RELIEVES DEAD PILOT — Co-Pilot Arthur Stadman brought 62 passengers into a safe landing at Madison, Wis., after a Northwest Airlines pilot Alfred Lohman of Minneapolis died of a heart attack. The co-pilot relieved the pilot at the controls after he had complained of a "hot and dizzy feeling." Flight Engineer Fred Standt removed the pilot from the controls shortly before he died.

Football Teams Break Even in Games Monday

The Crowell School Wildkittens broke even again with Paducah in football games here on Monday night. The Grade School team lost to the Lizzards by the count of 19 to 7, and the Crowell High School "B" team won by the score of 39 to 0.

Sam Hanks, 170-pound fullback for the Paducah Grade School team, was the big difference again as he scored three touchdowns. One of his runs was for 73 yards. Quarterback Ronny Bradford scored Crowell's lone touchdown, but Claude Dean Sellers, James Borchardt and Jimmy Mack Gafford did some of the ball carrying, too. Other Crowell players were Donny Beesinger, Bob Borchardt, Dale Doyle, Joe Drabek, Paul Bax Ekern, Dale Henry, Gerald Howard, Junior Hopkins, Marion Payne, Jerry Setliff, John Stone, James Teal and Denny Todd.

The high school "B" game was a run-away for the local boys. Fleet-footed Bobby Barker scored three touchdowns, Jackie Hickman ran one over on a well-executed double reverse play, and George Moss tossed two touchdowns passes to Jerry Eubanks and Gary Carpenter. Other players for Crowell were Don Welch, Dewey Harris, Charley Gidney, Taylor Johnson, Guy Todd, Bill Smith, Bryant Thompson, Tom Crowell, Delton Brown, Bobby Powers, Joe Barry, Duane Nichols and Mike Whitten.

Crowell Sergeant Growing Garden at Reese A. F. B.

Reese AFB, Texas.—A rusty, broken-down hoe, some hand-down seed, a plot of unworked ground plus the know-how of a 24-year-old farm boy added up to a garden at Reese Air Force Base. It all began when S-Sgt. Donald E. Reynolds of the 3500th Pilot Training Wing justly asked his commanding officer if he could raise a garden near his barracks.

The CO said he might if he could—and kept it cultivated. The challenge shook some of the dust off Sgt. Reynolds who trekked to the farm home of his parents, Mr. and Mrs. C. H. Reynolds at Crowell, for the necessary ingredients. Since farming is more a matter of know-how than equipment, Reynolds procured only the bare essentials—a rusty hoe, and a bit of seed—part of which was of unknown variety. "I really should've had some ground that had been worked before but it turned out all right anyway," said Reynolds. "The melons and blackeyed peas came along OK, but the hollyhocks kept misbehaving . . . won't bloom, no matter what."

Sen. Moffett to Attend Council of State Governments

Texas will be represented at the next meeting of the Council of State Governments, to be held at Baltimore, Md., Sept. 26-28, by Sen. George Moffett, a member of the Texas Senate from this district. Sen. Moffett is a member of the Texas Legislative Council. The members of the various state councils compose the national council. Sen. Moffett explained at Wichita Falls Tuesday noon for Baltimore. He stated that the program of the forthcoming conference included a thorough discussion of problems common to most of the states. Among these are problems of the aging, water use and regulation, traffic control, purchase of highway right of way, school problems at both the public school and college level, and perhaps most important of all, the difficult problem of balancing state budgets. The Council of State Governments is the only official agency that seeks to bring about practical cooperation between the states to preserve states' rights, and defer the encroachment of the federal government.

Setliff Escapes Injury in Explosion Friday Morning

Ennis Setliff, local blacksmith and machinist, was evidently carrying his rabbit's foot when he came out unscathed in an ear-splitting explosion at his place of business last Friday morning.

Mr. Setliff was attempting to repair a leak in one of the tank trucks which haul crude oil from the Rasberry Field, when the tank exploded with a roar and flash of fire. Mr. Setliff was under the tank at the time and the explosion blew out the front and part of the top of the tank just above his head. A spray of oil over his face and clothes were the only signs evident of Mr. Setliff's narrow and miraculous escape.

News About Our Men in Service

Pvt. J. C. Kinchloe is here visiting his parents, Mr. and Mrs. Herman Kinchloe. Pvt. Kinchloe has just completed 11 weeks of basic training at Fort Carson, Colo., and following his furlough will go to a mechanics' school at Fort Jackson, S. C.

Army Pvt. Emmett E. Howard, son of Mr. and Mrs. E. D. Howard of the Foard City community, recently was assigned to the 1st Infantry Division's 1st Aviation Company at Fort Riley, Kansas.

Howard entered the Army in May 1957 and received basic combat training at the fort. The 18-year-old soldier was graduated from Crowell High School this year.

Soil Conservation District to Have Election Here Oct. 1

An election will be held in the Soil Conservation office in the Foard County court house Tuesday, October 1, at 10 a. m. to elect a supervisor for Subdivision No. 4 of the Lower Pease River Soil Conservation District No. 122, according to an announcement made by H. L. Ayers, chairman of the Board.

Subdivision No. 4 includes all of the land lying west of Highway No. 283 in Foard County. This includes nearly all farms which are located west of Crowell.

To be eligible to vote or to hold office as a soil conservation district supervisor, a person must own agricultural land within the subdivision where the election is being held. He (or she) must live in a county all or any part of which is in the soil conservation district. The voter must have attained the age of 21 years. No poll tax is required.

Warden Warns: "Plug Shotgun"

Hunters of Foard County were warned this week against hunting with shotguns holding more than three cartridges, two in the magazine and one in the barrel. The warning came from Game Warden Charles Boynton.

This regulation applies to both quail and migratory waterfowl this year, the warden warned. "Most shotguns come from the factory equipped with a wooden plug which can be inserted in the magazine," Warden Boynton said. "If your gun has not been plugged already, either take it by a sporting goods store and have it plugged or buy a plug."

A piece of wooden dowel also can be used to plug the guns, he said.

Crowell Wildcats and Bullfighters from Matador Meet Here Tomorrow Night

The Crowell Wildcats entertain the Matador Bullfighters in a football game here tomorrow (Friday) night at 8 o'clock. Matador has defeated Crowell the past two years and boast a perfect record thus far this season. The Bullfighters have won decisive victories over Spur, Lorraine and Petersburg. They have more speed in their backfield than any club Crowell has met this season. The Wildcats have also been looking better this season after having won over Memphis and Quannah. Roy Don Payne, halfback, is Crowell's only doubtful starter. Crowell's blocking assignments looked good last week and the Bullfighters should be in for more trouble than they encountered last year when they drubbed the local boys 38 to 12. Probable starting lineup for the Crowell-Matador football game that is to be played at Wildcat stadium tomorrow (Friday) night at 8 o'clock follows:

Crowell	Wt.	Pos.	Wt.	Matador	No.
41 David Carpenter	165	Left End	146	S. Jackson	15
33 Jerry Pittillo	168	Left Tackle	160	B. Cross	25
54 R. H. McCoy	160	Left Guard	158	L. Hoyle	19
50 Bill Graves	150	Center	165	F. Thrasher	31
46 Billy Everson	150	Right Guard	145	J. McNelly	21
55 Dale Rettig	162	Right Tackle	200	L. Fair	40

Grand Jury Returns Two Indictments; Urges Stricter Enforcement of Traffic Laws and Prosecution of Violators

The grand jury for the September term of district court which met Monday morning, returned two true bills of indictment, one no-bill and having made other investigations reported no action taken.

Indicted were Burton Kadwell, alias Ralph Sidney Gobe, on a charge of forgery, and Edgar M. Henslie, indicted on assault with intent to rape.

Miss Mayme Lee Collins served as foreman, the first time a woman has ever served in such capacity in this county.

The grand jury also made the following statement concerning traffic violations: "It has come to the attention of the Grand Jury that there are many traffic violations in the City of Crowell and there is a growing tendency on the part of

many people to drive faster and have less regard for the traffic laws and that many young people as well as adults are engaging in contests of speed and showing absolute disregard for life, safety rules and traffic regulations.

"The Grand Jury urges the local officers to make every effort to enforce the traffic laws and urge the responsible officials to vigorously prosecute persons charged with traffic violations."

District Attorney Jack Hewitt also reported that Wm. F. Rosa, who was sentenced to five years in the penitentiary on burglary charges, had filed a motion with the Court of Criminal Appeals for a new trial. He claims that he was deprived of his constitutional rights because a lawyer was not appointed to defend him. He claims that he pled guilty because he was afraid and had been abused by officers.

The Court of Criminal Appeals has been sent a transcript of the proceedings here at the time Rosa was sentenced.

