CROWELL, FOARD COUNTY, TEXAS, THURSDAY, OCTOBER 22, 1959

FARM PROGRAMS ARE PLANNED WITH SCS AID

Foard County farmers have voted that it is better to farm than by the "trial and error" method, according to James Herring, director of the Lower Pease River Conservation District office. Mr. Herring says, "It is based up by the experiences of farmers and of district supervisors."

Martin Jones, who developed a conservation plan with the Lower Pease River Soil Conservation District in 1951, answered the question: "It's good business plan your operations and carry your plan year by year in order to increase the value of investment, labor, and capital."

Mr. Jones, most farmers in this community realized this, Herring said. That's why they

voted to establish their district here. They saw the need of improving their land to insure good crop yields and permanent productivity.

According to Grady Halbert, chairman of the LPRSCD board of supervisors, the district's work is aimed toward the goal of using each acre of land within its capabilities and treating each according to its needs. The extent in which it works toward this goal depends on conservation farm plan made to fit each individual farm.

Some of the cooperators who have developed detail conservation plans this summer in the Foard County portion of the district are: M. M. Welch, Lee Black, Mrs. Gladys Crosoe, Louis Rettig, Mrs. Clarence Ross, J. H. Free, D. S. Todd, J. A. Marr, T. F. Hughton, Sam Kuehn, J. W. Bruce, R. H. Borchardt, Ed Lehman Jr., C. T. Murphy, Newell Hofmann, and H. L. Ayers Jr.

Roy Ayers, also a supervisor in the district, encourages all farmers and ranchers who do not have a conservation plan and want help on some soil, water, and plant problems to see either him or Mr. Halbert. The district will furnish technical assistance in developing the conservation plan.

In the Foard County portion of the district, approximately 78 per cent of the farmers and ranchers obtain technical assistance from their district.

WILDCATS POST 28-6 WIN OVER IOWA PARK FRIDAY

The Crowell High School football team remained undefeated last Friday night when the Wildcats won over the Iowa Park Hawks 28 to 6 for their sixth victory of the season. The first half was played on about even terms with both teams chalking up six points and six first downs, each. However, the Crowell boys really "went to town" during the last half, scoring three touchdowns while holding the big Iowa Park boys to a mere 20 yards on the ground.

The Hawks started the scoring off the first time they had possession of the ball. They marched 77 yards with consistent ground plays to finally send 200-pound fullback Lyndell Glenn over from the five. Crowell retaliated late in this quarter when quarterback Ivan Cates threw a 30-yard pass to left half Wesley Cummings, who in turn scampered the remaining 24 yards to pay dirt. This left the score 6 to 6 at the end of the first quarter.

Neither team threatened to score during the second period. However, Crowell did drive to the Hawk 33-yard line.

It took the Wildcats just three minutes to drive 58 yards to score in the third quarter. With Cummings and fullback Jim Henry alternating with the ball carrying chores, the Crowell line consistently opened up gaping holes to eventually send Henry across from the one for the TD. The extra point try was no good to leave the score 12 to 6 at the end of the third period.

The final quarter found the eager beaver Cats really going places. They went 55 yards for their third touchdown of the evening. The elusive right halfback, Guy Todd, went off tackle for a 27-yard run for the tally. Immediately following this score, Crowell kicked off to the Hawks and caused them to lose nine yards on two tries. On an attempted pass by Glenn from his own eight-yard line, Ivan Cates intercepted and ran the pigskin back 18 yards for another Crowell touchdown. Cummings ran extra points over after each of these touchdowns. The final score was 28 to 6 in the most crucial contest of the season thus far for the Wildcats.

All of Crowell's players looked good in this important conference game. Tom Crowell, center; Taylor Johnson, Joe Barry and Bryant Thompson, guards; Gary Carpenter, Duane Nichols and Bobby Powers, tackles; Bill Graves and George Moss, ends; and Ivan Cates, Jim Henry, Wesley Cummings, Guy Todd, Don Welch and Bobby Barker, backs.

Holliday defeated Archer City to remain the only other undefeated team of district 11A. Crowell goes to Holliday for the last district game of the season. The Wildcats journey to Paducah this Friday night for a conference contest. Paducah has won two and lost one in conference play.

May I Have a Pass?

I don't suppose that you ever have to ask Mr. Black or Mr. Graves for a pass to get you into class after that second bell has rung, but if you do, will you stop to think of a reason or two why being tardy is held against you? What's wrong with being late—whether it be to classes or to a party?

