We Goofed!

You remember the Grimlins who during World War II got the blame for everything that went wrong with Air Force planes? Well, we've got no one else but the Grimlins to blame for a mistake which appeared in the News last week.

We carried a write-up of the wedding of Miss Patricia Ann Todd to Jack Flinn Wishon. The only thing wrong was that in the headline above the article, we said Miss Todd married Mike Wishon, Jack's brother.

BILL BLAKLEY

Texans like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves.

William A. Blakley is such a man. Of his race for U. S. Senate, the *Port Arthur News* says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest..."

A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas.

THIS IS THE RECORD!

The present District Judge, now drawing \$12,000.00 per year, asks re-election on the basis of his need for a pension of \$6,000.00 per year for life and on the basis of "his record." This is that record:

Since 1922, he has been a candidate for office at every election except three. He has been in public office or trying to get in for over 36 years. Prior to being appointed District Judge he was defeated one time for sheriff of Foard County, one time for the State Legislature from Wilbarger and Wichita County, four times for District Attorney, and one time for the Court of Criminal Appeals at Austin. Since being appointed District Judge by Governor Shivers, and while serving as such, he has run twice for the Court of Criminal Appeals in Austin and has been decisively defeated twice for that office. When he has had time between recesses for the Court of Criminal Appeals at Austin, he has tried some cases. His rulings in these cases have been reviewed by the Court of Civil Appeals TWENTY-FIVE times and in almost ONE-THIRD of these cases, the Court of Civil Appeals has not only REVERSED his ruling, but has RENDERED judgment for the party appealing, which is the most humiliating thing that can happen to a trial judge!

Vote for a Full-Time District Judge!

VOTE FOR TOM DAVIS!

(A political advertisement written and paid for by friends of Tom Davis)

TO THE PEOPLE OF FOARD CO.

You have been a great and wonderful people to me. You have given me your support, influence and cooperation on many occasions. I come again asking you to elect me your County Judge.

I assure each of you that I have at all times done my very best for the people, and pledge you that if I am elected that I will again give you this same kind of service.

I sincerely believe that our democracy is best served and preserved by changing the heads of our county, state and nation every ten to twelve years. Therefore, if you believe that a change in the county judge's place after 18 years would be best for all of us, I will sincerely appreciate your going to the polls Saturday and voting for me for your County Judge's place for the next four years.

I feel quite sure that my experience and acquaintance that I acquired while serving you in the State Legislature for six years, will help me to render you the best service that I ever have given.

My Motto: Experience enough for the job, Humble enough to be your servant, Grateful enough to know and appreciate you at all times.

VOTE FOR JESSE OWENS FOR DISTRICT JUDGE

QUALIFICATIONS

- Four Years County Judge.
- Four Years District Attorney.
- Three Years Assistant Attorney General of Texas.
- More than 20 Years Trial Lawyer.
- Almost Nine Years District Judge.

JUDGE JESSE OWENS ON THE BENCH

Judge Owens is recognized as one of the outstanding jurists by the people throughout the State as well as by his brethren on the bench and members of the State Bar Association.

He has tried cases that received nationwide publicity and has the reputation of being a fair and fearless Judge. Editorials have been written in metropolitan newspapers recognizing him as such.

Lawyers from all parts of Texas find that in a trial when a ruling on a legal point is called for, Judge Owens without delay and without fear or favor WILL rule. Because of his experience,

knowledge of law and his wisdom, the Higher Courts have nearly always sustained his rulings.

Jurors enjoy serving on the court when he is presiding. They find him to be kind, accommodating, sympathetic and willing to temper justice with mercy.

A recent newspaper ad said that Judge Owens has been dissatisfied with his office. He has never been dissatisfied with the District Judge's Office. There are two good reasons why he ran for the Court of Criminal Appeals: 1 At the time he ran, the salary of District Judge was \$9 000.00 per year and the salary

of the Judges of the Court of Criminal Appeals was \$16,000.00. 2. The lawyers recognized Judge Owens' ability and felt that he was needed on that Court and his local bar unanimously indorsed and supported his campaign.

Since the District Judge's salary has been raised, we can assure you that Judge Owens has no intention of retiring or seeking another office so long as the people want him to serve as District Judge. He is only sixty-two years of age and no doubt will be able to serve you for many years.

Is his opponent dissatisfied

with the office he now holds? Or is he just attempting to better himself by seeking an office that pays a better salary?

Judge Owens and his wife are members of the First Baptist Church of Vernon. They have two married sons, Lewis and Ned, and seven grandchildren. Lewis teaches school at Levelland, Texas. Ned lives in Vernon, is a farmer and works for soil conservation. The Judge is in good health and no doubt will continue to be a good judge for several years. We hope that you will vote to RE-ELECT him on July 26th for another term.

To the People of Foard County:

I have never made any promise to the people of Foard County except that I would at all times direct my every effort toward rendering to the people of the County the very best administration possible commensurate with the principles of democracy, truth, decency and honesty. Sound thinking individuals could not nor would not attempt to elicit any other promise from a public officer. Such a policy, necessarily, makes mandatory that the best interest of the people at large be observed rather than the will of a whimsical few.

