FOURTH YEAR NUMBER 19

Fund-Raising Campaign for Boy Scouts to Get Underway Monday, Nov. 29th

The Kick-Off Drive of the Boy Scouts of America will be held in Crowell at the Bible Class room on Monday, Nov. 29, at 7 a. m. with a breakfast, according to Mike Bird, chairman of the drive. The four team captains are: Mr. Bird, Tom Woods, Irving Fisch and Mrs. Henry Borchardt. Each captain will have five workers.

Rev. Grady Adcock, pastor of the First Methodist Church, will help at the breakfast, and Clois Rainwater, District Scout Executive for the Central District, will be in attendance.

Crowell has one of the finest Packs in this Council with approximately seventeen boys. There were about 4,973 boys receiving

Scouting last year in the 13 counties in the Northwest Texas Council.

"As the Boy Scout finance campaign in Crowell approaches, many who are well acquainted with its encompassing activities and character building ideals have already made their decisions to give and give generously, to maintain and increase the movement's effectiveness," Mr. Bird stated.

"However, there may be some others who are skeptical, wondering just where and how the money will be used and just why they should give. Why should this program called 'Scouting' be supported?"

"First and foremost, the Scout program is 'Boy' centered. The entire movement is focused on the boy's interests, needs and activities which he likes. It is a rugged out-of-doors program, full of adventure. It is a stalwart indoors program teaching democracy in action and loyalty to country. Underneath it all, it carries that basic spiritual quality of putting God first in his life, in ways and means which this individual boy has seen taught and believes to be right."

News About Our Men in Service

A-3C Boyce E. Cox is now stationed in Northeast England and his address is 86th Bomb Sqdn., APO 22, New York, N. Y. He is the son of Mr. and Mrs. W. M. Cox.

A-3C Kenneth Ross Adams left Monday for Camp Kilmer, N. J., where he will sail for Germany for 2 1/2 years overseas duty. He has recently finished a course of training at Amarillo Air Force Base and has been spending a four-week leave with his parents, Mr. and Mrs. Dave Adams, and other relatives.

Sgt. and Mrs. E. J. Powers and children, Sandra, Nan and Ronnie, left Saturday morning for Fort Leonard Wood, Mo., after visiting for a few days with Mrs. Powers' parents, Mr. and Mrs. P. W. Mahan. They arrived in Seattle, Wash., on Oct. 13 after spending over two years in Japan. They visited their parents in Woodburn, Ore., several weeks before coming to Crowell. Sgt. Powers is a scrub technician in an Army hospital.

Crowell Stores to Close Today for Thanksgiving Holiday

It is expected that the majority of Crowell business houses, including the post office and Crowell State Bank, will be closed all day today for Thanksgiving, it was announced Tuesday by Tom McCandless, president of the Crowell Booster Club.

The two Crowell drug stores expect to close about 9:00 a. m. for the remainder of the day.

Some of the Crowell service stations plan to close all day and others will be open.

Three Crowell Boys Selected on 1A-9 All-District Team

The football coaches of District 1A-9 met at Iowa Park last Tuesday and selected the all-district teams, both offense and defense, for the 1954 season.

Crowell placed three boys on these teams: Gerry Knox and Don Smith on offense; and Gordon Graves on defense. The following five Crowell boys received honorable mention: Edward Daniel, Jackie Walker, Robert Kincaid, C. T. McDaniel and Ray Gibson.

Milk to Be Provided to School Children for 2c Per Half Pint

The 83rd Congress of the United States passed a bill known as Public Law 690, that sets up \$50,000,000 for the purpose of giving re-imbusement on milk served to children enrolled in non-profit schools for the years of 1954-55 and 1955-56.

A contract has been given the Crowell schools making it possible to provide milk to children in both the Crowell white and Negro schools at the price of 2 cents per half-pint bottle. A few children will be served free milk in each of these schools.

Crowell High School Wildcats Finish Successful 1954 Football Season with 58-18 Win Over Henrietta Last Friday

The Crowell High School football team closed its season out last Friday night at Henrietta by defeating the Bearcats 58 to 18 to make it seven victories out of ten games played this year. The Wildcats had very little trouble annexing this one. In fact, they could have made the score 75 just as easy. Coaches Thayne Amonett and Gordon Erwin used reserves in about half of the contest.

Gordon Graves, senior quarterback, led the touchdown parade with two on runs and throwing two more to left end Dwayne

Boren for scores. Gerry Knox, senior left halfback, ran 5, 75, and 37 yards for touchdowns. Jimmy Thaxton ran 38 and 45 yards for scores. Ray Gibson kicked four extra points out of eight attempts. One pass play failed to produce an extra point.

Henrietta Scores

Allan Graves, senior back for Henrietta, was outstanding for the Bearcats. He romped 80 yards once to set up a score and made several more nice runs in the game. Graves, Donald Moore and John Maddox made Bearcat touchdowns. Two of these were scored on Crowell reserves.

John W. Wright Reports on March of Dimes Conference

The Foard County Chapter of the National Foundation for Infantile Paralysis held its regular monthly meeting November 18 to make plans for the March of Dimes campaign in January and to hear the report of John W. Wright, county chairman, on the Texas March of Dimes Conference held in Austin on Oct. 18. According to Mr. Wright, the main theme of the conference was the fact that although the Salk vaccine shows great promise of success in the fight against polio, the fight is not yet won and there is still a tremendous lot of work to do and an enormous amount of funds needed for polio patient care and rehabilitation, continued research and polio prevention.

Henry Black, March of Dimes campaign director, presided and preliminary plans were made for the January fund raising campaign. He appointed Mrs. Cecil Carpenter of Thalia as Special Events Chairman and it was decided that several special events would be presented in January, including ball games, an amateur show and box supper. A lot of enthusiasm was manifest and Mr. Black was assured full cooperation in getting the big job done. The Mothers March on Polio is expected to be county-wide this year.

A bill for new braces for Denny Garrett to replace the ones he had outgrown was approved.

Those present in addition to those already mentioned were: Mike Bird, Mrs. Raymond A. Bell, Mrs. Marion Crowell, Mrs. Otis Gafford, Mrs. Cap Adkins, Mrs. Virgil Johnson and Mrs. M. M. Welch, chapter secretary.

Church School Attendance Report

Church school attendance at the various churches of the county for Sunday, Nov. 21, follows:

Assembly of God	89
First Christian	105
Freewill Baptist	58
First Methodist	160
Down Town Bible Class	74
First Baptist Church	227
Margaret Baptist	57
Margaret Methodist	35
Total	785

NEW FEED STORE

Arnold Rucker has enlarged his building, located one-half block southwest of the square, and has put in a stock of Chic-O-Line feed for poultry and livestock.

He will continue to grind feed as he has been doing for the past several years.

Achievement Day for H. D. Clubs Held Saturday

The seven Home Demonstration Clubs of Foard County held their annual Achievement Day and food sale last Saturday, Nov. 20, in Mrs. B. W. Self's building on the west side of the square. A total of \$115.15 was made from the food sale and money turned in by the clubs.

Each club had an educational exhibit and a display of things they had made during the year. There was also a table of Christmas gift ideas.

The educational exhibits were as follows:

Gambleville: "Simplify Your Work."

Foard City: "Make Your Own Belt."

Thalia: "Freezer Containers."

Margaret: "Cutting from shrubs."

Vivian: "Interfacing Your Dress."

Riverside: "One Dish Meals."

West Side: "Your Accessories and You."

"On behalf of the Home Demonstration Clubs," Mrs. Mary D. Brown, County Home Demonstration Agent, stated, "I would like to thank everyone who helped us to make this year's Achievement Day such a success."

TO PLEDGE FRATERNITY

Don Gobin of Crowell has been selected to pledge Sigma Phi Epsilon social fraternity at North Texas State College in Denton this semester.

Gobin, the son of Mr. and Mrs. J. L. Gobin, is a sophomore business major.

FRENCH PREMIER VISITS WASHINGTON— French Premier Mendès-France (right), is shown with Secretary of State Dulles (left) and Vice President Richard Nixon in Washington during his four-day goodwill visit. The governments of the United States and France agreed to press for the early ratification of the pacts to arm West Germany and have rejected a Soviet proposal to delay such action.

Last Rites for Perry M. Hinkle Held November 11

Funeral services for Perry M. Hinkle of Temple, Okla., resident of the Good Creek community for many years, were held at the First Baptist Church in Crowell on Thursday, Nov. 11, with Rev. C. T. Aly, pastor, officiating, assisted by Rev. J. R. Wooten, pastor of the Free Will Baptist Church.

