Mrs. Brummett's Funeral Held in Truscott Sunday

Truscott Pioneer Died in Hospital at Knox City Saturday

Funeral services for Mrs. W. O. Brummett of Knox City were held at the Truscott Methodist Church Sunday morning, Feb. 19, at 11 a. m., conducted by Rev. Walter Driver, pastor of the Methodist Church in Knox City, assisted by Rev. W. B. Morton, pastor of the Truscott Methodist Church, and Rev. H. C. Ellis, pastor of the Truscott Baptist Church.

Mrs. Brummett, resident of Truscott for many years, passed away Saturday morning at 9:30 o'clock in the Knox County Hospital after an illness of several weeks. She had been in declining health for several years.

Two special musical numbers were a solo by Mrs. H. C. Ellis, and a trio composed of Mrs. Ellis, Mrs. H. C. Lavelle and L. D. Hickman.

Funeral bearers were Tommy Westbrook, Gene Whitaker, Mr. Lammer, Edmund Tomasek, J. B. Eubank Jr., H. C. Black, C. H. Moody and John Black.

Mrs. Brummett was born Nov. 30, 1879, and was united in marriage to William Orin Brummett July 1, 1900. Three sons and one daughter were born to this union, one son dying at the age of seven.

She had been a member of the Methodist Church since she was a young girl and had spent many years as a Sunday School teacher and took part in all church activities. She had served as organist in churches in various places where she had lived.

Mrs. Brummett took pride in giving flowers from her own garden to churches and friends, and she made artificial flowers for her friends.

Mr. and Mrs. Brummett lived in Collin County before moving to their farm in the Truscott community. They later moved to town and for the past year or two, they had made their home part-time in Truscott and part-time in Glen Rose. They had lived in Knox City for several months.

Interment was made Monday, Feb. 20, in the cemetery at Nevada, Collin County, Texas, under the direction of Mansel-Smith Funeral Home of Rochester.

Survivors include the husband; two sons, Orin L. Brummett of Borger, and Orin W. Brummett of Beville; one daughter, Mrs. Nell Shelton of Knox City; one sister, Mrs. Bulah Gay, and one brother, J. S. Stanford, both of Haskell, and seven grandchildren.

Workers Named for 1956 Red Cross Fund-Raising Campaign Scheduled to Begin in Foard County Next Wednesday

Next Wednesday, March 1, is the scheduled date for the beginning of the annual Red Cross drive. The campaign this year coincides with the 75th anniversary of the founding of the American Red Cross. The citizens of Foard County are being asked to contribute generously to this county-wide campaign.

The Red Cross must meet human needs in time of disaster and serve in matters of welfare and voluntary relief to the armed forces of the United States. Local residents will remember the aid given them during the 1942 disaster. In the Red Cross, where there is one paid employee in the organization, there are 100 volunteer workers.

Foard County's quota this year is \$1,395. It is hoped that the local chapter can be one of the first in the nation to meet its requirements. Local officers for the 1956 campaign are Clinton McLain, county chairman; Cecil Carroll, fund drive chairman; and Margaret Curtis, county treasurer.

Foard County People Marooned Three Days in Snow Storm

In the recent snow storm in New Mexico, Mr. and Mrs. Pete Bell, recently of Crowell and their two children, and Mr. and Mrs. James McBeath, former Thalia residents, and Mrs. Bob Bell of Thalia were marooned in a snow bank eighteen miles from Capitan, N. M., for three days and two nights in their cars, about eight miles from Mr. and Mrs. Bob Bell's ranch.

At noon of the third day, Bell and McBeath walked through 3 foot snow, a distance of eight miles to the ranch house. There they obtained a horse, a burro, and a sled that they used in rescuing the occupants. On the return to the car the men became lost in the blinding snow storm, and did not reach the cars until night fall.

The children suffered from hunger, but fortunately they had some quilts to keep them warm. McBeath had some extra gasoline in five gallon cans in the back of his car, which probably saved their lives. To preserve gasoline, all of the occupants stayed in one car.

