Season Schedule

This year's schedule is as follows: September 6, Seymour, here; September 13, Memphis, there; September 20, Quannah, here; September 27, Matador, here; October 4, Iowa Park, here; October 11, Holliday, there; October 18, Chillicothe, there; October 25, Archer City, here; November 1, open; November 8, Paducah, open; and November 15, Munday, here.

Foard County Farm Bureau Sponsoring Safety Contest

Tractor operators in Foard County are urged by Glenn Jones, president of the Foard County Farm Bureau, to participate in a state-wide "Safest Tractor Operator" contest.

The contest is being sponsored by the Texas Farm and Ranch Safety Council and the Texas Farm Bureau. Its purpose is to make more operators of farm tractors more safety-conscious.

The person selected as state winner will receive a cash award as well as a plaque. Judging will be based on answers to a questionnaire on operation of a tractor. Questionnaire entry blanks may be picked up at the Foard County Farm Bureau office. Deadline for entering is September 22.

A special committee will judge entries and select a county winner who will receive a meritorious certificate. Winners will be selected for each of the 13 Farm Bureau districts. Each district winner will receive a plaque.

The state winner will be announced at the Texas Farm Bureau convention November 17-20 in Dallas, and will be presented with both a plaque and a cash award.

Grandson of Mrs. T. L. Ward Dies at Chillicothe

S. L. Ward, 27, grandson of Mrs. T. L. Ward of Thalia, and son of Mr. and Mrs. T. L. Ward Jr. of Chillicothe, died Wednesday afternoon, August 21, at the home of his parents near Chillicothe following an illness of several years.

Funeral services were held Thursday at 4 p. m. from the Church of Christ in Chillicothe, T. G. McCord of Vernon officiating.

Burial was in the Wildberger Memorial Park in Vernon under the direction of Ward Funeral Home of Chillicothe.

School to Open Monday Morning; Faculty Meeting Set for Saturday

The entire faculty of Crowell Public Schools will have a meeting Saturday morning at nine o'clock to make final plans for the opening of school on Monday morning, September 2.

Crowell will have 28 teachers in the white school this year. This is one less than the year before. This was caused by a falling off of the average daily attendance.

Supt. Grady Graves reported. Most of this loss was due to less enrollment in the lower grades. However, the percentage of attendance was better than usual. This year's enrollment, as indicated by the records at the close of school last spring is as follows: First grade, 50; second grade, 47; third grade, 47; fourth grade, 40; fifth grade, 47; eighth grade, 42; ninth grade, 47; sixth grade, 53; seventh grade, 50; tenth grade, 46; eleventh grade, 45; and twelfth grade, 40.

Former Resident Buried Here Last Sunday Afternoon

Mrs. Belle Bulkeley died in California last Wednesday.

Funeral services for Mrs. Belle Bulkeley, 98, former Foard County pioneer resident, were held at the Crowell Methodist Church Sunday afternoon, August 25, at 3 o'clock conducted by the pastor, Rev. C. T. Aly, pastor of the First Baptist Church.

Special music for the services was a duet sung by Mrs. W. A. Dunn and Mrs. Bob Thomas with Mrs. Paul Shirley as accompanist.

Mrs. Bulkeley died at the home of her son, William Bulkeley, in Red Bluff, Calif., following many years of declining health.

Pall bearers were Oscar Gentry, Gordon Cooper, Grover Cole, Decker Magee, Curtis Ribble and H. E. Thomson. Named to assist with the flowers were Mrs. Sam Mills, Mrs. Oscar Gentry, Mrs. Clyde Cobb, Mrs. Ector Solis, Mrs. Gordon Cooper, Mrs. Grover Cole and Mrs. E. G. Boman.

Isabella America Davis was born July 10, 1859, at Paris, Tex., daughter of Mr. and Mrs. John L. Davis. She was married to Horatio Bulkeley in Cooke County in 1880.

Eight children were born to this union, five of whom survive.

She came to Foard County with her husband and children in 1899 and they settled on a farm in the Black community. Mr. Bulkeley died in 1916 and in 1919 Mrs. Bulkeley moved to Los Angeles, Calif., where she spent the major portion of her time in the home of her daughter, Miss Mildred Bulkeley.

Mrs. Bulkeley was converted at an early age and united with the Methodist Church. She remained a consecrated and faithful member the remainder of her life.

The father of Mrs. Bulkeley, John L. Davis, was a member of the posse of Texas Rangers, led by Captain L. S. "Sul" Ross, who recaptured Cynthia Ann Parker from the Comanche Indians on Dec. 18, 1860, at the mouth of Mule Creek, nine miles northeast of Crowell.

Surviving are five children: Salmon Bulkeley of Santa Fe, N. M.; Miss Mildred Bulkeley of Los Angeles, Mrs. C. W. Norrid of Matador, William Bulkeley of Red Bluff, Calif., and Joe Bulkeley of Portland, Ore.; one sister, Mrs. G. M. Bush of Vernon; one brother, Fred L. Davis of St. Louis, Mo.; thirteen grandchildren, twenty-four great grandchildren, and one great grandchild, and a number of nieces and nephews.

Out-of-town relatives and friends attending the funeral were: S. L. Bulkeley of Santa Fe, N. M.; Miss Mildred Bulkeley of Los Angeles, Calif.; Mrs. C. W. Norrid of Matador, Mr. and Mrs. Henry Norrid and children, Gail, Carroll and Olin, of Amarillo, Mrs. Faires Wade of Corpus Christi, Bill Norrid of Houston, Mr. and Mrs. Glen Grissom and daughters, Glenda and Mavis, of Crane, Mrs. Pearl Wright of Sweetwater, Mr. and Mrs. Herbert Bulkeley of Wichita Falls, Dan Cusenberry and daughter-in-law of Graham, Mrs. John Shirley of Roanoke Springs, Mrs. Minnie Koberson of Quitaque and Mrs. E. G. Boman of Five-in-One.

DOWN TOWN BIBLE CLASS

H. E. Thomson served as teacher for the Down Town Bible Class last Sunday morning in the absence of the regular teacher, Rescie Womack.

The new president, Dick Todd, presided. There were thirty present, including three visitors.

ATTEND GRADUATION OF SON

Rev. and Mrs. C. T. Aly and daughter, Jo Helen, attended graduation exercises of Howard Payne College in Brownwood last Friday night at which their son and daughter, Carroll T. Aly Jr., received his Bachelor of Music degree.

Baker Descendants to Start 23rd Annual Reunion Saturday

Descendants of Henry Baker will gather at the Wesley Park near Margaret this coming week end for the 23rd annual reunion of relatives and friends of the many families represented in this annual affair.

The reunion is always held on Labor Day week end and visitors will be present from various places in Texas and Oklahoma. Other states will probably be represented.

Morning worship services will be held Sunday morning at which time all babies will be baptized.

Eldridges Injured in Car Accident

Rev. and Mrs. John E. Eldridge of Valdosta, Ga., former Vernon residents, were injured August 8 in a one-car mishap near Oklahoma City.

Rev. Eldridge is a retired Methodist minister. Before his retirement he was treasurer of the Methodist Pension Fund and lived in Vernon for several years. One of his first appointments as a Methodist minister was pastor of the Margaret and Thalia Methodist Churches.

The Eldridges were returning to their home after attending the wedding of a niece, Barbara Strickland, in Abilene at which Rev. Eldridge officiated.

Rev. Eldridge said he failed to see a barricade for road construction in time to avoid hitting it.

The couple was taken to an Oklahoma City hospital. Dr. Franklin E. Eldridge, son of the injured couple, flew from Valdosta, Ga., when he heard of the accident and returned his parents by ambulance plane to his hospital there.

Mrs. Eldridge received cuts and bruises and her husband is still in serious condition. He will be in a cast from the waist down for some time, it was reported.

Foard County Farmers Eligible for New Plan

Foard County was named last week as one of 221 counties in the 10 Great Plains states as eligible to receive assistance under the Great Plains conservation program authorized by Congress last year in carrying out conservation plans.

Congress this year appropriated \$10 million for the first year's operation.

Secretary of Agriculture Benson said the program will aid farmers and ranchers in carrying out conservation measures through long-term, cost-sharing contracts that will help to minimize climatic hazards.

Oil Activity on Increase As Two New Wildcats Are Currently Being Drilled

Drilling activity is now active in Foard County as two wildcat tests are now being drilled. In addition to the drilling activity in the Rasberry field.

Deeper of the two Foard County wildcats was staked by Borden-Huntley of Vernon, two miles southeast of Margaret. It is the No. 3 Mary Shields, et al, 990 feet from north and 1,350 feet from west lines of section 352, block A, H&TC survey, a 4,000-foot test.

Slotted to 3,600 feet four miles south of Crowell is McMahon-Bullington Drilling Company of Wichita Falls, No. 1 H. C. Brown, 3,715.2 feet from north and 2,388.4 feet from west lines of George Armstrong survey.

Roy D. Fox Died Suddenly Last Saturday Evening

Funeral Services Held at Baptist Church Monday

Funeral services for Roy D. Fox, 57, prominent farmer and stockman in this community for many years, were held at the First Baptist Church Monday afternoon at 3 o'clock conducted by the pastor, Rev. C. T. Aly, assisted by Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church.

Mr. Fox died suddenly Saturday afternoon about 8 o'clock while out driving with his wife. Mrs. Fox was driving the car.

Special music for the services was a duet rendered by Mrs. W. F. Statter and Mrs. Homer Zeilbig with Mrs. W. W. Lemons as accompanist.

Pall bearers were Bill Gafford, Moody Bursey, Dick Todd, John Cogdell, Jim Gafford, Foster Davis, Charles Merriman and Goodloe Meason. Named as flower bearers were Mrs. Goodloe Meason, Mrs. Guy Todd, Mrs. Howard Williams, Mrs. Clark Hitt, Mrs. Glen Goodwin, Mrs. Cora Belle Whitley, Mrs. Ann Sandifer, Mrs. D. S. Ellis, Mrs. Henry Borchardt, Mrs. Gordon Cooper, Mrs. Marvin Myers, Mrs. T. S. Haney, Mrs. Harriett Griffith and Mrs. W. B. Fitzgerald.

Interment was in the Crowell Cemetery under the direction of Womack Funeral Home.

Roy D. Fox, son of Mrs. L. D. Fox of Crowell and her late husband, was born Dec. 6, 1899, in Wharton County. He came to this section with his parents in 1908, and at different times had been a resident of Foard, Cottle and Knox Counties. He operated grocery stores in Crowell and Paducah for a number of years, but for the past several years he had been engaged in farming and ranching in Knox and Foard Counties. He and his wife had lived in Crowell since 1947.

On August 15, 1926, he was married to Miss Maggie Patton of Crowell. He was converted and joined the First Baptist Church in Crowell on April 1, 1951, and had lived a consistent Christian life since that time. He was loved and highly respected by all who knew him.

Mr. Fox was interested and active in the support of civic affairs of the community. He was a faithful contributor to the Crowell Cemetery Association and took pride in the beautification of the local cemetery.

Proceeding him in death was his father, L. D. Fox, and two brothers, Herman E. and Albert A. Fox, and one sister, Mary Jane Carpenter.

Survivors include his wife; his mother, Mrs. L. D. Fox; one sister, Mrs. D. D. Hairston of Wichita Falls; three brothers, Loyd Fox of Thalia, Glen and Travis Fox of Wichita Falls; and a host of nieces and nephews, along with other relatives, and a host of friends.

