock Hop." The New Year's Eve Dance is next in the scrapbook as many CHS teen-agers ring the old year out and the new year in.

The big moment in the all-school banquet section is relived as football team members, dates, and guests thrill to the words of Texas Tech's head coach, DeWitt Weaver, and his film on the Gator Bowl.

Oops—we almost missed it! The basketball team is shown copping a first place in district and bi-district competition, only to come out second best in the Denton regional tournament.

The FHA banquet and Sub-Junior Adelpian Sweetheart dance give the snaps on Saturday, Feb. 13, a gay note. Gaylon Whitley was crowned FHA King in regal ceremonies at the banquet.

Swarms of students from schools comprising our district are pictured as their one-act plays are presented in a two-day battle, we mean contest!

"Rhapsody in Blue," the band banquet theme, is captured in beautiful photographs as band members and guests enjoy the festive occasion. The members are also shown taking high honors at the spring Interscholastic League contest at Stephenville.

We see Robert Graves, our miller, as he wins high honors in district, regional and state!

Now, nearly at the end of the scrapbook, we saw the arrival of the senior invitations and the impressive baccalaureate services as the seniors prepare to leave the halls.

Here are two empty pages! Soon the senior trip and commencement will be portrayed there as a happy ending to a memorable year.

GIRLS COMPLETE BEAUTIFUL TRAYS

The energetic Home-making III girls have been working hard and steadily, and the results are some beautiful aluminum trays and coasters.

The patterns were traced on the trays and coasters and then painted. Acid was used for etching away the aluminum which was not covered by paint. Later, gasoline was used to remove the paint, and a beautiful piece was finished by the proud girls.

Nita June Carroll, Nan Sue Shultz, June King and Genevieve McDaniel made trays. Coasters were made by Joyce Naron and Mary Hudson.

MRS. ANDREWS GIVES DEMONSTRATION ON FLOWER ARRANGEMENTS

FHA members got an insight on how to achieve that "professional touch" in flower arrangements last Thursday, May 6, from Mrs. L. A. Andrews, president of the Crowell Garden Club. Some informative pointers given

'FBI WARNING' STIRS MCCARTHY PROBE — Robert Collier, committee assistant, waves disputed letter introduced by Sen. McCarthy in Senate committee probe of McCarthy-Army row. McCarthy called paper a warning by FBI chief

J. Edgar Hoover, to the Army, about spies at Ft. Monmouth (N. J.) radar laboratory. It was proved instead to be an FBI memo along same lines. Fight followed over how McCarthy got letter and whether it should be made public.

by Mrs. Andrews were on harmonizing the container with the arrangement. She emphasized the fact that flowers should be gathered early in the morning or in the later afternoon, brought into the house and put into plenty of water, and placed in a dark place until one is ready to arrange them. The girls learned that in arranging roses, all thorns should be removed.

The most attractive arrangement, according to the girls, was a curved S of roses and bells of Ireland.

LOCAL THESPIAN TROUPE HOLDS SILVER ANNIVERSARY CELEBRATION

Crowell High School Thespian Troupe 1101 celebrated the Silver Anniversary of the National Thespian Society with the Quanah High School Dramatic Club, under the sponsorship of Miss Frances Owens, as guest. A formal initiation service under the direction of Frances Kincaid, club president, was held at 7:30 p. m. May 10, in the high school auditorium with over fifty persons in attendance, despite the rainy weather.

Jimmy Harper, usher, introduced the ten initiates as follows: DeAnna Ferguson, Devin McAnally, Gail Knox, Joe Don Thompson, Doris Cates, Billy John Rader, Joyce Naron, Chun Gafford, Roma Jan Spikes and Paul Cooper.

Vice president Billye Bell gave a brief resume of the aims and ideals of the National Thespian organization. She was followed by Carolyn Bursey, reporter and acting secretary, who gave the history of the national society. Local historian, Francine Coffey, added the achievements and traditions peculiar to Troupe 1101.

After the reading of the qualifications upon which the initiates requested membership, Billye Bell proceeded with instructions in the fundamentals of the Dramatic Arts.

As lights were dimmed and the central area of the stage spotlighted, the choir composed of Jo Ann Fox, Latrelle Duckworth, Betty Bartley, Genevieve McDaniel and Sue Meason sang "Thespian Glamour." Jo Helen Aly was accompanist.

Effectively presented through various shades of lighting were the seven important steps of man in his search for knowledge in the development of the dramatic arts. David Jackson acted as electrician.

As each of the speakers representing the seven steps concluded, he lighted a candle symbolizing the art he portrayed. Finally the candle-light T graced the table, center stage, which was decorated in Thespian colors and bore the Thespian insignia while prominently placed on the drape back-stage was the National Thespian banner.

"Thespian Fellowship" was beautifully sung by the choir while the seven candles lighted the stage, honoring 25 years of service by National Thespians as well as paying tribute to earlier man in his quest for knowledge in the field of dramatic arts.

As the lights were turned up, the usher asked the candidates to stand; Mrs. Elmo Todd, sponsor, gave the pledge of membership which they repeated after her. After reminding the new members of the solemn obligation of the pledge, Frances Kincaid presented the certificate of membership while the members filed by to receive also the membership and congratulatory cards.

Feature of most interest to many was the annual awarding of honor stars, each representing ten points, were presented as follows: one star, Billye Bell, Gail Knox, Don Kidd, Betty Bartley, Frances Kincaid, Aldon Garrett, Gerald McAnally and Roma Jan Spikes. Two stars, Carolyn Bursey, David Jackson, Gordon Graves and Joe Don Thompson. Three stars, Francine Coffey, Robert Graves and Jo Don Brown.

