School Board Adopts Budget for New Year at Meeting Monday Night

Monday night, September 4, the Crowell School Board held a meeting at the Crowell Independent School District building to adopt a budget for the 1956-57 school year. The budget for the year is \$217,468.23, for the school year. The money will be spent for salaries and other expenses. The following information is furnished in answer to the question: The budget for the year is \$217,468.23, for the school year. The money will be spent for salaries and other expenses. The following information is furnished in answer to the question: The budget for the year is \$217,468.23, for the school year. The money will be spent for salaries and other expenses.

The proposed new budget for the school district for 1956-57, broken down into the current expense dollar, shows 6.7 per cent for administration (salaries and supplies for both superintendent and tax collector offices); 5.6 per cent for instruction; 14.8 per cent for transportation; 5.2 per cent for operation of plant; 4.5 per cent for maintenance of plant; 1.2 per cent for insurance; 1.8 per cent for new equipment; 5 per cent for bonds and interest; and 4.8 per cent for miscellaneous (including social security for two years). The school district collects taxes locally on automobiles and other vehicles, residential buildings, land, business property, machinery and equipment, merchandise, inventories, livestock, bank, manufacturing plants, utility plants and railroad, in the form of personal or real estate taxes. The source of state funds for the local school comes from numerous and various taxes. Some of these are: poll tax, cigarette tax, taxes on wine, beer, ale and liquor; on oil and gas and crude oil and natural gas, highway motor fuel, ad valorem tax, utilities, express companies, taxes on cement, sulphur and carbon black, revenue from cigarette permits, occupations, admission and awards, auto excise, radio sales, prescription tax, vending machines, cosmetics, telephones, store tax, interest on government bonds, city, county and district funds, grazing leases, textbook publishers and principal and interest on the insurance tax.

Funeral for Mrs. J. Girsch Held Wednesday, Aug. 29

Funeral services for Mrs. M. Girsch, nee Miss Emily Puryear, were held in the Crowell Methodist Church Wednesday afternoon, August 29, at 2 o'clock, conducted by the pastor, Rev. C. T. Aly, pastor of the Baptist Church. A special musical number for services was a duet rendered by Mrs. W. A. Dunn and Mrs. Thomas of Margaret with Paul Shirley as organ accompanist. Pallbearers were Merl Kincaid, E. Thomson, Jeff Bruce, Grover Cole, Ray Duckworth and Peter Davis. Interment was in Crowell Cemetery directed by Womack Funeral Home.

Crowell Lodge to Entertain District Masons Monday

Crowell Lodge No. 840, A. F. & A. M., will entertain lodges of the 90th Masonic District at a meeting to be held in the local hall next Monday evening, September 10. A supper will be served beginning at 6:30 o'clock, and a tiled lodge will be opened at 8:00. A speaker has been engaged for the evening and the Crowell lodge will present two of its members, T. B. Klepper and G. L. Cole, with 50-year pins. All Master Masons are invited to attend. Lodges comprising the 90th District include Crowell, Thalia, Vernon, Odell, Chillicothe and Quanah.

Two Hospitalized As Result of Auto Accident Sunday

Miss Dorothy Stone and Curtis Stone of Foard City were placed in the Foard County Hospital Sunday as the result of a two-car collision south of Crowell on U. S. Highway 283 just after noon Sunday. The Stone car, which was driven by Thomas Lewis Stone, brother of the hospitalized pair, was traveling east on the Foard City farm-to-market road, when it collided with an automobile traveling north on Highway 283 at the junction of the two roads. The other car, a 1949 Mercury, was driven by Ysidoro Salina Reyna of Gilliland. None of the six occupants of the Mercury were injured, nor were the driver of the Stone car or his younger brother, a fourth passenger in the car. The Foard County Sheriff's Department, which investigated the accident, reported that extensive damage was done to both autos, the Mercury and a 1952 Ford.

News About Our Men in Service

Pfc. Jimmy Stinebaugh will leave Germany on September 11 and will arrive at Fort Chaffee, Ark., on September 20 where he will receive his discharge. He will then go to Norris, S. D., to visit his parents, Mr. and Mrs. Jack Stinebaugh, for several days and then return to Texas where he will enroll at North Texas State College in Denton for the fall term. Pfc. Stinebaugh is a 1953 graduate of Crowell High School.

Crowell Public Schools Begin Classes Monday with Enrollment of 537

The Crowell Public Schools started classes last Monday morning with the smallest enrollment it has had in several years. There were five hundred and thirty-seven pupils to report on the first day. This is 35 less than enrolled on the first day last year. The primary department had 183, 5 less than last year. The intermediate department had 177, eleven less than last year and the high school had 177, eleven less than the previous year. There was a short schedule observed on the first day. The regular schedule of 9 o'clock until 3:30 was started on Tuesday. The noon period is 30 minutes long, which gives the required six hours of recitation per day. There were 56 girls signed up for homemaking; 46 boys in vocational agriculture, and 37 members of the band. Twenty-four boys are reporting for football in high school. 27 grade school boys are playing football and 32 children are working in the junior band. The school cafeteria started to serving lunches on Tuesday with the same prices prevailing as last year. Children through the first four grades pay 30c and those above the fourth pay 35c. One bottle of milk is served with each lunch and extra milk can be purchased at 2c per bottle. The new steam table helps to keep the food hot until the children are served. The colored children are being served hot lunches for the first time this year. These meals are prepared at the high school cafeteria and carried down to the Colored School to be served.