The pastors of the various churches of the community are being asked to give emphasis on the youth in the program for March 4th.

Arrangements have been made to have school programs presented to both the Lions Club and Rotary Club during the week.

Children in the intermediate department of the local school are preparing posters for store windows.

Bring the Town to School

Seniors in the High School are being asked to serve as guides to show the patrons over the campus during the hours of 12:30 until 3:30 each day of this week.

CHS Band Postpones 'Variety in Review'

The second annual "Variety in Review," sponsored and performed by the Crowell High School Band, has been postponed, according to E. L. Rickard, director.

Thalia Athletic Association Organized to Sponsor Year-Round Program of Athletics for Residents of Community

After much deliberation and consideration of the needs of the children of the community, citizens of the Thalia community have recently organized the Thalia Athletic Association, it was announced here this week. The association has been organized for the purpose of providing and sponsoring year-around athletic activities, it was stated, and is non-profit, and its members will work in close cooperation with the churches and the school in providing clean, wholesome sports for the young people.

Committee members are J. M. Jackson, president; Mrs. Percy Taylor, secretary; Charles Bursey, Cecil Carpenter, Bill Hamilton, Mrs. Joe Johnson, Percy Taylor, Jake Wisdom and Mrs. John W. Wright.

"We are going to need the help and encouragement of every family in this community," members of the committee said, "So, just consider yourselves members. If, at any time during your work or play, you think of a suggestion or plan that would help the organization to more fully meet the needs of our children, please make a note of it and present it to one of the committee members to be discussed at a regular meeting."

Baseball has been chosen as the first project. Baseball leagues are being formed all over the county and the children of the Thalia community want to participate in competitive games with children of other communities, it was stated, as well as participating in local every-day training. Other sports will be added as time and needs permit.

Miss Mechell will also be eligible to compete for a \$5,000 national scholarship award to be made to the All-American Home-maker of Tomorrow.

She demonstrated her home-making knowledge and attitude by receiving the highest score for her school in a written examination which was given graduating senior girls in 10,222 of the nation's public, private and parochial high schools. Her test paper will be entered in competition with 582 school winners in this state.

The girl selected state Home-maker of Tomorrow will receive a \$1,500 scholarship and a trip in April with her school advisor to Washington, colonial Williamsburg, Va., and Philadelphia where the national winner will be selected from state winners. Each state runner-up will receive a \$500 scholarship.

WHAT PRICE GLORY

The high school senior beat out the rhythm of the latest "hop" tune on the booth and finished his malt. His hair was cut in the proper crew, his jeans were tight enough, and his suede shoes dirty enough to prove that he was no "cube." No, sir, he was a real big man on the campus. He knew the words to the number one tune on the hit parade and the batting average of this year's top rookie. So what if he didn't know when to use a semicolon or how to solve a quadratic equation? A fellow cannot spend all his time studying. You have to have a little time for fun, and English class is as good a place as any to catch up on that lost sleep.

Well, "Man," have fun while you can, because it isn't going to last long. You might as well for-

get those college plans. Why? Because of crowded conditions, more and more colleges are taking only those students who can pass rigid exams and because of the math classes you "cut" and the study hall you spent writing notes, your chances of passing such exams are about like your chances of being the first man on the moon.

So, you will forget college. That is all the more reason why you should make the most of the time you spend in high school. It will probably be the last of your formal education.

Did you know that it is a proven fact that by far the greatest percentage of men serving penitentiary sentences never passed the eighth grade? Not a bad argument for stressing higher education, is it?

So why not "skip" the movie tonight and see what is inside your biology book or surprise your history teacher by reading your assignment for the first time this year? And if you stay awake in class and study instead of watching TV from 7 to 11, you might get to wear a freshman beanie someday after all. Anyway, it is worth a try.

