Survey in Foard County Reveals that Only 20% of Quail Crop Survive Winter

Rodent ravage and poor range vegetation are responsible for the present quail decline in the Lower Plains area of Texas, according to W. J. Cutbirth Jr., executive secretary of the Game and Fish Commission. A report on quail conditions in the area has just been submitted by Biologist A. S. Jackson, who made a study in

Foard, Hardeman, Wilbarger, Baylor, Archer, Wichita, Stephens and Throckmorton counties.

Jackson suggests three important factors involved in the quail decline this spring: First, last year's spring rains resulted in a heavy carpet of grasses over food plants. These grasses provided cover for rats, but no food for the birds.

Second, competition from rodents in the food supply.

Third, the extreme dryness in the winter, which killed out green foods for bird feeding.

The survey indicated little difference in the bird population of areas that had been hunted, or those which had not been hunted. The survival was estimated at about 20 per cent. Jackson said an extension of the season would have been no help, because the birds already were in bad condition. He did suggest, however, that an earlier opening might be a better solution.

Twenty-Five Boys Enrolled in Boy Scout Program

Twenty-five boys have been enrolled in Troop No. 49 of the Boy Scouts of America, which is sponsored by the Crowell Methodist Church. Seventeen of these boys attended the first meeting of the Troop at the church on Thursday evening, March 12. The Troop will meet each Thursday evening throughout the year at the church.

Scoutmaster DuWayne Elliott and Assistant Scoutmasters, R. H. McCoy and Ray Shirley, directed the boys in several games and taught the group several Tenderfoot knots. The boys were instructed in several of the fundamentals of Scouting and were reminded that as soon as they have completed their Tenderfoot requirements, the Troop will be organized into Patrols and the greater Scouting program for the Troop will be underway.

Plans are now being made for a week of camping and outdoor activities at Camp Perkins, the Council Boy Scout Camp near Wichita Falls. Plans are also being made to register several boys in a District Troop that will attend the National Boy Scout Jamboree to be held in Colorado Springs, Colo., in July, 1960.

Messrs. Elliott, McCoy and Shirley finished the first session of Boy Scout Basic Leadership Training last week under the direction of Rev. Carl Hudson, Scoutmaster Elliott and assistant Scoutmaster McCoy, accompanied by Rev. Hudson, attended the second session of this leadership course in Vernon on Friday evening. All three Scout leaders plan to attend the third and final session of this leadership course in Vernon tomorrow night.

Assistant Scoutmaster McCoy extends an invitation to every boy in the community, who is eleven years of age or older, to counsel with him about membership in Troop 49.

Troop Treasurer Chester Hord suggested that there might be several persons who have not been contacted for a donation to the Scouting program, and that if they wish to donate to Scouting in this community, they may do so by sending their donation to him or by handing it to him in person.

Water Kills Rats; Better Than Traps and Poisons

Steel traps and poison didn't work—but water sure killed those rats, Mrs. A. W. Barker reported from her farm south of Crowell last week.

Mrs. Barker said that her son, Alvin, found about twenty big rats dead in a stock watering trough on their farm last week. She surmised that since that was the only water in the area, the rats had been attempting to get a drink of water when they were drowned.

Mrs. Barker says that if other farmers had not been having any success in trapping and poisoning rats, they might try the "water treatment on them."

Thalia Cemetery Report

Mrs. Cap Adkins reports the following donations to the Thalia Cemetery since her last report: Mrs. Letha Cain, Weatherford, \$1.00; R. F. Adkins, \$1.00; Mary E. Gray, \$1.00; Mr. and Mrs. C. C. Wisdom, \$5.00; Joe Coufal, \$5.00; Johnnie Capps, Odessa, \$10.00; Mrs. Bill Barrett, Paducah, \$10.00; Mrs. G. W. Scales, Vernon, \$5.00; W. C. Ramsey, Spur, \$10.00; Mrs. Josie M. Bledsoe, Colorado, \$16.00; Mrs. Myrtle Neill, \$10.00; Mrs. T. L. Ward, \$5.00; John Warren, Crowell, \$10.00; Vernie L. Jordan, \$5.00.

Gribble Test Abandoned

Kenneth Fox Now in Australia Working on 14,000-Ft. Test

Kenneth Fox, son of Mr. and Mrs. Glen C. Fox, and the two men who will work with him, recently left by plane from Love Field at Dallas for Adelaide, Australia, via San Francisco, Honolulu, the Fiji Islands and Sydney, Australia. Kenneth will be a Core analyst for the group.

A recent article in the Dallas Morning News stated that the Delhi Australian Petroleum Ltd., a subsidiary of the Dallas firm, and Santos, Ltd., of Adelaide, Australia, will drill a 14,000-foot test on a 267,000 square mile concession in the Great Artesian Basin of Central Australia. And it is at this well that the Core Lab unit, which was shipped from Houston along with repair supplies to last for two years, that Kenneth and his crew will be employed. This is the deepest test ever to be drilled in Australia.

Kenneth has a contract with Core Laboratories whereby he will remain in Australia for one year or until the 14,000-foot test is completed, whichever occurs first. The company will assume all expenses for room, board and travel from the time he leaves Dallas until he returns to Dallas. The round trip will comprise more than 20,000 air miles.

The Foard County Home Demonstration Clubs will hold their annual Rally Day this Friday, March 20, at the Down Town Bible Class room, beginning at 10:30 that morning. All HD Club members and visitors are invited to attend.

Each woman is asked to bring a covered dish, her own plate, silverware and drinking cup.