Baker Reunion Held at Margaret

Rev. T. M. Johnston of Abilene preached at the Sunday morning services at the 22nd annual Labor Day reunion of the descendants of Henry Baker at the George Wesley Park near the Cynthia Ann Parker monument on Mule Creek east of Margaret. At the conclusion of the service, Rev. Johnston baptized four babies who had arrived since the annual reunion in 1955. They were Mike Wharton, daughter of O. C. Wharton and great grandchild of Mr. and Mrs. J. H. Taylor; Henry Taylor, son of H. A. Taylor and grandson of Mr. and Mrs. J. H. Taylor; Don Taylor, son of Garland Taylor and grandson of the late Mr. and Mrs. Ed Taylor; Melanie Mitchell, daughter of Mr. and Mrs. Melvin Mitchell and granddaughter of Mr. and Mrs. George Wesley. The couple attending the reunion who have been married the longest was Mr. and Mrs. W. H. Grimm of Oklahoma City. Mr. and Mrs. Grimm have been married 56 years. They were accompanied to Margaret by Mrs. Grimm's sister, Mrs. Retta Magill of Oklahoma City, and Mr. and Mrs. Grimm's grandson, Hervey Gilliland, of Guymon, Okla. The oldest member of the clan present was M. O'Connell of Crowell, and the youngest was Henry Taylor of Dallas. A large representation of relatives and friends from many parts of Texas and other states were present for the 1956 reunion. Many of those attending brought along camping outfits and camped on the grounds for Saturday, Sunday and Monday, breaking camp during the day Monday. It was estimated that about 200 were in attendance.

Car Kills Cattle on Highway Friday Night Near Thalia

Miss Mary Myrtle Knoohuizen of Dallas escaped injury last Friday night when the car she was driving hit several head of cattle on U. S. Highway 70 one mile east of Thalia. According to the Foard County Sheriff's Department, who investigated the accident, the collision killed a steer and a calf, and scratched several other head of cattle, which were on the highway. The accident occurred about 8:30 p. m. as Miss Knoohuizen was traveling west on the highway en route to Plainview. The 1956 model Ford she was driving suffered about \$800 or \$900 damages, Sheriff Sherman McBeath reported.

Donations to Cemetery for August Far Short of Month's Expenditures

Mrs. N. J. Roberts, president of the Cemetery Association, reports the following donations during the month of August: Mrs. Henry Ferguson, Fort Worth, \$10.00; Henry and Charles Ashford, Fort Worth and Quanah, \$10.00; Alton H. Cavin, Wichita Falls, \$10.00; Fay Beidleman, Abilene, \$25.00; Edd Greening, Abilene, \$5.00; Mrs. C. T. Schlagal, \$5.00; J. A. and Laura Belle Whitfield, \$10.00; Andrew Calvin, \$3.50. Mrs. Roberts stated, "There seems to be an attitude of indifference toward our cemetery here at home. We are reminded from month to month that most of our offerings come from a distance. It not only takes money, but there's a responsibility in taking care of the general upkeep, and it can't be done without the cooperation of our interested families. 'The fact that you go out there and clean off your individual plot doesn't help pay to keep the entire cemetery presentable—and that is what we all want. 'As president of the Cemetery Association, I have never felt that I should take on the obligation of raising money by drives—Shows, bazaars, etc., but last fall when it became necessary to do some improvements on our house, we staged a rummage sale for three Saturdays, which worked a considerable hardship on a few women. 'We are still hoping we may eventually finish our fence. 'With August receipts, which will not much more than half cover our month's expenditures, we must plan for another fall rummage sale. If you are moving, house-cleaning or need extra closet space, don't forget that we will need clothing, books, toys and white elephants. Our date to be announced later."

