Rotary Club Has Annual Barbecue Tuesday Evening

The annual meeting of the Rotary Club of Crowell was held at the Sandifer Cub Hut Tuesday night at 7 o'clock for the purpose of installing new officers for the 1957-58 Rotary year.

Rev. C. T. Aly gave the invocation after which delicious chicken barbecue was served to Crowell Rotarians and families and other invited guests.

Grady Halbert introduced the guests for the evening and also introduced the guest speaker, Jerry Wilson of Abilene, Rotary Foundation Fellow.

Jerry related many interesting experiences he had in a foreign country when he spent last year attending college in Johannesburg, South Africa. He is now working on his master's degree at the University of Texas in Austin. He was accompanied to Crowell by his mother, Mrs. Bertie Wilson of Abilene.

Other out-of-town visitors were Dr. W. Truett Walton, vice president of Hardin-Simmons University, governor-elect of the 579th District of Rotary International, and Mrs. Walton, of Abilene.

Ray Brown, retiring president, introduced George Self, the new president.

Other officers for the new year will be installed at the next meeting of the club next Wednesday. They are Hubert Brown, vice president; and Decker Magee, secretary-treasurer. Glen Goodwin is the retiring secretary-treasurer.

The board of directors consists of George D. Self, Hubert Brown, Decker Magee, Ray A. Brown, Glen Goodwin, Grady Adecock, Grady Graves and George Fox.

The retiring president, Ray Brown, was presented with a past-president's pin by the local club, the presentation being made by Dr. Walton.

The delicious chicken barbecue was prepared by Herbert Edwards, chairman; and Henry Black, Recie Womack, Marvin Myers and Luke Archer.

Moisture Penetration Tests Made on Farms in S. C. District

Moisture penetration tests were made after a 6-inch rain on the Lincoln Burns Ranch located 4 miles northeast of Seymour. These tests showed that on an area having 500 pounds of cover per acre, which is practically barren, the moisture penetrated to a depth of 9 inches. Four inches of the 6-inch rain were lost due to runoff. This pasture produced 600 pounds of forage per acre the following summer.

On a pasture having 1,500 pounds of cover or having fair cover on it, the moisture penetrated 19 inches and only 2 inches of the 6-inch rain was lost by runoff. The following summer this pasture produced 4,200 pounds of forage per acre.

The test on a pasture in good condition having 3,000 pounds of cover per acre showed that the moisture penetrated 32 inches and no rainfall was lost due to runoff. The following summer this pasture produced 6,800 pounds of forage per acre.

Tests made in the Lower Pease River Soil Conservation District by Rufus Karr of the Soil Conservation Service at Quanah showed that on a pasture having heavy soil, the moisture penetrated 40 inches after approximately 25 inches of rainfall. This pasture had a poor grass cover. The moisture penetration in a pasture of poor grass cover and on a shallow soil type was only 32 inches after approximately 21 inches of rainfall.

These tests show that when more grass is on the land the deeper the moisture will penetrate and the less rainfall is lost by runoff. This may be attributed to the fact that most of the grass plant is made up of roots. For the plant to produce the most forage it is necessary for the plant to have a strong root system.

Tests have shown that when half of the grass growth is taken and half is left, the plant produces a strong root system, more forage for grazing and reduces the amount of rainfall lost by runoff.

Thalia School Teachers Sign New Contracts

Teachers of the Thalia School have signed their contracts for the next year, Walter Ramsey, president of the Thalia School Board, announced this week. Teachers are Mrs. Howard Bursey, principal, who teaches the 1st and 2nd grades; Mrs. Ira Tole, 3rd and 4th grades; Mrs. Allen Shultz, 5th and 6th grades; Charles Bursey, 7th and 8th grades.

Mr. Ramsey stated that "we feel extremely fortunate to have four fine teachers as these in our school system. Three of them have received their masters' degrees."

Other employees of the Thalia School are Homer McBeath and Charles Bursey, bus drivers; Mr. and Mrs. McBeath, custodians; and Mrs. McBeath, also cafeteria supervisor.

