1959 WILDCAT BAND MAJORETTES
Pictured above are the majorettes selected for the Crowell Wildcat Band for the coming school year. From left to

right, they are Ruth Sanders, Faunce Fairchild (head majorette), Sue Sanders (drum major), Janey Bowers and Charlotte Sledge.

C. H. S. Band Looking Forward to Big Year

On Monday, August 17, the Crowell Wildcat Band met at the band hall at 8:30 a. m. for its first meeting of the school year. Earl Hesse, director, stated that the band sounded remarkably well after the summer vacation. The first week was spent learning new marches and face movements for military marching.

The second week of rehearsals turned toward the band's first show of the marching season. During the summer vacation, Mr. Hesse attended a "marching school" and came home with ideas for the whole year. The band will be marching with an entirely different style this year.

New Officers

The new band officers for the following school year are as follows: president, Gary Griffith; vice president, Melvin Johnson; secretary, Wendell Callaway; treasurer, Charlotte Sledge; librarians, Sue Sanders and Judy Johnson; and reporter, Janey Bowers.

There are many new members in the senior band this year, and they are working themselves in very well with the rest of the band.

The first show of the season will feature the majorettes who are pictured on this page.

Foard Wheat Growers Invited to Vernon Meeting

Hub Hughes of Imperial, Nebr., a vice president of the National Association of Wheat Growers and the executive vice president of the Great Plains Wheat Market Development Association, and Lloyd Kotney of Julesburg, Colo., who is also a vice president of the NAWG and the chairman of the board of directors of the Great Plains Wheat Market Development Association, are scheduled to speak to the Wilbarger County Association of Wheat Growers at their first fall membership meeting in the district court room on Thursday night, Sept. 3, at 7:30 p. m. This announcement was made Monday by W. R. "Bill" McPherson, president of the Wilbarger County organization.

According to Mr. McPherson, C. L. Edwards of Panhandle, president of the Texas Association of Wheat Growers, and Ken Kendrick of Stratford, secretary-treasurer of the Texas Association of Wheat Growers, are expected to be present.

The meeting is open to the public and a special invitation is extended to the growers of wheat in Foard and neighboring counties.

Mr. McPherson said that "problems confronting the wheat grower and how we can cope with them" will be the basic theme of the meeting. He added "we feel fortunate in securing men of this caliber to discuss our problems and explain the functions of their organizations dedicated to their solution."

Mr. Hughes and Mr. Kotney will fly into Vernon airport by chartered plane Thursday morning direct from a wheat meeting in Wichita, Kansas.

25th Annual Labor Day Reunion to Be Held at Wesley Park

An annual affair which has been carried on by the descendants of Henry Baker for a quarter of a century will be held at the George Wesley farm east of Margaret beginning next Saturday, Sept. 5, and lasting through Labor Day.

Relatives and friends of the many families represented gather at the park on Saturday and make camp for the two-day reunion. They come from different parts of the United States and as far away as California.

Sunday is spent in visiting and playing games. A worship service is held at the park at 11 o'clock Sunday morning and the babies that have arrived during the past year are baptized in the afternoon.

ENROLLMENT UP FOR CROWELL SCHOOLS

School got under way for 523 children and 28 faculty members in Crowell last Monday morning. This was five more than enrolled for the first day last year. This is the first time in several years that the enrollment number has been greater than for the previous term. There were 176 in the primary department, 10 more than last year; the intermediate department had 159, four less than the first day last year; and the high school enrollment was one more—178.

A short schedule was followed on Monday, with books being issued and assignments made. The regular schedule was followed on Tuesday, with the doors open at 8:30 a. m. and classes starting at 9.

The school cafeteria was opened on Tuesday with hot lunches served as recommended by the Federal lunch room program.

School Taxes May Now Be Paid; Valuations Up

According to L. A. Andrews, assessor-collector for the Crowell Consolidated Independent School District, the 1959 tax roll has been completed and tax payments are being accepted. The total valuation for the year 1959 is \$7,008,550, whereas it was \$6,584,320 for year 1958. This shows a gain of \$424,230 and is due to natural growth and increased oil valuations.

C. P. Sandifer was again the first to pay 1959 school taxes, he having paid them on July 24 and received the first official receipt for the current year.

Monday, September 7, Marks 95th Birthday of C. P. Sandifer

Monday, Sept. 7, marks the 95th birthday of C. P. Sandifer, pioneer Foard County resident, who came here 70 years ago with his wife, and they have made their home here since.

Mr. Sandifer's eyesight is failing and he is confined to his home on North First Street most of the time.

Prices for these meals are 32c and 37c, if paid by the week. They are 35c and 40c if bought on a daily basis.

New Subjects Offered

The new subjects offered in high school this year are: world history to the sophomores, physics to the juniors and seniors, and Spanish I to sophomores and juniors. Physics replaced chemistry, and Spanish I alternates with Spanish II. All pupils who started to high school after September, 1958, are required to take world history. Two years of science is required now instead of one. However, two years of vocational agriculture or homemaking can be substituted for one of the sciences. One semester of driver education is being offered to all freshmen again this year.

The three new faculty members are Mrs. Howardene McDaniel in the primary department; Miss Jean Whitby in the intermediate department; and L. H. Wall in high school.