During the day, four crafts will be taught and displayed. They are smoked pillows, ice cream stick craft, mosaic tile pictures, and pictures on glass.

Roping Club to Meet Monday

The Crowell Roping Club will meet next Monday night, at 7:30 o'clock, at Toie's Service Station. Gerry Knox, president, announced Wednesday. All members are urged to be present.

R. J. KIDWELL

Pre-Easter Services to Be Held at First Christian Church

R. J. Kidwell, minister of the Southwest Park Christian Church in Abilene, has been engaged to do the preaching for the pre-Easter meeting to be held at the First Christian Church Wednesday through Saturday, March 25 to 28, it has been announced by Paul Manning, minister of the local church.

Services will be held at 7:30 p. m. Mr. Manning will lead the singing. He extends a welcome to everyone to attend the services.

Roy Archer, Former Crowell Resident, Died at McKinney

Funeral services for Roy Archer, 58, a former resident of Crowell, during which time he was an employee of the West Texas Utilities Co., were held last Friday in North Baptist Church in McKinney.

Mr. Archer died at his home in the Foote community Wednesday. Burial was in Walnut Grove Cemetery in McKinney.

Survivors include his wife; his mother, Mrs. Letha Archer of Midlothian; a son, Kenneth Archer of Denver, and two daughters, Mrs. Laverne Self of Arlington and Mrs. Joyce Hicks of Fort Worth.

C. W. Carroll of Crowell and Mr. and Mrs. Warren Haynie of Vivian went to McKinney to attend the services.

Revival Services to Begin Sunday at Methodist Church

A series of revival services will begin at the Crowell Methodist Church Sunday, March 22, and continue for a week, ending Easter Sunday night.

Rev. Carl Hudson, pastor, will do the preaching for the meeting, and Sam Mills will be in charge of the singing.

Services are scheduled from 10 to 10:30 each week day morning, and 7:30 to 8:30 each night. Everyone is invited to attend each of these services.

Red Cross Fund Receives \$595 Out of \$1,532 Quota

The 1959 Red Cross Drive for funds, which began last Saturday morning, has received a total of \$595.91 in contributions thus far, Glen Goodwin said Tuesday.

This is slightly over one-third of Foard County's quota, which has been set at \$1,532.00.

Mr. Goodwin says that the residential section was not canvassed Saturday because of the sand storm, and reports have not yet been received from other communities of the county.

J. N. Ribble Observes 93rd Birthday Sunday

J. N. Ribble, pioneer resident of this community, observed his 93rd birthday Sunday.

Mr. Ribble is unusually active for a man of his age and still drives his car. He is a regular attendant at the Down Town Bible Class and the morning services at the Methodist Church.

Rotary Club Meeting

The program for the Wednesday noon meeting of the Rotary Club was a talk by Grady Halbert on the district conference just ended at Fort Worth, with brief comments also by Herbert Edwards, Marion Crowell and Jack Seale.

Visitors at the meeting were Hubert Smith, Roy B. Sanson and Vance Favor, all of Quanah.

Crowell Schools Have Very Successful School Week, Board President Says

The Public School Week—March 23-28—at the local schools was very successful, according to Mike Bird, President of the Crowell School Board.

There were 37 of the 6-year-olds, along with their parents, who attended the orientation program on Tuesday afternoon, March 3.

The majority of the members of the Crowell School faculty attended the Oilbert Teachers Association meeting in Wichita Falls on Friday.

There were about four hundred patrons present for the Crowell High School Band's annual program at the high school auditorium on Friday night, March 6.

Drought Continues as Dust Storms Blanket Area

With the rainfall of Foard County and this whole area of Texas far short of normal, severe dust storms have lashed the area during the past several weeks. The latest one, which preceded a cold front moving into this area Saturday, kicked up dust which blanketed the entire area Saturday afternoon and night. The temperature dropped from the 80's Friday morning to a low of 32 Sunday morning.

Rainfall records as kept by Merl Kincaid at the Crowell State Bank, reveal that only .33 of an inch of moisture has been recorded here since the first of the year, with the average for the first 2 1/2 months of a year being about 2.9 inches.

The last month when as much as an inch fell was September, 1958, when two inches fell. Forty-one-hundredths was recorded in October, .98 in November, and .15 in December.

During the past 6 1/2 months—which is the wheat-growing season here—only 3.8 inches of rain has fallen here, and Mr. Kincaid said generally, most parts of the county have not received as much rain as has fallen in Crowell.

Most of the wheat and other small grains in the county are badly in need of moisture very soon, and farmers agree that it is already too late for rain to help some of the wheat. Many fields of grain which were planted last fall have not had sufficient moisture yet to come up.

Highs and lows for the past week follow:

Thursday: high 70, low 32.
Friday: high 83, low 45.
Saturday: high 80, low 55.
Sunday: high 53, low 32.
Monday: high 62, low 37.
Tuesday: high 70, low 38.
Wednesday: high 73, low 38.

No. 7 John A. Marr Staked

Humble Oil & Refining Company has staked its No. 7 John A. Marr, 19 miles northwest of Crowell, 2711 feet from south line, 1819 feet from west line, section 24.

Miss Shirley Fox to Receive Honor at Tech March 22

James G. Allen, chairman of the Convocation Committee at Texas Tech, recently notified Mr. and Mrs. Glen C. Fox that their daughter, Miss Shirley Ann, would be recognized at the annual All-College Recognition Service this year. This service is to be held on Sunday, March 22, at 2 p. m. in the Lubbock Municipal Auditorium.

