FIRST LOADS '59 WHEAT BROUGHT IN TUESDAY

First load of the 1959 Foard wheat crop was brought to the Farmers Elevator in Crowell Tuesday afternoon at 4 o'clock. The wheat was raised by L. P. Abston on the Sandifer farm just off the railroad on the north side of the highway. The load contained 90 bushels of wheat with 14.36 moisture and 13.70 protein. Estimated yield per acre was 10 to 15 bushels. The Abston, manager of the elevator, bought the wheat at 25¢ per bushel and paid 25¢ per bushel premium. The load at the Foard County Elevator arrived Tuesday afternoon. Ray Brown reported that first wheat came in about 10 a. m. and was grown by D. L. Bell & Sons on a farm north of Crowell.

The load contained 265 bushels of wheat, and had a moisture content of 13.70. The wheat is still green and harvest is expected to get into full swing next week. The looks of the vacant lots in Crowell, there should be plenty of combines available when needed.

New Crowell homes featured this week. The new homes, built, are being featured in a continuation of the new house articles. The new homes are built by Mr. and Mrs. L. E. Archer and Mrs. W. W. Lemons. Both are located in the east part of town and brief descriptions of each follow:

Archer Home
This square feet of floor space and in the home of Mr. and Mrs. L. E. Archer and daughter, who reside at 122 East 10th. The house has four bedrooms, living room, kitchen, two bedrooms, a bath. The Archers live in their own plans.

The exterior of the house is in gray asbestos siding with white composition shingles. The front porch is used for a wrought iron post. The Archers chose natural color woodwork with shades of green on the walls throughout the house. Her kitchen cabinets are natural colored white pine and her closets and inside kitchen cabinets are finished in pink. The Archers are especially proud of their large 8'x8' walk-in-closet in the living room for storage of seasonal clothes, a rolled bed, card tables, etc. The house is heated by a wall furnace between the back bedroom and kitchen.

Lemons Home
This house now has 1,550 square feet of floor space with five rooms, living room, kitchen, combination living room, 3 bedrooms, 2 bathrooms, one in the process of being finished. The 9x13 bath was extended to 13x28 and the combination kitchen family room.

The front of the house was built from north to west by bringing the back bedroom to the living room and the old living room to the master bedroom. The porch was closed in making a walk-in closet, and a bath off of the master bedroom.

Central heating has been added. The exterior of the house has been finished with insulated siding and trimmed with wrought iron posts.

Plans of the Lemons home to add a carport and large closet to the south off the kitchen and family room.

Last year produced 1,236,000 bushels in the county, the 1959 crop looks rather slim, but most estimates are of the opinion that it should be nearly an average crop. Foard County wheat did not have any rain during the winter season. The only moisture it received for many months was two or three light snows. Some of the wheat planted last fall did not receive enough moisture to bring it up. Most of the oats sown here this year died from a lack of moisture and the extremely cold winter.

Though the wheat is thin, usually wheat produced under conditions similar to those this year is of a high test weight and quality.

Rains Help Row Crops
The rains received this month here have been very beneficial to row crop farmers and many acres of feed and cotton have already been planted. Foard County thus far has been very fortunate in not receiving any of the very heavy rains experienced by neighboring counties.

C. H. S. Graduation Exercises Held Last Friday Night

Graduation exercises for forty-one seniors were held in the Crowell High School auditorium last Friday night. There were 44 seniors this year, but only 41 completed the required 16 credits toward graduation.

Dr. Guy Newman, president of Howard Payne College of Brownwood, delivered the principal address. He spoke directly to the members of the graduating class, but the large crowd of patrons enjoyed the message, too. To succeed, Dr. Newman said, an individual needs three things: first, a desire; second, discipline; and third, dedication. He told how someone had influenced him to go back to school at the age of 29, with only two years of high school work completed, and receive several degrees in college.