It may surprise you to know that some CHS students, as well as the teachers, know what is wrong with being tardy.

Sharon Wharton says: Do you feel guilty when you are tardy? Some people don't, but do you ever stop to think what being tardy to school and classes causes? Besides interrupting classes, after you have been tardy for three times, it will count off on your daily attendance record as a complete day's absence. Then when exam time rolls around, you begin to feel that perhaps you could have been on time if you had tried just a little harder. Being late for school or classes tends toward being late for work or appointments in later life. So, the best idea is to make a habit of always being on time.

Mrs. Manard says: Today we hear much about "big business." In reality, one of the biggest business establishments is that of the American public schools. Here youth receives training in securing knowledge in various fields, in becoming reliable citizens, in shouldering responsibility, as well as in forming good habits that are essential for success in the adult business world.

One habit prevalent with some students is that of being tardy. Tardiness reflects a lack of interest in one's work and a lack of a sense of responsibility to one's co-workers. To come into a class room late is to cause a needless interruption in the work that is being done.

A study of the accomplishments of youths who have been habitually tardy in school reveals that usually they are consistently unsuccessful in the business world. Wendell Callaway says: I think we should make an effort to be on time in each of our classes. When we are late we not only miss what might be a significant part of the lesson, but we also interrupt the proceedings of the class. Our attention is distracted from the lesson when a straggler comes wandering in. A class can be held more successfully when everyone is on time.

Why not set your watch up a few minutes and make a real effort to be wherever you are going before that bell rings.

Editor's note: We'll be talking about respect for or the lack of respect for public property in a few weeks. What makes people, especially teen-agers, have so little regard for public property? Who instilled in our young people this bent to destruction? If you have any comments on this phase of "growing up," please share them with us by writing the editor.

Band News and Views

The CHS band had quite an

eventful week end. Everyone had a wonderful time at the Fair, and the happiest girl on the trip was Charlotte Sledge. In Friday night's performance, she was crowned Band Sweetheart of 1960. Janey Bowers and Judy Johnson were her attendants. The three girls were driven onto the field by Charles Carroll in his beautiful white Ford. Gary Griffith, president, escorted the three girls to the throne, and Charlotte was presented with twelve beautiful roses and a Sweetheart certificate. She was congratulated with a kiss from Gary. The queen was entertained by Miss Ruth Sanders who did a very stunning routine. Ruth did a wonderful job and this is her first year as majorette.

The queen was escorted from the field by Gary and her two attendants. The band is very honored to claim her as their sweetheart. Congratulations, Charlotte. The band is working on the half-time entertainment for the Paducah game. We hope you will enjoy it.

Big Tex Is Host to Students

Big Tex, the gigantic host of the Texas State Fair held annually at the state fair grounds in Dallas, welcomed a crowd of 331,000 Saturday, October 18. Seventy-five Crowell people, including the FHA girls, CHS band members and sponsors, joined the throng as they tramped to see exhibits, special shows, and the excitement of the Midway. Hats with long feathers and buttons that shouted a name in large letters were the rage, and an immeasurable quantity of hot dogs, Cokes, corny dogs and candy was consumed.

The Women's Building featured a style show (containing a Crowell girl), exhibits, and chances to win everything from a trip to Arkansas to encyclopedias. The Automobile Building was full of "Gee, I'd like to have that" cars. The miniature Japanese city of Kikkō was a featured exhibit in the General Exhibit building. Countries from all over the world were beautifully represented there. A new, tall, modern building housed a horse show. The Ice Capades and musical show, starring the McGuire Sisters and other artists, claimed Crowellites as part of the audience.

The Midway, with rides of every possible conception and the chance to win a hundred different prizes, was the center of interest. The homeward bound buses looked like a zoo with an assorted collection of bears, dogs, monkeys (stuffed), and lizards, birds (alive) and very tired people.

Fair time is the time of enchantment, to "small town kids" the crowded fair grounds is really the land of enchantment. We may have been tired, half-sick, broke and bus-worn by the time we reached Crowell again, but we are full of memories of times and things to talk about until fair time rolls around next year!