Thirty football boys and 45 band members have been practicing for the past two weeks getting ready for the opening football game here Friday night with Seymour.

Texaco's No. 14

M. E. Rasberry Finaled as Producer

Another completion for the Rasberry Field has been announced as follows: Texaco Inc., No. 14 Maude E. Rasberry, 8 1/2 miles northwest of Crowell, 2000 feet from south line, 1850 feet from west line, section 23, block A, SPRR survey. Total depth 6219 feet. Initial production 119.89 barrels daily, gravity 40.1.

Foard County Wildcat Staked

The No. 1 Marris E. Florida has been staked by Armour Properties as a 4,500-foot Foard County wildcat. Location is six miles north-east of Thalia, 330 feet from east and north lines of section 22, block 8, H&TC survey.

Monday Hottest of the Year with High of 105

Summer was later than usual, arrived last week end and made up for lost time during the past few days. Sunday afternoon about 1:30, the mercury to 105 degrees for the high reading recorded here this year. A cool front and very showers moved in later Sunday afternoon and the temperature dropped 25 degrees in 30 minutes. The cool air lingered on Monday, but by Tuesday afternoon, it had yielded to hot air from the south with a pressure reading of 104 de-

grees. Foard County has had an extremely cool summer with the pressure rising over the 100-degree mark on only 9 days during the past three months. Earlier in the summer, the county received considerable amounts of moisture but August proved to be dry and what looked like a bumper crop has been hard hit by lack of moisture. A large part of the early-planted dry-land cotton will not turn out very good. The later-planted cotton could make good with some more

moisture and low temperatures recorded here during the past week:

Monday: high 90, low 68.
Tuesday: high 95, low 71.
Wednesday: high 101, low 76.
Thursday: high 105, low 77.
Friday: high 92, low 68.
Saturday: high 104, low 68.
Sunday: high 96, low 72.

Town Bible Class

As Jo Ann Fox rendered two vocal numbers in the open-air services of the Down Town Bible Class Sunday morning with W. W. Lemons as accompanist. They were "My Heavenly Father Watches Over Me" and "Father Have Jesus."

Twenty-six men, including two women, heard Rev. Clarence Todd bring the morning message.

Rev. Todd introduced the visiting A. A. Manning, president, of the class.

New Vehicles

Three new cars were registered last week:

24. Jack L. Huebner, 1959 Ford 4-door; Aug. 25, C. C. Huggins, 1959 Ford 2-door; 28. H. C. Ketchersid, 1959 Chevrolet 4-door.

Revival Starts at Free Will Baptist Church Sept. 7

An old-fashioned revival will be held at the First Free Will Baptist Church in Crowell beginning on Monday, Sept. 7. It was announced this week by the pastor, Rev. Bob Gill.

Rev. A. B. Hughes, evangelist from Levelland, has been secured to do the preaching. Services will be held at 7:45 each night at the local church building in the southwest part of town. Everyone is invited to attend.

Civil War Sword Now in Foard County Museum

The Foard County Museum received a Civil War sword last week, according to Mrs. L. A. Andrews.

The sword was carried by G. W. Thompson in the Civil War. Mr. Thompson was the first county clerk of Foard County.

The sword is now owned by his grandson, Chas. W. Thompson Jr. of Iraan.

The Foard County Museum is located in the hall at the court house, and contains many interesting items of the early days of this county.

Senior Class Will Sponsor Canteen After Football Game

The Senior Class will sponsor a canteen at the community house Friday night, immediately following the football game with Seymour. All Crowell fans and friends from Seymour are invited to attend.

A small admission will be charged.

Move to Crowell

Mr. and Mrs. A. M. Bryson moved to Crowell Saturday to make their new home. Mr. Bryson will operate the service station on East Commerce formerly owned by his brother, C. R. Bryson.

Mr. and Mrs. Bryson will live in the rear portion of the station building.

Eastern Star to Meet

Crowell Chapter No. 916, Order of the Eastern Star, will have a stated meeting on Tuesday, Sept. 8 at 8 p. m. Mrs. Marietta Carroll, worthy matron, and W. R. Moore, worthy patron, will preside. Members are urged to attend.

R. C. Huntley Dies in Vernon Last Thursday

R. C. (Bob) Huntley, 61, brother of Mrs. Cap Adkins of Riverside and long-time resident of Vernon, died in a Vernon hospital about 5 a. m. last Thursday, Aug. 27, following an illness of several months.

Funeral services were conducted Friday at 3 p. m., in the First Baptist Church in Vernon with Rev. Jack Merritt, pastor, officiating, assisted by Rev. W. B. Fitzgerald, pastor of the Baptist Church of Thalia.

Burial was in Wilbarger Memorial Park under direction of Sullivan Funeral Home. Graveside services were conducted by the Thalia Masonic Lodge.

Pall bearers were J. C. Jones, J. M. Jackson, Jesse Miller, Clyde Self, Charlie Wisdom and Jim Moore.

Born Dec. 18, 1897, to the late Mr. and Mrs. E. T. Huntley, he was married to Miss Eula Braswell Dec. 10, 1914, in Thalia. The family moved to Vernon in 1941. He was a member of the Thalia Baptist Church and Thalia Masonic Lodge.