Mrs. Howard Bursey and Charles Bursey will attend a graduate workshop July 1-12 at Midwestern University in Wichita Falls. The aim of the workshop is to better equip the teacher to provide adequate learning experiences for the special student.

"Repair work and painting is now in progress at the Thalia School to have it in A-1 condition for the fall term," Mr. Ramsey added.

Members of the Thalia School Board, in addition to Mr. Ramsey, are: Bill Cates, secretary; Cecil Carpenter, Fred Gray, Leon Taylor, Jim Moore and Robert Hammonds.

Bill Klepper installed the new officers, with G. R. Choate serving as marshal. Choate is the retiring worshipful master.

Mrs. Annie Polk Succumbed Here Last Thursday

Funeral services for Mrs. Annie Belle Polk, 83, pioneer Foard County resident, were held at the First Baptist Church Saturday afternoon, June 22, at 3 o'clock conducted by Rev. H. H. Haston of Paducah, pastor of the Free Will Baptist Church of Crowell, assisted by Rev. Warren Everson, pastor of the Crowell Bethel Church.

Mrs. Polk died in the Foard County Hospital last Thursday following a serious illness of several weeks.

A special musical number for the services was a solo sung by Rev. C. T. Aly, "Does Jesus Care?" with Mrs. Paul Shirley as piano accompanist.

Pall bearers were Ruel Scott, George Foster, Earl Love, J. W. Golden, Roy Pierce and Dutch Love.

Assisting with the flowers were Mrs. S. E. Tate, Mrs. W. O. McDaniel, Mrs. Herman Greening, Mrs. La Verne Teal, Mrs. Veatrice Brock, Mrs. G. R. Webster, Miss Margaret Curtis, Mrs. C. S. Bartley, Mrs. Myrtle Naron, Mrs. J. T. King, Mrs. J. P. Ewing, members of the Rebekah Lodge and Mrs. Ruel Scott.

Burial was in the Crowell Cemetery with Womack Funeral Home in charge of arrangements.

Annie Belle Wheeler was born March 25, 1874, in Dallas, Texas, daughter of the late W. A. Wheeler, pioneer resident of Foard County. She was married to J. F. (Jim) Polk on August 17, 1897, in Vernon. Eleven children were born to this union, eight of whom survive. Mr. Polk passed away Dec. 16, 1937. The family lived in the Claytonville community for 21 years preceding Mr. Polk's death. After his death, Mrs. Polk moved to Crowell where she had since resided.

She united with the Free Will Baptist Church in the Claytonville community in 1922 and lived a quiet, consistent Christian life, and numbered her friends by her acquaintances.

Survivors are the children: Mrs. Clyde Beesinger, Mrs. C. M. Beesinger, Mrs. J. B. Little, Mrs. Ruby Holland, Mrs. Mattie Polk, and Tom Polk, all of Crowell; Mrs. Leo Morris of Kermit, and Frank Polk of Odessa; 26 grandchildren; one half brother, W. B. Wheeler of Austin, and one step-brother, A. T. Schooley of Houston.

Out-of-town relatives and friends attending the funeral were Mr. and Mrs. O. J. Polk of Farmington, N. M.; Mrs. Richard Sander of Midland; Mrs. Doyle Russell, Frank Polk and daughter, Silvie May, Mr. and Mrs. Kelley Bullion and children, of Odessa; F. L. Beggs and Mrs. Leo Morris of Kermit, Mr. and Mrs. W. B. Wheeler of Austin, Mrs. E. B. Rowland, Mrs. W. M. Rowland, and Mr. and Mrs. Clifford White of Vernon; Mr. and Mrs. George Foster and Mr. and Mrs. P. A. Hinkle of Dallas; Mrs. Hattie Golden, Mrs. Mary Foster and daughter, Jane, of Benjamin; J. F. Hollen of Roaring Springs.

