Mrs. Fox lived an outstanding Christian life at all times and was greatly loved and highly respected by all who knew her. ## Pay Your Poll Tax... 1956 to See Texans Vote on Everything from Constable to President of United States

If the voter wants to exercise his privilege of making democracy work in 1956 by participating in the election of public officials, he had better see that come January 31, he is holding a poll tax receipt. The greatest popularity contest of them all is about to start, and the voter will be IT... provided he has that scrap of paper stating he is qualified to scratch the ballot.

Texans will vote on everything from constables to president. There will be an extra round of party conventions in Texas, precinct, county and state, and if the voter wants to make his voice heard in party affairs, he should start at the grass roots level and attend the precinct and county conventions. Ray Shirley is Foard County Democratic chairman.

### "Humdinger" of an Election Year

Politically the year 1956 looms on the horizon as a humdinger. Times have changed for electing county and district officeholders, and the average voter is somewhat in the dark as to just what is to take place in naming the various officeholders since the authorized constitutional amendment was adopted in 1954. Perhaps this will clear things up a bit. The amendment simply states that Texas will still have the elections every two years, but officeholders will be elected for four-year terms, staggering the years the politicians run.

## Sale of 1956 Vehicle License Plates to Begin February 1

Sale of 1956 vehicle license plates will begin February 1, according to Sherman McBeath, sheriff, tax assessor-collector.

The new tags, which have already arrived here, can be put on the vehicles when purchased and must be on all vehicles April 1.

Foard County tags will carry the numbers AP 750 to AP 2049 for passenger cars. Tags are black with orange numerals and will be longer than the 1955 tags issued early in the year. The letters AP will be side by side and the same height as the numbers, instead of one on top of the other as in the past.

The new size is an attempt to help standardize plates throughout the United States so automobile manufacturers can make new models to fit the tags, according to Mr. McBeath.

Other Foard County numbers include: truck, 1B 8525 to 1B 8774; farm truck, 5B 3425 to 5B 3924; truck tractor, 9E 1325 to 9E 1349; trailer, 7A 5900 to 7A 5949; house trailer, 9A 850 to 9A 854; motorcycle, 8N 1335 to 8N 1339.

## Sister of Late Crowell Resident Succumbs

Mrs. Docia Lindley, 84, sister of the late C. E. Gafford, passed away at her home in Sulphur Springs Sunday night following a long illness. Interment was made in Sulphur Springs Monday.

Mrs. Lindley had visited in Crowell numbers of times, and had many friends here. She is survived by two children, Tom Lindley and Mrs. Rose Seaman of Sulphur Springs; two brothers, Ellis Gafford of Sulphur Springs and Gordie Gafford of Electric; and two sisters, Mrs. Lucy Bolcum of Oklahoma City and Mrs. Lula Ramsey of Fort Worth.

Two nephews from Crowell, Bill and Otis Gafford, attended the funeral services.

## Work to Begin Soon on Re-Modeling of Methodist Church at Margaret

The building committee of the Margaret Methodist Church met Tuesday, January 10, and voted to repair and re-model the church building.

The kick-off service was held Sunday, January 15, at which

### ROTARY CLUB

With George Self as projector operator, Crowell Rotarians saw a film of the highlights of the 1954 Southwest conference season and the 1955 Cotton Bowl game at the Wednesday noon luncheon compliments of the Humble Oil & Refining Co. Leonard Schure of Vernon, local manager of the company for this area, was a visitor.

Other visitors were Rotarians Vance Favor of Quannah and U. J. Smith of Vernon. Marion Crowell was in charge of the program.

### NEW CARS

Only three new cars were registered in the office of Sherman McBeath, sheriff, tax assessor-collector, from December 27 to January 7 and are:

Dec. 27, Fred R. Vecera, 1956 Chevrolet 2-door; Jan. 3, C. D. Hall, 1956 Chevrolet 4-door; Jan. 7, Mrs. J. C. Taylor, 1956 Chevrolet spt.cpe.

Officers to be filled this year include county attorney, now occupied by Foster Davis; sheriff-tax assessor-collector, now filled by Sherman McBeath; and two commissioners. Odd numbers run this year which makes precincts 1 and 3 open for candidates. Three is held by Kenneth Greening and 1 by Bill Bell. Only announced candidate for commissioner is W. R. Moore of Thalia, a candidate for Commissioner of Precinct No. 1.