Mr. Huntley was instrumental in bringing professional baseball to Vernon in the late 1940's. He and his son owned the Vernon Duster franchise in the Longhorn League for several years before selling it to a group of Vernon business men.

Survivors are the widow; one son, Robert E. Huntley of Vernon; three daughters, Mrs. Juanita Huston of El Reno, Okla., Mrs. Wilma Jean Lovell of Wichita Falls and Mrs. G. E. Hemphill of Vernon; one brother, Joe W. Huntley of Modesto, Calif.; two sisters, Mrs. Adkins of Riverside and Mrs. E. A. Speer of Olney; eight grandchildren and four great grandchildren.

Crowell Swimming Pool Closed Thursday of Last Week

The Crowell Municipal Swimming Pool closed last Thursday for the summer after operating for 91 days. The employees needed two days to empty the pool and put equipment away for the winter.

There have been more in attendance this summer than last. However, a complete report, along with a financial report, will be published as soon as all of the bills are in.

Adelphian Club to Have Gentlemen's Evening Tonight

The Adelphian Club will have its annual Gentlemen's Evening on Thursday, Sept. 3, at 7:30 p. m., at the Sandifer hut.

The faculty of the Crowell Schools will be guests.

Speaker for the evening will be Rex Felker, manager of the Chamber of Commerce of Quannah. He is a humorist and former actor. The topic will be western lore and trick roping.

Earl McKinley to West Texas State

Earl McKinley, Perryton High School's flashy halfback, grandson of Mr. and Mrs. E. J. McKinley of Thalia, has accepted a 4-year football scholarship to play at West Texas State College at Canyon. It was announced Monday of last week.

The 5-10, 170-pound speedster, an all-district selection, decided to attend West Texas State after playing in the Panhandle Grid Classic. McKinley was a starter for the Sobusters. He had been considering continuing his football at Hardin-Simmons University.

Aside from his football ability, McKinley participated in track and basketball at Perryton. He was the president of the junior and senior classes. He will report to West Texas State Sept. 1.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Tex.—Texas will have a virtual "government on wheels" for the last part of this month as 31 state agencies pick up their filing cabinets and move into the new State Office Building.

This is the second new headquarters building to be completed this year. First to be occupied was the new Texas Employment Commission building, completed only a few weeks ago.

Transferring into the new State Office Building undoubtedly will be the biggest move of state agencies since horse-drawn wagons moved the government into the present Capitol Building in 1888.

First to move will be a host of commissions, boards and divisions which have been in rented quarters scattered over Austin.

Later, probably October or November, another big move will take the Supreme Court, Court of Criminal Appeals, Attorney General's Department and Supreme Court Library out of the Capitol into the new State Courts Building . . . third state building to be completed this year.

It has been the dream for some time of the Supreme Court's elderly Chief Justice John E. Hickman to stay on the job until the day he could preside in the new Courts Building.

Built of granite similar to that in the Capitol, but with modern styling, the new buildings are to the north of the Capitol. Combined cost of the two buildings is some \$7,000,000.

With all the happiness over the prospect of splendid new quarters, there are some regrets. Many employees are worrying about where they'll park their cars once all the scattered agencies move into one building.

Supreme Court jurists feel a touch of sadness at leaving behind the historic walnut bench, inscribed with the Latin phrase, "As God was to our Forefathers, so may He be unto us." It has been in use practically since the memory of man. Replacement is a handsome marble piece which the judges compare to a soda fountain.

PROGRESS AND PROPERTY—A tingle of excitement, fear and hope runs through landowners and business people when they learn that a new super-highway is to come through their area.

Some residents fret over the prospect of losing the old home place. Others dream of wild profits. Businessmen worry whether the motorists will be able to get to their places.

As more and more expressways pierce the countryside, the State Highway Department's making every effort to explain the procedures for acquiring highway right

MISS MARY K. CHOWNING

Mr. and Mrs. Chester Pogue of Durant, Okla., spent several days here last week visiting his mother, Mrs. George Pogue, and other relatives.

Mrs. Anna Bates spent several days this past week in the Knox County Hospital.

Mr. and Mrs. J. M. Chowning, J. W. Chowning and Mrs. H. P. Gillespie of Truscott and Mrs. Bill Rake of Vernon were Abilene visitors Tuesday.

Hardie Glascock of Cisco spent Monday of last week visiting old friends and relatives here.

Miss Jewel Haynie spent several days this past week visiting in the home of Mr. and Mrs. Hardie Glascock in Cisco.

Mrs. Loyd McLaughlin and daughter, Kay, of Carlsbad, N. M., and her daughter, Mrs. Virgil Smith, and husband of Abilene, spent the week end visiting their parents and grandparents, Mr. and Mrs. J. C. Eubank. Sunday guests were Mr. and Mrs. Elmer Pitts and children, Jimmy and Connie, Mrs. Susie Pitts of Wichita Falls, Mr. and Mrs. Dennie Eubank and family of near Post.

Mr. and Mrs. W. T. Blevins of a crop of 27,000,000 pounds is forecast for Texas by the U. S. Department of Agriculture. This would be slightly better than the 25,000,000-pound crop in 1958.

Governor Daniel has appointed Otha F. Dent of Littlefield to a new six-year term on the Board of Water Engineers. Dent is a former Lamb County judge . . . J. T. Ellis Jr., former administrative assistant to Governor Daniel, has been appointed the top non-medical administrator for the State Department of Health. Ellis is a one-time state representative from Weslaco.