Burial was in Crowell Cemetery under the direction of Womack Funeral Home.

Pall bearers were Roy Daniel, Byron Davis, Andy Joy, Clarence Beesinger, George Brown and J. W. Golden. Flower bearers were great nieces, Mrs. Claude Johnson, Mrs. Andy Joy, Mrs. Glendon Russell, Misses Ruth Hinkle, Lula and Virginia Scott.

Mr. Hinkle was born June 4, 1873, in Wise County. He was 80 his last birthday. He had made his home in Temple, Okla., until he became ill in June of this year. He entered a rest home in Vernon where he passed away on Nov. 8.

Former resident of Foard County, Mr. Hinkle lived in the Good Creek community from 1910 until 1937. He was married to Mrs. Agnes Everhart of Sweetwater in 1935. She died while they were living in Iowa Park.

Mr. Hinkle was a good citizen and highly respected by all who knew him in this community.

Survivors include two brothers, A. C. Hinkle of Crowell and E. S. Roberts of Strathmore, Calif., and a large number of nephews and nieces.

Out of town relatives and friends attending the funeral services were Mack and Roy Taylor of Forestburg, uncles of the deceased; Mr. and Mrs. C. C. Barker, Mr. and Mrs. Earnest Barker, Mrs. R. J. Barker, of Hollis, Okla.; Mr. and Mrs. F. A. Hinkle of Amarillo, Mrs. Claude Johnson of Dallas, Rudy Hinkle of Lockney and Mr. and Mrs. T. N. Birdsong of Levelland. Mr. and Mrs. E. S. Roberts and Mr. and Mrs. Riley Kennedy of Strathmore, Calif., arrived here too late for the services.

DOWN TOWN BIBLE CLASS

Attendance at the Sunday morning meeting of the Down Town Bible Class was back to normal Sunday with seventy-four present.

Mrs. J. R. Beverly served as pianist for the group singing and also substituted for Mrs. Joe Ward in the trio from the First Christian Church who sang two numbers. Mrs. Ward had a sore throat and was unable to sing. She was piano accompanist for the numbers rendered by the trio, which was composed of Mrs. Zelma Hulse, Joe Ward and Mrs. Beverly.

The regular teacher, Leslie Thomas, delivered the morning message.

NEW CARS REGISTERED

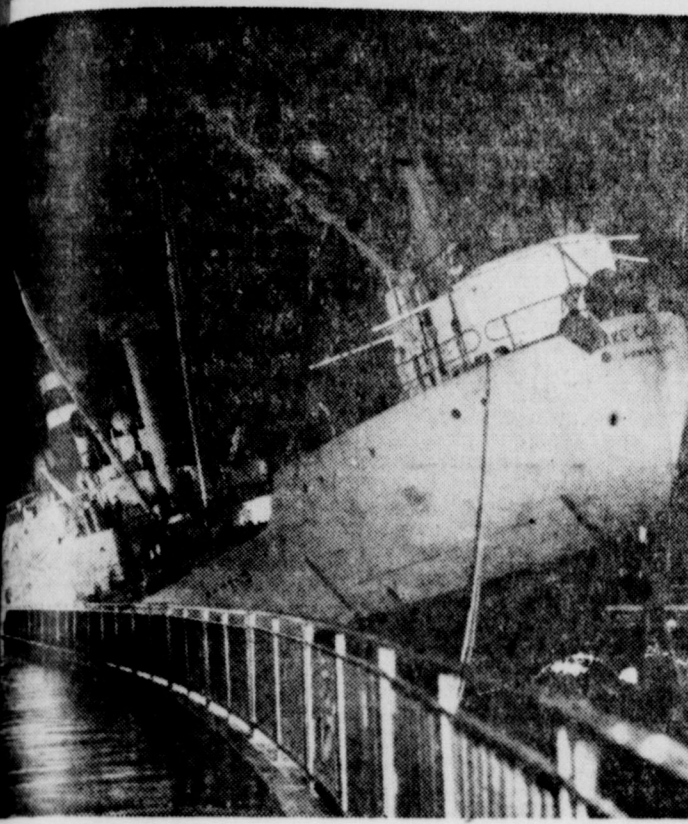

New cars registered in the office of the tax assessor-collector since October 18 follow:

Oct. 18, Rev. G. C. Laney, 1954 Ford 4-door; Oct. 20, Texas Natural Gas Co., 1954 Chevrolet 2-door; Oct. 21, Mrs. Maggie Campbell, 1954 Ford 2-door; Oct. 29, M. A. Wilkins, 1954 Ford 2-door; Oct. 30, Furd Halsell II, 1954 Oldsmobile 4-door; Nov. 1, John McGann, 1955 Chevrolet 4-door; Nov. 3, Billy J. Collins, 1955 Chevrolet 2-door; Nov. 10, D. C. Brewster, 1954 Chevrolet; Nov. 12, Lottie Whitaker, 1955 Chevrolet 2-door.

PIONEER DIES

John M. Campbell, 88, pioneer of Dallas County and cousin of Mrs. C. P. Sandifer and H. K. K. and A. D. Campbell of Crowell, died in a McKinney hospital on Tuesday, Nov. 16.

Mr. Campbell's father settled on land in Dallas County, near the Dallas-Collin County line, in 1851 and Mr. Campbell had lived on a part of this land all of his life. Burial was in Richardson.

TUGS PUSH UP—The stern of the tanker Lake Charles is being pushed by tugboats in the harbor. The tugboats are pushing the ship towards the seawall and shallower water to prevent the possibility of sinking. One crewman aboard was injured. However, the extent of the damage was not immediately determined.

Conservation Service Predicts Drought-Stricken Foard County Will Blow Badly This Winter

Conservation Service predicts that the most important factors in the conditions that will result in soil blowing. However, though Foard County has drought and high winds, land is good cover of small grain and sorghum stubble will not be blown away. There are many acres of sorghum in the Lower Pease River Soil Conservation District that will serve effectively to control wind erosion during the winter months and spring if it is not grazed too closely and is left on the surface of the land.

During dry years, such as this one when there is no winter wheat to graze, there is a great demand for grain sorghum stubble for grazing. Farmers should remember, however, that close grazing of stubble land with the livestock trampling the soil puts it in a condition to blow readily when the high winds begin during the winter months. Severe blowing and damage may result from overgrazed fields.

Many farmers are now practicing stubble mulch tillage so as to leave all or part of the stubble on or near the surface of the land. Keeping the ground covered with either growing plants or residue from dead ones has been found to be the most effective means of controlling blowing.

Darvin Bell, cooperater with the local district, is harvesting guar seed on his farm east of Thalia this week. He is harvesting about 500 pounds of seed per acre in spite of the dry year. Mr. Bell has been planting guar for several years and has been rotating it around on his farm as a soil building crop.

Accepts Position As Deputy Sheriff of Childress County

Dan E. Callaway of Crowell has been hired as deputy sheriff of Childress County, it was announced in Childress Saturday by Sheriff-elect Gaylon B. Smith.

Callaway, a former deputy sheriff of Foard County, who also served one year as City Marshal of the City of Crowell, will assume his duties as deputy sheriff, jailer and caretaker of prisoners on Jan. 1, 1955.

Both the sheriff-elect and Mr. Callaway will attend a school of instruction conducted by the Department of Safety in Austin next week.

ROTARY CLUB

At the regular weekly luncheon of the Rotary Club of Crowell Wednesday at noon, Rev. Grady Adcock delivered a timely and appropriate Thanksgiving message.

Visitors at the meeting were H. M. Howe of Roanoke, Richard Alexander and B. Lennis Smith of Paducah, and Alex Dickie Jr. of Krum.

CONVICT OFFICER OF BRUTALITY—Army Lt. Charles Anderson, convicted by an army court martial at Camp Gordon, on 17 charges of mistreating 11 trainees, which included striking one soldier in the limb by his ankles. The man jury of officers brought the decision after a three-day trial. Lt. Anderson's sentence is subject to review by high Army officials and a court of military appeals.

WILDCATS SPANK HENRIETTA

The Crowell Wildcat football team closed the season last Friday as they romped over the Henrietta Bearcats by a score of 58 to 18. Nothing could stop the Crowell boys as they rolled up 19 points in the 1st quarter. Gordon Graves scored the first on a plunge from the one yard line. Gerry Knox scored the next two TDs, one from the five and the other a sparkling 75-yard romp

On a punt return. The Cats scored 4 more TDs in the second quarter. Jimmy Thaxton scored the fourth score of the game when he scampered 38 yards for the score. Three more scores were made before halftime when Gordon Graves threw a 32-yard pass into Dwayne Boren's waiting arms. Knox scored his third touchdown on a 30-yard run to leave the score at the half 46 to 6. Crowell made two more scores in the third quarter.