Recognition Service is the occasion on which the college pays tribute to those of its students who during the preceding two regular semesters, have contributed with distinction to the college in the fields of scholarship, athletics and leadership. Shirley will be recognized for holding a high school valedictorian scholarship.

Mr. and Mrs. Fox plan to attend the service.

4-H's Attend District 3 Council Meeting in Roby Last Saturday

Wanda Moore, Margie Rasberry and J. W. Golden attended a District Three 4-H Council meeting at Roby last Saturday. They were accompanied by Mrs. Mary D. Brown, County Home Demonstration Agent.

During the afternoon, the group discussed plans for the District Camp to be held at Buffalo Gap in June.

Delegates to the State 4-H Council were also elected. Margie Rasberry was elected alternate to the State 4-H Council.

Twenty-two counties are represented on the District Three 4-H Council.

New Producer Completed on Matysek Land

A new oil well has just been completed on Jeff Matysek land. It is the Tom B. Medders and Jeff Matysek No. 1, located 2 1/2 miles south of Rayland.

The well flowed through tubing and 14-64-inch choke, 105 barrels during a 24-hour test Sunday and Monday.

No water was encountered, and the well was completed naturally from 3184-3188 feet. The well is near the old Main Field, which quit producing several years ago; however, it is not in the same pay zone as the Main wells.

Bob Miller of the Riverside community is pumper for the well.

Clean-Up Week in Crowell Set for March 23 to 28

The week of March 23 to 28 has been proclaimed by the City Council as Clean-Up Week in Crowell.

An extra truck will be provided by the city next week to pick up brush and grass, and any other rubbish—including dead trees.

Anyone who does not get their rubbish ready by the time the truck gets to their house may call the city hall and the truck will be sent to their home.

Everyone's cooperation is urged in this attempt to clean-up the town for Easter.

Welcome, Hawaii!

When an American is thinking of Hawaii, he likely visualizes the pretty girls, wearing leis, dressed in grass skirts dancing on the beach to the haunting music of Hawaiian stringed instruments, or he perhaps visualizes the handsome athletic young men competing in water sports.

One would be inclined to think of Hawaii as a land of play. Indeed it is to the many people who vacation there, because the climate is ideal, as it never varies very far from 75 degrees. Many tourists are also attracted by the scenic beauty and the profusion of flowers portraying all the colors of the rainbow.

Hawaii is much more than a play ground. Its rich volcanic soil produces an abundance of sugar cane, and nowhere else in the world can pineapple be found with a more delicate flavor.

A glimpse at Hawaiian political history reveals that in 1893, Queen Liluokalani tried to abolish the Constitution set up by a former king. As a result, revolution followed. After a series of fights, the revolutionaries won, and the new government of Hawaii was formed. The new government applied for annexation to the U. S. President Cleveland withdrew the

annexation papers when he learned that a diplomatic representative had aided the revolution. Hawaii was then organized into a republic, and four years later President McKinley concluded an annexation treaty with Hawaii. The Hawaiian Islands, only four hours by jet plane from California, dominate the North Pacific. They stretch 400 miles across the mid-Pacific and command more ocean than any other chain of islands. Because of the strategic location, they are called the "Crossroads of the Pacific."

Education has become the major problem because there are so many different languages. The many free schools have done much to Americanize the immigrated people.

The University of Honolulu has been outstanding in the field of agriculture. Bishops Museum, Carrels Library, and the Honolulu Academy of Fine Arts have become well known.

Although Hawaii is composed of many races, their loyalty during the last world war proved they were good Americans, and so, Hawaii, we welcome you!

Juniors to Attend Career Conference in Childress

Tomorrow, March 20, the members of the Junior Class, accompanied by Mrs. Kenneth Halbert and Glenn Taylor, will be guests of the Board of City Development and Chamber of Commerce of Childress. This day has been set aside as Career Day for Juniors from the area surrounding Childress.

Great effort will be made to help students in their choice of vocations.

To discuss with the juniors will be consultants from Midwestern University, Wichita Falls; West Texas State College, Canyon; Texas Christian University's Harris School of Nursing, Fort Worth; Draughon's Business College, Lubbock, and the Jessie Lee's Hair Design Institute of Lubbock.

This is indeed a great opportunity for students from this area.

Basketball Jackets Presented to Juniors

I guess almost all of you saw the basketball girls proudly prancing around school Monday. Why? Their hard earned basketball jackets finally came in and they were presented to the girls by Coach

"Tiny" Taylor Monday morning. The jackets have a black body with gold leather sleeves. The letter is a black C, shadowed in gold, with the stripes and a basketball also in gold on the letter.

Those receiving jackets were Gayle Taylor, Roxiann Adkins, Pat Prosser, Judy Smith, D'Lois Shultz, Sandra Simmons, Helen Vessel and Mary Anne Myers. The jackets really look nice on you, girls!

Next Year's Student Council Leaders Attend Convention

The delegates of next year's Student Council and their sponsor, Marvin Myers, left Wednesday afternoon, March 11, for Brownsville to attend the Texas Association of Student Councils. Meetings were attended on leadership, on methods of improving the Student Council, and on different projects the Student Council could undertake.

Thursday, there was a short trip taken to Matamoros, Mexico, and also to Padre Island on the Gulf of Mexico. All students bought various gifts and souvenirs to bring back with them.

Friday night a banquet and a dance were attended. Saturday morning the delegates attended the Third General Session and voted for next year's state officers. A panel discussion of foreign exchange students from Sweden, Denmark, Germany and France was thoroughly enjoyed.

