BEGIN CONSTRUCTION

Construction work was begun last week on a new home for Mr. and Mrs. Jim Cook on North Main Street. Mr. and Mrs. Cook recently sold their old home to Mr. and Mrs. Elton Carroll.

HAPPINESS — Hildy McCoy Ellis smiles happily as she enters the Dade County court house in Miami, Fla., with her foster parents, Mr. and Mrs. Melvin B. Ellis. The Ellises appeared before Judge John W. Priddy in the Circuit Court for the final hearing of Hildy whom they have raised since infancy. She is now "officially" Hildy Ellis.

Revival Meeting to Begin Friday at Methodist Church

The revival meeting at the Crowell Methodist Church will begin Friday night, June 19, at 8 o'clock and continue for ten days.

Rev. Edmund Robb, pastor of the Methodist Church at Hamlin, will serve as evangelist for the meeting. Rev. Robb is a preacher of unusual ability. For the past nine years he has served as a pastor and has preached in thirty revivals in five different states. He is a young man and his family consists of his wife and four children.

He has been pastor of the Grange Hall Methodist Church in Marshall, the Evangelical Methodist Church in Abilene and the Forest Hill Methodist Church in Amarillo. While he was in Amarillo, the Forest Hill Methodist Church was second and third in the conference for additions on profession of faith. The church grew in membership from 250 to 610.

Rev. Oren W. Smith, pastor of the Methodist Church at Throckmorton, has been secured to lead the song service. He will also preach at the Friday night and Saturday night services since Rev. Robb will not be here until Sunday night.

Starting Monday the morning services will be held at 7:00 a. m., following breakfast served at 6:30 in the basement of the church. Evening services will be held in the open on the east side of the church, beginning at 8 o'clock. Prayer meetings will be held at 7:30.

Ret. Grady Adcock, pastor, has announced that the public is cordially invited to attend these services.

Prayer meetings held in the interest of the revival were started Monday morning with 13 women and the pastor present. Tuesday morning there were twenty present in addition to the pastor.

Fire Damages Apartment Monday

Fire late Monday evening did extensive damage to the garage apartment belonging to Fred Webba.

Wildcat Staked in Northeast Foard

Tom B. Medders staked No. B-1 M. K. Berry as a 4600-foot Foard County wildcat 12 1/2 miles northeast of Crowell. Drill site is 660 feet from southeast and northeast lines of section 25, block 3, H&TC survey A-302.

ROTARY CLUB

Program for the Wednesday noon luncheon of the Rotary Club was in charge of Grady Halbert. Talks were made by Ray Brown, chairman of the community service committee, and Grady Graves, chairman of the international service committee.

WOMEN'S SWIMMING CLUB

Crowell Schools Meeting State Requirements

The State Board of Education at its meeting on July 1, 1957, set up certain changes in accrediting elementary and secondary schools. These changes have grown out of a two-year study of graduation requirements and related accrediting standards. These new graduation requirements do not become effective until the 1958-59 school year.

"Effective September 1, 1958, every accredited four-year high school shall make available to students at least once in two years: four units in English; two and one-half units in social science, to include one unit in World History, one unit in American History, and one-half unit in Government, which shall include an intensive study of Texas and United States Constitutions; four units in mathematics, including at least one year of algebra and one year of plane geometry; four units in laboratory sciences including general science, biology, chemistry and physics. An accredited high school must have an adequate program of health and physical education and enough elective units to make alternatives. Two years of one foreign language and vocational education should be offered as electives according to local needs."

According to Superintendent Grady Graves, all of the above requirements are being met by Crowell Public Schools. However, the following subjects will have to be taken off of the "elective list" and placed on the "required list": world history and civics. Two years of applied science will be required instead of one unless the student has had either two years of foreign language or two years of vocational courses.

First Baptist Church to Conduct Revival

Services of the summer revival at the First Baptist Church will be conducted August 4-11. Rev. C. T. Aly, pastor, announced this week. The morning service will be held in the church at 10 o'clock and the evening service will be conducted at 8:00 on the lawn west of the building.

"Plans are being made to care for large crowds," Bro. Aly said. "This open air meeting has become a feature of the Baptist summer revival services. This is done in order that many can attend who would not otherwise get to enjoy the services."

Rev. L. M. Huff, who for a number of years has been pastor of the First Baptist Church of Mesquite, will be the evangelist. Rev. Huff is a man of unusual ability in the pulpit, a cheerful spirit and consecrated man. He has for a number of years been in leadership in the Dallas County Baptist Association composed of more than one hundred churches. He loves to preach the Gospel and help people to the Lord. "We are fortunate to secure his services for our summer revival," Rev. Aly added.

The pastor will direct the singing, and Mrs. W. W. Lemons will play the piano. A large choir will furnish special music nightly, and will be assisted by a booster band.

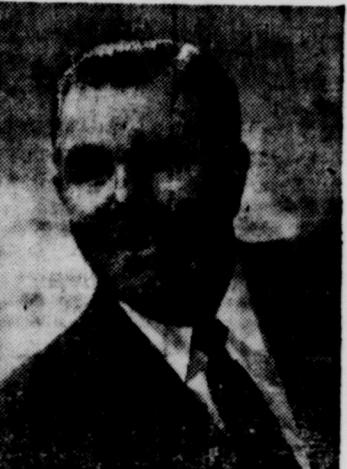

HONORED ON BIRTHDAY

Mrs. C. W. Carroll was honored by her children Sunday evening with a barbecue in observance of her birthday. The affair was held in the back yard of Mr. and Mrs. Elton Carroll.

WOMEN'S SWIMMING CLUB

Plans are underway to organize a women's swimming club tonight (Thursday). All women interested in joining the club are requested to meet at the swimming pool tonight at 8 o'clock, it was announced Tuesday by those promoting the organization of the club.

Lions Elect International President

Edward G. Barry of Little Rock, Arkansas has been elected International President of Lions International at the association's 40th Annual Convention in San Francisco, California. Lions International, with 564,300 members in 82 countries or regions, is the world's largest service club organization.

Otho Lee Dykes Died in Vernon Thursday, July 11

Otho Lee Dykes, 48 son of Mrs. Willie Dykes of Crowell, died in a Vernon hospital at 11 a. m. Thursday, July 11, following a short illness. He had suffered two strokes a few days prior to his death.

The body was brought to Crowell by the Womack Funeral Home and services were held Friday morning at 10 o'clock at the funeral home conducted by Rev. Warren Everson, pastor of the Bethel Church. Mrs. Paul Shirley served as pianist for the singing. Burial was in the Thalia Cemetery by the grave of his grandmother.

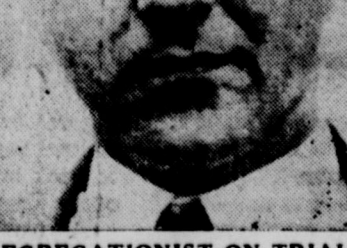

Pall bearers were Ruel Scott, Earl Love, Dutch Love, Everett Sprague, Byron Davis and C. S. Bartley. Assisting with the flowers were Mrs. Clint White, Mrs. Ruel Scott, Mrs. Warren Everson, Miss Charlsia Durham, Mrs. Jabus Harris, Mrs. Milton Hunter, Mrs. Charley Durham, Mrs. R. H. Tanner and Mrs. John Teague.

