H. D. Lawson Succumbs After Long Illness

Pioneer Rayland Man Buried in Thalia Cemetery

H. D. Lawson, 83, well-known retired farmer and pioneer of the Rayland community, died Friday night in a Vernon rest home following an illness of several years.

Funeral services for Mr. Lawson were conducted Sunday at 4 p. m. in Henderson Funeral Home Chapel in Vernon with Rev. Claude Goetze, pastor of Rayland Baptist Church, officiating.

Born January 15, 1876, in Poke County, Tenn., Mr. Lawson was married to Miss Mary Blankenship in Tennessee on Dec. 27, 1896.

He was a member of the Baptist Church and a highly esteemed citizen of both Foard and Wilberger counties.

Survivors include three sons, W. W. Lawson of Vernon, Tom Lawson of Lockhart, three daughters, Mrs. Verna Thompson and Mrs. Thelma Sharp, both of Stockton, Calif., and Miss Frances Lawson of San Francisco, Calif.; and ten grandchildren.

Meeting Night for Fire Department Moved to Thursday

Joe Don Brown, chief of the Crowell Volunteer Fire Department, announced Wednesday morning that the meeting dates of the department had been changed to the first and third Thursdays of each month.

This change of nights was made so that members will be free to attend the Tuesday night Little League baseball games.

Other officers of the Fire Department are Bill Thompson, assistant chief; Houston Adkins, captain; Fred Collins, secretary; and Norman Davis, assistant secretary.

Collections Show Jump

Last Rites Held for Audie Brown Last Saturday

Former Resident Succumbed in Pecos Thursday, June 18

Funeral services for Audie Brown of Pecos were held in the First Baptist Church in Crowell Saturday afternoon at 2:30, June 20, conducted by Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, assisted by Rev. C. A. Powell of Crowell.

Mr. Brown, who had been employed by a cotton ginning company near Pecos for several years, was engaged in repair work on the gin plant at the time of his death.

Interment was in the Crowell Cemetery under the direction of Womack Funeral Home.

Assisting with flowers were Mrs. Glen Goodwin, Mrs. Buster Cates, Mrs. Henry Dixon and Mrs. Evelyn Campbell.

Audie Brown was born in Georgia Sept. 8, 1905. He came to Foard County about 48 years ago.

On March 8, 1942, he was married to Miss Geneva Anderson in Chillicothe. One son was born to this couple in December, 1942, and he passed away at the age of five months. Mr. and Mrs. Brown had made their home in Pecos for several years.

Mr. Brown was converted in April, 1942, and joined the First Baptist Church of Crowell and he was a loyal, active member of the church. His membership was in this church at the time of his death.

He is survived by his wife of Pecos; his father and step-mother, Mr. and Mrs. J. A. Brown of Crowell; four brothers, Rosco Brown of Fort Worth, Joe Brown of Abilene, Louis Brown of Balinger, and J. M. Brown of Pecos; one sister, Mrs. Cressie Blair of Greenville, Calif.; three half-brothers, George and Jim of Crowell and John Calvin of Snyder, Okla.; two half sisters, Mrs. A. E. Athey of Oakland, Calif., and Mrs. Virgie Austin of Oklahoma City, Okla., and many other relatives and friends.

Seven 4-H Clubbers Returned from Leadership School

Seven Foard County 4-H members and their adult leaders returned last Wednesday night after attending a three-day Leadership Training School at Buffalo Gap 20 miles south of Abilene.

Junior 4-H Leaders attending were Margie Rasberry, R. H. McCoy, Cecelia Drabek, Wanda Moore, Bob Borchardt, Linda McClain and Joe David Drabek.

Adult leaders attending were Mr. and Mrs. Virgil Johnson, and Foard County Agent Joe Burkett.

Twenty-two counties in the district attended the meet, with approximately 175 persons in attendance.

The members were divided into work groups each day for discussion and training. These groups included entomology, plant life, safety, wildlife, soil and water conservation, family life, and 4-H record keeping.

