... in melting mountains ... in smoothing the bumps

... in straightening the curves

You can see that Ford's longer, lower Sculptured Look makes other cars look downright old-fashioned. But the part you can't see-the new "Inner Ford"-is what shows its stuff when you drive a Ford. It's revolutionary from the wheels up! And it feels it.

Ford's wider frame lets you sit sweet and low. And Ford's new front suspension, rear springs and new easy handling are part of the scheme to make you think every road is cloud-smooth.

The magic touch of the new Ford power plants makes mountains disappear. What looks like uphill feels like downhill. You get this surging power in a wide choice of Silver Anniversary V-8 engines. Or choose Ford's Mileage Maker Six, the most powerful Six in the low-price field.

There's magic in Ford's price tag, too! You won't believe this big new Ford is still priced Ford-low. But it is. Come in and test its magic. It's a real "Wizard of Ah-h-h-h's!"

Home Demonstration Notes

MRS. MARY D. BROWN

Next Tuesday night, the Farmers Co-Op. Elevator Association and the County 4-H Council are ponsoring an Awards Program. During the evening, over 70 4-H oys and girls will receive county nedals.

The parents of these medal win-ners have been invited to attend his Awards Event and we do ope you will make every effort come if your boy or girl is ne of the winners. They have done some excellent

work and this will be our chance to congratulate them on it. Christmas time is almost here again and most of us are begin-ning to start our Christmas baking. Here is a recipe you might make now for later use Date Fills

1 lb. pitted dates, cut up, 1/2 cup granulated sugar, 3/4 cup white corn syrup, 1/4 cup orange juice, 2 teaspoons grated orange
