EDITORIAL

Are You a Snob?

Are you a snob? Do you snub those outside your own circle of friends? Your first reaction to these questions is probably a shocked "of course not!" However, if you will examine your attitude toward the people with whom you come in contact, especially the other kids at school, you may be compelled to change your answer.

An honest personal inventory may reveal that you are a little bit of a snob, even though to be such is unintentional. For instance, you may discover that you spend almost all your time with your own clique and that you offer little more than a brief greeting to anyone else. You may find that you stay so preoccupied with school and club activities that you

unconsciously neglect the people about you.

If you do discover that you've been acting "stuck up," now is the time to change. You've already taken the first step toward improving your personality when you admit that it needs improvement. The next step is to put a smile on your face and to show an interest in everyone you meet. Don't just stick with the same group of friends every minute of every day; get to know others in the school; become acquainted with some from other towns. You may find that you've really been missing many rewarding friendships by being such a snob.

Student Council Elections Held

Last week the halls of C. H. S. were lined with brilliantly colored posters screaming "Vote for..." Campaign managers pushed out large signs for their candidates. The exciting campaigns were climaxed Wednesday morning with speeches, skits, and musical performances. Then the ballots were cast and the 1964-65 CHS Student Council officers were elected. They are as follows: president, Ken Ferguson; vice president, Steve Krulicke; secretary, Hollis Halbert, and treasurer, Larry Taylor. Others who ran for office were president, Gary Taylor and Mike Gambie; vice president, Deon Todd; secretary, Lee Looney, Lanette Lemons and Joy Travasek; and treasurer, Lea Jo Cates and Kay Looney.

The new officers and this year's president, Carolyn Heckman, will attend the Student Council convention in Houston during the month of March. The Crowell Student Council has been chosen from 400 student councils throughout the state to lead one of the discussion groups at the T. A. S. C. convention.

Senior Librarians Receive Pins

In honor of the senior librarians, Mrs. E. C. King, library sponsor, had a Coke party for the club members in her home on

Tuesday, Feb. 11. At this time, the 1964 library pins were presented to senior members who had served as librarians for at least two years. The library pin, made of sterling silver, is in the form of a row of books with the word "Librarian" underneath. Attached to each is a quartet bearing the office held by the member. Ronni Sue Olliphant served as president; Terry Thomas as secretary; Nelda Chappell as treasurer. Another senior, Elizabeth Pittillo, was not eligible to receive a pin as she has served only one year, but as an expression of appreciation, she was presented a box of Valentine candy.

Mrs. King served Cokes and delicious cookies and candy.

Track Boys Begin Training

Couch Amorette states that at the present time eleven boys have come out for track. Soon they will be entering practices competition with neighboring schools to enable them to be better fit to meet Interscholastic League competition at Wichita Falls on April 11.

Boys in training are Paul Campbell, Ricky Travasek, Dan Mike Bird, Steve Krulicke, F. F. Lambert, Randy Atkins, Mike Gambie, Ronny Clifton, Mike Payne, Ricky Stevenson and Jesse Brown.

Seniors Take ACT

Sixteen seniors went to Wichita Falls on Saturday, Feb. 14, to take the American College Test, a requirement for entrance into numerous colleges and universities.

Those who took the test were the following: Terry Thomas, Ronni Olliphant, Jo Wynn Ekern, Patricia Cates, Arcina Garrett, Beverly Gray, Ruth Sanders, Mike Shrader, John Carl Borchardt, James Corlier, James Neeley, Dennis Garrett, John Schilling, Bobby Bond, Kenny Owensby and Kenneth Campbell.

Senior Personalities

The senior personalities this week are Woody Frank Lemons and Larry Henry.

Woody Frank is the son of Mr. and Mrs. W. W. Lemons. He is seventeen years of age, is 5' 10" tall, and has hazel eyes and black hair.