The delegates left at 1:30 Saturday afternoon and arrived in Crowell late Saturday night. The students attending the convention, Fredrick Youree, Jerry Eubanks, Judy Sandlin and Jimmy Mack Gafford. The trip was instructive, educational and enjoyable. No doubt next year some of the ideas obtained will be introduced to our student body.

Juniors Win Intramural Tournament

The Intramural Basketball Tournament held last week in Crowell High School was won by the Junior Class. They defeated the Seniors 38 to 28 in their first game and won over the sophomores 46 to 37 in the final game. Fredrick Youree led in scoring for the juniors in both games with 22 and 19 points respectively. Other juniors playing were Ivan Cates, Tom Crowell, Bill Graves, Louis Kajs, Jim Henry and Jerry Clifton.

The seniors defeated the freshmen 45 to 27 after dropping their first contest to the juniors. David Carpenter led the way for the seniors with 13 points in the first game and 17 points in the second contest. Other members of this squad were Jimmy Rader, Gerald Bradford, Jimmy Werley, Oecie Tarver, Henry Faske, Johnny Matus, Ronald Yarbrough, Gayle Taylor and Pat Prosser.

The sophomores won over the freshmen in their first game, 35 to 32. They lost to the juniors in the final game. Gary Carpenter, Wesley Cummings and Guy Todd were the "big guns" for this team. Other members of this squad were George Moss, Don Welch, Bill Smith and Roy Washburn.

The freshman team was made up of the following boys: Ronnie Bradford, Jim Mack Gafford, Claude Sellers, Donny Beesinger, John Stone, Edward Kajs, Jerome Matus and Danny McRae. Bradford and Sellers were high in scoring for this team.

Over \$85.00 was realized from the sale of tickets for this tournament. This money was used to help send the officers of the Student Council to the state convention in Brownsville.

FHA Style Show Held

The Homemaking II girls presented the students with a hilarious style show on Friday, March 13. Some of the many styles modeled were: Virginia Hudgens, a box jacket; Carol Bell, a tissue dress; Ginger Love, pin dress; Carole Fisch, a tea gown; Cecelia Drabek, slip over slip over sweater; Wanda Moore, a candy striped dress; Dorothy Wehba, cocktail dress; Linda Caddell, nightgown; and Joyce Latimer, a dinner gown. Really, the styles represented new trends in fashions.

Jackie Hickman, Roy Washburn, R. H. McCoy and George Moss also were a part of the style show in the costumes they modeled.

Everyone really enjoyed Bill Taylor and his flea, "Lucifer."

A humorous skit was given on parliamentary procedure.

Dale Johnson gave a declamation, "Disciples in Clay."

The Homemaking II Class wishes to thank the students for participating in this cause. Part of the money has been used to defray expenses of the area meeting held March 6 in Stephenville, and the remainder will be used to help send delegates to the state meeting to be held in Dallas in April.

Judy Hollenbaugh and Larry Hord—Senior Personalities

Judy Hollenbaugh is 5' 3" tall, has blue eyes, blond hair, and is seventeen.

Her favorite meal is fried chicken, French fries, tossed salad and cherry pie.

For a pastime, Judy likes to listen to records and ride around. Her favorite type of music is hill-billy, but her very favorite all-around record is "Don't Take Your Guns to Town," by Johnnie Cash. When it is movie time, Judy enjoys a good down-to-earth love story, especially when the stars are Elizabeth Taylor and Rock Hudson. She only has one pet peeve, and that's for a person to be always making trouble.

Her most admired person is her own Roxie Adkins, for her swell personality and good looks.

Her favorite subject is typing, and her most disliked subject is geometry. Henry Black is Judy's favorite teacher.

Judy has been an officer of the Annual staff, a member of the Wildcat staff, a Library Club officer, and a member of the FFA.

Judy has no definite plans for after graduation, but I know she will succeed in anything she does.

Good luck, Judy.

Larry Hord is 6' tall, has blue eyes, blond hair, and is seventeen.

His favorite meal consists of fried chicken, mashed potatoes, salad, and apple pie.

Larry enjoys riding around and listening to the radio. He most enjoys country and western style music. His favorite song is "City Lights" by Ray Price.

Larry doesn't go to the movies much, but when he does he enjoys seeing a good western or mystery plot. His favorite stars are Brigit Bardot and Fred McMurry.

People who always drive recklessly are Larry's pet peeve.

His most admired person is his uncle, Jimmy Stewart, who lives in Houston.

V. A. is his favorite subject. English IV is his most disliked subject. Henry Black also takes honors for being his favorite teacher.

Larry has been a member of the FFA, and he is now the president of that organization.

After graduation, Larry plans to attend classes at Draughon's Business College in Wichita Falls. He will major in business administration and do CPA work.

Good luck, Larry!

Library News

This past Thursday, March 12, the monthly meeting of the Library Club was held in Mrs. King's room. The 22 members present were Carolyn Aydelotte, Peggy Cates, Dee Ann Christian, Barbara Goodwin, Judy Hollenbaugh, Roberta Hough, Joyce Howard, Lois Painter, Pat Pittillo, Wanda Moore, Bonnie Little, Lillie Polk, Vera Porter, Rachel Rodriguez, Lou Summers, Helen Vessel, Dorothy Wehba, Sharon Wharton, Carolyn Denton, Wilma Denton, Carolee Oilphant, and Mrs. King.

The program consisted of a roll call with each member telling what library work meant to her. Some stated that they enjoyed working with and for others; others said that it gave them a sense of belonging. A few said that working in the library helped them to know where to find material for their own use.

The Library Club would like to announce that the clock ordered has arrived and will be installed soon. We hope we'll see it up on that wall by the time you are reading this. Incidentally, the names of the club members who bought the clock are engraved on the back of it.

