Pictures of Children Will Be Published in Foard County News Starting Today

Pictures of children of Crowell in type will be published in the Foard County News beginning with this issue of the paper.

Photographs are assembled in panels of six each and one or two of the panels will be inserted each week until the entire sixteen panels have been published.

Ninety-four youngsters in this vicinity are included in this group of pictures.

The News wants to extend sincere thanks to those who helped to make this picture feature possible and the staff hopes that everybody will be pleased with the pictures of their children as they appear in the paper from week to week.

Albert Schoppa, 57, of Harrold, brother of Mrs. August Rummel, died en route to a Wichita Falls hospital last Thursday afternoon after being injured in a two-car collision at an intersection of two farm roads ten miles northeast of Harrold.

Mr. Schoppa, with his family, made his home in the Riverside community several years before moving to Harrold.

Funeral services were held Sunday, June 3, at the Immanuel Lutheran Church near Harrold. He is survived by his wife; two sons, Herbert of Grand Prairie, and Albert Jr. of Winfield, Kan.; three daughters, Mrs. Otto Brady of Cordell, Okla., and Misses Janice and Dorothy Mae, and five grandchildren; eight brothers, Edd, Karl, Herman, Paul and Edgar, all of Lockett; Marvin of Harrold, Alvin of Lubbock, and Louie of Sweetwater; six sisters, Mrs. Otto Obenhaus, Mrs. Carl Schulz, Mrs. Oswald Zock, Mrs. Robert Rummel and Mrs. Gerhardt Schulz, all of Lockett, and Mrs. August Rummel of Crowell.

Richard L. Hunt, the former Thelma Mae Johnson of Harrold and a granddaughter of Mr. and Mrs. C. C. Fox, was elected president of the Insurance Women's Club of Chicago.

The club is a social organization of approximately 500 women members of companies in the Kemp Insurance group, one of the largest and strongest general insurance organizations.

Hunt left Crowell six years ago for a "temporary" two-year assignment in Chicago while her husband studied there. He is a member of the staff of Western University. They live at 1943 West North Shore in Chicago.

Hunt has served as president of the Crowell Garden Club and her husband still has membership in the Crowell Methodist Church.

She is active in a number of women's organizations including the National Federation of Business and Professional Women, the National Federation of Women's Clubs and the Order of Eastern Stars.

Hunt has been affiliated with the Kemper organization since 1950, and she holds position as chief operator in Chicago agency of James S. & Company.

Glover, former Crowell resident, is reported to be critically ill at the home of his daughter, Helen Neely, in Kermit. He has been making his home in Kermit for several years.

Two daughters from California arrived in Kermit Tuesday afternoon.

Glover, who will be 87 next birthday, is a former owner of the Halsell Ranch and his family lived here for many years.

Dr. Kate Newland, famed Wisconsin woman whose national appeal pennies two years ago helped build a hospital in her home town of Woodruff, Wis., died last week in a Wausau hospital at the age of 70. She is shown riding in a Woodruff plane just two years ago after million pennies had been collected for the hospital.

MRS. A. S. HART

Mrs. A. S. Hart to Retire From School Teaching

It has been announced that Mrs. A. S. Hart, primary teacher in the Crowell Schools for the past fourteen years, will retire from the profession effective Sept. 1, 1956. Mrs. Hart has served 34 years as a teacher in the public schools here and in Rockwood, Texas.

She began her school teaching career in the Crowell Schools in 1901 and taught until her marriage to her late husband, A. S. Hart, in 1911. Living here three years after their marriage, they moved to Rockwood in 1916 where Mr. Hart owned and operated his drug store for several years. She taught school in Rockwood for 10 years before she returned to Crowell in 1942 and was elected a teacher in the primary department of the Crowell Schools.

Daughter of the late Mr. and Mrs. J. M. Allee, Mrs. Hart is truly a pioneer of this section, her parents coming to Old Margaret, County Seat of Hardeman County, in 1885. Her father was serving his second term as sheriff and tax collector of Hardeman County at the time of his death. Mrs. Hart started to school at Old Margaret with her uncle, George P. Brown, as teacher. When Crowell and Foard County was organized in 1891, Mr. Brown was one of the first school teachers in Crowell. He taught here one year and returned to Plano and his brother, M. D. Brown, came to Crowell as a school teacher, later teaching in the Quanah schools. Therefore, Mrs. Hart got her early training under the tutelage of her two uncles, brothers of her mother, who were outstanding instructors in their day.

