# PLANNING ON BUILDING?

THE Electric Heat Pump Is...

- ODORLESS
- FUEL-LESS
- SOOT-FREE
- CLEAN
- CONVENIENT
- QUIET
- FLEXIBLE
- COMFORTABLE
- ECONOMICAL
- SAFE
- AUTOMATIC

## INSTALL THE All Electric YEAR 'ROUND AIR CONDITIONER

Scientists have known for years that enough natural heat exists in outdoor air, even in the coldest weather, to heat every home in the world. If this heat could be extracted... concentrated... and brought indoors - what a solution to everyone's heating problem!

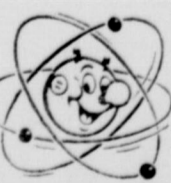

But that's just what a summer air conditioner does... in reverse. It extracts and concentrates indoor heat and moves it outdoors.

The All Electric Heat Pump Air Conditioner is an air conditioner that can reverse itself automatically to cool or heat as needed to maintain indoor comfort at an even level. An improved reverse-cycle valve, sensitive to indoor temperature changes of even a few degrees, switches from cooling to heating and back again automatically... to maintain the comfort level at which you set the thermostat.

### COMPLETELY AUTOMATIC

The Electric Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling and back again as the temperature changes require.

You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Electric Heat Pump is the ONLY completely automatic Air Conditioner.

See Your Electric Heat Pump Dealer

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—During coming months Texans will ponder and argue the wisdom of adopting sweeping changes in election procedures.

If adopted, the changes recommended by Gov. Price Daniel would alter campaign procedures more drastically than anything since the Terrell election law became effective over a half century ago.

Governor Daniel's proposals are (1) to abolish precinct conventions and, instead, elect county convention delegates at the first primary and (2) to hold primaries in May and June instead of July and August.

Such ideas are grist for mills that grind slowly. They'll be debated, pro and con, at the party conventions this summer and, probably, again by the Legislature next year.

At the June 9 meeting of the State Democratic Executive Committee, the resolutions subcommittee will recommend support of the changes. Sub-committee members announced they agreed with the governor that a direct primary vote in the precincts would insure wider participation and do away with the "ugly contests, rump delegations and bitterness" that have characterized Texas party politics all the way to the national convention.

Support from the State Committee was to be expected since a majority of its members are friendly to Governor Daniel.

Opposition is anticipated, down the line, from people who regularly participate in precinct meetings. They—or at least some of them—contend the neighborhood gatherings provide the citizenry with a sort of democratic "town hall" experience. Others object to earlier elections on the grounds they would prolong the "lame duck" period for defeating incumbents.

Defenders of the anti-precinct convention plan declare it's the next logical step in a long-range trend. Before the adoption of the Terrell election law, state officials were nominated by political parties at their state conventions. Beginning in 1907 voters were given a more direct say by the use of one primary and a convention vote if no candidate received a primary majority. In 1918 this was amended to provide the present two-primary system.

"CODE" FORTHCOMING — SDEC's resolutions committee also promised to meet DOT's challenge for a "code of ethics" for conducting party conventions.

The Committee said it did not feel privileged to dictate procedures from the state level, to precinct and county officials, "the overwhelming majority of whom can be trusted to function with the highest ethical considerations." But it said it would recommend a "declaration of principles which will insure . . . majority determination" at state conventions.

A "fair play code" has been a rallying cry for the Liberal Democrats of Texas led by Mrs. Frankie Randolph of Houston.

ANTI-TRUST INQUIRY—When a city or county needing supplies or equipment gets sealed bids identical to the fraction of a cent, there's a possibility the bidders got together beforehand and agreed on a jacked-up price.

Atty. Gen. Will Wilson says that his office has had several re-

ports of identical bidding. He is making an intensive investigation. Suits will be filed after evidence is complete, probably within six to eight weeks.

Contracts under study involve sales of electric transformers, chlorine for swimming pools, and lime and oyster shell for street topping.

A conspiracy among bidders to raise prices can cost taxpayers in the multi-millions, Wilson commented.

HOLES IN THE NET?—With the state facing a sizable deficit next year, the Senate general investigating committee is seeking to discover if the state is getting all the tax money due it.

Members of the State Comptroller's Department, chief collecting agency, told the committee, in effect, that the collecting net was a little skimpy for the potential catch.

They're way behind in their audits of large companies, said Houston area supervisor Harvey J. McKinzie. Reason, he said, is that low state salaries have caused the staff to dwindle from 14 in 1948 to 5 at the present time.

An audit, said McKinzie, sometimes results in recovery of large sums of additional tax money.

BACK AGAIN — Texas officials are making another attempt to get the Supreme Court to say who's "boss" of insurance liquidation.

Both the State Board of Insurance and the judge of the local district court handling the liquidation cases have had a hand in selecting liquidation attorneys during the past few years. In a recent test case the Supreme Court said the Board had the first responsibility for naming the attorneys and setting their salaries, but that if it failed to act, the judge could step in.

Now, the attorney general is pressing for a more definite ruling. Acting on behalf of the Insurance Department, he has asked the court to set aside a recent order by Dist. Judge Charles O. Betts raising the salaries of three liquidation attorneys.

Wilson's petition contends that, in changing the salaries of men already appointed by the Board, the judge is overstepping his authority.

ALL OR NOTHING — A farmer or rancher cannot get a refund on state gasoline taxes if he uses his "agricultural gasoline" for any other purpose.