Time of Year to Be Careful About Snakes

This is the time of the year when poisonous reptiles, such as the very unpopular but well-known rattlesnake, are coming out. According to H. D. Dodgen, executive secretary, Texas Game and Fish Commission, March is the month when the weather is just cool enough to keep the snakes in their dens and just warm enough to make it nice for an outing.

"This situation will not last long," declares the executive secretary. "Once the warm weather arrives in force, the rattlers will leave these dens and begin to slip through the brushlands or just lie behind rocks and drowse in the sun."

Dodgen described the large catches made recently at Sweetwater as proof enough that there will be plenty of snakes in Texas when hot weather comes. Some four thousand rattlesnakes were captured during the two day snake hunt held in that ranching area.

"Be extra careful when on an outing," he warned. "These killers usually hide in places where you'd least expect them to be. Don't reach behind a rock or a stump until you've checked for snakes. When lifting wood from a pile, jab it a few times to make sure there are no rattlers there. Know all the precautions and remember them when you're in the country or even in your own back yard."

He stressed the importance of at least one in a group knowing the first aid for snake bites. "If you're going into the woods, know how to doctor a snake bite. There are all kinds of pamphlets out on this subject. Knowing it may save a life."

What freshman cutie does this note belong to? The Scandal knows. Dear J, Do you still like Edward?

Why should I? You heard what he said about me, didn't you? I'm going to be nice to him, but I know whom he wants to go with. It's that Early'n, but that doesn't bother me the least bit, though. I'll just show him.

Better watch where you leave your notes, girls.

R. H., whom were you walking home Wednesday? Was it Martha? Seen talking to each other on the stairs were Jerry-Carolyn and Joe-Lois Ann. Could this mean something?

Couples at the local flick Saturday night were Ginger - Bobby, Carol - Dale, Kay - Boob, Judy - Early, Barb - Joe, Jo Fran - Wes, and Bettie-David.

Triangle of the week: Helen V. David Powers-Carolyn A.

Say, Freddy, why didn't you and Jimmy Mack let Jerry Don in on the fun at Brownsville?

George, did you have fun riding back with Barbara Berry and her friends from Iowa Park? We heard you really did.

Do Eddy W. and Jerry G. have interests in the Crowell girls? It looks suspicious.

Jo, that was a dirty trick you pulled on Miles. Shame on you! Where did Mike and Judy go Sunday afternoon? The Scandal knows.

Couples seen at the Plaza Saturday night were Roxie - Gerald, Carria - Ronnie, Sue - Jack, Sharon - Billy Doyle, and Tom-Ann.

Did Early'n - Donnie, Vicki - Bryant have fun out at Early'n's house Thursday night?

Linda J. - Roy W., Dorothy - Billy Doyle and Carolyn A. - Bobby K. were seen making the rounds in Vernon Sunday. Could this be something new?

Eskimos Have Favorite Sport—Blanket-Tossing
Americans have carried base-
ball into many parts of the world,
but they may be stopped at the
door of the 49th state.
The Eskimos have their own
favorite sport—blanket-tossing.
The World Book Encyclopedia
reports, in its new article on Ala-
ska, that the Eskimos stretch a
large walrus hide or a blanket
three or four feet above the
ground.
Holding on to the edge of the
blanket by special handgrips,
about 20 or 30 Eskimos toss the
players into the air, as high as
15 or 20 feet at each throw.
The player who can bounce the
highest and keep landing on his
feet is the winner.
For Alaskans who prefer less
strenuous pastimes, the "Ice Pool"
contest is a favorite.
The contest is held at Nenana
in April or May. The winner is
the person who comes closest to
guessing the minute when the ice
breaks up in the Nenana River.
Nature Blows Hot as Well as Cold in Alaska
Nature blows hot as well as
cold in Alaska. According to the
World Book Encyclopedia, the
most violent volcanic eruption ever
recorded occurred on the Alaska
Peninsula in 1912. Mount Katmai
hurled about six cubic miles of
rocky matter into the air, cover-
ing most of northwestern Amer-
ica with gases and volcanic ash.

Thalia Winners of Science Fair to Tour Sheppard Air Force Base March 21

Pat Cates, daughter of Mr. and Mrs. Bill Cates, and Beverlie Gray, daughter of Mr. and Mrs. Fred Gray, both of whom were first division winners in the Regional Science Fair competition held at Midwestern University March 6 and 7, were chosen from the top 40 winners to be the guests of the United States Air Force at Sheppard Air Force Base for a specially planned tour of the base and its facilities.

The tour will be specially designed for the age group of high school and junior high students, and will show work of the USAF in the fields of air research science and other related fields, as well as research in the guided missile field.

The tour will be on Saturday, March 21, and the noon meal will be at the SAFB dining hall.

At the home of Mrs. Guy Morgan on March 4, the Columbian Club met for the study of national parks of the U. S. A.

Mrs. Gerald Knox gave the devotional reading Romans 5. Leader for the study was Mrs. Roy Ayers. The roll call was answered with the park each had visited. Minutes were read by Mrs. John Ray.

Mrs. Grady Halbert gave a very interesting talk on parks, then introduced Mrs. Hughes of Vernon, who showed slides of the most beautiful park, and was really enjoyed by all.

The hostess served refreshments to 11 members and 3 visitors, Mrs. Hughes, Mrs. Grover Moore and Mrs. Marion Crowell. The club also met on March 18 at the home of Mrs. Sam Crews.