Land on which Mrs. Hart's father died on about 70 years ago is still owned by the heirs of the estate. Mrs. Hart makes her home with her sister, Mrs. R. R. Magee, and Mr. Magee. She will spend the summer with her son and wife, Mr. and Mrs. J. A. Hart. Mr. Hart is a journalism teacher and is working on his doctor's degree in Columbia, Mo. After that she expects to make her home in Crowell. Following in the footsteps of his mother, Mr. Hart teaches journalism in the University of Illinois.

In addition to her long career as a school teacher, she has also taught a Sunday School class in the Methodist Church for the past forty-two years.

Mrs. Hart received her B. A. degree from Texas Tech in 1925. Other colleges she has attended are North Texas State College at Denton, Sul Ross at Alpine and the University of Texas at Austin.

When interviewed recently by one of the assistant editors of the High School Wildcat, Roma Jan Spikes, Mrs. Hart was asked how she managed to keep looking so young. She replied, "It is part of my philosophy of life that if it will help to worry about something, then it is all right to worry about it, but if nothing can be done, then it is foolish to worry."

Other activities during the five-day gathering include election of 1956-57 national officers and voting on national projects.

FHA is sponsored by the American Home Economics Association and the U. S. Office of Education. Cooperating groups are the home economics sections of the American Vocational Association and the National Education Association.

The main goal of FHA is to learn to live better today in order that the homemaker pupils' lives and those of their families may be better tomorrow.

De Anna also is a member of the following school and community organizations. Dramatics Club, National Thespian Society, "Wildcat" staff, Annual staff, Sub-Junior Adelpian Club and the First Baptist Church.

DE ANNA FERGUSON

De Anna Ferguson to Attend National F. H. A. Convention

Miss De Anna Ferguson, 16, daughter of Mr. and Mrs. P. D. Ferguson of Crowell, will be a delegate to the 1956 National Convention of Future Homemakers of America, July 2-6 at the Conrad Hilton Hotel in Chicago, Ill.

A senior at Crowell High School she has been an FHA member since 1953 and has served as chapter secretary and treasurer. She is now serving as chapter president, district president, and area second vice president.

Advisor for the local chapter is Mrs. Doyle Kenner. She will also attend the national convention.

FHA is the national organization of pupils studying homemaking in junior and senior high schools in the U. S. and Territories. Any student who has taken or is taking homemaking may be long. Membership is voluntary. National membership totals nearly 500,000.

De Anna will be one of around 2,000 FHA members chosen to attend the national meeting.

Convention sessions will be geared to helping FHAers recognize opportunities and accept responsibilities related to improving home, school and community life.

Foard County Elevators Have Received 805,000 Bushels of 1956 Wheat Crop; Combines Leave as Harvest Nears End

Harvesting of Foard County's 1956 wheat crop was practically completed Wednesday morning, according to reports from the elevator men.

Up to Wednesday morning, 805,000 bushels of grain had been received at the four elevators in the county, the Farmers Elevator and the Foard County Mill in

Crowell, and the Farmers Elevators at Margaret and Foard City. The local price Wednesday morning was \$1.88 per bushel.

Approximately 150 carloads of wheat have been shipped from Crowell, in addition to the many truck loads being sent to Houston.

Most of the large combine crews have left for harvest fields farther north and will continue moving in that direction until the harvest season ends in the late summer.

Many wheat fields in the county made surprisingly good yields, although there were some that barely paid harvesting expenses.

Truscott Community Wheat harvest in the Truscott community is also about completed, according to reports. Up until Wednesday morning, the Farmers Co-Op. Elevator at Truscott had received 127,000 bushels. This amount is more than was harvested in that community last year.

Manager Gordon Erwin wishes to thank the visitors for the cooperation they have shown in helping to keep the pool clean and safe. In case there are any suggestions about the operation of the pool, he wants each one to feel perfectly free to offer them.

News About Our Men in Service

E. M. F. A. Billy Joe Naron of the U. S. Navy, has been visiting his parents, Mr. and Mrs. Guy Naron, and other relatives for the past two weeks. He graduated from Electronics School on May 11 at the U. S. Naval Training Center in San Diego, Calif., and was transferred to the East Coast. He left Monday morning for Brooklyn, N. Y., where he will resume his Navy duties aboard the USS Maury.