Honor bars, each representing the highest honor conferred by the society, were going to Francine Coffey, Robert Graves and Gordon Graves.

Graduating Thespians each received a recommendation from the national organization. These students were Rebecca Calvin, Jean Whitley, Joyce Naron, Paul Cooper, David Jackson and Robert Graves.

For the second time since its organization in 1950, the local troupe elected to present two honorary memberships in the National Thespian Society to persons rendering outstanding service

DRILLING RIGS USE ELECTRICITY IN OIL FIELD OPERATIONS

An all-electric drilling rig is in use in California. The electric power equipment combines direct current's smoothness and flexibility with alternating current's reliability and convenience. The new equipment may result in improved efficiency and greater economy in drilling a well. In event of power failure, work could be continued with two gas engines maintained on a standby basis. Oil men continually experiment and perfect new equipment and methods for bringing oil quickly, abundantly and economically to the American consumer.

EDUCATION COSTS

The largest single expense of the nation's cities over 25 in 1952 was for education, a total of \$879,000,000 went to education—close to highways, for which \$589,000,000 was spent.

World's First!

Phillips 66 presents the first All-Weather Motor Oil which has proved it meets the most exacting standard ever established for automobile lubrication...
 Mil-0-2104, Supplement 1 level.

The toughest standard ever set up for automobile lubrication is the Mil-0-2104 Supplement 1 test. New TROP-ARTIC is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer... an oil so good it can double the life of an automobile engine!

TROP-ARTIC is truly an all-weather oil... S.A.E. 10W through S.A.E. 30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.

Any car, in any climate, at any time of the year will perform better with Phillips 66 TROP-ARTIC. It is a worthy companion product to Phillips 66 FLITE-FUEL, the new high performance gasoline recently introduced by Phillips. It pays to stop at the station where you see the Phillips 66 Shield.

Small Factor
 You ever wonder just how much of each dollar you spend remains in the hands of the merchant in the form of profit? Various surveys indicate that consumers think that 25 per cent or even more does just that. You're one of them, a report

of the financial experience of the nation's department stores last year will come as something of a surprise. Their profit, after taxes, averaged 2.4 per cent of their sales. In 1952 the figure was the same.
 Some kinds of stores, dealing in staples, earn even less. For example, leading food chains of-

ten show profits of but one per cent or a trifle more on each dollar that crosses their counters. Retail profits are a microscopic factor in establishing the cost of living.

One Is as Bad as the Other

Just as Big Business has been tamed by governmental power and kept within competitive limits and subject to vigilant observation, so also is Big Unionism being examined now to determine whether federal or state regulation or both shall curb the excesses enjoyed by a privileged group that seeks a monopolistic status," writes David Lawrence in U. S. News.

The fact that close to a third of the states have adopted "right to work" laws, which guarantee labor the basic freedom to join or not join a union as he chooses, shows the way the wind is blowing. The law is belatedly recognizing that domination and dictation of labor by unions is as indefensible as domination and dictation of labor by business. The closed shop, which denies a man the right to earn a living unless he pays tribute to a union, is as bad as the outlawed "yellow dog" contracts which denied him that right if he did join.

A presumptive heir is one whose claim to inheritance may be voided by the birth of a nearer relative.

State Capitol NEWS

by VERN SANFORD
Texas Press Association

Austin, Texas — "Evidence of fraudulent and corrupt abuse of our insurance laws, and gross if not criminal laxness in their enforcement" was cited by Associate Justice Robert G. Hughes of the Court of Civil Appeals in Austin.

Being considered was a case involving the Texas Mutual Insurance Company of Beaumont.

Garland A. Smith, chairman of the Board of Insurance Commissioners, agreed with Hughes' opinion that the company had been improperly organized. He said that the commission had changed its rules covering the appraisal of real estate for assets, as a result of the case.

Smith stated that "under our laws, a company can be solvent today and broke three months later." He pointed out that his commission has 28 examiners and that there are some 1,884 companies to examine every two years. "We aren't physically able to do it," Smith said.

He pointed out that Texas insurance laws are generally sound but that "a few termites are going through a few loopholes." Smith repeated his recent statement that the board will insist on corrections in the insurance laws by the next Legislature.

Office Padlocked

Raymond W. Hammonds, attorney-in-fact for Lloyd's of North America insurance company, protested in 18th District Court here that he is "defenseless" because his Houston office has been padlocked.

Attorney General John Ben Shepperd charged that the company was established by fraudulent means and is now insolvent, having a large deficit. The attorney general seeks a receivership to protect the policyholders.

Padlocking of the Houston office was by court order.

New Officials

Mark Wentz of Big Spring took office as state fire insurance com-

missioner, succeeding the late Paul H. Brown.

H. C. Pittman of Waco was sworn in as a member of the Industrial Accident Board. He succeeds Robert L. Hill who resigned.

Political Pot Percolates

Things will boom in June on the political front. Candidates are busy now getting their houses in order for the campaigns. What looked to be rather a dull campaign season now promises to be rather a lively affair.

Governor Allan Shivers, seeking a third elective term, spent a few days in Austin, between a trip to Korea. He plans to leave the Korean party early, to be in St. Louis May 31 for an address at the Southern Baptist Convention.

Meantime, Shivers' main opponent, Ralph Yarborough of Austin, also was actively setting the stage for his race.

Yarborough has appointed Bob Sawtelle of San Antonio as his campaign manager. Sawtelle is son-in-law of the late State Senator Woodville Rogers.

