Return from 4-Months Tour of Europe

Mr. and Mrs. Frank Meason and daughter, Dian, and Mr. and Mrs. Neal Slough, all of Los Angeles, Calif., were here last Thursday and Friday visiting Mrs. Meason's sister, Mrs. Lawrence Meason, and family, and his mother, George Meason, and other relatives and friends.

The two families were en route to their homes after a four-months tour of Europe, Asia Minor and the British Isles. Mr. Meason had his automobile shipped to Europe and the family toured the country by automobile. In all, they visited 23 countries, including Yugoslavia, where only Communist country they were allowed to enter. Mr. Meason noted that the poverty of the people of that Red-ruled land was appalling. The group returned to the United States aboard the Ile de France.

Mr. Meason is a native of Crowell, attended Crowell Schools and was active in athletic events during his high school days here. He is now a building contractor in Los Angeles and Mr. Slough is a painting contractor.

Nephew of Thalia Man Drowns When Boat Capsizes

Kenneth R. Bradley, 53, of Richmond, Va., son of Mrs. Jeffie Wood of Wichita Falls, formerly of Thalia, and nephew of Charlie Hathaway of Thalia, was drowned the first of the week in the Roanoke River at Clarksville after his small fishing boat capsized. Bradley was alone in the boat and all efforts to assist him, made by another fisherman who saw him beside the overturned craft, were of no avail.

Mr. Bradley was general plant supervisor for the Chesapeake & Potomac Telephone Co. He and his family had been living in Richmond since March, 1941. He is survived by his wife; his mother, Mrs. Jeffie Wood of Wichita Falls; one son, three daughters, two sisters, a half brother and four grandchildren.

Plans Completed for Opening of Crowell Schools on Monday, Sept. 5

Final preparations are being completed for the opening of the Crowell Schools on Monday, September 5, according to Superintendent Grady Graves.

The floors in both buildings have been treated and the desks in the high school building have been sanded and varnished. Shrubby and grass have been planted on the campus in front of the grade school and cafeteria. Grass has also been planted on the practice field for football and band workouts.

The new homemaking cottage is nearing completion and should be ready within a week or so after school starts. New concrete sidewalks have been built in front of the grade school building and leading to the band hall. All of the school buses have been checked and repairs made on those that needed it.

Both the Crowell High School band and football squads started practice last Monday morning. The Crowell Colored School got underway last week with sixty-four students enrolled. This school will turn out for several weeks in October and November for cotton harvest. Faculty members for this school are the same as last year: Paul Barree, principal and upper grades; Marie Menefee, third, fourth, and fifth grades; and Mrs. Lillian Powell, first two grades.

1846 STAMP BRINGS \$4,200

London — An Australian stamp collector recently paid \$4,200 for a United States 5 cent stamp, made by hand in 1846. The stamp, believed one of twelve still in existence, was issued by the postmaster of Millbury, Mass. Postmasters were permitted to issue their own local stamps up to 1847.

Leslie Thomas, regular teacher, delivered the message in his usual forceful manner.

Largest Band in Crowell High School's History Began Practice Monday

The Crowell High School Band had its first meeting of the coming school year last Monday, August 22, with 38 members present. Prospects for a bigger and better band look very promising, according to E. L. Rickard, band director. Eight additional students who are expected to be members were absent which will bring the total membership to 46, the largest number of students to participate in the band in its entire history, Mr. Rickard stated.

"The high school band which will perform for the first time on the home field on September 30, will be an entirely new one," Mr. Rickard continued.

This summer the band has been outfitted in a complete set of new uniforms. Although the actual description of the uniforms has been kept secret, the manufacturer who made the uniforms stated that "It is one of the most outstanding uniforms we have ever had the pleasure of making and is the only uniform of its kind we have ever made up."

In addition to the new uniforms for the band, a number of new instruments has been purchased. A complete set of new field drums has been added, along with two new French horns. The two French horns already belonging to the school have been completely reconditioned.

Students present for the first rehearsal include: Charlie Bell, Jana Black, Barbara Borchardt, Judy Borchardt, Nelda Brooks, Kerry Brown, Mary Ann Brown, Margaret Bullion, Sandra Campbell, James Choate, Janis Crowell, Robert Davis, Sally Dixon, Barbara Fairchild, Jerry Fairchild.

Robert Fish, Shirley Fox, Louise Gordon, Gary Griffith, Roberta Hough, Wanda James, Jeannie Johnson, Gay Johnston, Betty Knox, Gail Knox, Sidney Lanier, Betty McKown, George Morgan, Patricia Prosser, Janet Rasberry, Jeannie Scott, Gayle Taylor, Noel Teague, Linda Teague, Noel Wilkins and Rachel Woodard.

Students not present for the first meeting but expected to be members of the band this year include: Kenneth Bell, Damon Brooks, Elizabeth Davis, Patty McGinnis, Carolyn Monkres, Mildred Pendergraft, Dana Loy Roberts and Zonell Eddy.

Any additional students who have had experience in band are urged to contact Mr. Rickard immediately if they are interested in being in the band this year.

VICTORIAN FURNITURE STILL POPULAR—Furniture just like Grandma's is still mighty popular. For example, this Victorian ensemble was extremely popular with retail furniture store buyers at the recent Southwest Furniture Market in Dallas. The sofa and foot stool were mauve Venetian velvet; the tables marble topped. Each year, period furniture retains its popularity despite strong competition from contemporary designs. The pieces shown here were manufactured by the Victorian Furniture Corporation of Montgomery, Ala., and home furnishing experts say their soft lines blend beautifully with the more angular lines of modern furniture.