Cotton Damaged by Hail Friday

The hail storm which did so much damage to crops in Hardeman and Wilbarger Counties last Friday night, also did some damage in the northeast part of Foard County.

The hail seemed to have started on the irrigated cotton fields of Roy Ayers and Grover Moore on the farm of Mrs. Harvey Turnbough. Mr. Moore estimated a 50 per cent damage.

Further damage was done on the farms of Jim Malone and Ed Mechell. From there the storm passed over Pease River into Hardeman and Wilbarger Counties where the damage was much more severe than in Foard County.

Funeral Services for Thalia Pioneer Held Wednesday

Funeral services for Mrs. M. E. Moore, 90, resident of the Thalia community for the past 67 years, were held in the Thalia Baptist Church Wednesday afternoon at 3:30 conducted by the pastor, Rev. W. B. Fitzgerald.

Mrs. Moore passed away in a Vernon hospital Tuesday afternoon following a long period of declining health.

Pall bearers were Oran Ford, Jake Wisdom, Cap Adkins, Raymond Grimm, Bud McKinney and Morgan Price.

Native of Kentucky, Mrs. Moore was born June 12, 1867, and came to what is now the Thalia community in 1890. She joined the Baptist Church at the age of 12 and moved her membership to the Thalia Baptist Church where she had been a faithful member the remainder of her life.

She was married to Merritt E. Moore on July 19, 1891. Mr. Moore died in 1936.

Mrs. Moore is survived by three children, W. R. Moore, Jim Moore and Miss Odessa Moore, all of Thalia; three grandchildren and four great-grandchildren, one sister, and a brother-in-law, H. A. Moore, of Mineral Wells.

No. 6 V. A. Johnson Flows 171.73 Barrels in Completion Test

Kadane-Griffith Oil Co. reported a daily potential of 171.73 barrels of 40.5 gravity oil for No. 6 Virgil A. Johnson in the Rasberry (6100 Caddo) Field of Foard County, twelve miles west of Crowell, in section 26, block A, SPRR survey.

Flow was through 18 64-inch choke from open hole at 6123-45 feet, with packer on casing and 90 pounds pressure on tubing. Pay was acidized with 2500 gallons.

Security Laws Understood by Residents

Foard County social beneficiaries have been unnecessarily embarrassed and hardship in recent years, according to Erton F. Neal district manager. The need has been avoided where people who had unemployment or other insurance checks they received for a year.

Erton mentioned the case of a mother who was receiving benefits for herself and three based on her deceased husband's wage record. She was a non-profit organization worker who was not covered by unemployment insurance. Because of this she could not receive her benefits checks until the amount she earned, she did not know that all earnings must be considered for the work is under social security not, said Tate. By the time she found out, the benefits had been overpaid for several months and she was required to make good on the amount.

In the opening exercises, Miss Charlotte Sledge of Truscott sang a solo, "Near to the Heart of God," accompanied at the piano by Miss Janie Bowers. This was followed by a duet sung by Misses Sledge and Bowers with Noel Wilkins as piano accompanist.

DOWN TOWN BIBLE CLASS

There were forty-nine present at the Sunday morning meeting of the Down Town Bible Class, including two visitors, Dr. J. C. Davis of Rule and Joe Ray Burkett of Crowell.

Advertising Sales Continued as Auto Dealer Used Newspaper Advertising

Advertising — information on which immediate action is based. The need for including effective action information is a basic advertising principle. In putting the old principle to work, the dealer recognized the fact that effective action information is an element in advertising which must be supplied locally, since all sales are made at the local level. He chose the local newspaper as the best proved medium for stimulating local action.

Three new cars were registered in the tax assessor-collector office from Sept. 11-13. They are: Sept. 11, E. D. Howard, 1957 Chevrolet 2-door; Sept. 12, Mrs. Helen Higginbotham, 1957 Chevrolet 4-door; Sept. 13, R. L. Ellison, 1957 Chevrolet 4-door.

FIFTH SUNDAY SINGING

A fifth Sunday singing will be held at the Thalia Methodist Church Sunday afternoon, it was announced Monday. Everybody is invited to attend.

HOW TO LESSEN LESSONS!

We're back in school again, kids, and here's one gray fact we might as well face. The most important subject of all isn't even in the curriculum. The textbooks teach us the three simple tenses of a verb, the seven stages of man, and the fourteen points of Woodrow Wilson, but there's never a word on how to lessen those lessons!

There are many combat rules used by those pupils who try to take the easy way out—just to get a grade with the least effort. Some commonly used ones are the following:

Always sit in the front row if you can. The teachers know that the dopes run for the back rows and keep an eye on them. Most teachers look over the first row. You can get a lot of letters written this way.

Don't sprawl. Teachers are nuts about posture and always call on sprawlers to wake them up. Develop a classroom hobby you can pursue unnoticed. You can play the piano on the insides of your teeth with your tongue, count coughs, put the alphabet into number 1 to 26, and write love letters in code. Thinking of ways to pass those notes can take up at least half of the period.

Nod occasionally. This affirmative gesture encourages both pupils and teacher, suggests that you know the answers.

Practice rumba, cha cha and samba rhythms with your teeth clicking on each other. No one else hears it—it's all in your mouth.

As you enter class, remove an imaginary piece of lint from one of the other pupils. Watch him search for more lint the rest of the period.

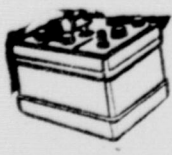

STOP THAT ITCH IN JUST 15 MINUTES! If not pleased, your 40c back at any drug store. Try instant-drying ITCH-ME-NOT for itch of eczema, ringworm, insect bites, foot itch or other surface itch. Easy to use day or night. Now at Shirley-Yearee Drug. 48, 49, 50, 8, 3, 19, 11

the period. Enough fun—now let's view the situation from the true viewpoint of the best way—the very best way to lessen lessons.

Always remember that you're the one that makes your lessons easy or hard. It's a fact that if you listen and concentrate hard in class, you'll be spending just half as much time studying out of class. Here's one thing, we're all guilty of trying to escape from study hall. Sure, it's a lot of fun to think of excuses to get out so you can run around town, but isn't it a lot more fun to get your lessons done so you can run around after school.

Remember that the way you tackle your lessons now is a pattern of the way you'll tackle life's problems later on. So keep this thought foremost in mind and you'll really be learning how to lessen lessons.

SURVEY SHOWS?

I read Lizzy's editorial on "How to Lessen Lessons," so I decided it would be of interest to visit numerous classes, chosen at random, to observe the actions of our students while they are listening to a lecture or are taking part in a discussion. The survey revealed the following:

Carolyn Monkres, looking thru purse; Patty McGinnis, daydreaming; Jimmy Weaver, scratching chin; Charlie Bell, making faces (at the teacher, I guess); George Morgan, snoring gently; Gayle Taylor, drawing on book cover; Bettie Knox, filing fingernails.

Robert Fish, reading radio book; Don Hunter, staring out window; Jo Frances Long, watching the clock; Judy Borchardt, reading "Reader's Digest"; Fredrick Youree, taking fountain pen apart.

Miles Welch, wondering about things in general; Delton Brown, trying to get yesterday's assignment; Janis Morris, tearing paper.

Now knowing that these dear students were deeply absorbed in the lesson at hand, this survey proves as false the old saying: "one can't do two things at once."

SUPPORT THE SENIORS

Has anyone noticed the little white building so boldly labeled "Seniors?" It is just west of the football stadium? We thought no one had! Well, you see, that little establishment is a combination refreshment stand and coffee booth—and it needs some business. Why? Because proceeds from this stand will wind up furnishing about 50 per cent of the money which the seniors will need for their trip (if and when). So we ask you to patronize the senior stand before, during, and after all the football games. Not only will you be helping us, but there's good food, too.

'ON CAMPUS, FASTER, FASTER'

Pick up your paper every morning and what do you read? "Crisis in higher education." That's what you read. "Enrollment spiraling upward—desperate need for more classrooms, more teachers." But classrooms, alas, do not spring up like mushrooms, nor teachers like mayflies. So what must we do while we build more classrooms, train more teachers? We must get better use out of the classrooms and teachers we now have. Also we must speed up! Speed up the educational process! Streamline courses! Eliminate frills! Sharpen! Shorten! Quicken!

Following is a list of courses with suggested methods to speed up each one.

Physics—eliminate slow neurons.

Physics lab—tilt the mazes downhill. The white mice will run much faster.

Engineering—make slide rules half as long.

Music—change all tempo to allegro. (A collateral benefit to be gained from this suggestion is

that once you speed up waitz time, proms will all be over by 10 p. m. With students going home so early, romance will languish and marriage counselors can be transferred to the buildings and grounds department.)

Algebra — If x always equals 24, much time consuming computation can be eliminated.