District Attorney Jack Hightower of Vernon will seek his first elective term to that office.

A full slate of state offices, from governor on down, must be filled too, and in light of pay increases approved in 1955 for most of the top jobs, there probably won't be a dearth of candidates.

New Legislature to Be Picked  
A new Legislature will be picked also, with all House posts open and 16 places to fill in the Senate. Bill Heatley, Paducah, who represents this district, has indicated that he will make the race, as well as George Moffett, present Senator from this area.

### Precinct Conventions May 5

Party conflicts will begin with the first round of precinct conventions of the year May 5, culminating May 22 in a state convention to determine control of the state's delegations to the presidential nominating conventions. County conventions will be held May 8.

The Democratic conventions will see conservatives and liberals again fighting, while watching the GOP to see if the old guard will attempt a comeback against the pro-Eisenhower forces that swept them out in '52.

The Parties will start their second round of conventions in September, to name their state executive committees and grid for the general election fracas on November 6.

So, to Mr. and Mrs. Qualified Voter... the nicest part about all this is that by only paying a poll tax you can be a part of the show.

There will be a lot of participants, making it the biggest and best show of all if some hopes are fulfilled. The State Democratic executive committee has set as its goal 3,500,000 qualified voters in Texas in 1956. Prior high '52, was 2,800,000.

Only 533 poll tax receipts had been issued in Foard County up to and including last week.

**MANNERS MAKE THE MAN OR MISS**

**His Manners**  
 "Worry" when you are out with others? It's simple. Just quit wondering and worrying about others when you are out. When you go to a banquet, don't sit there and be a deadhead, don't seem interested in the food. Join in the conversation and take an interest in your partner. Add something to the conversation, even if it's only an "Oh really?" The guy with the blank stare will be left alone with his thoughts; so keep on the beam. A light vendor or snappy chatter is not the royal road to making a success of the evening. Don't try to rate

the reputation of a charmer, because running around flashing your teeth at people isn't the proper thing to do. Instead, cultivate a genuine interest in your date, but at the same time be helpful and considerate of your other friends.

Well, boys I've been talking about you and how you can make the banquet a successful one for you, but my best advice is to forget this very subject when you're out with others. Your evening will start on the golden track the minute you stop talking and thinking about Y-O-U.

**Misses' Manners**  
 So that date still isn't made, what does it take to get one? Good looks? charm? brains? clothes? Money? Sense of humor? If you think that's what it takes, you might as well fold up, because nobody has everything. Girls, you may not be perfect, but you certainly can make the most of what you've got. So start doing it now, and watch those offers roll in.

To get started, make sure that you are known as a nice person. Not the goody, syrupy type, but a sincere person who never has an unkind word to say about anyone. What boy wants to go with a girl who spends her time looking for other people's faults? Not any of them, believe me. So, gals, develop a sense of humor, not a sense of humor for more dates. The big wheel has finally come across and asked you to the banquet. Now that presents a new problem. What to wear? As we all know, money doesn't grow on trees, so don't go into tantrums when the parents set their foot down on an expensive formal. It doesn't take a lot of money to dress well, so there shouldn't be anything wrong with your eye appeal. A simple way to solve this money problem is to learn the art of sewing. Learning to wear the proper things at the proper time.

A slinky dark satin formal would not be the right dress for a banquet. There are many new shades of pastel on the market now. Be wise when you choose what to wear. And remember, don't ruin the whole evening by smearing on an awful lot of makeup. Males usually prefer natural beauty. To make your evening a success, my advice is to follow the boys' rules. Forget about, and concentrate on him. — By Jimmy Thaxton.

**NEWS, VIEWS AND INFO**

**Kind friends, it is with regret that I turn over my column to Roma Jan Spikes with Marketta Painter as her assistant. I fear that I shall be singing the blues for CHS, even though I am looking forward to entering Paris Junior College, Adois, CHSites.**

Do you remember the excellent job that the cheerleaders and Mrs. Manard did decorating the tables for the football banquet last year? They are at it again. Gail Knox, Jana Black, Francine Coffey, Roma Jan Spikes, Maxine Reynolds and Mrs. Manard, the sponsor, made the decorations for the 1956 banquet last Saturday afternoon. We fear there was quite a bit of naphtha used on dresses, blouses, fingernails, and even hair.