Named as honorary pall bearers were George Meason, Wayne Dishman, Dan Briscoe, Lester Dockins, W. A. Love, Kelly Collins, Andrew Calvin, Jabus Harris, Frank Love, Milton Hunter, Henry Greening, H. B. Eavenson, Lewis Sloan, Dock Callaway and Parker Churchill.

Otho Lee Dykes was born to Mr. and Mrs. Calvin Stephen Dykes at Bonarora in Baylor County Dec. 6, 1909. At the age of one month, his mother and her two children moved to the Foard County community and when he was four years old, they moved to Crowell. He was converted and joined the Crowell Methodist Church at the age of 11.

Mr. Dykes' health and eyesight had been failing for many years and he had become almost blind in the last few years.

He married Miss Zola Dollar in 1935 and one daughter was born to this union. Survivors include his daughter; his mother, Mrs. W. E. Dykes of Crowell; one sister, Mrs. E. D. Edwards of Vernon; two nephews and one niece, and many other relatives. His father was killed at Winters, Texas, in 1909.

SEGREGATIONIST ON TRIAL

John Kasper (above) and 15 other co-defendants are on trial in a Federal court in Knoxville, Tenn., in a case that may provide fuel for the Civil Rights showdown in Washington D. C. In the first concerted Federal action to insure orderly school integration, the 16 were accused of conspiring to violate an injunction not to interfere with racial mixing at Clinton, Tenn., high school last November.

Lions Club Installs New Officers at Barbecue Held Last Tuesday Evening

The Spring Lake Country Club was the scene Tuesday evening for the annual ladies' night and installation of officers for the Crowell Lions Club. A barbecued dinner, with all the trimmings, was served to members of the local club, their families, and other invited guests.

Truscott Pioneer Woman Honored on Birthday

A member of a pioneer Knox County ranching family was honored with her first birthday party Tuesday afternoon, July 9, when friends helped Mrs. Irene Gerrald of Truscott celebrate her birthday. The surprise party was given by Mrs. Edgar Jones at her home near Truscott. The Jones ranch was formerly owned by Mrs. Gerrald's father, the late Jim Moody.

Guests gathered in the library to present the honoree with an array of gifts. Garden flowers decorated the party rooms of the house. Canapes, potato chips, birthday cake and punch were served during the afternoon.

Guests at the party included Mrs. Lucy Guynn, Mrs. H. O. Clark, Mrs. Oscar Solomon, Mrs. George Pogue, Mrs. J. M. Chowning Sr., Mrs. Jack R. Brown, Mrs. A. S. Tarpley, Mrs. Lillie Smartt, Mrs. H. A. Smith, Mrs. J. D. Cook and granddaughters, Barbara and Penny. Others sent gifts.

Gospel Services to Be Held at Church of Christ July 21-28

A series of gospel sermons will begin Sunday, July 21, at the East Side Church of Christ in Crowell. Services will be held at 8 p. m. each evening and will continue through Sunday, July 28.

Arlies Vandiver of Abilene will bring the messages for the meeting and Paul (Ginger) Johnson of Crowell will be song director.

Home Demonstration Notes

MRS. MARY D. BROWN

Last Saturday, Margie Rasberry, Cecelia Drabek, Janice Morris, Charles ten Brink, M. L. Speer, R. H. McCoy, Duane Johnson, Janice Bowers, Wanda Moore and Philip Welch, all members of the camp recreation committee, met at the Country Club to plan the recreation for our 4-H Camp which we held on Monday, July 13. These boys and girls did an excellent job of teaching the games to others at the camp.

We are also grateful to the adult leaders who helped so with our camp. Particularly Mrs. Charlene Drabek, Mrs. Willie Garrett, Mrs. Grover Moore and Mr. and Mrs. Karl ten Brink. We could not ever have a camp if it weren't for the fine cooperation we get from our 4-H leaders and parents.

The Foard County H. D. Club is again sponsoring a sewing workshop for girls in their community. Judy Little, Pat Brown, Betty Welch, Barbara Adams, Sherry Owens, Joy Little, Marilyn Denton and Carolyn Denton are enrolled in this workshop and they plan to enter the Foard County 4-H Dress Revue to be held on Monday, July 20. All 4-H girls in the county are encouraged to enter this 4-H dress revue regardless of whether or not they are entered in a clothing workshop.

Our recipe this week is: Quick Coffee Cake. 1 1/4 cups sifted flour, 1 cup brown sugar, firmly packed, 1/2 teaspoon salt, 5 tablespoons butter or margarine, 1 teaspoon baking powder, 1/4 teaspoon soda, 1/2 teaspoon cinnamon, 1/2 cup buttermilk, 1 egg, 1/2 cup chopped nuts.

Sift flour and salt together; add brown sugar and blend. Add butter and cut into mixture until it resembles fine meal. Measure one-fourth cup of this mixture, blend with nuts and set aside for topping. Add baking powder, soda, and cinnamon to remaining flour mixture and blend. Beat egg well, add milk, and stir into flour mixture.

Only as a sign of things to come, the American flag is flying side down.

Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Ward, Grady Halbert, J. C. Holmes, O. H. Bradford, Ayers.

Accidents on the farm are for more deaths and injuries than any other major industry. The National Safety Council reports 13,000 deaths and 1,100,000 injuries occur annually in the United States. Many of these accidents could be prevented with a little precaution.

Motor vehicles, farm machinery are the first cause of farm accidents. The Department of the United States has designated the week beginning July 13 as National Farm Safety Week. The supervisors of the Pease River Soil Conservation District along with the Soil Conservation Service personnel at the Pease River District office are urging cooperation to work at all times. Remember, just don't happen, they are accidents until all the four are added. Four into a well rounded square means 16 square degrees F. 40 minutes, 16 squares and serve warm.

An average bale of weights 450 pounds.

Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job...save on the job!

A truck with built-in stamina—that's Chevy. Whether highballing down highways or roughing it across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting

downtime to the barest minimum. A truck with a choice of ready-to-go power—that's Chevy. From an advanced lineup of eight engines—140 to 210 hp—you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight—power that works harder for you. Chevy truck 6's are famous for their stay-

ing power. Whatever engine you choose, you know it's got the power to back up every inch of beam in every Chevrolet Task-Force truck. A truck for your job—that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.

How to Catch Catfish

How to catch both catfish and carp. The publications also tell how to cook them.

Carp fishing has become quite a fad on many Texas lakes and streams, where fishermen have found them to be plentiful and real battlers. Biologists of the Commission are doing everything they can to eradicate carp as

rough fish." There are still thousands of fishermen who like to catch carp. Many private dock owners bait holes for carp fishing. They grow big and fight hard.

The folder on catfish describes the individual fish and tells how fishermen can identify them. It also tells of methods of taking catfish, and the kinds of baits best suited to catfishing.

THIS WEEK -In Washington-

Clinton Davidson

Current efforts to destroy the farm program reminds us of the story about the farmer who burned his barn to get rid of the rats.

Almost everyone, it seems, is "against" the present farm program. Few farmers like it, the Secretary of Agriculture doesn't like it, and many city critics want to do away with it entirely.