The last Crowell score was a 15-yard toss from Graves to Boren. The Bearcats managed to score only three, and the final score was 58-18. This was the final game for seniors: Gerry Knox, Gordon Graves, Robert Kincaid and Don Smith. Two big linemen, Jackie Walker and Ed Daniel, will be ineligible because of their age. As the pages of this football season came to a close, we see that we have had a very good team this year. The Wildcat team of 1954 winds up the season with a 7-3 record, winning 70 per cent of their ball games.

B TEAM ROLLS OVER LOCKETT

The Wildcat B team wound up the season with a perfect record. Their last "victim" was the Lockett B team. The Wildcats beat them 21-0. Fullback Ray Gibson, a displaced first team man, scored all three touchdowns and also converted all three points after touchdowns.

Those who saw action in this game were Gibson, Dwayne Boren and Don Kidd, who are also first team men, and Shorty "One Way" Orr, Printess Gidney, Billy Everson, Roy Payne, Melvin Washburn, Louis Rettig, Aldon Garrett, Jerry Pittillo, Dale Rettig, Edward Howard, Ray Thompson, Harvey Smith, Jack Gentry, James Doyal and Gordon Cates.

THOUGHTS ON THANKSGIVING

"Thou hast given so much to us, give me one thing more, a grateful heart." This prayer was ex-

pressed by the great English writer, George Herbert, in the early 16th century. Mr. Herbert's adoration is still very appropriate for the coming Thanksgiving season some four hundred years later.

Everyone in this great country in which we live should offer a prayer of similar significance. Our blessings are so numberless that it would be impossible to comprehend their importance and value.

We have been endowed with citizenship in a country where we are free to act, speak and think as we wish. The first Thanksgiving was held in America by the Pilgrims after that first bitter winter at Plymouth Rock. They were thankful for the few small blessings that God had given them. By comparison, we American citizens of today have many times more than that small group who survived the first winter on this continent; therefore, we should express our gratitude with larger actions and words. This grateful attitude which is present in our minds during the Thanksgiving season should remain in the hearts of the American citizens throughout the year to teach humbleness and appreciation of their many blessings.

RADAR VERSUS SPEED

Now more than ever, we, as Americans, should take heed of the precision of the radar units made to clock the speed of cars. With the Thanksgiving holidays just around the corner and death for some of us just around the next, we can afford to slow down a bit and drive more carefully. This is a time to be thankful, not to mourn for someone killed in an automobile accident.

The Texas Department of Public Safety has installed radar speed meters to catch violators of the speed laws of the state. Speed is one of the most frequent causes of traffic fatalities, ranking about the same as fatigue and alcohol.

If we go on a very long trip over the holidays, would it not be better to drive safely and have more to be thankful for?

MURPHY MAKES MARKS

Anytime is a good time to write a personality sketch on Wanda Murphy because this tall, blue-eyed blond stars in anything she participates in.

Like any typical teenager, Wanda enjoys sports in general, but says that football tops all lists. Music pleases her too, especially popular tunes.

When it comes to movies, Rock Hudson and June Allyson lend her ample entertainment. The Murphy talents always turn

to the unusual. Because of this fact, she is outstanding in her school work, loves to be friendly to all, and to please her friends. After graduation, Wanda does not know definitely what she wants to do, but in whatever she decides to do, we feel that success and happiness will be knocking on her door.

HOPKINS—TYPICALLY TEXAN

This week we make note on a senior boy who has light brown hair, a medium build, and a very acceptable personality. When you see that sparkle in his eye, you know he has just popped one of his "cute wisecracks" or has seen Charlene!

Having played basketball all his life, he chooses this as his favorite sport. His favorite pastime is watching a good rodeo or sitting beside "Charlie" in a good movie, starring his favorite, Audie Murphy. He likes hillbilly music and thinks Webb Pierce is tops.

All this, however, can be topped by his favorite food—chick-on fried steak with all the cream gravy and hot biscuits he can possibly eat!

SPANISH STUDENTS SUP AT SUPPER

On Tuesday, Nov. 8, the Spanish class had a Spanish supper at the Grady Halbert home near Foard City. The meal consisted of enchiladas, tacos, Spanish rice, Spanish beans, salad, tamales, Spanish casserole, and to add a little zest to all this, hot peppers. We had iced tea to drink and ice cream and cake for dessert to cool us off.

The occasion for this little fiesta—no particular occasion. The Spanish class just decided to have a Spanish supper. All of the members, including the professor, Henry Black, helped. Muchos gracias to the seniors, Mrs. Foster Davis, Mrs. Grady Halbert, Mrs. Buster Cates, Mrs. Moody Bursey and Mrs. Herbert Edwards for preparing the meal.

The Halbert home was chosen for the event. Oh yes, before I continue, does anyone know why Bill Halbert stumbled out of the class after the decision mumbled "How unlucky can some people get?" Poor Henry discovered a fly in his tea after emptying the glass, but it couldn't be avoided, really. That poor fly met his doom just as the guests arrived, and Eunice couldn't find the waste basket, and a fly would look horrible in the ash tray, and then there was that handy tea glass right behind her. Oh, that girl!

All kidding aside, everyone enjoyed the summer immensely. All of the members of the class want to thank the mothers for prepar-

ing the meal, the Halberts for their home, and Mr. Black for making it possible.

'54 ANNUAL RATES HIGH

The result of many hours of hard work and worry was disclosed recently when a representative of the National School Year Book Association met with this year's annual staff.

After publication, our last year annual was sent to the association at Houston to be scored. This is a critical service that is for the benefit of the sponsor and staff in order to know what they did right and wrong. The books are scored according to some 50 points: our 1954 Round-up rated above average; however, the general appearance rated as excellent. The chief criticism was the fact that some pictures did not have enough information beneath them.

This was the first time that our annual had been sent for scoring. Also when this year's annual staff attended the yearbook clinic at Amarillo, representatives from the Newsfoto Publishing Co., San Angelo, highly complimented the book and congratulated the sponsor and staff.

CHEMISTRY CLASS MAKES DISCOVERIES

The CHS chemistry class started with the theory that matter is composed of tiny particles and have advanced to the stage of finding the percentage of water and oxygen in many compounds. Mr. Welch's class has "lab" approximately once a week, and the rest of the time is spent in studying the material in the text book.

They have learned the properties of oxygen and hydrogen and have become more acquainted with the metric system and the method of weighing substances accurately.

A recent experiment in which the class participated was that of silvering glass. After boiling a dilute solution of sodium hydroxide in a test tube, cleaning it with water, rinsing it with dilute hydrochloric acid, and re-rinsing it carefully with water the experiment was well under way. To the silver nitrate solution they added a few drops of ammonium hydroxide which formed a precipitate, silver hydroxide.

After adding formaldehyde and stirring, the contents and test tube were placed in a beaker half filled with water. When the beaker was heated, bright shiny silver formed on the side of the test tube.

NEW TORSO TWIST

This fall and winter, as every season, ushered in some bright new fashions, a few of which seem a bit radical.

A new color for women and girls is avocador green. Everything is dyed this popular new shade, including accessories.

The new "Christian Dior look," which has aroused so much attention throughout the world, is actually an almost exact replica of the "pencil" look of the twenties. The top is slim, the waistline dropped, and the neckline is often flared or fluffed. This idea has not affected Crowell much, and most of the males will agree that it can go back "from where it came."

Speaking of accessories, rope beads are the rage. Cover the entire front of your dress, and you are the picture of fashion. Hats are really not hats at all. Few of them have crowns, and veils are very popular.

Hair is longer this year; however, hair stylists agree it should not be longer than from two to four inches below one's natural hairline. Also, the crown is smooth and not nearly so fluffy as the

once very popular "poodle." For men pink and black is still popular. The newest, most striking color combination is orchid and yellow and the majority of the female population agree that they like these new ideas.

CLOWN REVEALS MAKE-UP TECHNIQUE AND CIRCUS TRICKS

Right from the sawdust ring from the big tops of all of America's leading circuses, that delightful and famous entertainer, Happy Maxwell, Clown, complete with an array of costumes and props, performed for Crowell High school at the auditorium last Monday, Nov. 15. He was substituting for Lew Hershey, the noted circus clown. Hershey has been connected with all of the largest circuses in America since 1914. During that time, he has appeared in every major city in the United States and Canada.