Bible School to Begin at Truscott June 11

The Truscott Community Vacation Bible School will begin Monday, June 11, at the Truscott Methodist Church, with Rev. Robert S. Ely, pastor of the church, in charge. Classes will begin Monday morning at 8 a. m. and last until 11 a. m. Mrs. Curtis Casey will serve as pianist.

There will be a parade at 3:30 p. m. on Saturday, June 9, followed by a picnic. All children between the ages of 3 and 14 are eligible and invited to attend. Registration and enrollment for all children who plan to attend will be held at 3 o'clock Saturday afternoon. The school will end on Saturday, June 16.

The following women have been selected to help in the school: Nursery, Mrs. J. D. Smith; beginners (kindergarten), Mrs. Wilma Chowning; primary, Mrs. Thelma Adeock and Mrs. Jack Hickman; intermediates, Mrs. Paul Bullion and Mrs. J. R. Brown; juniors, Mrs. June Looney; Mrs. Bob Ely and Mrs. Betty Hord. Each group will have more helpers.

Closing of school program will be held Saturday night, June 16, at 8 p. m., with a program and exhibit of things done during the school.

VISITING PARENTS

Mr. and Mrs. Ed Zak and son, John Carl, arrived in Crowell last Friday for a visit with Mrs. Zak's parents, Mr. and Mrs. Hubert Brown.

Mr. and Mrs. Zak are moving to Seattle, Washington, after having lived in Paris, France, for the past 4 years. While living overseas, Mr. Zak was superintendent of overseas maintenance for Trans World Airlines. In his new assignment, he will be manager of aircraft engineering for TWA, based at the Boeing Aircraft Company plant in Seattle. He will assist in the production of eight Model 707 jet transports which TWA has ordered from Boeing for delivery in 1959.

Mr. Zak left Monday for Seattle, and Mrs. Zak and John Carl are remaining in Crowell for a longer visit.

Mother of Mrs. Mabe Died in Seagraves Sunday

Mrs. J. J. Coats, 99, mother of Mrs. F. W. Mabe of Crowell, passed away in Seagraves last Sunday, June 3.

Funeral services were conducted at the Church of Christ in Medicine Mound Monday afternoon at 3:30 with Raymond L. Wall, officiating, assisted by Roland Hayes, minister from Seagraves, and Delas Johnson of Midland. Interment was in the Big Valley Cemetery beside her husband. Womack Funeral Home of Crowell was in charge.

Grandsons served as pall bearers.

Mrs. Coats was born Elizabeth Ann Phillips in North Carolina on May 26, 1857, being the oldest child of a large family, and moved with her family to Bear Creek, Ala. In her early twenties she was married to James J. Coats. They lived there for many years and reared a large family. They moved to Medicine Mound in 1906.

Mrs. Coats lived to the ripe old age of 99 years and 8 days, having been bedfast for over a year. She made her home with her children. Early in life she obeyed the Gospel of Christ and remained a faithful church-goer until she was unable to attend services. She was a Christian worker for over 80 years.

Of her nine children, she is survived by five, all of whom were in attendance at her last rites. They are Mrs. Gertrude Isbell of Corpus Christi, Dr. F. B. Coats of Hardy, Miss. Mrs. Ethel Bentley of Stanton, Mrs. Ruth Mabe of Crowell, and Harold Coats of Seagraves. She is also survived by 29 grandchildren, 36 great grandchildren and 4 great great grandchildren.

The Crowell Methodist Church held the closing exercises for its Vacation Bible School last Sunday afternoon. Each department had a short program portraying the Bible study they had, and had the craft on display in their respective rooms. A tea was given by the Co-Laborers Class in conjunction with this program.

There were 85 youngsters registered during the school, and the average daily attendance was 74. There was a teaching staff of twenty-three adults. A total of \$26.99 was contributed by the children to use for some local missionary work.

A record was established by the kindergarten department in that they had a perfect attendance record for the six days of the twenty-two pupils enrolled.

Colored Vacation School

The Methodist Church is conducting a Bible School for the Colored Methodist Church this week. The latter is supplying its own staff who are: Mrs. Jessie Anderson and Mrs. Erma Chapman, kindergarten department; and Mrs. Lena Harper and Mrs. Bessie Silleman, primary department. There were 30 children who registered at the first class session, held Monday evening from 7 to 9. The food for the picnic to be held at the closing session Friday evening will be furnished by the Down Town Bible Class.