Wildcat Spotted on Rettig Land Southeast of Crowell Last Week

A new wildcat has been spotted for Foard County. It is the Jerry Moore, et al, No. 1 Rettig, eight miles southeast of Crowell, 4803 feet from west and 4730 from north lines of A. Frisby survey. The test will be drilled to 4,000 feet.

Harvesting of Foard County's 1957 Grain Crop Practically Completed

Harvesting of the 1957 grain crop in Foard County is almost completed, according to reports from farmers and elevator men. Probably all the crop that remains is small patches where it has been too wet for the combines to enter. Weather conditions have been favorable for the past several days for completion of the harvest. The yield on many wheat fields in the county turned out exceptionally well considering the excessive rainfall for several weeks.

Up until Tuesday afternoon, the elevators of the county had received 720,000 bushels of wheat, 30,000 bushels of oats and 32,000 bushels of barley.

In addition to that brought to the county's elevators, a large amount of wheat and oats is being stored on individual farms.

Out-of-town combine crews have been leaving out for several days, some leaving as late as Tuesday afternoon.

The wheat harvest this year was a very unusual one. Earlier in the year the grain was damaged by the drought, then a late freeze did considerable damage, and finally the grain crop was damaged extensively by too much rain and high winds.

Crowell Schools to Get Two New School Buses

Carl Cox and Allen Taylor left Monday afternoon for Fort Valley, Georgia, to pick up two new buses for the Crowell Schools. They were accompanied by Grady Graves and George Fox.

The Crowell School operates fifteen buses, twelve 36-passenger and three 10-passenger. It is customary for the school to purchase two new buses each year. These two have Chevrolet chassis and Blue Bird Deluxe bodies. The State Board of Control buys school buses through bids. They cost \$3,584.00 each. This is a twelve per cent rise in price over last year.

They will probably be placed on the Margaret and Truscott routes. Bus drivers for the next school term will be elected at the next regular Board meeting, which is next Monday night.

DOWN TOWN BIBLE CLASS

Owing to the fact that many members of the Down Town Bible Class were busy in the wheat harvest, the attendance Sunday was only 12. The harvest season will be over by next Sunday and the president, George Self, announced that special efforts will be made this week to get the attendance back to 30 or 40.

Recie Womack delivered the morning message.

GRASS FIRE TUESDAY

The Crowell Volunteer Fire Department extinguished a grass fire just after noon Tuesday on a vacant lot west of Sam Mills' home.

Crowell Schools Buy Government Surplus Vehicles

The Crowell School recently purchased two 1951 Ford pickups and one 1 1/2-ton 1951 Chevrolet truck from the Texas Surplus Property Agency at Lubbock. The Federal government sells these vehicles to State institutions for the cost of handling charges, which is very nominal. The pickups were released at Fort Bliss in El Paso and the truck in Lubbock.

Quite a bit of improvement is being made at the Crowell School this summer. A new roof has been placed on the Colored School. The football stadium is being painted at the present time. Many of the desks in the Grade School have been sanded and varnished. Several of the class rooms in the High School building are being re-decorated. Several new walks are to be built and two out-door basketball courts are to be constructed for Grade School. The floors in all of the buildings are being cleaned and applied with gym finish.

A new large-type power mower that is pulled behind a tractor has been purchased to keep the grass and weeds mowed on both campuses and the football field.

Savings Bonds Sales Decline in Foard County

George Self, chairman of the Foard County Savings Bonds committee, reports that Savings Bonds sales in this county were \$2,490 during the month of May. Sales during the first five months of 1957 were \$35,096 or 29 per cent of this year's goal.

Sales in Texas were \$13,840,433 during May which was an increase of \$260,000 over the month of April. The State of Texas has now reached 37.6 per cent of its 1957 goal.

"I feel that if every citizen of Foard County will buy an extra bond during the remainder of 1957, our county will reach its goal. There is no safer investment than U. S. Savings Bonds since both the principal and interest are fully guaranteed by our government. Savings Bonds now earn 3 1/2 per cent interest compounded semi-annually when held to maturity, and they now mature in eight years and eleven months," Chairman Self concluded.