Excerpts from a note left on the floor. Dear Editors: I hate boys. They are the most obnoxious creatures which the earth was unfortunate to inherit. Some people shudder when they see snakes or spiders, but I shudder when I see a guy. Ugh!

Boys are side winding, double crossing, and mercenary. A boy leaves town the day of the big dance, conveniently forgets birthdays, and expects the girls to sit patiently by the telephone. I hate men! Sincerely, A Reliable Student.

Many of us who sang the blues after mid-terms find ourselves agreeing with what Confucius says: written exams are not what I'm best in. I think of the answers after handing the test in.

Dig the crazy new uniforms the girls wore Friday. Blue jeans, white shirts, and bow ties.

Notice the unclean lunches last week? The biology class had been dissecting anelds, worms to you.

**SENIOR CAKE SALE**  
 What is it? Why it's a bake sale, of course. The seniors are sponsoring it to raise money for their class. Well then, where is it? It's at the Men's Down Town Bible Class building at 10 o'clock

Saturday morning. The bake sales are only going to be held every other Saturday.

If you like home made cakes, you'll love these. No bakery cakes will be sold. I'm going to buy one so there will be no worry about the Saturday baking at my house, and it will help the seniors too. We will be looking for you, so be sure and come.

**STUDENTS WALK, TROT TO DINNER**

When the dinner bell rings at Crowell High, students head for the cafeteria at a cross between a trot and a full gallop.

They realize that they have 30 minutes, free from class work, books, and teachers. It takes time to eat, but not all of it, for the kids like to join a "bull session" and find out what is going on across the hall.

Some students bring their lunches to school, because "you know what a good cook mom is." Even so, they often buy milk at the cafeteria to supplement their meal.

No matter which course they take, all get plenty to eat.

**SENIORS OF THE WEEK**

**Frank "Butch" Jefferson**  
 Frank "Butch" Jefferson, a "true Texan" who "takes alkin" to horses and "rip sportin'" to rodeos, and "feels right to home" when the streets run red with blood after a cool battle in the true Western tradition, likes to cook. Yep, you heard me right, pardner. He can "whip up" some of the "meaneest" fudge ever. This hobby may have come from his eating habits. Naturally, he likes steaks 3 inches thick with all the trimmings.

Following this western trend, "Butch" likes books by Will James, the Miller Brothers' band, sport and western clothes, and western and "cat" music. Say, it seems as though rhythm and blues has even invaded the "old west."

Even though he enjoys the western way of life tremendously, Butch doesn't limit himself to that alone. Watching an exciting basketball game is tops with him, and playing football is one of his favorite pastimes.

While attending Canyon High before coming to Crowell, he held the office of vice president of the freshman class, and he made the football team. Here, he is an active member of FFA and Dramatic clubs.

On his list of likes goes geom-

etry, for that is his favorite subject.

In the future, "Butch" plans to attend the Midwest Business College at Pueblo, Colo., to study telegraphy. Lots of luck to a boy who we know will succeed.

**Jo Ann Fox**  
 "Did You Ever See a Dream Walking?" If you did it was probably the Nightingale of CHS, Jo Ann Fox. Not much over "Five Foot Two," Jo Ann is "Seventeen," has "Dark Eyes," and is noted for her "Personality."

When Jo Ann says, "Take Me Out to the Ball Game," she means a football game, because Jo Ann knows that "You've Got to Be a Football Hero to Get Along with a Beautiful Girl." Jo Ann thinks that "There's No Business Like Show Business," and she has no favorite movie stars because she says, "I Like Them All."

Jo Ann's hobby is keeping a scrap book because "Memories Are Made of This." "Buttons and Bows," "Silk Stockings" and "Golden Earrings" don't appeal to Jo Ann because she likes her clothes simple and comfortable. Although it isn't likely that slender Jo Ann will ever weigh "Sixteen Tons," she likes to eat, especially steak and french fries.