A very interesting program was given. To begin the first part of the meeting, "Memories Are Made of This" was sung by Jo Ann Fox and Jo Helen Aly accompanied by Janis Crowell. Rev. Clarence Bounds from Margaret served as leader of the panel, "Dating Problems." Those who took part in the discussion were Doris Cates, Marilyn Stone, Carolyn Monkres, Edward Howard, Bill Halbert, Edward Daniel, Mrs. Henry Borchardt and Mrs. Ray Duckworth.

An unusually amusing skit, "Stell and Lil at the 'Pitcher Show'" was presented by De Anna Ferguson and Francine Coffey. Following this, Jo Ann and Jo Helen sang "Sugar Blues."

The highlight of the evening was the crowning of the FHA king, Glenn Carroll, who was presented the FHA Honor Key by LaVoy Rummel. A fanfare by James Choate preceded the entrance of the court. Following the king came the remainder of his court: Nelson Abston escorted by Nelda Brooks and Jerry Cates,

escorted by Janis Crowell. His majesty, Glenn, was escorted by Peggy Werley.

A hearty "thank you" goes to the FHA girls, the hostesses, who provided the refreshments consisting of Cokes, sandwiches and delicious cookies. These were served in the Homemaking Cottage following the program.

CHS STUDENTS MAKE ENVIABLE RECORD

The five CHS graduates, Gordon and Billye Graves, Robert Graves, J. C. Kincheoloe, and Thomas Stone, who are attending Tarleton State College, have made a wonderful scholastic record the first semester, according to Henry Black, principal.

Out of 38 grades for the five students, there were twenty A's and nine B's, and no student had less than two A's.

"FEBRUARY TAKES A BOW"

February is a famous month. This is the time when Cupid comes out with his little bow and arrow and makes the way smooth for spring, the time when "a young man's fancy lightly turns to thoughts of love."

February also is the month which tells the girls whether or not it's leap year. Well, girls, it is, so get ready! Don't let the year get past without capturing your guy.

Last, but not least, February is the month when famous people are born. Here is an incomplete list of some famous people who were born in February: Lowell Page, Mrs. Lena Davis, Edward Howard, Sandra Choate, Thelma Henry, Margaret Bullion, Barbara Borchardt, Albert Cates, Glen Carroll, Peggy Cates, Johnny Kajs, Larry Sledge, Linda Teague, Jimmy Williamson, Jackie Walker and Ronald Yarborough. Now isn't that a handsome list? Oh, yes, I forgot our two old standbys. They always help us complete an extra short list. Three cheers for George Washington and fifteen rahs for "Abe" Lincoln.

COOL CATS CUT CAPERS

The big highlight of the Valentine season was the Sub - Junior Columbian Club's Cupid's Capers dance. The country club house was ringing with laughter and cool dance music on sweethearts' night.

The club house was gaily decorated with red and white hearts and cupid. "Sweets for the Sweet," which was written across the bar, called attention to the

punch and cookies which were served in abundance to everyone. The sponsors were Mr. and Mrs. Kenneth Halbert and Mr. and Mrs. J. B. Fairchild.

CLUB NEWS

The Sub - Junior Columbian Club met in the home of Sue Sanders Wednesday, Feb. 15.

An interesting program was given by Jeannie Johnson and Marilyn Stone on television.

Delicious refreshments were then served by the hostesses, Sue Sanders and Jo Frances Long.

The meeting was adjourned until February 29.

JOTTINGS BY JAN AND MARKINGS BY MARKETTA

Since Valentine Day last Tuesday her heart goes "pitty-pat," but his billfold is pretty flat.

The senior's ordering their diplomas made everyone realize that there were only twelve more weeks of school.

In the winter Olympics held in Italy, the U. S. took two first places while Russia led the field with six gold medals. Unless the U. S. is able to raise some more money, our team will be seriously handicapped in the games at Australia.

Chivalry is not beaten! Ed carried Marketta across the puddles left by the melting snow. Seniors worked last Saturday to raise money for the senior trip. Plans are being made to work next Saturday if the seniors aren't too sore and stiff. Ha!

Gratuations to the grade school boys for winning the district in basketball. Keep it up; we might claim you as freshmen next year.

