Trinity's Lakes Are Playgrounds for Millions of Texans

Helping the Mighty Mississippi fill the Gulf of Mexico is the Trinity River, which dumps a Texas-size portion of 5 million acre-feet of water per year into the bay above Galveston.

L. A. Wilke, information specialist at the Game and Fish Commission, describes the river; its past, and the area it benefits in an article in the May issue of Texas Game and Fish.

The backwaters of the Trinity are headed up by a series of dams around Dallas and Fort Worth which "provides a playground of approximately half of the more than 8 million population of Texas," Wilke explains. These dams also contain source of water for the two cities besides affording flood protection for lands along the river.

Although the Trinity River Association has failed in attempts to develop the river for navigation, the 455 mile body of water has remained a favorite source of fishing, both from small boats and from its banks.

Wilke concludes the article with a list of lakes in the Trinity watershed including a run-down of the hunting and fishing facilities provided at each lake and on the river itself.

Mr. and Mrs. Royce Hall of Hedley are visiting Mr. and Mrs. Duane Naylor and family this week.

Theresa DeFor of Vernon spent several days with Mrs. Maggie Capps last week.

Recent visitors in the Sim V. Gamble home were Mr. and Mrs. Howard Gamble and family of Houston, Mr. and Mrs. Leonard Haseloff and children of Vernon and Mr. and Mrs. J. D. Orr of Graham.

Mrs. J. T. Martin of Vernon visited Mrs. E. H. Roberts Friday afternoon.

Mr. and Mrs. Ray Downing and Connie of Lubbock visited Mr. and Mrs. T. R. Cates Sr. Thursday and Friday. They were en route home after visiting in Abilene. Ronnie Downing, who spent last week here, returned home with them.

Among Those Who Know the Candidates Best

It's **JOE GREENHILL** by more than **3 to 1** FOR THE TEXAS SUPREME COURT

A statewide poll of the legal profession, conducted by the State Bar of Texas, shows the vote to be:

JOE GREENHILL	5,844 votes
His Opponent	1,727

This is the overwhelming verdict of members of the candidates' own profession after carefully weighing their qualifications and experience, studying their record and considering their judicial temperament and personal integrity.

The lawyers of Texas have thus joined farmers, ranchers, merchants, laborers, businessmen and other professional people in supporting the candidacy of Judge **JOE GREENHILL** because all of them want to keep a fair, honest and sincere judge on the Texas Supreme Court.

Birth certificates are not always necessary when applying for old-age insurance benefits, Erton F. Tate, district manager of the Wichita Falls social security office, pointed out this week. Tate said that this is a common misconception among those who apply for old-age benefits. Although birth certificates are not necessary, some proof of age may be required. Some of the more commonly used proofs are old family records such as a family Bible, old insurance policies, voters records, and

marriage records. To be used as evidence, these documents must show the claimant's date of birth or age; they must be authentic and they should be reasonably old. Since the Bureau of Old-Age and Survivors Insurance has certain rules and regulations it must follow in considering whether evidence is sufficient to prove the applicant's age, the document should be taken to the local social security office for personal inspection at the time a claim is filed. If you are planning to apply for old-age benefits in the near future, it would be better to look above rather than to concentrate on getting a delayed birth certificate. Actually, in many cases, Tate said, such a record is preferable to a delayed birth certificate, especially if the certificate is of recent date.

In the News... 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, June 22, 1928:

The house of Bill Russell was struck by lightning Tuesday evening during a storm and was completely destroyed by fire.

Last week the News gave the rainfall for the year up to the 14th of June as 9.91 inches. Since that time it has been increased by 3 inches, bringing the total for the year up to 12.91 inches.

The wheat crop, of course, is very light in this county, estimated from 4 to 10 bushels per acre. Farmers who think it will pay to go over their land with a combine are starting this week.

The death of M. E. B. Jones occurred at the home of his son, M. H. Jones, near Thalia Saturday night.

New officers for the Senior Epworth League are: Eva Todd, president; Chas. Ashford, vice president; Ella Patton, secretary; Edward Huffman, treasurer; Emma King, Supt. Devotional; Rachel Stewart, Supt. Social Service; Frances Clark, Supt. Missionary Dept.; Carrie Maurice Allen, Era agent; Lennis Woods, reporter.