Principal Henry Black presented the diplomas and awards. Kenneth Bingham and Warren Everson gave the invocation and benediction. Jamie Bowers and Charlotte Sledge played the processional and recessional. A duet was rendered by Lois Ann Painter and Charlotte Sledge.

Heavy Rains in Cottle County Close U. S. 70

An 8 1/2-inch rain which fell in Cottle County last Thursday night did heavy damage to crops and land in that county, and caused U. S. 70 between Crowell and Paducah to be closed Friday.

Both the Wichita and Pease Rivers were running bank-to-bank Friday as a result of the heavy rains west of here.

Crowell received only about a tenth of an inch Thursday night, but a heavy shower Friday morning about 10 o'clock dumped .75 of an inch here. About an inch was reported at Thalia and hail which hit in the Thalia community damaged wheat.

SWIMMING POOL OPENS TOMORROW

The Crowell municipal swimming pool will open tomorrow (Friday) afternoon at 2 o'clock. If the weather is favorable, there should be a large number for this opening day. Most pools of this area will not open until Sunday or Monday.

According to Gordon Erwin, the pool is in good shape. Several improvements have been made on the facilities this spring. The usual prices will prevail: 25¢ for public school students and 50¢ for adults. Season tickets sell for \$10.00 each for all ages. However, season tickets for the wading pool are only \$4.00 each. There have been about fifty tickets sold thus far. They can be purchased at L. A. Andrews' office in the court house.

Mayor Proclaims Saturday as Poppy Day in Crowell

Saturday, May 30, was named Poppy Day and all citizens were urged to observe the day by wearing memorial poppies in tribute to the nation's war dead in a proclamation issued this week by Mayor Claude Callaway. The proclamation stated:

"Remembrance of those who gave their lives in defense of our country and its freedom being an inspiring part of our American heritage, and all of us having personal memories of young men from our city who died in war service, it is fitting that we keep those memories bright by wearing on one day each year the Memorial Poppy. I therefore am proclaiming Saturday, May 30, 1959, to be Poppy Day in the City of Crowell and urging all citizens to observe the day by wearing the Memorial Poppy."

Teams Now Being Selected for Little League Play

In an on-field meeting on Monday, May 25, Little League managers appraised players and worked out temporary rosters of 20 men for each team, according to local Little League president, Marion Crowell.

Glen Goodwin, player agent, worked with the managers and eventually all candidates in the nine-through-twelve year brackets were incorporated into one of the four temporary rosters. Rosters must be cut to fifteen men per team by opening game time next Tuesday night, June 2, with players released from major league teams returning to minor league status.

Two fields, the high school baseball field and the new Little League field, have been rented for play, and practice games are being played daily after 6 p. m. No eight-year-olds are on these temporary rosters for the major league teams, but they—along with those released by the major league teams—will be organized into minor leagues next week, according to Player Agent Goodwin.

Former Foard County Man to Share in Gift From Manufacturer

Cecil Short, who was reared in the Margaret community, will share in the gift of \$1,450,353 to 400 employees of ten years standing of the Elliott Addressing Machine factory in Cambridge, Mass.

A 72-year-old manufacturer, Harmon P. Elliott has sold his addressing machine company to a New York firm with the understanding the corporation would continue the plant and keep the employees working.

Twenty years ago, Elliott set aside a chunk of stock in Elliott Company as a trust fund for his employees. When he sold the company Saturday the stock was worth \$308.65 a share. Employees will get between \$3,500 and \$4,000 each with no strings attached.

"I really did it for the fun of doing it," Elliott said. "I've probably got more pleasure out of it than they have. It was fun watching them get the benefit of it while I'm here and not after I'm gone."

Mrs. S. H. Holmes, 97, Dies at Troup

Mrs. S. H. Holmes, 97-year-old widow of Rev. S. H. Holmes, former pastor of the First Christian Church of Crowell, died Sunday morning, May 17, in the home of a daughter, Mrs. Charles Pace, of Troup, Texas.

Services were held at 3 p. m. Tuesday, May 19, in the First Christian Church in Wichita Falls, with burial there. Her husband died in 1931.