This opinion by the attorney general was given at the request of State Comptroller Robert S. Calvert, who said that a farmer wanted to correct a previous claim and get a partial refund for gasoline used partly for farming.

A farmer using gasoline on which he receives a tax refund may not drive the vehicle on a public road.

FEWER JOBLESS—Texas Employment Commission's latest report on Texans out of work is cheerful.

For the second consecutive week, the number claiming unemployment benefits dropped substantially—from 86,528 to 83,099.

Optimism is tempered by the expectation of a new flood of job-seekers when the schools and colleges turn out graduates and summer workers this week.

First evidences of algebra are found in Egyptian relics of about 1700 B. C.

by Texas highway users, were not shown on the 1948 map. Today, 1,026 roadside parks are pinpointed as pleasant stopping places. Divided highways also show a startling jump in the ten-year period. In 1948 there were 110 miles of divided roads shown. Now, there are 1,007 miles marked on the map with the black bands and red center indicating divided highway miles.

REACHES PINNACLE OF POWER IN SOVIET UNION

George F. Kennan, considered by many to be the foremost American authority on Soviet affairs, writes: "Kruschev has now defended and estranged from the central political process, one by one, the intelligentsia, the industrial managers and a portion of the officers corps of the armed services. He has now achieved the pinnacle of power which he apparently wanted, but I suspect that he is rather isolated up there, and that the winds around him are becoming increasingly chilly."

Alfalfa is native to Asia, did not reach this country until 1850.

### 1958 Official Highway Travel Map Now Available Free of Cost

Austin, Tex.—It's here! It's new! It's free! The Texas Highway Department this week released the big new 1958 Official Highway Travel Map. Maps may be obtained by writing the Texas Highway Department, Austin, 14, Tex., or at the Highway District offices and Travel Information Bureaus. County tax offices have map cards available for requesting copies of the map.

The official highway travel map is used by all state and governmental agencies in Texas for determining highway distances, mileage, zones, and like information. The same map is used by Texas tourists seeking roads to recreational and historical attractions throughout the state. The reverse side of the map reflects in full scenic and recreational facilities in Texas.

Texas' new 1958 travel map is the answer to today's demand for more and more travel information. The steady growth of Texas from a state with a population of slightly over seven million just ten years ago to its present estimated population of more than nine million is reflected by the information shown.

The number of cities and towns indicated on the 1948 map was 567. Today, there are 1,812—an increase of 1,245. State and U. S. highways have been increased by 2,026 miles, and farm-to-market roads from 620 miles to 17,126 miles—a 16,506-mile increase. The map reflects a total of 43,292 miles of highways.

Roadside parks, long cherished

by Texas highway users, were not shown on the 1948 map. Today, 1,026 roadside parks are pinpointed as pleasant stopping places. Divided highways also show a startling jump in the ten-year period. In 1948 there were 110 miles of divided roads shown. Now, there are 1,007 miles marked on the map with the black bands and red center indicating divided highway miles.

SANTA ROSA ROUNDUP AND LIVESTOCK EXPOSITION  
Vernon, Texas

WITH THE GRACE OF DANCING PARTNERS in a violent adagio of death, the bareback bronc rider and his mount whirl through the eight-second ride. The cowboy has only a simple handhold on his rigging, a smooth surcingle, to help him hang onto the wildly pitching bronc. Already badly out of balance, this rider will probably bite the dust on the bronc's next jump. Top cowboys from all over the nation will compete in this thrilling event at the Santa Rosa Roundup in Vernon, Texas, June 25-28.

**Riverside**  
MRS. CAP ADKINS

Mr. and Mrs. Dave Shultz and sons visited their son, Louis Pyle, and family of Floydada Sunday.  
Mr. and Mrs. Louis Ward and family of Wichita Falls visited his parents, Mr. and Mrs. Frank Ward, Sunday.  
Miss Judy Churchill of Fort Worth has returned to her home after visiting Mr. and Mrs. Joe Richter and attending the commencement exercises of Texas Tech at Lubbock.

- CONVENIENT
- QUIET
- FLEXIBLE
- COMFORTABLE
- ECONOMICAL
- SAFE
- AUTOMATIC

INSTALL THE **All Electric YEAR 'ROUND AIR CONDITIONER**

Scientists have known for years that enough natural heat exists in outdoor air, even in the coldest weather, to heat every home in the world. If this heat could be extracted... concentrated... and brought indoors—what a solution to everyone's heating problem!

But that's just what a summer air conditioner does... in reverse. It extracts and concentrates indoor heat and moves it outdoors.

The All Electric Heat Pump Air Conditioner is an air conditioner that can reverse itself automatically to cool or heat as needed to maintain indoor comfort at an even level. An improved reverse-cycle valve, sensitive to indoor temperature changes of even a few degrees, switches from cooling to heating and back again automatically... to maintain the comfort level at which you set the thermostat.

**COMPLETELY AUTOMATIC**  
The Electric Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling and back again as the temperature changes require.  
You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Electric Heat Pump is the ONLY completely automatic Air Conditioner.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin, Tex.—During coming months Texans will ponder and argue the wisdom of adopting sweeping changes in election procedures.

If adopted, the changes recommended by Gov. Price Daniel would alter campaign procedures more drastically than anything since the Terrell election law became effective over a half century ago.

Governor Daniel's proposals are (1) to abolish precinct conventions and, instead, elect county convention delegates at the first primary and (2) to hold primaries in May and June instead of July and August.

Such ideas are grist for mills that grind slowly. They'll be debated, pro and con, at the party conventions this summer and, probably, again by the Legislature next year.