BASEBALL GAME SUNDAY

The Haskell Apaches and the Crowell Blue Jays will meet in a baseball game here Sunday afternoon beginning at 1:30 at the high school.

Domingo Martinez, manager of the Crowell club, says that this should be a very good ball game, as the Apaches have not suffered a defeat this season. Admission will be 25c for both adults and children.

DOWN TOWN BIBLE CLASS

A special musical number for the opening exercises of the Down Town Bible Class was a solo sung by Miss Marjorie Marlow with Miss Linda Ferguson as accompanist.

Attendance last Sunday was 50, including five visitors. Judge Leslie Thomas delivered the morning message.

ROTARY CLUB

Rotarians Joe Anderson and Sam Bredevoe of Quanah and Evans Mason of Vernon were visitors at the Wednesday noon luncheon of the Rotary Club.

The program was a film on Southern Pines lumber presented by Waldon Johnson with George Self operating the projector. The annual barbecue and installation of officers will be held at the Sandifer Cub Hut on Tuesday evening, June 26.

MOVED BACK TO CROWELL

Mr. and Mrs. Moody Bursley and daughters, Misses Carolyn and Sue, have moved back to Crowell from Quanah where they have lived during the past school term, Mrs. Bursley being employed in the Quanah Schools. Their daughter, Miss Carolyn, graduated from Quanah High School.

CONDUCTS SCHOOLS

Last year, the American Red Cross conducted 30 national aquatic and small craft schools throughout the country, in which 3,000 students were trained to be instructors in the fields or first aid, water safety, and small craft.

New Swimming Pool Continuing to Draw Large Crowds

The New Municipal Swimming Pool has proven to be a very popular place thus far, according to the records that are kept by L. A. Andrews, secretary of the Crowell School Board.

The average daily participation through the first eleven days has been 147. There have been 99 season tickets sold up to this date. Over thirty children have been taking swimming lessons during the morning hours.

Manager Gordon Erwin wishes to thank the visitors for the cooperation they have shown in helping to keep the pool clean and safe. In case there are any suggestions about the operation of the pool, he wants each one to feel perfectly free to offer them.

THIS WEEK - In Washington

Washington is watching considerable interest in the visit of a group of Russian leaders to this country. American clergymen will be their hosts.

The Russians will be returning the visit of nine U. S. leaders to the Soviet Union this year. The hope of the groups is that the seeds of permanent peace in the world are planted by the churches of two nations.

Washington State Deputies and military leaders are meeting on success, but do regard exchange visits as a hopeful U. S. churchmen who visit Russia feel that even the possibility of success should be over-looked.

The report of the American clergymen on their visit to Russia deserves wider distribution than the limited publication it has so far. In it there is much that can give us a better understanding of Russia and her people.

"We believed that in a world of world tension," the group reported, "with deep cleavages between East and West, Christians should talk with one another with frankness in an endeavor to clarify differences and to see areas of agreement we did."

The group was "replete" with generous hospitality, and that the Church and State separate in Russia. There is evidence of interference with ship and congregations and devout in the relative churches.

They found most Russian believe education, economic and political life are the concern of State. Worship, from birth to death, is the task of the church.

"This sharp division of labor in a population rapidly becoming scientific education based atheistic assumptions, perhaps a greater danger to the church than does political interference of the church itself," was reported.

It formed the opinion that Russian leaders have "increased aggressiveness of scientific education as the means to eradicate religion."

"In return for freedom of ship the leaders of the church have apparently inclined along with Soviet communism in . . . the area of propaganda."

"We had frank discussions that matter. We are certain that the Russian church people ardently desire peace appeared to us that their peace was derived not only from an inadequate understanding of the mission of the church."

"We made it clear that means to peace are as important as the need. Specifically, we set forth: (1) Peace cannot be achieved apart from justice, rights, and fundamental demands; (2) that armament inspection cannot be separated from effective inspection and (3) that the goal of peace and freedom for all people and colonial people is best achieved by free elections under national control."

HIGH-FLYING TAIL
A novel meteorological balloon, launched by the Air Force recently, will aid scientists in a down-to-earth study of the erratic behavior of hurricane winds. The plastic balloon, two stories tall, lies at an altitude of 30,000 feet,

trailing a "tail" of meteorological instruments 50 feet from the balloon. Data obtained from such readings may help prevent disaster by shedding light on why winds shift unexpectedly from their usual courses.