Languages — teach all language courses in English.

Dentistry — skip baby teeth. They fall out anyhow.

Poetry — amalgamate the classics. Like this:
Hail to thee, blithe spirit
Shot off if you must this old gray head,
You ain't nothing but a hound dog.

Smiling, the boy fell dead.
You see how simple it is? Perhaps you have some speedup ideas of your own. If so, I'll thank you to keep them to yourselves.

Taken from Texas Tech "The Toreador."

LIBRARY NEWS

Do you have a report to give? If so, don't get in a "tizzy." Just go to the CHS library. There you will find all kinds of material. You will be given the best service and help possible. Either Mrs. King or one of the assistant librarians will be more than happy to help you find exactly what you are looking for. So don't wait until the last minute. Just step up and ask for what you want.

DRAMATIC CLUB OFFICERS MEET

Last Monday afternoon, officers of the Dramatic Club met to make plans for various types of entertainment for the following month. In the near future, a new type of play, called "round play," is to be presented by the freshmen and sophomore classes of the Dramatic Club. The play to be presented was taken from that well-known comedy, Mark Twain's "Tom Sawyer."

JUNICRS SELL MAGAZINES

On Sept. 17, the Junior class met in the auditorium to lay plans for the annual magazine sale, the proceeds of which will be used toward the Junior-Senior banquet. James Hobbs, publishing company representative, explained the rules of the campaign.

Every junior was urged to do his utmost in order to make this a successful drive. Incidentally, the campaign ends tomorrow, Sept. 27. Perhaps some one has been overlooked. So if you want a magazine, please contact Mrs. E. C. King, sponsor, at once.

Also, the class is selling tickets for "Emmitt" the clown. He really is a "cute fellow"—one you'd be proud to own. Your last opportunity to get a chance for him is drawing near—for he will be given to the lucky winner tomorrow morning during a short assembly program.

CAT SCRATCHES

Ladies and gentlemen, hoboes and tramps, cross eyed mosquitoes and bow legged ants—come before you, to write behind your back, and to tell you something you don't give a flip about! Yes, it's me, Tagalong Tabby. I suppose you're wondering what's up? Well, to be frank, I don't know much, but what I do know, I'll tell.

First, let me drop a little secret. My secret spy service has been working overtime. Just guess! The Columbian Club is having a sock hop! It's true. It will be Friday night, Sept. 27. So, everybody be sure to hop to the sock hop.

Last Thursday it seemed as if the whole town was rushing to one certain place. I couldn't imagine where they were going. So I followed. When I reached the spot, there, right in front of me was the biggest bonfire I had ever seen. Cold chills went up and down my hairy spine as everyone yelled their heels off for CHS. What was that hanging in the fire. I oohed closer. Oh, that was the slybo of Quannah. Oh dear! I got a little too close. I singed my whiskers. Later, after the bonfire, everyone rode around town honking their horns. I'm so very proud of the school spirit.

Last Wednesday evening I was quit bored. There was just nothing to do, so I sauntered down the street looking for—oh, just anything exciting. I hadn't gone far until I came to a white house on the corner north 1st and 22. In front were parked some familiar looking cars. Being curious, I ventured inside the open door when no one was looking. The sight I saw there was one never to be seen again. Ernest King was stretching from a ladder trying to paper a ceiling, while Coach Erwin and Tiny Taylor were stuck up in a roll of wallpaper. You might say they were wrapped up in their work. Mr. Black had one foot in a bucket of paste, and he was trying his best to find a way out! Coach Amonett, Recie Womack, Carl Cox, and Marcus Mills were there, there lending a hand, too. I suppose you're wondering what was going on. Well, these helpful gentlemen were helping Mr. Hesse paper his house, getting it ready to move his wife and two children in! I'm sure Mr. Hesse appreciates the wonderful help. As I was about to leave, I stepped on a roll of wall paper and rolled all the way into the street. Woe is me! I still haven't gotten all the paste out of my fur!

As you have already guessed,

I am a very curious cat. Unusual things get under my skin until I find out about them. So it was that I found myself in the front hall the other day and I saw a big square of glass, and behind it I saw a bunch of queer gold and silver contraptions. Mrs. Ferguson came along, and I stared up enough courage to ask her what they were. Well, probably you already have figured out that I was looking at the trophies in the trophy case.

I looked up the word "trophy" in the dictionary and found it meant "anything taken from an enemy and displayed in proof of victory." This school must have had a lot of enemies for I counted at least 7 trophies. Now I'm not very smart, but on one of those things I read the words, "Dick Todd, Crews Cooper," and then there were a bunch of other names that I couldn't make out. Then there was the year "1932 District Champs." Now maybe you know these gentlemen, but me—well, I wasn't hanging around then.

There were a lot of trophies for football, basketball, track, one-act plays, etc. In fact, the case was crowded, but I managed to crawl in through the back door, I pushed those trophies closer together so as to leave a spot right in the center—and I think I'll mark on it "Reserved for 1957 district football winners." How about it! See you next week.—Tabby.

BAND BEATS

The band elected officers for the school year this week. The votes placed Eugene Davis in the office of president; Kerry Brown vice president, Shirley Fox secretary, and Sandra Campbell treasurer. We are all sure that our officers will be the best.

Mr. Hesse, the band members, and the librarians would like to say "thank you" to James Choate for all the work he's done. We can actually get into the uniform room since he cleaned it!

Mr. Hesse was on the receiving end of quite a few jokes during practice for the Quannah game. Since he's from Colorado, we could hardly expect him to know what the Alamo looked like, but everyone should know "Davy Crockett!" Seriously, we all think he's really great!

The band really enjoyed performing at the bonfire Thursday night. Why can't Crowell show that much spirit all the time?

SIDELINE SILLIES

Friday night, amid a torrential downpour and a frightening storm, staunch supporters of the Crowell Wildcats trekked to Quannah in droves—and then turned around and came back. No football game! However, Saturday night they tried again and succeeded. Promptly at 8 o'clock, the Crowell and Quannah football teams commenced to begin to start the gridiron contest. I was a ferocious contest, with the tide of victory swinging back and forth several times during the game, but Crowell finally came out victorious. It was a sweet victory indeed for Crowell, and bitter defeat for Quannah. (Too bad we didn't beat them forty touchdowns, instead of one.)

Incidentally, the Student Council and the football team take this opportunity to thank both the students and the townspeople for the wonderful spirit and support shown at the bonfire and at the game. It was a fine all-out effort which really had its effect—after all, we won, didn't we?

DON BROWN VISITS SCHOOL

Don Brown, son of Mr. and Mrs. J. R. Brown of Truscott, was a visitor in our school last Thursday.

He was a spring graduate of Rice Institute, Houston. There he received his B. A. degree in physics. For the past two summers he has worked in the electronics laboratory of Convair, Astronautics, in San Diego, Calif.

He left last week for Pennsylvania, where he is to be a graduate assistant in biophysics at Bryn Mawr, a girls' school in the outskirts of Philadelphia. He will do half time research and half time graduate work.

His tuition of \$600 and his fees are to be paid by the school, and he also will receive \$1,450 for his living expenses during the academic year.

He is interested in the human nervous system, specifically the brain, in regard to its capabilities and possible monitoring of thought. He plans to continue his education until he secures his PhD—and then after serving time in the army, he plans to do research.

His hobbies are hif-fi, electronics, and judo.

Luck to you, Don Brown—a 1953 graduate of CHS.

GENEGROVES ADDRESSES STUDENTS

The students of CHS had their first assembly Sept. 17. The guest speaker was Gene Segroves, minister of the First Christian Church. The subject of his address was "The Four Highest Ranking Diseases of the Present Day World."

The first disease is the disease of war which is caused by greed, lust, and fear. Armentant is not the solution to this problem, but Christianity is.

Next is the disease of juvenile delinquency. Most delinquents range from the ages of 15 to 22 years. At this period in a person's life, more crimes are committed than at all other ages combined.

The answer to this problem is Christianity.

The third disease is drunkenness. At least 50 per cent of all accidents are caused by drunkenness. Again, the answer is Christianity.

The last, but far from least, disease is communism. Did you realize that three-fifths of the world is controlled by communists. These "unhuman humans" take away the individual rights. Christianity is the answer to this problem, also.

Our parents can help toward solving these problems, but the big job is up to us, the youth of America. Let's get busy and stamp out these diseases.

SENIOR GIRL OF THE WEEK

Our senior girl of the week is five feet tall, has blond hair and green eyes—and a most desirable trait, a wonderful personality.

Sandra Campbell, better known by her classmates as "Prunie," is treasurer and librarian of the band and is secretary of the Columbian club. She is also active in FHA and in Dramatic clubs.