Foard Farmers Favor Marketing Quotas for Wheat

Foard County wheat farmers last Thursday approved wheat marketing quotas for the 1958 crop in light voting at the various boxes in the county.

Mrs. Ted Reeder, county ASC office manager, said a canvass of the vote revealed that a total of 149 farmers voted, with the count favoring continuation of quotas by 124 votes to 25 votes.

The nation's farmers approved the continuation of quotas for 1958. A two-thirds majority is necessary for approval of quotas, and allotments will be in effect.

Austin, Tex.—Water legislation promises to be a lively topic at the special session of the legislature in October.

Gov. Price Daniel has announced he will urge creation of a state-wide water agency empowered to negotiate with federal authorities in financing reservoirs.

That is likely to prove controversial in itself. Then there is likelihood of considerable discussion over the State Board of Water Engineers and its recent troubles. Fuses get lit that way.

Former State Sen. Joe Carter resigned as the Board's general counsel. Board dissection erupted into public view at a meeting called by Chairman R. M. Dixon to demand Carter's resignation. Member Otha Dent, in support of Carter, avoided attending the meeting and no action was taken.

Dixon accused Carter of being "disloyal" and working against his confirmation in the Senate. But Dent indicated that Carter wasn't the main reason for Board dissection and his leaving doesn't mean Board harmony.

Carter remained non-committal.

INSURANCE BOARD CHANGES — New Insurance Board Chairman Penn Jackson took over duties earlier than planned last week after a snarl developed in the new reorganization law.

Atty. Gen. Will Wilson ruled that the Board cannot legally function without employing a newly-authorized commissioner. But there is no money to pay him until Sept. 1.

Gov. Daniel decided to accept resignations of the outgoing Board members immediately. Jackson took office. Hold-over appointee Joe Gibbs remained. Third member, Dave Irons, will join shortly. Together they will try to untangle the knot and launch a new era in insurance regulation.

ONE-THIRD COMING BACK — U. S. Trust victims can expect to get back a little more than 33 cents on the dollar.

State Liquidator J. D. Wheeler says there will be \$2,449,221 for distribution to creditors after suits by claimants are settled. Approved claims total \$7,292,385.

Litigation by a group of claimants seeking priority is still pending on appeal.

Meanwhile, Gov. Daniel has asked federal authorities to use diplomatic channels to return Ben Jack Cagle to Texas for trial. Cagle faces theft and embezzlement charges, involving a half million dollars, in connection with the collapsed ICT Insurance Co. He is reportedly in Brazil where he has extradition immunity.

OIL CUT-BACK LASHED — "Texas' biggest slash ever in oil allowable ruffled up the dander of independent oil men.

July allowable was scissored 390,449 barrels a day by the Railroad Commission in an effort to cope with increased imports and excessive stocks.

Four associations of independents fired telegrams to Washington. They urged immediate steps in Congress to cut imports. They said the slash puts national security at the mercy of unreliable foreign oil supplies.

No blame was aimed at the Railroad Commissioners. Independents said the officials were "compelled" to order the cut.

Home Demonstrations Notes
MRS. MARY D. B...

Whatever you may think of Ezra Taft Benson as Secretary of Agriculture, and there are all shades of opinion, you would have to give him a high mark for courage under fire.

For nearly four and a half years he has been under a steady barrage of criticism and abuse. Few, if any, Agriculture Secretaries have had a rougher time in Washington than Benson.

He came to Washington as a member of the President's cabinet with the avowed objective of "liberating" farmers from high price supports, strict production controls and other government restrictions.

He hasn't wavered from that purpose despite an unwillingness of many, if not most, farmers to be liberated. Politicians and congressional foes, including many Republicans, have said he has no political sense whatever.

Benson has persisted in his contention that throwing off the yoke of government controls and the crutch of price supports, while painful, is the only way farmers can regain freedom of production and marketing.