Since Jo Ann's favorite subject is homemaking, it's likely that "Someday" she will tell a certain boy "I Want to Play House with You." Concerning that boy, Jo Ann says, "My Ideal" will be courteous and honest.

When Jo Ann says, "May I Sing to You?" people are delighted because she has a beautiful voice. She wants her vocation to be something pertaining to "Music, Music, Music," but she is "Undecided" about the college she will attend, although Howard Payne College is a prospect.

Because Jo Ann is "Sweet and Lovely," the students and faculty of CHS say "My Best to You" to seniors of the week, Jo Ann Fox.

**THE CARROLLS — FAMOUS MASKS**

On Monday, Jan. 16, the student body of the Crowell schools filled the Crowell High auditorium in order to see a presentation by the Carrolls.

Fred and Ann Carroll drew from the ancient Orient a program of rare intrigue. They were not two faced . . . they had many faces! Masks are their hobby and their art, and no artists are more skilled at presentation.

Starting with brief, interesting remarks on the use of masks in the Orient and Near East of centuries ago, the Carrolls showed the audience, by demonstration, how masks are made, ending up with the finished product. In their extensive collection of life-like masks are over thirty personalities any audience will recognize and appreciate . . . especially when the masks are donned. Famous movie stars come alive through the exceedingly clever mimicry of Fred and Ann Carroll.

Included in the program was a humorous skit in which members of the student body were the actors. Wearing masks and walking through their parts as a record played their speeches resulted in a real fun session for the audience.

Fred and Ann Carroll also used music for background to their dance imitations of Hollywood stars.

The entire student body appreciated this fine program, another of the Southern Assemblies. An aid to the presentation was the Crowell School's new public address system, which was installed Friday, January 13.

**CROWELL VS. CHILLICOTHE**

Crowell played host to the Chillicothe Eagles last Tuesday night. The Wildcats were ahead until the final minutes of the game, when Chillicothe made a field goal to tie the game up, and Spears made a field goal to put the Eagles ahead 44-42. It was a thriller all the way.

The Crowell girls won their game against Chillicothe. Judy Vaughn was high scorer for the Wildcats.

**KNOTHOLE NEWS**

Come on, you kids, how about a little incriminating news for the scandal locker?

Where were all the little troublemakers last week? We know. Sad, sad, Bobby, Twila wasn't in Vernon over the week end.

Hi! Do we have a new couple brewing? Jo Helen and Joe Pruitt were at the Rialto Saturday nite. Say, Sledge, how are you and Todd getting along?

Still going steady and strong are Jackie and Sandra. We have a proud new wearer of a football jacket, Judy Vaughn. Who's? Why, Harvey Smith's, of course.

Flash! Wishon and Carolyn are still hitting it off. Aldon - "Lizzy" Joe - Sandra, Lowell - Patty went to Sandra's pasture for a picnic Friday afternoon.

We see that Billy John and Mary Ann are back in the saddle again. Too bad, Nelda. Don't you think that Latrelle and Ronny would make a cute couple?

With all the boys after her, Patricia just can't make up her mind. She just decided not to go with any of them. I don't know, though, I think she has Thaxton on her private pedestal. Jana is still dragging Larry around. Sonny just doesn't know which road to take.

What's this we hear about Rox-

iann and Jimmy Rader? Could it be steady?

Zonell, were you mad at Billy Don Saturday night?

Seen Saturday night were Francine - Layton, Doris - Jon. Jana, did you have paint in your hair Saturday night? I wonder why.

Fran's slumber party had quite a time Friday night. So did Zonell's.

Gayle, the knothole thinks that you are a bad girl.

Looks like Lowell's interest in the northeast part of the county is growing.

Freddie, what do you mean going to Vernon so often?

Thomson won't take anybody's word for anything. They won't lie to you, Ray.

Barbara, what on earth did you do in the lab Monday.

Gerald, Mrs. Sloan doesn't like to ride horses.

If anyone needs to know anything about any kind of foot sores, just ask Barbara Fairchild.

Davis, why don't you stay home? Twila came to see you Sunday night.

All CHS hates to see Gail Knox leave us. Good luck at college, Gail.

Coy seems to be very attentive to Roma.

Who were Zonell and Barbara riding around with at dinner; couldn't have been Jimmy and Ray, could it?