Each day the groups also enjoyed recreation which included games, swimming, and parties each night.

According to Mr. Burkett, one of the main purposes of the district leadership camp is to train the 4-H Clubbers so they can help with the planning and carrying out of the county 4-H camp.

The date of the Foard County camp will be Wednesday, July 15, at the West Texas Utilities Co. club house at Lake Pauline.

Wehba Well Reported Dry

Shell Oil Co. No. 1 F. Wehba has been reported to be a dry hole after drilling to contract depth of 6,000 feet.

The test was 4 1/2 miles north-northwest of Crowell, 1980 feet from north and 660 feet from east lines of section 489, block A, H&TC survey.

COUNTY RECEIVES MORE RAIN SUNDAY, MONDAY

Rain measuring from 1.5 to over four inches was recorded over various portions of Foard County following a thunderstorm which hit about dark Sunday afternoon.

One and one-half inches was reported at the government gauge here. Over two inches were reported in the Good Creek, Foard City, Margaret and Thalia communities. A report said that over four inches fell about 6 miles east of Crowell.

The rain was accompanied by high winds and a severe electrical storm, and many residents sought shelter in storm houses during the storm.

The rain fell in a relatively short time, and put water in many stock tanks over the county that had been dry for nearly a year.

The general rain will be of great benefit to the feed and cotton crops, and also gave county residents a brief respite from the hot dry weather of the past few days.

Bank Deposits Show Increase Over March

The extremely short wheat crop just harvested by Foard County farmers was reflected in graphic form this week as the bank call made public total deposits in the Crowell State Bank at the close of business June 10.

Total deposits on that date were \$3,483,403.72, which is only \$57,174.70 more than on March 12, date of the last bank statement.

However, much of the wheat of the county was put in storage, and will either be sold or put in the government loan at a future date, and of course, this is not reflected in the statement.

Bank deposits are \$389,865.59 less than a year ago, which was immediately following the harvesting of a bumper wheat crop in this county.

An interesting comparison of the two statements—March 12 and June 10—shows that the deposits of the United States government are less than half now of what was on deposit here in March.

U. S. deposits now are \$31,053.75, while in March they totaled \$65,229.30.

E. H. Shrode Hired by City as Water Superintendent

E. H. Shrode was hired as the new water superintendent of the City of Crowell at a meeting of the City Council Monday morning.

Mr. Shrode replaces Buster Dishman, who resigned the job last week after several years.

Mr. Shrode and his family will move to the apartment over the old City Hall in the near future.

Mrs. Wright First Woman Ever to Be Appointed Rural Route Carrier Here

When Mrs. Merl B. Wright delivers the mail on Route No. 1 out of the Crowell Post Office Saturday morning, she will be the first woman to receive an appointment as rural route carrier in the history of Foard County. Mrs.

Wright will assume her duties on Saturday.

She will take the place as carrier on this route of her late husband, John W. Wright, who passed away on Feb. 10, Mr. Wright was injured in an auto wreck on February 2, 1959, while making his daily delivery.

Mrs. Wright is the daughter of Mrs. H. W. Banister of Thalia and the granddaughter of the late J. G. Thompson, pioneer resident of the Thalia community. She served as clerk in the Thalia post office during the time her late husband was postmaster there.

More Rain Monday Night

The county received another good rain late Monday night. It also was accompanied by winds and heavy lightning.

One inch was reported here, 1 inch at Thalia. A heavy rain of 2.5 inches was reported in the Vivian community while most other parts of the county reported about 1 inch.

The windstorms on both nights did considerable damage to television antennas and trees throughout the town.

High and low temperatures recorded for the past week follow: Thursday: high 101, low 70. Friday: high 99, low 77. Saturday: high 95, low 75. Sunday: high 99, low 74. Monday: high 84, low 68. Tuesday: high 80, low 68. Wednesday: high 91, low 70.

308 Pay Fines For Fishing Without License

Fishing violations topped the list of arrests made by game wardens during the month of May, according to the report of the director of law enforcement of the Game and Fish Commission.