Out-of-town relatives attending the funeral were: Mr. and Mrs. J. L. Farrar and Mr. and Mrs. Joe Farrar and family of Pampa; Mrs. Lewis Henderson and Gail of San Angelo; Ernest Patton of Victoria; Mr. and Mrs. Clifton Patton and family and Mrs. Hilton Davis of Hereford; Mr. and Mrs. A. B. Green and family of Brownfield, Mrs. Ernest Schroggins of Plainview, Mr. and Mrs. Virgil Patton of Wichita Falls, Mr. and Mrs. John Patton and Ray, Mr. and Mrs. Wayne Patton and Math Patton of Aberrathy, Mr. and Mrs. Benjie Cox, Mrs. W. T. Patton and Marvin Patton of Matador, Mrs. Herbert Garrett of Plainview.

Mr. and Mrs. D. D. Hairston and Glenda, Mr. and Mrs. Glenn W. Fox and family, Mr. and Mrs. Kenneth Myers, Mrs. Travis Fox, Gene Fox, all of Wichita Falls; Mrs. Rube Weaver of Duncan, Okla., Mrs. Jimmie Ryke of Dallas, Mrs. Louise Fox and David of Bryan, Mr. and Mrs. D. D. Chevington and sons of Cee Vee, Mr. and Mrs. Ernest Daniel and Nettie Lou of Vernon and Mrs. Jim Buckner of Okmulgee, Okla.

Crowell Golfers Enter Tournament

Henry Moss and Early Pruitt of Crowell won runner-up in the first flight in the 18-hole team-match tournament held at the Quannah Country Club Sunday. Each received a Westinghouse automatic fryer and cooker and three golf balls as prizes.

Other Crowell golfers participating in the tourney were Gordon Bell, T. S. Haney, Lorraine Carter, Ginger Johnson and Jimmy Stinebaugh.

Thalia School to Open Fall Term Monday, Sept. 2

The Thalia School will open Monday morning, Sept. 2, according to an announcement made this week by Mrs. Howard Bursey, principal. There will be no general assembly; however, parents are welcome to come with their children and observe this first day of work. There will be short periods the first day at which time books will be issued, classes will meet, and assignments made. The lunch room will not be open until Tuesday.

The school plant has been renovated for the opening of school. The roofs on both buildings have been repaired and all classrooms have been freshened with paint. The classroom floors have been cleaned and waxed, and hall floors have been varnished and waxed. Venetian blinds have had needed repairs as rest rooms have been re-decorated.

The P. T. A. will not meet the first day of school as has been the custom, but will meet at the regular meeting time which will be 2:45 o'clock the first Wednesday of the month, Sept. 4. Mrs. Alton Abston, president, will be in charge. Everyone is urged to be present.

ENGLISH CHANNEL WINNER

Greta Andersen, who calls both Denmark and Long Beach, Calif., her home won the annual swimming race across the English Channel. She beat every man in the race, scrambling ashore at Eastware Bay near Dover, in England, in an official time of 13 hours and 53 min.

NO NEED TO WORK
"With the free handouts growing year by year, millions of people see no need to work for a living when they can ride on the backs of the taxpayers who do work."—Oklahoma City, Okla., Beacon.

FLOYD DELLINGER
Texas Tech Quarterback

State Capitol NEWS

by VERN SANFORD
Texas Press Association

Austin, Tex.—New faces, new jobs enter the Capitol scene as laws passed in the last Legislative session go into effect.

A consolidated Texas Securities Board swung into action with a statement by newly-appointed Chairman Maurice Bullock of Fort Stockton that "all doubts (about securities issues) will be resolved in favor of the buying public."

Also appointed to the board by Gov. Price Daniel were Jay A. Phillips of Houston and Pete Rodes of Emory. An attorney, Bullock is former president of the State Bar of Texas. Phillips is a certified public accountant, former president of the Texas Society of CPAs and present chairman of the State Board of Public Accountancy. Rodes is president of the First National Bank in Emory.

Board members selected William King to be acting securities commissioner, a full-time, \$10,000-a-year job. He is a former assistant attorney general and had charge of securities in the secretary of state's office.

Approving or disapproving proposed issues of both general and insurance securities will constitute the prime duties of the new agency. Formerly, these functions were divided between the Insurance Department and Secretary of State's office. It also will supervise the licensing of securities dealers and salesmen.

Governor Daniel called the new law an "outstanding measure for protecting the public against fraud and swindling."

YOUTH COUNCIL—Frank M. Wilson of Waco will be chairman of the new Texas Youth Council.

Other members named by Daniel are Louis Henna of Round Rock and Robert Kneebone of Houston.

New agency replaces the old Youth Development Council. It will have charge of the three state correctional schools for young people and the Corsicana State Home, the Waco State Home, and the Blind, Deaf and Orphan School at Waco.

Wilson is a Waco attorney and instructor at Baylor University School of Law. Henna, a member of the old Youth Council, was one of the founders of the Baptist Children's Home in Round Rock. A banker, Kneebone has been active in youth work in Houston.

SCHOOL STUDY PANEL—Six legislators and two private citizens are early appointees to a new committee to study the growth problems of Texas public schools.

Named by Lt. Gov. Ben Ramsey were Sens. George Parkhouse of Dallas, A. M. Aikin Jr. of Paris and Floyd Bradshaw of Weatherford plus former Atty. Gen. John Ben Sheppard of Odessa and Laredo school superintendent J. W. Nixon.

House Speaker Waggoner Carr named Reps. Scott McDonald of Fort Worth, L. DeWitt Hale of Corpus Christi and Malcolm McGregor of El Paso.

Full committee will number 24. Ramsey and Carr were directed by the law to pick three legislators and three laymen. Governor Daniel and the State Board of Education are to pick six more each.

One proposal made during the session was to have the state build school buildings and lease them to districts. Numerous Texas officials have opposed federal aid for school building.

HOUSE COMMITTEES—A long list of groups has been set up by Speaker Carr to study basic state problems and report to the 56th Legislature. They include:

Legislative Budget Board—Reps. Max Smith of San Marcos, Frates M. Seeligion of San Antonio William S. Heatly of Paducah, J. T. Ellis Jr. of Weslaco.

Legislative Council—Reps. Robert Hughes of Dallas, Wesley Roberts of Lamesa, A. R. Schwartz of Galveston, Tony Koriath of Sherman, James M. Cotten of Weatherford, R. H. Cory of Victoria, Menton J. Murray of Har-

Calvert. These include such things as the equipment of railroads, pipelines, bus and truck lines. . . J. E. Connally of Abilene will head the October "Dollars for Democrats" drive, state party headquarters in Austin announced. Goal will be to get at least one dollar from each Democrat in the state. . . Texas Railroad Commission is considering the request of some 30 bus lines operating in Texas for a five per cent increase in fares. Two bus lines also have asked for a hike in commuter fares. A decision is not expected for several weeks. . . Most hens apparently took a mid-summer vacation. USDA reported Texas egg production down 9 per cent in July to 182 million eggs.

NO OPINION EXPRESSED
"An editor of a Pennsylvania newspaper complains that people have become so fearful, he finds it difficult to get an interview from them. He sampled around 2,000 individuals for expressions of opinion, and found but a few who were willing to talk. There was no trouble to get them to talk about the weather, about the amenities of life, but when it came to giving an opinion about national or international affairs, he found the great bulk loathe to say a word. . . The newspaperman thinks that something is radically wrong when people in a great democracy are too fearful to express an opinion." — Bay Springs, Miss., News.

Public Showing of Nike Missile to State Fair

The public showing of the new Nike Hercules anti-air missile will be during the State Fair of Texas at Dallas, Aug. 30-Sept. 1.

The missile is the latest air weapon which the Army has developed. It is faster and more accurate than any other such missile and can carry an atomic warhead.

Also to be exhibited at the Fair is the Nike Ajax, which the Hercules will supplement. A full crew of men will go through a realistic drill to demonstrate how the Ajax is loaded onto the rocket-launching apparatus, and how it is aimed and fired. The simulated firing demonstration will be accompanied by the sound of recordings of an actual blast-off.

The deadly Nike missile is designed to track down and destroy enemy aircraft. It blasts up higher than its prey and then swoops down on its target.

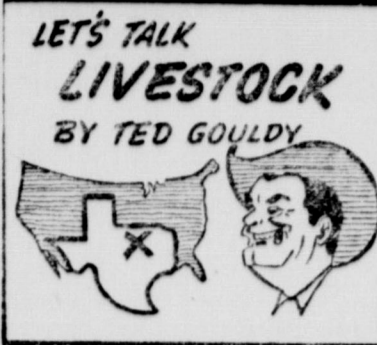

Red fuming nitric acid is the Nike's fuel, with a booster of solid propellant, something like gun powder that kicks the missile past the speed of sound in two seconds. To show how fast and high the Nike leaps, the booster cuts loose about two-and-a-half seconds after the blast-off, but does not hit the ground until after the missile has already made its kill.

The new Nike Hercules has been demonstrated before selected groups at Fort Bliss, but the Fair exhibit will be the first one open to the public.

Nike batteries are due to be installed in a wide protective loop around Dallas and Fort Worth to guard these cities against enemy attack. The installations will be in the general vicinity of Mineral Wells, Denton, Terrell and Alvarado, it has been announced. Nike installations are currently being used to protect a number of other areas in the United States.

Shaving was originally a protective measure since long beards were easy for opponents in combat to seize.

A trundle bed is one which rolls out from under a larger bed.

Movement of cattle and calves was slightly expanded in the opening session at Fort Worth Monday. Trade was uneven to some degree, as Northern markets came in with a lower tone, and this coupled with bearish cattle trade late last week made national packers and out-of-state order buyers cautious.

Most classes of cattle and calves drew fully steady to strong prices at Fort Worth Monday. Some slaughter bids on fed steers were unevenly lower, but most of the supply cleared into independent packer and shipper channels at firm prices.

Cows were very active, and most cows and bulls ruled steady, with some spots higher. Slaughter calves were steady. Stocker and feeder buyers with out-of-state connections were generally talking lower prices on the early rounds on the heels of the weakness in those parts of the country last week on replacements. However, the offering sold generally steady, with some of the higher grades fully steady to strong.

Good and choice slaughter steers and yearlings sold from \$29 to \$25 the higher figure for a load of 1,055 pound steers from H. W. Strickland of Jack County, providing the day's top on beef cattle. Common and medium sorts sold from \$14 to \$19.

Fat cows cashed at \$12.50 to \$15.50, and canners and cutters drew \$8.50 to \$13. Bulls sold from \$11 to \$15.50.

Good and choice slaughter calves cashed at \$19 to \$22.50, and common and medium offerings sold from \$14 to \$18.50. Culls brought \$10 to \$13.

Good and choice steer calves cashed at \$20 to \$24.50, and heifer calves ranged from \$22 down. Stocker steer yearlings ranged from \$21 down. Stocker cows cashed at \$10 to \$15.

Some of the buyers were willing to pay a premium for meat type hogs at Fort Worth Monday, with the result that the schedule of prices was inclined upwards on the meat types, that is:

Choice butchers ranged all the way from \$21.25 to \$22, which compared with a close last week of \$21.25 and \$21.50 on choice hogs. Medium to good butchers sold from \$18 to \$20. Sows at \$19 downward were no better than steady.

Figures made available by the USDA in Fort Worth Monday revealed that for last week the cut-out value of a U. S. No. 1 butcher hog (meat type, or bacon type, as you wish) was 89 cents per hundred above the U. S. No. 3 butcher hogs in the 200 to 220-pound weight brackets. The price was figured on carlot port prices at wholesale at Chicago.

With the "lean trim" now popular on pork in meat circles, this added value of the meat type hog over the "fat back" or "lard type" hogs, makes the controversy of present means of buying and selling hogs quite easy to understand.