Where did we see Zonell and Peggy Friday night? The scandal bug knows.

What did Ray, Mike, Billy John

and Zonell throw out of the window?

Did the pop corn make the girls sick in the show the other night? I hear it did.

New addition: Dana Robert and Bill Collins of Vernon. Why were Arleta's eyes sparkling this week end? Billy came in, natch!

**GAYLON'S GIGGLES**

Mrs. Sloan: Johnny, what are the principal uses of cowhide? Johnny: Well, I think the most important one is to hold the other together.

The man named Lot was wanted to take his wife and flee out the city, but his wife looked bad and was turned to salt. What happened to the flea?

Mr. Myers, "Bud, give me description of a duck." Bud, "A chicken with sneakers."

**Yes, Advertising Pays**

A retail grocers' association reports that of every 100 customers put on the books of any store in any one year, only 19 remain after 10 years. Citing this, the Sandersonville, Georgia, Progress, says: "merchants who believe 'everyone knows where my store is' might ponder these figures and seek more new customers through planned newspaper advertising in the home town newspaper."

Competition is mighty keen in retailing these days, and the successful merchant must vigorously go after business. The home town newspaper is still the best place to advertise any store's wares and attractions.

**FOUR MILLION BABIES BORN LAST YEAR**

The baby boom continues; over four million were born during 1955. That means 25 new babies for every 1000 population. The record high was reached in 1947 with 26.6 babies per 1000. During the depression decade of the 30's, the birth rate was 18 per 1000.

## Where Are The Farm Workers?

The Russian farm experts had quite a time during their much-publicized tour of lush Iowa. The latch-strings were out in the traditional American way, and they found friendliness and hospitality everywhere.

They also received some big surprises.

Apparently our methods of doing the work of the farm are beyond the Russians' ken. Writing in Newsweek, Russian-speaking journalist Leon Volkov said: "To Russian eyes, Iowa, U. S. A., is a fabulous land of plenty in which nobody has to work."

"They tried to hide their amazement but they never quite succeeded. At first, the Russians kept asking each other where the farm workers were. They had a hard time believing that one man could work a 150-acre farm all by himself with the aid of machinery."

Now there's human work to be done on even the most advanced American farm, and plenty of it. But farm equipment has greatly reduced the amount of arduous

labor required, even as it has vastly increased farm efficiency and productivity. We all know the story of mechanization of industry, and we are all hearing about the newest step along that road—automation. But many of us don't realize that a mechanical revolution has been taking place in agriculture as well.

There are no push-button farms. Maybe there never will be. But the machine has made it possible for both farm and factory people to get far more return for their work than their forefathers would have believed possible. That's what the visiting Russians learned in envious amazement.

Houston resigned when the committee voted to go into a closed session . . . "to avoid improperly divulging facts for the benefit of offenders."

In the opinion of the new chairman, there is a place for both open and closed meetings. "But executive session should be held only under unusual and extraordinary conditions," Fly stated.

Checks unearched in U. S. Trust files by State Auditor C. H. Cavness reveal the names of six legislators or ex-lawmakers who have received pay from the now-closed firm. But Cavness has not been able to learn who received \$50,550 in cash withdrawals, most of which were made during the time the 1955 Legislature was in session.

Another Cavness revelation was payment of \$115,499 to Kamin Advertising Agency. Cavness said it was a Houston firm which handled the Drew Pearson television program in which the news commentator told his listeners, "You can put your trust in U. S. Trust." Of the \$115,499, a total of \$95,992 was paid in 1955.

Giles Goes to Huntsville

When the prison doors opened Monday morning in Huntsville, Bascom Giles was there awaiting the start of his term in the penitentiary. He left Austin alone, by car, sometime after midnight Sunday and drove to Huntsville, to turn himself in. The unexpected move on the part of the former State Land Commissioner was made to avoid any further publicity.

Clynt Small, attorney for Giles, released the following statement which had been prepared by Giles just before his departure for Huntsville:

"I have to the best of my ability made amends to the state in a material way. I want to state that so far as I am aware, no other state official or employee was involved in any of the transactions for which I was convicted."

He added, "I wish to thank from the bottom of my heart those friends who have been kind and sympathetic with my family and me during the past troubled year. I deeply regret the embarrassment and heartaches caused my friends and co-workers."