Road Problem

Representatives of state, local and private highway interests form a special committee assigned by Governor Allan Shivers to the job of working out a road program that will be presented to the next Legislature.

Texas Good Roads Association, which has a member on the committee, is in favor of a one-cent increase in the gasoline tax to provide money for growing highway needs.

This question is expected to be a major one when the Legislature meets.

More Patrolmen

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, says he will ask the next Legislature for more highway patrolmen.

Four hundred seventy men now are on the job, says Garrison, and 200 more are needed to cut down rural traffic fatalities.

Abolish Orphans' Home?

A proposal, made by the Texas Research League, to abolish the state orphan's home at Corsicana was being considered by the State Board for Hospitals and Special Schools.

Almost immediately following announcement of the plan, inquiries from Texans seeking to adopt children from the home began to arrive. Alvin H. Burger, executive director of the Texas Research League, said that was a "totally unexpected response." The league

feels the children should be placed in foster family homes, rather than be kept in an institution.

Corsicana and Navarro County officials objected strenuously to the proposal. The home has been in operation since 1889.

Also before the Board was a plan to set up a new state mental hospital in Southeast Texas.

Another project before the board is a new dormitory for the Texas School of the Deaf in Austin. Now being used as a dormitory is a building so dilapidated that it was declared no longer fit for habitation.

College Usefulness

Junior Colleges can expand their services to their communities, according to Dr. J. W. Reynolds, University of Texas professor in junior college education.

At a conference here, the professor suggested that the junior colleges should be more sensitive to the need of the areas where they are located.

Plan to Retire

Plan now for your retirement income, is the counsel of James B. Marley, social security official here.

One American in 12 is now over 65 years old, and the proportion of aged people to total population continues to grow, Marley said, adding that social security is not intended to provide a full retirement income.

Officer Dies

R. A. Wahl, who was with the state selective service system since 1941, died here at the age of 64. At the time of his death, he was the system's state procurement and fiscal officer.

Wheat Estimates

Texas' winter wheat crop was estimated by the U. S. Department of Agriculture at 23,418,000 bushels, an increase over the estimate made April 1.

An official of the USDA here said the increase reflected improved moisture conditions.

Laughlin's Appeal

Lawyers for ousted Judge C. Woodrow Laughlin, appealing his case to the U. S. Supreme Court, attacked the authority of the Texas Supreme Court under the state constitution to remove a district judge.

Legal counsel for Laughlin contends that the state constitutional provision violates the Fourteenth Amendment, or due process clause, of the federal constitution.

Ridiculous, He Says

"Ridiculous as Romeo's running against Juliet"—that's what Attorney General John Ben Shepperd thinks of C. Woodrow Laughlin running against George Parr for judge of the 79th district, which includes Duval County.

Archer Parr, sheriff of Duval and George Parr's nephew, is running for the state legislature.

Peru for You

Wick Fowler, secretary to Governor Allan Shivers, and long-time newspaperman, does his best to keep things from getting dull for people waiting to see the Governor.

Wick sent a waiting group into much laughter a few days ago when talking on the telephone to someone who wanted an official "letter" to take along on a trip out of the state. Such letters, written on the governor's stationery, are addressed to "Whom It May Concern," state that the traveler is a good Texan and that any courtesies extended him in the foreign country will be appreciated. The official gubernatorial seal with red ribbons is affixed at the bottom.

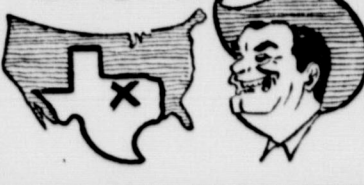

After listening to the request of the caller in question, Wick asked, "Where did you say you were going—Nicaragua? Heck, you can't go there. You'll have to go to Peru—I can't spell Nic-

aragua."

Wick pulled a "Fowlerism" on Ed Gossett of Dallas recently that's been good for several repetitions in the Capital City. Ed, a former Texas Congressman, now is general attorney for the Southwestern Bell Telephone Co. in Texas.

Wick told him to pass the word on to the telephone folks in Dallas that a small West Texas town had something new in phone service. While Gossett pricked up his ears, Fowler explained that he picked up a phone and a woman's voice asked for the number. "I told her and presto—she got me my party. I didn't have to dial or anything like that."

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—The week of May 17th was proclaimed "Eat More Lamb in Texas Week" by Governor Allan Shivers, and the sheep industry is using every means to publicize the fact.

Ironically while Texas produces most of the lamb in the nation, Texans eat proportionately less than anyone else per capita.

The week has received nationwide attention through the Don McNeil Breakfast Club program, a portion sponsored by Swift & Co. The early morning television show of Walter Cronkite (CBS) featured the lamb week—and a Texas lamb sent him by some Fort Worth livestock market folks.

Whether it is this week or next, let us recommend Texas lamb to you. When properly prepared, it is a real treat. By the way, Polly Cox, wife of WFAA radio farm director Murray Cox, gave some good recipes Tuesday morning on the air. I expect a letter to her, care of radio station WFAA, Dallas, would get you a copy of her favorite lamb recipes.

Biggest Sheep Run of Year
Whether by accident or design, the largest sheep and lamb run of the year—near 20,000—arrived at Fort Worth Monday.

Spring lambs were \$1 lower, shorn lambs were 50c to \$1 lower. Feeders weaker, in sympathy with the fat lamb trade. Older sheep steady. Spring lambs topped at \$24 to \$26, and clipped fat lambs drew \$20 down. Two-year-olds \$12 to \$15; aged wethers \$9 to \$12. Slaughter ewes \$5 to \$6. Breeder ewes \$8 to \$15. Feeder lambs \$18 down, shorn feeders \$15 down.