At the June 9 meeting of the State Democratic Executive Committee, the resolutions sub-committee will recommend support of the changes. Sub-committee members announced they agreed with the governor that a direct primary vote in the precincts would insure wider participation and do away with the "ugly contests, rump delegations and bitterness" that have characterized Texas party politics all the way to the national convention.

Support from the State Committee was to be expected since a majority of its members are friendly to Governor Daniel.

Opposition is anticipated, down the line, from people who regularly participate in precinct meetings. They—or at least some of them—contend the neighborhood gatherings provide the citizenry with a sort of democratic "town hall" experience. Others object to earlier elections on the grounds they would prolong the "lame duck" period for defeating incumbents.

Defenders of the anti-precinct convention plan declare it's the next logical step in a long-range trend. Before the adoption of the Terrell election law, state officials were nominated by political parties at their state conventions. Beginning in 1907 voters were given a more direct say by the use of one primary and a convention vote if no candidate received a primary majority. In 1918 this was amended to provide the present two-primary system.

"CODE" FORTHCOMING — SDEC's resolutions committee also promised to meet DOT's challenge for a "code of ethics" for conducting party conventions.

The Committee said it did not feel privileged to dictate procedures from the state level, to precinct and county officials, "the overwhelming majority of whom can be trusted to function . . . with the highest ethical considerations." But it would recommend a "declaration of principles which will insure . . . majority determination" at state conventions.

A "fair play code" has been a rallying cry for the liberal Democrats of Texas led by Mrs. Frankie Randolph of Houston.

ANTI-TRUST INQUIRY—When a city or county needing supplies or equipment gets sealed bids identical to the fraction of a cent, there's a possibility the bidders got together beforehand and agreed on a jacked-up price.

Atty. Gen. Will Wilson says that his office has had several re-

ports of identical bidding. He is making an intensive investigation. Suits will be filed after evidence is complete, probably within six to eight weeks.

Contracts under study involve sales of electric transformers, chlorine for swimming pools, and lime and oyster shell for street topping.

A conspiracy among bidders to raise prices can cost taxpayers in the multi-millions, Wilson commented.

HOLES IN THE NET?—With the state facing a sizable deficit next year, the Senate general investigating committee is seeking to discover if the state is getting all the tax money due it.

Members of the State Comptroller's Department, chief collecting agency, told the committee, in effect, that the collecting net was a little skimpy for the potential catch.

They're way behind in their audits of large companies, said Houston area supervisor Harvey J. McKinzie. Reason, he said, is that low state salaries have caused the staff to dwindle from 14 in 1948 to 5 at the present time.

An audit, said McKinzie, sometimes results in recovery of large sums of additional tax money.

BACK AGAIN — Texas officials are making another attempt to get the Supreme Court to say who's "boss" of insurance liquidation.

Both the State Board of Insurance and the judge of the local district court handling the liquidation cases have had a hand in selecting liquidation attorneys during the past few years. In a recent test case the Supreme Court said the Board had the first responsibility for naming the attorneys and setting their salaries, but that if it failed to act, the judge could step in.

Now, the attorney general is pressing for a more definite ruling. Acting on behalf of the Insurance Department, he has asked the court to set aside a recent order by Dist. Judge Charles O. Betts raising the salaries of three liquidation attorneys.

Wilson's petition contends that, in changing the salaries of men already appointed by the Board, the judge is overstepping his authority.

ALL OR NOTHING — A farmer or rancher cannot get a refund on state gasoline taxes if he uses his "agricultural gasoline" for any other purpose.

This opinion by the attorney general was given at the request of State Comptroller Robert S. Calvert, who said that a farmer wanted to correct a previous claim and get a partial refund for gasoline used partly for farming.

A farmer using gasoline on which he receives a tax refund may not drive the vehicle on a public road.

FEWER JOBLESS—Texas Employment Commission's latest report on Texans out of work is cheerful.

For the second consecutive week, the number claiming unemployment benefits dropped substantially—from 86,528 to 83,099.

Optimism is tempered by the expectation of a new flood of job-seekers when the schools and colleges turn out graduates and summer workers this week.

First evidences of algebra are found in Egyptian relics of about 1700 B. C.

### 1958 Official Highway Travel Map Now Available Free of Cost

Austin, Tex.—It's here; it's new! It's free! The Texas Highway Department this week released the big new 1958 Official Highway Travel Map. Maps may be obtained by writing the Texas Highway Department, Austin, 14, Tex., or at the Highway District offices and Travel Information Bureaus. County tax offices have map cards available for requesting copies of the map.

The official highway travel map is used by all state and governmental agencies in Texas for determining highway distances, mileage, zones, and like information. The same map is used by Texas tourists seeking roads to recreational and historical attractions throughout the state. The reverse side of the map reflects in full color some of the outstanding scenic and recreational facilities in Texas.

Texas' new 1958 travel map is the answer to today's demand for more and more travel information. The steady growth of Texas from a state with a population of slightly over seven million just ten years ago to its present estimated population of more than nine million is reflected by the information shown.

The number of cities and towns indicated on the 1948 map was 567. Today, there are 1,812—an increase of 1,245. State and U. S. highways have been increased by 2,026 miles, and farm-to-market roads from 620 miles to 17,126 miles—a 16,506-mile increase. The map reflects a total of 43,292 miles of highways. Roadside parks, long cherished

by Texas highway users, were not shown on the 1948 map. Today, 1,026 roadside parks are pinpointed as pleasant stopping places. Divided highways also show a startling jump in the ten-year period. In 1948 there were 110 miles of divided roads shown. Now, there are 1,007 miles marked on the map with the black bands and red center indicating divided highway miles.