THIS WEEK
-In Washington

With Clinton Davidson

A proposal by Sen. John Stennis of Mississippi for creation of a 12-man Agricultural Policy Commission to make a thorough study of farm programs and recommend new legislation makes good sense.
 Washington — Congress, the Administration and the farm organizations — has floundered through seven months of futile squabbling over farm problems this year chiefly because there is no well-defined farm policy.
 We still are operating under farm programs and policies developed to meet wartime and post-war needs for maximum production of foods and fibers. Control programs designed to slow down production have been ineffective. Price supports that encouraged continued high production have not been effective in attainment of their principal objective—maintenance of farm prices and income levels fair to both farmers and consumers.
A Hoover-Type Commission
 The bill introduced by Sen. Stennis would set up a commission similar to the Hoover Commission which several years ago made a study and recommendations for reorganization of the government administrative agencies. It would seek to take farm policy out of politics through the naming of a non-partisan commission.
 Of the 12 members, the President would appoint four — two from the Executive Branch and two from private life. The Vice President and the Speaker of the House each would name four — two each from the Senate and House and two each from private life.
 The Commission, Sen. Stennis explains, would be composed of high-level, competent people who would be capable of evaluating the farm problems and making sound recommendations for legislation to strengthen the farm economy.
 "I visualize this proposal," Sen. Stennis said, "as a new and fresh approach for formulating a sound and long-range agricultural program."
 "I am convinced that if we do not come up with a more realistic program which would meet certain objectives, and at less cost to taxpayers, our agricultural program, as we know it today, is doomed for greater criticism and eventually complete collapse."
Commission Duties
 The Commission would have authority to employ a competent staff of assistants and advisers, and to hold public hearings. To make certain that its recommendations are not influenced by partisan politics, the Commission would be required to withhold its report until after the 1960 election.
 The duties of the Commission would be to make a full and complete study on a commodity basis of the various agricultural programs now in effect. The study, Sen. Stennis specified, would include:
 First, the various price support programs. Second, programs for the control of production. Third, programs for the disposal of agricultural surpluses and, fourth, other programs relating to production of all price supported commodities.
 Such a Commission could serve the useful purpose of developing a blueprint for adoption of sound long-range farm programs. It could, also, possibly bring some unity among the present conflicting groups which so far have been unable to agree on farm policy.
Affect Health of Aged
 The chairman of the American Medical Association's Committee on Aging told a Senate subcommittee that physicians have yet to find an antibiotic for loneliness and rejection—and that these two factors, plus a lack of useful things to do, emphatically affect the overall health of the aged. He added that society has a responsibility toward the aging to stimulate in them a will to live and to encourage them in their desire to be self-reliant and useful.

Foard City H. D. Club

The Foard City Home Demonstration Club met at the recreation hall at 3 p. m., Aug. 31, with 9 members present, and Miss Virginia Jackson, the new agent.

Mrs. Jack Welch had the opening exercises. She read "The Life That Counts" and the "Lord's Prayer" was repeated in unison.

Bonnie Johnson reported Mrs. Hatfield was having a landscaping school at Vernon Sept. 24 and 25.

Bonnie Jones acted as secretary in the absence of Mrs. F. A. Tra-week. Roll call was read and answered with "what we wanted in our open meeting in October."

Miss Jackson gave the program on "Purpose in Menus." She said, "we wanted to plan our menus before we started our meals, and plan them to save time and always plan our menus before buying our groceries. That way we could have a well balanced meal and the things we needed in a well balanced diet."

Betty Welch, Joyce and Rickie Tra-week, 4-H Clubbers, gave the exercises. They gave a quiz program and played some comical games.

Mrs. Jack Welch, hostess, served cold drinks, potato chips and cookies to 9 members and 7 visitors: Miss Jackson, De Ann Dunn, Butch Borchardt, Peggy and Betty Welch, Joyce and Rickie Tra-week and Peggy and Janice Pittman, nieces of Mrs. Jack Welch who are visiting here. There was a total of 16 present.

Next meeting will be Sept. 15

Dangers of Power Mowers Cited by Safety Council

The post-World War II exodus from the city to the suburbs brought with it a new-fangled problem—the power lawn mower.

One of the first mower accidents of record occurred 15 years ago to a soldier who was wounded in the leg by a spoon hurled by a mower busy in his front lawn.

The number of mower mishaps has increased since then in direct proportion to the added popularity of the power mower.

In 1928 an estimated 15 million power mowers were in use. While no national statistics are available on the power mower accident problem, a study in Georgia turned up these facts, according to the National Safety Council.

1. Three out of 10 persons injured in mower mishaps are hurt by objects thrown by the mower.

2. One injury in seven results in some permanent disability.

3. Toes and feet are parts of the body most often injured.

Power mowers are especially handy for the large lawn, may be inconvenient for the small city lot. According to the Council, they're no more dangerous than any other gadget used around the yard—if a few basic rules such as these are observed:

1. Don't use an electric mower when the grass is wet and slippery.

2. Don't let children operate a mower.

3. Refuel out of doors. Never refuel a power mower while it's running or still hot from use.

4. Cut sideways, not up and down, on hills and banks. Be sure of your footing and balance.

5. Clear the area to be mowed of sticks, stones, wire and other obstacles.

6. Know how to disengage the clutch and stop the engine quickly. "Power lawn mowers," the Council agrees, "are a great time-saver. But they brought with them new hazards which users must guard against."