There are legitimate complaints against the farm program as now drawn by Congress and operated by the Department of Agriculture. There can be no denying that the program has many faults.

It is costly. Congress since 1950 has appropriated nearly \$20 billion to operate a program that includes large payments to farmers and huge subsidies for export of surpluses.

The program has not stopped over-production and the build-up of surpluses. It has not halted the 7-year decline in farm prices and income.

It has put the government deeply into the business of managing both farming and farmers. There are hundreds of farm laws and more than 100 thousand government agents supervising farm production and marketing.

But, to repeal all farm program laws to get rid of the faults makes no more sense than burning the barn to destroy the rats. That would be an admission of complete failure.

The farm program has faults, but it hasn't been a complete failure. It helped farmers weather the depression 30's and prepare for the big production increases vitally necessary in World War II and immediately afterward.

The fault is that we haven't made the necessary changes to meet changing conditions since 1952. We have clung blindly to old programs that no longer apply to changes in production methods, and in market demand.

The government, on one hand has forced reduction in crop

acres, and on the other has taught farmers how to produce more per acre. It has supported prices of some products, and not others. It has paid farmers for not farming as well as they had been taught how.

The problem now is how to strengthen the farm program and make it apply to modern conditions, not repeal of all farm laws. To do so would bankrupt most farmers without helping city consumers. Merchants who buy from and sell to farmers could not survive.

There seems to be a widespread smear campaign aimed at convincing the country that (1) farmers are getting rich off the government; and that (2) consumers pay twice for their food, once in the market and again on their tax bill.

The facts are: Farmers' income averages less than half of the average city worker's; farm income is down 33 per cent in five years, but city income is up 21 per cent; farm income per hour averages 70¢, but factory workers earn an average of \$1.95 an hour.

The farm program has benefited city consumers far more than it has farmers. It has encouraged abundant production, resulting in a 22 per cent decrease in farm selling prices since 1952, despite a 17 per cent increase in farm operating costs. Consumers, according to the Department of Labor, pay less for their food than in 1952. Middlemen have increased their charges by 20 per cent.

INCREASE EARNINGS

In Korea, experience has shown that resettled refugees who receive CARE self-help tools and machines increase their earnings by 39 per cent. Contributions in any amount to the CARE Self-Help Program, 660 First Ave., New York City, provide the needy in Korea and other underdeveloped lands with the kind of supplies that enable them to support and otherwise help themselves.

L. P. GAS USE INCREASED

Liquified petroleum gas as a motor fuel increased 30 per cent last year to 850 million gallons. Biggest users are trucks, buses, tractors, and irrigation and drilling engines.

'Man-Made Moon' Replica to Be Shown at State Fair

A full-size replica of the "man-made moon" which will be launched into space to circle the earth will be exhibited at the 1957 State Fair of Texas, Oct. 5-20.

The Dallas Health Museum will display the earth satellite model, along with much of the IBM calculating equipment which will gauge its flight and record its reports. A model of the three-stage launching rocket which will carry the "moon" into space also will be on exhibit.

The exhibits will be furnished by the U. S. Naval Research Laboratory in Washington, D. C., where the technical program is being carried out for Project Vanguard.

"Vanguard" represents man's first real attempt to conquer space. The earth satellite, a sphere 20 inches in diameter packed with intricate instruments, will be fired into outer space where it will circle the earth in an orbit some 300 miles out. Its instruments will send back data by radio which will assist scientists in their studies of space.

The launching of the "man-made moon" is one of the experiments to be carried out in the United States' scientific program for the current International Geophysical Year which began July 1.

It is estimated that the "Vanguard" project has already cost \$57,000,000, with hundreds of the nation's scientists involved in work to perfect the satellite sphere, design the equipment to track it and build the giant rocket to take it up.

METHODIST REVIVAL MEETING

WILL BEGIN

FRIDAY NIGHT, JULY 19

AT 8:00 O'CLOCK

REV. EDMUND ROBB of Hamlin

Will Be the Evangelist for the 10-Day Meeting.

REV. ROBB

Rev. Oren W. Smith, pastor of the Methodist Church at Throckmorton, will lead the singing and will fill the pulpit Friday night and Saturday night. Rev. Robb will preach Sunday night.

Beginning Monday, the morning services will be held at 7 o'clock, following breakfast served in the basement of the church at 6:30.

Evening services will be held in the open on the east side of the church. Prayer meetings will be held at 7:30.

The public is extended a cordial invitation to attend these revival services.

Margaret

MRS. BAX MIDDLEBROOK

Mr. and Mrs. Ray Hysinger entertained guests in their home with a six o'clock turkey dinner last Sunday evening. Guests were Mr. and Mrs. Wayne Wilkins and three children of Fullerton, Calif., Mr. and Mrs. Kit Autry of Pampa, Mr. and Mrs. Hulon Monkres and children, Carolyn and Eugene, of Crowell, and Ted Kyle of Quanah. Mr. and Mrs. Carl Roberts of Wichita Falls visited Mr. and Mrs. W. A. Priest Sunday. They also visited in the Louis Kempf and G. C. Wesley homes.

Mr. and Mrs. D. L. Owens of Knox City visited his mother, Mrs. Valeria Owens, and brother, A. B. Owens, and wife Sunday.

Mrs. Tom Smith and son, Jim Tom, were business visitors in Vernon Monday.

Mr. and Mrs. Dave Crumbly of Odessa spent Sunday night with Mr. and Mrs. Dink Russell.

LaVey Rummel spent the week end in Dallas visiting Miss Ruth

Hinkle.

Mrs. Bud Hammonds of Thalia spent two days last week with her parents, Mr. and Mrs. Cleve Gordon.

Mr. and Mrs. Ray Hysinger and Hulon Monkres of Crowell attended funeral services for Emmitt Brown in Vernon Friday morning.

Mr. and Mrs. R. A. Bell and son, Kenneth, of Burkburnett spent the week end with his parents, Mr. and Mrs. Arthur Bell. Their daughters, Carolyn and Laynette, returned home with them after a week's visit here with their grandparents.

Mr. and Mrs. August Rummel visited relatives in Elliott Sunday. Jo Nell Bradford spent several days last week visiting her grandmother, Mrs. S. J. Boman, in Vernon.

Mrs. Jack Honeycutt and daughter, Judy, of Odessa, Mrs. Virgil Johnson and Mrs. Lester Ownbey and grandson of Foard City visited Mr. and Mrs. A. B. Owens Tuesday afternoon. Mrs. Honeycutt will be remembered as Corine Crocker.

Mrs. Ray Hysinger spent Tuesday and Wednesday of last week

with her mother, Mrs. S. T. Monkres, and brother, Drake Monkres, in Vernon.

Mr. and Mrs. Herman Blevins and son, Steve, of Fort Worth spent the week end with their parents, Mr. and Mrs. C. T. Murphy. Their son, Calvin, returned home with them.

Mr. and Mrs. Henry Bradford of Lubbock visited Mr. and Mrs. A. B. Owens Saturday afternoon.

Mrs. Jim Owens spent from Wednesday until Saturday with Mr. and Mrs. Arthur Owens in Wichita Falls.

Mrs. W. B. Curry of Shreveport, La., Mrs. Claude Nichols and Mrs. Clyde Cobb of Crowell visited Mrs. W. F. Bradford Wednesday.