Giles' commitment papers to the penitentiary were prepared Monday (following receipt of word that he already was in custody) when district judges at Crystal City and Austin granted motions to dismiss his notice of appeal. Other appeals which had reached the court of criminal appeals were to be dismissed Wednesday.

Giles had been convicted 13 times in veterans land fraud cases (12 pleas of guilty). Sentences total 75 years. But all terms run concurrently, not consecutively. As his maximum sentence was six years, he will be eligible for parole in one year, two months and 12 days—allowing time for good behavior.

Several weeks ago, Giles vowed to repay all he owes. He has repaid \$80,000 to date. He is joint defendant in other civil suits totaling \$170,000. But his share of the liability has not been deter-

### Daniel May Reveal Plans

Not if, but when U. S. Sen. Daniel May will announce for governor, now is the subject for political seers. Most likely date is Jan. 21. Then Daniel, who also is co-owner of two East Texas weeklies — the Liberty Vindicator and the Cleveland Advocate — will address the Mid-Winter Convention of the Texas Press Association in Austin. A statewide gathering of some 200 newsmen would offer a golden opportunity for a campaign kickoff, some say. Congressman - at - Large Martin Dies and State Rep. Horace B. Houston Jr. have said they would run for Daniel's senate seat when vacated.

### Farm Income Drops

Texas' cash farm income for the first 11 months of 1955 dropped eight per cent below 1954. Commodities showing decreases were cotton, cottonseed, wheat, oats, flaxseed, rice, cattle, calves, hogs, wool, poultry, milk and milk products. Gains were registered by peanuts, corn, grain sorghum, sheep and lambs, mohair, eggs, fruit and vegetables.

### News from the Congress

by Congressman Frank Ikard

This week I have introduced two bills in the House, the first of which will be known as H. R. 8361 and which will permit a home owner to deduct as an expense for income tax purposes repairs that he has made to his residence, including painting and papering to the extent that such expenses do not exceed \$500. This would apply only to a person's principal residence. This bill should encourage home ownership in that it will remove some of the penalties that are now imposed from a tax standpoint upon those who are home owners. In all probability, this bill will be considered by the committee within the next 2 or 3 months, and I am hopeful that favorable action will be taken on it by the committee and

Austin — Insurance firms of all types are feeling the effect of the public's reaction over the failure of U. S. Trust & Guaranty Co. There appears to be a public wariness of insurance salesmen at the moment.

Steps are being taken to re-sell the public on the insurance business. One such move was an offer on the part of 28 legal reserve companies to "take over" the life insurance policies of defunct concerns. Thus they would protect policy holders from loss of their life insurance.

To date no policy holder in any legal reserve life insurance company in Texas has suffered any loss. Nevertheless the companies are feeling the pinch of the adverse publicity.

J. Ralph Wood, president of the Southwestern Life Insurance Co., was one of the 28 executives who presented the "guarantee" proposal to the insurance commission. "We want to protect the good name of Texas insurance companies," Wood stated, "and also protect the innocent life insurance policy holders."

J. Byron Saunders, chairman of the insurance commission, said "I am happy to learn of the project. It is a most laudable step. It will help relieve much public anxiety and concern."

In other developments, the insurance commission moved to force a change in management of the John K. Wilson Mutual Aid Association of Princeton; while the state obtained court orders to shut down the American Atlas Corporation and J. A. Irwin, Inc., of Dallas.

Meanwhile, investigations continue by the Texas State Senate's investigating committee concerning all details of the collapse of the U. S. Trust & Guaranty Co., whose president, A. B. Shoemaker, shot himself when the firm went under recently.

Sen. William S. Fly of Victoria is the new chairman of the investigating group. Fly was named to the post by Lt. Gov. Ben Ramsey after Sen. Searcy Bracewell of

**FASTEST GROWING STATES**  
Arizona, Delaware, Florida, Nevada and New Mexico are at the top of the list in rate of population growth. The Pacific Coast has slowed down a bit in the past four years and didn't grow quite as fast as it did from 1940 to 1950. Florida, with a gain of 19 per cent, has edged out California, which grew 18 per cent in the past four years. In actual numbers of people, however, California is the leader and its population will probably top even New York state in 1956.—The Kiplinger Letter.