He spent a year, after coming to Washington, preparing for the campaign to replace rigid 90 per cent of parity supports with a program of flexible supports, ranging from 75 to 90 per cent of parity for some and zero to 90 per cent for others. He won that battle in Congress in 1954.

The argument over whether he has been a wise or a foolish Secretary of agriculture is one of the hottest in Washington. Only time can make the final decision on that, but Benson the man is an open book.

What manner of man is he? What is he trying to accomplish? Those are questions for which the answers are plain and unequivocal. So far as we know, no one questions his honesty, sincerity and integrity.

Even those who disagree most emphatically with his program respect him as a man of deep and sincere convictions. He has few, if any, personal enemies.

Benson is a deeply and sincerely religious man. His early career included service as Mormon missionary in England. He farmed for a time in Idaho, became a county agent and interested in

Don't forget our 4-H workshops will start next morning at 9:30 in the economics building on the grounds. If your daughter is interested, please be sure she is there. We will climax the shop with the 4-H Dress All girls in 4-H are entering the Dress Review or not they enroll in the workshop.

The vegetable season is swing now. Are you most up-to-date canning methods? I have a bulletin in my office that will be glad to send you. Our recipe this week is **Canning Snap Beans**.

Wash beans. Trim into 1-inch pieces. Pack tightly to 1/2 inch of space with boiling water, 1/2 inch space at top of teaspoon salt to pint; 1/2 to quarts. Close with self-sealing closures. Pressure canner at 10 lb. pressure (240 degrees F) 20 minutes; quart jars, 15 minutes.

farmer cooperatives. He was named one of the Apostles of the Church Latter Day Saints (Mormon).

He has the courtesy of Daniel, Moses, Joshua and the early Christians to do what they believe is right, regardless of the consequences.

He became Secretary of Agriculture in January, 1954, the request of President Eisenhower, opened the first meeting with a prayer. Every meeting has been with a prayer, by Benson or by Benson's family and spends as much time as he can with his sons and four daughters. Benson smokes nor drinks. Any member of his family works 10 to 12 hours a day.

What is he trying to accomplish? In a recent book, "At the Crossroads," he seeks a minimum of restriction on farm production and to permit the maximum dependence on free market for the best guide to production and consumption.

Clark Long and Lorna Bruning in California

Lorna Bruning of Houston and John Clark Long of San Diego, Calif., were married Saturday, June 23, at the home of the groom's parents. The groom is the son

of Mr. and Mrs. John E. Long and grandson of Mrs. J. S. Long, all of Crowell.

The double ring ceremony was performed from the Central Christian Church with Dr. Leland S. Cook, pastor, officiating.

Traditional wedding music was provided by the church organist. The bride wore a white linen

sheath dress with white accessories. Her dress was fashioned with cap sleeves and jewel trim of pale pink and white seed pearls and rhinestones at the neckline, her hat was of white straw covered with white starched lace. The bridal bouquet was fashioned of a single white orchid and pale pink and white rosebuds.

The matron of honor, Mrs. Tom Allen of San Diego, sister of the bridegroom, wore a white linen sheath dress and white hat. Her accessories were yellow and she carried a small bouquet of two yellow orchids.

Mr. Allen was best man, and Major George O. Ross ushered and lighted the candles.

For recitation of the vows, the wedding party stood before a small white satin altar which was centered between white candles in branched candelabra and two

arrangements of white flowers.

A reception followed immediately in the church parlors. The wedding cake, decorated in the bride's chosen colors, centered the refreshment table. It was outlined with a garland of pale pink rose buds and white stock and carnations, tall candles burning on either side. The punch bowl placed at one end of the table, was in a garland of flowers also.

Mrs. George O. Ross and Mrs. E. M. Gooley presided at the refreshment table assisted by Mrs. Paul Canegaly, Mrs. William Hesse of Fullerton, Calif., secured signatures for the bride's book.