Pastorates held by Bro. Holmes were Crowell, Vernon, Breckenridge, Cisco, Stephenville, Texas, and Ardmore, Okla.

Surviving in addition to Mrs. Pace, are another daughter, Mrs. Ina Eledge of Jacksonville, Texas; two sons, Wayne J. Holmes of Wichita Falls and S. F. Holmes of Vernon, and three grandchildren.

Den 2 Cub Scout Meeting

Den 2 of the Crowell Cub Scouts held its regular meeting Wed., May 20, at the home of the Den Mother, Mrs. Ray Shirley. Mrs. Chester Hord and Mrs. Tom Ellis assisted. For their craftwork, the boys made taborines out of paper plates, heavy cord and bottle caps. The Cubs learned some songs as they worked.

The Den Chief, Ken Ferguson, led the boys in their closing ceremonies. Those who attended were Larry Ellis, Joe Ray Burkett, Dickie Statter, Bob Shirley and Billy Hord.

Down Town Bible Class

In the opening exercises of the Sunday morning meeting of the Down Town Bible Class, Earl Hesse played a saxophone solo, "How Great Thou Art," with Mrs. W. W. Lemons, class pianist, accompanying.

Dick Todd was in charge of the meeting, and Sam Mills led the singing.

Recie Womack brought the lesson to thirty members present.

Greatest Reporting Job in History of World

"Sometimes it seems to jolt religious persons to hear newspapermen say that the Bible is the greatest reporting job in history. These people seem to forget that while the Bible contains the word of God, it was reported in the words of men. One of the reasons the Bible has remained a 'best seller' (which really has little to do with its actual importance) has been the fact that it was written with such magnificent simplicity and clarity."—Ontario-Upland, California, Daily Report.

Texas Farmers Grow Nearly a Bale of Cotton to the Acre in 1958

The following letter from the Texas Cottonseed Crushers' Association to Roy Barker of Crowell gives some interesting figures on 1958 Texas cotton production. The letter follows:

"The cash value from cotton and cottonseed in Texas for 1958 has been estimated at \$756,655,000 by the Agricultural Marketing Service, U. S. Department of Agriculture. Based on this estimate, cotton growers received an average gross income of \$140.12 for each harvested acre of cotton as compared with an average of \$39.73 from all other crops.

"Texas cotton farmers harvested 4,350,000 bales from 5,400,000 acres with an average yield of 387 pounds of lint per acre. This was the highest acre yield since production records started way back in 1866. The yield was 121 lbs. higher than the average (266 lbs.) for the previous five years.

"This year cotton will again be the best cash crop for farmers capable of producing high yields of good quality, efficiently.

"Conditions have been generally favorable for the build-up of many insects injurious to cotton. This is especially true in sections where the boll weevil and pink bollworm are a problem. Last year, there was a poor farm cleanup and stalk destruction program because of a big crop, late harvest, and a wet fall."

Expenditures and Debts of States Greatly Increased

Expenditures by the states increased more than three times between 1946 and 1957 — from about \$7.1 billion to about \$24 billion. In the same period, the debt multiplied more than three times — from \$2.4 billion to \$7.4 billion.

THE GLORY OF THE ALAMO

Personally, I am proud of what took place at the Alamo. It proved that the people in Texas had guts to stand for what they thought was good for the Texas citizens. We cannot say as much for the 56th Texas Legislature regular session of 1959. The recent Regular Session could not even agree on a state budget, let alone where to get the money for it. The legislators also adjourned right on time without solving a \$65 million deficit and the most staggering financial problem in Texas history, leaving the State writing "rubber checks" to pay its bills. Michigan's shameful financial bankruptcy may soon hit the Lone Star State if we don't check our "do nothing" ways. We the People have reason for bitter disappointment at the failure of our 100 per cent Democratic Legislature to act on an urgently needed program to (1) solve this State's No. One long-range problem, WATER. These "lawmakers" also failed the voters in NOT providing badly needed legislation to: (2) revise the Texas Election Code; (3) improve public education; (4) revise inadequate criminal laws, particularly in the area of juvenile crime; (5) provide proper guarantees for freedom of information; (6) provide regulatory legislation to curb loan shark practices; (7) revise the present law and enact a realistic Lobby Control Law; (8) improve our inadequate insurance laws; and many other much needed laws. Laws passed to raise their own salary and preserve Alligators, or cook food for the hogs; is more or less personal for their own consideration so to think. Now that we have a special session going on; what can we expect?