Oil News Highlighted by New Producer Brought in on Jack Rasberry Land

Humble Oil & Refining Co.'s well on the Jack Rasberry land in the Vivian community struck pay Wednesday of last week at around 6,150 feet and was reported to be one of the best producers in the Rasberry field. An offset south of the No. 1 Jack Rasberry was being rigged up Wednesday afternoon. No. 1 E. M. Gamble Newport Oil Company and Sherman Wagoner No. 1 E. M. Gamble was at a depth of 5,365 feet Wednesday and a drill stem test was made Wednesday afternoon. No. 2 Effie Bell Location for Panhandle Oil Corporation's No. 2 Effie Bell was made the first of the week approximately 900 feet south of the discovery well. A rig was moved to the site and drilling was expected to start at once. To Re-Enter Dry Hole Bobby M. Burns and Panhandle Oil Corporation will re-enter and re-work to around 7500 feet a previously abandoned Foard County wildcat. Venture is No. 2 Free, 2 1/2 miles northwest of Crowell, in W. C. Hutton survey. It was originally drilled in 1952 by Continental Oil Co. and abandoned at 8520 feet. No. 1 Free Abandoned The 7,513-foot wildcat in northwest Foard County, 2 1/2 miles northwest of Crowell, the Bobby M. Burns, Wichita Falls, and Panhandle Oil Corporation No. 1 Free, has been abandoned as a dry hole. The location was in the W. C. Hutton survey. GRAND JURORS NOTIFIED Foard County residents summoned for grand jury duty next Monday morning, Sept. 10, at 10 o'clock are as follows: R. H. Cooper, Jr., W. L. Johnson, Chas. Machac, Mrs. Bonnie Johnson, Anderson Bradford, J. B. Fairchild, Ira Tole, C. L. Reynolds, Warren Haynie, Martin Jones, Ray Iseng, Frankie Halenack, Alton Abston, Walter Ramsey, W. E. Nichols, Marietta Carroll. MOVING TO VERNON Mr. and Mrs. Waldon Johnson and two children, Terry and Sherry, are moving to Vernon this week where Mr. Johnson will be employed by the North Texas Hardware Co. He has been working in the bookkeeping department of Cicero Smith Lumber Co. here for the past 2 1/2 years.

Crowell Wildcats to Open Football Season at Seymour Tomorrow Night

The Crowell High School football team will open its 1956 season with the strong 2A Seymour team at Seymour tomorrow (Friday) night. The Panthers have 24 lettermen back from last year's team that tied for the district championship. They will average about twelve pounds to the man heavier than the Wildcats. The Crowell team has fourteen returning lettermen, but is very short on reserves. The Crowell coaches were well pleased with the showing of the Wildcats in the two practice scrimmages last week. They scored four touchdowns to Lockett's one in the scrimmage at Lockett on Thursday morning. They tied the Floydada team with each making three touchdowns here on Saturday night. The boys who will probably see most of the service for Crowell at Seymour Friday night are: Harvey Smith, center; Ray Thomson, Edward Howard and Gordon Cates, guards; James Doyal, Jerry Pittillo, and Dale Rettig, tackles; David Carpenter, Louis Rettig and Gerald Bradford, ends; and Princess Gidney, Roy Don Payne, Melvin Washburn and Larry Sledge in the backfield. Bradford will probably see some service in the backfield. Billy Everson will be used on defense if his back injury will permit. Other Crowell boys who will make the trip are: Joe Calvin, Jerry Clifton, Ivan Cates, Tom Crowell, Roy Ford, Bill Graves, Jim Henry, Duane Nichols and Fredrick Youree. The Wildcats play the Memphis Cyclones here next week in the first home game of the season.

Substantial Progress Is Being Made on Highway from Crowell to Seymour

According to information furnished the News by H. T. Cunningham of Munday, senior resident engineer of the Texas Highway Department, a tentative location from U. S. 70 to Gilliland has been made and the department has started a location for the Baylor county line to Crowell. This survey was interrupted, Mr. Cunningham said, when all their men were needed on construction. Mr. Cunningham further states, "We will finish one construction job in about 30 days, then, I am sure, we will be able to devote full time to these projects as they are next on our program." The road from Crowell to the Baylor County line is FM 1919. The road from US 70 to Gilliland is FM 267. Plans on FM 267 from US 70, approximately six miles south, are about 80 per cent complete. These two roads will intersect at a point about six miles south of US 70. Continuing, Mr. Cunningham said: "Our instructions are now to let in one contract that part of FM 267 from US 70 to this intersection combined with the part of FM 1919 from Crowell to the intersection with FM 267. Since these are to be combined, it is necessary to complete the FM 1919 location from the Baylor County line to Crowell so plans can be prepared for the two projects. I am sure in the very near future we will be able to complete these surveys and plans and hope to have this first part under contract." According to an article in the Baylor County Banner last week, the right-of-way bonds for that county have been sold for the new Crowell highway, and the money was expected soon. Purchase of the right-of-way has been waiting only for the disposal of the bonds, and it will proceed with dispatch, the Banner said. J. E. King, resident engineer, stated that his department has been active in preparation for the new road, and much of this work has been done.

Mrs. Sudie Evelyn Bradford Died Last Sunday

Funeral services for Mrs. Sudie Evelyn Bradford, 88, resident of the Margaret community for fifty years, and widow of the late John B. Bradford, pioneer of that community, were held in the Margaret Baptist Church Tuesday afternoon at 3 o'clock, conducted by the pastor, Rev. Truman Boyd, assisted by Rev. G. C. Laney of Paducah and Rev. A. C. Hamilton of Plainview. Mrs. Bradford passed away at 10 o'clock Sunday night at her home in Margaret following an illness of several months. Burial was in the Crowell Cemetery under the direction of Womack Funeral Home. Pallbearers were O. E. Ketchersid, Ray Hysinger, Jack McGinnis, C. T. Murphy, Joe Bledsoe and Jim Owens. The former Miss Susan Evelyn Kee, Mrs. Bradford, was born April 1, 1868, in Central Tennessee. She was married to the late John B. Bradford in 1886. The couple came to Foard County with their children in 1906. Mr. Bradford died on Sept. 6, 1927. Mrs. Bradford was a life-long member of the Baptist Church and was active in church work as long as her health would permit. She lived a consecrated Christian life and was an inspiration to all who knew her. Long a loyal subscriber and supporter of The Foard County News, for the past fourteen or fifteen years, Mrs. Bradford has subscribed for the paper for a year for each of her 11 children for a Christmas present. Survivors are three daughters, Mrs. Grover Bradbury of Pauls Valley, Okla., Mrs. Clint Arwine of Longview, and Mrs. Lizzie Bradford of Oklahoma City; eight sons, C. F. Bradford of Margaret, Ben Bradford and J. B. Bradford of Abilene, Lee Bradford of El Paso, R. Y. Bradford of Santa Fe, N. M., Ralph Bradford of Quanah, J. Y. Bradford of Roff, Okla., and Carl Bradford of Vernon; 36 grandchildren, 53 great grandchildren and 6 great-great grandchildren.