At the time of her marriage, Mrs. Long was director of the School of Dental Hygiene, University of Texas Dental Branch, Houston. She came to Houston in 1954 from the University of Minnesota where she had been a

member of the faculty in dental hygiene for three years. She is a graduate of the University of Minnesota.

Mr. Long is employed in Bakersfield, Calif., by Superior Oil Co. as an engineer. A graduate of Crowell High School, he attended Texas Tech, University of Houston and Tulane University where he finished in chemistry.

Following a wedding trip to Carmel-by-the-Sea, the couple will be at home in Bakersfield.

For travel, the bride wore an oyster white linen suit with matching accessories and white orchid corsage.

Among the wedding guests were Mr. and Mrs. Granville T. Lanier, formerly of Crowell, now of Bakersfield.

Stanley R. Russell Married to Alice

Miss Peggy Nell Belt and Stanley R. Russell were married by F. D. Slaughter of San Antonio, minister of the Church of Christ, in the Alice Methodist Church on Saturday, June 1.

The bride is the daughter of Mr. and Mrs. J. R. Belt of Mathis. The groom's parents are Mr. and Mrs. J. R. Russell of Crowell.

The groom's mother, Jerry Bob Sellers and Mrs. R. L. Donaldson of Crowell attended the wedding.

The double ring ceremony was performed before a large fan arrangement of white and yellow gladioli flanked by greenery. Ushers were Don Ware, Dale Slaughter of San Antonio, nephew of the bride, and Jerry Bob Sellers of Crowell, cousin of the groom.

A reception followed the ceremony in Mathis at the Belt home. The couple will make their home in Alice.

The bride is a graduate of Mathis High School and Southwest Texas State College in San Marcos. The groom is a graduate of Crowell High School and attended Texas A&M College.

Jimmy Tom Cates to Be Married

Mr. and Mrs. Oscar G. Nelson of Costa Mesa, Calif., have announced the engagement of their daughter, Linda Quist, to James Thomas Cates Jr. of Crane, son of Mr. and Mrs. Jim Cates.

Cates, a graduate of Crowell High School, attended Midwestern University in Wichita Falls before going into the service. He was majoring in petroleum geology. His bride-elect is attending the Newport Harbor High School in California. Mr. Cates will receive his discharge from the service the last of June; however, no date has been set for the wedding.

Mrs. A. V. Moore of Vernon is the grandmother of the groom-to-be.

RIVERSIDE H. D. CLUB

"Your trash burner—is it safe as you can make it?" was a major question asked by Mrs. Grover Moore when the Riverside Home Demonstration Club met at the Riverside school house Tuesday, June 18, with Mrs. C. L. Adkins as hostess.

Mrs. Moore was in charge of the program on trash burners: their safety, in regard to their location, and the materials they are made from and how they are constructed.

Mrs. S. C. Kuehn, vice president, was in charge of the business meeting. Meeting time for July was changed to 4 p. m. Each member is asked to bring an idea for raising funds to the next meeting which will be at the Riverside school house Tuesday, July 2, at 4 p. m. with Mrs. Henry Bice as hostess. A demonstration on plaster of paris planters will be given by Mrs. Louis Kieschnick and Mrs. James Bowers.

Refreshing drinks were served to those present.

THALIA W. M. S.

The Thalia Baptist W. M. S. met Monday, June 24, in the home of Mrs. Walter Ramsey for the monthly social and business meeting.

The mission program, "The Fountain of Youth," was given by the Sunbeam leader and junior G. A. leader. Several numbers were given by the GA's including a solo, "Have Thine Own Way," by Patricia Cates.

The program was in charge of Mrs. W. B. Fitzgerald with the devotional being brought by Mrs. C. C. Wheeler.

A short business meeting was conducted by the president.

Delicious refreshments were served to members, 2 visitors, Mesdames Howard Bursey and Charles Howard Bursey and Larry, 5 GA girls and Mike Gamble.

THALIA H. D. CLUB

The Thalia Home Demonstration Club met Thursday, June 20, in the home of Mrs. C. H. Wood for the regular meeting. Mrs. H. W. Gray, vice president, presided in the absence of the president.