Poor track boys, no more Cokes, girls, and other vices. Training started Monday. The poor juniors will be selling tickets for the Nat Fleming show which they sponsor in March. Warning to future freshmen: buy a ticket or pay next year! Signed, the junior class.

If we were real columnists instead of just amateurs, we could fill this column with a lot of "nothing," but we aren't. So we will close now and let you study for six weeks' tests.

SENIORS OF THE WEEK

Norma Hall
 Halls are not usually thought of as friendly places, but CHS boasts a Hall that walks and talks and is amicable as well. Of course we mean brown eyed Norma Hall.

Whether smiling on her way to

her favorite subject, American history, or coming from her hardest subject, physics, wearing a puzzled frown, Norma is a well-known and well-liked sight around dear old Crowell High.

In Norma's hall of fame are these favorites: actor Rock Hudson, actress June Allyson, football, popular music, basketball, singer Elvis Presley, and of course, steak.

After receiving that all important diploma this spring, Norma hopes to begin work at ACC on her college diploma.

Wilma Polk

Efficiency plus. That's Wilma Polk. With her quiet unassuming smile and an aura of neatness and efficiency surrounding her, Wilma has become one of CHS's favorite people.

Like any typical teenager, her life's composed of basketball and volley ball, books by Betty Cavanna, movies starring Jeff Chandler and Jane Russell, rhythm and blues, jazz and popular music by "Fats" Domino and Frankie Laine, FHA and pep squad activities, difficult biology quizzes, and "cool" home ec. and geometry classes. True to Texas tradition she likes rodeos, casual and western clothes, and the Miller Bros. That southern "livin'" reveals itself in her eating habits, baked ham with all the trimmings . . . umm . . . man!

Wilma's a combination of a private secretary, a "cool cat," a Texas "cowgal," and a southern belle. In other words, she is a typical American teenager.

Seen together at the party of the FFA-FHA were Glenn - Peggy, Jerry - Janis, Butch - Nelda, Butch - Marilyn, Jack - Carolyn, Ray - Dianne, Larry - Bettie Linda, Bill - Anna Marie, Aldon - Elizabeth, and Edward - LaVoy.

ABSENTEE SUMMARY

The following students were absent the last week because of other reasons: Albert Cates, Jerry Cates, Beverly Kelly, Dana Roberts, Eugene Davis, James Doyal, James Choate.

 J. C.: "Did they spell my name right?"

KNOTHOLE NEWS

Were you watched last week? The shadow of the knothole sees everything.

De Ann has been spending her time in General Science writing love poems.

The shadow has been watching Nita Hall; she's been watching Floyd Bice.

Bobby and Patsy had a good time after the eighth grade banquet; so did Johnny and Ruth Ellen.

Seen together at the party of the FFA-FHA were Glenn - Peggy, Jerry - Janis, Butch - Nelda, Butch - Marilyn, Jack - Carolyn, Ray - Dianne, Larry - Bettie Linda, Bill - Anna Marie, Aldon - Elizabeth, and Edward - LaVoy.

Say, Lowell and J. C., what do you like about Patty's and dra's cooking Monday night? Everyone had a big time. Valentine dance even though it did end a little early.

By the way, where did Ed and Glenn go that night?

Everybody had a big time. Jeannie's party - Saturday except Larry - Bettie Linda, Henry, Larry and Betty having troubles and Henry light.

It seems that more time spent on the outside than in the house.

Thursday night the boys were on a rampage.

Say, Davis, heard you having a little trouble Saturday. Who is Jana after? Just one that answers to the school one of male.

Kerry, kind of slicked back. (Continued on Page 3)

Public Schools Week in Texas to Be Held March 5th thru 10th

From J. W. Edgar, Commissioner of Education

Whenever a Texan has an opportunity to discuss the magnitude of Texas Public Schools Week, the wonderment of school people from other states is modified only by their suspicion that perhaps there is just another of the "talk-alike" Texans. Only a person who has witnessed the extent of public interest in the schools of his state can believe it possible, in a state having a population of 8,000,000, to induce more than 2,000,000 people to visit their nearest public school during a single week.