BREAK IT UP, BOYS!
Company engineers were "on the ball" when they used pellet drilling, a revolutionary new method of drilling. The technique, successfully tested after 37 years of research, pulverizes the rock formation causing it to break up. Among the many advantages promised by the new technique are savings in drilling time and equipment wear-and-tear. The steel pellets can be replaced without hoisting the pipe out of the hole, and the drilling bit does not rotate.

Austin, Tex. — Nearly 100,000 young Texans take off their mortar boards and roll up their sleeves this week.

Analysts predict that figures, when complete, will show a record number of diplomas and degrees awarded this year.

Texas Education Agency pegs public high school graduates at between 64,000 and 65,000. Degrees being conferred by state-supported colleges and universities are estimated by the Texas Legislative Council at 20,000. Private and church-supported schools swell the graduate rolls several thousand more.

Awaiting these young people, said commencement speakers, is unprecedented opportunity. Examples of the '56 high school graduate's future, as outlined by an Austin speaker: (1) a longer life span—44 years ahead for boys, 49 for girls; (2) higher earnings averaging a quarter million dollars apiece; (3) less work, dwindling to a 30-hour week and (4) ever-increasing ease and leisure as technology advances.

Concrete evidence of the speakers' promises is the job placement story. University of Texas Student Employment Bureau reports five to ten job offers per graduate at better than ever salaries. Personnel in some deans' offices speak wearily of the impossibility of coping with the year-end flood of would-be employers.

High school officials say many graduates began work between their last exam and commencement night.

MIXED REACTION TO HIGHWAY BILL — A bonanza of a blunder — Texans are in disagreement as to which term applies to the new federal highway bill.

Senate passage of the bill left only a few details to be ironed out in House-Senate conference before sending the measure to the President. Final enactment will set into motion a 13-year, \$51,000,000,000 interstate highway construction program.

Texas Highway Department officials are frankly jubilant. They are poised to begin letting contracts Aug. 1, using the new supply of federal funds. "We'll be scraping the bottom of the barrel in the July letting," said State Highway Engineer DeWitt C. Greer.

Greer said the new law would mean a minimum increase of \$57,000,000 a year in federal road building aid to Texas—or double the present amount.

He called it "the most far-reaching piece of highway legislation yet enacted." He predicted an era of unparalleled development.

Gov. Allan Shivers was less enthusiastic. He charged turning a state function over to "bungling bureaucracy" made it unduly costly.

His objection was to the provision giving the Secretary of Labor, rather than the states, power to set wages on all contracts. "This means a third less highway mileage than the people would otherwise get," said Shivers. "Tax money always dwindles in value," said the governor, "when it is sent to Washington for processing and returned to the state."

HOPE HELD FOR LABOR LAW — Champions of Texas' "right-to-work" law haven't given up the fight.

Railroad attorneys and Atty. Gen. John Ben Shepperd contend that the U. S. Supreme Court decision on a Nebraska law did not touch on the constitutional issues involved in Texas. This was pointed out in a supplemental brief filed last week with the Texas Supreme Court.

A ruling is expected soon from the state's high court on the hard-fought "Amarillo case" involving railroad unions' right to demand closed shop contracts.

Union leaders interpret the U. S. Court ruling as knocking out state anti-closed shop laws in the railroad industry. Shepperd and railroad lawyers say the decision, if anything, strengthens the case for the Texas law.

HIGHER AND HIGHER LEARNING — A rising skyline has been proposed to meet the University of Texas' critical classroom needs.

Pres. Logan Wilson suggests that the only two remaining sites on the original 40-acre campus be used for eight-story buildings. Most present buildings have four floors. For development five to ten years hence, Dr. Wilson recommends expanding to the east of the present campus in the area adjacent to Memorial Stadium.

LAW VIOLATION ADMITTED — Violation of Texas Election laws was admitted by C. T. Johnson in a deposition just taken in Austin. Johnson admitted spending \$1,200 in travel expenses during his 1954 campaign for Lt. Gov., but reported only \$125 to the Secretary of State. Previously he had testified under oath that he had spent "no more and no less" than \$125.

CLOTH: 55 PER CENT SHRINKAGE GUARANTEED

Housewives spend a lot of time looking for materials that don't shrink. Textile manufacturers have been looking for a material that does shrink—and found it, thanks to an oil-based product called polyethylene. The new fabric is made of conventional fibers such as nylon and cotton, woven with polyethylene yarn. When the fabric is dipped in boiling water, the polyethylene shrinks as much as 55 per cent, producing a crinkled "three dimensional" structure. This cushioning effect makes the new material ideal for upholstery fabric, since its elasticity saves tailoring and eliminates wrinkles.