There were nearly 400 fishing arrests made by the wardens, with 308 of them for failure to have a license. The Texas license costs \$2.15 and is good for both fresh and salt water and for residents and non-residents alike.

Although all legal game hunting has been closed for several months there were several violations for killing quail, doves, ducks and even killing deer in the closed season.

The 448 persons arrested in May paid fines of \$7,596.45, plus court costs of \$852.

Eight persons served time in jail for their violations.

"We do everything we can to publicize license requirements for the fishermen," the director said. "Despite the warnings, however, people still take a chance on getting caught and many of them do. If you plan to fish outside your home county, or with a rod and reel anywhere and are over 16 and under 65 you'll need a license."

Anti-Trust Legislation

Senator McClellan of Arkansas, head of the Special Senate Investigating Committee, urges Congress to subject all transportation unions to anti-trust legislation.

Boy Scouts to Gather Old Paper Saturday

Members of Troop 49 of the Boy Scouts reminded Crowell residents again this week that they are collecting old newspapers, coat hangers and pop bottles to sell and make money for the troop.

Collections are made on Saturday morning, and anyone who has any of the above items they will give to the Scouts should call either Kenneth Carroll or Ray Shirley.

Den 2 Cub Scout Meeting

Den 2 of the Crowell Cub Scouts held its regular meeting at the home of its Den Mother, Mrs. Ray Shirley. After a short business session, the boys made cookies. They earned an elective, as they actually made and baked the cookies themselves. Then, they enjoyed eating them with a soft drink.

A closing flag ceremony was conducted by the following boys: Billy Hord, Dickie Stanser, Joe Ray Burkett, Bob Shirley, and a summer participant, Don Bill Stanser.

Temptation may be strong, but it seldom overtakes the man who runs from it.

TOPPING A TON of twisting, endswapping brahma bull, this cowboy hangs on to the loose bull rope and digs in with his spurs. In bull riding spurring doesn't add points to the rider's score, as it does in the bronc riding events, but the dulled hooks are mighty helpful for hanging on when this meanest and biggest of all rodeo animals cuts loose. This one of the most popular events at the Santa Rosa Roundup to be staged June 24-27 in Vernon, Texas.

Mrs. John W. Wright Named Honoree for Shower at Thalia

Mrs. John W. Wright Jr. was named honoree for a miscellaneous bridal shower Friday afternoon in the home of Mrs. R. H. Cooper of Thalia.

Mrs. Wright is the former Miss Jane Evelyn Turner of Fort Worth, where she is a public school music teacher. She graduated from Abilene Christian College in 1958. Mr. Wright is the son of Mrs. John W. Wright Sr. of Thalia, and is a graduate of Crowell High School. He attended ACC and is presently employed in Fort Worth. The couple was married June 12 in the Floral Heights Church of Christ in Fort Worth.

Mrs. Cooper greeted the guests and presented them to members of the receiving line, who were Mrs. John W. Wright Sr., mother of the groom, Mrs. H. W. Banister, the groom's grandmother, and the honoree.

The honoree was attired in a sheer blue cotton dress, styled with an empire waist and a rounded neckline. She wore a split variation corsage, a gift of the host-

esses.

Mrs. Leon Taylor and Mrs. W. R. Moore directed the guests from the receiving line to the refreshment table, which was covered with a handmade tatted cloth over blue. Center of interest was a bride doll on a pedestal with blue satin streamers extending from the pedestal with "Jane and John" in gold letters. A crystal punch service encircled with white shasta daisies and greenery graced the other extremity of the table. Arrangements of shasta daisies in blue vases were placed at vantage points in the entertaining rooms.

Refreshments of white cookies, mints and white punch were served, and blue napkins further carried out the blue and white decor.

Misses Judy Holland, Rheta Cates and Teresa Wright, sister of the groom, assisted with the serving duties.

Miss Judy Johnson registered the guests in the white bride's book. White shasta daisies in a blue vase adorned the register table.