LET'S TALK LIVESTOCK
BY TED GOULDY

There was the usual effort on the part of the buyers to lower livestock stock prices on the market at Fort Worth Monday, and the usual resistance on the part of the salesmen. The result was about a steady market compared with the close last week.

Fat steers and yearlings, stockers and feeders, and canner and cutter cows were most active.

Comparative prices: Slaughter steers and yearlings of good and choice kinds \$19-23.50; the top for steers that were feedlot mates to the New Mexico cattle at that price last week. Unusual feature was that the two loads sold Monday weighed 941 pounds, exactly the same as those last week. Common and medium beef cattle \$12-18. Fat cows \$10.50-12; canners and cutters \$7-10.50; bulls \$10-13.50. Good and choice slaughter calves \$16.50-18.50, some baby beef yearling weight creepfeeders \$19-20. Common and medium \$12-15.50, culls \$9-12. Stocker steer calves \$16-21; yearling stockers \$19 down. Stocker cows \$8-12.50.

Secretary Glen Tole of the Texas Aberdeen-Angus Association announced this week that Harris Mullin, Dalhart, had accepted a bid to judge the steers in the Angus feeder calf show to be held at the Fort Worth stockyards on Sept. 9. The heifers will be judged by Marvin Coney of San Angelo.

The show and sale will start early, with judging beginning at 6:30 a. m., to be completed in time for selling to start at 8:30 a. m. Inquiry has been heavy from both potential buyers and exhibitors, and with the big feed crop developing all over the Corn Belt demand for feeders should be broad at that time.

Movement of hogs to market around the major market circle Monday was level with a week earlier, but prices at Fort Worth were 25 to 50 cents higher and good and choice hogs topped at \$17.25-17.75. Less desirable weights and grades sold from \$15 to \$17. Sows at \$12 to \$15 were steady.

We received a clipping from a farmer friend of ours in Mount Union, Iowa, last week from the Des Moines Register in which that paper's farm editor, J. S. Russell, warned Iowans to market hogs at light weights and early this

Home Demonstration Notes

MRS. MARY D. BROWN

As you know, our September demonstration is on Making Hats. I will be out of the county several days, so must change some of the demonstration days. I will meet with the clubs as follows: Riverside Sept. 6, Margaret Sept. 9, Thalia Sept. 15, Gambleville Sept. 16, Foard City Sept. 20 and Vivian Sept. 22.

Also in September, the clubs should elect officers and give their annual reports. Remember, when you elect officers you may use either of two methods. You should vote to decide which you prefer. They are as follows: 1. You may do all nominating from the floor, or 2. you may elect a nominating committee which will meet, nominate one person for each office and then ask her if year.

Fears of a market glut on hogs in the Corn Belt during December and January were related, if farmers failed to heed the warning. Some Iowa sources expect \$13 to \$15 hog tops this winter. Some other observers are even more pessimistic, predicting \$12 to \$13 tops, if a careful marketing program is not followed and excessive weights in hogs avoided.

Reason is bumper feed crops. Slaughter ewes 50 cents higher and sold mostly at \$4.50 to \$5.50 at Fort Worth Monday. Other kinds of sheep and lambs were steady. Fat lambs topped at \$18, but something strictly choice or prime could probably sell above that easily enough. Feeders sold readily at \$14 to \$16, and load lots of choice feeders could bring more.

Old wethers drew \$7 to \$12. Yearling muttons were quoted from \$8 to \$16. Old bucks around \$4.50.

The West Texas sheep country continues to get rains and some observers there say some sections look "like Spring." Restocking is already very active, and will increase as the cooler weather approaches.

Stocker cow dealers on the yards report activity in their pens the greatest in a long, long time. Despite the continued relatively low prices on finished cattle, the stocker and feeder demand remains good.

The improved pasture and water conditions in the Southwest has put a most sheep and cattle in very strong hands, and efforts of Northern buyers to weaken prices have been unavailing so far this season.

Technical Training Courses Offered to Army Enlistees

The U. S. Army is getting technical. Realizing that it takes soldiers with technical and mechanical skills to maintain combat readiness, the Army has established more than 100 technical training courses and made them available to qualified high school graduates.

As a special inducement to join the Army, qualified prospective enlistees are given a written guarantee of training in a technical course of their choice before enlistment.

With the written guarantee of training in a chosen skill, the young men know they will have opportunity for education and advancement while in the service. Many skills developed while in the Army parallel the best technical school given by civilian schools.

Technical training guarantees are given to qualified men only. The Army recruiter, Sgt. Aubrey O. Bailey, has full information on the technical courses offered and the qualifications for those courses.

Sgt. Bailey may be contacted at the Army Recruiting Station, located in the county court house in Vernon.

DEBT

Total private and net public debt at the close of 1954 amounted to \$608,000,000,000, a gain of almost four per cent, compared with calendar year, 1952, according to a recent Office of Business Economics announcement. Corporate liabilities, home mortgages and other private obligations made up three-fifths of the grand total.

JAPANESE TRADE

Japan bought \$468,300,000 more from the United States than her exports to this country were almost four years ago, according to a recent report from the United States Department of Commerce. Exports to Japan's total for the year and United States goods amounted to 37 per cent of her imports.

Learning Hard Way

We have heard considerable about three GI's who decided to stay in Red China following the Korean war but changed their minds after living under communism. They had to be convinced the hard way that dictatorships offer no primrose path to happiness.

Whatever their crimes or failures, they are back in the United States, a country that cherishes freedom, to take such punishment as may be meted out to them, in preference to remaining behind the iron curtain. Their decision may open the eyes of some Americans who have been sympathetic to government ownership of business, and to the relentless extension of the size, power and authority of government in general.