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

HENRY A. MOLLE, M. D. Commissioner of Health

We don't know how you feel about it, but we're watching out this year for those nasty megalopopercularis. For those of you who don't have an entomology textbook handy—that's a moth, commonly called "asp" or "puss caterpillar," in the larval stage.

These brown or grey, semi-crescent shaped larvae may become extremely abundant, feeding on the foliage of a variety of trees and shrubs.

Schools have experienced difficulty in the past as a result of the prevalence of the insects on school yard trees. They represent a very real problem to householders during warmer months.

High Accident Toll Feared for Labor Day Week End

In just one more day, on Friday, September 4, at 6 p. m., the dash will start—a frantic race to have fun during summer's final, long-week end holiday. Normally, won't return before midnight, Monday, Sept. 7.

During these 78 hours, a large percentage of Texas' three-and-a-quarter million passenger cars will flood the state's streets and highways. Accidents, according to the Texas Safety Association, will inflict heavy losses in life, limb and property if history continues to repeat itself in traffic.

Drownings, too, will take their share of lives, as will plane crashes, boats and other holiday activities.

What will people do wrong? They will drive too great a distance in too little time, get impatient with other motorists, and make things tough for themselves by combining drinking and driving.

And, of course, they will drive too fast for conditions.

Many who will miss the traffic slaughter will drop their guards when taking part in other pastimes that go to make a holiday pleasant (if it is safe).

Swimmers, for example, too many will go in water alone, some will swim after dark, and some will take chances in waters that are unfamiliar to them.

To help a few Texans avoid many of these mishaps, the Texas Safety Association has prepared a list of do's and don'ts that are designed to increase the degree of safety for anyone—they are:

In traffic—

1. Don't try to drive too far—400 miles a day should be the limit, and a lot less than that after working an eight-hour day.

2. Do cut your speed at least 10 miles an hour after dark. You'll be surprised how much more relaxed you'll be.

3. Don't drink if you drink.

4. Don't get burned up at other drivers. Good drivers keep cool behind the wheel.

5. Don't exceed the speed limit.

While swimming—

1. Never swim alone, even at a public beach. When children swim, an adult should be present.

2. Don't swim until exhausted—rest often.

3. Do enter water gradually, and wait an hour after eating.

Anywhere—

Do use courtesy and common sense. The more YOU think about safety, the less YOU will read about accidents.

"puss caterpillar," now being received by Texas State Department of Health entomologists indicates a population peak of these insects.

Everyone should familiarize themselves with the appearance and medical importance of these stinging caterpillars. Children, in particular, should be warned to avoid them.

Individual reaction to the stings varies greatly, dependent upon many factors such as age, sensitivity status, size of caterpillar, and area of skin involved, and the amount of pressure on contact.

A mature larva dropping from a tree into a person's shirt or blouse and mashed against the skin in several places before being retrieved would likely cause a much more painful condition than the simple act of brushing an exposed arm or leg against a small specimen.

A burning pain is felt almost immediately on contact. Small, raised, whitish spots appear, later becoming red. The inflamed area may spread for several inches, accompanied by swelling.

The resulting skin reaction frequently lasts for several days. Further systemic symptoms may arise of an allergic nature.

If illness develops, a physician should be promptly consulted. For localized reactions a sodium bicarbonate soak or one of the many soothing lotions and ointments may help to relieve the itching.

If you need to kill them out, a spray made up of lead arsenate (two tablespoons per gallon of water) or 50 per cent wettable DDT (two teaspoons per gallon of water) will probably prove successful.

Although there is still some doubt as to the number of ducks and geese coming to Texas this year, a liberal hunting season has been authorized, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

The duck season opens at noon Friday, Nov. 13. Shooting then is permitted from sunrise until sunset through January 1. The bag limit is four per day or eight in possession after the first day.

Because of an extreme shortage it will be illegal to kill more than one of either red head, canvasback or ruddy duck. This is known as a "mistake" duck.

The goose season opens at noon October 26, and runs through Jan. 8. The limit is five geese per day, with a limit of two Canadas, or one speckled belly, or one Canada and one speckled belly.

There will be a 30-day season from Dec. 3-Jan. 1, on Wilson snipe, with a bag and possession limit of eight.

A \$2 federal duck stamp is required of all persons hunting migratory waterfowl.

Drought conditions in the Canadian nesting areas are blamed for a small hatch this year. Late rains, however, did materially benefit the hatch, although the quantity is still doubtful, he said.

Labor Favored in Most Newspaper Reporting

"We have great sympathy for the trials and tribulations of the newspaper reporters. They have a difficult job and have to pick and choose a great deal of the time between what to put into a story and what to leave out because of space limitations. Somehow, though, when it comes to writing labor news, private industry seems to take the beating. It wouldn't be fair to say this is because many reporters belong to a labor union themselves, most of them are too conscientious to let this effect their reporting. But it seems that always in the first part of any story the labor spokesman is quoted and the private industry man never gets heard from at all." —Corvallis, Oregon, Gazette-Times.

