### Wildcats Lose 14-0 to Munday Moguls Friday

The Crowell High School football team lost another conference game last Friday night at Munday. The Munday High School Moguls defeated the Wildcats 14 to 0 to remain the only team in the district with a perfect conference record. The Cats played a much closer game than the score indicated. They lacked only inches picking up a first down early in the game down deep in Mogul territory. They lost the ball again late in the game on Munday's two-yard line. The first Mogul touchdown was set up by a Crowell fumble in the second quarter back on the Wildcat 12-yard line. A returned punt for 40 yards scored the second TD.

The Crowell boys had out-played the Moguls until the fumble gave the ball away late in the second quarter. It was fourth down and nine yards to go for Munday when Doug McGrady threw a pass to right end Charles Patterson for a touchdown. The same pass play scored the extra two points.

Crowell was backed up deep when forced to put in the third quarter. Ricky Couch, fast safety man for Munday, gathered the pigskin in on Crowell's forty-yard line and scampered the entire distance for the second touchdown of the game. Two Crowell players had a chance at the ball carrier, but Couch's swiftness got him out of trouble and sent him on the way for the score to make the final count 14 to 0.

Crowell had a good chance to score late in the game when a Mogul fumble gave the Wildcats possession on Munday's twenty-yard line. They marched to the two before losing the ball on a fumble.

Halfback Dale Doyal for Crowell was the outstanding player on the field. He was not only magnificent in his ball carrying, but he held the Munday score down with his defensive work. Other Crowell boys that looked good on defense were linemen Jon Lee Black, Paul Bax Ekern, Mike Shrode, and backs Larry Henry and Junior Hopkins. Outstanding players for Munday were linemen Jackie Booe and Roy Perez, and backs Doug McGrady and Pete Alcala.

#### County's Total Is Now 731 Bales

Favored by a period of good weather last week, Foard County gins picked up in their ginning and as of Monday, a total of 731 bales have been ginned. The rain Saturday night again stopped the harvest for a time.

Cotton harvest will pick up steam following the first killing frost since a great many cotton producers plan to let nature do their defoliating preparatory to stripper harvest.

She graduated from Crowell High School, and after attending college, taught school in Foard County for several years. She was united in marriage with Sewell Roy in Frederick, Okla., August 15, 1929. They made their home in Crowell until 1942 when they moved to Amarillo where they had since resided. She died in an Amarillo hospital Sunday, Oct. 28, after a long illness.

Mrs. Roy was converted at the age of ten and joined the Crowell Methodist Church at the age of twelve. She was active in all phases of church work throughout her life. Until her health made it impossible to continue, she taught a Sunday School class of ninth graders. Also, she was a sponsor of the Wesleyan Service Guild, was attentive at worship services, and faithful in other activities of the church.

She was preceded in death by her parents and two brothers. Survivors are the husband of Amarillo; a sister, Mrs. O. M. Gentry, and two brothers, Roy and Gordon Cooper, all of Crowell, and a host of other relatives and friends.

## Crowell to Play Henrietta Here

The Henrietta High School Bearcats will be here tomorrow (Friday) night at 7:30 o'clock to play the Crowell Wildcats in a conference football game. The Bearcats have won two district games and lost one. Their district victories have been over Holliday Paducah, and their loss was to Munday. Gene Franklin, fullback for the Bearcats, was all-district last year, and has been instrumental in giving his team a successful season thus far.

The Crowell boys have had the odds against them most of this season, having been plagued with injuries, and playing most of their games away from home. Their next three games will be on their home field, and they are about as free of injuries as any time since the season started. The two Borchardt boys, Bob and John Carl, halfback and guard, respectively, and tackle Ken Ferguson should be back in condition to play at least part of this contest. Jimmy Pendergraft will miss the game due to a knee injury.

The probable starting line-ups for the game follow:

### EDITORIAL

#### Why Do We Do What We Do?

Why do we do what we do? Why do we put off doing the things we are supposed to do until the very last minute. Why, instead of taking our time to write a theme, to prepare a speech, to present a talent, or even to write an article for the Wildcat, do we wait until five minutes before

the deadline to begin it. By telling ourselves, "we'll do it tomorrow," we usually rob ourselves of the satisfaction of a job well done.

Why do we do what we do? Why do we neglect little courtesies to others—little things that mean so much. Why do we go around all day with a frown on our faces when it takes such a little effort to smile. Why do we seldom take the time to sit down and visit with our parents—are we really "that" busy? Why are we so careless with the feelings of others—are "we" the all-important?