The Ontario, Oregon, Argus-Observer, recently said that if socialism is right in one field of enterprise, it is right in all. "The end result of this," it went on, "would be outright communism, which nearly all Americans oppose in theory but which many seem eager to embrace a step at a time."

No nation can long remain half socialist and half free. A choice must be made.

The Problem of Chronic Illness

Family and public unwillingness to face the facts plays a large part in the problem of what to do about the 5,300,000 Americans suffering a long-term disability or illness. That is a finding of the Commission on Chronic Illness, the

American Medical Association, the American Public Health Association, and the American Public Welfare Association.

The Commission has been studying the problem for five years, and has just issued a preview of a report which will be published later. It is clear that much remains to be learned, as is to be expected with a problem of such complexity. Before a solution can be found, the Commission observed, we must learn the reasons for existing unsatisfactory care of the disabled, along with why these patients are often lackadaisical about using health services already offered to them.

The Commission also makes a number of important recommendations concerned with improvements in personnel and education, research and financing. These, it said, should be carried out by communities, voluntary health organizations, professional and educational associations, schools, individual physicians and teams of workers representing all the sciences involved. A central clearing agency should be established to supervise and stimulate research on chronic illness. Financial needs, it went on, should be met by expanding present plans such as voluntary health insurance, workmen's compensation and philanthropic programs. However, it observed, until adequate expansion of this nature takes place there is no alternative to the proposition that the public must bear the cost.

SQUIBS

Modern divorcees prove that women can keep anything but a husband.

Marriage ties come from neckties that develop into beau ties.

Man puts his best foot forward when he gets the other foot in hot water.

Before we ever go to Africa we are going to have our heads Sanforized.

Those postage-stamp size bathing suits the girls are wearing sure satisfy the males.

Then there is the man who spent a thousand dollars to cure his halitosis only to discover that nobody liked him anyway.

All that some girls give up when they marry is housework.

Everything looks green in the spring until the race tracks open and then the green disappears.

When a man and his wife divorce, their accounts differ. Her's becomes larger and his becomes smaller.

Today's husband is not only expected to bring home the bacon, but to fry it and serve it too.

Many a teacher who is easy on the eyes can be hard on the pupils.

Clever girls make good men.

Isn't it odd that it takes a baby two years to learn how to talk and it takes a man 40 years to learn to keep his mouth shut.

Sometimes the girl who could marry anybody she pleased, just doesn't please anybody.

Girls who model the latest styles in bathing suits don't show them, they show her.

Middle age is that time in life when the gleam in the eye is just a reflection of the sun off the glasses.

Women who marry for money usually get a man who marries for a fancy figure.

Girls who look like a million are looking for it, too.

Behind every successful man is a woman. And she usually catches him.

A mother flea is the only woman who doesn't worry about her children going to the dogs.

WHEAT REFERENDUM

Some farm scene observers were surprised at the top-heavy vote of approval which wheat farmers gave to marketing quotas for the 1956 crop.

The nation's wheat acreage has been set at 55 million bushels, the minimum allowed under Federal crop control laws.

The average support price will be \$1.81 a bushel. Better milling types probably will be supported at a higher rate if present USDA plans are put into effect.

Ever wonder what "Santa Fe" means?

Back in 1901, about 40 years after the Santa Fe Railway was founded, the ancient Indian Cross-within-a-Circle design was placed in a square and the assembly was adopted as the official trademark of the young railroad.

The words "Santa Fe" means Holy Faith. Today, that faith and vision in America's future have built the Santa Fe Railway System into a vital network of steel, linking the West,

Southwest and East with fast, efficient transportation services. These rails serve your town; help it grow and prosper.

And, no matter what your shipping or travel problems may be, Santa Fe will solve them. Your local Santa Fe agent is right here in your town to help you.

You can depend on him, as you can depend on the vast system he represents.

Mrs. Kenneth Owenby and small son, Darrell Lynn, of Big Spring are here visiting her parents, Mr. and Mrs. Jack Lyons, and other relatives and friends. Mr. Owenby will come for them during the week end.

Mr. and Mrs. H. L. Kimsey of Handley were here from Saturday until Tuesday visiting relatives and old-time friends. They were accompanied to Crowell by their son, Mabry Kimsey, wife and son, Jimmy, who returned to Handley Sunday.

Mr. and Mrs. Bob Myers and three children, Robert Les, Jo Ella and Debra, returned home Tuesday of last week from Littlefield where they visited Mr. Myers' parents, Mr. and Mrs. Lester Myers, for several days.

Mrs. Ray Pruet of Marathon is here visiting her parents, Mr. and Mrs. Joe Drabek, and other relatives. She was accompanied by her two nieces, Delores and Kathy Drabek, of Gilmer who spent the summer with her, and are en route to their home.

Kenneth Weber of Wichita Falls has returned to Crowell and began working in the meat department of McClain's Food Market this week. Mr. Weber is a former employe of this market and Mr. McClain says he is glad to have him back.

C. V. Ketchersid of Lubbock was a visitor in Crowell Saturday afternoon. He and Mrs. Ketchersid were at Lake Pauline Friday, Saturday and Sunday attending the Ketchersid family reunion, which included a large group of Ketchersid families.

Mr. and Mrs. John Wishon and son, John Jr., returned home Saturday morning from Guernwood, Calif., where they spent seven weeks visiting Mrs. Wishon's parents, Mr. and Mrs. T. H. Crowther. They visited several points of interest en route to California and also on the return trip.