Smear tactics, back-biting or lies have never formed a part or portion of my campaign for office and never shall. The vast majority of the people of the County, at one time or another, have had occasion to consult and counsel with me, and most of you will recall from experience that I have never been too busy to see you or to discuss your problems large and small; neither can it be truthfully said that I have been, at any time, too busy to attend to the business of the County. In like manner, in my relationship with the Commissioners' Court, while I have, on all occasions, been present and ready to lend my advice and counsel, yet I have never sought to impose my individual will upon the members of the Court. In this connection, it should be remembered that I do not vote in the Commissioners' Court except in the case of a tie vote in the Court. I plead guilty to the count of being somewhat opinionated; as a result thereof, throughout the years, I have encouraged and fostered a spirit of economy in all phases of county government to the end that your tax burden might not become too onerous to bear; yet, although fostering and encouraging a spirit of economy in government, progress has not been overlooked as witness the many improvements in our county of which we can be justly proud.

My life has been an open book before you for all to read, and while it has not been immune to the slams and slurs commonly directed toward all public officers, yet has it emerged triumphant against such viciousness for truth is a penetrating sword; likewise, in office, the financial structure has been preserved, your money accounted for in all phases and secrecy has not played any part therein; you have always been welcome in my office to discuss any phase of the business of the county and you always will during my administration. Words cannot be formulated to express my deep and sincere appreciation to you, the people of Foard County, for the confidence that you have reposed in me throughout the years, and should you see fit to re-elect me as your County Judge, I reiterate the only promise that I have ever made to the people of Foard County—I shall, at all times, direct every effort toward rendering to the people of the County the very best administration possible commensurate with the principles of fairness, truth, decency and honesty.

Sincerely,
Leslie Thomas.

To the People of Foard County:

I have heard a lot lately about a long term of office as a county official and that it was a sure way to destroy democracy. Sixty and eighty years ago it was an honor to hold a public office for a long time and it did not kill democracy then. I had a grandfather, Albram Gordon, who was County Judge of Montague County, Texas, for twenty-five years. He died while serving as county judge. I had a cousin, Annie Tompkins, who was County Treasurer of Montague County, Texas, for twenty-two years. She resigned to care for a sick sister. I had an uncle, W. C. Hudson, who was Sheriff of Van Buren County, Arkansas, for eighteen years. He resigned to avoid hanging three men who were to be hanged the day he resigned. I consider a long term in public office an honor bestowed by the people upon the person holding office, as an evidence they have served the people well. The longer they serve the more experienced they become which makes them better qualified to do their work more efficiently. When these relatives of mine held office from eighteen to twenty-five years it did not destroy democracy, and there was not any confusion. All confusion that I know anything about is caused by a few on the outside and not the office holder. Good citizens do not cause confusion but do all they can to cooperate that we might have a better community in which to live. Confusion tears down and does not build up any place or any thing. People should investigate and find out the facts, then stand by those who are trying to serve to the best interest of the people and this would stop a lot of the confusion and untruthful things that are told. This is my personal feelings and I want to pass it on to the people of Foard County. I want to be a good citizen and I am for the long term office holder one hundred per cent, as they would not be in office if they had not made a good public servant.
 Signed: John D. Gordon, Crowell, Texas.

THINK

Mr. and Mrs. Voter of Foard County: Are you satisfied with a third of our population going out of town for medical treatment? **THINK!**
A person holding the same office for the last eighteen years? **THINK!**
This same person not being a married man with children, can he understand the hardships that most of us have for while he stayed home and reaped the grapes. **THINK!**
Business that has left and still leaving such as our railroad section gang, telephone office girls, and not one thing do to halt this. **THINK!**
Unfairness in County trades relations. Look at the warrent in the county clerk's office and see if you as a taxpayer are receiving your fair share of county business. **THINK!**
The court house grass is green now, but how many years have passed that it was not green. **THINK!**

Home Demonstration Notes
 MRS. MARY D. BROWN

Mr. Burkett and I both want to join the 4-H Club members in thanking all of the leaders who helped to make this year's 4-H Rally Day such a success. We are particularly grateful to all those who furnished cars and pickups and those of you who worked so tirelessly in the kitchen during the day. We also appreciate all the help given by Jack Seale, the West Texas Utilities Company and McClain's Super Market. Without the help and encouragement of all of you, we would not be able to hold a 4-H Rally Day at all.

Card of Thanks
 We wish to express our sincere thanks to those who helped in any way during the illness and passing of our mother. The food, flowers and comforting words will always be remembered. We especially thank Mrs. R. S. Haskew, Dr. Kralicke and the entire hospital staff for their loving care. May God bless each of you.

The present District Judge seems to think that just because we voted for the Judicial Retirement amendment to the Constitution that we are now morally bound to re-elect him so he can draw \$6,000.00 per year which is more than 98 per cent of us get for working eight to ten hours per day all year long. We didn't intend to vote for any such thing! The Constitutional Amendment which we voted on read as follows:

"The Legislature shall provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts on account of length of service, age, or disability, and for their re-assignment to active duty where and when needed."
 After the Amendment was adopted, the Legislature influenced by the powerful Judges' and lawyers' lobby, passed the law providing the retirement to be one-half of the salary at the time of retirement and then RAISED the salary to \$12,000.00 per year. We never had a chance to vote on that and, to date, this law has cost us \$695,696.74 according to the State Auditor, C. H. Cavness.

To the People of Foard County:

It has come to my attention that rumors have been circulated over the district that I am not supporting Tom Davis for District Judge. THIS IS NOT TRUE.

Tom Davis has my wholehearted support, not only because he is my brother, but because he is a Christian gentleman, a loyal Democrat, and is fully qualified by age, training and experience to serve the district as District Judge.

Circumstances over which I have no control have restrained my active participation in this campaign; however, I will consider it a personal favor if you people will support and vote for my brother, Tom Davis, for District Judge.