Mrs. H. K. Edwards and two children visited her parents in Clearendon the latter part of last week.

Mrs. L. A. Beverly and son, Fred Allen, visited relatives in Wichita Falls last week.

Jim Allee Hart of Rockwood has been here for several weeks visiting his grandmother, Mrs. J. M. Allee, and other relatives.

W. R. Womack and daughter, Miss Bertha, returned Wednesday from Dallas.

Mrs. G. C. Walker and Mrs. E. S. Haggard of Dallas have been visiting their sister, Mrs. S. S. Bell, and family.

Mr. and Mrs. C. E. Hutchison and daughter, Reid, arrived here last Saturday from Covina, Calif., to visit her father, J. W. Beverly, and other relatives and friends.

C. E. Flowers and family made a visit to Blair, Okla., Sunday and saw the great damage done by the recent tornado that struck that town. Several people were killed.

Joe Couch has sold his home in Crowell to M. S. Henry and will move to Levelland to enter the real estate and insurance business.

Mr. and Mrs. M. O'Connell and daughter, Elizabeth, returned last week from a two weeks visit in South Texas.

Inspiration for the Bloomer Girls was Mrs. Amelia Jenks Bloomer, 19th century advocate of abolition, temperance and women's rights.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin—First drought, then floods and now grasshoppers have come to plague disaster-weary Texas farmers.

After touring the affected area in the Panhandle, Gov. Price Daniel called it the worst grasshopper infestation in 20 years. Unless checked, he said, the hoppers could destroy much of the crops and pasturage in 26 counties.

County, state and federal agencies worked with landowners to get crews to spray hatching grounds along roadways. State Agriculture Department, Highway Department, National Guard and Defense and Disaster Relief Office are cooperating in the battle. Aim is to try to kill the insects before they leave the hatching grounds and start chewing their way into crops for which farmers had high hopes this year.

Another threat is fund shortage. At a cost of some \$3,000 a day for spraying crews, Texas Agriculture Department's emergency funds dwindled fast.

Governor Daniel expressed hope that some federal assistance might be obtained.

COX APPEAL DENIED—Ex-Rep. James E. Cox of Conroe has lost another round in his fight against a two-year prison sentence.

Court of Criminal Appeals, by a 2-1 decision, upheld the trial court conviction on charges of consenting to accept a bribe. Cox's attorneys have one more recourse left—filing a motion for a re-hearing. Since the appeals court recesses June 28, this could not be considered until it reconvenes next October.

Cox's troubles rocked the state last Spring, during the 1957 legislative session. They began when Howard Harmon of San Antonio, one-time head of the Texas Naturapaths, made public a tape recording of a hotel room conversation with Cox. Harmon and state's attorneys contended that the conversation reflected an effort by Cox to shake down Harmon in return for killing an anti-naturapath bill which Cox had introduced in the legislature.

JUDGE'S OPPONENT OUT—One election contest has already been settled, some six weeks before Election Day.

Texas Supreme Court ruled Dist. Judge Graham Purcell of Wichita Falls not eligible to run for the Court of Criminal Appeals against Judge K. K. Woodley. Reason: Judge Purcell has had only nine years experience as a lawyer and judge.

An 1891 amendment to the Constitution requires that Criminal Appeals Court judges have the same qualifications as Supreme Court judges. At that time the requirement for the high court was seven years experience. In 1945 the Constitution was amended to require 10 years experience for Supreme Court judges.

Despite the time lapse, the effect of the two amendments is to require 10 years experience for Criminal Appeals judges, according to the ruling in the Woodley-Purcell case.

Result is that Woodley will be unopposed in the primary and win automatic renomination for another six-year term.

LINE-JUMPING THREAT—Another Supreme Court ruling on an election dispute poses an election day dilemma for Dallas voters.

It held that Grover Cantrell, Dallas labor official and self-styled "Stevedore Republican," is entitled to oppose Cong. Bruce Alger on the GOP primary ballot.

Cantrell's candidacy is interpreted as a move to inconvenience Dallas conservative voters. Election results for 1956 indicate a good percentage of "Big D" voters threw their strength behind conservative Democrats at precinct conventions and primaries, but supported Republican nominees for national offices in the general election. Presumably, unless conservatives are on hand to vote, Cantrell's friends might scratch GOP-favorite Alger in his own primary.