Roll call was answered with "the kind of trash burner I have" by 11 members and one visitor, Mrs. Gwendolyn Whitman. The flower fund was paid into by all of the members who had missed previous meetings. Mrs. Faye Whitman gave the program on "Make a good trash burner or clothes line" of cement blocks and iron poles.

The next meeting will be in the home of Mrs. Bertha Chapman

TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met in regular session in the club room of the community house June 13 with 7 members and 1 visitor present.

Council report was given by Mrs. Jack Hickman. Report of encampment to be held in Seymour July 23-24 was given. Registration will be 25¢ with each club responsible for 1 game and 1 skit.

Mrs. J. R. Brown and Mrs. W. R. Owens gave a demonstration on shampooing upholstered furniture. Refreshments were served by the hostess, Mrs. T. M. Westbrook. The next meeting will be Thursday, June 27. Mrs. J. M. Chowning will be in charge of the program and the hostess will be Mrs. W. O. Corder.

CARD OF THANKS

The thoughtfulness and sympathy extended by our friends and neighbors during our recent sorrow in the death of our mother, Mrs. Annie Belle Polk, will always remain with us as a precious memory. Our sincere thanks to all. May God bless you. Children of Mrs. Annie Belle Polk. pd.

CARD OF THANKS

Our recent bereavement in the loss of our husband and father leaves us with grateful hearts towards neighbors and friends. Your helpfulness and comforting expressions of sympathy will always be remembered. May God bless you abundantly. Mrs. G. C. Short and Family.

on July 4. Mrs. Mona Moore will give the program on plaster of paris planters.

The Big Job is under way

Santa Fe is now loading thousands of cars of grain and grain products on its lines

Santa Fe has been serving agriculture since 1874, when we sponsored the migration of the Mennonite farmers who established the Kansas wheat belt, and brought with them from Europe the ancestors of the better varieties of wheat grown in America today.

During harvest time, Santa Fe has a big job to do. At the country stations and terminal elevators along the line, as agriculture's "hired man," Santa Fe loads over 121,000 boxcars of grain a year—the total production of over 9,000,000 fertile acres. We also load over 34,000 cars of grain products on our line annually.

An important part of this job is done in advance by our own agriculture department, by collecting data on planted acreage, weather, crop damage and other factors that affect yield.

These statistics provide useful information for farmers, elevator operators and others interested in grain movements, and assist us in spotting grain-tight boxcars at strategic points at harvest time.

Our agriculture department works with the Federal and State agriculture departments, land grant colleges, and county agents in fighting destructive insects and plant diseases.

We are also privileged to award university scholarships annually to many farm youths in our territory.

We of the Santa Fe are proud of the part we have in serving the farmers of the West and Southwest in their essential task of feeding the Nation.

MUD A MILE OR MORE
It's name is mud. But being common dirt, it's vital for oil well drilling. A special blend of special muds which can cost as much as a pound. Tailor-made muds, caustic soda, cement, redwood shavings, shale, phosphate, chicken feathers, number of other strange things are added to "mud" to solve problems such as controlling gas pressures, consume \$100 million a year—840 gallons drilling minute!

Billy Graham's Success

Why is the Billy Graham New York Crusade proving so successful? Some attribute it to the magnetic powers of the man himself—to his power as an orator, to his obvious sincerity and his handsome appearance. Others point to the smooth-running organization that has carefully planned every detail during the past two years. Graham himself gives different answers. He insists that the success of the giant evangelistic effort is due to the work of God and the prayers of God's people around the world.

The Billy Graham preaches, and to which he constantly appeals, supports his contentions. "With God all things are possible" (Matthew 19:26). "Is anything too hard for the Lord?" (Genesis 18:14). "Oh Lord God! behold, thou has made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee" (Jeremiah 32:17).