### REACHES PINNACLE OF POWER IN SOVIET UNION

George F. Kennan, considered by many to be the foremost American authority on Soviet affairs, writes: "Kruschev has now defended and estranged from the central political process, one by one, the intelligentsia, the industrial managers and a portion of the officers corps of the armed services. He has now achieved the pinnacle of power which he apparently wanted, but I suspect that he is rather isolated up there, and that the winds around him are becoming increasingly chilly."

Alfalfa is native to Asia, did not reach this country until 1850.

WITH THE GRACE OF DANCING PARTNERS in a violent adagio of death, the bareback bronc rider and his mount whirl through the eight-second ride. The cowboy has only a simple handhold on his rigging, a smooth surcingle, to help him hang onto the wildly pitching bronc. Already badly out of balance, this rider will probably bite the dust on the bronc's next jump. Top cowboys from all over the nation will compete in this thrilling event at the Santa Rosa Roundup in Vernon, Texas, June 25-28.

**PERSONALS**  
Check our tire prices before you buy.—Crowell's. 46-tfc

Mr. and Mrs. Billy D. Daniel of Benjamin spent the week end with Mr. and Mrs. A. L. Cox.

Mr. and Mrs. J. H. Austin of Abilene were here Sunday visiting Mr. and Mrs. Jack Seale.

Mr. and Mrs. Richard Stripling and children, David and Nancy, of Dallas spent the week end here visiting Mrs. Stripling's parents, Mr. and Mrs. Jack Seale.

Miss Jolyne Wallace of San Angelo spent from Saturday until Monday here visiting her parents, Mr. and Mrs. Shelby Wallace.

Kerry Brown, 1958 Crowell High School graduate and son of Mrs. L. M. Brown, enrolled June 3 for the summer school at Texas Tech in Lubbock.

Mrs. Minnie Williams returned to her home in Brownfield the first of the week following a visit here with relatives and friends during the wheat harvest.

A real bargain—500 sheets 16-lb., 8 1/2 x 11, typing paper, for only \$1.60, at the News office.

Mr. and Mrs. E. W. Brown of Fort Worth spent the week end here visiting relatives and friends and looking after their wheat harvest.

Mr. and Mrs. Bobby Daniel and children, Renee and Timmy, of Paducah were visitors in Crowell Saturday afternoon. They visited their sisters, Mrs. Clark Brown and Mrs. A. L. Cox, and families.

Mrs. V. B. Ward of Longview; her sister, Mrs. Jimmy Williams of Childress, and her sister-in-law, Mrs. Lum Howell of Dallas, visited with Mrs. Joe Ward one day last week.

Mr. and Mrs. S. T. Crews returned home from Houston and West Columbia last week. Their daughter, Mrs. Lee Crews of West Columbia, accompanied them home for a visit.

Henry Teague and son, Bobby, of McAdoo were here last Friday morning visiting relatives and friends. They were en route to Wilbarger County to look after the harvesting of their wheat crop.

Mrs. Mattie Meadows of Tipton, Okla., and her daughters, Mrs. Nellie Smith of Seminole, Okla., and Mrs. Oscar Broyles of Houston spent the week end here visiting Mrs. Maude Rasberry and family.

Donald A. Menn of Runge, Texas, student soil conservationist trainee of A. & I. College of Kingsville, has joined the Soil Conservation Service work unit in Crowell to work through the summer.

Mr. and Mrs. Ernest Johnson and children, J. Norman and Marlane, of Lubbock spent the week end visiting Mrs. Johnson's mother, Mrs. Maude Rasberry, and other relatives.

Mr. and Mrs. J. B. Washburn and children, Suzette and Bruce, of Salina spent from Friday until Sunday here visiting Mrs. Washburn's parents, Mr. and Mrs. Shelby Wallace, Suzette and Bruce remained for a longer visit with their grandparents.

Mr. and Mrs. M. O'Connell, pioneer residents of Crowell and Margaret, are now living at St. Joseph's Hostel, 330 West Pembroke St., in Dallas 8, Texas. Their son, Bryan O'Connell, and daughter, Sister Mary Margaret, both live in Dallas.

Mr. and Mrs. Walter Cates and Mrs. Edward Gafford and daughters, Zerme and Michell, attended the reunion of Mrs. Cates' relatives in the City Park in Coleman Sunday. Seventy-eight were registered, mostly relatives. Mrs. Gafford and daughters remained there for a longer visit with relatives.

Mr. and Mrs. N. J. Roberts spent last week in Fort Worth and Dallas visiting relatives.

Mrs. Weldon Hays and son, Max, and Mrs. Gene Hightower of Wichita Falls visited their sister, Mrs. Mack Gamble, and other relatives and friends here Tuesday and Wednesday.

Mr. and Mrs. Billy John Rader of Wichita Falls spent the week end here visiting their parents, Mr. and Mrs. John Rader, and family. Billy John is working in a Wichita Falls department store this summer and Mrs. Rader is attending Midwestern University.

Mr. and Mrs. Hardy Sanders and children of Dallas visited the latter part of last week here with his parents, Mr. and Mrs. A. R. Sanders. They went from here to Pampa to visit his sister, Mrs. Fred Carr, and children and then on to Colorado to spend the remainder of their vacation.