Swine breeders who have those good meat type hogs want to get the premium price to which they are entitled, and the whole thing is creating quite a stir in market circles.

In the sheep division at Fort Worth, prices held fully steady. Good and choice shorn lambs cashed at \$20 to \$22. Cull to medium lambs sold from \$14 to \$20. Stocker and feeder lambs sold from

Gasoline Tax Refund Deadline Is September 1

You barely have time to make a last-minute rush to the Internal Revenue office for that gasoline tax refund!

The first day of September is the deadline for Texas farmers to apply for refunds on gasoline used for farming between July 1, 1956, and June 30, 1957. The rebate amounts to three cents per gallon on gas used in farming operations during that period.

The opportunity for a small return is also available on gasoline purchased during the first six months of 1956. The Dallas office of the Internal Revenue Service says that two cents will be repaid on each gallon used during that period.

Texas farmers are reminded, however, that only one refund claim per farm operator will be permitted. Each claimant is cautioned to make certain that his refund request includes all eligible fuel used.

Form 2240, for filing the 1957 tax refund claim, has been mailed to each farm and ranch operator who applied for the tax refund in 1956.

Farmers who desire to claim their refunds and have not received Form 2240 can probably obtain them from their county agent.

The procedure for filing is simple, but just to make it easier, a bulletin has been published explaining the methods. Publication 308, "Farmer's Gas Tax Refund," is available for those who request it.

The pamphlet also explains how the new federal excise law relieves farmers from federal excise taxes on diesel and special motor fuels.

But time's a wastin'! There are only a few days left!

Home Demonstration Notes

MRS. MARY D. BROWN

On Sept. 19, we will have a pre-upholstery meeting. At that time, we will ask all of those who are going to enroll in the upholstery workshop to come in. We will discuss types of fabric, meeting days and hours, and equipment and material you will need to upholster your chair. Remember, that this workshop will be open to all women in the county, not just club members, so keep this date in mind. Then in October, we will start the workshops.

Ginger Rasberry returned last Friday from her trip to New Mexico and Colorado. This trip was sponsored by the Producers Grain Corporation and the Texas Extension Service. She won the trip on the basis of her 4-H record. She said that she really did have a wonderful time and I'm sure she would join me in encouraging all 4-H members to keep better records.

Our recipe this week is: **Heavenly Peach Ice Cream**—2 medium peaches, diced; 1 cup frozen peaches, diced; 1 cup confectioners' sugar, 3 egg whites, stiffly beaten, one-half cup cream, whipped. Combine sugar and peaches. Fold in egg whites and cream, turn into ice cube tray and freeze. Yields 1 quart.

\$18 to \$18.75. Good to choice yearling wethers sold from \$17 to \$18.50. Old wethers sold from \$14.50 down. Slaughter ewes cashed at \$7.50 to \$8.50. Aged bucks cashed at \$5.50 to \$6.

Irrigation Still Expanding on High Plains Country

Almost a quarter of a million acres was added to the total acreage being irrigated in the High Plains area of Texas during the past year. Water to take care of the additional acreage and to permit a better job of irrigating existing lands came from an additional 5,653 wells.

These facts are revealed in the annual survey of irrigation on the High Plains recently released by D. W. Sherrill, irrigation agent for the Texas Agricultural Extension Service with headquarters in Lubbock. Sherrill's report covered irrigation activities in 42 counties.

Information in the survey was obtained from data supplied by the agricultural agents in the counties concerned, and points up the great importance of irrigation to the Plains' agricultural industry.

The report shows that 18,344 farms in the 42 counties are irrigated. The total acreage under irrigation now stands at 4,568,280 acres and the number of wells at 42,225. Hale county farmers are now irrigating 500,000 acres and lead the area in that respect. Lubbock and Hockley counties have the largest number of irrigated farms and number of wells. Seven counties in the area, Deaf Smith, Farmer, Castro, Swisher, Lamb, Hale and Lubbock, are listed as having in excess of 300,000 acres each under irrigation.

Natural gas is being used for fuel on 19,644 wells, butane on 16,226 and electricity on 5,840 wells. The lift on 12,307 wells was listed as under 125 feet and over 125 feet on 29,913 wells.

Sherrill reports that grain sorghums, cotton and wheat were the major crops irrigated last year with a combined acreage total of just over 4 million. Other crops irrigated included sudan, barley, corn, legumes, pastures, vegetables and other specialty crops.

Copies of the report may be obtained from Sherrill's office which is located in the Agricultural building on the Texas Tech campus at Lubbock.

No species of birds now living have teeth.

Game Magazine Describes Study of Scaled Quail

"A Study of Blues" is one of the interesting articles in the current issue of the Texas Game and Fish Magazine. It was written by O. C. Wallmo, who has spent three years in studying the scaled quail in the Trans-Pecos region.

Wallmo's study was done under direction of the Game and Fish Commission and the Texas A&M College. They were concentrated on a small area in central Brewster County on the Catto-Gage Ranch.

Six coveys of quail were followed in their daily living. It was found that their combined range covered an area about three miles square.

Field operations involved an analysis of the habitat. Periodic specimens of the food samples also were taken, to be compared with other known habitat.

Mating and nesting habits also were studied, according to the report. It was found that the average clutch size is 14 eggs and the incubation time is about three weeks.

"The young grow rapidly," the report says. "They are able to fly in four weeks. Downy chicks begin to molt into the mottled juvenile foliage when they are only three or four weeks of age. In about 22 weeks the juvenile growth and molt is completed and the young birds have reached their full growth of about seven ounces."

"Studies of six coveys on the main study area showed that each has a distinct and more or less exclusive range. These covey ranges were found to average slightly less than a mile in diameter and to have various shapes depending on the distribution of cover."

"There is a popular belief that the scaled quail migrate, or move considerable distances, when the range is unsuitable and move back again when it recovers. Although we have heard many 'eye witness' reports of such movements, no research data supports that contention."

Mr. Wallmo found that presence of water was no critical factor in the areas occupied by the birds. He cites that in the Big Bend area birds were found 3 to 7 miles from water.

"In the Catto-Gage study area we discovered that some coveys stayed away from water for several weeks at a time even in dry periods."

"Even though free water may not be entirely essential for the survival of the scaled quail, a substitute in the form of succulent vegetations may be necessary in its place."

Many other factors affecting scaled quail also were studied, including predation. Concluding his article Mr. Wallmo points to the necessity of food and cover in practical management.

"The eternal search for knowledge is the human attribute that explains our progress from cave to skyscraper," he says. "Just as in other sciences, progress in wildlife management depends on facts. The last word is never learned. Surveys of scaled quail range and populations are being continued by Game and Fish Commission biologists in the Trans-Pecos and Panhandle regions. As our hunting population grows, there is an increasing demand even on the game in the wide open West."

Veterans' Land Programs Bonds Still Go Unsold

Austin — A high bond market was still making it impossible last week to sell any part of the \$100,000,000 Veterans' Land Program bond issue approved by voters last November.

The net effect is that the only way most veterans can participate in the program now is to purchase forfeited land. The next sale of forfeited land is September 27.

"Until we can sell our bonds, our regular program has money to buy only about 200 tracts of land a year," Land Commissioner Earl Rudder, who is also chairman of the Veterans' Land Board, says.

There are about 21,000 Texas veterans on the V. L. P. waiting list.

The board cannot by the Constitution pay more than three percent interest on money obtained through the sale of bonds. Average interest rate on governmental bonds during the week ending August 14 was 3.54 per cent.

"While we're trying to get our bonds sold, we suggest that veterans avail themselves of the possibility of buying forfeited tracts," Commissioner Rudder says.

Fifty-one tracts of land will be offered in the Sept. 27th sale. Most of these tracts are located in central and southwest Texas. A few tracts are in northeast Texas counties. Texas veterans who desire information about the sale of forfeited land should write or call Commissioner Rudder at the General Land Office in Austin.

Boating Safety Again Urged

More and more Texans are taking to the water. Swimming, fishing and boating are among the most popular recreational activities. But with the increased participation in these activities has also come the chance for more accidents, warns Ed Cooper, extension wildlife specialist.

But Cooper points out that boating can be much safer if certain precautions are observed.

First, advises the specialist, never overload a boat with passengers. Always find out how many passengers the boat can safely carry. Wear shoes and clothing that can be easily removed in case the boat sinks or capsizes. Have a life preserver for each passenger in the boat, especially non-swimmers.

If a motor is to be used, make certain that it is the proper size or horsepower for your particular boat. Be as cautious when steering a boat as you would steering a car. Learn and obey the rules of the water such as speed limits, yielding right of way, forbidden zones, etc. And, continues Cooper, be certain you ask an informed person about hazards in the lake or stream such as location of swift

Rotary Club

One visitor was present at the Wednesday noon meeting of the Rotary Club, Rotarian Walker Todd, secretary of the Quannah Club.

Vice president Hubert Brown presided in the absence of the president, George Self.

The program, in charge of Grady Halbert, was an interesting and informative talk on the constitution and by-laws of the club given by Herbert Edwards.

Miss Janis Crowell, former pianist for the club, was present and served as pianist. She is a student

Boys' Land Programs Bonds Still Go Unsold

In The News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, August 26, 1927:

The first bale of cotton for the 1927 season came to Crowell Friday of last week from Thalia. It was produced by D. E. Anderson and was ginned by the Thalia Farmers Gin.

Charles Hathaway has just completed a new building for his dry goods store at Thalia and was moving in Monday.

Walker Todd and Miss Mary M. Bell were married at Childress Monday, August 15. Rev. W. M. Murrell, pastor of the Methodist Church in that city, performing the ceremony.

T. J. Wood, 71, died at his home in Thalia Friday morning, shortly after having returned from the sanitarium at Crowell, where he had submitted to two serious operations.

The entire community was disturbed, some as far away as a mile. Tuesday morning when there was another blowout of gas at the Fain-McGaha well on the Matthews farm north of Thalia. Drillers had been fishing for tools since August 14, and the gas blew them out and tore up a portion of shed about the derrick. Nobody was hurt.

John Matus, a farmer living in the Thalia country, is reported to have received \$14,000 in royalties from his land since oil activities started. Mr. Matus is spending a large portion of his profits in improving his farm, it is reported.

The Crowell Rebekah degree team invited to Vernon Friday night to put on degree work were Mrs. W. W. Griffith, Miss Kate White, Mrs. R. D. Oswalt, Mrs. E. W. Burrow, Miss Cora Carter, Miss Jewell Teague, E. W. Burrow, Mrs. J. T. King, Mrs. Clint White, Mrs. E. V. Halbert, Mrs. S. E. Tate, Mrs. A. F. Wright, Misses Maye King and Margaret Curtis and Mrs. Ella Rucker.

Miss Evelyn Jones is visiting her brother, Garnet Jones, and wife in Quannah this week.

Lella Ben Allee is in Chickasha, Okla., visiting her aunt, Mrs. W. B. Carter, and family.

Lee Foster and family of Spur were here part of last week visiting his mother, Mrs. M. E. Boren.

Ector Roberts and Pat Neff Roberts and small son of Denton passed through Crowell last Saturday en route to Rule.

Learn and obey the rules of the water such as speed limits, yielding right of way, forbidden zones, etc. And, continues Cooper, be certain you ask an informed person about hazards in the lake or stream such as location of swift

Boating Safety Again Urged

More and more Texans are taking to the water. Swimming, fishing and boating are among the most popular recreational activities. But with the increased participation in these activities has also come the chance for more accidents, warns Ed Cooper, extension wildlife specialist.

But Cooper points out that boating can be much safer if certain precautions are observed.