Although the figures evidencing the extent of past visitations during Texas Public Schools Week certainly are impressive, citizens have an opportunity in 1956 to make them still more impressive. Success of this educational week is indicated by both the count of visitors in the

New Reserve Armories Planned for Texas

An extensive program for construction of new Reserve armories in Texas has been announced by Brig. Gen. Lewis S. Griffing, Chief of Texas Military District. This program, according to schools and the fine intangible relationships that are formed when citizens meet with school administrators and teachers. When citizens of a community begin to share their ideas about the educational program available to the children of their community, better schools often are the result.

The effective manner in which the Texas Citizens' Committee for Public Schools Week has assisted with local organization and publicity for the week of observance is highly commendable. While a school district is under no coercion whatsoever to participate, I know of no district in Texas which has not wanted to participate when the meaning and purpose of Texas Public Schools Week have been fully explained.

Griffing, is aimed at furnishing suitable training facilities for the expanding U. S. Army Reserves, expected to result from passage of the Reserve Forces Act of 1955.

At the present time permanent type Reserve armories are located at Houston, Beaumont, Ft. Worth and Austin. In other Texas cities and towns, Reserve training is conducted in either leased, rent-free facilities, or at Regular Army installations.

Already under construction is a 200-man type armory at Huntsville which is expected to be completed about Feb. 29; a 200-man armory at Lubbock about Aug. 31; 400-man armories at Dallas and Waco about Dec. 31; and an additional 1,000-man armory in Dallas expected to be completed about March 31, 1957.

General Griffing stated that it is expected that armories will be constructed in many more Texas cities and towns as fast as the Reserve strength in those cities and towns increases.

Reservists throughout the state conducted a one-day, all-out recruiting effort, on Feb. 22, aimed at building a strong ready Reserve.

Austin — President Eisenhower jerked the platform out from under the Republican Party in Texas and his Democratic supporters in the Lone Star State, when he vetoed the now famous natural gas bill.

"To sign the bill," said the President, "would risk creating doubt among the American people concerning the integrity of governmental processes." This statement referred to a \$2,500 campaign contribution offered a Senator, presumably for his vote favoring the measure.

Strong support was given Ike in Texas, when the native son ran for President, because of his State's Rights stand. Another factor was his expressed belief in the private enterprise system of free competition. This stand made Texans feel the President would sign the bill.

U. S. Senator Price Daniel said "The President has made a great mistake."

Gov. Allan Shivers, Atty. Gen. John Ben Shepperd and members of the State Railroad Commission joined in criticizing the President's action.

Jack Porter, the Republican party's national committeeman from Texas, said that he disagreed with the advice upon which the President's action was based. The veto will make Porter's job in Texas more difficult.

Two Question Marks
Two big question marks remaining in Texas' current political scene are the intentions of Atty. Gen. John Ben Shepperd and Lt. Gov. Ben Ramsey. No one seems to know what either will do.

Shepperd, only recently regarded as definitely planning retirement to private business, again is being discussed as a possible candidate, either for re-election or for governor. His only comment has been that "The frost is still on the dogwood — interpreted as 'it's too early for political announcements.'"

For Ramsey the suggested possibilities include (1) running for governor, (2) running for re-election, (3) waiting for a possible U. S. Senate race, or (4) retiring to San Augustine. He has given no public hint.