Mrs. J. W. Sollis and two sons, Johnny and Windell, of New Deal spent the week end visiting relatives in Munday, Knox City, Crowell and Margaret where she visited her grandmother, Mrs. Valeria Owens. Mr. and Mrs. Sollis and children have recently moved from Dimmitt to New Deal where Mr. Sollis has accepted a position as principal in the New Deal High School.

Mrs. W. C. Thompson and Mrs. George Pruitt and sons, Billy, Early and Lynn, visited their mother, Mrs. Dora Phillips, and brothers, E. M. and Sid Phillips, and families in Alvarado last week. They also visited another brother, Shell Phillips, and family in Fort Worth, and a niece, Laverne Phillips, who is in Peter Smith Hospital in an iron lung and in a serious condition with polio.

Mr. and Mrs. Wade Odle and daughter, Ruby Jean, returned to Crowell Sunday from Big Spring where they had been making their home. Mr. Odle will be employed by Leotis Roberts on the construction of the new home of Mr. and Mrs. W. J. Long, and Miss Odle began work Monday in Shirley-Youree Drug, a position she held before going to Big Spring.

Mr. and Mrs. Jim Cook returned Tuesday of last week from a two-weeks' vacation trip. In Roby they visited for a short time with Rev. and Mrs. E. L. Yates and from there they went to Crane to visit Mr. and Mrs. Jim Cates. They visited their son, George, and family in El Paso, and their daughter, Mrs. F. K. Harrell, in Farmington, N. M. They completed their trip by touring parts of Colorado.

Glenn Minnick of Denver, Colo., was here the first part of the week visiting his aunt, Mrs. Jim Minnick, and cousin, Mrs. Ray Shirley, and old-time friends in Crowell and Mr. and Mrs. Blake McDaniel in the Foard City community. His father, the late Will Minnick, and family left Foard County in 1919. His mother now lives in Denver. Mr. Minnick is employed by a Chevrolet dealer in Denver.

CARD OF THANKS

We want to take this means of expressing our sincere thanks and appreciation for the many kindnesses shown us in our recent bereavement in the loss of our husband and father, A. C. Hinkle. May God bless each and every one.

Mrs. A. C. Hinkle and Children.

CARD OF THANKS

I wish to express my sincere thanks to the hospital staff and doctor for their kind attention while I was in the hospital. The flowers, cards and visits from friends were also greatly appreciated. May God bless you.

Mrs. Wayne Dishman.

CARD OF THANKS

I'm proud I was the first white child born in Foard County and glad I've lived in Crowell all my life; because I know that nowhere else in the world are such sweet, kind, thoughtful friends, nurses, and doctors.

Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, O. T. Holmes, O. H. Brandon, H. L. Ayers.

During the past week cooperators of the Lower Pease River Soil Conservation District constructed 1 1/2 miles of terraces. Three miles of terraces were built on the Marie Grissett farm, operated by John Hughes, 7 miles northwest of Goodlett. A diversion terrace was needed at the top of the Grissett farm to take care of a large amount of outside water. D. L. Alexander constructed 3 1/2 miles of terraces on his farm 8 miles southwest of Quanah. Mahe Barbee has finished 1 1/2 miles of terraces on his place 2 miles north of Acme. Slick Mulligan, whose is 5 miles south of Quanah, constructed 3 1/2 miles of terraces.

Other cooperators planning to terrace soon are Lega Richardson, Lester Ingram, J. N. Ervin, V. E. Hafner and J. B. Murphy.

Technicians of the Soil Conservation Service ran lines for irrigation ditches on the Frank Jones place 7 miles northwest of Goodlett, and Pete McSpadden's two miles north of Goodlett.

LOOKS LIKE MINNESOTA

The Plains country of Texas looks like Minnesota right now. It's truly a land of 10,000 lakes as the wet weather lakes, which many old timers say were once buffalo wallows, are filled with water from the rains which fell this spring and summer.

Changes Made in Old-Age and Survivors Insurance Benefits

New you can earn up to \$1200 in a calendar year and not lose old-age or survivors benefits, according to Erton F. Tate, manager of the Wichita Falls Social Security district office. This new provision was included in the 1954 amendments and is effective with the year 1955.

This change not only raises the amount of earnings permitted before loss of benefits occur, but puts the wage earner on the same reporting basis as a self-employed beneficiary. Mr. Tate said. Previously, the earnings of a wage earner were considered from month to month whereas now it is on an annual basis.

The new retirement test includes all earnings regardless of whether they are covered by social security.

The age beyond which the retirement test does not apply has been reduced from 75 to 72. In other words, after an individual attains age 72, he may accept his benefit checks regardless of the amount of his earnings.

Between the ages of 65 and 72, a beneficiary loses a month's check for each \$80.00 or fraction thereof he earns over the \$1200 limitation.

Mr. Tate states that by these changes, Congress greatly liberalized the retirement test. As a result many individuals will continue to work on a part time basis and still receive their old-age benefits.

PINTO BEAN CROP

One group of farmers on the Texas Plains are putting their hopes in pinto beans.

When their cotton crop was hailed out, farmers in the Floydada area put in 2,500 acres of beans.

Some farmers in this section had to plant cotton and feed for the third time because of adverse weather conditions.

Undesirable Wheat Varieties Listed

A list of 23 wheat varieties designated as undesirable because of inferior milling or baking qualities has been released by the U. S. Department of Agriculture. Because of their undesirability, a discount of 20 cents a bushel in 1956 price-support rates will be made to discourage the planting of the listed varieties.