Mike Marlow of Oregon visited Mr. and Mrs. A. B. Owens Monday. He also visited in the Bax Middlebrook and W. A. Dunn homes. He had been gone from here 21 years.

Mr. and Mrs. Dewitt Edwards of Wichita Falls visited her parents, Mr. and Mrs. Bill Murphy, Sunday.

Mr. and Mrs. Neff Middlebrook and son, Jake, from Flowery Branch, Ga., visited his uncle, Bax Middlebrook, and wife Thursday.

Mr. and Mrs. A. B. Owens visited in Knox City Thursday with Mr. and Mrs. D. L. Owens.

Mrs. L. B. Robertson and Mrs. Bess Reinhardt were Vernon visitors Saturday.

Lonnie Halenak and sons of Thalia visited his parents Thursday and helped his father finish hoe his cotton.

Mr. and Mrs. Claud Orr of Gambelville and Mr. and Mrs. Clarence Orr and daughter of McGregor visited Mr. and Mrs. Joe Orr Sunday.

Mrs. Inez Stator of Vernon visited Mrs. Bess Reinhardt Tuesday.

Mr. and Mrs. Frank Halenak spent the day Sunday with their son, B. J. Halenak, and family in Crowell.

Gail Smith accompanied her grandmother, Mrs. J. S. Smith, and Miss Ruby Smith of Vernon to Corsicana this week for a visit with relatives.

Mrs. Karl Streit of Lockett visited her mother, Mrs. Joe Orr, and husband Wednesday.

Mrs. Dink Russell spent Wednesday visiting Mrs. Belle Crumbly and Mrs. Bobby Long at Thalia.

Mike Marlow of Pendleton, Ore., visited Mr. and Mrs. Joe Orr Wednesday.

Mr. and Mrs. Jimmie Moore and

FATHER AND SON guard the control center for "Evac 12," the emergency evacuation test in Binghamton, N. Y. recently. Some 1,500 residents were directed from their homes in Binghamton to Deposit, N. Y., 28 miles, and "resettled" there for the day. (Binghamton Press Photo)

In The News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, July 15, 1927:

A recent check of scholastics of Foard County shows a splendid growth in population during the past year. According to the county judge's record, the census of 1926 showed the county, outside of Crowell, to have had 1,110 scholastics, but this year the number was 1,168, a gain of 58 over the rural areas. Crowell had 505 last year, but will have an enrollment this year of 627, a gain of 122.

F. Claude Brooks and Miss Bevie Ringgold were married at the Methodist parsonage last Thursday evening at 7 o'clock, Rev. W. J. Mayhew, pastor, performing the ceremony.

W. I. Stephens and Miss Jo D. Brian were married in Quanah Thursday of last week.

Little Fred Allen, son of Mr. and Mrs. L. A. Beverly, was accidentally run over by a car Sunday at his father's station, but was not seriously hurt. The car was driven by Joe Roberts.

A Negro named Johnson was killed near Margaret last Friday afternoon when he was struck by a bolt of lightning.

According to reports from over the county, the wheat crop just harvested, was about one-third of a normal crop. Conservative estimates place the entire crop at 250,000 bushels. Few crops averaged 15 bushels per acre, however, W. G. Chapman of Thalia made an average of 18 bushels.

Vol Davis was here from Stephenville from Saturday until Sunday visiting the family of Paul Shirley.

Jack Meason and family of Roaring Springs were here the first of the week visiting relatives and friends.

W. F. Kirkpatrick and daughter, Miss Frankie, left Saturday for a month's vacation in Stamford, San Angelo and Hillsboro.

Miss Christine Campbell of Pampa is visiting her sister, Mrs. W. B. Johnson, and family.

Mrs. W. R. Womack and children, Recie and Bertha, left Tuesday for Brownwood to visit relatives.

Charley Thompson and family left Monday morning for an outing in points in New Mexico.

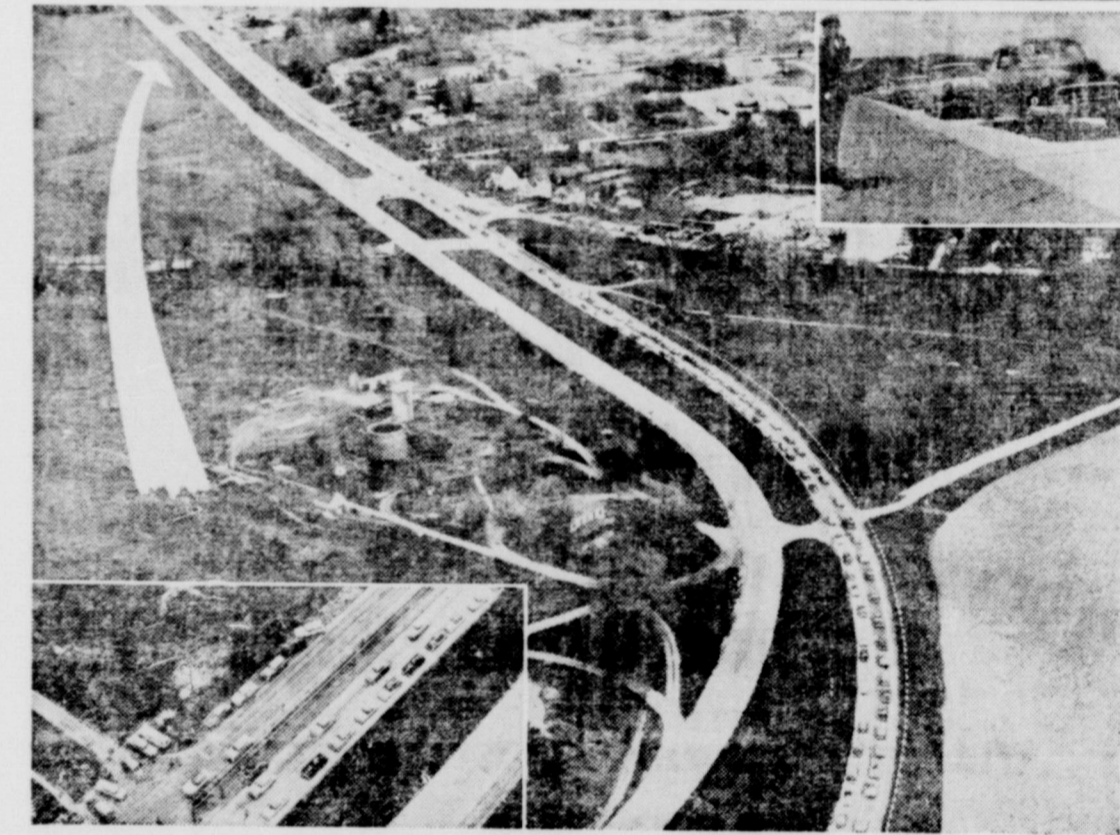

Mr. and Mrs. M. S. Henry left yesterday for a six weeks' vacation in the western states. The tour includes Colorado, Yellowstone National Park, points in California as far south as San Diego, and back through Arizona and New Mexico, including the Grand Canyon of the Colorado in Arizona.

According to Congressman Brownson of Indiana, the federal government operates 19,711 government-owned, or partly government-owned plants and commercial-type facilities in which it has invested \$11,863,990,569 of the taxpayers' money.