Enters Dress Revue

Margie Rasberry, one of the four area girls entitled to an expense paid trip to the State Fair as winners of the District 3 Dress Revue, participated in the State Dress Revue at Dallas Oct. 16. The girls left Thursday morn-

ing for Dallas and checked in for a stay at the Adolphus Hotel. This was really a treat for them. The dress revue took place Friday morning in the Cactus Room of the hotel. The winners were announced that afternoon. The rest of the afternoon was spent making pictures for newspapers and taking shots for TV.

Saturday morning the participants were taken to the fair grounds where they presented two fashion shows in the Women's Building.

Congratulations, Margie!

Latest with the Library

Thanks go out from the library members and Mrs. King to Mr. Black who donated a newspaper from New Zealand which he had acquired. This paper may be found in the library files.

Also, thanks go out to Lou Ann Summers this week for the nicely arranged bulletin board, "Don't Trust Your Luck Too Far. Read for Your Book Report Now." This gives us something to think about, too, as we are all due to give book reports soon.

The Library Club met Tuesday afternoon, Oct. 13, in Mrs. King's room. Hostesses were Theda Green, Lois Ann Painter and Barbara Goodwin. The program consisted of a report from our sponsor, followed by a discussion of what we are to buy for the library this year, our Christmas party, and a tea for our mothers and the incoming freshmen. The program was concluded with a speech by Judy Borchardt on libraries and what they mean to her.

To all of you who are wishing for a new and different book, new books are being processed and put on the shelves daily.

Sports Spots

Man, did we ever dig that game on the eve of last Friday! Those cats called Wild made like rockers from far out and really rocked those daddy-o's from a Pack called Iowa. Like the part of the first pack took it out on a limb and played it slow, but when the men on top swung out for the down beat, they rolled them way all over the green. Man, it was the coolest!

Translation: The Wildcats never looked better than they did Friday night. The game which ended in a 28 to 6 victory over Iowa Park, had Henry, Cummings, Barker and all the other Wildcats as heroes. This puts our undefeated team well on the way to district. Keep up the good work and the spirit, Wildcats. Let's go all the way this year!

D'Lois Shultz Is Honored

The faculty and students of CHS sponsored a miscellaneous shower for D'Lois Shultz on Monday. The Shultz home and all of

Fashion Favorites for '59

I have been looking through several magazines, and decided to make a list of what seems to be big news in fashions. The following are the things I have found to be most popular for this fall and winter:

1. Gold, burnt orange, a light brown (it has several names) and dirty or loden green seem to be the new colors. They are being used in clothes of all sorts. (Have you seen Bobby Barker's new green loafers?)
2. And speaking of shoes—boots, boots, and more boots are "it." They come in leather, suede, fur, in all colors with turned up tops, turned down tops, or none at all.
3. Fur trim, whether real or fake, is very big. Lots of coats in bright colors are trimmed in matching fur.
4. Almost all magazines are showing blazers, although we don't wear them in this area.
5. Sweaters are always good. Heavy ones, slip overs, v necks, bulky ones with fringe, stripes, bright colors, and even ones made of a plushy fur (not real, of course) are very popular. (Did you see Kay Johnson's pretty blue one?)
6. Where there are sweaters, there are skirts, too. Bright wool, pleated or straight ones are always favorites. Long sleeved blouses are being worn with them, too.

No list is ever complete without your own favorites, and you will have a fairly good idea about what is being worn all over the country.

Southern Assembly

On Tuesday, Oct. 13, John Conrad, a master puppeteer, in his unending search for educational stories spiced with all the elements that fascinate youngsters, brought to the CHS stage the story of Louis Braille. The story told of the blind orphan, who was befriended by kind strangers when he lost his faithful dog, Rags. Also it told of his discovery of a simple way for the world's blind to read and write. The story was climaxed with Rags' return, which brought joy to the blind boy genius. Mr. Conrad adapted this story with a vivid flair that captivated not only children, but everyone who is young at heart. The production entertained as it told in play form, using puppets for characters, the interesting story of one of man's benefactors.

News and Nonsense

Hello, everybody! Hasn't this been quite a week end? First, we won the game Friday. Congratulations, boys. We're really proud of ya! Sorry to hear that Bill's in the hospital. Then, the band had a lovely performance with Charlotte Sledge being crowned band sweetheart and Janie B. and Judy J. as attendants.

Next, we had a grand canteen. Couples were Gary-Nelda, Jo-Wes, Carolyn-Alvin, Linda-Lee.