When the circuses paraded, he played the callopie; and during the performance clowned throughout.

In the assembly program that Maxwell presented, he took the students back in his dressing room (so to speak) and showed how the clowns get ready to work, such as putting on the make-up, showing little tricks in how to change the looks of his face, explaining how the different "guys" are costumed and made up. Sto-

ries, experiences, and thrills of the circus were unfolded, and an "inside" look at clowning was portrayed.

THANKSGIVING IS THEME FOR HOMEMAKING SUPPER

A Thanksgiving dinner was served to the Homemaking Club. (Continued on Page 7)

To Relieve Misery of COLDS take 600 ARTHRITIS

LIQUID OR TABLETS—SAME EFFECT

I have been wonderfully blessed and restored to active life after being in nearly every joint in my body and muscular soreness from head to toe had Rheumatoid Arthritis and other ailments were set. Limited space prohibits telling you here but if you will write me, I will at once and tell you how I received wonderful relief.

Mrs. A. P. Barry and Mrs. Annice Bell of Charlie are here to spend the Thanksgiving holidays in the home of their daughter and

Nickel Alloy Steel Castings

Due to the severe service conditions to which earth moving, hoisting and road building equipment is subjected, nickel alloy steel castings are used extensively in their construction. The addition of nickel increases the ability of the cast steel to withstand shock or impact and permits the use of lighter sections with safety. Nickel-manganese and nickelchromium steels are employed for such parts as shovel dipper bodies and teeth, excavator body frames, tractor crawler treads, crusher frames, and gears and sprockets.

Cupro-Nickel Alloys

The cupro-nickel alloys containing from 10 to 30 per cent nickel with the balance mainly copper are most notable for their resistance to corrosion and fouling by sea water. These alloys are used for construction of coolers and condensers on ships and in coastal power, industrial and chemical plants. In addition, they provide materials of good strength and weldability for use with chemical solutions involving low concentrations of many acids.

Two-Tone Styling Adds Sparkle to Sport Coupe

Certain to share the beauty spotlight in Chevrolet's latest line of passenger car models is the Bel Air sport coupe, completely re-styled for 1955. Among noteworthy features in the above view are the broad, low grille and hood lines, appreciably increased vision through the new sweep-sight windshield, and the effect of sleekness imparted by chrome molding strips. This special two-tone color styling will be available on Bel Air sport coupes and convertibles among the 14 models.

"Speed Limits Radar Enforced" Are New Signs on Highways

A new "sign of life" will appear on many of the highways of Texas this month. It's a new highway traffic sign and, like most of the others which are familiar roadside markers to motorists, it is designed to prevent costly motor vehicle accidents and save human lives.

These new signs will read "Speed Limits Radar Enforced" and the Texas Highway Department has slated their early construction in order that they will be in place by mid-November when the Texas Department of Public Safety is expected to begin the operation of radar equipped patrol cars on the principal traffic arteries throughout the state.

Texas will thus join 31 other states and 50 cities which are currently employing radar as a device for lowering the traffic accident rate due to excessive speed.

During the past several months the Texas Department of Public Safety has conducted an educational demonstration program of the radar units in each of the 16 Texas Highway Patrol Districts within the state. Colonel Homer Garrison Jr., director of the DPS, says that these demonstrations have been staged for the benefit of members of the press, radio and TV as well as for public officials, including judges and prosecutors, in order to ac-

quaint them with the operation and the accuracy of the devices. "We know of no instance," said Garrison, "in which those who have witnessed these demonstrations have failed to acknowledge the accuracy and the fairness of this method of coping with fast drivers."

The Public Safety Director also pointed out that speed continues to be the principal contributing factor in the State's fatal traffic accident picture. He emphasized that radar is no "cure-all" for the traffic problem and, in no way, replaces manpower in the enforcement of the speed laws. "Rather," Garrison added, "we consider it only as another tool to be utilized in protecting the public against the consequences of the acts of the thoughtless, the careless and the indifferent drivers who constitute a menace to the public safety by driving too fast for conditions."

According to Garrison, the "Speed Limits Radar Enforced" signs will be erected immediately outside the city limits of towns on the approach to stretches of highway where the mobile radar units will be employed and just inside the state lines on those roadways where they will be in use. Additional signs will be placed, also, between the cities where it is deemed necessary to inform the public of the enforcement procedure being employed.

Lots of men live to see the day they can rejoice because they didn't get what they wanted.

CAUTION!

Outside TV Antennas and Towers are NOT insured against Wind and Hail damage unless specified in your policy.

The Party Line Changes

According to a top authority, J. Edgar Hoover of the FBI, the American Communist party has changed its line. It has, outwardly at least, abandoned the call "for militant action and the defense of violence as a justifiable means to power." Instead, Mr. Hoover said, it is now trying to picture itself as advocating "a peaceful path to socialism."

An important footnote can be added to Mr. Hoover's warnings. Government in business is socialism—and for 20 years our government went deeper and deeper into business. The more government in business we have, the closer we are to complete socialism. And socialism, as the hard core of American communist leaders knows well, is simply the prelude to a communist state, patterned on the Russian model of tyranny, terror, and enslavement.

Monel Protects Steel Piping

Because of its excellent resistance to corrosion by salt water, the alloy Monel is used sheathing to protect steel piping at the water line in exposure to sea water.

Ad lib means "at pleasure."

AS GENERAL ELECTRIC SEES IT...

Every year Americans live better because electricity costs so little

These 30 everyday General Electric appliances lined up on the front lawn dramatize the impact of low-cost electricity on American life. Per capita use of electricity in U.S. is 2 times Britain's, 5 times Russia's, 167 times India's.

An average U. S. family uses enough power each day to equal the energy output of 35 hard-working men

Nowhere on earth has electricity been put to work more widely than in the United States, and its price been kept so low.

We've come a long way since Thomas Edison invented the first home use of electricity — an electric light — just 75 years ago. There are three reasons for this progress.

First, America's electric utilities have invested in facilities (\$18 billion in the last ten years!). And the electrical industry has steadily increased the efficiency of power equipment. Turbine-generators made by General Electric, for example, produce 10 times more electricity per pound of coal than

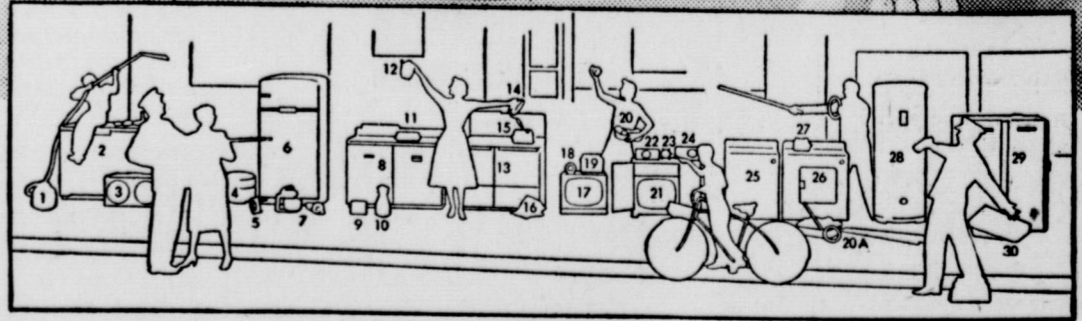

Edison's original generators.

Second, appliances have been constantly improved and are mass-produced to bring their price within reach of everyone. The first 60-watt lamps cost about \$1.00 and gave a light equal to 7 candles; a G-E 60-watt lamp today gives a light equal to 67 candles, and costs only 19 cents.

The third reason for progress is our free economy, which has allowed industry to grow, create jobs and produce effectively for everyone's benefit. As we see it, it adds up to a good example of progress in the American way.

Meanwhile, we're hard at work to make the future even better.

For more information, send for 36-page illustrated booklet, "Power Maker for America"—the story of how electricity is made. Write General Electric, Dept. O2-119, Schenectady, N. Y.

Mrs. Duke Wallace has returned home from Dallas where she visited with her son and wife, Mr. and Mrs. Valton Wallace.

Miss Florence Black attended a study meeting of Beta Gamma chapter of Delta Kappa Gamma in Vernon Monday evening of last week.

Mr. and Mrs. John E. Long and Mrs. J. S. Long went to Fort Worth Tuesday where they will spend Thanksgiving with their sister and daughter, Mrs. John Hakala, and husband.