According to U. S. News & World Report, interest on the federal debt has totaled \$70,700,000,000 in the 12 postwar years. Rising interest rates are continuing to push the cost up.

SUCCESSFUL EVACUATION of a large city would leave the downtown area a ghost town, as in this view of Portland, Ore., taken during Operation Greenlight—the largest civil defense evacuation exercise to date. The vast Interstate Highway system under construction would not only facilitate evacuation of large cities, but also would provide roads needed to supply the huge evacuee camps in outlying areas. (Portland Oregonian Photo by Rollie Dobson)

children of Dallas spent the week end with her parents, Mr. and Mrs. G. C. Wesley. They returned home Monday. The children remained for a longer visit.

Dink Russell began working at the Rayland gin Monday.

Dave Collison was admitted to the Crowell hospital Tuesday.

Mrs. W. H. Tamplin left Friday for Lubbock where she joined her daughter, Mrs. Lee Echols, and family for a trip to California to visit relatives.

J. W. Mayfield of Quanah visited in the Joe Orr home Friday.

W. A. Dunn sponsored a group of 4-H boys to a club meeting at Buffalo Gap last week.

Green Sikes was dismissed from the Crowell hospital Friday.

Mr. and Mrs. B. J. Middlebrook have returned to their home in Crane after a week's visit with their parents, Mr. and Mrs. Bax Middlebrook.

Mrs. George Pruitt and son, Early, of Crowell attended services at the Baptist Church Sunday.

The ladies of the Baptist Church are conducting a Bible school at the Baptist Church this week.

Hack and Weldon McCurley of McLean visited Mrs. W. R. McCurley and Mr. and Mrs. O. C. Allen last week end.

Mrs. Buss Ingle returned home Tuesday from Augusta, Ga., where she spent two weeks with her daughter, Mrs. Ray Gibson.

FACT AND OPINION

Roscoe Pound, the famous former Dean of the Harvard Law School, finds that legal privileges formerly accorded certain classes—such as the nobility and landowners—have long been disappearing, but that a new favored class has arisen made up of labor unions and their officials and members. These, he writes, now have the liberty "to commit wrongs to person and property, to interfere with the use of highways, to break contracts, to deprive individuals of the means of earning a livelihood, to control the activities of the individual workers and their local organizations by national organizations centrally and arbitrarily administered beyond the reach of state laws, and to misuse trust funds—things which no one else can do with impunity."

Mr. and Mrs. Will Teague of Abilene are here visiting Mrs. Teague's sister, Mrs. Ed Tharp.

Indians in the United States were given citizenship on June 2, 1921.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

With daytime temperatures consistently in the 90's, and with prospects of going even higher, it appears that what is needed is a complete overhaul of acceptable summer clothing for men.

Women have the right idea when it comes to summer clothing. Lightweight, sleeveless, open-necked dresses permit free circulation of air and encourage heat loss. A man, though, with a tie around his neck and belt around his middle—all topped off with a coat—is at a disadvantage in trying to throw off body heat.

Elevations of body temperature will develop inevitably in a man so dressed because such clothing prevents loss of body heat through conduction, radiation, and evaporation of sweat. And this much is physiologically true: the body thermostat is so constructed that a fall in temperature is much harder to produce than is a rise.

Heat stroke, sometimes fatal, is due to exhaustion or inadequacy of the heat dissipating mechanism of the body. It occurs as a result of exposure to a hot, humid atmosphere such as is common over most of Texas during the summer months. Sunstroke is a form of heat stroke, complicated by an absorption of radiant energy from the sun which causes a temperature rise in local body areas, such as the brain, higher than the temperature of the rest of the body.

How do you avoid heat stroke? By doing what you can to keep heat loss and heat production in balance.

The wearing of loose, airy clothing is known by physiologists to be among the best means of maintaining that balance. Open throat sport shirts and light trousers are of course more practical than heavy suits.

Excessive clothing causes excessive perspiration, and excessive perspiration means a loss of body fluid and salts. Unless the loss is compensated for by drinking additional quantities of water and consuming extra amounts of salt, painful stomach cramps can result.

During periods of high humidity, body perspiration doesn't evaporate. It clings and you feel constantly damp. Skin rash often develops at these times and the rash is liable to infection.

Since body temperature represents the balance struck between heat production and heat loss, a disturbance in the value of either will be followed by a temperature change. The most sensible ways of avoiding the effects of a rise are these:

Eat lightly, avoid exertion,

drink plenty of water or extra salt, and stay close to a fan. Above all, keep your clothes loose and airy.

2,331 Traffic Law Violators Stopped by Highway Patrol

Patrolmen of the Wichita District of the Texas State Patrol contacted a total of 2,331 traffic law violators during the month of June. Captain E. B. Mark Jr., commanding officer, reported that 639 of these arrested while 1,692 were for violation of the state laws.

Speeding was the leading cause of arrest, with no operating license second, and improper ranking third.

Counties included in the Wichita Falls District are Archer, Baylor, Clay, Cottle, DeWitt, King, Knox, and Wichita, Wilbarger and York.

COST OF ALCOHOLISM

A new study says that the cost of alcoholism to the industry through absenteeism, labor turnover is more than a billion a year.

John Clark Roberts, veteran of about 15 years service as an officer in the U. S. Navy, and family visited here Tuesday morning with his uncle, N. J. Roberts, and wife. He has been transferred from Monterey, Calif., to Washington, D. C., and went from here to Denton to visit his parents, Mr. and Mrs. J. C. Roberts, before going on to Washington.

More than 500 million dollars will be paid by homeowners this year to the "home fix-up racketeers," who promise the homeowners bargains in termite-proofing, kitchen reconstruction, roofing, etc., according to the editors of Changing Times magazine.

The fast talkers in the house renovation and repair business have many tricks. One of them, according to the editors, is to promise cut-rates to those who will permit their homes to be photographed for "advertising" purposes. The offer is hedged with so many conditions that inevitably the full price must be paid.

Often such racketeers conceal many of the charges in the fine print in the contract, or offer worthless guarantees and then skip to the next town.

To guard against such operators, the magazine advises:

1. Don't buy at super bargains. Ask for the names of four or five previous customers that you can check with.
2. If the company is not known to you, check its standing with your local bank, the chamber of commerce or better business bureau. This is essential if dealing with out of town or itinerant firms.
3. Read the contract twice before signing. Demand a duplicate of what you sign, with the contractor's signature on it.
4. Don't sign the completion certificate, indicating the job meets with your approval, until you have satisfied yourself that it's in accord with the contract or sales agreement.

Home Fix-Up Racketeers on the Prowl Again

Thomas Jefferson started the Democratic party in 1793 when he resigned from Washington's cabinet and formed his own political party.

News from the Congress
by Congressman Frank Ikard

The question of granting statehood to Alaska is one that will shortly be considered by the Congress. Many people have indicated that they feel that Congress should approve Alaskan Statehood. However, we should consider that the population of the whole of Alaska is not a great deal more than the population of the whole of the southeastern corner of the territory. Could we expect this population to support an adequate system of roads, courts, schools, etc.? It is important to realize that as a matter of practical fact, the Federal government would have to carry out these burdens. It is also rather startling to think that so few people as now reside in Alaska would have such a large degree of influence in the government if Alaska became a state as they would have two senators and at least one member of the House. One hundred years ago it was not too much out of line to admit states with small population; however, today, with our great increase in population, it would be grossly unfair to the more populous states. One vote in Alaska, for instance, would have the same influence in the presidential election as about 60 votes in Texas would have.