The reason many of us are guilty of these "little things" is that we're in too much of a hurry to realize that we're doing them. High school years are active years. There are many extra-curricular clubs to belong to, many class activities to participate in, much church work to be active in, and of course, good grades to be kept up.

Students of CHS, even though we are busy, let's make a point to break ourselves of being negligent of any of the things mentioned in this article. It takes only a fraction of a second to smile or to be courteous. Consider the feelings of others, begin to prepare a term assignment ahead of time, take time to enjoy your family, they're pretty wonderful people. Do these things, and we will become a mature, well-rounded person—a credit to our home, school and community.

#### Absentees

The following students have been absent in the week Oct. 22-26: Nancy McCurley, four days; Sammy Hudgens, three days; Sherri Covington, two and one-half days; Jimmy Hudgens, two days; Sandra Hudgens, Billy Sokora, Randy Smith, one day; Evelyn

Eubanks, Oliver Baylor and Mike Manard, one-half day.

#### Miss Lynda Mechell Chosen FHA Queen

Last Tuesday Lynda Mechell was chosen FHA Queen at the regular FHA meeting held in the high school auditorium. Gayle Smith was runner-up. Each contestant modeled a style and gave a talent.

The stage was decorated in the traditional scenes of pumpkins and scare crows for Halloween. With the help of Beverlie Gray and Judy Little, live scarecrows were furnished for the stage.

Arcina Garrett narrated the program and gave an excellent description of each style and told of each contestant's talent. Lynda's talent was her sewing ability. She modeled a black basic dress and showed the different accessories that could be worn with the dress to change it from a casual dress to a street dress or to a Sunday dress.

Those entering the contest were Betty Ann Welch, Judy Traweck, Faucine Fairchild, Gayle Smith and Lynda Mechell.

The FHA Club would like to thank the judges, Mrs. Bill Klepper and Mrs. Ray Brown, for their help; they judged the contestants on three things: poise, posture, and talent.

Refreshments of Cokes and cookies were served by the hostesses.

#### Student Council Sponsors "Slime Day"

Friday, Oct. 26, was "Slime Day" at CHS. In order for the students to become better acquainted, the Student Council sponsored a freshman program.

Bob Borchardt, president of the Student Council, the council members; Mr. Myers, the sponsor, and Mrs. Manard were responsible for planning the program and assigning each freshman to at least one skit. Bob Borchardt and Bill Fitzgerrel served as announcers. The program consisted of a womanless wedding, Spanish songs, an operation skit, a hillbilly courtship skit, a "take off" on the faculty, a Negro skit, and a funeral skit. Gayle Smith and Mr. Huskey favored the group with special numbers. Gail played piano selections, and Mr. Huskey gave several numbers on the french harp.

To conclude the program, the cheerleaders led the group in a few peppy yell.

This is the first time that "Slime Day" has been a part of CHS activities. Because of its "roaring success," "Slime Day" will perhaps become a CHS tradition.

#### Miss Elaine Crowell Elected FFA Sweetheart

On Tuesday, Oct. 23, the Crowell FFA chapter met to elect its sweetheart. There were a number of nominees. Miss Elaine Crowell, a sophomore student, was elected as the FFA Sweetheart for 1962-63. The chapter voted to buy Elaine an FFA jacket which will be presented her at a later date.

#### Sports

The, not so mighty, Wildcats ventured to Monday last Friday to suffer a 14-0 defeat. The Crowell team was held twice inside the 10-yard line, one on the 6-inch line. The strong Mogul defense held the Wildcats both times. At the half, the score was 8-0 in Munday's favor. In the third quarter, Munday returned a punt for a touchdown, making the score 14-0. The Wildcats fought hard, but couldn't seem "to get going."

Jimmy Pendergraft may be out for the rest of the season with a knee injury received in the game.

Next week the Wildcats will play hosts to the Henrietta Bearcats at 7:30 p. m. Come to support the Wildcats!

#### Harmony and Discord

At the Munday-Crowell half-time show, the band paid tribute to the phases of entertainment. After forming two lines, they played "Moon River Cha Cha." Then in the same formation, they played "Do Re Mi." Next, they marched into a huge stethoscope and played "Ben Casey." Then they came back into the original two lines and played "Football Hero." After marching to the end zone, they played "The Stars and Stripes Forever" or "Be Kind to Your Web Footed Friends."