J. W. Naron and two daughters, Joyce and Lois, attended the IOOF and Rebekah Circle of Texas and Oklahoma in Eldorado, Okla., on Nov. 16. There were 130 persons in attendance.

Annual fall bargain rates on the Wichita Falls Record-News and Daily Times, \$10.75 per year for either paper, are now in effect. The News would appreciate handling your renewal and also solicits new subscribers. 19-11c

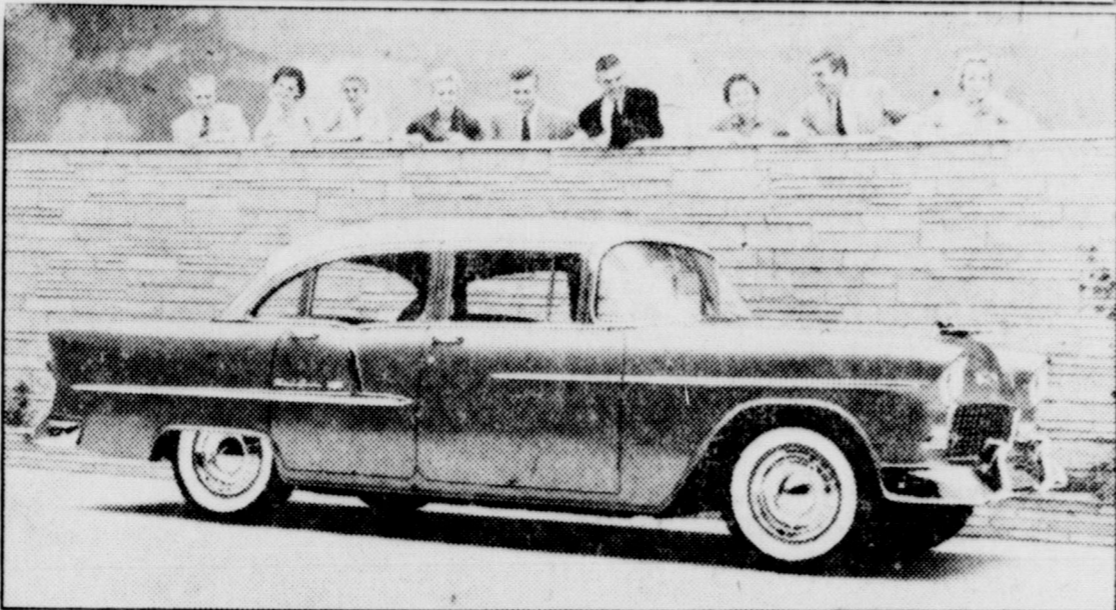

Mr. and Mrs. Nick Chatfield and Wayne Nickie of Crowell and Mr. and Mrs. George Cantrell of Hereford went to Fort Worth on Saturday to attend the wedding of their niece, Miss Martha Louise Lee.

Mr. and Mrs. Ray Brown moved into their new and modern home on North 4th Street last week. The new two-bedroom home had been under construction for the past three months.

The fall bargain rate for the Fort Worth Star-Telegram for one year is \$13.95. The News handles many renewals and new subscriptions to the Star-Telegram and this business is appreciated. Let the News handle your renewal or new subscription to the Star-Telegram.

A man who refuses to try to help himself finds little sympathy when he seeks outside assistance.

V8 Power, Complete Re-styling Mark Chevrolets

A styling advance from any point of view is accompanied by new frames, new suspensions, claimed by the company for 1955 Chevrolets. The latest lineup of 14 models has been completely restyled and in addition incorporates the widest optional Powerglide or overdrive and new V8 engine plus two six-cylinder engines, a customer has a choice of six "power packages." The Bel Air Chevrolet on a new model. Lower, fleet line is pictured above.

CARD OF THANKS

I would like to express my sincere thanks to the doctors and nurses, the Men's Down Town Bible Class and everyone else who was so kind to me while I was in the hospital.
Dutch Hollenbaugh. 19-11p

CARD OF THANKS

We want to thank our friends and neighbors for the many kind deeds done for us during the time our son, Carroll, was in the Foard County Hospital. We also want to thank the doctors and nurses for their kindness and excellent care. May God bless each of you.
Mr. and Mrs. Marion Chowning Jr.

CARD OF THANKS

We wish to express our thanks to the friendly people who shared our sorrow during Uncle Johnny's illness and death.
Mr. and Mrs. Thomas R. Nichols and family.

Long-Life Heating Elements

Practically all of the electrical heating elements used in domestic appliances such as toasters, electric irons, ranges and waffle irons, are made of alloys of nickel and chromium. These alloys resist oxidation and remain mechanically stable at temperatures as high as 1800 degree Fahrenheit, thus insuring long-life heating elements.

Terramycin and Its Effects on Fattening of Livestock Given

Steers fed 75 milligrams of terramycin daily gave additional returns of \$3.93 per head in preliminary antibiotic feeding trials at the Spur Agricultural Experiment Station.

"Antibiotics in poultry and swine rations have been used successfully to increase gains and reduce their cost," says Joe Burkett, County Agent. "But the benefits of antibiotics in fattening rations of ruminants have not been fully developed."

In these latest studies two groups of seven steers each were fed terramycin animal mix, TM-5, at rates of 75 and 150 milligrams daily. A third group of seven steers served as a check.

Animals fed 75 milligrams consumed 111 pounds less feed for each 100 pounds of gain while those on 150 milligrams took 52 pounds less feed for the same gain. During the first 28 of the 110-day trial, feed consumption for all groups varied only slightly. The effects of terramycin were noticed after the twenty-eighth day.

While daily gains of 2.18, 2.21 and 2.10 pounds were not significant, Burkett says reduced feed intake made the difference and gave the terramycin-fed animals the advantage.

Because of the increased cost of terramycin — about 65 cents a pound — steers fed at the 150 milligram level had an overall higher cost of gain and returned only \$1.08 per head over animals deprived of the antibiotic. All steers sold for the same price at the Fort Worth market.

The terramycin was mixed with cottonseed meal and ground grain and spread over chopped hegarri bundles or fodder in the feed troughs.

Beef Cattle Need Plenty of Roughage

Roughage — and a lot of it — will be needed to care for beef cattle through the winter. Consider both the amount and quality of roughage you feed, says Joe Burkett, County Agent.

Roughage in some form should be available to livestock at all times. This doesn't necessarily mean it must be of the highest quality, but the higher the feeding value the better, Burkett says. Roughages very low in nutritive value can be fed with success if adequate supplement — about two pounds of cottonseed meal — is supplied each day. Cotton burrs, peanut hulls, corneobs and rice straw fall into this category.

Burkett cites specific rations based on years of research and study which are recommended for feeding in Texas. Use about four pounds of legume hay with 14 pounds of cottonseed hulls or oat straw for each animal daily. If sorghum silage is available, feed 40 to 50 pounds of either and one pound of cotton seed meal or cake daily.

Eighteen pounds of Johnson grass or prairie hay supplemented with one to two pounds of cottonseed meal or cake makes a top-notch ration for dry cows where the hay is available, says Burkett. If Johnson grass or sorghum hays were cut early and did not get rained on, he says producers may get by without any supplement.

A cow nursing a calf will need about 60 pounds of sorghum silage or 20 pounds of Johnson grass hay fed with two pounds of cottonseed meal or cake daily. Less feed is needed to keep cows from losing weight than to put it back on after it is starved off. Fleshy animals, the type most easily wintered, may lose 150 to 200 pounds without impairing the production of a calf.

Salt and steamed bone meal mineral supplement will complete the winter feed requirement of beef animals and should be fed free-choice, Burkett concludes.

"Nickels" by the Billions

Since Government Mints in the United States first started minting five-cent pieces back on May 16, 1866, they have turned out more than four and one-half billion of them. Although commonly referred to as "nickels," the United States five-cent coins contain only 25 per cent nickel, the balance being copper.

It Doesn't Make Sense

The Texas Safety Association asks a pertinent question: "Would you gamble with your life to save a minute?"

That sounds like a foolish question. But, believe it or not, thousands of people take that gamble every year and lose.

Watch people's actions in traffic for an indication of the terrible odds they pit their lives against. Perhaps they're dashing off to the office, or rushing home to dinner, or they're late for an appointment. Whatever it may be, they're pressed for time and they begrudge the minute—or the few

MRS. C. H. WOOD

Mr. and Mrs. Charles E. Wood and daughter, Genie Susan, of San Antonio spent the week and through the holidays with his parents, Mr. and Mrs. C. H. Wood.