Mrs. Ira Tule and Mrs. Alton Abston attended the gift display. The hostesses' gift to the couple was an electric percolator and a silver serving tray.

Other hostesses for the affair were Mesdames Raymond Grimm, Sam Kuehn, Alton Farrar, Clois Cobb, Clyde Self, Celeste Johnson, Homer Martin, Walter Johnson, Oliver Holland and Charlie Wisdom.

Campaigning for establishment of a permanent Marine Corps base in San Diego, Calif., was begun as early as 1914 by Col. Joseph H. Pendleton.

In the News . . . 30 YEARS AGO

News items below were taken from the issue of the News of Friday, June 28, 1929:

What is there about a circular piece of wood, in about the shape of a dollar watch with a string running to a sort of an axle in the center, that grasps the attention of both old and young? Anyway, the yo-yo craze has struck Crowell and local stores cannot even keep supplied with the little devices.

Mrs. A. L. McGinnis of the Ayersville Home Demonstration Club, won the Foard County dress revue contest Saturday in which ninety-two women entered.

Gravel has been placed on the ground and lumber is now on its way for Thalia's first lumber yard that is to be built by Cicero Smith Lumber Co.

Mr. and Mrs. Sam Mills of Crowell spent Sunday in the S. W. Gentry home at Black.

The Wimodausis home demonstration club met June 5 with Mrs. Tennie Reed. Mrs. Frank Cates directed a lesson on dress.

Foard City H. D. Club met June 18 with Mrs. E. V. Halbert.

A ninety-barrel increase in the oil flow of the Shell Petroleum Corporation's Tarver No. 1 was registered Thursday morning when 228 barrels of pipeline oil was gauged for the last 24 hours compared with about an average of 138 barrels of pipeline oil for the week.

John Hugh Banister preached at the Thalia Church of Christ Sunday morning and night.

Work is taking place at the Crowell Service Station this week for the installation of a hydraulic lift which will be used for greasing automobiles. It is the first lift to be installed here.

Last week's issue of the Foard County News closed the thirty-seventh year of continuous publication of this paper in Crowell.

Although the football season is yet far away, most of the Crowell boys that are to report for practice this fall are keeping in shape this summer by doing various kinds of work from farming to blacksmithing. Ragsdale Lanier, captain of the team, reports the boys and their jobs as follows: Charlie Ashford, concrete spillyway; Ernest Patton and Recie Womack, new hotel; Joe Ben Roberts, lumber yard; Guy Todd and John Todd, ranching; Ernest Spears, blacksmith; Robert Oswalt, new hotel; Arthur Bell, farming; Ralph Cogdell and Cecil Horn, farming; Morris Bell, swimming and golf; and Ragsdale, himself, handling the heavy work at the M System Grocery. Rags also reported that one or two of the boys are trying to keep in shape by yo-yoing.

The right-of-way for an electric line from Crowell to the Spring Lake Country Club, two miles north, has been secured and construction will begin shortly.

H. D. Council Meets

The Foard County H. D. Council met Saturday at 2:30 with 13 present. All clubs gave a good monthly report of their work done.

The THDA state delegates were elected as follows: Mrs. Elton Carroll and Mrs. G. H. Kincheloe as delegates and Mrs. Kieschnick and Miss Naoma Fish as alternates to go to Galveston Sept. 16-18.

Council meetings have been postponed until Sept. 26.

Better stop worrying about what your son will do when he grows up—and see what he's doing now.

Card of Thanks

We wish to express our thanks to friends and neighbors for their kindness and sympathy at the death of our son and brother. Thanks for the flowers and food, and to Mr. and Mrs. A. B. Calvin, Mrs. Duncan and Mrs. H. E. Thomson for beautiful flowers for home. May God bless each of you. Mr. and Mrs. J. A. Brown and Family.