But it's a two-edged sword that applies equally to Dallas liberals. If they go to the Republican primary to help Cantrell, they can't vote for liberal Democratic contenders for state office nor fight conservatives for Democratic precinct control.

LIKE A JURY?—Defending the State Board of Health's closed door meetings, Comm. Henry H. Holle said: "The Board is like a jury. You get the verdict, but you can't get in on their comments."

State Health Board has authority to allocate federal funds under the Hill-Burton Act to match local funds for hospital building. Its policy has been to announce names of hospitals approved to receive funds, but not those rejected or why.

Newspapers had been openly critical of the Board for barring the press from its meetings. Holle said minutes of Board meetings were available to the public after formal approval at the next meeting—three months later.

MORE MONEY FOR LAND—Texas Veterans Land Board made its third \$12,500,000 sale of bonds to finance land purchases by veterans.

This brings to \$37,500,000 the bonds sold since last December. Land Office spokesmen say it gives the program enough money to carry it until August, 1959. A total of \$200,000,000 in bond issues was authorized by voters in a recent constitutional amendment.

For a time the program was at a standstill because the Board was unable to find bond buyers who would accept the 3 per cent or less in interest which the state is allowed under the constitution to pay.

About Your HEALTH

A weekly public service feature from HENRY A. HOLLE, M. D., Commissioner of Health

The advent of penicillin and other so-called "wonder drugs" has revolutionized modern medical practices. These new drugs—called "antibiotics"—have caught the public's fancy, and have given physicians powerful weapons in their conquest against disease.

But into this symphony of praise has crept a sour note. Cases of incorrect dosage and self-prescription are becoming common, raising the danger of serious reactions.

It is a waste of time to run for a shot of penicillin for an oncoming cold. The drug is ineffective against the viral diseases, including common colds, flu, measles, and mumps. Taking penicillin in lozenges or other forms for scratchy throats, for upset stomachs, or a variety of mild illnesses which would quickly run their courses anyway, is unwise unless prescribed by a physician.

A common pattern of self-prescription goes like this: The doctor prescribes an antibiotic for a sick patient. Some of the pills are left over after the patient gets well. Several weeks later, the patient again feels bad and—on his own initiative—takes the left-over pills.

There are at least five good reasons why drugs should not be taken without prescription.

1. When improperly used, they may prevent or retard action of body's natural immunity. This sometimes happens because drugs work on germs while the natural defense mechanism remains inactive.

2. Germs vary in strength and ability to cause disease. Stronger ones may become resistant to drugs just as some insects have become resistant to DDT. They multiply and produce new generations also capable of resisting antibiotics. Recent outbreaks of infection in hospitals are proof of this.

3. Some diseases call for massive doses of drugs for prolonged periods. Taking small quantities on your own initiative might mean germs you are trying to kill may actually flourish.

4. Some people are allergic to drugs. One person in 25 is allergic to penicillin, and one in ten may develop allergic reactions after repeated doses.

5. Self-administration of antibiotics can often mask a really serious illness by obscuring symptoms, thus making an accurate diagnosis difficult or impossible.

Increasing use of wonder drugs has shown up their limitations. A most appropriate rule of thumb to follow in the use of any drug is never to take them without a physician's recommendation.

WEST SIDE H. D. CLUB

"Adjusting and cleaning your sewing machine" was a very interesting demonstration given by Mrs. Henry Ross, when the West Side Home Demonstration Club met in the home of Mrs. Baylor Weathered June 17. Mrs. Ross stated, "to clean one's machine use kerosene, put into small holes on machine. Then take a knitting needle or ice pick and with a cloth clean out the holes. Pour in a little more kerosene. Then let the machine run for a few seconds, clean again in same manner. Put lubricant into the motor."

Mrs. Baylor Weathered brought the opening exercise. Minutes were read and approved. Business discussed with the club in full cooperation of the blood bank.

Refreshments were served to 9 members and one visitor, Mrs. Bessie Luscombe of Anna.

GIVE FIREMEN RIGHT OF WAY

"When you hear the fire trucks coming—pull off the road—give them the right of way—and give the firemen every possible advantage in their always dangerous assignment. . . Don't make their job that much harder by your desire for excitement or lack of consideration for the life and limbs of others. It may be your property they are trying to save."