Stockmen Working Cattle Earlier
The largest percentage of cows was in the cattle run at Fort Worth Monday we have seen this season. Bears out our observations of the past few weeks that culling of herds is being done earlier this year with dry cows and culls, including many marginal dairy producers being cashed out. Probably they're bringing lots more dollars now than they would a few weeks later.

Best fat cows drew \$13 to \$15, two loads of Triangle cows from the Tom Burnett Estate at \$15. Best fed cattle were from I. S. Scott, Castro County, these steers weighed 880 at \$24.75. Scott is a top feeder, has often topped the market in the past.

Sizable numbers of shorted and warmed up heifers and steer yearlings being marketed these days. Prices ranged from \$16 to \$21, depending on flesh and quality. Many fed 60 to 75 days, many fed on pastures and fields.

Best fed calves again \$20 to \$22.50, creepfed heavies at \$21 to \$22 numerous. Looks like this year the creepfed calves are paying handsome dividends.

Desirable stocker calves and yearlings \$18 to \$21.50, stock cows \$8 to \$15.50.

Hogs Hit \$28, Top Once More
Top hogs sold at \$27.75 to \$28 at Fort Worth Monday, first time in some weeks they have brought \$28 here. Sows \$23.50 down.

County Agent Hulsey of Jack County told us recently that some of the folks up that way are speculating that this summer may be another "1950."

Remember 1950 was the summer when it was cool and rained about every ten days all summer long!

In 1950, we never did have to suffer through one of those 30- to 40-day spells with temperatures around 100 degrees or better. Yep, we'll take an encore on 1950 this year! Won't you!

News from the Congress
by Congressman Frank Icard

The events of the last few weeks in Indochina, Geneva, and elsewhere around the world have pointed up more than anything else our need to let our friends in the world know that we Americans are interested in achieving and maintaining peace in the world and that we seek no territory, no colonies, and no preferential treatment for ourselves. If we are to accomplish this result that we all so greatly desire, we must, above everything else, have our government devoted to a bipartisan or actually a nonpartisan foreign policy. This country can never successfully have a foreign policy that is a Democratic policy or a Republican policy. In dealing with foreign countries, we can only deal on an American

In the News . . . 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, May 16, 1924:

Mr. and Mrs. J. Y. Welch have returned from Mayo Institute where Mrs. Welch underwent an operation.

Grady Magee, S. E. Scales, Stanley Sanders and J. A. Stovall attended the West Texas Chamber of Commerce meeting in Brownwood this week.

While there are some patches of sorry wheat in the county, as a rule it is good and promises a fine yield. Some expect a yield of 25 bushels per acre.

The city has accepted the lowest bid on paving five blocks around the public square, Jordan Construction Co. of Plainview was the low bidder.

Mrs. N. P. Ferguson, 55, passed away Tuesday following an operation at the sanitarium. Mrs. Ferguson was a granddaughter of Col. Bob Potter, one of the signers of the Declaration of Texas Independence.

With the graduation exercises of Crowell school at the Baptist Church Monday evening at 8 o'clock the 1923-24 term will come to a close.

Miss Ennis Johnson came in Monday from Houston for a visit with friends.

Walter Ross was in town Monday from Marsaret and is recovering rapidly from an attack of pneumonia.

Lee Allan Beverly was here the first of the week from Wichita Falls where he and his family are making their home.

Herman Kinchelelo has returned from Fort Worth where he took a course with the Standard Battery Co. and Lone Star Welding Shop.

Mrs. T. L. Hughton returned last Thursday from the third annual meeting of the Seventh District, Texas Federation of Women's Clubs, as a representative of the Columbian Club.

John Thompson is able to get to town after a siege of pneumonia.

Ellis Gafford has been here this week from Sulphur Springs.

policy. It must be made clear to everyone else in the world that all of us, Democrats and Republicans, first as Americans think alike, as far as foreign affairs are concerned. Problems that confront us in the world cannot be settled or solved without their being approached by a unified American people. We have, I believe, made some progress toward reaching the unity in foreign affairs that we must have. All indications are now that even more progress will be made in this direction

within the next few weeks since the leaders of both parties have indicated their desire to get together on this vital problem. I hope that this unity can be established within a very short time so that our world policy can begin to make progress instead of being slowed down by partisanship.

This week the House considered a bill which would have provided that an American citizen who commits a crime in a foreign country or in a country which is occupied or controlled by the United States could be later returned from this country and tried according to the law of the country where the crime was committed. If this act had applied only to those people who had gone abroad on their own accord, there would probably have been no serious objection to it; however, since we have so many of our people around the world in the Armed Services and other branches of government service not because they want to be there but because they were drafted and sent there, it seemed to me that this proposal was basically unfair, and I was glad to see it defeated in the House.

Many of the countries where our occupying forces are are certainly not friendly to Americans, and under this proposal, a G. I. who was drafted and sent overseas could, even after he had returned home and been discharged from the service, have been returned to a foreign country where he was supposed to have committed some minor crime and tried under the laws of that country without the benefit of counsel or trial by jury or any other of the safeguards that our Constitution gives to American citizens. If this had been law, it would have been possible for our foreign enemies through specially enacted laws to have taken out their dislike for us on some of our occupying forces by trying them for frivolous crimes that carry high penalties.