His favorites are as follows: subject, Algebra II; actor, Jack Lemmon; actress, Susan Hayward; singer, Ray Charles; sport, golf; color, green; food, steak; pastime, pool. He dislikes most a smart-alec. Woody has been one of the most active seniors of C. H. S. He has been a member of the stage band, basketball team, F.F.A., annual staff, Wildcat staff, tennis team, Spanish Club, and Charlie Brown Combo. During his four years of high school, Woody has been elected as class officer, class favorite, friendliest boy, and "guy."

Woody believes that his parents have been his greatest influences. After graduating, he plans to attend Texas Tech University in Lubbock, Texas.

The seventeen-year-old James Larry Henry is the son of Mr. and Mrs. Jim Henry.

Larry is an active member and officer of F. F. A. He is also a member of the Student Council and a former captain of the football team. He endeavors to participate in all school affairs and does an excellent job in all he attempts.

Larry's favorites are the subject, V. A.; the color, red; the food, steak; the actor, John Wayne; the actress, Shirley Temple; the sport, football; and the pastime, hunting. His most difficult subject is English. Larry states that he dislikes most the person who does not tell the truth.

Larry is rather uncertain as to whether he will enroll in college or get a job when he has completed high school.

Grade School Teachers Take Math Course

Seven grammar school teachers—Mrs. Justin, Raspberry, Sloan, Solis, Smith, Thomas and Wall—have been attending math classes held in Vernon on Wednesdays at 2 p. m. The twelve-week course, "Discovery in Elementary School Math," is sponsored by Mr. Wirtz, one of the publishers. The purpose of the school is to give a service training course for modern math which will be presented next year in our grammar school.

Variety, Abundance Mark March Food

Abundance in wide variety is evident in the food picture for March, reports the Texas Agricultural Extension Service.

Featured on the March list of plentiful foods, as compiled by USDA's Agricultural Marketing Service, are eggs, peanuts and peanut products.

Also expected to be plentiful—that is, in supply that exceeds normal needs—are beef, rice, broiler-fryers, potatoes, canned corn, canned ripe olives, apples and dry beans.

"Many of these are produced extensively in Texas," the Service explains.

Spring egg production is beginning to peak and March supplies may be above those of a year earlier, with prices lower. Traditionally, March is Egg Month.

Peanut growers and handlers have designated the first week of March as National Peanut Week, in recognition of the abundance of peanuts, peanut butter and

other peanut foods.

Heavy production of beef, pork and broilers provides a wide meat choice for family meals. The abundance is reflected in relatively low prices. Low-cost and nutritious menus also receive a boost by the unusually large stocks of rice, potatoes and dry beans.

Supplies of canned corn remain in excess of normal needs. Apples in storage on Jan. 1 were nearly 5 million bushels more than a year earlier. And you can count on a record supply of canned ripe olives to provide that extra touch to ordinary meals.

Quail Kill on Wildlife Areas Satisfactory, Says Wildlife Dept.

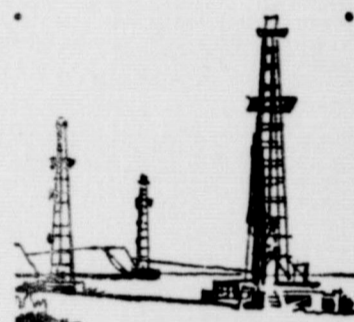

Public quail hunts on Panhandle wildlife management areas of the Parks and Wildlife Department have been completed with satisfactory results despite wide differences in daily bags, reports J. Weldon Watson, executive director for the Department.

On the 6,000-acre Gene Howe Management Area near Canadian, 29 quail hunters harvested 203 quail during three week end hunts for a seven-bird-per-hunter average. On the 28,000-acre Matador Wildlife Area near Paducah, 431 hunters harvested 955 quail for an average bag of two birds per man.