on May 15, and was buried in
Bakersfield May 18.
Mrs. Stephens was born Jan.
17, 1877, in Sweetwater, Tenn.
She was married to Mr. Stephens
Dec. 18, 1897. They moved to
Crowell from Tennessee in 1910
and to the Margaret community
in 1915. They later moved to Cal-
ifornia in 1936.

Mrs. Murphy and her sister,
Mrs. Mae Priest, and son, Clar-
ence, of Vernon, went to Califor-

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Tex.—Between now and
the middle of June the Legislature
has only one goal to shoot at—
getting the state "fiscally fit."

Gov. Price Daniel limited topics
for the 30-day special session to
(1) paying off the \$85,000,000
deficit from the 1958-59 biennium,
(2) passing an appropriation bill
for 1960-61, and (3) passing a
tax program to cover appropria-
tions.

When these things are taken
care of, the governor indicated
he might submit such items as
the Hale-Aikin school program
and medical payments for the
aged. He favors both these pro-
grams, said Governor Daniel, but
believes in taking "first things
first."

To cover these "first" needs,
the governor is pushing a tax pro-
gram very similar to what he pro-
posed last January. This includes
the "bookkeeping bill" (to cut
down the deficit by crediting more
money to this year), a 3 per cent
severance tax on natural gas, a
higher corporation franchise tax,
and the abandoned property bill,
under which the state would take
over unclaimed bank accounts and
property.

He is willing to revise the aban-
doned property bill to meet some
of the objections that caused it to
be defeated during the last ses-
sion.

Absolute deadline for getting
the money problems solved is Sep-
tember 1, when the state begins
a new fiscal year. Unless new ap-
propriations are provided by then,
the government, including schools,
hospitals, etc., will grind to a halt.

HOPE SPRINGS ETERNAL

Legislators are again asking the
people for a pay raise—this time
a more modest amount.
A proposed constitutional
amendment, approved on the last
day of the regular session, would
give lawmakers an annual salary
of \$4,800. In addition, they would
get \$12 a day expense money for
a 120-day session every other
year.

Last November a proposal for
annual salaries of \$7,500 and an-
nual sessions was decisively swat-
ted down at the polls.

At present, both senators and
representatives get \$25 a day for
a 120-day session plus \$25 a day
for each called session. It's a min-
imum total of \$3,000 for two years
when there are no special sessions.

Under the new proposal, the mini-

imum for two years would be
\$11,040. People will vote on this
plan at the general election in
November, 1960.

"NO SWEAT" ELECTIONS

One of Texas' oldest traditions—
scorching hot election days — is
passing into history.

Governor Daniel signed into law
a measure moving primary elec-
tions up to the first Saturday in
June, and the first Saturday in
the fourth Saturdays in July and
August.

State conventions will be the
second Tuesday after the runoff
primary—or about the middle of
June. This is the convention to
name delegates to the national
presidential nominating con-
vention.

Earlier elections had the strong
backing of U. S. Sen. Lyndon B.
Johnson's friends and supporters.
As a possible presidential nominee,
he would be in a stronger position
if his race for a new senatorial
term were behind him at national
convention time.

Governor Daniel took exception
to and got the Legislature to
change certain provisions of the
bill before he signed it. He ob-
jected to having Democratic execu-
tive committee members elected
by district caucuses rather than
by the whole convention. This pro-
vision was removed and the law
remains as it was.