Second, Crowell hit the Dallas Fair! At the fair... Janelle, Barbara G., Jo Carol and Dorothy W. found some cute boys from Corpus Christi. By what means did Jo C. persuade one of them to give her a teddy bear? Bet the scandal knows.

Judy Borchardt met a real doll from A&M—David Collins.

Cheap way of entertainment at the fair for Miles—sitting on the bus watching all the girls go by.

Did anybody recognize Kay, Alta, Carol after they hit the fair? By the way, what place was it that held their interest?

What was the reason for Janey and Charlotte's sneaking around late Saturday? Could a couple of Fort Worth boys have been the reason?

If you hear some crazy lyrics to a song, it's just Alta, Janey, Timmy and Charlotte's new theme

Game Wardens to Make Counts of Waterfowl

Thirty Texas game wardens have volunteered their services to make a waterfowl inventory in Texas, according to Harold and Bob Singleton, waterfowl biologists of the Game and Fish Commission.

Each warden will cover a highway route of 200 miles every day, during the duck season. They will survey all lakes, rivers and ponds within a quarter of each side of the highway to traverse; thus each warden survey approximately 100 square miles on each day of work.

The route selected for the surveys will be where maximum numbers of water may be found and the time when waterfowl concentration is heaviest.

"This is taking the first in the direction of preferred hunting seasons," the biologist said. "We will learn where the heaviest concentrations are on the basis of our kill reports. We can evaluate gun pressure, probably bring about a beneficial adjustment."

U. S. News & World Reports, in its issue of November 28: "The business recovery, several months of rapid progress is now running into some trouble. The trouble comes in the form of strikes, which tie up factories, cause cancellations of orders, supplies, and cut off workers' for days or even weeks."

RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Boy Scouts to Go to Camporee at Lake Pauline This Week End

The Boy Scouts of Troop 49 met last Thursday afternoon and cleaned up the area just east of the Crowell Methodist Church in preparation for their Scoutcraft demonstration and Scouter's stew on Saturday, October 31. A sign was erected and the entrance gate for the demonstrations was set up.

On Thursday evening at the regular Scout meeting, Senior Patrol Leader M. L. Speer conducted a Scoutcraft demonstration on the Scout ditty bag. This was a demonstration and explanation of the small materials that every Scout should have with him on every camping trip. The some 20 different items are all necessary about a camp and can be packed in a small home-made bag and carried in the Scout's pack. The troop then discussed the district camporee which they will attend at Lake Pauline this week end. They will leave Crowell at 10 a. m. Saturday and will return after lunch on Sunday afternoon. Besides the overnight camping experience, the Scouts will compete with other Scouts in the area in 10 Scout games of Scoutcraft. The senior patrol leader and the four patrol leaders will list final plans and make patrol assignments

Foard County Youths Honored by Dallas Fair Last Week End

The State Fair of Texas and the Dallas Chamber of Commerce Friday night honored Arlos Moore and Miss Wanda Moore of Foard County, and 42 other rural youth for achievement in agriculture and home economics.

B. L. Thornton Sr., president of the State Fair and mayor of Dallas, greeted the youths, and told them that tomorrow will be theirs if they prepare for it.

"We have moved into a time of science and technical progress and a new economic day," he said. "This will give to the youth of today their greatest opportunity."

J. Earl Rudder, president of Texas A&M College, said that agriculture as well as the other sciences need men and women with technical knowledge to keep up with changes of the future. He pointed out that even today, in a period of fewer farm people, 40 to 50 per cent of the population still earns its living from agriculture and its allied industries.

He said that youths have a sense of belonging when they are members of 4-H Clubs, or are Future Farmers or Future Homemakers. These, he said, are far better than the gangs of cities where juvenile delinquency thrives.

Dan C. Williams was master of ceremonies at the 13th annual honor awards dinner, James W. Aston presented the honor award medals to the group.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin, Texas.—From now until January, Texas political skies will be crowded with trial balloons.

Already, through polls, public and private, conferences and speeches, a host of ambitious politicians are trying to test the wind and fix their time tables accordingly. In past decades, office holders all down the line arranged their schedules on the assumption that the governor would retire after two terms. When the governor moved out, others moved up, and a succession of vacancies was created.

But Gov. Allan Shivers served three terms and part of another. And Gov. Price Daniel seems in no hurry to leave at the end of his second term. Polls have shown strong support for Daniel for another term. Some observers say a "three-term governor" tradition may be taking hold.