First, advises the specialist, never overload a boat with passengers. Always find out how many passengers the boat can safely carry. Wear shoes and clothing that can be easily removed in case the boat sinks or capsizes. Have a life preserver for each passenger in the boat, especially non-swimmers.

If a motor is to be used, make certain that it is the proper size or horsepower for your particular boat. Be as cautious when steering a boat as you would steering a car. Learn and obey the rules of the water such as speed limits, yielding right of way, forbidden zones, etc. And, continues Cooper, be certain you ask an informed person about hazards in the lake or stream such as location of swift

A&M Researchers Study Hatcheries

A state fish hatchery study now being made by a staff of the Texas A&M College for the Texas Game and Fish Commission, according to Marion Toole, director of Inland Fisheries.

The study will cover the parasites of fishes at the hatcheries. Already, work is under way at the San Marcos hatchery, initiated by

water, whirlpools, hidden obstructions, etc., before leaving shore.

Don't stand in a small boat unless necessary and be careful of your balance when doing so. Always have an extra paddle in the boat in case one paddle is broken or lost.

Research now is concentrating on the mortality of brood and ling stock of largemouth bass.

This is a contractual project on the part of the Game and Fish Commission. It makes available to the department the experts covering all phases of investigation under the direction of able men in the various hatcheries.

Wedding rings are placed on the third finger of the left hand because of an old Egyptian belief that a nerve ran from that to the heart.

Mr. and Mrs. Leon Speer have been vacationing in Ruidosa, N. M.

Jesse Whitfield of Fort Worth is here visiting his father, J. A. Whitfield, and other relatives.

Mr. and Mrs. Sam Crews and family of Midland are here visiting their parents, Mr. and Mrs. S. T. Crews.

Milton and Dan Callaway of Snyder were here Tuesday visiting their father, Claude Callaway, who has been ill in the hospital for several days.

Mrs. Joe Espy and daughter, Cindy, of Pecos were here last week visiting Mrs. Espy's mother, Mrs. J. K. Woods, and sister, Miss Lennis Woods.

A real bargain—500 sheets 16-lb., 8 1/2 x 11, typing paper, for only \$1.60, at the News office.

Mr. and Mrs. Charlie Rodgers of Henderson, Nevada, are here visiting Mrs. Rodgers' mother, Mrs. Laura Wallace, and other relatives and friends.

Mr. and Mrs. Lawrence Phillips of Ardmore, Okla., visited Saturday night and Sunday with his uncle, Guy Bounds, and Mrs. Bounds.

Mr. and Mrs. Walter Cates returned Tuesday from a ten-day trip to Missoula, Montana, where they visited Mr. Cates' brother, George Cates, and family.

Mr. and Mrs. Tom Callaway were week end visitors in the Dallas vicinity where they visited his sister, Mrs. Lula Palmer, and also Mrs. Callaway's children.

Mrs. A. L. Mauldin of Amarillo and Mr. and Mrs. G. T. Key of Rayland spent Wednesday of last week in Crowell visiting their sister, Mrs. J. L. Rennels.

Mrs. Laura Johnson is home again after seven weeks of visiting her children, A. W. Johnson at Esteline, J. V. Johnson of Loco, Okla., and Mrs. L. C. Wisdom at Hector, Ark.

Mr. and Mrs. Guy Bounds and children, Gail and Michael, of Boyes Hot Springs, Calif., visited from Monday through Wednesday with Mr. Bounds' uncle, Guy Bounds, and wife.

Mr. and Mrs. W. A. Ragsdale of Bowie passed through Crowell Tuesday morning on their return trip from a vacation spent in New Mexico. They were en route to Margaret to visit Mrs. Ragsdale's brother, Tom Smith, and family.

Rev. and Mrs. W. D. Brooks and son, Damon, were visitors in Crowell Monday night en route to Colorado and were entertained with a picnic by their old friends at the north pocket park. Rev. Brooks is a former pastor of the Assembly of God Church.

Mr. and Mrs. John White and family of Odessa spent the week end here with Mrs. White's mother, Mrs. G. M. Canup, and other relatives. Bobby White, who had been visiting here for three weeks, returned home with his parents.

New short term mail subscription rate for the Fort Worth Star-Telegram for four months, daily and Sunday, \$4.75, daily without Sunday, \$3.75. Give your subscription to the News.

Mr. and Mrs. Goodloe Meason and Frank Meason of Crowell and Mr. and Mrs. Que Meason of Childress visited Sunday in Graham with their granddaughter and niece, Mrs. Kenneth Ownbey, and son who are hospitalized there following an auto accident last week. They are reported to be improving.

Mr. and Mrs. Clyde Cobb and Mr. and Mrs. Bob Whitaker and daughter, Bobbie, of Chillicothe, have returned from a week's trip to the Davis Mountains, at Del Rio, Big Bend and into Mexico. They returned by way of Sweetwater where they visited Mrs. Cobb's sister, Mrs. Jimmy LaRue, and family.

Week end guests in the home of Mr. and Mrs. Bill Manning were her sister, Mrs. Carl Dykes and sons, Carl Edwin and Lance, and Miss Joan Sharp of Hindsville, Ga. Also here for the week end were Mrs. Manning's mother, Mrs. D. A. Alston, and daughter, Beatrice, and Junior Solomon of Abilene.

A baby son, Robert Bradley, was born to Mr. and Mrs. Robert Graves in a Stephenville hospital Sunday, Aug. 25. The Crowell grandparents are Mr. and Mrs. Grady Graves. They were in Stephenville Sunday afternoon on their return trip from Austin and baby and mother are getting along fine.

Mrs. E. A. Dunagan has returned home from a visit to Cullman, Ala., and Dallas where she attended the Dunagan reunion. Mrs. W. H. Dunagan returned to Crowell with Mrs. Dunagan and they have returned from a visit with Mr. and Mrs. Race Higgs in Springfield, Colo.

NOTICE! Our Sandwich Shop will be open again, Monday, Sept. 2nd. We appreciate the patronage you have given us. Now after a brief vacation, we invite you to come in and see us again. Thanks. Frank and Mary Moore. 7-1tp

CARD OF THANKS May we extend our heartfelt thanks to those of you who expressed your sympathy in so many thoughtful ways during our recent bereavement in the death of our mother and auntie, Mrs. Belle Bulkeley. The food and flowers were greatly appreciated. May God richly bless you. The Bulkeley Family and the Bruces.

CARD OF THANKS Our recent bereavement leaves us with grateful hearts toward our neighbors and friends. Your helpfulness and comforting expressions of sympathy will always be remembered. May God richly bless you all. Mrs. Roy D. Fox, and Family.

NOTICE I will start kindergarten classes at my home on Monday, Sept. 2, from 9 to 11:30 a. m. Mrs. Jack Turner, Ph. 34-M. 5-3tp

Rev. and Mrs. Vance Barker spent the week end visiting his parents, Mr. and Mrs. J. M. Barker, and Keaton. Vance filled the pulpit at the Assembly of God Church Sunday in the absence of the pastor, Bro. Kenneth Bingham, who is in a revival in Kansas.

Mr. and Mrs. J. D. Mahoney of Quanah and their daughter, Captain Bulah Mahoney, spent two days last week visiting Mr. and Mrs. George Wesley and other relatives in the Margaret community. Captain Mahoney has recently returned from a tour of duty of two years in Germany.

Canadian Duck Count Completed Recently

The waterfowl banding program in Canada for this year is nearly completion and the results will soon be tabulated in Washington, according to Bob Meyer, Supervisor of Conservation Education of the Texas Game and Fish Commission. He has just returned from Canada where he took part in the banding program.

Meyer worked in Northern Alberta and Southern Saskatchewan under the direction of Dr. Fred Glover of the Fish and Wildlife Service. Operating in Saskatchewan with a dog crew of two Labrador retrievers, the men banded many young ducks.

They were in Canada when a terrific hail storm swept over a nesting area, near Regina, killing and injuring many birds. The ducks banded were the molting adults and the young broods which were not old enough to fly.

Meyer made many colored slides of the banding program, which he will use in his educational work with sportsmen and schools. "Yankee" comes from the Dutch word "yanku" meaning to snarl.

Treason is the only crime defined in the Constitution of the United States.

"Give Children a Brake" Cautions Safety Expert

"Give children a brake." This play on words was made this week by J. O. Musick, general manager of the Texas Safety Association, in behalf of the organization's annual Back-to-School safety program.

"With the arrival of a new school year, the pattern of life for nearly every Texan will undergo a radical change. The size of our school system will bear this out," he said.

The enrollment in Texas' public schools, for the '57-'58 year, is expected to reach 1,883,881 pupils; plus 75,280 teachers, principals, coaches, etc., and more than 8,000 school buses.

"The opening of school doors affects virtually every driver too," Musick continued. "When he gets behind the wheel of his car, he is sure to notice some differences."

He explained that in the hours just before and after school there are increased numbers of bicycle riders, large groups of child pedestrians and many school busses. All of which are signs, within themselves, for added carelessness while driving on our streets and highways.

"In 1956, there were more than 150 students killed in Texas traffic accidents and approximately 8,920 injured," Musick said. "Of course these are 'just statistics'—unless you or a close member of your family was involved."

- 1. Be alert for children at all times, especially around school zones, playgrounds and other places where children congregate. 2. Know and obey the special warnings given in school areas by signs and signals. Watch for human caution signs in action—the children themselves. 3. Don't be juvenile and try to compete with bike riders—go slow and let them go. 4. Stop when a school bus stops. 5. THINK safety always.

Car Inspection Time Now at Hand for Texas Motorists

Inspection time has rolled around again for more than four million automobile and truck owners in Texas.

The inspection period has been lengthened this year under a provision of a state law setting Sept. 1, 1957, until April 15, 1958, as the time in which all vehicles must be checked for mechanical defects.

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, in announcing the opening of the inspection period, recommended that every owner have his cars and trucks inspected at the beginning of the period. This, he said, will enable vehicle owners to obtain inspection stickers before the holidays and before the last minute "log jam" at inspection stations.

Garrison said that more than 4,200 licensed inspection stations in the state would have stickers on hand by the starting date and would be equipped to check vehicles without delay.

Planted Fish in Farm Ponds Grow Rapidly

Farm ponds in Texas this year will produce some wonderful fishes, according to a report just issued by the Director of Inland Fisheries of the Game and Fish Commission.

For instance a fry bass planted in an unstocked pond during May, 1957, under proper conditions, may reach 9 inches in length by November, 1957. By the time it is a year old it will weigh 1 1/2 pounds, according to the director.

Not all the planted fish will do this, he points out, but such growth is possible where conditions are right. There has been a great deal of farm pond study on the part of the Commission biologists. Thousands of small impoundments have been created by putting dams across small dry stream beds within the state during the last several years.

Invariably the Game and Fish Commission is called upon to stock these ponds through its hatchery program. Some 13 million fry have been produced by the Texas hatcheries for this year. Most of them have been bass.

Another favorite fish for restocking is the channel cat, a favorite of the director. Fingerling cats will grow at the rate of one inch per month, again under favorable conditions.

"The history of the average farm pond is good growth from the initial stocking, with a decreased growth rate of subsequent spawns," he says. "When sunfish are stocked in a pond they usually will dominate the population composition of fishes present by the third year, presenting a stunted aspect and cause fishing to become poor."

The director pointed out that hatchery restocking will not help such conditions because the survival of the restocked fish will be practically nil. They either will be eaten by other fish, or they will starve.

He warns that no matter how many fish are restocked by a hatchery they can only begin to approximate the number that will be produced by natural spawn. A pair of good brood bass will produce some 24,000 baby bass, many more than might be stocked from a hatchery in any given pond.