2—THE FOARD COUNTY NEWS Crowell, Texas, Sept. 26, 1957

and she is also a member of the yearbook and Wildcat staffs. Her favorite dish is French-fried shrimp, and her favorite popular record is "That'll Be the Day."

"Prunie" considers Algebra II as her hardest subject and band as her easiest.

Basketball is her favorite sport and collecting antique perfume bottles is her hobby?!!

Rock Hudson is her favorite actor and Elizabeth Taylor her favorite actress.

In the future, "Prunie" wants to go to Abilene Christian College where she plans to study to be one of three things: an airline hostess, interior decorator, or archaeologist. What ever you may do, "Prunie," we wish the best of luck to you.

SENIOR BOY OF THE WEEK

This week, our senior boy to be spotlighted is Jerry Bob Sellers. Jerry Bob stands six feet, has green eyes and brown hair. Jerry's favorite subject is typ-

ing, and he considers English his hardest. Fried quail is Jerry's favorite dish, and his favorite record is "That'll Be the Day." Basketball is Jerry's favorite sport, and he is very active in the CHS basketball team. Last year, Jerry Bob was chosen secretary of the FHA. Jerry, as of now, has no more. (Continued on Page 7)

LET'S TALK LIVESTOCK BY TED GOULDY

Slaughter calves brought fully 50 cents to \$1 higher prices than the low close of last week at Fort Worth Monday. Cows also sold in a strong to 50 cents higher trade. Stocker and feeder cattle and calves were very scarce, and prices fully steady to strong with considerable inquiry in the trade for thin calves, yearlings and cows suitable to winter in the grain fields.

Fed steers and yearlings were very slow, bids being largely steady with the close last week, and salesmen asking higher prices for the offering.

Receipts in all divisions of the market were sharply curtailed by the general rains over the week end, and reports to the market indicated pasture men were jubilant over the prospects for making winter feed and in many places low stockwater tanks were replenished.

Good and choice slaughter steers and yearlings bulked at \$19 to \$23, and common, plain and medium butcher sorts sold from \$13 to \$18.50. Fat cows sold from \$12.50 to \$15.50, and canners and cutters drew \$8 to \$12.50. Bulls sold from \$11 to \$16.

Good and choice slaughter calves cashed at \$18.50 to \$21, and a few fancy heavies sold to \$22. Plain and medium slaughter calves sold from \$14 to \$18, and rainies and common sorts sold from \$11 to \$13. Good and choice stocker steer calves ranged from \$20 to \$23.75, and stocker heifer calves cashed at \$21 down. Stocker steer yearlings sold from \$20.50 downward. Feeder heifers sold from \$17.50 down. Stocker cows cashed at \$10 to \$14.50.

Choice butcher hogs scored \$19.25 to \$19.50, and the medium to good variety sold from \$17 to \$19. Sows cashed at \$17.50 to \$18.50.

Medium and good fat lambs sold at \$20 to \$21, and cull and common sorts drew \$15 to \$18. Stocker and feeder lambs sold from \$19 to \$20. Slaughter ewes sold from \$7.50 to \$8.50. Old

Mr. and Mrs. Charley Machae visited Mr. and Mrs. Frank Halenack of Margaret Sunday afternoon.

Mr. and Mrs. Dave Shultz and Billy Doyle visited their son and brother, Louis Pyle, and family of Floydada Tuesday.

Give Little Bass a Chance to Grow Up

Give the little bass a chance to grow up. This was the advice this week of E. M. Spratt, director of Law Enforcement of the Game and Fish Commission.

"Every lake and stream in Texas is filled with little bass six and eight inches long," the director said. "They'll follow plugs into the boat in droves. Occasionally they'll get caught. Every care should be taken in releasing these little fellows again. They'll be keepers this time next year if we just give them a chance to grow."

The director said reports of these little bass are coming in from all over the state.

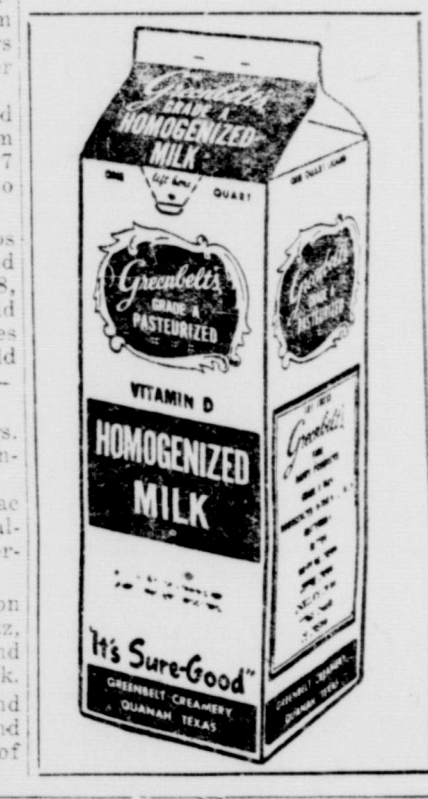

The legal limit on bass is seven inches. "Most of the little bass now being caught are approaching that size," the director said.

A few stocker ewes in the run sold from \$9 or \$10 on old broken mouths, to \$15 or \$16 on a better kind.

People who fly into a rage always make a bad landing.

Austin, Tex.—"Tickets" for Texas' 1958 political bouts go on sale next week. Poll taxes, \$1.75 each, can be bought from Oct. 1 until Jan. 31.

Holders of the small white tax receipts not only can watch, but participate in the semi-annual struggle to decide who'll be "top dog" for the next two years. In the ring will be contenders for the offices now held by U. S. Sen. Ralph Yarborough, Gov. Price Daniel, Lt. Gov. Ben Ramsey, and so on down the line.

"Ticket" holders also can attend their Democratic Party precinct conventions next May, where the first round of a fight for party control will be staged.

Assuming you have \$1.75, paying a poll tax shouldn't be hard. Dozens of groups — Jaycees, labor unions, Women Voters, etc. — plan massive drives. Most voters probably will be able to find a poll tax selling booth within blocks.

Exact number of potential voters is not known, of course. But some civic leaders hope as many as three million persons will pay poll taxes. Previous record is 2,410,188 for 1956, a presidential election year.

Another peak is expected in 1960 when census projections show more than 5½ million should be eligible to vote in Texas.

OIL QUOTAS SAG — Lean days are ahead for Texas' top industry—oil.

After three months on an all-time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

Major oil buyers at the Commission hearing indicated that any more production would result in an oversupply.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

MORE TAXES, SAYS BOARD — Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board, the average Texan will pay 6.4 cents of each dollar he earns, in state taxes. This is compared to 5.3 cents per dollar in '57.

It's the inevitable result of a billion-dollar-a-year budget, say the fiscal experts. They attribute the soaring expenses to inflation and citizen demand for more government services.

As to paying for it, the Board says "All taxes ultimately come from the individual. There's no one else to pay them."

On the brighter side, State Comptroller Robert S. Calvert reported the state started the new fiscal year this fall in the black. Calvert's report showed Texas took in approximately \$100,000,000 more than it spent up to Aug. 31.

"BUG" ON THE LOOSE — In schools, colleges, offices — even jails — over Texas, thousands of people are ailed.

Nearly three thousand cases, with flu-like symptoms, have been reported to the State Health Department. Finding out whether it's Asian flu requires special tests. Health Department offices are swamped with specimens and requests for tests.

Whatever the disease, it meant that football games and other school activities had to be called off in a number of areas.

So far, only a dribble of Asian flu vaccine has come to Texas. Dr. Henry Holle, Health Commissioner, urges these precautions for the general public:

1. Stay away from crowds.

2. Drink plenty of liquids—water and fruit juices.
3. Go to bed at the first sign of symptoms. (Symptoms are fever, chills, headache, sore throat and aching back and limbs.)

DEMOS HAVE CHOICE — In some areas people contributing to the Oct. 11-12 Dollars for Democrats drive can choose where they want their money to go.

One set of fund-seekers will be working at the behest of the State Democratic Executive Committee. In accordance with a formula set up by national officials, they will keep two-thirds of what they collect for Texas work, send one-third to national headquarters. Workers for the liberal-minded Democrats of Texas, at odds with official party leaders, say they'll turn no money over to the state office. All DOT collections are to go to national.

PUSH FOR WATER — Activity toward a statewide water development program moves forward.

Members of the governor's citizens water planning committee are receiving information kits. Material is to be used in a campaign for adoption of the \$200,000,000 water bond amendment.

Governor Daniel also announced the three representatives who'll be in charge of getting water planning legislation through the House during the special session. They are Reps. W. N. (Bill) Woolsey of Corpus Christi, Rep. Leroy Saul of Kress and Rep. Bill Shaw of Forney.

At the third annual Water for Texas conference at College Station, Gibb Gilchrist, conference founder, called creation of one central water agency as the state's greatest need.