CAPT. COOK'S CLOAKS GET A CLEANING

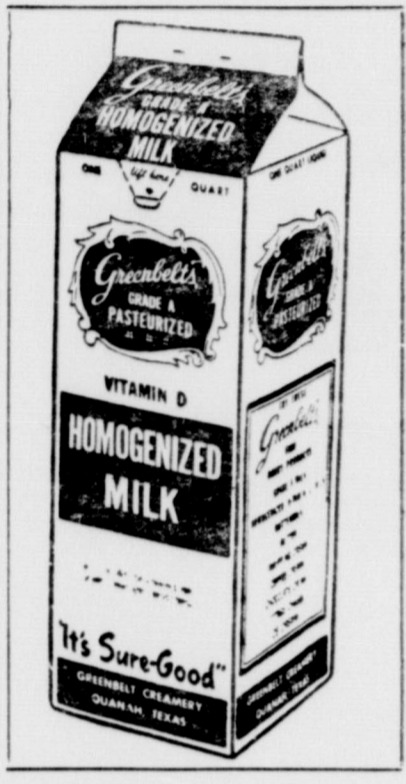

Priceless cloaks made from the tiny feathers of extinct Hawaiian birds, which were presented to Captain Cook before his death in Hawaii, recently got their first cleaning in 175 years. One of the cloaks is said to have taken a century to make, so the cleaning process was necessarily a delicate operation. As a cleaning compound, experts selected a mixture of oil-based synthetic detergents and plain water. The gentle acting suds brought out the original brilliant reds and yellows of the cloaks.

Water Fight Hot
San Antonio and some 26 nearby towns are squabbling over rights to one of the state's most controversial resources—water.

San Antonio wants an appropriation of some 100,000 acre feet of water per year from the proposed Canyon Dam and reservoir near New Braunfels. Officials in communities in a 10-county area in the Guadalupe River basin have organized an opposing campaign.

A hearing on the San Antonio application is scheduled by the State Board of Water Engineers for March 26.

If the People Could Decide

At the end of an article on that hardly old political perennial, the public power issue, Ralph Henderson of the New York World Telegram & Sun says: "... it would be most helpful if the public were given an opportunity to decide whether it wants the government to compete with private people in business, including the generation and sale of electricity."

That's a good observation. For the fact is that, so far as anyone can see, the demands and the propaganda for socialized power comes from aggressive, well-organized special groups of relatively small size. There is no evidence of any "grass roots" surge behind this campaign -- and considerable evidence to the contrary.

For instance, in the latter part of last year there were several local elections -- in South Dakota, in Washington state, and elsewhere, in which the question of public power versus private power was directly at issue. The results of these elections were given national attention -- for the reason that, in each instance, the vote against public power was overwhelming, in one case, 10-1.

It is also a fact that, over the years, a great many more proposals for municipal electric power projects have been defeated than have been approved. And it is a further fact that the standard public opinion polls indicate rising public sentiment against unnecessary government business ventures -- whether in the field of power or any other.

The American people have learned the hard way, that everything government means extortionably expensive government. It is only reasonable to assume that they prefer tax-paying private enterprise to tax-paying socialized enterprise.

Most important of all, for a generation we have witnessed a world in which socialism and the extensions of socialism have enslaved and degraded whole peoples.

First Christian Church to Begin Mission Study Next Sunday Night

Gene Segrove, minister of the First Christian Church, announced Wednesday that the last Sunday night of each month will be dedicated to a study of Christian missions. These studies will be in the form of colored slides, tape recordings, charts, maps, and talks given by the minister, the Ladies Missionary Society, and visiting missionaries. They will include a study of Bible colleges, foreign missions, home missions, and benevolent organizations.

Next Sunday night, colored slides will be shown of the Dallas Christian College. Colleges training students for the ministry of Christian Churches are unique in that they are supported by the contributions of individuals and local congregations. These colleges are works of faith, and therefore can be included in the mission study.

The youth choir under the direction of Marion Crowell will sing two special numbers during this service. Services will begin at 7 o'clock and all visitors will be welcomed. Mr. Segrove said. Next month, slides will be shown of a mission work in Mexico.