Catfish, however, do not spawn so well unless special conditions have been provided. For that reason the commission advises the restocking of catfish ponds after several years. This depends, however, upon a survey of the pond fish population.

He recommends remedial measures when fishing becomes bad in farm ponds. This can be achieved either in drainage, selective pond treatment or by fertilization.

Additional information is contained in Bulletin No. 24, issued by the Commission in Austin. This booklet, on "Utilizing Farm Ponds for Fish," may be had without cost by any one interested. Information concerning the use of fish toxicants for selective pond treatment will be sent to pond owners on special request.

LEVITTOWN RIOT VICTIM—Sgt. Tom Stewart, Bristol Township Police, receives first aid from members of the crowd that demonstrated around the home of William Myers, the first Negro to move into the town. Smith was felled by a rock thrown from the mob. Police later dispersed the crowds.

All Farm Employees Now Subject to Social Security

Farm maids and plowhands, farm cooks and tractor drivers—all are the same to the Social Security Administration insofar as reporting their earnings is concerned, according to Erton F. Tate, Wichita Falls, Social Security district manager.

Before January 31, 1958, farm operators in Foard County will be required to send in Social Security tax reports on their employees for the farm work they did during 1957. Mr. Tate said all farm employees, whether domestic or farmhand, are reported alike.

Tate listed these rules for farm workers (including maids, cooks and other domestics hired for work on a farm operated for profit). Report all employees who were paid cash wages of \$150 or more, or who worked for 20 or more days on a time basis.

Tax reports covering such employees must be filed during January, according to Tate. They are to be sent to the District Director of Internal Revenue in Dallas. For more details, farm operators are advised to contact the Director of Internal Revenue, Dallas, Texas, or the Wichita Falls district Social Security office where pamphlets outlining reporting requirements are available.

Lincoln was assassinated at Ford's theatre while attending a play entitled "Our American Cousin."

Tate listed these rules for farm

Mrs. L. H. Hammonds visited the past week with her children, the Waldon Hammonds and the Louis Pyles, at Floydada, and her mother, Mrs. J. K. Langley, at Amherst.
Mr. and Mrs. M. C. Ruckman of Vernon and Mr. and Mrs. Foy L. Moore of Bronte were Sunday

THIS WEEK
-In Washington

Clinton Davidson

This week some random notes on reporting Washington for more than 650 newspapers with millions of readers in this country and abroad.
There are more than 1,000 newspapermen regularly covering the Nation's Capitol. Washington is, without doubt, the most thoroughly and accurately reported city in the world.
It is one of the few capitals in the world that has a completely free press. A newsman can ask any question he likes, even of the President, and expect to get an answer.
Sometimes the answer, of course, is that "it is none of your business," but that type of official is rare and newsmen have developed ways of persuading them to be more cooperative.
News always is a surplus commodity in Washington. Some of it is important, but much of it is trivial. A good newsman learns to distinguish quickly between the two.
The Federal government employs more than 3,000 publicity experts. They write and print enough releases each day to fill two freight cars.
Take the Agriculture Department for example: The 120 publicity employees are so busy publicizing the Department that the releases each day would fill a good-size truck.
Government news releases supply copy for only a small part of the more than a million words a day sent out from Washington in news stories and columns. A good newsman goes searching for his facts.
Publicity men can be helpful, but after all they work for the government and their job is to get out stories favorable to their agency or boss, and to prevent, if they can, unfavorable stories.
Newsman are interested in the facts—not whether they are favorable or unfavorable. This results in a constant battle between newsman and some agencies and officials who resort to labeling legitimate news as "secret" or "confidential."
This often gets to the point of absurdity. Timid officials resort to such labels when they are in doubt, just to be on the safe side. Where there is legitimate reason for secrecy, such as national security, newsman respect the label.
Many of the best stories out of Washington are "news leaks." Someone inside an agency will whisper a story to a newsman because he doesn't like his boss and wants to get him into trouble, or for some other reason.
A good newsman checks such leaks.
Jonny D. Kindt who lived in Thalia several years.
Mrs. Ed Payne returned home Saturday from Houston where she visited her grandson, Jack Main. The Morris Fergusons of Wichita Falls and Mrs. Joyce Jones of Vernon were Sunday guests in the homes of Mrs. M. H. Jones and Mr. and Mrs. J. C. Jones.
Mr. and Mrs. Charlie Blevins and daughter, Mrs. Thad Hopkins, and sons, Junior and Larry, of Foard City visited the J. A. Blevins at Vega and Kenneth Hopkins and wife at Hereford last week.
Merness Lawhorn of National City, Calif., visited his aunt, Mrs. Clyde Self, and family Wednesday of last week.
Mr. and Mrs. Dalton Railsback and children left Monday for Los Angeles, Calif., to make their

Dove Season to Get Underway at Noon Sunday, Sept. 1st

It's time to drag the shotgun from the corner in the closet and wipe off the lint. The 1957 shooting season will begin Sunday noon, Sept. 1, for mourning dove in the north zone, according to E. M. Spratt, director of law enforcement of the Game & Fish Commission.
Thirty days later the season will open in the south zone.
The seasons extend: north zone, Sept. 1 to Oct. 17 inclusive; south zone, Oct. 1 to Nov. 17, inclusive.
The white wing season has been authorized for the Rio Grande Valley area for Sept. 13, 15, 17.
The dove bag limit is 10 per day, with 10 in possession.
Shooting is allowed from noon until sunset.
Under federal and state regulations all shotguns must be plugged to three-shell capacity. Shooting from vehicles or across the

highways is prohibited.
The director issued warnings to shooters to make arrangements with land owners for their property. Tyler and Newton, will have no open season. In a large number of these counties were excluded from the general laws and a special law was set up. This special law is in conflict with the general laws.
Reports from all over the state indicate the largest dove crop in years. It is estimated that 600,000 whitewings will be available for the Valley hunt.
Mourning doves are abundant now in every area. Under the conditions before Sept. 1, they are expected to remain in local areas. Cooler weather conditions could change this condition. If hole shooting also can be affected greatly, especially if rains fill new water holes, there are areas where food is available.
"Every safety precaution must be used," the director said. "Shooting season usually brings on accidental deaths, due directly to carelessness."
He also warned that all persons between the ages of 17 and 21 need licenses when hunting doves in their home counties. Licenses now are available at warden and other authorized game dealers throughout the state.
Rosin is made from the distillation of turpentine.
Panama is the smallest country in North America.

VALERIE HARVEY, who received her Kenny Therapist training in Australia from the late Sister Elizabeth Kenny before they came to this country, is rounding out 15 years of active service with the Kenny foundation to give her the longest active service record of any Kenny Therapist in the world. Miss Harvey came to America at the invitation of Miss Kenny to assist in training registered nurses and physical therapists to become Kenny Therapists. Miss Harvey is chief therapist at the Kenny treatment center in Jersey City, N. J., where she is shown, above, administering the Kenny treatment to a little polio patient.

Therapist Training Vital Function of Kenny Foundation

Minneapolis, Minn.—The training of registered nurses and physical therapists to become Kenny Therapists continues as an important function of the Sister Elizabeth Kenny foundation, according to Marvin L. Kline, national executive director.
Kenny Therapist trainees are schooled under Kenny foundation scholarships, tax-free and worth up to \$8,250, at Elizabeth Kenny International Training center here. The course is of 18 months duration, with nurses enrolled for an additional 12 months of physical therapy at the Mayo clinic, Rochester, Minn., or other approved physical therapy schools.
Registered nurse candidates who complete the course become registered physical therapists. All graduates receive certificates, indicating their status as Kenny Therapists and are qualified, under medical supervision, to carry out the physical treatment of all phases of polio and to apply this specialized knowledge of treatment to other neuromuscular disabilities and musculoskeletal disorders as well.
Upon graduation, Kenny Therapists are assigned to Kenny treatment facilities across the nation.
In addition, the foundation conducts extensive training programs for technical specialists in rehabilitation and nationwide medical training and education.

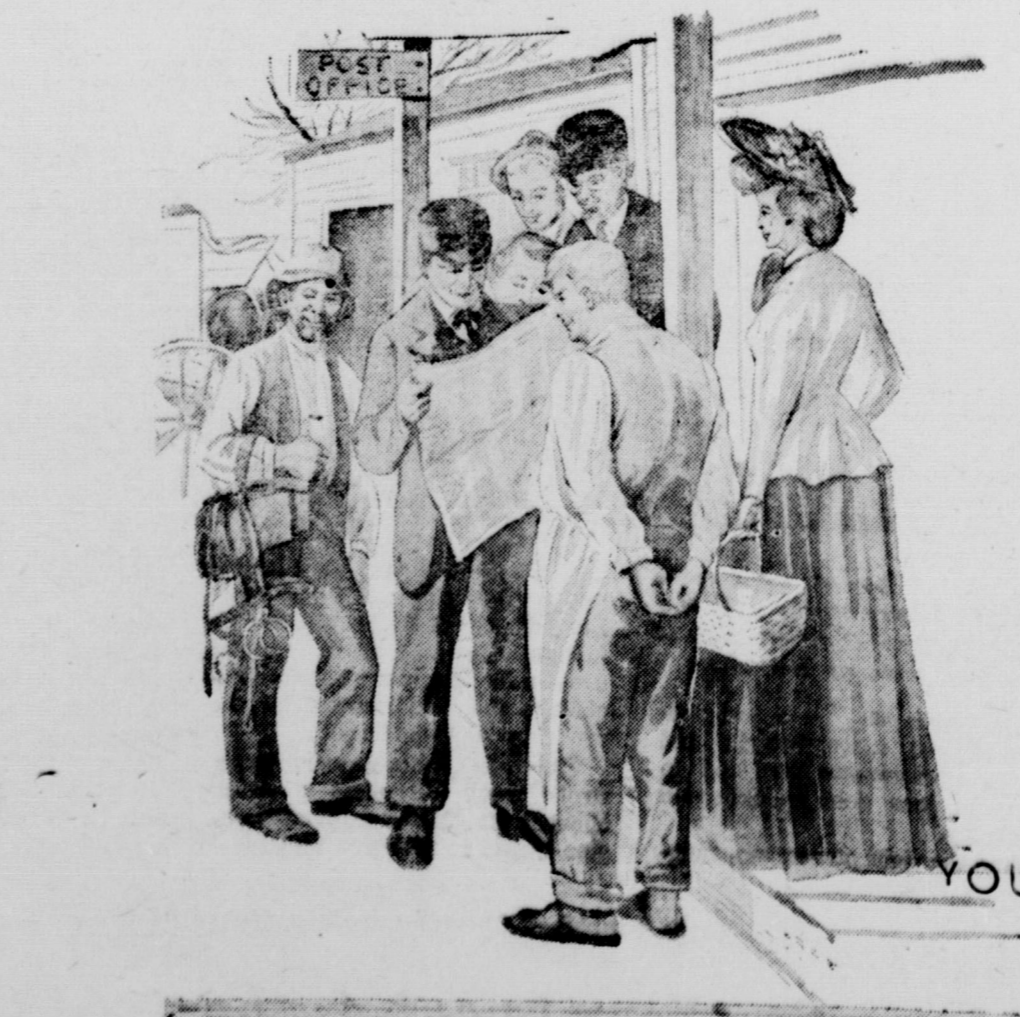

Kenny Foundation Widens Research, Scholarship Aims

Minneapolis, Minn.—Well organized programs of research and scholarships are vital to the future rehabilitation of persons with neuromuscular disabilities, according to R. Bruce Reinecker, president of the Sister Elizabeth Kenny foundation.
This fast growing branch of medical science, which is bringing a wide variety of medical skills to bear upon the problem of restoring victims of crippling disorders to normal life, cannot continue to expand without nourishing its own roots, he declared.
That's why the Kenny foundation—now conducting its 1957 annual fund appeal—has embarked upon a long-range program designed to attract more technicians to fill the needs of the fast-growing field and to stimulate research in the broad underlying fields, he said.
For several years, Kenny institutes have been extending the "know how" developed in the treatment of polio into the wider field embracing other crippling disabilities, he declared.