Local Astronomer Invites Crowellites to Look at Mars

Emnis Setliff, Crowell's amateur astronomer, states that the planet, Mars, is nearer to the earth than it has been during the past 35 years. Mr. Setliff has a telescope set up at his place of business and invites anyone who is interested in seeing the planet through the scope, to contact him. Thursday and Friday nights will be the best nights for observation, barring cloudy weather, Mr. Setliff added.

Board County Residents Purchase \$11,000 in Savings Bonds During July

During July, the sales of Series E United States Savings Bonds in Texas increased 18 per cent, George Self, Foard County Savings Bonds chairman, has announced. Texans purchased \$13,000,543 in Series E and \$3,021,000 in Series H Bonds, Mr. Self said. The sales in Foard County for July were \$11,000. In Texas sales for the first seven months were \$115,029,501 and the sales in Foard County for the same period were \$72,714. Mr. Self also stated that of the Series E bonds that have matured, over 70 per cent are still being held for the additional option period of nine years and eight months. He also reminded those people who hold matured F and G bonds that these bonds do not earn interest after maturity and that they should exchange these matured F and G bonds for Series E or the new H, J and K bonds in order to earn additional interest. As of August 1, Foard County had reached 55.9 per cent of its quota of \$130,000, Mr. Self concluded.

Top row, left to right: Debra, 2 year old daughter of Mr. and Mrs. Billy Johnson; Jan, 6 year old daughter of Mr. and Mrs. Cecil Carroll; Cathy, 5 year old daughter of Mr. and Mrs. Earl Hudson. Bottom row, left to right: Michael, 5 year old son of Mr. and Mrs. Earl Hudson; Linda, 2 1/2 year old daughter of Mr. and Mrs. F. Mitchell; Jo Nell, 5 year old daughter of Mr. and Mrs. W. F. Bradford.

JAYNE MANSFIELD LAUDS KENNY FOUNDATION: "It is most comforting to know that the Elizabeth Kenny foundation is not only continuing its fight against polio crippling, but is expanding its program to include the rehabilitation of victims of many other neuromuscular disorders." Jayne Mansfield, star of radio, television and stage, declares in an appeal in support of the organization's 1956 fund campaign. Miss Mansfield, shown with a portrait of the late Sister Kenny, is being heard in television appeals across the country.

Home Demonstration Notes

MRS. MARY D. BROWN

The State Department of Health has advised me that W. D. Powers will be here sometime during the week of Sept. 24 to check contamination of our water supplies. If you received a bad report on your water and if you want to find out why and how your water is being contaminated, then please contact me at once. There will be no charge for this service, but since I do not know how much time Mr. Power will be able to spend here, I'm afraid it will have to be on a first come, first served basis, if his time is limited. Several of you have already told me you would like to have him visit you, but if you have not already called or notified me, then please do so immediately so that I can set up some schedule of visits with Mr. Power with you.

Remember, there is no charge for this service and those of you who received bad reports will want to take advantage of this opportunity, I'm sure.

Don't forget to bring an insurance policy with you to club for the demonstration on life insurance.

This month or next you will need to elect club officers for 1957 and make your annual reports. When I meet with you I will give you the forms for annual reports and discuss them with you.

Also you will need to begin thinking about what you would like to have in next year's programs. I will meet with you six times. That leaves approximately 10 programs during the year open so tell your yearbook chairman now what you would like to have next year.

Our recipe this week is:

successful crop is in planting good seed, then working full time to make them grow into a good harvest. You can't grow a good crop if you wait too long. The most party leaders started early and worked long and hard.

The old-time leaders waited too long to begin their work, and in Chicago it was too little and too late. There is a quotation from the Bible that seems to fit the situation: "What so ever thou doeth, do with thy might."

BETTER RUBBER

The elements selenium and tellurium are used to replace sulphur in the vulcanizing of rubber to produce a material with better wear-resistance and flame-proofing properties for rubber coverings of electric cables in ships and mining equipment.

Orange French Toast

2 slightly beaten eggs, 3 tablespoons confectioners' sugar, 1/2 teaspoon cinnamon, 2/3 cup orange juice, 2 teaspoons grated orange rind, 10 slices enriched bread, 1/4 cup shortening.