We can expect a new look in the dollar bill about Sept. 1. One of the most noticeable differences will be that George Washington's picture on the bill will make him appear fatter. This will be because of the fact that the new money will be printed on dry paper when at the present time our money is printed when the paper is wet, and subsequent shrinking, as it dries out, has the effect of contracting and distorting Washington's features. The new bill will also bear the slogan, "In God We Trust," which has not heretofore appeared on the dollar bill. Another change will be that it will bear the signature of R. B. Anderson, the distinguished Texan, who will be Secretary of the Treasury.

Last week the House was very active. The conference report on the Agricultural Appropriation bill was among the measures approved. This agreement restored the acreage reserve part of the Soil Bank which I didn't favor.

Don Gobin of Vernon was in Crowell Wednesday morning visiting friends.

Mrs. D. D. Hairston of Wichita Falls is here visiting her mother, Mrs. L. D. Fox, and her brother, Roy D. Fox, and wife.

Pine trees are less likely to be struck by lightning because their resin interferes with their conducting of electricity.

Better Quail Season Predicted for This Year in Texas

Right now conditions point to the best quail season Texans have known for years, according to W. J. Cutbirth, assistant executive secretary of the Texas Game and Fish Commission. He has just returned from a trip through East Texas, studying first hand the effect of the hatchery program now under way.

At the same time wardens all over Texas are reporting to the Austin office of the Commission that the quail crop this year has been exceptionally good. Favorable weather conditions and improvement of habitat by land owners is given credit for the increased crop, according to Mr. Cutbirth. The Commission hatchery at Tyler has some 19,000 quail on hand to be released by clubs or individuals. More than 11,000 birds already have been released this year.

"There are still some birds available to land owners with proper feed and cover," Mr. Cutbirth said. These birds are sold at 50 cents each to land owners who can qualify. Applications should be sent to the Austin office of the Commission. Wardens then will be sent to inspect the land area and conditions. After his approval, the birds will be shipped out for release.

The state is producing three different types of quail this year. One is the North East Texas bird, for release in the East Texas area. The other is the Southwestern Bob, to be released in the more arid areas. The other is the Coturnix, the new Oriental quail that is now being introduced in the state on an experimental basis.

AMATEUR RADIO "ham" operators demonstrated anew in "Evac 12," Binghamton, New York's civil defense evacuation test, the vital part they play in tying together emergency operations with a flexible, widespread communications net. These are members of RACES, the Radio Amateur Civil Emergency Service, which enlists the emergency aid of "hams" throughout the nation under a program sponsored by the Federal Civil Defense Administration in cooperation with local authorities. (Binghamton Press Photo)

Cost of living went thataway...

Price of electricity went thisaway

In the last 25 years, the price of just about everything you buy has gone way up.

Yet the price of electricity has gone down. Your bill may be higher, but that's because you put electricity to so many more uses.

How have we been able to keep power prices down? Well, partly because we're always looking for the best ways to serve you.

West Texas Utilities Company

Be happy! Live Better Electrically

* Actually in homes served by WTU, the average cost of a kilowatt-hour of electric service is 20% LESS than it was ten years ago!

MOST MODERN "SIX" OF ALL: If you're a "six" fan, Ford's got just the engine for you. It's smooth and economical! It's the Mileage Master Six—most modern "six" in the industry.

A COMPLETELY NEW "THREE" CAR: Hidden beneath Ford's glamour is an all-new "three Ford" to give you the luxury of a big-car ride. Highways, rough roads are smoother than ever!

A WORTH-MORE QUALITY THAT LASTS: The new '57 Ford is worth more when you buy it—and built to be worth more when you sell it, too! Come in and Action Test this new kind of Ford.

State Capitol NEWS

by VERN SANFORD
Texas Press Association

Austin, Tex.—It's quiet around the Statehouse now, especially compared to two months ago when legislative issues came to a tense climax.

Groups of sauntering sightseers have replaced the bustling, businesslike crowds that choked the Capitol corridors. They carry cameras instead of brief cases.

But people who are still on the job, like Comptroller Robert S. Calvert, have plenty to ponder. Calvert gave money-worriers a jolt by announcing the state is going to have to ante up \$6,000,000 more for the teacher retirement system in the coming two years. Increase is due to the teacher pay raise which ups the amount both the state and the teachers must pay in.

Since the Legislature spent to within \$80,000 of the state's expected revenue for the next biennium, this new drain means, according to Calvert, that "the poor old revenue fund will hit the deficit column sooner than expected."

"If I had to make a new estimate of expected revenue right now," he said, "I'd have to say we'd end up almost \$6,000,000 in the hole." But he added that he hoped the outlook would improve before he's called for another official forecast.

JURY TAKES BREAK—Travis County's grand jury room is quiet too. Jurors are taking a two-week "breather," but will resume investigation of the ICT collapse and legislative bribery charges July

28. Spokesmen gave no hint when the jury might give its report and end the general suspense.

Another grand jury in Dallas is still at work. It subpoenaed former Insurance Commissioners J. Byron Saunders and Garland Smith and Smith's son-in-law, Max Wayne Rychlik.

INSURANCE FORMS APPROVED—Texas Insurance Commission has granted "temporary approval" to all life, health and accident policy forms filed before Aug. 22. It's a stop-gap measure to conform with a new law and yet allow Texas insurance companies to continue business.

A law passed last session requires that all life insurance policy forms receive Commission approval before being offered to the public. Previously, only filings of forms with the Commission was needed.

But thousands and thousands of forms are involved, more than the Commission could possibly get through before the effective date of the bill. Hence: temporary approval for all during the checking period.

ADVISORS NAMED—A committee of four has been named to help small Texas cities that want to participate in the state's new urban redevelopment law.

They are Dr. D. R. Reilly of the Nolan-Scurry County Health Dept., Joe Driskell of Fort Worth, Marvin R. Springer of Dallas and Jack Shelly of Garland. State Health Commissioner Henry A. Holle announced the group, to be known as the State Urban Renewal Advisory Committee.

Its function will be to help cities under 25,000 population develop city plans to qualify for federal aid in slum-removal programs.

BIGGER CROPS SEEN—Texas' 1957 grain harvest is expected to be significantly increased over that of drought-pinched 1956.

But citrus production will be down, according to the U. S. Dept. of Agriculture, and cotton is still a question mark.

USDA forecasts Texas' wheat crop at 33,885,000 bushels, compared to 26,388,000 bushels last year. But it's still below the 1946-55 average of 47,339,000 bushels.

Corn production is estimated at 39,169,000 bushels compared to 27,465,000 for last year. Oats are expected to hit a whopping 37,148,000 bushels compared to only 19,170,000 bushels for '56. Only rice is expected to be down—10,440,000 bags of 100 pounds each this year compared to 11 million last year.

Oranges also will be fewer—1,700,000 crates for '57, 2 million in '56. Grapefruit: 2,800,000 boxes for '57, 3 million for '56.