Mr. and Mrs. Henry Dixon and two daughters moved to Quanah Sunday to make their home. Mr. Dixon moved his jewelry and watch repairing business to Quanah about two months ago and computed to and from Quanah until the closing of the Crowell school term.

Mr. and Mrs. N. J. Roberts accompanied their daughter-in-law, Mrs. Joe Y. Roberts of Fort Worth, to Lubbock Saturday, May 31, where they attended the graduation of their daughter and granddaughter, Miss Joan Roberts, from Texas Tech on Monday, June 2. She received an A. B. degree.

**CARD OF THANKS**  
With grateful hearts, we thank all those who did so much to help us in our time of grief. The kindness and thoughtfulness shown us will ever be remembered. We especially thank the ladies of the Thalia Baptist Church for the fine noon meal Tuesday.  
Brothers and Sisters of Roy Hairston  
And Other Relatives. ch.

**FOARD CITY W. S. C. S.**  
Members of the Foard City Women's Society of Christian Service met at the church on Monday, June 9, with Mrs. Virgil Johnson presiding. Opening the meeting was a prayer by Mrs. Jack Welch. During the business meeting, additional contributions to charitable institutions were voted. Reports of missionaries from Korea and India were given by Mrs. Welch as a part of the leaflet program prepared by Mrs. Blake McDaniel.  
"The Christian Church in Japan" was the title of Mrs. Grady Halbert's article. She discussed the work of the United Church of Christ in Japan, called the Kyodan and composed of eight denominations uniting for Christ's cause. The centennial of protestant missionary work will be observed in 1959.  
Mrs. Johnson told of the work being done in the ten Missions in healing here in this country. She told several interesting facts about a hospital in Jacksonville, Fla. Established in 1901, the mission has grown to a 166-bed capacity and is dedicated solely to the healing of the colored people.  
Work and service being done by Methodist youth was discussed by Mrs. McDaniel. They share in the home and foreign missions with contributions which have reached the three-fourths of a million dollars mark annually; and many are answering the call for missionary work. A prayer for the youth of the community concluded the meeting.

**TRUSCOTT H. D. CLUB**  
The Truscott Home Demonstration Club met at the community center Thursday, May 23. The program was opened by singing the national club song and Mrs. W. O. Corder, president, read the club prayer. Roll call was answered with "my favorite flower."  
Mrs. H. M. Black was elected for nominee from this club to attend the state meeting. Mrs. Jack Hickman gave treasurer's report. Mrs. W. R. Owens read the minutes. After the business meeting, the program was given on flower arrangements by Mrs. T. G. Westbrook, Mrs. Hickman and Mrs. Black.  
Refreshments were served by the hostess, Mrs. W. O. Corder, to members: Mesdames H. M. Black, H. P. Gillespie, Ruby Hickman, J. M. Chowning, T. G. Westbrook and daughter, Runee, T. M. Westbrook, J. R. Brown, W. E. Good, W. R. Owens, and Miss Mary K. Chowning.  
The next meeting will be June 13 when Mrs. H. M. Black will be hostess. Roll call will be "foods my family likes better frozen than canned." The meeting will be at Mrs. Black's home.

Watsonville, Calif.; Thomas E. Barsey, Amarillo; Lee Morgan, Alvarado.

**Plans in Progress for Killing Rough Fish in P-K Lake**  
Plans for a selective kill of rough fish on Possum Kingdom Lake late this summer are progressing as rapidly as possible, it has been announced by the director of Inland Fisheries of the Game and Fish Commission.  
A biologist has been working there for a week with a recording fathometer to ascertain the depth of various areas. With this information, it will be possible to make experimental treatments. This will determine the amount of chemicals necessary to knock out the noxious fish, such as carp and buffalo.  
The possibility of applying the chemical treatment to the lake from planes by experienced crop dusters also is being considered. Kenneth Judgens, aquatic biologist, has been conferring with crop dusters who say they can do the job cheaper and more effectively than can be done from power-equipped sprays on fast boats.  
The Possum Kingdom treatment will be the largest ever attempted. A careful survey is being made of all details of the treatment program to make it most effective in eliminating the over-supply of rough fish.

**Farm Constuction Now Available with F. H. A. Loans**  
More farm construction — with better homes for farm families, better shelter for livestock and improved storage facilities for machinery and grain. That's the prospect in coming years, says F. O. Smith, county supervisor for the Farmers Home Administration.  
Recently, as an anti-recession measure, his agency expanded its farm housing loan program to the fullest extent possible under existing laws set up by Congress. And Mr. Smith reports that he already has received more than ten inquiries from interested people in the area. To be eligible now, an applicant must own a farm that is in agricultural production and must plan to produce at least \$400 worth of commodities for sale and some use, based on 1944 prices. Many part-time farmers who previously were ineligible can qualify for loans under the expanded program.  
The construction work can start after the loan is closed. The loan bears 4 per cent interest on the unpaid balance and may be repaid over a period up to 33 years.  
Mr. Smith said that one reason for renewed interest in farm construction is that many of the farm homes and service buildings in the community were built several years ago and because of weather and age now need general repair. And in some cases farm owners need to replace them entirely with modern structures designed to meet present day needs.  
In addition to financing major construction, the loan funds can help a farm owner repair and up-date buildings. For example, he may wish to add a bathroom including a waste disposal system, modernize the kitchen, add an extra bedroom, improve the heating, insulation and electric wiring, put a basement under the house, and cement floors in service buildings, or paint the house and service buildings.  
Mr. Smith reports that the agency has \$400 million available nationally which can be used over the next three years for farm housing loans. He said there is no specified limitation on the amount which can be loaned in any one state or community. Mr. Smith said that Walter T. McKay, state director for Texas, estimates that if present farm housing loan activity continues as it has in the past two months, that more than \$2,000,000 will be channeled into this state by the end of the calendar year 1958. Practically all of the money will be spent locally to purchase supplies at lumber yards and business places, and to hire skilled labor.