Red-Faced Hen

Los Angeles—Easter is a long way off, but Brigitte already is doing her part. She's laying green eggs.

It's not the easiest thing to do. And there's very little percentage in it. So little, in fact, that she decided to stop. But she couldn't.

Faced with three vain efforts to be normal, Brigitte did the only thing left for her to do. She stopped laying.

Poultry expert Charles Salverson of the University of California lays the blame on the reaction of oxidants in the air on the moist shell of the newly laid egg.

Another way of saying smog caused it?

Comprehensive Radio, TV Football Coverage Planned This Season
 The most comprehensive coverage of football ever attempted in the Southwest will be broadcast and telecast this season by Humble Oil & Refining Co.
 The Humble coverage includes live telecasting of a major college football game each Saturday afternoon, 89 radio broadcasts and 11 telecasts of videotape recordings of Southwest Conference games.
 Humble will co-sponsor the National Broadcasting Company's live telecasts of football games as permitted by the NCAA, and will sponsor three live telecasts of Southwest Conference games, a total of 13. All games played by seven Southwest Conference members, Texas Western University, the University of New Mexico, Arizona State University and the University of Arizona will be broadcast over the radio.
 Announcers and broadcast supervisors will travel thousands of miles to the site of each game to bring the on-the-scene descriptions. One announcer will even travel to Honolulu where he will describe the University of Hawaii-Arizona State University game to fans some 3,000 miles away in the Grand Canyon State.
 More than 180 radio and TV stations will be used to cover over a hundred urban and rural areas in cities and towns in the Southwest. The leased lines, coaxial cable, microwave and overseas broadcasting systems required would be enough to stretch two-thirds of the way to the moon.
 To originate football broadcasts, Humble has a staff of 23 top-notch announcers, many with years of experience. Kern Tips of Houston, head of the staff, has been describing games for 24 years; Ves Box and Eddie Barker of Dallas and Dave Russell of Beaumont have been on the circuit more than 10 years. These announcers are thoroughly trained to give good accounts of the games. Each year they attend a seminar conducted by Tips and a Southwest Conference football coach. At the seminar they discuss new rule changes and all types of play likely to be seen during the upcoming season.
 Incidentally, these announcers "talk a lot of words" about football. Alec Chesser of Houston, Tips' color announcer for a number of years, once did some figuring. He estimated that Tips speaks some 264,000 words about football over the air each season.
 What do listeners think about the football coverage? One year Humble asked for an opinion. Cards and letters poured in by the thousands to give a resounding endorsement.
 In fact, a recent survey showed that on a busy football week end, well over 1.5 million people tune in to the radio or television broadcasts. This same survey says that most men will tell you that they listen to at least one or two games a season, and that about 40 per cent listen on at least half of the Saturdays.
 When the season starts Sept. 19, football fans in the Southwest know—if they can't go to the games—Humble will bring the games to them!

Is the electric car coming back? One forecast holds that by 1970 half of the urban automobile transportation will be provided by these vehicles. Major problem is to produce better batteries. Hope is that a battery will be developed which will move a car 300 miles on one charge.

Research shows conditioning hay like this not only speeds up haying but gives farmers better hay. And by saving more leaves, farmers get up to 10 per cent more actual hay from each acre.

IF YOU LIKE MONEY, YOU'LL LIKE BUYING A CHEVY NOW!

IT'S BEST-BUY SEASON ON NEW CHEVROLETS RIGHT NOW... AND YOU'LL NEVER DO BETTER BY YOUR DOLLARS Stop by your Chevrolet dealer's and see the season's most wonderful money's worth. Better make it soon!

IF YOU LIKE GETTING YOUR MONEY'S WORTH, YOU'LL LIKE CHEVY'S 7 BIG BESTS!

BEST BRAKES . . . STOP ON A DIME AND GIVE YOU MORE STOPS PER DOLLAR They're bigger too. With 'em, Chevy out-stopped all competitors in its field in a NASCAR* conducted test of repeated stops from highway speeds.
*National Association for Stock Car Advancement and Research

BEST STYLE . . . BEAUTY THAT DOESN'T DEMAND A BIG BANK ROLL The experts at POPULAR SCIENCE magazine looked them all over and said that ". . . in its price class, Chevy establishes a new high in daring styling." Chevy's leadership in sales for '59 says a lot for its looks too!

BEST RIDE . . . CARRIES YOU AS CAREFULLY AS IT PAMPERS YOUR DOLLARS "The smoothest, most quiet, softest riding car in its price class." That's the way MOTOR TREND magazine describes Chevrolet's cream-smooth ride. It's way more fun to sample than to read about though. Get out in a Chevy and see what Full Coil springs do.

BEST ENGINE . . . YOU COULD SPEND JARFUL OF JACK AND NOT GET A V8 LIKE CHEVY'S Talking about our standard as well as Corvette V8's, SPORTS CARS ILLUSTRATED says, "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

BEST ROOM . . . NO CRAMPED QUARTERS Let's take the official figures filed with the Automobile Manufacturers Association. They show Chevrolet's front seat hip room up to 5.9 inches wider than in comparable cars. Count on real comfort.