No official forecast has been made on cotton. Acreage planted is down, however, to 88 per cent of what it was last year.

SCHOOLS FLUNK—State Commission on School Accreditation says it will recommend that 15 Texas schools be dropped from accredited status.

Final decision will be made after the commission reports at the Sept. 2 meeting of the State Board of Education. Commission also suggested that 7 schools seeking accreditation not be approved

and that 79 more schools be warned they must improve. Inadequacy of personnel, facilities and curriculum were cited.

Recommended for loss of accreditation were Asherton, Antonio, Bardwell, Barry, Ben Hur, Concord, Gordon, Kikland, Kosse, Minden, Mount Calm, Norwood, Purdon, Sand Hill and Winfield.

VOTING RIGHTS DEFINED—Military personnel who are discharged, wait a bit, then re-enlist are entitled to establish voting residence in the Texas county where they re-enlist.

So ruled the attorney general's department. But it doesn't apply, said the opinion, if the discharge and re-enlistment are continuous.

Texas constitution allows military personnel to vote in the county where they resided at the time of entering service.

SHORT SNORTS—Rio Grande Valley citrus growers are hopeful Florida officials will decide this month to remove a 20-year ban on shipment of Texas fruit to Florida. Texas, Agriculture Commissioner John White pointed out, has not barred Florida fruit during that time.

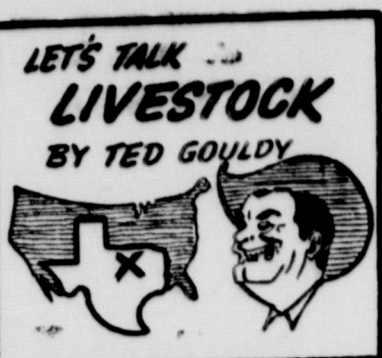

Lieutenant General Ernest O. Thompson concluded a 40-year military career by retirement as commander of the Texas National Guard. Gen. Thompson, who was "The youngest lieutenant colonel in World War I," commanded Texas' 36th Division in the between-wars interval

and served again in World War II. He is a member of the Texas Railroad Commission. . . . Texas tested their atom bomb defenses in "Operation Alert," a practice exercise that assumed seven Texonians as cities had been struck. State Civil Defense and Disaster Relief Headquarters sent out surprise notices to officials in the target cities. State agencies, as well as local groups, participated in the game of "what we'd do if . . ."

Some 9,000 acres of cotton in West Texas have been damaged by improper use of chemical weed killers, according to the State Agriculture Department. It urged caution in use of hormone-type herbicides, principally 2-4-D and 2-4-5-T. Contact with county agents was suggested. . . . Mrs. Lem Scarborough of Austin has been appointed by Gov. Price Daniel to the State Board of Mansion Supervisors. Made up of 3 women, the board plans repair, decoration and beautification of the Governor's Mansion and grounds.

SENSITIVE RADIO

The Navy is sponsoring production of an ultra-sensitive radio known as "Minitrack," with equipment so sensitive that it can "hear" invisible stars. It will be used to track the first man-made "moon," as part of the United States' earth-satellite program.

Trade was active and grass cattle were higher at Fort Worth Monday. Cows tacked on 25 to 50 cents per hundred and bulls were 25 cents or more higher. Stockers were reported strong to 50 cents higher. Killing calves ruled steady. Fed cattle were scarce and fully steady.

Comparative prices: Good and choice steers and yearlings \$20 to \$23 with strictly choice kinds quotable to \$24 and above. Plain- and medium sorts drew \$13 to \$19. Fat cows sold from \$13.50 to \$15.50 and canners and cutters sold from \$8.50 to \$13.50. Bulls cashed at \$12 to \$16.50, odd head to \$17.

Good and choice fat calves drew \$19 to \$21.50, and common and medium sorts sold from \$14 to \$18.50, with culls from \$10 to \$13. Stocker steer calves ranged from \$18 to \$24 and stocker steer

yearlings sold from \$22 down. Feeder steers sold from \$21.75 down. Stocker cows sold from \$10 to \$13.75. Feeder heifers sold from \$21 down and heifer stocker calves sold from \$22 down.

Hogs sold at the highest levels in two years at Fort Worth Monday as butchers broke the \$21 price barrier and scored \$21.25. Sows cashed at \$18 downward.

The trade was active and prices were fully steady on sheep and lambs at Fort Worth Monday. Good and choice slaughter spring lambs sold from \$19 to \$20, and medium and lower grades bulked at \$13 to \$18. Stocker and feeder spring lambs cashed at \$13.50 to \$17.

Good and choice yearling tons sold from \$16 to \$18 to those at the higher figure. No. 1 or No. 2 pelts. Medium yearlings sold from \$15. Slaughter ewes sold at \$6.50 to \$7.50. Aged wethers sold at \$13 downward. Aged sold from \$5 to \$5.50.

7 MILLION BARRELS

For the first time in its history, crude oil production passed the seven million daily mark, and the total crude at the well topped a billion dollars.

Gaylon Whitley and Quanah Girl Marry Friday, July 5th

The marriage of Miss Judith Jayne Fields of Quanah and Gaylon Clark Whitley of Crowell was solemnized at the First Presbyterian Church in Quanah Friday evening of last week at seven o'clock. Rev. Steward McMurray, pastor, was officiant.

Parents of the couple are Mr. and Mrs. Cuyler Fields of 895 West 9th Street in Quanah and Mr. and Mrs. Oscar Whitley of Crowell.

For the recitation of the wedding vows, arrangements of white chrysanthemums and asters provided a floral background.

The bride wore a pale blue organza frock over blue taffeta fashioned with a full skirt, sweetheart neckline and three-quarter length sleeves. Her accessories were of blue and her corsage was blue carnations atop a white Bible.

Miss Marcell Fields Jr., attired in a white sheath with blue cummerbund, was her sister's only attendant.

Ted Kyle served Mr. Whitley as best man.

Mrs. Pete Matting provided the music for the wedding.

The bride is a spring graduate of Quanah High School and the bridegroom graduated from the Crowell High School in 1964. He is serving with the United States Navy aboard the USS Ester, based at San Diego, Calif.

A reception was held immediately following the wedding at the home of Mr. and Mrs. D. J. Newman.

The bride's table, laid with a white lace cloth over blue, was centered with blue and white carnations, flanked by white candles. The cake was white and pink and was served by Miss Charlotte Newman. Mrs. Roy Whitley secured names of the guests in a white bride's book and Mrs. Roy B. Sanson, Mrs. Pat Fagan, Miss Linda Willerson and Miss Juanita Cromartie presided in the dining room.

When the couple left on a wedding trip to Ruidosa, N. M., Mrs. Whitley was wearing a pale pink tulle dress with full skirt. Her accessories were white.

Out of town guests present for the wedding and reception included Mr. and Mrs. W. T. Whitley, Fritch, Texas, and Mr. and Mrs. Layton Mayes of Crowell.

Mrs. Whitley will remain in Quanah until he is discharged from the Navy in October.

TRUSCOTT W. S. C. S.