**RIVERSIDE H. D. CLUB**  
A delicious aroma of cooking steak welcomed the Riverside Home Demonstration Club ladies as they arrived at the Riverside school house for their regular meeting, June 3, at 2:30 p. m.  
"Seal your foods in double thickness of foil to be sure they won't leak out to your charcoal," said Mrs. Monroe Karcher, who was in charge of the program, "Outdoor Cooking." Besides the steak, she prepared a burger dinner, campfire vegetables, torn on cob, baked banana, and baked apple. No dishes to wash as the foil wrappings, when unsealed, form perfect serving dishes.  
The business session was brought to order by the president, Mrs. S. C. Kuehn. A devotional was given by Mrs. W. A. Mussetter and "Woman's Prayer" by Dessa M. Baker was read by Mrs. John S. Ray. The roll call was answered by "what we cook outdoors." The minutes of the last meeting were read by Mrs. C. L. Adkins, secretary. Mrs. James Bowers, council delegate, gave two council reports. Mrs. Karcher was elected as nominee for the THDA state meeting to be held on August 13-15. The club voted to cooperate with the "Walking Blood Bank" in case all the clubs of the county go ahead with it. Also voted to start further improvement on a portion of the Riverside school house for their meetings, socials, etc., beginning about Sept. 1. The

**STRESSES IMPORTANCE OF STATE'S HIGHEST COURT**  
Importance of the functions and responsibilities of the state's highest court was emphasized Wednesday by District Judge Wilmer B. Hunt. Judge Hunt is a third generation Texas lawyer seeking the Position One post of Associate Justice of the Supreme Court of Texas to be vacated Dec. 31 by St. John Garwood of Houston who is not running for re-election.  
"The impact of decisions of the Supreme Court of Texas now and in the years ahead are of increasing vital concern to Texans in every walk of life. It is therefore important that Texas voters weigh carefully the qualifications of those candidates seeking election to this high post," Judge Hunt said.  
The veteran jurist presides over the 133rd District Court in Houston where he has been re-elected three times since 1948 without opposition.  
He was engaged in the private practice of law for 19 years prior to becoming judge of the 133rd District Court.  
**PARENTS BLAMED FOR JUVENILE DELINQUENCY**  
A Trendex News Poll asked what is most to blame for juvenile crime. A heavy majority — 71.3 per cent — gave parents' failure as the primary reason.

**CONVERTING MORE PEOPLE TO CHEVY!**  
This superbly fashioned Impala Convertible is making new friends for CHEVROLET faster than you can say TURBO-THRUST V8.\*  
Here's the car that puts you in a top-down, fun-hearted, go-places mood!

Once you've been infected by the fun of driving this Impala Convertible, no other car can take its place. Whisking along with the top down holds that same extra something as cooking in the open, dancing under the stars or just relaxing in a lawn chair — with only a cloud or two and the sweet smell of summer between you and the sky.  
It's not simply that this car is a convertible — for it is much more than that. Your dealer's waiting now with the facts on the new Turbo-Thrust V8, the Safety-Girder frame and all the other features that mean more summer fun in a Chevy.  
\*Optional at extra cost

THIS WEEK

—In Washington

Clinton Davidson

From now until next November, it's going to become increasingly difficult for you to keep your thoughts to yourself. Thousands of opinion poll takers will be roaming the country and your mail will be peppered with questionnaires.

Washington, in particular, will want to know what you think about almost everything under the sun. The reason, of course, is that this is an election year for 32 U. S. Senators and 435 Representatives.

One enterprising Congressman who is convinced the early bird gets the vote already has conducted a poll of his constituents on what he lists as the 20 most important questions facing the nation. He is up-state New York Rep. Harold C. Ostertag.

He received 7,232 replies to questions calling for "yes," "no" or "undecided" answers. The questions, and the percentages of "yes" and "no" answers give him a pretty good idea of what his voters are thinking.

Do you favor increased Federal aid for science education? Yes, 67.6 per cent; no, 28.5 per cent. Should Congress enact a Presidential disability law? Yes, 76 per cent; no, 17.4 per cent. Do you favor pay television? Yes, 8.3 per cent; no, 87.7 per cent.

Two More States? Do you favor statehood for Hawaii (yes, 81.7 per cent; no, 12.5 per cent) and Alaska (yes, 85.3 per cent; no, 3 per cent)?

Do you favor increased postage rates? Yes, 79.1 per cent; no, 26.3 per cent. Do you favor increased pay for postal workers? Yes, 70.1 per cent; no, 26.3 per cent.

Should Congress enact legislation to placation welfare and pension fund under federal control? Yes, 66.2 per cent; no, 24.1 per cent.

Should the minimum wage be increased above \$1 an hour? Yes and no, each 46.8 per cent.

Should the Social Security law be amended to raise the \$1,200 earnings ceiling? Yes, 60.1 per cent; no, 22.5 per cent.

Do you favor increasing the \$4,200 social security tax base if benefits are also raised? Yes, 53.1 per cent; no, 38.4 per cent.