## Farm Bureau Urges Abolition of Tax on Farm-Used Gasoline

Farmers in Foard County will receive refunds on the federal tax they pay on farm-used gasoline if the Farm Bureau is successful in its efforts to secure gas tax-exemption legislation during this session of Congress.

Glenn Jones of Crowell, president of the Foard County Farm Bureau, said the Farm Bureau is making every effort to obtain an exemption for farmers on the 2-cents-a-gallon federal tax which the government now collects on farm-used gasoline. Mr. Jones said he wanted to urge all farmers in the county to contact their U. S. Congressman, Frank Ikard, by letter to give him their opinions on the matter.

If the tax exemption measure is passed, it will mean a savings of about \$15,000 for Foard County farmers. Texas farmers stand to save about \$6,000,000 if the legislation passes.

The Texas Farm Bureau secured an exemption several years ago on the state tax of 4 cents a gallon on farm-used gasoline, President Jones said.

Last year the American Farm Bureau Federation recommended to Congress and the President that the federal tax on farm-used gasoline be abolished. In his January 9 message on agriculture, President Eisenhower urged Congress to pass legislation to relieve the farmer of the federal tax on purchases of gasoline used on the farm.

## Farm and Ranch Operators' Tax Reports Due Feb. 15

Farm and ranch operators should be happy to know that their income tax reports are not due until February 15, 1956. The previous deadline for filing the reports was January 31. The ruling was made in 1955 but was not announced in time to affect many taxpayers, says C. H. Bates, extension farm management specialist.

There is an exception, points out Bates. Every farm employer who owes the two per cent employer tax and the two per cent employee tax must file a return on Form 943, and pay the taxes, on or before January 31, 1956. Farm employers should file their returns on time in order to avoid the penalty which may be charged for late filing.

For the first time this year, self-employed farmers who net \$400 or gross \$800 or more annually are subject to reporting for social security benefits. The Act was amended by Congress in 1954 and applies to farm and ranch income for 1955.

Because of the possibility of retirement benefits and insurance features of the plan, farm and ranch operators should study the procedure for reporting. Each person will need a social security number before making report for benefits and paying the tax.

Information on various phases of tax reporting, says Bates, may be obtained either from county extension agents or the Social Security and Internal Revenue offices. Even if copies are available only for study, persons interested will find the reference covers the self-employment phases in some detail. A helpful booklet, "Farmers' Tax Guide for 1955" is available in limited quantity from county extension services offices.

## Texans Continue to Be Slow in Getting Inspection Stickers

Long lines of vehicles at the doors of the state's 4,000 licensed inspection stations appear to be imminent unless many motorists make haste to have their cars inspected right away.

That was the warning this week of Capt. K. B. Hallmark, commanding officer of the Wichita Falls district of the Texas Highway Patrol.

The Patrol Captain said that some 3 million motor vehicles in Texas have yet to be inspected, during the current inspection period which ends April 15. He noted that of the 89,131 vehicles registered in the 12 county area of this patrol district, only 12 per cent have already secured their safety checks in spite of the fact that just three more months remain during which they must secure new approved inspection stickers.

Hallmark cautioned that patrolmen and local officers would begin issuing tickets on April 16 to operators of all vehicles not bearing a current sticker. He said that a maximum penalty of \$200 could be assessed by the courts for this violation.

## Home Demonstration Notes

MRS. MARY D. BROWN

Don't forget, Council will have its first meeting of the year this Saturday, Jan. 21, at 2:30 p. m. in my office. This is a very important meeting so if you are a member of council, I'm sure you will want to attend. Remember, also, that visitors are always welcome.

On Tuesday, Jan. 31, there will be a THDA training meeting in Benjamin. I would like very much for each club president to try to attend this meeting if it is at all possible. In fact, I think anyone who goes will learn a lot and it is open to all club members. We still do not understand our THDA very well and at this meeting it is explained very thoroughly. We will talk more about it at council this Saturday.

Our recipe this week is:  
**Spaghetti DeLuxe**  
2 cups spaghetti, 1 tablespoon butter or margarine, 1 onion, finely cut, 1 green pepper, finely cut, 1/4 cup stuffed olives, sliced, 1 teaspoon sugar, 1 No. 1 can tomato soup, 2 cups American cheese, grated.