The varieties were designated by the Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and other qualified technicians on state and federal staffs.

The price-support regulations for 1956 will provide for producer certification, that is, the identification of the variety of wheat going under price support will be the responsibility of the producer. It will be based on his knowledge of varieties seeded and harvested. No protein content premium will apply to any of the undesirable varieties.

The 23 varieties listed accounted for only 31 million bushels of the 1954 production and 3.7 per cent of the '54 wheat acreage. The varieties shown on the list included seven which are planted in Texas. All are hard

red winter wheats and are Red Chief, Red Jacket, Kanking, Chiefkan, Early Blackhull, New Chief and Yogo.

USDA officials state that this change in the price-support program for wheat is designed to encourage the production of more desirable varieties and lessen the possibility of U. S. wheat of inferior quality finding its way into domestic and export channels. Strong backing, say the officials, has come from crop improvement associations.

CROSSBREEDING CATTLE

Crossbreeding of beef cattle has caught the imagination of many Texans in recent years. Crosses of the British breeds and the Brahman type cattle have resulted in quick-growing calves which can be marketed off grass in good flesh.

But Texans aren't the only ones interested in this development.

Vladimir Matskevich, Russian minister of agriculture, on his recent visit to Texas, said that even in Russia this program is catching on. Introduction of Zebu blood into Russian herds is progressing rapidly, he said.

The U. S. Marine Corps was founded in 1775.

State Capitol NEWS

by VERN SANFORD
Texas Press Association

Austin—Whether a special session of the legislature is called on school integration apparently hinges on a Texas Supreme Court decision still to come.

Filed by the anti-integration Texas Citizens Council in a district court at Big Spring, the suit seeks to bar payment of state

funds to bi-racial schools. Atty. Gen. John Ben Shepperd says the court decision holds the key to whether Texas laws must be changed immediately or all-ready-integrated schools must backtrack. Decision by the district court can be carried directly to the Supreme Court and possibly be settled by the time school starts.

Should the court hold payment to integrated schools can be made under existing laws, there apparently would be no urgent need to change them, at least in that regard.

Shepperd said he welcomed the Big Spring suit since it promises to clear up the difficult legal situation.

Gov. Allan Shivers says he will call a special session "if necessary." He apparently was awaiting three developments:

He asked his newly formed citizens' advisory council on school integration to investigate and report to him on several questions, including the need of a special session.

He asked Shepperd to prepare an official ruling on legal questions. And the decision in the Big

Spring court case may set up conditions to determine need of the session.

In July the Board of Education voted to continue regular payments to local districts, whether segregated or not. It left racial policy up to local officials.

Since then, some 30 districts have announced whole or partial desegregation plans.

A University of Texas student committee also has taken on the segregation problem with a poll of student opinion on acceptance of Negro students outside the classroom. Graduate courses have been open to Negroes since 1950.

Regents have ordered full desegregation in September, 1955.

KKK Talk Challenged
Attorney General Shepperd's claim that efforts are underway in Texas to revive the Ku Klux Klan brought a challenge last week.

Sen. Jimmy Phillips called on Shepperd to name names, but Shepperd declined. Names will be given prosecutors and grand juries when sufficient evidence is gathered for convictions, Shepperd said.

State Senator Killed
Death of State Sen. Wayne W. Wagonseller of Bowie cost Texas liberals one of their leaders.

Wagonseller, killed in a three-car collision in Fort Worth, was buried last week in the State Cemetery at Austin with full military honors. Services were held earlier in the Senate Chamber.

A World War II veteran, he served two terms in the House before beginning his Senate career in 1951. Friends in Tyler recently had boomed him as a candidate for attorney general.

He had been associated with Loyalist Democrats and had supported Ralph Yarborough in the latter's two unsuccessful races for governor.

Giles Pleads Guilty
One of the biggest news breaks of last week was Bascom Giles' plea of guilty in criminal district court at San Antonio to two charges in connection with a Bexar County block land deal.

Giles' guilty plea concerned charges of consenting to accept a \$30,000 bribe. He pleaded not guilty to a third count, of accepting the bribe. The state waived this charge and Judge Buck Jones imposed a six-year prison sentence. It is to run concurrently with a three-year sentence given Giles earlier at Austin on a charge of theft of \$6,800 from the veterans' land fund.

Giles has appealed the case, which affords at least 90 days delay in final disposition of the sentence.

Awaiting trial in San Antonio were Arthur McKenzie and C. V. Wynn, San Antonio land operators, indicted for offering the \$30,000 bribe to Giles.

Other suits now pending against the former land commissioner are a civil suit at San Antonio, seeking recovery of \$35,000, and nine additional charges in Austin, on other transactions. He also faces trial in Zavala County on another land case.

Stevenson Reply Awaited
Adlai Stevenson is slated to speak in Austin on Sept. 28. At that time he may reply to Gov. Allan Shivers' repeated refusal to support him for president.

During the national governor's conference in Chicago, Shivers said he would again, as in 1952, refuse to support Stevenson if he were Democratic candidate for president.

Stevenson withheld comment "until I am in Texas." Shivers, he pointed out, was a "guest in Illinois."

Stevenson's Austin appearance was arranged by the University of Texas great issues committee.

Mr. and Mrs. Oscar Whitaker and daughter, Mary Helen, of Tahoka visited Mr. and Mrs. J. M. Chowning here during the week end. Their daughter, Jan, who had been here several days, returned home with them.

Mrs. C. A. Bullion and daughter, Margaret, and Miss Mary Ann Brown were Abilene visitors Wednesday.

Mrs. Harold Eubank spent several days recently visiting relatives in Dallas.