Do you favor reducing non-mil-

itary Federal spending to permit a tax cut? Yes, 62.1 per cent; no, 30.8 per cent.

Do you favor 60 per cent to 90 per cent farm price supports, with increased acreage allotments, instead of the present 75 per cent to 90 per cent supports? Yes, 27.6 per cent; no, 52.1 per cent.

Should the soil bank conservation reserve be continued? Yes, 41.6 per cent; no, 34.1 per cent. The acreage reserve? Yes, 25.2 per cent; no, 48.1 per cent.

Should atomic energy for peaceful purposes be developed by the federal government (11.1 per cent); by private enterprise (27.3 per cent); or a partnership of both (57.3 per cent)?

Civil Defense Shelters? Do you favor a multi-billion dollar building of defense shelters? Yes, 26.3 per cent; no, 64.9 per cent.

Should we continue our foreign aid program: Military assistance? Yes, 56.3 per cent; no, 33.1 per cent. Economic assistance? Yes, 60.6 per cent; no, 30.3 per cent.

Should we exchange atomic weapons information with our allies? Yes, 58.2 per cent; no, 32.8 per cent.

Do you favor closer cooperation with NATO countries? Yes, 89.1 per cent; no, 13.8 per cent.

Do you favor increased cultural and commercial relations with Russia? Yes, 52.6 per cent; no, 39.1 per cent.

Do you believe we should negotiate with Russia on disarmament and world political problems? Yes, 57.9 per cent; no, 34.2 per cent.

New Fawn Crop Now Being Seen in Hill Country

This year's fawn crop is coming on two weeks early, according to the Director of Wildlife Restoration of the Game and Fish Commission.

"Jim Teer, our biologist in the Edwards Plateau area, brings in reports that many young deer are already being seen in the Hill Country," the director said.

So far, worms have not been as serious a problem as last year. We have a heavy survival of does from last year, and there should be a beautiful crop of fawns this season. Full scale nesting of turkeys also is underway. No broods have been seen by the biologists as yet, but they have found nests indicating a favorable hatch can be expected.

Ample rains during the spring have put the range in fine condition, according to all reports from the deer country. Deer census lines also are being set out in some of the country south of San Antonio in preparation for counts early this fall before the hunting season.

HOT SPIT! A rock drill that spits flame five times faster than the speed of sound and creates temperatures as hot as 4,000 degrees Fahrenheit, is being used to blast away rock for the St. Lawrence Seaway. In one shift, the new tool sank a 100-foot hole that would have taken a week to drill by conventional methods. The process, called "jet piercing," uses heavy fuel oil or kerosene with oxygen and water. Its jet-flame "bit" only 18 inches long and two inches wide, is said to be one of the highest concentrations of energy available to man. Today, almost 99 per cent of the work in this country is done by such mechanical energy.

OLD TIMER "An Old Timer is a fellow who remembers when a man did his own withholding on his take-home pay"—West Branch, Iowa, Times.

## Miss Peggy Bumpass and Grady McDaniel Marry at Hereford

Miss Peggy June Bumpass, daughter of Mr. and Mrs. G. L. Bumpass of Hereford, became the bride of James Grady McDaniel, son of Mr. and Mrs. E. M. McDaniel of Crowell, Saturday at 8 p. m. in the First Baptist Church in Hereford. Rev. Howard Scott, pastor, read the double ring ceremony.

Baskets of white gladioli and miniature chrysanthemums with greenery were combined with candelabrum holding pyramiding white tapers to form the altar setting.

Wedding music was furnished by Mrs. Howard Scott, organist, and Mrs. Floyd Messinger, vocalist.

The traditional wedding marches were used for the processional and the recessional and the organist played "The Wedding Prayer" during the ceremony.

Bobby Miller of Gilliland was best man, Danny Bumpass, brother of the bride, Dwayne Brown and Jimmy Brown were ushers.

Miss Ann Reeves was maid of honor. She wore an ice-blue chiffon dress having a fitted bodice with sweetheart neckline and full skirt. She carried an arm bouquet of Frenched white carnations.

Ring bearers were Connie Dale Bainum who wore ice blue organdy and a white hat, and Bill Erwin of Crowell, nephew of the bridegroom. Candles were lighted by Kay Wooley and Lynn Thompson. They were dressed in ice blue organdy with white accessories and wore white carnation corsages.

The bride, given in marriage by her father, chose a gown of white rose petal lace over satin styled with molded bodice having a deep "V" neckline and long pointed sleeves. The bouffant lace skirt fell to floor length. Her fingertip veil of silk net was banded with satin ribbon and lace and caught to a net halo. The veil was a wedding gift from Mrs. N. C. Vogle, a close friend of the family. She wore lace and satin slippers matching the dress and carried a white Bible overlaid with rosebuds and silver leaves tied with white satin streamers. Her only ornament was a single strand of pearls, the gift of the bridegroom.

The bride's mother wore a pastel blue dress with white accessories and a white carnation corsage tied with ice blue satin. The bridegroom's mother wore a pink two-piece frock with white accessories, and wore a corsage of white carnations with white satin leaves.

The reception was held in the church fellowship hall. The bride's table was laid with an ice blue cloth overlaid with lace. The center attraction was ice-blue candle.

holders entwined with white roses and satin leaves. The traditional three-tiered wedding confection was featured. Ann Reeves presided at the wedding cake and Kay Wooley and Lynn Thompson poured punch. Mrs. Wilbur Gibson kept the guest register. Gladys Lee presented informal music during the reception hours.