They were accompanied by her small brother, Davis Farr. Mrs. Hairston of Knox City visited her daughter, Mrs. Dee Powers, and family last week end. Mrs. O. M. Grimm, Mrs. Leslie Abston, Mrs. A. K. Edens and Mrs. Raymond Grimm visited Mrs. Bob Abston at Crowell Wednesday of last week. Mrs. Chester Hord and son and

Mrs. Milburn Carroll and son of Crowell visited Friday afternoon in the Robert Long home.

Ralph Dunn, Mr. and Mrs. Jim Dunn and Roberta and son visited the Elmer Dunns in Vernon Sunday.

Rev. W. B. Fitzgerald and wife left Monday on a vacation trip to Lawton and Tulsa, Okla.

Maxine Walker of Crowell spent Tuesday night of last week with Peggy Long.

B. A. Whitman, Morris McCarty, Oneal Johnson and Charlie Webb have returned from a deer hunt in South Texas.

Mr. and Mrs. Jesse Moore visited Mrs. Duane Capps in a Vernon hospital Sunday.

Mr. and Mrs. Lowell McKinley and children of Pampa spent the week end with his parents, Mr. and Mrs. E. J. McKinley.

Mrs. Johnny Wright and Mrs. Alene Williams of Crowell visited the Raymond Grimms Thursday afternoon. A. K. Edens and sons, Wilbur and Murl, of Vernon also visited in the Grimm home Thursday.

Mr. and Mrs. Bill Mixon and sons, Tommy and David, of Fritch spent the week end with her parents, Mr. and Mrs. C. C. Wisdom.

Mrs. Grover Nichols of Crowell spent Friday and Saturday nights with her sister, Mrs. H. W. Banister.

The Tom Wards and Ernest Toles of Chillicothe attended services at the Church of Christ here Sunday morning.

John Wright made a trip to Waco this week.

Buck Odie of Big Spring and Mrs. Winnie Tarlton of Snyder visited Mrs. Shirley Duncan, the G. C. Shotts and the L. A. Roberts families last week end.

Roy Shultz returned Saturday from a deer hunting trip to Leakey and Carrizo Springs. He returned with an 8-point buck.

Leotis Roberts made a trip to Henrietta Sunday.

Mr. and Mrs. Gus Neill attended the funeral of his uncle, Mr. Rister, in Abilene Sunday.

Mrs. Lee Sims, Mrs. B. A. Whitman, Mrs. H. W. Gray, Mrs. T. R. Gates Sr., Mrs. L. A. Roberts and Mrs. W. A. Johnson were the Thalia H. D. Club members attending achievement day at Crowell Saturday. Mrs. C. C. Lindsey, Mrs. M. H. Jones and Mrs. Roy Shultz also attended the program.

Charlie Hathaway visited relatives in Gainesville this week.

Mr. and Mrs. Roy Shultz visited relatives in Vernon Sunday, and also visited Mrs. Duane Capps of Thalia and Patricia Pyle of Oklahoma in a Vernon hospital.

Mrs. R. L. Hart of Abilene visited Mr. and Mrs. F. A. Brown from Monday until Thursday of last week.

Mr. and Mrs. R. E. Hensley of Sundown visited Mr. and Mrs. Oran Ford last week end.

Mr. and Mrs. Norman Crisp of Vernon visited his sister, Mrs. Beverly Gray, and family Sunday night.

Marsha Diane Long of Dallas spent the week end with her father, Ed Long, and her grandparents, Mr. and Mrs. W. J. Long. They all spent Sunday with Mr.

Truscott

MARY K. CHOWNING

Mr. and Mrs. J. W. Chowning spent several days visiting Mr. and Mrs. Jake Jacobs and other relatives in Mankins.

Mr. and Mrs. W. W. Walker visited their son, W. J. Walker, and family in Tulsa over the week end. Their two grandchildren accompanied them home for a visit.

Mr. and Mrs. R. B. Glidewell returned home Sunday from visiting their daughter, Mrs. Oney Brummitt, and family in Borger.

Doris Spivey of Abilene spent the week end visiting her father, Bill Stoker, and brother, Mike, and Mr. and Mrs. Marion Chowning.

Mr. and Mrs. Rex Haynie and children spent Monday night visiting his sister, Mrs. Raymond Hannan, and family and brother, Bob Haynie, and wife in Wichita Falls.

Weldon Owens of Vernon spent one night this week visiting his brother, W. R. Owens, and wife, Mr. and Mrs. C. C. Lamb of Weimert spent a day recently visiting in the home of Rev. and Mrs. M. W. Reynolds and Patsy.

Mr. and Mrs. Howard Savage of Quanah, Mrs. Allie Moorhouse of Benjamin and Mr. and Mrs. V. W. Browning were guests of

and Mrs. Ted Reeder in Crowell.

Mr. and Mrs. Luther Caldwell and children of San Diego, Calif., visited his niece, Mrs. Bill Moore, and family last week. Mrs. Wetlaufer and children of Anton also visited in the Moore home.

Mr. and Mrs. Brown Franklin of Wichita Falls and Mrs. S. J. Boman of Vernon visited Mrs. H. W. Gray Sunday night.

Mrs. Maggie Capps and Mrs. Ada Payne enjoyed a trip to the wildlife reservation near Snyder, Okla., Tuesday of last week.

Mrs. A. K. Edens visited her daughter, Mrs. Raymond Grimm, and Mr. Grimm last week from Vernon.

Allen Shultz was in the Crowell hospital last week.

Mrs. M. H. Jones has returned home after a visit with her daughter, Mrs. Donno Day, and family at Abilene.

Mr. and Mrs. C. C. Lindsey visited F. W. Butler, who was ill in his home in Vernon, Monday of last week.

Joe Canafax and son of Northside visited his brother, Berry Canafax, and family last week end.

Rev. Bob Oglesby and J. M. Jackson attended the ball game at Lubbock Saturday.

Mrs. C. C. Lindsey honored her husband with a surprise birthday party Tuesday night, Nov. 16. A lovely birthday cake and coffee and pops were served to Mr. and Mrs. Lewis Lindsey and Mrs. Blaine of Granite, Okla., and the W. A. Johnsons, the L. A. Roberts, the C. H. Woods, the G. W. Scales and their guest, Leon Oliver, the honoree and hostess.

G. W. Scales left Monday for a visit with his daughter, Mrs. Zella Robbins, and family at Salt Lake City, Utah.

Mr. and Mrs. H. A. Smith Sunday. Mr. and Mrs. Jack Brown and Mary were Quanah visitors one day this week.

Mr. and Mrs. Bill Sledge were called to Cisco one day last week on account of the illness of his father.

Mr. and Mrs. Bush of Abilene attended Methodist Church services here Sunday where he was the speaker.

Rev. T. M. Johnston of Abilene was a Truscott visitor one day this week.

Mr. and Mrs. G. G. Taylor Jr. and children, Cynthia and Tommy, were in Wichita Falls Saturday where Tommy is receiving medical treatment. They also visited his relatives in Denton.

Vernon Jones of Fort Sill, Okla., spent the week end visiting his parents, Mr. and Mrs. E. J. Jones, and friends here.

Mr. and Mrs. Jack Whitaker are visiting in the homes of Mr. and Mrs. Bob Whitaker and Bobbie in Sterling City, Mr. and Mrs. Jack Whitaker Jr. and son in Brownwood and Mr. and Mrs. Oscar Whitaker and daughters in Tahoka.

Carroll Chowning was dismissed from the Crowell hospital Thursday, where he has spent several months.

Mr. and Mrs. M. M. Creekmore and children spent several days this week visiting in Commerce.

Mr. and Mrs. Monroe Cash recently visited their son, Alton Cash, and family in Weatherford, and Mr. and Mrs. E. L. Clare in Newport.

Mr. and Mrs. Oscar Solomon attended the stock sales in Quanah Friday.

Mr. and Mrs. H. P. Gillespie were Vernon visitors Monday afternoon.

Charlie McNeese of Girvin visited his wife here during the week end.

Mr. and Mrs. Tom Westbrook and Tommy have recently visited Mrs. Stan Westbrook and other relatives in Canadian.

Mr. and Mrs. W. O. Solomon were in Knox City Thursday on business.

Mr. and Mrs. A. S. Tarpley left this week to visit their daughter, Mrs. Doc Abbott, and Linda in San Angelo.

A party was given Wednesday night in honor of Rev. and Mrs. Wayne Ellis at the Truscott Baptist Church.

Those from here who attended the Baptist convention in Vernon last Monday were Mrs. J. R. Spivey, Mrs. Huitt Simmons, Miss Naoma Brown and Mrs. Wayne Ellis.

