Baird residents have been plagued with a series of break-ins at their places of business in downtown Baird recently.

Money has been stolen and property destroyed as a result of these burglaries.

Since the resignation of Gordon Hass, City Chief of Police, Baird has had no one to patrol the business area in the early morning hours, when burglaries are most often committed.

County law enforcement officials, who have other duties to perform, and usually work to perform, and usually work thours, have been unable to stop the burglaries to date.

## THERE ARE LOTS OF OTHERS.

For instance, new durability: New sheet metal construction discourages rust. Eliminates exposed joints on cargo box and tailgate. Provides self-washing wheelhousings with special splash shields. Inner cab is specially treated against rust.

Also, added comfort, safety and convenience: Improved visibility all around. Dual master cylinder brake system. Telescoping lower steering shaft. Energy-absorbing instrument panel. Interior color-keyed to go with exterior paint. One-hand tailgate latch.

And extra strength: Full-depth double-wall side panels (Fleetside models). Double-wall steel in cab roof and other important areas.

Plus famous Chevrolet truck features: Independent Front Suspension that gives a smooth ride-like a car. The most popular truck 6's and V8's. (And there are lots more, as your Chevrolet dealer will show you.)