Although bag limits were lower on the Matador Wildlife Area than on the Gene Howe Area, Houston Green, wildlife biologist on the Matador, said in view of past season records and the adverse hunting conditions this year, the season has not been bad. "We still have plenty of quail on the area. One pair of hunters on the next to last day of hunting killed their limits and reported seeing many covies," stated Green.

It Could Happen to Anyone

"In California, a determined driver was apprehended as he gunned his small foreign car down a runway at the Los Angeles airport in a valiant effort to keep up with a jet airliner which was taking off. The motorist was on his way home from a party and mistook the runway for a freeway. It could happen to anyone." —Warrensburg, Mo., Star-Journal.

Screwworm Program Marks 2nd Birthday

The screwworm eradication program has just completed its second full year of operation on a highly successful note, and even more favorable results are expected in the year ahead.

Only one screwworm infestation has been reported in the five-state eradication area since January 1.

The massive eradication project, which involves the release of millions of sexually-sterile flies that disrupt the insect's reproductive capability, was begun on Feb. 14, 1962.

Since then, more than eight billion screwworm flies, reared in a huge plant near Mission and sterilized through exposure to an atomic energy source, have been released by airplanes in screwworm-infested areas of the Southwest. This technique, along with preventive measures used by farmers and ranchers, has reduced screwworm incidence by more than 99 per cent, entomologists say.

With the decrease in infestations in the United States, eradication workers are turning their attention to activities along the border between the U. S. and Mexico. A large portion of the sterile flies will be dispersed in a strip along the border extending from the Gulf of Mexico to a point below the state of Arizona. This barrier is to prevent fertile screwworm flies from migrating out of Mexico and reinfesting the Southwest.

Although screwworm infestations have become a rare occurrence in Texas, eradication workers insist that it is still important for livestock producers to be alert for screwworms in their livestock. Until the barrier has been completely established and thoroughly tested, the possibility will exist that a fertile screwworm fly could migrate into the Southwest from Mexico, they say.

were not sufficiently interested.

This is always a serious condition in the light of the fact that "God hath spoken," and that disobedience to His Word will be judged (Heb. 1:1, 2; 2:1-3). Yet, alas, this is the condition of the professing Church today. The great majority of religious people are not sufficiently interested in what God has said to engage in diligent, prayerful study and, like those of Paul's day, still have to be taught "the first principles" of the Bible. They have remained babes, spiritually, unable to digest anything but "milk," and so remain "unskillful in the Word of righteousness" (Heb. 5:12-14).

What has brought this condition about? Is it because our Bibles are being burned and the Church persecuted for reading it? Is it because God is unwilling to lead us further into His truth? Most assuredly not. It is because so many men of God in high places no longer have the single passion to know God's Word and to make it known. They could be as greatly used of God in teaching the Scriptures as their predecessors were, but they are "slothful of hearing" and hence have little of value to teach.

And this is reflected in the religious masses. They "love" their Bibles, but not enough to study them for themselves and become workmen whom God can approve.

Let us not be numbered among these. Rather, let our one great passion be to gain a clear understanding of God's Word, rightly divided—for His sake, for our own sake and for the sake of our fellow men.

May Be Somewhat of a Hollow Victory

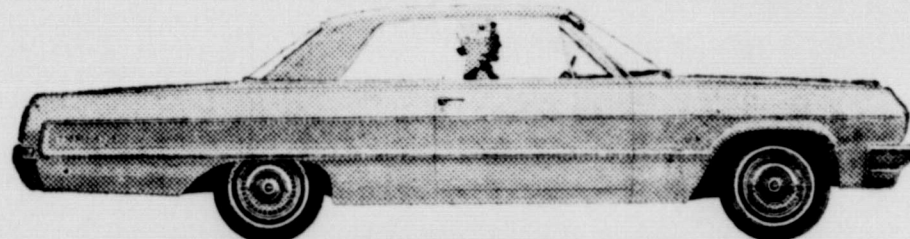

"Congress may not have fattened the law books much in its last session, but it did chop billions of dollars from spending requests—to the tune of about \$139 per family . . . But one of the biggest of the Congressional triumphs for economy may turn out to be a somewhat hollow victory. True, only . . . \$3 was appropriated for foreign aid, instead of the \$4.5 billion requested. But foreign aid officials are cheerful, because they now report they have \$670 million on hand, appropriated in earlier years, and available to be spent, lent, given away or wasted in the usual fashion."—Quakertown, Pa., Free Press.