MORE APPOINTMENTS — Governor Daniel's appointment list grows. Recent additions to state government:

A. H. (Kerry) Knippa of San Antonio to the building and loan section of the State Finance Commission.

E. L. Jackson of Cisco and John E. McKelvey of Electra to the State Veterans Affairs Commission.

Joe C. Carrington of Austin to the Commission on Alcoholism.

John E. Lowe of Vidor, B. B. Rabb of Point and Carroll Swearingin of Quitman to the Sabine River Authority.

Raphael Wilson of Austin and Dr. Paul C. Witt of Abilene to the Board of Examiners in Basic Sciences.

Mrs. Marie Hudson of Austin to the Firemen's Pension Commission.

News items below were taken from the issue of The Foard County News of Friday, Sept. 23, 1927:

The following list of Crowell boys and girls have entered college for the fall term: Lozelle Kincaid, C. I. A. Denton; Mildred Cogdell, Baylor University; Waco; Granville Lanier, A&M, College Station; Jesse Brown, pharmacy school, Austin; Lebert Swaim, pharmacy school, Ft. Worth; Katherine Clark, State University, Austin; Marion Crowell, Jim Hinds Carter, Joe Roberts, William Bell, Phillip Bird and Wayne Diggs, John Tarleton, Stephenville; Jack Roberts Jr., State University, Norman, Okla.; Merl Kincaid, University of New York, New York City; Lottie Russell and Gusta Davis, business school, Wichita Falls; Mattie Russell, Texas Tech, Lubbock; Annie Lee Long, T. W. C., Ft. Worth; Ted Burrow and Byron Rogers, A. C. C., Abilene.

Henry M. Standie, a pioneer citizen of this county, died at the home of his brother, W. P. Standie, in Tulsa, Okla., early Tuesday. Funeral was held in the Crowell Methodist Church Wednesday morning. He was an uncle of N. J. Roberts of Crowell. He is survived by two brothers and two sisters.

Ginning season has started in the county and it is estimated that 1,200 bales were ginned the first week of the season.

J. L. Shultz has opened a moving picture show in Thalia and will show pictures on Monday, Tuesday, Friday and Saturday nights.

The city of Crowell has granted a 30-year franchise to Culbertson Bros., a corporation of Panhandle, Texas, for laying gas pipe lines through the city. It is understood that the natural gas will come from the gas field near Thalia where there is said to be a flow of ten million cubic feet.

Invitations have been received here telling of the coming marriage of Gordon Bell, oldest son of Mr. and Mrs. T. N. Bell, to Miss Estelle Wood, which is to take place in Uvalde Sept. 29.

Chas. Woods Sr. of Southland and son, Ewing of Slaton, former Foard County residents, passed through Crowell last Saturday.

Mr. and Mrs. Carl Zeibig and family left Friday for Electra to visit Mrs. Zeibig's sister, Mrs. Archie McMillan.

Ed Bomar of Henrietta was here Tuesday on business.

ROTARY CLUB
Program for the Rotary Club Wednesday at noon was in charge of Henry Black and Recie Womack and was a demonstration of the part the oil industry plays in everyday life.

B. M. Gamble and R. V. Black of the Service Pipe Line Co. of Haskell displayed the many items which are by-products of petroleum, taken from what they called the "magic barrel." It was an interesting and instructive program.

Visitors at the meeting were Mike Bird, Munson Welch and Jack Welch of Crowell, W. H. Sellers of Borger, and Rotarian Vance Favor of Quanah.

THIS WEEK —In Washington

With
Clinton Davidson

The question of whether the shattered Farm Bloc can pull itself together and again become a power in Washington may be answered here this week.

The National Conference of Commodity Organizations, after two preliminary meetings during the spring and summer, is attempting to draft a new, broad scale farm program.

More than 40 state, regional and national farm organization and commodity groups are trying to fit together the pieces of a jigsaw puzzle that could make up a comprehensive farm program.

This is the "commodity-by-commodity" development of a farm program, as contrasted with the broad, general farm legislation now in effect.

The organizations represented have a combined membership of more than three million farmers. Many of them, however, are members of two or more of the organizations and others are also members of farm organizations not represented.

The meeting here this week is by no means a united farm front. The Farm Bureau, largest of the farm organizations, is absent and hostile to the new group. The Agriculture Department also is unfriendly to it.

The National Grange, second largest of the general farm organizations, is working closely with the commodity groups, and the Farmers Union is represented by an "observer."

Farm officials here agree that the new NCCO, if it can develop a program supported by a majority of its members, will be favorably received by Congress next year. The Farm Bureau-USA proposals were defeated in Congress this year.

NCCO objectives are to pass legislation which would greatly reduce the cost of government farm programs, develop self-help program to be managed and financed by producers, and expand foreign markets.

Growers of virtually every important farm commodity are represented at the meeting. These include cotton, corn, wheat, rice, dairy, beef, pork, wool, soybeans, peanuts, poultry and eggs, sugar and potatoes.

The agenda prepared by an 8-man steering committee named at the August meeting outlines the work of the two-day conference on Wednesday and Thursday.

Each of the commodity groups will present its proposals for legislation dealing with that specific commodity. For example, wheat growers favor a certificate plan that would assure them a parity price in the market for wheat consumed for food domestically, and a lower price for secondary uses and export.

When all of the commodity proposals have been laid before the conference a general discussion will attempt to develop the broad outlines of an omnibus farm bill.

Following the conference it is expected that a drafting committee will be named to iron out any differences and put the proposals into bill form. This, then, would be submitted to a fourth meeting, probably in December, for final approval.

Texans Urged to Comply with Texas School Bus Law

Three state agencies joined this week in urging the continuation of a state-wide program to acquaint the public with the Texas law requiring all vehicles to stop when approaching a school bus loading or unloading children.

The Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety are making a joint request that school superintendents, newspapers, radio stations, and television stations participate in efforts to acquaint drivers with the school bus law.

"Superintendents and news editors performed an outstanding public service in this safety campaign last year," said J. W. Edgar, Commissioner of Education. "Yet 7 lives were lost during the school year in collisions involving school buses. There is a continuing need for a program of safety education."

There were two more fatalities during 1956-57 than were reported to the Department of Public Safety in 1955-56. The total number of accidents reported declined, however, from 379 to 335. (During the past year the Highway Department erected signs on all major roads warning motorists of the safety measure.) The law says in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver of any vehicle shall stop immediately before passing. After coming to a stop the driver of the vehicle can proceed with due caution at a speed which is prudent and does not exceed ten miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with roadways when the bus is passing a vehicle. Vehicles are required to stop if the bus is stopped in a leading lane is a part of or adjacent to a controlled-access highway and pedestrians are not permitted to cross the roadway.

All public school buses painted yellow and have "School Bus" painted in large letters on the front and rear of the bus. They are equipped with flashing lights usually mounted on the front and rear of the bus. These flashing lights are only when the bus is in the process of stopping or is stopping to receive or discharge children.

THALIA H. D. CLUB

The Thalia Home Demonstration Club met in the school cafeteria at 2:30 p. m. Sept. 23, a regular meeting with Mrs. W. Gray, vice president in charge. Mrs. Hester Ham read the collect and Mrs. Chapman read the correspondence.

Roll call was answered "How we can help our hospitals" by seven members. Jesse Moore joined the club were made for the Foard County Federation of Women's meeting for which Thalia will be hostess. Mrs. G. A. gave a very interesting mental health. Mrs. Robertsmonds served as hostess.

8TH GRADE 4-H GIRLS

The 8th Grade 4-H Girls met in room 25 this week plans for the year were discussed. Officers were elected as follows:

Carrie Driver, president; Bartley, reporter; Sue S. secretary-treasurer; Camille phant, council delegate; Denton and Jeanette Moody; Lois McNeill, vice president.

Million Acres Signed

for Acreage Reserve

The 1958 Winter Wheat Acreage Reserve sign up began August 26, 1957, and slightly over a million acres winter wheat "allotment" land were put in the 1958 Acreage Reserve of the Soil Bank through the two-week period ending Sept. 6, 1957, the United States Department of Agriculture announced recently.

In Knox County, for the same period, approximately 1,262 acres of winter wheat acres were put in the 1958 Acreage Reserve, according to H. H. Partridge, chairman of the Knox A. S. C. County Committee. Mr. Partridge said that this program was aimed primarily at reducing price-depressing surpluses of "basic" agricultural commodities and is available only to producers having acreage allotments. Furthermore, this acreage reserve sign up will close Oct. 4, 1957, and it is imperative that all producers of wheat contact the Knox ASC county office in Knox City if they are interested in participating in the program on or before Oct. 4. Complete details will be furnished at the Knox County ASC office.