CICERO SMITH LBR. CO. TO HOLD REMODELLING CELEBRATION MAY 22-29

Fred Thompson, manager of Cicero Smith Lumber Co., has announced plans for a full week's remodeling celebration which begins Saturday, May 22. Free gifts will be awarded to lucky visitors who inspect the store during the week; on Saturday, May 29, a public large-screen television set and other valuable prizes will be awarded. Everyone is invited to go in and register for the free prizes without any obligation. You do not have to be present to win a prize.

The Cicero Smith Store in Crowell is one of 27 in the system; 22 operate in Texas, 3 in Oklahoma, and 2 in New Mexico. The firm was founded in 1903 with headquarters in Fort Worth, and with only three yards located in Fort Worth, Alford and Decatur. General offices are still located in Fort Worth.

Visitors to the remodelled store here will notice many improvements. The interior of the local store is colorful and well lighted, filled with scores of items that make the store a one-stop shopping center for lumber, paints, tools, building materials of all kinds, and builder's hardware. In addition to these lines, many new

ones have been added. Of particular importance to home owners and those who want to build is the unique new "Home Planning Center" located within the store. In this center, a variety of ideas, plans, and sketches are available without charge. Here may be found economical, worthwhile suggestions that make home building or home repair and improvement much easier and better. And for those who are planning immediate home improvements, Cicero Smith Company features a plan that requires no down payment on work costing up to \$2,500.00 and up to 36 months are allowed for repayment.

In addition to the innovations mentioned, the newly-decorated store is finished in many different types of wall panelling. A representative selection of every product the firm handles is conveniently displayed.

With the increased facilities, contractors and builders can walk into the Cicero Smith Store here in Crowell and quickly, easily find a wide variety of nationally advertised merchandise that is generally available only in larger cities.

This is one of the most modern stores in this trading area, and one of which everyone can be proud.

ELDERLY DRILLING RIG WORKING DESPITE AGE

Although oil men are quick to use the most modern methods, they do not discard tried and true equipment just because it isn't new. One oil company has a record-breaking drilling rig which still is going strong after more than 13 years of operation. It has drilled 1,222,500 feet, or nearly 232 miles, and has set several records for speed and footage. It has been "put out to pasture" now—in a Texas oil field, that is, where it is drilling as usual.

Congress established the Navy Department on April 30, 1798.

YOUR SENATOR REPORTS

by **Lyndon B. Johnson**
U. S. SENATOR

Indo-China: With the recent fall of Dien Bien Phu, the position of France and the Viet Name in the Tonkin Delta became increasingly perilous.

It is perhaps true that Dien Bien Phu had become somewhat overinflated as a symbol of resistance to communist aggression in northwestern Indo-China. But it is also true that the Viet Minh can now concentrate on challenging Franco-Viet Name control in Hanoi and in Haiphong.

North Viet Nam military headquarters are located in Hanoi, Haiphong is the vital seaport through which pass American supplies.

Bleak Outlook: As this is written, I recently have attended another conference between leaders of Congress and Secretary of State Dulles. I cannot discuss details of the conference, but I will say no one there pretended the outlook is anything but bleak.

A very grave threat exists to Indo-China—to the entire Tonkin Delta—even to all Asia. The communist aggressors may be expected to press forward.

Blow to U. S.: The conclusion cannot be escaped that American foreign policy has suffered a stunning reversal.

The bitter truth is that we have been caught bluffing by our enemies.

Our friends and allies are frightened and wondering—as we ourselves wonder—where we are headed. We stand in danger of being left naked and alone in a hostile world.

These are the hard facts. We must face up to their implications.

Month of Prayer: This month of May has been designated as "Come to Church" Month. Many Texas community service clubs and business organizations have arranged for daily prayer services during the month.

We need Divine Aid as perhaps never before in our national history. We must seek it earnestly and prayerfully.

Water Bill: During the 1953 session of Congress, I introduced

Save Our Water: Great dams have been built in Texas. They serve a vital purpose. But they are only part of the answer to our water supply and flood prevention problem.

From 25 to 75 per cent of all flood damage occurs in upstream areas, beyond reach of the benefits of the major downstream structures. Many small dams need to be built across Texas streams. The proposed legislation would encourage the building of these necessary water-retarding structures.

Use of Sea Water: One of these days—and it may come sooner than we think—we are going to have to make sea water fit for use by industrial, agricultural and municipal consumers.

Three years ago, Congress passed a law authorizing the appropriation of \$2,000,000 over a five-year period to carry out a research program into practicable, low-cost means of turning sea water into usable water. That appropriation would be at the rate of \$400,000 a year. But the House has passed a bill appropriating only \$255,000 next year for this research program.

I have urged the Senate Appropriations Committee to raise the appropriation to \$400,000. I believe the full sum is needed.

The research men at work in this field know already that salt water can be made usable. They are now hunting for cheaper ways of doing it. The work should go forward.

Aid for Needy: Together with all other Democratic Senators, I recently introduced a bill to meet a serious crisis which confronts our needy old people, our blind and disabled, and our dependent children.

Two years ago, Congress appropriated legislation increasing the public assistance payments to States for aid to the aged, blind and disabled by \$5 a month, and grants to dependent children by \$3 a month. This increase was for two years. It is scheduled to expire September 30.

My bill extends the increase for another two years. During that time I hope we can work out a basis for putting this addition to the program on a permanent basis.

Effect in Texas: This bill to extend the increase in Federal payments is very important to Texas. Approximately 223,000 senior citizens of Texas are on the old-age assistance rolls. Unless approved, Texas will lose approximately \$13,400,000 a year in Federal funds for old-age assistance.

With the bill sponsored by all 48 Democratic Senators, I am hopeful for favorable action. Failure to act would mean a sharp reduction in the living standards of many thousands of worthy Texas citizens.