Combine eggs, confectioners' sugar, cinnamon, orange juice and orange rind. Dip bread slices into egg mixture, turning them to coat both sides. Brown bread, on both sides, in small amount of hot shortening in a skillet. Serve with honey.

A DIRECT WAY TO HELP PREVENT CRIPPLING FROM POLIO AND ALLIED DISORDERS IS THE KENNY TREATMENT AND REHABILITATION. LET'S ALL CONTRIBUTE TO THE SISTER KENNY FOUNDATION!

**Kenny Institute in Minneapolis
Soon Will Be One of Country's
Largest Rehabilitation Centers**

Minneapolis, Minn.—A construction and modernization program now under way will make Elizabeth Kenny institute here one of the country's most-complete inpatient rehabilitation centers for the care and treatment of nerve, muscle or joint disabilities, according to R. Bruce Reinecker, president of the Elizabeth Kenny foundation, with national offices in this city.

Established in 1942, Kenny institute is the foundation's original treatment center in the United States. Besides being the Kenny treatment center for a large area, it also is the International Kenny Therapist Training center. Well over 8,000 patients from throughout the United States and a number of foreign countries have been admitted here for polio treatment and rehabilitation. Here, also, have come doctors from many parts of the world to study and evaluate the Kenny method. Upwards of 150 registered nurses and physical therapists have come here to take the Kenny Therapist training course.

The construction of a second new wing and modernization of the existing structure will provide Kenny institute with additional rehabilitation, research and laboratory space, Reinecker said. The new wing, estimated at \$1,500,000, will be met through a grant from national headquarters of the Kenny foundation and funds allocated by the federal government (Hill-Burton act) and the Ford foundation.

"Kenny institute will remain one of the most-completely staffed and equipped polio hospitals in the country," Reinecker declared. "The Kenny foundation will continue to provide treatment for those who contract polio and will offer rehabilitation to the fullest extent possible to those who have been crippled by the disease in the past.

"At the same time, we will continue to train registered nurses and physical therapists to become Kenny Therapists under scholarships provided free to qualified men and women. In addition, we are proceeding with our program of providing highly-specialized training for doctors and nurses, both from the United States and abroad."

Reinecker pointed out that Kenny institute, Minneapolis, is being expanded into a complete rehabilitation center to treat and care for persons of all ages, races and creeds whose disabilities the medical staff feels may be lessened by such treatment.

Disabled persons to be treated include those with conditions, such as: poliomyelitis, nerve injuries, strokes (hemiplegia), spinal cord injuries (paraplegia), congenital disabilities, cerebral palsy (spastic paralysis), spina bifida, birth injuries, amputations and prosthesis training, arthritis, post-fracture disabilities, muscular dystrophy, multiple sclerosis, contractures and Guillain-Barré disease.

"We are mindful that, in providing rehabilitation services to victims of muscle diseases and injuries in addition to polio, we are fulfilling the original purposes for which the Kenny foundation was established," Reinecker said.

You Rule the Economy

"It isn't the businessman or the government or any other identifiable group which rules our economy," writes Sylvia Porter, the business and financial analyst. "It is you, the consumer, who rules its ups and downs." She adds: "And if that still sounds elementary to you, I'll sign off with the reminder that it has taken a couple of centuries of basic economic research to produce the proof."

That is why more and more studies are being made of consumer hopes, plans and psychology in general. For it is the amount of money you spend, and how you spend it, that determines the economic climate in this vast country.

USDA Names 23 Wheat Varieties for Discount in 1957

Discounts to discourage plantings of undesirable wheat varieties were included in the price-support program for the first time on the 1956 wheat crop. Today the USDA released a list of 23 varieties which are classed as undesirable because of inferior milling or baking qualities. They will be discounted 20 cents per bushel in price-support rates on the 1957 wheat crop.

According to Joe Burkett, county agent, the hard red winter varieties are most commonly grown in Texas and those on the undesirable list include Stafford, Pawnee Sel, 33, Red Chief, Chiefkan, Early Blackhull, Red Jacket, Kanging, New Chief, Blue Jacket, Purkof, Cimarron and Red Hull. Others listed are soft red winter, hard red spring, durum and white wheat varieties.

These 23 varieties were designated as undesirable by the Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and others on state and Federal staffs.

The agent points out that the discount on these undesirable hard red winter varieties should not hamper Texas wheat producers because research has developed varieties which are better yielders as well as producers of better milling and baking quality wheat.

The recommended varieties available for the High Plains of Texas are Comanche, Concho, Westar, Wichita and Triumph. For the Rolling Plains area these same varieties are recommended along with Quanah for the eastern counties. In the north-central area of Texas, Quanah is preferred while Comanche and Concho have also done well. In the South-Central area, Quanah is recommended because of its resistance to disease.

The discount was adopted in the support operation to lessen their production and the possibility of U. S. wheat of inferior quality finding its way into domestic and export channels. Representatives of crop improvement associations have strongly urged the action.

The price-support regulations for 1957 will provide for producer certification regarding undesirable varieties.