Recent visitors in the home of Mr. and Mrs. D. S. Ellis were Mrs. John Arrington of Meanie, Texas, Miss Zell Ellis, Miss Mary Sutton, all of San Angelo, and Mrs. T. A. Bingham of Spur.

Mr. and Mrs. Bob Haynie of Wichita Falls spent last week end visiting his parents, Mr. and Mrs. Horace Haynie, and his brother, Rex Haynie, and family.

Mr. and Mrs. Bill English and boys, Rickie and Larry, of San Antonio spent several days visiting Mr. and Mrs. J. W. Chowning, and Mrs. J. E. Stover.

Mr. and Mrs. W. T. Blevins spent last Saturday visiting Mrs. Henry Blevins in Quanah.

Mr. and Mrs. Cecil Chowning and children, Jan, Martin Wayne and Faye, of Electra spent from Monday until Wednesday visiting his parents, Mr. and Mrs. M. V.

It is billed as "non-political." Subject of his talk will be "America, the Economic Colossus."

Too Much Money
Overpayment of drivers license fees has created a problem for the Department of Public Safety. DPS staffers reminded the public that increased charges voted by the 1955 Legislature do not go into effect until Sept. 6. At that time charges will jump from \$1 to \$2 for an operator's license, \$2 to \$3 for commercial licenses, \$3 to \$4 for chauffeurs.

Meantime, the lower rates apply, and the department has quite a task returning excess money.

Chowning, and Mary K.

Last week end guests in the home of Mr. and Mrs. S. E. McRoberts were his mother, Mrs. S. G. McRoberts, Mr. and Mrs. V. C. Norman, Mr. and Mrs. Norman Penhall and children and Mr. and Mrs. G. E. McRoberts, all of Amarillo and Mr. and Mrs. R. S. King of Dallas.

Mr. and Mrs. John Black spent last Sunday visiting her sister, Mrs. Otis Cash, and family in Knox City. They also visited D. C. Hutton of Oklahoma and Miss Exa Faye Hutton of Pampa in the home of Mrs. Cash.

Mrs. J. E. Stover spent several days in Fort Worth this past week.

Carl Haynie of Lubbock spent the week end visiting his brothers, Horace and L. A. Haynie, and families.

Recent guests in the home of Mr. and Mrs. W. T. Wrong Notion

There is a fairly widespread notion that the growth of big business in this country has been made possible by the absorption and destruction of small businesses.

In 1900 there were 21 independent establishments per 1000

days visiting in the home of Rev. and Mrs. H. C. Ellis and children, Judy and Larry, and other relatives here.

Mrs. Farris Caddell and Mrs. A. P. Smutt were Seymour visitors one day this week.

Mr. and Mrs. Roy Green spent last Sunday visiting her father, and other relatives in Clyde.

Mr. and Mrs. V. H. Caraway of Howe visited last week end in the home of Mr. and Mrs. George Solomon.

Mrs. Marion Hord is in the Foard County hospital at the time of this writing.

Miss Judy Ellis spent several days recently visiting in the home of Mr. and Mrs. James Sanders and family in Haskell.

Mr. and Mrs. Gene Whitaker and daughter, Gene Ann, spent several days this week visiting in the home of his brother, Oscar Whitaker, and family in Tahoka.

Mr. and Mrs. B. L. Bates attended the 50th wedding anniversary of Mr. and Mrs. S. H. Adams in Wichita Falls last Sunday. Mrs. Adams and Mrs. Bates are sisters.

Mrs. Henry Abbott and girls, Brenda Joyce and Peggy, of Water Valley and Mrs. Norman Butler and children, Terry Lee, Norma Ann and Janette, all of San Angelo spent the week end visiting Mrs. Abbott's parents, Mr. and Mrs. M. V. Chowning, and Mary K.

Vernon Jones of Fort Sill, Okla., spent the week end visiting his parents, Mr. and Mrs. E. J. Jones, and friends here.

Mr. and Mrs. Odell Williams left Sunday morning for a week's vacation visiting her parents, Mr. and Mrs. Lee Woods, and family and her sister, Mrs. Edward Brown, and friends in Ft. Worth.

population—half a century later there were 27. And big business needs and supports small business. One of our biggest businesses has over 33,000 suppliers and subcontractors, most of them small. Another buys goods and services from 21,000 independent suppliers.

In some lines big business can do a job best—in others small business is superior. The country has to have both.

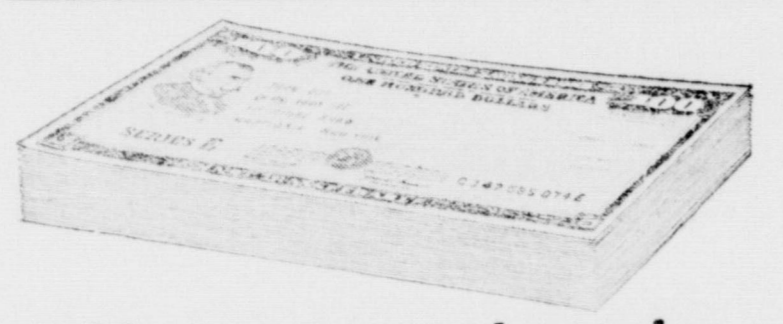

"NATURAL SEAMS"

The beef animal has "natural seams" just like a dress or suit. It's a simple task to divide beef along these guides and use smooth grained portions for roasting or broiling. That part where the grain has no single direction should be braised for tenderest results, according to the Texas Beef Council.