A roadblock at the top would pose hard decisions for those who have been getting primed to move up. Atty. Gen. Will Wilson's firm plans to run for governor have been no secret. But he has not said he will run even if Gov. Daniel does.

If Daniel does run and Wilson decides to sit tight, a half-dozen attorney general hopefuls, including Speaker Waggoner Carr, will be either stalled or up against stiffer odds.

In legislative races much of the same agonizing is going on. Wherever a senator is up for reelection, there are usually one or more House members itching to try for the post.

Some have already jumped in; some have definitely decided against it. Others are still "talking around." In many minds is the old saying that the time comes when a man must go "up or out."

DEMOS GUARD HARMONY

For the moment, at least, Texas Democratic Party leadership appears more united at the summit than it has been in years.

At their recent meeting, State Democratic Executive Committee members cheered both Gov. Daniel for a third term and U. S. Sen. Lyndon B. Johnson for president. Gov. Daniel, Committee Chairman Ed Connally and National Committeeman Byron Skelton all applauded Johnson.

In 1956 Sen. Johnson had to push Gov. Allan Shivers and his supporters out of party leadership in order to go to the national convention as the Texas nominee. Such upheaval apparently will not be necessary in 1960.

Not present for the harmony fest, however, was Mrs. R. D. Randolph, national committeewoman and leader of the liberals' Democrats of Texas faction. DOTers fell out with Johnson after the '56 convention. They've made it clear they won't push the Johnson bandwagon. Many of the same group are working in the Democrats for Stevenson movement.

But whether they can or will launch a large-scale effort to undermine the senator in his home state is not yet known.

JUST NEED MONEY—Officials of Texas' bulging cities took a long look at their multiplying problems and decided they needed many things, but mainly money.

As the Texas Municipal League convention wound up, the incoming president, McAllen Mayor Phillip Boeye concluded, "Very

Oct. 23-Nov. 2 Dates Set for Writing for Cotton Bowl Tickets

Ticket applications for the 1960 Cotton Bowl Football Classic on New Year's Day will be accepted by mail only during the period starting Friday, Oct. 23, and lasting through Monday, Nov. 2.

The Cotton Bowl Classic is the official Southwest Conference post-season bowl game, with the conference champion automatically becoming the host team. This will be the 24th annual Cotton Bowl game.

There will be no limit on the number of tickets that can be ordered. As usual, after all applications have been received, a drawing will be conducted to determine the allocation of the 25,000 available tickets. Tickets will be mailed and unfiled applications and checks will be returned to the senders shortly after Dec. 1.

The price of tickets for the 1960 Cotton Bowl classic is \$5.50 each, and a 25-cent mailing fee should be added to each ticket order. Checks or money orders must accompany all applications.

Applications should be mailed to arrive during the period specified, Oct. 23-Nov. 2, to Cotton Bowl Athletic Association, P. O. Box 7185, Inwood Station, Dallas 9. Envelopes must be postmarked not later than midnight Nov. 2.

Applications received for more than ten tickets from any one person will be placed in the draw in groups of ten or less. In other words, any number of tickets can be ordered, but they will be drawn so that they will be in blocks of ten.

The board of directors of the Cotton Bowl Athletic Association has decided that the 1960 Cotton Bowl Classic will be blacked out for television in Dallas and the area within 100 miles of the city if the stadium is not 90 per cent sold out for the Jan. 1 game.

Buckwheat, by its rapid growth, stifles weeds and leaves the field clean for the next year.

Junior Leaders' 4-H Club

The Junior Leaders 4-H Club met October 14 at the Down Town Bible Class room, with the president, Cecelia Drabek, in charge. After the business meeting, the youths were divided into groups for a meeting. Members attending were Gena Adcock, Be Browder, Janey Bowers, Carroll, Cecelia Drabek, Joe Drabek, Jo Wynn Ekern, Martha Fr Arcina Garrett, Jerry Latimer, Linda McClain, Linda Meche, Arlo Moore, Wanda Moore, Ja ise Morris, Judy Sandlin, Thomas and Don Welch.

The next meeting will be Oct. 29.

The Thalia Home Demonstration Club met Thursday at 2 o'clock with Mrs. Les Hammond as hostsess. Mrs. Ed Huskey gave the opening exercise. Nine members answered roll call. Mrs. Moore read the minutes of the meeting of October 1.

Mrs. Roy Shultz was program leader, and gave interesting ideas for Christmas decorations. Mrs. Hammonds served cookies and drinks to the club members.