Taxes Take Nearly Half of Utility Company's Gross

The Glasgow, Montana, Courier, says: "The Montana Power Company is an efficiently operated corporation, expanding and gaining strength, as anyone who watches the progress of its stock value can note. The Montana Power Company need not apologize to anyone for its record. Still we find one aspect of its 1958 report to stockholders, as shown in a simplified financial statement, alarming and thought-provoking. We ask: What item of expense of the company outstripped all the money it spent in 1958 for wages, salaries, pensions, materials, supplies and insurance? All these items, together came to something slightly more than \$13,000,000. But one other item bulked larger; the company paid out \$13,701,413 in taxes. Taxes represent almost half of its total gross expenditure of \$30,342,025 in 1958. . . taxes have grown even out of proportion to the growth in income. In 1954, they were \$9,575,025, compared with \$13,701,413 last year. . . What is happening to the utility firm is happening to most individuals. . ."

Judge, Jury and Jailer

"As governments grow to gargantuan size, the elected representatives come to the place where they cannot keep tabs on many public functions. Their resource in situations like these have been to set up a commission, staff it with high paid members and give them almost carte blanche to deal with the problem. They elect to be judge, jury and jailer in the scope of their authority. Reynoldsville, Pa., Star. Talk is never cheap when you have to take some of it."

Dale Keith Jones Married to Melba June Barnett in Lubbock

Miss Melba June Barnett of Lubbock became the bride of Dale Keith Jones of Pampa when they recited wedding vows in a ceremony in the Trinity Baptist Church in Lubbock Friday, June 19, at 7:59 p. m.

The groom is the son of Dale Jones of Hereford and was reared in Crowell. The bride is the daughter of Mr. and Mrs. J. W. Barnett of Lubbock.

The couple will make their home at 625 N. Faulkner in Pampa.

Misses Evelyn Jones of Crowell and Emma Pendleton of Vernon, aunts of the groom, visited Mr. and Mrs. Dale Jones in Hereford last week and returned to Lubbock to attend the wedding ceremony.

Invited to Wedding

The ceremony uniting Miss Peggy Long and Don Hattfield in marriage will be an event on Saturday, June 27, at 8 o'clock in the Crowell Methodist Church.

Friends of the family are invited to attend.

Anticipate Heavier Demand for Oil in 1959

Standard Oil of New Jersey anticipates that this year's oil demand will be five per cent above the 1958 level, due to a continued rise in business activity, and that free world demand will increase eight per cent. The company has budgeted about a billion dollars for capital expenditures during 1959.

Vast Satellite Plans

The latest orbiting Vanguard II may signal the start of a banner period for American satellites.

Roy W. Johnson, director of the Pentagon's Advanced Research Projects Agency, testifying before the House Space Committee, revealed that by the middle of this year another weather satellite, checking on clouds, will be launched. More weather satellites will follow.

Barbers Oppose Beards

Havana—Cuba's barbers' union has issued a pronouncement against beards.

The barbers said they were all for legitimate revolutionary beards grown by Fidel Castro's rebels during the campaigning in the hills, but that the revolution ended in victory January 1, and it is time now for the beards to come off.

Attend School of Instruction

A training school for the incoming officers of the Woman's Society of Christian Service was held in the Texas Street Methodist Church in Vernon on Thursday, June 18, for sub-district 2, of which Mrs. Henry Borchardt is president. Attending from Crowell were Mesdames Borchardt, Clyde Eddy, Arthur Bell, Grover Cole and Travis Vecera.

The ladies of the Texas Street Church gave an impressive meditation. A business meeting was held after which every conference officer conducted a clinic concerning the duties of her office.

A sack lunch was enjoyed at noon. The closing meditation was brought by Mrs. Horace Brooks of Quanah.

Riverside H. D. Club

Home made games, how to make and play, were discussed by Mrs. Monroe Karcher when she gave the program to the Riverside H. D. Club members when they met at the school house June 19.

Mrs. Karcher stated that toys are very expensive to buy, but she showed some she had made and also conducted some home games.