He also didn't like the Legisla-
ture's proposal to have state con-
ventions before the second pri-
mary, so the date was changed to
10 days after the second primary.

NEW LAWS

These changes in Texas' way of doing things re-
sult from bills passed in the final
days of the regular session:

Driving an auto without the
owner's permission becomes a felo-
ny offense. Under old law, to
get a prison sentence, state pro-
secutors had to prove the person
who took another's car intended
to keep it. Maximum punishment
under new law is three years in
prison.

Boat owners will have to regis-
ter their craft and pay a license
fee after April, 1960. Bill also
requires warning lights and other
safety devices on boats and pro-
hibits reckless boating and water
skiing.

school system.

State inspection of livestock at
auctions was provided. An amend-
ment to assess livestock owners
for cost of the program, estimated
at nearly a half-million a year,
failed.

Interim studies have been auth-
orized for the investment of the
Teachers Retirement Fund, laws
governing formation of water dis-
tricts, financing of the Board of
Water Engineers and fees charg-
ed by state agencies.

Advertising prices as wholesale
has been outlawed, unless the
goods are intended for resale and
a bona fide wholesale price is list-
ed.

Calf-roping contests will be le-
gal under a new law. Unknown
to many people, they apparently
were not legal before.

A state advertising program,
under the joint direction of the
State Highway Department and
Texas Industrial Commission, was
set up. An appropriation to get it
going will have to come later.

16 successors to the governor
were officially designated in a
continuity of government bill pass-
ed to assure a living chief execu-
tive in event of atomic disaster.

Corn meal and grits must be
enriched with vitamins and min-
erals if they are to be sold for
human consumption.

Roaming livestock on state
highways will be prohibited under
a law to take effect in July, 1960.

Pensions of \$80 a month were
voted for some 100 former Texas
Rangers and widows.

YOUR OPINION SOUGHT —
Governor Daniel has invited all
Texans to share with him their
ideas on how to meet the problems
of children and youth. He has ap-
pointed a statewide study commit-
tee and has urged the organiza-

tion of local groups. Persons with
suggestions and ideas may send
them to the governor's office or
work through local groups.

As SPORTS CARS ILLUSTRATED puts it: "Indeed, this
device is surely the most wonderfully responsive engine avail-
able today at any price."
- BEST ECONOMY**
No doubt about this: two
Chevrolet Sixes won their
class in the famous Mobil-
gas Economy Run, got the
best mileage of any full-size
car.
- BEST STYLE**
POPULAR SCIENCE
magazine sums it up:
"The fact is, in its price
class the Chevy estab-
lishes a new high in
daring styling..." It's
the only car of the lead-
ing low-priced three
that's unmistakably '59
in every modern line.
- BEST TRADE-IN** Check the figures
in any official N.A.D.A.* Guide Book.
You'll find that Chevy used car prices
last year averaged up to \$128 higher
than comparable models of the "other
two." *National Automobile Dealers Association

BUD'S MACHINERY NEWS

Congratulations to organizers, leaders, sponsors, workers, etc., of our Little League Program for baseball. This is a fine thing for our young people, and will be fun for all ages. We bought a forty-foot space on the wall in center field. We will give a dollar every time those young sluggers hit a ball out there and hit the big "Case Eagle" that will be painted on the fence.

Case Company is having growing pains, which started back about 1951. Things really started happening in 1956 when they acquired a new 39-year-old president and general manager, who is just short of a genius in leadership ability and new ideas. In recent years, there has been a steady flow of really new machinery with many advanced features. All this, plus extra company and dealer enthusiasm, has caused sales to soar-1957 overall retail sales were 42 per cent over 1956-1958 sales were up 56 per cent over 1957. Thus far into 1959, sales are up 47 per cent over the same period last year. All this bears out some new slogans such as "the oldest company with the newest machinery," and "if it's a new Case machine, it's really new."

The man who makes no mistakes usually does not make anything. He who never made a mistake never made a discovery.