Bosses Rate Older Folks Good Workers
People who stay on the job in their sixties and seventies can be good workers and usually are, according to authorities who should know — their supervisors. In a University of Illinois survey, supervisors in 20 companies rated 1,025 older workers with these results. In over-all performance, 16 per cent were excellent, 32 per cent very good, 36 per cent good. Seventy per cent were absent less often than their younger colleagues, and 23 per cent had about the same number of absences. Fifty per cent were rated more dependable. In work quality, 57 per cent did about the same and 36 per cent were better. More than 75 per cent turned out as much work with others as well as young people did, while 33 per cent got along better. — Changing Times.

Miss George Ann Davis and Glyndon Johnson United in Sunday Afternoon Marriage at Crowell Methodist Church

Miss George Ann Davis and Glyndon Johnson were married Sunday afternoon, August 21, at the Crowell Methodist Church. Grady Adcock, pastor, performed the four o'clock ceremony.

Miss Davis is the daughter of Mr. and Mrs. George Davis of Crowell and the groom is the son of Mr. and Mrs. Ernest Johnson of Spur.

Majestic arrangements of white gladioli in baskets with fern and palms were placed at the chancel setting, while tall candelabra illuminated the improvised altar.

Traditional wedding music was presented by Miss Marcia Kincaid, organist, and Miss Tommie Wieland of Dumas, soloist.

Escorted to the altar by her father, the bride was gowned in white crystalline enhanced at the front with an inset of alcon lace. Her veil was elbow-length tulle which billowed from a tiny pearl encrusted cap. Brief sleeves were

complemented with lace mitts which tapered to points at the bride's wrists. She carried a white orchid with narrow streamers of white satin ribbon on top of a mother-of-pearl bound Bible.

Mrs. Duane Cates, who attended her sister as matron of honor, carried a bouquet of white and orchid carnations arranged in a sweetheart rousette. She was attended in orchid crystalline, at the front of which was an inset of tiny permanent plants.

Billy Abston served as best man. Ushers were Kenneth Fox, Robert Graves, Chun Gafford and Jim Paul Norman. Jay Norman Johnson, brother of the groom, and Jimmy Mack Gafford lighted the candles.

Reception Setting
Mr. and Mrs. Davis were host and hostess at a reception at the Adolphian Club House immediately following the wedding.

The reception table, covered with white satin, was centered with the three-tiered wedding cake which was adorned with white and orchid rosettes accented with seed pearls. White tapers burned in silver candelabra. The entrance to the dining room was banked with greenery and flowers.

Punch was poured by Misses Virginia Tamplen, Helen Willis and Marcia Kincaid. Serving the cake were Misses Jean Whitty and Rebecca Calvin. Miss Carolyn Bell registered the names of the guests in the bride's book.

Rehearsal Dinner
Before rehearsal Friday evening, parents of the couple entertained the group with a dinner at the home of Mr. and Mrs. Davis. The dining table was decorated with red zinnias and sprays of silver sage.

A 1951 graduate of Crowell High School, the bride was salutatorian of her graduating class, school favorite, and associate editor of the annual. She completed a year of study at Texas Technological College in Lubbock where she was a member of Kappa Kappa Gamma sorority.

Mr. Johnson also graduated from Crowell High School and attended Texas Tech. At present he is employed with the Johnson Buick Company in Spur where the couple will reside.

Among out-of-town guests attending the wedding and reception were Mr. and Mrs. H. T. Ferguson and Jean Roberts of Fort Worth; Beryl Jean Streit, Dick Lowke, Mrs. Jimmie Hughes, Muriel Brann, Mr. and Mrs. Monte Sheppard, Mary Beth Belew, Mary Ann Chaney, Carolyn Kidwell and Judy Parker of Vernon; Mr. and Mrs. Glenn Rasberry and Johnny of Wichita Falls; Mr. and Mrs. Elton Carroll of Gilliland; Mr. and Mrs. Jack Rasberry of Cement, Okla.; Mr. and Mrs. M. L. Steele of Spur; Mr. and Mrs. A. T. Willingham of Paducah; Mrs. Mattie Meadows of Tipton, Okla.; and Mrs. Weiden Hammonds and Kay of Floydada.

MARGARET M. Y. F.

The Margaret MYF met at the church Sunday evening. The president, Kenneth Bell, reported on the sub-district meeting. It was decided to have a haryride Thursday evening at 7 o'clock. All young people are invited to take regular part in the MYF and parents are invited to attend and back the young people, it was stated.

SESSION AT A&M

An important Texas water session has been set for September 19-21 at College Station.

Paul Weaver, outstanding Texas water authority, who is a consultant with Texas A&M on water problems has sent out a preliminary notice to interested persons, asking for suggestions for the session.

There is an ample supply of water information in the state, but there has been little coordination of effort on the problem and this session may be one of great importance.

Kitchen Gadget Shower Honors Bride-Elect

Naming Miss George Ann Davis, bride-elect of Glyndon Johnson, as honoree, Misses Rebecca Calvin and Jean Whitty entertained a group of friends at coffee and kitchen gadget shower on Sunday morning. The scene of the affair was the home of Miss Mayme Lee Collins.

The refreshment table was covered with a green linen cloth and the floral decoration was formed of daisies and huckleberry leaves in a copper chafing dish. The honoree was presented a corsage cleverly fashioned of gadgets and as part of the entertainment, the guests were asked to autograph a rolling pin as a gift for the bride.

A pleasant hour was spent visiting and watching Miss Davis open her gifts.

Those present were the honoree, Miss Davis; Mrs. Jim Paul Norman, Misses Nell Johnson, Mary Cooper, Linda Adcock, Marcia Kincaid and Mrs. Monte Sheppard and Miss Beryl Jean Streit of Vernon.