The Government's View of Farm and Ranch

majority of Farm and Ranch editors who answered a survey in that magazine which were quite surprised to find that the majority of the readers of Farm and Ranch think they're voting for the majority wants to know what its readers think about these national issues? Here is how its readers answered:

72.2 per cent thought cooperatives should be taxed, nationally and locally, on same basis as corporations.
63.2 per cent thought postal rates should be raised (including rates on magazines) to enable the Post Office Dept. to break even.
73.1 per cent thought government should not guarantee support prices at 90 to 100 per cent of parity, and control production of major crops.
87.5 per cent thought farming should return to a free supply-and-demand system, as soon as possible, with minimum government control.

85 per cent thought public utilities should be developed and operated by private companies instead of by the government.
80.9 per cent thought states should run their own schools without interference from federal government, and federal aid to schools should be stopped.
77.6 per cent thought integration in schools should be prevented by any legal means.
75.3 per cent thought federal aid to states means extravagance, high taxes, waste and federal control. It should be stopped.
55 per cent thought Secretary Benson is doing a good job as Secretary of Agriculture.

by Vern Sanford

It's catfishing time in Texas. The real meat fishermen now are showing up to have their picnics made with full-grown catfish. I've seen several of them taken from trot lines and throw lines, the past week, on Lake Travis.

Catfish can be taken any time of the year. However, July and August seem to be the months when most of the big ones are hooked. Perhaps the principal reason is that other fish are less likely to be caught during the two hot summer months and fishermen just naturally turn to the catfish.

Some bass and crappie are caught, but generally they seem to have their tummies full and seek out some good cool spot to spend the day. I don't mean that many are not caught. However, the number decreases as the temperature rises. Whether it is the fault of the fish or the fisherman, I wouldn't say. But I do know that there are fishermen who catch them any time of the year, hot or cold.

Generally speaking, catfishing isn't as much work as bass fishing. Catfish can be caught in most any manner. Frequently one will hit on a plug. They'll take minnows, cut bait, dough bait, even Ivory soap.

They'll come to a baited hole and will be enticed by almost any kind of scent bait. A sack of fermented shorts or corn chops, or a gunny sack filled with uncooked bones dropped into the water alongside an old tree usually is a good magnet to attract catfish.

Many pole fishermen come up

with some dandies by baiting a hole and then sitting quietly in their boats and waiting for the catfish to move in.

However, the old time favorite way of taking catfish is by trot line. Usually such a line is extended between two points, perhaps a couple hundred feet apart, down a creek or across one, or across a channel where catfish are likely to be foraging.

The line can be anchored to a stake, tree, stump or weighted down with glass bottles for buoys.

Most often one end of the line is tied to something solid. The other end has a heavy weight, with a guy line from the weight to a tightly closed bottle which floats on top of the water to designate the end of the line or the location. They also help keep the line off the bottom.

Some catfishermen like for their lines to be on the bottom; others like to have their lines barely under the water. In any event when they are in the open they should be deep enough that they won't be cut apart by outboards moving over the area. It's a good way for you to lose a line, and also for an outboard to get its prop badly tangled.

Hooks can vary in size. Most fishermen usually use a 5/0 to 7/0 Eagle Claw. A great deal will depend on the area in which you are fishing. If the fish are small, then a smaller hook is best. Some fishermen use 4/0 but these are very light for large fish.

The hooks are attached to the trot line via a sturgeon with a short line of about 50 pound test. This sturgeon or drop should be from a foot to 18 inches long. It can be tied directly to the trot line, or there are fasteners available which make the operation a little easier. Experienced trot line fishermen have a good reel for holding their lines. They can play these out from the boat very easily without getting tangled. Sometimes if the wind is a little high or the water swift, a line has to be put into the water hurriedly before the boat loses position.

Although many trot lines are set out and run by one man, it really is a two-man job. A friend of ours boated a husky yellow cat (34 inches long) the other morning . . . single handed. And he almost lost it. Although the hook was caught well, the fight to land him was so hard and so long that when the cat was pulled over the side of the boat it fell off the hook. Fortunately for my friend the fish stayed in the boat.

When running a trot line it is best to have everything possible cleaned out of your boat. Everything except your life preservers and a tub in the center of the boat. The catfish can then be dumped into this tub. Some fishermen are now using plastic garbage containers for this purpose.