Miss Sandra Chowning returned home one day this week after spending some time visiting in the home of her aunt and uncle, Mr. and Mrs. J. A. Marr, in Vivian.

Mr. and Mrs. W. T. Blevins visited her sister, Mrs. Jim Choate, in Margaret Saturday afternoon.

Mr. and Mrs. C. W. Carroll of Crowell, Mr. and Mrs. J. A. Marr and Mrs. Warren Haynie were

Opposite Effect

Ordinary steel is hardened and strengthened by being raised to a high temperature and then cooled rapidly by quenching. The carbon dissolves in the iron and is kept in solution by the rapid cooling. On the other hand, if the same steel is cooled slowly from a high temperature all the carbon precipitates out and the steel becomes soft. However, non-ferrous alloys such as aluminum bronze, beryllium-copper and "K" Monel, react directly opposite—they are soft when cooled quickly from a high temperature, and hard when heated at intermediate temperatures.

There were 28 women on the Mayflower.

visitors in the home of Mr. and Mrs. Marion Chowning Jr. and children, Douglas, Carroll, and Sandra, Sunday.

Mr. and Mrs. Warren Haynie and daughters of Vivian spent Sunday visiting his parents, Mr. and Mrs. Carl Haynie.

Onotario

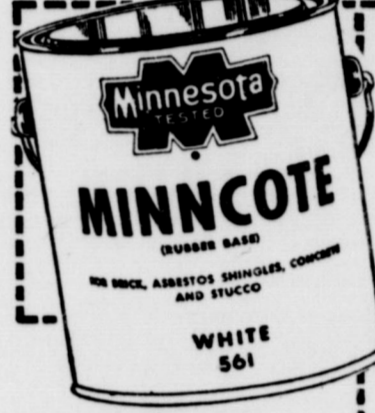

Almost one-third of Canada's fifteen million people live in the Province of Ontario. This province produces more than half of the country's manufactured goods and more nickel than the rest of the world combined.

RELIEF AT LAST For Your COUGH

If a common cold left you with a cough that has hung on for days and days act quick. It is dangerous to delay. Chronic bronchitis may develop. Get a large bottle of Creomulsion and take as directed. Creomulsion soothes raw throat and chest membranes, goes into the bronchial system to help loosen and expel gummy phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Use Creomulsion and get wonderful relief at last. Creomulsion is guaranteed to please you or druggist refunds money. Creomulsion relieves Coughs, Chest Colds, Acute Bronchitis.

IT'S A SWAP!

There are two sides to every "swap" . . . giving and getting. All through life we are "swapping" . . . giving up something we want less to get something we want more. That's exactly what happens when you open an account and add to it regularly. Once the saving habit is established, you'll hardly miss the small deposits you make each pay-day. Yet, they can make your dearest dreams come true: a home of your own, a college education for your children, financial independence for your retirement years. This is the kind of "swap" that spells success and happiness in life. And the best time to start "swapping" is NOW!

SO YOU'VE HAD an ACCIDENT?

(From a booklet now being printed and illustrated by the International Department of Public Relations.)

One out of every 14 people will suffer some accidental injury this year involving at least one day of disability. Many will be permanently disabled. "Accident Facts," published by the National Safety Council reports that there are 10 million accidents in the United States every year. One half of these accidents occur in the home.

No estimate can be made of the number of less severe injuries. Minor jolts happen every day. Many people believe they will suffer no major disability—at least, that is what they think at the time. But weeks . . . and sometimes even months or years later . . . they will turn up with some illness or disability not immediately associated with the accident. Nevertheless, the accident was the original cause.

CAN ACCIDENTS PRODUCE DISEASE?

Yes, the cause of many diseases can be traced to a previous accidental injury. It takes electricity to run lights. An accident can disrupt that electricity. The lights then grow dim and go out. Likewise, nerve force from the brain, channeled over the spinal nerves, is necessary to run the body. If nerve force is interrupted, the affected organs fail to perform their proper function. It might be the stomach which would be affected, the eyes, the heart, or any other organ of the body. Disrupted function can result in serious disease.

HOW IS NERVE FORCE INTERRUPTED?

Misaligned vertebra may cause a pressure on the nerves of the spinal cord sufficient to interfere with the full flow of nerve energy to various organs in the body, resulting in decreased function. In an accident the body absorbs the force of extreme jolts, bumps and strains. If the pressure is extreme, a paralysis may result—if only a small pressure occurs, it may take months or years to produce any noticeable ill effects.

CAN ILL EFFECTS BE PREVENTED?

Definitely yes! If your automobile were involved in an accident, you would have a mechanic check over the entire machine and correct any misalignment, broken parts or other damage. You should make sure that it was sound mechanically before driving it again. The same principle applies to your body if it has been involved in an accident.

SEE YOUR FAMILY CHIROPRACTOR

Your Chiropractor is trained in detecting interference to transmission of nerve energy caused by misalignments or subluxations in the spine. If there is an interference to the free flow of nerve energy to any part of the body, he will tell you so. He will correct interference by an adjustment to the spine. If you have had an accident lately, he will pay you to have a check-up by your family Chiropractor, and don't put it off. The longer you wait, the more damage you will suffer, and the harder it will be to correct the cause of your trouble. See your Chiropractor . . . for a check-up . . . and avoid serious consequences later.

THE WILDCAT

(Continued from page 2) and their guests last Thursday, Nov. 17, in the Homemaking department.

The menu consisted of baked chicken, dressing, deviled eggs, hot rolls, green beans, mashed potatoes, cranberry sauce, iced tea, and angel food cake. The meal was served by Nelda Brooks, Maxine Walker and Carolyn Bursey.

The theme for the dinner was that of Thanksgiving as the tables were centered with different fruits and pretty autumn leaves. The place cards were black turkeys outlined with gold with the names extended from them.

LOWELL'S LAUGHS

Long-Winded hunter: "Next, a big leopard jumped out at me. I shot him on the spot."

Bored listener: "Which spot?"

Jana: "I dreamed about the funniest thing last night. It was such a funny dream. Didn't you think so?"

Sandra: "How would I know?"

Jana: "You ought to know. You were in my dream."

"Why do birds fly south in the autumn?"

"It's much too far to walk."

Pop: "What would happen if I cut your ear off?"

Son: "It would bleed."

Pop: "What would happen if I cut your other ear off?"

Son: "I would go blind."

Pop: "Why?"

Son: "Because my hat would come down over my eyes."

EX-STUDENTS' COLUMN

Have you heard...? Joan Roberts is majoring in civil engineering at Texas Tech. She is not only the only girl in the class but also holds the highest average so far. Man, how lucky can you get!

Who is home from Korea? Doyle Sparks just returned. Bet this town never looked so good.

That Jean Whitby has become a "wheel" at North Texas State College. She is a member of the Women's Forum which is composed of 8 girls. She is the representative from the freshman class. The forum, with the dean of women, handles the problems of all the girls.

NOTICE

Mary Hudson has lost her senior class ring. Anyone who finds or hears of it, Mary would appreciate your notifying her.

KENNER ATTENDS MEETING

Mrs. Doyle Kenner attended the Area IV in service training conference held in Stephenville Nov. 20. The purpose of this meeting was to work on the tentative working guides.

The first meeting started at 7:30 Friday night. On Saturday

the meeting began at 8 a. m. and lasted until 2:30 p. m.

Mrs. Kenner was group leader on Saturday when work was done on "Child Care" section of the guide.

ONE-ACT PLAY PRESENTED

Speech I class presented one of three one-act plays on which these students have been working for both grade school and high school Wednesday, Nov. 24.

The play was entitled "If Girls Asked Boys for Dates." Students in the play were Janet Rasberry, George Morgan, Aldon Garrett, Jana Black and Sandra Sanders. Prompting and introductions were handled by Joyce Ribble.

ABSENCES

Absences last week due to sickness were as follows: Jackie Walker, Jack Gentry, Gordon Cates, Arleta Teague, John Wright, Peggy Long, Jerry Cates, Dwaig Orr.

Absences last week due to reasons were as follows: Bud Hammonds, Buddy Kelly, Larry Rader, Gaylon Whitley, Charlene Borchardt, Billy Hopkins, Edward Daniel, Mary Lou Denton.

KAT TELLS

Well, the Wildcats finished the season with a flourish. Congratulations, boys, for a wonderful season.

Marilyn's new theme song, "Round her neck she wore a senior ring." It belongs to Robert Love.