"Come-as-You-Are" Breakfast Honors Crowell Co-Eds

Misses Marcia and Frances Kincaid were hostesses at a "come-as-you-are" breakfast honoring girls who will be attending the various colleges and universities throughout the state this fall, at their home Friday, Aug. 19.

Upon arriving at the Kincaid home, each girl discovered that surprise favors awaited her, hidden throughout the living room. This got the party off to a gay start.

The buffet table was adorned with pennants of each college and university represented. On the dining room mirror was a comical scene depicting various phases of college life.

Guests were Misses George Ann Davis, Gail Knox, Jean Whitty, Sue Messon, Rebecca Calvin, Barbara Fairchild, Jenny Webba, Zonell Eddy, Virginia Tamplen, Betty Bartley, and Mesdames Joe Billings, Jim Paul Norman, and DuWayne Elliott.

Highest point in the United States is Mt. Whitney, Calif., at 14,495 feet.

Health Department Gives Advice on Care of Eyes

If Johnny should come home crying, "Mom, I got something in my eye!" What would you do? The sensible thing would be to follow this 3-step procedure recommended by the State Department of Health for just such emergencies:

Lift the upper lid and pull it down over the lower lid. This will allow the tears to wash out the offending speck. Tears are nature's own eye wash.

If this doesn't work, wash the eye with drops of luke warm tap water, using an eye dropper and holding Johnny's head so the water will flow away from the nose, toward the side.

If the speck still doesn't dislodge, bandage the hurt eye lightly to prevent Johnny from rubbing it, and take him to a physician.

"Remember," the Department cautions, "trying to rub the speck loose can cause infection that may scar the cornea, resulting in partial blindness."

Ever heard someone remark their eyes were "simply worn out"? That's sheer nonsense, says the Department. It's impossible to "wear out" healthy eyes by overuse.

Then why do your eyes feel strained? It could be because you need glasses or are wearing improperly fitted glasses. Or it could be that you are failing to follow the rules of good lighting and proper eye use. Or the strain could be due to an eye or body disease.

Under correct conditions you should be able to use your eyes as much as you want to without strain. Healthy eyes give the best and most comfortable service when you sit erect with your work arranged at 45 to 70 degrees from the horizontal and from 14 to 16

inches from your eyes. Tilt-top desks or book easels are best for children.

Reading in bed is perfectly all right, providing you stick to the rules of good lighting and good posture. But it's never wise to read in sunlight, even if your book or magazine is shaded.

What about television? It doesn't harm the eyes if the picture is clear and steady, and if there is enough light in the room to prevent too great a contrast with the screen. Avoid sitting off-center or too close to the set.

It's smart, the Department says, to protect your eyes from long exposure to bright sunlight. But don't make the mistake of wearing sun glasses just to look Hollywoodish. Indiscriminate wearing of colored glasses reduces your tolerance to light.

"Many," the health agency concludes, "is normally a far sighted creature. So from time to time as you read or do close work, give your eyes a break by closing them for a moment or by looking into the distance."

Our Weekly Sermon

Do You Know the Shepherd?

At a certain social gathering at which an aged minister and a distinguished actor were present, the actor was called upon to give a recitation.

He immediately turned to the minister. "What would you like to hear?" he asked.

"Do you know the Twenty-Third Psalm?"

"Oh, yes, indeed I do. It is

one of my favorite selections!" And the actor began to recite it. The beauty of his voice and the charm of his manner were so great that a subdued murmur of praise went around the room at the close.

The actor then insisted that the old minister repeat the same psalm. He did so, speaking with deep tenderness and spiritual understanding that touched the hearts of all who were present.

No one felt the difference more keenly than the great actor. "I know the psalm," he said, after a brief pause. "But you know the Shepherd."

So it is with many church-goers today. They know the beauty and inspiration of the Bible, but they do not have a personal acquaintance with the Shepherd.

Do you know that Shepherd? He wants you to know Him . . . not through an impersonal relationship, but as a good friend—a friend to whom you talk and tell your joys and fears, your happiness and your sorrow. He wants you to love Him, and accept His love in return . . . to enjoy the vital relationship of communion and prayer that can only exist between a man and woman, boy or girl who has accepted Christ as their Saviour and Guide.

Jesus said: "I am the good shepherd, and know my sheep, and am known of mine" (John 10:14).

U.S. Farm Exports Up 7 Per Cent Last Year

Exports of United States agricultural products for the year ending June 30 totaled \$3,130,000,000, an increase of 7 per cent over the previous year and 11 per cent above the 1952-53 total.

Extension Economist Pat Wooten says the U. S. Department of Agriculture has reported that all

major commodity classes show some improvement but it took grain buying upswing in June to bring that commodity up to level of the year before.

Exports registered gains 1954-55 mainly for vegetable and oils and livestock products but increases were also listed cotton, tobacco, and fruits and vegetables.

Cited by the economist as contributing factors to the increase were improvements in economic conditions abroad and European poor grain harvests in 1954.

Satisfactory levels of gold dollar accumulations attained during the year also made it possible for some countries to expand dollar purchases of American products, said Wooten. On the other hand, some European countries continue to maintain restrictions against imports from the United States. Exports probably have increased had foreign demand been fully asserted itself, he said.

The large supplies and government programs aided the flow of farm products abroad. The importance of these programs is emphasized by the fact that sales for export at competitive prices, sales for foreign currencies, barter agreements, grants and foreign countries for emergency relief and welfare donations.

Foreign countries for emergency relief and welfare donations.