Interest Is Growing in Increasing Quail Habitat in Texas

Progress on two fronts was reported by the assistant executive secretary of the Game and Fish Commission who is supervising efforts to aid a Texas quail comeback.

He said rains in East Texas have "picked up" habitat in the area destined to receive most of the young bobwhites from the state's experimental quail hatchery near Tyler.

At the hatchery, between four and five thousand eggs are in the incubators. Delivery of the young birds is tentatively scheduled for the latter part of June, after they spend four weeks in brooders plus two weeks in the "hardening pens."

The assistant executive secretary said applications for the pen raised quail which will be issued on a cost basis, indicate that some persons misunderstood a basic requirement. This provides that the game birds will be distributed only where food and cover provisions have been made subject to approval of the local game wardens.

"The Commission has re-emphasized that the primary purpose of this experiment is to create interest in quail habitat," he said. "The reason for this policy is that our quail population crisis developed only because of habitat shrinkage."

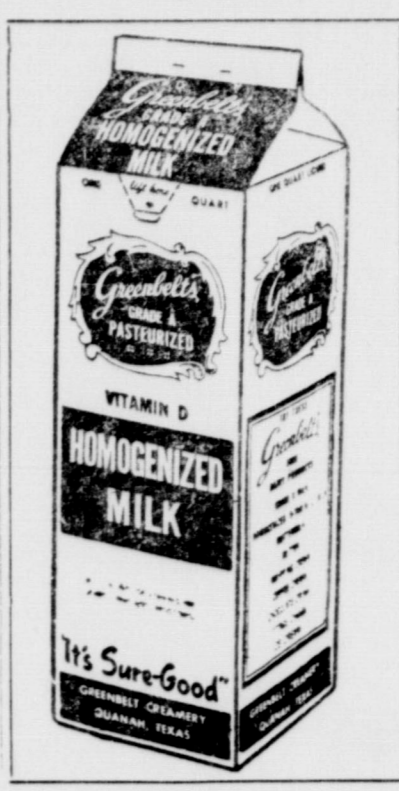

The assistant executive secretary said persons interested in

Mrs. J. R. Allee and son, Mer- rill, of Fort Worth, Mrs. J. E. Green and sons, Gary and Don, of Houston, and Mitchell Hardie Allee of Arlington, arrived here Tuesday to visit Mr. and Mrs. W. B. Carter and Miss Dine Mitchell, and other relatives. Merrill and Mitchell Hardie Allee returned to their homes Wednesday.

Words cannot adequately ex- press our gratitude to those who expressed their sympathy and helpfulness to us so beautifully at the time of our recent sorrow. We want to especially thank all of the good ladies for the won- derful food. We will never forget you, May God bless you all. Children of Mrs. J. J. Coats.

I sure do thank everyone for being so nice and kind to me while my baby was in the hospital. I sure did appreciate the nurses —how nice and kind they were. I enjoyed all the gifts that were sent, I thank Dr. Kralick for his helping hand. May God bless you all.

Chevrolet,
 action!

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars?
 Want to send pleasant little tingles up and down your spine? Want to drive the new car that politely murmurs "Move over, big boy" to the high-priced jobs? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double fea- ture" of the year! One part is bold, new Motoramic styling. The other is record- breaking V8 action.
 Hollywood has a heap of words that describe it: colossal, stupendous, mag- nificent. We'll settle for just the name—Chevrolet.
 Because once you've driven this sweet- handling showboat, the adjectives will take

care of themselves. Once you've sampled Chevy's hair-trigger reflexes and nailed- down stability, you'll see why it's one of the few great road cars built today!
 Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And this new Chevrolet clings to curves like part of the pavement.
 Stop in sometime soon and highway-test this record-breaking new Chevrolet.

JACK BANNER

Jack Banner Enters Race for State Senator, 23rd Dist.

Jack Banner of Wichita Falls has authorized the News to announce his candidacy for State Senator for the 23rd District. Mr. Banner directs the following letter to the voters of Foard County.

(An Open Letter to the People of Foard County.)