Cook spaghetti. Melt fat in pan, add onion, pepper, sugar, olives, and soup; heat. Add cheese, stir until melted. Pour over spaghetti. Bake in buttered casserole in a moderate oven 350 degrees F. 30 minutes. Serves 8.

## \$5,000 TO \$10,000 INCOME GROUP GROWING FAST

The number of families making \$5,000 to \$10,000 increased 80 per cent in the past five years, according to the Kiplinger Washington Letter. In 1950, there were 8.7 million such families, just 19 per cent of all families. In 1955, there were 15.7 million families in this income bracket, and they represent 32 per cent of all families.

Kiplinger editors point out that this expansion of "middle incomes" is largely responsible for the boom in sales of autos, houses and appliances.

Correspondingly, the number of low-income families is shrinking. Families with incomes of less than five thousand dollars have decreased by 5.2 million, a drop of 15 per cent. There is still poverty, but it is diminishing progressively.

## Jack E. Hightower to Seek Elective Term as D. A.

Jack E. Hightower, District Attorney of the 46th Judicial District, today announced his candidacy for a first elective term, subject to the action of the Democratic primaries. Mr. Hightower was appointed in January of 1955 to fill the unexpired term of Leon Douglas who resigned. The 46th Judicial District is composed of Wilbarger, Hardeman and Foard counties.

Mr. Hightower is a graduate of Memphis, Texas, High School, and holds academic and law degrees from Baylor University. He moved to Vernon in May of 1951 upon his graduation from law school and was associated with the firm of Storey and Donaghey. He served as a member of the House of Representatives in the 53rd legislature. Mr. Hightower is married to the former Colleen Ward, of Tulia. They have a daughter, Ann, age 3.

In making his announcement, Mr. Hightower stated: "During the past year the law enforcement team of this area has brought to a successful conclusion a wide variety of felony matters. We take pride in the record of this district."

Mr. Hightower is a business visitor in Wichita Falls Thursday.

Mr. and Mrs. Ignac Zacek, Wednesday.

Monroe Karcher was a business visitor in Wichita Falls Thursday.

and as your District Attorney, I am proud of having had a part in the never-ending job of law enforcement which makes our country a safer place in which to live. I have endeavored to fulfill this responsibility with a deep consciousness of its importance, and of the importance of the human lives which the offices necessarily affects. One of the most difficult tasks a prosecutor has to perform is the recommendation he makes to the court in regard to the sentence that he feels should be passed upon the party guilty of crime. He must consider the gravity of the crime, the circumstances which lead to its commission, the background of the accused, the ability of the accused and his prospects for rehabilitation. Society is best served where justice is done. Our criminal law has come a long way since an eye was demanded for an eye and a tooth for a tooth. Our courts of law are truly courts of justice, and justice not without a full measure of mercy. I am proud to be an officer of the court and, if permitted to continue to serve, will always endeavor to be worthy of the honor."

### Information on G. I. Insurance Given by V. A. District Office

Only eligible GI insurance policyholders who wish to change the method of payment for the regular annual 1956 dividend are required to notify Veterans Administration of the payment method desired, VA said this week.

Those who wish to receive their 1956 dividend in the same manner as in the past are not required to notify VA of that fact because their previous payment method will be applied automatically.

For those who fail to stipulate in writing how they wish their regular dividends to be handled, VA is required by law to set up

a dividend credit to their insurance account and to use this credit to pay premiums as they become due and are not otherwise paid.

Unused dividend credit will draw interest compounded annually until they are withdrawn by the policyholders or are paid off at the maturity of the policies in conformance with the policyholders' wishes.

All eligible policyholders may request VA in writing to place their regular dividends to them in cash or to apply the dividends to payment of future premiums.

Permanent plan policyholders have one more choice. They may request VA in writing to place their regular dividends on deposit drawing interest compounded annually and subject to their control.

Payments to eligible policyholders will be made shortly after the anniversary date of each policy beginning this month and ending in December, 1956. Accounts for veterans living in Texas, Louisiana and Mississippi are maintained in the VA District office at Denver, Colo.