BEST TRADE-IN . . . YOU GET MORE DOLLARS BACK FOR YOUR CHEVY Last year, for example, Chevrolet used car prices averaged up to \$128 higher than comparable models of other makes. Just check the NADA* Guide Book.
*National Automobile Dealers Association

BEST ECONOMY . . . SOCK AWAY YOUR CHEVY SAVINGS As sure as two Chevy Sixes won their class in this year's Mobilgas Economy Run, getting the best mileage of any full-size car!

Now there's an Impala Sport Sedan . . . one of Chevy's full series of Impalas for '59

See your local authorized Chevrolet dealer—you might as well get the most!

Paper Requests Letters to The Editor
 "It is our duty to report happenings of a public nature, and we will do so in spite of criticism or pressure. However, as it is our duty and our right to report and interpret the news to the people of the community, so is it the right and the duty of people to make their beliefs known . . . As we stand on our right to present and interpret the news, we offer the readers of this paper the right to agree or disagree through the medium of a signed letter to the editor . . . The bona fide letter to the editor is your opportunity for expression. Use it." — Cape May Court House, N. J., County Gazette.

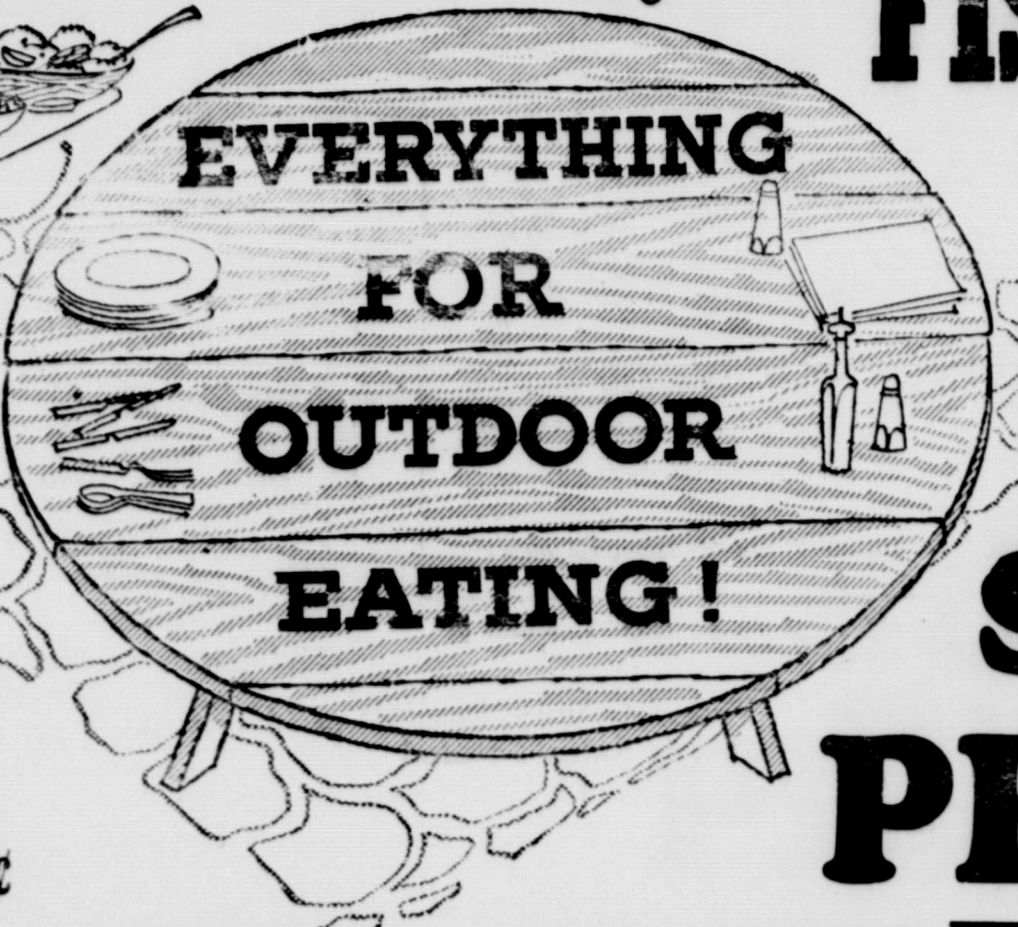

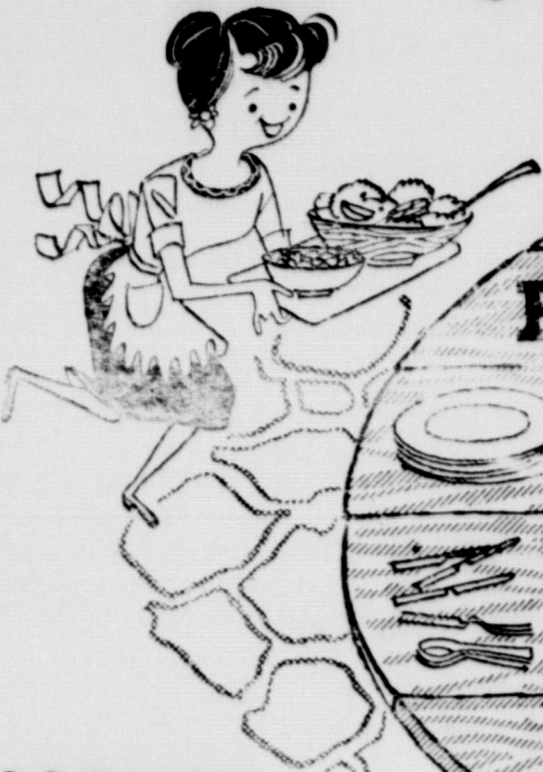

Government Handouts Have Claws Under Greenbacks
 "The government takes over an Indiana farmer's tractor to collect a judgment for overplanting wheat and a lot of farmers across the nation realize for the first time that government handouts have claws under the greenbacks . . . We trade a little of our liberty and freedom every time we invite government to solve a problem for us, whether it's in the city, on the farm or super highways to join the two." — New Plymouth, Idaho, Sentinel.