Dear Friends: I am a candidate for State Senator from the 23rd District covering Archer, Baylor, Cottle, Foard, Haskell, Hardeman, King, Knox, Throckmorton, Wichita, Wilbarger and Young Counties. During the next two months I will be campaigning your community and hope to talk with you personally. Until such time I would like for you to read this letter so as to get acquainted and tell you about myself.

I live in Wichita Falls at 4801 Hollandale. My wife, Ruth, and I have two little girls, Vickye, age

5 and Rosana, age 4. I am a lawyer with an active practice in general matters representing individuals. I graduated from the University of Texas in 1949 with a B. A. degree and received an LL.B. in 1951. Next I received an appointment as Attorney to the Supreme Court of Texas, a position which I held for one year before beginning private practice in Wichita Falls. In 1955 I was elected a City Councilman for Wichita Falls.

Economy in Government
In the last six years the cost of operating our State Government has increased more than 300 per cent. As taxpayers we are receiving the same services while paying three times as much for these benefits. It is my hope that by thoughtful legislation this high cost may be reduced and the money so saved applied to establish a State Farm Program and conserve our water resources.

We are all familiar with the shocking veterans' land scandals which have cost us as taxpayers more than 1 million dollars. You as a citizen deserve more vigilant representation to prevent this and other similar frauds.

State Farm Aid
At this time the state has no comprehensive farm program. There is no actual program for giving aid or loans to farmers who are in desperate need of help. Each year thousands of pounds of various seeds rot or lay unused in state warehouses. Why isn't this being used to improve the farm resources of our state?

Water Resources
As you and I both know the future of our State will depend to a great measure on how much water we will be able to count on in the next generation. Irrigation and droughts have dried many of our water sands and annual sources of water, while at times spring torrents wash away the soil and destroy our homes. Tomorrow will be too late—we must enact legislation now to conserve our water resources.

Taxes
Our government is supported by taxes, and of course, we must have tax money to continue any form of government. I believe by more efficiency in our government and wiser spending for necessary services tax increases can be avoided. There has been talk of enacting a state sales tax or a state income tax. You may

NATO OUTLOOK "MODERATELY BRIGHT"

Gen. Alfred Gruenther, retiring NATO Commander, told the Senate Foreign Relations Committee that the outlook for NATO is "moderately bright" but cautioned that the Russian competition is getting keener all the time.

Gen. Gruenther is shown in front of a map as he made an all-out plea against any cut in the Administration's request for military aid in Europe. He assured that I could never vote in favor of these programs which would deprive our pensioners and low income groups of bread and milk by raising the cost of the necessities of life.

I seek office of State Senator because I feel that our State government has become stagnant and inefficient. For Texas to grow and prosper we must pull our boots from the mud and step toward the future.

I have nothing to give nor to promise you other than fair representation, honesty and desire to better our state. Will you vote for me?
Sincerely,
Jack Banner.

Claim Forms Available for Refund of Federal Tax on Gasoline

Forms to be used in filling out claims for refund of Federal tax on gasoline used on the farm are available in the office of Joe Burkett, county agent. Here are some of the instructions Burkett gives on using the forms.

Who may file?—The claim may be filed only by the owner, tenant, or operator of a farm.

What gasoline to include?—Include gasoline purchased in 1956 which was used on a farm before

New Game Bird to Be Transplanted in Panhandle Region

Another new game bird, described as "a hair smaller than bobwhite quail," is being introduced into Texas in an effort to bulwark native upland game species.

It is the seesee partridge which originated in Pakistan, according to W. S. Jennings, assistant director of Wildlife Restoration of the Game and Fish Commission. The first air shipment of sixty-seven seesees is being held in pens in the Palo Duro Canyon area, south of Amarillo, where the fleet birds will be released after they have recovered from the exhausting flight.

Bottle Launched Off African Coast Found Near Padre Island

A mysterious blue-green bottle containing a longitude and latitude message in Spanish was found in the Gulf off Padre Island by R. J. Kemp, assistant director of Coastal Fisheries of the Game and Fish Commission.

Kemp, who was collecting marine specimens for the Commission's laboratory in Rockport, said the location given in the message indicated the bottle was launched near a small group of islands off the west coast of Africa on November 9, 1954. The exhibit has been referred to national authorities to determine whether the message is, as suspected, a part of a study about ocean currents.

Ben Ramsey to Seek Re-Election as Lieutenant Governor

Soil and water conservation and greater protection for families through good government stability in government are major issues on which Ben Ramsey will campaign in re-election this summer.