Best advice we can possibly give is that you be careful. There are two distinct hazards in catfishing. One is that in playing out your trot line and baiting it in a hurry you can easily get a hook caught in your hand. There is considerable tension on a trot line. If you are not careful when you release it after baiting or removing a fish, it will jerk a hook into your

INSURANCE OF ALL KINDS

Hughston Insurance Agency

Phone 138

thumb. Brother, you've had it when this happens. If the hook goes in over the barb, then cut the hook off the line immediately. If you can work the barb through the flesh with pliers, cutting off the shank, that's fine. The better plan, however, is to get to the family doc as quickly as you can. He can remove the hook and give you an anti-tet shot — which is a safeguard. He'll also flatten out your wallet a little, which will teach you to be more careful next time.

The other danger is from the catfish itself. This gentleman has a sharp spine on its pectoral fin and another on its dorsal fin. These fins can do you more harm than a knife blade. A flopping catfish can stick you with this spine and cause very serious injury.

They are extremely dangerous. And if you are fished badly, we repeat—see your doctor as soon as you can. You may save an arm or a leg.

I watched a smart fisherman recently. When he caught a catfish he took hold of it with a pair of tongs. He also had a pair of cutting snips and before he put that catfish down he had cut off its spines. It took him an extra minute, but it was also a safeguard.

Catfish can be handled by a good pair of pliers or fish gripper in the mouth. A pair of tongs, similar to those used to handle hot bottles containing the baby formula, will do.

Texas has several varieties of good catfish. One of the best is the channel cat that attains a maximum weight of about 25 pounds. This fish is produced by the Game and Fish Commission hatcheries and placed in lakes, streams and stock tanks. It is a nocturnal feeder, which makes night time the best to fish for them.

Then there is the Blue Cat. Some of these have been checked in at 150 pounds. Generally a 25 pounder, however, is a good one.

Among others are the flatheads; the yellow bullhead, also known as the Pollywog; the black bullhead; the brown bullhead and the widemouth catfish. There are also

several other varieties not too frequently found.

If you want accurate information on all these fish, so you can readily identify them, you should get a copy of the bulletin prepared by Will Brown, assistant director of inland fisheries of the Game & Fish Commission in Austin. A two-penny postal card addressed to the Game & Fish Commission, Walton Bldg., Austin, Texas, will bring it to you.

DECRIES WOMEN'S FASHIONS

Jack Mabley of the Chicago Daily News looks at current female fashions: "I think the fashion operators in Paris and Italy are playing an enormous joke on women. They have deliberately set out to design the most unflattering, ungraceful, bulky and idiotically draped dresses they can dream up." The sack dresses, he adds, "are fine for expectant mothers and shoplifters," but no one else.

JET-AGE FOR COMMERCIAL AIRCRAFT TO BEGIN SOON

The jet-age for commercial aircraft will begin this coming winter. On a November day, a Pan American Boeing 707 will take off from New York's Idlewild Airport bound for Europe.

Traffic Safety Reminder Given for July 4th Week End

The Texas Department of Public Safety issued a reminder to Texas motorists this week that the gaily celebrated Fourth of July normally carries with it a tragic thing called highway death. In doing so the DPS predicted 28 motorcides will occur in this forthcoming three-day holiday.

The department's Operation Deathwatch covering all forms of violent deaths will be held from 12:01 a. m. July 4 through 11:59 p. m. July 6. This includes the full July 4th week end.

In making the announcement, Col. Homer Garrison Jr., director of the Texas Department of Public Safety, said that an intense effort will be made throughout the state by enforcement officers under his command to make our highways safe for Fourth of July drivers.

"We will make every available effort to remove the dangerous driver from our highways. Patrolmen in three of this department's law enforcement services—Highway Patrol, License and Weight and Motor Vehicle Inspection—will use every available enforcement aid to apprehend the accident-prone driver.

"These Patrolmen would appreciate your help during this high accident period. We ask that you drive safely; don't drive too fast or too long, and follow our traffic laws to the letter. Your help in driving correctly and safely will be the best deterrent to traffic accidents."

The prediction of 28 motorcides for the three-day period came from N. K. Woerner, DPS statistician, who originated the idea of estimating the state's holiday death toll in 1940.

The veteran statistician, who very closely predicts holiday mo-

H. D. COUNCIL MEETS

torcides, said the all time high toll for a three-day July 4th was in 1954 when 33 persons were killed in 26 fatal accidents. Twenty-eight were killed in a similar three-day period in 1953, and 29 died during the three-day July 4th holiday of 1952.