The Wildcatterettes really added to the performance, having a definite part in the formation.

This was one of the best half-time performances this season.

#### Senior Personality

The senior personality of the

week is none other than Junior Hopkins. Junior was vice president of FFA his sophomore year and parliamentarian during his junior year. This year, he is president of the FFA. In athletics, four years of football, two years of basketball, and two years of track can be added to Junior's high school achievements. He is presently a co-captain of the football team.

As you might guess, vocational agriculture is Junior's favorite subject. English is his most difficult subject. Anything that requires being out of doors receives Junior's blessing as an enjoyable pastime. Other favorites of his include these: food, barbecued goat; actor, John Wayne; actress, Brigit Bardot; sport, football.

Junior would like to go to college after he graduates from high school and further his study of agriculture.

#### Representative from College Speaks to Senior Girls

Miss Sharon Chanslor of Dallas spoke to the senior girls last Friday, Oct. 26. She is a representative of William Woods College, a four year college for women located at Fulton, Mo. The school is six blocks from Westminster's College for men. These colleges work together in social as well as in academic activities. The men from Westminster are the kings for William Woods, and the women in turn are the queens for Westminster. The women are Westminister's cheerleaders and majorettes. The school, though relatively small, has a high rating because of the exceptionally high standards required of the faculty members.

#### Oranges, Limes and Paperbacks

Our library for the past week has been adorned with a new bulletin board arrangement. Marolyn Denton and Pat Brown used eye-catching fall colors—brown, lime, orange, green—and the words, "New Books for Fall Reading" in making this unusually attractive bulletin board. The books

they chose to illustrate their theme are "We Gather Together," "The King's General," "A Tale of Two Cities," "Festivals USA," and "Every Day's a Holiday."

Several other new books have been processed. They include "Colonial Williamsburg," "It's a Date" (that sounds interesting!), "Of Mice, Men and Molecules" (where do they get these titles?), "Slide Rule Simplified," "MacArthur of Bataan," and "Rebecca."

This year, librarians have decided to try a few paperback books. Twelve of these have been processed, including "My Early Life," by Winston Churchill. It is essential that all students handle these books with loving care, in order to keep them in good condition.

#### Pet Phrases

Freddie, "oh, you know it." Rickie "big deal;" Charles "isn't," Arcina, "eh, gads," Ronni Sue "oh me," Paul Bax "geegee," Mrs. Todd "why!," Mr. Black "your ignorance is refreshing," Mr. Amoret "I'm going to hit you between the horns in a minute," Bob B. "get serious," CHS student body "duh!," Mrs. Manard "you're going to have a theme tomorrow."

#### Annual News

Orders for the '63 edition of the Roundup were taken by the members of the annual staff from Tuesday, Oct. 23, until Monday, Oct. 29. Anyone that would still like to order an annual, may do so by getting in touch with Gena Adecock, annual editor.

Triangle of the week: Jo Nolan, Linda W.

Sandra E., you really want blonde hair, don't you?

Why should Jill always be down for who is coming before she for a certain road?

We don't care what the Ykees say, "the South's gonna go again."

Why didn't Dale work in senior stand?

At Teen Town Saturday night were Jill - Larry, Dale - Elaine. Why is Mike Gamble "a peepooper?"

Dolores, why do you love American history?

Mary Sue, why were you angry Saturday afternoon?

Hey Bob, Bill, Dan Mike, J. T. and Judy S., what you "all" do Thursday? Did it do you on your toes?

Message to M. L.: It helps lock your bathroom door.

Otis, why do Judy S. and T. call you "Bubbles"?

Charles, please, no more skits at school! Thanks, the clean committee.

The "fish" boys looked "a little" dressed up like girls.

Mary Sue, have you found a geometry book yet?

Jo Wynn, you never know what company is coming. Be careful Mr. Black, why do you wear a Connally sign on your coat.

## Vote Tuesday!

Election is only six days away. It is an election held in a time of national crisis. The eyes of the Kremlin will be upon Texas and every state in the nation, and we cannot get away from our responsibility to vote.