Two Minutes With the Bible

Are You Listening?

The Apostle Paul had much that he yearned to teach the believers at Judea—wonderful truths that would have thrilled them—but they were "hard to be uttered," or difficult to explain to them, since they were "dull of hearing." The word "dull" in Heb. 6:12 really means "slothful" or "disinterested." They were not merely hard of hearing, as we say, but were too lazy, too indifferent, spiritually, to pay attention. They

News items below were taken from the Thursday, Feb. 22, 1934, issue of The Foard County News:

The cash drawer at the M. N. Keener Service Station was robbed of small change to the amount of about \$5.00 Wednesday about 11 o'clock.

Featured by the accurate goal shooting of Faye Ingle, the Margaret senior girls won the championship of Foard County in senior girls basketball with a 31 to 5 victory over Thalia at the Crowell gymnasium Friday night.

A total of 492 contracts, involving 12,150 acres, were signed by Foard County farmers in connection with the government's 1934-35 cotton program.

A hog-calling contest for men and husband-calling contest for women are two of the contests that will take place in Crowell on Trades Day Monday.

The Crowell P. T. A. will sponsor a vanishing "42" party beginning Friday at the home of Mrs. Oscar Roman.

Sidney Collins of Vernon, former resident of Crowell and son of Mrs. T. L. Collins of Crowell, was married to Miss Marie Ramsey of Vernon Sunday afternoon at the Methodist parsonage with Rev. J. H. Hamblen, pastor of the First Methodist Church of Vernon, performing the ceremony.

Mrs. W. H. Moyer was hostess to the Freshman Class at her home Tuesday evening, Feb. 13, with a Valentine party.

The sophomore class had an entertainment at the home of Mrs. Clyde McKown Wednesday night of last week.

Mrs. T. S. Patton left for Dallas Saturday to visit her daughters, Ella and Frances, who are nurses in Baylor Hospital.

Claude McLaughlin of Crowell was in the Black community Friday and Monday setting up radios.

Sim V. Gamble happened to the misfortune of getting a toe broken Wednesday when a mule stepped on it.

The public is invited to a free massed band concert of Paducah, Margaret and Crowell bands Sunday afternoon in the district court room in Crowell.

Five hundred Chinese elm trees have been donated to the Foard County highway beautification program by the Maxon Nursery of Vernon, according to Curtis Ribble, maintenance foreman for the State Highway Department in Foard and Knox Counties.

The 1934 crop season will mean the beginning of a better system of credit for many farmers who are preparing to finance the year's farming by means of shorter loans through the production credit associations which are being organized under the Farm Credit Administration throughout this state.

Foard County's annual meat show will be held in Crowell Friday and Saturday.

The CHS Wildcats defeated the Margaret High School, the county class B champions, in two straight games to win the official championship of Foard County.

Tax Man Sam Sez

The worst mistakes that taxpayers make in filing their tax returns are (1) failing to attach forms W-2; (2) failing to put their social security number on the tax return; (3) not writing plainly; and (4) mistakes in arithmetic.

Look your tax return over and correct the errors before you send it to Internal Revenue, instead of after Internal Revenue writes you about it.

Card of Thanks

Our deepest appreciation and heart-felt thanks to each of our many neighbors and friends for every visit, food assistance and every deed of kindness during the three weeks my brother, Roy Self, was ill in my home. May God bless each of you.

Mrs. Maggie Capps.