The Operation Deathwatch to be held by the DPS includes a count of all violent deaths in Texas during the predicted period. No estimate was made of homicides, suicides and accidental non-traffic deaths. The predicted 28 covers only those killed in traffic accidents.

Garrison urged Texans to do their celebrating in a sensible manner. Deaths, he said, caused by drownings, food poisoning and accidental shootings will not occur if precautionary measures are taken in advance of the tragedies.

During the one-day July 4th holiday during 1957, eight accidental deaths occurred, two homicides and suicides were recorded, and 15 persons became traffic fatalities.

Miss Carolyn Monkres Becomes Bride of Ted Kyle of Quanah in Nuptials at Crowell Methodist Church Friday Night

The Methodist Church of Crowell was the scene of the Friday evening wedding uniting Miss Carolyn Sue Monkres and Johnny Ted Kyle in marriage.

The bride is the daughter of Mr. and Mrs. H. E. Monkres of 409 North A Street of Crowell. The groom's parents are Mr. and Mrs. H. D. Kyle, 1024 Merced Street in Quanah.

Rev. Carl Hudson, pastor of the church, was the officiant for the 8 o'clock double ring ceremony.

Traditional music was furnished by Miss Shirley Fox, pianist, and Noel Wilkins, organist. The organist accompanied Miss Jo Ann Fox as she sang "Always" and closed the rites with "The Wedding Prayer" as the couple knelt in prayer.

The nuptial space, centered with a white satin covered kneeling bench beneath an archway, covered with greenery atop with large white wedding bells. Sunburst arrangements of white gladioli and white tapers of candelabras enhanced the nuptial space. The chancel rail background and windows were arrayed with candle light and greenery.

A touch of family sentiment was added to the bridal attire for something old was a silk handkerchief which was carried by the bride's grandmother in her wedding over fifty years ago.

When given in marriage by her father, the bride wore a gown of white lace and net over white satin. The fitted bodice of lace was designed with long sleeves which tapered to a point at the wrists. A bateau neckline was embroidered with seed pearls and iridescent sequins. The skirt of chantly lace drifted over clouds of satin and tapered into a chapel-length train. She carried a white orchid atop a white lace-covered Bible. Her crown encrusted with seed pearls and iridescent sequins held her formal-length veil of antique illusion.

Mrs. Billy John Rader of Wichita Falls served as matron of honor. Miss Nita Monkres of Houston was maid of honor. Misses Jana Black, Sue Bursay, Elizabeth Davis, all of Crowell, were bridesmaids and Jan Autry of Pampa served as flower girl. Miss Vickie Autry and Miss Marie Ingie of Pampa acted as train bearers.

The attendants were attired in rainbow colors of crystalline over matching taffeta. The full skirts were accented at the waist-line with a cummerbund and large fashion puffed sleeves with bateau neckline and scooped low in back.

Miss Clara Faske and Don Smith Wed at Zion Lutheran Church Saturday

Saturday evening at 7 o'clock Miss Clara Helen Faske of Austin, daughter of Mr. and Mrs. Henry A. Faske of Crowell, became the bride of Donald Wayne Smith of Paducah, son of Mr. and Mrs. L. B. Smith of Crowell.

The double ring ceremony was read by Rev. E. R. Rathgeber, pastor, in the Zion Lutheran Church of Lockett before a setting of greenery, white gladioli and candelabra, and an arch en-

twined with greenery. They wore matching clip hats and carried nosegays of matching carnations in a spray of white carnations with streamers of love knots. They also wore matching satin pumps.

Serving as candlelighters were Misses Gayle Taylor, Peggy Cates, Roxie Adkins and Bettie Lynda Knox.

Wayne Haynes of Chillicothe attended the groom as best man. Groomsmen were Eugene Monkres, Crowell; Billy Cummings, Kenneth McNabb and James Logan of Quanah. Ushers were Keith Hodo, Terry Don Richardson, Doug Rork of Quanah and Don Haynes of Chillicothe.

The reception was held in the fellowship room of the church. The refreshment table was covered with a cloth of white satin centered with crystal candelabras, embraced with a small floral arrangement of rainbow colors and tall white tapers entwined with white cherubs. The white three-tiered wedding cake of pink and green provided additional interest to the table.