FIFTH GRADE 4-H CLUB

The fifth grade 4-H Club met Tuesday morning, Sept. 17, in the grade school study hall.

As this was the first meeting of the year, the boys discussed in general their projects and what they were going to study for the coming year. They also discussed the procedure of laws and rules for the club.

The purpose of the meeting was to elect officers. The following were elected to serve this school year: Ricky Trawcek, president; Ken Ferguson, vice president; Seth Halbert, secretary; Freddie Welba, reporter; Ronnie Clifton, council delegate; Ronnie Denton, recreation leader; Kenneth Halbert, adult leader.

THALIA W. S. C. S.

"How Large Is Our World?" was the program subject when members of the Thalia W. S. C. S. met in the home of Mrs. T. H. Matthews Monday, Sept. 23.

Mrs. B. A. Whitman gave the opening meditations on "Missions." Mrs. T. R. Cates read Scriptures Psalm 19, Matt. 22: 36-40.

The song, "Close to Thee," led by Mrs. C. H. Wood, was sung.

The group read "Missions" responsively. Those taking part on the program were Mesdames B. A. Whitman, M. C. Adkins, H. W. Gray, C. H. Wood and C. C. Lamb. Mrs. W. G. Chapman dismissed the group with prayer.

The hostess, Mrs. Matthews, served refreshments to 7 members and one visitor, Mrs. Truitt Neill.

Quannah visited his mother, Mrs. G. M. Sikes, Sunday.

STATE FAIR OF TEXAS

OCT. 5-20 DALLAS

Every Texas County Represented In Big Farm Show At State Fair

By ROY RODDY

State Fair Agriculture Writer

Folks nostalgic for the country fairs of yesteryear with their mass displays of cotton, grain, vegetables, fruits and other farm produce will find much to cheer reminiscence at the State Fair of Texas in Dallas, October 5-20. For the State Fair, to live up to its name, must represent all Texas, and that means every one of the state's 254 counties.

That's a pretty large order, even for an exposition as big as the State Fair. To fill it properly, the State Fair would have to give all its 187 acres to the Agriculture Show alone. So the Fair has settled for mass displays of the major crops of the state's twelve Agricultural Extension Service Districts, those departments under which the county farm and home demonstration agents serve. In this way, every Texas county will be represented.

And the cotton, grain, vegetables and fruit will be there in abundance, just as if the Fair had tilted Nature's cornucopia and let the green and golden harvests pour into the exhibits. The exhibits will reveal the amazing bounty of Texas' good earth.

Shown from the Panhandle will be wheat, grain sorghums, cotton, sugar beets, alfalfa, Irish potatoes, fruits and vegetables; from the South Plains, cotton, grain sorghums, alfalfa and commercial vegetables; from the Rolling Plains, cotton, beef cattle, wheat and grain sorghums; and from North Texas, dairy products, swine, cotton, small grain, grain sorghums, corn and peanuts.

Major crops of Northeast Texas on display will be livestock, fruits and vegetables; of the Big Bend, cattle, sheep and wool, goats and mohair, alfalfa, vegetables and long staple cotton; of the Edwards Plateau, goats and mohair, sheep, beef cattle, grain sorghums, small grains and poultry; and of the Heart of Texas, cotton, cattle, peanuts, corn, grain sorghums, vegetables, peaches and pecans.

Other districts will include the Piney Woods with its forest products, broilers, beef and dairy cattle, vegetables and swine; South Texas with its flax, broom corn, poultry and beef cattle; the Gulf Coast with its rice, cattle, fruits and vegetables; and the Rio Grande Plains with their citrus fruit, vegetables, grain sorghums and cotton.

Austin, Tex.—"Tickets" for Texas' 1958 political bouts go on sale next week. Poll taxes, \$1.75 each, can be bought from Oct. 1 until Jan. 31.

Holders of the small white tax receipts not only can watch, but participate in the semi-annual struggle to decide who'll be "top dog" for the next two years. In the ring will be contenders for the offices now held by U. S. Sen. Ralph Yarborough, Gov. Price Daniel, Lt. Gov. Ben Ramsey, and so on down the line.

"Ticket" holders also can attend their Democratic Party precinct conventions next May, where the first round of a fight for party control will be staged.

Assuming you have \$1.75, paying a poll tax shouldn't be hard. Dozens of groups — Jaycees, labor unions, Women Voters, etc. — plan massive drives. Most voters probably will be able to find a poll tax selling booth within blocks.

Exact number of potential voters is not known, of course. But some civic leaders hope as many as three million persons will pay poll taxes. Previous record is 2,410,188 for 1956, a presidential election year.

Another peak is expected in 1960 when census projections show more than 5½ million should be eligible to vote in Texas.

OIL QUOTAS SAG — Lean days are ahead for Texas' top industry—oil.

After three months on an all-time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

Major oil buyers at the Commission hearing indicated that any more production would result in an oversupply.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

MORE TAXES, SAYS BOARD — Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board, the average Texan will pay 6.4 cents of each dollar he earns, in state taxes. This is compared to 5.3 cents per dollar in '57.

It's the inevitable result of a billion-dollar-a-year budget, say the fiscal experts. They attribute the soaring expenses to inflation and citizen demand for more government services.

As to paying for it, the Board says "All taxes ultimately come from the individual. There's no one else to pay them."

On the brighter side, State Comptroller Robert S. Calvert reported the state started the new fiscal year this fall in the black. Calvert's report showed Texas took in approximately \$109,000,000 more than it spent up to Aug. 31.

"BUG" ON THE LOOSE — In schools, colleges, offices — even jails — over Texas, thousands of people are ailed.

Nearly three thousand cases, with flu-like symptoms, have been reported to the State Health Department. Finding out whether it's Asian flu requires special tests. Health Department offices are swamped with specimens and requests for tests.

Whatever the disease, it meant that football games and other school activities had to be called off in a number of areas.

So far, only a dribble of Asian flu vaccine has come to Texas. Dr. Henry Holle, Health Commissioner, urges these precautions for the general public:

1. Stay away from crowds.

2. Drink plenty of liquids—water and fruit juices.

3. Go to bed at the first sign of symptoms. (Symptoms are fever, chills, headache, sore throat and aching back and limbs.)

DEMOS HAVE CHOICE — In some areas voters contributing to the drive can choose where they want their money to go.

One set of fund-seekers will be working at the behest of the official Texas organization, the State Democratic Executive Committee. In accordance with a formula set up by national officials, they will keep two-thirds of what they collect for Texas work, send one-third to national headquarters.

Workers for the liberal-minded Democrats of Texas, at odds with official party leaders, say they'll turn no money over to the state office. All DOT collections are to go to national.

PUSH FOR WATER — Activity toward a statewide water development program moves forward.

Members of the governor's citizens water planning committee are receiving information kits. Material is to be used in a campaign for adoption of the \$200,000,000 water bond amendment.

Governor Daniel also announced the three representatives who'll be in charge of getting water planning legislation through the house during the special session. They are Reps. W. N. (Bill) Woolsey of Corpus Christi, Rep. Leroy Saul of Kress and Rep. Bill Shaw of Forney.

At the third annual Water for Texas conference at College Station, Gibb Gilchrist, conference founder, called creation of one central water agency as the state's greatest need.

MORE APPOINTMENTS — Governor Daniel's appointment list grows. Recent additions to state government:

A. H. (Kerry) Knippa of San Antonio to the building and loan section of the State Finance Commission.

E. L. Jackson of Cisco and John E. McKelvey of Electra to the State Veterans Affairs Commission.

Joe C. Carrington of Austin to the Commission on Alcoholism.

John E. Lowe of Vidor, E. B. Rabb of Point and Carroll Swearingin of Quitman to the Sabine River Authority.

Raphael Wilson of Austin and Dr. Paul C. Witt of Abilene to the Board of Examiners in Basic Sciences.

In The News . . . 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, Sept. 23, 1927:

The following list of Crowell boys and girls have entered college for the fall term: Lozelle Kincaid, C. I. A. Denton; Mildred Cogdell, Baylor University, Waco; Granville Lanier, A&M, College Station; Jesse Brown, pharmacy school, Austin; Lebert Swaim, pharmacy school, Ft. Worth; Katherine Clark, State University, Austin; Marion Crowell, Jim Hinds Carter, Joe Roberts, William Bell, Phillip Bird and Wayne Diggs, John Tarleton, Stephenville; Jack Roberts Jr., State University, Norman, Okla.; Merl Kincaid, University of New York, New York City; Lottie Russell and Gusta Davis, business school, Wichita Falls; Mattie Russell, Texas Tech, Lubbock; Annie Lee Long, T. W. C., Ft. Worth; Ted Burrow and Byron Rogers, A. C. C., Abilene.