Ramsey, who is touring the state preparatory to opening his campaign, said is the storehouse of agriculture and industry. Water is a local level if we are to have a sound economy and true potential.

On plans for protection of families, Ramsey said the government must effect a change of conduct and exacting over blind forces of nature. Ramsey cited the need for strict curbs on lobbying, narcotic penalties, with imprisonment or death for the second conviction of a person selling to minors; (3) unceasing watch to assure families their insurance policies.

Ramsey, who spearheads the move to rid the insurance industry of "parasites" and fraudulent investment, said the results have been tremendous.

Our Weekly Sermon
Testings and Trials
There are many lessons to be learned from the old-fashioned village blacksmith and his all-but-extinct blacksmith shop.

Many old-timers remember the story of the blacksmith who, a number of years after he had been converted, was approached by an intelligent unbeliever with this question: "Why is it you have so much trouble? I have been watching you ever since you were 'saved.' Since you joined the church and began to walk square and seem to love everybody, you have twice as many trials and troubles as you had before. I thought that when a man gave himself to God his troubles were over. Isn't that what the parson tells us?"

With a thoughtful but glowing face the blacksmith replied: "Do you see this piece of steel? It is for the springs of a carriage. But it needs to be tempered. In order to do this, I heat it red hot and then cool it with water. If I find it will take a temper I heat it again; then I hammer it and bend it and shape it so it will be suitable for the carriage. Often I find the steel too brittle, and it cannot be used. If so, I throw it

OIL STEELS ITSELF FOR A RECORD YEAR

"Steeling" themselves for a record-shattering drilling program in 1956 will be more than just a figure of speech for the nation's oil producers; it will require a tremendous amount of metal. An estimated 56,000 to 58,000 wells will be drilled this year. The typical 10,000-foot well requires at least 450 tons of steel for rig, drill pipe, and casing alone.

roll-call which was answered with current events. Mrs. W. R. Womack was devotional leader and used Psalm 23 as a basis and also an article, "Tips on Time."

Mrs. Hines Clark served as program leader. Mrs. Halbert talked on Jacqueline C. Chan and Mrs. M. N. Kenner presented Emily Post. Mrs. D. R. Magee told of actresses who have won Academy Awards. Ethel Barrymore was given by Mrs. Sam Crews.

Mrs. Clark talked on Tallulah Bankhead.

The hostess served refreshments from a beautifully laid table centered with an arrangement of white and pink flowers. Sandwiches, cake and punch were served by Mrs. Wehba's daughters, Misses Jenny and Dorothy. There were eleven members and two visitors, Mrs. Grady Adcock and Mrs. T. B. Klepper.

RECEPTION TO HONOR NEWLY-WEDS

Mr. and Mrs. Grady Graves will be host and hostess at a reception Saturday night, June 9, from 7 until 10 o'clock to honor their son and his bride, Mr. and Mrs. Robert Graves of Stephenville and to introduce Mrs. Graves to their Crowell friends.

They are inviting all of the friends of the family to be present at the Adelpian Club house.

MARGARET M. Y. F.

Members of the Margaret MYF held their regular Wednesday night meeting at the church with a song service. There were nine present.

Sandra Choate led the Sunday night devotional on "Being content with what we have." After MYF, Rev. Clarence Bounds brought the message entitled, "Mind your own business."

ADELPHIAN CLUB

Members of the Adelpian Club met Wednesday morning, May 30, at the club house for their annual spring covered dish luncheon.

Mrs. L. E. Archer, president, presided over the business meeting.

Mrs. C. G. Graves, program chairman, introduced Mrs. L. A. Andrews who spoke on "Southern Homes." She recently visited points of interest in Tulsa, Okla.

A brief resume of her tour of The Philbrook Art Center and the Tulsa Garden Clubs' Center was given to the local club.

Hostesses for the luncheon were Miss Martha Rettig and Mrs. Earl Manard.

BIRTHDAY CELEBRATION

Mrs. R. J. Owens entertained for her daughter, Mieke Vee, on her third birthday Friday, June 1, with a party for her daughter's

little friends.

Mieke Vee received many nice birthday gifts. Refreshments of cake, ice cream, frosted animal cookies and punch were served to Peggy Jan Welch, Donna Gail Vecera, Jackie Thomas, Trey Autry, David Lee Kirk, Kristi McLain, Joy Traweck, Kinne Callaway, Rhonda Vecera, Malinda McBeath and the honoree.