News from the Congress

by Congressman Frank Ikard

This week hearings will begin on the ways to finance payment for the expanded interstate highway system. It is estimated that the new road program that has been proposed together with the existing highway program will cost the Federal government approximately \$35,000,000,000 over the next fifteen years. Existing taxes on fuels, tires, and highway vehicles would raise approximately \$22,000,000,000 during that period. It is, therefore, necessary to provide additional revenues in the amount of \$14 to \$15 billion

Governor Proclaims 4-H Week in Texas

Governor Allan Shivers has called attention to the scope and activities of the State's 4-H club organization through a special proclamation issued on February 6. The Governor said, "There are now 121,044 4-H club members and more than 10,600 adult leaders engaged in work of the 4-H club program in Texas. This organization provides voluntary training for boys and girls between the ages of 9-21, not only in agriculture and home economics, but in preparation for better citizenship. For more than four decades the state of Texas has profited from the 4-H club training given its young people. This voluntary youth program has a nationwide enrollment of more than 2,000,000 and 42 foreign countries now have organized 4-H clubs. "In Texas, 4-H club work is directed by the Agricultural Extension Service of the Texas A&M College System. The 691 county extension agents are responsible for developing and directing 4-H club work in the 254 counties. They work with young people, parents, volunteer leaders and friends of 4-H. "As agriculture is important to the welfare of Texas, so better agricultural and home economics

practices and more highly trained leaders are important to the future of our state. "Now, therefore, I, as Governor of Texas, do hereby designate the week of March 3-11 as 4-H Week and recommend that Judges join with me in participating in its observance. All Texas 4-H members extend an invitation to those to share with them their success.

Too Late To Classify Trends Show Favor to Debeaking Poultry

Buying debeaked chicks for boiler production has become an increasing popular practice among Texas poultrymen, says Joe Burkett, County Agent.

Chief advantages of debeaking are prevention of feather picking and cannibalism among chickens and turkeys. Live market grade of debeaked chicks is significantly better due to more complete feathering, and experimental evidence indicated that debeaked chicks tend to produce a pound of gain for less feed than non-debeaked birds.

Day old chicks are usually debeaked by the block method, searing off one-third both top and bottom beak. Debeaking of adult birds consists of removing one-third of the upper beak with a knife or a hot electric blade which carterizes the area.

When debeaking is correctly done, the only real discomfort is due to extra handling, says Burkett. The outer beak is the same type of material as horn and hoof, and careful removal does not produce pain. If laying hens are carefully handled during debeaking, egg production will not be lowered.

Debeaked birds tend to grow to more uniform size, feather more uniformly, be less nervous, and have better eating habits. It is reported that hatcheries charge 25c for debeaking 100 head, and where birds are raised in close quarters it would seem to be a good preventative investment for the commercial poultryman. Due to present trends, it is reasonable to expect an increase in the number of chicks and turkey poulters that will be debeaked at the hatchery, says Burkett.

OIL MEN STUDY SHALESMANSHIP

Enough petroleum fuel to meet the needs of all nations for 100 years is said to lie in an oil shale area about the size of Rhode Island. The richest section of the oil shale (a rock from which oil can be separated by distillation) is a 1,000-square mile area in northwestern Colorado, which ranges from 500 to 2,000 feet in thickness.

HOT TIME IN THE OIL WELL

Stubborn oil wells that have become plugged up by a wax-like material can be coaxed into yielding additional oil by giving them the heat treatment. This consists of lowering a specially designed electric heater into the well. The heater boosts the temperature of the oil and causes the waxy plug to melt. Production from most wells so treated has been doubled after only a few hours of heating.

6,602 Texans Registered for Draft in January

Austin—A total of 6,602 Texans registered at the 137 draft boards in January, bringing the total number on draft board rolls to 25,000. Nearly all these men registered their 18th birthday, or within days after their 18th birthday, Morris S. Schwartz, state Service director, said.

This is in line with federal regulations. Although not drafted in Texas under 21 except volunteers or those exempt with their boards, obligates all males to register.

The law provides that a man must register when he is 18, not when he is 19. He is required to register at the nearest board, no matter where he can find out where the best draft board is by post office.

If a man wishes to be exempt from his draft board, all he has to do is give notice of residence in that area, is where his registration is sent.

All males in this country since August 30, 1922, have a legal obligation to register since August 1948, except those not yet 18.

Failure to be registered, required by law can mean a \$10,000, five years in prison.