Henry M. Standie, a pioneer citizen of this county, died at the home of his brother, W. P. Standie, in Tulsa, Okla., early Tuesday. Funeral was held in the Crowell Methodist Church Wednesday morning. He was an uncle of N. J. Roberts of Crowell. He is survived by two brothers and two sisters.

Ginning season has started in the county and it is estimated that 1,200 bales were ginned the first week of the season.

J. L. Shultz has opened a moving picture show in Thalia and will show pictures on Monday, Tuesday, Friday and Saturday nights.

The city of Crowell has granted a 30-year franchise to Culbertson Bros., a corporation of Panhandle, Texas, for laying gas pipe lines through the city. It is understood that the natural gas will come from the gas field near Thalia where there is said to be a flow of ten million cubic feet.

Invitations have been received here telling of the coming marriage of Gordon Bell, oldest son of Mr. and Mrs. T. N. Bell, to Miss Estelle Wood, which is to take place in Uvalde Sept. 29.

Chas. Woods Sr. of Southland and son, Ewing of Slaton, former Foard County residents, passed through Crowell last Saturday.

Mr. and Mrs. Carl Zeibig and family left Friday for Electra to visit Mrs. Zeibig's sister, Mrs. Archie McMillan.

Ed Bomar of Henrietta was here Tuesday on business.

Program for the Rotary Club Wednesday at noon was in charge of Henry Black and Recie Womack and was a demonstration of the part the oil industry plays in everyday life.

B. M. Gamble and R. V. Black of the Service Pipe Line Co. of Haskell displayed the many items which are by-products of petroleum, taken from what they called the "magic barrel." It was an interesting and instructive program.

Visitors at the meeting were Mike Bird, Munson Welch and Jack Welch of Crowell, W. H. Sellers of Berger, and Rotarian Vance Favor of Quanah.

THIS WEEK

—In Washington

With Clinton Davidson

The question of whether the shattered Farm Bloc can pull itself together and again become a power in Washington may be answered here this week.

The National Conference of Commodity Organizations, after two preliminary meetings during the spring and summer, is attempting to draft a new, broad scale farm program.

More than 40 state, regional and national farm organization and commodity groups are trying to fit together the pieces of a jig saw puzzle that could make up a comprehensive farm program.

This is the "commodity-by-commodity" development of a farm program, as contrasted with the broad, general farm legislation now in effect.

The organizations represented have a combined membership of more than three million farmers. Many of them, however, are members of two or more of the organizations and others are also members of farm organizations not represented.

The meeting here this week is by no means a united farm front. The Farm Bureau, largest of the farm organizations, is absent and hostile to the new group. The Agriculture Department also is unfriendly to it.

The National Grange, second largest of the general farm organizations, is working closely with the Farmers Union is represented by an "observer."

Farm officials here agree that the new NCCO, if it can develop a program supported by a majority of its members, will be favorably received by Congress next year. The Farm Bureau-USA proposals were defeated in Congress this year.

NCCO objectives are to pass legislation which would greatly reduce the cost of government farm programs, develop self-help program to be managed and financed by producers, and expand foreign markets.

Growers of virtually every important farm commodity are represented at the meeting. These include cotton, corn, wheat, rice, dairy, beef, pork, wool, soybeans, peanuts, poultry and eggs, sugar and potatoes.

The agenda prepared by an 8-man steering committee named at the August meeting outlines the work of the two-day conference on Wednesday and Thursday.

Each of the commodity groups will present its proposals for legislation dealing with that specific commodity. For example, wheat growers favor a certificate plan that would assure them a parity price in the market for wheat consumed for food domestically, and a lower price for secondary uses and export.

When all of the commodity proposals have been laid before the conference a general discussion will attempt to develop the broad outlines of an omnibus farm bill.

Following the conference it is expected that a drafting committee will be named to iron out any differences and put the proposals into bill form. This, then, would be submitted to a fourth meeting, probably in December, for final approval.

Texans Urged to Comply with Texas School Bus Law

Three state agencies joined this week in urging the continuation of a state-wide program to acquaint the public with the Texas law requiring all vehicles to stop when approaching a school bus loading or unloading children.

The Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety are making a joint request that school superintendents, newspapers, radio stations, and television stations participate in efforts to acquaint drivers with the school bus law.

"Superintendents and news editors performed an outstanding public service in this safety campaign last year," said J. W. Edgar, Commissioner of Education. "Yet 7 lives were lost during the school year in collisions involving school buses. There is a continuing need for a program of safety education."

There were two more fatalities during 1956-57 than were reported to the Department of Public Safety in 1955-56. The total number of accidents reported declined, however, from 379 to 335. (During the past year the Highway Department erected signs on all major roads warning motorists of the safety measure.)

The law says in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver of any vehicle shall stop immediately before passing. After coming to a stop the driver of the vehicle can proceed with due caution at a speed which is prudent and does not exceed ten miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways when the bus is crossing the roadway from one side to the other.

All public school buses painted yellow and have "SCHOOL BUS" painted in large letters on the front and rear of the bus. They are equipped with flashing lights usually mounted on the front and rear of the bus. Only when the bus is in process of stopping or is stopped to receive or discharge children.

THALIA H. D. CLUB

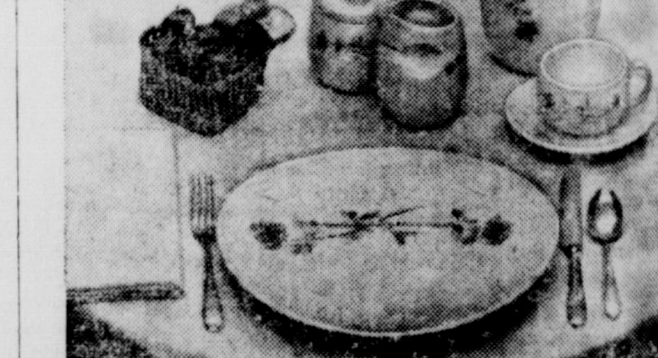

The Thalia Home Demonstration Club met in the school cafeteria at 2:30 p. m. Sept. 23, for a regular meeting with W. W. Gray, vice president in charge. Mrs. Hester Bann read the collection and Mrs. Chapman read the correspondence.

Roll call was answered "How we can help our hospitals" by seven members. Jesse Moore joined the club. There were made for the Foard County Federation of Women's meeting for which the Thalia will be hostess. Mrs. G. A. gave a very interesting mental health. Mrs. Robertmonds served as hostess.

Million Acres Signed for Acreage Reserve

The 1958 Winter Wheat Acreage Reserve sign up began August 26, 1957, and slightly over a million acres winter wheat "allotment" land were put in the 1958 Acreage Reserve of the Soil Bank through the two-week period ending Sept. 6, 1957, the United States Department of Agriculture announced recently.

In Knox County, for the same period, approximately 1,262 acres of winter wheat acres were put in the 1958 Acreage Reserve, according to H. H. Partridge, chairman of the Knox A. S. C. County Committee. Mr. Partridge said that this program was aimed primarily at reducing price-depressing surpluses of "basic" agricultural commodities and is available only to producers having acreage allotments. Furthermore, this acreage reserve sign up will close Oct. 4, 1957, and it is imperative that all producers of wheat contact the Knox ASC county office in Knox City if they are interested in participating in the program on or before Oct. 4. Complete details will be furnished at the Knox County ASC office.

STATE FAIR OF TEXAS

OCT. 5-20 DALLAS

Every Texas County Represented In Big Farm Show At State Fair

By ROY RODDY
State Fair Agriculture Writer

Folks nostalgic with their mass displays of cotton, grain, vegetables, fruits and other farm produce will find much to cheer reminiscence at the State Fair of Texas in Dallas, October 5-20. For the State Fair, to live up to its name, must represent all Texas, and that means every one of the state's 254 counties.

That's a pretty large order, even for an exposition as big as the State Fair. To fill it properly, the State Fair would have to give all its 187 acres to the Agriculture Show alone. So the Fair has settled for mass displays of the major crops of the state's twelve Agricultural Extension Service Districts, those departments under which the county farm and home demonstration agents serve. In this way, every Texas county will be represented.

And the cotton, grain, vegetables and fruit will be there in abundance, just as if the Fair had tilted Nature's cornucopia and let the green and golden harvests pour into the exhibits. The exhibits will reveal the amazing bounty of Texas' good earth.

Shown from the Panhandle will be wheat, grain sorghums, cotton, sugar beets, alfalfa, Irish potatoes, fruits and vegetables; from the South Plains, cotton, grain sorghums, alfalfa and commercial vegetables; from the Rolling Plains, cotton, beef cattle, wheat and grain sorghums; and from North Texas, dairy products, swine, cotton, small grain, grain sorghums, corn and peanuts.