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

YOUR HOMETOWN NEWSPAPER IS A HERITAGE TO PROTECT!

In The Bag?

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

Those twin menaces—cancer and heart disease—hung up a grim new record for the number of Texans killed last year, a final tabulation of death statistics shows.

Of a grand total of 69,671 deaths from all causes during 1956, almost half were due either to heart disease or to cancer. Heart disease killed 22,888 while cancer claimed 10,168.

While the number of cancer deaths has increased perceptibly in the past three years, the increase has little real significance. The rate of deaths from cancer in Texas is still well below the rate for the United States as a whole. This state registered 112 deaths from cancer for each 100,000 population, while the rate for the rest of the nation was 146 deaths per 100,000 population.

The disparity between the Texas-U. S. cancer death rate is probably due to the fact that Texas has a younger population. Cancer is a disease that usually strikes people past 50 years of age. Of the 10,000 cancer deaths last year, 8213 of them were among persons past the half-century mark.

Increases in the number of persons dying of heart disease is becoming bitterly significant. For instance, almost 1800 more persons died from this cause during 1956 than died in 1955.

Most of the increase is in the age group 55 and over. And therein lies the irony: normal life span has been lengthened to an age where heart disease has a field of fatal plunge.

Unreturned love is one of the most common themes of poets and authors. Often the outcome is tragic—both in literature and in real life.

A similar drama is taking place at this very minute. God says, "I have loved thee with an everlasting love" (Jeremiah 31:3). He proved His love for us by giving up that which was most precious to His heart—His Son, Jesus Christ. "For God so loved the world that He gave His only begotten Son" (John 3:16).

Yes, God loves us and wants to show us His grace and mercy. He wants to give us Himself and eternal life. Yet millions spurn His love. The loss in this instance is not His, but theirs.

Now is the time to respond to God's love—with heart, mind and soul.

"Take my love, my God, I pour,
 At Thy feet its treasure store;
 Take myself and I will be
 Ever, only, all for Thee."

Truscott
 MARY K. CHOWNING

Mr. and Mrs. Benton Westbrook of Fayetteville, Ark., and son, Kenneth and Lee Erwin, of Port Worth and Mrs. Charlie Haynie of Munday and son, Don, of Lubbock visited last week in the Tom Westbrook and Tommy G. Westbrook homes.

Texas Motorists Urged to Be Careful During Labor Day

Texas motorists will face a critical period in driving next week as thousands of persons take to the highways for trips on the Labor Day week end.

The Texas Department of Public Safety predicts that 33 persons will die in traffic accidents in Texas during the 72-hour period extending from 12:01 a. m. Aug. 31 through 11:59 p. m. Sept. 2. The prediction came from N. K. Woerner, manager of Statistical Services section of the department.

In record with the prediction, Col. Homer Garrison Jr., department director, has alerted state forces to be prepared to cope with the increased highway travel. He said the department's enforcement program will be strengthened for the holiday week end in an effort to remove dangerous drivers from our streets and highways.

"This enforcement program," he said, "will be closely coordinated with local law enforcement in counties and cities throughout the state. Enforcement's greatest help will come from the drivers themselves who observe our traffic laws and safely operate their automobiles in accordance with traffic and other conditions they encounter."

The predicted number of deaths for the three day week end is four greater than the 29 killed for the same period last year.

Warren G. Harding is the only man who went direct from the Senate to the Presidency.

DEMOCRATIC TRADITION

"The democratic tradition was strong in Poland long before it had followers in most other European countries. Although nominally a monarchy, it was ruled by elected kings, not men who attained royal rank by no better right than that of inheritance." —Tempe, Ariz., Daily News.

THIS WEEK

-In Washington

With
Clinton Davidson

This week some random notes on reporting Washington for more than 650 newspapers with millions of readers in this country and abroad.

There are more than 1,000 newspapermen regularly covering the Nation's Capitol. Washington is, without doubt, the most thoroughly and accurately reported city in the world.

It is one of the few capitals in the world that has a completely free press. A newsmen can ask any question he likes, even of the President, and expect to get an answer.

Sometimes the answer, of course, is that "it is none of your business," but that type of official is rare and newsmen have developed ways of persuading them to be more cooperative.

News always is a surplus commodity in Washington. Some of it is important, but much of it is trivial. A good newsmen learns to distinguish quickly between the two.

The Federal government employs more than 3,000 publicity experts. They write and print enough releases each day to fill two freight cars.

Take the Agriculture Department for example: The 120 publicity employees are so busy publicizing the Department that the releases each day would fill a good-size truck.

Government news releases supply copy for only a small part of the more than a million words a day sent out from Washington in news stories and columns. A good newsmen goes searching for his facts.

Publicity men can be helpful, but after all they work for the government and their job is to get out stories favorable to their agency or boss, and to prevent, if they can, unfavorable stories.

Newsmen are interested in the facts—not whether they are favorable or unfavorable. This results in a constant battle between newsmen and some agencies and officials who resort to labeling legitimate news as "secret" or "confidential."

This often gets to the point of absurdity. Timid officials resort to such labels when they are in doubt, just to be on the safe side. Where there is legitimate reason for secrecy, such as national security, newsmen respect the label.

Many of the best stories out of Washington are "news leaks." Someone inside an agency will whisper a story to a newsmen because he doesn't like his boss and wants to get him into trouble, or for some other reason.

A good newsmen checks such

Dove Season to Get Underway at Noon Sunday, Sept. 1st

It's time to drag the shotgun from the corner in the closet and wipe off the lint. The 1957 shooting season will begin Sunday noon, Sept. 1, for mourning dove in the north zone, according to E. M. Spratt, director of law enforcement of the Game & Fish Commission.

Thirty days later the season will open in the south zone.

The seasons extend: north zone, Sept. 1 to Oct. 17 inclusive; south zone, Oct. 1 to Nov. 17, inclusive.

The white wing season has been authorized for the Rio Grande Valley area for Sept. 13, 15, 17.

The dove bag limit is 10 per day, with 10 in possession.

Shooting is allowed from noon until sunset.

Under federal and state regulations all shotguns must be plugged to three-shell capacity. Shooting from vehicles or across the

highways is prohibited.

The director issued warnings to shooters to make arrangements with land owners for their birds. Three East Texas counties, Tyler, Newton and Newton, will have no open season. In a few of these counties were excluded from these laws and the shooting season is in conflict with the laws.

Reports from all over the state indicate the largest dove crop in years. It is estimated that 600,000 white-wings will be available for the valley hunt.

Mourning doves are plentiful in every area. Unless there is a drastic change in weather conditions before Sept. 1, the birds are expected to remain in the area. Cooler weather or a hole shooting also can be expected, especially if heavy rains fill new water holes, leaving too much water in areas where food is available.

"Every safety precaution must be used," the director said. "Shooting season usually brings general accidental deaths, due directly to carelessness."

He also warned that all persons between the ages of 17 and 21 need licenses when hunting their home counties. Licenses now are available to wardens and other authorized persons at gun stores.

Rosin is made from the resin of turpentine.

Panama is the smallest country in North America.

VALERIE HARVEY, who received her Kenny Therapist training in Australia from the late Sister Elizabeth Kenny before they came to this country, is rounding out 15 years of active service with the Kenny foundation to give her the longest active service record of any Kenny Therapist in the world. Miss Harvey came to America at the invitation of Miss Kenny to assist in training registered nurses and physical therapists to become Kenny Therapists. Miss Harvey is chief therapist at the Kenny treatment center in Jersey City, N. J., where she is shown, above, administering the Kenny treatment to a little polio patient.

Therapist Training Vital Function of Kenny Foundation

Minneapolis, Minn.—The training of registered nurses and physical therapists to become Kenny Therapists continues as an important function of the Sister Elizabeth Kenny foundation, according to Marvin L. Kline, national executive director.

Kenny Therapist trainees are schooled under Kenny foundation scholarships, tax-free and worth up to \$8,250, at Elizabeth Kenny International Training center here. The course is of 18 months duration, with nurses enrolled for an additional 12 months of physical therapy at the Mayo clinic, Rochester, Minn., or other approved physical therapy schools.

Registered nurse candidates who complete the course become registered physical therapists. All graduates receive certificates, indicating their status as Kenny Therapists and are qualified, under medical supervision, to carry out the physical treatment of all phases of polio and to apply this specialized knowledge of treatment to other neuromuscular disabilities and musculoskeletal disorders as well.

Upon graduation, Kenny Therapists are assigned to Kenny treatment facilities across the nation.

In addition, the foundation conducts extensive training programs for technical specialists in rehabilitation and nationwide medical training and education.

Kenny Foundation Widens Research, Scholarship Aims

Minneapolis, Minn.—Well organized programs of research and scholarships are vital to the future rehabilitation of persons with neuromuscular disabilities, according to R. Bruce Reinecker, president of the Sister Elizabeth Kenny foundation.

This fast growing branch of medical science which is bringing a wide variety of medical skills to bear upon the problem of restoring victims of crippling disorders to normal life, cannot continue to expand without nourishing its own roots, he declared.

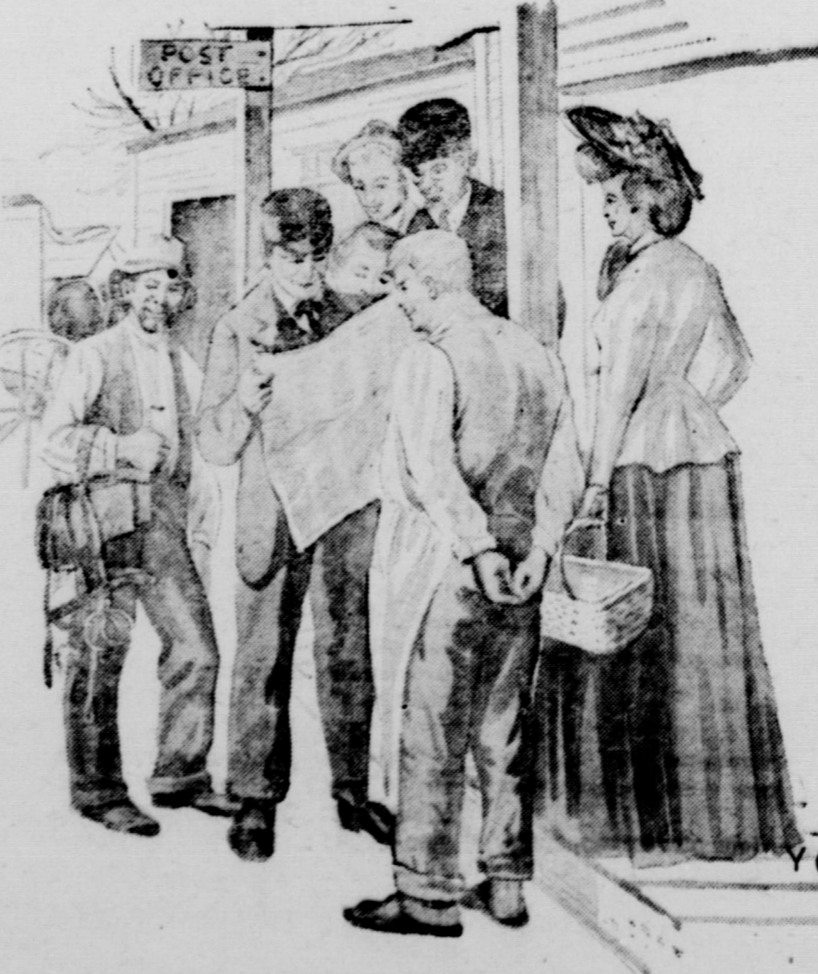

That's why the Kenny foundation—now conducting its 1957 annual fund appeal—has embarked upon a long-range program designed to attract more technicians to fill the needs of the fast-growing field and to stimulate research in the broad underlying fields, he said.