CLEAN-UP PROCLAMATION

By order passed by city council, the week of March 23 to 28 is hereby declared and proclaimed Clean-Up Week in Crowell. We will have a truck to pick up brush and grass as well as all rubbish. If you have trees that are dead or need trimming, for this week only we will have truck to pick them up, either at front or alley, whichever is more convenient for you. However, after the designated week, all brush and rubbish must be placed at alley where the garbage truck can get to them. This extra truck will start Tuesday morning and if for any reason your brush is not picked up, we ask that you call the city hall and let someone know that we have overlooked your rubbish. Please remember that all trees must be cut up where they can be loaded on truck. Let's all make a special effort to make next week a clean-up week and have our little city looking its best for Easter.

BY ORDER OF CITY COUNCIL,

Claude Callaway, Mayor.

Ray Shirley Named to Committee for 1960 Conference

Governor Price Daniel asked Saturday for a series of grass-roots organizations at the local prevention and solution to other problems of children and youths.

The governor was the keynote speaker at a meeting of the Texas committee for the 1960 White House Conference on Children and Youth. The committee, appointed by Daniel, began making plans for the national conference in the spring of 1960.

Ray Shirley represented Foard County at the session in Austin. "Local youth councils are of vital importance," Daniel said.

"Without them, we can not accomplish this kind of grass-roots survey which this Texas committee has the responsibility of performing."

"We must keep in mind that the community level is the battleground in the fight against juvenile crime, the control center for public education and the top-root of health and happiness for our children."

"No one in Washington, or in the State Capitol, knows or can tell a community what its problems are with the accuracy of the citizens of the community themselves. Certainly the solutions must come at the local level."

The Texas committee, headed by Dr. Guy D. Newman of Brownwood, will survey all phases of child and youth development in the state.

Daniel said Texas "urgently needs" several measures pending in the Legislature. He said these included: a second training school for boys, so that the more hardened offenders can be separated from the first offenders and the younger boys; expanded facilities at the training schools, especially at the Gatesville School for Boys, and a system of paid juvenile parole supervisors.

"Custody and confinement are necessities to meet the problem which has already occurred," Daniel said. "When the Gatesville school is bursting past capacity—even after the expansion provided by the last Legislature—we have to do something about it or suffer the consequences."

"For the future, we must place emphasis on the juvenile crime prevention program now operated by the youth council without adequate funds. In this we must rely largely on the energy and cooperation of local people in each community and especially upon a better job in our homes, churches, and schools."

Crowell Youth Nominated for District Offices

On Sunday evening, March 15, in the First Methodist Church in Childress, the Childress District Methodist Youth Fellowship Council met and selected from a list of nominees sent in by the several churches in the district, which extends from Clarendon on the west to Vernon on the east and from Wellington on the north to Paducah on the south, a slate of candidates who will be presented to the district meeting in Quanah on April 13. From the list submitted the most active, best qualified in leadership, and the best trained Methodist youth were listed in groups of four for each of the four top District offices.

Three girls from Crowell were selected among the top four in three groups. Miss Judy Borchardt, who has served as District MYF vice president this past year, was selected as one of the four candidates for District president for 1959-60. Miss Jo Frances Long, local MYF president, was among the four candidates selected for the district vice president race and Miss Wanda James, local secretary-treasurer, and Childress District Publicity Chairman for 1958-59, was among the four selected for the district secretary-treasurer race.

Miss Borchardt, Miss James and Rev. Carl Hudson attended this council meeting in Childress.

STATE CAPITAL Highlights AND Sidelights

by Kern Sanford
TEXAS PRESS ASSOCIATION

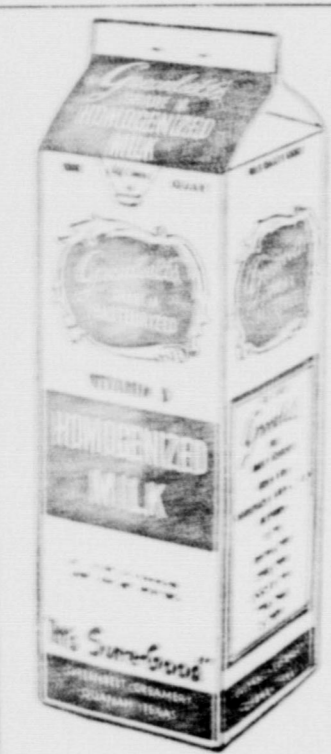

Austin, Tex.—A possible start of light has pierced the murky tunnel of legislative tax study in the form of an "in-between" type money raising bill.

An omnibus tax measure introduced by Reps. L. A. Strickland of San Antonio and Wesley Roberts of Lamesa would tax a raft of things not previously hit, but avoid the label "general sales tax." It is regarded as a possible compromise between Gov. Price Daniel's tax program and Rep. Frank Seeligson's general sales tax, neither of which have attracted widespread support.

Strickland and Roberts estimate their proposal would raise from \$200,000,000 to \$204,000,000, an impressive gain even in the face of current high needs.

New tax sources it would tap include sales of real estate, bonds, automobiles, corporate stocks, transportation of persons and commodities, occupancy of a retail establishment, hotel and motel use, and landing stamps. It would increase the natural gas production tax and raise sales taxes on new cars, computers, nightgowns, radios and TV sets and raise taxes on telephone and telegraph companies.

"Strings" attached to the bill are that after the state deficit is paid off, the money raised might be used to provide school teachers a \$1000 a year raise, and \$1,000,000 to higher education programs.

and \$2,250,000 to the hospital program.

NO SURRY—In terms of decisions, the tax program has made no dramatic forward strides.