Who but God can change men and women who are apathetic or even antagonistic to things Christian, into people who now have time, energy and love for Christ? Who but God can change drunkards, prostitutes and murderers into pure, exemplary individuals? God is doing His work in response to prayer. Millions are claiming His promises on behalf of the New York Crusade: "What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them" (Mark 11:24). "If two of you shall agree on earth as touching anything that they shall ask, it shall be done for them" (Matthew 18:19).

As the New York Crusade continues, thousands of people are making decisions for Christ and having their lives transformed in ways they never thought possible. What better illustrations could we ask of the mighty miracle-working power of God and the potential of believing prayer?

News from the Congress

by Congressman Frank Ikard

This week saw the approval by the House of the so-called "civil rights" bill. This bill is the most ill advised piece of legislation to be considered by the Congress since Reconstruction Days. It violates many of the fundamental concepts of individual freedom that we have always had in this country, the most important of which is a trial by jury in contempt cases. Practically all of the Republicans and most Northern Democrats supported the bill leaving only slightly over one hundred members from the South opposing it. The proponents of the bill are now maneuvering to bring it to the Senate floor for consideration. It can only be hoped that they cannot be successful in their attempts until the public generally has had an opportunity to find out the details of the legislative monstrosity for I cannot see that once the public knows what the bill proposes to do that it could have any widespread support.

Reported out of the House committee this week were recommendations for the approval of several more Hoover Commission recommendations on budget and fiscal control. One of these would overhaul the accounting procedure for federal budgeting, and the resulted savings are expected to run into billions of dollars over a period of years.

The Senate has given its final approval to the appropriations for the Departments of Agriculture, Labor and Health, Education and Welfare. One major amendment to the Agriculture Department appropriations bill was restoration of authority to continue the acreage reserve portion of the Soil Bank through the 1958 crop year. This had been voted down in the House.

Driving Tips for a Safe July Fourth

As millions of fun-seeking motorists head for the lakes, mountains or beaches over the Fourth of July holiday, safety experts are hopeful that extra care and cau-

tion will help keep the highway accident toll at an all-time low. To help achieve this goal, Jeanne Smith, Dodge safety consultant, has prepared this list of 10 driving tips.

1. Control your temper when behind the wheel. Highways are crowded and travel is slow; don't "blow-up" and take unnecessary chances.
2. Start early, expect frequent delays and leave for home early, preferably during daylight.
3. Watch out for careless drivers who are over-anxious to reach their destinations.
4. Slow down, to allow passing cars extra room to get back into the right lane ahead of you.
5. Always give the other driver more than his share of the road.
6. Get into the proper lane well in advance of turning—and always signal your intention to turn or stop.
7. Pull your car entirely off the road when stopping for sightseeing or a roadside picnic.
8. Check traffic in all directions, especially to the rear, before pulling out of a parking spot onto the highway.
9. Reduce speed at sundown and drive within the range of your headlights.
10. Concentrate on your driving—it's a full-time job.

PAMPA RODEO
Plans are now being completed for Pampa's Top o' Texas Rodeo which is scheduled for August 7-10, and it appears that this year's show will be the biggest in the 13-year history of the organization.

Bob Andis, president of the Top o' Texas Rodeo Association, has announced that Goat Mayo, veteran rodeo producer of Petrolia, will furnish the stock for the show for thirteenth consecutive year. Mayo furnished stock for the first Top o' Texas Rodeo under the present organization in 1945 and has returned each year since. This is a fine testimonial to his ability to produce good rodeos.

President Asks Business, Labor to Help Government Keep Prices Down!

Sir—I'll Buy That!

Yes, sir, Mr. President! As the Electric Servant, my average hourly residential wage has been going down steadily, right along!

Let's look at the record of my hourly wage in homes across West Texas:

- In 1937 (20 years ago) it averaged . . . 4 1/2¢ an hour
- In 1947 (10 years ago) it averaged . . . 4¢ an hour
- In 1952 (When you became President) it averaged 3 3/4¢ an hour
- In 1957 (Today) it averages ONLY . . . 3 1/4¢ an hour

Can anything else that you know of match that matchless record?