Assisting with serving duties were Mrs. Leroy Clark of Vernon, Mrs. Jack Monkres of Houston, Mrs. Kit Autry of Pampa. Mrs. Ray Hysinger presided at the musical bride's book.

For her wedding trip the bride was attired in white polished cotton sheath dress embroidered in yellow daisies, with which she wore white accessories and a corsage of white orchids with yellow throat and stephanotis.

After returning from their wedding trip to Quartz Mountain Lodge in Oklahoma, the couple will make their home in Quanah where he is employed with the Greenbelt Motor Company.

The bride is a 1958 graduate of Crowell High School, where she was class favorite, cheerleader for four years, one of the most beautiful girls for four consecutive years, and received several awards in the field of dramatics.

The groom is a 1956 graduate of Quanah High School, attended Midwestern University, and is a member of the Quanah Roping Club.

Mr. and Mrs. Ray Hysinger, aunt and uncle of the bride, were hosts for a rehearsal patio dinner Thursday evening.

A brunch was given Wednesday morning honoring the bride and her attendants in the home of Mrs. Foster Davis. Other hostesses were Mrs. Percy Taylor and Mrs. Houston Adkins.

Nuptial music was provided by Miss Martha Rose Rathgeber, organist, and Mrs. Freddie Guggisberg, soloist.

Henry A. Faske Sr., father of the bride, gave her in marriage. Her bridal gown was fashioned with moulded Empire lace bodice, which also formed the brief sleeves, and was sprinkled lavishly with sequins and seed pearls. The full flowing skirt of illusion over satin was enhanced with lace applique. She wore elbow-length mitts of lace. Her fingertip veil of illusion was caught to a head-dress of pearlized orange blossoms and illusion. She carried white gladioli atop a white Bible. Maid of honor for her sister was Miss Anna Marie Faske of Austin. Bridesmaids were also sisters of the bride, Misses Margaret Ann Faske and Evelyn Rose Faske of Crowell. Their dresses were fashioned of blue chiffon with full skirts and moulded bodices with a drape across the shoulders. Their veils were attached to headpieces matching their dresses. Bouquets were of pale pink carnations.

Best man for the groom was Harvey Smith of Crowell. Ushers were Wesley Burks of Dallas, Henry A. Faske Jr. of Crowell, and Edwin H. Bergt of Vernon. Following the ceremony the reception was held in Parish Hall with Miss Betty Mutscher of Brenham securing signatures of guests upon their arrival.

After a short wedding trip, the couple will make their home at 2215 Leon Street in Austin. The bride is a graduate of Crowell High School. She attended Midwestern University, Wichita Falls, where she was a member of Phi Theta Kappa and Eta Epsilon. She is now a student at the University of Texas, Austin, where she is a member of Gamma Delta. She is at the present time a dietician at Brackenridge Hospital in Austin.

The groom is also a Crowell High School graduate and attended Midwestern University, where he was affiliated with the Block and Bridle Club. He has been employed on the Triangle Ranch near Paducah.

Granddaughter of Mrs. L. D. Fox Is Married Saturday

Miss Mary Glenda Hairston, daughter of Mr. and Mrs. Dennis Hairston of Wichita Falls and granddaughter of Mrs. L. D. Fox of Crowell, became the bride of Joe Henry Ledford Saturday evening in the First Baptist Church in Wichita Falls.

The groom is the son of Mrs. Henry P. Ledford and the late

Dr. Ledford of Wichita Falls.

Presented in marriage by her father, the bride was gowned in candlelight ivory silk taffeta fashioned with a molded bodice, wide decollete neckline outlined in alencon lace and brief sleeves complemented by long lace gloves. The bouffant princess paneled skirt, adorned with garlands of alencon lace roses, swept into a court train. Her veil of ivory French silk illusion cascaded in tiers from a circlet of embroidered organdy accented by organdy

petals and a full face veil. Mrs. Kenneth Myers, sister of the bride, was matron of honor. The bride's parents were hosts for the reception held at the Woman's Forum.

Among the out of town guests present for the wedding included Mr. and Mrs. Loyd D. Fox and Mr. and Mrs. Cecil Carpenter of Thalia, and Mrs. L. D. Fox and Mrs. Roy D. Fox of Crowell.