For traveling, the bride wore a navy blue linen chemise with white accessories and she wore a white rosebud corsage. Following a short wedding trip the couple will make their home in Wichita Falls.

The bride is a graduate of Hereford High School and has been active in Rainbow Girls and Horizon Club. She is a member of the Avenue Baptist Church in Hereford.

Mr. McDaniel is a graduate of Crowell High School and is presently attending a business college in Wichita Falls.

The rehearsal dinner was given in the Friendship room of the Hereford State Bank Friday evening with Mrs. Joe Kendall and Mrs. Delbert Bainum as hostesses.

Members of the bridal party and out of town guests attended and the couple presented their attendants with gifts. Among the out of town guests were Mrs. W. O. McDaniel, the bridegroom's grandmother; Mrs. Gordon Erwin, his sister, and her family, George W. Brown, the bride's grandfather, Mr. and Mrs. Charlie Hines McDaniel and family and Mrs. Minnie Milburn of Crowell, Mr. and Mrs. Pat McDaniel Jr. and family of Fort Worth, Mr. and Mrs. G. G. Brown and family and Mrs. Ada Brown of Paducah, Mr. and Mrs. Alvin King of Perryton, C. T. McDaniel of Crowell, Mrs. Obb Miller and Miss Wanda Navratil of Gilliland.

Miss Sandra Sanders and Donald Holland Marry June Fifth

The marriage of Miss Sandra Larue Sanders to Donald Max Holland of Thalia was solemnized on Thursday evening, June 5, in the home of the bride's parents, Mr. and Mrs. H. B. Sanders. He is the son of Mr. and Mrs. O. C. Holland of Thalia. T. G. McCord of Vernon officiated at the double ring rites.

The ceremony was performed in front of double windows in the living room before which stood tall candelabras and tall baskets of white gladioli, with greenery and satin ribbon interspersed.

Miss Elizabeth Davis provided the wedding music and accompanied Miss Jo Ann Fox, cousin of the bride, as she sang "Because."

The bride was attired in a gown of white lace over net and taffeta, with lace bodice fashioned with scalloped sweetheart neckline, long tight-fitting torso, bouffant skirt with lace overlay, three-quarter sleeves. Her veil was of French illusion lace, attached to a coronet type cap, covered with seed pearls. She carried a bouquet of white orchids and stephanotis atop a white Bible.

Her only jewelry was a single strand of pearls, a gift from the groom. She was given in marriage by her father.

Miss Jana Black was maid of honor, and wore a white lace sheath dress with mint green cummerbund and duster. Her accessories were white. Her bouquet was of colonial type and of mint green and white carnations.

Candlelighters were Miss Ruth Sanders, sister of the bride, and Miss Carolyn Hickman of Truscott. Jimmie Holland of Thalia served his brother as best man.

Mrs. Sanders, mother of the bride, wore a beige lace chemise dress with black accessories and a camelia corsage. Mrs. Holland, the groom's mother, wore a sheath dress of tan lace with which she wore black accessories and a camelia corsage.

A reception was held at the Adelphi Club house immediately following the marriage.

In the dining room, the table, covered with white satin embellished with bows of mint green, was centered with the lovely two-tiered wedding cake which was served with punch to the guests.

Miss Carolyn Monkres presided at the guest register. Assisting with the serving were Misses Judy Holland, sister of the groom; Miss Sue Sanders, sister of the bride; and Miss Shirley Fox.

For going-away, Mrs. Holland wore a navy linen sheath dress with navy and white jacket, white

accessories and an orchid corsage. They went on a short honeymoon trip.

The bride is a 1958 graduate of Crowell High School, was a class favorite, majorette in high school band, a member of National Theatrical Society, an F. H. A. officer and a member of the Sub-Junior Adelphi Club.

The groom is a 1958 graduate of Lockett High School, a class favorite, senior class president, received the Best Citizen Award,

lettered in football, baseball and basketball, and plans to enter Texas Technological College at Lubbock in the fall with physical education as a major.

**CROWELL LADY WEDS VERNON MAN**

Mrs. Joicy Jones of Crowell was united in marriage to E. L. Pollard of Vernon on Friday, June 6, at 6 p. m. at the Baptist parsonage in Crowell, with the pastor,

Rev. C. T. Aly, performing the ceremony.

Mrs. Pollard is well-known here, having resided here practically all her life. Mr. Pollard is in the nursery and produce business in Vernon and following a wedding trip to points in Texas and Oklahoma, the couple will reside in Vernon.

**BIRTHDAY PARTY**

Mrs. R. J. Owens entertained her daughter, Mieke, with a party on her fifth birthday June 1st.

8—THE FOARD COUNTY NEWS Crowell, Texas, June 12

Mieke received many nice birthday gifts.

Refreshments of ice cream, cake and punch were served to Reed Davis, Jaquitta Cox, Doris Lee Kirk, Bill Lynch Jr., Kristi McLain, Jackie Thomas, Sheri Speer, Peggy Raspberry, Donna Vecera, Jo Ann Williams, Peggy Welch, Sara Bell, Kathy Hammonds and the honoree, Mieke Owens.

**ENTERTAINS WITH BARBECUE**

Miss Barbara Fairchild entertained a number of friends at a barbecue Friday night.

Those present were Mrs. Gordon Graves, Miss Kincaid, Robert Kincaid, Thaxton, C. T. McDaniel, Mrs. Dwayne Elliott, all of Crowell, H. L. Ayers of Marquette, L. H. Wall of Vernon.