TELEVISION NEWS
It's time for our TV fall shows to get back on the air. Perry Como and the Hit Parade are back on Saturday night, and very soon we'll no longer have the type show that assures us: "the following show is being re-run due to public demand" . . . No matter how terrific a show was in its first presentation, no one wants to see it again on film! I just wonder if it wouldn't be a nice novelty for some courageous sponsor some summer to announce: "Our regular fall show is off the air just at present, and we needed something cheap with which to fill in the summer months, so here it comes again folks—the show you saw on this same channel some six months ago!"
Just ahead of us now, however, are the top shows, along with the World Series, college football, pro football and the Atlantic City (Philco-sponsored) Miss America contest. Yessir, it's truly TV time. Get your set in top shape TODAY!

Texas Farmers Are Heavy Participants in Soil Bank Program

Texas farmers will receive more than \$23.8 million as payments for land placed in the soil bank acreage reserve program. Joe Burkett, County agent, says that a total of 63,672 agreements were signed in Texas before the July 27 deadline.

Under the acreage reserve program, farmers are paid for each acre of land retired from the production of basic crops up to a specified percentage of their allotments. The program is designed to aid soil improvement and reduce surplus production, points out Burkett.

Farmers of the nation have signed agreements covering approximately 10.7 million acres while the 63,672 agreements signed in Texas cover 1,970,235.3 acres. The .3 of an acre represents the acreage taken out of tobacco.

Burkett says 14,708 wheat agreements covering 1,066,390 acres and with payments expected to reach \$6,193,574 had been signed in Texas. Texas cotton farmers signed 49,322 agreements putting 865,654 acres of cotton allotments into the acreage reserve and if they comply with all

program requirements, can expect to receive \$17,020,420 in government payments. Peanut producers of the state signed 3,195 agreements covering 33,905 acres for which they will receive \$396,415. Only 74 acreage reserve agreements were signed by rice growers in Texas on 4,286 acres on which they will receive \$219,487. The single tobacco grower by reducing his allotment by three-tenths of an acre and putting the reduction in the soil bank will receive \$102.

The agent said the largest number of acres put under acreage reserve agreements was in the Panhandle district and in the districts immediately to the south and east of the Panhandle.

Crimemobile Now Touring State

The crashing of a bottle of "Truth Serum" by Misses Suzanne and Marianne Shepperd, twin daughters of Attorney General and Mrs. John Ben Shepperd, launched the Texas Law Enforcement Foundation's new Crimemobile this week at special dedication ceremonies at the Texas Department of Public Safety.

Speakers at the services were Gov. Allan Shivers, Mr. Shepperd, Col. Homer Garrison Jr., director of the Department of Public Safety, and Park Street, director and chairman of the Foundation.

The Crimemobile is a forty-foot rolling anti-crime classroom with modern crime detection laboratory dedicated to the cause of better law enforcement in Texas. Following a schedule of appearances at Dallas, Fort Worth, San Antonio and Houston, it will commence a tour of Texas towns and cities, visiting primarily the schools and civic organizations.

Attorney General Shepperd, founder of the Texas Law Enforcement Foundation, invites not only the young people but all citizens in the Crowell area to visit the sleek blue aluminum Crimemobile when it is in this locality.

Our Weekly Sermon

How to Spot a Liar
A Midwestern university professor of criminal law—a nationally known lie detector expert who is often called in by police departments to crack "hopeless" cases—says it is often easy for the average man to tell when someone is lying to him.
The professor, who has questioned thousands of suspects, has noticed that there are certain common behavioral patterns among liars. Some of the reactions he has observed when people are lying to him are such expressions as "I'll swear to it on a stack of Bibles" or "May I be struck dead if I'm not telling the truth." Persons who are not lying seldom swear to the truthfulness of their statements.
Boasting of his own high moral character is another sign; non-liars take it for granted you know they are law-abiding citizens. Also dryness of the mouth, shown by excessive swallowing motions and repeated attempts to wet the lips; and pulsation of the two arteries that pass up the throat on either side of the Adam's apple. The accelerated throbbing of these arteries accompanies a lie, although this reaction may be merely an indication of nervous temperament.
Everyone knows that man as a whole is an accomplished liar. The boss may direct his secretary to tell a salesman that he is out when actually he is engaged in a business deal with another man. And his wife may exclaim, "Oh, how lovely!" upon seeing a friend's hat, although she privately thinks the hat is absolutely hideous.
Even those who conscientiously strive to be truthful find that they are uttering falsehoods at times without consciously meaning to do so. For example, we may answer "I'm fine," in answer to a query about our health, when the truth is that we are nursing a splitting headache. Or we may say "I don't know," when a child asks us our age or wants to know how much we paid for something.
But there is one person who has never told a lie, and never will.

Truscott

That Person is God, about whom the psalmist wrote: "His truth endureth to all generations" (Psalm 100:5), and "The Lord hath sworn in truth . . . He will not turn from it" (Psalm 132:11). And because He is immutably truthful, we have no difficulty in accepting as truth the Bible. His Word, which He tells us is His revelation to man. This is a Book that we should study daily—prayerfully and thoughtfully—for in it is found the salvation which gives us the hope of eternal life "which God, that cannot lie, promised before the world began" (Titus 1:2).