New Federal Buildings: We can look for Texas to get some new Federal buildings under the bill providing for private construction under a lease-purchase agreement which would give the Government eventual title to the buildings.

Data received by Senate and House committees indicated Texas probably would rank fourth among all States in the construction program. Some 250 Texas cities were listed as eligible for a total of 286 projects, including postoffices, courthouses, customs buildings and immigration buildings.

WHEREAS, on the 27th day of Feb- ruary A. D. 1954, The State of Texas and the County of Foard, Plaintiffs, and the Crowell Consolidated Indepen- dent School District, Implored Taxing Units recovered a judgment in the Dis- trict Court of Foard County (for the 46th Judicial District of Texas) No. 3081 on the docket of said Court, against Frank Routh, if living, whose names and addresses are unknown; Emma Routh, if living, whose address is unknown, and if dead, all of the heirs and legal representatives of the said Frank Routh, deceased, whose names and addresses are unknown; Emma Routh, deceased, whose names and addresses are unknown; Ammie Routh Barrow, if living, whose address is unknown, and if dead, all of the heirs and legal representatives of the said Ammie Routh Barrow, deceased, whose names and addresses are unknown; H. S. Barrow, if living, whose address is unknown, and if dead, all of the heirs and legal representatives of the said H. S. Barrow, deceased, whose names and addresses are unknown; and Harry S. Barrow, if living, whose address is unknown, and if dead, all of the heirs and legal representatives of the said Harry S. Barrow, deceased, whose names and addresses are unknown; for the aggregate sum of Fifty- Six and 14/100 Dollars for delinquent taxes, interest, penalties and accrued costs on the same, with interest on said sum at the rate of 6 per cent per annum from date of judgment together with all costs of suit. Said judgment directs that a foreclosure of plaintiff lien together with lien of the taxing units which were parties to this suit and established their claims thereto for the amount of said taxes, interest, penalties and accrued costs as ap- portioned to each tract and/or lots of land as described in the above described order of an order of sale, issued by the Clerk of the District Court of Foard County, Texas, on the 19th day of April, 1954, as directed by the terms of said judgment.

As Sheriff of said Foard County, I have seized, levied upon and will, on the first Tuesday in June, 1954, same being the 1st day of June, 1954, at the courthouse door of said Foard County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell or cash to the highest bidder all the right, title and interest of all of the above named defendants, in and to the following described real estate levied upon the 30th day of April, 1954, as the property of all of the above named defendants:

Description
All of Block No. One Hundred Twen- ty-Five (125), in Orient Heights Addi- tion to the town of Crowell, in Foard County, Texas.

Amount Apporportioned Against Said Tract: The State of Texas and the County of Foard, \$24.65; Crowell Con- solidated Independent School District, \$56.13.

That the Adjudged Value or reason- able fair value of the above described property as set by the court is \$100.00, subject, however, to the right of redemption of the defendants or any one of them, in and to the following: any and subject to any other and further rights of the defendants, or any one of the defendants, or any one interested in the provisions of law, said sale to be made by me to satisfy the above described judgment and foreclosing the lien pro- vided by law for the taxes, interest, penalties and costs, the proceeds of said sale shall be applied to the satisfaction thereof. Said sale will be made subject to the defendants' right to redeem the same by complying with the provisions of law in such cases made and provided.

G. GOBIN, Sheriff,
Foard County, Texas.

Our Weekly Sermon

TURNING THE BACK

You've heard of turning your back on someone—it's a modern gesture of scorn and denial. But did you know that this gesture goes all the way back to Biblical times, to the day when the Hebrews were held in bondage in Egypt?

While they were Egyptian slaves, many of the Israelites began to worship the sun as their Egyptian masters did. However, after Moses had led his people to freedom they built a tabernacle in which to worship the one true God. The entrance to this tabernacle faced the east, so that whenever a Jew entered it he turned his back on the east—the direction in which the believers in the sun-god faced when they wor- shiped. Even today, whenever possible, a Jewish synagogue faces the east.

Thus the gesture of turning one's back started as a denial of all gods save Jehovah—the true God. It was the recognition by the Jews of the great Creator who gave the commandment: "I am the Lord thy God... thou shalt have no other gods before me."

There are probably not many sun-worshippers in the United States today, but there is no doubt that many Christians have something in their lives upon which they ought to turn their backs... something that keeps them from putting God first. This something may be the making of money, social affairs or entertain- ment; it may be in the form of a person or a prized object which requires much time or care, such as a car or a house. It may be anything that stands in the way of a daily time of fellowship and prayer alone with God; anything that keeps a person from living the kind of life that God would have him live.

Jesus Himself commanded that those who believe in Him should turn their backs upon everything that keeps them from putting God first. Hear His words in Matthew 6:33: "But seek ye first the kingdom of God and his righteousness..."

Miss Mildred Tamplen and Kenneth Greening United in Marriage

An archway of greenery and red and white roses provided the background for impressive marriage rites during which Miss Mildred Tamplen became the bride of Kenneth Greening. Scene of the Saturday evening ceremony was the bride's home with only close members of the family in attendance. The officiant, Rev. W. J. Kney, pastor of the Margaret Methodist Church, performed the double ring ceremony.

The bride wore a white Irish linen suit with navy trim and navy accessories. She carried a white Bible centered with an arrangement of white carnations and an orchid.

Miss Virginia Tamplen attended

her sister as maid of honor. She wore a navy linen suit with white accessories.

Best man for the groom was Thomas Lee Tamplen, brother of the bride.