Rep. Frank Seeligson of San Antonio introduced his 1.5 per cent general sales tax measure. It would raise an estimated \$67,000,000 annually earmarked for the school foundation program. Informal surveys indicate a majority of lawmakers pledged opposition to a general sales tax in their campaigns last summer.

Reports from Gov. Daniel, the House Tax Committee showed itself to be hard to get out the bill that would raise corporation franchise taxes. Committee declined, or a 2-2 vote, to order a report from the subcommittee which holds the bill.

Part of the governor's plan was to get the bill passed in time to take effect May 1, so the added revenue from it could help offset this year's deficit.

Committee also agreed to allow more time to hear groups wishing to oppose a proposed trading stamp law.

FIREM BUNDLE CLEARED—Texas public school teachers won the long sought in their campaign for an \$800 a year pay raise.

Senate Committee voted favorably on the \$207,000,000 public school improvement program recommended by the Blue-Allen Committee. Teachers' raises would account for the bulk of the cost, about \$80,000,000. Other items would include lengthening the school year to 180 days, increasing transportation allowances, programs for the academically gifted and for non-English speaking children, career education, etc.

Some 2,000 teachers, plus many citizens from other walks of life, came to the Capitol in behalf of the bill.

WAGE ISSUE—Another crowd-pleaser was the Senate hearing of the bill to reduce maximum working hours of farmers and politicians.

With feeling running high, the committee voted to send the bill to sub-committee for a week's study. Same bill was voted out favorably by the House Committee.

Texas Municipal League is strongly opposed to the measure which they say is about as palatable as having the federal government set wages and hours for Texas. Highway Patrolmen League's counter-measure would abolish state regulation of city licenses and policemen.

NO PLACE ON THE TRINITY—State Board of Water Engi-

neers is caught in the middle of a long-drawn struggle over Trinity River water.

Houston asked the Board for a permit to construct a dam at Livingston and impound some 1,750,000 acre feet of water.

Trinity River Authority was joined by Dallas, Fort Worth and other Upper Trinity towns in hopes of protest over Houston's "water-grabbing." T.R.A. filed a petition asking that Houston's application be dismissed and also filed an application for the same permit Houston is seeking.

A hearing of Houston's application has been set for April 6, but the North Texans are asking for delay. Indications are that such action probably cannot be settled for some time.

FIGHTER TUITION ASKED—Commissioner of Higher Education is recommending the Legislature adopt a new system of automatic tuition increases for state-supported colleges.

In the Commissioner's formula, tuition would be in proportion to the college's spending. If legislative appropriations to the college went up, so would tuition.

It was estimated the formula would raise present tuition for in-state students from \$300 a year to about \$125 to \$135.50.

Many students protested that the hike would be an undue bur-

den on the 60 per cent who earn part or all their college expenses.

DON'T STOP NOW—Gov. Daniel's Statewide Water Committee is asking the Legislature to restore proposed cuts in the Water Board budget.

Governor Daniel told a meeting of the statewide water group that water development in Texas needs all the \$1,700,000 asked by the Water Board. Legislative Budget Board recommended only \$900,000.

Daniel said he felt more water planning had been accomplished in the past two years than ever before in the state's history. To cut back now, he said, would amount to "complete surrender" to federal control.

HANDS OFF LADIES' BILL—Atty. Gen. Will Wilson timidly side-stepped efforts to get him to rule on the proposed equal rights for women amendment. Senators had dodged the issue by asking for an attorney general's opinion on how the amendment would affect existing legislation concerning women. Wilson said the question was the general and that he didn't feel he should tell the Legislature what it should do.

In 1922, several makes of cars introduced gasoline gauges on their instrument panels.

Home Demonstration Notes

MRS. MARY D. BROWN

Don't forget we have H. D. Council this Saturday, March 25, at 1:30 p. m. in my office. There is a great deal that we will need to discuss and decide at this meeting, so please try to attend.

Our recipe this week is:

Mushroom Stuffed Chicken
4 to 1 pound chicken (large fiver roaster) cut in pieces, 1/4 cup flour, 2 teaspoons paprika, 2 teaspoon salt, 1/4 teaspoon pepper, 1/2 cup melted shortening, 2 cans (2 and 1/2 cups) condensed cream of mushroom soup.

Wash and dry chicken pieces. Combine flour, paprika, salt and pepper. Dredge chicken in flour mixture. Brown in shortening in large skillet or pan. Drain off excess fat. Pour in soup and stir well, cover and simmer over low heat for about 1 hour. Less time is required for frozen. Serves 8.

In national mints a thousand coins can be counted out in a few moments by use of counting tables.

Hoover Made Honorary Member of Engineer Union

J. Edgar Hoover of the FBI has been made an honorary member of the Brotherhood of Locomotive Engineers—one of the few times this distinction has been bestowed in the union's long history. In presenting the award, Grand Chief Engineer Brown said it was made "in recognition of your great contributions to humanity and your great services to our country. We deeply appreciate the magnificent work you have done and are continuing to do in defending the civil liberties and protecting the rights of the average citizen and the laboring man of this country."

Business, according to Irish and Scotch legend, will never a house when an innmate is about to die.

East Indian banyan trees produce red cherry-like fruit which is eaten by monkeys.

Government Spending Reach \$145 Billion by June

By the time the current fiscal year ends next June 30, the Foundation funds, total spending for all units of government, reach \$145 billion. This will represent a new high of \$2,700 family. By comparison, as recently as 1944, the burden per family was \$1,250.