State Capitol NEWS
by VERN SANFORD
Texas Press Association
Austin, Tex.—Instead of simmering down at summer's end, Texas' political pot is boiling more furiously than ever.
New significance has been added to the already controversial State Democratic Convention next week. Monday the executive committee must certify a winner in one of the most breathtakingly close gubernatorial races in Texas history.
Unofficial counts showed Price Daniel leading Ralph Yarborough by some 3,000 votes. But each side regarded returns in certain areas as questionable.
It promises to be an even closer finish than in 1932 when Mrs. Miriam Ferguson edged out Ross Sterling by 3,798 votes.
Decision of the executive committee apparently is all-important. In the Ferguson-Sterling contest courts refused to interfere with the committee ruling. They said it would delay the general election.

SENATE CANDIDATES JUMP

—Would-be successors to Price Daniel didn't wait for the vacancy to develop to start scrambling for his U. S. Senate post.
Political observers predict a "real horse race" if Daniel does resign in time for a special election.

Handwriting on The Wall

Long ago, the law was clamped down to prevent corporations from making contributions to political campaigns. The unions are not burdened with such restrictions.
Representative Walter Judd has canvassed his constituents in Minneapolis, asking if they favored legislation imposing the same restrictions on union political contributions as now apply to corporations. The replies were: Yes, 79 per cent; No, 8 per cent; No Opinion, 13 per cent.
Many union members probably object to being assessed to support candidates whom individually they may oppose for the same reason they would object to being assessed by the firm for which they work to support its candidate.
There is significant handwriting on the wall in this response.

NEW MENTAL HEALTH CODE

Proposals to streamline Texas' mental health code are being drafted by the University of Texas Law School.
Financed by the Hogg Foundation, the project is being conducted with the guidance of the Board for State Hospitals and Special Schools.
Suggested changes would (1) encourage earlier care for mental cases to speed recoveries and reduce expense to the state and (2) modernize administrative procedures for the state hospital system.

CRIMEMOBILE LAUNCHED

Texas' unique new crimemobile is on the road. It was officially launched in Austin last week with a flask of "truth serum" (sodium amytal) substituted for traditional champagne.
Dallas was first stop for the 40-foot trailer truck with its educational display of modern crime detection equipment. Other major cities are to be visited soon.
Texas Law Enforcement Foundation assembled the crimemobile with contributions from industry.
SHORT SNORTS — University of Texas will have its final admission tests for the fall semester at the main campus Sept. 10. Total students tested before school's opening will be about 4,500, officials estimate. . . . SCHOOL BELLS RING OUT

For millions of Texans the political clamor is almost drowned out this week by the ringing of school bells.
As usual, a "biggest ever" public school enrollment is expected. Texas Education Agency estimates enrollment at 1,754,833, compared to 1,740,784 last year.
No official reports or estimates were available on how many additional schools will be integrated this year. TEA officials, always carefully aloof on the subject, said they had "heard of only a few." Only known trouble spot was Mansfield (Tarrant County) where white citizens patrolled the school to prevent registration of Negroes.
A more common problem is shortage of teachers. Some 6,000 additional teachers are needed, says the Texas State Teachers Association.

BUSINESS RECORD STILL EXPECTED

—Despite a summer slump and farm troubles, forecasters expect Texas' total business volume to set another record in 1956.
According to the University of Texas' Bureau of Business Research, business activity declined two per cent in July. But the index was still two per cent above July, 1955.

Push-button housekeeping?

Plenty of electricity can make your home of the future a house of marvels! From a central control panel, you may be able to wash your dishes, raise and lower windows, control the lighting in every room—even make your beds!

To really live electrically, you'll need much more power—and it will be there waiting. America's more than 400 independent electric light and power companies are planning and building now for years ahead.

Unlike federal government electric systems, these companies don't depend on tax money to build for your future. Carrying their full share of the tax-burden, and operating with private capital, the West Texas Utilities Company and other investor-owned electric companies will provide the dependable, low-cost electricity to help you Live Better Electrically.

In the future—as always—you will benefit most when you are served by independent electric companies like this one.

Helen Riethmayer Married August 25th to Gayle Stanfill

Miss Helen Riethmayer, daughter of Mr. and Mrs. George Riethmayer, was married Saturday, August 25, at 2 p. m. at the First Baptist Church in Gainesville to Gayle Stanfill, son of Mrs. M. Stanfill and of the late Mr. Stanfill of Gainesville.

Rev. Trembell, pastor of the church, performed the double ring ceremony. The bride wore a pink shantung sheath dress. Her accessories were white. Attending the couple were the groom's mother and Mr. and Mrs. Jim Stanfill, all of Gainesville.

Mrs. Stanfill was a member of the 1949 graduating class of Crowell High School. She graduated from St. Paul's School of Nursing in Dallas in 1953, where she has been employed for the past three years.

Mr. Stanfill graduated from Gainesville High School and from Gainesville Junior College. He also attended North Texas State College in Denton. He is now employed by the Geotechnical Corporation in Houston where they will make their home.