At Q-town Saturday night was her own Carolyn Bursey with Levon Adams.

Sue - Gerry and Maxine - Dan visited Big V Saturday night.

Where you see one, you see the other—Neldo and J. M. Senior couple of the week — Clara and Don Smith.

Has anyone noticed 'Ketta's new turtle pins? Ed gave them to her.

Sue - Gerry and Zonell - Dan went to the drive-in Sunday night. Zonell, were you angry?

Seems Gordon Harvey's phone call was not in vain. He and Betty Sue were seen together Sunday night.

If you see Frances in a black Ford, the boy driving is Tommy. There's an old saying, "Where there's smoke, there's fire," and we wonder if Smokey Wallace is Zonell's new flame.

Seen at the Sportatorium Saturday night were Zonell - Smokey, Betty Sue - Joe Jackson, Frances-Sammy, and stags Dale Keith, Bud Hammonds, J. P. and R. C.

Betty Sue thinks it's much more fun to hop if she has somebody to talk to.

Patronizing the Plaza Saturday night were Katie Sue and Doonie Whatley.

Where were Billye and Gordon Saturday night?

Why were Carolyn and Maxine so dressed up Sunday night? Could they have had dates with a couple of Quanah boys?

Three sleepy girls Sunday morning were Gail, Fran and Betty Sue.

Jo Helen - Jackie, Trelle - Ron-

Rayland MRS. BUCK CLARK

Mr. and Mrs. Claude Carr and family and W. W. Carr visited Sunday in the home of Mrs. Carr's parents, Mr. and Mrs. C. H. Sitton, of Kilkland.

Dink Ramsey and Willie Lee Lyles of Dumas visited recently in the Levi Lewellen home.

Mr. and Mrs. Will Clark of Carlsbad, N. M., returned home Friday after a week's visit with his brother, Buck Clark, and wife.

Mr. and Mrs. A. T. Beazley

left Saturday to spend Thanksgiving with their daughters, Mrs. M. G. Garvin and family of Garland and Mrs. Charles Phipps and husband of Fort Worth.

Mrs. O. L. Caddell and sons, Danny and Charles, Mrs. H. F. P. P. and son, James, and Mrs. Lora Vanek and son, Johnny, all of Fort Worth were week end guests of their sister, Mrs. Antone Bergt, and family.

Mr. and Mrs. Walter Ward of Santa Rosa, Calif., visited Sunday with his uncle, Buck Clark, and wife, and aunt, Mrs. Ruby Mansel.

Mr. and Mrs. Andy Davis of Tipton, Okla., visited Sunday and Monday with Mrs. Martha Price.

Mrs. Barney Martin visited Monday with her son, Clyde, and family of Wichita Falls.

Mrs. L. V. Parkhill visited last Thursday with her daughter, Mrs. C. L. Ryan, and family of Seymour.

Mrs. Ed Lehman Sr. left Wednesday for Marlin where she will visit relatives and also her daughter, Mrs. Ernest Gloyna, and family of Austin.

Mr. and Mrs. Ed Lehman Jr. have purchased the M. E. Florida farm southwest of Rayland. It was formerly the Crisp farm.

Mrs. W. D. Wetlauffer and children of Anton visited Tuesday with her grandmother, Mrs. Martha Price.

Mr. and Mrs. H. R. Daniel and family of Electra visited Thursday with his parents, Mr. and Mrs. C. O. Daniel.

Mr. and Mrs. T. E. Lawson and Mr. and Mrs. Johnny Daniel and Susan visited Sunday with their son and brother, Wilbur Joe Wood and family of Wichita Falls.

Mr. and Mrs. Henry Kubiack and family and Mrs. Brady, all of Quanah, visited Sunday with his brother, Robert, and family.

Mrs. Daisy Woodard of McClellan, Colo., came Sunday for an extended visit with her son, Walter, and family.

It's questionable whether the world loves a cheerful giver half as well as the cheerful giver loves himself.

RIVERSIDE H. D. CLUB
"All it takes is about 1 yard of material and a few scraps for trim to make a cute cook apron, anyone would be proud to receive as a gift." Mrs. Frank Ward told the ladies of the Riverside Home Demonstration Club when they met in the home of Mrs. James Bowers Tuesday afternoon, Nov. 16.

B. & P. W. CLUB
The home of Mrs. Irene O'Connell was the scene of a bountiful Thanksgiving dinner, with Mrs. Audrey Collins and Mrs. Dorothy McClain as hostesses to the members of the Business and Professional Women's Club last week.

T. E. L. CLASS
The home of Mrs. Frank Moore was the scene of a delightful social meeting for the T. E. L. Class of the Baptist Church on Thursday evening, Nov. 18.

FOARD CITY W. S. C. S.
Members of Foard City Women's Society of Christian Service met on Monday, Nov. 22, in the home of Mrs. Grady Halbert with Mrs. W. L. Johnson presiding over the business session. Christmas plans and projects were discussed.

FOARD CITY H. D. CLUB
"Price makes no difference in food value of meat," stated Mrs. Mary D. Brown, H. D. Agent, as she gave an interesting demonstration on onion burgers. "Onion burgers are simple to prepare for a light meal either before or after the big holiday meal," she stated.

MARRIED IN UTAH
William Geaslin, son of Drs. Tom I. and Ann Geaslin of Provo, Utah, former Crowell chiropractors, was married on Sept. 19 in Wellington, Utah, to Miss Greta Lee Olson.

Home Demonstration Notes
MRS. MARY D. BROWN
The Achievement Day was certainly a success. I thought it was by far the nicest one we've ever had and heard many other people say the same thing. You are all to be congratulated on the fine job you did Saturday. The educational exhibits were very good and so were the displays.

GAMBLEVILLE H. D. CLUB
Aprons both serviceable and decorative were displayed to members of the Gambleville Home Demonstration Club meeting in the home of Mrs. Buster Cates on Nov. 15. Mrs. C. S. Bartley served as the very capable leader for the discussion.

COMMUNIST LEADER ARRESTED
The Justice Department announced the arrest in Memphis, Tenn., of Julius Irving Scales, described as "leader of the Communist Party" in North Carolina and Tennessee. Scales, listed by the FBI as a leading Communist figure in Tennessee, was arraigned before the Federal court.

Danger of Carbon Monoxide Poisoning Increases in Winter
The cold winds of winter will whip up a new threat to Texans' safety.

CRANBERRY SAUCE
4 cups (1 lb.) cranberries, 1 cup pineapple juice, 2 cups water, 2 cups sugar, 1/4 teaspoon salt, 3 tablespoons plain gelatin soaked in 1 cup water, 1 cup seedless grapes, 1 cup pineapple, 1 cup nuts, 8 marshmallows, juice of 1 orange.

Wash and stem cranberries. Drain. Combine pineapple juice, 2 cups water, sugar, and salt in large sauce pan. Bring to a boil and add cranberries. Cook until cranberries pop. Remove from heat and add gelatin which has soaked in water. Refrigerate. When mixture starts to congeal, add remainder of ingredients and refrigerate until firm. Serves 14.

Wash and stem cranberries. Drain. Combine pineapple juice, 2 cups water, sugar, and salt in large sauce pan. Bring to a boil and add cranberries. Cook until cranberries pop. Remove from heat and add gelatin which has soaked in water. Refrigerate. When mixture starts to congeal, add remainder of ingredients and refrigerate until firm. Serves 14.

Refreshments were served to Mesdames Rusty Russell, Frank Cates, C. S. Bartley, Horace Phelps, Cecil Carroll, Milton Hunter, A. B. Calvin, W. J. Garrett, Fred Diggs, Nick Chatfield, Joe Howard Williams, Clarence Garrett and the hostess.

Thanksgiving

keep the cold out and the deadly fumes in. A few people live to tell about it because someone found them before it was too late.

The burning of any fuel that contains carbon may produce carbon monoxide. This is true of coal, coke, wood, oil, kerosene, gasoline and such gaseous fuels as natural or manufactured gas. Last year 7 Texans died of carbon monoxide poisoning, two of them in automobiles.

All heating equipment should be vented to a flue. Keep all rooms ventilated. Do not turn the heater higher than it was intended to run. Never leave gas heating appliances burning while you and your family are asleep. Regulate adjustable air mixing valves so that enough air is supplied to insure complete combustion of the gas.

If a person is overcome by carbon monoxide they should first be removed to fresh air. In addition open windows and turn off the gas in the room. If the victim has stopped breathing, administer artificial respiration and if possible an inhalator should be used to administer oxygen. Keep the patient warm and lying down until a doctor comes.