For several years, Kenny institutes have been extending the "know how" developed in the treatment of polio into the wider field embracing other crippling disabilities, he declared.

A Few Decades Past . . .

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

In The Bag?

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

Those twin menaces — cancer and heart disease—hung up a grim new record for the number of Texans killed last year, a final tabulation of death statistics shows.
Of a grand total of 69,671 deaths from all causes during 1956, almost half were due either to heart disease or to cancer. Heart disease killed 22,888 while cancer claimed 10,168.
While the number of cancer deaths has increased perceptibly in the past three years, the increase has little real significance. The rate of deaths from cancer in Texas is still well below the rate for the United States as a whole. This state registered 112 deaths from cancer for each 100,000 population, while the rate for the rest of the nation was 146 deaths per 100,000 population.
The disparity between the Texas-U. S. cancer death rate is probably due to the fact that Texas has a younger population. Cancer is a disease that usually strikes people past 50 years of age. Of the 10,000 cancer deaths last year, 8213 of them were among persons past the half-century mark.
Increases in the number of persons dying of heart disease is becoming bitterly significant. For instance, almost 1800 more persons died from this cause during 1956 than died in 1955.
Most of the increase is in the age group 55 and over. And therein lies the irony; normal life span has been lengthened to an age where heart disease has a field

day.
The same reason — longer life spans—is obviously behind the remarkable gain in the United States death rate from heart afflictions. Almost 15,000 more Americans died of heart disease last year than died in 1955.
As life expectancy continues to increase, more and more people are going to fall victim to heart disease. And although this fate cannot be avoided, it can be delayed. Here is a simple four-point regimen for staving it off as long as possible.
1. Reduce tensions of "modern living," and get moderate exercise. A non-strenuous hobby is beneficial.
2. Eliminate excessive weight that taxes your heart. Do not overeat.
3. If you must smoke, cut your consumption of cigarettes to less than a pack daily. Smoking constricts the flow of blood and places an extra load on the heart.
4. Above all, see your family physician at least once annually for a thorough physical examination.

MARY K. CHOWNING

Mr. and Mrs. Benton Westbrook of Fayetteville, Ark., and son, Granville Westbrook, and boys, Kenneth and Lee Erwin, of Fort Worth and Mrs. Charlie Haynie of Munday and son, Don, of Lubbock visited last week in the Tom Westbrook and Tommy G. Westbrook homes.
Mr. and Mrs. Clyde Myers and children, LaRue and Glen Clyde, of Torrance, Calif., arrived here Tuesday to visit his father, Geo. Myers, and sister, Mrs. Floyd Robinson, and husband, and brother, Bud Myers, and family.
Mr. and Mrs. Newt Bryant and daughters, Mary and Betty, of near O'Brien spent Tuesday night and Wednesday visiting his parents, Mr. and Mrs. Jess Bryant.
Miss Debbie Johnson of Thalia spent last Monday night visiting in the home of her grandparents, Mr. and Mrs. Homer Black, here.
Miss Linda Caddell spent last week visiting her brother, Walter Patrick Caddell, and family in Munday.
Miss Mary Ann Brown has returned home from a week's visit in the home of Mr. and Mrs. Q. D. Williams and family in Floydada.
Mr. and Mrs. J. C. Eubank spent awhile Thursday in Vernon

fatal plunge.
Unreturned love is one of the most common themes of poets and authors. Often the outcome is tragic—both in literature and in real life.
A similar drama is taking place at this very minute. God says, "I have loved thee with an everlasting love" (Jeremiah 31:3). He proved His love for us by giving up that which was most precious to His heart—His Son, Jesus Christ. "For God so loved the world that He gave His only begotten Son" (John 3:16).
Yes, God loves us and wants to show us His grace and mercy. He wants to give us Himself and eternal life. Yet millions spurn His love. The loss in this instance is not His, but theirs.
Now is the time to respond to God's love—with heart, mind and soul.
"Take my love, my God, I pour, At Thy feet its treasure store; Take myself and I will be; Ever, only, all for Thee."

Love—Rejected or Returned?
The story was tucked away in the inside pages just a few days ago. The dateline was Buffalo, N. Y.
A pretty 19-year-old girl, apparently shocked by a broken romance, went to a downtown hotel and took the elevator to the 12th floor. The red-haired stenographer removed her shoes and gloves, placed them beside her purse, and stepped into space.
Police found a note written to her just a few hours earlier: "Dear S. I only know I loved you. May our love live in our hearts and be treasured in our memories forever. Ours was a love honest and pure, something to be proud of. I just don't feel it would be right, and that this is a better way. I pray the good Lord watch over and keep you. Your star will shine brighter and brighter. This is my only good-by. Love, D."
The dead girl's boy friend had left to seek employment in Chicago just 50 minutes before her

Texas Motorists Urged to Be Careful During Labor Day

Texas motorists will face a critical period in driving next week as thousands of persons take to the highways for trips on the Labor Day week end.
The Texas Department of Public Safety predicts that 33 persons will die in traffic accidents in Texas during the 72-hour period extending from 12:01 a. m. Aug. 31 through 11:59 p. m. Sept. 2. The prediction came from N. K. Woerner, manager of Statistical Services section of the department.
In record with the prediction, Col. Homer Garrison Jr., department director, has alerted state forces to be prepared to cope with the increased highway travel. He said the department's enforcement program will be strengthened for the holiday week end in an effort to remove dangerous drivers from our streets and highways.
"This enforcement program," he said, "will be closely coordinated with local law enforcement in counties and cities throughout the state. Enforcement's greatest help will come from the drivers themselves who observe our traffic laws and safely operate their automobiles in accordance with traffic and other conditions they encounter."
The predicted number of deaths for the three day week end is four greater than the 29 killed for the same period last year.
Warren G. Harding is the only man who went direct from the Senate to the Presidency.

DEMOCRATIC TRADITION

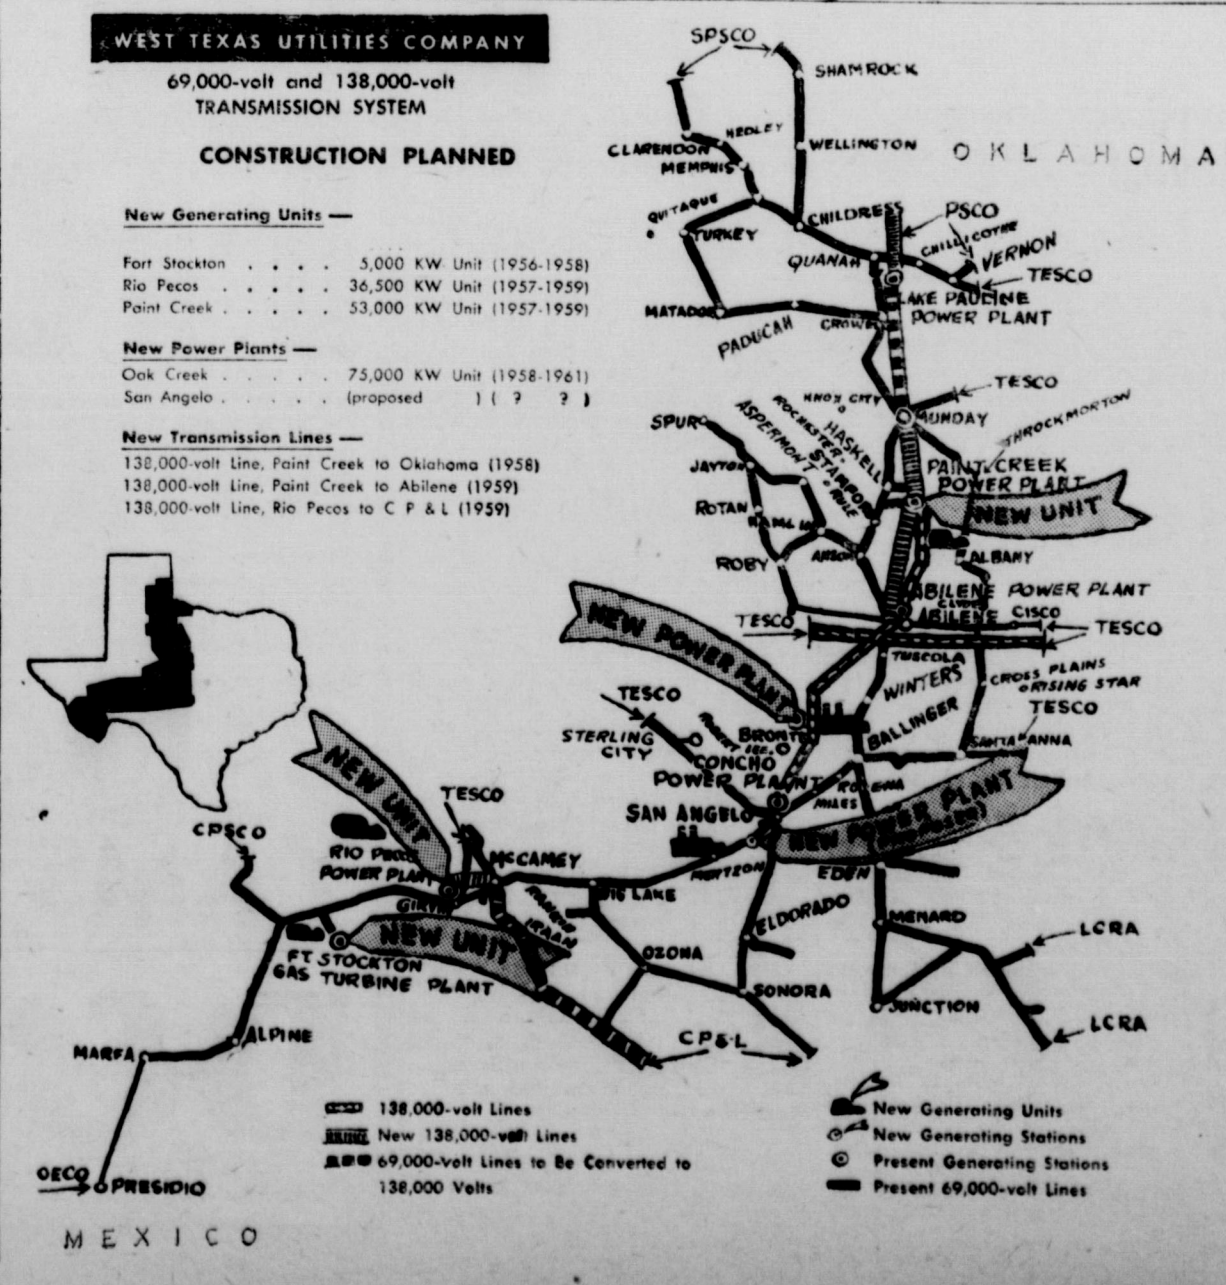

"The democratic tradition was strong in Poland long before it had followers in most other European countries. Although nominally a monarchy, it was ruled by elected kings, not men who attained royal rank by no better right than that of inheritance." —Tempe, Ariz., Daily News.