Baby Born in Capitol
 Santa Fe, N. M.—Mrs. Nora Otero took time off from her New Mexico Revenue Bureau job recently to give birth to a 5-pound daughter in the State Capitol. Two friends she works with, Mrs. Dolores Martinez and Mrs. Elisaida Trujillo, delivered the baby in the privacy of a basement supply room. Mother and daughter are fine.

Owl Not So Wise

The idea that the owl is a wise old bird has been rudely shattered. A New York Times article quotes a biologist as saying that owls are even dumber than chickens, if that is possible. Following two years of owl studies, he is convinced that the bird is almost completely unable to learn by experience.

Geographers differ as to whether Europe and Asia should be considered one continent or two. At one time Sir Winston Churchill held a union card as a qualified ticklayer.

Inflation Trends
From Nation's Business: "Despite the significant rise of profit totals from last year's low profit rate, some economists doubt that business will be able to absorb many more (wage) increases that exceed productivity.
"The principal influence of business upon the price level lies in productivity changes. Rapid productivity gains often permit substantial wage increases with little price increase—or even a decrease.
"Federal tax policy, however, now discourages needed capital investment and in many lines has slowed down or stopped productivity gains.
"Thus it appears that future inflation trends will depend a great deal more upon action by the federal government and labor than upon what business does."

Nobody Wins Strike

Henry Hazlitt writes in Newsweek: "In the four major post-war steel strikes (excluding the twelve-hour strike of 1955) the total direct loss in wages to all the strikers, it can be calculated, came to more than \$830 million, most of which was never recovered by the strike 'gains.'"

"Nobody wins a prolonged strike. The strikers lose most of all, even when 'victorious.' The union leader, of course, gets in the headlines. He strikes Napoleonic poses and displays his immense power. But if the union members kept a score card, it would considerably change their attitude toward melodramatic strike calls."

BUD'S MACHINERY NEWS

Newell Hofmann, J. T. Tamplin, Dillard Howard and others tell us they are convinced that planting two rows of cotton or feed and skipping one is a good practice—on a dry or seasonable year.

My wife has a warm spot in her heart for Milburn Carroll, since he bought the twelfth new Case tractor this year—which qualifies her to accompany me on this year's trip—sponsored by Case Co. There are other requirements for the dealer which have already been met, thanks to our fine customers of Case equipment. Milburn says that new Case 900 tractor and new 18-ft. Schafer plow will almost plow itself into another community in a day's time.

Case Co. is now offering its dealers a price incentive to encourage a "Tractor Selling Spree" during the fourth quarter of its fiscal year—which ends October 31. This price reduction plus the fact that machinery is almost sure to have a price increase after the first of the year, puts us in a position to trade several hundred dollars cheaper than next year.

A sunrise breakfast was enjoyed Monday morning at the Country Club by the following: Misses Harriett Evelyn Swaim, Elizabeth O'Connell, Elsie Schindler, Frances Schlagal, Aylene Lanier, Elizabeth Kincaid, Mary Randall Thompson, Ludell Green, Mary Lee Huntley and Frances Hill.

The watermelon cutting at the F. A. Davis farm on Pease River was quite a success with about 150 folks present and everyone in fine spirits.

Milton Adkins brought in the proof to the News office Tuesday that Foard County could raise as good corn as other sections. He had two of the most perfectly developed ears of corn that we have yet seen.

There are twelve criminal cases and over 150 civil cases on the docket for the September term of court. 141 of the civil cases are against property that is on the tax roll as delinquent.

Tonsils were removed from the following Tuesday: Charles Stuart Clark, Reggie Pittillo, Thelma Jo Ross, Juanita Hunter.

1960 Motor Vehicle Inspection Stickers Now Available

The Texas Department of Public Safety announced this week the new 1960 motor vehicle inspection stickers are now available to Texas motorists.

Col. Homer Garrison Jr., director, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1960. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Garrison said, "this program has become a very minor inconvenience and expense to the motor vehicle owner—provided he moves early to comply with the law.

"The more than 4,500 authorized inspection stations over the state are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline.

"With hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked in preparation for the winter months."

Garrison called attention to the fact that since the beginning of the inspection program vehicles having a defect that was a causative factor in fatal accidents decreased from 11 per cent to four per cent.

He said 43.4 per cent of the cars inspected during the last inspection period needed some adjustment or repair and that the average cost for inspection, including the \$1.00 fee, was only \$2.02 per car.

It is estimated that the U. S. population annually consumes 12 pounds of coffee per capita.