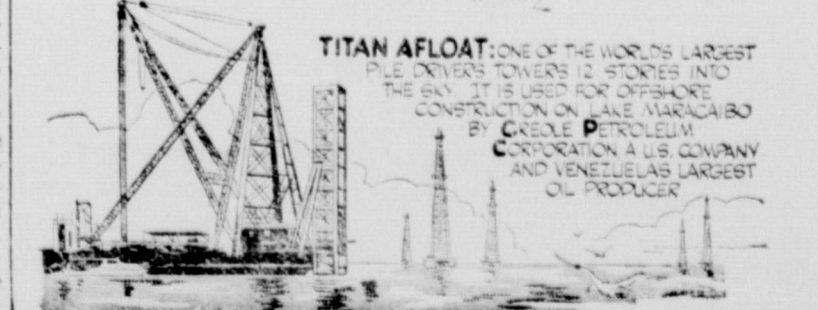

The club will meet for the next meeting (time and place to be decided later) for a basket supper.

Mrs. Karcher, who was hostess, served cookies and bottled drinks to 8 members.

Most men will lend a hand much quicker than they will money.

Progress Made on Developing Short Wheat

"Short wheats" being developed for production under high fertility and irrigation in Texas show much promise in early tests by the Texas Agricultural Experiment Station.

Dr. I. M. Atkins, agronomist in charge of small grain research, says the new wheats, resulting from crosses of a dwarf wheat from Japan with hard red winter wheat varieties, grow to 24-25 inches tall, rather than the 35-45, or even 50 inches attained by presently planted varieties.

In tests conducted by Dr. Kenneth B. Porter at the Southwestern Great Plains Field Station near Amarillo, the top strain of short wheat produced 75 bushels per acre compared with 54 bushels by two widely planted varieties, Concho and Wichita. At the Denton Station the new strains lodged less than 5 per cent while producing high yields. Commercial varieties lodged up to 80 per cent under the same growing conditions at Denton.

Production of short wheats will mean many advantages to farmers, Dr. Atkins points out. Higher levels of fertility might be used to produce more grain per acre without lodging. The short wheats also appear to be more efficient in their use of fertilizer, increasing their yield without an excess production of straw.

Quality tests also are promising, Dr. Porter says. However, they will do much more testing for quality, winter-hardiness, disease resistance, adaptation to combine harvesting and other characteristics so the wheat will prove itself before releasing seed to farmers.

"We are seeking short wheat which will fit Texas farming and at the same time produce better grain for bread under high fertility and irrigation than currently planted varieties. Some of the characteristics sought also in further breeding will include shatter resistance, higher test weight per bushel and stronger gluten content to enable bread dough to stand up better during mixing," he adds.

Khrushchev Has Run Russians into Trouble

Labor columnist Victor Riesel writes: "I have no secrets. But I have the word of Russian specialists who are constantly talking to those from behind the Bolshoi border that Comrade Prime Minister Khrushchev has run the Soviets into desperate trouble. There are eyewitness accounts of terrific industrial disruption, new forced labor battalions and the simple breakdown of vast quantities of intricate electronic equipment without which no modern state can compete with us."

If more people drove right, more people would be left.

Indifference
The great trouble with the ideal system of the United States is that too many folks are too lazy or too uninformed, or too selfish to acquaint themselves with political procedures, the needs of their cities, counties, states and nation to do something about it. They had rather sit on the sidelines and sneer, but they in effect are exhibiting themselves as perfect examples of poor citizenship. —Scotland Neck, North Carolina, Commonwealth.

Egg Consumption to Be Pushed by Grocery Stores

U. S. food chains have announced plans for an all-out producer-consumer campaign to move a record-breaking production of eggs into consumption. Some 12,000 stores will participate.

On June 8, 1927, the Naval Academy at Annapolis, Md., instituted a short three-month course for midshipmen in ground and flight instruction as a preliminary step toward qualifying as naval aviators.

Chevy Gives You Smarter Style Today...

FOR HIGHER TRADE-IN TOMORROW!

Don't take it from us—take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

Best Brakes. Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.* No wonder. Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.

Best Engine. Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

Best Economy. No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

Best Room. Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

Best Ride. No doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

See your local authorized Chevrolet dealer for the best buy on the best seller!