One question the rulers of Soviet Russia, of communist-ruled China, of Cuba and the other satellite-slave states will be keenly interested in is this: are Americans going to use fully the privilege of voting that is one of the rights that only free men enjoy? All the others represented in the United Nations, neutral or wavering, will be watching our election returns. A half-hearted turnout of the voters will spell political apathy. Do Americans really value the right to vote, which they want to be extended to the people of all nations as soon as they are ready for it? Popular elections are basic to democracy—but not what the Russians call democracy, which in their language means government of the people by self-chosen and self-perpetuating rulers, for what they tell the people is best for them.

Representative elective government depends for its continued existence, as Thomas Jefferson pointed out, on having "an enlightened electorate." It also depends on the right to vote being used by the most enlightened part of the electorate, who otherwise surrender their privileges of self-government.

So we say: study your opposing candidates' ability, integrity and their platforms. Go to the polls as well informed as you can make yourself. Go and vote as your head, your heart and your conscience tell you to do.

Even in presidential elections, few more than half of American registered voters cast ballots. Of all crucial times, this is no time for indifference. Vote on November sixth, a red-letter day of our destiny.

### Apply Now for Public Quail Hunts

Applications for hunting quail on two North Texas wildlife management areas will be accepted by the Game and Fish Commission in Austin until 8 a. m., Nov. 16.

Al Springs, wildlife coordinator, has announced that the hunts will be conducted on the Matador Wildlife Management Area in Cottle County, and the Gene Howe Wildlife Management Area in Hemphill County. These hunts are a part of the Game and Fish Commission research program on those areas.

Application for the hunts may be made by writing to the Game and Fish Commission, Walton Bldg., Austin. Dates for the hunt are:

Matador—December 1, 2, 15, 16, 29, 30 and January 12 and 13. A total of 400 permits will be available for the Matador area, and the permits will be for a one-day hunt.

Gene Howe—December 8 and 22, and January 5. There will be 48 permits for this area and hunts will be for one day only.

Only persons 17 years of age or older can be considered for these hunts. The bag limit will be 12 quail and successful permit holders are urged to take their dogs. The ground cover is rank on both areas and the loss of cripples and dead birds will be unusually high if dogs are not used.

### CHS Invited to Girls Basketball Clinic at Denton Saturday

Crowell is one of 166 high schools who have been invited to a Region II girls' basketball clinic for Interscholastic League member schools from Conferences B, A, and AA which will be held at North Texas State University in Denton Saturday, Nov. 3.

Topics to be discussed include rules interpretation, offensive skills and strategy, team defensive strategy and emergency care of injuries.

Highlight of the afternoon program is an exhibition game between teams from West and Decatur High Schools. Decatur won a one-point decision when the two teams, owning combined records of 56 wins and nine losses, met in Denton during the spring in the finals of the Class AA regional girls basketball tournament.

**Contradicts Statement**

Commenting on the complaint of Guillermo Herrera Carrizosa, head of the Columbian government's Development Corporation, that companies take more out of the country than they put in—the U. S. accounts for about 80 per cent of all private foreign investment in Columbia—Time magazine says, U. S. Ambassador Freeman made a survey of 90 big U. S. corporations doing business in Columbia. Of a total net income of \$29.3 million since 1957, the companies sent only \$8,050,000 in dividends home. Of investments of \$149 million only \$18 million was owed to Columbian leaders. Jobs were created for 16,000 Columbians.

**Hints Offered on Care of Game After the Kill**

What kind of reception do you receive, Mr. Hunter, when you take home your bag of game? Does your wife throw up her hands in disgust?

If she does, says Ed Cooper, extension wildlife specialist, the fault, the mishandling of game after the kill often makes impossible a tasty preparation job in the kitchen, and the putting of meat on the family table as you would like it.

Immediate and proper bleeding of game animals is most important in improving meat flavor, points out Cooper. The same is true, he adds, for ducks and geese and most other game species. This practice will do much, Cooper says, to remove the strong, gamey flavor which some people dislike.

**Hints Offered on Care of Game After the Kill**

What kind of reception do you receive, Mr. Hunter, when you take home your bag of game? Does your wife throw up her hands in disgust? If she does, says Ed Cooper, extension wildlife specialist, the fault may rest with the hunter. The mishandling of game after the kill often makes impossible a tasty preparation job in the kitchen, and the putting of meat on the family table as you would like it.

Immediate and proper bleeding of game animals is most important in improving meat flavor, points out Cooper. The same is true, he adds, for ducks and geese and most other game species. This practice will do much, Cooper says, to remove the strong, gamey flavor which some people dislike.