New Childress Blood Bank to Serve This Area

Dr. and Mrs. M. M. Kralicko and Miss Martha Rettig attended a meeting in Childress last week relative to the opening of a blood bank in that city for this area. This bank will be operated by the Childress General Hospital, but will furnish blood for hospitals within a radius of sixty miles of Childress. For each pint of blood taken from the bank, a withdrawal slip will be issued in the name of the patient receiving the blood. That individual is billed \$20 for each pint of blood. The patient then will receive a \$10 credit when a donor selected by him gives a pint of blood to the bank. When rare types are replaced by more common types, two pints will be required for replacement credit.

The \$10 which is not returned to the patient is used to help offset the laboratory expense incurred in connection with drawing, typing of blood, etc. Cross-matching will be done in the local hospital.

Everett Solomon, administrator of the Childress General Hospital, emphasized that \$10 actually does not completely cover the cost of processing blood and that there is no price tag on blood. The services offered by the Childress Hospital will supplement "our own walking blood bank rather than replace it." Doctors are using blood more and more in the treatment of patients, and it has become one of the basic and most valuable of medicines in the treatment of illness and wounds.

The Childress blood bank will be associated with other recognized banks throughout the state. It will be operated under the specifications of the National Institute of Health as a first class bank. Whole blood can be kept for 21 days before use. If a certain type gets over-stocked, the bank can exchange with other banks in the state, or if over-stocked, it can send blood to other banks for credit for blood when needed.

Childress has set up, on a trial basis, one of the finest delivery systems possible. The city has an emergency vehicle available to transport blood to any of the participating hospitals within a short period of time. Towns that have shown a definite interest in participating include Crowell, Chillicothe, Altus and Hollis, Okla., Shamrock, Memphis and Wellington.

The Childress bank is not yet in full operation but is making a rapid progress toward that goal. The blood bank will meet a definite need in this area. Local citizens have responded wonderfully well to the calls of the local "walking" bank, but on several occasions, finding the type of blood needed has been a definite problem.

The service charges of the Childress bank are very reasonable and the fact that the blood is free when replaced will be appreciated by those in need of that vital treatment.

Russell Family Has Reunion Here During Labor Day Week End

Relatives of Mrs. J. F. Russell and Mr. and Mrs. B. G. Reinhardt gathered in Crowell for a family reunion over the Labor Day week end. Those present were: Mr. and Mrs. Jack Penn and baby daughter, Debbie, and Mrs. W. D. Heart Attack Fatal to John V. Shirley of Roaring Springs

John V. Shirley, 64, prominent farmer of the Roaring Springs community, was fatally stricken with a heart attack late Monday afternoon, August 27, at his farm home about five miles southwest of the town. He had been a resident of that community since 1927. He was a brother-in-law of Walter, Claude and Grover Nichols and a cousin of Paul Shirley, all of Crowell.

Funeral services were held Tuesday at 3 p. m. at the Roaring Springs Church of Christ. Maurice Tisdal, member of the Broadway Church of Christ in Lubbock, conducted the service and was assisted by Minister Leonard Dennis of McAdoo. Burial was in Roaring Springs cemetery.

Pall bearers were Mike Hoyle, Melvin Meason, John Meason, Hollis Godfrey, Calwell Smith and Bob Clem. Honorary pall bearers were Lesley Smith, Alfred Dye, Elmo Kingery, Horace Redd, Sam Kirby and J. K. Campbell.

He had been a member of the Church of Christ for twenty years and lived a faithful Christian life until death. He was well known in Foard County where he grew to manhood and had many friends here.

Mr. Shirley was born at Waco January 6, 1892. He was married in Crowell Sept. 22, 1914, to Miss Mauriel Nichols.

He is survived by his wife and one daughter, Mrs. S. J. Braeston, both of Roaring Springs; two

Pioneer Resident Will Reach 92nd Birthday Tomorrow

C. P. Sandifer, one of the earliest settlers in this community, coming here with Mrs. Sandifer in 1889, will observe his 92nd birthday tomorrow, Sept. 7, which is also the date he arrived in what is now Foard County. Mr. Sandifer has been identified with the development of this community from the very start and served as a commissioner of the county several terms when county script was worth only 25 cents on the dollar.

A member of the Crowell Methodist Church from its beginning here and a Sunday School teacher for many years, Mr. Sandifer has been a liberal contributor to the support of the church. He has already contributed \$92 to the church, a dollar for every year of his age, a practice he has maintained for a good many years. The Sandifers had been married 70 years last February 1, and at that time he also remembered the church with a check for \$70, one dollar for each year of their married life. Mrs. Sandifer has also been an active worker in the church and a Sunday School

teacher. Mr. Sandifer says that during his long residence here he has been connected with most every kind of business with the exception of the dry goods business.

Following is a statement made to a News representative by Mr. Sandifer concerning his arrival here: "I came here from Plano, Collin County. Landed here on Sept. 7, 1889, on my 25th birthday. Bought 160 acres of land one-half mile east of where court house now stands at \$2.00 per acre. I grubbed it out and Mrs. Sandifer burned the brush. I broke the land with two horses and a 10-inch walking plow and put it into cultivation. I will be 92 years old Friday, Sept. 7. I love all of you."