The Truscott W. S. C. S. met at the annex July 8. "Declare His Glory" was given in a radio cast from the Philippines. Those on the program were Mrs. C. M. Guyton, Mrs. Jack Hickman, Mrs. W. O. Solomon, Mrs. H. O. Clark and Mrs. I. S. Ellis.

The devotional was given by Mrs. Hickman. After the program a business meeting was held. Christmas cards have been received and they will be sold to make money. Anyone wishing to buy them can contact any member of the W.S.C.S. The group was dismissed with prayer.

2 Shots Can Help In Polio Season

While complete vaccination against paralytic polio calls for three Salk shots spaced over an eight-month period, the National Foundation for Infantile Paralysis today urged all persons under 40 to get at least two shots before the oncoming polio season.

Recent surveys have shown that two shots of the vaccine can provide substantial protection for at least one polio season, National Foundation officials said.

A study of the 1956 polio picture by the U.S. Public Health Service revealed that paralytic polio among those patients with one or more shots was 75 to 80 per cent less than among the unvaccinated.

Normally, the first and second shots are given two to six weeks apart with the third, or booster shot, given seven months after the second.

The Salk vaccine stimulates production of polio-fighting antibodies in the blood stream. The first shot takes effect seven to ten days after injection, preparing the bloodstream for the production of antibodies. The second shot brings an increase in antibodies. The third creates a sharp rise in antibodies that provides long-lasting protection.

If the body is infected by the polio virus, the antibodies prevent it from reaching nerve cells where the real damage occurs, thus preventing paralysis.

However, medical authorities warn that an individual who may be immune personally and comes in contact with the virus may pass the infection on to an unvaccinated person in whom it can cause paralysis. For that reason Dr. Jonas E. Salk has

CUB ROUNDUP

Mrs. Curtis Barker and son, Barry, entertained the Cub Scouts of Troop No. 2 at their home Wednesday morning with a Round-up party. The party was given in the back yard.

The Cubs entered the yard on bicycles and on foot. Immediately after the Cubs entered, balls and bats started flying. This brought the Cubs into a big round-up, and they decided to play baseball. The remainder of the morning was spent visiting and reminiscing after school vacations.

The following Cubs attended the Roundup: Mike Manard, Barry Barker, Jackie and Gary Eddy, Stanley Shook, Roger Owens, Randy Whitten; Mrs. Clyde Eddy, den mother, and the hostess.

Delicious refreshments were served.

VISITOR COMPLIMENTED

Mr. and Mrs. S. T. Crews entertained a group of little girls in honor of Margaret Crews, their granddaughter of Midland who is a guest in the home, on Wednesday morning, July 10, at 9:30 o'clock.

Present were Mary Sue Speer, Elaine Crowell, Renee Cooper, Shirley Mike Rasberry, Karen Shirley Labra Beverly, Barbara Ann Beverly, Merith Lee Taylor, Billie Sue McClain and Margaret Crews, the honor guest.

Mrs. Crews was assisted in duties as hostess by Mary Sue Speer and Elaine Crowell. After a series of games and contests, the guests were served iced watermelon, ice cream, Cokes and cookies.

TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met July 11 in the community house. Mrs. H. M. Black was in charge of the meeting with seven members and five visitors present.

The devotional was given by Mrs. Marion Chowning. Roll call and minutes were read by the secretary.

Council report was given by Mrs. J. G. Adeock. Encampment at Seymour July 23-24 was discussed.

Demonstration on making waste baskets was given by Mrs. H. M. Black. A round table discussion on cancer was led by Mrs. Marion Chowning.

Refreshments were served by Mrs. Adeock.

FOARD CITY W. S. C. S.

Mrs. Virgil Johnson presided over the July 15 meeting of the Foard City W. S. C. S. and brought the first lesson from the course of study, "Youth in a Responsible Society." She revealed that only five per cent of the nation's young people are responsible for the juvenile delinquency so widely and wildly reported; but the remaining 95 per cent are subjected to suspicion as a consequence.

As she brought out the importance of right attitudes of adults toward today's youth, Mrs. Grady Halbert emphasized the points with appropriate poems.

Mrs. Blake McDaniel dismissed the group with prayer.

From the Miami Herald: "Her parents had intended to have her inoculated . . . but each time, something caused postponement."

pointed out that "Your neighbor's vaccination does not protect you."

The National Foundation urges all under 40 who are unprotected to get two shots now, while there still is time before the 1957 polio season.

WEST SIDE H. D. CLUB

The West Side Home Demonstration Club met in the home of Mrs. E. A. Dunagan July 9. Household hints and when to display the flag, read by Mrs. H. Ross and Mrs. S. E. Tate, opened the meeting.

Roll call was answered with craft ideas. Minutes were read and approved, and business discussed. Mrs. L. G. Simmons and Mrs. J. B. Weathered gave a demonstration on plaster of paris molds.

The next meeting was planned to be held in the home of Mrs. Simmons July 23 and 2:30 p. m.

Refreshments were served to the following members: Mesdames S. E. Tate, W. Thomson, L. G. Simmons, G. H. Kincheloe, G. L. Kincheloe, A. Jones, G. Gentry, B. Mathews, H. Ross, J. B. Weathered and Mike.

It is warmer to wear two thin garments than one thick one because the air between them serves as insulation.

HOME BUILDERS CIRCLE

Mrs. C. V. Barker was hostess to members of the Home Builders Circle Tuesday afternoon.

Mrs. Arthur Bell opened the meeting with a prayer. Brief business was discussed. "Christian Living in the Home" was the subject of the afternoon's devotional given by Mrs. Travis Vecera. She also gave a musical reading, "It Takes a Heap 'o Living in a House to Make it a Home."

Mrs. Barker served refreshments to the five members and three visitors present.

The next meeting will be with Mrs. Glenn Shook on August 13.

PRIVATE ENTERPRISE

In this country, where telephone service is provided by private enterprise, there is a phone for one out of every three persons. In Europe, where telephone service is generally a function of government, the ratio is one for every 23 persons.

New State Highway Map Now Available

The official highway travel map of Texas, completely redrawn to include 450 towns not shown in previous years, has just been released by the Texas Highway Department, D. C. Greer, State Highway Engineer, announced this week. These maps are being dispatched as rapidly as possible to fill a backlog of thousands of requests, and new requests are pouring in daily, Greer said.

Inch for inch, the map—which is possibly one of the most widely known travelogues of the state—gives more travel guidance about the largest state in the Union than any comparable printed matter of such handy size. A new cartographic system employed to produce the 1957 map made possible the addition of thirty per cent more information. Multi-lane highways, farm-to-market highways and state and federal high-

3—THE FOARD COUNTY NEWS

Crowell, Texas, July

ways are indicated. Key altitudes also are noted, and roadside parks as well as state parks are indicated. The new map contains more detailed information than its predecessors.

All streams and public lakes of major size are shown, and cities with a population of fifty thousand or more are mapped as a city inset. Color photographs on the back side of the map picture Texas' recreational, industrial and landscape attractions. A running account of Texas history and the state's natural resources, climate, size, recreational facilities and industries are included in the back-side information.

Greer estimated that approximately one-half of the map requests each year come from prospective out-of-state tourists. "Maps are available free," the State Highway Engineer commented, "and they may be secured either by writing direct to the Texas

Highway Department, or to any of the Department offices or to the Transition Bureau maintaining the state."