Mr. and Mrs. J. L. Shultz Celebrate 50th Wedding Anniversary Last Sunday

The newly-acquired home of Mr. and Mrs. J. L. Shultz on Crowell Road in Thalia was the scene Sunday afternoon, August 25, of the gathering of relatives and friends to celebrate the occasion of their fiftieth wedding anniversary.

The daughter and the four sons and their families were on hand to assist in the festivities of the occasion. The children and their families who were present were: Mrs. Eudale Oliver, her husband and a son, Leon Oliver, Roy Shultz, wife and son, Roy Martin, of Thalia; Ralph Shultz, wife and daughter, Judy; Edward Shultz and son, Stephen, and Miss Joy Scott, and Loyd Shultz, wife and four children, James Lee, Trudy, Keith and Charles of Vernon. Two sons of Mr. and Mrs. Oliver were unable to attend: Floyd Oliver and family and Kenneth Oliver of Amarillo.

Guests were received and welcomed on the front lawn by Roy and Edward Shultz and Eudale Oliver.

Mrs. Eudale Oliver greeted the guests at the door and presented them to the honorees, Mr. and Mrs. Shultz.

The registry table was lovely

Patsy Ruth Murphy Married to Buford Gough in Andrews

Miss Patsy Ruth Murphy, daughter of Mr. and Mrs. Jack Murphy of Andrews, former Crowell residents, and Buford L. Gough of Andrews, son of Mr. and Mrs. A. F. Gough of Langdon, Kansas, were united in marriage in a single ring ceremony at the Baptist Cavalry Church in Andrews, on Saturday, Aug. 10, at 7:30 p. m.

The wedding rites were read by the pastor, Clinton Eastman, with the bride's father giving her away.

Miss Johnna Kenner of Midland was her cousin's maid of honor, and wore a long waisted dress of blue cotton satin with a square neckline, double handed shoulder straps, and a full skirt. The bride carried out the tradition of something old, new, borrowed and blue in her bridal ensemble. Her sleeveless gown was a sky blue nylon lace over taffeta, made with a long fitted bodice with a crossed neckline point and a full gathered skirt. Her shoulder length veil of nylon net fell from a white crown hat and she carried a bridal corsage of white carnations edged with fluted lace.

Mike Linder was the groom's attendant. A reception was held at the home of the bride's parents following the ceremony.

There were 35 registered guests. Those from out of town were the groom's parents and two brothers from Langdon, Kansas, and two other brothers from Hutchinson, Kansas; the bride's aunts, Mrs. Ruth King of Olton and Mrs. John Kenner and husband, and Johnna and Timmy, of Midland; her cousins, Mr. and Mrs. Nathan Reinhardt of Goldsmith; and her brother, Jack W. Murphy, and wife and Gary Lyn and Lyle Wayne, of San Angelo.

GROOM-ELECT HONORED

A buffet barbecue honoring Francis M. White III of Odessa was held Friday at noon in the home of Mr. and Mrs. Henry Borchardt. Mr. and Mrs. Price Lovelady of Austin were co-hosts with them. Mrs. Borchardt and Mr. Lovelady are aunt and uncle of Miss Ann Lovelady of Vernon, the bride-elect of Mr. White.

Attending were the honored guest, Kenneth White, John A. White, Alton Glass, grandfather of the groom-elect, of Odessa; Dick McHarque of Midland, Gene Mayer, Clyde Moore, Ray Boyd and Gerald Andrews, all of Fort Worth; Buel Bowman of Tucson, Ariz.; Johnny Freeman and Horace Lovelady, father of the bride-elect, of Vernon.

The marriage of Mr. White and Miss Lovelady took place at the Central Christian Church in Vernon Friday evening, with Rev. James A. Farrar, a former pastor, officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Horace Lovelady of Vernon, who are well-known here, and the groom is the son of Mrs. F. M. White and the late Mr. White of Odessa.

Miss Judy Borchardt of Crowell, cousin of the bride, served as maid of honor. Kenneth White of Odessa was his brother's best man.

Both bride and groom are students in T. C. U. in Fort Worth and will resume their education there in September.

Henry Clay is credited with saying "I'd rather be right than president."

with its gay arrangement of yellow and gold garden flowers. Mrs. Roy Shultz presided at the registry table and recorded the names of guests in the beautiful golden moire taffeta covered fiftieth anniversary book which was a gift of the children.

On the piano in the living room stood a gorgeous arrangement of golden chrysanthemums and graceful sprays of ivy.

The guests were ushered into the dining room by Mrs. Ralph Shultz and Mrs. Loyd Shultz. The table was covered with an elegant lace cloth over yellow. Golden colored punch was served from a crystal bowl and gold foil covered chocolate mints from a matching crystal plate. Opposite these on the table sat the massive three-tiered wedding cake with its decorations of pale yellow roses and leaves of palest green. The lovely cake was topped with an ornate golden wedding bell surrounded by dainty flowers and leaves of white and bore the inscription, "50th Anniversary" inscribed in gold. The cake was served with the punch and mints by the two daughters-in-law, Mrs. Ralph Shultz and Mrs. Loyd Shultz.

In the gift room, Joy Scott presided, displaying the many gifts brought by the host of relatives and friends and sent by many who were unable to attend.

Several gifts were also displayed which were received at the time of the marriage of the couple fifty years ago. Among these were a watch and a oak stand.

Among the scores of relatives and friends who attended were the following out-of-town visitors:

Mr. and Mrs. Sam Harris of Grapevine, Mrs. Harris being the only living aunt of Mr. Shultz; Mr. and Mrs. Ralph Shultz and daughter, Judy, Edward Shultz and son, Stephen, and Miss Joy Scott, Mr. and Mrs. Loyd Shultz and children James Lee, Trudy, Keith and Charles, Mr. and Mrs. Joe Standley and daughter, Jan, Mr. and Mrs. Ray Pyle, Mrs. Berntha Shultz, Mr. and Mrs. G. W. Scales, Mrs. Minnie Buckley, all of Vernon; Mrs. Alice Key of Rayland, Mr. and Mrs. John Thompson of Gilliland, Mrs. Raymond Oliver and son, Danny Earl, of Hale Center, Mr. and Mrs. G. C. Wesley of Margaret, Ode Frost and Larry of Lockett, and the following from Crowell: Mrs. Joyce Jones, Mrs. T. N. Abston, Mrs. Grover Nichols, Mrs. Houston Adkins and daughter, Roxanna, Mr. and Mrs. R. C. Johnson and daughter, Linda, Misses Betty Knox and Wanda James, Mr. and Mrs. N. J. Roberts and T. B. Klepper.

An only aunt, Mrs. Mae Self, of Thalia was unable to attend on account of ill health.

Moving pictures were taken throughout the afternoon by Ralph and Loyd Shultz.

Mr. and Mrs. Shultz were married in the home of her sister, Mrs. E. H. Roberts, in Clayton, N. M., Aug. 22, 1907, and have made their home in Thalia since.

Five children were born to Mr. and Mrs. Shultz. They are Mrs. Ailie V. Oliver and Roy Shultz of Thalia; Ralph, Edward and Loyd Shultz of Vernon. They have ten grandchildren, Floyd and Kenneth Oliver of Amarillo, Leon Oliver and Roy Martin Shultz of Thalia, Judy, Stephen, James Lee, Trudy, Keith and Charles Shultz of Vernon, and one great granddaughter, Brenda Kay Oliver, of Amarillo.

CO-LABORERS CLASS

On Thursday afternoon, Aug. 22, the social meeting of the Co-Laborers Class of the Methodist Sunday School was held in the home of Mrs. T. B. Klepper with Mesdames Guy Bounds and E. H. Shrode assisting Mrs. Klepper with hostess duties. A business session was conducted by Mrs. Bounds, vice president, in the absence of Mrs. Lewis Ballard, president.

Mrs. Paul Shirley was lesson leader and Mrs. Charlie Bryson was assistant leader. Mrs. Shirley called on Mrs. C. W. Thompson for the devotional, which was based on Matt. 16: 13-18 and concerned church membership. The meeting was opened by group singing of "Jesus, Lover of My Soul" with Mrs. Shirley playing piano accompaniment. Mrs. Thompson gave the story of writing "Little Brown Church in the Vale," after which the song was sung. She talked on "Why I Go to Church" and "How Can You Know You're Slipping?" She closed with a poem, "The Country Church."

Mrs. Bryson talked on "Deborah and Jephthah's Daughter" from the study book which the class is studying. She gave clearly the story of the two women.

Mrs. Shirley conducted a Bible quiz to complete the study. The hostesses served an ice course to twenty members and one guest, Keran Armstrong, of Waco, granddaughter of Mrs. Shrode.

THALIA W. S. C. S.

The Thalia W. S. C. S. met in the parsonage Monday, August 26, with Mrs. C. C. Lamb as hostess.

"A Trip to the Mission Field" was the subject of the program. Songs, Are Ye Able, Said the Master and Jesus Is Always There were sung. Mother Morris gave the opening prayer. Mrs. Duane Naylor read scriptures, Psalms 8 and Mark 6:7-13. Meditations were brought by Mesdames C. H. Wood and T. H. Matthews.

Mrs. B. A. Whitman told the story of a visit to a mission field. She told of Evelyn Holloway's success in Puerto Rico. Mrs. H. W. Gray dismissed the group with prayer.

Mrs. B. A. Whitman, vice president, conducted a short business session. The group was happy to have Mother Morris, who has been away for a number of years.

The hostess served refreshments to Mesdames W. G. Chapman, H. W. Gray, T. H. Matthews, C. H. Wood, Duane Naylor, B. A. Whitman and Mother Morris.

Midwestern University Shows Continued Growth

Some ten years ago, Midwestern University was known as Hardin Junior College—today it is a senior college with national accreditation and recognition.

In 1946, the senior college was organized under a state charter. The name Midwestern University was adopted in an optimistic tone hoping that in the future the college would grow into an area college and university.

The faith of the founders of Midwestern University has been well founded. Beginning in September of this year, the University will have two schools—The School of Fine Arts and The School of Petroleum and Physical Science. Other schools are being planned for establishment in the future.

In 1952 work at the graduate level was offered for the first time. Since then many area teach-

ers have been able to complete their master's degree programs at Midwestern University.

The new school year at Midwestern will begin on September 9th when the freshman students arrive for their orientation program and counseling activities. Actual enrollment will begin on Thursday, September 12.

THALIA P. T. A.

There will be a regular meeting of the Thalia P. T. A. Wednesday, Sept. 4, at the Thalia School. The time of meeting is 2:45.

Every parent and patron of the school is urged to be present at this first meeting of the school year.

The width of United States ships is determined by the Panama Canal, and the height by the Brooklyn Bridge.

To protect the life of the President and to suppress counterfeiters are the two statutory duties of the U. S. Secret Service.

Turkeys and Pears Head Sept. Plentiful Food List in Texas

Turkeys will be the big food value in meat departments for a third successive month, the Agricultural Marketing Service reports, in announcing its September plentiful foods list. Supplies are ample and prices are expected to remain low.

Bartlett pears are a co-feature on the list, as a larger than average crop is expected. Canned pears will also be plentiful.

Other September plentiful listings suitable for main dish family meals will include broilers and fryers and fresh and frozen fish. These plentiful are the result of high broiler and fryer production and the good catches following the height of the fishing season. Milk, with a back to school em-

phasis on good nutrition, is a plentiful. Vegetables, such as peas and beans, and oils, dry peas and prunes round out the list.

By making a few simple changes in the way they prepared canned pears, Navy crews can be sure 95 per cent will be up enemy ships. The procedures were developed by scientists at the Naval Ordnance Laboratory, Silver Spring, Md.