The bride, daughter of Mrs. Luther Tamplen and the late Mr. Tamplen, graduated from Crowell High School in 1951 and served as secretary for the school superintendent for one year. She has been working in the Crowell State Bank for the past two years, where she will continue.

The groom's parents are Mrs. Herman Greening and the late Mr. Greening.

The groom attended the Crowell Schools, and also served in the armed forces.

Immediately after the wedding, a buffet dinner was served those in attendance.

After a short wedding trip in

parts of Oklahoma, the couple will reside at their farm home near Crowell.

Open House Honors Rotarians Sunday

Mr. and Mrs. Grady Halbert entertained with Open House at their attractive home in Foard City Sunday afternoon between the hours of 2 and 5 as a compliment to the members of the local Rotary Club, their Rotary Club and several other guests. Mr. Halbert is governor of the 188th District of Rotary International.

Guests were received by the host and presented to the receiving line with Mr. and Mrs. Warren Taysman of Stamford at the head. Mr. Taysman is the governor-nominee of the district for next year. Mr. and Mrs. Irving Fisch were next in line. Mr. Fisch being president of the local Rotary Club. Mrs. E. V. Halbert and Mrs. Grady Halbert were also in the receiving line.

In the dining room, Mrs. Herbert Edwards, Mrs. Irving Fisch, Mrs. Edgar Ellis of Stamford alternated at the pouring of coffee and tea from the beautiful silver service which was a gift to Mr. and Mrs. Halbert from the district of Rotary which he is now serving. Also assisting with serving duties were Mrs. Clinton McLain, Mrs. Glen Goodwin, Mrs. Grady Graves, Mrs. Marion Crowell, Mrs. C. N. Barker, Mrs. Dan Callaway and Mrs. W. L. Johnson. Dainty sandwiches and cookies were served.

The home was artistically arranged with bowls of roses. An informal air of hospitality prevailed.

Out-of-town guests present were Mr. and Mrs. Warren Taysman and Mr. and Mrs. Edgar Ellis of Stamford, Mr. and Mrs. Killen Moore and Mr. and Mrs. Bruce Gibson of Vernon; Mr. and Mrs. Vance Favor and Mr. and Mrs. Walker Todd of Quanah; Don Wester of Fort Worth.

Other guests included Mr. and Mrs. Grady McLain and son, Mr. and Mrs. J. L. Farrar, Mr. and Mrs. Kenneth Halbert, Seth and Harriet, Mr. and Mrs. C. N. Barker, Mr. and Mrs. Dan Callaway, Mr. and Mrs. Fred Youree, Mr. and Mrs. Glen Goodwin, Mr. and Mrs. Claude Callaway, Mr. and Mrs. Clinton McLain, Mr. and Mrs. Grady Graves, Mr. and Mrs. G. P. Sandifer, Mr. and Mrs. Luke Archer and Nancy, Mr. and Mrs. Marion Crowell, Mr. and Mrs. Herbert Edwards, Mrs. Percy Ferguson, George Seif, Henry Ferguson and Mr. and Mrs. T. B. Klepper.

Former Resident to Marry on May 23

Mr. and Mrs. Clyde V. Ketchersid, Rt. 7, Lubbock, announce the engagement and approaching marriage of their daughter, Miss Eva Dolores Ketchersid, to Alexander Gifford Jr., son of Alexander Gifford Sr. of Baltimore, Md. and Mrs. Yvonne Gifford of New Orleans, La. The wedding will be solemnized at 12:30 p. m. May 23, in the Central Church of Christ in Houston with Carl Spain, of Lubbock, performing the ceremony.

Miss Ketchersid, a graduate of Texas Tech is society editor of the Galveston Daily News and Mrs. Gifford attended Johns Hopkins University, and is now news editor of radio station KGBC in Galveston.

Mr. and Mrs. Ketchersid resided in Crowell for approximately 20 years, and have many friends in this territory. They have made their home in Lubbock for the past seven years, where Mr. Ketchersid is engaged in the real estate business.

Bridal Shower Honors Mrs. Kenneth Greening

Mrs. Kenneth Greening, who was Miss Mildred Tamplen until her recent marriage to Mr. Greening, was named as honoree at a lovely bridal shower given at the home of Mr. and Mrs. Ray Hysinger on Thursday afternoon, May 13. Mrs. Hysinger was assisted in hostess duties by Mesdames Jack McGinnis, T. S. Haney, Roy Ayers, Jim Owens, Bob Thomas, Joe Bledsoe, Hulon Monks and Abb Dunn.

Guests were greeted by Mrs. Hysinger. They were registered in the bride's book by Mrs. Bob Ingle. In the dining room, the table, covered by a linen Madeira cloth, followed a pink and white color motif. Pink rosebuds and fernery surrounded the punch bowl. An arrangement of white wedding bells, featuring a miniature bride and groom, centered the table. Pink tapers in silver candelabra flanked the whole.

Pink frosted punch was served with cookies, mints and nuts by Misses Carolyn Monks, Betty Ingle, Patty McGinnis and Sandra Sanders. These young ladies also alternated at playing piano music throughout the reception hours.

The many lovely and useful gifts to the bride and groom were displayed in an adjoining room. The house was beautifully enhanced with bowls of roses.

About one hundred guests called during the afternoon.

ADELPHIAN CLUB

The Adelpian Club met in regular session at the club home on Wednesday, May 12. The club will close its 1953-54 year's work with a luncheon on May 26 at 12:30 p. m.