In early times, barbers included dressing wounds, setting and surgical operations.

ple at all times. The psalmist could call out in faith, "Hear my prayer, O Lord, and let my cry come unto thee. Incline thine ear unto me; in the day when I call answer me speedily" (Psalm 102:1,2). "Evening, and morning, and noon, will I pray, and cry aloud; and he shall hear my voice" (Psalm 55:17). The apostle John gives us this assurance in prayer: "If we ask anything according to his will, he heareth us; and if we know that he hear us, whatsoever we ask, we know that we have the petitions that we desired of him" (1 John 5:14, 15). Pray to God and He will hear.

Bills and Expenses
An Illinois legislature has estimated that if only eight of the 1,083 bills introduced on the opening day of Congress became law, Government expenditures would be more than doubled next year. Representative Harold R. Collier (R., Ill.) said the eight bills he had in mind—ranging from legislation on education to public works and farming to old age pensions—would cost more than \$117 billion. Add on defense needs and current Federal commitments, Collier said, and the country would be spending \$160 billion—more than twice the size of the \$77 billion budget recommended by President Eisenhower.

Passenger cars in the U. S. travel an average of 9,359 miles per year. God's nature is such that He is able to hear all prayers of all people.

About Your HEALTH

A weekly public service lecture from the Texas State Department of Health. HENRY A. HOLLE, M. D., Commissioner of Health.

And when 80 per cent of the workers in a food service establishment completes the course, the restaurant is awarded a placard suitable for framing and display so customers can see the owner has an interest in health protection. They're good things, these schools for food handlers, good in their implications of higher health standards for restaurant-goers. The food service business has grown to gargantuan size. Latest estimates put the number of meals served daily in the United States at 82 million, 1.8 million in Texas. All of which accentuates the importance of the short courses—and of the placard awarded to cafes when they support them. The next time you eat out, look for it. If you don't see it, ask where it is. It is a pledge to you that the restaurant is interested in your welfare.

News From the Congress

by Frank Ikard, 13th Dis.

This week the President recommended the expenditure of approximately 4 billion dollars for the foreign aid program. This request is undoubtedly in for rough sledding in the Congress, particularly in view of the recent report filed by a subcommittee of the House Foreign Affairs Committee which points out in general terms incidents of shocking waste in our overseas military aid programs. Examples of this waste were a 185 year supply of ammunition at one installation, a foreign motor pool receiving U. S. aid sufficient to put 44 tires on every truck, and military construction materials being diverted for apartment houses for civilians.

Before the recommended expenditure can be justified, there must be a showing that this whole program would have a much tougher administration. The best way to bring about the economic development in the undeveloped countries that are friendly to us would be to encourage American business to move into overseas operations. Private business would not tolerate the waste that exists in our government foreign aid program. Nor would they start eight country unless there appear businesses or enterprises in a foreign country which would be profitable and add to the good chance that make a real contribution to the economy of a country.

Secretary of Defense McElroy has announced his intention to resign within the next few months. While he has done a good job as head of the Department of Defense, he has been at the job just long enough to gain the experience necessary to carry on the activities of this huge department. It is regrettable that men of Secretary McElroy's caliber cannot be persuaded to stay in the government. We need the best men available to serve responsible government positions, but we don't always have them on account of the growing reluctance of many capable people to leave private life for government service.

The present Congress, as well as representing every geographical section of the country also is a representative cross section of its economic, religious, and political viewpoints. Besides a good many lawyers and doctors, membership includes 6 bankers, three accountants, 6 advertising men, 5 labor leaders, 2 gold miners, one chemist, 2 funeral directors, 3 clergymen, a landscape architect, an inventor, and even a fertilizer distributor. Twenty-eight different religious denominations have members in Congress. Thus, Congress is truly representative. What its members do reflect either good or ill on the country as a whole. A member of Congress, therefore, owes it not only to himself, but to his country, to serve in such a way that he avoid not only evil but even the very appearance of evil.

Government School Supporters Want Increased Taxation

"It is in character that a majority of our government school supporters will do almost anything in their power rather than permit private schools to flourish as they should. Consequently, they are about the business of increasing taxes and building new and bigger school buildings from dawn to dusk. And it is self-evident that if the American people are going to be robbed in advance by the tax collector, they will have less of their own substance to bestow upon a truly free and non-political school system."—South Boston, Virginia, The Halifax Gazette.

Two public health instructors from the department's division of public health education, assisted by local health officials, will put on a course anywhere in the State on request. Attendance is open to anyone, but usually those who come to the two-hour daily sessions are cafe and cafeteria personnel. In four Texas cities—Abilene, Big Springs, Midland and El Paso—attendance is mandatory for all food service persons by city ordinance. It's a moot question as to which is preferable—mandatory or voluntary attendance. When a restaurant employee completes the instruction, he is given a certificate of attendance, signed by the state health commissioner and attesting the fact that he has been indoctrinated.

4-H Club Meeting

The 7B and 8A 4-H Club girls met in the study hall on Friday, March 13. They discussed making dresses for the dress review. Mrs. Mary D. Brown told the girls to choose a small print or check if they are short, and any size print or check if they are tall. She also told them to use all parts of the pattern instead of the top to one dress and the bottom to another. She showed them how to use the tracing wheel.

The girls elected Mrs. Karl ten

Brink as an adult leader, and Ruth Sanders was elected the new song leader.

4-H Club Meeting

The 7B and 8A 4-H Club met March 13 in Mrs. Hitt's room. The meeting was called to order by Junior Hopkins. They studied judging beef calves and how to pick a calf. Mr. Burkett led the discussion. After the study, he passed out some pamphlets on calves and vegetable gardening.

M. L. Speer was elected secre-

tary and Charles ten Brink reporter.