RIPE IN JAIL

Austin, Tex.—A cemetery isn't always the best place to rest in peace, a 51-year-old Oklahoma City man found out.
He was kicked out of an Austin burial park by police after an attendant found him snoozing between some graves. Police explained that to rest there you had to be dead—not just dead drunk.
He was given a new resting place at city jail where he was booked for vagrancy.

\$12.5 Billion Deficit
... the federal government's massive 12.5 billion dollar deficit for the fiscal year just closed deals us all a stiff right cross.
"For one thing it's nearly three times the previous peacetime peak deficit of 4.4 billion dollars, recorded in the depression year, 1936, when Franklin D. Roosevelt was laying out what was then considered vast sums to shore up the business structure and ease the burdens of distress.
"Whatever the future holds, we must all fervently wish that 12.5 billion dollar budget deficits never come to be regarded in this country as either commonplace or inevitable."—Franklin, Ind., Republican.

Going Out of Control
We often read about a car going out of control. A traffic safety authority says that this is a misstatement—a car doesn't and can't go out of control unless its driver allows it to do so.
But God opens the way for those who dare to move ahead.

About Your HEALTH

Does your body profile look like the bent part of a capital "D"? Would you like to acquire a bright new outlook on life? Then get rid of that pretzel posture.
Good posture is the starting point of good health and appearance. Luckily, it is fairly easy to attain. Here's how:
Hold your head high and pull your chin in until your eye level is parallel to the ground. Pull your shoulders back and make the shoulder blades form as near a flat surface as possible.
Raise your chest up and push it forward until the buttons strain, and when you breathe make sure it's your chest that rises and falls and not your abdomen.
Flatten the lower part of your back, tucking the buttocks as close under the hips as possible. Tip your hips down in the back. Hold your knees straight but not stiff. Put your feet parallel, with the weight evenly balanced.
Be careful not to revert to the old slouch when you sit down. Be conscious of good posture at all times, and the first thing you know it will be second nature. You'll begin to feel uncomfortable in a bad posture.
The old saying that "there is a place for everything" is doubly true for the human body. Each organ has a specific place in which to function, and functions best in that space. Vital organs—heart, lungs, abdomen, etc.—tend to be cramped when the body is slumped or slouched over.
Cramped lungs cannot deliver a full supply of oxygen. Circulation is slowed down when the heart is cramped. And a cramped stomach impairs digestion.
The advantages of good posture go far beyond the purely physiological. Standing straight and tall, relaxed and comfortable, will give you a brand new outlook on the world. You'll get a "lift" out of proportion to the little bit of conscious effort it takes to assume a correct stance and make it a permanent habit.
Try it the next time you walk by a plate glass window. Glean at your reflection—chin up, chest out, shoulders back and stomach flat, stretched to your full height. What a fine figure you cut!
(A weekly feature from the Health Education Division, Texas State Department of Health.)

God's Time for You

In the early days of the airplane, a prize of \$5,000 was offered to the first person who would fly the twenty-one miles from Calais, France, to Dover, England. Wealthy French playboy and sportsman Hubert Latham decided he would claim that offer. He prepared for the flight by purchasing a new monoplane and hiring a mechanic to keep it at top condition.
But there was another competitor in the race, a Frenchman named Louis Bleriot. His aircraft was constructed at home and looked unimpressive. No mechanic's fee could be paid for its maintenance.
Finally, on a Saturday morning in July, Bleriot announced he would attempt the first Channel crossing early the following morning.
Latham arose sleepy-eyed on Sunday, took one look at the weather, decided no flight could be made, and went back to bed. Bleriot was also up at dawn, rolled out his plane from the hangar and decided to chance the flight regardless of the weather. He made the crossing in twenty-five minutes.
The \$5,000 was his.
Much of the world's history—especially religious history—has been written by men who boldly attempted great things despite unfavorable circumstances. Gideon routed the hosts of the Midianites with three hundred men. Sampson killed a thousand with the jawry as an eater of pet. And the other apostles filled Jerusalem with the good news of Jesus Christ despite persecution, imprisonment and threats of death.
God has a work for you to do. He has given you the means to accomplish it. The circumstances may be adverse, the time inopportune.
But God opens the way for those who dare to move ahead.

"There is inherent in a \$70 to \$80 billion annual spending program much duplication, waste, inefficiency and irresponsible fiscal overreaching...
