may bring May Flowers but they also bring headaches to the housewife trying to dry her washing

Let Reddy Kilowatt and an Electric Clothes Dryer rescue you from one of housework's hardest chores.

In 30 minutes or less an Electric Clothes Dryer will dry an average washer load of clothes ready for damp-dry ironing, or you can have your clothes competely "wind-blown" dried in about an hour. This is real convenient during spring weather or anytime as far as that goes. You can be completely independent of the weather with an Electric Clothes Dryer.

Stop worrying about washday drying problems. Install an Electric Clothes Dryer at once!

Electricity costs so little - you can afford to use lots of it! West Texas Utilities Company