Major crops of Northeast Texas on display will be livestock, fruits and vegetables; of the Big Bend, cattle, sheep and wool, goats and mohair, alfalfa, vegetables and long staple cotton; of the Edwards Plateau, goats and mohair, sheep, beef cattle, grain sorghums, small grains and poultry; and of the Heart of Texas, cotton, cattle, peanuts, corn, grain sorghums, vegetables, peaches and pecans.

Other districts will include the Piney Woods with its forest products, broilers, beef and dairy cattle, vegetables and swine; South Texas with its flax, broom corn, poultry and beef cattle; the Gulf Coast with its rice, cattle, fruits and vegetables; and the Rio Grande Plains with their citrus fruit, vegetables, grain sorghums and cotton.

COAST-TO-COAST ECONOMY RUN PROVES IT—CHEVY COSTS LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked from Los Angeles to New York, that's an economy comparison! And what happened?

In certified NATA* findings, Chevy delivered up to 17% greater fuel economy, and lower total cost for the trip—proof that Chevrolet costs least to operate of the three leading low-priced cars that were tested! But that's not surprising. You expect Chevrolet engines to wring extra miles out of a gallon of gas—just as you expect finer craftsmanship in the way a Chevy is built. kids? Beat Matador! Prunie (alias Tabby Cat, alias Sandra Campbell) you're sure playing it cool keeping so quiet about that Childress boy friend of yours!

Who's football jacket is Jerry Ann wearing? Could it be Billy Ryan's from Seymour?

Everyone really had a swell time at the bonfire Thursday night. That's real gone school spirit, kids! It seems as though the "Big Burge" was booming after the bonfire. Did all you kids have fun?

Beat Matador! Jeannie really was beaming Friday night. Reason: Jimmy Thaxton came in. She's also wearing his senior ring!

Who seems to have her eyes on Charles Carroll? The scandal bug knows! Sandra - Donald were seen buzzing around town Sunday night.

Why was Larry so lonesome over the week end? Reason: Jana was sick. Surely hope you're feeling better, Jana.

Let's all come out to the ball game Friday night and back the Wildcats, and after the game, be sure to put on your ray colored socks and pop on out to the community house for the sock hop!

Joe Calvin, Aldon Garrett and Johnny Webba were home over the week end. Marketta was also seen here Saturday night.

Attention!! Be sure to drop your scandal in the scandal locker! Remember, this is your scandal!

The Tattle Tale has heard that Mike has an interest in the eighth grade. Her initials are Carolee Oliphant.

It seems Peggy Cates is having a hard time deciding which is her true love, Jerry Bob or Buba.

As usual, Sonny and Lizzy were seen making the rounds over the week end.

All us Tattle Tales think Roxie and Gerald are getting up a case. Luck to ya, kids!

Well, I guess we've tattled enough for this week, so we'll see you around.

Don't forget—Let's all go out and back those mighty Wildcats to another victory.

Miss Ruth McRae and Marion Gentry United in Marriage

Miss Ruth Jessie McRae and Marion P. Gentry exchanged marriage vows Saturday, Sept. 21, at 4 p. m. in the Methodist parsonage in Thalia with the pastor, Rev. C. C. Lamb, reading the double ring ceremony.

The bride was attired in a street length dress of open blue lace and taffeta. She wore white accessories and carried a white Bible topped with white carnations. She carried out the tradition of something old, something new, something borrowed and something blue, and also wore a six penny in her shoe. The six penny belonged to the groom.

Miss Betty McRae, sister of the bride served as maid of honor. She wore a blue taffeta dress with pink corsage and accessories.

Louise Bering served the groom as best man.

The bride is the daughter of Mr. and Mrs. Foy McRae of Thalia and the granddaughter of the late Mr. and Mrs. Edgar Broadus of the Margaret community. She is an employee of the Ferguson Rexall Drug.

The groom is the son of Mr. and Mrs. Oscar M. Gentry of Crowell and the grandson of Mr. and Mrs. E. W. Gentry of Crowell and the late Mr. and Mrs. P. P. Cooper of Crowell. He owns and operates the Gentry Feed & Commerce Store.

A reception was held in the home of the bride's parents in Thalia with members of the immediate families present.

Following a wedding trip to points in Oklahoma, they are now making their home at 703 Horner Street in Crowell.

COLUMBIAN CLUB

Sixteen members of the Columbian Club met in the home of Mrs. Hines Clark on Wednesday afternoon, Sept. 19, for the study of "Citizenship." The house was called to order by the president, Mrs. Earl Tom Brink. Roll call was responded to by each member naming her favorite politician. Mrs. Roy Ayers was lesson leader for the afternoon.

The devotional on "Charity" was based on the 13th chapter of 1st Corinthians and was given by Mrs. J. M. Chowning.

Mrs. Grady Halbert told of the requirements of a good citizen. Mrs. John Ray spoke of the making of the United States' Constitution.

The hostess served a delicious refreshment plate. The next meeting will be held Oct. 2 at the home of Mrs. M. N. Kenner.

ADELPHIAN CLUB

Members of the Adelpian Club and their guests assembled at the Hardier Club Hat on Tuesday evening, Sept. 17, at 7:30 p. m. for a covered dish dinner in observance of "Husband's Evening."

Miss Dorothy Erwin, new president, extended greetings and welcomed the guests. Henry Ferguson gave the invocation.

Miss Erwin introduced the guest speaker, Clark Hitt, who gave an

J. P. Bartley and Oregon Girl Exchange Marriage Vows

Exchanging wedding vows Saturday, September 14, at 2 p. m. in the First Baptist Church in John Day, Oregon, were J. P. Bartley of Crowell and Miss Leona Steagall.

The double ring ceremony was before a background of baskets of white gladioli and pom pom chrysanthemums.

Parents of the bride are Mr. and Mrs. Earl T. Steagall, Seneca, Oregon. The groom's parents are Mr. and Mrs. C. S. Bartley of Crowell.

Given in marriage by her father, the bride wore a white water length gown. The bodice was fastened with a wrap neckline and brief sleeves. The skirt being flared featured double layers of net. She wore a crownlet with velvet-ton points that complimented her forehead. Her elbow mitts were net and she carried a white orchid atop a Bible. Extending from the Bible were streamers with love knots. She carried out the old custom of something old, new, borrowed and blue.

Serving as maid of honor was Miss Sandra Call of John Day. She was attired in a pink water length gown similar to the bride's and she wore matching accessories.

Orin Wood, Prairie City, Ore., nephew of the groom, was best man.

Following the wedding, a reception was held in the home of Mr. and Mrs. James W. Moore, friends of the bride. The table carried out the bride's selected colors with floral arrangements of white gladioli. The three-tiered wedding cake with pink roses was served with coffee to a host of friends and relatives.

For going-away, the bride chose a champagne colored princess style dress with pink accessories.

After a short wedding trip, the couple will be at home in Lubbock where the groom will continue his studies in petroleum engineering at Texas Technological College.

A 1955 graduate of Grand Union High School, Seneca, Ore., the bride has been employed by John Day Motor Co. for the past two years.

The groom, a 1949 graduate of Crowell High School, served four years with the U. S. Navy. He graduated from Ranger Junior College in 1956 and this is his second year in Texas Tech.

Interesting and very informative talk in regard to Italy. Italy is a small country about one-half the size of Texas. It is shaped like a boot. The climate is warm. Approximately 59,990,000 people reside in Italy. The living standards in Italy are very low in comparison to America.

Guests for the evening meeting were Mr. and Mrs. Hitt, Merl Kincaid, Mrs. Bell McKown, Mrs. Paul Shirley and Mr. Ferguson.

Hostesses for the occasion were Mesdames Lucaine Carter, Bert Ekern, and Bill McClain.

RIVERSIDE H. D. CLUB

"Mental illness is not a sickness to be ashamed of," was a statement by Mrs. C. L. Adkins

at the Riverside Home Demonstration Club meeting Tuesday afternoon, Sept. 17, at the Riverside school house with Mrs. Monique Karuber as hostess.

"Like any other illness, you may be the next patient and if cared for in time may avoid serious trouble," continued Mrs. Adkins, who was in charge of the program on "Mental Health." Several articles were read and discussed concerning mental health and care.

Mrs. S. C. Kuehn, vice president, called the meeting to order. Roll call was answered by "How we can help our state hospitals." As opening exercises, Mrs. James Downers read "Life's Inescapable Realities" and Mrs. John S. Ray read "The Diary of a Tired Housewife." The order of business was discussed and it is planned to have family night once a month at the Riverside school house. The

next meeting will be at the school house Oct. 1, with Mrs. Kuehn as hostess. Mrs. Grover Moore will be in charge of the program. "Dying and Dying for Christmas Bouquets."

The "treasury table" was cut and served with drinks to ten members.