Mrs. Virgil Johnson was leader of the afternoon's program on "Music." She spoke on "Modern well-known vocalists and pianists," bringing out the fact that Texas is prominent in the musical world. Two piano solos were well given by Noel Wilkins.

In the business session, Mrs. Lewis Sloan was elected as delegate to the 63rd convention of the General Federation of Women's Clubs which will convene in Denver, Colo., on May 31. It was announced that Mrs. J. W. Walker of Plainville is a candidate for vice president of District 2.

Mrs. Guy Todd, as hostess, served an appetizing salad plate to members present.

SUB-JR. COLUMBIAN CLUB

The Sub-Junior Columbian Club met on May 5 in the home of Roxiann Adkins, the hostess.

Following a business session, Billy Bell gave a talk on car theft and Charlene Borchardt presented a few protective tips on how to safeguard cars from being stolen.

Delicious refreshments were served to the members present by the hostess.

Following refreshments, the club ventured downtown and, with small paper keys which reminded owners to take the keys out of their cars, made a check of all cars. On every car in which the key was left, the small paper key was placed. The club hopes that this will be an aid to the citizens of the town and the community as a whole.

WEST SIDE H. D. CLUB

"Everyone, old or young, fat or slim, needs meat. It is an essential food," stated Mrs. Mary Brown at the West Side Home Demonstration Club meeting May 11 in the home of Mrs. S. E. Tate.

Mrs. Brown prepared Swiss steak with vegetable gravy, explaining that the less tender cuts of meat need only long slow cooking to be as palatable and appetizing as the more expensive cuts.

The next meeting will be May 25 with Mrs. Parker Churchill in the home of Mrs. M. O'Connell.

Mrs. Tate served a delicious plate to two guests, Mrs. W. B. Griffin and Mrs. Mary Brown, and the following members, Mesdames E. A. Dunagan, Homer Zeibig, Jack Lyons, J. L. Kincheloe, Tom King, Donald Norris, G. H. Kincheloe, C. R. Bryson, Walter Thomson, S. H. Ross, Oscar Gentry, R. J. Roberts and Bert Mathews.

GAMBLEVILLE H. D. CLUB

In observance of National Home Demonstration Week, the Gambleville H. D. Club held an all-day meeting in the Archie Campbell home May 7.

Mrs. Mary D. Brown, County Home Demonstration Agent, showed the group the latest method of cooking swiss steak.

During the opening exercise, the members told how they thought the club could be made better. Mrs. Horace Phelps was selected as the club's nominee to be a delegate to the THDA State meeting in Dallas August 11-13.

The next meeting will be in the home of Mrs. Fred Digs May 21 at 2:30.

Luncheon was served to Mesdames Frank Gates, Nick Chatfield, Horace Phelps, Buster Gates, Ed Gafford, W. J. Garrett, C. Prosser, Mary Brown and the hostess.

CONVERT "WASTE" CO-2 TO DRY ICE

Freezer to cone, ice cream often is chilled by dry ice from oil wells. The dry ice is converted from carbon dioxide sometimes contained in gas from oil fields. The carbon dioxide won't burn as a gas, and rather than waste it, oil companies may purify it for use in refrigerator cars and other chilling purposes.

Home Demonstration Notes

MRS. MARY D. BROWN

The Dress Revue last Saturday was an achievement you should be proud of. We had 40 dresses entered and they were all very well made.

The majority of the clubs voted to have a joint encampment with the Hardeman County Club members, so sometime toward the end of June the recreation committee chairmen will meet to make further plans.

If you've examined your arbovitae lately you may have found a cone shaped bag hanging from the limbs. This is your cue to destroy the bagworm—now before they ruin your plants. Bagworms are usually found on arbovitae and cedar like plants, but some species munch on atea, elms, roses and oaks.

At this time, a spray or dusting will kill the bagworms. Later when they are grown, the pests must be removed by hand and burned. Two sprayings of 10 per cent chlordane, applied a week apart, will kill the bagworms.

Another effective killer is a spray of 3 tablespoons of lead arsenate to one gallon of water. Toxaphene may also be applied as a spray. Dustings of 10 per cent chlordane or 10 per cent toxaphene are good.

Our recipe this week is—

Cheese Souffle

1 can (1 and 1/4 cups) condensed cream of asparagus soup, 1 cup shredded American cheese, 6 eggs, separated.

Heat soup slowly; add cheese and cook, stirring constantly until cheese is melted. Add slightly beaten egg yolks; cool. Fold stiffly beaten egg whites into soup mixture. Pour into an ungreased 2 quart casserole. Bake in a slow oven (300 degrees F.) for 1 to 1 and 1/4 hours or until souffle is golden brown. Serve immediately. 6 servings.

OIL'S PLAYTIME WORK

Cypress Gardens, scene of the movie, "Easy to Love," owes part of its striking tropical beauty to oil. Kerosine heaters on the premises protect tropical plants and shrubs during cool nights at this Florida beauty spot. Buildings of the establishment also are heated by oil. During the filming of the movie, which starred Esther Williams, Van Johnson and Tony Martin, 7,700 gallons of gasoline were used by the 13 speedboats in the spectacular aquatic stunts. Oil is "on location" for Americans at play and at work, the year around.

TIRED OLD OIL FIELDS GIVEN NEW LEASE ON LIFE

If you heard that a tired oil field was fractured, you might not guess that it gets a new lease on life! Some oil fields, instead of fading away, gain new life when mixtures of sand-laden chemicals and oil are injected into the oil producing formations. The effect is to fracture the formation, thus creating new channels for oil to flow into the immediate well bore. Oil men maintain

an attitude of "try, try again" wrest every possible drop of from the earth.