Diseases of wheat, which consistently cause losses or are potentially dangerous to the crop, include leaf rust, stem rust, speckled leaf blotch and loose and covered smut or bunt. These diseases less frequently found are discussed and control measures are suggested where known.

The two most serious diseases of oats in Texas are crown rust and the Helminthosporium blights. These are described along with stem rust, smuts, Septoria diseases, powdery mildew and yellow dwarf. The control measures for reducing losses are given.

Net blotch, leaf rust, mildew and the smuts which cause some damage to barley nearly every year are discussed. Bacterial blight, false stripe, scald and yellow dwarf which are less frequent in Texas are also discussed. The suggested means for controlling or reducing these losses are given. For a copy of the bulletin, call at the county agent's office.

Our "over-the-fence" club now has four members: Bob Mike Bird, Jackie Brown, Dan Mike Bird and Ronnie Clifton. In our first five nights this foursome has hit six home runs, and Bob Bird and Jackie Brown lead the league with two each. Who will hit 'em during the week that you're reading this? Someone will. I'll wager, and you'll want to see it done!

I stopped by early Saturday morning to check up on little Alvin Wheeler, John Wheeler's little ball of fire who injured himself Friday night in a head-on slide into second base.

"He's O. K.," John assured me. "We had him checked by the doctor last night, and he's still sleeping."

(Incidentally, Mrs. Wheeler says John never showed much enthusiasm relative to his offspring's school work, graduation, etc., but he's really "all-out" for Little League!)

In Dick Todd, we here in Foard County Little League probably have the most famous Vice President in the nation. (And the most completely unaffected). "Dick," I asked him the other day, "Wouldn't you like to make us a little speech just before a night game?"

Small Grain Diseases Title of New Publication

Small grain losses due to diseases in 1957 and 1958 were estimated to be more than 20,000,000 bushels. Damage to the crop may result in reduced stands, reduction in amount or quality of forage or in reduced yields and quality of the grain produced.

Diseases which caused these losses are discussed in a bulletin released by the Texas Agricultural Experiment Station titled, "Diseases of Small Grains in Texas."

The control or reduction of losses from many small grain diseases in Texas is not only of local importance, but has national and international significance. The fall infection, winter survival and spring increase in South Texas of airborne pathogens, such as the small grain crops throughout Texas and other states.

Diseases of wheat, which consistently cause losses or are potentially dangerous to the crop, include leaf rust, stem rust, speckled leaf blotch and loose and covered smut or bunt. These diseases less frequently found are discussed and control measures are suggested where known.

We are truly grateful to the good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship, including the beautiful floral offering and the food. May God richly bless you.

Mrs. Audie Brown,
 Mr. and Mrs. W. B. Griffin and children.

I wish to thank my many friends of Margaret and Crowell who sent flowers during my distress and sorrow at the death of my daughter, Mrs. Ann Morris, of Claude, Texas. May the Grace of God be with you all.

POLICE HAVE HARD TIME

Chicago, Ill. — Veteran Chicago police had a tough time with Carl Marts recently after he was picked up wandering loose in the city.

Taken to the police station, Marts ripped out drawers from filing cabinets and tore up messages on the police teletype machine. Marts, who is 3½ years old, also smeared chocolate ice cream on an officer's uniform. The boy's mother reclaimed him in due course. She said he wandered to the street from the family's basement apartment. 50-4tc

News Media Fear Tendency of Government Officials to Deny Public Information

"One of the trends in newspaper work that is regarded with growing fear is the tendency of government officials to deny the public information. This goes from the township to the national level. Newspapers, radio and TV stations are fighting this with everything at their command. The most flagrant cases are in Washington where bureaucrats decide what the American people are entitled to know. Newspapers have no quarrel with suppression of news concerning national safety. But this is carried far into other fields. There is only one basis on which to go. The public is entitled to every fact about every governmental operation, outside of national safety." — Marion, Iowa, Sentinel.

Chemical industries account for more than 18 per cent of U. S. manufacturing.
